Commercial Club Meeting.

The Young Men's Commercial Club met last night in the city, and held one of the best and most enthusiastic meetings the body has had in over a year. A fairly large crowd was in attendance and the discussion went off with a snap and vim which was really refreshing to every person present, for it will be remembered that at a former meeting or two matters at the club have been discussed in rather a slow and uninteresting style. This lethargy seems to have banished and the club has taken on new life and intends to do something.

On recommendations from Agricultural Agent Jas. D. Greer, the club agreed to donate \$50.00 to be used in prizes to the corn club boys for the best acre of corn raised in the county, and also \$50.00 for the best acre of cotton. These prizes to be given in connection with the East Texas Fair and are to be under the supervision of Mr. Greer.

The club also donated \$25. to the State Experimental Board.

G.M. Haltom, Jas. D. Greer and Henry Weinberg were appointed a committee on advertising. These gentlemen are to secure data with reference to the country, pictures of the best farms and products etc., to be used in the issuing of a pamphlet or folder advertising the country in general, and these pamphlets will be turned over to the immigration department of the Southern Pacific for distribution in the East and North.

The club passed a resolution ordering the collection of all back dues to the club, the money to be used in advertising of the county and the encouraging of agriculture in the county.

The few current accounts against the club were ordered paid, and the meeting adjourned.

Got Wrong Grip.

A. F. Jones of Lutkin, came over last Saturday to pay a visit to his nephew, Jeff Parrish, four miles south east of the city, and Tuesday evening discovered that when he left the train he got the wrong grip. He brought the grip to town this morning and is making an effort to find the owner and to exchange grips. The grip he has is a large red imitation leather, and on the side written with a lead pencil are these words, Mable Spruti, going to Nacogdoches. Mr. Jones' grip contains besides his clothing some papers that are valuable to him, among which are his pension papers.

Some of the ladies are making loud complaint about this July weather. It removes paint right now.—Tyler Courier Times.

Special Meeting of Council.

The city council held a special meeting yesterday afternoon for the purpose of taking up the sewerage situation on Mound street.

The city engineer was present and the situation was gone over thoroughly, after which an order was passed directing the city engineer to prepare plans, specifications and estimates at once, and that as soon as this was done instructing the mayor to advertise for bids for the work.

The sewer to be put down will extend from Star Avenue at the head of Mound street, down Mound to Logansport street and from there on to the creek, making in all over 5,000 feet or nearly a mile of sewers.

North Street Wants the Paving.

We were informed this morning that there was a movement on foot with the residents of North Street to induce the city council to forego the paving of Main street and the public square for the present, on account of the opposition on the part of property owners, and to go ahead with the paving, but to have it put down on North street beginning at West Main street and extending as far out as the funds in hand will permit.

It was stated that a very large majority of the citizens on North street were very anxious that their street be paved, and it is believed that the city would encounter no opposition from property holders.

Melrose News.

The farming prospects of the Melrose community are much brighter since the good rains.

Everywhere one sees the farmer going to his work with a cheerful countenance feeling that a better harvest is to be reaped.

Miss Lillian Holland of Jacksonville, is the guest of Mary Matthews this week.

Mr. and Mrs. J. D. Matthews chaperoned a crowd of jolly young people on a picnic to Oil City, the fourth.

All the young people enjoyed the delightful drive through the shady woods, going, as well as their picnic dinner, soon after arriving there.

The afternoon was spent in inspecting the grounds, taking kodak pictures, eating watermelons, peaches, and drinking the refreshing artesian water.

At five o'clock the crowd began their return for home, arriving at the home of Mr. G. W. Matthews at six-thirty o'clock, where they were served with delicious ice cream.

At nine o'clock the crowd took their leave for their respective homes feeling that the day had been well spent.

Mr. Emmett McCall of Jacksonville was down to take part in the picnic.

Melrose and Oak Ridge played ball Saturday the game ending in favor of Oak Ridge.

There is an old saying that "Every dog has his day". Let us modernize that by

saying, "Every place has its good fortunes." Oak Ridge is having theirs now, but cheer up Melrose, yours is coming.

Raising Money for Premiums to Boys' Club

Jas. D. Greer and Eugene H. Blount were out on the street yesterday morning seeing the merchants and business men with reference to providing cash to supplement the premiums to be offered the Boys' Club this fall, and we were advised by Mr. Greer that they secured subscriptions amounting to \$117.00. This will be added to the amount given by the Young Men's Commercial Club, and a list will be prepared showing the donors, so that every young farmer who is successful in securing a premium, will know who have an interest in the premiums and who appreciate in a substantial way the efforts of our young farmers. The list secured in this city was for the corn club exclusively, but Mr. Greer thinks that he will be able to get something on a list for the cotton premiums which will go to swell the other premium funds.

The fact that we have been experiencing some very hot weather the past few days is no excuse for a fellow asking, "Is it hot enough for you?" Every city in Texas has been suffering from the heat the past few days, and especially the cities of north Texas here they do not have the splendid shade trees to temper the heat.

Brantley Gets Lyric.

A deal was closed last night whereby J. H. Brantley proprietor of the Crown Theater, takes over the Lyric theater property, and assumes entire charge, thus giving him the two picture shows of the city.

When asked about the deal this morning Mr. Brantley advised us that he intended continuing the Lyric as usual, and up to Saturday night of this week would make no changes in the service or the theater. But that he intended to shut down the Lyric for a short while, beginning next week, while extensive repairs and remodeling could be done. He will remove the present false floor and substitute an enclined floor built from the ground up. The entire front will be remodeled and beautified. The chairs now being used will give place to opera chairs, more comfortable and up to date. The ventilation will also be looked after. When these improvements are made the Crown and the Lyric will use the License pictures, taking a double service, that is each theater using different pictures, but secured from same company.

The stage fixtures of the Lyric will be retained so that in case a stage is needed at any time it will be available.

This morning Joe Caldwell tell from the ice wagon on East Main street and suffered the fracture of one leg above the ankle.

The Galveston missionaries went home last night fully convinced that the heathens of Nacogdoches refuse to be civilized, at any rate with the Galveston brand of civilization.

As a little consolation to the Lufkin Elks base ball team, we will state that they played a much better game of ball against Nacogdoches than did Galveston, for they were not nearly so badly beaten. They made a very creditable showing, but of course it could not be expected that they could win. We treat them all alike, though some a little worse than others.

The constitutional amendments to be voted on the 19th of this month may be a good thing for the colleges, universities, penitentiaries and the men who handle the money, but will sure be hard on the tax payers who have to foot the bill. If you favor them vote for them, but we, like thousands of others, are opposed to them and expect to cast our vote against every one of them.—Rusk Sentinel.

A School of Journalism will be established at the University of Texas at the coming session. The establishment of this school is in response to a popular and wide spread demand from all parts of the state. The woman's Press Association of Texas, Lieutenant Governor Mayes, former president of the National Press Association, and the students of the University who are interested in journalism, have been insistent in their demands for its establishment. The school will be firmly entrenched upon its inauguration, as it is intended to have a professor and two instructors in charge.

The University of Texas celebrated its thirtieth anniversary during the recent Commencement at Austin. Class reunions, a barbecue, a parade, and a ball game between the championship University team and the Alumni were features of the celebration. Eighteen thousand students have attended the institution since the opening of its doors in 1883 to two hundred students in charge of a faculty of eight persons. More than two thousand three hundred students were enrolled during the regular session this year. In addition to this number, about one thousand are taking the work by correspondence, and another thousand are deriving benefit from the University Summer School which is now in session.

The road claimed it could not get an impartial hearing here. The case will be set for the fall term of court.

WOODROW WILSON AND THE SHORT BALLOT

III. How the Public Has Been Converted to the Short Ballot

Woodrow Wilson

As Woodrow Wilson had hinted at the Short Ballot banquet, the campaign for this new reform was to be conducted on original lines. Inasmuch as it dealt with the fundamentals of democracy, it must find its own way to fulfillment through the people, instead of being "handed" to them. For this reason, the Short Ballot Organization did not begin to lobby at the State capitols or to seek political support in any quarter, although in later stages of the campaign it became necessary for local organizations to do this. The headquarters in New York has been engaged from the start in preaching the gospel and trusting mostly to Providence that sensible people in every State, city and county will find the necessary means to get the principle enacted into law. The great and busy public is usually introduced to the movement with the simple declaration that:—

"The Short Ballot principle is:—

"First—That only those offices should be elective which are important enough to attract (and deserve) public examination."

"Second—That very few offices should be filled by election at one time, so as to permit adequate and unconfused public examination of the candidates, and so as to facilitate the free and intelligent making of original tickets by any voter for himself unaided by political specialists."

No complicated "checks and balances," no clever mechanisms. Just a very few, but absolutely direct points of contact between the voter and his public servants, without any patent attachment—that, declared Woodrow Wilson, in a speech in Philadelphia, in support of the movement, "is the key to the whole question of the restoration of government by the people." Elaborating somewhat, he said:—"The salient principles of the Short Ballot system are first, a governing body as small as is consistent with efficiency; second, a full administrative responsibility lodged in that body; third, the election of that body by voters who are given only one, or at most two, persons to select for candidates and to vote for as officers." In January, 1910, he published a complete exposition of the whole theme in a magazine article which he called "Hide and Seek Politics," in the course of which he declared:—

"The Short Ballot is the open way by which we can return to representative government. It has turned out that the methods of organization which lead to efficiency in government are also the methods which give the people control. The busy owner is more effectually in control if he appoints a capable superintendent and holds him responsible for the conduct of the business than he would be if he undertook himself to choose all the subordinate agents and workmen and superintend both them and the superintendent; and the business is also better conducted—incomparably better conducted. What the voters of the country are now attempting is not only impossible, but also undesirable if we desire good government. Such a charter as that of the city of New York, for example, is a mere system of obscurity and of inefficiency. It disperses responsibility, multiplies elective offices beyond all reason of necessity, and makes both of the government itself and of its control by the voters a game of hide-and-seek in a labyrinth. Nothing could have been devised better suited to the uses of the professional politician, nothing susceptible of being more perfectly articulated with the nominating machine. As a means of popular government, it is not worth the bother and expense of an election."

Swiftly, the truth of these doctrines has been impressing itself upon the thinking people of the country. All but a mere handful of the editors of the larger city newspapers have come out readily for the principle; some of them revert to it again and again. Colleges and universities and high schools, over sixty in number, have made it a special subject of instruction in their class rooms.

Two years slipped by from the launching of this idea. In the spring of 1912 the Short Ballot was head over heels in politics. This was partly due to Colonel Roosevelt, who put his influence behind it in his address before the Ohio constitutional convention. In the fall of last year it was endorsed in fourteen State platforms—in Ohio and Illinois by all three leading parties. In 1913 eleven Governors urged its adoption in their States.

(The next two articles will show how Mr. Wilson used and extended the Short Ballot in New Jersey.)

Executive Meeting Boy Scouts.

The executive committee of the Boy Scouts met Sunday afternoon at the Main Street Presbyterian church at which time the report of the scoutmaster was received, together with an account of the recent hike and a report as to the finances of the Scouts.

The executive committee have in mind the dividing of the scouts into divisions and assigning each division to different work and study and it is their intention to make this work profitable to the boys and also very interesting and entertaining.

The progress of the movement so far is most encouraging and it is hoped and believed that in a short while the organization will be in splendid shape, doing good work and gaining in popularity with the boys.

Later in the summer it is likely that the boys will be take on another hike, when they will be instructed in real field work.

S. P. Smith one of our substantial farmers who lives four miles east of the city on the lower Melrose road, has the thanks of the editor of the Sentinel for a couple of fine Rocky Ford cantalopes left at the office this morning.

Will Probably Skip Contested Property.

In conversation this morning with Mayor Geo. H. Matthews, with reference to the city street paving, and what the city intended to do as regards the suits filed against the city by seventeen property owners, which suits, however will not be heard until the September term of the district court, when all the paving contemplated at present will have been completed, we are advised that the city had in mind the paving of Main street and the public square, skipping the property where contested.

If this is done the streets of Nacogdoches will resemble a checker board, the paving being interspersed with the original dirt, or country road, and of course will attract the attention of the outside world even more than if the street was nicely paved from the depot to Mound street, as was contemplated when the contract was let for the paving.

Let us have organized production instead of over production.

New Battleship Texas Model.

Galveston, July 4th.—The model of the Battleship Texas, to be exhibited at the Fifth Annual Cotton Carnival at Galveston, was today shipped from the Navy Yard at Washington to Galveston, via New York and the Mallory Steamship Line. The Directors of the Cotton Carnival have placed themselves under exceptionally heavy bonds for the safe return of these properties, which are pronounced a marvelous reproduction of the wonderful new sea-fighter. The Model is heavily insured and every precaution has been taken to insure safe arrival at Galveston. Thousands of dollars are involved in the production of this exhibition. No other exhibition will prove more interesting, and the people of Texas will view the ship for which the contribution was recently taken with a view to providing a silver service. Mr. E. R. Chesborough, [who is in Washington, attending to the shipping of the model, writes that it is one of the most wonderful works of art he has ever viewed.

Messrs. F. B. Irwin, general superintendent of the T. & N. O., with headquarters at Houston, and W. L. Cox, assistant superintendent of the T. & N. O., with headquarters at Jacksonville, were visitors in the city yesterday afternoon, and were pleasant callers at the Sentinel office. These gentlemen had no special business in hand, but were making a social visit to the city and to the business men. The T. & N. O., it seems, is beginning to think better of Nacogdoches than in former years, and the citizens are looking for the road to do a better part by us than formerly. That this is the most important point on the line between Beaumont and Dallas, there is question, and it given the recognition to which it is entitled the road will soon see that it is to their advantage.

Fame's a Bubble.

Man longs for fame at any price, if it's for but a day, for one brief hour to cut some ice, and then to fade away. Where are the great celebrities who flourished yesterday? Their fame was borne on every breeze in either hemisphere. Then in the limelight, were they all, and honor crowned thier name; we hung their pictures on the wall in large an gilded frames. But for their pictures we have no use, since all their glory flew; oh, what's become of Captain Loose, and where's I Took-a-Shoe? Today with pride man's bosom thills, next week his name is Sox, oh, where is Beechan now, whose pills were worth five bones a box? Today the widely touted chap all self complacent grins; tomorrow he is off the map—and where is Johnnie Binns? Man takes an axe and kills a friend, and goes upon the stage; he thinks his fame will never end—he'll always be the rage; then some one takes a gun and kills some six or eight or ten; the first man's name goes off the bill, and ne'er comes back again. So let us humbly toil and

FOSTER'S WEATHER BULLETIN

Copyrighted 1913 by W. T. Foster

Washington D. C., July 5. This will be a moderate disturbance after it passes east of meridian 90 but west of that line its force is so uncertain that it should be watched.

—Last bulletin gave forecast of disturbance to cross continent July 9 to 14, warm wave 8 to 13. Cool wave 12 to 16 This will bring the hottest weather of July. It will be the last of the dangerous storms that has been timed for first half of July. The destructive storms of this period began earlier than expected and are said to have destroyed property in southeastern and northeastern states valued between one and two million dollars. Our danger signals hang out for the great storm to cross continent near July 10 to 14.

Next disturbance will reach Pacific coast about July 14, cross Pacific slope by close of 15, great central valleys 16 to 18, eastern section 20 Warm wave will cross Pacific slope about July 14, great central valley 16, eastern sections 18. Cool wave will cross Pacific slope about July 17, great central valleys 19, eastern sections 21.

About July 8 to 11 it will be just as safe on land as to be on the steamship route from New York to Liverpool. You will enjoy the trip tully as much if you start a little later and the steamship companies will have better reputations as means for pleasure trips. The same will apply to the Gulf of Mexico, the Caribbean sea and our southeastern coasts. Look out for a hurrican down there.

Next disturbance will reach Pacific coast about July 18, cross Pacific slope on 19, great central vally 20 to 22, eastern sections 23. Cap. I. L. Sturdevant and family and Mr. and Mrs. T. E. Baker and family returned Sunday from a visit through the country in their automobiles. They report a very enjoyable trip, and Mr. Sturdevant declares that some of the country over which they passed was covered with splendid crops and presented the most beautiful sight imaginable. The only regret the party had was the fact that their time was limited and they could not stay long enough in any of the good towns through which they passed.

Picnic at Attoyac

There will be a picnic at Attoyac on Wednesday the 16th of July. It was gotten up for the benefit of the church and school house and the proceeds from the ice cream and lemonade stands will go toward painting the church and school.

A program will be arranged for the entertainment of the crowd, and the boys say they will have a game of baseball at 3 o'clock.

Everybody come and enjoy the day.

FOR HOW LONG?

Nacogdoches Raises a Persistent Question

When a neighbor tells us that he has recovered from a serious illness, the first question that naturally arises is, "How long will he keep well?" Temporary relief is one thing, but a lasting cure is altogether different. There is nothing temporary about the work of Doan's Kidney Pills as the following Nacogdoches evidence proves beyond a doubt.

Mrs. H. M. Reid, 412 S. North St., Nacogdoches, Tex. says: "I suffered for several years from severe pains in the small of my back, so intense at times that I was unable to sleep or rest. I tried nearly every so-called kidney remedy but got no relief until I used Doan's Kidney Pills, procured at Mast Bros. & Smith's Drug Store (now Swift Bros. & Smith's Drug Store). They completely cured me and the cure has been permanent. I can re-endorse this remedy in the highest term."

City Council.

The city council met yesterday afternoon at the city hall in regular monthly session (adjourned) and remained in session practically all the afternoon.

The business before the council was mainly of a routine nature, examining bills and ordering same paid.

The council passed an order condemning the Miller tree wagon yard, which is just back of Miller's store, as a nuisance and ordered the city marshal to have it removed.

It was expected that the city's engineer would be present yesterday and make his report on the sewer proposition, but he did not arrive so nothing was done in the matter. The city is to put down a sanitary sewer on Mound street from Star avenue to the creek and also on Church, but without a report from the engineer it was impossible to determine what size the sewer should be. This work will be started as soon as possible.

The eight inch water main on Hospital and Mound street has been received and distributed along the route and the work of laying it will be started at once.

Do you want a sound liver, vigorous digestion, strong healthy kidneys, regularity in the bowels? Take Prickly Ash Bitters. It has the medicinal properties that will produce this result. Stripling, Hazelwood & Co. special agents.

The two weeks beginning July the 21st will be gala weeks at the A. & M. College. During that time the Farmer's Short Course, the Farmer's Congress and the Farmers Institutes will be conducted. A big attendance is expected.

Last Saturday a large crowd of farmers were in the city, trading and visiting with friends from other sections of the country, whom they met here. It had rained at their homes and they could not work in the fields. Monday, however the streets were deserted of farmers, and we suppose by this that they were at work at home or had gone fishing.

Letter from Uncle Cal.

Buena Vista Col. June 24.
Editor of Sentinel.

I will try and give you an outline of my trip from Nacogdoches here.

Starting at Ft. Worth. I left there at 10 a. m. passing through some very fine country. Crops looking well, but late. Arriving at Bowie 69 miles at 12:14 p. m., from there to Wichita Falls, 114 miles, at 1:50 p. m., passing several stations and many fine farms and crops, mostly grain and hay. At 1640 miles stopped at Vernon at 3:28 p. m., passing some very fine pastures and a few farms from there to Electra the North West Texas oil fields, with 800 or 900 derricks in sight. I looked in the crowd for Aunt Mollie Richardson but failed to see her. Mostly grain farms and pastures from there to Quana 192 miles. I got there at 4:55 p. m. and next stop was as Childress at 5:20 p. m. at 220 miles got out for a cup of coffee and met old man Monroe Davis and son formerly of Nacogdoches; wanted me to stop over a few days. I could not do that as I was bound for Pike's Peak, Col., and could not be fooling along the road Bid them goodbye and pulled out for Clarendon, 278 miles, got there at 7:50 p. m. our next place was Amarillo at 10:20 p. m., being 386 miles from Ft. Worth. Changed conductors here and off again.

I put on my overcoat and fixed myself on two seats and soon was a sleep. Passing Delhart, Texline and New Mexico, arriving at Trinidad, Col at 7:45 a. m., 589 miles. Will see that country as I come home. Leaving Trinidad for Pueblo at 7:50 a. m. traveling over the crookedest railroad I ever saw and the country looking as level as it did. I thought several times we would meet the locomotive coming back, so I asked the conductor why it was so cooked. Said we were going up a mountain. No farms here, all pasture. We were between two mountains. Passing several coal mines some distance from our train.

Arriving at Pueblo at 12:45 p. m., 958 mile from Nacogdoches and still going. This is a stock and mining country. Change roads here for Buena Vista, where my grand children live and 121 miles further and 6000 feet above sea level. In my next letter I will write up from here. It is so cold here now, frost here on the 23rd inst. and plenty of snow in sight of me on the mountains. I am now in a valley between

two mountains. From here efforts. He has been granted a leave of absence by his church and will leave Wednesday, go to Fort Worth and join a party of one hundred or more who will go on a special train from that city Friday. We hope that he may have the best time possible for he surely deserves a change and rest.—Lufkin News.

Representive 17th District of Texas,

Don't allow the "Chill Season" to find you with a Torpid Liver, Disordered Stomach or Constipated Bowels. It is just the condition in which the malarial germ thrives.

HERBINE

Puts the Liver, Stomach and Bowels in Fine Vigorous Condition.

It is a liver medicine first of all. Its effect upon a Torpid Liver is truly remarkable. Old chronic cases, of long standing, involving the kidneys and blood, yield promptly to its powerful cleansing and restorative effect. It is a strengthening tonic for the disordered stomach, stimulates digestion and helps the assimilation of food. In the bowels it exercises a helpful influence that is far reaching and effective. Every particle of fermented matter or impurity is expelled, leaving the bowels cool, clean and regulated. If the chills have already commenced, Herbine is the only thing needed; it is a positive anti-periodic medicine that destroys the disease germs and drives them out of the blood. Try it this year.

Now watch Houston strut. A young lady from that city has been declared the "prettiest young woman that has ever come to Los Angeles."

It is difficult to determine from the dispatches which side is gainig in the Mexican war, they are both having a lively time these hot days.

THE new-city charter of Waco will seek to admit of the city's acquiring the Cotton Palace property and conducting it in the interest of the people.

IT HAS been notices of late that quite a number of visitors to Nacogdoches bring with them their kodaks and while in the city make trips over town taking views of various sections. These views are not sold here or offered for sale, but are taken home by the visitors. No effort at all to find a reason—Nacogdoches is one of the prettiest cities in the state, has more handsome homes, pretty yards, glorious trees than any city to be found and the views will adorn any parlor table or enrich any collection.

Rev. Melford Fuller, who has been visiting relatives and friends at his old home in the Shady Grove community, was in the city this morning shaking hands with friends.

Will Draw Paving Ordinance.

We were advised this morning that the city had about decided to skip the property on the paving where contests had been filed and where notice was given that suits would be filed and would proceed with the paving of the other parts of the street.

An ordinance will be drawn to this effect and will be passed by the council, and the work will proceed. What action will be taken with reference to sections skipped is not known; but the city council seems determined to take no chances of having trouble in the collection of the prorata share of the expense should the paving be done along these properties.

Picnic at Lone Pine.

Some time ago the Sentinel noticed the fact that the citizens of the Lone Pine school district were building a new school house to take the place of the old one, and that as soon as it was completed they would give a big picnic and move into the new building, this being the main feature of the program.

The new school house has been completed and it is a dandy and the patrons are very proud of it, and justly so. Tomorrow is the big picnic and every body is invited. During the day sometime, the student and patrons will move the furniture from the old building into the new and it will be formerly dedicated with speeches and other exercises.

64 Years Old Today.

In our rounds this morning we drifted into the court house to see if anything was happening there, and found Deputy Clerk Clifton Wells behind the desk and in full charge of the office. Mr. Wells informed us that he knew of no new of special interest; but that he was 64 years old today. Just 64 years ago today he discovered Nacogdoches county, making his appearance at the family home on the Big Creek, and has resided here practically all of his life. He has always claimed Nacogdoches as his home and expects to continue to do so for several years to come. His many friends also wish him many returns of his anniversary.

The average time for completing two courses when taken at the same time is five months, therefore board and lodging would amount to about \$62.50. When one or more of these courses is finished, we will place the graduate in a position where his first two or three months salary will reimburse him for all necessary tuition and board paid for the course. The graduate seeing that he can now earn \$8.00 where before he could earn but \$1.00 will soon admit that if he had had to borrow every cent of money to pay board and tuition, that it was the best investment he ever made.

With the famous Byrne Simplified Shorthand and Practical Bookkeeping, and our practical way of teaching Telegraphy and Railway Station Work, we give the student a more thorough training, in half the time and at half the usual cost of a course in other schools teaching other systems. This is conclusively proven by the indorsements in our catalogue

FOR HOW LONG?

Nacogdoches Ra's s a Pertinent Question

When a neighbor tells us that he has recovered from a serious illness, the first question that naturally arises is, "How long will he keep well?"

Temporary relief is one thing, but a lasting cure is altogether different. There is nothing temporary about the work of Doan's Kidney Pills as the following Nacogdoches evidence proves beyond a doubt.

Mrs. H. M. Reid, 412 S. North St., Nacogdoches, Tex. says: "I suffered for several years from severe pains in the small of my back, so intense at times that I was unable to sleep or rest."

Remember the name—Doan's—and take no other

Will Go Before Appropriation Committee.

G. T. McNess is in receipt of a letter from A. S. Ware, secretary to the director of the State Experimental stations, advising him that the committee who have in charge the framing of the appropriation bill to be acted upon at the called session of the legislature, would meet on the 12th at Austin and suggesting that he had best appear before that committee when it first met and with a committee from here if possible, in order that the matters pertaining to the experimental station here might have proper attention.

This station will, so we are advised, ask for a deficiency appropriation of \$1000, and also an appropriation of \$7500 per year for the next two years.

Mr. McNess has been circulating around among the business men of the city today, discussing the matter, and trying to get the Young Men's Commercial Club to send a representative to Austin to appear before the committee and present the situation of this experimental station.

Mr. McNess will leave here Sunday so as to be in Austin on Monday morning to appear before the committee.

Tap Line Ruling Modified Some.

Washington, Texas, July 9.—The Interstate Commerce Commission today modified its tap line ruling, which forbids tap lines from receiving any part of through freight receipts from trunk line carriers, so as to allow the Angelina and Neches Railway to receive allowances of \$2.50 per car for switching from the Houston East and West Texas at Prosser for a short haul from Lutkin to Groveton to the Lutkin and Northern.

The Angelina and Neches may receive not exceeding 1 per cent per hundred pounds.

USE OF CALOMEL PRACTICALLY STOPPED

Dangerous Drug Giving Way for Safer, More Reliable Remedy.

Hundreds of people in this vicinity alone have stopped the use of dangerous calomel when their liver is acting slowly and take Dodson's Liver Tone instead.

Dodson's Liver Tone is always safe and has none of the bad after effects which so often follows the use of calomel. It is a pleasant-tasting vegetable liquid that starts liver gently and surely, and relieves constipation and biliousness and causes no restrictions of habit or diet.

Many preparations have sprung up that imitate the claims made for Dodson's Liver Tone, but remember Dodson's Liver Tone is the tried and tested remedy that has proven such a good medicine and is so satisfactory to every user—is the reason these imitations are on the market.

Dodson's Liver Tone cannot hurt anyone and if it fails to do all that is claimed for it Stripling, Haselwood & Co. who sell it, will give your money back with a smile.

Dear Sir: For past ten or fifteen years I have suffered intensely from dandruff, it becoming so painful at times that I could not rest. When I dressed in dark clothes it was a source of embarrassment to be in company for the collar and shoulders of my coat were completely covered. The Methodist Revival.

In spite of the intense heat the services at the First Methodist Church continue to be well attended, and interesting as well as profitable. Last night was one of the best services of the meeting: The subject of the sermon was "Peter's Denial and Repentance," and Mr. Wilson sang most touchingly "Can a Boy Forget His Mother's Prayer?" Quite a large number of Christians came forward confessing that in various ways they had denied their Lord, and several unconverted came forward for prayer.

The service today was an inspiring one. The preacher spoke on "The Love of God," and the singer sang "All the Way My Savior Leads Me."

The exercises tonight began at 8:15 o'clock. For the comfort of those who may attend, the pastor has installed several oscillating electric fans, and the entire house is well supplied with palm leaf fans already, thus assuring the public that the church auditorium will be as comfortable as any place to be found at this season of the year. Everybody is cordially invited to attend. The last morning service for the week will be tomorrow at 10 o'clock.

Several families went out to the West End lake last night and enjoyed what they termed a swimming party. After departing in the water until thoroughly cooled off the party entered automobiles and drove to North Church where they had a watermelon feast, returning to the city about 11 o'clock.

FOSTER'S WEATHER BULLETIN

Copyrighted 1913 by W. T. Foster

Washington D. C. July 10.—Last bulletin gave forecasts of disturbance to cross continent July 15 to 19 and 19 to 23; warm waves 14 to 18 and 18 to 22; cool waves 17 to 21 and 21 to 25. Remarkable for sudden and great changes in temperatures. These will be of greater than usual force and the last one will be severe on the north Atlantic and will inaugurate the great storm period due for the last half of July. Our storm and danger signals for all parts of the continent are displayed for July 19 to 31.

Next disturbance will reach Pacific coast about July 23, cross Pacific slope by close of 24, great central valleys 25 to 27, eastern section 28. Warm wave will cross Pacific slope about July 23, great central valleys 55, eastern sections 27. Cool wave will cross Pacific slope about July 26, great central valleys 28, eastern sections 30.

This will be a severe storm all the way across continent and in eastern states; on north Atlantic it will be a furious storm following July 27. We continue to advise great care and a careful ob-

ervation of the indications that always precede severe storms. One of the surest signs of the approach of dangerous storms is a dark blue sky. Great storms draw the moisture from the atmosphere leaving it to appear as it does when viewed from a high mountain.

A hurricane will probably organize east of the Windward islands on July 21 and by 25 will probably be in the Caribbean; by 28 it will be in the Gulf of Mexico. These tropical storms usually move northeastward off our Atlantic coasts.

About first of September we will inaugurate an improvement in our forecasts, giving them more in detail and localizing them. Our territory is so large that we have been compelled to put out forecasts somewhat of a general character. We are now able to announce great improvements for the coming fall and winter.

Our general calculations for 1914 cropweather will be completed by first of October. Our progress is slow but sure and our forecasts are surely improving all the time.

Rid Your Children of Worms

Rheumatism and the Heart

Don't overlook the grave fact that rheumatism easily "settles in the heart," and disturbs the valvular action. The cure consists in removing the cause. Foley Kidney Pills so tone up and strengthen the kidneys that they keep the blood free of poisons and uric acid crystals, that cause rheumatism, swollen joints, backache, urinary irregularities, and disturbed heart action. Married Sunday Afternoon.

At the residence of the bride's parents, Judge and Mrs. J. F. Perritte, on Fredonia hill, Sunday afternoon at 6 o'clock, Mr. J. G. Bailey was united in marriage to Miss Ira Mae Parritte, Rev. T. C. Mahan officiating. After the ceremony refreshments were served the many guests present.

The groom is a Nacogdoches boy who stands at the top in the esteem of all his friends; he is industrious and trustworthy and his friends believe that he will make a splendid mark for himself. His bride, the daughter of Judge and Mrs. J. F. Perritte is a charming young lady who numbers her friends among all who know her.

Their many friends extend congratulations and best wishes

LIV-VER-LAX FOR SICK HEADACHE.

It is Your Inactive Liver and Clogged Bowels—LIV-VER-LAX is the Panacea for all Liver Troubles and Constipation.

You are bilious, your thirty feet of bowels become clogged up, poisonous gasses are generated in the bowels and thrown out in the system, your head aches, you have chills and fever, you are nervous and ill-tempered, your system is full of bile not properly passed off. Your disordered stomach and biliousness cannot be regulated until you remove the cause. It is not your stomach's fault Your stomach is as good as any.

Try LIV-VER-LAX, it is purely vegetable. Do not resort to harsh physics and Calomel which ruins the system and softens the bones.

LIV-VER-LAX acts gently yet positively on the liver, stomach and bowels, is pleasant to take and does not gripe or sicken. It is recommended for grown-ups and babies alike.

You will be suprised at the amount of bile a bottle of LIV-VER-LAX will clean out of your system. Buy a regular 50c or \$1.00 bottle at Stripling Haselwood & Co on our guarantee and be convinced.

Goes Right Into Your Blood and Drives Out Every Particle of Poison From Head to Foot.

**S. S. S. Quickly
Puts Vain and
Energy Into You.**

It is truly remarkable how much better you feel in just one day after using S. S. S. for malaria. This wonderful remedy is a natural antidote. It puts strength into your spine, enlivens all your nerves, makes good red blood rush through your arteries, makes your pulse throb with new energy, you breathe freely, think right, enjoy meals, laugh heartily and your step has a briskness and vigor that makes you feel fine all over.

Go into any drug store to-day and get a \$1.00 bottle of S. S. S. Don't mope around with that malarial despair; it is the meanest, most depressing, most disheartening plague that infects us. You can feel just as bright, just as vigorous, just as hearty as when a youngster if you will use S. S. S., for it goes right into your blood and begins work in five minutes. You will always bless the day you began using S. S. S., for it is absolutely pure and is the greatest blood cleanser ever known.

If you are rheumatic, have eczema, or are troubled with an eruptive blood disorder, write for special medical advice to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. Do not fail to get a \$1.00 bottle of S. S. S. to-day at the drug store and drive malaria out of your system.

Mrs. Tiltford's Mother Dies.

A message was received in this city last night announcing the death of Mrs. Kate Mettenheimer, of Austin, which occurred yesterday afternoon after a serious illness of ten days. Mrs. Mettenheimer was the mother of Mrs. T. Tiltford, and Mrs. Tiltford was with her when the end came. Mrs. Mettenheimer had been an invalid practically for the past ten years, but only grew seriously ill about ten days ago. The funeral will occur this afternoon at Austin.

The following note from Dr. W. I. M. Smith at Houston has been received. The Sentinel has been sent to the doctor and it is quite likely that he is getting it regularly now:
Dear Sentinel:

What's the matter? We have not received copy of you since we left dear old Nacogdoches, although I ordered you to be sent, commencing with Monday's issue, June 30th. We feel that we have missed our evening meal without you. Please come at once, to 818 Elgin Ave., Houston Texas. Yours truly, W. I. M. Smith.

TWO SPLENDID GAMES.

Southern Pacific Defeats Mayer & Schmidt and Nacogdoches Elks Clean Galveston Elks.

From Saturday's Daily:

An immense crowd attended the double header ball game at the East End park yesterday afternoon, and enjoyed both games to the fullest, though it was generally agreed that the first game, that between the Southern Pacific and Mayer & Schmidt teams was the most evenly matched as regards the strength of the teams.

The second game, and the one which was looked forward to as the feature game of the afternoon, was rather a one sided affair all the way through and but for an error, when one of the players stumbled on a pile of grass and with the sun in his eyes, tumbled a fly ball, the game would have been a shutout for the visitors.

Nacogdoches retired the visitors in one, two, three order in the first and second inning and rolled up two scores in each inning. This inspired the home team and the "fireworks" which was to have been started by the Galveston boys was started by the home team. Their team work and stick work went together to roll up the scores and keep the visitors from making runs. Nacogdoches had an awful bunch of rogues as base runners; they tried to steal all the bags and came very nearly doing it despite the efforts of the visitors to stop them.

The first game was called on time and was quick and fast throughout, and abounded in brilliant plays, each side contending every inch. The Southern Pacific boys got a lead in the early part of the game and the Mayer & Schmidt team could not over come it and for a time it looked like this would be a shut out game, but towards the last of the game they began to catch up, and at the close of the ninth inning the score stood five to four in favor of the Southern Pacific. The crowd began to grow impatient for the big game to be called, but it could not have been because the first was a slow game for it was not, the only trouble was the game was between home teams.

The lineup of the Elks team:

Nacogdoches	Galveston
Drewry p	Johnson
Brewer c	Frantz
Thomas 1b	Thurhey
Stegall 2d	Ziegleman
Muller 3b	Chambers
Davidson ss	McKay
Monzingo lf	Durrett
Rice cf	McKerner
Eason rf	Webb

2-base hits, Drewry, Davidson, Monzingo, Muller.

3-base hits, Monzingo, Davidson.

Bases on balls, McKay 3, Ziegleman, Drewry.

First on errors, Galveston 2, Nacogdoches 5.

Left on bases, Galveston 7, Nacogdoches 10.

Struck out, Johnson 1, McKay 2, Ziegleman 3, Drewry 14.

Hit by pitched ball, Stegall

The South East Texas Summer Normal.

Port Arthur, Texas, July 6, Editor Sentinel:

A word from the Summer Normal at this place might be of interest to your readers.

As we enter the fifth week it is easy to be seen that the student body, as well as the faculty, are working to the same end—success. All of us from the interior are becoming rather attached to the Gulf breeze, which rarely fails us. The weather has indeed been pleasant; some say that they have to let down the windows at night to keep the wind from blowing the cover off. The belief that the mosquito is bad here under present conditions is an illusion.

The class room work is in the third story of the High School building, on the very edge of Sabine Lake, which is about ten by twenty miles.

While all are busy, we have found time to accept the invitations of citizens on a number of boat excursions to the gulf. The last and perhaps the crowning feature of them all was enjoyed Saturday, when the Guffey people tendered one of their steamers, "Captain Sam" and its gallant crew to the "Normal". According to the Captain, it was a fifty-four mile trip. And right here Mr. Editor, it is cruel to say it, is where the fun really begins for those who have the good fortune to escape the "aching desire to feed the fish." At first it is likely a timid girl who has studied too hard, turns pale and rushes to the boat's edge, but when the contagion starts, it rapidly increases to such proportions that there are not many to laugh and to use the tell-tale kodak. But all is well that ends well, for as a rule the one who suffers most, is the first to be ready for another trip.

The South East Texas Teachers Association has been permanently organized, and it is felt that quite a number of the counties of the interior will avail themselves of the opportunity to join us next year.

With best wishes to your paper and its readers. Most Respectfully,

J. B. Powers

the legislature in extra ses-
sion, beginning Monday July
21, 1918.

In the call the gov-
ernor stipulates three
special issues: To pass the
appropriation bill for the
support of the government.
To pass a law providing for
the election of United States
Senators by direct vote of the
people, as is provided shall
hereafter be done by an
amendment to the constitu-
tion of the United States, re-
cently declared ratified and
adopted by three-fourths of
the states in the union. To
amend or revise the laws
governing the government
and control of the peniten-

consider and act upon other
matters as may be presented,
pursuant to section 40 of
article 3 of the constitution.

Rochester Filled With Elks.

Rochester, N. Y., July 7.—
The week of the 49th annual
reunion of the Elks' Grand
Lodge was ushered in here
today under the most favor-
able nature. So great was
the crowd yesterday that it
was almost impossible to get
correct registration of the ar-
rivals, but Rochester's hotels
are already more than filled
and the downtown rooming
houses are crowded to their
utmost capacity. All the
principal streets are flaring
with purple and white decora-
tions.

The gathering formally
opens in Convention Hall to-
night with prayer, songs and
the exchange of greetings.
The regular business of the
convention will be taken up
tomorrow morning.

Edward Leach of New
York City, a candidate for
Grand Exalted Ruler, seems
to lead for that high honor,
and his election is freely pre-
dicted. New Orleans and
several other cities are con-
testing for the 1915 conven-
tion.

Cantalopes for breakfast,
Elberta peaches to space in
between until dinner, or lunch,
the finest vegetables in the
world for the midday meal
and a large sweet water melon
for the afternoon. What the
use of living anywhere else
than in East Texas? Besides
the frying chicken is just now
ripe and is pulled for special
occasions.

A washout on the T. & N.O.
between here and Dallas, de-
layed the shipment of the tools
for the city paving contractors
and the work will be delayed
until they arrive. The work-
men are here and are only
waiting for their tools to be-
gin on the storm sewers.

The report comes from Lut-
kin that the Lutkin Elks
baseball team had disbanded.
It will be remembered that
when this team was first or-
ganized they declared that
they would first wallop Nacog-
doches as much as they
wanted to and would then be
ready for all comers. But
they didn't wallop Nacogdo-
ches and the drubbing they
got here finished their brief
career.

day afternoon with a delight-
ful party in honor of the
primary department of the
Baptist Sunday school. The
Clevenger home was thronged
all the afternoon with a
bright and happy crowd of
little people ranging in age
from two to nine years, and a
most enjoyable afternoon was
spend. The Fourth of July
spirit was manifest in a num-
ber of the entertainment
features. Ice cream and cake
was a refreshment served to
her guests.

The reading of the ther-
mometer at the experiment-
al station yesterday, and
handed us by Mr. McNess,
shows the highest at 100 de-
grees, and the lowes 74.

N. & S. E. Loose Bridge.

Last night the bridge over
Black Branch on the Nacog-
doches & Southeastern was
burned out and today traffic
beyond Woden is suspended.
The bridge was a seven-bent
structure and was totally
burned, and caught supposed-
ly from the woods which have

been burning in that neigh-
borhood. Black branch is
just two miles beyond Wo-
den.

Mr. D. H. Barnett and son
John Lacy, left this after-
noon for a visit to Palacios,
Texas. They will likely spend
some time as this popular
seaside resort.

The Best Guarantee is a "Money-Back" Guarantee

Many remedies are sold under
a so-called "Guarantee" but usu-
ally some "string" is tied to it.

CASCARINE is sold under an
absolute guarantee that your
money will be refunded if you are
not satisfied with the results ob-
tained, after giving it a thorough
trial according to directions.

CASCARINE should be kept
in every house, then when any
member of the family is troubled
with Billiousness, Indigestion,
Constipation or dull headache,
take a dose at night and if neces-

sary repeat the dose in the morn-
ing. You will be surprised at
the result.

CASCARINE is purely a vege-
table compound, absolutely harm-
less to the smallest child and is
pleasant to take.

The next time you feel like you
need Calomel try CASCARINE,
and we feel sure you will never
punish yourself again by taking
Calomel.

CASCARINE if sold by Weatherly
Bros., Appleby, Texas, under
a "MONEY-BACK" guaran-
tee. 50c per bottle.
