R. G. HILL IS FOUND DEAD AT HIS HOTEL

R. G. Hill, about 50, an employe of the United States Department of Agriculture, was found dead in his room at the Connellee Hotel in Eastland about 12:30 o'clock Saturday morning. Dressed in night clothing the body was found by hotel employes lying on the floor by the side of the bed and near a stand for the telephone. The telephone was on the floor beside the bed.

Employes of the hotel told Justice of the Peace E. E. Wods, who with District attorney Earl Conner, conducted an investigation, that a call had come to the desk from Hill's room asking for a doctor and that a doctor had been summoned.

Drs. F. J. Isbell and J. H. Cotton, Justice Woods stated, were at the elevator waiting to go upstairs when he arrived at the hotel after having been summoned by hotel employes.

Justice Woods said that his investigation disclosed no evidence of violence on the body and that his verdict would be that the deceased died of natural causes.

Among the dead man's effects the coroner found several dollars worth of travelers' cheques and a letter from Silver Springs, Maryland, addressed to R. G. Hill, care Southwestern Peanut Growers Association. The letter signed "Willie" was addressed to "Dear Dad," and the writer expressed the hope that he would soon be coming home. "Peanuts are not so important now as they were a month ago when I started," the writer said. "I was made to 'Mon' and 'It is too bad you can't see your flowers; they are perfect.'" In closing the writer admonished "dear dad" to take care of himself and again expressed the hope that she would see him again soon.

L. P. McGarrey of Fort Worth, who with Hill and other employes of the U. S. Agricultural department, registered at the Connellee hotel about ten days ago and had been working in the surrounding territory, said that he was with Hill at Gorman Friday and that he last saw him just before he retired Friday night at which time he appeared well and feeling good. He said he had at no time heard Hill say anything about not feeling well.

The Hammer Undertaking company, on instructions from Hill's immediate superiors in the U. S. Agricultural department, shipped the remains Saturday afternoon to Silver Springs, Maryland.

Flight Training Contract Received By Jr. College

Ranger Junior College received the new year's contract from the Civil Aeronautics Administration last week with final instructions for enrolling 20 students for a total of 40 and they are to be divided into two units of ten each.

The first unit for this student pilot training has been filled but there are still openings in the second unit for those who wish to take this work. Ranger Flying Service has new equipment all of which has been fully approved by the C. A. A. in each detail and the instructors are giving flight tests as rapidly as the students complete their physical examinations.

All who are interested in this training should report for application blanks and examination early this week as the college plans to close the second unit by Friday, October 11. Each trainee must have reached his 19th birthday but not his 26th, before October 1, 1940, and must have had at least one year of college work.

Minneapolis Votes
Down Spooner Tax

MINNEAPOLIS, Minn. — Romance should not be taxed, city officials decided after considering a plan for placing parking meters along boulevards and lake parkways frequented by automobile sponsors.

Alderman H. P. Burgum forwarded the plan as a means of gaining needed revenue for the park board's budget.

He and other aldermen abandoned the love-of-dime proposal, however after Park Superintendent C. A. Bossen argued: "We have to encourage romance, not make it an expensive luxury."

Life Goes on in London Shelter

This is the way the poor of London spend the long nights while German planes bomb their city. Most of these people are getting sleep the best way they can.

GERMAN AIR ATTACKS ON LONDON ARE BEATEN OFF BY R.A.F. COUNTER BLOWS

By WALLACE CARROLL
United Press Staff Correspondent
LONDON, Oct. 5.—Fleets of German war planes battered at London and other objectives today but suffered severe losses from a counter-attack.

Fifteen German airplanes were shot down by British fighters to mid-afternoon, the air ministry said in a communique.

British defense forces tackled the Nazi bombers and their escorts of fighting craft as they crossed the coast, battled them all the way to London, and then over the capital area.

The first waves of raiding planes were driven off but they were followed by others in formation and the fighting continued for hours.

Bombs were dropped in East London and the southeast part of England, damaging homes, a church and other buildings and causing casualties and deaths.

German formations of 20 and more planes smashed through fierce coastal anti-aircraft fire to resume their attack after a cloudy night which hampered both the British and German air forces.

At least eight German planes were shot down when about 70 bombers and fighters crossed the Kent coast and were engaged at once by Royal Air Force fighters in a three hour battle.

Three of the German bombers were shot down in flames near Ashford, Kent.

Three others were seen to dive into the English Channel.

The German formation engaged near Ashford consisted of 10 bombers escorted by 40 fighters. It was broken up quickly and the survivors headed for home. Bomber after bomber was seen to hurtle to the ground. Two Germans were seen to bale out. The others were killed when their plane broke into pieces in the air.

Anti-aircraft guns in Central London sent up a barrage during the day's second air alarm.

In a long battle over a Kent town, planes frequently skimmed rooftops. A United Press correspondent said German bombers, flying abreast, were stretched across the sky when they encountered a "tremendous anti-aircraft barrage." The planes turned back only to encounter British fighters who forced fierce fights.

"Bombs dropped inland and one fell on a shelter in which all six occupants were feared killed," the correspondent said.

During the second alarm in London a formation of nine German

planes passed over the center of the city, dodging from cloud patch to cloud patch. They were peppered by anti-aircraft guns. The planes sped on eastward but soon were followed by a formation of 20 planes, apparently British, traveling at high speed.

Residential property suffered damage during the German attack in Southeast England, a United Press correspondent near the coast reported.

"I saw one Messerschmitt crash in a field after a duel with a British hurricane," he said. "I saw another Hurricane shoot down a Messerschmitt at sea and then I saw anti-aircraft fire hit a large bomber which fell spinning into the sea."

"A Spitfire chased a German plane inland and brought it down in flames."

Several ra omfmgae-zoshsh

Several large formations of German bombers were seen flying over the coast toward London.

State Fair Opens Befor Big Crowd

DALLAS, Oct. 5.—Gates flung open today to an estimated 100,000 persons who thronged exhibit and amusement space in today's opening of the 52nd annual state fair.

Everything in agriculture and industry was presented in the fair's acres of exhibits and everything in hoopla from girl shows to glass candy stands tempted the crowds along the midway as the extravaganza gets under way for a three-weeks' stand.

Sunshine breaking through cloudy skies greeted the fair visitors, whom officials expect to total a million and a quarter before the gates swing shut for the last time Oct. 20.

Main event of opening day ceremonies was a downtown parade of uniformed groups and the selection at the fair grounds of a queen of queens.

Here are some of the attractions which thousands of workers rushed to completion for the initial day.

The National Hereford Show, with a \$25,000 prize list, largest ever to be offered at any show for a single classification of livestock.

A half-million dollars in farm implements, displayed by the nation's leading farm equipment manufacturers.

The National Plastic Show and chemurgic exposition to relate science's work in turning farm by-products into industrial use.

The Mariachi Orchestra from Mexico and the Powell River, British Columbia, Scotch bagpipe band.

And the loop-the-loops, the hot dog stands, and the girlyes of the midway.

CHILD'S DAY AT HOSPITAL

PASADENA, Cal.—The Emergency Hospital here had a "children's day." Thirteen youngsters either reported to it or were brought in for treatment within four hours. The causes ranged from falling down stairs to bumping their bicycles into pedestrians.

District Judges Urge All To Aid In Registration

Judge B. W. Patterson of the 88th district court, and Judge George L. Davenport, of the 91st district court, have issued the following statement concerning the set-up for the selective draft, for which registration will be held Wednesday, Oct. 16.

TO THE CITIZENS
OF EASTLAND COUNTY

You doubtless know that the Burke-Wadsworth Selective Service law recently passed by Congress, which has been approved by the President, requires as the first step the registration of all men between the ages of 21 and 35, inclusive. The election machinery of each State is the agency designated in the law as responsible to the Government for this registration. Governor O'Daniel has placed this responsibility with the County Judge and Commissioners' Court of our County, directing that the Election officers appointed by the Commissioners' Court to hold the coming November Election will be called upon to cooperate throughout the county on October 16, 1940, which said election officers are designated as registration boards in each voting precinct. The County Clerk, who is required under this law to distribute supplies and information to the various election officers over the County, has received instructions and in turn has distributed same among the election officers, informing them as to their duties and responsibilities. This work, as we are advised by Mr. Galloway, is progressing in a satisfactory way. The President, recognizing the voluminous, intricate, and complicated work that will be entailed by those charged with this responsibility, has requested Governor O'Daniel to appoint the district judge of Texas to act in their respective districts as members of an advisory board, with authority to appoint assistants in various sections of their districts. In keeping with this request, Governor O'Daniel has appointed both district judges of Eastland County as members of the advisory board, who are now busy organizing a corps of workers in the various voting boxes of the County to assist in an advisory way the election officials, as well as those required to register. This list, when completed, will be furnished to the public, and this advisory board will be active throughout the registration period and will furnish all information available upon request. While the local board has not been furnished with the registration blanks that must be filled out by those required to register on October 16th, it is recognized by the Government authorities that it is important that the same be accurately filled out, so as to avoid future complications; and it is urged by the Government that all who are required to register familiarize themselves in every way possible with matters about which they will be interrogated, and thus help to speed up important work. It is quite available that all the clerical help available will be needed at the various voting boxes over the County, as it is estimated that it will require from twenty to thirty minutes to register each individual; hence the magnitude of the task can be appreciated. In view of these conditions, the advisory board of your County recommends that all pub-

(Continued on page two)

R.A.F. STRIKES AS AXIS SAYS DOOM SEALED

BERLIN, Oct. 5.—The official news agency reported from Boulogne, France, today that 40 persons, including the mayor of Boulogne, were killed by British air raids in the last week on the French channel port.

The dispatch said that no military objectives were hit by the British bombers.

One church was reported destroyed and the Hospital St. Louis damaged by aerial torpedoes. Many houses in the center of the town and in the suburbs were reported damaged.

BERLIN, Oct. 5.—The axis military machine will strike the British empire at many points in a campaign designed to prevent Great Britain from having a winter rest period and to bring the enemy "inevitably to complete defeat," Nazis predicted today.

"England will be wounded at many points but it is not our part to say where or when," one informant said, commenting on the Brenner Pass conference of Adolf Hitler and Benito Mussolini.

"The enemy will not realize his hope that winter will offer a breathing spell," added the authoritative Hamburger Fremdenblatt. "He will be seized everywhere and inexorably brought to complete defeat. Since the British ruling class wanted war to the last drop of blood they must now reckon with the complete destruction of England's world political existence."

Salutes Welcome Visiting Officials

SAN ANTONIO, Tex., Oct. 5.—A 17-gun salute upon arrival today of army officials of Latin American republics opens four days of ceremonies honoring the officers, who are making a tour of the nation's defense posts.

The group, representing Bolivia, Columbia, Costa Rica, Guatemala, the Dominican Republic, Honduras, Panama, Peru and Uruguay, was expected to arrive this afternoon. They will inspect Randolph Field, and observe a review of the Second Division at Fort Sam Houston and an artillery "battle" at Camp Bullis during their four-day stay.

Army officials, stymied temporarily by protocol in connection with playing the national anthems of the nine countries, solved questions of procedure by announcing that the anthems would be played in alphabetical order by countries.

A guard of honor from Randolph Field will be assigned the visiting officers.

They will leave for Fort Sill, Oklahoma, Tuesday.

French Return To Land Once Barren

By United Press
CLERMONT FERRAND, France —One of the first results of France's crushing military defeat was a land boom. With more than 10,000,000 refugees from the northern half of the country now crowded into the small unoccupied zone, there has been a rush back to the land.

For many years, France has had a growing problem of abandoned villages, due to the trek of farm workers and farm families to the factory cities. There were thousands of villages wholly abandoned, which fell into ruin, and weeds invaded thousands of farms whose land was so poor that factory wages were more attractive to farmers. After 10 years of rest, the land has regained its lost strength.

The first attempt to repopulate the abandoned farms and villages took place at Sarlieux, on a nude plateau of the Auvergne highlands near here. In all 2,800 acres already have been reclaimed, split into 16,000 pieces of workable farmland and 2,500 new owners have been installed in six villages where after a long silence, there again is the hum of activity. The whole highlands are so poor, however, that many owners have to farm as many as 10 or 12 scattered parcels of soil.

THE WEATHER
WEST TEXAS—Partly cloudy Sunday. Little change in temperature.

Oil's First Rotary Will "Spud In" At Oil Anniversary

FORT WORTH, Oct. 5.—Oil's first rotary drilling rig will "spud in" the celebration here Oct. 31-Nov. 2 of the 45th anniversary of the birth of the Texas oil industry.

Powered by a blind mule hitched to a pole, the original rotary rig will drill again to open the anniversary convention of the Texas Mid-Continent Oil and Gas Association. The ancient rig, which was located at Corsicana by President E. L. Smith, of the association, will be set up on a vacant space near convention headquarters here and drilling of a wildcat oil test started under supervision of the rig's owners, J. E. and C. E. Rittersbacher of Corsicana. Positively no stock in the wildcat will be sold.

Making up the crews will be pioneers of the Texas petroleum industry who will don overalls again to work a "tour" apiece. Several Corsicana old-timers who either worked on Texas' first commercial oil well there, or watched it drilled, are expected to come to Fort Worth to see that the job is done right. The wildcat well will be drilled as deep as the rig and the crews permit.

The rig, built in 1883 for water well drilling in South Dakota, was brought in 1895 to Corsicana when news spread of the discovery of oil there. It was used to drill a number of oil wells at Corsicana, and was the predecessor of the rotary which brought in Spindletop field near Beaumont a few years later. Driven by a mule or horse, like a sorghum mill, the old rig is in decided contrast to a modern Diesel-powered rotary which weighs forty or fifty tons and will drill up to three miles into the earth. The original rotary can be lifted by hand.

Other pioneer pieces of equipment used by Texas oilmen also will be on exhibit at the convention, Mr. Smith said. Talks by national petroleum leaders and discussion of current industry problem will make up the convention program, while entertainment will include a golf tournament, dinner and dance and several receptions.

Decision Delayed On Reduction Of Texas Production

AUSTIN, Tex., Oct. 5.—Chairman Lon A. Smith of the Texas Railroad Commission said today that a decision has been deferred upon the question if Texas shall order a new reduction in oil production or order a statewide hearing on the topic.

Possibility of a reduction order was announced by Smith yesterday upon reports that permits for field increases to meet market demand had been followed by complaint that in at least one instance the extra oil was being shipped and sold at cut prices below similar oil in other fields.

As computed by Texas officials the Texas production this week was 84,334 barrels daily in excess of the market demand reported by the Federal Bureau of Mines.

Published oil reports showing Texas up last week and down this week were explained to be due to using periods which in the former week included one shut-down day compared with three this week.

There are nine shut-down days monthly. One is placed on the last day of the month for convenience of computing monthly runs of pipe lines.

U. Of T. Library Is Larger In South

AUSTIN, Texas—Racking an increase of 26,117 over last year, the University of Texas Library now counts 639,732 volumes—enough to maintain its long-held ranking as first college library in the South, Donald Coney, librarian, said today.

Turbulence of world conditions during the year proved a considerable obstacle to the growth of the library, Coney remarked, as about one-fifth of the books bought in a normal year are foreign publications. Of the European countries, England alone kept its book trade channels open.

Among the past year's acquisitions were 6,375 gifts.

The library's circulation record was broken during the year as 1,088,256 volumes were borrowed, registering a gain of 1.2 per cent over the 1938-39 mark. It was the second consecutive year in which the million mark had been passed.

German Citizen Held for Dies

Dr. Frederick Ernest Auhagen, held in Los Angeles on charge of expressing obscene literature. F. B. I. agents say arrest was made to detain Auhagen in this country for appearance before Dies investigators.

RNA DISTRICT MEETING HELD ON THURSDAY

The Oil Belt District convention of the Royal Neighbors of America was held in Ranger Thursday, with a good crowd of delegates present. Registration began at 10 a. m., followed by the rally songs, after which the district president, Mrs. Mable Southers of Ranger was introduced by Mrs. Carrie Henry, district deputy. This was followed by introduction of state and district officers.

Invocation was pronounced by Rev. H. B. Johnson, pastor of the First Christian Church of Ranger and the welcome address was delivered by Mayor Hall Walker. Response was by the state supervisor, Mrs. Eva Huskey.

Talks were made by Rev. David M. Phillips, pastor of the First Baptist Church of Ranger; Mrs. Myrtle Carter, Abilene; Mrs. Ora Baldwin, Fort Worth; Mrs. Edna Bingham, Fort Worth; Mrs. Martha White, Breckenridge; Mrs. Maude Marlow, Monahan; Mrs. Brown of Abilene and Mrs. Carrie Henry, Ranger.

These talks were followed by songs and a special birthday song for Mrs. Carrie Henry who celebrated her birthday, Oct. 4.

The group, upon invitation of Mayor Walker, visited the Ranger NYA shops.

In the afternoon the Ranger camp opened the camp, with the Ranger team in the chairs. Two candidates were taken into the order. They were Mrs. Gladys Farmer of Fort Worth and Mrs. Luellyne Butler, Ranger.

Election of district officers was held in the afternoon. Those elected were Mrs. Smith, Breckenridge, president; Mrs. Brown, Abilene, vice president; Mrs. Martha White, Breckenridge, secretary-treasurer; Mrs. Stinebauer, Graham, chancellor, and Mrs. Taylor, Breckenridge, marshal. The next district convention is to be held in Breckenridge.

The Abilene camp was added to the Oil Belt District at the business session.

A program was held in the Recreation Building in the evening, following a banquet at the First Methodist Church of Ranger.

Long War Seen Because of Dakar

AUSTIN, Texas.—On the British-Free French defeat at Dakar, a University of Texas historian today gave a "long war" prediction.

Dr. M. R. Gutsch, professor of English history at the University, drew two conclusions from the action at Dakar: (a) English forces were strong enough to take the offensive momentarily; thus strong enough for a sustained defense of England; (b) They were defeated; thus still far distant from taking the upper hand in prosecution of the war.

"The Dakar incident," Dr. Gutsch pointed out, "is bound to have some effect on British morale. It is a definite setback not only to military forces involved but also to the prestige of General Charles de Gaulle and Winston Churchill."

Daily production trend this week: Texas, 1,186,800 barrels, off 329,425; California, 600,200, up 12,300; Oklahoma, 416,100, up 12,175; Illinois, 856,700, up 7,700; Louisiana, 285,800, up 1,700; Kansas, 191,150, off 2,400; New Mexico, 99,500, up 300; Eastern States, 90,300, up 200; Mountain States, 97,900, up 2,950; Michigan, 50,500, off 750; Arkansas, 70,500, off 2,400; Indiana, 17,700, off 200; Mississippi, 19,300, off 3,550; and Nebraska, 1050, up 800.

SECRET PART OF AXIS PACT HITS BRITAIN

By FREDERICK KUH
United Press Staff Correspondent

LONDON, Oct. 5.—A high diplomatic source—neither British nor Chinese but vitally interested in the Far East—reported today that the new triple alliance joining Japan to the Rome-Berlin axis contains secret clauses setting forth Japan's potential gains in the Orient and tentatively providing for Japanese entry into the war against Great Britain.

This source expressed belief that Germany, Italy and Japan would deny existence of any secret clauses, but other foreign diplomats and Far Eastern experts who were questioned on the subject said that there was reason to credit the reported arrangement.

It was suggested that Adolf Hitler and Benito Mussolini, at their Brenner Pass meeting, sought to determine a definite date for a "triple blitzkrieg" against the British Empire in Europe, Africa and the Far East with the aid of Japan and to agree on its tactical aspects.

The alleged confidential provisions of the triple alliance were described as follows:

1.—Germany and Italy agree—assuming they are victorious—to use their influence to facilitate Japan's annexation of the Dutch East Indies and of French Indo-China after the war.

2.—Germany and Italy express readiness to mediate peace between Japan and China in a sense favorable to Japan. It was recalled that in 1938 the German ambassador to China made such an attempt in vain.

3.—Germany promises to exercise to the fullest extent her diplomatic and political influence to pave the way toward a friendly understanding, including a non-aggression pact, between Japan and Soviet Russia.

4.—A tentative date is fixed for Japan to enter the war against Britain and participate in the "triple blitzkrieg" by striking in the Orient while Germany intensifies its blows against Britain and a combined Nazi-fascist offensive is launched in Egypt and the Near East.

It was said that the impression prevails here that China might be ready to accept German mediation of the war with Japan if Britain continued to keep closed the Burma Road, over which war supplies move to Chungking.

The British, however, are scheduled to re-open the road on Oct. 17 and as a result of this, as well as of further prospective British and American aid to China, the Chungking government is expected to continue the war.

Diplomats here continued to believe that in the long run the new triple alliance might be directed against Russia. They argued that Japan can offer Russia no important advantages and that the Soviet has a "community of interest" with the United States and Britain in the Orient rather than with Japan.

Oil Production Brought In Line By Texas Decrease

HOUSTON, Tex., Oct. 5.—National crude oil production, at 3,483,500 barrels daily, was brought sharply into line for the week ending today by a 329,425-barrel drop in Texas fields, the Oil Weekly reported.

Daily average output this week was 300,100 barrels below the figure for last week, although most of the states outside of Texas showed increases, the trade magazine said. Production was 97,100 barrels daily below the U. S. Bureau of Mines estimate of market demand for October.

With only one shutdown of fields last week, Texas had an increase of 200,650 barrels daily. Three shutdown days this week however was responsible for the big drop.

Daily production trend this week: Texas, 1,186,800 barrels, off 329,425; California, 600,200, up 12,300; Oklahoma, 416,100, up 12,175; Illinois, 856,700, up 7,700; Louisiana, 285,800, up 1,700; Kansas, 191,150, off 2,400; New Mexico, 99,500, up 300; Eastern States, 90,300, up 200; Mountain States, 97,900, up 2,950; Michigan, 50,500, off 750; Arkansas, 70,500, off 2,400; Indiana, 17,700, off 200; Mississippi, 19,300, off 3,550; and Nebraska, 1050, up 800.

Respecting America's 'Big Stick'

To the world at large, America's insistence that it be left to pursue its own democratic way of life is no longer empty chatter, broadcast only to bring courage to the faltering hearts of United States citizens.

Appropriation of 15 billion dollars for defense and conscription of our manpower is at last beginning to convince some people that we mean business when we declare that the United States will not succumb to the kind of political policy that has already been imposed on weaker nations, less prepared than the United States intends to be.

We shall have more than a wooden gun and a prayer in our hearts when the test comes.

Indicative of the high regard the outerworld places on American military precautions is the warning expressed in Tokio recently by the authoritative newspaper Asahi. The United States, this organ proclaims, has finally passed the stage of paper plans and has embarked on a program of working reality.

Part of the recent activity on the American continent, the paper concedes, must be laid to the growing tension in the Pacific.

"We must be concerned because the words and actions of the American government and the American intelligentsia are growing more and more anti-Japanese and they are made against the background of huge armaments," the journal comments.

Japan knows, as every other nation and every American citizen knows, that America's military machine will not be brought into use against any foreign power unless there is adequate reason for doing so. Preparedness in the United States means exactly that. The American people have a genuine horror for aggression. They will never permit their armed forces to engage in that kind of war.

It is enough that Americans' desire to live an honest, free and peaceful life should be sufficiently supported by arms and power to guarantee that kind of existence.

In a world where gups and cannon have suddenly become the supreme test, the United States has shown it is ready to compete.

A seven-ton stone-crusher stolen from a Michigan gravel pit is enough to make the deed weigh heavily on anybody's conscience.

Travel agencies could make much of the fact that men in the Ovimbundu tribe of South Africa must never speak to their mothers-in-law except through the walls of a hut.

STEPHENVILLE WINS EASILY FROM RANGER

At Stephenville Friday night the Ranger Bulldogs played a better game than they did the week before against Odessa, and better than they did two weeks ago against Ysleta, but it was still not good enough, as they lost to the Stephenville Yellow Jackets by a score of 50 to 0.

The game brought the total points scored against the Bulldogs to 159 to 0, an all-time record for the first three games of the season. The records show that at the same time in 1935, when the Bulldogs had such a disastrous season, the score stood 122 to 0; in 1936, another bad year, it was 99 to 0; in 1937 it stood 129 to 25; in 1938 it was 78 to 8 in Ranger's favor and in 1939 it was 26 to 13 in Ranger's favor, the 13 points being scored by the Stephenville Yellow Jackets.

The Bulldogs held the strong Yellow Jackets well until the last minute of the first quarter, at that time the score being 0 to 0. But that famous old passing combination that has dealt out misery to many a team in the Oil Belt, Whiteacre to Welch, clicked, with Welch going over for the score.

From there on out it was all Stephenville, with the score piling up until at the end of the game the score stood 50 to 0 in favor of the Jackets.

Although the Bulldogs showed considerable improvement, both on the defense and on the offense, they were pitted, Friday night, against the strongest team they have met this season, and possibly the strongest team they will meet this year, even though all other teams in the Oil Belt are rated high.

District Judge

(Continued from Page 1).

lic schools over the County and County and Municipal government departments be closed for the one day, October 16th, and that the teachers and employees, not disqualified, of the various departments be requested to volunteer their services for the entire day, to report to their voting precincts for service.

May we urge that when this is done, such teachers and employees take it upon themselves, individually, to contact the officers in charge and make known their willingness to serve without compensation. This is necessary and essential that the work of registration be completed on the day designated, and your advisory board appeals to the patriotic citizens of this County to cooperate in every way possible to the end that this work, which is so vital to our nation, be discharged properly and efficiently.

B. W. PATTERSON, Judge, 88th District Court.
GEO. L. DAVENPORT, 91st District Court.
ADVISORY BOARD.

Times Have Changed Flier Asks Direction

By United Press

IONIA, Mich.—Things have certainly changed on the farm, Mrs. Esther Leach, Orleans school teacher, will tell you.

Recently she answered the door bell and found a man inquiring about the route to Ionia, eight miles away. She gave the directions and watched to see where he had left his automobile. Instead of walking toward the road, however, the man calmly stepped behind the barn, climbed in his airplane in the field and flew away.

sugar at the beginning of the cooking period to retain the shape and keep the pieces whole.

Gorman, Eastland Play Scoreless Game At Eastland

Eastland and Gorman, 12 A teams, battled to a scoreless tie in a conference game on Welch Field in Eastland Friday afternoon. The game, formerly scheduled to be played at Gorman, was transferred to Eastland on account of work that was in progress on the Gorman field.

O'Neal, acting quarterback, Hart, acting captain, and Bagley were the outstanding players for the Mavericks.

Gorman made only one feature play, an end run netting 35 yards.

The only scoring threat during the game came when Eastland held the ball on the Panther's one foot line, first down and goal to go, as the half ended.

The second half of the game was played in a seesaw manner with no goal line stands made.

Eastland made 12 first downs to Gorman's 3.

Brotherhood Will Meet Monday Night

The regular monthly meeting of the Baptist Brotherhood will be held at the First Baptist Church of Ranger Monday evening, it was announced Saturday by Rev. David M. Phillips, pastor of the church.

A good program of talks and music will be presented and a good meal has been promised. All members of the Brotherhood have been invited to attend.

Singapore Censors Faced With Problem

By United Press

SINGAPORE.—Postal censors in Singapore work in 41 languages—22 European and 19 Asiatic.

The languages of the Far East are most widely represented among the staff which censors correspondence from the cosmopolitan community of Malaya. Those most used are Malay, Chinese, Japanese, Javanese, languages of the Philippines and Arabic.

The numerous Indian dialects have created special problems for the censors.

Prisoners in federal reformatories receive aeronautical training, and no cracks about preparing them to fly the coop.

Take a BIG look at the BIG new FORD!

THE 1941 Ford is the biggest car that ever rolled off the assembly line of the world-famous Rouge Plant!

Not just a new front end—but a **completely new body!** Built on a **longer wheelbase.** New wide doors. Semi-concealed running boards. As much as **seven inches added seating width** inside! Windshield and windows so broad and deep they give as much as **33% more glass area.**

When you've seen its size and admired its beauty—take the new "boulevard" ride in this new Ford. **Step away faster,**

with improved acceleration. A **newly designed stabilizer** eases steering... helps the ride... maintains balance on the curves. New soft springs work more slowly, gently. Improved shock absorbers smooth the going!

Only the Ford way of doing business could provide so much comfort, reliability and economy at low Ford prices. Any Ford dealer will be **proud** to show you this big car.

Then see how little it costs to trade your present car. No matter how you look at it—the 1941 Ford means a **good deal!**

THE GREAT FORD ROUGE PLANT provides the finest manufacturing facilities in the world. Here the genius and experience of Henry Ford, plus the efficiency of Ford engineers, produce quality cars in huge volume to sell at a low price with small profit—so that when you buy a Ford car, you get value far above the price you pay!

Get the facts and you'll get a FORD!

PRESBYTERIAN CHURCH
"The Little Church With a Big Welcome"
Clarence C. Elrod, Pastor
Church services will be conducted at this church both at the morning and evening hour this Sunday. You will find spiritual help in attending God's House on the Lord's Day. The promise from God's Word is that "they that wait upon the Lord shall renew their strength . . ." (Isaiah 40:31). It is only when we worship the Lord and meditate in His Word that our spiritual strength is renewed. Christ has the answer to every one of your problems. Come with us and let us hear what God has to say.
Services Sunday

10:00 a. m. Bible School. Every one ought to come and study God's Word.
11:00 a. m. Morning Church service. At this hour the annual World Wide Communion Service will be conducted. Members of the Presbyterian Church in this country, as well as the Christians of the sixteen foreign countries where our church is carrying on Missionary work, will take part in this communion service by observing the Lord's Supper on the same day. We trust that this service will be a blessed experience and all members of this church and other Christians are urged to be present.
7:30 Evening Bible Hour. Congregational singing followed by a helpful Bible message by the pastor. Christian truths will be clearly presented to those who want to know.
Each Wednesday night at 7:30 the pastor is conducting a Bible Training Class. Studies in the Book of Romans now being given.

FIRST METHODIST CHURCH
G. Alfred Brown, Pastor
9:45 Church School.
10:55 Morning Service. Today has been designated as World Wide Communion Sunday by the Federal Council of Churches in America, and by the World Council of Churches, with headquarters in Geneva, Switzerland. In keeping with the occasion, the choir will sing the anthem, "The Twenty-Third Psalm" with Arthur Deffenbach and W. D. Craik taking the solo parts. The pastor will preach on "Broken Barriers", and the Communion of the Lord's Supper will be observed.
6:45 Senior and Intermediate Epworth Leagues.
7:30 Evening Service. The general theme will be "The World For Christ." The service will include the vesper hymn, "Sun of My Soul," by the Young People's Choir, "When the Whole World

Lives for Him," by Lillian Ruth Carter and the congregation, and "Whispering Hope," by The Melody Girls. The pastor will preach on the subject, "The World for Christ."
The Woman's Society of Christian Service will meet Monday at 3:00. Young People's Choir Practice, and the meeting of the Board of Stewards, will be Monday at 7:30. Mid-Week Service is Wednesday at 7:30. Regular choir practice is Thursday at 7:30.
There is a cordial welcome for all who will come.

Society Notes

Mrs. Johnson Hostess To Winsome Class
The Winsome Class of the First Baptist Church met Thursday evening at 7:30 o'clock in the home of Mrs. J. D. Johnson for the monthly social and business meeting.

Following the social hour in which various games were enjoyed an election of officers was held and the following were selected to serve the class for the coming year: president, Mrs. Tom Hicks; first vice-president, Mrs. James Adkins; second vice-president, Mrs. Gale Towne; third vice-president, Mrs. O. R. Mills; fourth vice-

president, Mrs. Arlie Carver; secretary, Mrs. Rankin Britt; assistant secretary, Mrs. R. L. Adkins, and reporter, Mrs. W. W. Simpson.

At the close of the meeting refreshments were served to the following: Meses. Delbert Capps, Jeff Rawls, Tom Hicks, Gale Towne, T. L. Barton, James Adkins, O. R. Mills, R. L. Adkins, W. W. Simpson, Miss Jane Branton, Mrs. Curtis Ringold, teacher of the class. Mrs. Johnson was assisted in entertaining by Mrs. Arlie Carver.

Child Study Club To Meet Thursday
The Child Study Club No. 2 will meet Thursday afternoon at 2:30 in the home of Mrs. Preston Burks. Mrs. Luther Roberts will assist the hostess.

Mrs. Onis Littlefield will be leader of the program. Mrs. J. D. Johnson will talk on "Children's Greatest Hazard—Fire." Mrs. C. E. Maddocks will give a talk on "Texas Congress Birthday."

Mrs. Hagaman Elected District Secretary of W.S.C.S.

At the organization conference of the Woman's Society of Christian Service of the central conference of the Methodist church held in Waco this week, Mrs. M. H. Hagaman was elected secretary of the Cisco District. Mrs. Hagaman replaces Mrs. Edward Sneed of Dublin who has served the past four years.

1920 Club to Present Mr. Priesing in Recital
The 1920 Club will present Mr. Elwood R. Priesing, head of the fine arts department of Ranger Junior College, in piano recital on Monday evening, October 14, at the Recreation building.

Mr. Priesing in planning his program has included numbers, most of which, have been requested by patrons of the department, and it is felt that the program will be of interest to Ranger and surrounding cities.

The public is invited to attend this musical event.

O. E. S. Invited to Cross Plains, Cisco

The Ranger chapter of the order of the Eastern Star has received an invitation from the Cross Plains chapter to be their guests on the evening of Oct. 7. The meeting will be held at 7:30 o'clock in the Masonic hall. The Ranger chapter has also received an invitation from the Eastland chapter to be their guests on the evening of October 11, at 7:30 o'clock in the Masonic hall.

All members from the Ranger chapter are urged to attend both meetings.

Fidelis Matron's Class Has Luncheon and Installation

The Fidelis Matron's Class of the First Baptist Church met at the church Friday at 12:30 for a covered dish luncheon and installation of new officers.

Following the luncheon Mrs. Frank Hicklin gave the installation address and the following officers were installed: president, Mrs. Eugene Tucker; first vice-president, Mrs. J. L. Richardson; second vice-president, Mrs. Jack Terry; third vice-president, Mrs. C. A. Strong; fourth vice-president, Mrs. C. L. Jackson; secretary, Mrs. C. W. Blacklock, and treasurer, Mrs. R. H. Snyder. Mrs. W. L. Jackson is teacher of the class.

Before the closing prayer,

BEING THANKFUL

Do you know all the things to be thankful for?
A rose on a garden wall,
Here and there a wood-chuck-chuck;
And even a whippoorwill's call.

Do you know all the things to be thankful for,
The sky and the streams and the flowers?
If I told all the things I'm thankful for, it would take me,
Hours and hours.

The mountains all scattered, the plains, and the rills,
The meadows in cow-slip are flavored with dew,
The echoes so harp like they fill you with thrills,
To us in America war is quite new.

We'll thank God for the peace and the quiet and all.
And take him our wants, our hopes and our fears,
I'm sure he will always answer your call.

And tell all the folks that grumble at peace,
Or otherwise grumble at war,
Don't look for your troubles, it does you no good,
But see what you're thankful for.

Betty Gean Cook,
Ranger High School.

Deep Sea Diver To Speak Here Mon.

Captain Art Hook, famous deep sea diver, will be in Ranger Monday and will speak in the high school auditorium at 8:00 p. m. on "Down In Davy Jones' Locker."

This will be the first Lyceum number of the year for Ranger schools and Ranger Junior College.

Captain Hook has made over 7,000 trips of the floor of the ocean, and has walked 600 miles on it. He has recovered 17 bodies and has saved many from drowning. He is the only man ever to battle an octopus and recover the body of a drowned man. He tells many thrilling stories of grappling with deep sea monsters of strange were in Fort Worth, Saturday to attend the reunion of the 36th Division.

Mrs. Maggie Masters, Mrs. Jewel Green, Mrs. Mamie Hall, Mrs. M. A. Skinner and Mr. F. U. Arrendale attended the Geo. W. Taylor funeral in Strawn, Wednesday.
