THE EXPRESS AGENT ACCIDENTALLY KILLED

Was Shot With Pistol in the Hands of Richard Johnson Early Last Night.

Monday's Daily
About 7:00 o'clock last night Mr. J. C. Strange, the express agent at this place, was killed instantly with an automatic pistol in the hands of Richard Johnson, his assistant, in the express office.

From the best information we can get, it seems that Mr. Johnson had picked up the pistol and discharged it, when Mr. Strange advanced to him and endeavored to take it away from him, and in the scuffle it discharged, the ball taking effect in the unfortunate man's breast near the heart, and he sank down and died instantly.

Discovering what he had done, Mr. Johnson was immediately overcome with grief, and had to be pulled loose from an embrace of the dead man.

The men were very warm personal friends, and those present say nothing had arisen to cause them to be otherwise on this occasion.

Mr. Johnson has been placed under bond on a charge of negligent homicide pending an examining trial which will be held within the next few days.

The remains of the dead man were embalmed and prepared for burial by the undertaking department of Cason, Monk & Co., and will be shipped to Tyler this afternoon for burial. Mr. W. A. Strange of Lindale, the father, and Mr. P. B. Wise, a friend of the family from Tyler, came down in an automobile last night and will accompany the remains back.

Mr. Strange succeeded Taylor Nichols as express agent, coming here some two years ago. He seemed to be a very proficient agent, keeping the affairs of the office up in good shape, and giving general satisfaction to the community. He was a courteous, quiet, unassuming man of easy bearing, and the people of this section had learned to esteem him very highly. He comes from a good family of Smith county, his father having long been prominent in the official and political affairs of the neighbor county, and while the old gentleman was here many citizens offered him consolation

in his great grief and assurance of the esteem in which they held his son.

Mr. Johnson was also a valued employe of the company, having attained a sufficient efficiency in the service to serve as a relief man in different offices when a man was out and was eligible to appointment to an agency of his own when a vacancy that suited him opened up.

The deplorable affair is greatly regretted by the whole community, and the sympathy of the community goes out to all parties concerned.

MUTINOUS NEGROES PAY THE PENALTY

San Antonio, Texas, Dec. 11.—Thirteen of the negroes of the 24th Infantry, United States army found guilty of complicity in the riot and mutiny at Houston on August 23, were hanged on the military reservation at Fort Sam Houston at 7:17 o'clock this morning. Announcement of the carrying out of the sentence was made at headquarters of the Southern department at 9 a. m.

John Tobin of Bexar County and John Tobin of Bexar County were present when the sentence was carried out by soldiers from the post. No newspaper men or civilian spectators were allowed, the time and place of execution having been kept a secret.

Of 63 men tried by the same court-martial, 41 were sentenced to life imprisonment. One man was sentenced to dishonorable discharge from the army, forfeiture of all pay and allowances and to be confined at hard labor for two and a half years. Three were sentenced to be dishonorably discharged from the army, forfeiture of all pay and allowances and to be confined at hard labor for two years. Five were acquitted.

The negro soldiers who paid the death penalty were: Sergeant William C. Nesbitt. Corporal Larnon J. Brown. Corporal James Wheatley. Corporal Jesse Moore. Corporal Charles W. Baltimore.

Private William Brackenridge. Private Carlos Snodgrass. Private Ira B. Davis. Private James Divins. Private Frank Johnson. Private Risley W. Young. Private Pat MacWhorter.

JERUSALEM FALLS TO BRITISH ARMY

Holy City, Held Ages By Infidels, at Last Under Christian Rule.

London, Dec. 10.—Andrew Bonar Law, chancellor of the exchequer, announced in the house of commons today that Jerusalem, after being surrounded on all sides by British troops, has surrendered.

The chancellor said British, French and Mohammedan representatives were on the way to Jerusalem to safeguard the holy places.

General Allenby reported that on Saturday night he attacked the enemy's position south and west of Jerusalem, the chancellor said. Welsh and home county troops, advancing from the direction of Bethlehem, drove back the enemy and passing Jerusalem on the east, established themselves on the Jerusalem-Jericho road. At the same time London infantry and dismounted yeomanry attacked the strong enemy positions west and northwest of Jerusalem and placed them astride the Jerusalem-Shechem road. The Holy City, being thus isolated, surrendered to General Allenby.

The chancellor said General Allenby expected to enter Jerusalem officially tomorrow, accompanied by the commandants of the French and Italian contingents.

Infidels Rule 1200 Years.

The capture of Jerusalem by the British forces marks the end, with two brief interludes, of more than 1200 years possession of the seat of the Christian religion by the Mohammedans. For 673 years the Holy City has been in undisputed ownership of the Turks, the last Christian ruler of Jerusalem being the German emperor, Frederick II, whose short-lived domination lasted from 1229 to 1244.

Apart from its connection with the campaign being waged against Turkey by the British in Mesopotamia, the fall of Jerusalem was the definite collapse of the long protracted efforts of the Turks to capture the Suez Canal and invade Egypt.

Almost the first move made by Turkey after her entrance into the war was a campaign against Egypt across the great desert of the Sinai peninsula. In November, 1914, a Turkish army variously estimated at from 75,000 to 250,000 men, marched on the Suez Canal and succeeded in reaching within striking distance of the great artificial waterway at several points. For several months bitter fighting took place, the canal being defended by an Anglo-Egyptian army, aided by Australians and New Zealanders and French and English forces.

Drive Turks From Egypt.

For the greater part of 1915, conflicting reports of the situation were received from the belligerents, but in December of that year definite information showed that the Turks had been driven back as far as El Arish, about 85 miles east of the canal. A lull occurred then which lasted for six months and in June, 1916, the Turks again advanced as far as Katich, about 15 miles east of the Canal. Here they were decisively defeated, losing more than 3000 prisoners

and a great quantity of equipment.

Another period followed in which the situation was greatly confused through the vagueness and contradictory character of the official statements, but in December, 1916, the British stormed El Arish and a few days later severely defeated the Turks at Maghdabah, about 60 miles to the south on the same front.

Two weeks later the invaders had been driven out of Egypt and the British forces crossed the border into Palestine.

There had been no hint from either official or unofficial sources as to a British intention to undertake a definite invasion of the Holy Land and it was with intense surprise that the world learned on March 7 last that the British forces had captured El Khulil, 15 miles south of Jerusalem.

Turks Lose Heavily.

Early in November the British activity resulted in the capture of Beersheba, 40 miles south of Jerusalem. Simultaneously a coastal column became active. By November 7 the city of Gaza was in their hands and the British were pursuing the Turks northward after having inflicted casualties estimated as in excess of 10,000.

By November 22 the British had pushed within five miles of Jerusalem on the northwest and on December 7 General Allenby announced that he had definite possession of Hebron. Jerusalem thus was virtually cut off on all sides but the east. Few details have come through since that date, but the encircling movement must have been carried out with considerable rapidity, culminating in the surrender of the city.

aspect the capture of Jerusalem far exceeds even the fall of fabled crowned Bagdad. The modern city of Jerusalem contains about 60,000 inhabitants, and is the home of pestilence, filth and fevers, but in historic interest it naturally surpasses to the Christian world, all other places in the world.

Since the days when David wrested it from the hands of Jebusites to make it the capital of the Jewish race, Jerusalem has been the prized prey of half the races of the world. It has passed successively into the hands of the Assyrians, Babylonians, Greeks, Romans, Persians,

Arabs, Turks, the motley crowds of the Crusaders, finally to fall before the descendants of that Richard the Lion-hearted, who strove in vain for its possession more than 700 years ago.

CITY POWER PLANT TO DOUBLE CAPACITY

300-Kilowatt Capacity, 400 Horse Power, 2300-Volt Steam Turbine Ordered.

At the meeting of the City Council Tuesday night, an order was placed with the Allis-Chalmers people of Milwaukee, Wisconsin, for a 300-kilowatt, 400-horsepower, 2300-volt steam turbine and generator at a cost of \$14,000.

The new machine will be added to the equipment of the light plant, and will double the capacity of the power of the plant.

It is estimated that it will take some six months to get the new machinery here and installed.

With the growing demand for lights and power, the present equipment has been taxed beyond its capacity for satisfactory service for some time, and the council feels that with this new equipment it can take care of the growing demand for some time to come. It is also estimated that the increased business will help pay for it.

When the improvement is made Nacogdoches will have the largest and best power plant in East Texas outside of Tyler, Beaumont and the larger places, but a plant that will cope with its larger neighbors.

NUMBER INTERESTED IN TOBACCO GROWING

Mr. Wm. Taussig, the big tobacco dealer who has been in the community several days, in company with Mr. McNess has visited a number of the farmers, and informs The Sentinel that many of them have agreed to grow tobacco the coming year, and that there will be a greatly increased acreage in the county. To stimulate the industry in

this section, he is offering an increased price for our product, and sees a great future for this section if it will but develop it.

The Sentinel has been favored with information about the industry which it will publish from time to time as it has the space to spare. This we are doing on our own account and on our initiative, and we invite careful attention to it.

There is no disputing the fact that these red lands are ideally adapted to the growing of a superior grade of tobacco, and that if the industry was developed as it should be with acreage sufficient to induce buyers from the various plants to come here after our product, we would build up a great industry which would insure a more rapid development of our country.

EXECUTIVE BOARD EMPLOYS MISSIONARY

The Executive Board of Nacogdoches County Baptist Association met in regular session the first day of this month, and after thoughtful and prayerful deliberation employed Rev. S. A. Acree to do missionary and colportage work in this county.

We recommend him to the brotherhood believing that with your co-operation he will do work that is far-reaching in its results.

A HAPPY OCCASION.

An appreciation. In the year 1857 there came a young man from Tennessee to Texas and settled in the Nacogdoches county. He had not been here long until our country was plunged into fratricidal strife. For four years he served our country with honor under the Confederate flag. At the close of the war he came back to Texas and in 1867 was united in wedlock to Miss Sarah Stack.

This happy young couple faced the future with determination and in confidence set out to build a home for themselves, and in this they have wrought well for upon such honor as founded by Bro. J. B. Rushing and his good and faithful wife depends the strength and safety of this nation. They settled near Shady Grove and the old building where they lived for forty years is still standing. To them were born seven children, four boys and three girls, all of whom are still living. The boys today are all men of prominence and manly character. They are Prof. W. H. Rushing of Groveton, Dr. J. G. Rushing of Center and A. C. Acree of Nacogdoches, druggists of San Augustine. The girls are all queenly women. They are Mrs. D. L. Campbell of Appleby, Mrs. R. W. White of Appleby and Mrs. Dick Dale. A few years ago Bro. Rushing left the old homestead and moved to Appleby. On the first Sunday of this month they celebrated the fiftieth anniversary of their wedded life. There were present all the children with their wives and husbands six grand children and two great grand children. It was indeed a joyful occasion and the hearts of these two saintly old people were made to overflow with joy as they were

presented with lovely presents tokens of love and appreciation. We appreciate more fully the real worth of these two dear people as they approach the golden tinted west.

May many happy years be to them yet.

Their pastor for eight years, A. T. GARRARD.

FROM CAMP TRAILS.

Sergeant Fred G. Westfall, of Garrison, Texas, left camp this morning, for Leon Springs, for target practice work, which will complete his course in small arms. He will, upon his return, act as instructor to the company in this line.

Ruel A. Parrott, of Garrison, Texas, George Wessels, of Nacogdoches, Texas, and James M. Lilly, Nacogdoches, have returned from target practice at Leon Springs, and all seem to like the target work, and the instructions received.

Privates Joseph J. Burch, Geo. W. Flournoy, William F. Peacock, Horace D. Taylor and Charley Thacker of Nacogdoches, Texas, members of Headquarters Company, 345th Machine Gun Battalion, have been appointed wagoners, with an increase in pay. Appointments became effective November 20. The above mentioned men were picked from the battalion and given a "tryout." They proved themselves competent and qualified as expert teamsters. These men are now following the same profession they were in civil life and are well pleased with their appointments.

The following well known Nacogdoches people have purchased war-savings certificates: Mrs. Zeno Cox, Jr., J. P. Lovett, Geo. J. Grimes, J. Y. Baugh, Geo. Matthews, C. A. Hodges, Martha Buford Hayter.

SERGEANT WEAVER REJECTED.

To The Sentinel:

No man can do more than to offer himself when his country calls. When the people's grossness of one's country is such that when the cries of suffering humanity and the wailing of homeless children and outraged mothers and daughters reach their ears, it is the duty of every genuine American to step forth, and offer himself in defense of the flag that waves as an emblem of justice and purity, and defies the imposing hands of monarchies and autocracies.

We may safely measure a man's patriotism by the sacrifice he is willing to make. Several months past, when the seventh company was being organized in Nacogdoches Mr. Weaver bade his wife and children farewell and cast his lot with the home boys who were responding to the calls of their country. Owing to his past experience, and his knowledge of military affairs, Mr. Weaver was made first sergeant of the company. He has proved to be worthy of the position and has gained the enduring friendship of us all. Owing to defective hearing Sergeant Weaver has been rejected from the service and is succeeded by the ranking sergeant Mr. Paul Perkins. We regret very much to lose him, but since he must go, we are glad to have such a man as Mr. Perkins to fill the vacancy.

Our best wishes go with you, "Cap" and in the days that are to come, we will remember you as a patriotic citizen, and a friend beyond reproach.

A SOLDIER FRIEND.

FROM FORT CROCKETT.

Fort Crockett, Galveston, Texas.—To the people of Nacogdo-

ches who are interested in the soldier boys in the Seventh Company at Fort Crockett—Dear Friends: A few weeks ago we purchased a Victrola and a very few records. We are afraid that our mess sergeant, H. M. Smith, will buy a few more, and we do not care to go hungry anywhere. Now if you have any old records besides "The Livery Stable Blues" and "My Little Girl," they will be appreciated. We are tired of waking up by the "Livery Stable Blues," and going to bed by "My Little Girl."

Now, Mr. Sentinel man, if you are in sympathy with us, please print this.

Your friend,
FRANK L. USREY.

A BIG TRANSACTION.

County Clerk Lake Orton has received for record a deed for a consideration that bears eighty dollars worth of revenue stamps, but so condensed on the face of it that he doesn't get but a dollar for recording it.

The big deed records the transfer of a big mill and the holdings at Maytown, and was executed by the Hilgard Lumber Co., through its president, Mr. E. R. Wicks, to the Maytown Lumber Co., for a consideration of \$30,000.00. The members of the new firm are Messrs. Geo. C. Vaughn, Geo. A. Dascomb and E. R. Wicks, and they take over the mill and all effects belonging to and going with it.

Mrs. Lake Orton, whose illness has previously been noted in this paper, had to be carried back to the sanitarium, but is reported to again be doing well. During her confinement the baby was carried back to Garrison and put in the custody of her grandmother, Mrs. J. T. Power.

YOUNG MAN DIED.

Louis Lawrence, a young man some twenty-two years of age who was making his home with Mr. Wedgeworth out from town, died Wednesday night following an illness with pneumonia. His remains were prepared for burial by the undertaking department of Cason, Monk & Co., and carried to Grigsby for burial.

The young man came to the home of Mr. Wedgeworth some ten days previous to his death and accepted employment with him for the coming year to work on the farm. He is a grandson of Mr. R. L. Parrish, a well known citizen of the Grigsby community, and is reputed to have been a most worthy young man, highly esteemed by those who know him.

Mr. and Mrs. W. H. Gray, Jr., and Mr. and Mrs. Reggie Wilson of Chireno came over Wednesday for a visit with Mrs. Gray's parents, Mr. and Mrs. Walter Caraway, returning Thursday in their seven passenger Oldsmobile, accompanied by Mrs. Caraway, who spent the week-end there.—Longport Newsboy.

Uncle Cal Fall is in receipt of a letter from his grand-son, Carlton Martin, who is in Kansas City studying the automobile business, announcing that he happened to the misfortune to get a front tooth knocked out

and two or three others broken while cranking an automobile.

Rev. E. L. Ingram, the newly appointed presiding elder for the Timpson District, arrived in the city Monday with his family from Rosebud, their former home. They were met at the train by several members of the church and conducted to the district parsonage where they are now domiciled.—Timpson Times.

A letter from the "front" elsewhere in today's paper notes that Sergeant Elmer Weaver has been discharged on account of defective hearing, and in a letter to his wife brings the news that he will be home in about three weeks, it taking that long to get his final discharge papers back from Washington. The Sentinel heartily endorses the tribute paid Mr. Weaver by the correspondent. He did all that he could for the defense of his country, volunteering his services and the risk of his life, and it is therefore no fault of his that he is not continued in active service.

High prices for fuel have led to the appointment of two committees in Peru to report on the coal fields of the central and northern sections of that country. If the investigation proves that coal exists in considerable quantities railroads will be extended to reach the new fields.

SPENT ABOUT HALF HER TIME IN BED

Real Estate Man's Wife Gains 15 Pounds on Tanlac—Now a Well Woman.

"I have gained fifteen pounds since taking Tanlac and am feeling like a well woman for the first time in six years," said Mrs. J. H. Smith, wife of a well known real estate man and living at 215 Callahan, Muskogee, recently.

"I suffered from a severe case of indigestion, nervousness and a general breakdown," she continued, "and in spite of everything I could do I kept getting worse all the time. I had no appetite, and for weeks at a time I lived on raw eggs and sweet milk and even that would sometimes disagree with me. I had dizzy spells and my head would swim so I couldn't walk across the room without holding on to something. My nerves were all on edge and I couldn't hardly sleep at all. I was fast going down hill and I actually got so weak and listless at last that I had to take to my bed and stay there half the time.

"One day my mother came to see me and she told me so much about the good Tanlac had done her that I ordered a bottle and started taking it, and I had taken only a few doses when I knew I had at last found what I needed. I have improved right along ever since and I can now eat anything I want and it agrees with me. I don't have those dizzy spells any more, my nerves are all right again and I sleep like a baby. I have gained so much in every way that I am strong enough to do all my housework and find it a pleasure instead of a task. I have taken many different kinds of medicines during the last six years but Tanlac was the only one that really did me any good."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith, in Woden by M. J. King, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros., in Searl by Arkan Cranford, in Cushing by A. J. Beck, in Douglas by Campbell & Watkins and in Chireno.

CARD OF THANKS.

We wish to extend our grateful thanks to our neighbors and friends for their help and heartfelt sympathy in our recent bereavement and trial that has come upon us in the passing away of the beloved wife and mother of our home. And most especially to Doctors Tucker and Barham, we offer our gratitude for their untiring efforts and skill to save the life so dear to us all.

BE RID OF THAT ACHE.

If you are a sufferer with lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend?

Mrs. H. M. Reid, 412 S. North st., Nacogdoches, says: "Some time ago I publicly recommended Doan's Kidney Pills and am pleased to again say a good word for them. Backache hindered me at my work and sometimes so intense as to keep me awake at night. My kidneys acted irregularly and though I tried many medicines I got no relief until I took Doan's Kidney Pills, procured at Mast Bros' Drug Store. They gave me the desired relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Reid had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

TREATMENT OF THE SWEET POTATO ROTS

(By Plant Pathologist, State Department of Agriculture, Austin, Texas.)

There are numerous diseases that affect the sweet potato. There is no one set method of keeping these diseases in control, because we find them attacking the potato in the seed bed, in the field and in storage. The black rot is probably the severest, but the same treatments practically hold true for them all.

First of all we must be sure of our seed and our seed bed. Select good, sound, healthy seed, and to guard against possible infection immerse them for 10 to 15 minutes in 8 or 10 gallons of water containing 1 oz. of formaldehyde. A formaldehyde solution will also serve as a disinfectant for the seed bed, 1 pint of formaldehyde to 20 gallons of water being the proper dilution. Use this at the rate of one gallon per square foot of the seed bed. Cover the seed bed for 12 hours with canvas in order that the formaldehyde fumes will have ample time to penetrate the soil.

The black rot as well as other potato diseases may easily be carried over from one year to another in the field. The infecting agents or germs will live on potato roots and in the soil itself, besides causing infection to allied plants of the sweet potato, such as the wild morning glory. Keeping the fields clean is therefore necessary in eliminating infection in the field. The sterilization of the seed and the seed bed prove of very little value when the field, where the slips are to be planted, has produced an abundance of diseased potatoes year after year.

Successive planting on the same land year after year will almost always yield diseased potatoes. Rotation in growing sweet potatoes is therefore necessary. Keeping the potatoes healthy in storage is another problem. A uniform temperature of 85 to 90 degrees Fahrenheit, is least favorable to the development of black rot, and is therefore more favorable to the sound keeping of potatoes in the storage house. A fluctuating temperature in the presence of sufficient moisture is conducive to the germination of the disease spores. Before storing the potatoes all infected tubers, as well as those that are bruised and cut, should be separated from the sound and healthy ones. Cut and bruised tubers will be more susceptible to the soft rot. These unsound potatoes should never be stored.

To eliminate other danger of potato rotting in storage, it is best to dig the potatoes before a wet spell of weather. This is done in order that a "sappy" crop will not be harvested, in which case the potatoes will be rendered more susceptible to rot. For further information address inquiries to this department.
