

50 Years Ago

Billy Drennan has a special weakness for roast turkey, so the other day when a small boy showed up with an ancient and venerable rooster of the shanghai species nicely picked and asked Billy if he wanted to buy a turkey, the trade was soon made. Billy took the "turkey" home and had a grand feast only to learn after the last bone had been picked that his turkey was a rooster.

W. F. Decker was in town Friday and reports the sale of his ranch to Runnels County parties for \$1200. Mr. Decker will probably establish a new ranch west or south of Sonora.

Dr. Matthis reports the following: On the 12th to Mr. and Mrs. Washmon, a girl.

On the 17th, to Mr. and Mrs. Dave Dunagan, a boy and girl.

On the 27th, to Mr. and Mrs. Richard Porter, a girl.

All are doing well.

Josephine, the youngest daughter of Mr. and Mrs. S. W. Titus died in Fort Worth on Wednesday the 28th. The Devil's River News extends its heartfelt sympathy.

R. J. Bean was in town Monday.

J. E. Mills, the energetic young sheep man, was in town for supplies Tuesday.

T. B. Birtrong is building some extensive improvements to his residence.

Garrett Bean came in Wednesday and deposited with the county clerk a panther scalp. The brute was killed near the Huffman Ranch in the western portion of the county and from the size of the scalp it must have been a large one. He was treed by dogs and shot, and thus ends the career of another wild western marauder.

R. F. Halbert was on our streets Monday.

On Saturday night Judge and Mrs. Dunagan celebrated at their residence, their 40th wedding anniversary by a social and candy breaking. The attendance was large and ever one had a jolly good time. We hope that Judge and his wife live to celebrate many returns of the happy occasion.

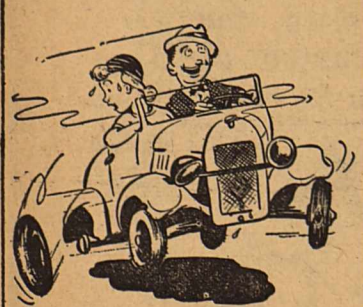

The president of the Citizens Water Works Company, T. M. Wyatt, says his company is now prepared to furnish water at the following monthly rates: Families, \$1.50, business house, \$1.00, and stock, 10 cents a head.

Red Cross Roll Call Extended In Sonora

The Sutton County Red Cross Roll Call has been extended to Saturday, due to the fact that the quota of 400 has not been filled. The High School, the L. W. Elliott High School and Elementary School, and the Lions Club have joined 100 per cent, according to Mrs. Alvis Johnson, chairman.

Contributions will be accepted before Saturday at the bank and both drug stores, where buttons and cards will be issued.

All-Star Basketball Team Organized For Coming Season

An all-star basketball team composed of ex-college and high school players has been organized in Sonora and is holding nightly practices preparatory to lining up a schedule with traveling teams and teams from surrounding towns.

Coached by John Franklin, the team has as its members Ed Archer, Roland Howell, H. H. Black, Hoyte Ratliff, Clyde Bunnell, Erwin Willman, Willie B. Ory, Charles Davis, Gayle Grant, and Albert Murray.

The schedule will be announced as soon as it is completed, according to Franklin.

Evaluation Of Local Schools Studied At Faculty Meeting

The Sonora school faculty met Tuesday night in a semi-monthly group meeting to study the evaluative criteria, pointing toward the evaluation of the High School this Spring.

Wednesday afternoon a basketball meeting of all schools in the Ranch District was held in Menard to complete arrangements for the basketball season. Wednesday night, the schools represented in District 7-B sent delegates to a football banquet to determine the all-district football team. Albert Murray, Noble Prentice, and Preston C. Lightfoot attended.

American flags are now on display in each room of the Sonora School system, Mr. Prentice said Tuesday. A program teaching the children patriotic songs, salutes, citizenship training, and a development of a better appreciation of our American way of life is under way.

The Elliott schools were presented with a flag for the school auditorium by the Sam C. Merck Post of the American Legion. Chaplain J. C. Stephen made the presentation. The flag was accepted by the Boy Scout troop. The Elementary School uses the flag won by the Seventh Grade for its auditorium, and a flag is now on order for the High School auditorium.

Schools over the country are realizing, Mr. Prentice said, that although we may save the country on the battlefield, we must save democracy in the home, church, and school.

FOUR ISSUED LICENSES

Only four persons of fourteen applying, passed drivers license examinations, according to J. C. Golden, state highway patrolman in charge of licenses.

A plan whereby farmers who are to be served by REA may aid in setting up those lines and save expenses has been developed successfully in Texas. It will now be expanded to other states.

Stock News . .

Stock sales and trading were extremely light last week, partly due to Thanksgiving holidays which kept most commission men at home. Cattle trades and deliveries dominated the scene last week, some 500 head being transferred.

J. A. Cauthorn and Jack Wardlaw were in yesterday loading stock, as was Rip Ward.

J. V. Drisdell of Juno sold the C. T. Jones Company 50 calves which weighed 401.6. Jones also bought 32 mixed calves from Roy Valliant which weighed 403.4.

Bay Barney noted Meecat out Monday in a special race at the track. Both horses are rounding into shape.

The Brooks Hereford Ranch of Brady bought 192 steers from Sol Mayer Monday at prevailing prices. Lloyd Earwood sold 81 steer calves weighing 494.4 and 33 heif-

T. C. U. "Band Sweetheart"

Miss Dorothy Bryant, 17-year-old brunet, is the "Sweetheart" of the Horned Frog Band of T. C. U. She was "Miss Fort Worth" of 1940 and a class favorite and cadet sponsor during the senior year in high school. She is a freshman, her home in Fort Worth.

Changes In Military Ruling Announced

Enlistments and re-enlistments for unit of the National Guard of the State of Texas, while in active Federal Service, have been authorized in accordance with War Department policy for preserving organization entity of the National Guard, it was announced today by General J. Watt Page, Adjutant General of Texas and State Selective Service Director.

General Page stated that the following policies have been established in regard to such enlistments:

1. Upon completion of their normal term of enlistment in the National Guard of the United States, enlisted men of a National Guard unit in active Federal service may re-enlist in their present unit in a dual status as members of both the National Guard and the National Guard of the United States.

2. A selectee assigned to a National Guard unit of his home state may, if qualified, be enlisted in such National Guard unit in a dual status as a member of both the National Guard and the National Guard of the United States.

Enlistments and re-enlistments for a National Guard unit in active Federal service will be limited to the number necessary to keep the unit at peacetime maintenance strength, as provided in National Guard tables of organization. General Page said, adding that the combined strength of the personnel of a National Guard unit in active Federal service and of its personnel who have reverted to end are remaining in a state status (in the State Detachment pending return of their units to home stations) will be limited to the peacetime maintenance strength of the unit.

General Page also pointed out that officers who are being relieved from active military service because of overage in grade may retain their federal recognition as National Guard Officers and their commissions in the National Guard of the United States by making application for transfer to the Inactive National Guard.

"There is nothing mandatory about this provision," General Page explained, "and if an officer relieved from active duty because of overage in grade desires to serve his connection with the National Guard of his State and the National Guard of the United States, it is his right and privilege."

Wilburn Glasscock of Marathon is visiting his parents, Mr. and Mrs. Sim Glasscock.

Johnny Martin was in from London Wednesday.

C. T. Jones Co. bought 28 calves from Ben Cusenbary, 22 from Mrs. C. M. Epps, 25 from J. B. Merck, 18 from Elmer Wilson, 3 from Sam Allison, 6 steer calves from Jack Wardlaw, and 74 mixed calves from the Kirkland estate. Wardlaw's steer calves weighed 398.3.

Robert Kelley bought 9 calves from Tom Wilson.

Bill Cartwright reported Monday morning that twin calves were born on the Duke Wilson ranch.

Fertilizer sales in Texas for the 1940-41 season totaled 115,850 tons against 107,950 tons the previous year. The increase was distributed largely over the northern part of the state.

THREE ARRESTED IN CONNECTION WITH SHOP-LIFTING HERE; DRESSES TAKEN FROM SONORA STORES

NEW TRIAL ASKED BY ISAACS

H. B. Isaacs of Eldorado, charged with common assault, was found guilty in County Court Monday and was assessed thirty days in jail and a \$75 fine. His attorney filed motion for a new trial.

Defense Priority Rating Granted Local Light Plant

In an order citing the Sonora Municipal Light and Power System as necessary to defense, the Office of Production Management in Washington assigned the city a priority rating giving it authority to any and all materials needed for the construction and maintenance of the project. The city, in turn, is extending the rating to the Universal Electric Construction Company of Alabama to enable it to continue the work.

Credit was given to Representative Charles L. South by city officials Wednesday for the work he did in speeding up the assignment of a priority rating.

The only unit needed before turning the power on is the switchboard, which, according to W. G. Wilson, superintendent, will be here sometime around January 1. Only five to ten days work will be needed after the arrival of the switchboard before putting the plant into operation.

Meters will be installed after the power is turned off, said Wilson. With the priority rating, there will be no trouble in obtaining as many of these as are needed.

Flight Training Will Be Held Near Here

Flying enthusiasts in Sonora and Sutton County will be able to take lessons each Monday, according to Bob Estes, licensed flying instructor from McCamey. The ship, a light two-place Taylorcraft owned by Merle Edelman, will be flown from a temporary field located on the Alfred Schweining ranch.

Persons interested in flying are asked to write Mr. Estes at McCamey. Lesson will be given in Ozona Monday and Eldorado on Wednesdays.

Butcher's Business Blasted To Bits . . . Venison Competition

Combing the haunts of male members of the antlered tribe in every section of Sutton County, successful nimrods have bagged a known total of 46 bucks and a large number of gobblers, probably representing about half the total killed since the season opened. The 46 include only the animals placed in the West Texas Util-

Widespread Thefts Believed Connected

Caught in the act of stealing dresses in the City Variety Store, Eugenio Lopez, Paul Gonzales, and Silebro Gilbara, were arrested on Tuesday afternoon and charged with theft. Although the men made statements to officers, no formal pleas have yet been entered.

Sheriff B. W. Hutcherson said that there was a possibility that the arrest would end a series of petty thefts in this section. A more exact statement of the man's activities would be forthcoming later, Hutcherson said.

According to Deputy Ralph Crowe who made the arrest, one of the men engaged clerks in conversation at the back of the store, while a second read an open newspaper at the front of the store. The third man, shielded by the paper, stuffed the dresses under his jacket.

Lions Club Award Students For High Scholastic Honors

Lions Club pins were awarded Miss Fanny Sellman and Richard Boughton Tuesday at the Lions luncheon by Reverend L. K. Brown in recognition of their having made the highest scholastic averages for the first six weeks in high school.

New member Roland Howell was presented his pin by John Eaton, perennial secretary.

Speaker on the program was Pat Reilly, field representative for the Standard Oil and Refining Company, who gave a short talk on the "Principles of Geophysics."

The talk, made especially timely by the fact that the Standard Company will soon be making tests in Sutton county, dealt with the principle structures leading to the accumulation of oil, and methods of discovering likely places for oil. The latter included the seismograph, by which reflected sound waves are recorded, the gravity meter, by which refracted sound waves are recorded, the magneto meter, which measures the earth's magnetic pull, and the torsion balance. At the end of his talk, Mr. Reilly drew diagrams showing common water well formations.

ties Company ice house, and does not include the many that have been removed without reporting the kill locally.

Coming into town along with a moderately stiff breeze of the usual "stories" of the season, among deer that have been stored here are those killed by G. D. Weikel, LaGrange, J. T. Lawless, Ira Shroyer, Big Spring, Mrs. Sam Allison, Ben Cusenbary, Frank Bond, Carl Hill, Parnell, Mrs. Joseph Vander Stucken, Dr. O. J. McCoy, Rosebud, W. C. Gilmore, Pete Bunhart, Wichita Falls, Clarence Valliant, R. W. Wallace, J. D. Wallace, George D. Wallace; David Scott, Buddy Halbert, Van Davis, Tommy Bond, Brother Barton, Ben L. Wheat, R. L. Hallum, Wes Hill, Preston Prater, Mrs. H. B. Harvey, John Fields, Dan Cauthorn, Mrs. Dan Cauthorn, Frankie Bond, H. A. Dalton, A. H. Curtis, C. A. Tyler, D. L. Duke, Dee Lyles, and R. E. Callendar and Morris Williamson of College Station; Sam Karnes, G. W. Smith, E. T. Smith and A. P. Prater.

Hunters bagging gobblers were Boyd Caffey, Edgar Shurley, Hugh Shaw, Dalhart, A. C. Youngblood, Amarillo, P. O. Gibson, Houston, Mrs. W. J. Fields, R. G. Taylor, Dallas, H. A. Dalton, Joseph Vander Stucken, Mrs. J. T. Shannon, S. B. Roberts, Abilene, Rev. L. K. Brown, Ralph Crowe, C. B. McKnight, Bob Hallum, Dee Lyles.

Cleveland Jones, Jr., underwent an operation in a San Angelo hospital Monday morning. He is doing nicely.

Glen Chadwick visited his parents, during Thanksgiving.

Mr. and Mrs. Alfred Schwiening have as their guest over the holidays their daughter, Margaret. Miss Schwiening is attending school in Denton.

Mr. and Mrs. O. L. Richardson had as their guest over the holidays their son, O. L., Jr. O. L. is an A. & M. college student.

Miss Doris Keene of Southwestern in Georgetown, was home over the holidays visiting her mother, Mrs. Stella Keene.

Miss Marjory Davis, who is attending the University of San Antonio spent her four day vacation with her parents, Mr. and Mrs. G. H. Davis.

Mrs. Babcock Leads Missionary Study

The Woman's Society of Christian Service met at the home of Mrs. O. G. Babcock and completed their study, "Christian Roots of Democracy in America" by Arthur E. Holt, Wednesday afternoon.

A Bible study, to be led by Mrs. Dee Word will be started at their next meeting. Six ladies were present.

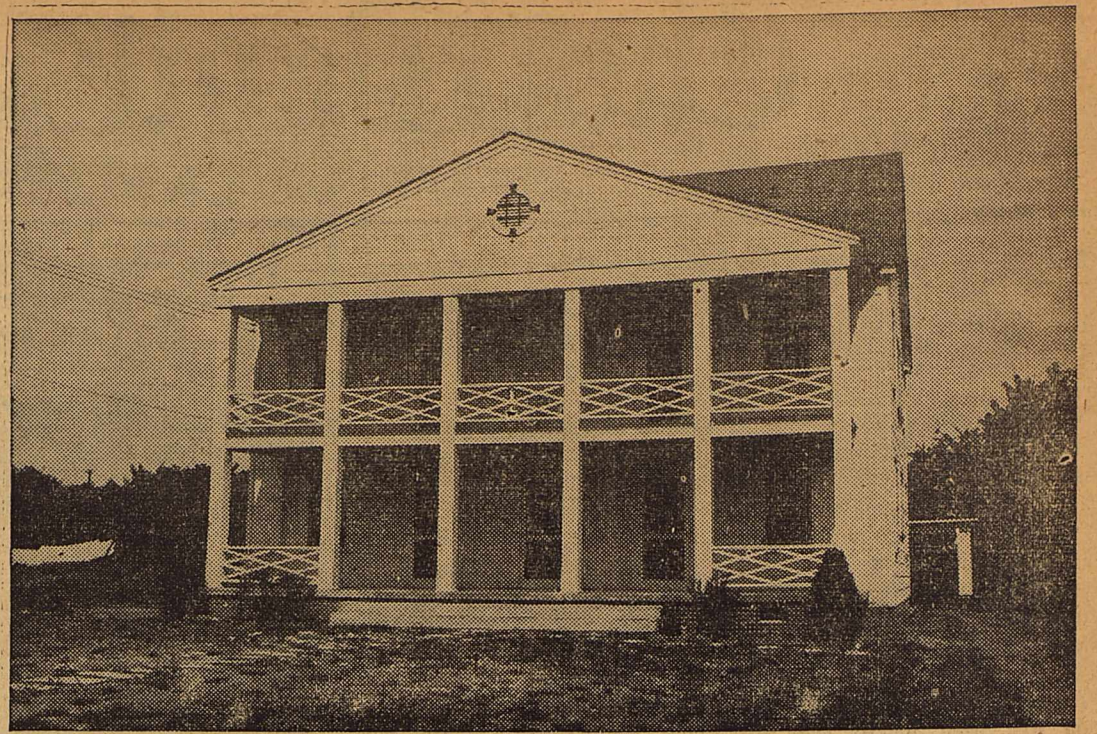

Oil Company Makes Tax Report

FORT WORTH—The Texas petroleum industry's tax bill is now more than \$100,000,000 a year, not including gasoline taxes paid by Texas motorists, Arch H. Rowan, Fort Worth oilman, told members of the standing tax committees of the Mid-Continent Oil and Gas Association here Thursday morning.

Texas oil producers alone are paying \$54,000,000 a year, an average of over 11 cents a barrel on all the oil they produce, Rowan reported. They recently received an increase of \$10,000,000 a year in State taxes, he noted.

"As an employer, I look at the ten million dollar increase in terms of what that much money mean to the men and women employed by our industry," Rowan said. "If that sum had been added to the payroll of the 40,000 Texans employed in producing oil, it would have given every worker an extra pay-check of \$250 a year."

"In looking beyond today, it is necessary to consider the effect of retrenchment of industry upon men and women who look to such industry for their living and also what would happen to the com-

Congress added Title VI to the National Housing Act as a supplementary program designed to broaden the effectiveness of the FHA's activities in stimulating private construction of needed dwelling units in vital defense industry centers.

Multifamily houses such as that illustrated are playing a prominent part in easing the housing shortage in some industrial centers, and it is expected that structures of this type will be used to an even greater extent as a result of the recent increase in the FHA's authorization to insure loans financing privately-built defense housing.

Mortgages on multi-family houses insured under Title VI are limited to a maximum of \$6,000 on a two-family dwelling, \$8,000 on a three-family dwelling, and \$10,500 on a four-family structure. The building illustrated is located in Montgomery, Alabama, and contains accommodations for four families.

Wool And Wool Goods

Wool mills are running at top speed. Operations in September established a new high record and a further gain is estimated to have taken place in October, after seasonal adjustments, lifting output for the first ten months approximately 100 per cent above average. Army buying has predominated in the piece goods market. Substantial awards for worsted military fabrics were negotiated during November and more than one half the unfilled orders of men's wear manufacturers are for government account. This represents an increase over the first nine months when roughly 30 per cent of all billings of men's wear fabrics were to government agencies, based on an extensive study of representative mills by the National Association of Wool Manufacturers. Delivery dates on the defense materials extend well through next summer, which is further ahead than most mills have been willing to accept civilian business. Cloth prices registered further slight advances during the past month and are about 10 per cent above a year ago.

Raw wool quotations in November extended the gains registered the month before on forward covering against government contracts. Prices, notwithstanding the prolonged period of strong demand, are still below the 1937 high point owing to the plentiful supplies of wool at hand. Not only are commercial stocks the largest for this time of year in a decade, representing about five months' requirements, but the British and United States Governments are building up substantial reserve stocks in this country. Present plans call for a war reserve of slightly more than 300,000,000 pounds, grease basis, while defense officials have proposed a larger figure.

Import of raw wool this year have been the largest on record although there has recently been a seasonal decline in reflection of diminishing stocks in the Southern Hemisphere. Arrivals have about equaled the government's military requirements of approximately 6000,000,000 pounds for the current emergency period to date, which is 50 per cent more than this season's record domestic production of shorn wool. Foreign wools, in this circumstance, have accounted for well over half the total consumption of wool during the first three quarters of 1941. Imports are expected to continue heavy during the coming winter. Substantial purchases already have been made in Australia but Argentina and Uruguay markets, which last year accounted for twice their normal share of our foreign purchases, have not yet attracted large commitments by American interests.

Retail sales of men's clothing lagged somewhat in October and there was an appreciable decline in the movement of women's coats and suits. An early opening of spring lines is expected to stimulate trading in women's wear while men's apparel should again register sizable gains owing to the broad momentum of the defense boom. Inventories have not yet accumulated disproportionately in distributors' hands and the industry is prepared to operate actively for many months to come.

munity when industry is forced by excessive taxation to retard its operations. When we oilmen fight efforts to increase our tax load, we are not fighting for ourselves alone. We are also fighting to keep

on our payrolls the men and women who have made it possible for us to operate our producing properties."

While oil production tax rates have been raised 45 per cent since 1935, total State and local tax revenues collected from Texas oil producers have jumped 90 per cent, Rowan pointed out.

"The fact that revenues have increased twice as fast as tax rates should make it evident to even the most skeptical advocates of higher tax rates that continued expansion of the Texas oil industry assures an automatic increase in tax revenue," he added. "Furthermore, as oil development spreads to new sections, it provides local tax revenues for many years to come through the estab-

lishment of proven underground reserves with taxable values.

"Next year, when nearly everyone will be paying federal taxes, every American will come to realize what taxes mean. I believe there will be a more sympathetic understanding of our State and local tax problems. Many citizens who have voted for various bond issues to provide new roads, court-houses, school and other civic improvement will begin to realize that somebody has to pay the bill in higher taxes. Many who have not been tax-conscious in the past will begin to take a more active part in preventing unnecessary local expenditures and demanding more economical administration of local government."

\$500 Reward
I will pay \$500.00 to any person furnishing information leading to the arrest and conviction of anyone stealing any kind of livestock from any ranch in which I am interested.

by BOYCE HOUSE

How Methuselah could have lived 960-old years without the solace of tobacco—or why he would have wanted to—is beyond me.

And how did the world get along till 1492 without sweet potatoes, possums, coons, roasting ears, Irish potatoes, turkeys or water-melons.

Payments amounting to hundreds, and even to several thousands of dollars, on an original loan of a trivial amount have come to the attention of the Better Business Bureau of Dallas, declares William Collier, executive vice-president, in discussing the loan shark business.

Here are a few typical, not extreme cases: A sporting goods employe borrowed \$40 because of illness in the family. After he had paid \$238, the loan company tried to get him fired, claiming he still owed the principal.

A taxicab driver borrowed \$25, paid \$169 and the loan shark claimed the borrower owed \$26.40—in other words that he still owed \$1.40 more than when he started. Even worse was the experience of a postal employe who borrowed \$25, paid \$448.50 and yet owed \$28.75, according to the loan company. An elderly garbage wagon driver had to have \$20 because of family illness. He paid and paid till he had been bled for \$872 and the concern claimed he still owed the original amount.

That the evil is widespread and is not confined to the so-called underprivileged groups is shown by the fact that complaints have been received from employes of almost every business and industrial firm in Dallas, and Collier continues, "from many of our professional, educational, governmental (federal, state, and county and city) and religious groups."

Have a smile: An excited citizen said to a candidate, "I wouldn't vote for you if you were the Angel Gabriel." The office-seeker said, "If I were the angel Gabriel, you wouldn't be in my precinct."

Similar is the story of two farmers who fell out over a boundary matter. Brown said, "I'll sue you in county court." Smith answered, "If I lose, I'll appeal in district court."

"I'll be there."
"And if I lose there, I'll fight you in the court of appeals."
"Well, I'll be there."
"And then I'll take the case to the supreme court."
"All right, I'll be there too."
"Then I'll fight the case plumb into h---."
"My lawyer will be there."

"The nation's machinery for producing all other natural resource materials and commodities needed for defense is being over-

D. O. Adams Honored Thanksgiving Day On Birthday Anniversary

D. O. Adams was honored on his birthday with a dinner and an all-day forty-two party Thursday. Mr. Adams' birthday fell on Thanksgiving. Mr. and Mrs. Lum Adams were hosts at their ranch home.

Present were Mr. and Mrs. D. Q. Adams, Mr. and Mrs. Leo Adams, Mrs. Sibe McKee, George and Eugene Adams, Miss Nell Adams, Louie Edams, Este Adams and Mrs. Tims of Dryden.

Mrs. B. D. Kerney and three children of Sweetwater visited Mr. and Mrs. Leonard Gibbs during the holidays.

hauled and retooled for greater output while oil—the most vital war need of all—is being held down to the same sort of pinched-in flow that was resorted to nearly a decade ago to bolster crude prices through scarcity," says the Houston Post, editorially.

"Sufficient oil should be produced and ready to meet whatever call the emergency may create. . . Holding down production to boost prices would be as patriotic as a plew-under policy to make prices of farm products higher or to curb steel production for the same purpose; whereas the Department of Agriculture itself is sponsoring a vast, nation-wide program to whip farm production up to the ver maximum and every effort is being made to increase the steel output."

Mexican sayings:
Nothing is easier than to cheat an honest man.

He who has drunk his fill soon turns his back to the fountain.

The man who eats his chicken alone must catch his horse himself.

If you would know the value of a peso, try to borrow one.

He who makes more of you than he used to would either cheat you or needs you.

The creditor always has a better memory than the debtor.

A teacher asked, "Who was the first man?"

Jimmy replied, "George Washington, first in war, first in peace and first in the hearts of his countrymen."

The instructor said, "No, Jimmy—Adam was the first man."

The boys answered, "Well, if you are speaking of foreigners, I guess you're right."

L. K. Brown Speaks At P.-T. A. Meeting Tuesday Afternoon

The Senior Band, directed by Roland Howell, played several selections to open the regular meeting of the Parent-Teacher's Association Tuesday afternoon. It met at the High School Auditorium.

Noble W. Prentice announced that Dr. B. F. Pettinger from the University will speak next Thursday afternoon on "The Future of the Public School of America Democracy." "Meat and Romance," a moving picture, will be shown on December 16, in the Elementary school auditorium, it was stated by Preston C. Lightfoot.

"Religion—An American Tradition or a Basic Reality?" was the topic of Rev. L. K. Brown, guest speaker. Rev. Brown also dismissed the group in prayer. Mrs. L. L. Stuart, vice president of the sixth district, gave a very interesting talk. Mrs. Stuart resides in Eldorado.

At the business meeting, it was voted to purchase some books for the Elementary Library. Forty-one members were present.

A. W. Awalt, Jr., who is employed by the Cameron Lumber Company in McCamey spent Thursday with his parents, Mr. and Mrs. A. W. Awalt. He also returned Saturday evening and remained over until Sunday.

Miss Pat Gilmore, a student of T.C.U. in Fort Worth, was in Sonora over the holidays, visiting her parents, Mr. and Mrs. W. C. Gilmore.

Mr. and Mrs. Bill Caraway of Del Rio spent Sunday with Mr. and Mrs. A. W. Awalt.

Annual Fall Concert To Be Given By Members of Band

The annual fall concert of the Bronco band will be presented on Thursday evening, December 11, in the High School auditorium. Tickets will be sold by the band parents and students.

The program will include "Ring, Liberty Bell, Ring," by Hager; "Flag of the Free" by Buchtell; "Westward Ho . . . Overture" by Max Thomas; "Blue Bells of Scotland" by Buchtell; "The Little Giant" by Charles Roberts; "Youth of America" by Paul Yoder; "Our Director" by Bigelow.

At intermission, dance numbers will be given by Mrs. Roland Howell's students, who are members of the Junior band. Other musical numbers will be "Balaton Overture" by Buchtell; "The Stars and Stripes Forever" by Sousa; "The Army" by Harry Alford; "I Love a Parade" by Arlen; "God Bless America" by Irvin Berlin and The Trombone and Baritone Quartet and the Bottle Quartet will be featured. Musical solos will be played by Miss Jamie Trainer and Raleigh Gulley.

Robert Kelly, Jr., spent the Thanksgiving holidays with his parents, Mr. and Mrs. Robert Kelly. Robert is a student in Texas Tech in Lubock.

Claude Thomas Driskell, student in Texas Tech at Lubock spent the holidays with his parents, Mr. and Mrs. Tom Driskell.

Miss Margaret Faye Smith, was home for the holidays from the University of Texas. She visited her mother, Mrs. Velma Shurley.

Mrs. J. D. Lowrey was in San Angelo Wednesday.

The ushers will be Louise Merriman, Lois Morris, Christine Bird and Wanda B. Cook, twirlers.

JUNCTION EAGLE THAT the Commissioners Court of Kimble County, in a called session last Monday, opened bids for the fencing of highway 183 north of London, bids for the material and bids for the construction.

C. A. Schraub was the lowest bidder for the wire and H. D. Lackey secured the contract to construct the fence.

Practically all the right-of-way for the highway has been secured, and construction is expected to begin in the near future. With this section of U. S. 183 completed, Junction and London people will have a modern highway connecting the two towns.

ACCORDING TO REPORTS received from the cold storage plant in Mason, 1298 deer and turkey have been placed on storage up to Tuesday afternoon. This is the largest number ever to be on storage so early in the season and as has been said before, this accounts for possibly half the game killed. Most of the hunters who come here at first have killed their limit and have departed, making room for new hunters.

Old timers have proclaimed this hunting season to be a record breaker in number of deer and turkey killed and in the unusual number of hunters who have made Mason County their favorite hunting spot.—Mason County News.

THIS WEEK MARKED an almost complete clean-up of the local wool when local warehouses sold most of the accumulated stores of Menard county wool. Shipment was made by trucks and as many as seven were loaded out at a time. Henry Vanderstucken, manager of Menard Wool and Mohair Commission Company, announced the sale of 100,000 pounds at 42 1-2 cents per pound. A. T. Murchison sold 132,000 pounds at prices ranging from 41 1-2 to 43 1-2 cents per pound. This leaves only a little over 100,000 pounds in local warehouses that has not been sold this year. There is still a fair quantity of mohair on hand in Menard and although prices are high there is not quite the demand for mohair as wool.—The Menard News.

PRESIDENTIAL APPROVAL OF a \$68,961 WPA project to conserve soil through the Taylor Soil Conservation district was announced yesterday by a telegram to this newspaper from Congressman W. R. Poage.

The telegram follows: "Have just secured presidential approval of \$68,961 WPA project to conserve soil resources and reduce soil erosion through the Taylor Soil Conservation District in Williamson, Travis, and Milam counties. Details follow by air mail. W. R. Poage."

This is the second WPA conservation project to be sponsored by a soil conservation district in Texas, and both are in Congressman Poage's district.

The authorized project here involves the furnishing of about 78 man-years of WPA labor, as well as certain other facilities, in the amount of \$48,181 by the WPA, with the District also supplying equipment, materials and labor in the value of \$20,780, making a total of \$68,961 for the project, Poage said.

The project proposal was developed by the district supervisor of the Taylor district and W. F. Saage, with the Rockdale office.—Rockdale Reporter.

MEMBERS OF THE City Commission Monday night agreed to request a report from the Board of City Development on the progress being made toward the construction of a sales ring and show arena at fair park. City Manager R. C. Hoppe was instructed to continue payment on the annual \$1,000 appropriation to the BCD, for the next six years, to be repaid to the city later, thereby building up a reserve for such structure.

City Manager Hoppe reported that he had been advised by a Dallas manufacturing concern that the new booster fire truck, purchased several months ago to replace the old antiquated booster truck now being used, would be ready for delivery to the city Wednesday.

—Nolan County News.

BARTLETT'S RED CROSS Roll Call drive has exceeded the number of memberships received last year but is still \$30.12 short of this year's goal of \$220.00. Memberships and cash donations to date total \$189.88.

There are many living on the routes out of Bartlett who the local committee feels will want to enroll in the program of the Red Cross, but who were not in town when the local drive was being made. These may still do so by calling at the Tribune office or Kuler's Barber Shop or by seeing Mrs. Louis Meissner. The drive does not close until November 30.—Bartlett Tribune.

PLANS FOR THE new residence of L. A. Schreiner, which is to be built overlooking the lake on his estate on the Junction Road, were in the hands of the contractors Monday afternoon, and the bids will be let some time next week. Bartlett Cocke of San Antonio is the architect, and was represented here by Walter Bowman.

The house, which will be a commodious eight-room structure, with roomy closet space, halls, baths, and other accommodations, will be of native stone and stucco construction, will be of two stories, with the bedrooms on the upper floor. The living room, which will be 20 by 30 feet, will face upon a long terrace at the lake front. It is expected that the house will be ready for occupancy in the early spring.

The dam, which was under construction for the past several months has been completed and water is rapidly flowing into the lake area. It is estimated that the surface of the lake will rise about 20 feet per week and will be full within 20 days.—Kerrville Mountain Sun.

The Miracle Month of December

New-Type Cars Built By Santa Fe

Pioneering in the field of passenger comfort and safety, the Santa Fe Railway is placing in operation a new pendulum type passenger car, Vice President W. K. Etter announced today.

Designed to "float" suspended from above its center of gravity, the car is a new departure in railway coach construction. It utilizes recent important developments of aviation and automotive engineering. Suspended from its four corners on deep soft coil springs, the car eliminates much sway and lurching encountered by conventional type equipment operating at high speeds.

Backed by Cortland T. Hill of the famous railway family, the smooth riding car idea was originated by William E. Van Dorn, Pacific Coast inventor, assisted by Dr. F. C. Lindvall of the California Institute of Technology. Elliot F. Stoner and Herbert J. Weiden, formerly engineers for the North-Kop Corporation and Paul K. Beemer, formerly of the Chrysler Corporation, collaborated on the car's design.

Ideas for the car have been thoroughly tested in research laboratories. An experimental car was tested on road runs under

With The Churches

Mrs. Raymond Morgan, Editor

MITTEL RESIDENCE LOCATED IN IDEAL SECTION OF SONORA

Ideally situated in the south-eastern Sonora residential section and in an enviable location, is the home occupied by Mrs. William Mittel. This home, recently completed, is white brick and has five rooms and bath.

On entering Mrs. Mittel's home, one goes directly into the white papered living room. The paper is designed with garlands and urns of silver. On the floor is a beige rug and the living room suite is upholstered in dark green mohair. Lace panels and green side drapes are used. On one wall is a large fireplace. An arch leads into the dining room and a door into the front bedroom and one into the hall.

Large trees in blue and tan on a blue background forming the water, designs the paper used in the dining room. Blue curtains in a darker shade than the paper cover the windows. The rug in this room is a dark sea green and makes a pleasing contrast with the other colors. The mahogany chairs are upholstered in coral.

Pastel shades are used in the front bedroom. The curtains are green and the background of the

paper is light pink with a blue and pink vertical floral design. The bed is covered with a white chenille spread and is decorated with pastel flowers and border. The furniture in this room is light mahogany.

The hall is papered in white with a pink vertical design. Doors leading into the hall form the entrance to either of the bedrooms, bath, kitchen or dining-room.

The paper, Mrs. Mittel chose for the back bedroom is pink with a large cluster of white leaves forming the design. Covering the bed is a hand crocheted afghan in various colors. This bed spread was made by Mrs. Mittel. Curtains in this room are rose.

Rose and green is the color theme of the bath. Half of the wall is covered in rose tile and the paper has white swans swimming across a background of green. White lilies completes the scene. All white fixtures furnish this room.

In one end of the kitchen is a breakfast alcove. The lower part of the wall is papered in green with red squares and lines. The

IN SAN ANGELO DECEMBER 12th

Dallas Symphony Orchestra To Be In San Angelo

Outstanding in the season's fine program for Sonorans and all West Texas, is the appearance in San Angelo December 12 of the Dallas Symphony Orchestra. Brought to West Texas by the San Angelo Junior College Fine Arts program, the Dallas Symphony will appear in two performances at the Municipal auditorium in San Angelo.

The afternoon performances for children will start at 3:15 and the admission will be 25 cents. The evening concert will start at 8:15, admission being \$1.65 for adults and 55 cents for students, tax included.

A number of Sonorans have indicated that they will attend the musical program that have become popular to people throughout the section who appreciate the fine art program made possible by the San Angelo College.

Reservations or information may be obtained by writing to W. H. Elkins, San Angelo College.

Frank Potmecil has been confined to bed due to a sprained back. He is reported improving.

upper half is white with red and silver floral design. White cabinets, trimmed in red and green and to complete the room, Mrs. Mittel has furnished it with white appliances. A large glassed-in back porch is off the kitchen. White linoleum with a small touch of red and black is used to cover the kitchen and bathroom floors.

Modern light fixtures are placed in every room and white venetian blinds, to match the wood work, cover the windows. With the exception of the kitchen and bath room floors, the house is floored with hardwood. This home is one of Sonora's most modern and conveniently arranged houses.

Sonora Music Club At Shurley Home Thursday Evening

The Sonora Music Club meeting last Thursday evening was held at the home of Mrs. Edgar Shurley, with Mrs. Rip Ward as co-hostess.

Choral singing was enjoyed, and the roll call was answered by the name of composers of Italian opera.

Miss Madge Moseley read a paper on "Early Italian Opera." Miss Thelma Rees told of the life of Giuseppe Verdi. Mrs. Sterling Baker gave the story of "Il Trovatore." Mrs. Noble Prentice and Miss Mildred Dutton played the Anvil Chorus from "Il Trovatore." Miss Marie Watkins and Boyd Caffey sang "Home to Our Mountains" from the same opera.

On December 8th, the Club is sponsoring a puppet show, "Hansel and Gretel," the proceeds to be used for library books for the Elementary school.

Those present at the meeting were Mesdames O. G. Babcock,

Sterling Baker, Lawrence K. Brown, Maysie Brown, W. E. Caldwell, Rosana Hildreth, Noble W. Prentice, Edgar Shurley, C. A. Tyler, Rip Ward, and Misses Nonette Camp, Madge Moseley, Thelma Rees and Marie Watkins.

Mrs. Fred White and sons, Frank and Oscar and daughter Nellie, of Tuscola spent Thanksgiving with her parents, Mr. and Mrs. Frank Smith. Mr. and Mrs. Earl Smith were also guests.

Marionette Show To Be Sponsored By Local Music Club

The Music Box Marionettes of Laguna Beach, California, are to be presented here next Monday night in the High school auditorium under the sponsorship of the Sonora Music Club. The elementary school library is to benefit from the proceeds.

When you see the Music Box Marionettes in action, it will be interesting to note that all of the puppets, sets, properties, voices and action are the work of only three people, which probably distinguishes this as one of the smallest professional companies in the country.

Other than the main feature, "Hansel and Gretel," some of the acts to be presented include rumba dancers, singing, a tap dancer, clown, jugglers, a violinist, whose action are so beautifully synchronized that she remains the favorite of many; a pianist opera singer, Ballet of White Mice, Jody and his elephant, Jessie and many other performers.

Admission will be 15 cents, for grammar school students; 25 cents for students and 40 cents for adult.

Jack Shurley, son of Mr. and Mrs. Merton Shurley, spent the Thanksgiving holidays with his parents on the ranch. Mr. Shurley is a student of A. & M. college.

Another A. & M. student home for the holidays was Eugene Neuerberg. He visited his parents, Mr. and Mrs. E. L. Neuerberg.

CHARLEMAGNE, ROYAL BREWER

The French Emperor Charlemagne, perhaps the most famous of imperial brewers, personally directed the brewing of beer for his court. Historians described him as being "as careful in selecting his brewmaster as in choosing his counsellors and leaders." At a great feast laid after his victory over the Saxons at Paderborn in 777, all of the participants drank beer brewed by the emperor.

DEFENSE BOND Quiz

Q. I am a machinist in an airplane factory. When the war is over I may be laid off. How can I prepare for that time?

A. Make systematic and regular purchases of Defense Savings Bonds. They will give you a substantial reserve which you can fall back on in the period of readjustment after the emergency.

Q. To what very large group of Americans does the Government look particularly for extensive buying of Defense Bonds and Stamps?

A. People in the middle and lower income brackets, where many

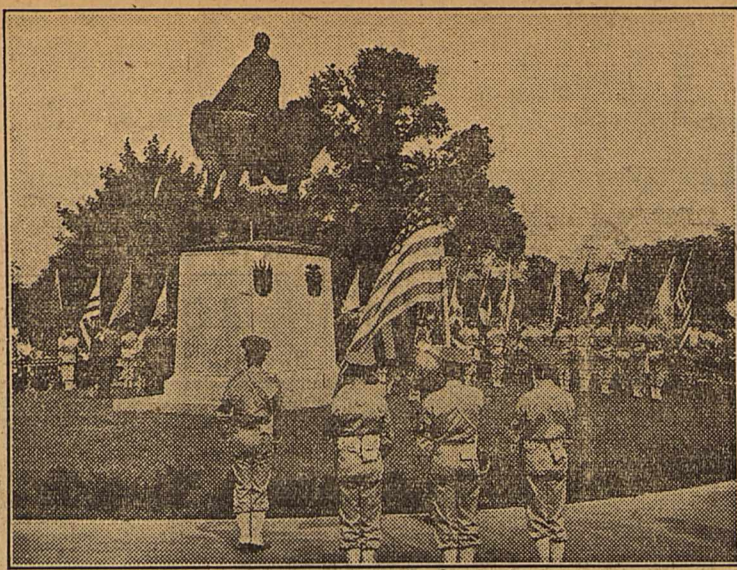

Complete Red Cross Roll Call

The annual Junior Red Cross Roll Call drive has been completed and every grade or department in all three schools, L. W. Elliott, Elementary and High school have registered 100 per cent for the first time.

A total of 29.39 was contributed by the three schools. Of this total, \$10.00 will be sent to Red Cross headquarters for registration and \$19.39 will be retained by the local chapter.

of the most rapid increases in national earnings have taken place. This immense part of our population can be especially effective in reducing national purchasing power by buying Bonds and Stamps, thus aiding the country's defense program, while helping to keep down the cost of living.

Note—To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C. Also Stamps now are on sale at retail stores.

Massing the colors at the statue of Simon Bolivar in Central Park, New York City, during the recent celebration of the 158th anniversary of his birth.

MRS. ROUCHE TO HOBBS

Mrs. Lewis Rouche accompanied her daughter, Mrs. Bill Bell and Mr. Bell to Hobbs, N. M., Friday for a short visit. Mr. and Mrs. Bell, who spent Thanksgiving here, have just returned from a trip through the Southern states. Vincent Rouche returned with his mother and sister to report for Army duty. L. M. Rouche Jr. is in Fort Francis E. Warren, Wyoming, and in a letter to his parents, stated that he liked the Army fine.

Sonora Members At Association Meeting

B. M. Halbert, Jr., J. A. Ward, F. E. Earwood of Sonora, Bob Davis, Uvalde, and Sam F. Cooper of the American Angora Goat Breeders' Association, were in session in Rocksprings Tuesday, and among other matters handled at this meeting was the selection of names to appear on the ballot for the annual election of a Board of Directors for the Association which election will be held at the January meeting in 1942.

The ballots will be printed and mailed to the membership by the secretary, Mrs. T. C. Hampton not later than December 5th, which is the time specified in the by-laws for mailing, allowing a certain time limit before the election, in order that the membership will be assured of receiving the ballots.

Mrs. Word Sherrill and son, of Uvalde, spent the week-end with her mother, Mrs. B. C. McGilvary.

Scout Committee Holds Business Meet Monday Night

Leaders and committee members of the Sonora Girl Scout organization met Monday evening at the home of Mrs. John Lee Nisbet. Mrs. J. F. Howell presided.

The Intermediate group has planned an all day outing on December 13 to be held at the J. V. Valle ranch and the Senior troop leader is trying to reorganize the Scouts. It was discussed that the leaders and members of the committee will take the Red Cross First Aid training course. It was also decided that the Senior Girls would take the course.

Brownies were urged to get in their dues this month. This troop has been organized a year and any who have not yet registered and paid their dues, are asked to do so in the next few days.

The members decided to subscribe to the Council Fire Magazine. It is published in Britain and will enable the girls to understand the troops in other countries.

It was voted to change the meeting date from the first Monday in the month to the third Tuesday at 4:30. Present were Mrs. Joe B. Ross, Mrs. C. H. Davis, Mr. Nisbet, Mr. H. L. Taylor, Mrs. Howell, Mrs. Roland Howell and Miss Dorothy Calfee.

Jack Shurley, son of Mr. and Mrs. Merton Shurley, spent the Thanksgiving holidays with his parents on the ranch. Mr. Shurley is a student of A. & M. college.

Another A. & M. student home for the holidays was Eugene Neuerberg. He visited his parents, Mr. and Mrs. E. L. Neuerberg.

E. H. Richey was in Coleman county Tuesday on business.

Station B News

By Mrs. E. G. Reese

Mr. and Mrs. Van Callan, Ronnie, Ann, Mr. and Mrs. Cecil Craven and Kenneth, Mrs. S. S. Craven of Junction and Mr. and Mrs. Seth Landcaster and Jo Richard of Sonora were the guests of Mr. and Mrs. R. C. Callan last Thursday.

R. G. Ross killed a nine-point buck deer last Wednesday.

Mr. and Mrs. Carl Gardner spent the week-end in San Angelo visiting Mrs. A. I. Davidson and G. A., Mr. and Mrs. R. J. Kinistie, Wayne, Bob and Norda Jean.

Mr. and Mrs. R. C. Callan and Miss Vera Bell Thompson attended the show in Sonora Friday night.

Mrs. Carl Gardner, Mrs. R. G. Ross, Jack, Gail, and Billy Jo were in Junction Saturday.

S. M. Newley visited Mr. and Mrs. T. M. Tomerlin and Jeanne Claire Saturday.

Master Ronald Van Callan visited three days with his grandparents, Mr. and Mrs. R. C. Callan, last week.

R. G. Ross, Carl Gardner, E. G. Reese, E. B. King, Jr., A. R. Thacker, A. G. Lee, R. C. Callan and T. M. Tomerlin attended the Masonic lodge in Roosevelt Saturday.

Mr. and Mrs. R. C. Callan visited Mr. and Mrs. Van Callan, Ronald Van, Ann, Mr. and Mrs. Cecil Craien and Kenneth Saturday.

Mrs. A. R. Thacker, Mrs. Carl Gardner, Mrs. W. J. Jones, Mrs. R. G. Ross, and Miss Estell Smith attended the show in Sonora last Tuesday.

Mr. and Mrs. E. G. Reese visited three days with Mrs. Pearl Martin this week.

IMPORTANT!

Please correspond with me if you live in or near Sonora and want a piano for Xmas. I have a Bona fide bargain in a lovely small size spinet piano, latest model, now stored in your vicinity. I will sell it at a real sacrifice rather than haul it back to San Antonio. This is a real bargain for some one. You can save money if you mean business and will act quickly. Easy terms. Write or wire me for full information where piano may be seen without any obligation on your part. R. N. Cate, credit manager, San Antonio Music Company, 316 W. Commerce St., San Antonio, Texas. Itc adv.

By ABNER GORDON

LOOSE edges or clean tears on wallpaper are best replaced with white library paste, slightly thinned with water. Bulges should be slit and the paste spread on the wall beneath before applying pressure to promote adhesion. Make the incision with a sharp knife along a line in the design to minimize the break. Q.—Will paint of brushing consistency suffice for spray application? Does spray painting produce as durable a job? A.—No to the first question, and Yes to the second. Regularly formulated paint is invariably too thick for use in a spraying machine. Consequently, turpentine should be added until the paint sprays freely. With the use of the standard exterior paint, pure white lead and oil, one quart per gallon usually suffices. On the other hand, when the gun is used correctly, spray application will not reduce the service and durability available from white lead paint. Q.—Which is the most effective, an interior or exterior chimney? A.—Unless the building budget permits the construction of a chimney of good proportion in relation to the size and design of the house, an interior chimney is preferable for purely architectural reasons. However, from the point of efficiency there is little choice. Q.—Should the storage tank of an oil burner be emptied when the heating system is not in use? A.—On the contrary, when an oil burner is left idle for many weeks on end, the storage tank should be completely filled to prevent condensation on the uncovered inside surface from draining into the oil supply. Water in the oil inevitably leads to trouble, if not to a complete shutdown of the heating unit.

THEY FLED THE NAZI YOKE

THEY REACHED BRITAIN SAFELY: Five young French boys (top, left) and two Dutch Army officers (left) by canoe, the two Norwegian children (above) aboard a British raiding vessel from Spitzbergen.

FROM Norway, from the Netherlands, from Belgium and France—on every one of the Channel and North Sea countries which Hitler has occupied—a steady stream of daring men and women is trickling toward the British Isles, to swell the ranks of the Allied armies and Allied workers who are carrying on the fight against Hitler from British or African soil.

Some come singly or by twos—mostly young men and boys who are hardy enough to survive a few wind-tossed nights and days in small rowboats or sailboats, and agile enough to dodge the German guards who patrol all coastal points day and night. But others, fortunate enough to own a fishing boat or

some other sea-worthy vessel, come with their whole families, or even in groups of families. One young Frenchman appeared in England in an airplane which he himself had built from parts taken from wrecked French fighter planes left from the Battle of France, and two Dutch officers recently showed up in a German plane, stolen from a well-guarded German airfield in the Netherlands. These last two had to dodge not only the German guards on their way, but also the RAF.

How many people thus actually get away from the Germans each week is a secret, known only by the Allied military authorities in London. But Free France reports that the armies of General de Gaulle have more than doubled within the

last year—from 30,000 to nearly 70,000—and that much of the increase has been due to men who slipped out of occupied France. Another report is that Norwegian arrivals alone have run into several thousands, not counting the families which were recently rescued from the Lofoten and Spitzbergen islands by Allied raiding parties.

Undoubtedly, hundreds of men and women attempting to escape the German yoke in this way are shot or captured. But those that do get away serve to strengthen the Allied cause more than mere numbers would indicate, since their heroic spirit encourages both their Allies in Britain, and their unfortunate countrymen back on the continent.

Howell Home Scene Of League Party Sunday Evening

Upon arriving at the home of Dr. and Mrs. J. F. Howell, members of the Methodist League were served refreshments, Sunday after the evening church services. Miss Marguerite Howell was hostess and was assisted by Mr. Howell, and was assisted by Dr. Howell.

Wilfred Berger made the most words out of "Thanksgiving Day" and Richard Boughton and Wilfred Berger won the prize when the group played pumpkin basketball. Miss Betty Taylor and Sidney Awalt won the bingo awards.

Thanksgiving games were played and decorations, prize and refreshments carried out the holiday motif. Sandwiches, punch, cookies and candy were served.

Attending were Misses Sammie Jeanne Allison, Marjory Dameron, Josette Boughton, Jamie Trainer, Edith May Babcock, Addie Thorp, Margie Crowell, Lila D. Chalk, Gene Wallace, George D. Wallace, Billy Shurley, R. W. Wallace, Sanford Trainer, Jackie Teagarden, Don Nicholas, Sidney Awalt, Willie B. Ory, Wilfred Berger, Richard Boughton, Frank Howell, Jr., John Franklin, L. K. Brown, and J. F. Howell.

Mrs. E. E. Sawyer, Mrs. Pat Cooper, Mrs. Cleve Jones, Sr., Mrs. Cleveland Jones, Jr., and Mrs. George McNealy were in San Angelo the first of the week.

J. O. Mills, who is attending the University of Texas in Austin spent the holidays with his parents, Mr. and Mrs. R. V. Sewell.

Miss Mary Gwen Wyatt visited her parents, Mr. and Mrs. Henry Wyatt over the holidays. Miss Wyatt is going to school in San Antonio at St. Mary's.

Attend Play At Sul Ross Friday

Mrs. Arthur Simmons and Robert Allen left Friday for Alpine to attend "Night Must Fall." Dock Simmons, who is attending Sul Ross was one of the cast. The play, given by the Speech department of the College Saturday evening. It was directed by Miss Annie Kate Ferguson.

The director and ten of the cast left Sunday to attend the play, "There Shall Be No Night," in San Antonio, starring Miss Lynn Fontaine and Alfred Lunt. They remained over Sunday night at the Simmons ranch. Accompanying them to San Antonio was Robert

Allen Simmons.

Those attending were Misses Lucy Dudson, Vera Vosatka, Evelyn Davis, Hallie Fulfsher, Cecilia Thompson, Bebe Thompson, Joseph Kelley, Leonard Ford, Charles Pogue and Dock Simmons.

"INSTALL telephones . . . and for the last few weeks I've been mighty busy. Folks here in West Texas are realizing how much a telephone means . . . how it brings the doctor when baby's sick . . . calls the store for more groceries when company comes . . . and lets you talk to friends any time you please."

If you don't have a telephone, you're missing something. It gives pleasure and protection . . . for only a few cents each day. Have one installed in your home . . . now.

THE SAN ANGELO TELEPHONE COMPANY

KEEP THE GOOD GAS MILEAGE

EVERY FORD is built to give

Have your Ford serviced by men who know Ford cars best!

Your car's fuel efficiency can be greatly lessened by inferior parts and service. That's why it pays NOW to take your Ford to your Ford Dealer. Expert Ford mechanics . . . genuine Ford parts . . . Factory approved tools and equipment. For best service—at low cost—take your Ford "back home."

GET RID OF RATTLES—

Bring your car in for a complete tightening job by our trained Ford mechanics. You'll prevent unnecessary wear, and get rid of annoying squeaks and rattles.

QUICK STARTING SPECIAL—

Now's the time to get your car in shape for the colder driving weather ahead. Our Quick Starting Special is a ten-point tune-up, including check-up and adjustment of parts important to easy starting, proper cold weather performance and top gasoline mileage. Ask for our special combination price on this complete ten-point check.

WHEEL ALIGNMENT is important if you want top tire mileage. If a wheel is not in alignment, the tire is "dragged" sideways, scraping off rubber with every turn. Have your wheels checked every six months for longer tire mileage.

Our **FORD PARTS EXCHANGE PLAN** saves money for you. When your distributor, carburetor, or other assemblies become worn from long service, you'll often pay less for a Ford Exchange Assembly than you'd pay for a complete overhaul of the part.

EXAMINATIONS ANNOUNCED CIVIL SERVICE

The U. S. Civil Service Commission has just issued three more examinations for positions in the Civil Aeronautics Administration. Flight Supervisors are needed to inspect the equipment, personnel, and facilities of flight contractors, report on Civil Air Regulation violations and aircraft accidents, and to perform other duties. The positions pay \$3,200 and \$3,800 a year. Ground School supervisors will be appointed to superintend the ground training operations of the Civilian Pilot Training Program. This includes ground curricula, training methods, facilities, and equipment. The positions pay \$2,900 and \$3,500 a year. Assistant Army Traffic Controllers maintain a check on the movement of all aircraft within a control area. The salary for these jobs is \$2,300 a year. The requirements for all these positions are specific and rigid inasmuch as they deal directly with the safety of human life. Applicant are sought whose experience, training, and personal qualifications will contribute to the establishment of safe and efficient service. Applications may be filed until further notice.

The Commission has also announced an examination to fill a librarian position in the Library of the Department of Agriculture. The salary is \$3,800 a year. To qualify for this highly technical job, applicants must have completed appropriate college study and have had supervisory experience in technical library work. Applications must be filed not later than December 4, 1941.

The Commission has just reissued its examination announcement for inspectors of naval ordnance materials, covering positions paying

from \$1,620 to \$2,600 a year. Appointments are being made at the Washington (D. C. Navy Yard, Naval Torpedo Station in Alexandria, Va., and at various contractor plants in the field. The need of the Navy Department for Junior Inspectors (\$1,620 a year) is particularly pressing. The requirements for this grade have been modified so that the successful completion of an appropriate approved National Defense Training course will be accepted as meeting the full requirements. Applications will be accepted until further notice.

Full information as to the requirements for these examinations, and application forms, may be obtained from the Secretary of the Board of U. S. Civil Service Examiners at the post office or customhouse in any city which has a post office of the first or second-class, or from the United States Civil Service Commission, Washington, D. C.
