# Patrons Invited To Assembly Programs

A very special invitation is extended to all patrons of Ranger's Junior High School and Senior High School to attend three outstanding assembly programs that have been arranged as a part of Public Schools Week, it is announced by Principal Charles Garrett.

On Thursday morning at 10:30 the pupils of Junior High School will put on a specially prepared assembly program to which all parents of Junior High children are invited. This program is also open to all other school patrons in Ranger who wish to attend.

## Many Big Catches Are Reported From Lake Camps

Many nice strings of fish were reported from the lake camps this week as fishermen had another field day at Lake Leon.

At Frank & Earl's Lodge, Pete Wright and Buster and John Crabtree of Kermit, caught 16 crappie weighing 21 pounds, using minnows. Largest crappie weighed 2 1/2 pounds.

Also at Frank & Earl's Curtis Lane and Ed Shaw of Fort Worth caught 25 bass bait casting. The string weighed 29-pounds, the largest weighing 3 3/4 pounds.

At Chock-A-Block C. F. Price, Stewart Huffler and Pete Medlin of Mineral Wells caught 10 bass weighing 14 pounds, casting. Largest bass weighed 4 pounds.

Also at Chock-A-Block, A. G. Sanders of Graham caught 5 bass weighing 8 3/4 pounds, the largest being 2 3/4 pounds.

At Lake Leon Lodge J. W. Starket caught one bass that weighed 5 1/2 pounds, and 16 crappie that weighed 30 pounds, fishing with minnows.

Also at Lake Leon Lodge, Lola Wilcox, Dick Wilcox, and Mr. and Mrs. R. L. Bratton of Ranger caught 27 crappie that weighed 54-pounds.

Drew Ashburn of Fort Worth, fishing at Lake Leon Lodge, caught 9 bass and two crappie weighing 21 pounds, the largest being a 2-pound bass.

Mr. and Mrs. C. A. Carrol of Ranger, fishing at Lake Leon Lodge, caught 22 crappie that weighed 39 1/2 pounds, fishing with minnows. Largest was 2 1/2 pounds.

G. A. Nelson, Alex Lynch and Lee Holley, of Fort Worth, fishing at Lake Leon Lodge caught 2 bass and 6 crappie for a total of 11 pounds.

Mr. and Mrs. Don Ryan of Fort Worth, fishing at Lake Leon Lodge, caught 5 bass and 2 crappie weighing 9 1/2 pounds, the largest being 2 1/2 pounds.

(Continued on Page 2)

Principal Garrett said. It will be an interesting program and all parents, especially, are urged to be present.

On Friday of this week there will be two assemblies, according to Principal Garrett. The first will be held in the High School Auditorium at 10:30 when members of the Junior Class will present a skit of their annual class play, "Rest Assured" which is to be staged in full Friday night. The play is a ghost story, and the juniors are especially proud of it. The skit will give some idea of what the play is like, and all are invited to see it, Friday morning at 10:30.

On Friday afternoon at 3:15, also in the auditorium, the Senior Class will put on a program when the Senior Concert Band gives a concert. This is quite an outstanding organization and everyone will enjoy hearing this musical group. Selections to be played include Bravura March; Enchanted Prince, an overture; Shortening Bread; Dry Bones; Goofing, a novelty arrangement; Green Door and Tenth Regiment March. Seniors invite all their parents and other patrons to attend this special assembly.

Meanwhile all parents, while they are in the schools, are extended a special invitation to visit any or all classrooms and actually attend a class.

The entire Public School System in Ranger, from the first grade through Senior High, is open for visitation, and teachers, students and all administrative personnel are ready to extend a welcome to everyone who calls during the week.

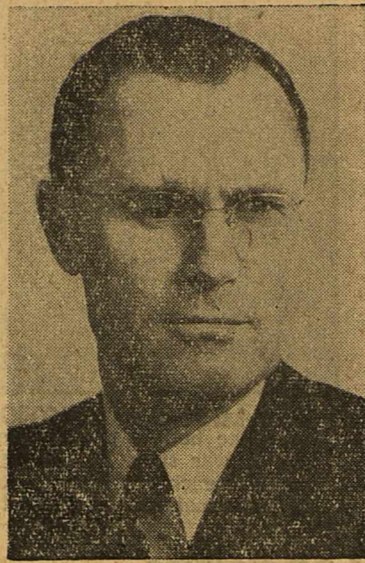

## Open House for New Kitchen Set for RHS

Ranger school patrons are invited to visit the new kitchen at High School next Thursday and Friday which have been set aside as visitation days for Junior High and Senior High School during Public Schools Week.

This invitation is extended by Mrs. Richard Henderson, Home Economics instructor, who said all patrons would be served cookies and coffee when they visited the new kitchen. It will be the first Open House and public inspection held of the new kitchen since it was completed last summer.

There is still a small amount of work to be completed in the cooking headquarters, but for the most part, the kitchen is complete now, and is being opened to the public for the first time. The entire Home Ec Department will be open for inspection, it is said.

## City Candidates

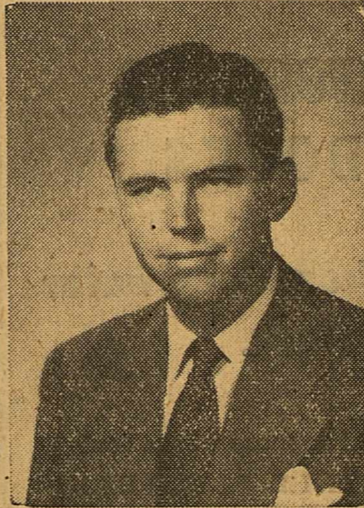

W. F. CREAGER  
... for Mayor

H. E. ANGUS  
... for Place No. 1

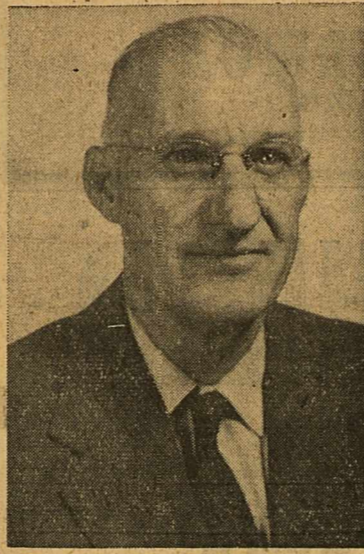

BUCK WALLACE  
... for Place No. 2

C. E. MAY, JR.

A. P. THOMAS, JR.  
... for Place No. 4

A. H. WILLIAMS  
... for Place No. 4

## Williams Last to File As Deadline Passes

# Tickets Complete With One Contested Place

## Insurance Co. Opens District Office Here

Ranger this week welcomes to the city the American National Insurance Company which is opening its district offices on West Main Street next door to Dr. M. E. Jolly, Optometrist.

J. W. Daskevich, Jr. of Ranger, is in charge of the office which has heretofore been located in another city.

The American National enjoys

a good business spread over a wide area surrounding Ranger and has many valuable clients in all the towns and cities in Eastland County and adjoining counties.

Daskevich and his staff extend an invitation to everyone to visit them in their new district offices here which are now in the process of being opened.

## C of C Committees Meet Tonite at 7:30

## E. E. Crawford In Hospital Following Heart Attack Fri.

E. E. Crawford, long-time Ranger druggist, is in West Texas Clinic this week following a heart attack suffered last Friday morning.

Crawford is said to be progressing satisfactorily but he is being kept under oxygen for one-hour periods and out for two-hour periods, and is not being allowed company. Dr. Truman Terrell was over from Fort Worth to give him a check-up last Friday following the attack.

Crawford complained of a not feeling well last Thursday night, but went to work Friday morning just the same, before suffering the attack later in the day.

Chamber of Commerce directors, all committee chairmen and all members of all committees, are reminded of the meeting tonight at Ranger Junior College cafeteria beginning at 7:30.

Program for the entire year has been largely completed, and will be submitted for adoption. All committee assignments will be made in accordance with how the new program fits in with each committee's functions.

President C. B. Pruet said the session tonight would be strictly business with a minimum of speech-making. The new program will, of course, be open for discussion and revision, and it contains enough work for all committees to be given an ample share in it.

The president and board of directors are anxious that final assignments be made so all committees can settle down to work with a definite program ahead.

Coffee and cookies will be served, it is said.

With passing of the deadline for filing, which was midnight Saturday, March 2, no other candidates filed for the offices of Mayor and City Commissioner after A. H. Williams submitted his name as a candidate late last Friday evening.

Williams filed for Place No. 4 which makes that office the only one to be contested in the April 2 election. A. P. (Pat) Thomas had previously filed for the post on January 11.

Others in the race who filed on January 11 include W. F. Creager, candidate for Mayor; H. E. Angus, candidate for Place No. 1; Buck Wallace, candidate for Place No. 2, and C. E. May, Jr., candidate for Place No. 3.

All those filing on January did not file as a slate but as individual candidates. It is assumed that each candidate will have a statement to make sometime before voting takes place on April 2, at which time citizens will also vote on a United States Senator to fill out the unexpired Senate term of Governor Price Daniel.

A 1957 spring and summer model poll tax or an exemption will be required of all voters, together with one year's residence in the state and six months' residence within the county and precinct.

## Only Civic Committee Of Garden Club Meets

Only the Civic Committee of the Garden Club, not the full club, will meet with the Civic Committee of the Ranger Chamber of Commerce next Friday night, it is announced by Mrs. R. L. Hamrick, president. The Times indicated that the full club would meet, but did not intend to do so, as it is the Civic Committees only of each organization. Both Civic Committees are urged to be present.

## WEEK-END GUESTS

Mrs. Etrura Glenn had as weekend guests her two daughters and their husbands, Mr. and Mrs. Raymond Hart of Andrews and Mr. and Mrs. Edwin Boatman of Austin.

## WHAT'S... COOKING?

By NORMAN WRIGHT

In-as-much as attention is being focused on the Public Schools this week, have you people in Ranger ever stopped to notice how far ahead the schools of this city usually stay in front of other schools you read about?

Many things are already included in the program here that other schools are striving to attain. For example, there are the courses in Driver Education. Everybody in this country from the President on down has said that Driver Education in the Public Schools is the best method known to reduce the death rate on the Nation's highways.

Schools everywhere are trying to initiate this program, while it is already as much a part of the Ranger program as eighth grade English.

There is also the matter of Salk Polio Inoculations for school children. While most other schools are in a big fight on how to go about administering these shots, and are carrying on running arguments with the medical societies, Ranger goes ahead and gets the job done with no more fan-fare than taking off for lunch.

Even in the matter of integration that has split communities apart from one end of this country to the other, Ranger had a few Negro students that had gone as far as they could go in the Negro school here so they just picked up their books and went on to the white school with nobody ever missing a step.

Many, many instances could be pointed out emphasizing the advance steps already in effect in the Ranger Public Schools and the citizens of this area have every reason to be proud of the management behind the schools that is causing them to run so smoothly. The Ranger Public Schools represent one of the biggest businesses in the city, and the system is a shining example of efficiency that could well be a standard for any other system to follow.

This is the week when the schools are holding Open House, and all of us should show our appreciation and interest by visiting one or all of the schools any time this week and accept the hospitality they have extended.

The Legislature is getting ready down at Austin to double the tuition in all state colleges and universities.

Now this column admits to being dumb. On some subjects you could look far and wide and not find anybody any dumber than us. But we never will be able to understand why it is that Texas University, which is the richest college on earth, should charge Texas boys and girls any tuition at all.

With all the public lands that the University of Texas owns, and all of the tidelands revenues— (Continued on Page 2)

## Eastland Co. Has 29 Active 4-H Clubs

Assistant County Agent Governor Price Daniel has signed a proclamation naming March 2-9 as 4-H Club Week. This week will give every 4-H member another opportunity to dedicate himself to the ideals embodied in the 4-H club motto "To make the best better."

The 29 4-H Clubs of Eastland County are a part of the national agricultural Extension Service of the United States Department of Agriculture, in cooperation with the Texas A.&M. College System. 4-H clubs are organized to help members to become better citizens in a democracy by teaching them how to work and play together, by guiding them in the solving of their problems and those of the home and community, by giving them an opportunity to learn better methods of farming and homemaking, by encouraging them to pass on better methods along to others, and by giving them an understanding and appreciation of country life.

The members of the 4-H clubs of Eastland County are given an opportunity to participate in many and varied activities. Each year during the summer a 4-H camp is held which gives members opportunities for leadership and recreation. A clothing workshop and dress review will give girls an opportunity to show and develop

their skills in this field. All during the school year other activities are going on such as 4H contest, which are a high light of the 4-H program. This year it is hoped that more 4-H members than ever can participate in this important phase of 4-H. Each year the 4-H girls of this county stress two main fields of home economics such as bedroom improvement, gardening, family life, landscaping or homestead improvement. This year foods and nutrition and clothing is being studied. At the regular club meetings of the month and through the county 4-H members are given an opportunity for leadership training which develops the 4-H club members ability to analyze situations and work toward solutions. Special officer training schools are also held in the county each year.

The members of the boys 4-H clubs are given an opportunity to participate in the following in addition to some of the things listed above: the Sears Roebuck Turkey and Swine Program, the Dairy Youth Program, and the Kincaid Turkey Program. Another thing the boys participate in is hybrid seed corn plots in which each boy participating sets enough seed to plant one acre of corn. The (Continued on Page 2)

## Status Of Main Bills In Legislature Given

Herewith is a quick run-down on the status of Main Bills in the Legislature which we think will be of interest to many readers as the Lawmakers go into the second half of their session this week. By reading this summary you will be brought right up-to-the-minute with the proceedings.

The egg-grading bill passed the House and is ready for Senate action.

HB 433—on workmen's compensation—no hearing has been set as yet.

The bill to double tuition in state colleges and universities has passed the House and has been referred to committee in the Senate.

HJR 13 to provide for state advertising for tourist and industry is set for a hearing by the House subcommittee on constitutional amendments 9 a.m., Mar. 5.

The proposal to redistrict county precincts has been sent to subcommittee.

The ethics bill has been reported out favorably by the House subcommittee and the lobby control bills have been sent to a House Staff Affairs subcommittee.

All hearings have been concluded on Senate and House bills on longevity, pay and hours for policemen and firemen and have been sent to subcommittees.

SB 89 has been passed by the Senate—to provide for Thanksgiving on the fourth Thursday in November every year—no action in the house.

On proposal for State Loan Program to aid local school building, no action has been taken on House bill. Resolution urging Texas congressional delegation to oppose Federal Aid for Education passed House this week, 115 to 16.

SB 244 to allow irrigation without permit from 200 acre foot reservoirs (which can be built for flood control without state approval)—no hearing set.

HB 468 to create White River Municipal Water District for Spur, Crosbyton, Ralls and Post, set for hearing by House committee 2:30 p.m. on Monday, March 4. Same as SB 256 which has passed Senate committee and is on calendar in Senate.

SB 259 creating North Central Texas Water Authority for Goree, Haskell, Knox City, Munday, Rochester, Rule and Seymour for construction of dam and reservoir on Miller Creek set for hearing in Senate committee at 2 p.m. Tuesday, March 5. Same as HB 494 which has been reported out favorably by House committee this week.

SB 126 to declare it illegal to divert waters released from upstream storage for downstream users is on Senate calendar. Same as HB 249—on hearing yet.

HJR 3 (SJR 2)—providing for \$200 million for assistance to local government units in construction of water storage projects, is read for Senate floor action on March 5. Differences between two bills will probably be cleared in conference committee.

SB 3 (HJR 161) passed in House, reported out of Senate committee for Senate action. Enabling legislation for financial assistance plan.

SB 4 has been reported favorably by Senate committee. Same as HB 190 on which no action has been taken.

The bill providing for cancellation of unused portions of water permits and certified fillings to use public waters (with an exception for waters already stored in reservoirs) has passed the House, passed the Senate this week and has been sent to the Governor for signing.

**GO IN TURKEY BUSINESS**—These boys and girls are shown just after receiving almost 100 turkey poultts each as a gift from Kincaid Feed and Turkey Hatchery in Eastland. The turkeys were distributed as a part of the Kincaid turkey program in Eastland County. On the front row, from left to right, are Larry Duncan, Gene Snyder, Jimmy Hart, Roger Woodall, Kathryn Caraway and Loresta Love. Back row are Curtis Boase, assistant county agent, Larry Anderson, Poland Ziehr, Joel Graham, Kurt Clark, Jerry Yancey, Ray Woodall and Aubrey Kincaid. (Staff Photo).

## Fourteen 4-H Club Boys, Girls Win Turkeys In Essay Contest

Fourteen 4-H Club boys and girls were winners in the 1957 essay contest for turkey poultts given by Kincaid Feed Store and Hatchery on March 1.

Each 4-H member received 96 poultts of the Beltsville and Evergreen White Breed.

The obligation of the 4-Hers' is to properly feed and care for the turkey poultts until they are ready for market and are required to show three hens and three toms at the Dallas Fair this fall.

The Kincaids have sponsored this program for three years. The Agriculture Agents have cooperated to help make this program a success for the 4-H members involved in the program.

In 1955 and 1956 the 4-Hers' have done a very good job with their turkeys received from Kincaids. Sixteen of them have show-

ed turkeys at the Dallas Fair receiving a total of \$520 auction and prize money.

Approximately 1400 turkeys were received during the two years by the 4-H members and the average net profit on those raised has been about \$1 per bird, according to C. L. Boase, assistant county agent.

Winners in the contest were Louise and Jerry Yancey, children of J. M. Yancey of Route 1, Ranger; Kathryn Caraway, daughter of J. C. Caraway of Route 2, Gorman; Gene Snider, son of C. L. Snider of Route 1, Gorman; Roland Ziehr, son of Frank Ziehr, Route 2, Cisco; Larry Duncan, son of Obie Duncan, Route 1, Eastland; Loresta Love, daughter of John Love, Route 1, Ranger; Roger and Ray Woodall, sons of Norman Woodall, Route 1, DeLeon; Jerry and Larry Anderson, sons of J. B. Anderson, Route 3, Gorman; Kurt Clark, son of Gordon Clark, Route 2, Eastland; Joel Ray Graham, son of J. D. Graham, Star Route, Cisco; and Jimmy Hart, son of James A. Hart, Gorman.

Six of the winners participated in the Kincaid program in 1956.

### What's Cooking—

(Continued from Page 1)  
es, it is richer than many coun-  
tries. And so is Texas A&M  
which is a branch of the Uni-  
versity of Texas. These two  
schools have so much money and  
so much income that we never  
could understand why some of  
this money couldn't be passed  
around to all the other state  
schools and make the tuition part  
of the youngster's education abso-

lutely free.  
Some folks say they can't do this  
because the money is all tied up  
and regulated by first one law and  
then another that makes it impos-  
sible to use the money except in  
certain ways. If that is so, we say  
it is high time some of the laws  
were changed so this money could  
be used for the purpose for which  
it was intended, the education of  
the youth of Texas.

Members of the Legislature must  
not realize how hard it is for a boy  
and girl to stay in school these  
days. It means the supreme sacri-

fice on the part of their parents  
who absolutely cut their needs to  
the bone to keep the kids in  
school. They go without clothes,  
even, to keep the kids there, and  
it is such a drain on them over the  
four years that most parents have  
spent every cent they had saved  
and then gone in debt on top of  
that by the time graduation day  
has rolled around.

Instead of doubling this ex-  
pense on the part of the poor,  
harrassed parents, taking the  
load perhaps off the backs of  
wealthy oil and gas companies,  
we say the Legislature should  
find some means of putting all  
these spare millions of dollars  
owned by the state colleges and  
universities to work, and let the  
kids go to school free.

Of course, as we say, we are  
dumb on this subject, but these  
lousy rich state schools are  
acting like many lousy rich men  
we know—they are not satisfied  
unless they are getting still  
richer while bleeding the little  
man to death.

Also, it looks like the Legisla-  
ture is going to go through with  
this special senatorial election in  
which there are almost as many  
candidates as there are voters. We  
would be the last man on earth to  
even remotely suggest that a per-  
son be denied the right to vote on  
their representatives, or on any  
other question, but in this case we  
think the senatorial election should  
never have been held.

In the first place it is going  
to cost a million dollars and in  
the second place no matter who  
gets elected we could not be im-  
proving on the man who is hold-  
ing the interim appointment,  
and in the third place there is  
nothing so important that Wil-  
liam Blakeley couldn't have  
handled it until a regular elec-  
tion came up two years from now,  
and Texas could easily have  
waited.

**ONE LESS OBSTRUCTION**—Another obstacle is removed from the bottom of the Suez Canal. The tugboat "Arend," above, was sunk by the Egyptians at Port Said during the Anglo-French invasion. Predictions are that the wreckage-strewn canal will be completely cleared by May.

### Legislature—

(Continued from Page 1)

SB 7—Creating State Water Development Board—set for hearing on March 5. HB 152—no action in House.

SB 8—Water District Residence Act set for hearing March 5, same as HB 148 which has passed House. SB 10—Investigation by State Board of Water Engineers is out of Committee—same as HB 144 which passed in House this week.

SB 11—Certified Mail Act for State Board of Water Engineers is ready for action in Senate, same as HB 151 which passed in House. SB 12—Water Well Log Act—reported favorably by Senate Committee this week.

SB 13—Granting or Refusing (Water) Petitions Act—no action—same as HB 153 which was reported favorably by House Committee this week.

SB 16—Exclusion (Water) Hearing Appeal Act—no action—same as HB 154 reported out by Committee this week.

SB 2—proposal to authorize purchase of conservation storage in federally built reservoirs set for hearing Senate Committee 2 p. m. March 5.

No action since last week on following water bills: SB 6 (HB 149) on waste disposal by injection; SB 9 (HB 147) forbidding negotiated contracts; SB 14 (HB 150) on district names; SB 15 (HB 146) contest of creation and trial de novo; SB 17 (HB 138) emergency appropriation for Texas Water Resource Committee staff; and SB 29 (HB 155) re-charging as an appropriate purpose.

NOTE—Late word received today that a hearing has been set on HB 433 on revision of Workmen's Compensation for Wednesday, March 6 at 7 p. m.

HJR 38—a constitutional amendment to eliminate the discrimination in personal property taxes on automobiles by removing the tax.

It is reported that State Comptroller Calvert has revised his estimate on available revenue for

spending by the legislature with an increase of \$50 million up to \$316 million. Current biennium spending for all state services out of general revenue is \$216 million. Gov. Daniel's proposed expanded budget calls for spending \$358 million in next biennium.

### NEWS FROM STAFF By Mrs. M. O. Hazard

Mr. and Mrs. O. T. Hazard and Mr. and Mrs. Wayne White visited recently with Rev. and Mrs. Boyd Tabor at Rev.

Mr. and Mrs. M. O. Hazard visited in Eastland Friday in the home of their son, Maurice Hazard and family.

Mrs. F. C. Williamson and Mrs. Wayne White visited in Gorman recently with Mrs. White's mother, Mrs. Agnes Williamson.

Farmers in this community are busy preparing the soil for another crop.

### 4-H Clubs—

(Continued from Page 1)

boys also show animals in the Eastland County Livestock Show each year and in the Houston, Fort Worth, & San Angelo Fat Stock shows and the Texas State Fair. Four or more 4-H members participate in the 4-H Round-Up held at A. & M. College in June of each year.

Many a 4-H club member has been stimulated to greater effort and achievement by the experiences and opportunities made possible through 4-H club work. At every 4-H club meeting the members repeat—I pledge—

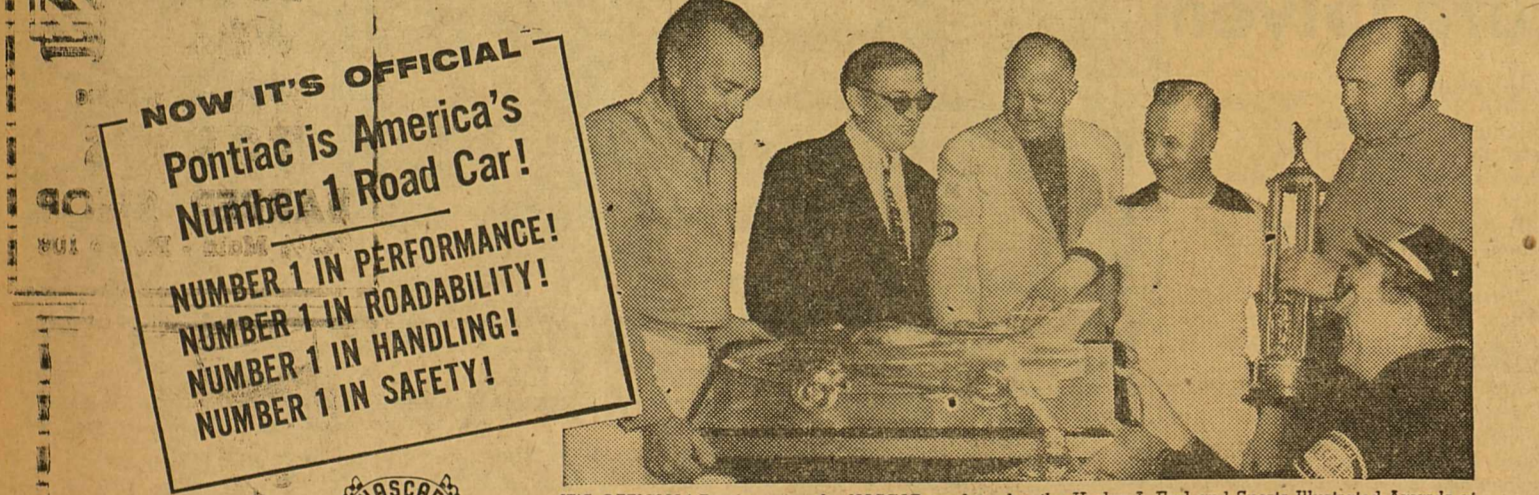

My Heart to clearer thinking  
My Heart to greater loyalty  
My Hands to larger service and  
My Health to better living  
For my club, my community and  
My country

In this pledge the members summarize the goals of the 4-H program throughout the nation, which will be stressed during this 4-H club week.

YOU HAVE A PHONE and so do we, No. 224. Call us about any news you may run across. Always happy to hear from you.

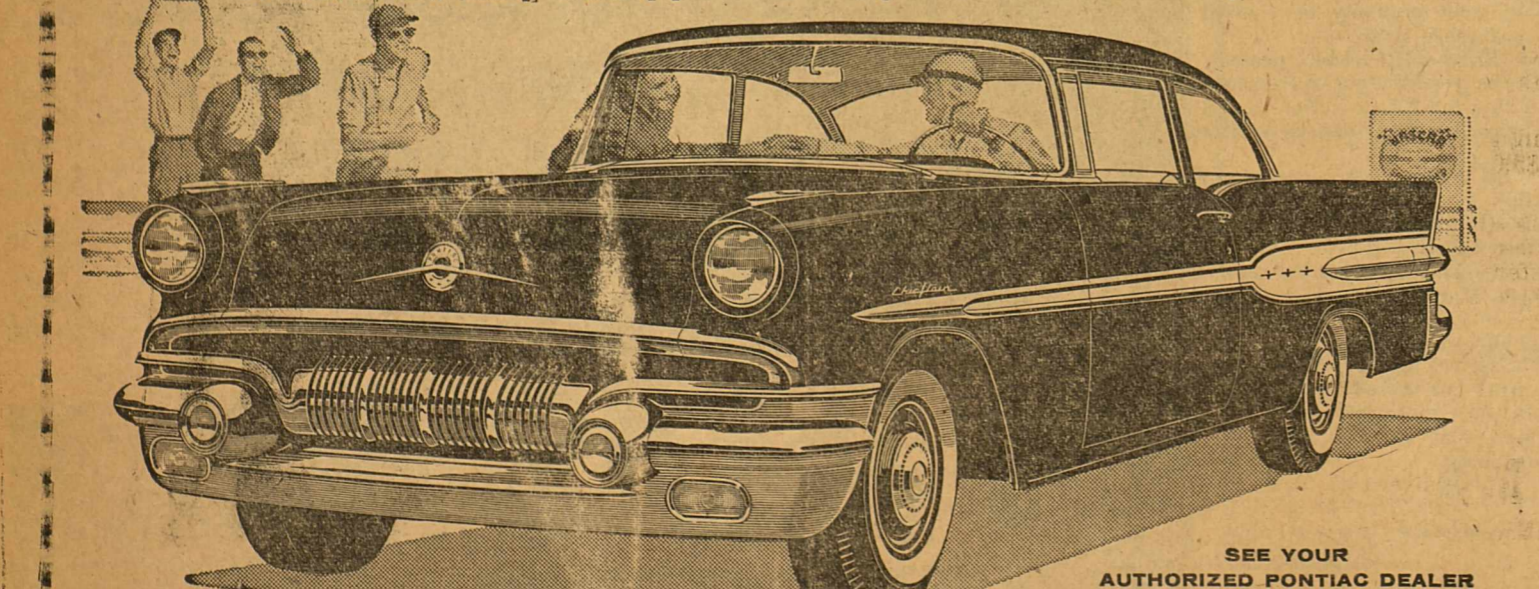

# NASCAR'S TOP AWARD GOES TO PONTIAC!

## Undisputed Grand National Champ Over All Stock Cars Regardless of Size-Power-Price!

IT'S OFFICIAL! Pontiac wins the NASCAR trophy, plus the Harley J. Earl and Sports Illustrated Awards at Daytona! Left to right: Ray Nicholas, Pontiac engineering staff; S. E. Knudson, Pontiac General Manager and General Motors Vice-President; Harley J. Earl, G. M. Vice-President and Styling Director; Cotton Owens, winning driver in the Grand National 150-mile unlimited event; Mike Woorman, Executive Vice-President at NASCAR; Bill France, President at NASCAR.

There is only one Grand National—and there can be only one winner! The best America has to offer are entered in this event—known for years as the "granddaddy" of all stock car racing. It's the supreme test of handling, ruggedness, safety, power and over-all performance—and Pontiac took them all hands down and broke a track record to boot! So meet the new champ—a strictly production model Pontiac Chieftain with a 317 h.p. Strato-Streak V-8 and introducing new Tri-Power Carburetion, optional at extra cost on any Pontiac model. It's America's newest power advance—and Pontiac's alone at a price so low! See your Pontiac dealer and learn how you can drive a Pontiac—America's Number One Road Car—at prices starting below 30 models of the low-price three!

### Membership Available In Music Association

Mrs. David L. Adams of Abilene, daughter of Mr. and Mrs. B. A. Tunnell of Ranger and co-chairman of the Abilene Civic Music Association Membership campaign announced today a limited number of memberships are available to those in Ranger who are interested.

Memberships for the 1957-'58 concert season are available March 4th through March 9th only.

The association has announced the booking of the imminent Metropolitan Opera star, Rise Stevens. The remaining concerts, also being considered through Civic Concerts Inc., will be announced at a later date.

No single admissions are sold and attendance is by membership only. The price is \$6.00 for adults and \$3.00 for students.

As a courtesy to new members, arrangements have been made to offer the Longine Symphonette as a bonus concert, March 8th, in the new Abilene High School Auditorium at 8:15 p.m.

The new membership receipt will be identification for admission to this bonus concert. Membership cards are mailed to members at the beginning of the concert sea-

son. For the convenience of out-of-town new members, membership receipts for admittance to the bonus concert will be presented at the door.

Membership requests and check must be received by March 9. The address is Abilene Civic Music Association, care of Mezzanine-Wooten Hotel, Abilene.

TRADE WITH YOUR HOMETOWN MERCHANTS

### Fifty Attend Texas Ex Feast At Cafeteria

Fifty Ex-Students of Texas University attended the Oilbelt Alumni Association Banquet held Monday night in the cafeteria of Ranger Junior College. Ex-Students were present from Ranger, Eastland, Cisco, Breckenridge and Gorman.

Dr. James Whittington of Eastland was toastmaster, and introduced representatives from each of the towns who gave reports on Ex-Students in their areas. Dr. Brogdon reported from Gorman, Earl Conner Jr., for Eastland, B. S. Dudley for Ranger and Leon Manner for Cisco.

Miss Vivian Simmons furnished the musical part of the program, singing two solos.

Officers elected included Joe Nuesse, president and Mrs. Jack Frost of Eastland, secretary. Vice-presidents were elected as follows: C. E. May from Ranger, Jack Germany from Eastland, Robert Moore from Cisco, Garland White from Breckenridge and Dr. Brogdon from Gorman.

Fred Weir, assistant coach at Ranger Junior College, introduced the main speaker of the evening who was Ray Willsey, one of the coaches at Texas University, who told of the prospects and plans for football and other athletics at the University under the administration of Dan Royal, new head coach.

All Ex-Students are asked to write the new president, Joe Nuesse of Ranger, immediately, and give him their correct mailing address.

The meeting next year will be held in Eastland.

### Second Baptist Wed. Services Announced

The following announcements are for the Wednesday services at Second Baptist Church.

The Primary Sunbeams will meet at 4 p.m. at the church. Previous to one hour of prayer the Royal Ambassadors will meet at 6:30 and the teachers and officers will meet at 7. The adult choir, under the leadership of Gene Ashcraft, will also meet for rehearsal at 7.

In the hour of prayer our thoughts will be turned toward missions when the young people of the church present an inspiring play in connection with the Annie Armstrong week of prayer.

A brief business session will precede the presentation of the play.

The WMU is devoting this week to the Annie Armstrong week of prayer, meeting each day for prayer, meeting each day for prayer and study of missionary work.

### Wed. Services At First Baptist Are Announced

The regular Wednesday evening services at the First Baptist Church begin at 6:30 with choir rehearsal. Sunday school officers meet at 7:15; Sunday school superintendents at 7:45.

Worship begins at 8 p.m. and will be conducted by the Business Woman's Circle in observance of the Annie Armstrong week of prayer.

**IT'S THE LAW**  
in Texas  
A public service feature of the State Bar of Texas

**THE LAST WORD**  
The Tenth Amendment says that all powers not given to the United States government shall belong to the states or to the people.

In any showdown, one court—the Supreme Court—says whether the federal or the state governments (or nobody) can do certain things. Hence the case of the sturdy Captain Gideon Olmstead, the first man who tested this court power. And what a time he had!

In 1778 the British ship Active captured Captain Olmstead's fishing boat upon the open sea and took his three-man crew aboard to help sail a war cargo to New York. But Olmstead and his three men drove the British below deck. While Olmstead headed for New Jersey his men kept up a battle with the crew below. After two days the American brig Convention hove to and took over and its

captain, Thomas Houston, claimed the Active as a prize since there was still fighting going on.

Olmstead protested, but the brig brought in the prize to Philadelphia.

Under the Articles of Confederation states like Pennsylvania had set up admiralty courts to decide claims arising at sea. The Philadelphia court gave Olmstead only one-fourth the prize.

So Olmstead appealed to the committee of the Continental Congress named to review all cases of capture at sea. It decided for Captain Olmstead. The Pennsylvania court at once denied the committee's right to upset its jury's verdict.

Meanwhile, we had given up the Articles of Confederation and adopted the Constitution which lodged admiralty powers in the federal government.

For thirty-one hard-fought years the case shuffled between state and federal courts. Everybody got into the act—the governor, the legislature, Congress, and even President Madison.

In 1809 the U. S. Supreme Court upheld a lower court which had decided that the Committee of Congress was right. This was a victory for Olmstead.

In this showdown Pennsylvania called out her troops. Rebellion spread. The U. S. Marshall swore

in a 2,000 man posse to take over the prize money for Olmstead. Finally when President Madison himself said the Court had the backing of the U. S. Government, the Pennsylvania legislature gave in.

Poor Olmstead at 83 got his prize money, but he won a bigger case for the Supreme Court before the American people. As so often happens, a Supreme Court case involves justice for one man, in this case a humble fisherman. But the issue was national in scope.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

**Insecticides Are Dangerous; Handle Carefully**

COLLEGE STATION—Failure to observe manufacturer's directions when handling highly toxic insecticides and miticides is risky business, warn Extension Entomologists C. F. Garner and F. M. Fuller. Certain solvents used in preparing insecticide solutions or emulsions, they add, are inflammable and most of them poisonous to humans.

The specialists say insecticide injury to man is most common through oral and respiratory intake or by skin absorption. Continued exposure even to lower insecticide concentrations, with no regard to safety measures, can result in an accumulation of chemicals in the body and may cause eventual tissue or organic injury.

Many phosphorous compounds, such as parathion, methyl parathion, EPN, TEPP, demeton, Diazinon, Phosdrin, Thimet and Guthion, are extremely poisonous and must be handled with care at all times, assert the specialists. They add that phosphorous insecticides are much more poisonous to warm-blooded animals than most other chemicals used for insect control.

Since phosphorous insecticides tend to reduce the cholinesterase enzyme, entomologists advise regular handlers of such chemicals to have cholinesterase tests at 10-day intervals while working with the material. Your local doctor can tell you about these tests.

It's a good idea to bathe and change clothing immediately following a highly toxic job and not enter a field for two or three days after it has been treated, the specialists point out. Always wear gloves and freshly laundered protective clothing during handling, and stop working if a toxic insecticide is spilled on skin or clothing for a thorough bath and a change of clothes, they advise.

Other pointers to remember include the use of approved respirators; protection of all persons and

livestock from drifts, sprays, or dusts; and the storage of sprays and dusts away from children, irresponsible people, and all forms of food and feed.

Mr. and Mrs. C. F. Jones had as weekend guests Mrs. J. C. Jones and son and Mrs. Annie Mills of Waco, Mr. and Mrs. Kenneth Jones and children and Mrs. Lee Meeks of Big Spring, and as guests during the week Mrs. Navels of Strawn, Mrs. Georgie Hart of Aekin South Dakota and Mr. and Mrs. Loyd Smith of Olden.

**'57 Acre Reserve Programs Getting Underway**

COLLEGE STATION—Farmers can now sign agreements to take part in the 1957 Acreage Reserve programs for three basic crops, R. G. Shrauner, Chairman of the State Agricultural Stabilization and Conservation Committee, announced today. The three crops are winter wheat, cotton, and rice.

Taking part in the Acreage Reserve programs is entirely voluntary, the Chairman declared. Each farmer will make his own decision, on the basis of the advantages offered for his farm.

Chairman Shrauner explained that the Acreage Reserve programs are one part of the Soil Bank, which is now entering its first year of full operation. The other part is the Conservation Reserve, which is a longer-range plan, offering farmers financial help in changing their use of general cropland from harvested

**Hints Given On Planting Shrubs**

Give your home a more attractive, all-season foundation planting, beginning this spring. Take an objective look at your flowers and shrubs. Make them an integral part of your house.

One of the best schemes for planting the front of a house is to develop strong corner plantings that will look good at least three seasons. Then, supplement with a special accent by the front door, says Better Homes & Gardens magazine in the March issue.

The planting for the side of a house should be more simple in outline than planting in front. It need not be continuous; the foundation can show without impairing the design.

High foundations allow use of much more vigorous shrubs and trees, since they won't soon out-grow space. South exposures call for hardy shrubs, and let you grow good roses and perennials, according to the publication.

**Can Teach Any Dog New Tricks**

Any dog can learn new tricks. One of the easiest for a dog to learn is the game of dead dog. Command him to lie in a "down" position on the floor or lawn. Gently roll him over on his side, saying "dead dog," and hold his head down until he relaxes. Release him by the command "O. K.," or "all right." Hold only 15 minute training sessions, advises the March issue of Better Homes & Gardens magazine.

To teach a dog to shake hands, find a spot where he will feel secure from slipping or falling. The first command is "sit." You can place a length of cord under his paw and pull the paw upward when the command, "shake," is given. If you are patient and repeat the exercise, the dog will raise his paw on command.

Start training your dog to carry packages by first getting him to hold objects in his mouth. The practice item should be small and light, like a rolled newspaper, the magazine says. Offer it to him with the command, "take it." Start him on a leash, from the "heel" position, to carry an object in his mouth, and walk with him.

**Who Says You Need Costly Shots To Relieve 'Hot Flashes' And Irritation From Change-Of-Life?**

Mrs. A. M., Watonga, Okla., adds, "Middle age was torture. Had costly shots 3 times a week but got no relief. Then took Pinkham's Tablets. They brought me new happiness, comfort!"

Science offers women new freedom from much of the misery of change-of-life, thanks to an amazing new tablet developed especially to relieve these functionally-caused discomforts. Doctors reported sensational results using this remarkable home treatment alone... and no costly injections!

Relief for 8 out of 10 tested! Irritability, tortured nerves were calmed. Dizziness relieved. Awful hot flashes subsided. Here's why. Unlike aspirin and such "general purpose" remedies, this new tablet is a unique combination of special medicines... acts directly on the cause of these troubles... works through a woman's sympathetic nervous system to relieve tense feelings and physical distress that bring unhappiness to so many. Clinical tests prove this.

Now this amazing formula is at drugstores without prescription. Ask for "Lydia Pinkham's Tablets". Don't let change-of-life rob you of joy! Get handy Pinkham's Tablets. Contain blood-building iron. See how fast you can feel your happy self again—without costly shots! (Also liquid Lydia E. Pinkham's Vegetable Compound.)

Your child is a picture... have the Portrait made now

Growing like a bean stalk? Changing every day?

Only a portrait will keep today's memory of your child clear and unfading—yours to treasure always. This portrait will mean so much to those who love your child—don't let the moment escape—phone for an appointment now.
