Annual Christmas At The Gholson To Be Held December 9th

"Christmas is in the Air" and with that joyous season comes the delightful holiday music that everyone enjoys. The '47 Club of Ranger is once again sponsoring their Annual Christmas at the Gholson, featuring the sounds of the Ranger Junior College Band, under the direction of Mr. Bob Johnson. This annual event has become a favorite activity for Ranger and Eastland County. People from all around the area arrive at the Gholson Hotel in order to catch the sounds of the season. This year's event will be held on Monday, December 9th at 7:00 p.m. The '47 Club will serve refreshments after the concert.

The event will be even more special with the added attraction of the Eastland County Brass Quintet. The Quintet is composed of Bill Swinney, Band Director at Cisco Junior College, Barry Thomas and Kyle Smith, both Ranger Junior College students. Jim Cockburn, counselor at RJC and Bob Johnson, director. The Quintet has reached great levels of popularity over the past year and has once again been asked to play at Polo on the Prairie again this year. They have a very distinct and melodious sound which I am sure will please every listener's ears. Their program will include the following pieces:

Eastland County Ornament On Governor's Christmas Tree

A beautiful blue-green ornament with symbols of Eastland County is now hanging on a Christmas tree in the Governor's Mansion.

Artist Millie Sayre of Eastland, who decorated the ball, was in Austin Wednesday to attend a reception at which the tree was displayed.

Millie Sayre made the trip in spite of recent surgery. She was assisted by Jeanne Pruett of Ranger and Janette Schrader of Cisco, who accompanied her.

Mrs. Sayre said they made the drive with no difficulty, and were permitted to park right behind the Governor's Mansion. When they reached the reception they saw a tall tree holding ornaments from other counties across the state. These decorations made an un-

forgettable sight.

The Eastland County ball was hanging in a prominent place, right at eye level on the tree. Guests at the reception were told that after the holidays the ornaments will be packed away. They will be kept as a permanent collection, and used to decorate the Governor's tree each year.

The Eastland County ladies returned home in the early evening, still thrilled over the event in the Governor's mansion.

The next day Millie Sayre spoke of her pleasure at being able to decorate the Christmas ball for Eastland County.

"The important thing is that Eastland County will be represented in the Mansion, for the present Governor and all future Governors," she said.

Sheriff R.B. White Runs For Reelection

Eastland County Sheriff R. B. White held a press conference on the morning of Dec. 6th to let county citizens know that he will run for re-election.

White was sheriff here before in 1977 to 1979.

He was appointed sheriff again on July 29th of 1991. He said things are much different this time.

"I have more good help now."

\$111,000 worth of property has been recovered during the months of February through September of this year. Yet, Sheriff White said his biggest accomplishment since taking office has been improving the image of law enforcement for Eastland.

According to White

there have been many improvements in the overall law enforcement for the county since he has been sheriff, but he credits these improvements to better communication between the different departments.

Sheriff White said the most important thing the public can do to help these agencies is to be aware of their surroundings and if they have any problems or see any thing suspicious they need to contact authorities. "If they don't contact us, we can't help them," he said.

Sheriff White said he hopes to be re-elected, and he wants to do everything he can to help improve law enforcement for Eastland County.

Mrs. Sayre used indestructible material in her construction and the ball should represent Eastland County for a long, long time.

Retired Teachers To Meet Monday At K-Bob's

The Eastland County Retired Teachers and Associates will meet Monday, Dec. 9, at 11:30 a.m. at K-Bob's Steak House in Eastland. Lena Stockton will present a program on Christmas Decorations.

The Community Clothes Closet will be open Saturday, December 7th from 9-12 a.m., if weather permits.

POINTS TO PONDER

By: Bill Reed

Dear friends at this time of the year the whole world is interested in the birthday of Jesus Christ. People all over the world make much of that day December 25th. It is important to the business community, and it is the keystone of the Christian faith. The whole world takes on bright happy appearance as churches, press, radio and television all unite in the celebration of Christmas. Music and good cheer is everywhere.

Christmas as everyone knows is a time to be merry, a time to rejoice, of carols, gifts, good food, and expressions of peace and good will. One must wonder that in the excitement and activities of the season that perhaps the value of Christmas is forgotten. Every year as Christmas approaches, we meet people who by their words, expressions, and actions are saying, "Christmas is a burden, not a blessing."

Even in the churches, Christmas can be filled with frustration, crowds, money problems, extra work, and tension. If we are not careful it would be easy to develop the Scrooge complex "Christmas, bah, humbug!"

We all feel the pressure of the coming of Christmas, what gifts to give, what parties to attend, how much money is going to be available. If you feel yourself developing this attitude of anxiety, I urge you to stop and consider the "reason for the season," Christmas should be a day of giving, because

we have received the greatest gift of all from our Creator, eternal life.

Therefore, Christmas only has meaning when we realize the value of the gift received. A gift is two sided. There is first the value from what the gift cost the giver, and on the other hand, the value from what the gift can do for the receiver. You are probably like me and have received some gifts that the only proper place for it was in the closet. But the gift of Christmas can't be hid in the closet with the rest of the Christmas decorations. The cost to the giver was too great.

The "reason for the season" is simply this: Jesus Christ the Son of God, came down to where we live, where we play, and where we work; where we face trouble, heartache, illness and finally death for our loved ones and for our selves. He came into our world on our level to lift us up to His level.

What will you do with the gift of Christmas? What is it worth? Will we pack it away till next year? Will we share it by acts that are costly and sacrificial to ourselves? Will we reach out in 1992 to those who have needs as God has reached out to us? If we will, then in a small way each one will have made a contribution to peace and good will to all people. Take your family to church this Sunday and worship the one who is the "reason for the season."

ALLEN THOMAS, THE NEW LEON BASS HOLDER

The new state certified Lake Leon largemouth bass record holder Allen Thomas has allowed me permission to release all you wanted to know but was afraid to ask.

Many eyebrows were raised when we first announced the possible record at Leon. Of course an 11.69 pound lunker would raise eyebrows at any lake. But as if to prove Allen's reasons for not wanting any publicity for a catch of a lifetime, there was more talk of why this young man didn't wish to release his name than anything.

We can all learn many things from men such as Allen concerning mother nature and other areas not the least being the sheer joy of the catch.

Anglers Choice Two Person Super Team Tournament, December 8, Lake Texoma.

The 1992 Honey Hole Team Tournament Schedule for the Northwest Region once again this years director will be our good friend Bill Collier of

San Angelo. Bill has hosted and been involved in tournaments for many years and does put on an excellent event. If you have any questions about the events please feel free to phone Bill at (915) 653-8573. The schedule is: February 9, Amistad; March 1, Twin Buttes; March 29, Hubbard Creek; April 26, Possum Kingdom; and June 14, O.H. Ivie. For the Classic, July 11 & 12 1992 at Choke Canyon.

Texas Big Game Awards official scorers have reported scoring numerous entries throughout most of Texas as the new program gets underway.

Three of the early entries for the first deer category belong to Gary L. Roland of Garland, William Matthew McKinney of Killeen and Codi Williams of Conroe.

Roland used a shotgun to take a whitetail buck on Nov. 13 from the Gus Engeling Wildlife Management Area in Anderson County. McKinney,

took his first whitetail buck Nov. 3 on a ranch in Bell County. Williams, 9, took a whitetail buck opening day on a ranch in Lampasas County.

Young, and adult, Texas hunters are encouraged to enter their first deer in this program and be recognized by the Texas Parks and Wildlife Department in an alphabetical listing. They also will receive a certificate.

Some of the first entries in the scored entry category include Ashley Brown of Houston, 13, who took a whitetail buck that scored 140 Boone & Crockett points on Nov. 8 in Bosque County; David M. Lackie, McKinney, who shot a whitetail buck Nov. 3 in Erath County that scored 138 1/8; Russell Smith, El Campo, who scored 132 4/8 with his buck taken Nov. 4 in Jackson County; and Tim Manley, Brownwood, who took his whitetail buck

scoring 147 5/8 on Nov. 13 in Brown County. Krissy Taylor of Bedford, 12, harvested a pronghorn antelope that scored 73 4/8 on Oct. 5 in Reagan County.

The new Texas Big Game Awards Program, sponsored by TPWD, the Texas Wildlife Association and Lone Star Brewing Company, is designed to recognize the importance of wildlife and habitat management to the welfare of wildlife resources in Texas.

The program is open to pronghorn antelope, white-tailed deer and mule deer. All scoring is based upon Boone & Crockett Club guidelines utilizing the net "green" score. More than 250 official Texas Big Game Awards scorers are available statewide.

Ranked listings will be published each year for all animals that meet or surpass the minimum

score for that species and region. To enter, a participant must submit a completed entry form and certified score sheet.

Eight regions have been established for white-tailed deer, two for mule deer and three for pronghorns. Minimum scores for entry into the white-tailed deer listing will vary by region, ranging from 125-140 for typical and 140-155 for non-typical. Mule deer minimum scores are 145 typical and 160 non-typical. The minimum score for pronghorns is 70.

There will be eight regional recognition ceremonies in April 1992. A statewide recognition ceremony will be held in conjunction with the TWA annual convention in May 1992. A book of Texas big game records will be published every three to five years. The book will include a cumulative ranked listing of qualifying deer

and antelope harvested for that period.

"Land managers have the opportunity through this program to be recognized for their management efforts," said Mike Reagan, white-tailed deer assistant program leader. "This is extremely important to the goal of promoting the wise use of wildlife and habitat resources within the state."

Information on the program and a list of official scorers is available at most TPWD field offices. Lone Star Brewing Company also has information available at many retail outlets across the state.

"If the day ever comes when I judge the success

of a fishing trip by the weight of the creel at the end of the day, I hope that I shall have sense enough to quit fishing" Harold C. Hollis, Bass Tackle & Tactics 1945.

Farm Disaster Aid Approved Legislative Budget Board Is Working On Statewide Strategic Plan

Congress has approved a \$1.75 billion disaster assistance bill that will provide payments for farmers from across Texas who suffered losses in 1990 or in 1991, says U.S. Sen. Phil Gramm.

"More than 125,000 Texas agricultural producers suffered losses from flooding, freezes and drought," Gramm noted. "They will be able to file for claims under this legislation, which will be administered at the local

level by the Texas Agricultural Stabilization Conservation Service (ASCS)".

According to Jerry Harris, Chairman of the Texas State ASC Committee Texas cotton farmers were among the hardest hit by the weather-borne agricultural disasters of 1990 and 1991.

Harris noted that in excess of 40,000 cotton producers suffered damage valued at more than \$326 million in 1991

In an effort to continue the process of making State government more efficient, the Legislative

alone. In addition, producers of wheat, grain sorghum, corn and hay had extensive losses.

Gramm noted that part of the funding, \$995 million, will be available for payments on either of the two years, at the producer's option. An additional \$755 million is also available, subject to a budget request by the President.

Natural disasters that caused the widespread losses were the 1990 flooding along the Red and Trinity rivers, droughts in the Panhandle and the Rio Grande Valley and freezing temperatures that caused widespread damage to winter wheat production in the Panhandle, North Texas, and Blackland Prairie areas.

Budget Board has recently begun work on a statewide Strategic Plan for all State agencies and institutions of higher education, said State Senator Bob Glasgow, D-Stephenville.

Under legislation passed during the Regular Session of the 72nd Legislature, the LBB and the Governor's Office of Budget and Planning are charged with the development and implementation of the Strategic Plan. The plan is being developed to assess the State's long-term needs, devising a plan to meet those needs, and assigning certain missions, goals and objectives to State agencies. Development of the Strategic Plan will also focus on identifying and eliminating duplication of work by State agencies.

A Strategic Plan system will also provide the Legislature and the Govern-

nor a way to measure the outputs and outcomes of State agencies in order to measure their effectiveness and efficiency in achieving their goals.

The Strategic Plan will include goals for achievement in each functional area of State Government, including: Education; Regulatory; Natural Resources; Health; Human Services; Transportation; Public Safety and Corrections; General Government; and State Employee Benefits.

"If we develop the strategic planning system properly, Texas for the first time will have a long-range plan for the future and a way to measure our progress," said Sen. Glasgow. "As a member of the LBB, I will take a very active role in the design and oversight of this system. A Statewide strategic planning system is a key element in reorganiz-

ing State government in order to achieve greater efficiency."

Keep Your Medicare Card Handy

If you have Medicare, it's important that you keep your Medicare card handy. The Medicare card is your proof that you have Medicare protection, so keep it with you.

Doctors, hospitals, and other Medicare-service providers need to see your Medicare card in order to be sure that you have coverage and that the Medicare number is correct. Otherwise, Medicare payments may be delayed.

What if you lose your card? Don't worry. All you have to do is contact Social Security and we'll help you get a replacement. You can call us at 1-800-772-1213 weekdays between 7 a.m. and 7 p.m.

It usually takes 4 to 6 weeks to get the new card. And, remember, there's no charge for the phone call or the replacement card.

11th Court Of Appeals Briefing Attorneys

The three briefing attorneys at the 11th Court of Appeals in Eastland recently passed the Texas Bar Exam. Allen Adkins, Jill Barrier and Greg McDonald were among the 1,740 out of 2,170 examinees statewide who passed the exam. Passing the three-day exam is the culmination of a lot of study and hard work by each of them. This year the exam was given in July and the result released on Nov. 1st. All three were officially sworn

in as licensed attorneys-at-law in a brief ceremony in the 11th Court of Appeals Courtroom. Chief Justice Austin McCloud, Justice Bob Dickenson and Justice William G. (Bud) Arnot, III then congratulated and welcomed the new attorneys into the legal profession. All three Briefing Attorneys have been in Eastland since late August and are looking forward to the remainder of their one-year term with the 11th Court of Appeals.

Justice Bob Dickenson of the 11th Court of Appeals gave the Oath of Office to Jill Barrier who is now a licensed attorney.

Allen Adkins, briefing attorney for the 11th Court of Appeals, was sworn in as a licensed attorney by Chief Justice Austin McCloud.

Christmas In Gorman

YOU WILL LOVE IT
1st Annual Christmas Parade, Trade Day, Antique Car Swap Meet
Saturday, December 14th

A full day of activities starting with a Trade Day and Antique Car Swap Meet at 8 a.m.

Spaces will be set up downtown and will be almost free. Your only cost will be a new unwrapped toy for a boy and girl and a canned good or food staple (sugar, flour, etc.). We are also promoting a city wide garage sale. Set up in your front yard and bring in some Christmas money. Let us know as soon as possible of your garage sale so we can add it to the garage sale map. We will have some food concessions available so Mom won't have to cook.

At 7 p.m. our Gala Christmas Parade will start toward the Canterbury Villa Nursing Home and wind around to Main Street Gorman and guess

what? Santa Claus will be in town and the parade to greet all the good boys and girls and will be available later to find out what your Christmas wishes are.

Valley View Lodge To Hold Craft And Bake Sale

We are having a Craft and Bake Sale at Valley View Lodge, 700 S. Ostrom, December 12th at 9:30 a.m. until 2:00 p.m. Our residents have made the crafts and done a great job on them. We invite the public to stop in and pick up a favorite Bake good or Craft of your choice. Hope to see you there.

Letter To The Editor

Dear Editor:
My mother, Willie "Bill" Justice is now residing at the home of my sister and brother-in-law. Ruth and Jim Horn due to several problems-broken hip, surgery, therapy etc. She just recently had a stroke but hopes to be in Ruth's home again by Christmas. Mother was 90 years old in September of 91 and was born and raised and lived most of her life in Eastland County. She misses her good friends and neighbors of many years.

Her address is Rt. 5, Box 274-H, Fort Worth, Texas 76116.

Joe and I live in Lander, Wyo. and have been here since '62. Our winter has really dropped on us, we a 5 degree high temperature today and have had several heavy snows since 1st of November.

Mother is doing well and seems to always find a game of dominoes to take part, whichever hospital she is in.

I hope you can find the space for a line or two in your paper with Mom's address. Happy holidays and God bless!

Ferne Justice Poe

From all of us at Ranch House Restaurant, thank you for the continued support you've shown us and we hope you have a Very Merry Christmas and a Happy New Year.

If we can help with your holiday parties give us a call.

Nothing makes a woman feel better than a lovely bouquet of flowers.

Roses, Jasmine, Orchids. The beauty and scent of fresh flowers have long been known to soothe the feminine soul. The very reason Merle Norman is introducing the Floral Lace Collection. Five great products with only one reason for existence. Complete self-indulgence.

For instance, to make your whole body feel refreshed and silky, there's the Floral Lace Bath Oil Soap. Or melt away in a steaming tub of lightly scented Floral Lace Milk Bath. To make your skin feel wonderfully drenched all the time, there's Floral Lace Body Lotion. A little Floral Lace Body Powder will sprinkle a delightful flowery scent all over. And to keep your clothes and accessories as fresh as violets, there's the Floral Lace Sachet, a delightful potpourri that leaves a playful scent in closets and drawers.

So pamper yourself with some Floral Lace products tonight. Because flowers have a way of making a woman feel special. Even if she buys them herself.

Nodules Common At Christmas

Some people would say "Bah Humba!" to Christmas this year—if they could.

Each holiday season, Dr. Richard Stasney, a vocal specialist at Baylor College of Medicine in Houston, sees an increase in patients with "singer's" nodules that can cause hoarseness and even loss of voice.

"Nodules are really common at Christmas," said Stasney, a clinical assistant professor of otorhinolaryngology at Baylor. "Carolers straining their voices in cool weather, ministers delivering sermons to larger congregations, community performers overdoing it in a rush of holiday concerts—they all can lead to vocal strain, and the formation of nodules."

THANK YOU

We would like to thank everyone for their kindness, words of encouragement, visits, cards, calls, food, flowers, memorials, and most of all the many prayers that were offered up during the loss of our loved one. We extend a special thanks to Brother Ronnie for the message. It was so beautiful and comforting. And to the ladies of Calvary Baptist Church, we thank you, for the noon meal that you prepared. Special thanks to Cisco Funeral Home for their thoughtfulness and conducting a beautiful service.

Also the staff of Canterbury Villa of Cisco and for everyone who shared our sorrow. May God bless you all. Juanita Cockrell, Randy and Pam Kinnard and Kristi, John Cockrell Jr. Family

lege of Medicine in Houston, sees an increase in patients with "singer's" nodules that can cause hoarseness and even loss of voice.

"Nodules are really common at Christmas," said Stasney, a clinical assistant professor of otorhinolaryngology at Baylor. "Carolers straining their voices in cool weather, ministers delivering sermons to larger congregations, community performers overdoing it in a rush of holiday concerts—they all can lead to vocal strain, and the formation of nodules."

Vocal nodules are callous-like growths that develop on the vocal cords. While not normally dangerous, the growths can cause hoarseness and vocal fatigue, dramatically affecting a singer's ability to perform.

"Singers are not the only ones who get nodules," Stasney said. "Lawyers, teachers, cheerleaders, salesmen, radio deejays and others who use their voices a lot are at risk."

Like foot callouses caused by ill-fitting shoes, vocal nodules result from friction.

"It is much like when you rub your hands together rapidly," he said. "After a short while, the hands become very dry and warm. Eventually a callous will develop."

Key causes of nodules are:

Dehydration: The vocal cords become dry, friction will result. Dehydration can be caused by caffeine and alcoholic beverages, and by not drinking enough water.

Throat clearing: Although mucus in the throat is annoying, it is better to drink water or use prescribed expectorants. Clearing the throat is traumatic to the cords.

Overmedication: Antihistamines and decongestants can cause dryness in the throat.

Strain: Singers consistently singing above or below their range, cheerleaders shouting above the roar of the crowd, ministers delivering emotional sermons with sudden vocal bursts—all can injure the cords.

Smoking: This dries and irritates the throat and can lead to cancer of the larynx.

Energy-Saving Tips For Winter

Winter has arrived, and you can welcome the change in weather by implementing a few low-cost, home-heating tips from the Texas Energy Extension Service.

One easy way to save on heating costs is to lower the thermostat on your central heating system. The Texas EES recommends setting the thermostat at 68 degrees F or lower when you are at home and 60 degrees F or lower when you home is unoccupied. This method will provide enough heat for normal conditions

For the majority, vocal nodules will go away on their own with rest, plenty of water and avoidance of vocal strain. For people who must constantly use their voices for their singing or talking, Stasney recommends they see a laryngologist for a diagnosis and a speech pathologist to learn proper vocal habits.

"People who use their voices a lot should pay attention to good vocal health," said Stasney, who is director of Baylor's Van Lawrence Voice Institute. "Changes in their lifestyles such as quitting smoking and developing proper singing and speaking habits, can extend 'vocal life' by months, even years."

while helping lower your winter heating bill.

For families who spend extended periods of time in one room, space heaters or portable heaters can be used to heat small areas instead of the whole house, which saves heating energy.

Another low-cost, energy-saving measure is the gaps around windows, doors with caulking and weatherstripping. These leakage areas can be responsible for 20 to 25 percent of the heat loss in your home. If you are especially concerned about cold drafts around windows, additional insulation can be provided by tacking or taping blankets, towels or plastic over the inside of the window.

The Texas EES also suggests "movable insulation" as another low-cost way to lower your winter heating bill. Draft stoppers are one form of movable insulation designed to block drafts at the bottoms of doors and windows. Draft stoppers can be made by filling a tube of heavy fabric with sand, perlite or Styrofoam beads.

Other forms of movable

insulation are interior, roll-down window quilts, thermal curtains, interior shutters, and roll-down exterior shutters. These are the most popular forms of movable insulation because they can cut heat loss in half during the winter as well as help reduce heat gain during the summer.

You already may be aware that fireplace heating is not as efficient as it is attractive. Approximately 85 to 90 percent of the heat produced by burning wood goes up the chimney, but these suggestions can help increase heat efficiency.

Control the air source to the fire by opening the outside air inlet or slightly opening a window near the fireplace.

Build the fire on the floor of the fires to generate more heat.

Install a glass shield in front of the fireplace opening to keep heated room air from escaping up the chimney while the fire is burning.

Use dry, seasoned pieces of high-density woods, such as live oak, red oak, slash pine, or longleaf pine, to produce

more heat.

Some other effective, heat-saving tips include opening the draperies on sunny days, wearing layered clothing and changing the filter on your central heating system every month.

For more information ideas on ways to save energy in winter, call the Texas Energy Hotline at 1-800-643-SAVE. Ask for the free tip sheet "Save Energy in Winter." The Energy Hotline is a consumer service operated by the Texas Energy Extension Service, a program of the Governor's Energy Office.

SURPLUS FOOD FROM THE WAR CAN BE OBTAINED FOR NEEDY

Several people have asked the Eastland County Newspapers how surplus food from the Gulf War can be obtained for needy persons. The following information might be of some assistance to organizations in this area.

It is our understanding that the Second Harvest places mentioned are in Lubbock and San Angelo. Desert Share food would have to be transported from those places.

More food was prepared to serve troops during Operation Desert Storm than was needed. This additional food is being distributed nationwide through State Surplus Property Agencies.

State Surplus Property Agencies are determining the needs of the states and

notifying the General Services Administration of the needs, who, in turn, will allocate available foods. Private nonprofit organizations can obtain food from the State Surplus Property Agencies. About \$75 million worth of food will be made available to states.

NOTE: Operation Desert Share Food is also being distributed through Second Harvest to Second Harvest affiliates.

The only cost you must pay to receive this food is the cost of transporting the food to Texas. However, we believe that the transportation cost will be less than the value of the food.

Four food packaging types will be available, with various foods available in each packaging types. The packaging types are:

Meals Ready to Eat (MRE) - Individual complete meals that do not require heating and can be eaten right out of the package. Twelve varieties are available.

Meals Ordered Ready To Eat (MORE) - Foods packaged in individual-sized containers, usually easy to open flip-top cans. These foods are packed in their own sauce or juice. Examples are fruit, pudding, ravioli, chicken and gravy.

B Ration - Foods in Number 10 institutional sized cans. Examples are corn, green beans, chicken in gravy, and ravioli. Some meats are available in 29 ounce cans.

T Ration - A complete package of food that will feed 12-18 people. It includes an entree, a starch, a vegetable, a dessert, and a beverage. The entree is in a tray that will fit in the standard steam table for ease in heating. Accessories are also included. These packages are available with breakfast, lunch, and dinner foods.

The Texas Surplus Property Agency is handling the operation for Texas. If you are interested in obtaining some of these foods or if you need additional information contact Ms. Jenny Murray, Administrative Assistant.

Planning Meeting For P.A.Y. Conference Tues.

A "Positive Action for Youth" Conference is being planned for Eastland County next February 28th and 29th. A planning meeting will be:

Date: Tuesday, December 10th

Time: 9-10 a.m.

Place: Church of Christ Fellowship Hall (across the street from Eastland Memorial Hospital)

The conference will provide concerned adults with the opportunity to participate in workshops addressing the origins of negative behaviors among youth, and on developing positive nurturing by parents and the community.

The conference is being sponsored by Eastland Parenting Education Coalition, Texas Agricultural Extension Service Home Economics Committee, Region 14 Education Service Center, plus numerous youth organizations, school and church representatives.

People interested in assisting and being involved are invited to attend this planning meeting.

Randy Stonehill To Perform In Stephenville In 1992

Contemporary Christian recording artist, Randy Stonehill, will appear in concert on New Year's Eve, Tuesday, December 31 at 8:00 pm. The concert will be held at First Baptist Church in Stephenville. For more information, call 817-965-3187.

Those who have come to love and enjoy the music of Randy Stonehill know the two distinct and equally prevalent personalities that surface in his songs. One is the garageband rocker, raised on the British and American music that shaped his generation from the mid-60's to the mid 70's. It's loud and passionate and larger than life, full of rock 'n' roll moves and attitude. Yet surely they have seen the other side, when the lights get lower and the

room gets quiet, and Stonehill serves up a more intimate and vulnerable but no less passionate piece of his proverbial musical pie. It's then when the artist sings so eloquently about the matters of the heart, with an ability to cut directly to the heart of the matter.

In August of 1970, after graduating from high school and moving to Hollywood to seek his fame and fortune, Randy Stonehill ran right smack into Jesus Christ and his life and music have not been the same since. For the many people that have been touched by Randy's music in the past twenty years, Randy has come to represent a voice unmistakably relevant both in the type of music that he plays and the honesty he displays in both lyrics and

performance.

There were many skeptics in 1970, both within and outside the Church, that predicted the quick demise of Stonehill's faith. Jesus Music was a novelty awarded attention in national news magazines that tried to come to grips with the a new counter-culture of the Jesus Movement. But when the media tired of the subject and the smoke cleared, artists like Stonehill continued making music that spoke to the issues of their faith in Jesus Christ.

To pay tribute to his influence and longevity, a number of fellow artists participated in a special 20th Year Anniversary concert entitled "Randy Stonehill & Friends," which was held May 12th at Melodyland Auditorium in Anaheim, California. Artists included: DA & Swirling Eddie, Michele Pillar, Tom Howard and Bryan Duncan. Also, special video appearances were made by Gary Chapman, Amy Grant, Michael W. Smith, Phil Keagy and Pat Boone.

It was from this concert that Stonehill had recorded seven songs for his

Educational Program And Screenings At Eastland Hospital December 20

Eastland Memorial Hospital will again sponsor a screening for prostate problems at no charge to the public. The next screening is scheduled for December 20, 1991, from 3:00 to 5:00 p.m. in the Ambulatory Service Department of the hospital. The first part of the screening will be educational with a lecture and slide presentation followed by individual screenings by Avi T. Deshmukh, M.D., Board Certified Urologist.

The National Cancer Institute has recommended that every man above the age of 50 years undergo yearly rectal examinations for screening purposes. It is important that if one has any symptoms of prostate disease, that he be thor-

oughly examined by a physician. The physician may then perform a variety of tests to diagnose the problem and treat it appropriately.

Seating is limited so call Eastland Memorial Hospital at 629-2601 to reserve a seat.

County Resources Assoc. To Hold Business Meeting

The Eastland County Resources Association will hold a business meeting Thursday, Dec. 12, at Eastland Centennial Memorial Library. The meeting will begin at 12 noon.

All officers and other interested persons are urged to attend. Bring reports on community service work and needs in the community.

Season's Greetings From Germany

Vince and Michelle McLean, stationed in Augsburg, Germany, are proud to present their twin daughters, Allison (left) and Nicole (right),

who were born July 22, 1991.

Proud maternal grandparents are Herman and Paulette Dempsey of Cisco. Great-grandpar-

ents are Frank and Hazel Taylor of Cisco.

Proud paternal grandparents are Les and Margaret McLean of Houston.

DO YOU KNOW?

MYRTLE WILKS

Myrtle Wilks is one of the beautiful people. She will protest this description, but Voy, her husband, will smile and nod agreement while memories accumulated in forty-six years of marriage race through his mind.

Myrtle's children will agree - all five of them. No argument from any of the twenty-five grandchildren. She is as loving for the roving adventurer who needs grandma to pick the stickers out as she is for the earnest youngsters with paint-loaded brushes spreading color across canvas under her tutelage.

Myrtle and Voy came to Eastland County shortly after WWII, and eventually, they bought land south of Cisco on "The German Road." They have lived there ever since. Their brick home stands under chatty cottonwood trees. It has a studio where Myrtle creates the landscapes and portraits that now grace many walls besides her own.

Largely self-taught, Myrtle has "always" painted, even when time to color her world was short. Daughter, Ruth York said, "One time when we were in a gathering of people of different ages, one of the older ladies asked Mother, 'And what have you been doing?' Mother thought a minute and replied 'I don't really know.' The lady patted Mother's arm and said, 'Well, one of these days, you'll look back and realize you've been raising a family.'"

Myrtle and Voy are still "raising a family," though Myrtle gets more time for painting and Voy is leader of the Assembly of Yahweh. On occasion, they still have a house full of teenagers, and the first grandchild recently married while the last one is not yet born, so it is likely their home and hearts never will be empty.

Yes, Myrtle Wilks is one of the beautiful people, and if you check with Voy, you might find, "Her prince is far above rubies."

Legislative Board Began Work On Strategic Plan

In an effort to continue the process of making State government more efficient, the Legislative Budget Board has recently begun work on a statewide Strategic Plan for all State agencies and institutions of higher education, said State Senator Bob Glasgow, D-Stephenville.

Under legislation passed during the Regular Session of the 72nd Legislature, the LBB and the Governor's Office of Budget and Planning are charged with the development and implementation of the Strategic Plan. The plan is being developed to assess the State's long-term needs, devising a plan to meet those needs, and assigning certain missions, goals and objectives to State agencies.

Development of the Strategic Plan will also focus on identifying and elimination duplication of work by State agencies.

A Strategic Plan system will also provide the Legislature and the Governor a way to measure the outputs and outcomes of State agencies in order to measure their effectiveness and efficiency in achieving their goals.

The Strategic Plan will include goals for achievement in each functional area of State Government, including:

- Education;
- Regulatory;
- Natural Resources;
- Health;
- Human Services;
- Transportation;
- Public Safety and Corrections;
- General Government;

Christmas In Range!

The Ranger Chamber of Commerce would like to announce the following Christmas Schedule:

Saturday, December 7th—Santa Claus arrives at 1:00 p.m. at Mott's. He will spend time with the children there until 2:30 p.m. when he will depart for Bill's Dollar Store. He will continue to visit until 4:00 p.m. and then he will depart back to the North Pole. Children visiting Santa will receive a candy cane.

Monday, December 9th—5:30 p.m.; Caroling begins in front of the Western Manor Nursing Home. Everyone is invited to join in this Christmas Celebration. We will walk down Main Street to the Museum, where we will join the mayor and city council members as they light the Ranger Christmas Tree. This will officially mark the beginning of the Christmas Season in Ranger.

Also, on that day the Chamber will host an Open House at the Museum from 11:00 a.m. until 5:00 p.m. Please come and visit and enjoy some Christmas goodies.

Every business in Ranger is encouraged to host an Open House and help spread the Christmas Spirit throughout our town. Just pick a day and time and call Bob down at the Chamber office (647-3091) and the newspaper offices. The schedule of Open Houses will be displayed in the newspapers so citizens can make each and every one.

The Chamber is also attempting to outline the museum in Christmas lights this year. If you have extra or unused outdoor lights please donate or loan to the Chamber. You can take them by the chamber office between 10 and 2 or by King Insurance. Let's try and make this the Best Christmas in Ranger!

—State Employee Benefits

"If we develop the strategic planning system properly, Texas for the first time will have a long-range plan for the future and a way to measure our progress," said Sen. Glasgow. "As a member of the LBB, I will take a very active role in the design and oversight of this system. A statewide strategic planning system is a key element in reorganizing State government in order to achieve greater efficiency."

Child Protection

The Eastland County Child Protective Services Board assists with the care and planning of our local children who are in foster care due to abuse and/or neglect.

In order for our children to have a happy Christmas, we need your financial help.

Each year, Christmas gifts are obtained through the support of community organizations, citizens and businesses.

Each child is busily preparing a Christmas list and your generosity will make it possible to obtain these gifts.

These tax deductible donations can be made to the Eastland County Child Protective Services, 1331 E. Main, St. Eastland, TX 76448. If you have any questions, please call Alice Prichard at 629-3317.

Thank you for your interest in the foster children of Eastland County.

Cheb, Czech

'BLEAK' WAS the view of Cheb, Czechoslovakia, the little border town now open to western visitors, and "freaky" is the way things developed for me while there. It's now a matter of Army intelligence record, and hopefully the end of that.

On a day trek from Amy's we first visited a nearby porcelain factory and picked up as many treasures as we could get home with, and then moved on over the now-open border into the little town, so recently free from Communist domination. We exchanged for local koruna to look for lace and leather and immediately saw unmaintained streets, buildings and sad-faced natives. After finding the shops we sought, we had a standup hot dog, bought a loaf of fresh, heavy, full grain bread at a unique grocery, and remembered the tanks in Prague back in 1968 against the brave Czechs.

We looked at more of the old town; a woman offered us a room for the night; and a beggar, who said he spoke no English, but did speak Russian, asked for coins. By this time, it was W.C. (water closet) time, and we were pointed to a department store basement where there were facilities and another grocery store. As is customary, a little

old woman and a little old man were in the lobby providing sheets of tissue in exchange for coins, and opening the doors of the restrooms. And here I stood, laden with umbrellas, cameras, packages, overcoats, etc., waiting as my lady-folks freshened themselves. In a minute a large tough emerged from the men's room, saw me, and immediately gave me an obscene gesture, which I tried to ignore in view of the fact that I was a stranger in a strange lobby at that time occupied only by him, his equally tough buddy and the old couple. They laughed, jabbered their tongue and pointed at me. The old couple drifted out another door and the original tough came over to me. He spoke and I could make out koruna, and I said "No," and shook my head indicating that I wasn't planning to give him money. Continuing his intimidation, he took out a switchblade knife, and while he did not point it at me, he did flop it back and forth in front of his own face in a most threatening manner. Loaded as I was, I could but make mental preparations for a knee to his groin had he made an actual move toward me. At the same time, I began inching toward the door of the grocery, and backed

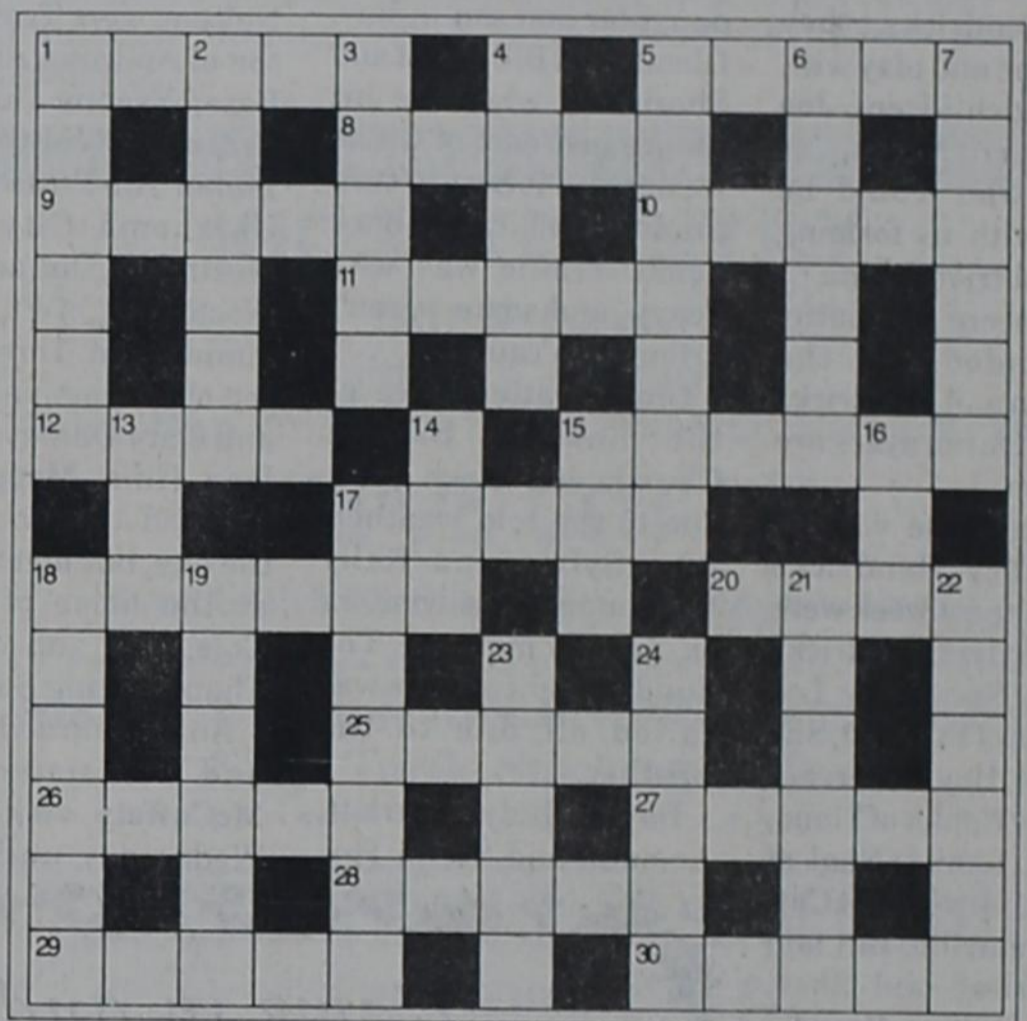

into it where there were other people. The tough followed me to the door but did not come in, and there I stood until people began to frequent the lobby again, and the ladies came out of the restroom. They suggested that it was now my time, and I suggested that we get up the stairs post-haste, which we did, with me all the time, looking back to see if we were being followed. We weren't, and continued to look around the beautiful, but oh, so sad, old city, before I told them of my big adventure. They couldn't believe I could get into so much excitement, but since it ended nicely, we all had a little laugh. Amy said we'd have to report the incident to the Army Security Office as part of the debriefing that all who visit across the border are required to do.

The Army debriefer said they'd never had a report of a switchblade knife before, but that the drug traffic is so open there that anything was possible. I asked if they had contact with the police there, in the hope that maybe that sort of

intimidation of tourists could be stopped. I was told that there was no communication with the Czech police. After we came home, Amy was interviewed by a CIA agent about the case. In spite of the fear the tough caused, you can't help feeling sorry for him, and I guess I represented everything that wasn't possible for him. Yet, he should have realized that we were bolstering the economy of his tired country. The leather and lace is fine and is a real value. We shopped a little Germany grocery on the way home. Discretion is the better part of valor, isn't it.

New laser procedure -- transmyocardial revascularization -- creates new pathways to bring blood to the heart when arteries are clogged beyond angioplasty. Therapy is being done at Seton Medical Center in Daly City, California, and St. Luke's Hospital in Milwaukee.

Exercise alone, even without medication, seems to reduce blood pressure in people with moderate hypertension, the British medical journal Lancet reports. Study was done at Radcliffe Hospital, Oxford, England.

Migraine and tension headaches may be the same thing, according to a report by the American Association for the Study of Headache. New research suggests that stress may not be the cause of headache but a result of chemical changes produced by the headache.

Blood-glucose levels in diabetics fluctuate less if injections are given in just one area of the body instead of various sites, researchers at the Department of Medicine at the University of Minnesota found. Blood flow and absorption differ at each site.

Diabetics know they can count on us for fresh insulin, syringes, and the test materials they need. We're health headquarters at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347.

Kokomo News

by Zelda Jordan

We were so shocked and saddened when learning of the death of Yancy Buchanan early on Tuesday morning, Nov. 26th. Yancy was the son of Roy and Sylvia Buchanan of Clyde and the grandson of Nancy Hendricks of our community. Yancy was a fine young man, and there is no way we can understand why he was taken from us at the young age of 18 years old, but our Lord knows and we can have comfort in that.

Nancy is our next door neighbor, and as Yancy and his brother, Kelly, would visit with her and their grandad, the late Albert Hendricks, they would come and play with our grandchildren, Joe and Sheri Miles, of Abilene who would be visiting with us forming wonderful friendships.

Our sincere sympathy is extended to the Buchanan and Hendricks families. Our prayers are with them.

Some of those visiting with Nancy Hendricks during the past week were Roy and Sylvia Hendricks of Clyde, Spc. Kelly Lee Buchanan of Ft. Hood, Sue and Paul Hoy of Greenville, Billy Eppler of Plano, Don and Lani O'Neal of Houston, Jessie McCaffety of Amarillo, Bill and Joyce Priest and Sheri Miles of Abilene, Freddie and Johnny Shackelford of Liberal, Kan., David, Camilla, Jamie, Courtney and Whitney Moutrey of Odessa, Rosa Aguilar, Zelma Willoughby, Ben Rollins, Daisy Wood and Phyllis Wright of Eastland, Wilbourne and Martha Wood, Clifford and Lurline Nelson of Carbon, Billy and Barbara Buchanan of Hendrix, OK, Bessie Buchanan of Tuscola, Tara, Mark and Kat Jones of Abilene, Bro. Clarence and Leona Wilson of Stephenville, Glenn and Zelda Jordan, Bobbie Glasson, Johnny Scitern, Juanita Fuller, Velma Bennett, Wynelle Brown, John and Troy Scitern, Naoma Morrow, Ruth Bryant, Hope Joiner, Deon Fields, Leisa

Jobe, Anna Laura Clearman, Joe O'Neal, Kathy Everton, Hazel Snider, Joyce Eaves, Johnnie B. Griffith, Mozelle Rhymes, Estelle Craddock, Aletha Burgess, Gene and Kay Snider, Pat, Patsy and Bradley Collins and Sarah Tuggle of Ranger.

Sunday was a cold wintry day with ice on all the trees, weeds, fences etc., but to my knowledge the roads in this area didn't ice over. But on interstate 20 around Cisco it was a different story. There was plenty of ice on the highway. We started to Abilene for a Thanksgiving Dinner with our daughter and son-in-law, Glenda and Bill Priest and Sheri, but when we hit the ice just east of Cisco, we decided it best to turn around and come back home. Traffic was very heavy, and some weren't driving too cautious.

Church attendance at the Kokomo Baptist Church was down some due to the cold weather. Roy, Sylvia and Kelly Buchanan were visitors on Sunday morning. The Sunday night service was called off due to the weather.

David, Judy, Scarlett, Amanda and Sarah Por-

ter of Taylor; James, Teresa, Jeremy, Ciji and Jantzen Webb of Granbury; and Stacy, Brenda, Jacob and Kaci Webb of Comanche were home for an early Thanksgiving get-together with their parents, Oren and Norma Webb, the weekend before Thanksgiving.

Those visiting on Thanksgiving Day with Vernon, Deon and Lindell Fields were Joe and Falyr Fields of Bryan, Richard, Teresa, Taylor and Trevis Nachtigall of Morgan Mill, Buster Johnson of Carbon, George Johnson of Ranger, Joan, Kris and Keri Scitern, Jessica Craig of Eastland, Fred and Delores Walker of Whitehouse, Mallie and Bret of Tyler; Leslie, Sherry and Jacie Johnson of Olden, Johnny, Vicki, Josh and Seth Johnson of Carbon.

Thanksgiving Day visitors with the Clifford Nelsons were Travis Nelson of Andrews Air Force Base, Yvonne Giles and Scotty McMahon of Tinker Air Force Base of Oklahoma City, Mike Westbrook, Dud and Carol Westbrook, of Ft. Worth, Jimmy and Teresa Nelson of Stephenville, Tena and Gary Danley of Richland Hills. Maggie Nelson had to work during the day, but met them all at the home of Wanda Cole, Joy and Joey for Thanksgiving Supper.

Anna Laura Clearman and her sister Jessie McCaffety visited from Wednesday until Satur-

day with Gary, Nanetta, Cathy and Jo Beth Thompson at Plainview. Mike, Mary Jo and Kami Leonard of Canadian and Dianne Morgan of Friona met them there for Thanksgiving Day. Mrs. McCaffety, who had been visiting here with Mrs. Clearman, returned to her home in Amarillo with the Leonards as they went home to Canadian.

Thanksgiving Day visitors with Mrs. Dora Garrett were Jerry and Lavell Hallmark and grandson, Lee Vi of San Angelo, Jimmy and Verna Lee Little, Tim, Nelda, Cody and Jarad Fails of Arlington, and James and Jill Little of Lake Leon.

Having Thanksgiving Supper with Mrs. Mamie Little were Ima Boles of Clyde, Bill, Lois and Abby Boles of Ranger, Blake Boles of Arlington; Randy Boles of Abilene, Rart Boles and Terrie Mading of Austin, Earl and Betty Little, Ronnie, Karen, and Clay Patterson of Knox City, Sandy Patterson of Snider, Doug, Carole, David and Joe Little of Carlsbad, N.M., Jimmy and Verna Little, Ray Neal, Melissa and Emily Little of Eastland, James and Jill Little, Daryl and Rhonda Ekhard of Eastland, Charles and Carolyn Little, Scotty, Caye and Zack Mauney of Abilene, and Alan and Shelle Little.

Ray Neal, Melissa and Emily Little, Tim, Nelda, Cody and Jarad Fails, and James and Jill Little vis-

KEEPING HOLIDAY FOOD GIFTS SAFE
'Tis the season — to receive such tasty presents as smoked sausages, game birds, and packaged hams — that is, all the things you wouldn't normally have on hand in great quantities because they tend to contain a lot of fat (and often sodium), but which you allow yourself small portions of at this time of year. (After all, you don't want to seem ungrateful about the gifts people send you.) But how to store them? And for how long?

Here's the safe way to handle some of the most popular food gifts you may be receiving. *Refrigerate raw game birds such as turkey for no more than two days before cooking. After cooking, refrigerate for no more than four days. *Store "cook-before-eating" hams in the refrigerator for no more than one week. Once cooked, the hams remain safe in the refrigerator for five days. Country hams, those that have been dry-cured in a mixture of salt, sugar, and seasonings and then smoked and aged, remain safe in a kitchen cabinet for as long as a year if unopened. That's because they contain so much salt and so little moisture that bacteria are not able to grow on them. If you slice some off to be soaked and cooked, it may stay in the refrigerator for five to seven days; what hasn't been cooked can be kept in the refrigerator two to three months. *Feel free to keep unopened hard/dry sausage at room temperature for four to six weeks, or in the refrigerator for up to six months. Upon opening, the product should be stored in the refrigerator for no more than three weeks. If the sausage is labeled

"Keep Refrigerated," however, it should be stored in the refrigerator for no longer than one week before eating. Such products have not undergone the same type and degree of processing as their hard/dry counterparts and are therefore more perishable.

You may put cans or jars of meat on a kitchen shelf, where they will stay edible anywhere from two to five years. The reason they last so long is that manufacturers sterilize them at very high temperatures before packaging them. Of course, canned meats that have not been sufficiently heated during the canning process must be refrigerated; the label should indicate whether refrigeration is necessary. High temperature or not, the length of safe storage time varies, which is why many of the labels have "use by" or "sell by" dates to serve as a guide.

After opening, cans or jars of meat should be stored in the refrigerator no more than a week.

Still have some questions about how to store — or cook — meat and poultry safely? Call the U. S. Department of Agriculture's toll-free Meat and Poultry Hotline at 1-800-535-4555.

RECIPE FOR THE WEEK
Holiday Citrus Logs

- 1 (12-ounce) package vanilla wafers, crushed (about 3 cups)
- 1 (8-ounce) package candied cherries, coarsely chopped
- 1 (8-ounce) package chopped dates (1 3/4 cups)
- 1 cup chopped pecans or almonds
- 1/4 cup lemon juice from concentrate
- 2 tablespoons orange-flavored liqueur

Nutrition Program

As you know, we are trying to arrange it so our senior center staff and members will be with their families longer in preparation for Christmas. So we will be meeting more often the first three weeks in December and the following schedule will be used:

Dec. 9, Monday— Cisco

1 tablespoon white corn syrup
Additional white corn syrup, heated
Additional finely chopped pecans or sliced almonds, toasted

In large bowl, combine all ingredients except additional corn syrup and nuts. Shape into two 10-inch logs. Brush with corn syrup; roll in nuts. Wrap tightly; refrigerate 3 to 4 days to blend flavors. To serve, cut into 1/4-inch slices.

and Eastland will be meeting.

Dec. 10, Tuesday— Cisco and Eastland will be meeting.

Dec. 11, Wednesday— Cisco and Eastland will be meeting.

Dec. 12, Thursday— Only Eastland will meet.

Dec. 13, Friday— Only Cisco will meet.

Dec. 18, Wednesday— (Note the date) Will be our day for the Christmas dinner. Reservations will be required.

Please clip this article from the paper and post it so you may refer to it often. Be sure and tell your friends.

To make luncheon reservations call Cisco, 442-1557, and Eastland, 629-1382.

...SEVENTEENTH CENTURY COLONIAL ANCESTORS OF MEMBERS OF THE NATIONAL SOCIETY COLONIAL DAMES XVII CENTURY, 1915-1975. Compiled by Mary Louise M. Hutton. (First published 1976)

Over the years the lineage records submitted by prospective members of the National Society Colonial Dames to substantiate their claims to membership have grown into a formidable repository. This base work, a key to the lineage records, is a complete list of the 8,000 seventeenth-century ancestors from whom descent has been positively proven by members of this prestigious hereditary society. As a rule, each entry gives the name of the colonial ancestor, his dates of birth and death,

the name of his wife, his colony of residence, and his occupation or service, all of which is absolutely crucial in any serious genealogical investigation.

SUPPLEMENT NO. 1, 1975-1979. Compiled by Mary Louise Hutton. (Published 1981)

To the original list of 8,000 seventeenth-century ancestors from whom descent has been positively proven, this supplement adds the names of 2,500 additional ancestors from whom descent was proved by members of the Society between 1975 and 1979. Each entry gives the name of the ancestor, his vital dates, his colony of residence, and his occupation or service. Also included are additions and corrections to the first volume.

SUPPLEMENT NO. 2, 1979-1988. Compiled by Mrs. George L. Bott. (Published 1988)

Supplement 2 contains the names of an additional 2,500 ancestors from whom descent was proved by members of the Society between 1979 and 1988, bringing the total number of proven seventeenth-century ancestors of members of the Society to 13,000! Like the first supplement, each entry gives name of the ancestor, his vital dates, colony of residence, and occupation or service.

The National Society Colonial Dames XVII Century is a strongly sought after patriotic and heritage organization. The objectives of this organization are: To aid in the preservation of the records and of the historic sites of our country; To foster interest in historical colonial research; To aid in the education of the youth of our country; To commemorate the noble and heroic deeds of our ancestors, the founders of our great Republic; To maintain zealously those high principals of virtue, courage and patriotism which led to the independence of the Colonies and the foundation and establishment of the United States of America; To maintain a Library of Heraldry and preserve the lineage and Coats-of-Arms of our

Armorial ancestors; To develop a library specializing in the seventeenth century American colonial date.

Any American woman of good moral character, eighteen years of age and over, is eligible for membership, provided she has been invited by the Society and is the lineal descendant of an ancestor who lived and served prior to 1701 in one of the Original Colonies in the geographic area of the present United States of America.

This new consolidated edition, **SEVENTEENTH CENTURY COLONIAL ANCESTORS** includes information formerly in the three volumes, now in a single hardcover book. A valuable finding aid to help in the documentation of an ancestor who came in the seventeenth century, and especially for a prospective member to the Society.

468 pp. total, indexed, cloth. (1976, 1981, 1988), consolidated edition 1991. ISBN 0-8063-1310-2. Order #2956 \$30.00. Genealogical Publishing Co., Inc.; 1001 N. Calvert Street, Dept. P/P; Baltimore, Maryland 21202-3897. P & H \$2.50 first book, each additional

\$1.00. Maryland and Michigan residents add appropriate taxes.

JAPAN ATTACKS UNITED STATES

HAWAII AND MANILA HIT WITHOUT WARNING BY NIPPONSE PLANES

Japanese Ambassadors Confering With Hull When Attacks Were Made; Roosevelt Orders Navy and Army to 'Carry Out Their Orders'

New York, Dec. 7.—Uncounted damage has been done to the United States naval base at Pearl Harbor and to the city of Honolulu itself by unidentified bombing planes, an NBC observer reported Sunday in a broadcast direct from Honolulu.

The observer, standing on the roof of the Advertiser building in Honolulu, said the planes, undoubtedly Japanese, made the raid unexpectedly. His report was suddenly broken off.

Washington, Dec. 7.—Japanese airplanes today attacked American defense bases at Hawaii and Manila, and President Roosevelt ordered the army and navy to carry out undisclosed orders prepared for the defense of the United States.

The White House said that Japan had attacked America's vital outposts in the Pacific—Hawaii and Manila—at 1:20 p. m. (C. S. T.) and that so far as was known the attacks were still in progress.

Announcing the president's action for the protection of American territory, Presidential Secretary Stephen Early declared that so far as is known now the attacks were "made wholly without warning—when both nations were at peace—and were delivered within an hour or so of the time that the Japanese ambassadors had gone to the state department to hand to the secretary of state Japan's reply to the secretary's memorandum of the 26th."

Promptly, navy officers said that long prepared counter measures against Japanese surprise attacks had been ordered into operation and were "working smoothly."

And within a few minutes, the war department ordered all military personnel in this country into uniform.

There was a disposition in some quarters here to wonder whether the attacks had been ordered by the Japanese military authorities because they feared the president's direct negotiations with the emperor might lead to an about-face in Japanese policy and the consequent loss of face by the present ruling factions in Japan.

TRANSPORT TORPEDOED

A little later, the White House reported that an army transport loaded with lumber had been torpedoed 1300 miles west of San Francisco.

This is well east of Hawaii.

The first announcement did not say whether the ship was sunk or whether there was loss of life.

No official used the word war in reporting any of the developments, but with the series of events there could be no doubt that the Far Eastern situation had at last exploded, that the United States was at war, and that the conflict which began in Europe was spreading over the entire world.

Little information was immediately available regarding the strength of the Japanese air attacks.

Dispatches from Honolulu said that at least two Japanese bombers, their wings bearing the insignia of the Rising Sun, appeared over Honolulu at about 7:35 a. m. (Honolulu time) and dropped bombs.

The army's order affected not only the thousands of officers on duty in Washington, who have thus far performed their functions in civilian clothes to avoid a "militaristic" appearance, but all officers in every corps area, the United States' possessions and outlying bases.

Washington was expected to blossom tomorrow as a

city of uniforms, because huge numbers of officers have been pouring into the city for months to perform the army's "overhead" functions.

Early said that so far as the president's information went attacks were still in progress at Manila and in Hawaii. In other words, he said, "we don't know that the Japanese have bombed and left."

He went on to say: "As soon as the information of the attacks on Manila and Hawaii was received by the war and navy departments it was flashed immediately to the president at the White House. Thereupon and immediately the president directed the army and the navy to execute all previously prepared orders looking to the defense of the United States. The president is now with the secretaries of navy and war. Steps are being taken to advise the congressional leaders."

ENVOYS AT STATE DEPARTMENT

Kichisaburo Nomura, the Japanese ambassador, and Saburo Kurusu, the special Japanese envoy, were at the state department at the time of the White House's announcement of the attacks.

The two Japanese went to see Secretary of State Hull at 12:35 p. m. (New Orleans time) and remained about 20 minutes.

They handed to the secretary Tokyo's reply to the statement of principles which he gave to them on November 26.

After their departure, the state department announced that Hull had informed the Japanese that a document presented by them was "crowded with infamous falsehoods and distortions."

The department's statement said that Hull had read the Japanese reply and "immediately turned to the Japanese ambassador and with the greatest indignation said: 'I must say that in all my conversations with you (the Japanese ambassador) during the last nine months I have never uttered one word of untruth. This is borne out absolutely by the record.'

"In all my 50 years of public service I have never seen a document that was more crowded with infamous falsehoods and distortions—infamous falsehoods and distortions on a scale so huge that I never imagined until today that any government on this planet was capable of uttering them."

WAR BULLETINS

Honolulu, Dec. 7.—A naval engagement is in progress off Honolulu, with at least one black enemy aircraft carrier in action against Pearl Harbor defenses.

Some aerial dogfights are in progress in the skies over Honolulu.

At 9:30 a. m. (Honolulu time)—2 p. m. Central Standard time) the attack still was in progress.

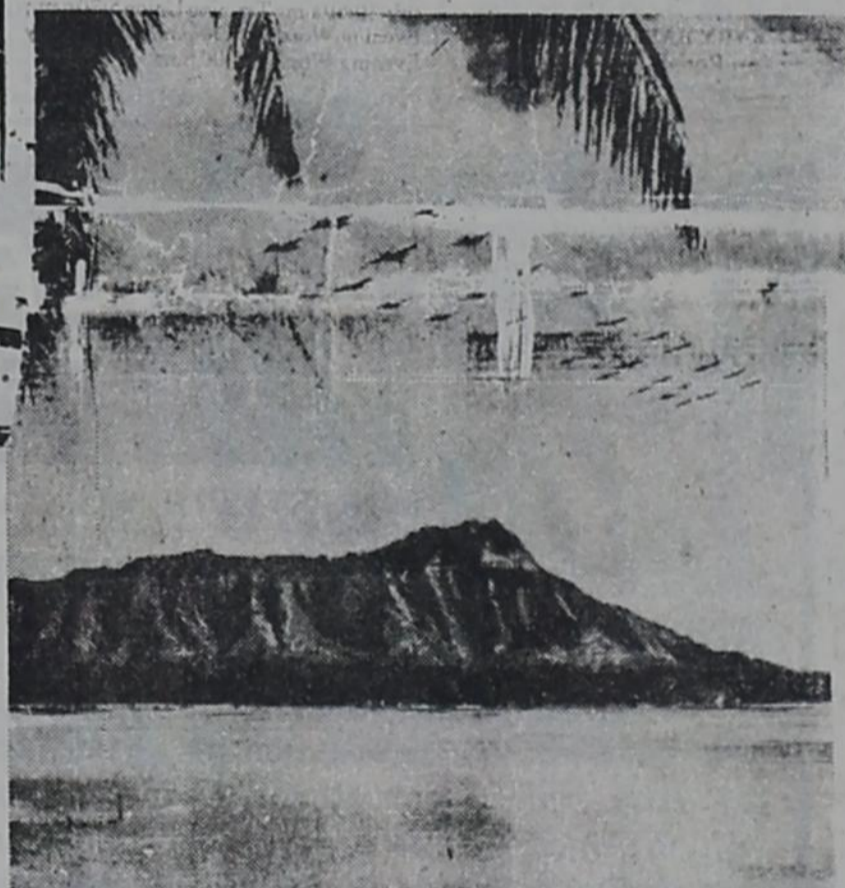

What damage was done by the swift surprise raid was not immediately apparent. But reports said enemy bombers scored a hit at Hickam Field, army airport, and another on an oil tank at the Pearl Harbor naval base.

At least two nine-plan formations of four-motored black bombers flew over Honolulu and Pearl Harbor. Each plane bore Japan's Rising Sun insignia.

There was a report from persons who came past Pearl Harbor that one ship there was lying on its side in the water and four others were on fire. This could not be confirmed immediately.

Honolulu, Dec. 7.—Japanese bombs killed at least five persons and injured many others, three seriously, in a surprise morning aerial attack on Honolulu today.

JAPANESE PRESS HITS 'OFFENSIVE' ATTITUDE OF U. S.

Accuses Roosevelt of Lacking Sincerity, Stalling in Peace Talks

Tokyo, Dec. 6.—The Japanese press, accusing President Roosevelt of insincerity and stalling in talks of peace, sounded a keynote tonight that Washington has turned completely from appeasement to an offensive attitude that would find all East Asia at arms in case of aggression.

In the midst of these renewed blasts at the United States, Do-mei said it understood Premier General Hideki Tojo, Foreign Minister Shigenori Tojo, and Navy Minister Vice-Admiral Shigetaro Shimada would "speak the whole truth about the current international situation as well as the Japanese-American talks" in speeches Monday before a council of the Imperial Rule Assistance Association.

Dr. Morinosuki Kashima, Asahi's foreign commentator, asserted that gone is the "former negative defensive policy" of the United States, and in its place is a "positive, offensive attitude diplomatically, politically and strategically."

"It would be dangerous to think that the United States still is sticking to its former appeasement policy," he said.

Taking much the same line, the newspaper Kokumin declared that in the event of "American aggression a billion people of East Asia would become bombs" against the United States and Britain.

It was divulged during the day, which brought ominous new developments in the Pacific crisis, that certain attaches of the Japanese embassy at Washington had been recalled, but reasons for the move were not specified.

At the same time Nippon Yusen Kaisha, the big Japanese steamship company, called home without explanation the chiefs of its Bombay and Singapore offices.

BAD CRADLE PUTS OFF SHIP LAUNCHING

Bristol, R. I., Dec. 7.—A 135-foot minesweeper was christened Saturday at the Herreshoff yard, where many famous ocean liners of the America's cup left the world in the past, but a faulty cradle caused postponement of the launching.

Mrs. R. F. Haffenreffer III, wife of an official of the yard, was sponsor of the mine sweeper, fifth and largest of the type built at the yard, now occupied entirely with defense work.

A falling jack wedged two blocks under the cradle and stopped the ship from reaching the water.

COAST GUARDSMAN AND GIRL MURDERED

Elizabeth City, N. C., Dec. 7.—The bodies of Robert P. Old, 23, Coast Guardsman originally from Hickory, Va., and Miss Florence Walston, 20, of Shiloh, were found Saturday on a railroad right of way near Morgan's Cross about two miles west of Elizabeth City.

Junior Meads led Sheriff W. L. Thompson to the spot where the youth discovered the bodies about three feet apart.

A coroner's jury, returned a verdict of death at the hands of a party or parties unknown.

NAME MANAGERS FOR PROPERTIES OF JEWS

Vichy, Dec. 7.—"Provisinola managers" have been appointed to take charge of property belonging to Jews. As the law stands today, the proceeds from sales of Jewish property are paid into an account opened in the name of the dispossessed owner after deduction of a percentage for expenses. In Paris the French Popular party is advocating confiscation of all Jewish possessions "for the benefit of victims of the war" and is calling a mass meeting next Sunday to vote a resolution to that effect.

Ruth Stewart, M.Ed.

Q. How can I help my child be successful?
A. Believe your child can achieve great things. If children are given the right opportunities and encouragement, they can accomplish incredible things.

We should not limit ourselves or our children. God has created each of us with amazing potential. If the child wants to try a challenging and healthful activity, he/she should be encouraged to try it and stick with it for a while.

DWI Related Traffic Fatalities Record

Eastland County has only until the end of this month to maintain its much-improved DWI-related traffic fatalities record.

Through the end of September, there had been no DWI-connected traffic deaths, even though there had been 26 injuries in 29 accidents which were DWI related. There was one DWI-related fatality on I-20 East of Ranger in October.

In 1990, there eight people killed on county

roads in seven accidents directly connected with DWIs. There were 33 injured in 17 injury accidents in '90. There were 20 non-injury accidents and a total of 44 accidents in all, according to D.P.S. records in Austin.

However, the most dangerous days could be ahead as the Christmas season nears.

In '90, there were six killed in the last six months of the year and 20 injured in 30 accidents which were DWI-related.

Anniversary

The children of Mr. and Mrs. Leonard Pounds request the pleasure of your company at a Reception to celebrate the Fiftieth Wedding Anniversary of their parents on Saturday, the fourteenth of

December nineteen hundred and ninety-one from two until five o'clock in the afternoon at the First United Methodist Church on Elm Street Ranger, Texas.

Texans are being urged by officials and members of Mothers Against Drunk Driving to join the Red Ribbon Tie-on, to promote safe-driving.

Every year, we see a dramatic increase in the number of DWI-related deaths during the holiday season. "The Red Ribbon on your car door or antenna is a statement that we won't tolerate drunk driving in Texas. It's a statement that we are committed to ending our state — our nation's — drunk driving epidemic," Officials say.

Project Red Ribbon is held annually between Thanksgiving and New Years Day to promote safe driving during a time of year when traffic fatalities increase by an average of 10 percent.

Red Ribbon supporters normally tie a ribbon to their car door handle or their antenna.

The statistics on DWI-related deaths are cer-

tainly sobering.

In McLennan County alone, 19 people were killed and 403 injured in DWI-related crashes last year.

In Texas, 1,042 people died in 1990 in alcohol-related incidents. Across the United States, 2,134 were killed by drunken drivers.

"In America, a person is killed every 22 minutes in a DWI-related crash," Sen. David Sibley added. "I encourage everyone to tie a red ribbon on their door handle or antenna — it is a visible reminder to everyone of your commitment to not drink and drive."

Sibley, R-Waco, co-sponsored a bill during the legislative session to implement administrative license revocation — commonly referred to as ALR — that would allow peace officers to immediately pull a driver's license if the driver refuses to take or fails a blood-alcohol

Gorman ISD To Conduct Public Hearing Monday

The Gorman Independent School District will conduct a public hearing on December 9, 1991, 7:00 p.m. in the Supt. Office to present the results of the 1990-91 Academic Excellence Indicator System. The statistical report, prepared by the Texas Education Agency, is required by state law and presents demographic and student performance data at the district and campus levels. Parents and community citizens are invited to attend.

The Academic Excellence Indicators include student performance on test. The bill, which had strong backing from MADD, would also require those convicted of driving while intoxicated to spend 48 consecutive hours in jail.

the Texas Assessment of Academic Skills (TAAS), Texas Academic Skills Program (TASP), average daily attendance and drop-out rates, graduation rates, percent of students in advanced courses, and percent of seniors expected to graduate with the "advanced" or "advanced with honors" seal affixed to the transcript.

CHIROPRACTIC FOR BETTER HEALTH
DR. STEPHEN G. BARRY
CHIROPRACTOR

MEDICAL RESEARCH SUPPORTS CHIROPRACTIC

The *British Medical Journal* reports that Chiropractic treatment of low back pain, which affects 75 million Americans, is superior to the standard regimen administered by medical doctors.

The study, published in the summer of 1990, indicated that chiropractic manipulation can relieve severe back pain quicker and at lower cost than medical treatment. Chiropractic patients experienced less pain and disability and missed fewer days work.

At Barry Chiropractic Clinic we are committed to not only getting you free of back pain but treating those conditions which cause your pain. No symptom can be more depressing than persistent back pain. Don't delay treatment when help is readily available.

RJC Announces Who's Who List For 1992

The 1992 edition of WHO'S WHO AMONG AMERICAN JUNIOR COLLEGES will include the names of 11 students from Ranger Junior College who have been selected as national outstanding campus leaders.

Campus nominating committees and editors of the annual directory have included the names of these students based on their academic achievement, service to the community, leadership in extracurricular activities and potential for continued success.

They join an elite group of students selected from more than 1,400 institutions of higher learning in all 50 states, the District of Columbia and several foreign nations.

Outstanding students have been honored in the annual directory since it was first published in 1934.

Students named this year from Ranger Junior College are:

Paula Ausburne, a 30 year old physical education major from Ranger, Texas. Paula is the daughter of Jimmie and Pauline Lynn of Strawn and the wife of Paul Ausburne of Ranger. She has two children; Jennie age 5 and Josh age 10. Paula is a 1979 graduate of Strawn High School and plans to attend Tarleton State University after graduation from RJC in the spring.

Buster Mills

ARLINGTON—Buster Mills, a former professional baseball player from Arlington, 83, died Sunday at his home.

Graveside services were held at 1:30 p.m. Thursday in Oakwood Cemetery in Waco.

Mr. Mills was born in Ranger. He played football for the University of Oklahoma and kicked the winning field goal in the East and West Shrine Game in 1930. He had a chance to play pro football but opted for baseball.

He played in the major leagues from 1934-42 with the St. Louis Cardinals, Brooklyn Dodgers, Boston Red Sox, St. Louis Browns, New York Yankees and Cleveland Indians. He is in the Texas Hall of Fame and his name is in Coopers Town. After his major league career ended, he was a coach for the Boston Red Sox and scouted for Kansas City and the Yankees before retiring 18 years ago.

"Buster had a good knowledge of the game and was a good scout and an excellent coach," said Sid Hudson a former pitcher for Washington and later for Boston when Mills was the coach. He lived in Ranger un-

til 12 years ago, moving to Waco for a short time and then to Arlington. He was a member of First Methodist Church of Ranger, on the board of directors of Ranger Savings and Loan, a member of Masonic Lodge in Ranger, and a member of the American Legion.

Survivors include his wife, Madge Mills of Arlington; and a sister, Myrtle Watson of Grants Pass, Ore.

William Cleaver

OXNARD, Calif. — William E. Cleaver, 31, died Nov. 30 in California.

Services will be at 3 p.m. Saturday at Gregory W. Spencer Funeral Directors Chapel in Fort Worth. Burial will be in Skyvue Memorial Gardens in Fort Worth.

Mr. Cleaver was born in Midland and moved to Ranger as a child. He attended schools in Ranger before moving to California.

He was a deck hand for offshore oil drilling.
