CURTAILMENT OF CWA FUNDS NOT WANTED; BUSHICK SAYS NEW ADMINISTRATOR NEEDED

No Extension of Time For Paying Auto Licenses

Local highway patrolmen are in receipt of a letter from their chief in Austin stating that there is no indication, whatsoever, that automobile and truck owners and operators will be given any extension of time for paying license this year.

Last year the legislature provided for an extension of license payment time from February 1 to April 1st. No such provision was made for this year and it is the opinion of the officers that there will be no time extension, but that all licenses must be paid on or before January 31st, if the cars and trucks are to be operated after that time.

In writing the patrolmen, L. G. Phares, chief of the State highway patrol, said: "I have heard that the general public is under the impression that the time extended by the legislature last year will apply to this year. This is an error as the extension made by the legislature applied only to last year and there is no indication whatever that the time for paying automobile licenses will be extended past midnight of February 1."

Ranger Singing Convention Has A Large Crowd

The Eastland County Singing convention met in the Ranger High School auditorium Saturday and Sunday, with a large attendance present at both sessions.

At the session Sunday the entire main floor of the auditorium was filled, as was the balcony, and a large number were standing in the aisles and at the rear of the auditorium because seats were not available. It was estimated that the attendance on Sunday totaled over 1,000.

Eastland Rotary Club Backs CWA Program In Co.

Addressing the Eastland Rotary club Monday Frank H. Bushick, district Civil Works association supervisor for this district which includes Eastland and 22 other counties, made a plea for the united co-operation of Eastland county citizens in support of the CWA program for Eastland county.

Especially stressed the necessity for harmonious action on the part of Ranger, Cisco and Eastland for the success of the program for the CWA and Child Welfare work.

Mr. Bushick stated that conditions in Eastland county are the worst he has found in any of the counties he has visited.

Mr. Bushick was given a rising vote of confidence by the Eastland Rotary club and as a result of his appeal for co-operation the Eastland club voted to adopt as its major project for 1934 full and complete co-operation with the CWA and Child Welfare programs in the county.

Mr. Bushick has been invited to address a joint meeting of the Ranger Rotary club and Lions club at the Ghoslon hotel in Ranger at 12 o'clock Wednesday and has consented to do so.

Bargain Offered In Mules, Harness And Farming Tools

The Ranger Weekly Times has received the following letter from a woman who has mules, harness, wagons and other farm implements that she is willing to sell at a bargain. Anyone who is in need of these farm necessities and who is looking for a bargain for cash can find it here.

The letter reads: "I have for sale Mules, harness, wagon, plow tools, heifer calf, all for \$50 cash. I live at Flatwood.

As the result of a meeting of representative citizens from over the county in the county court-room Monday afternoon the County Civil Works association committee will recommend to the state CWA officials that the allotment of funds for Eastland county not be reduced.

The meeting was called by County Chairman Earl Conner for the purpose of ascertaining the true conditions in the county relative to farm labor, the state CWA authorities having asked for a report on whether or not CWA work should be curtailed in order that farmers might have plenty of labor for making crops.

Addresses were made by Will Tyler, Rising Star banker; W. C. Conway of Ranger; Forrest Wright, Cisco attorney; County Agent J. C. Patterson; "Chick" Gallagher, Desdemona; Bill Shultz, Rising Star; Jake Alford, Rising Star attorney; County Judge C. L. Garrett of Eastland; County School Supt. B. E. McGlamery of Eastland and Frank H. Bushick district CWA supervisor for this district of 23 counties.

The various speakers said that by no means should the civil works allotment of funds for the county be curtailed; that there was not a shortage of farm labor, but on the other hand many farmers had to have extra work, such as they were obtaining from the CWA in order for them to make crops. The meeting unanimously voted and instructed the county committee to report that the allotment of CWA funds should not be curtailed.

Board Chairman Earl Conner requested Mr. Bushick to make a report to the meeting of his work and plans in Eastland county. Mr. Bushick stated that upon his arrival in Eastland county he had felt it his duty to make a complete tour of the county and contact the leading citizens with the view of checking up on the efficiency of the CWA and relief offices and in particular to learn the financial and economic conditions of each community in Eastland county with the view of reporting to the government. He praised the public spirit he had encountered and also stated that he had been repeatedly requested by leading citizens that he might be present when he made his report.

In the course of his talk Mr. Bushick stated that he found financial and employment conditions in Eastland county to be the worst he had seen and that he felt the Texas Relief Commission and the Texas Civil Works administration would do everything in their power to assist in the rebuilding of the county and the rehabilitation of the unemployed.

New Trial For Doy Arnold To Be Held In May

HASKELL, Jan. 15.—Judge Grissom indicated today a new and third trial for Doy Arnold, accused wife slayer, will be called for the May term of court.

Deadlocked when a single juror refused to accept to the view of the 11 others, the jury was dismissed and shortly afterwards yesterday, following 69 hours of deliberation. The count stood 11 to 1 for conviction.

The period of deliberation was the longest on record in Haskell county.

Claborn Eldridge In Race For School Superintendent

Claborn Eldridge, teacher of the public school at Mangum and for 30 years a successful teacher in the rural schools of Texas, is a candidate for county school superintendent, he announced this week.

Mr. Eldridge promises to make a formal announcement soon in which he will outline his platform.

CWA Payroll For Jan. 5 to Jan. 11 Totals \$4,699.35

A total of 420 people received \$4,699.35 through the C. W. A. office in Ranger for the period from Jan. 5 through Jan. 11, it was announced at the C. W. A. headquarters Saturday afternoon.

The tabulation of the payroll shows that 341 men received a total of \$3,343.50 and 79 men with teams or trucks received \$1,345.85.

The money expended was divided into the various groups as follows: Direct relief \$32; office, \$138; Standford cross roads, \$764.90; N. Marston-Wayland road, \$2,459.05; quilts, \$184.60; school, \$216.60; airport \$831.10; bridge gang (Eastland project but paid through Ranger office) \$73.10.

During the rainy weather the men worked only two hours of 16, but they were allowed 14 hours this past week to make up for the time lost, thus adding \$831.10 to the pay roll.

TEXAS LIQUOR BILL BEING DRAWN UP

By RAYMOND BROOKS AUSTIN.—The most significant document on Texas prohibition since the state dry amendment 15 years ago is now being drawn at the Texas statehouse. It is a bill which will affect liquor control for years, and will materially affect many political races this year.

Albert Hooper, first assistant attorney general to Atty. Gen. James V. Allred, now is writing a bill under which he sees a way for the special session to legalize all kinds of hard liquor in Texas, under rigorous restrictions.

Under the assurance that it will be constitutional, this bill would enable the legislature to deal a blow to bootleggers, let the people who are going to have liquor anyway have legal liquor, give the state from \$500,000 to 1,000,000 a year taxes and keep the saloon or other public dispensary out of the picture.

If enacted, it probably would head off for many years submission of the repeal of the state bond amendment.

The bill would let individuals in Texas buy liquor from outside wet states and have it shipped direct to them.

Mr. Hooper's bill will provide the same tax—\$2 a gallon—on whisky as proposed in the national bill. It would enable the Texas drinker to get a quart of legal whisky for about \$2 instead of paying a bootlegger \$3 to \$4 for a quart of some unknown substance.

From the political angle, this would be hailed by drys as heading off and answering the demand for resubmission for the repeal of the dry amendment, and would both strike at the illicit bootlegger and at the idea of a legalized saloon.

One of two forms will be followed to collect the taxes: Either the shipment of whisky or other liquor would be made through the county tax collector's office where the tax would be levied, or else the common carrier handling it will charge in the tax before delivery, and pay in the taxes along with reports of all liquor handled.

No constitutional amendment will be required to put this law into effect. The present governor's administration, having sponsored the ratification of repealing the 18th amendment and led to the fight for beer amendment naturally.

Prosecution For Violation of Crop Loans Under Way

The federal government has begun investigation of reports that here and there throughout the country there have been violations of the law regarding crop loan contracts. For instance, there are some cases in which the makers of crop loan contracts sold the mortgage cotton and did not pay the government's note. In some of these cases the party selling the mortgage cotton has already been tried, convicted and is at present serving sentence in a federal jail, and the purchaser of the mortgage cotton, who is also liable, has been made to pay the government for the cotton, notwithstanding he had already paid for it once.

FIRE LOSS IS LOW CUERO, Tex.—Cuero's volunteer fire department showed a total fire loss of only \$951.60 for the past year. City valuations are listed at more than \$3,000,000.

Chief R. F. Heyer believes the record will be outstanding among state reports.

COTTON PLAN TO ELIMINATE LARGE SURPLUS

COLLEGE STATION.—"The big idea behind the 1934-35 Government cotton plan is to wipe out the 11,600,000 bale carry-over without curtailing the cotton farmer's purchasing power and without shifting production from cotton to other farm commodities in an equally bad plight," explains G. E. Adams, special agent in cotton, Texas A. and M. College Extension Service.

"The carry-over is to be cut down to a 3 or 4 million bale normal by reducing American acreage 40 per cent, and the cotton farmer is to be protected from decreased income while he does this by paying him the money collected from a 4-cent per pound processing tax on the domestically used cotton in the United States. The Government expects to collect about 130,000,000 in cotton processing taxes, of which about 95 millions may be paid to cooperating farmers in the form of land rentals and the remainder in the form of parity payments. It amounts to guaranteeing the farmer pre-war buying power for the 40 per cent of his cotton domestically consumed.

"If cotton farmers were to take these retired cotton acres for producing food for sale it would make trouble in other farming lines which are all temporarily over-produced. Furthermore, if cotton farmers were to increase their cultivated acres at a time when the nation has too many acres in cultivation, the national farm situation would be made worse.

"That is why," explains Mr. Adams, "that cotton farmers who sign cotton contracts must agree not to use rented acres in any way that may lead directly or indirectly to throwing more farm commodities on the cash market. They must also agree not to increase their total cultivated acres above 1932 or 1933, and further, they must agree not to increase their acreage of corn, wheat, rice or tobacco, nor their numbers of dairy cattle and hogs.

"Through the new cotton contract the Government undertakes to continue the restoration of the fortunes of the cotton farmers, but in return asks that the farmer cooperate in the New Deal by refraining from unfair competition with already harassed corn and wheat and hog and rice and dairy farmers," he adds.

May King Case Re-Set For Feb. 7; Bond Is Refused

Criminal District Attorney Grady Owen has announced a resetting of the Mrs. May King murder case on Wednesday, Feb. 7. The case had formerly been set for trial on Jan. 22 in the 91st district court.

Mrs. King was disallowed bond and remanded to jail in a hearing before Judge George L. Davenport this morning.

Mrs. King was only recently transferred from the sanitarium at Gorman, where she was taken for treatment for bullet wounds sustained at the same time Leon Robinson, who she is indicted for slaying, was shot, to the county jail at Eastland.

Pennsylvania War Veterans to Get A Bonus From State

Eastland county World War veterans who enlisted in the service from the state of Pennsylvania are entitled to a bonus from that state, according to District Attorney Grady Owen of Eastland, who is in receipt of a communication from the adjutant general of Pennsylvania advising that the Pennsylvania legislature recently passed a veteran bonus bill.

Veterans in Eastland county who enlisted from Pennsylvania may get further information regarding the matter by addressing Mr. Owen at Eastland.

VISITS TIMES OFFICE

Mrs. Frank Sides, Route 3, Ranger, was a pleasant caller at The Weekly Times office a few days ago. Mrs. Sides had missed her paper and came in to see what was wrong. In checking over the mailing list it was found the printers had spelled her name "Suides" instead of "Sides." The Times is glad to make the correction.

In case any of the subscribers miss their issue of the Weekly Times, the management will be glad if they will notify us as to their correct address.

Hotfoot Campaigning In Race For Governor Already Started

By GORDON K. SHEARER United Press Staff Correspondent AUSTIN.—Hotfoot campaigning in the 1934 governor's race already is under way. Candidates C. C. McDonald and James V. Allred both have visited the lower Rio Grande valley. Both are apparently well pleased with their prospects there. Candidate Tom Hunter will begin active campaigning Feb. 1.

Candidate Clint C. Small is delaying the opening of his campaign for financial reasons. A \$10,000 limit is put upon a candidate's expenditure. From past experience Small knows that it is difficult to meet urgent demands of the closing days of a governor's race without overstepping the law's limit.

It will be particularly difficult for the Amarillo senator in the 1934 campaign for he proposes to have regional headquarters rather than a single state headquarters to maintain. As now planned, he will have four such offices.

This method avoids jealousies. Candidates who choose any one section of the state for headquarters come to be looked upon as the candidate of that area. Rivalry between Fort Worth and Dallas has led some candidates to avoid choosing either.

C. C. McDonald has stepped around geographical difficulties by placing his headquarters at Austin. Austin has another advantage, he says. During the course of a political campaign persons from all parts of the state have occasion to visit Austin on business with state departments.

They thus have an opportunity to visit his headquarters without the expense of a special trip. McDonald with the active backing of James E. Ferguson also puts himself in easy touch with the former governor's callers. He is also in the same location he had as director of the beer and repeal ratification campaign.

Two additional announcements are expected in connection with the governor's race shortly. State Democratic Chairman Maury Hughes, Dallas, and Wright C. Morrow, Houston, were both still considering at last report. Morrow on a recent trip to the state capitol admitted he had not decided. Hughes is being feted over the state by the Young Democrats. If he runs, the candidate-less platform issued by John Henry Kirby, elderly sponsor of the Young Democrats, probably will find Hughes planted on it.

Small, Hunter and Lieut. Gov. Edgar E. Witt are each conducting a quiet contact campaign while marking time on an open campaign. Results of this become apparent as it is learned prominent people are lining up for one or another of them. Small is said to have received some strong political encouragement in San Antonio.

Former Eastland County Woman Is Dead In Oklahoma

Mrs. W. C. Hooper, sister of Ed Harbin of Eastland, who lived 18 years in Eastland county, died recently at her home in Oklahoma. The Waurika (Okla.) News-Democrat of Friday, Jan. 12, carried the following item regarding her death and funeral:

Mrs. W. C. Hooper of the south Hastings community died at the family home January 1, 1934. Funeral services were conducted from Martins Chapel church, Wednesday, January 3, by Rev. S. P. Brittle. Burial was made in the Hastings cemetery.

Lucy Harbin was born in 1877, in Cherokee county, Georgia, and died January 1, 1934, age 56 years, 11 months. She was married to W. C. Hooper, December 30, 1903. To this union ten children were born, four boys and six girls. The oldest child, Mollie, died in 1905. Mrs. Hooper joined the Universalist church in 1891 at Eastland, Texas, and remained faithful to her church until death.

She leaves to mourn her going her husband, W. C. Hooper; children, Mrs. Cecil Brown, Mrs. Perry Lou Edgeman, Mrs. Lester Wootton, Lillie, Leslie, Almon and Evelyn Hoop, of Hastings; Lawson Hooper, Vernon, Texas; Monroe Hooper, Oklahoma City; four step children: Lee Hooper, Cushing; O. K. Hooper, Oklahoma City; Edgar and Joe Hooper, Hastings; three brothers, Ed Harbin, Eastland, Texas; Bill and Ben Harbin, Paradise, Texas; two sisters, Mrs. Frank Tapp and Miss Nola Harbin, Paradise, Texas; and sixteen grandchildren.

All of the near relatives attended the funeral with the exception of one brother and one sister. Hosts of friends were also in attendance at the funeral to bear testimony to her good and useful life.

Price of Poll Tax Unchanged; Must Pay \$1.75

Many people seem to have gotten the idea that the price of poll tax receipts has been reduced from \$1.75 to \$1.00, according to County Tax Collector T. L. Cooper, who states that many come to his office expecting to pay only a dollar and are disappointed when they learn that there has been no reduction in the price.

Mr. Cooper also states that there will be no extension of time granted this year, and that midnight of Jan. 31 will be the latest hour for paying of car license.

County Health Association Was Organized Tues.

Pursuant to a call issued by Fleming Waters, county supervisor of sanitation for Eastland county, a number of interested citizens from the several towns of the county met in the county court-room at Eastland Tuesday afternoon. After Mr. Waters had explained the work of his department as it is being carried on in the county and Dr. F. T. Isbell, county health officer, had outlined some special work which he thought ought to be carried on under the leadership of a county health nurse as now provided for the county, it was decided to organize the Eastland County Health association, which association should have for its purpose the formation and carrying out of a program of health and sanitation for the county.

Officers were chosen for the association as follows: President, Dr. F. T. Isbell of Eastland; vice president, Miss Lillian Joyner of Cisco; secretary, B. E. McGlamery, county superintendent. The president will appoint a governing board of seven members from the county at large, which together with the officers of the association and County Judge Clyde Garrett, will determine the policies of the association. Among those present who took part in the discussions were: Dr. J. H. Catton, Dr. F. T. Isbell, Dr. R. C. Ferguson, Dr. L. C. Brown, County Judge Clyde Garrett, Miss Ruth Ramsey, county demonstrator; J. C. Patterson, county agent; Supt. B. E. McGlamery, and Dr. E. R. Townsend of Eastland; Dr. Hubert Seale of Cisco; L. H. Flewellen and Wade Swift of Ranger.

The next meeting of the association will be a meeting of the board of directors called for Tuesday afternoon, Jan. 30. The meeting will be called to order in the commissioner's room at the courthouse in Eastland and it is hoped that all the members of the governing board will have been appointed and have accepted their places by that time.

The past year just ended we have made some progress in the first of these directions. The price consumers had to pay for typical monthly purchases per family of these 14 foods decreased from \$16.78 in 1932 to an average of \$16.44 in 1933, but the equivalent farm price advanced from \$5.54 in 1932 to \$5.81 in 1933.

"These consumer and farm prices are averages for the year. Changes were much more marked during the last half of the year than the first. Retail prices dropped until June. From August to December they were fairly stationary. In December there was a marked drop. Farm prices declined from the first of the year until May. They reached their peak in August. Since then there has been an irregular decrease.

Cotton Acreage Contracts Being Signed by Farmers

Cotton acreage reduction contracts for Eastland county are now in the hands of the various committees and farmers are advised that they are expected to sign and deliver them to the committees within 15 days from January 15th.

The committees are supplied with working sheets which will be furnished farmers on which to prepare data for the contract. The contract itself remains in the hands of the committee.

The names of the chairmen and the location of the various committees are as follows: Eastland—Milton Newman, at Justice of the Peace office, ground floor of Eastland county courthouse. Ranger—W. J. Jones and Matt Bailey, at Ranger chamber of commerce rooms. Cisco—Felix Bourland, at Cisco chamber of commerce rooms. Carbon—Hubbard Gilbert, at Carbon Trading Company. Gorman—Ike Grisham, at Gorman Progress office. Rising Star—A. L. McDonald, at Higginbotham Bros. & Co.

Farmers Declining To Cut Acreage Can't Get Loans

WASHINGTON, Jan. 17.—The government today brought its crop control and production financing program into harmony by refusing to grant further loans to farmers who decline to limit acreage.

KIDNEY GREW PEARLS PARIS.—A remarkable discovery was made here recently when a man was operated upon for kidney trouble. Doctors found that three pearls had grown to the size of pinheads and caused the trouble. The pearls, it is said, were formed by means of the same chemical reactions as those produced by oysters.

STATE GIVES SOLUTION OF FAMOUS CASE

CHICAGO, Jan. 18.—The state today presented its solution of the murder of Rheta Wynkoop, describing it as a crime motivated by mercenary gain and committed by Dr. Alice Wynkoop with drugs and a revolver.

Through testimony of insurance agents the state showed Dr. Wynkoop obtained policies on her daughter-in-law's life not many days before the girl was found slain on an operating table in the basement of the Wynkoop home.

Dr. Wynkoop succeeded in obtaining a \$5,000 policy on Rheta's life less than a month before her death. She tried to obtain other policies, the state showed through testimony of other agents.

Ranger Circuit Conference To Be Held on Sunday

Dr. C. Q. Smith, presiding elder of the Cisco district of the Methodist will preach at the 11 o'clock service at Flatwood Sunday. After this service dinner will be served on the grounds. Dr. Smith will preside over the conference to be held early in the afternoon. He is scheduled to preach Sunday night at the Flatwood Church about 7:15 o'clock.

Members of this conference will come from all the churches of the Ranger circuit: Bullock, Flatwood, Kokomo, Mt. Zion and Staff. A large representation is expected. The general public is invited to join in the morning worship service to hear Dr. Smith preach, to bring baskets of food and enjoy the dinner and fellowship.

The pastor of the Ranger circuit, Rev. Ephraim D. Conway, will preach Saturday night at 7:15 o'clock and also Sunday night at 7:15 o'clock at the Kokomo Methodist church. His subject Saturday night, "Who Is My Friend," and his subject Sunday night, "Cross Currents Destructive to Christian Belief."

There will be no preaching service Sunday morning at the Kokomo church due to the First quarterly conference at the Flatwood church, however there will be Sunday school at the regular hour. Also there will be the Sunday school services at Flatwood and Bullock.

Processing Tax On Cattle Before House Committee

WASHINGTON, Jan. 17.—Western cattle interest faces a processing tax on beef today as the house agricultural committee opened hearings on the Jones bill. The bill, sponsored by Rep. Jones, Dem., Texas, chairman of the committee, would make cattle a basis agricultural commodity.

Rep. Shallenberger, Dem., Neb., president of the Short Horn Breeders Association, and Senator Carey, Rep., Wyo., who represented cattle interests in his state, opposed the bill.

Senator Connally said about 95 per cent of the cattlemen in his state desired imposition of a processing tax.

Morris Sheppard Makes Annual Prohibition Talk

WASHINGTON, Jan. 16.—White-haired Morris Sheppard, father of prohibition, arose in the senate today, just as he has done annually for 14 years since adoption of the 18th amendment and predicted the United States soon would return to prohibition.

Debate on the St. Lawrence waterway treaty was halted for the Texas democrat to speak. He charged that by "repealing temporarily the 18th amendment, the American people demonstrated that at times propaganda is more powerful than principle in this republic."

Babe Ruth Signs His 1934 Contract

NEW YORK, Jan. 15.—Baseball's greatest star, George Herman (Babe) Ruth, paid an early call to Jacob Ruppert today and, before sound news cameras and photographers, signed his 1934 Yankee's player contract.

"The Prizefighter And The Lady" Has Film and Sport Stars

Myrna Loy, Max Baer, Primo Carnera, Jack Dempsey, Walter Huston and Otto Kruger comprise the distinguished group of actors and sporting personalities gathered together by Metro-Goldwyn-Mayer for "The Prizefighter and the Lady," a gripping story of the prize ring which comes to the Arcadia Saturday for one day only. Miss Loy, last seen in "Night Flight," and "Penthouse," has recently established herself as one of the most popular and outstand-

ing of the screen's feminine stars. Baer, challenger-up for the heavyweight championship of the world, and generally acknowledged as the most colorful fighter in the prize ring today, makes his first screen appearance in this picture and has been called a virile exponent of the new vogue in leading men.

Carnera, heavyweight champion of the world, also faces the cameras for the first time in his 10-round fight with Baer in "The Prizefighter and the Lady." The giant heavyweights' battle with his challenger before the time set for their real fight is without precedent and has aroused the interest of the entire world of sports. Their film bout is refereed by none other than the famous Dempsey.

Walter Huston plays the role of the booze-soaked, down-at-the-heel fight manager who recognizes in Baer championship material and trains him for his fights. The part, "natural" for Huston, marks another step forward in this actor's brilliant career. Prominent roles are also filled by Otto Kruger as the racketeer, Vince Barnett, Robert McWade, Muriel Evans and Jean Howard.

Scores of internationally famous ex-champions and their contemporaries appear in the new Metro-Goldwyn-Mayer feature to add realism to the great prize fight sequences. Among these great fighters of yesterday are Jess Willard, James Jeffries, Frank Moran, Joe Rivers and Billy Papke.

CHEYENNE, Wyo.—One Swiss cheese factory in the Star Valley of Wyoming, where there are a number of such plants, produces more Swiss cheese than any other such factory in the world, not even excluding Switzerland itself, State Senator Clarence Gardner told the state legislature here.

Only the Center Leaves are used in LUCKIES

For these are the Mildest and fully ripened for perfect smoking

We buy only the center leaves for Luckies. Not the top leaves for they are under-developed. Not the bottom leaves for they are inferior in quality. Only the center leaves for these are truly mild and fully ripe. And that's the fine tobacco we use—to make Luckies so round, so firm, so fully packed—free from loose ends that spill out. That's why Luckies are always mild, always truly mild. And remember, "It's toasted"—for throat protection—for finer taste.

Most of Texas Relief Bonds Are Sold By Bank

FORT WORTH, Jan. 18.—The remaining \$1,602,000 worth of Texas relief bonds being handled by the Fort Worth National bank is expected to be sold in time for relief work by next week, members of the state bond committee said here today.

Acting as fiscal agents for the Texas bond commission, the bank here has taken subscriptions for all but \$280,000 of the bonds and expects to place this by the end of the week, it was announced.

LADONIA, Mo., Jan. 18.—Postmaster Stewart Garner, his wife and their two children were burned to death here today when fire, following an explosion, destroyed their 10-room frame house. The four were trapped in their bedrooms.

"Ann Vickers" Meets an Ideal Mate

This scene from "ANN VICKERS" shows the meeting between Irene Dunne as the heroine and Walter Huston, whom she accepts as her final lover in her string of romances in this RKO-Radio Picture, which comes to the Arcadia Sunday only.

A WISE STRAY DOG
FORT WORTH, Tex.—A stray German police dog jumped on the running board of a police scout car as it cruised through the streets. The dog refused to leave the po-

licemen in the car, with the result that the police force has a mascot.

Astronomers at Mt. Wilson, California, count 175,000,000 star systems like the Milky Way, through

their telescope, and yet they've overlooked the stars in nearby Hollywood altogether.

The fuss in Detroit about Henry Ford and the banks is to show how

mean he was when the banks needed his help—although hardly as mean as they were when he needed their help.

Black-Draught For Gas After Meals

"About five years ago, I suffered at my stomach quite a good deal," writes Mr. M. H. Venable, of Persia, Tenn. "I would smother, have a lot of gas, and bloat. A friend asked me why I didn't take Black-Draught. I took little doses after meals and my stomach trouble was over and has not come back. Now I only take a dose every once in a while."

The Big Advantage is under the hood—

V-8 Engine

IF YOU want 8-cylinder performance, but not at the usual 8-cylinder cost—step into the new Ford V-8 for 1934!

Here is a car that will do better than 80 miles an hour. At 50 to 60 miles per hour it is actually running at ease. This reserve power means acceleration unequalled by practically any other make of American automobile, regardless of price.

The Ford V-8 for 1934 offers you many other advantages. 20 miles per gallon at 45 miles per hour, in exhaustive test runs. More actual body room than in many more expensive cars. Riding comfort—with free action for all four wheels plus the proved safety of a front axle.

Before you buy any car at any price, drive the new Ford V-8 for 1934.

PROSPECTS CHEERING IN THE COTTON TEXTILE WORLD

Ernest N. Hood of Boston is president of the National Association of Cotton Manufacturers. This is his prophecy for 1934: "The 1934 outlook for the cotton textile industry is brighter than for many years." He lauded progress made under the National Industrial Recovery act but struck at the President's cotton processing tax as retarding the industry.

This is an age of experimentation. If one experiment fails, then the slogan is "try, try again." This is a history making age—economic and otherwise. The ox has been dragged out of the ditch. His feet are on the ground. Head him in the right direction. He has been given an excellent start.

TOTAL COTTON INCOME OF TEXAS FARMERS

Total cotton income of Texas farmers for 1933 was \$259,123,402, exclusive of cottonseed and was at least \$100,000,000 larger than it otherwise could have been without the plow-up campaign. This is the estimate furnished The Austin American by C. A. Cobb, chief of the cotton section of the agricultural adjustment administration in a statement to the Texas A. & M. college extension service.

SPEAKING OF THE FLEECY STAPLE AND THE GOLDEN GRAIN

A dethroned king, cotton, is pushing its face above the surface of things. A steadily increasing volume of buying on the New York cotton exchange sent cotton up about 50 cents a bale Jan. 10, making a gain of almost \$2 a bale so far this week.

Speaking of wheat reserves, farm stocks of the golden grain on Jan. 1 were estimated on Jan. 10 by the federal crop reporting board to be 194,136,000 bushels—The smallest stock for any January in the history of the department of agriculture. Farm stocks of corn on Jan. 1 were 1,422,556 bushels compared with 1,807,338 bushels a year ago.

Senator Morris Sheppard's "noble experiment" received its death blow when the 18th amendment went out. Now 26 states are preparing to pass legal red liquor out to the consuming and in 22 American commonwealths the bootleggers are said to be doing business at the same old secret stands.

1933 BROUGHT FAST PLANES

NEW YORK—The year 1933 has been notable for the greatest increase in airplane speeds in the history of aviation. Passengers, mail and express are being moved

45 miles an hour faster than at the beginning of the year, due to the advent of the three-mile-a-minute multi-motored plane. United Air Lines illustrates the stepping up if its speeds this year by citing its reduction of Coast-to-Coast schedule time from 27 to 19 1/2 hours.

Texas Liquor—

(Continued from page 1)

ally would favor the measure as a liquor control plan and a revenue source.

The bill would function only in view of the 18th amendment's having been repealed. Now the federal government prohibits shipment of liquor into any dry state, but when a state by law legalizes importation, that federal restriction also falls away at the same time.

The bill will be a relatively simple amendment to the famous Dean law.

The Texas prohibition constitution amendment says:

"The manufacture, sale, barter and exchange in the state of Texas . . . of liquors . . . are each and all hereby prohibited."

The Dean law says: "The manufacture, sale, barter, exchange, POSSESSION or TRANSPORTATION . . . of liquors . . . are hereby prohibited."

The legislature can change the Dean law. Only the people by vote, after submission by 100 house members and 21 senators, can change the constitution.

Transportation and possession of liquor is not prohibited by the constitution. They are not a violation of national law. When the two words are stricken out of the Dean law, they will not be illegal in Texas.

A long line of court decisions have pointed out that the Texas

constitution does not prohibit transportation or possession of liquor, but recited the Dean law's provisions were valid anyway.

The significance of this attack upon the liquor question in Texas, from a new angle, will be in its political aspects. Candidates for governor have been much troubled to take sides for or against resubmission and repeal. Lieut. Gov. Edgar Witt is for resubmission and repeal. Sen. Clint Small is for resubmission, and let the people decide. C. C. McDonald is for repeal and liquor taxes.

Atty. Gen. Allred, a dry, has been silent so far on liquor.

The dries want to do three things: 1, Save the dry amendment; 2, banish the bootlegger; 3, keep the saloon outlawed.

In the beer amendment they allowed the general sale of the weak stuff, but not in saloons.

The Hooper bill would not prevent resubmission or repeal, but readily on its face would make them more difficult and put them further off.

The earliest the people could vote on repeal, even if the next legislature had the votes to submit it, would be around Sept. 5, 1935.

But it already is apparent that repeals will not muster 100 nouse votes or—electing only half the senate—21 senate votes in the next regular session for submission of repeal. That automatically means the constitution could not be changed before September, 1937.

Meantime, there are a good

many wets in Texas who would favor a means of getting all the legal liquor they want at reasonable prices over continuing to traffic in the bootlegger's product at the bootlegger's price.

As between repeal and opening hard liquor to the access of everybody in eating houses, soda fountains and grocery stores, and limiting it to those only who ordered it sent direct to themselves, and drank it at home, the dries naturally would favor the restrictive terms of the Hooper bill. Not that all dries will support any sort of modification; but many see in it only a choice between the bootlegger on one hand and rigid state control, no bootleggers and half a million dollars taxes a year on the other hand. They see in it, too, and readily, a means by which perhaps increase the actual quantity of liquor sold in Texas, staying off the repeal of the dry amendment until the day of the swing-back from the present wet sentiment.

Summed up, provisions of Mr. Hooper's bill would be:

Any Texan could order liquor from any wet state for his own use. It would be shipped by express, freight or common-carrier motor-truck—but not by mail.

The state would collect 50 cents a quart tax, either from the common carrier transportation agency, or have the liquor consigned through the county clerk.

Drinking in no public place would be legalized. The widespread violation of the law, both as to the bootlegger and the transportation and possession by the buyer, would be eradicated, and the man who must have his liquor would no longer have the brand of felony upon him; and Texans would no longer see their law trampled in disrespect. These are arguments for the bill.

And a great big political inning would be scored by dries who want to keep the prohibition amendment intact, want to keep the saloon, under whatever name, out, and want to deal a blow to the bootlegger.

Ruling On Cotton Option Assignments

WASHINGTON.—Stating that no future assignments of cotton options would be recognized, Oscar Johnston, manager of the cotton option pool of the agricultural adjustment administration, today announced a ruling covering the options which have been purchased from the original holders prior to Jan. 11.

This ruling was contained in a telegram to a Houston, Texas, cotton merchant and reads as follows: "Department prefers options be exercised and sent in by producer to whom option originally issued. Will recognize exercise of option by bona fide pledgee where pro-

ducer will receive full benefit of proceeds of option. In view of fact that some options have heretofore been purchased, department has ruled that if purchasers will exercise options prior to Jan. 18 settlement will be made on basis January New York contract and proceeds remitted by check to properly authorized and designated assignee. This will only apply to options purchased prior to Jan. 11. Assignments after that date will not be recognized."

Commenting on the ruling, Mr. Johnston said: "Only bona fide pledges of the option held by producers are required to be recognized. Persons will not be permitted to purchase these options from the producers"

Political Announcements

This paper is authorized to announce the following candidates for office, subject to the Democratic Primary Election in July, 1934:

- For Congress, 17th District: ? ? ? ? ?
For Representative in State Legislature, 107th District: ? ? ? ? ?
For District Attorney: ? ? ? ? ?
For District Clerk: ? ? ? ? ?

For Commissioner, Precinct No. 2: ? ? ? ? ?
For Commissioner, Precinct No. 3: ? ? ? ? ?
For Commissioner, Precinct No. 4: ? ? ? ? ?
For Constable, Precinct No.—: ? ? ? ? ?

and, with the exception contained in the ruling, all checks will be made to the original holder of the option. It will be the duty of the option holders in cases of a bona fide pledge to make the proper settlement with the pledgee. Persons who purchase options after Jan. 11, do so at their own risk and neither the department nor the original option holder can be required to recognize any rights of such purchasers when the option is called or assigned to the cotton pool."

Washing Machines Flood U. S. Homes

CHICAGO.—A wave of buying which swept more than 950,000 washing machines into America's homes in 1933 was credited by officials of the industry for the second biggest year in its history. Only in the boom days of 1929, when 1,083,000 machines were sold, was this mark passed. The 1933 production, greater by

55 per cent than 1932's, was for immediate installation in homes and not for future use, said J. R. Bohnen, secretary of the American Washing Machine Manufacturers' Association. He attributed the increase in volume of sales to re-employment, increased payrolls and the general strengthening of the national morale.

On Texas Farms

By W. H. DARROW, Extension Service Editor

A little lesson in heredity was pointed out the other day by George Kemp, Ballinger dairyman in conversation with the county agent. He exhibited two half sister heifers. One with her second calf sired by the herd bull was giving 40 pounds of milk daily; the other, by the same mother but sired by a scrub that broke in was giving barely enough milk for her calf.

The best turkey Miss Lila Young has been able to get in New York City this season was Texas canned turkey sent her by her mother in Jackson county. It was put up on shares with Mrs. A. E. Wilson of the Friendship Home Demonstration club.

From a garden 100x50 feet, Nellie Maude Bennett, garden demonstrator in the Sandia Girls' 4-H club in Jim Wells county, produced 2263 pounds of vegetables valued at \$54.35. The garden cost \$8.50 in cash.

Reports received by the county

agent in Kaufman county from 71 of the 116 boys enrolled in 4-H club work last year show that a total of \$332.10 was made by these boys as return on labor and investment in a variety of better farming demonstrations.

Giving an account of the factors that led to his success as the champion cotton raiser in Washington county last year, Melvin Loesch, 4-H club boy said: "Good seed, proper preparation of land and proper tillage is the main thing. If you do that much God Almighty will help you do the rest, but He won't do it all for you, you have to do your part."

A total of 2433 Dallas county farm women, not members of home demonstration clubs, were given help last year in living at home, making clothing and beautifying their homes through the efforts of the Dallas County Home Demonstration Council.

MOUNT WASHINGTON, N. H.—One of the windiest observatories in America is that atop Mount Washington, the highest peak in New England.

Meteorologists at work on the summit, more than a mile above the sea level, sometimes experience gales in which the wind

One day, instruments revealed, 2,200 miles of wind passed the station. That was an average of 92 miles an hour.

Keep on the SUNNY SIDE

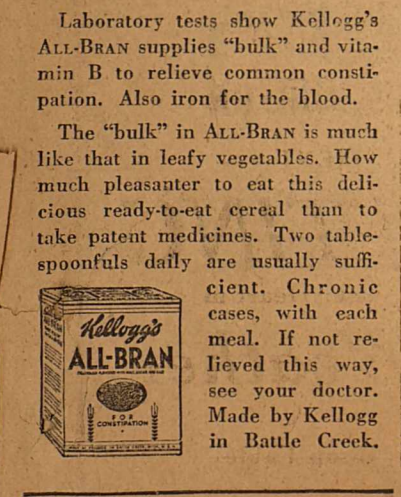

HAVEN'T you noticed that your happiest hours occur on days when you feel your best?

Have more of these happy days. You and all your family. Guard health while you have it. Keep on the sunny side of life.

The greatest enemy of health is common constipation. It may cause loss of appetite and energy. Certainly it kills enthusiasm! Yet it can be banished by eating a delicious cereal.

Laboratory tests show Kellogg's ALL-BRAN supplies "bulk" and vitamin B to relieve common constipation. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. How much pleasanter to eat this delicious ready-to-eat cereal than to take patent medicines. Two tablespoons daily are usually sufficient. Chronic cases, with each meal. If not relieved this way, see your doctor. Made by Kellogg in Battle Creek.

C. H. Grow of Fort Worth was here on business Saturday. Mrs. W. R. McGowan drove up to Ranger on business Monday. Mr. and Mrs. T. L. Acrea spent the week-end at Bowie. They were accompanied home by his mother, Mrs. Matthews. We are glad to report that Dorothy Krapf, who has been at a hospital at Ranger the past two weeks, was sufficiently recovered to be brought home Tuesday. Her mother, Mrs. R. J. Krapf, had been with her all the time and her father and other members of the family visited her often. Mrs. J. E. Derrick and her daughter, Mrs. Style McEntire and baby, drove up to Eastland on business Monday. Mrs. Roy Ashburn and daughter, Anita, and baby son, Kenneth, drove over to Gorman on business Monday afternoon. Mrs. Plummer Ashburn spent the week-end with her mother, Mrs. E. V. Plumlee of Rising Star. Mrs. Ben Fullbright of Gorman went with Mrs. Ashburn. Mrs. A. C. Robert and her daughter, Miss Nora Robert, were hostesses at the monthly family party of the Wednesday Afternoon club on Friday night at their clubhouse. At the close of several games of bridge, high score win-

ners were declared to be Mrs. Plummer Ashburn and Mr. Aaron Henslee. The hostesses served delicious squares of devil's food cake topped with whipped cream, and coffee. Those present were: Messrs. and Mmes. C. B. Wood, Claude Lee, Plummer Ashburn, A. C. Moore, A. C. Robert, C. E. Ragland, A. B. Henslee, John Mendenhall, Aaron Henslee, Ellis Bouse, Joe Merrill, C. M. Bratton, D. E. Hoover; Mrs. Mattie Henry, Miss Nora Robert, Miss Dorace Roe, and Miss Betty Lawrence. Walter Henry, who has been working in a reforestation camp near Stephenville, spent the week-end here with his parents, Mr. and Mrs. W. J. Henry. Mrs. Tom Nabers is visiting her mother at Comanche. J. L. Herrington of Lorenzo spent several days here the past week, visiting relatives. At the annual business meeting of the "21" club held Tuesday at the clubhouse, the following officers were elected for the next club year, which begins in September: Mrs. A. B. Henslee, president; Mrs. Mattie Henry, first vice president; Mrs. W. E. Barron, second vice president; Mrs. Ralph Ludwick, recording secretary; Mrs. J. E. Heeter, corresponding secretary; Mrs. Fred Welder, treasurer; Mrs. C. W. Maltby, parliamentarian and critic; Mrs. C. M. Bratton, press reporter; Mrs. Plummer Ashburn, fire marshal; Mrs. W. C. Bedford, federation counsellor. Be-

sides the election of officers, annual reports of officers and committees were given. Mr. and Mrs. Gifford Acrea visited her parents at Ranger Sunday. Dr. and Mrs. W. B. Westlake of Graham were guests of Mr. and Mrs. W. E. Barron Sunday. We are glad to report that Rev. Z. L. Howell and family, who were ill last week, are able to be up now. Mrs. John Mendenhall and daughter, Mrs. Mattie Henry, drove down to DeLeon on business Tuesday. Mrs. Kenneth Paul and baby, Joan, left Saturday for their home in Randolph, Kan., after a visit of a month with her parents, Mr. and Mrs. S. T. Wilhite. Mrs. Leland Tarpley and baby, Vivian, of Gladewater, came Wednesday to visit Mr. and Mrs. Gid Tarpley. Mrs. Ed Parks is receiving the sympathy of the community because of the death of a nephew, 17 years old, who died early Monday from the effects of a car wreck Sunday. Funeral services were held Monday afternoon at Bunyan. Mrs. Parks and family and Miss Mollie O'Rear and Mrs. Aimee Daniels and a number of other friends from here attended the funeral. Dr. J. M. Wright is taking the lead in getting the RFC work for women started in our town. He deserves much praise for this good work.

IN MEMORIAM
(Written in Memory of Elmer Eaton by His Mother)
A precious one from us is gone,
A voice we love is still,
A place is vacant in our home
That never can be filled.
The place beside our fireside
Seems oh, so sad and still,
Though God has claimed you from us
We feel your presence still.
The pain that seems the hardest,
dear,
Is when we go to dine;
There's a vacant chair and place,
dear,
That sits just next to mine.
The old, familiar trails and hill
That we used to roam
Seem just to stand and wait
For someone to come home.
The old guitar is silent
And on the wall still hangs,
For, Elmer, your dear fingers
Were the last to touch its strings.
Your music and your singing
That used to send a thrill
Through mother's heart and soul,
dear,
Is now so sad and still.
Dear Elmer, how we miss you,
None but God can ever tell,
We know you're safe in heaven,
For God does all things well.
His purpose and your mission
we cannot understand,
We only know he needs you
Upon the golden strand.
Dear God, in tender mercy,
Has already paved a way
That we may meet again dear,
Some bright and glorious day.
His pal and many friends, too,
Have stood by staunch and true
By us in this great sorrow
Like he would want them to.
His life so pure and clean and
sweet,
He lived upon this earth,
That surely God has guarded him
From now, back to his birth.
Dear God, help us in this hour,
This awful grief to bear,
Until our work on earth is done
And we go to our home so fair.
Help us to live a life so clean
That when our work is o'er
We'll see him waiting for us all
Upon the golden shore.
Dear Elmer, we will meet you,
You'll be our guide above,
And God in all His mercy
Will help us with His love.

the airport and any stock found on the landing field must be put in the city pound. This order has not been rigidly enforced in the past and a number of people have been letting stock graze on the field, especially at night, which is dangerous for pilots of planes who might want to land. In the future any stock found on the airport will immediately be put in the city pound, without notice to the owners, and unless they are claimed and the pound fee paid, will be sold at public auction, Mr. Moore stated today. This is a federal government order and no exceptions will be made to the law, it was stated. New York's controller has or-

dered his men to show more courtesy to taxpayers. At least, to those who pay.

Cattle on Airport Will Be Placed in Pound, Moore Says
C. J. Moore, in charge of Haugland airport, warned today against owners of stock allowing cattle or horses running loose on the landing field at any time, day or night. A grant has been received from the federal government for \$7,000 in improvements on the airport, which includes chatting two runways for the landing of planes. Since the government allotment has been received it has been ruled that all stock must be kept from

Dr. J. L. Johnson Is Dead; Funeral Today at 4 P. M.

EASTLAND, Texas, Jan. 17.—Funeral services for Dr. J. L. Johnson, pioneer Eastland county physician, who died early this morning, were conducted from the First Methodist church this afternoon at 4 o'clock. Dr. C. W. Lipsey, pastor of the First Christian church of Eastland, conducted the services. The body was in charge of the Hamner Undertaking company. Burial was in the Eastland cemetery.

Apparently in splendid health, Dr. Johnson first complained of being ill early Tuesday morning. He was reluctant to arouse his wife and refrained from calling any member of his family for some hours and when he did call them he insisted that they not call a physician until daylight. His condition grew worse and Tuesday afternoon he was removed from his home to the Payne & Lovett hospital, where an operation was performed at 6 o'clock Tuesday evening for a complicated bladder trouble. He succumbed at 3 o'clock this morning.

Jonas Lester Johnson was born in Alabama, Dec. 12, 1870, and came with his parents, C. R. Johnson and wife, to Texas and settled in Eastland county where he spent his life from his boyhood.

He attended Tulane university in New Orleans, taking a degree in medicine, and began practicing his profession in Eastland county in 1897. Only a few years ago he retired.

Dr. Johnson was married to Miss Beulah Ladd, daughter of Mr. and Mrs. L. D. Ladd, Eastland county pioneer citizens, on Thanksgiving day, 1900. To this union

five children, four girls and one son, were born. The son died early in boyhood. The daughters are Misses Verna, Joyce, Doris and Joan, all of whom, with the exception of Miss Joyce, who was in Carleton and did not reach Eastland until an hour and a half after her father died, were at his bedside as he was his wife.

Survivors, other than his immediate family, include three brothers and one sister and a host of nephews and nieces. The brothers are T. L. Johnson of Eastland, John Johnson of near Ballinger, Billy Johnson of Bronte, and Richard Johnson of Fort Worth; Mrs. R. B. Truly, a sister, resides in Eastland.

Perhaps no man in this country devoted his time, professional knowledge and means more fully to his fellow man than did Dr. Johnson. He began the practice of medicine at a time when the country was not so thickly settled as it is now and when to reach many of his patients he had to ride horseback over what was little more than cow trails. But notwithstanding the hardships he had to endure he never refused to answer a call, often administering to the poor sick when he knew that he would never receive any compensation except their heartfelt thanks for his services.

Active pallbearers were Frank Castleberry, Ross Crossley, Elmo Hill, Steele Hill, Loss Woods, Len Hightower.

The list of honorary pallbearers include: All members of the Eastland city and county medical associations; all members of the Eastland county bar; all present and past Eastland county and district officials; Ed Castleberry, John Nix, Fred Frost of Abilene, C. B. Frost of Abilene, R. L. Jones, Lucian Fargason, Jess Williams, T. E. Downtain, B. L. Hargus, Frank A. Jones, Jack Tindall, Bob

Judge Hamlin to Run For Congress

C. O. Hamlin, judge of the 90th District Court at Breckenridge, Stephens county, has announced that he will, subject to the democratic primaries, make the race this year for Congress from the 17th district, to succeed Thomas L. Blanton, incumbent.

For the past 13 years, Judge Hamlin has served as District Judge for the 90th judicial district, having been appointed in 1911 to that position by Governor Pat M. Neff, to fill an unexpired term. Since his appointment, he has made four successful races before the people of his district, and was last elected in 1932 for another four-year term.

Judge Hamlin served for nearly two years in the world war, entering the military service on May 8, 1917, at the First Officers' Training Camp, Leon Springs, Texas, at the conclusion of which he was commissioned as second lieutenant. At the time of his discharge, on Jan. 30, 1919, he held the rank of captain of infantry. He is a member of the Baptist church, a 32nd degree Mason, a Shriner, and a member of the American Legion.

Weekly Sunday School Lesson

JESUS BEGINS HIS MINISTRY
Text: Matt. 4:12-25
The International Uniform Sunday School Lesson for Jan. 21.

By WM. E. GILROY, D. D., Editor of The Congregationalist. The ministry of Jesus began, as all great ministries have begun, with preaching and the winning of disciples.

Possibly it was not preaching in our modern and conventional use of the term, but it would be well if all our modern preaching could be like the simple, sincere, and earnest proclamation of truth in which great prophets and teachers have been impelled to speak forth their message.

Every man is a preacher who voices the experiences of truth in his own heart and life, and the most effective preaching always has been the simple witness to the things of the spirit. Even when such preaching has not been eloquent in language, it has been, nevertheless, real.

We recall the reply of the man who was asked under whose preaching he had been converted. "Under nobody's preaching," he said, "but under my mother's practice."

The preaching of Jesus was eloquent both in word and example. The men who were drawn to him were drawn by his life and personality. Even when they did not understand his words and comprehend all his meaning, they realized that a new glory of truth was in all that he had to say. They felt that they were in the presence of a great teacher and prophet, who had something that was vital and worth while, and it was this that made them willing to leave all and follow him.

The preaching of Jesus began, again as all great preaching has begun, in an emphasis upon righteousness and the subjection of men to the disciplines of truth.

It was a call to repentance that Jesus uttered, and repentance does not mean, necessarily, the turning from gross sins and evil ways; it is a return to the clear visions and the high standards present in the souls of men in their better experiences, but that are lost so easily in the midst of the temptations and intricacies of life.

Whether man has wandered far away from the path of moral rectitude, or has allowed his soul to become dull and undisciplined and a prey to less worthy motives and ends, the call to repentance is one that good men always have heeded.

The vision of a better world, as was the vision of this Kingdom of Heaven to the disciples of Jesus,

takes its rise first of all in the individual heart. That is, apparently, what Jesus meant when he said "the Kingdom of God is within you."

The ministry of Jesus had its beginning, again like all great ministries, in the character of the men whom he won. It is the quality of the true prophet and teacher to inspire confidence in other men, to win them to himself and to the things that he upholds.

Whether through organization, or through spiritual influence, no prophet or teacher ever has accomplished anything who stood alone. The power of Jesus was manifested in no higher way than in the winning to him of the men upon whom he established his church and his Kingdom in the world of reality.

When a man has proclaimed the truth and has found someone who will listen, he has laid the foundations of something great and significant in the world. It was the eminence of Jesus to begin in that way the work of establishing the Kingdom of God through the fellowship of the gospel in which the church had its foundations.

Texas Fugitives Still At Large

HUNTSVILLE, Texas, Jan. 18. The rough country of East Texas was looked to today as the possible hiding place of four escaped convicts and their liberators who effected their escape in a dense fog early Tuesday.

The fugitives apparently had

covered their tracks successfully for after 48 hours federal, state and county officers were without a plausible clue.

HOUSTON, Jan. 18.—Clyde Barrow, a group of men and Barrow's woman companion, bought gasoline at a filling station eight miles west of here early today on the Houston-Dallas highway and drove to a tourist cabin nearby, the station operator, who knew Barrow at Waco, told police. They were riding in two automobiles. E. W. Shook, the operator, said he was positive of his identification of Barrow and Bonnie Parker.

So important is the handling of Turkish tobacco in making Chesterfield cigarettes that Liggett & Myers Tobacco Co., maintains this specially equipped plant right in the heart of the famous Smyrna tobacco section. It is the largest and most modern tobacco factory in the Near East.

Turkish tobacco, you know, is the best "seasoning" there is for cigarettes. At all times Chesterfield has in storage—at this plant and in America—about 350,000 bales of the right kinds of Turkish tobacco.

THURBER

By LAVADA FENNER
The junior-senior dance was held at the Thurber club rooms, Saturday, Jan. 13, at 8 o'clock. There was a large attendance from

Mingus, Strawn, Gordon and here. All reported a nice time. The P. T. A. met in regular session Friday, Jan. 12. The meeting was called to order by the president, Mrs. L. E. Forrest, afterwards the minutes were read and approved. There was a report from each chairman committee. Mrs. N. D. Cole, the principal speaker, brought a very interesting message

on "Love and Friendship." The first, seventh, and ninth grades had the highest percent of mothers present. Mr. Finis Whittington of Liberty visited here Thursday afternoon. Mrs. Albert Miller, Mr. and Mrs. Chester Miller and baby son, Billy Earl visited in Ranger Friday with Mr. and Mrs. Freeman. Mrs. Emma Sheffield spent the week-end in Fort Worth. Mr. and Mrs. Joe Heath and children, Elton and Nadene, of Strawn visited Thursday with his mother, Mrs. Martha Heath. Miss Zelda Woods, who is working in Fort Worth was a week-end guest in the home of her parents, Mr. and Mrs. W. P. Woods. Herbert Byres and Jim Oyley spent the week-end with home folks. York sweepstakes ticket she bought for him. The man had applied for food and lodging at the Federal transient bureau while awaiting word from home. Manager T. P. Hipp of the bureau contacted the man's family and the wife's reply was immediately forthcoming. COCKTAIL PIPE FOR WOMEN PARIS—The cocktail pipe for women now is the craze here. Expensive and smart it is made of metal, or lacquer, shaped like a

very long cigaret holder, but with a bowl at the end. An initial in real jewels appears at the tip of the stem. These are seen at fashionable gatherings here and even are used by a few of the younger and more daring of the smart set at the Opera.

How to Stop a Cold Quick as You Caught It

Take 2 Bayer Aspirin Tablets. Drink full glass of water. Repeat treatment in 2 hours. If throat is sore, crush and dissolve 3 Bayer Aspirin Tablets in a half glass of water and gargle according to directions in box.

Almost Instant Relief in This Way

The simple method pictured above is the way doctors throughout the world now treat colds. It is recognized as the QUICK-EST, safest, surest way to treat a cold. For it will check an ordinary cold almost as fast as you caught it. Ask your doctor about this. And when you buy, see that you get the real BAYER Aspirin Tablets. They dissolve almost instantly. And thus work almost instantly when you take them. And for a gargle, Genuine BAYER Aspirin Tablets dissolve so completely, they leave no irritating particles. Get a box of 12 tablets or bottle of 24 or 100 at any drug store.
