Sonora, Texas, Friday, October 8, 1954

FIRST WEEK

... Son of
a gun ...

Anyone need a wildcat? Mrs. Howard Espy has one, found on the ranch several weeks ago before its eyes were open. Surprisingly enough, the bobcat (whose name is Katie) is just as friendly and playful as a domestic cat would be at its age. Except for the fact that Katie has feet about the size of four-bit pieces, and no tail, and doesn't seem to know her own strength, you might think she was just a plain ole cat. Katie doesn't get on a window sill like most cats do - just jump. She likes to hook her claws over the sill and just pull up. Good for the shoulder muscles, evidently thinks Katie.

Maybe the San Angelo Bobcats will need a mascot.

Note From Socorro News- Glen Chadwick, Sutton County product, won the Socorro County roping title for the second straight year. Congrats.

We will realize that most of us would rather have a tooth pulled than read a proposed Texas constitutional amendment, but there is one, Amendment No. 4 (fourth one on the list) which should pass.

It provides for the construction of two state office buildings by transferring the unneeded surplus in the Confederate Pension Fund to a State Building Commission. The law specifically provides that the one living Confederate Veteran and some 400 widows will always be cared for before any surplus is ever declared or transferred. To do this will save the state \$250,000 a year in office rentals.

The amendment has the support of the governor, the unanimous support of the legislature, State Bar Association, and State Democratic and Republican party conventions. Seven former attorney generals and four former governors also endorse the proposal.

Cash Donations To Lions Auction Sale Reported

Several cash donations to the recent and very successful Lions Club auction sale have been added to the donors list, according to A. E. Prugel, club secretary and treasurer.

These include Martin Glover \$20; P. K. McIntosh \$25; B. B. Dunbar \$25; Neil Rouche \$25; John L. King \$20; Hemphill Wells \$50; Sunset Motor Lines \$25; Cox Rushing Greer \$25; Robert Massie \$25; Gandy's Creamery \$50; Jess Koy \$7.50; A. E. Prugel \$20; Bill Wade \$20; Mrs. Alice Sawyer Jones \$35; P. J. Taylor \$10; Collier Shurley \$50; Alfred Schwiening \$25; Saunders and Letsinger \$30; Thomas Morriss \$25; Wm. L. Galbreath \$10; Sonora Steam Laundry \$25; H. P. Allison \$20; Leo B. Merrill \$10; T. J. Moore Lumber Co. \$10; Miss Clara Allison \$25; Robert Pfluger \$10; General Telephone Co. \$17.

Also received was a silver belt buckle set from Nathan's Jewellers of San Angelo.

SAFETY ACHIEVEMENT- Lone Star Gas Company employees, perennial winners of safety awards, attained a new high in safety performance in 1953 to win the National Safety Council's highest commendation, the Award of Honor. In the above picture, Lone Star President D. A. Hulcy of Dallas, right, commends A. W. Breeland, the company's assistant director of personnel and director of safety, holding the Award of Honor plaque, for the Safety Department's role in the establishment of the 1953 safety record. "The lion's share of the credit, however," Hulcy said, "rightly belong to our more than 6,000 employees in the field, since it is in the field that accidents occur, or are prevented by the simple process of observing safety rules, and during unusual situations not listed in safety manuals, using plain horse sense in coping with those situations."

Geologist To Speak Tuesday At Lions Club

Curtis C. Stacy, Jr., exploration geologist with the Standard Oil Company of Texas, will speak on "Oil and Gas Industry Activity in Sutton and Schleicher Counties" next Tuesday, October 12, at the Sonora Lions Club luncheon.

Stacy, in a letter to Dr. W. T. Hardy, program chairman, said he will discuss local oil trends, land and lease information, and present and future possibilities.

A graduate of the University of Mississippi, Stacy holds a master's degree in geology and has been with Standard Oil of Texas in this area for two years.

Tuesday, Lions and their guests enjoyed a talk by Dr. Willis R. Sutton, Georgia educator, on responsibilities of parents, schools and youth today. Dr. Sutton was here Monday and Tuesday and spoke at the schools and at the Parent-Teacher Association Meeting Tuesday afternoon.

Mr. and Mrs. Norman S. Davis have as their guest this week, his mother, Mrs. E. H. Hamilton of Amarillo.

Brief Summary Of Proposed Constitutional Amendments

By Dorsey B. Hardeman, State Senator, San Angelo, Texas

Important amendments to the Constitution of Texas are to be voted on November 2. Such election may result in fundamental changes in our basic law.

It is hoped that this brief analysis will invite further study thereof. The proposals will be summarized without regard to the order of their appearance on the ballot.

S. J. R. 10 involves the transfer of about \$6,000,000.00 from the constitutional Confederate Pension Fund for the erection of state office buildings. This fund has accumulated in excess of the needs of the original purpose and may be disturbed by a constitutional authorization.

The annual outlay of about \$233,000.00 for rent by the State suggested this proposal and the State Bar Association is supporting a movement to erect a courts building from this fund.

This amendment, if adopted, will not change the present 2-cent tax, but will "freeze" it as a permanent source of funds for additional buildings. Some \$1,250,000.00 was realized from this tax during the last fiscal year with an expenditure of about one-half thereof.

S. J. R. 7 proposes an increase of \$7,000,000.00 in the amount of money that may be appropriated for old age assistance, aid to needy blind and aid to dependent children. It does not purport to increase the monthly benefits of recipients. It can only mean the addition of more people to the rolls. The present limit is \$35,000,000.00 annually for such purposes.

The proposal also provides that the Legislature shall enact laws relating to the public inspection of lists of those receiving aid or

Representative O. C. Fisher said this week that farmers in the 21st District can obtain a wide variety of operating loans from the Farmers Home Administration. Full details on the loans had been obtained, he said, from officials of the agency. The credit is available immediately and can be used to finance current living and operating expenses as well as the production costs of next year's crops.

The loans fall into three general categories, Representative Fisher said, emergency loans, special livestock loans, and regular production and subsistence loans. The production and subsistence loans are made only to operators of family-typed farms. The emergency and livestock loans are made to operators of family-type farms and other farmers and ranchers as well. All of the loans are made only to farmers who are unable to obtain the credit from other sources.

The regular production and subsistence loans help small farmers to improve their farming operations. These loans may be made to buy farm and home equipment, feed, seed, and fertilizer, and to pay other farm operating and family living expenses.

There is a statutory limit of \$7,000 on each production and subsistence loan and the total outstanding debt for these loans cannot exceed \$10,000. Repayments are based on the income to be received each year after reasonable expenses are met. In no case may the loan run for more than 7 years.

When the main purpose of the production and subsistence loan is to improve the farmer's operations, a limited amount of funds may be included to refinance debts secured by liens on livestock and farm equipment.

Special livestock loans are made to producers and feeders of cattle, sheep, and goats, except commercial feed lot operators. These loans are made to meet usual expenses necessary to successful livestock operations, such as the purchase or production of feed, and replacing, hiring, or repairing farm machinery and equipment. Livestock loans are not made to expand operations or to pay existing debts, except incidental current bills.

Livestock loans are made for periods up to 3 years. Any balances remaining on these loans after the 3 years are serviced for collection based on the repayment ability of the borrower. Other creditors are not asked to subordinate their liens, but are expected to stand by and to agree that a reasonable part of the applicant's normal income from livestock can be used in repaying the loan.

Emergency loans are made to farmers and ranchers who because of losses suffered from the drought or local economic conditions need credit to continue their operations.

These loans may be used for purchase of feed, seed, fertilizer, machinery repair, replacement of equipment, and for other essential farm and home operating expenses. Emergency loans may not be made to pay existing debts. Ordinarily emergency loans to meet current operating and living expenses are expected to be repaid out of the year's income. Repayments on advances for other purposes are scheduled in accordance with the borrower's ability to pay.

It is not the policy of the Farmers Home Administration to foreclose on borrowers because of their inability to make payments when the payments are due, except where there appears to be absolutely no chance of the borrower's future success or where a borrower has violated the terms of his loan agreement.

There is no limit set by law on the amount that a farmer or rancher can borrow under the special livestock and emergency loan programs. The amount that can be borrowed under these programs is determined by the farmer's needs and his ability to repay. No loan is made unless it appears that an applicant has reasonable prospects for success.

For each loan made, the Government obtains the best security available including a first lien on all crops to be produced with the loan and on all livestock and farm machinery purchased with the loan.

While special livestock and emergency loans cannot be used to refinance existing debts the loans can include funds to pay interest on existing chattel and real estate debts and to pay creditors for the annual depreciation on chattels serving as security

Services Held Saturday For Theodore Savell

Funeral services for Theodore Savell, 81, pioneer ranchman and one of Sutton County's earliest settlers, were held Saturday afternoon at 4 o'clock from the First Methodist Church. The Rev. W. H. Marshall, pastor, officiated, assisted by the Rev. Alanson Brown, rector of St. John's Episcopal Church.

Burial was in Sonora Cemetery. Pallbearers were J. T. Penick, Lea Aldwell, George H. Neill, Fred T. Earwood, Joe Brown Ross, Joe M. Vander Stucken, Sam Karnes, Dan Cauthorn and Edwin Sawyer, all of Sonora, and James Baggett of Ozona, Russell Martin of Del Rio and Herman Jones of Eldorado. All his friends were honorary pallbearers.

A native Texan, Mr. Savell was born in Madison County, October 18, 1872. His father, A. J. Savell, a native of Mississippi, came to Texas as a boy, with his parents, who settled in Liberty County, later moving to Madison County. A. J. Savell was an extensive cattle operator in Madison County, as well as a prominent and successful farmer.

At the age of eighteen, Theodore Savell came to San Angelo with his father and brothers on a cattle drive. When a drought took the herd, Mr. Savell began driving freight wagons from San Angelo to the Sonora country. He later became associated with Robinson Brothers, driving the mail and passenger stage coaches from San Angelo to Sonora. He and a brother bought out Robinson Brothers and operated the stage line several years. Mr. Savell later sold out to his brother and moved to Sonora, where he engaged in the saloon and ranch business until 1907, when he sold his other interests and became a partner of a pioneer West Texas ranchman, R. G. Peacock. Their brand was BHE connected.

Mr. Savell continued this partnership business until 1911, when he bought out Mr. Peacock, and started out for himself.

On March 17, 1897, Mr. Savell was married to Miss Alma Miers, a native of West Texas, whose great-grandfather was one of the signers of the Declaration of Independence. Mrs. Savell died December 7, 1950.

Mr. Savell served as a school trustee for many years and served as alderman when Sonora was first incorporated. He was a member of the Methodist Church, the Texas Sheep and Goat Raisers Association, Woodmen of the World, and one of the charter members of Devil's River Camp No. 79.

Mr. Savell is survived by a daughter, Mrs. Bryan Hunt of Sonora; a son, Miers Savell of Sonora; a sister, Mrs. May Johnson of Wichita Falls and four grandchildren.

Dairy Bar To Open Saturday

Casey's Dairy Bar, latest addition to the Sonora business family, will open Saturday with free ice cream cones to all visitors from 3 until 6 o'clock Saturday afternoon.

Located on US 290 next to the Ross Gulf Station, Casey's Dairy Bar will be a "Dairy Queen" type of business, featuring ice cream, custard, malts, milk shakes and other fountain drinks, and hamburgers and hot dogs.

Present plans are to be open on weekdays from 10 o'clock each morning until 10 at night and on Sundays from 1 o'clock Sunday afternoon until 10 that night. Later hours will be observed following football games.

Owner of the business is Casey Pritchett of Abilene. Pritchett is a former employee of Baroid Sales Division and attended Texas A. & M. College two years. He and Mrs. Pritchett are parents of a daughter, Barbara Ann, 20 months.

Attend Church Sunday!

for their loans. In addition, local businessmen who are creditors benefit from loans funds used to purchase local supplies and services.

The county committees of the Farmers Home Administration pass on the eligibility of all applicants.

All applications for Farmers Home Administration loans are made at the agency's local county office. These offices are located at: Fredericksburg, Kerrville, San Angelo, Brady, Del Rio, Coleman, Lampasas, Brownwood, San Saba, and Sweetwater.

A quick drive and a brilliant punt return behind vastly improved downfield blocking got the Sonora Broncos away to a 12-0 lead which resulted in a 31-7 victory over the Menard Yellowjackets in Menard Friday night.

Menard pulled out all the stops in attempting an upset over Sonora and kept the pressure up until the final whistle. The Jackets got possession on the kickoff by using a short kick and had to recover, but couldn't get through the Bronco line and kicked out on the Sonora 30.

Wright, George Johnson and Crites used four plays to get to the Menard 18, and Tracy Crites raced through a truck-sized hole for the score. Menard came back with a passing attack which failed and had to kick again, this time to George Johnson on the Sonora 22. Sonora blockers took out both Menard ends before Johnson caught the ball, and the junior speedster took out down the right sideline behind perfect blocking for a 78-yard touchdown run. Again Wright's kick failed and Sonora led 12-0 as the quarter ended.

Sonora made it 18-0 at the opening of the second quarter, when Wright went 58 yards up the middle for the third score. Again the kick failed.

Menard came back strongly in the second, when the Menard line suddenly came to life and stopped the Broncos cold. Wallace brought the kickoff back to the Menard 31 and Robert Hooten went around right end for a 69-yard scoring run. Wallace kicked the point.

In the third quarter Sonora started a scoring drive from its own 15, using grinding ground plays and ending with Wright plunging over from the 3. Wright didn't trust his toe this time and plunged for the extra point.

Sonora's last score came in the last frame when George Johnson intercepted one of Wallace's passes on the Sonora 32 and went 68 yards for the tally. The key kick was thrown by Rus Chalk. Kick for point failed.

Friday, October 8, Helen Marion Kasper, Albert C. Ward, Mrs. William A. McCoy, Lenore Luckie, Ray D. Lancaster. Saturday, October 9, Josette Boughton. Sunday, October 10, Mrs. Willie Andrews, Mrs. Clay Puckett, Mary Jack Puckett. Monday, October 11, None. Tuesday, October 12, Ozzie Ellington. Wednesday, October 13, Mrs. Sammie Jean Espy, Curt Schwiening, Jr. Thursday, October 14, Mrs. E. T. Smith, Jr.

NAMED DORM. OFFICER

Miss Esther Chavez, daughter of Mr. and Mrs. Antonio Chavez of Sonora, has been elected a dormitory officer at Texas State College for Women. Miss Chavez, a senior upper elementary education major, was chosen floor chairman for Bonham Hall. She will serve as a member of the house council in conducting dormitory business and counseling students. Miss Chavez has also been a counselor of Rusk Hall.

SONORA STUDENT AT SAN MARCOS TEACHERS COLLEGE

One Student from Sonora, has enrolled in Southwest Texas State Teachers College. Total enrollment at the College will reach 1,850, officials in the Registrar's Office predict. There is an increase of about 100 over last year, this year's freshman class of 543 being the largest since 1949. The World War II veterans' enrollment has decreased from the peak in 1947 of 710 to 12 this fall. There are 214 Korean veterans now enrolled. The student enrolled from Sonora is Sixto Chavez.

Horace B. Rees, Jimmy Cusenbary, Mrs. A. E. Lowe, Chandler Hardesty, Bonnie Glasscock, Mrs. Luella O'Leary.

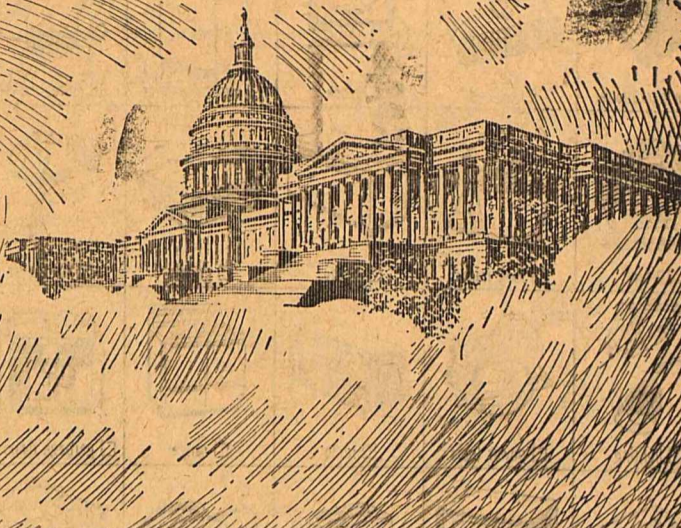

Mrs. Clarence Valliant will attend the Whitson family reunion in Weslaco at the end of this week.

OUR DEMOCRACY by Mat

AND THE DISTRICT OF COLUMBIA

WE ROUND OUT THE DESCRIPTION OF THE CONTINENTAL UNITED STATES BY THIS INCLUDING OUR NATIONAL CAPITAL, WASHINGTON, D.C.

FORMED FROM LAND CEDED BY MARYLAND AND VIRGINIA ON A SITE ON THE POTOMAC DESIGNATED BY PRESIDENT GEORGE WASHINGTON, THE CAPITAL HAS STOOD AS A SYMBOL OF UNION—PART OF THE U.S. BUT FREE OF SECTIONAL INFLUENCE. IT BELONGS TO ALL OF US—NOW LIVING IN 48 STATES AND THE DISTRICT OF COLUMBIA.

Little Known Facts about your NAVY

A collection of small illustrations and text snippets related to the Navy. It includes a torpedo labeled 'THE MODERN TORPEDO GETS ITS NAME FROM THE ELECTRIC FISH... TORPEDO ELECTRICUS', a ship labeled 'AMMUNITION SHIPS OF THE U.S. NAVY ARE GIVEN NAMES OF VOLCANOES AND OTHER NAMES SUGGESTIVE OF FIRE AND EXPLOSIVES', and a rowboat labeled 'SINCE THEIR ORIGIN IN 1899, SUBMARINES HAVE ENGAGED IN SOME WEIRD MARINE TILTS. ONE HAS BEEN CREDITED WITH DOWNING A ZEPPELIN WHILE ANOTHER SUFFERED AN ATTACK BY A TURK IN A ROWBOAT.'

STATEMENT REQUIRED BY THE ACT OF AUGUST 24, 1912, AS AMENDED BY THE ACTS OF MARCH 3, 1933, AND JULY 2, 1946 (Title 39, United States Code, Section 233) SHOWING THE OWNERSHIP, MANAGEMENT, AND CIRCULATION OF THE DEVIL'S RIVER NEWS published weekly at Sonora, Texas for 12 months prior to October 1, 1954.

LINES BY SOGLOW

Planning your retirement? How about "doing" Italy . . . Roman ruins . . . St. Peter's . . . the opera at LaScala! Let's be realistic—for that dream, you need CASH. On the Payroll Savings Plan, your employer will set aside whatever sum you specify each payday. Will invest your savings in United States Savings Bonds. When they mature, at 9 years, 8 months, you get back \$4 for every \$3 you put in—more if you hold them longer. THEN stop reading travel folders and start packing! So get on Payroll Savings today, to build a good future—with United States Savings Bonds.

From where I sit... by Joe Marsh

"Blind Man's" Bluff. You know how Handy Turner down at the hardware store goes in for weird advertising stunts. Well, when it came to plugging his new Venetian blind department, his enthusiasm nearly landed him in trouble. Handy painted a warning on the tailboard of his truck: "Caution—blind man driving." "Had driven about a mile," Handy says, "when a state trooper stopped me and told me that sign might cause trouble. Guess he was right. From now on I'll advertise in the Clarion."

"MAN FROM MARS" styling is latest in guided missile wear for Army technicians who service missiles such as the Corporal, Nike, and Honest John. The suit, made of vinyl-coated glass fabric, protects crew members from corrosive acids and fuels used as propellants for these deadly new weapons.

A large advertisement for Cadillac. It features the Cadillac logo at the top, a photograph of a dark Cadillac sedan, and an illustration of a woman and two children looking at a map on a table. The text 'Cadillac' is written in a large, elegant script.

Happiest Homecoming of the Year!

The longed-for day has come at last. He has taken delivery of the car of his dreams . . . he has enjoyed his first wonderful ride behind the wheel . . . and now—he's coming home! And what a proud and happy man he is as he turns into that familiar driveway and presses against the horn rim to signal his arrival! For this—as any Cadillac owner can testify—is a very happy homecoming! It would be difficult to imagine a more thrilling or a more delightful family gathering than that which heralds the arrival of a new Cadillac. It is a truly memorable and exciting and joy-filled occasion. And then, there are those admiring friends and neighbors who usually drop by to welcome a new Cadillac to its new home—and to get a personally conducted "tour" of the car from its owner. But, perhaps best of all, there's the deep personal thrill that comes to a man when he first contemplates his own Cadillac in his own driveway. It gives him a genuine sense of satisfaction to realize that he possesses one of the world's most sought-after products—and a feeling of gratitude to know he has been able to provide his family with Cadillac's great comfort and luxury and safety. Yes, it's a unique and wonderful experience to bring a new Cadillac home. And we honestly feel that the motorist who is privileged to enjoy this experience in 1954 is in for a very special treat. For the car is now more wonderful to drive . . . and more beautiful to behold . . . and more inspiring to own than ever before. Why not stop in soon—and let us show you what we mean? One hour behind the wheel, and we think you'll be looking forward, with great anticipation, to your own "Cadillac homecoming"!

How far ahead of Edison are you?

Just 75 years ago, Thomas A. Edison created the first practical electric light bulb.

It was a feeble thing and a luxury at first. Who would have guessed then how many ways you'd be using electricity today — to save time and effort, to make living more pleasant.

You're putting more new electrical "servants" to work year after year. That means you're going to need still more electricity.

The West Texas Utilities Company and the other business-managed electric light and power companies are building for that additional electric power you'll want tomorrow and in the years to come.

No matter how far ahead of Edison you are — today or tomorrow — you'll have all the low-priced electric service you want. Here in West Texas your electric service company will continue to provide plenty for home, farm, business and industry.

YOUR ELECTRIC RATES HAVE STAYED LOW
In fact, in homes served by WTU, the average cost of a kilowatt-hour of service is 22% LESS than it was ten years ago!

West Texas Utilities Company

STUDY OF WOOL AND MOHAIR INDUSTRY STARTS

A new project aimed at future possibilities of development of a complete wool and mohair industry for Texas and the Southwest is under way by the Texas Agricultural Experiment Station.

Jack B. Taylor of San Angelo is in charge of the study. He will become a research associate October 1, says Director R. D. Lewis of the Texas Agricultural Experiment Station. Taylor has been executive secretary of the American Rambouillet Sheep Breeders Association since 1950 and is well known in the wool and mohair industry.

Texas produces about 20 percent of the nation's wool and about 90 percent of its mohair. However only a small amount of that remains in Texas for milling into yarn. The 1953 income was an estimated \$24,000,000 from wool and \$12,000,000 from mohair.

The study is scheduled to be completed in one year. Upon completion of the initial survey a thorough analysis will be made of wool and mohair production in Texas and the Southwest as to its future potential. The information assembled will be for future use by the wool and mohair industry.

3 Million Tons Feed Sold In Texas Last Year

Feed manufacturers with distributors in Texas sold 3,237,831 tons of livestock feed during the State's fiscal year ending August 31, according to F. D. Brock, chief of the Feed Control Service.

This was 879,513 tons or 21.3 percent, under last year's 4,117,344 tons and 1,167,845 tons below the all-time high established in 1951-52.

Brock says the reduction in volume was caused mainly by an increase in custom feed mixing and by drought, which has prompted a reduction in the number of livestock on farms.

Records of the Feed Control Service show that 1,295 commercial feed firms did business in Texas during 1952-53. Of this number, 359 had headquarters out of the state. The 1,295 firms sell thousands of different feed formulations. Several have registrations covering as many as 150 different products.

These sale figures do not include the volume fed to livestock and poultry farmers who process and set the feed they grow. Such farmers are exempt from the pro-

visions of the Texas feed laws. During the year more than 3,500 samples of feed and mineral mixtures were analyzed chemically and microscopically by the state chemist. Forty-two violations were filed against manufacturers, importers and dealers. Of these cases, 15 were for selling untagged or unregistered feed

for selling feed deficient in protein and five for putting into trade channels feed deficient in protein and having excessive fiber.

PEACETIME PLANS FOR THE ATOM

GROTON, CONN.—John Jay Hopkins (left), chairman of the board and president of General Dynamics Corporation, and Gordon Dean (right), former chairman of the Atomic Energy Commission, will play key roles in General Dynamics' planning for peacetime applications of atomic energy.

Dean was recently elected to the board of directors of General Dynamics, builder of the world's first two atomic-powered means of transport, the submarines "Nautilus" and "Sea Wolf." The "Nautilus" (a model of which is pictured above) was launched on January 21, 1954, when she was christened by Mrs. Dwight D. Eisenhower. The "Sea Wolf" is still on the building ways of the corporation's Electric Boat Division at Groton. General Dynamics has been selected by the Navy to build a third atomic sub. The corporation's Convair Division, builder of the long-range B-36 bomber, the delta-wing F-102, and "Sea Dart," and the vertical rising "Pogo," was the first aircraft manufacturer to be given an Air Force contract to develop the technique of applying atomic power to aircraft.

Portrait in Oil!

AMOS DENMORE IS GENERALLY CREDITED WITH HAVING DEvised THE FIRST OIL TANKCAR!

IN 1865 TRANSPORTATION FACILITIES FROM THE EXPANDING PENNSYLVANIA OILFIELDS WERE OVERLOADED. DENMORE A BUYER-SHIPPER FOUND IT DIFFICULT TO GET HIS SHIPMENTS OUT ON TIME....

HE SOLVED HIS PROBLEM BY A BULK MOVING SYSTEM: HE MOUNTED 1600-GALLON WOODEN TANKS UPRIGHT ON RAILROAD FLATCARS! (1860)

LATER INNOVATORS INTRODUCED THE HORIZONTAL METAL CYLINDERS, WITH AN EXPANSION DOME, AND THIS IS THE DESIGN IN USE TODAY!

THE VERSATILITY AND RESOURCEFULNESS OF MEN LIKE DENMORE KEEP THE OIL INDUSTRY PROGRESSIVE AND COMPETITIVE TO MEET THE CONSTANTLY INCREASING DEMANDS OF A GROWING NATION.

Portrait in Oil!

COL. EDWIN L. DRAKE DRILLED THE NATION'S FIRST COMMERCIAL SUCCESSFUL OIL WELL IN TITUSVILLE, PA., IN 1859!

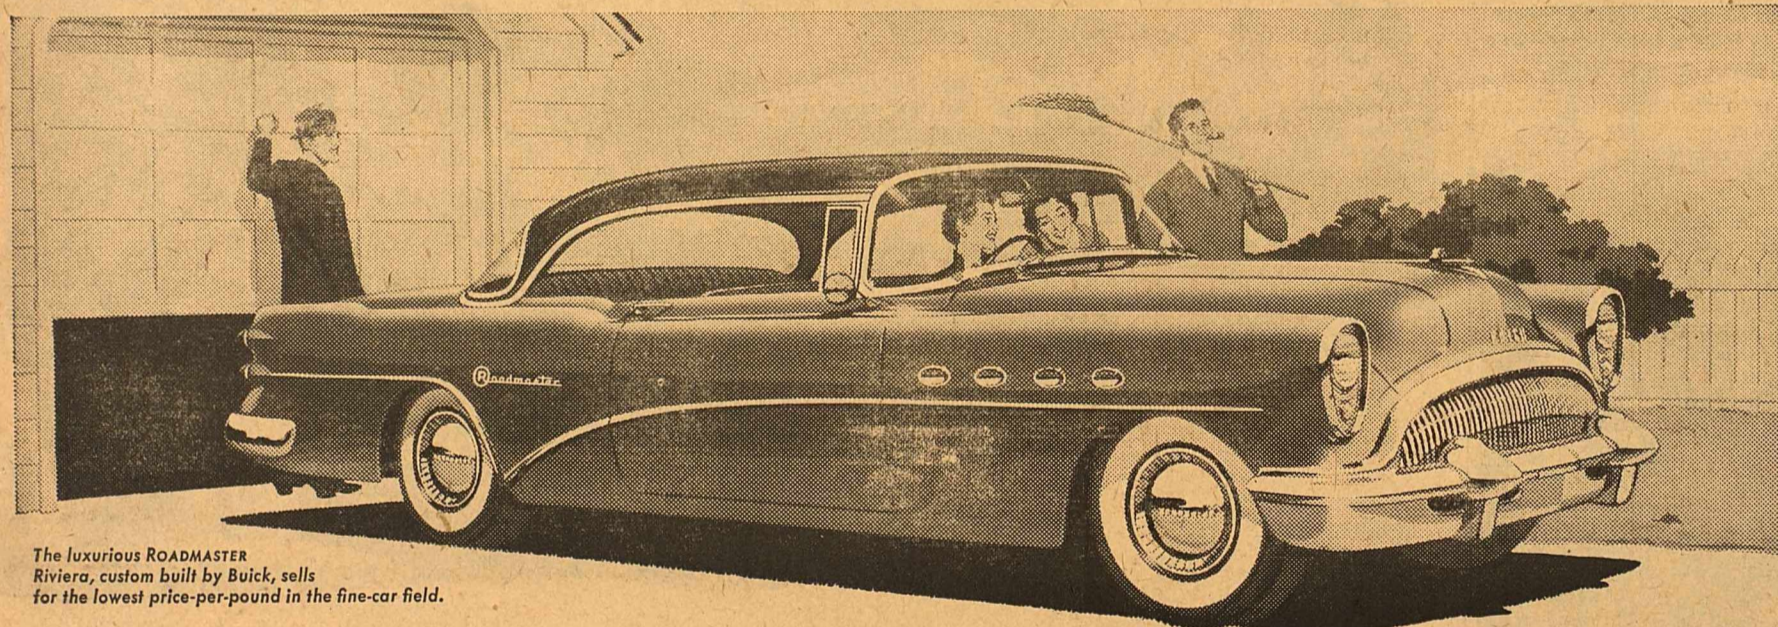

A FORMER RAILROAD CONDUCTOR HIRED BY A GROUP OF NEW HAVEN FINANCIERS DRAKE HAD TO BUCK CONSTANT HOSTILITY AND FINANCIAL WORRIES. PEOPLE CALLED HIM "CRAZY..."

NO ONE HAD EVER DRILLED FOR OIL BEFORE AND FOUND IT!

WHEN FUNDS RAN LOW, HIS BACKERS SENT ONE LAST REMITTANCE, PLUS ORDERS TO ABANDON DRILLING. DRAKE BORROWED MONEY ON HIS OWN NAME AND ON AUGUST 27, 1859, THE WELL STRUCK OIL!

DRAKE HAD TAPPED A VAST SUBTERRANEAN DEPOSIT OF ENERGY, AND USHERED IN A NEW PERIOD IN HISTORY... THE PETROLEUM ERA!

We're out to break a record in October!

The luxurious ROADMASTER Riviera, custom built by Buick, sells for the lowest price-per-pound in the fine-car field.

THERE'S a mighty good chance that October 1954 will be the biggest October in Buick history.

In fact, we know it will—if we can keep Buick sales rolling as they've been rolling thus far this year.

This is the car that has romped ahead of competition—climbed up into the circle of America's three top sales leaders.

It's the car that has been winning customers because it has the power, the ride, the room, and the styling that make it the buy of the year.

So we're in the mood to talk turkey, if you are in the market. Come in today for a car — and a deal — too good to miss.

THIS IS THE 3-WAY BONUS WE OFFER IN BUICK TODAY

1. Tomorrow's Styling

True year-ahead beauty with long, low glamor lines, keynoted by that spectacular new panoramic windshield that most other cars won't have till 1955 or later.

Now's the time to make your buy because —

2. Higher Resale Value in the years to come

From the far-in-advance styling that will keep your Buick new and modern-looking well into the future, as other cars catch up.

3. Bigger Allowance from our volume business

For the huge sales success that has moved Buick into the circle of the "Big 3" means we can offer you a higher trade-in on your present car. Come in and see for yourself that we can make you a better deal.

Buick Sales are Soaring

And Buick "deals" are better than ever!

Mr. and Mrs. Leo Bishop of Sonora announce the engagement and approaching marriage of their daughter, Miss Barbara Bishop, to Billy Bryan Savell, son of Mr. and Mrs. Miers Savell of Sonora. A late November wedding is planned. Miss Bishop is a graduate of Rocksprings High School and Draughn's Business College, San Antonio. Savell is a Sonora High School graduate and is a sophomore student at Baylor University.

**350 Get Blood
Typed Here**

Over 350 persons had their blood typed during last week's blood typing campaign conducted by the Hudspeth Hospital Auxiliary. Mrs. J. F. Howell, chairman of the project, expressed appreciation for the cooperative spirit show by Sonorans in helping to put the program over. Mrs. Howell said the program will be completed next Wednesday afternoon between 1 and 5 o'clock at the First National Bank. Persons having their blood typed are given a card bearing essential information for use in emergencies, and similar cards are given to the hospital and to both local physicians.

**Congratulations
To These
NEW PARENTS**

Mr. and Mrs. Kenneth Wilks are parents of a daughter, Caryn Bailey, born September 28, in Jackson, Mississippi. The baby weighed seven pounds, ten ounces. Grandparents are Mr. and Mrs. Bailey Renfro of Sonora and Mr. and Mrs. P. S. Wilks of Columbia, Miss. Mrs. Wilks is the former Miss Rita Renfro. Mr. and Mrs. Jimmy Cusenbary are parents of a daughter, Kelley Jo, born last Wednesday in Balclinger. The baby weighed six pounds, six ounces. Grandparents are Mr. and Mrs. Sonora.

News Out My Way

By Phoebe Kelley

Mr. Roy Dixon and son, Mr. and Mrs. Pete Burgstaller, from San Antonio and Mrs. Leroy Russell and girls of San Angelo, are visiting their mother, Mrs. D. Q. Adame for a few days. Billy Frank Turney and Henry Ehenburg, Jr. were home from San Angelo College this last weekend, visiting Mr. and Mrs. Hilton Turney. Mr. and Mrs. Henry Ehenburg from McCamey are visiting Mr. and Mrs. Clarence Self and Mr. and Mrs. Jim Farris for the week. Mr. and Mrs. J. V. Alley spent the weekend in Austin, visiting her sister, Mrs. Lee Conway, who had undergone surgery Saturday. Mrs. Conway is still in a critical condition. Mr. and Mrs. Dantes Reiley were in San Angelo yesterday to visit with Clay Atchison, III, who was injured in a car wreck last week. Rainfall reported by the following ranches for last week and this week: J. V. Alley .95, Dantes Reiley 1.70, Clarence Valliant 1.70, Robert Kelley 1.20, Philip Jacoby 1.40. Miss Nettie Reiley of Marfa, visited her parents, Mr. and Mrs. Dantes Reiley, over the weekend. Gil Allison spent the weekend in Fort McKavitt with Mr. and Mrs. Robert Kelley and son Bobby.

MRS. ARCHER HOSTESS TO TWICE TUESDAY CLUB
Mrs. Francis Archer entertained the Twice Tuesday Club with a buffet supper at her home this week. The hostess used a fall theme in decorating the game rooms. High score was won by Mrs. Tommy Smith, slam prize by Mrs. Jack Kerbow, and bingo prize by Mrs. Tim McCoy. Mrs. George Wallace won consolation prize. Guests included Mesdames Reginald Trainer, Jack Kerbow, Clayton Hamilton, Nolan Johnson, Joe Nance, Cleveland Nance, George Wallace, Clint Langfort, J. W. Pepper, Jr., Tim McCoy, Tommy Smith and James D. Trainer.

MRS. SAWYER HOSTESS TO W. S. C. S. GROUP
Mrs. E. E. Sawyer was hostess to the Women's Society of Christian Service study group at her home Wednesday morning. Coffee and blueberry muffins were served before the meeting. Mrs. C. T. Jones, Jr. led the study program. Fifteen members and one visitor, Mrs. E. H. Hamilton of Amarillo, were present.

Personal Notes

Four people from Sonora have registered for the fall semester at Sul Ross State College in Alpine. They are: Robert Guest and George L. Spinks, freshmen; Mrs. Marie Brown Spinks, junior; and James L. Martin, senior.

Mrs. Spinks and George live at 305 N. Walder in Alpine where they, with Mr. Spinks, recently moved. Robert, the son of Mr. and Mrs. H. F. Guest of Sonora, is staying there with them. Both George and Robert are majoring in business administration.

James is the son of Mr. and Mrs. Louie Martin. Before coming to Sul Ross last year, he attended San Angelo College.

Royce Regeon of Austin is here with his mother, Mrs. W. K. Regeon, who is ill.
