## Town Talk

NEWS \* NOTES \* BRIEFS

**LAKE LEON** stands at 73 feet in depth according to Mr. and Mrs. James Johnson who, during a visit to the Times office on Monday morning, stated that the lake was only two feet low, the water clear and fishing good. Warm days finds boatmen, skiers, and swimmers out for fun and anglers bringing in good catches of bass and yellow cat. Fish seem to favor artificial lures, according to Johnson who told of the experience of Jeff and Vernon Fields of the Kokoma Community who set a trotline on Friday afternoon and took a 20 lb. yellow cat off the hook on Saturday morning. No special recreational activity has been scheduled to date, but with warm weather and approaching vacation season, Lake Leon will be a busy place!

**THREE FREE** — Kittens that is. The owner, Mrs. R. E. Henderson, a feline fancier herself, describes them as "beautiful," and states that one has a particularly engaging personality, just the pet for a little girl. Mrs. Henderson states she'd like to give them away she becomes too attached to them, so why not call 647-3434 or drop by her home, Hwy 80 W.

**SPRING BRINGS** good entertainment — such as the open house at Ranger Junior College Library on Wednesday afternoon. The play presented by the Junior Class of Ranger High School on Friday evening. The Spring Concert by the bands of Ranger High Schools on Sunday afternoon.

**WET PAVEMENT** was blamed for an accident involving an out of state truck near Caraway Paint and Body Shop, Hwy 80 W. on Friday. The truck received minor or damages when it skidded and jack-knifed. The driver, sole occupant, was uninjured.

### ATTENDING FUNERAL

Out of town relatives and friends attending the funeral of L. H. Kay on Saturday were Mr. and Mrs. T. A. Barnes Jr. of San Antonio; Messrs. and Mrs. Ikey Pipers, Roy Rambo, Harold Rambo and Mr. T. A. Barnes, Sr. all of Comanche; Mrs. Fay Pinson, Linna Gryger and Fred Rackley of Proctor; Mr. and Mrs. Tullus Smith of Stephenville; Mr. and Mrs. H. P. Kay of Ft. Worth; Mr. and Mrs. E. C. Kay and Jack of Buda; Mr. and Mrs. Sam Hamlett of Brownwood; Mr. and Mrs. Scott Elms, Stacey and Kelle and Mrs. Gaston Elms and Laura, all of San Angelo; Jack Rambo of Coleman; Mr. and Mrs. D. A. Moore of Cross Plains; Mrs. Walter Reimund of Cisco; Mr. and Mrs. W. H. Todd and Mr. and Mrs. F. W. Langner of Wichita Falls.

### NOTICE

If you receive your paper by carrier boy — please have your money ready at hand (65c per month) by the first of each month. Some of our paper boys are having to return to residences four and five times to collect. These boys have other responsibilities, such as school studies, church, baseball practice, etc., and it will be helpful to them and their parents if you have payments ready on time. They will appreciate your cooperation. Thanks, The Times.

To town subscribers with-in delivery service — Due to press day at Six Flags over Texas Saturday, April 29th, your paper boy may be out of town and some deliveries will not be made until Sunday.

ROSS WILSON

### Ranger Artist Sells Pictures During Festival

Mrs. Buck Wallace, Ranger artist, won recognition during the Fine Arts Festival sponsored by the Woman's Forum of Breckenridge and held in the Woman's Building on April 21-22-23.

Mrs. Wallace exhibited two oil paintings, both landscapes, titled "Autumn" and "County Village." Both paintings sold to residents of Breckenridge during the festival.

The works of another local artist, Mrs. Bill Marslander, were also on exhibition with those from Fort Worth, Abilene, Brownwood and other area towns.

### 'APRIL SHOWERS' BANQUET HONORS RANGER-HI BANDS

The theme "April Showers" was everywhere in evidence during the banquet honoring members of the Bulldog and Puppy bands held in Fellowship Hall of First Methodist Church on Saturday evening.

A giant arch of honeysuckle marked the entrance to the dining area. A profusion of multi-colored sweet peas spilled from inverted umbrellas suspended from the ceiling, twined around white candles in crystal holders and along green streamers down the center of tables. A wishing well stood before a background of greenery and flowers. A fountain arrangement

### Ross Wilson Named To National Council Post

Ross Wilson, manager of the Southwestern Peanut Growers Association, Gorman was elected Chairman of the Board of Directors of the National Peanut Council at the 27th annual convention of the council in Dallas April 2-4.

A native of Brownwood, Mr. Wilson is married to the former Rowena Sheets. He graduated from Daniel Baker College with a BA degree in 1949 and continued his education at Southwest Texas State College San Marcos where he earned his MA degree in 1952 majoring in administrative education.

Upon graduation in 1949 Mr. Wilson went to work with the school system in Gorman and became superintendent in 1953, a position he held for three years.

In August of 1956 he was named assistant manager of the Southwestern Peanut Growers Association and was named manager a few months later. Mr. Wilson has served the peanut industry in many capacities in addition to his regular post. He was 1965 chairman of the Peanut Improvement Working Group and is the current vice chairman of the Peanut Administrative Committee. He has served on the Board of Directors of the National Peanut Council and on a number of their committees.

As president of the Eastland County Hereford Breeders Association, Mr. Wilson has a herd of hereford cattle including 50 brood cows.

Principal objective of the National Peanut Council are to stimulate research on peanuts and peanut products and to promote consumer demand for peanuts. The membership of the council is made of peanut growers, shellers and brokers as well as the processors of peanut butter, peanut candy and salted peanuts. Associate members supply the equipment and services required by the industry.

### IN DALLAS HOSPITAL

Mrs. W. G. Pounds is reported to be in satisfactory condition in Methodist Hospital, Dallas, following surgery to repair a broken hip sustained when she fell at her home on Friday evening.

Mrs. Iris Hummel has returned from a visit with her daughter, Mrs. Bill Bergfeld and family of Conroe and other relatives in Beaumont.

Mrs. Gary Webb and daughter were weekend guests of her parents in Dallas.

Mr. and Mrs. Ricky Poyner of Stephenville were guests of Mr. and Mrs. O.M. Franklin and family on Thursday.

**Auto Loans At Low Bank Rates**

### RJC Track Team Prepares For Conference Meet

The Ranger Junior College track team began training Wednesday, April 19, for the conference track meet in San Antonio April 28. They work out twice a day—6:30 a. m. and 3 p. m. Besides running for training, the boys lift weights and practice hand offs.

The Rangers qualified for conference by placing first, second, third, or fourth in their events at the zone meet. Entries are as follows: one and two mile, Jesse Cavazos; 880, Ronnie Steadman; shot put, Bobby Kendrick; discus, Mike Stephens and Charles Vaughn; pole vault, Harold Shannon; and mile relay Buddy Shepard, Joe Merrell, Jesse Cavazos, Ronnie Steadman.

### Mrs. Lowrance Buried Tuesday

Mrs. Sarah Jane Lowrance, 79, a resident of Eastland County for the past 68 years, died at 5:45 p. m. Sunday in Eastland Memorial Hospital, following a long illness. She had lived in Eastland since 1964.

Funeral services were held at 2 p. m. Tuesday at the Eastland Church of Christ with burial in the Eastland Cemetery under direction of Killingsworth Funeral Home. Stuart Love, minister of the Eastland Church of Christ; Gary R. Beauchamp, minister of the Mesquite and Rusk Street Church of Christ in Ranger; and the Rev. Bob Farrell, pastor of the Olden Baptist Church, officiated.

Grandsons were pallbearers. Born Sara Jane Davis on February 17, 1888, in Texas, she married Lee A. Lowrance in Eastland on April 23, 1903. He died in February, 1964.

Survivors include six sons, William A. of Hobbs, N. M.; George Lee and L. A. Jr., both of Eastland; Norman of Caddo, Mrs. F. A. Poe of DeLeon, and Mrs. J. A. Taylor of Caddo, Mrs. J. M. Luttrell of Caddo, Mr. F. A. Poe of DeLeon, and Mrs. J. A. Taylor of Port Lavaca; one brother, John M. Davis of Eastland; one sister, Mrs. Will E. Finley of Eastland; 22 grandchildren and 19 great-grandchildren.

She was a member of the Church of Christ.

### Dallas Baptist Wins 19-8 Over RJC Rangers

The Rangers of Ranger Junior College lost a non-conference baseball game to Dallas Baptist College Tuesday afternoon, April 18, by a score of 19-8.

The Rangers led the game until the last two innings, then runs on the Rangers' end when Dallas bombed for four runs.

Given credit for the loss was Vernon Richardson, who was relieved by numerous pitchers. Leading the hitting attack was Jimmy Skeins, who had a two run homer, and Joe Rayson.

The Rangers are 9-11 for the season.

### Three Students Win Places In Regional Meet

Tommy Golemon, Ranger High School Junior, was regional winner in ready-writing during University Interscholastic League competition in Denton last Saturday.

On the same day, RHS athletes entered Region II-A track events with Jerry Watson winning third place in high hurdles and fifth place in 330 intermediate hurdles. Charlie Orms was sixth place winner in discus.

Golemon will enter state competition in Austin in May.

### Miniature Oil Derricks Are Made By Area Housewife

For many years Ranger was known as the town with an oil derrick on Main St., and will be remembered as such by residents and tourists for years to come.

The memory served to inspire Mrs. Joyce Hoover, Olden housewife, to make 100 miniature derricks in preparation for a banquet held during the recent Oil Belt Association of Royal Neighbors of America's annual convention held in Ranger.

An oil field of 100 derricks does not spring up overnight, nor was this artistic and appropriate setting achieved without many hours of patient and high skilled work. Equipped with a pocket knife, a pair of tweezers, plenty of glue and thousands of match stems, Mrs. Hoover devoted all would be spare time for many months in cutting, fitting and guling stems into two-inch replicas of derricks that once dripped flowing

gold. Soon, thanks to the assistance of Mrs. Edna Huffman, the tiny derricks were dripping paint and ready to be fastened to a square of plywood upon which was outlined the map of Texas, name of the town and date of the banquet in the dining hall of First Christian Church.

To complete the motif, Mrs. Hoover made three derricks, one 18 inches and two 14 inches in height, attached to large outlines of Texas. These were used on the speaker's table. Thus the local artist depicted the Oil Belt in general and Ranger in particular as guests carried these favors home with them.

Oil derricks are only one of Mrs. Hoover's decorative specialties. Holidays offer her an opportunity to come up with something delightfully different. Creative handwork, which includes crochet, tatting, sewing and embroidery is but one of her hobbies.

Her name appears among high scorers in bowling where she currently serves as vice-president of Eastland County Bowling Association and secretary of two leagues.

Rearred in Breckenridge, Mrs. Hoover and her husband moved to Ranger in 1939. In 1959 they moved to Olden where they now reside. She is a member of Ranger's Royal Neighbor Camp and Breakfast Club.

Mr. and Mrs. Twyman Hale of Deer Park and Mr. and Mrs. John D. Richardson of Pasadena were weekend guests in the homes of Mrs. T. E. Hale and Lemmie and Mrs. Ray Todd. Highlight of the visit was the celebration of Mrs. T. E. Hale's 75th birthday.

### Tommy Golemon Wins First In Ready Writing

Tommy Golemon, son of Mr. and Mrs. R. B. Golemon, won first place in the Regional University Interscholastic League Ready Writing Contest in Denton Friday, April 21.

The eleventh grade student was competing against 20 other students from Region II, representing forty class A high schools.

Tommy will go to Austin in May to compete in the State Ready Writing Contests.

### College Band To Play At Miss Abilene Pageant

The Ranger Junior College stage band has been asked to provide music for the Miss Abilene Pageant to be held Saturday night, April 29, in Abilene's Cooper High School. Beginning at 8 p. m., the pageant will select an entry to the Miss Texas contest held later in the year. Included in the music the band will play are "Miss America" and "It's More Than A Pageant."

This performance is only one of many which the band has made to bring recognition

and students to the college. This Friday night six members of the Tejuana Brass group will bring the program for the junior-senior banquet at Moran High School. On May 2, the RJC stage band is scheduled to play for the Eastland County Teacher's Association Banquet in Cisco. These performances, in addition to various tours of all the band will be climaxed with the concert band's participation in the college's own collegiate rodeo and parade, May 4, 5, and 6.

### Hobo Supper To Be Held Saturday

Ranger Rotarians invite all residents to become "Kings of the Road" for an evening by tramping out to Willows Park for a Hobo Supper, beginning at 6 p. m., Saturday April 29.

Hosts promise a generous handout for the bargain price of \$1 for adults and 50 cents for children, with proceeds to be used for the Club's park improvement project.

With Rotarians in charge, diners are assured that the

### Final Rites For Former Resident Held In Ranger

Mrs. Bessie Roberson, 66, died at 8 p. m. Monday in Odessa following a lengthy illness.

Funeral was held at 2 p. m. Wednesday in Killingsworth Funeral Home Chapel with the Rev. Paul Miller, pastor of Trinity Baptist Church, Odessa, officiating. Burial was in Evergreen Cemetery.

Nephews served as pallbearers.

The former Bessie Shelton, was born Feb. 28, 1901, in Dayton, Tenn. She married Eliahu Roberson in 1923 in Breckenridge. He died in 1956.

She was a resident of Ranger for 33 years and lived in Greenville for seven years before moving to Odessa four years ago. She was a member of the Baptist Church.

Survivors are two brothers, Arthur and Ernest Shelton, both of Odessa; three sisters, Mrs. Hester Winiger and Miss Pearl Shelton, both of Greenville and Mrs. Eva Hunter of Nocona; seven nephews and six nieces.

### Uniform Samples Being Reworked For Band Uniform

Word was received Monday that the Ranger High School Bulldog Band's new uniform sample is being reworked and will be returned soon, Supt. James R. Clark reports.

The letter from Ostwald, Inc. read "a new sample overlay is in work. Also a sample of the large 'R'. This will be in a small piece of fabric. This will be returned with entire sample. Upon your receipt of this, inform us if it is satisfactory and return for duplication purposes. The cost of the ten inch plume is \$5.70."

Clark stated he expects the sample for the next board meeting May 9 and for the next meeting of the Band Boosters.

### Camp Fire Girls Enjoy An Outing

Ranger Camp Fire Girls, accompanied by their leader, Mrs. Bill Collins, enjoyed a trip on Saturday, April 22.

At Eastland, a trip to the Post Office included viewing a mural made entirely of stamps. Postmistress Mrs. Maureen Johnson explained the meaning of each design.

From Eastland they went to a point near Baird and from a distance viewed the evacuated town of Belle Plains, built in the 1800's. It was here that they enjoyed lunch and elected officers for the coming year. They are: President, Carolyn Highsmith; Vice-president, Ramona Camacho; Treasurer, Kim Collins; and Reporter, Elaine Falls.

Making the trip were Weta Mince, Sherry Pennington, Kim Collins, Carolyn Highsmith, Rita Anderson, Ramona Camacho, Elaine Butler, Gracie Haby, Elaine Falls and Mrs. Collins.

Miss Jeralyn Anderson of Carrollton was a weekend guest of her parents, Mr. and Mrs. Max Anderson.

Mrs. V. R. Elliott of Abilene visited her son, Rev. Ray Elliott and family this week.

Mrs. Linda Forney is in Manhattan Beach, Calif., for a visit with her sister, Mrs. P. W. Mantias.

Mr. and Mrs. DeWitt Jones of Dallas were weekend guest of Mr. and Mrs. Gary Beauchamp and family.

4-H Club News

Prepared

By

Mr. Bob Cohen  
Assistant County  
Agricultural Agent

Mrs. Wanda Chilton  
Assistant County  
Home Demo. Agent

Eastland County 4-H'ers made a spectacular showing at the District 8 4-H Eliminations Contests on Saturday, April 8, 1967, on the Campus of Tarleton State College. Twenty-seven 4-H'ers from Eastland County participated in 12 different contests, all bringing home ribbons and honors for Eastland County!

Following the contests which were held in the morning, the awards were presented during the General Assembly at 2 p. m. Kathy Kincaid, Eastland County 4-H member and District 8 4-H Council Vice-chairman, gave the response to Dr. W. O. Trogon's welcome to Tarleton State College.

The individuals from Eastland County who received awards were: Civil Defense Demonstration—Caddy and Caryn Lee, Cisco 4-H Club 2nd place; Electric Demonstration—Gloria McDonald and Sharon Steddum, Eastland 4-H Club, 3rd place; Farm and Ranch Management Demonstration—Lynne Phippen and Sandy Ingram, Cisco 4-H Club, 3rd place; Foods Show—Barbara Williams, Gorman 4-H, 2nd place (bread group); Livestock Judging—Senior team: Colleen Kelly and Kathy Kincaid, Morton Valley 4-H Club, and Bobby Williams, Gorman 4-H Club, 2nd place; Junior team: Scott Miller, Morton Valley 4-H; Frank Claborn, Eastland 4-H; Cynthia Hounsell, Rising Star 4-H and Bobby Lee Cisco 4-H, 3rd place; Public Speaking—Senior Girl Kay Green, Cisco 4-H, 2nd place; Junior Girl, Pam Claborn, Cisco 4-H, 3rd place; Senior Boy, Tommie Lee, Cisco 4-H, 3rd place; Junior Boy, Bobby Ables, Cisco 4-H, 3rd place; Share-the-Fun—Danny Snider, Ricky Fuller, Kris Brown, Kathy Ripley, Krista Henderson, and Christi Fuller, Gorman 4-H, 3rd group; Vegetable Preparation and Use Demonstration—Sherri Carey and Suzanne Harbin, Eastland 4-H Club, 2nd place.

These 4-H'ers did an excellent job of representing Eastland County and they are to be commended along with their coaches for the very fine job which they did in representing Eastland County 4-H Clubs at the District Contests. Our whole-hearted congratulations are extended to the contestants and their coaches.

Each year the 4-H Club membership rolls are revised. There are always some members which we lose because they move away, drop out for various reasons, or reach their 19th birthday.

Last week the agents revised the membership rolls for the Eastland County 4-H Clubs. A total of 210 4-H Club members in Eastland County, an increase over 1966. There has also been an increase in the enrollment of adult leaders. We are always happy to new club members as well as leaders.

Tuesday, several of the 4-H'ers were privileged to speak to the Eastland Lions Club. Sharon Steddum and Gloria McDonald presented their electric demonstration on the Use and Care of the electric grill. Tommy Lee and Kay Green, both of Cisco gave the speeches which they prepared and gave to the County and District Contests. Kay won second place in the District Contest and is alternate to State Round-up in June. Tommy, Sharon and Gloria all placed third in the District Contests.

The Sears Guilt program distribution is coming soon. Individuals interested in competing for one of the five guilts to be given away in May, be sure to contact the Ass't. County Agricultural Agent for more information. A number of 4-H'ers have already selected their beef projects for the fall, 1967, and winter, 1968. The animals that are going on feed seem to be of high quality and it is hoped that the coming show season will be a more successful one than ever before. There are 15 steers and 6 heifers that have been started on feed and there are some exhibitors who are still searching for prospective show steers. If there is anyone who wants a calf to show next year and would like to have information on finding one, be sure to contact Bob Cohen, Assistant County Agricultural Agent, phone 629-2674, or write Box 447, Eastland, Texas 76448.

All interested youth and adults in the Rising Star area. Plans are being made to reorganize the 4-H Club in Rising Star. We hope that before too very long, we will have a very active and moving club in that area of the county. With your support, it will be.

## Longhorn Herd Has Twin Calves Born At Albany

ALBANY—Twin calves, a comparative rarity, are the latest decoration for the famed Longhorn herd at Fort Griffin State Park near here.

Joe Shelton reports they are thriving although ordinarily one even sometimes both, twin suffers when the only nourishment comes from the mother. Shelton, veteran keeper of the showplace herd, tried at first to catch the calves for special feeding. But wear and tear on the twins and himself made that unwise, he said.

Now the mother cow is kept in private quarters and given a variety of feed worthy of such a VIP parent. She gorges on cottonseed cake, nutritious special cubes and the best hay available. And the twins are "getting fatter by the day", boasted the proud Joe.

The twins are not the only new born celebrities among the herd of 61. A heifer bore an albino calf recently. "Not a red hair on it," said Shelton. This and the twins were sired by a pedigreed Longhorn bull donated to the herd by Charles Schreiner of Kerrville, proprietor of the famous YO Ranch near Mountain Home. The new male has been on location 13 months as a replacement for another genuine Longhorn presented by Schreiner who has just been elected president of the Exotic Wildlife Associ-

ation of North America. Shelton said the first bull also was a good sire but he had too many "running, bawling fits", perhaps mimicking the notorious pioneer cowboy frolics at this entrance to the famed Chisholm Trail. He had to be replaced to avoid offending neighboring ranchers.

Shelton said increasing numbers of visitors stop over from Highway 382 now that the new twins have bulwarked the noted herds attraction. They are kept in a convenient pen for public admiration.

## Fire Prevention Districts Due To Aid Rural Folks

COLLEGE STATION—Rural citizens may qualify for reduced fire insurance rates by creation of a fire prevention district, according to Reagan Brown, Extension sociologist at Texas A&M University.

Such a district, the sociologist emphasized, must be approved by the State Board of Insurance.

"Once a fire prevention district is established, the district becomes a political subdivision of the state with full authority to lease, own, maintain, operate and provide fire engines, fire stations and other equipment for prevention and extinguishment of fires within the district," he said.

Brown added that the district may also enter into contracts with other districts, including incorporated cities or towns, for reciprocal operations or for facilities and services that would be mutually beneficial to the district.

The following steps were listed by Brown for creation of a fire prevention district without one county:

(1) A petition presented to the county judge, signed by not less than 100 qualified voters who own taxable real property within the proposed district, or else a majority of voters when there are less than 100 voters within the proposed district.

(2) The petition must contain the signed agreement of at least two petitioners obligating themselves to pay costs (not to exceed \$150) incidental to formation of the district,

cost of publication notices and election costs.

(3) Filing of and hearing on the petition by the Commissioners Court.

(4) A called election submitted as a single proposition to the qualified voters living in the proposed district.

In fixing the boundaries of a district, the Commissioners Court shall exclude all incorporated cities, towns, or villages in the event any one or more of them should fail to cast a majority vote in favor of the district and a tax levy not to exceed 3 cents on each 100 valuation.

(5) Issuance of a court order after electoral approval.

Brown said that in certain instances, it appears that potential reduced premiums may offset a tax levy. The real savings from rural fire prevention will be realized in terms of property and lives spared when a county gains the ability to fight fires quickly and efficiently.

He said more detailed information on rural fire prevention districts can be had by writing to Judge J. C. Davis at the Attorney General's Office in Austin.

## ENGAGEMENT ANNOUNCED

MISS JANIE DALE BECK

Mr. and Mrs. Clifton Dale Beck, 203 South Walnut, Eastland, have announced the engagement of their daughter, Janie Dale to William Lewis Marvin, son of Mr. and Mrs. Thomas Marvin of Abilene. He is the grandson of Mrs. Eula Slatton of Cisco. The wedding will be in the home of the bride's parents at 8 p.m. on May 27.

## MUSICAL JAMBOREE

A musical jamboree featuring country and western musicians from five county area, will be held Friday, April 28, at 7:30 p. m. at the American Legion Hall in Baird, according to Pop Whitaker. The public has been invited to attend. No admission will be charged.

## This cow is stopping horn flies

Just by eating something? Sure — because the "something" is MoorMan's® Rid-Ezy® Medicated. It's a combination of balanced minerals plus the systemic insecticide ronnel that does away with spraying or other horn fly control. When fed free-choice to beef cattle on grass, Rid-Ezy breaks the life cycle of horn flies. Why not get a work-saving jump on horn flies? Order Rid-Ezy now — blocks or granular—from your MoorMan Man... **David L. Coan** DeLeon, Texas Route 1 — Ph. 4841

## PUBLIC NOTICE

Secretary of State John L. Hill announced that all qualified Notaries Public desiring re-appointment for the new term which begins June 1, 1967 and ends June 1, 1969, must pay the required fee and file a new application, oath and bond with the County Clerk of his residence between May 1, 1967 and May 15, 1967, inclusive.

Mr. Hill emphasized that Notaries Public should not send requests for re-appointment or for commissions directly to the Secretary of State inasmuch as the law specifically requires that the County Clerks approve Notary Bonds and forward copies of the Application to the Secretary of State.

Each person applying for a commission as Notary Public must be at least 21 years of age, a citizen of the United States and of Texas and a resident of the county for which he is appointed. The required Application Forms may be obtained from the County Clerk.

Secretary of State Hill further stated that any person not now a Notary Public who desires appointment for the beginning of the new term should apply to his County Clerk before May 20, 1967.

Section 1 of Articles 5949-As Amended (Qualification of Notary Public) Upon receiving notice from the Secretary of State of such appointments, the county clerk shall forthwith notify all persons so appointed to appear before him within fifteen (15) days from the date of such appointment and qualify as hereinafter provided.

# LACASA NEWS

Mr. and Mrs. Alfred Allen of Belton and Mr. and Mrs. Charlie Anderson of Estes Park, Colorado spent last weekend with Mr. and Mrs. Kenneth Mitchell.

Also visiting with Mr. and Mrs. Kenneth Mitchell has been her brother, Lieutenant James Estes of Amarillo Air Force. Lieutenant Estes accompanied them to Sunday morning church services at New Hope Baptist Church.

Mr. and Mrs. J. H. Gorrell, Leland and Synthia of Fort Worth visited Saturday night and Sunday with her parents, the D. B. Raney, and attended church at New Hope Sunday morning.

Other visitors at New Hope Sunday were Johnny Wayne Caraway, Dickie Williams, and Carla and Karen Templeton of Ranger. The two Templeton girls spent the weekend with their grandparents, Mr. and Mrs. A. O. Templeton.

Mrs. Zelma Herrington came home Thursday from Hollis, Okla. Her father is still very ill there. Baptismal services were

held at New Hope Baptist Church Sunday evening.

The president of the Lacasa Community Club has announced that a project to get Gold Bond premiums for the Community Center is in progress. She also announced a meeting of the Community Club for Friday night, April 28. Films of the last two County Livestock shows will be shown. Several from this community participated in the shows.

Remember cemetery working at Macedonia Saturday, May 6.

The Lacasa Home Demonstration Club met Thursday, April 20, with ten members present. The president, Mrs. Kenneth Mitchell, called the house to order and opened the meeting with the Kitchen Prayer. Roll call was answered with "A Recipe Hand-Down by My Mother".

Mrs. Mitchell announced that she had attended the District Home Demonstration Meeting at Stamford and gave a brief report of that meeting. She and Mrs. Joe Jackson attended the Book

Review and Tea at Breckenridge, assisting in the serving.

One recommendation was voted on to be carried to Council Meeting.

The president of the Community Club, Mrs. Joe Jackson, announced that the Gold Bond project was in progress for premiums for the Community Center, so save your stamps or coupons and turn them in. She also announced there would be a community meeting Friday night, April 28. Films of the last two stock shows will be shown.

Mrs. A. O. Templeton and Mrs. Artie Sherrill brought a program on Nutrition in Salad. Mrs. Templeton stressed the different groups of salads, according to nutrition values, meats, carbohydrates, milk, and fruits and vegetables. She then gave the different kinds of salads as used in the different courses of the meal. She also told of different ways of serving salads and gave some recipes of salad dressings.

Mrs. Sherrill served a congealed vegetable salad and crackers and punch as refreshments.

Attending were Meses. Mary Herrington, Mabel and Joe Jackson, R. E. Miller, Kenneth Mitchell, A. O. Templeton, Artie Sherrill, Jack

## Cowboy, Pioneer Are Favorites For Celebrating

AUSTIN The cowboy and the pioneer are favorite subjects for Texas recreation and community events this spring and summer, according to the Texas Calendar of Events just published by the Travel and Information Division of the Texas Highway Department.

A full one-fourth of nearly 45 events in 177 cities are rodeos, reunions and frontier days celebrations. The April 1-Sept. 30 pocket-size guide carries still another 41 events featuring horse shows and race meets.

Forecasting a possible "Texas, Land of Water" slogan are 64 water sport, fishing and aquatic events with every area of the state represented. In addition, fairs, art exhibits, music festivals, flower shows and sports are scheduled each month.

Pockrus, J. C. Bradford, and D. B. Raney.

The next meeting will be May 11 with the agent bringing a program on Packaging and Freezing Foods.

## SCRANTON COMMUNITY TOUR CALLED SUCCESS WEDNESDAY

The annual community improvement tour at Scranton was held Wednesday afternoon, according to a report from DeMarquis Gordon, county agent, and Janet Meyers, county home demonstration agent.

Tour guests met at the Scranton Club House at 2

p. m. for a tour of some 2,400 acres of improved pasture land, new stock tanks, seven new homes, and other community improvements.

All business people and those interested in the progress of this area were urged to join the tour, which is sponsored by the electric utilities companies in Texas and the Texas Agricultural Extension Service.

In competition with Scranton for first place in the annual improvement contest are Armstrong in Bell County, Stag Creek in Comanche County and Brandon in Hill County. Judges for the tour were Mrs. Norma Kuykendall, Mills County Home Demonstration Agent; James S. Denton, Area Farm Management Specialist; and Boyd Andrews, Resource Development Specialist. Cash prizes will be awarded.

A luncheon for the district judges and district agents was held at the Spot Restaurant at 12:30 p. m., Wednesday, according to the county agent.

## IMPROVEMENTS AT NIMROD SEEN DURING ANNUAL TOUR

Approximately 75 persons toured Nimrod Monday afternoon as the Nimrod Neighbors Progressive Club conducted its annual tour, according to a club spokesman. Assisting with the tour were County Agent De Gordon, assistant County Agent Bob Cohen, and assistant HD agent, Wanda Chilton.

Farms visited included Kenneth Bostick's, Don Montgomery's, Howard Ingram's, and Paul Ford's.

Following the tour, the group returned to the club house for refreshments.

## Red Cross Offers Special Training

To increase the number of skilled water safety and boating instructors the American National Red Cross will offer this summer an extensive program of instructor and leadership training.

There will be a special section in the aquatic schools for training Red Cross First Aid instructors. There are no swimming requirements for these courses.

Outstanding volunteer aquatic and safety experts make up the faculty. There is no charge for instruction; the students pay only for room and individual supplies.

Enrollment is open to both experienced instructors and prospective instructor candidates age 18 or older. Application may be made through local Red Cross chapters or through American National Red Cross Midwestern Area 4050 Lindell Blvd. St. Louis Mo.

Locations and dates for the 1967 area schools are: Lake Murray State Park Camp no. 2 Ardmore Okla. June 7-17 and Lone Star MV Camp Athens Texas June 4-14. Williams. This presentation

## Ranger School Meals Cost Is Nearly Average

Each meal served to a student or adult in the two lunchrooms of the Ranger Public Schools cost the district 38.92 cents each compared to 39.4 cents cost in 60 Texas schools recently audited by State auditors.

In a report to the trustees of the school, Supt. James R. Clark told them that Ranger had served 50,693 meals from September through March to students, teachers, visitors and kindergartners.

Total cost of serving these meals came to \$19,733.91 while income from sales, students, teachers and reimbursement from the State totaled \$18,768.12. By using their bank balances the lunchrooms postponed going up in price of meals until January.

The State has reimbursed the school or will reimburse them soon for \$3,490 on meals and extra milk but this amount is included in the figures above Clark said.

The cost per meal served in Ranger Public Schools averaged 27.29 cents for food costs, 9.13 cents for labor costs, and 2.49 cents for other expenses for a total of 38.92 cents a meal. Nearly 7,000 meals have been served free this year which helped increase the cost per meal.

Audits by the State of 60 lunchrooms this year showed average food costs at 26.6 cents, labor costs at 10.2 cents and other costs at 1.17 cents for a total of 37.97 cents a meal.

This shows that when a student pays 35 cents for a meal at Hodges, the school is probably losing money on the meal. The other schools charge 40 cents for students and 45 cents for adults which does cover the cost of the meal.

Visitors are charged 75 cents for each meal.

## What Do You Know About The Arab World?

By SOAD A. SOWAYAN

It is indeed unfortunate that distorted ideas are held by many honest persons regarding the Arab people and the Arab world. These distorted ideas have come from romantic writers and film directors who have given the term "Arab" a connotation which often is misleading. All too often the word "Arab" conjures up vision of picturesque, bearded nomads who live in black tents plodding across the desert on camel caravans or racing over the sand in a tribal raid.

Such a picture is romantic, but it gives a wrong impression of what we Arabs are.

The Arabs are the scholars of the middle ages when Europe was sinking to her knees in the darkness of ignorance. The Arabs' contribution to the world civilization is unforgettable. The Arab world was the ring that linked the old civilization of Greece, Rome, and India with the modern civilization of New York, Moscow, and London.

The Arabs developed a culture which far surpassed the contemporary culture of western Europe. Many of the scientific terms such as "elixir," "alcohol," "alkali," "algebra" which are from Arabic origin prove the European Independence of those scholars.

When we speak of the Arab world we don't mean only the small peninsula south west of Asia. The Arab world is that immense area extending from the Arabian Gulf east to the Atlantic Ocean west. This strategic area is the spot where all the roads from East and West come together. The importance of the Arab world has always been recognized by the empire builders. From a military point of view it is today the most strategic area. More over, it contains 80 per cent of the world's oil reserves. Western Europe can not carry on its day to day business without Arab oil. Certainly its war machine can't function without it.

The importance of this strategic region to the west was unhappily demonstrated when the October 1956 military action against Egypt resulted the stoppage of traffic through the Suez Canal and Europe starved to death for oil. By mid-March, the Suez Canal crisis had cost U. S. taxpayers \$17,140,000 via the U. N. alone.

The Arab world is the center of international attention because of its oil and its strategic position which make the Arab world act as the balance between the western power and Eastern power, so it is our sacred goal to keep peace in this shaking world.

## Four Accidents Investigated By Highway Patrol

Vehicle accidents investigated by the Highway Patrol include:

April 18: An Angus bull was killed 4.7 miles west of Eastland when struck by a car driven by Clarence Deeds of Midland. Jack Therwanger investigated. About \$200 damage was reported to the car.

April 19: A 1961 Ford station wagon driven by Charles Moon of Eastland struck a cow 1.7 miles south of Eastland. The cow ran away. Minor damage was reported to the station wagon.

April 21: At 10:05 a. m. a 1962 Oldsmobile driven by Stephen Newark of Strawn and a 1955 Chevrolet driven by Ola Robinson of Eastland were in an accident east of Ranger. Gloria Newark, a cheicstry and many others which are from Arabic origin prove the European Independence of those scholars.

All this in cool, lightweight nylon and Lycra® spandex at a pocket pleasing low Price. In White, Blue, Black BESTFORM Yellow and Pink. In Sizes S-M-L-XL.

\$5.95

# Average Attendance For Ranger Is 588.8

Average daily attendance in the Ranger Public Schools averaged 588.8 for the six week period ending April 17 Supt. James R. Clark reports.

The average membership for that period was 619.96 and the average daily attendance was 94.64 per cent.

The white students averaged 565.74 and the Negro students averaged 15.044 in average daily attendance for the entire year to date, Clark said.

To hold the teacher units we now have we must average 563 white and 15 Negro in average daily attendance Clark told the board in a report mailed to them this week.

Even though the enrollment has dropped about 10 students for the first time this year, good attendance by those remaining will almost guarantee the school the same number of teachers.

In average membership last six weeks Hodges Primary averaged 188.28, Young Elementary 146.6 and the Junior High School 285.04.

The high school had the best attendance with 97.16 per cent present each day. Young was next with 95.57 per cent and Hodges had 91.18 per cent present daily.

### LADDER TO THE UNDERSTANDING OF GOD

## Tornado Season Calls for Warning-Signal Advice

Sgt. Roger Sosebee of the Texas Department of Public Safety today urged Eastland Counties to review tornado safety precautions.

"While tornadoes can occur any time of the year," Sosebee said, "April, May and June are the peak months."

U. S. Weather Bureau records indicate that Texas leads the nation in total number of tornadoes per year. The annual average of 80.7 is based on a record of 1,210 confirmed tornadoes from 1951 through 1965.

The most destructive tornado in Eastland County hit Cisco about 9 p. m., April 28, 1893. The storm killed 30, injured scores of residents and took a heavy toll in property damage.

"It is especially important for every school, church, hospital, hotel, business house, and industry to establish an emergency plan," Sosebee said. "To know what to do when a tornado is approaching may mean the difference between life and death."

Fire Chief Wayne Jackson said that the tornado alert in Eastland of one two-minute siren followed by three blasts each of 30-sec. duration. The sirens — one long and three short — should alert all Eastland citizens to the possibility of a storm.

Sosebee offered these suggestions for emergency action:

If you are near a tornado cellar: if time permits, go to a tornado cellar, cave or underground excavation which should have an air outlet to help equalize the air pressure. It should be free from water, gas or debris.

If you are in open country, move at right angles to the tornadoes path. If there is no time to escape, lie flat in the nearest depression such as a ditch or ravine.

If in a city or town, seek inside shelter, preferable in a strongly reinforced building. STAY AWAY FROM WINDOWS. If at home, some protection is offered by taking cover under heavy furniture against inside walls. Doors and windows on the side of the house away from the tornado may be opened to help reduce damage to the building. Standing against the inside wall or on a lower floor of an office building offers some protection.

If in school, stay inside, away from windows, remain near an inside wall if possible. AVOID AUDITORIUMS AND GYMNASIUMS with large, poorly-supported roofs.

Keep calm. It will not help to get excited. People have been killed by running out into streets and by turning back into the path of a tornado. Even though a warning is issued, chances of a tornado striking one's home or location are very slight. You must be prepared, however, just in case.

Sosebee gave these general facts concerning tornadoes:

Tornado weather can be hot sticky days with southerly winds and a threatening, ominous sky. Familiar thunder-

storm clouds are present. An hour or two before a tornado, topsy, tizzy clouds appear sometimes bulging down instead of up. The clouds often have a greenish-black color. Rain and frequently hail precede the tornado with a heavy downpour after it has passed.

Tornadoes occur mostly between 3 and 7 p. m., but they have occurred at all hours.

Tornadoes in most cases move from a westerly direction, usually from the southwest. The tornado's path is usually 10 to 40 miles (the average length is 16 miles), but they may move forward

## 65th Wedding Anniversary Is Observed Today

Today (Thursday) April 27, is a special day for Mr. and Mrs. W. W. Jones, 301 E. Main St., Ranger. Sixty-five years ago this couple exchanged marriage vows in the Round Grove Baptist Church in Erath County.

Mr. Jones is the son of Alfred and Ada Calleshan Jones of Troy, Ala. Mrs. Jones is the daughter of William and Bell Manchester Rippetoe of Hot Springs, Ark. Both families were early settlers in Erath County. The couple met at an early age and it is reported that they were sweethearts even then.

Six children were born to this union: Carl Jones, Mrs. Jack Redford, Jay L. Jones, Mrs. Onie Mills, Mrs. Glyn Covington and Mrs. W. R. Reese. A constant joy to this honored couple are seven grandchildren: John Michael Mills, Jay Pat Jones, Timothy Cathy, Janet and Cynthia Covington and Renee Reese Bahr; and two great-granddaughters, daughters of Jay Pat Jones.

The family of this couple are joined by a host of friends to say "happy anniversary," with the richest blessings of the Heavenly Father for health and cheer in the years that lie ahead.

## James D. Rogers Completes Navy Basic Training

Seaman Recruit James D. Rogers, USN, son of Mr. and Mrs. J. D. Rogers of Route 1, Ranger, Tex., has been graduated from nine weeks of Navy basic training at the Naval Training Center here. In the first weeks of his

naval service he studied military subjects and lived and worked under condition similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

He's never:  
written to his Congressman,  
visited an historic place of interest,  
voted in an election,  
written to an editor,  
tuned in a public-affairs TV program,  
participated on local citizen committees,  
read the Bill of Rights.

He's Goofy.

But you're not.

Yet chances are you haven't done some of the things on this list. That shouldn't be. That's why the Walt Disney organization lent us one of his most famous characters. We figure he'd help you remember how completely goofy it is not to exercise every advantage the American heritage offers. So look that list over. They're not big things, really. But have everyone do everyone of them and you've got a big thing going. For freedom.

FREEDOM: THE MORE YOU USE IT, THE LONGER IT LASTS.

SERVICES DAILY

7:00 a.m. Breakfast 7:30 p.m.

AUSTIN—Legislature showed signs of quick response to the request by Gov. John Connally to postpone writing a tax bill until next year and to adopt a state governmental budget for only half the fiscal biennium.

Both House and Senate budget-writing committees will scrap their biennial appropriations measures and have one year bills ready for action this week.  
In an unusual night speech to a joint session of the House

and Senate, Connally pledged to call a special session next year to pass a 1969 appropriations bill and consider necessary new taxes. Overall purpose was to 'break legislative logjams on major legislation.'

State financial picture appears to be this: Under the \$137,000,000.00 in additional one-year budget plan, about \$50,000,000 or so would not actually be "saving", since Connally expects the Legislature to spend the same amount on two one-year budgets as on one two-year budget. However, the Governor figures that if business growth continues to gain, revenues from present taxes will bring in more than had been expected, and thus make it possible to get by with a smaller tax increase.

Lt. Gov. Preston Smith, after initial doubts on wisdom of the procedure, urged the Senate Finance Committee to go along. Smith cautioned the legislators not to take the

new financial procedure as an invitation to spend more freely and to clear up any legal questions at an early date.  
Lietutenant governor, who contends that no new taxes are necessary, viewed Connally's proposal as "at least partial recognition that our financial salvation does not necessarily and exclusively lie in passing a big tax bill at this time."  
Bill by Rep. Billy H. Williamson of Tyler to make more cities in Texas eligible

for grants-in-aid for community mental health centers has passed both House and Senate.  
State now may make such grants-in-aid to cities of 100,000 or more population. This bill would lower that minimum to 75,000. It also would allow grants-in-aid to a center serving less than 75,000 population, if the state commissioner of mental health

and mental retardation declares it eligible.  
House of Representatives passed two measures of the education package sponsored by Rep. Alonzo Jamison of Denton.  
Copper and tin, properly combined, make bronze.  
The Japanese royal family dates from 660 B. C.

## New Chemical In Production For Control of Pecan Aphid

COLLEGE STATION—Texas commercial pecan producers who have awaited a simple, economical aphid control may have their answer in disulfoton (Di-Syston), a systemic insecticide now cleared by the U. S. Department of Agriculture.

A systemic insecticide is a chemical which can be absorbed into a plant's sap system. When an insect feeds on the plant, it gets a dose of the poison.

John G. Thomas, Extension entomologist at Texas A&M University, says disulfoton has proven effective against the black pecan aphid and the yellow or honeydew aphids. But the material will not work on nut casebearers, tent caterpillars or other foliage feeding pests.

The chemical has been cleared at the rate of 15 to 30 pounds of the 10% granular material per acre.

"We recommend use of 20 pounds per acre under Texas conditions," Thomas said. "The higher rates are required on the heavy, muck soils in the southeastern states."

The entomologist recommended that the granular chemical be applied in 6-foot bands to the soil on both sides of trees under the main drip area. Fertilizer applicators or grain drills can be adjusted to spread the granules.

Next, work the insecticide into the upper 2 to 3 inches of the soil at distribution time, or by subsequent disking when a broadcast, surface application is made.

Thomas emphasized that adequate soil moisture is the key to getting top benefits from disulfoton. Otherwise, tree roots cannot absorb the material.

"Application should be followed as soon as possible with irrigation where water is available. If irrigation water is not available, it's important to time application so that probability of rain will be excellent. This may mean applying the systemic earlier in the season in areas of the state where April is the highest rainfall month," he explained.

The usual recommended application period is May 1-15. Thomas pointed out that only one application is permitted per season, and this must be made at least 60 days before harvest. Season-long control is most often the rule when proper application and moisture conditions prevail.

Aphid damage most commonly occurs in mid or late summer, so the systemic needs to be applied to prevent this summer build-up and protect the pecans during the late summer period," he said.

Disulfoton also comes as a 65.7 percent liquid concentrate and can be sprayed on the ground, worked into the soil and irrigated the same as for the granules. Application rate is 2.5 to 3 pints per acre of the material in water.

Thomas cautioned that the 10 percent granular and the 65.7 percent liquid concentrate forms of disulfoton have been USDA-cleared for use only by commercial growers and professional applicators.

"The formulations should not be used by homeowners because of hazard."

## THE GORDON SPOT

By DeMarquis (Dee) Gordon  
Eastland County Extension Agent

The thrill of producing the largest tomato or the first ear of corn in the neighborhood may be responsible for many home gardens, but other reasons are more important.

A home garden can be a real contribution to the family food supply and a means of stretching the food budget. This is especially true if the family has a freezer.

Home gardening is an excellent hobby. Satisfaction and pride results from watching plants grow and produce. And who doesn't like good fresh garden produce.

Vegetable gardening is not as strenuous as it once was because of such work savers as garden tractors and tillers. Black plastic film mulch can be used to eliminate most of the weed problems and pesticides are available which give very effective control of most insects. New fertilizers that are quickly soluble enable the gardener to do an even better job than before.

Too a garden can be a real

challenge to the younger members of the family. My five year old son Marq planted his garden last week. He did the planting himself and no one else knows exactly where he planted his squash and lettuce.

You may like to have a

little more information on vegetable planting. We have a supply of new publications available which are titled "Useful Information for Planning the Vegetable Garden." It contains helpful information even for the experienced gardener.

We also have publications on insect control in the vegetable garden. It is very important to know the kinds of insecticides to use and when to use them to control insects in the garden.

Insecticides come in several forms such as dusts wettable powders liquid emulsifiable concentrates and aerosols. Be sure you know how these should be used. Always read the label information on the container.

### Medals Galore Await Veterans

Millions of unclaimed medals earned by World War II and Korean War servicemen are stacked up in warehouses around the country, according to the Veterans Administration.

Jack Coker, Manager of the VA Regional Office in Waco, revealed that the Army alone has some 800,000 pounds of medals in a Philadelphia warehouse.

Among the medals there are over one-and-a-half million Victory Medals, a decoration earned by almost every one who served in World War II.

The VA Manager said that veterans interested in securing medals to which they are entitled should write a letter to the military branch in which they served.

Letters should contain full particulars about their military service, units to which assigned, and above all, the letter should contain the veteran's complete name and serial number.

To write for medals, Coker said, see the following addresses:

**ARMY:** The Adjutant General, Decorations and Awards Branch, Department of the Army, Washington, D.C. 20000.

**AIR FORCE:** Director of Military Personnel, Attention: Awards Branch, Headquarters, U. S. Air Force, Washington, D. C. 20000.

**MARINE CORPS:** Commandant, Headquarters, U.S. Marine Corps, Washington, D.C. 20000.

**COAST GUARD:** Commandant (PMM), U.S. Coast Guard Headquarters, Washington, D. C. 20000.

**NAVY:** Commandant, Headquarters, U. S. Navy, Washington, D. C. 20000.

### Action Needed By Those Who Will Reach 65

Persons who will reach age 65 in the next three months are reminded to sign up for Medicare before the age 65 month by Social Security.

"Although the law provides a seven month period," stated R. R. Tuley Jr., district manager of the Abilene Social Security office, "only those who sign up in the three month period ahead of age 65 have their doctor bill insurance part of Medicare effective with the first day of that age 65 month."

"Signing up in the month 65 is reached makes protection effective the first day of the following month. Signing up in the three months after reaching age 65 delays the protection for up to two months after enrollment," he added.

A representative of the Abilene office of the Social Security Administration will be in Eastland on May 1, 15 and 22 at the County Court Room at 10 a. m. or, such sign up action may be taken in the Abilene office, located in the post office building, from 9-5 on Mondays through Fridays, with extra open hours from 5 p. m.-8 p. m. every Tuesday.
