

Polls Open at 8 for Amendment Vote Saturday, Nov. 11

Ranger voters are reminded to cast their vote for or against six constitutional amendments during an election to be held in the Recreation Building, S. Marston St., on Saturday, Nov. 11. Polls will be open from 8 a. m. to 7 p. m., according to Calvin Brown, election judge.

Attention is expected to be directed primarily toward proposed amendment No. 3 when voters go to the polls in Eastland County Saturday Nov. 11, for a special constitutional amendment election.

Polls open at 8 a. m. at 12 voting centers in the county and a less-than-heavy turnout is expected in view of the amendment election, and due to a light absentee vote.

Six amendments are to be decided upon, with No. 3 being the matter of the Veterans Land Board continuation. The proposal has been defeated in two previous state-wide elections. The defeats have been attributed to the "big city" voters, it has been reported.

County elections will be held at Eastland, Cisco, Ranger, Olden, Carbon, Gorman, Desdemona, Rising Star, Kokomo, Scanlon, Pioneer and Nimrod. (It will be the last time voting will be held at the last four named boxes as these have been done away with for voting beginning next year.)

Tuesday, Nov. 7, ordinarily would have been the date for the general election by statute and tradition, but the legislature moved the date to the 11th Veterans Day, in deference to the veterans proposal on the ballot.

The ballot is relatively simple, with six "for" and "against" choices.

The first proposal would if passed, put all county taxes into one general fund. Those in favor of the amendment say that combining would end the situation which often exists in which one fund is bankrupt while there is money in another, and that the county commissioners who set the budget, would have more control, and freedom in meeting unforeseen needs. Opponents say that the separate funds were set up as a safeguard and that with all money available for unrestricted use, commissioners might be prone to waste money rather than keep forced economy.

No. Two would permit municipalities and other political subdivisions to establish and maintain mental health services. Proponents say more mental health patients could be served. Opponents say that there might be duplication of services.

No. Three would authorize the sale of \$200,000,000 in bonds to continue and expand the Veterans' Land Fund. Proponents say that there would be no cost to the taxpayers and that it would stimulate the economy, while helping all veterans. Opponents say that the state government should not enter the loan business. (Continued on Page 4)

Victory Party Planned Sat. At Teen Town

A victory party will be held at the Teen Town Saturday night honoring the Ranger Bulldog football team, according to an announcement made by sponsors of Teen Town.

Teen Town will be open from 7:30 until 10:30 p. m.

Mrs. Weld on Cunningham and mothers of the Quarterback Club will prepare the sandwiches and punch for the party.

The party will be free to all senior and junior high students and parents and coaches are cordially invited to attend. All students attending the party MUST sign in and sign out, according to Teen Town sponsors.

The Teen Town will be decorated in the school colors Saturday by the High School Cheerleaders.

AREA DEVELOPMENT BUILDS SALES OPPORTUNITIES FOR YOU

AT TESCO WORKSHOP — W. G. Marquardt, vice president - operations of Texas Electric Service Company; B. J. Collings, manager for the electric company at Ranger; and James E. Heath, industrial development consultant, Texas Industrial Commission, are shown at a two-day Fort Worth workshop introducing the electric company's Program for Economic Progress. The PEP project is an expansion of community and industrial activities conducted by Texas Electric Service Company for more than 20 years. Mr. Heath spoke to the group of electric company and local managers on "Opportunities for Economic Growth... and the Challenges and Tasks Before Us."

Quarter Century Banquet Honors Texas Electric Service Employees

Two Eastlanders and a former resident were inducted into the Texas Electric Service Co.'s Quarter Century Club at the firm's annual Eastland division banquet meeting in Breckenridge Monday night.

In the Yule-decorated hall, division employees and their guests ate together and saw J. W. (Jim) Hogan Jr., E. M. Simpson, both of Eastland, and J. N. Pool of Graham and formerly of Eastland, inducted into the Quarter Century Club.

Company President Burl B. Hulsey Jr. saluted all the employees and particularly the wives, during his brief president's speech. Division Manager Frank N. Sayre of Eastland was master of ceremonies and introduced Guest Speaker Fred Smith, Cincinnati, O., financial consultant.

Mr. Hogan is division engineer and Mr. Simpson is maintenance assistant at the Leon Plant. Mr. Pool transferred from the Leon Plant to Graham in 1960.

Mr. Hulsey called the wives the "stabilizing influence" and this influence carries over into the company. "There are some 2,500 family units in the Texas Electric company, and over the years we've changed a lot of things — materials and methods to more efficiently provide electric service — but the one thing that hasn't changed has been our people," Mr. Hulsey said. "They are the foundation upon which our company is built, and we can't do without them."

"The company's growth has resulted in more efficient service and a stronger company and this in turn is better for our employees."

Speaker Smith spoke of the "love of life" that Americans are famous for, but called this period the first time in history that this county has experienced prosperity and the jobs at the same time.

"We live in reaction to fear, when we should be active to challenge," he said. Recommending a modification of the Golden Rule he suggested: "Let's do unto others, as we would have them do unto us — FIRST."

Of religious denominations, he quoted a story told once before when he spoke for Texas Electric People here, in which a priest told him at the Catacombs near Rome: "It's not the form that separates us but the hope of the Blessed Resurrection that unites us."

"Freedom, we must all have," Smith said, "but before freedom, there must be a sense of responsibility."

J. W. (Jim) Hogan Jr., Eastland division engineering manager for Texas Electric Service Company, joined the Quarter Century Club March 9, 1967, and received a watch at the Monday night banquet.

Hogan and his wife, Vera, are both natives of New York State, who moved to Eastland in 1942 and to Eastland in 1955.

They have two sons, Mike, who is married and lives in Fort Worth and Pat, a student at Eastland High School. They are members of St. Francis Catholic Church. He is a member of the Quarterback Club, the National Rifle Association, and the Knights of Columbus Council in Fort Worth.

Ranger United Fund \$1,400 Short of Goal

Ranger's United Fund Drive was about \$200 above this year. Thirteen firms have qualified for the 100 percent contribution card to be displayed in their windows or by the cash register. These cards show that every employee in the firm has made a contribution to the drive.

Commercial State Bank leads the list with every employee giving one days pay and they have been given the Golden Award.

Firms receiving the 100 percent Award are Swaney Drug, Walnut Street Clinic, Southwest Machine Shop, Automatic Controls, Featherlite Corporation, City Hall and City employees, Ranger Junior College, Ranger Furniture Exchange, Ranger Public Schools, C. E. Maddocks Insurance Co., Pulley Jewelers, Quality Food Mart.

It is possible that other firms are 100 percent but their solicitor for the United Fund has not turned in their money to Treasurer John Adair of the Commercial State Bank.

Bill Marslander of Featherlite was singled out at the United Fund meeting Tuesday afternoon as being one of the outstanding workers this year. He has turned in \$916.

Final Rites Held Oct. 30 For Mrs. Gulley

Mrs. John Gulley, 90, died at her home in Gatesville on Saturday, Oct. 28 following an illness of two months.

Final rites were held in Gatesville on Monday, Oct. 30.

Survivors include a brother, R. E. Johnson of Ranger who, with Mrs. Johnson were in Gatesville for the services.

\$13,666 Collected In School Taxes in October

\$13,666.84 was collected in school taxes in October for the Ranger Public Schools, and \$8,504.51 for Ranger Junior College according to a report prepared for the school board which meets Tuesday night, 8 p. m., Nov. 14.

The public school tax is \$1.50 per \$100 valuation and it brought in \$10,131.85 for local Maintenance and \$3,083.60 for the interest and Sinking Fund.

Money is not coming in as fast as it did last year Supt. James R. Clark reports.

Several suits are now pending in court Clark said but no date has been set for the hearing. The suits are filed on accounts long overdue. More suits will be filed shortly.

Cisco - Ranger Football Game At Breckenridge

The football teams of Cisco and Ranger Junior Colleges will meet in a Texas Junior College conference game at 7:30 p. m. Saturday at Buckaroo Stadium in Breckenridge.

The contest is being sponsored by the Breckenridge Junior Chamber of Commerce.

Although the Cisco team has a more impressive season's record, the Rangers have made marked improvement in recent games and a hard-fought contest has been forecast. Cisco won a 30-to-6 decision when the two teams met in the Peanut Bowl at Eastland to open the season.

Four Breckenridge players will play prominent roles in the Cisco lineup. They are Ronnie Bell, quarterback; Rex Fry and Jimmy Frazier, who alternate at fullback; and Mark Weber, defensive line-backer.

Bell, Fry and Weber are listed as starters, and Frazier will alternate with Fry, according to Coach Jim Puryear.

The probable offense starters for Cisco were listed as follows:

Ends — Wayne Nail, 195, and Mack Murphy, 165; tackles — Dail Slough, 225, and Jim Brewster, 295; guards — Robert Fisher, 245, and David Pearce, 210; center — John McKinley, 190; quarterback — Ronnie Bell, 160; halfbacks — Barry Moore, 170, and Calvin Hinderman, 160; and fullback — Rex Fry, 185.

The Wranglers will have an extra incentive to win the game. A committee from Roswell, N. M., is expected to be in the to look over the Cisco team for a possible Wool Bowl bid. This game will be played in Roswell in December. Cisco has a 4-1-1 record for

John W. Carver Is Killed In Vietnam Oct. 31

Miss Sandra Martin, student at Ranger Junior College and resident of Jameson Hall, left Thursday, Nov. 2, for her home in New Summerfield in response to a message that her fiance, John Wayne Carver had been killed in action in Viet Nam on Tuesday, Oct. 31.

Final rites were conducted at 2:30 p. m. Wednesday in First Methodist Church of Cushing.

The aim of the Ranger United Fund this year was to get every one to give one day's pay to the drive and a goal of \$6,000 was set.

Drive Chairman James R. Clark commended the Directors who are doing the hardest part in the drive. Those doing actual solicitation or in charge of workers who do ket the contributions are John Adair, J. A. Bates, Mrs. Frances Cox, Dr. John Foster, Glyn Gilliam, Bruce Golemon, Mrs. Bertha Harris, Bill Herod, Mrs. L. C. Kennedy, G. R. Kloss, Bill Marslander, Dr. E. W. Mince, Mrs. D. E. Pulley, Grady Taylor, and Rev. Thomas Tribble.

It is possible that other firms are 100 percent but their solicitor for the United Fund has not turned in their money to Treasurer John Adair of the Commercial State Bank.

Bill Marslander of Featherlite was singled out at the United Fund meeting Tuesday afternoon as being one of the outstanding workers this year. He has turned in \$916.

Ranger FFA Participates In Contest

The Ranger Chapter, Future Farmers of America, sent two judging teams to Mineral Wells last Saturday for a contest. Ranger teams were land and grass judging teams.

Members of the land team were Larry Williamson, Billy Guess, James Boone, Joel Boone and Stephen Connor. The grass team was composed of Bradley Hodges, Doug Needham and Jackie Melton. This team won third place in the contest.

Teams were accompanied to Mineral Wells by Vocational Agriculture teacher B.S. Dudley Jr.

Tommy Warford Attends Lawyers Seminar Recently

Tommy Warford of Ranger was among the lawyers attending the seminar entitled "The Trial of Condemnation Cases", held Oct. 25-28 in Austin and sponsored by Attorney General Crawford Martin and his highway department legal staff.

Interesting trial tactics from both the condemnors, and condemnors viewpoints were presented during the seminar.

SPAGHETTI SUPPER PLANNED FRIDAY HODGES OAK PARK

THE 1967 DEER hunting season opens in our part of the country this coming Saturday, and the outlook is about average, according to reports. If you bought a hunting license when dove season opened, you're already in business. Otherwise, you'll need one. The hunting license has your deer tags attached to it.

Hunting is pretty costly sport. After you get your gun and gear, you need a place to hunt. And you must have a lease or hunting rights for a day. Some of the better hunting places charge up to \$100 per gun, and others are \$10 and up per day.

Happy hunting!

Don't forget the Volunteer Firemen's Benefit Dance Friday night after the football game. Tickets for the dance are now on sale at \$1.00 for stags and \$1.50 per couple. Proceeds from the dance will go for safety equipment for the local fire department. Tickets may be purchased from any member of the Ranger Volunteer Firemen.

A victory celebration party will be held Saturday night in Teen Town for all high school and junior high school students. The party will be in honor of the Bulldog football team.

Monday evening we attended the Quarter Century Banquet for all TESCO employees in Breckenridge. Bill Collings, local manager for Texas Electric won a beautiful centerpiece, of which his wife was very proud of.

Bulldog fans will certainly want to be watching their TV sets Wednesday night as our football coach, Charlie Smith, will be on the sports section of the 10 p. m. news at KRBC — Channel 9.

A Master's Degree will be conferred at the Ranger Masonic Lodge Tuesday, Nov. 14, at 7:30 p. m. All Master Masons have been urged to attend.

John L. Haganman Accepts New Position In Far East

John L. Haganman has accepted a position as Administrative Assistant to the manager of Bio-Products Department of the Far East, transferring from Dow Chemical of Houston to Dow International with headquarters in Hong Kong.

Mr. and Mrs. Haganman and children, Laura, age 5 years and Leslie, three months, will leave Dallas via American Airlines on Nov. 9 and spend two days in Hawaii and two in Tokyo enroute to their new home.

A native of Ranger, Haganman is the son of Mrs. L. H. Haganman and the late Mr. Haganman. He is a graduate of Ranger High School and A&M University with major in Agricultural Engineering.

Mrs. Haganman, the former Nelda Melton, daughter of Mr. and Mrs. Morris Underwood of Greenville, is also a former Ranger resident.

An employee of Dow Chemical, Haganman worked in Midland for two years prior to moving to Houston. His tour

of duty in the Far East will extend over a period of from three to five years. The position affords the benefit of an annual five-week state-side vacation.

The family arrived in Ranger last week and will be guests of his mother until date of departure.

2,000 SIGNED UP

Instructions Are Issued on Voter Registration Here

Over 2,000 voters were registered during October, "from age 91 down," County Tax Assessor-Collector Edgar Altom reports.

Under the new voter-registration law, every voter must be registered and the biggest percentage of those who signed up during the first month, were over 60 years old, Mr. Altom said.

The local office is experiencing a little difficulty in handling the voter registration application certificates, he said, as he asked for public cooperation in complying with the statutes.

"First of all, the application blanks are to be personally mailed to the clerk's office by the applicant, his wife, husband, father, mother, son or daughter," Altom said. This is according to the new law, and is intended to prevent "block voting" in which a person or organization secures applications and mails them in to the office in bunches.

"This is not permitted," Altom says.

Application forms are available throughout the county in every town, and may be secured from chambers of commerce, city halls, and other points, but these should be

filled out properly and returned by the applicant to comply.

A point of some contention with some people is the requirement that the applicant list his, or her, "true" age. (Use of the substitute "legal" is no longer good).

Another point is in the blocks in which an applicant shows his residence, which must be shown on the application and on the poll certificate. The blanks plainly state "Length of residence (Years)" with spaces for the State, County, City. Many forms are being returned by the tax office because people are filling in these blanks with "Texas" under State; Eastland under county; and Cisco (for example) under city. The question is not where you live, but rather "how long" have you lived in each: (for correct example—60 years in state; 50 years in county; and ten years in Cisco).

Mr. Altom made this statement relative to the mailing of the application forms:

"It is permissible for third persons to furnish envelopes (either plain or pre-addressed to the registrar) and stamps to prospective applicants. However, as already stated, the applicant himself or an authorized agent (spouse, parent, or child; must attend to the mailing of the completed application."

Registration for 1968 voting continues through Jan. 31.

Washington

"As It Looks From Here"

WMAR BURLESON
Congressman
17th District

WASHINGTON, D. C.—The following is a "Re-Run" of this column on June 6, 1963. A sequel to it will follow next week.

Nathan Hale did not say: "Me syp on the British? Are you trying to be funny? Do you know what they do to spies they catch? I will give you a news flash, chum. They hang them."

Paul Revere did not say: "What do you mean, me ride through every Middlesex village and town, and in the middle of the night too? Why pick on me? Am I the only man in Boston with a horse?"

Patrick Henry did not say: "Sure, I'm for liberty. First, last and always, I'm for liberty. But we have got to be realistic. We are a pretty small outfit. If we start pushing the British around, someone is likely to get hurt."

George Washington did not say: "Gentlemen, I am honored and appreciate your confidence, but I just have too much to do. I am just starting to get things in shape out at Mount Vernon."

Since these heroes did not say these things, they would be considered "squares" nowadays.

This word "Square" according to Mr. Charles H. Brower, originated with convicts. To them, a square was form to the convict code.

From this, the sophisticated have applied it to the man who never learned to get away with wrongdoing. To them, he is a Joe who volunteers when he does not have to. He is a guy who gets his kicks from trying to do something better than anyone else can. He is a boob who gets so lost in his work that he has to be reminded to go home. He is a slob who still gets choked up when the band plays "America The Beautiful."

The Square does not fit too well into many current groups of angle players, corner cutters, sharp shooters and goof-offs. He does not even like to open packages before Christmas. He does not want to fly now and pay later. He is burdened down with old fashioned ideas of honesty, loyalty, courage and thrift. In fact, he may be on his way to complete extinction.

In Mark Twain's day, the word "Square" was pretty wholesome and one of the finest. At that time you gave a man a square deal if you were honest. You gave him a square meal if he was hungry. You stood four - square for the right as you saw it, and square against everything else. When you got out of debt you were square with when you could look your fellow man square in the eye.

The world. And that was of course, we know that time change. With changes come different expressions, just as we hear new tunes and have new dances.

Sometimes some of these things sound somewhat foreign. It causes one to wonder if we are importing ideas, rather than exporting them.

It has been pointed out that the famous quotes from Nathan Hale, Patrick Henry and others have been practically dropped from all textbooks. In the new texts, the British demand for surrely of John Paul Jones to render, "I have not yet begun to fight," does not even appear.

Today we have a new set of heroes. Their names are Glenn and Grissom, Shepard, Carpenter, Shira and Cooper. These heroes are from nice small towns with names like Sparta, Boulder, East Derry, Mitchell and Shawnee. Maybe these men are squares and maybe the reason is they have lived too far from the sophisticated influences to keep from becoming squares or who but a square would volunteer his life for his country's good? This would be the opinion of some of those who want to make fun of a square, but not these squares. We can be thankful there are still some, and hope there will be a great deal more.

Next week we will talk about Bobby Dylan's new song, "Something is Happening in the Land, and You Don't know What it is, Do you Mr. Jones?" Mr. Jones is the "Square" and most of us young and old, are Mr. Joneses.

Consumer Education Week, Nov. 6-11 Hints are Given

Get off to consumers! This week has been designated Consumer Educational Week which is being sponsored nationally by the Agricultural Extension Service. Mrs. Janet Thomas, County Home Demonstration Agent states that this annual week proposes to tell you, the consumer, that you are important. The decisions you make, the products you buy, the feedback you give industry influence the market and the nation's economy.

Information is always available at your Eastland County Home Demonstration Office, your consumer headquarters. Home economics information and other consumer programs have been a vital part of Extension work since it was established. County Home Demonstrations Agents are proud of this service and want to make it as helpful as possible to all families.

As consumers all of us are called upon to be amature accountants, mechanics, electricians, dieticians, etc. frequently without being given the information to perform the necessary tasks. Since World

War II, Americans enjoy a higher standard of living than has ever been known, but problems have been created also. For example, prior to 1940, the average supermarket carried 1600 items. Today it carries 8,000; and the number is continually rising. With this increase in the number of goods has come a sharp increase in the complexity of products, so that the quality of each is harder to assess. Consequently we have a great need for decision-making information than ever before.

This is true in every product area. For instance, consider the variety of new man-made fibers and fabrics; the wide range of recently developed home building materials, furnishings and types of housing; and the complexity and variety of equipment lined up before the prospective buyer or consumer. Problems in decision making often result from large numbers of products, exaggerated advertising claims, and confusion about new products.

One example of this is the perplexity surrounding the non-stick finishes found on almost every type of equipment on the market today. Eastland County homemakers have asked many questions about these non-stick coatings on cooking utensils.

Teflon is a material which when applied to a utensil, does not allow food to stick to it. Teflon has superior releasing properties and is most durable. Housewares and equipment with non-stick finishes are available in all Eastland County stores. More than 70 manufacturers are making cookware, bakeware, portable electric appliances, and various accessories coated with Teflon.

Some of the advantages of Teflon is its ease in cleaning which has made it so popular. A second advantage of the non-stick finish is the ease of cooking without the aid of shortening for people who want to avoid fat or cholesterol.

When purchasing a non-stick utensil, homemakers are reminded to examine it for proper gauge or thickness of metal to obtain the best cooking or baking results. Non-stick finishes won't make a poor utensil any better.

Since non-stick finish utensils are so easy to care for, they are often not cared for correctly. A utensil should always be washed in hot, sudsy water. Teflon can be washed in the dishwasher but steel wool, metal pads or abrasive cleansers will damage the finish.

Discoloration of the finish can come not only from poor cleaning but from too much heat. Medium to low heat would be used for top of the range cooking. For oven cooking the suggested temperature limit is 425 degrees to 450 degrees. A non-stick finished utensil should never be placed directly under the broiler.

Staining is caused primarily by minerals in water, baked-on fat, or using excessive heat, and is not due to defect in manufacture. To remove stubborn stains, use a special cleaner for non-stick finishes or boil the following mixture in the utensil for 10 minutes; 1 cup of water, 2 tablespoons baking soda and one ½ cup liquid chlorine bleach. After the treatment wash the utensil in hot, sudsy water, rinse and dry, then wipe lightly with salad oil.

Remember, however, the discoloration cannot in any way affect the flavor or purity of the food being cooked.

Football Schedule Complete for 1968

Ranger High School's football schedule for 1968 and 1969 is now complete except for one date in September, according to Supt. James R. Clark, who said he had written or telephoned 22 schools under a total enrollment of 500 within 200 miles of Ranger and none had the same date open that Ranger did.

It is hoped that the date can be filled this coming week Clark said.

There are two reasons why Ranger does not want an open date. One is that few schools can afford to lose a possible \$500 gate receipt and the other is that the players get cold with a two week lay off.

Ranger will open Sept. 13 at Cisco with Eastland coming to Ranger Sept. 20. No

RHS Continues To Receive Commodities

Ranger Public Schools continue to receive commodities from their lunchrooms from the State Department of Public Welfare, receiving in October 10 pounds of flour, 352 pounds of butter, 24 gallons of eggs, 336 pounds of corn, 42 gallons of canned pineapple, 36 gallons of peanut butter, 24 gallons of canned beans, frozen turkeys.

In September the school received free 700 pounds of corn, 300 pounds of corn meal, frozen turkeys, 405 pounds of beef, 352 pounds of butter, 100 pounds of rice, 10 pounds of cheese, 216 pounds of rolled oats, 216 pounds of dry milk, 336 pounds of lard, 450 pounds of frozen chickens, 150 pounds of beans, 35 cases of frozen orange juice, 200 pounds of dry beans.

These commodities are supplied free to the schools, the only cost being that of storage in Brownwood, Ranger transportation to Ranger. It is expected that the supply of free food will continue to come in, including more turkeys. The schools are able to feed about 10 percent of their meals at no cost to students who cannot afford to eat due to these free groceries.

game has been scheduled yet for the 27th.

Notre Dame High, a new AA Catholic High School in Wichita Falls that just opened this year, will come to Ranger Oct. 4. The Bulldogs go to Santa Anna Oct. 11 to end non-conference play.

The Bulldogs go to De Leon Oct. 18 for the first district game which will begin at 7:30 p. m. The next week they go to Albany for the second consecutive year and Nov. 1 Baird comes to Ranger. Glen Rose, a new school in District 10-A, comes to Ranger Nov. 8. The Bulldogs will close out conference play at Dublin on Nov. 15.

Again next year Ranger will play all non-conference games against AA schools except Santa Anna which is Class A. Gate receipts are much higher when you play Class AA schools although sometimes you run a strong chance of being defeated.

Gate receipts this year are up this year over last year, Clark said. Gate receipts are split 50-50 after the cost of the four game officials and travel are deducted. Game officials receive \$27.50 for games where total gate receipts are over \$1,000.

Ranger share of the gates this year have been \$427.20 from the Cisco game, \$514.78 Eastland, \$413.56 Hamilton, \$657.88 Comanche, \$661.0 Albany, \$253.25 Baird, \$329.0 Santa Anna. This is a total of \$3,501.22 for the first seven games.

Last year Ranger had a total of \$3,887.09 from all ten games plus \$1,383.00 from the Santa Anna Bi-District play-off game and \$1,938.20 from the Kellar Regional Play off game.

Expenses in October were \$4,648.73. Over \$1,000 of this went to Nolan and Santa Anna for their half of the net gate. Over \$3,000 went for equipment purchased either last summer or this fall for games. Some went for the electric bill, ice, soap, laundry and meals while out of town at games. \$805.30 of the equipment expenses actually was for blazers that were bought to replace those burned in a fire. Insurance paid for the blazers.

Mr. and Mrs. Reuben Turlington and daughter, Angela, of Galveston are visiting in the home of Mrs. Turlington's parents, Mr. and Mrs. Monroe Myers.

Guest in the home of Mrs. Mayme Frye on Tuesday was her nephew, Wilbur Frye, a Church of Christ preacher, who lives in Stephenville.

Mr. and Mrs. E. E. Shirley of Monument, N. M. are visiting their mothers, Mmes. J. T. Shirley and Patsy Patterson.

Mrs. Evie Showmaker has returned from Mineral Wells where she attended the funeral of her brother, James D. May. Burial was in La-Queen Cemetery near Possum Kingdom.

Mr. and Mrs. G. B. Rush of Bursleson visited her mother, Mrs. Mary Currence at Western Manor last Sunday.

Guests in the home of Mr. and Mrs. Walter Jacoby on Sunday were Mr. and Mrs. Perry Kuhlman and daughter, Alfred Kuhlman and Ella Jacoby, all of Mason.

J. R. ERVIN RECEIVES FIRST FLOWER FROM CITY FLORIST

Mrs. Maurice E. Owen was the first customer of Ranger's newest business, the City Florist Shop. She purchased a chrysanthemum pot plant in an autumn gold color to present to her uncle, J. R. (Dutch) Ervin, who was 85

years old Tuesday, Nov. 7. The retired school teacher was born at Russell Creek in 1882 and began his teaching career when he was 19 years old. He is a graduate of Ranger Junior College, Abilene Christian College, and received his Master's Degree from Hardin-Simmons.

Olden Methodist Plan Covered Dish Luncheon

The Olden Methodist Church will have a covered dish luncheon at the church Sunday, Nov. 12 beginning at noon. Each family of the church is asked to participate. Mrs. Z. W. Cook will be in charge of arrangements. This will be a business meeting as well as a social hour.

The morning worship will be held at the regular 9 a. m. hour. The sermon will be brought by the pastor of the church, the Rev. Thomas Tribble.

Mr. and Mrs. Grover McGowan have returned from a visit with relatives in Dallas and Denison.

ANNUAL THANKSGIVING SERVICE TO BE HELD SUNDAY, NOV. 19

The annual Thanksgiving Service, sponsored by Ranger Ministerial Alliance, will be held in First Baptist Church at 7 a. m. Sunday, Nov. 19. Speaker for the evening will be Rev. Robert Wilson, pastor of St. Rita's Catholic Church. Music will be presented by the concert choir of Ranger Junior College under the direction of Ted Lewis.

Ranger Ministerial Alliance Has Endorsed Voter Registration

Ranger Ministerial Alliance has voiced its endorsement of the voter registration in a reminder that voters, regardless of age, must register in order to vote in 1968.

Registration is accomplished by one of two methods - go to the office of Tax Assessor-Collector Edgar Albom, County Court House in Eastland

or secure a blank, available in many places of business in Ranger, fill out and mail as directed and the certificate will be mailed to you.

The RMA believes that it is the duty of all citizens to cast their vote and urges the exercise of this sacred right through proper qualification.

New License Man, Schedules Are Announced Here

A permanent drivers license man for Eastland County and a new schedule for examinations have been announced here by the Department of Public Safety.

Roy Petty, native of Putnam, has been assigned to the newly-established office, and will be in charge of licensing here.

New schedule is as follows: Eastland - Mondays from 8 to 5, at the Courthouse now. Cisco - First, third and fifth Tuesdays, 8:30 to 5 at the City Hall in Cisco.

Ranger - Second and Fourth Tuesdays at the City Hall in Ranger.

He will also service Baird, Cross Plains, Albany and Breckenridge.

About the first of the year, the DPS will open a central headquarters in Eastland, which will house the license section (with a full-time clerk), and the Sergeant's office and patrol headquarters.

A two-year patrolman, Petty comes to Eastland from Abilene. He has served as Corpus Christi and Edinburg.

Recent legislation requires new procedures for licensing new applicants or those who have not been licensed for the past five years, but renewals will only be affected by an eye test given in addition to previous requirements, Petty said.

Petty and his wife, Beth, also a Putnam native, have 3 children, Kerry, 5; Dennis, 4; and Randy 1.

ELECTION . . .

(Continued from Page 1)

Four would authorize the payment of medical, doctor and hospital bills of sheriffs' deputies, constables and deputy constables and other county and precinct law enforcement officials who are injured in the course of their duties. Proponents state that such law enforcement officials are not covered now by workmen's compensation and that this added benefit would help recruit good men. Opponents say it is not fair to offer one class of employe such provisions and not offer it to all, and that since the provision is "permissive," some counties might pay part, all or none.

Five would authorize the issue and sale of \$75,000,000 in bonds by the state to create the Texas Park Development Fund to acquire lands for park sites and to develop them. Proponents say that state funds are not now available and the bonds would permit buying the lands now, while prices are cheaper and revenue from the bonds would pay off the bonds. Opponents say that estimates of revenue are theoretical and that a tax might be needed to pay off the bonds, and that the state should consider cooperating with the federal government on park financing.

Six would permit non-elective state officers and employees to serve in other non-executive offices or positions. Proponents say that qualified employes can provide better service if they are allowed to work in two posts where there is no conflict of interest and that some duplicating of salaries would be eliminated. Opponents say the restriction on jobs is intended to be a safeguard and that it should be retained because if changed, it might encourage such employes to increase their spheres of influence.

Ministers Meet Monday Morning

Members of Ranger Ministerial Alliance met at Bryan's Steak Shop at 9 a. m. Monday, Nov. 6.

Items of business included planning the Union Thanksgiving Service to be conducted on Sunday, Nov. 19.

Date for the next meeting is Monday, Dec. 11, at which time, officers for the coming year will be elected.

Weekend guests in the home of Mrs. Chas. P. Ashcraft were Mrs. Dennis Baughman, Chris and Charles of Conroe; Mrs. Grady Baughman of Houston and Mrs. Cleo Ervin and daughter, Denise of Min-

MARTHA DORCAS CLASS MEETS FOR THANKSGIVING LUNCHEON

The Martha Dorcas Class, First Methodist Church, held their Thanksgiving luncheon in the church dining hall on Thursday, Nov. 2 with Mmes. C. P. Ashcraft, G. O. Strong, E. L. Danley, A. J. Ratliff, D. E. Pulley, E. H. Mills and Alice Landers as hostesses.

Rev. B. Thomas Tribble, pastor, offered the invocation. Mrs. T. D. Stewart, class president, was in charge of the business session. Mrs. Cliff Lewis, accompanied at the piano by Mrs. G. O. Strong, directed group singing of the hymn "Sweet Hour of Prayer." Prayer by Mrs. Vernon Deffebach preceded reading of the minutes. The class voted to buy ten new hymnals as memorials to former members. Two members also gave two memorials each. Other ministries included an offering to Hurricane Beulah Relief, 166 visits

and 42 cards for the month of October.

Mrs. Maude Bracken chose I John, Chapter 3 for a devotional, "Love, It's Many Faces." She also offered the closing prayer.

Those present were Mmes. J. A. Johnson, John Ivy, Ven White, F. Williamson, J. L. Turner, O. R. Criswell, W. C. Whitley, P. M. Kuykendall, James P. Morris, Vernon Deffebach, Saunders Gregg, E. L. 80 More Parks Are Available by Nov. 11 State Amendment

Eight more recreation areas, 24 historic parks and 10 scenic parks will be provided in West Texas when the State Parks \$75 million bond issue Constitutional Amendment is passed Nov. 11," according to Harlan Bridwell, bridgeport, chairman of the West Texas Chamber of Commerce Tourist Committee. Bridwell continued, "Development of historic, recreational and scenic parks in West Texas is absolutely necessary to the expansion of tourism in our area. The \$75 million in self-liquidating funds will provide the means for acquisition and development of the parks and the

small admission fees will retire the bonds in 16 years." The WTCC has approved the constitutional amendment to provide for these bonds and is urging all West Texans to support the measure because of the tremendous influence it will have in increasing tourism. It is pointed out by the tourism chairman that the people in the lesser populated areas spend dollars in the metropolitan areas for consumer goods, but the urban dwellers, in turn, spend their tourist and recreational dollars in the rural and tourist oriented areas.

The planned developments will be located within two hours driving time of every area in West Texas and will be scattered to virtually every corner of West Texas. A special committee has been formed for the dissemination of information concerning the constitutional amendment and it will provide data to all sections of the WTCC service area pointing out the advantages of the parks program to all of West Texas.

Don 'The Lawman' Slatton To Face Thunderbolt Patterson

Wrestling will return to Eastland Tuesday night, Nov. 14, at 8 p. m. in the old Eastland High School Gym, with the biggest card ever.

The main event will feature Thunderbolt Patterson vs The Lawman, Don Slatton.

These two men have the biggest feud going in wrestling today. Thunderbolt Patterson, the giant negro wrestler, is the most vicious and hated wrestler ever to come to the state of Texas. He stands 6' 3" and weighs 255 pounds, and is noted for savagely beating his opponents with brass knuckles.

Don Slatton, The Lawman, will be returning to his hometown, to prove to the hometown folks that he is one of the few men of today that can beat Thunderbolt Patterson. Slatton stands 6' 5" tall and weighs 240 pounds. He is a former Olden High School and Cisco Junior College athlete. He states that he is looking for a rough, savage, bloody battle when he crawls into the ring with Patterson, who has said he would rather beat The Lawman in his hometown than any other place.

The semi-final will be a first for this part of the country, a mixed tag team, a male and female vs. a male and

female. Terry Funk and Evelyn Stevens will face The Medic and Mae Young. This is one of the few battles of this type you will ever see and the most exciting.

Terry Funk, a former Cisco Junior College football player, and who made the All-Texas football team, is the youngest son of Dory Funk Sr. He is fast becoming one of the best wrestlers in the world today. Terry will be teamed up with the Texas Ladies Champion, Evelyn Stevens.

Miss Stevens is one of the prettiest girl wrestlers in the business. She and Funk will have their work cut out for them when they meet The Medic and Mae Young.

The Medic is also a vicious wrestler, wears a mask and has been wrestling for over ten years. He has never been unmasked and will stop at nothing in order to win a match. His partner, Miss Young, can put many a male wrestler to shame with her dirty tactics. She claims to be the Gorgeous George of Lady Wrestlers.

Also, there will be two other matches, Terry Funk vs. The Medic; and Evelyn Stevens vs. Mae Young.

These matches are sponsored by the Beta Sigma Phi of Eastland and reservations may be made by calling Eastland Supply Co., 629-1595. Cost of tickets are Ringside, \$1.50; general admission, \$1.25; and children under 12, \$1.00.

Sabanno Reserve Elects Officers Hears Officials

New officers were elected and officials heard from at the annual meeting of the Sabanno Valley Game Authority held at the Brown Jug Steak House in Gorman Monday night.

Henry Lovell of Carbon was elected president to succeed Pete Tyrone, who was elected vice president. Berry Greenwood of Carbon, was re-elected secretary-treasurer.

Approximately 50 landowners attended and heard County Judge Scott Bailey introduce State Rep. Burke Musgrove of Breckenridge who talked on pollution, erosion and parks and wild game preserves.

Local Game Warden Maurice Dry was also present to answer questions about laws and the up-coming hunting season.

Another meeting will be held in the near future it was announced.

91st Court Suit Asking Damages

A suit, asking \$1,302.95 in damages, has been filed in 91st District Court, naming Dr. R. R. Willes, Hereford, and Marlin Cagle of Eastland, as defendants.

The two men were involved in an auto accident near the intersection of West Commerce and S. Daugherty St. on Aug. 11, 1967, and one of the autos crashed into the Foremost Distributor Building at that location, resulting in damage.

The suit was filed for O.D. Dillingham of Abilene, owner of the building, by the Abilene law firm of McMahon, Smart, Sprain, Wilson and Camp.

The original petition alleges four counts of negligence.

Cagle was hospitalized for several weeks following the accident.

REMEMBER VETERANS DAY

NOV. 11th

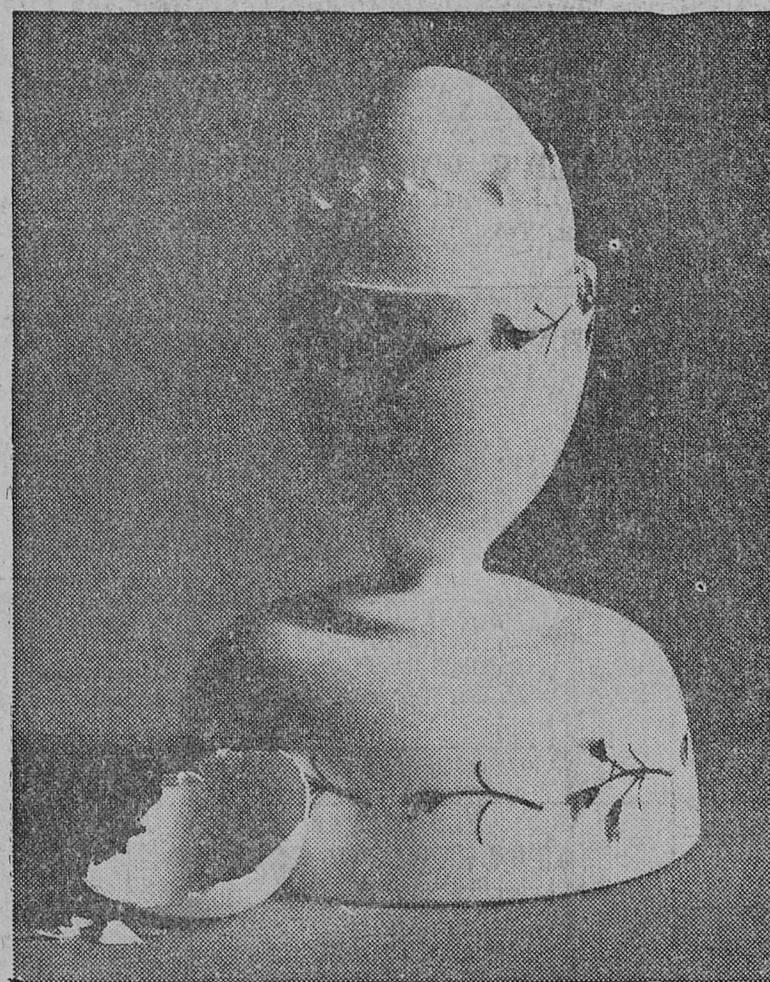

Today we not only look back, marking the end of the World War I, a most destructive conflict in the history of our nation, but examine the present... and our hopes for the future. We commemorate on this day those who are valiantly fighting for our country. And we dedicate ourselves to endeavor to perpetuate a peace among nations, an understanding among peoples of the world.

You can cook a 3-minute egg faster with gas than with electricity.

Here's why. With a modern gas range there's no slow warm-up period. You turn the burner on and get the desired amount of heat — instantly! Burner-with-a-Brain holds that precise temperature until cooking is done. No waiting, no watching, no wondering with flame fast gas. You can see the flame go to work the instant you turn the burner on.

(Of course, faster cooking means less gas used and more economy for you!) Only modern gas cooking gives you this much control, flexibility and speed. See the wide variety of modern gas ranges at your local gas appliance dealer or LONE STAR GAS.

New Long Distance Telephone Rate Plan Goes Into Effect

Texas telephone users will share a nationwide \$100 million interstate long distance rate reduction effective November 1. The new rates were filed with the Federal Communications Commission by

the Bell System last month. Telephone users will benefit three ways under the new rates:

ute station-to-station call.
- The "after 7 and weekend" rate also will apply all day on Thanksgiving, Christmas, New Year's Day, July 4th and Labor Day. The effect in 1963 will be 109 days — Saturdays, Sundays and holidays — when the "after 7 and weekend" rate applies during the entire day.

- The present evening rates period will begin an hour earlier, becoming 5 p.m. to 7 p.m. each weekday and will be named "after 5." The rate for maximum distance will be lowered from \$1.50 to \$1.25 for the first three minutes of a station-to-station call.

- Daytime station rates beyond 468 miles will be lowered and the maximum for a call across the country will drop from \$2.00 to \$1.75 for the first three minutes. The new "week-day" station rates will apply from 7 a.m. to 5 p.m. Monday through Friday.

- A new "midnight to 7" special dial rate will be introduced featuring a 75-cent maximum for a three-minute call across the country (beyond 354 miles). The rate will apply from midnight to 7 a.m., seven days a week, for three-minute station-to-station Direct Distance Dial calls (dialed by the customers) from non-coin phones, or station to station calls where DDD is not available. Credit card, collect, or other calls needing operator assistance will not be included.

- Person-to-person rates will also be lowered. The maximum daytime rate for three minutes will drop from \$3.50 to \$3.30. After 5 p.m., the maximum will be reduced from \$3.00 to \$2.65 for the first three minutes.

- Other reduced rates will include lowered WATS (Wide Area Telephone Service) rates, and reductions on some overseas service.

- Included are rate increases for some interstate calls from 0 to 24 miles. None of these increases will be more than 5-cents for the initial period. These increases are needed to improve the relationship between costs and charges for short-distance telephone calls, a problem common to both the Bell System and the independent telephone companies.
