School To Resume Classes Monday

Classes will resume in the Sonora Public Schools Monday morning, January 4.

The present semester will end Friday, January 22, and the last half of the school term will begin on Monday, January 25.

School will run two days later in the spring than originally planned because of the early dismissal ed to stop at the stop sign, and for Christmas holidays. However, ran across the highway hitting the graduation will still be held on the previously scheduled date.

Baccalaureate Sunday will be May 23 and commencement will be May 24. School will be dismissed for summer vacation Wednesday, May 26.

Easter holidays will begin Friday, April 16, and extend through Monday, April 19.

PLAY IN TENNIS TOURNEY

Three local girls returned Wednesday night from El Paso where they had been for the past several days competing in the Sun Bowl Tennis Tournament.

Lennie Mayhew and Vicki Archer each lost their first round of singles, but they won their first round of doubles and lost the second.

Betsy Ross won her first three rounds of singles, placing her in the semi-finals. She played Linda Linvingston of El Paso and lost

MARTIN'S LHE PLUMBER

A HAPPY NEW YEAR! WE ARE HERE TO SERVE YOU TWELVE MONTHS OF

Uncle Sam made the Bonds you own an even better bargain!

Now Your Maturing Series E Bonds **Can Earn Interest** 10 Years More at 3%!

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually when held to maturity.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as \$1.25 a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45!

So join the Payroll Savings Plan where you work today. Or start the Bond-A-Month Plan where you bank.

If you want to be paid

your interest as current incomeinvest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays in average 3% interest per annum it held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased through any bank, annual limit \$20,000.

First National Bank

Serving Sutton County Over 53 Years

there's more 'go' Mobilgas in every gallon

But don't take our word for it. 1 y Mobilgas and see. Since one out of every three dollars you spend on your car goes for gaseline, mileage economy is mighty important. So do as the experts do in the Annual Mobilgas Economy Run: 1. Give your car regular Mobil-Care. 2. Drive with care. 3. Always use Mobilgas or Mobilgas Special.
