#### **Free Income Tax Advice Is TDH Warns Of Child Safety Seat Defects Available For Area Residents**

Free Income Tax assistance will be available for area residents during February, March and April through the TAX-AIDE program of the American Association of Retired Persons.

Volunteer counselors, trained by the Internal Revenue Service certified instructors, will be staffing counseling sites in all the Senior Citizen Centers throughout Eastland County from Feb. 1, 1992, through April 15, 1992.

Walter Knowlden, coordinator for the Central Texas area of the AARP TAX-AIDE program, said the service is designed to help older persons and also taxpayers who are unable to afford professional advice. AARP counselors will help them understand tax forms and help them to be familiar with the special benefits ASCS Announces Disaster Payment Program available.

Taxpayers using the Eastland County: service should bring copies of their previous year's return and their forms for the current year. They should also bring with them all their W-2 and W-2P forms along with all the 1099 forms regarding income received, includ-

ing their 1099SSA form Rising Star. from Social Security. They should also have all their receipts of expenses, such as medical bills, prescription drugs, medical insurance for possible medical deductions. They will need to bring receipts of Real Estate taxes, mortgage interest and charitable contributions paid during the year so that all taxable deductions can be

applied. service programs carried Counselors will be availout through a national able after Feb. 1, 1992, at network of volunteers.

The counselors, many who have been in the TAX-AIDE program for several years, receive 40 hours of training by IRS each year and are trained on all the new tax changes.

According to Mr. Knowlden, past experience has indicated that many older persons are unaware of special tax benefits they are entitled to claim. Many are paying more than are required to pay. Some may not even be required to file a return because of limited income.

MAMMOGRAPHY CAN SAVE YOUR LIFE!!

or 1991.

If you are a healthy woman over 40 who never has had a mammogram, The American Cancer Society recommends that you have this simple life saving procedure now. Since one woman in ten develops breast cancer at some point in her lifetime, the urgency is real.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination. These images are then interpreted by a Board Certified Radiologist, and a report is sent to your own doctor. It takes only a few minutes, and can detect incipient breast cancer as small as the period at the end of this sentence.

Early detection (18 months sooner than a lump can be felt) not only permits treatment before the problem becomes serious, but the cure rate is over 90%. Mammography cannot only save your life, but help you avoid the need for disfiguring surgery too.

You don't need to have been a previous patient of ours to receive this screening, but you do need to make an appointment at a time convenient to you.

Q. How can I get my child to do (or not do) something?

A. One way to motivate a child is to give rewards. To get a child to stop sucking her thumb her parents gave her a small surprise when she went for seven days without sucking her thumb. After 30 days they gave her a larger one.

For older children a task sheet can be posted and the reward could be written beside it. When the child accomplishes the task, be sure to follow through.

The Delta Upsilon Johnsie Allen, Elizabeth Chapter of the Delta Kappa Gamma Society International met on Jan. 11 at the Library Resource as follows: Sherry Phil-Center at Baird I.S.D. The chapter is composed of women educators from Eastland and Callahan counties. The meeting was called

to order at 10 a.m. Linda Boose led two songs and President Kathi Stapp led the collect.

If we hadn't helped the Soviets so much the recent disintergration would have occurred long ago and we wouldn't have had to spend ourselves into a recession financing

a costly U.S. military. Now our leaders have a new excuse for foreign aid. There is no justification to take from Americans to help foreign governments. The recession here at home has been caused by throwing America treasures away. It's surely not going to disappear by

continuing to give away our money. This is like a drunkard who feels so rich he borrows money and gives it away so he can act like a

San Jacinto, Tarrant, Travis, Trinity, Walker, Wharton and Williamson counties were approved for federal disaster assistance in December.

"President Bush's disaster declaration makes residents of those counties eligible to apply for a wide range of federal disaster aid, including direct grants and temporary housing from FEMA and low-interest loans from the Small Business Administration to help farmers and ranchers who suffered flood-related losses," Gramm said.

Texans suffering flood damage in the designated counties may contact FEMA to apply for assistance by calling the agency's disaster hotline number at 1-800-462-9029.

"Federal authorities have moved promptly and, so far, efficiently to make the full range of federal assistance available to Texans who are bailing out their homes. their businesses and their lives," Gramm said.

"I intend to make sure that this quick response continues," he said.

when it's 10 p.m. there, it's 3 here; and we had to remember that constantly as we kept in touch with our folks here and the office. AT&T over is good; other systems within Europe complicated, expensive and are unpredictable.

BONUS FIND: at the end of another major tour that wound through Austrian countryside and ski-havens, stopped at Wieskirche, the Church of the Meadow, and it's a beauty. It is so unbelievably ornate, you wonder how worshipers keep their minds on the business at hand. But on the bright afternoon we were there, it was full of the faithful and tourists. It stands in an alpine near Steingaden, with its meadow yellow and white walls and steep red roof in vivid contrast to the dark backdrop of the nearby mountains. Architect Zimmerman was commissioned in 1745 to build the church on this where, six years earlier, a spot, woman claimed to have seen local tears running down the face of a picture of Christ. Although the church was dedicated as the Pilgrimage Church of the Scourged Christ, it is now the Wieskirche. It is as known Bavarian Rococo at its outstanding best. The simple exterior gives no of the lavish interior. tour buses unloaded in the meadow parking lot and the tourists walked up a lane flanked by barns, farm animals and plows, to approach the church. Entering, one is astonished by the complex oval plan animated by a series of brilliantly colored stuccos, statues and gilt. A luminous ceiling fresco sparks the decoration. The detailed choir and organ loft are wonders of gilt and color. It is an active church, and the parishioners and their priest recognize the importance of the building and gladly share it with the thousands of tourists who visit. Their treasury obviously benefits from the donations which are given and from the sale of post cards and other souvenirs as well as a snack booth on the grounds. Our tour guide insisted that the priest and the worshipers considered the visitors welcome guests to their beloved church. Story is that the architect who did this church and another elaborate Romanesque church nearby is buried in a plain dour, side chapel not far away.

We were struck by the number natives who were visiting the church on that bright afternoon. A number of whole families were dressed in traditional German/Austrian costume, and we were told that it was their normal Sunday dress-up rather than for any other special event or celebration. Short, leather britches would take some getting used to, don't you think?

Later we trained from Garmisch, through beautiful alpine Mittenwald, Munich, Nuremburg to Bayreauth where

Gaynell learned that Amy had failed to give us the phone information necessary to get through to the post where they live. It took a kindly German matron type, who understood the predicament, and even though she spoke no English, took charge and enlisted a young lady who did, to accompany Gaynell to the post office, which is also the phone office, to make the connections. Amy soon retrieved the wayfarers, and we were glad to be back under her wings, at Christenson Barracks.

### **Eastland Memorial Hospital To Offer Free Screening For Women February 7**

Hospital will sponsor a free screening for women. Dr. Avi Deshumkh will present an educational program followed by individual screening beginning at 3:00 p.m. Friday, February 7, 1992.

Urinary incontinence is defined as involuntary leakage of urine. It is estimated that almost twenty to twenty-five percent of women live with incontinence. Incidence of incontinence is much higher in older women than women below the age of fifty.

Incontinence is embarrassing and socially restrictive. As a matter of fact incontinence is described as social cancer. Modern science has offered us tremendous insight into bladder func-

> Nerve control of bladder function is very important. Any damage of nerves to the bladder will induce incontinence, and it can be identified with very specific tests. Nerve damage can be effectively treated with medication in many instances.

Injury during childbirth and aging in women can cause laxity of pelvic muscles. Pelvic muscles are responsible for sup-

Strength of pelvic muscle, and lack of sphincter tone can be studies properly. If bladder support is very poor, surgical treatment to tie the bladder becomes mandatory. Large numbers of women tend to procrastinate and wait until their bladder falls too far down and surgical results may not be as good or satisfactory to the pa-

tient. Back injuries, disc problems, strokes, and diabetes also can cause urinary incontinence in women. Women tend to learn to live with incontinence

# Public Meeting On Prison To Be Held January 25 In Ranger

RANGER - Eastland County and area citizens are invited and encourther in the form of a prison aged to attend a public or a drug rehabilitation meeting on Saturday, facility. The type of prison January 25, 1992, 2:00 applied for is a 1,000-bed p.m., in the Ranger school medium minimum secucafeteria. The item to be discussed is the prison rity facility and would which the City of Ranger employ in excess of 300 has made application for. Due to the decline in the economy of Ranger and Eastland County, the City of Ranger applied for Eastland Memorial Hospital in the Ambulatory

people. Since a prison in Ranger would benefit all of Eastland County, Strawn and the surrounding area, city officials are requesting the attendance of Eastland countians and area citizens to get everyone's input on the Care Service Department issue. from 3:00 to 5:00 P.M., Friday, February 7, 1992.

This will be an opportunity to become more educated on items pertaining to a prison being located in the county.

Bringing some type of industry to Eastland County could be beneficial to the county's survival.
