

PATROLMAN ON VACATION

Hugh Shaw, Highway Patrolman, and his family left Tuesday to take advantage of Mr. Shhaw's annual vacation. The time is being spent in Dallas and Rockwall, where Mr. Shaw has relatives.

Bobby Allison has been doing painting on the Harry Friend ranch home near Ozona the last three weeks.

Mrs. Lee Patrick spent a couple of days last week in Eldorado with her parents and other relatives.

GAME WARDEN TAKES REST

J. T. Shannon, game warden for this area, has been trying to get away on his annual vacation, and has gotten in a couple of short visits between official work. He left Thursday for a short stay in Kerrville, but was back on the job before anyone knew he had gone.

Mr. and Mrs. Preston Prater, Claude Prater, and Mrs. A. W. Awalt were visitors in Eden last Sunday, visiting their father who is ill. A. W. Jr. and Sidney also made the trip.

MEXICANS ORGANIZE CHURCH

Organization of Mexican Baptist Church was perfected this week in Sonora, with Rev. Young, recently returned from Costa Rica as pastor. The membership in the new church is very enthusiastic, and promises full support and co-operation to their pastor.

Petroleum represents almost one-third the total annual income of Texas. In other States of the nation, petroleum represents an average of only one-twentieth of the total annual income.

AMONG THE TYPE LICE

by the Devil

Well, I see by the papers that W. Lee will be back in the Governor's chair again during the next biennium. Those of us who didn't exactly approve of his re-election should be good citizens and give a chance to back up his promises.

Methinks that there never has been any hot elections in Sutton County if this past one was any indication. Everything was so calm and peaceful Saturday that it had me kinda scared fearing that maybe it was the calm before a storm, but, well, you see how it all came out. Maybe the real reason for such tranquillity was that only one of the candidates for re-election had an opponent.

School will be open again in a few weeks, and our dear children will have to go back to the regular grind. Not through any fault of the excellent faculty has school become a grind to the students, but because the State administration has not seen fit as yet to set standards for educational institutions that would train our youngsters how to do things that would make them a livelihood later in life or even now if need be.

"Why do you think that you are qualified to speak of and criticize our educational system, Mr. Devil?" you may ask. Well, folks, I should be qualified to speak when I have seen boys and girls graduate from high schools four years, and each time it is the same old story—"What an I going to do? I can't go to college and I don't know how to do anything that would provide me a living." As a school teacher, how could I answer those boys and girls and leave with them a lingering respect for educational institutions when and if I did tell them what I knew was the truth?

ON UVALDE SHOW LIST

Fred T. Earwood has been in Uvalde three past few days, where he was connected with the annual show and sale of the Texas Angora Goat Raisers Association. Fred had a lot to do in making siftings of animals intended for showing and following auction sale.

HELPS ANGELO SHOW

Tm Bond of Sonora and W. H. Dameron, head of the Ranch Experiment Station, were also in demand during the week, Mr. Dameron as judge in the Delaine show at the annual San Angelo show and sale, and Mr. Bond as assistant in the auction ring. Both men kept busy, and their help was of considerable benefit to show officials.

Miss Vinagene Powell is enjoying the company of two cousins, Misses Edwardine Russell and Doreen Norris. The young ladies reside in San Angelo.

Mr. and Mrs. H. P. Largent were visitors in San Angelo last Sunday.

J. T. Patrick spent last weekend in Boerne with relatives. He accompanied Mr. and Mrs. Cleophus Cooke of Ozona to the Kendall County city.

VISITS SICK FATHER

Cecil Allen will leave today for Gustine, his former home, to be with his father, L. L. Allen, who is reported ill. Mr. Allen stated that he would be out of town for a short time only.

Seventy-eight per cent of the Texas oil industry's total tax bill is represented by taxes levied in addition to the State gross production tax.

Texas has produced more than six times as much petroleum as Pennsylvania where oil was first produced commercially.

Petroleum once sold for \$40 a barrel. The national average now is around \$1.

New oil and gas wells completed in Texas declined from 14,275 in 1937 to 9,325 in 1939.

Part of every Texas oil dollar finds its way

INTO YOUR POCKET

EVERY merchant in our State—every business and professional man—every worker, shares in Texas oil's huge expenditures.

Many Texas cities with all their varied businesses and employment exist and prosper today because of oil.

Last year petroleum created a direct buying power in our state of 550 million dollars.

Of this, Texas retail merchants received 324 million dollars, landlords 44 million, utilities 38 million and professional men 22 million, while 83 million more went for insurance and savings.

This huge sum is distributed and redistributed in an endless chain of income for our State and its people.

Texas oil payrolls are over 60 per cent of all the wages paid to all Texas workers. Directly or indirectly, you get a part of your income from oil.

If you're a Texan, you're in the oil business.

COMPLETE SHEARING AND OTHER SUPPLIES
FOR THE RANCHMEN OF THIS AREA.

35 Years Ago

From the files of the Devil's River News of March 14, 1908.

Ben Binyon is hauling clay to put around the public water trough this week.

Bob Anderson was up from his ranch near Juno several days this week attending to some business.

A. F. Clarkson was in from his Lost Lake ranch Tuesday on business.

Mr. and Mrs. E. M. Kirkland were in from the ranch Wednesday for supplies and visiting.

Ed Mayfield, who has been attending business college in Fort Worth, arrived home Thursday.

B. F. Bellows having completed the painting contract at the O. T. Word ranch which he has been superintending, is back in town.

R. T. Baker was anxious to go to the ranch after the rain but is holding down the town with the assistance of the "general freight agent" W. A. Pullen.

Rev. R. Paine of the Methodist church, left for Eldorado Thursday to attend the funeral of Mr. Morgan father of Mrs. Clyde Mills. Mr. Morgan had been in Schleicher County for the past few months and was in feeble health when he went there.

T. O. Woldert, candidate for District Attorney, was in Sonora this week and addressed a good sized audience at the Courthouse Wednesday afternoon. He made a good impression on many of his hearers. He will address the voters again on the first night of District Court when it is expected the other candidates will be present. It seems that there are other candidates for the office.

Born to Mr. and Mrs. Lem Stokes on Sunday, March 8, 1908, a girl.

Orville Word was in town trading Thursday.

Dock Word was in from his ranch Wednesday with a load of mohair. He says he had a very nice rain and that his stock is doing fine.

O. C. Roberts, the stockman and farmer from the Schleicher divide, was in Sonora Wednesday for supplies and herders. He reports a good rain and lots of weeds.

W. C. Bryson, who ranches 16 miles south of Sonora, was in town Wednesday. Wes is still looking for the president of the Sutton County Farmers' Union. He said his neighbors, John Ward and W. A. Miers are farming.

Wm. Van Heogenhuize of San Antonio, was in Sonora Tuesday. Van is representing the Edgewood Distilling Co., of Cincinnati, Ohio, and of course done business with our saloonmen.

Will G. Brown and Sam Merck were among the ranchmen in Sonora Wednesday from the Franks Defeat Country. They are "farming some" and report conditions favorable.

W. A. Miers was in from his ranch Wednesday trading.

W. E. Dunbar was in from his ranch Thursday with his mohair.

G. W. Stephenson was in from his ranch Friday after herders.

W. T. Hancock and Johnnie Bigham of Menardville, were in Sonora this week wanting to buy steers and Territory cows.

W. J. Patterson moved his family in from the Llanó this week and are now residing in their place in West Sonora.

R. L. Cooper of Temple arrived in Sonora Thursday, and will visit his old friend G. W. Stephenson on the ranch for a few days.

J. H. Luckie moved his family in from the ranch this week and will reside in the old Perry McConnell place on Main Street.

W. A. and Dave Ogle were in Sonora Friday from the Middle Valley country trading.

Ira Glasscock is drilling the Brown & Burney ranch well a few feet deeper.

Mrs. Frank Salmon has moved her music rooms to the Newell place near the school house.

Mrs. F. M. Sparks arrived home this week from a visit to friends and relatives in Del Rio.

Joe Trainer bought the Geo. F. Strickland residence in East Sonora from A. J. Ricks for \$650.

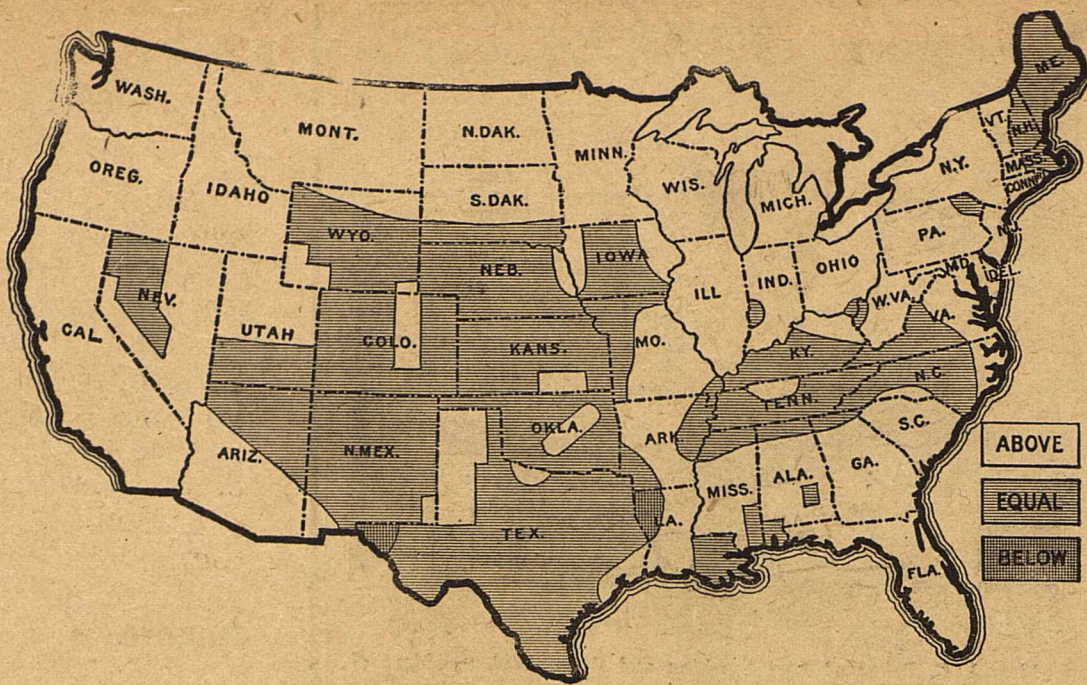

S. H. Stokes the stockman was in town this week looking after the "Territory cow" situation.

J. N. Ross was in town Friday. Mr. Ross was preparing to shear his goats when last Sunday's storm changed the program.

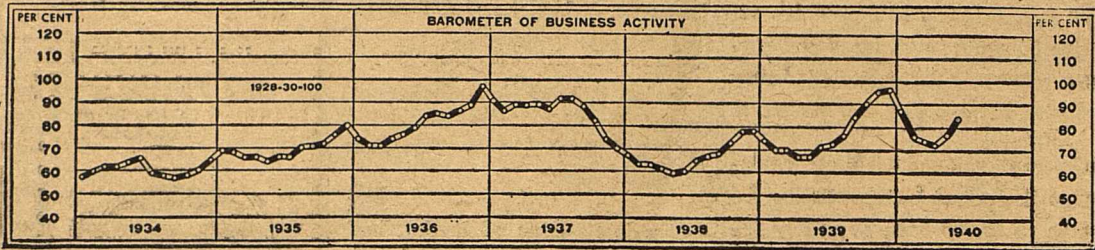

John McCleary, the windmill man is thinking of moving to Menard County and looking after the mills and engines on a ranch there.

W. A. Glasscock, who ranches 30 miles south of Sonora was in town

BUSINESS CONDITIONS MAP

This map depicts current business conditions as compared with the same period last year. It will appear in the August number of "Nation's Business", published by the United States Chamber of Commerce

Enlarged pay rolls and activelighter Map this month. distributive trade, despite rainy weather, are reflected in a slightly lowing the mild upturn in May, THE BAROMETER—A sharp rise erased about half of the drop recorded in the first four months of this year.

this week. He is keeping all hands busy these days.

G. B. Hamilton has his muttons on the R. F. Halbert range west of Sonora. After shearing they will go to market.

The News extends its sympathy to J. A. Whitten of Eldorado on the death of his mother which occurred at his home in Eldorado on Friday March 13th.

O. T. Word was in town Thursday with his fine German Coach horse Jubal. This fine animal attracts attention whenever O. T. brings him to town.

W. T. O. Holman, the cattleman was in town this week on a visit to his family. He will move his family to the ranch as soon as school is out.

W. J. Fields, who ranches southeast of Sonora was in town Thursday. He expects his father Dr. Fields here the last of the month.

J. A. Cauthorn, who ranches 18 miles south of Sonora was in town this week. Jim says his father and almost all of the family have been down with the grip but are now better.

T. J. Stuart had 1200 goats shorn when the cold spell came up last Sunday. By all hands working night and day for three days building fires and working constantly they lost only 4 or 5 head.

An effort will be made to have the closing of the Sonora school May first, made an event that the children who have attended this session will long remember. Parents should make a special endeavor to keep the children in regular attendance until the close.

The storm did but little damage in the Sonora Country and then only to freshly shorn goats. The over half an inch of rain falling slowly was of great benefit and the warm days following brought brightness to the eye of the stockman and farmer.

W. C. Bryson sold his yearling steers to W. T. O. Holman for \$12.50.

R. H. Martin bought from A. F. Clarkson 225 head of 2-year-old steers at \$17.50 per head.

Will G. Brown and Sam Merck have sold their Territory cows to Frank Cloudt at private terms.

R. H. Martin bought from H. P. Allison and Joe Wallace 175 head of 2-year-old steers at \$17.50 per head.

August Meckel was in town Wednesday. Mr. Meckel has a nice bunch of 3 year old steers in his pasture near town but is not in a hurry to sell them.

Will Sultemeyer sold to Theo Savell 6 pony mares at \$35 per head.

J. I. Voorhies bought for A. Cohen & Co., of San Antonio, 6000 pounds of mohair from T. D. Newell of Sonora at 21 1/2 cents per pound.

Mrs. M. M. Parkerson of Edwards County, sold 400 head of stock cattle to Henry Bunton and Frank Cloudt at \$12.25 per head. J. A. Cope & Co. reported the trade.

Martin & Wardlaw sold to W. T. Hancock of Menardville, 300 territory cows at \$12 delivered at Brady. A. F. Clarkson sells 200 and Sam McKee 100.

W. B. Silliman and Frank Murchison, well known and prominent citizens of Schleicher County, were in the Sonora country this week looking for a few hundred steers to put in the Territory.

There is now stored in Sonora 10,000 pounds of mohair and the other 60 or 70 thousand pounds will be coming in daily. The fineness and quality of the Sonora country mohair was a revelation to the mohair buyers last fall, but the clip this spring is still better.

J. I. Voorhies, representative of A. Cohen & Co. of San Antonio,

authorizes the News to state that while his house at the present time have no orders to buy mohair they are in a position to make liberal advances on mohair consigned to them. Mr. Voorhies will

be in Sonora for a week or ten days longer. See him if interested and he will explain.

C. A. Broome sold 1500 head of three and four year old steers to Brown and Boren, stockmen of the Osage country in Oklahoma. Messrs Brown and Boren bought twenty six hundred steers Friday of the O9 Cattle Co. L. L. Farr, Mont Noelke and Hersey & Baker at around \$25 per head. The two deals involve over \$100,000.

J. C. Fears of Schleicher County sold 1200 head of mutton sheep to McKenzie & Ferguson at \$4 per head, making a total of \$4,800. These sheep will shear a twelve month's clip in the spring. Hurt & Simmons sold 300 head of fed sheep to Sid Martin, who will ship them to the Fort Worth market. The price paid for these sheep was \$3.35 a head, making a total of \$1,005. Stanley Turner, a raiser of fine horses, mules, goats and sheep, at Water Valley, has sold to Jesse Cargile, of Irion County, fifty head of mule colts at prices ranging from \$45 to \$60.

J. P. McConnell was in town Monday. Perry says he has his oats sowed and his corn planted and is now waiting for the weather to cut its capers.

Rubber Bands at The News. tf

SUFFERS HEAD INJURY

Mont Merriman has been going around with his hand on his forehead and a knot under it, due to an unexplained accident Monday afternoon while working at the highway rock crusher. During the time he was working in a cloud of dust from the crusher, he came in contact with something which struck him in the face, presumably a timber or other such thing, causing a deep wound just above the eyes. He was treated by Dr. Howell, and was able to return to his work Tuesday morning. The injuries were painful but not serious.

Shipments for the Texas petroleum industry make up one-fifth of the total tonnage of Texas railroads.

Texas oilmen spent over \$60,000,000 last year in drilling dry holes in Texas in an effort to find new oil reserves.

Texas has nearly one-fourth of the total oil and gas pipe line mileage in the United States.

One-third the total land area of Texas is now under lease to Texas oilmen for oil and gas purposes.

ONE HELP TO GOOD MANAGEMENT...
a Kitchen Telephone

Other women often envy the woman who always "gets her work done" quickly and easily. Such a woman usually has the latest in household helps—including a kitchen telephone. A telephone for your kitchen can be connected to your present line at very small cost. You'll be surprised at the time and steps it will save. Call our Business Office, or any telephone employee will help you place your order.

20% DISCOUNT ON LADIES HOSE

In order to make room for our new line of ladies hose, we are closing out the Maraman line of hose at a 20 per cent discount.

We have a nice assortment of sizes, prices and colors to select from.

Watch this space for an announcement of the arrival of our new line of Ladies' hose, men's socks and neckties.

ATTENDS A. & M. COURSE

Mrs. J. F. Baker of Fort Stockton and Bakersfield, president of Texas Sheep and Goat Raisers' Auxiliary, and Mrs. A. L. Renfro, "key woman" of the Association, discuss wool ties at the wool and mohair exhibit shown at the Farmers' Short Course on the campus of A. and M. College.

Texas farmers and ranchers receive 30 cents in oil lease and royalty payments for each dollar they get for farm crops and livestock.

Present oil-well drilling equipment is designed to penetrate the earth to 17,500 feet, or nearly 3 1/2 miles.

Texas oil wells produced a daily average of 14 1/2 barrels each in 1939 compared with over 18 barrels in 1937.

Value of Texas crude oil at the wells in 1938 exceeded the value of all Texas farm crops and livestock, including government payments, by more than \$127,000,000.

Texas led all States in mineral wealth last year with production worth \$740,000,000. Texas oil, gas and natural gasoline represented over \$540,000,000 of this.

Texas motorists consumed an average of 778 gallons of gasoline per car last year, or 46 gallons more than the national average of 732 gallons.

Lavelle Meckel has been on the sick list this week.

Junior Brasher is enjoying his annual vacation from his duties with the San Angelo Telephone Co. office here.

Charlie Sweeten of Rocksprings was a visitor in Sonora last Saturday.

Howard B. Cox, ranchman and Palimino horse breeder of San Angelo, was a business visitor in Sonora last Saturday.

One-sixth of all the people in Texas get their entire living from the petroleum industry.

FOUR GOOD WAYS TO LOSE MONEY

1. **Lose Cash.** When you carry currency in your pocket or purse, there is always danger of accidental loss.
2. **Make "Double Payments."** If you have no receipt for cash payments, you may be forced to pay again.
3. **Careless Money Management.** If you don't have accurate records, money can easily slip through your fingers.
4. **Short Changed.** By accident or design, you may be short changed when you pay with currency.

Good Tires Are Feature That Insures Safety

"When a motorist tries to squeeze the last penny's worth of mileage out of worn-out tires he's taking big chances and why should he take any risks when, during our special mid-summer sale, he can obtain new tires at rockbottom figures—prices that certainly are unusually attractive? Besides, it matters not whether the motorist has the ready cash, because we'll sell him Goodyears, mount them on his car and he can pay for them on easy installments as he rides," said Sam Hull of the Sonora Motor Company.

"Our ten-day special bargain sale starts July 24 and ends August 3. We have an unusually large assortment of sizes of all types of tires, so no customer need be disappointed.

"A wonderful buy is the All-American which was introduced only a short time ago and has been selling like hot cakes ever since. Just think of it—only \$5.15 for the 4.75-5.00x19, and other sizes in proportion. And the famous Marathon only \$8.95 for the 6.00x16.

"Another thing, during this sale we have put the price of the Life-Guard, that tire within a tire, which is packed with safety for the motorist, down to the lowest figure we have ever quoted.

"This is the season of the year when the highways are pretty well choked with cars—people on vacation tours, driving to the lakes, the seashore, the mountains or perhaps to one or both of the World's Fairs. Motorists should take no chances with thin tires. Why should they, when the best for the money in tires can be obtained along with credit terms if desired? There isn't a reason under the sun why a car owner should not discard his worn-out tires now and replace them with dependable Goodyears.

"And when we put on tires we give the rims a thorough cleaning, removing all foreign substances which might injure tires. We see, too, that the tires are inflated to the proper pressure and we change them from one wheel to another, if advisable, so the user will get the most safe miles possible. We make no charge for this extra service."

Texas has the largest oil well and largest oil field so far drilled in the world.

Texas produced more than twice as much oil in 1939 as California—second largest producing State.

Texas produced nearly one-fourth of all the petroleum produced in the entire world last year. The first use anywhere of oil on streets or roads was at Corsicana.

ARE GAR GOOD TO EAT?

Since the drive by the State Game Department to get anglers fishing for gar with a wire noose has spread so rapidly throughout Texas the question is often being asked as to whether gar are good to eat.

The answer, according to the Department's chief aquatic biologist, is that they are good to eat. The difficulty of dressing a gar is the major hindrance to exploitation of the fish for menu purposes. Heavy clippers or wire cutters are almost mandatory to make the abdominal incision to remove the viscera. The tough, scaly skin can hardly be dented with a knife. Some fishermen beat the carcass of gars on a tree before attempting the skinning process. This loosens the skin and is said not to damage the meat, which is white. The fishy odor will be missing if one is careful to prevent any of the slime on the gar skin from coming in contact with the carcass.

Should a sufficient number of sportsmen indicate a desire for recipes on how to cook gar to make tasty dishes, the Game Department will distribute such recipes.

QUAIL NEED WATER

An example of the necessity for an adequate water supply if quail are to prosper, especially in West Texas is shown by a report of Game Department's biologists. In LaSalle County along a four-mile strip bordered by ponds, 253 bobwhite and blue quail were counted. However, in a 171-mile drive through areas overgrazed and with little water only 17 quail were counted.

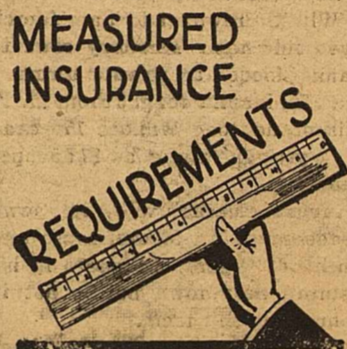

EVER SEE BOXING JACKRABBITS?

Some fight promoter might get an idea from this: J. R. Barton of Wichita Falls and a state Game Warden recently saw a pair of jackrabbits boxing. The rabbits repeatedly jumped high in the air and hit each other with their hind feet. Finally, without either knocking out the other or apparently gaining the advantage over the other, they departed, each in a different direction.

The Texas petroleum industry pays nearly \$70,000,000 a year in State and local taxes NOT counting the gasoline tax which is paid by the consumer.

Texas service stations and other oil distributing facilities represent a total investment of \$150,000,000 in this State.

During the past fifty years, Texas has produced less than two-fifths of the total amount of petroleum discovered in the State so far.
