### GOOD CORN EXHIBIT.

Farmers from different points of the county have brought a splendid exhibit of corn to the store of Cason, Monk & Co., today, where a planter was offered as a premium.

In the exhibit, but not competing for the premium, is the corn with which Bud Campbell, noted corn raiser of Appleby, took the prize at the State Fair at Dallas, and the prize at the South Texas Fair at Beaumont.

### ALL BOYS INVITED.

County Agricultural Agent D. Greer requests The Sentinel to say that all ambitious boys of the county are invited to meet with the Boys Corn Club and the Seed Breeders Association of this city Dec. 2nd, as Mr. Jones will make settlement of premiums offered by the Compress Company and offer prizes for another year. Prizes will also be offered for peanuts, the particulars of which will be explained at this meeting. Good entertainment will be provided, and every progressive farmer of the county, as well as all ambitious boys should be present.

There never was such a good outlook for progressive farming in the history of the county as we have now, and every acre of land should have intelligent cultivation.

### IMPORTANT NOTICE.

The County Club Boys and Seed Breeders will meet in joint session at the court house at 10 o'clock a. m., Saturday, Dec. 2nd, 1916.

Committee judging and awarding of the prizes given by the Compress Company will be done. There will also be an exhibit some of the premium corn at the State Fair, and a demonstration with a hand cotton gin that is gotten out for the purpose of ginning select cotton bolls. Prof. H. H. Williamson and others of the A. & M. College will address the meeting. Come; they will do you good.

JAS. D. GREER, Pres.,  
T. E. BURGESS, Sec.

Mr. J. R. Frederick, justice-of-the-peace elect from the Appleby precinct, was among the visitors to the city today.

### WOODMEN EXERCISES BRILLIANT PROGRAM

Notwithstanding the inclement weather, the Exercises Were Observed Brilliantly.

From Wednesday's Daily. Notwithstanding the inclement weather yesterday (Tuesday) members of the Woodmen of the World, and members of their families, continued to arrive through the day until a good attendance was present in the afternoon, and all features of the program were inaugurated.

At two o'clock in the afternoon the Woodmen parade was inaugurated, and notwithstanding a considerable downpour of rain was falling, a long line of march was made through the public square and down East Main street, thence back to Woodmen Headquarters in the Naaman building. The parade was led by Hon. Edgar Thomason and the official goat, followed with the degree teams of this city and Garrison, the members bringing up the rear. After returning to headquarters the degree team of Nacogdoches put on a magnificent exhibition drill which was witnessed by a large crowd of people, and the members were applauded for their splendid work.

Repairing to the headquarters, the object of the meeting was stated by Hon. Arthur A. Seale, who presided as toastmaster of the occasion. Hon. Moss Adams and Judge F. P. Marshall responded with eloquent and logical addresses, in which they paid eloquent tribute to the merits of the order, and all speakers interspersed some good jokes by way of spice which made the entertainment rich and the minutes pass swiftly. The colored orchestra furnished good music at intervals, and in conclusion a lot of sacred songs were sung.

In keeping with the beautiful fraternal spirit of the order, a free will donation of \$15.50 was contributed to a widow of a deceased sovereign upon announcement that she had used the small policy left by her husband with which to pay for her home, leaving nothing with which to support her children.

This part of the program having been finished, recess was taken until time for the awarding of the various premiums, and the time spent in fraternal greeting and social enjoyment.

At the time for the awarding of the premiums, the crowd assembled was requested to repair to the district court room where there would be more room, and where the following awards were made:

Victrola, offered by Swift, Bros. & Smith to the camp with greatest percentage of members present, Swift Camp, C. I. Co., C. C. Presentation speech by Judge Perritte.

Twenty-dollar watch offered by Stripling, Haselwood & Co., for the ugliest Woodman in the county, awarded to Eugene Chalker. Presentation speech made by Hon. Moss Adams.

Ten-dollar gold piece for oldest Woodman present, J. J. Post-office Drug Co. It is composed of Adams, Garr known, combined with purifiers, acting directus surfaces. The sixty-nine year of the two ingredients produces such wonderful curing catarrh. Send thirteen cents, free.

and Merchant. & CO., Props., Toledo, regists, price 75c. Family Pills for constipation.

## YOU COULD NOT ROB A NEIGHBOR

Why then do you burn your stalks thus robbing your land and yourself? Did you know—

"An acre of corn stalks contains 35 pounds of nitrogen, 45 pounds of potash and 11 pounds of lime?"

### DON'T BURN THE STALKS

Cut these stalks up and plow them under and you will get all this fertilizer back into your soil. You will make bigger and better crops and this means more "Good Money" while the prices are high. If you need a stalk-cutter, a plow or anything else phone, write or come to see us for prices and full particulars. We have the "CYCLONE" stalk cutter that will cut the biggest and toughest stalks—any "old cutter" will do the work when the stalks are small and dry, but it takes a "CYCLONE" to do the work right when the stalks are large, tough and wet. There's a reason—"The Cyclone is the cutter with the weight in the head" and it goes after them hard. Prices have advanced just a little but you will be surprised to learn just how cheap we can sell you Farm Implements of every description. Come to see us about what you want. We will please you in "Price and Goods."

### IT HAPPENED IN NACOGDOCHES.

And Is Happening to Nacogdoches People Every Week.

The case told below is not an uncommon thing. The same occurs frequently and will continue to happen as long as folks have kidneys and overtax the kidneys.

A. D. Holt, truck farmer, Nacogdoches, says: "I had to get up many times at night to pass the kidney secretions and they scalded. I also had pain in my back and loins. Whenever I have had such trouble I have used Doan's Kidney Pills and they have always given me relief."

Nacogdoches is selling home-made syrup.—Temple Telegram. That's the truth, and it is the best sweetening that was ever poured over a flap-jack.

This is mighty pretty weather in which to clear new land, and no enterprise would be more profitable. The world needs everything that can be produced on every acre of this good East Texas land, and will pay handsomely for it.

Mr. J. M. Burns, one of Timpson's leading planters, sold one hundred bales of cotton yesterday, and received in exchange a nice little sum for pocket change. For the hundred bales Mr. Burns received \$9,500, and the purchaser paid the magnificent price of 19 1/2 cents per pound. A Times reporter asked Mr. Burns why he didn't hold for 20 cents and he replied that he had several more bales that he was holding for that price—and we believe he will get it.—Timpson Times.

There has been discussion in Nacogdoches of the great calamity that visited our neighbor town, Garrison, which lost its school building, and many have expressed a willingness and desire to extend help to their neighbors in their time of great need. One prominent banker of the city phoned the Garrison superintendent last night that the institution which he represented would contribute liberally to a fund to rebuild the house. Others have made similar expressions, and Nacogdoches can be counted on for a liberal contribution to the worthy cause if its help is needed.

Another reason why more attention should be paid to the raising of good beef cattle in this section is the fact that at the Kansas City stock yards this week there was paid \$11.40 per hundred pounds for what was offered. One beef weighing as much as 1200 pounds would bring so much money that the writer hasn't the time to figure it; do it yourself—and raise cattle. Not only so, but there is good money in hogs, and over here in Angelina County is offered one of the most favorable spots for that industry to be found anywhere. The story would be a long one if all the products which can be successfully handled here in this locality were to be dwelt upon, but the idea to be conveyed is that there is money to be derived from everything coming from the farm and the range just now, and there is nothing to indicate a change. If you haven't a farm of your own, get one as soon as you can.—Lufkin News.

If the south plants an all-cotton crop next year, groceries are going to be higher than the ridge of a cat. And those cotton farmers who will depend on buying their foodstuffs and feedstuffs are liable to wake up in the hard old winter time with a lot of cheap cotton on their hands and a lot of high-priced necessities to pay for. Col. E. H. R. Green, a well-to-do citizen of Texas who has interests in New York, came home a few days ago and advised farmers to single-shot on cotton. State Press admits that Col. Green is a successful man and quick at figures, but S. P. will go to the mat with him any day on that proposition. Moreover State Press will make Colonel Green a side bet of one million (\$1,000,000) that he can show

ten Texas farmers who have achieved financial independence through diversified farming for each one who has achieved it through all-cotton farming. This is a plain proposition, and the Colonel is advised to put upward or shut upward.—Dallas News.

The town of Nacogdoches 28 miles east of Alto and situated in close proximity to the crossing of the H. E. & W. T. and T. & N. O. railways, is said to be considering plans for better roads in that county, the same, we presume, that Alto's will be. We commend them for their enterprise. Any little thing like that we are always glad to be of some service—to point the way, as it were, or lead where others follow. It's Alto's way of doing things, you know.—Alto Herald. Where did you get on, Bud? You could possibly use your little "pointer" with better effect in having your little municipal government "brought up to date," follow the Nacogdoches "base," where paved streets, electric white-way, superior waterworks and a fire department that never lets a house burn down, all municipal property, give support, and bring up the tenor in glad refrain.

Farmers who have sons large enough to care for stock should give the boys a chance by giving them some stock of their own to raise, and especially hogs. And, too, the boys should be given patches of their own so that they can make some money of their own to spend as they wish. So many parents are so close on their boys that they never allow them a chance, and for that reason we find boys wanting to leave the farm and go to the cities, where they think they will have a better chance to make money and won't have to work so hard. Many fathers never realize until their boys are gone how much help they are at home, but once a boy gets started to stay away from home it is a mighty hard matter to make home attractive to him. It is far better to make the home sure by raising such that he will never care to go away, if you expect to have him become attached to the home life.—Jacksonville Daily Progress.

The people of Nacogdoches county will greatly sympathize with her neighbors of Garrison in the loss of their magnificent school building which burned this morning, report of which will be found elsewhere in today's paper. The Garrison school had developed into one of the leading educational institutions of East Texas, and was the pride of the town. In the course of its development local citizenship upheld the superintendent and teachers in the great work they were doing, going down into their pockets and putting up any needed funds with which to sustain a school of the first-class, and such patriotism deserves a better fate than the calamity which has been visited upon them. But these same citizens still reside in Garrison, and they are made of the kind of material who will find a way to replace their building and keep up their magnificent school.

News has been received in the city that Mr. Owens, superintendent of the buildings and grounds at Austin, is dead, and many friends of Capt. Jno. S. Doughtie of this city are writing the governor recommending him for appointment to the position. Being active in body, and a man of fine intelligence and stately bearing, Capt. Doughtie could fill the position most admirably, and he has a great host of friends over East Texas who would rejoice with the news that the honor had been conferred upon him.

## THANKSGIVING PROCLAMATION.

Washington, Nov. 17.—President Wilson today formally by proclamation designated Thursday, November 30, as Thanksgiving Day.

The president's proclamation follows:

"It has long been the custom of our people to turn in the fruitful autumn of the year to Almighty God for His many blessings and mercies to us and to the nation.

"The year that has elapsed since we last observed our day of Thanksgiving has been rich in blessings to us as a people, but the whole face of the world has been darkened by war. In the midst of our peace and happiness our thoughts dwell with painful disquiet upon the struggles and sufferings of the nations at war and of the people upon whom war has brought disaster without force or possibility of escape on their part. We cannot think of our own happiness without thinking of their pitiful distress. Now therefore, I, Woodrow Wilson, president of the United States of America, do appoint Thursday, the thirtieth of November, as a day of national thanksgiving and prayer and urge and advise the people to resort to their several places of worship on that day to render thanks to Almighty God for the blessings of peace and unbroken prosperity which He has bestowed upon our beloved country in such unstinted measure.

"Sympathy for Stricken Peoples. And I also urge and suggest our duty in this, our day of peace and abundance, to think in deep sympathy of the stricken peoples of the world upon whom the course and terror of war has so pitilessly fallen, and to contribute to their pitiful means to the relief of their sufferings.

"Our people could in no better way show their real attitude towards the present struggle of the nations than by contributing out of their abundance to the relief of the suffering which war has brought in its train. In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the City of Washington, this 17th day of November, in the year of Our Lord, 1916 and of the independence of the United States the one hundred and forty-first.

WOODROW WILSON,  
"Robert Lansing, Secretary of State."

### AFTER THE WAR, WHAT?

Rochester, N. Y. Nov. 14, 1916, Editor Nacogdoches Sentinel, Nacogdoches, Texas.

Dear Sir:  
After the war, what? Most likely a defensive alliance for all the European states will be the outcome of this last great war among them. A certain section of these warring nations, who trusted in the power of might to conquer and rule all the world, as well as the remaining ones who believed only less in the power of arms and armaments, will thus be led to see that the brotherhood of man is the basic principle of all permanent peace.

Awful as the present experience of Europe is, it has probably hastened by hundreds of years the universal acknowledgment and adoption of the principle that right, not might, is the best law for the welfare of nations. Then the two ingredients of such wonder-been decisions—necessity and courage.—Send Druggists, price 75c. Hall's Family Pills for constipation.

peoples? If a new Hague Conference were to sit continuously until the peoples of these countries compelled their rulers to submit their differences to its decisions, peace might come sooner than anyone would imagine. What greater role could America have than to be the first to take this decisive step and work for it incessantly until its fulfillment came?

### PAUL WAPLES IS KILLED BY CAR

Fort Worth, Nov. 16.—Paul Waples, chairman of the state democratic executive committee, president of the Waples-Platter Grocery Company and millionaire banker and capitalist, was killed this morning in front of his country home near Hadley when an interurban street car collided with the Waples automobile. The only other occupant, John Nichols, the chauffeur, was hurled 30 feet but escaped injury. Mr. Waples died in the debris of the smashed automobile, never regaining consciousness and living only 20 minutes.

Mr. Waples had just started to his office in Fort Worth when stuck. The crossing is only a few feet in front of the country home. The interurban was bound for Fort Worth from Dallas and was crowded. Mr. Waples saw the approaching interurban and called to his chauffeur. The latter, however, was unable to stop the automobile before it rolled upon the track, the front wheels resting between the rails. It had come to a full stop before being hit. The interurban was thrown off the track and many passengers suffered slight injuries.

Besides being president of the Waples-Platter Company, Mr. Waples was a director in the American Exchange National Bank of Dallas, a director in the Frisco and Rock Island railroads, in the Burton-Lingo Lumber Tobacco Company, chairman of the board of directors of the Fort Worth Star-Telegram.

Colonel Waples had always been interested in Texas politics, but not as an office holder. He always steadily refused to run for office. However, he had been chairman of the state democratic committee four years, before being made chairman, and was one of Governor Ferguson's first supporters. He was actively identified with Governor Colquitt's campaign for governor, but not for senator. He was born in Missouri 62 years ago and came to Texas in 1876. He leaves no children and few surviving relatives. His wealth is estimated at more than a million dollars.

Mr. Waples' successor as chairman of the state democratic committee will be selected at a special meeting of the committee. The secretary will call this meeting. It will not be necessary to elect a member of the committee as chairman; an outsider may be chosen.

Minutes how need from indigestion, stomach disorder, upset stomach does. It's wonderful!

### SOJOURNERS AT PORT ARTHUR.

The following report of the legislators visit to Port Arthur is taken from yesterday's issue of the Port Arthur Record:

The legislative party which is spending three days in this section arrived in town this morning and were taken in charge by a number of citizens for the purpose of showing them the waterways to the Gulf and also something of the city. At 10:30 the party left the wharf at the foot of Austin avenue on the Texas company launch Juliet for the trip to the jetties.

On the way down the canal the boat stopped at the Texas company terminal for an inspection of the plant. Continuing down the canal the Pass and jetties were inspected and the need for a substantial quarantine station and detention house were impressed on the visitors. The magnitude of the commerce originating in the ports interested and whose shipping goes to sea through Sabine Pass was emphasized.

The party on the boat consisted of members of the coming legislature as follows: W. E. Thomason, Nacogdoches; F. W. Ssholars, Jr., Woodville; L. C. Stewart, Magnolia Springs; F. O. Fuller, Cold Springs; R. L. Pillow, Galveston; Geo. B. Terrell, Alto; Col. R. E. Yantis, Athens; J. T. Denton, Port Arthur; State Senator S. M. King, Beaumont. There were also with the party Prof. B. K. Coughlin, Highway engineer of the A. & M. College of Texas and Dr. A. L. Lincooni, deputy state health officer, T. J. Fortenberry of Kirbyville, and the following gentlemen from Port Arthur: J. E. Ferguson, B. S. Elmendorf, W. H. Richardson, G. M. Sims, C. W. Schimelpfenig, W. N. Long, M. R. Kleas, T. W. Huggan, J. C. Byrne, R. T. Suggs, O. C. Smith, Capt. Geo. D. Jen, Geo. M. Craig, C. H. Eubank, Kent Watson and Elam Rogers. Dr. Pollock, quarantine officer at Sabine, joined the party at the Pass and accompanied them during the inspection of the site of the quarantine station and other points at the Pass.

On the return of the boat which was scheduled for four o'clock, the party were taken in automobiles for a trip about the city. If possible they will be shown the Griffing nurseries before they leave.

Tomorrow is legislative day at the fair and the party will be guests of the South Texas State fair in Beaumont.

### FOUR BATTLESHIPS.

Washington, Nov. 17.—Contracts for the construction of four battleships and sixteen destroyers will be awarded to private builders early next week. Secretary Daniels announced today at the conclusion of a three-day series of conferences between navy department officials and representatives of the shipyards.

While a final decision has not been reached as to the four 35-knot scout cruisers, proposals for only one of which was received, Secretary Daniels indicated that congress would be asked to raise the limit of cost on these vessels. Bids for the construction of 29 submarines, two of which will be of the 800-ton seagoing type, now are being considered by the board of review.

Mr. and Mrs. S. Mintz and daughters have returned from Corsicana where they went to attend the marriage of Isaac Mintz, notice of the approach of which has previously appeared in this paper. The happy couple left after the ceremony for New Orleans and other places of interest, and after their honeymoon trip will be at home in Dallas, where Mr. Mintz is engaged in the drug business.

### HOMESTEAD LAW IS NO BARRIER

The Farm Loan Board is in session at Fort Worth, and the Fort Worth Star-Telegram carries the following report which will be of interest to Texas people who were laboring under the impression that our homestead law would be a barrier in its operation in this state:

"Farm loan and legal experts told the Federal farm loan board at its hearing at the Chamber of Commerce auditorium Wednesday that the Texas homestead law will not hamper the operation of the rural credits act in this state, actual farmers experienced in borrowing told the board of the great need of cheap interest and long time loans.

"Two hours were given over to hearing the claims of Fort Worth and Dallas for the location of the bank at the afternoon session. The hearing was finished shortly after 4 o'clock and members of the board immediately left for Waco.

Two important facts brought out at the morning session were: That exorbitant interest on farm loans in Texas has been reduced since the passage of the farm loan act.

"That farm tenantry in Texas will be reduced tremendously by the operation of the act.

"Dallas came to Fort Worth for the hearing Wednesday with an interurban carload of business men, but Dallas business men freely volunteered their city support of Fort Worth if Dallas is out of the running."

### WILL NOT RESIGN.

Washington, Nov. 16.—In answer to persistent reports that Attorney General Gregory would be missing from the next Wilson cabinet, it was authoritatively declared at the White House today that both officials would continue. Reports have been circulated that both Texans are desirous of leaving the cabinet, Gregory to practice law and Burleson to look after business affairs.

The only possibility of the Texans leaving, it was added, would be an expressed earnest desire on their part, as their relations with the president are extremely cordial and their service very satisfactory.

### TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Dandruff right now—Also stops itching scalp.

This, brittle, colorless and scraggy hair is more than a nuisance. It is a scalp of dandruff—that awful itching scalp. There is nothing so destructive to the hair as dandruff. It robs the life of its matrix, its strength and its life; eventually produces a feverishness and itching of the scalp, and if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Dandruff tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Dandruff from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Dandruff. Save your hair! Try it!

**What to do when  
Backache comes on**

"I found immediate relief in the use of Foley Kidney Pills, have recommended them, and do not know of a single instance when they failed to give relief."

C. U. Landrum, a traveling salesman, writes from San Antonio, Texas: "Driving over rough roads and in all kinds of weather gave me acute pains in the back and I suffered greatly. I found relief in the use of Foley Kidney Pills, and before the first bottle was used, the pain in my back had entirely disappeared and I have had no recurrence of these pains with frequently amounted to almost neuralgic proportions."

When backache comes on, and it seems as if you can't stand the pain and pressure in your back, you will find quick and grateful relief comes with the use of Foley Kidney Pills. They stop the cause of the pain, ease the stiff aching joints and muscles, and clear the poisons out of your system by helping your kidneys and bladder to normal healthy action.

**"STAND" PERMIT REFUSED.**

Washington, Nov. 15, 1916. Postmaster and Custodian of Site Naacogdoches, Texas.

By reference from the First Assistant Postmaster General this department is in receipt of a request of the 28th ultimo, from Mr. Frank Clappitt, for permission to stand at the corner of the Federal building site in your custody and sell apples from a wagon.

Please ascertain whether Mr. Clappitt proposes to place his wagon on the Government's land, or in the street outside of the Government's lot lines. As it is contrary to the policy of this Department to permit such use of Federal building sites, the Department will look to you to see that such use of the site is not allowed. Please note the instructions contained in the enclosed Department Circular No. 10 with respect thereto.

If, however, the wagon is outside of the Government's lot lines (beyond which the Department claims no jurisdiction) the matter is one for the consideration of the city authorities.

Please inform Mr. Clappitt accordingly.

Please advise this Department in the premises, and permit the use of the site without express authority from this Department therefor.

Respectfully,  
B. R. NEWTON,  
Assistant Secretary.

**HUGHES CARRIES MINNESOTA**

St. Paul, Minn., Nov. 18.—Chas. E. Hughes Saturday was officially declared the winner of Minnesota 12 electoral votes. His plurality over President Wilson was 395, the smallest plurality a republican candidate for president ever was given in this state. The totals are Wilson 179,157, Hughes 172,553.

Democratic leaders were disposed to accept the verdict as announced, but said that unless republicans asked a recount in California they would not have the state put to such expense in Minnesota.

Frank B. Kellogg, republican candidate for United States senator, carried all but four counties.

**WEALTHY BEAUMONT  
COUPLE RUN DOWN**

Beaumont, Texas, Nov. 19.—While returning to their home from church this morning, Mr. and Mrs. Luis J. Herbet were run down by a street car and instantly killed. Their bodies were badly mangled. The accident occurred within a half block of their home, Mr. Herbet who was 65 years old, was rated as one of the wealthiest men in Beaumont. Mrs. Herbet, was 58 years old and a native of this country. The motorman, who is under arrest, declared he did not see the couple until his car was within a few feet of them. The bodies were dragged more than 100 feet.

Uncle Frank Robbins, who has been in the sanitarium the past month taking treatment for a rheumatic trouble, has sufficiently recovered to be able to return to his room, and requests the Sentinel to give public expression of the kind treatment he received at the hands of Dr. and Mrs. Tucker and the nurses of the sanitarium. Uncle Frank is still able to get out in town, and will appreciate a visit from any of his friends who will call at his room.

**ONE DOSE RELIEVES  
A COLD—NO QUININE**

Take "Pape's Cold Compound" every two hours until you have taken three doses, then it grips misery goes and your cold will be gone. It promptly opens your congested nostrils and the air passages of the head; stops any discharge or nose running; relieves the headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed up! Quit blowing and sniffing. Case your throat, and nothing in the world gives such prompt relief as Pape's Cold Compound, which costs only 25 cents and acts sure.

**SAINTED OLD MOTHER  
IS WITH THE DEAD**

Mrs. C. A. Smith, the sainted old mother of Mr. Will P. Smith, died at the home of her daughter in Lufkin yesterday. Her remains are being brought to this city for interment, and the funeral service will be held from the home of her son, Will P. Smith, at Frost Johnson mill, this afternoon at 3:00 o'clock followed with burial in Oak Grove cemetery.

Mrs. Smith was seventy-one years, nine months and two days of age at the time of her death, and is survived by six children, Will P. Smith of this city, Tom Smith of Groveton; Mrs. Ashley of Keltys; Boynton Smith of Shreveport; Mrs. W. M. Glenn and Mrs. Frank Snow of Lufkin. She also has ten grand-children. She is a native of Georgia, coming to Texas with her husband in 1887, and settling at Lufkin, where the family made their home until her husband's death several years ago, and lately she has been dividing time with her children. She was a member of the Baptist church of this city, in which she has lived a consecrated Christian life, and was loved and admired by all who knew her for her many Christian virtues and easy grace of manner.

Previous to their removal to Texas, the family was prominent in the social, political and business circles of Georgia, where Mr. Smith served his people in an official capacity. He also served the people of Lufkin precinct as county commissioner, and as justice of the peace, in each of which positions he distinguished himself with faithful and efficient service. Their children now occupy prominent places in the business and social life of the country, and like their parents, are all highly esteemed by those who know them.

All Naacogdoches people enter into profound sympathy with the surviving members of the family in the loss of their sainted old mother, and a great host of people will turn out to the funeral this afternoon to pay the last tribute of respect to one whom they fondly remember for her own sterling worth, and in sympathy with her most worthy descendants.

**SYRUP RAISERS ORGANIZE**

A goodly number of farmers met with County Agricultural Agent Jas. D. Groer at the court house Saturday afternoon and organized for the purpose of shipping East Texas ribbon cane syrup to western towns.

Bob Stripling was elected chairman, and W. E. Rector secretary. Mr. Groer says that he has about fifty names on the roll, and that the first shipment will likely be made two weeks hence from the meeting of Saturday at which time another meeting will be had.

There will also be a meeting of the Seed Breeders and Boys Corn Club at this time, and it is earnestly hoped that a large attendance will be present.

It is thought that a good market can be found for every gallon of unsold syrup in Naacogdoches county, if the farmers will get together in the matter, and if they want this market they should rally to the call.

Mrs. Buel Lanier arrived home yesterday from Little Rock, Ark., where she has been the past several months studying pharmacy, and in the studies of which she has just graduated.

Mrs. Bradley of Oklahoma City arrived in the city Saturday for a visit to her daughter, Mrs. A. D. Parnell, and will remain here until after the holidays.

Mrs. T. J. Lloyd arrived home yesterday from a visit to Beaumont, where she had an enjoyable sojourn with friends and attended the fair.

Miss Annie Barron, who is teaching in the Timpson High School, came down Saturday and remained over to Sunday with the homefolks. She was accompanied by her friend, Miss Page.

Dr. E. E. Leak and Mr. and Mrs. Rafe Stripling of San Augustine and Mrs. Jenkins of Daingerfield, were visitors to the city yesterday. Mrs. Jenkins was returning to her home from a visit to relatives, and came to take the train. Friends of Dr. Leak in the city will be pleased to learn that his health is greatly improved.

C. C. Atkinson of Timpson was a visitor to the city Saturday.

**ANURICI  
The Newest Discovery in Chemistry.**

This is a recent discovery of Doctor Pierce, who is head of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Dr. Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—backache, swelling urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, it's simply wonderful how surely "Anurici" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.

Go to your nearest drug store and simply ask for a 50-cent package of "Anurici," which is 37 times more potent than china to eradicate uric acid, or even write Dr. Pierce for a large trial package (10c).

**MARRIED AT TEMPLE.**

Oscar Gaston will be remembered by Naacogdoches people, he having held a position with Stripling, Haselwood & Co., for several years, and is now engaged in the jewelry business at Temple. The following notice of his marriage, taken from a recent issue of the Temple Telegram will be of interest to his friends in this section:

Mr. Oscar Gaston and Miss Minnie Woods were married in this city Monday evening at the home of Mrs. Sallie Woods on Leon street, Rev. J. C. Boyd, pastor of the First Baptist church officiating. They left on the early morning motor for Pine Bluff, Ark., where they will make their future home. Mr. Gaston having recently accepted a nice position in that city. The announcement of this wedding was a surprise to every one. So well had the secret been guarded that not even the boarders at the house knew of it until the following morning. Mr. Gaston formerly worked in this city for Mr. J. M. Prewitt; he is a fine workman, and was held in high esteem by his employer, and during his residence here made friends of all with whom he came in contact. He earned the reputation in our little city of being a splendid gentleman, and we are sure is deserving of the companionship he has won for life. Miss Minnie was reared in this city, and is loved by our entire people. She is a noble woman, endowed with all those lovable traits that peculiarly fit her to preside over the home she enters. May every success attend them, and may they ever be as happy as they were when the words were spoken which made them man and wife.

Great oaks from little acorns grow, is an old-fashioned maxim that applies, in the sense of their, to Tyler's announcement of a citizen in the local market for 1,000 bushel acorn order may grow up in East Texas a great enterprise, a cash side liner for the farmer whose wood lot or uncleared land happens to be sprinkled with bearing oaks. The dispatch does not state just what use is to be made of the 1,000 bushels of acorns, but it is a starter important enough to attract interest. The Tyler order will be promptly filled if it be not looked upon as a joke. A market for acorns is something new in Texas. Especially East Texas. Considering the acorn crop this year is the most bumperish within the memory of pioneers in East Texas the task of gathering a 1,000 bushels should be easy, pleasant, profitable work. The Tyler citizen has started something.—Fort Worth Star-Telegram.

**CHICAGO BOOMED FOR  
PRESIDENT BY SELLS**

Chicago, Nov. 19.—Cato Sells, United States commissioner of Indian affairs, arrived here Saturday promptly carrying the young but promising presidential boom of William G. McAdoo, son-in-law of President Wilson and secretary of the treasury. "McAdoo sentiment is so apparent and universal," Sells said, "that if the next Democratic candidate for President were to be chosen now it is my opinion that he would certainly be the present secretary of the treasury. Throughout the west, Secretary McAdoo is given credit for much of the progressive legislation enacted during the last four years. He is regarded as a constructive statesman of exceptional ability, courage and human sympathy. The West wants him for President."

**COUNTY COURT.**

The fall term of county court convened this morning, with his honor, Judge J. F. Perritte, presiding.

The criminal docket was taken up this morning, and will engage the attention of the court until the business of this department is disposed of, after which the civil docket will be taken up. The Sentinel is informed that there is not much business on the criminal docket, but that the civil dockets are rather heavy.

Mrs. J. C. Dickinson, Mrs. V. T. Mast, Mrs. Leila Eddington and two children, Ruth and Wilmer, attended the funeral of Mrs. J. C. McDuffie at Garrison Saturday, making the trip in Mrs. Mast's car.

**GARRISON CITIZENS  
IN MASS MEETING**

They Gathered This Morning to Work Out Plans for Rebuilding their School House

Messrs. Beaman Strong, Eugene Blount, Lake Orton, Geo. F. Rainbolt and Giles M. Halfon motored up to Garrison in Mr. Strong's car this morning to attend a mass meeting of the citizens of that little city who had gathered for the purpose of devising ways and means by which to rebuild their school building, which was destroyed by fire last week, and bring back an interesting report of the meeting.

A large attendance of the patrons of the school was present, and it was the desire of all that the building should be rebuilt just as it was before the fire. Different methods were discussed and the idea was finally adopted to levy a three cent tax against all property in the district, subject to the endorsement and generosity of the patrons, and many offered to contribute even more. One man who was preparing to move away, but who has fifteen hundred dollars worth of property in the community, contributed one hundred dollars, saying that he had enjoyed the benefits of the school and felt that he should help it in its time of great trouble. Others were equally generous and Naacogdoches visitors contributed liberally.

A canvass of the district will be made at once, and in the meantime all matters will be gotten in readiness for immediate work in the event the people respond to the voluntary levy as noted above.

It is the opinion of Prof. Day and others that the old walls can be saved, in which event the repair can be made with an expense of a few thousand dollars, which is estimated the three cent tax would cover.

Until the matter is worked out, school will suspend for the reason that it is considered unwise to incur the expense that would be necessary to fit up some other building, which would be waste after the building was repaired. It is also estimated that the repairs could be made within a few weeks time, and the lost time could be made up at the end of the term.

The lack of profit from unused or undeveloped opportunities and capacities of a business is one of the most frequent causes of failure.—Texaco Star.

Nature does not say, "You must not," but she says, "If you do, you must pay the price, for I can not make it less." Nature does not argue.—Harry C. Morse.

All great things are bought with the price of great labor. Remember that Edison, the greatest inventor of the present century, works sixteen hours a day.

An exchange gives us this bit of good philosophy: "In nature all things lie in a mass—materials are a mob," as it has been said, and a man's ability is measured by his power to select and reject and to organize." We have a mob of materials all about us in East Texas, and only lack the creative genius which can disassemble the mass and organize the varied opportunities.

Twenty-dollar shoes were predicted by shoe and leather men at their annual meeting in Boston on Thursday of last week, if buyers demand shoes of all leather in the near future. The shoe editor here by offers to organize a society, separate and distinct from all other societies, having for its motto and avowed purpose that no member will be allowed to wear a shoe of this price; any infraction of the rule subjecting the member to instant expulsion from the order, not even a quorum being necessary to act in the matter. How many will join? Applications are now in order.—Lufkin News.

You can't get away from it, folks; this is the best town in East Texas—and it is getting better all the time. If you can do anything to help it along do so; if you can't seize upon the first opportunity that presents itself.—Lufkin News.

If Lufkin "is the best town in East Texas, and is getting better all the time," why such a distress cry, Doc? Won't you be satisfied with a moderate lead? Evidently you have been feasting upon the big acron crop which nature is supposed to have provided for a specie of animal which grunt with each bite, some going on two legs and some on four. In passing, and while "grunting," please tell us in what things your municipality excels, for information's sake.

### RENOWNED MAN MAY VISIT TEXAS CITIES

L. T. Cooper, Noted Philanthropist Gives Large Part of Income to Charity—Helps Texas Poor.

Not in recent years, perhaps, has the coming of any public character aroused such widespread interest as has the proposed visit to Texas of L. T. Cooper, the millionaire philanthropist.

Mr. Cooper is described as one of America's foremost leaders of advanced thought, and sprang into fame and fortune through his new health theories based on what is known as the Tanlac treatment. He never ceases to surprise you with the infinite variety of his knowledge, and its absolute correctness and thoroughness. In several of the larger cities—especially throughout the South he has done a great deal of relief work among the poor.

Mr. Cooper is a firm believer in practical philanthropy and his recent work in Houston and San Antonio is already familiar to the charity workers of those cities. His southern representative while in Houston a few weeks ago distributed, under the personal direction of leading charity workers, one thousand dresses of excellent quality to the poor women and children. In San Antonio the following week he donated another thousand dresses to the poor of that city and a few days later four hundred of the garments were provided by him for the poor women and children of Galveston. Ladies prominent in social life and many prominent citizens of these places assisted and co-operated with Mr. Cooper's representatives in this worthy cause.

Similar service was also performed by Mr. Cooper in Memphis, Birmingham, Atlanta, Little Rock, Shreveport, Vicksburg, Jackson, Nashville, Knoxville, Chattanooga, Macon, Savannah, Montgomery, Mobile and Augusta, and his establishment of the famous free bread line at Louisville, where he distributed fifty thousand loaves of bread absolutely free and without question to those in want, proved a revelation to charity workers there. In fact, in practically every city Mr. Cooper has visited, he has always shown his great sympathy for the poor and unfortunate by performing some unique act of charity.

Mr. Cooper contends that nine-tenths of the diseases and ill health of the present day American is due to faulty digestion and improper assimilation of the food, which finally produces a stuffed up condition of the vital organs.

It has been said that Tanlac, his celebrated medicine which is

now accomplishing such remarkable results throughout the country, not only quickly overcomes all catarrhal inflammations of the mucous membrane, but acts directly in the correction of stomach, liver, kidney and intestinal disorders.

Tanlac as has been so convincingly proven by the thousands who have endorsed it, is also a reconstructive tonic of great power and has been known to entirely relieve the most obstinate cases of rheumatism and blood disorders in a very short time.

It is, indeed, doubtful if anything ever placed on the market in the way of a medicine has sprung into such popular favor in so short a time. People everywhere have been quick to recognize its wonderful merit. The demand for it has been nothing short of phenomenal.

In Memphis, where Tanlac was placed on sale eight months ago, over 150,000 bottles have been sold, which according to druggists of that city, has established a new record and is unprecedented in the history of the drug business in Memphis.

In Atlanta, over 166,000 bottles were sold in twelve months time; in Knoxville, the Kuhlman-Chambliss Co., sold and distributed 48,326 bottles in nine months; in Louisville, Ky., the Taylor-Isaacs Co., who operate eight retail stores in that city sold 32,000 bottles in less than 90 days. The demand for Tanlac in Little Rock, Birmingham, Chattanooga and Nashville, in fact everywhere it has been introduced has likewise been phenomenal and the demand for it is continually increasing. A total of more than one million of the medicine has been sold through the Atlanta office alone during the past eleven months, and it is without doubt the most widely talked of medicine in the world today.

When asked to explain this record-breaking demand, Mr. G. F. Willis, Southern and Western distributor of Tanlac said: "There can be only one possible explanation and it can be told in one word 'merit.' That tells the whole story. No preparation, no matter how extensively advertised can possibly meet with such phenomenal success unless it possesses extraordinary curative power."

Thousands upon thousands are testifying daily that they have been relieved of disease after years of suffering by its use. (Adv.)

T. C. Butler of Woden was among the visitors to this city today, and called in to renew for his county paper. Mr. Butler says that he has not quit work this season, but is getting ready for another crop.

### DIED AT JACKSONVILLE.

Jacksonville Banner.

Mrs. H. P. Chapman, who formerly lived at Lufkin, but who for the past year has made her home in Jacksonville with her father and mother, Mr. and Mrs. J. A. Muckleroy, died at 4:35 Tuesday afternoon, after a long illness. Mrs. Chapman was not quite 33 years of age. She had been in very bad health for about four years, and had been confined to her bed for the past seven months. She is survived by her husband, three boys and one girl, the youngest being three years of age. Her father and mother are also living, also seven sisters and two brothers, as follows: Mrs. Tol Smith, Misses Ruth and Dora Muckleroy of Jacksonville; Mrs. J. H. Burrows of Nacogdoches; Mrs. Fred Spears and Mrs. C. H. Green of Lufkin; Mrs. M. O. Shipwith of Texarkana, E. A. Muckleroy of Liberty Hill and M. D. Muckleroy of Houston. All of the brothers and sisters were here at the funeral, which was held at Mr. Muckleroy's residence Wednesday afternoon, the services being conducted by Rev. J. B. Holt and Rev. P. T. Ramsey. Interment was made at the City Cemetery.

The bereaved family have the sincere sympathy of the people of Jacksonville in their sorrow.

### THE LAST VETERAN MEXICAN WAR DEAD

Joaquin, Nov. 20.—Captain Joshua W. Truitt, one of Shelby county's wealthiest citizens and a veteran of both the Mexican and the war between the states, has passed away at his home seven miles from Joaquin, two days before he was to have celebrated his eighty-seventh birthday. Captain Truitt, it is said, was the last survivor of the Mexican war. He leaves a large family. His wife died two years ago.

Rev. O. T. Hotchkiss and family are leaving today for Bay City, to which place Bro. Hotchkiss was transferred by the recent conference. During their sojourn with us the retiring pastor proved himself a consecrated christian worker in all the forces for good, and he and family won to themselves many friends who regret to give them up, and whose good wishes will follow them to their new field of labor.

Friends of T. C. Whiteside in this city and other places over East Texas will be pleased to learn that the stroke of paralysis he suffered yesterday is not so bad as was first reported, and that he is doing nicely. **WHO NEEDS IT WORSE?**

Who needs a thorough course of Farm Bookkeeping and Business Training worse than the farmer? No one. That is just why the Tyler Commercial College gives, in connection with its course of Bookkeeping and Business Training, without extra charge, a series of lectures on systematic farming and a set of books especially adapted to farm accounting. The farmer who at the close of each day's work makes a complete record of everything done during the day, its cost, etc., is learning to study the details of the business, to watch and observe the little things, and he is compiling valuable information for reference, and at the end of the year, he knows just what each crop has cost him; where his gain and losses come from, and by his close study and application, he will the next year lessen the losses and increase the gain. The farm needs the trained mind as badly as the store or the railroad office. The farmer needs to be able to write a good hand, to spell correctly, to figure how to write deeds, or to know when they are properly written, rapidly and accurately, to know to write mortgages, notes, contracts, etc. We would advise our young men who are farming or who expect to farm to give this matter careful consideration. We also give a thorough course in the Classing and Marketing of Cotton, a subject of vital importance to our young men. The Tyler Commercial College has had many a young man to take the business course with the sole aim of going back to the farm and making the best farmer in the community, and a leader in all progressive movements. Write for catalogue, to the only commercial school in this country that is devoting any attention whatever to this subject, mentioning you are interested in Farm Accounting or Cotton Classing. The Tyler Commercial College of Tyler, Texas.

Chicago, Nov. 20.—The "dry Chicago" campaign opened today when W. J. Bryan addressed a meeting of the Dry Chicago Federation. Mr. Bryan was asked as to a recurrence of the report that he was to move his home to Asheville, N. C.

"I don't mind denying it again," said Mr. Bryan. "Why should anyone leave a nice dry state like Nebraska? We expect to spend our winters at Miami, Fla., and part of our summers at Asheville, but our home will remain Lincoln. I will do my voting there and we will live there a part of each year."

B. W. WILLETT, Trustee

The Sentinel is a little late in reporting the matter, just getting the details today, of a visit of Dr. F. C. Ford and son Cates Ford, of this city, to Jasper, where they went last week to at-

tend the marriage of a relative, the daughter of Senator Beatty. Previous to his removal to this city some thirty years ago, Dr. Ford was a citizen of Jasper, and he greatly enjoyed his visit back-

to his old home. In speaking of the matter he says he had a novel experience in recognizing his old friends, their first names coming to his mind first, and in some instances never being able

to remember their second names. Many of them he knew as children who are now in middle age and have children of their own as large as the children he knew.

### GINNERS REPORT.

According to recent ginner reports, there were 11001 bales of cotton ginned in Nacogdoches county from the crop of 1916, prior to Nov. 1, 1916, as compared with 10942 bales ginned to November 1, 1915, making an increase of fifty-nine bales for this year's crop up to date.

### November Weather

Early cold snaps, storms and sleet, snow and slush, cause colds and coughs. Foley's Honey and Tar acts quickly, cuts the phlegm, opens air passages, allays irritation, heals inflammation and enables the sufferer to breathe easily and naturally so that sleep is not disturbed by hacking cough. Stripling, Haselwood & Co. dw1

### OLD COUPLE WED.

Mr. A. J. Tindall and Mrs. Mary E. Tindall, well known and highly respected people of the Red Oak community, were married at the court house this morning, Judge Jno. F. Ferritte officiating.

The bride was the widow of the groom's brother, and both being lonely, have cast their lots together, and a great host of friends will wish for them a happy journey to the finish of life.

### This and Five Cents

**DON'T MISS THIS.** Cut out this slip, enclose with five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup. Foley Kidney Pills, and Foley Cathartic Tablets. Stripling, Haselwood & Co.

### PENSION COMMISSIONER VISITED NACOGDOCHES

Hon. J. C. Jones, state pension commissioner, visited Nacogdoches yesterday as per previous announcement, and addressed a crowd of Confederate veterans and others at the court house yesterday afternoon.

In the course of his address Mr. Jones warned the veterans to look out for frauds, and made the statement that the legitimate pensioners were losing much money in consequence of

fraudulent claims that had been worked through. He made many other interesting points in the course of his address, and those present greatly enjoyed listening to him.

### No Doubt About This.

Foley Cathartic Tablets are just a plain, honest old-fashioned physic. They act promptly and effectively on the bowels without pain, griping or nausea. They keep the stomach sweet the liver active and the bowels regular. They banish biliousness, sick headaches, sour stomach, indigestion. Stripling Haselwood & Co. dw1

After having served the people of Forney for four years as constable and the people of Crandall three and a half years in the same office, Doc. Watson has returned to private life and left today, Thursday, for his new home at Garrison, Texas. The best wishes of his many friends here go with him.—Kaufman Herald.

### Men Feel Tired, Too

While much is said about tired women it must be remembered that men also pay the penalty of overwork. When the kidneys are weak, inactive or sluggish, when one feels tired out and miserable, has the "blues," lacks energy and ambition, Foley Kidney Pills are tonic and strengthening. They act quickly. Stripling Haselwood & Co. dw1

J. L. Prince has appointed Alonzo Mangham of Appleby as his chief deputy for the next two years. Mr. Mangham is a first-class young man in every respect and will make a good peace officer.—Garrison News.

### Baby Had Whooping Cough.

Mrs. Sam C. Smill, Clayton, N. M., writes: "My grandson had whooping cough when he was three months old. We used Foley's Honey and Tar and I believe it saved his life. He is now big and fat." Foley's Honey and Tar is a fine thing to have in the house for whooping cough, croup, coughs, colds. Stripling, Haselwood & Co. dw1

Sheriff-elect J. L. Prince is moving to the city, and getting all his affairs in shape to enter actively upon the duties of his office when he takes the oath for its administration.

### A HISTORIC ANVIL.

The biggest gun that was fired last Thursday night in the celebration of the National Democratic victory at Center was the deep intonation made by an anvil that is at least politically historic. The anvil used by the boys on the public square on this occasion and the one that made the most noise, was used in celebrating the victory of Grover Cleveland in 1884, at Nacogdoches. At that time the anvil was owned by a party by the name of Reid, and was later purchased by the late Charlie Thomason and brought to Center by he and his brother, H. L. Thomason, where it has been ever since and is now being used by H. L., in his blacksmith shop.

Mr. Thomason says that there will in all probability be another Democratic victory four years from this date, and that he will try to have the old anvil on hand to help in making the "big noise."—Center Champion.

### Took the Hurt Out of Her Back

Mrs. Anna Byrd, Tusculumbia, Ala., writes: "I was down with my back so I could not stand up more than half the time. Foley Kidney Pills took all of the hurt out." Rheumatic pains, swollen ankles, backache, stiff joints, and sleep disturbing bladder ailments indicate disordered kidneys and bladder trouble. Stripling, Haselwood & Co. dw1

Mr. H. T. Dickinson, who has been living near town the past year, is arranging to move back to his farm below Melrose. In conversation with the newspaper man, Mr. Dickinson says that he has done very well since living near town, considering the misfortunes of sickness in his family which could not be avoided, but that with the present prices of all kinds of produce the lure of the farm is too enticing to further resist, in all of which he is very sensible.

Put a porous plaster on the chest and take a good cough syrup internally if you would treat a severe case of sore lungs properly. Get a dollar size BALLARD'S HOREHOUD SYRUP. With each bottle there is a free HERRICK'S RED PEPPER POROUS PLASTER for the chest. Sold by all druggists. eodw

### BIG TAX PAYMENTS.

Tax Collector Geo. F. Rainbolt says that he has enjoyed the best tax payments this season during his whole experience as tax collector. Among those who are paying up early are the railroads, saw mill people, banks and other large institutions which pay heavy taxes, and which usually put this settlement off until the last days of legal collection.

Many are paying up to give the retiring collector benefit of the collection, many others are paying up because they have the money and are winding up the year's business while they have it, there being no incentive to put it off, and the collector is happy with the condition that is giving him the benefit of a good collection before he surrenders the office.

There was great rejoicing "over on the Hill" this morning when little Margaret the Third made her appearance at the home of her grandparents, Mr. and Mrs. June C. Harris. The newcomer is Miss Margaret Jane Kiley, daughter of Mr. and Mrs. Harry Kiley. She finds a warm welcome in the hearts of unnumbered friends, who unite in good wishes for the little dark-haired lady. May the good fairies bring her all the gifts in the story-books!

### GARRISON SCHOOL HOUSE BURNED THIS MORNING.

The Building and Furniture is a Total Loss. No Insurance Being Carried.—Origin of Fire Unknown.

Special to The Sentinel. Garrison, Texas, Nov. 17.—At about four o'clock on Friday morning the people of Garrison were awakened with the alarm of fire. Upon investigation it proved to be their beautiful school building, which had cost the community \$16,000.00, the one building that was the pride of all the people.

When the first arrived on the grounds it was apparent that nothing could be done and nothing could be saved from the building. The building, together with all the equipment, was destroyed—not a dollar's worth was saved. There was no insurance.

The only thing left is the little wooden building which contained the science equipment. This building, together with the equipment is worth perhaps \$1500.00.

The walls of the main building are standing and appear to be in good condition. It may be that the wood work can be replaced at a few thousand dollars' cost.

There was to have been a citizens' meeting this morning to discuss the situation, but owing to the death of Mr. J. C. McDuffie, the meeting was postponed. No plans will be announced until after this meeting.

The people of Garrison are a public spirited people and will meet the situation squarely. Those who are acquainted with these people know that while the school may suffer temporarily, it will be provided for in a way becoming the spirit of the community.

**Stop coughing! you rack the lungs and worry the body.** BALLARD'S HOREHOUD SYRUP checks irritation, heals the lungs and restores comfortable breathing. Price 25c, 50c and \$1.00 per bottle. Sold by all druggists. eodw

### MRS. JNO. C. M'DUFFIE IS WITH THE DEAD

The sad news has reached the city of the death of Mrs. Jno. C. McDuffie, who died at her home in San Antonio Wednesday night. Her remains will be brought over the north-bound E. & W. today and will be laid to rest in the cemetery at Garrison this afternoon.

Mrs. McDuffie was a daughter of Dr. Cea, and was reared in Garrison, and spent her whole life in that little city until a few months ago when the family moved to San Antonio in the hope that it would be beneficial to her health. She was a lady of rare refinement and intelligence, and was a noble christian character who was loved and admired by all who knew her, and a pall of gloom rests over Garrison with the news of her demise. She is survived by her husband and three children, two son and a daughter.

Mrs. M. G. Hazel and her niece, Miss Annie Belle Ferguson, of this city, will attend the funeral. Mrs. Hazel is an aunt of Mrs. McDuffie, and was very much attached to her nieces, as a result of which she is very sad today.

Irregular bowel movements lead to chronic constipation and a constipated habit fills the system with impurities. HERBINE is a great bowel regulator. It purifies the system, vitalizes the blood and puts the digestive organs in fine vigorous condition. Price 50c. Sold by all druggists. eodw

# "I DON'T SUFFER ANY MORE"

"Feel Like a New Person," says Mrs. Hamilton.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I regular every month."—Mrs. HAZEL HAMILTON, 822 South 15th St.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of merit?

For special advice write to E. Pinkham Medicine (Identical), Lynn, Mass. The letter will be opened, read and answered by a woman and in strict confidence.

## WILL FIGHT FOR A "DRY" PARTY

New York, Nov. 15.—William Jennings Bryan will devote the next four years of his life to making democracy dry.

In an interview published here today the one-time secretary of state declared his party cannot afford to take the "immoral side of a moral issue," that prohibition is a big issue now and that members of the democracy will not allow the party to be "buried in a drunkard's grave."

Bryan's drive against the demon rum will start immediately for he leaves tonight to speak Sunday at Indianapolis and Monday at Chicago.

Conservatism, he says will support the Wilson economic and legislative program by 1920, then the party will be free to look to new, important issues, such as prohibition and woman suffrage.

"The election returns make it easy for the democratic party to take the lead in both of these reforms. It does not owe anything to the political bosses who control the politics of the wet cities, and besides, a considerable majority of President Wilson's electoral vote came from dry territory."

Capt. R. D. Chapman, who is now making his home in Houston, is visiting friends in the city for a few days. Capt. Chapman has many friends in this, his old home, who are pleased with the opportunity to see him again.

## TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tonic is taking its place.

Calomel is dangerous and people know it, while Dodson's Liver Tonic is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tonic is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tonic is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tonic instead and feel fine, full of vigor and ambition.

## NACOGDOCHES WOODMEN IN MOVING PICTURES

Citizen Writes Play With Nacogdoches Setting, for the Movies.

Nacogdoches has long been famous in history as one of the pioneer settlements of the largest state in the union, as the home of patriots and statesmen, and the probabilities are now that she will become famous in moving pictures through the genius and literary talent of one of her native sons.

Capt. Elmer Weaver, who is now a district deputy of the Woodmen of the World, and captain of the degree team of Nacogdoches camp is the man of the hour, who will win victory in time of peace no less renowned than a great victory in times of war.

In his work in getting new members and extending the protection of the good order to the various homes of the county, Capt. Weaver has been deeply impressed with the lesson it affords, giving him inspiration to write a story that is full of human interest and beautifully expresses the ideas entertained by different people in the matter of insurance, as well as the effect resulting therefrom. And having at one time been engaged in the moving picture business, his next idea was to express it in moving pictures. Exhibiting his scenario to several personal friends, he met with ready encouragement, and a company of ten citizens was quickly formed, who are assisting him in financing and promoting the play, and who will co-operate with him in giving it the national fame its exhibit on the screen is sure to bring. These composing the company, besides Capt. Weaver, are Arthur A. Soafe, H. T. Moore, J. H. Brantley, G. L. Childress, Geo. Brown, Herbert Shindler, Will Pack, Rho Cox, Frank Hart and Dr. R. R. Henderson.

Mr. Roscoe Gammage of Lake Charles, La., a photographer who makes a specialty of moving picture work, was engaged, and has been in the city the past week or ten days taking pictures of the different parts that will be combined in making up the story and assisting in the direction. The scenes are all being provided in the vicinity of Nacogdoches, and the places are filled by well known Nacogdoches people through which this city will reap much advertising value in its exhibit over the country.

The Story. There are two leading characters in the play, two neighboring farmers who are known as George and Webb. The environments, resources and financial standing of the neighbors are practically the same, but George does not believe in the theory of life insurance, and the first scene shows a Woodman deputy appealing to him, but turned away with abrupt manner. The next scene shows the deputy negotiating with Webb, who readily signs the application. Ten days later he is on the way to the Woodman Hall for initiation, and in this scene a partly burlesque initiation is promoted, the setting of the camp and enough of the real being used to make it interesting to all Woodmen. Some time later he is shown as a member of the degree team where as a faithful Woodman he is endeavoring to do his duty in the exercises in which a Woodman rally in being held in Nacogdoches. While thus engaged he becomes suddenly very ill, the sovereigns convey him to his home, and assist his loved ones in ministering to him, but his illness is of such violent nature that he succumbs. The next scene shows the clerk handing the widow a fifty-dollar burial certificate; he is shown again la-

ter presenting her with a check for \$3000 in settlement of her policy. With this money she educates her children and when her son returns from the University, where he has graduated in the study of law, a great host of friends meet him at the train. Working upon the track as a section hand is his country cousin, Farmer George's son, who approaches with embarrassed demeanor to join in the greetings, and is received cordially by the young lawyer. Farmer George is shown to bring a load of cotton to town, which he sells to a local dealer. Following are to be seen a couple of baillits who follow him out of town, and in a secluded place rob him of his money. When he offers resistance, he is murdered, and thus robbed of his money which he had earned with the year's work, and having no insurance, he leaves nothing with which to put his body away or support his family, who are reduced to a pitiful state of poverty, the wife having to do washing or anything she can for support. In this condition the children of this family are given no opportunities, and are therefore compelled to follow the lowly avocations, a representative of which is noted in one son being engaged as a common section hand as noted in the scene of the other man's son returning from college.

Another affecting scene is Farmer George realizing his mistake late in life, and being turned away because he was over the age limit of fifty-three years. The story is thrilling throughout, the life and environments of each man and their families being reflected true to nature with an appealing force that reaches one's emotions and holds his interest from one scene to the next. If it is properly connected up in the films, as we have every reason to believe it will be, and is properly managed in its tour of the country, it cannot fail to attract widespread interest and handsomely remunerate its promoters.

## IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

## THE APPLEBY FAIR HAS GOOD PROGRAM

November 30, which will be Thanksgiving Day, will be a big day for Appleby, our neighbor up the line. On this day the progressive town will promote a fair that will be a credit to the county, and people from all parts of the county should give it their moral support by their attendance.

A good program has been worked out, among the features of which there will be two basket ball games in which the various schools of the county are invited to participate, speaking by Hon. Clarence Ousley, director of the government extension work; Prof. Lanham, horticulturist; Prof. Elliott, poultry husbandry and marketing; Prof. Williamson, director of Boys State Club Work; Prof. Pugh of the State Dairy Department; Prof. G. W. Orms, district agent.

A good premium list has been worked out, in which good premiums will be awarded for the best corn, cotton, peanuts, sugar cane, sweet potatoes, collective farm exhibits, chickens, garden exhibits, canned products, hogs, colts, etc., and no entrance fee will be charged for anything. Prizes will also be awarded for different kinds of cake, bread, needle work, and the best pieced quilt.

## SAPP BROTHERS ARE GRANTED NEW TRIAL

Lufkin News.

The news was not slow in traveling over the city of Lufkin this morning when the announcement was made that "the Sapp cases have been reversed." Of course the general public is more or less familiar with the case, as it was tried in the district court at Lufkin, one of the defendants, Em Sapp, being given forty years in the penitentiary and the other, Lou Sapp, drawing twenty years. The trial lasted longer and more witnesses were placed on the stand and more spectators thronged the courtroom than was ever before known in the history of the county, or East Texas, or perhaps the entire state.

Attorneys for the defendants, including some of the best legal talent in this part of the country, appealed from the verdict rendered in the lower court, with the above result—a victory for the defendants, who were charged with the murder of Dick Watts, in the "Big Thicket" some time ago.

The News could not learn upon what grounds the reversal was granted, as the first news of the final result came by wire. It will of course be several days before the full opinion of the higher tribunal will reach here. There is also the probability that the state's attorneys will appeal from the opinion just rendered, and in that event several more days would be required for the termination of such long drawn out litigation, the cost of which is said to have already figured into the thousands of dollars.

It is quite certain that the trial in the lower court, upon reversal, will not come up in Angelina County, but will be transferred to some other county.

## LEAVE WILSON STILL IN LEAD

San Francisco, Nov. 17.—Two of the populous California counties had completed their official recounts today, as had several of the smaller counties but no material changes from the results of the unofficial tallies were encountered.

In San Diego county the official canvass gave Hughes a gain of 84 votes, making his plurality

### It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give

## over President Wilson in the county 163.

Sacramento county also announced complete its tabulation. Here President Wilson gained fifty-six votes while in San Bernardino county a recheck of yesterday's announced official count resulted in the loss of nine of twelve votes it was declared Wilson had gained.

In San Francisco and Los Angeles counties the count was being continued and it was not believed that the complete state recount could be completed before the middle of next week.

Representatives of both the Democratic and Republican party state organizations were watching the recount closely, but no one could predict that any notable upsets would be forthcoming.

## COTTON COMPARISON

Mr. T. J. Tillery, a good farmer living out on Route No. 2, had a bale of cotton weighing 523 lbs. today at twenty cents per pound, which brought him the total sum of \$104.60.

The good price received caused Mr. Tillery to become reamincent and think of the prices he had received at other times in his life, and make comparison. Looking through his old tickets he found one for a bale of cotton he sold to Mayer & Schmidt in 1898 for 4 1/2-16 bringing a total of \$20.82, making the increase more than five to one.

County Judge Ferritte has been busy today sending out certificates of election to the new officers. A nicely printed certificate has been secured for this purpose, and carries with it the seal of the state and county.

### A HISTORIC ANVIL. GARRISON SCHOOL HOUSE BURNED THIS MORNING.

The biggest gun that was fired last Thursday night in the celebration of the National Democratic victory at Center was the deep intonation made by an anvil that is at least politically historic. The anvil used by the boys on the public square on this occasion and the one that made the most noise, was used in celebrating the victory of Grover Cleveland in 1884, at Nacogdoches. At that time the anvil was owned by a party by the name of Reid, and was later purchased by the late Charlie Thomason and brought to Center by he and his brother, H. L. Thomason, where it has been ever since and is now being used by H. L., in his blacksmith shop.

Mr. Thomason says that there will in all probability be another Democratic victory four years from this date, and that he will try to have the old anvil on hand to help in making the "big noise."—Center Champion.

### BIG TAX PAYMENTS.

Tax Collector Geo. F. Rainbolt says that he has enjoyed the best tax payments this season during his whole experience as tax collector. Among those who are paying up early are the railroads, saw mill people, banks and other large institutions which pay heavy taxes, and which usually put this settlement off until the last days of legal collection.

Many are paying up to give the retiring collector benefit of the collection, many others are paying up because they have the money and are winding up the year's business while they have it, there being no incentive to put it off, and the collector is happy with the condition that is giving him the benefit of a good collection before he surrenders the office.

The Building and Furniture is a Total Loss, No Insurance Being Carried.—Origin of Fire Unknown.

Special to The Sentinel. Garrison, Texas, Nov. 17.—At about four o'clock on Friday morning the people of Garrison were awakened with the alarm of fire. Upon investigation it proved to be their beautiful school building, which had cost the community \$16,000.00, the one building that was the pride of all the people.

When the first arrived on the grounds it was apparent that nothing could be done and nothing could be saved from the building. The building, together with all the equipment, was destroyed—not a dollar's worth was saved. There was no insurance.

The only thing left is the little wooden building which contained the science equipment. This building, together with the equipment is worth perhaps \$1500.00.

The walls of the main building are standing and appear to be in good condition. It may be that the wood work can be replaced at a few thousand dollars' cost.

There was to have been a citizens' meeting this morning to discuss the situation, but owing to the death of Mr. J. C. McDuffie, the meeting was postponed. No plans will be announced until after this meeting.

The people of Garrison are a public spirited people and will meet the situation squarely. Those who are acquainted with these people know that while the school may suffer temporarily, it will be provided for in a way becoming the spirit of the community.

Stop coughing! you rack the lungs and worry the body. BALLARD'S HOREHOUD SYRUP checks irritation, heals the lungs and restores comfortable breathing. Price 25c, 50c and \$1.00 per bottle. Sold by all druggists. eodw

### MRS. JNO. C. McDUFFIE IS WITH THE DEAD

The sad news has reached the city of the death of Mrs. Jno. C. McDuffie, who died at her home in San Antonio Wednesday night. Her remains will be brought over the north-bound E. & W. today and will be laid to rest in the cemetery at Garrison this afternoon.

Mrs. McDuffie was a daughter of Dr. Cea, and was reared in Garrison, and spent her whole life in that little city until a few months ago when the family moved to San Antonio in the hope that it would be beneficial to her health. She was a lady of rare refinement and intelligence, and was a noble christian character who was loved and admired by all who knew her, and a pall of gloom rests over Garrison with the news of her demise. She is survived by her husband and three children, two son and a daughter.

Mrs. M. G. Hazel and her niece, Miss Annie Belle Ferguson, of this city, will attend the funeral. Mrs. Hazel is an aunt of Mrs. McDuffie, and was very much attached to her nieces, as a result of which she is very sad today.

Irregular bowel movements lead to chronic constipation and a constipated habit fills the system with impurities. HERBINE is a great bowel regulator. It purifies the system, vitalizes the blood and puts the digestive organs in fine vigorous condition. Price 50c. Sold by all druggists. eodw

### TWO TEXAS MEMBERS OF WILSON CABINET RESIGN

Washington, November 11.—Two members of the Wilson cabinet will resign voluntarily. They are Postmaster General Burleson and Attorney General Gregory. Mr. Burleson desires to return to Texas to qualify as a candidate for the United States senate, and Mr. Gregory, also of Texas, has already arranged to resume his extensive law practice.

These men are the only men who are known to have expressed an intention of leaving the cabinet, which will be reorganized next March.

The Commissioners' Court adjourned yesterday afternoon after being in session from Monday morning.

During the progress of the session, the votes of the recent election were canvassed and the result declared, and the routine business disposed of.

The court fixed Tuesday, November 28, as the time for the new officers to qualify for service, at which time the court will re-convene to approve the bonds of the new officers, and finish up the business of the term.

## WILL FIGHT FOR A "DRY" PARTY

New York, Nov. 15.—William Jennings Bryan will devote the next four years of his life to making democracy dry.

In an interview published here today the one-time secretary of state declared his party cannot afford to take the "immoral side of a moral issue," that prohibition is a big issue now, and that members of the democracy will not allow the party to be "buried in a drunkard's grave."

Bryan's drive against the demon rum will start immediately for he leaves tonight to speak Sunday at Indianapolis and Monday at Chicago.

Conservatism, he says, will support the Wilson economic and legislative program by 1920, then the party will be free to look to new, important issues, such as prohibition and woman's suffrage.

"The election returns make it easy for the democratic party to take the lead in both of these reforms. It does not owe anything to the political bosses who control the politics of the wet cities, and besides, a considerable majority of President Wilson's electoral vote came from dry territory."

Capt. R. D. Chapman, who is now making his home in Houston, is visiting friends in the city for a few days. Capt. Chapman has many friends in this, his old home, who are pleased with the opportunity to see him again.

## TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause incontinence all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

## NACOGDOCHES WOODMEN IN MOVING PICTURES

Citizen Writes Play With Nacogdoches Setting, for the Movies.

Nacogdoches has long been famous in history as one of the pioneer settlements of the largest state in the union, as the home of patriots and statesmen, and the probabilities are now that she will become famous in moving pictures through the genius and literary talent of one of her native sons.

Capt. Elmer Weaver, who is now a district deputy of the Woodmen of the World, and captain of the degree team of Nacogdoches camp is the man of the hour, who will win victory in time of peace no less renowned than a great victory in times of war.

In his work in getting new members and extending the protection of the good order to the various homes of the county, Capt. Weaver has been deeply impressed with the lesson it affords, giving him inspiration to write a story that is full of human interest and beautifully expresses the ideas entertained by different people in the matter of insurance, as well as the effect resulting therefrom. And having at one time been engaged in the moving picture business, his next idea was to express it in moving pictures. Exhibiting his scenario to several personal friends, he met with ready encouragement, and a company of ten citizens was quickly formed, who are assisting him in financing and promoting the play, and who will co-operate with him in giving it the national fame its exhibit on the screen is sure to bring. Those composing the company, besides Capt. Weaver, are Arthur A. Seale, H. T. Mann, J. H. Brantley, G. H. Childress, Des Brown, Herbert Skindler, Will Mack, E. C. Cox, Frank Hagg and Dr. R. H. Henderson.

Mr. Roscoe Cammagna of Laid, Charles, La., a photographer who makes a specialty of moving picture work, was engaged, and has been in the city the past week or ten days taking pictures of the different parts that will be combined in making up the story. The scenes are all being provided in the vicinity of Nacogdoches, and the places are filled by well known Nacogdoches people through which this city will reap much advertising value in its exhibit over the country.

**The Story.**

There are two leading characters in the play, two neighboring farmers who are known as George and Webb. The environments, resources and financial standing of the neighbors are practically the same, but George does not believe in the theory of life insurance, and the first scene shows a Woodman deputy appealing to him, but turned away with abrupt manner. The next scene shows the deputy negotiating with Webb, who readily signs the application. Ten days later he is on the way to the Woodman Hall for initiation; and in this scene a partly burlesque initiation is promoted, the setting of the camp and enough of the real being used to make it interesting to all Woodmen. Some time later he is shown as a member of the degree team where as a faithful Woodman he is endeavoring to do his duty in the exercises in which a Woodman rally in being held in Nacogdoches. While thus engaged he becomes suddenly very ill, the sovereigns convey him to his home, and assist his loved ones in ministering to him, but his illness is of such violent nature that he succumbs. The next scene shows the clerk handing the widow a fifty-dollar burial certificate; he is shown again la-

ter presenting her with a check for \$3000 in settlement of her policy. With this money she educates her children and when her son returns from the University, where he has graduated in the study of law, a great host of friends meet him at the train. Working upon the track as a section hand is his country cousin, Farmer George's son, who approaches with embarrassed demeanor to join in the greetings, and is received cordially by the young lawyer.

Farmer George is shown to be a head of cotton in town, which he sells to a dealer. Following are to be seen a couple of bandits who follow him out of town, and in a second place rob him of his money. When he offers resistance, he is murdered, and thus robbed of his money which he had earned with the year's work, and having no insurance, he leaves nothing with which to put his body away or support his family, who are reduced to a pitiful state of poverty, the wife having to do washing or anything she can for support. In this condition the children of this family are given no opportunities, and are therefore compelled to follow the lowly avocations, a representative of which is noted in one son being engaged as a common section hand as noted in the scene of the other man's son returning from college.

Another affecting scene is Farmer George realizing his mistake late in life, and being turned away because he was over the age limit of fifty-three years.

The story is thrilling throughout, the life and environments of each man and their families being reflected true to nature with an appealing force that reaches one's emotions and holds his interest from one scene to the next. If it is properly connected up in the films, as we have every reason to believe it will be, and is properly managed in its tour of the country, it cannot fail to attract widespread interest and handsomely remunerate its promoters.

## All Bound Round with a Telephone Line

In a Bell connected community it's not "how far" it is to neighbor Perkins? But "is neighbor Perkins' ring three?" The ring of a bell and you have him.

In marketing, in matters of farm routine, in emergencies, the telephone adds to the farmer's ease and profit.

## THE APPLEBY FAIR HAS GOOD PROGRAM

November 30, which will be Thanksgiving Day, will be a big day for Appleby, our neighbor up the line. On this day the progressive town will promote a fair that will be a credit to the county, and people from all parts of the county should give it their moral support by their attendance.

A good program has been worked out, among the features of which there will be two basket ball games in which the various schools of the county are invited to participate, speaking by Hon. Clarence Ousley, director of the government extension work; Prof. Lanham, horticulturist; Prof. Elliott, poultry husbandry and marketing; Prof. Williamson, director of Boys State Club Work; Prof. Pugh of the State Dairy Department; Prof. C. W. Orms, district agent.

A good premium list has been worked out, in which good premiums will be awarded for the best corn, cotton, peanuts, sugar cane, sweet potatoes, collective farm exhibits, chickens, garden exhibits, canned products, hogs, colts, etc., and no entrance fee will be charged for anything. Prizes will also be awarded for different kinds of cake, bread, needle work, and the best pieced quilt.

## SAPP BROTHERS ARE GRANTED NEW TRIAL

Lufkin News.

The news was not slow in traveling over the city of Lufkin this morning when the announcement was made that Sapp cases have been reversed. Of course the general public is more or less familiar with the cases as it was tried in the district court at Lufkin, one of the defendants, Em Sapp, being taken forty years in the penitentiary and the other, Lou Sapp, drawing twenty years. The trial lasted longer and more witnesses were placed on the stand and more spectators thronged the courtroom than was ever before known in the history of the county, or East Texas, or perhaps the entire state.

Attorneys for the defendants, including some of the best legal talent in this part of the country, appealed from the verdict rendered in the lower court, with the above result—a victory for the defendants, who were charged with the murder of Dick Watts, in the "Big Thicket" some time ago.

The News could not learn upon what grounds the reversal was granted, as the first news of the final result come by wire. It will of course be several days before the full opinion of the higher tribunal will reach here. There is also the probability that the state's attorneys will appeal from the opinion just rendered, and in that event several more days would be required for the termination of such long drawn out litigation, the cost of which is said to have already figured into the thousands of dollars.

It is quite certain that the trial in the lower court, upon reversal, will not come up in Angelina County, but will be transferred to some other county.

## LEAVE WILSON STILL IN LEAD

San Francisco, Nov. 17.—Two of the populous California counties had completed their official recounts today as had several of the smaller counties but no material changes from the results of the unofficial tallies were encountered.

In San Diego county the official canvass gave Hughes a gain of 84 votes, making his plurality

### It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

I wish every suffering woman would give

## over President Wilson in the county 163.

Sacramento county also announced complete its tabulation. Here President Wilson gained fifty-six votes while in San Bernardino county a recheck of yesterday's announced official count resulted in the loss of nine of twelve votes it was declared Wilson had gained.

In San Francisco and Los Angeles counties the count was being continued and it was not believed that the complete state recount could be completed before the middle of next week.

Representatives of both the Democratic and Republican party state organizations were watching the recount closely, but no one could predict that any notable upsets would be forthcoming.

## COTTON COMPARISON

Mr. T. J. Tillery, a good farmer living out on Route No. 2, a bale of cotton weighing 524 lbs. today at twenty cents per pound, which brought him the total sum of \$104.80.

The good price received caused Mr. Tillery to become reminiscent and think of the prices he had received at other times in his life, and make comparison. Looking through his old tickets he found one for a bale of cotton he sold to Mayer & Schmidt in 1898 for \$5.76 bringing a total of \$20.82, making the increase more than five to one.

County Judge Perritte has been busy today sending out certificates of election to the new officers. A nicely printed certificate has been secured for this purpose, and carries with it the seal of the state and county.

## BEWARE!

When a paint is advertised for less money -- *There's a reason.*

What is the definition of **Cheap Paint?** A paint that is inferior in quality and does not prevent decay as does a linseed oil paint; takes more gallons and costs as much to apply.

### Masury's Pure Linseed Oil Paint

We have handled it for 15 years and unhesitatingly guarantee and recommend Masury's Paint to be the most economical and satisfactory to buy and use.

A standard for paint is established by the U. S. Government. Masury conforms to it.

#### Stop the First Cold.

A cold does not get well of itself. The process of wearing out a cold wears you out, and your cough becomes serious if neglected. Hacking coughs drain the energy and sap the vitality. For 47 years the happy combination of soothing antiseptic balsams in Dr. King's New Discovery has healed coughs and relieved congestion. Young and old can testify to the effectiveness of Dr. King's New Discovery for coughs and colds. Buy a bottle today at your Druggist, 50c. dw

#### Do You Feel 100 Per cent Today?

A torpid liver reduces your efficiency; a slow working liver makes a slow working mind. Coated tongue, muddy complexion, biliousness and constipation all point to an inactive liver. Po-Do-Lax is Nature's remedy for quickening the flow of bile and stimulating the action of the liver. That chronic draggy, grouchy feeling will give place to the lively step, cheery smile and bright eye of your healthful neighbor. Don't put off getting a bottle at your nearest Druggist 50c. dw

#### COUNTY COURT.

Three criminal cases were tried in the county court the forepart of the week, as follows:

John H. Weaver, colored, charged with unlawfully selling whiskey, fined \$25 and 20 days in jail.

Geo. Linthicum, colored, charged with unlawfully selling whiskey, fined \$5 and 20 days in jail.

Willis Windham, wife desertion, fined \$25. This is the first case of this kind to be tried here.

The jury was discharged for the week.

Considerable probate matter has engaged the attention of the court this week, in the course of which three wills have been filed for probate.

The non jury civil docket will be taken up next week.

#### Now Lookout.

When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, lookout for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Care your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter. Obtainable everywhere. dw

This is the heaviest rain we have had since last winter, and enough for all practical purposes just at this time.

#### FELL FROM LOFT; HURT, THEN WELL

How a Man Who Landed On Wood Pile and Was Sore From Head to Foot Found Quick Relief.

Once upon a time Edwin Putnam, who lives in the quiet, pretty hamlet of Wendel Depot, Mass., climbed up into a loft to get some building material, just as many another man living in the country must often do. Suddenly he slipped and fell. Ten feet below was a pile of wood, knotted and gnarled. It was a nasty tumble, and Mr. Putnam was injured painfully in the back he was covered with bruises and was sore from head to foot.

The next day he bought a bottle of Sloan's Liniment which had been recommended to him. Within a very few hours the soreness had vanished and the lameness had disappeared. He was an active man once more.

Sloan's Liniment can be obtained at all drug stores, 25c 50c, and \$1.00.
