Telephone Co. In Rocksprings Gets Franchise

We want to give some credit where it is due and thereby add a few names to the all-district 6-A selection. Neither Jack Johnson, Tracy Crites nor James McLaughlin were mentioned on any of the all-district listings and George Johnson, who merely has a 15-yard per carry running average, was listed as a defensive back.

Jack Johnson is probably the quickest blocking back you could find in any of four or five districts in West Texas. Rarely does he carry the ball, but his exceptional blocking has been a mainstay in the Sonora offense. He is a senior.

James McLaughlin, "old dependable", is another who certainly deserves all-district attention. We don't know how many touchdowns have been made over Mac's position, but there were plenty; and he's a hog on defense.

As for Tracy Crites, the omission of his name is ridiculous. Pound for pound, Crites is the hardest-running small man in this district, is a glue-fingered pass catcher, and has produced consistently all season.

George Johnson, although only a sophomore, has given the Sonora offense added lustre. He is dangerous any time he gets the ball, and is a good passer.

By the way, this week's paper is out Wednesday, although we must carry a Friday date line. Just don't look at the date line this week.

Olgie Nobles who buys furs and deer hides for Leonard Sutton was in town Tuesday. Olgie says the ringtail market looks good this year, much better than last.

Article in the Sixth Grade News, published in the Elementary School, says "As you travel through life, whatever be your goal, keep your eye on the doughnut, not upon the hole." Paper is under the direction of Mrs. Harry Walter.

Andrew Fay plans to do some irrigated farming at his place on the edge of town. Saunders and Letsinger drilled a water well, hitting water at 170 feet and going down to 335 feet. Seems to be a good well.

When we first saw the rig we thought they were prospecting for oil and were getting ready to sell some acreage between the dog house and the south closeline in the east back yard. (F.H.A. Survey, that is.)

The Lions Roar

The Sonora Bronco coaching staff was presented with cash gifts Tuesday by local football boosters in appreciation for its work.

Coach Joe Turner and assistant coaches Oliver Wuest, Jack Fry and John Kenner expressed their thanks. Turner discussed the bi-district game with McCamey Thursday.

Belgium Gives Wool Tapestry to U.N.

Specially designed and woven tapestry goes on exhibition at United Nations headquarters in New York. A gift of Belgium, the tapestry will hang in the General Assembly building. In the background are members of Belgian delegation and Dag Hammarskjold (third from right), U.N. Secretary General. Like historic tapestries, some of which have endured in their full beauty for 15 centuries, the Belgian gift is made from wool.

Of interest to Sonora telephone patrons is the announcement from Rocksprings that the Rocksprings and Nueces Canyon Telephone Company has been granted a franchise by the City of Rocksprings. The company will install a dial system and is being granted an increase in rates as follows:
One party business phones from \$5.50 to \$7.00.
Business extension, no change from \$1.50.
One party residence from \$3.50 to \$4.50.
Two party residence from \$3.50 to \$3.75.
Four party residence DOWN from \$1.50 to \$1.00.
Residence extension DOWN from \$1.50 to \$1.00.
The rates granted are the rates REQUESTED by the company.

Broncs, Badgers Ready For Bi-Dist. Tilt

The McCamey Badgers, fresh from a 40-20 victory over the Ft. Stockton Panthers last Friday night, and champions of District 5-A, arrive in Sonora Thursday to try for a repeat win in the bi-district game. Last year, the Badgers beat Sonora 34-13, but were defeated the next week by Ranger 14-7.

This year's McCamey team has won 10 games and lost none, piling up 409 points to their opponents 64.

The Sonora Broncos have won nine and lost one, totting up 442 points to their opponents 98.

In the weight department, McCamey is heavier, averaging 181.3 per man on the starting lineup, or 3.4 pounds heavier than the Bronco team average. The Badgers' line averages 191 pounds per man or 6.7 pounds per man heavier than the Big Red. In the backfield, McCamey has a 4.7 pounds per man weight edge, with an average of 171.5 pounds.

No injuries were reported by either team, and fans can expect to see what will probably be the best high school game in West Texas this year.

Officials will be assigned to the game by the Interscholastic League in Austin.

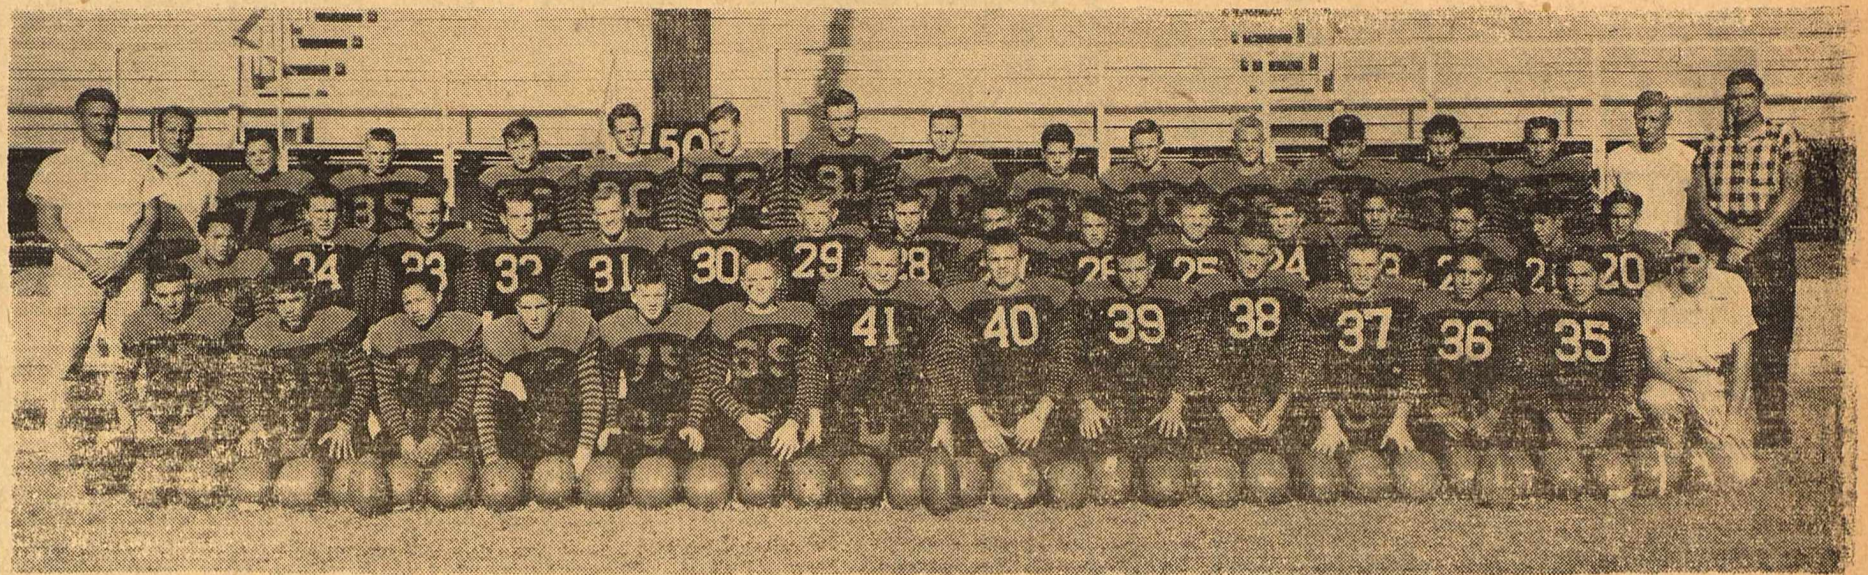

The game will be broadcast by the McCamey station from the new press box at the field. Game time is 3 P. M.

Club Cafe Sold To Gabe Smith

Gabe Smith, former Sonora resident and cafe owner, purchased the Club Cafe last week and opened for business Tuesday morning. Former owner was Wallace Johnson.

Smith, who has spent over 40 years in the cafe business, lived in Sonora from 1929 until 1936 and at one time owned the old Riverside Cafe, where Granger & Johnson Motor Co. now has its building.

Sonora Broncos- District 6-A Champions

DISTRICT 6-A CHAMPIONS- Sonora's second consecutive District 6-A champions pose for their official picture. In the first row, left to right are Felipe Bernal, A. Reyna, S. Gonzales, John Ed Nevill, Harold Garrett, Billy Petty, Ted Bailey Joy, Donald Fuqua, James McLaughlin, Rus Chalk, Billy Martin, Frisco Sanchez, J. Ibarra and Ralph Copeland, assistant manager.

SECOND ROW- Coach Joe Turner, Alfredo Trevino, George Johnson, George Wright, Jack Johnson, Tracy Crites, Tommy Adams, Shannon Ratliff, Joe Renfro, Reed Jennings, Gene Eubank, Turney Friess, Preston Love, Vivian Vasquez, Sam Gonzales, J. Morin, and Pete Badillo.

THIRD ROW- Assistant coach Jack Fry, Kenneth Fuqua, Jack Adkins, Eddie Pearl, Clayton Garner, Charles Copher, Don Valiant, Jim Ray Baker, Clinton Garner, Dan Eaton, Carlos Loeffler, T. Santos, G. Favila, assistant coaches Oliver Wuest and John Kenner.

Sic 'em, Big Red!

We read with interest Bill Hart's column in the San Angelo Evening Standard Monday in which he predicted McCamey would defeat Sonora because the Badgers have played a tougher schedule. And we read with interest Herb Owens' story in the Tuesday Fort Worth Star Telegram in which he described the McCamey Badgers as "the terror of far West Texas" in Class A football. And we also noted with interest that the Star-Telegram moved Sonora from fourth place to fifth in the State A ratings and moved McCamey from fifth to fourth.

All of which comes under the heading of these gentlemen's business, but we are reminded of a story:

A ranchman and his son, who worked with him, were talking one day in a hotel lobby when a young rancher they knew walked up, shook hands, and approached the old man about a loan. The old man asked the rancher to hold out his hands. Then he told his son to hold out his hands. He studied the two pairs of hands a few moments and finally he said, "Your hands are soft and white and yet you are supposed to be doing the same type work my son does. But his hands are cracked and calloused from hard work in all kinds of weather."

"Show me a pair of hard-work hands," he concluded, "and you'll get the loan."

Well, to our way of thinking, the Sonora Broncos qualify abundantly for the victor's spot in the McCamey game because they have "hard-work hands."

When we see a team with paint chipped off helmets, shirtilts hanging out, pads askew, skinned noses and scuffed shoes, we know that team has been practicing and playing hard football.

When we see a team that takes such pride in its performance that keeping in training is self-imposed, and that maintaining grades is a point of personal honor, we know that team is the thoroughbred type that goes all out when the chips are down.

And when we see a team coached by a staff willing to sit up all night studying scouting reports, as our coaches did last Friday night, we know that team is getting an A-1 coaching effort.

And finally, when we see a line that supports its backfield by smooth, consistent teamwork, always working for the extra block, always trying to give the runner the extra yard, we KNOW we have a team to reckoned with.

We say, without ifs, ands, buts, or maybes, that the hard-work Broncos will beat the McCamey Badgers Thursday afternoon. Sic 'em, Big Red!

Broncos Repeat For 6-A Crown; Win 54-19

Sonora Broncos put the seal coat on the 6-A crown Friday night, firing 27 points in the first quarter, six in the second and 21 in the third to put the Ozona Lions away, 54-19. The game was played here to a crowd of about 1,000.

Sonora received on its own 43 and scored in five plays with George Johnson going around right end from the Ozona 16. Conversion was wide.

A few minutes later, after George Johnson returned an Ozona punt to the Sonora 45, Tracy Crites took a handoff from George Wright and cut across McLaughlin and Sanchez 55 yards to score. Wright's kick was good.

Ozona's next punt got Sonora on its own 15, where Wright came through a big line hole and ran 80 yards, with Joe Renfro getting the key block. Wright was caught on the five by Martinez. George Johnson carried around right end to score. Wright's kick was good.

Late in the quarter Wright set up another score when he ran from the Sonora five to the Ozona 13. Again, George Johnson took a pitchout around end to the score. Wright kicked point.

In the second, with the Bronco second string in, McMullen got around Sonora's left end and went 85 yards for the Lions first tally. Sonora came right back and drove downfield for another TD with Wright going over from the 5.

Ozona enjoyed the distinction, in the third quarter, of being the only district team to outscore the Broncs in a single quarter. The Lions chalked up two counters in the third, one when Mike Clayton went over from the five after driving from the 50, and the other when Hale drove over. Hale added insult to injury by running the extra point.

Sonora added three insurance scores in the final quarter, driving downfield and sending Wright over from the Lions 5 and passing for two other touchdowns. Johnson converted after Wright's plunge.

On the first play after taking an Ozona punt, Wright passed to George Johnson 45 yards. The play ran from the spread formation. Wright converted. The freshmen played part of

Hung Jury In Assault Trial

The trial Monday in County Court of Frank Leslie Moore, charged with aggravated assault, and Stanley Martine, charged with aggravated assault and battery, ended in a hung jury Monday night after several hours of deliberation.

The two men were tried jointly and were defended by Clayton Eray, local attorney. The state's case was presented by County Attorney J. W. Elliott.

The charges were the outgrowth of an altercation November 11 at the Park Inn Cafe, in which the State charge that Deputy Sheriff Lawrence Nichols was assaulted while making an arrest. The two men were arrested and placed in county jail. They later paid fines for disturbing the peace and were released on bond pending Monday's trial.

They will be re-tried at a later date to be set by County Judge G. A. Wynn.

Members of the jury Monday were Tom Ratliff, George Brockman, Frank Bond, Edwin Sawyer, Ralph Mayer and John Bell.

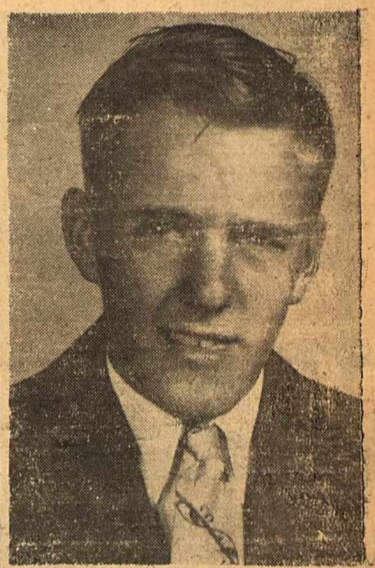

Mr. and Mrs. Reginald Traimer and children, Jimmy and Regina, left Monday for Commerce, where they will visit Mrs. Traimer's mother, Mrs. H. J. Long. They will also visit in Dallas.

The final quarter, but were replaced by the first string after several were shaken up. On the second play Wright flipped to Tracy Crites for a 45-yard touchdown and passed to George Johnson for the point.

MONTADALE SHEEP TO BE SHOWN AT FT. WORTH SHOW

Montadale sheep will be exhibited for the first time at the Southwestern Exposition and Fat Stock Show, January 28 through February 6 at Fort Worth. A trophy will be given by the Montadale Association for the "most perfect ram specimen" and another trophy for the "most perfect ewe specimen." Competition for these trophies is limited to Texas breeders.

The sheep and Angora goat premiums total \$6,129 besides \$1,128 offered in the junior lamb show.

Sheep will include Rambouillets, Delaine Merinos, Hampshire, Shropshires, Southdowns, Suffolks, Corriedales, Cheviots and Montadales. A gold sheep bell trophy is offered by the Sheep Breeders, Columbia, Mo., to the premier exhibitor in the fine wool breeds and a like trophy in the medium wool breeds.

In the fat wether lamb division, the groupings are Rambouillets and Merinos or Rambouillets-Merinos crosses, Southdowns, Shropshires, Hampshire, Corriedales, other breeds and cross-breeds.

Type B and Type C Angora goats will be shown and in each division, in addition to the champion buck and the champion doe, breeder's flock and get of sire will be chosen.

Johnnie Vestal, Armour and Company, Fort Worth, is superintendent of the sheep department and Charles Prindle, Foley and Allen Commission Company, Fort Worth, is assistant superintendent.

Dr. and Mrs. R. E. Gossett of San Antonio were guests of Col. and Mrs. J. M. Adamson over the weekend.

Miss Jaynie Kiser attended a West Texas Utilities training school in Abilene Monday through Thursday.

Plans Complete For Handling Game Crowd

Plans for handling the crowd expected at the bi-district game between Sonora and McCamey were complete Wednesday with the schools, city, Sheriff's Office, Fire Department, State Highway Patrol, Boy Scouts and various individuals working together.

A new press box was completed Wednesday at the top of the north stands. With the cooperation of the City of Sonora, Smitty's Welding Shop, carpenters Bailey Renfro, Carl Harris, Jim Luckie and Jim Caldwell; Sidney Awat, Norman S. Davis, who drew the plans, John Eaton, who completed the wiring, and numerous other individuals, the structure was finished in record time.

Ford Allen, Carl Cahill and the city teamed up to solve the parking situation. Allen bladed the lot next to the field and Cahill is watering the space before the game with city-furnished water.

In the traffic department, the city has hired several deputy city marshalls to cooperate with the Sheriff's Office and State Highway Patrol.

During the game, stands and sidelines will be patrolled by six highway patrolmen and six deputies. Sheriff Wesley C. Young will be in charge at the game.

Young has also arranged for a sign "Welcome McCamey" to be placed across the highway coming in to Sonora.

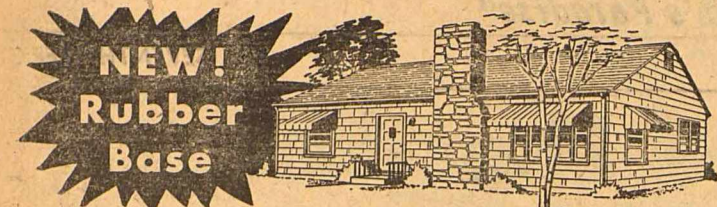

Members of the Sonora Volunteer Fire Department with Rex Lowe will be in charge of parking and keeping the field clear.

Members of the Girls Athletic Association in charge of Miss Jewel Pye, and Boy Scouts and Cub Scouts will be in charge of seating under the direction of Carl Jones.

Faculty members will take tickets at the gate and J. W. Pepper, James Wilson and Francis Archer will work the ticket booth.

Ernest Carroll Stephen, who is teaching at Kingsville, will spend the Thanksgiving holidays with his parents, Mr. and Mrs. J. C. Stephen.

Mrs. Ellen Ray left Sunday for Lubbock to visit her son and family, Mr. and Mrs. Bill Ray and daughter, Kimera Lynn. Ray is a student at Texas Tech.

All this - and more miles per gallon too!

Be sure to test out the phenomenal effect of "variable pitch propellers" in Dynaflo Drive!

MAYBE—among the upcoming crop of new 1955 models—there's another car with an advance that can hold a candle to this one. But we doubt it. We doubt it because nowhere—among the rumors of what's cooking in automotive laboratories—is there anything to compare with what's actually happened at Buick.

It all started with the fact that modern air liners get two big advantages because they can change the pitch of their propellers. First, they get off the ground hundreds of feet sooner than they used to. Second, they can stretch their gasoline by setting propeller blades at just the right "pitch" for cruising.

So Buick engineers asked themselves—"If you can do it with air, why can't you do it with oil—the oil inside a Dynaflo Drive?" And to make a long story short—they could, and they did.

They designed and engineered the propeller-like blades inside the "stator" of a Dynaflo Drive so they can change their pitch as much as 75 degrees.

That provides one setting for more miles-per-gallon, and another for an instant safety-surge of power when it's needed.

All you have to do is push the accelerator pedal down to the last half-inch

beyond the full throttle position—and a-way you go!

Of course, there's a lot more to make a visit to our showrooms the "must" of the new-car year.

There's a step-up in styling as sensational as the step-up in power.

And the step-up in horsepower is this: 236 in the ROADMASTER, SUPER and CENTURY—188 in the low-priced SPECIAL.

Pay-off on progress!

Buicks today go a lot farther on a gallon of gas, thanks to constant improvement in Dynaflo and in engine design. Even the new 236-hp ROADMASTER averages 4.8 more miles per gallon than Buicks of six years ago.

*Standard on Roadmaster, optional at extra cost on other Series.

But the thrill of the year is Buick's latest engineering "first"—and what it does for the man or woman who drives the latest and greatest Dynaflo Drive.

Thrill of the year is BUICK

HUNTERS URGED TO BE SAFETY-CONSCIOUS

Careful nimrods are polishing their safety rules as well as their "gats" in anticipation of deer season which opened Tuesday.

Unless a few simple rules of safety are observed, this year's deer season may spell disaster

for a number of Texas hunters, says R. E. Callender, extension specialist in wildlife management. It's the "over-anxious" hunter who endangers the lives of fellow hunters and causes needless to wildlife, adds Callender.

Two-thirds of all hunting accidents are caused by humans in the line of fire, humans mistaken for animals and hunting with a gun's safety catch off. Good sportsmanship in the woods includes using the proper caliber gun for the game, hunting only in season, and bagging no more than can be used, even though the limit may permit.

The specialist says thoughtful hunters are careful with fire. They never throw away a lighted cigarette or leave a burning campfire. Either can start a destructive grass fire.

Always respect the rights of others and obtain permission before going onto another's property. Observe these safety rules and have a "bag full" of fun,

says Callender.

Treat every gun as if it were loaded, never carry a loaded fire arm in an automobile, be sure the action and barrel is clear of any restriction, carry the gun so you have control of the muzzle direction even if you might stumble, never pull the trigger until the target is sure and never point a gun at anything you do not intend to shoot.

Lastly, gun powder and alcohol do not mix. Callender urges hunters not to drink one for the road or for the woods, either.

Mr. and Mrs. Horace K. Jackson of Gatesville were guests of Mr. and Mrs. Paul Turney last week.

GRID RIVALS IN NEW ROLES

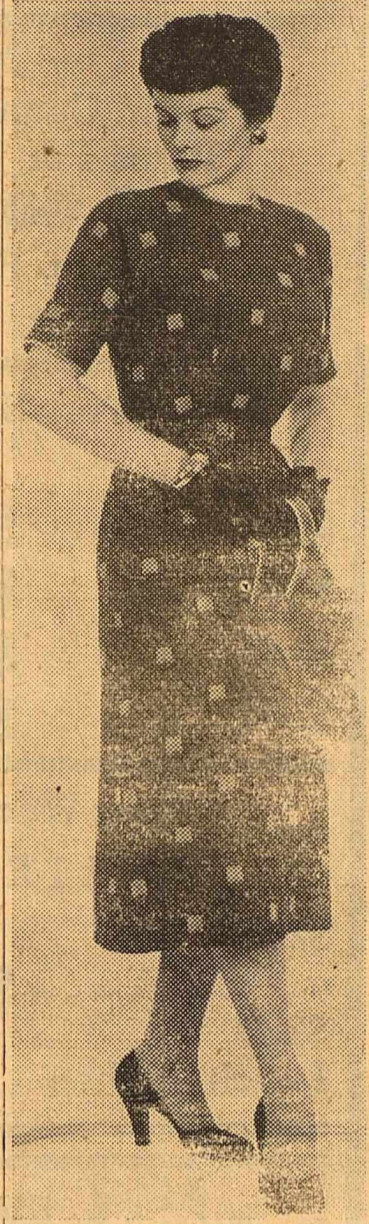

Former Notre Dame Coach Frank Leahy has a few words for Otto Graham, who caused him many anxious moments as a Northwestern football star. Leahy and Graham were brought together recently before "Cavalcade of America" cameras for filming of "Saturday Story," via ABC-TV and spot stations from November 9-23. Leahy introduces and narrates the program while Graham, now a Cleveland Browns star, plays himself in the story of his high-school football coach, Mark Wilson.

Mr. and Mrs. G. H. Davis will have as their guests during the Thanksgiving holidays, their daughters, Miss Flora Dell Davis, student at S.M.U. and Mrs. Harold Wagner and son, Danny of Houston; and Miss Susie Younger, Jim Harmon and John Tedford, all of Dallas.

THANKSGIVING
By W. H. Marshall

An old Negro nurse, Anna Maria Cecily Sophia Virginia Avanton Thessalonians, who was born slave taught many their greatest lesson of the thankful heart. One morning she said, "I wake

up and lay there lazy-like wondering what I got to be thankful for now. And you know what, I can't think of anything to thank Him for . . . And then from the kitchen comes the most delicious morning smell that ever tickled my old nose. Coffee. Much obliged, Lord, for the coffee. . . much

obliged for the smell of it."

When friends were called to the bedside of the dying Anna, old, crippled, feeble. Standing beside her and noting her hands knitted together in pain, they wondered what she would have to be thankful for now.

She opened her eyes and smiled, and the last words she spoke were: "Much obliged, Lord, for

such fine friends."

How often a weary and lonely life may be brightened by the glow of the thankful heart. Because of the condition of world affairs the thankful spirit needs to become a daily part of all of our lives.

The thankful heart needs to be expressed in national gratitude, in compassion without softness.

Thanksgiving should be expressed not in careless forgetfulness, but in reverence to God for his mercy and for this great Nation we live in.

Here in our Country we need to rediscover the need of the Word of God in our national life. We need the Bible in our home, not just another book, but the Book, and it should be read in our homes.

Again, many of us need to rediscover the Church of the living God. To be honest about it, to neglect the Church from which all we have has come, is to cast your vote against your nation, your home, your child, and yourself. It is just that serious. It is high time some of us begin to do some real thinking before it is too late. Preaching? No, just telling the sober truth. It is up to us of

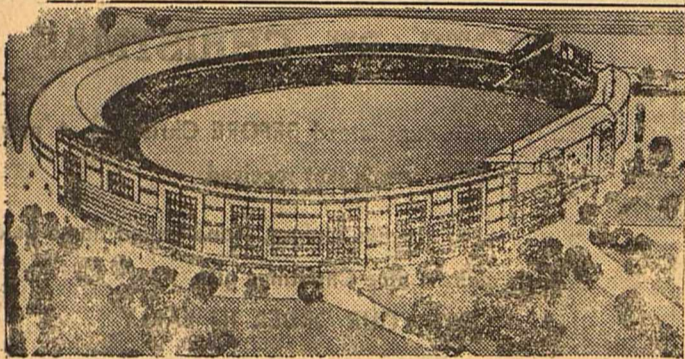

course. We make up our individual life on the scale we want it made. And I am glad we have that privilege. But every human creature some day must make his choices. Thanksgiving could be made meaningful for all of us if we would just stop for a moment and take stock of our blessings.

Australia is Building World's Biggest Stadium for Olympics

Australia is preparing for the 1956 Olympiad with many new construction projects, including the erection of a stadium to seat 120,000 people. A \$5 million international village for visiting athletes and team officials is also part of the project.

In what is expected to be the biggest Olympiad since the war, the people from "down under" are demonstrating a hospitality of unequalled dimensions. They're building a complete village of 788 brick or concrete houses in 2, 3, 4 or 6 dwelling groups. The village will have its own bank, post office, medical centers and other facilities for foreign athletes and their staffs.

The organizing committee, backed by the Government of Australia and local municipalities, are backing the project with typical Australian enthusiasm. Visitors can expect a roaring welcome from the home folks here.

Nearly 5,000 athletes and officials will take part in the games. The traditional Olympic flame will be flown from Olympia to Cairns. Then, runners will carry the torch 2,750 miles to Melbourne. Queen Elizabeth is Patron-in-Chief of the 1956 games.

With Babies, a Yawn's Often Good for a Smile

"BABY" by J. H. Troup of Harrisburg, Penn. This prize-winning picture was made with a Ciroflex twin-lens reflex camera and multiple flash.

BABIES — even blase babies who yawn in your face — make wonderful photo fare. But don't always try to catch baby in a smile. He has his moods, like all of us. Some of the best baby pictures show junior in a far from cheerful mood. Don't forget that babies are cute even when they snowl.

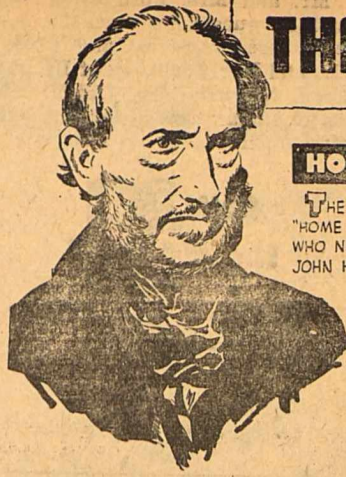

The bored youngster above, who's probably just about dozed on an afternoon siesta, illustrates this point. Highly competent photography has aided in recording his unabashed yawn for posterity. The setting was arranged, but arranged naturally. The wooley blanket made a perfect prop, and the black backdrop prevented background distraction from creeping in, at the same time providing a vivid contrast with the baby's head. Delicately balanced lighting made the baby's soft, chubby body "come alive."

In photographing baby with flash, supplementary sidelighting units are very valuable, according to T. T. Holden, photo director for Graflex, Inc., Rochester,

N. Y. Especially with dark backgrounds, sidelighting or back-lighting will give sharp delineation of the subject and a realistic "third dimension" to your photograph.

Floodlights may be used with excellent results but, Holden points out, care should be taken not to keep them trained on the baby for too long a period. Diffusers should be used on the reflectors for two reasons: the softer light will flatter the baby's tender skin, and the reduction in glare will protect his eyes. Even so, the baby should be placed in position and focussing should be done under ordinary incandescent light. Have someone snap on the floods just long enough for you to take the picture.

Finally, don't keep your young subject posing too long. In professional work, posing time limits for babies are strictly enforced. Follow this practice at home. At first, it's a game to him, but he quickly tires of it. Then he begins to yawn and fidget. That's your signal to snap that one last photo and be gone.

The new Series 60 Special, representing the standard 1955 models, features a new Florentine-curved roof line, a new slender center post, and a great new 250-h.p. engine.

CADILLAC for 1955

Presents the Most Beautiful and Finest Performing Motor Cars in Its History!

The spectacular new Eldorado, a dramatic interpretation of the new Cadillac styling, offers many unique features, including a new 270-h.p. Cadillac engine.

This is one of the most significant new-car announcements in Cadillac history.

For it introduces to the world's motorists the most magnificent creations in Cadillac's fifty-three years of motor car production.

Three new Cadillac series are offered for your consideration in 1955—the famous Series Sixty Special, the beautiful Series Sixty-Two, and the distinguished Series Seventy-Five . . . in addition to the spectacular new Eldorado.

They are, as you can readily see, magnificent

in beauty—with a new, jewel-like grille and front-end assembly . . . with dramatic and graceful new sculptured side styling . . . and with added dignity and bearing in every detail.

They are magnificent, too, in performance. There is a new Cadillac engine, the most powerful ever offered in a production motor car . . . an improved Hydra-Matic Drive . . . advanced Cadillac Power Steering . . . and, as an option at extra cost, refined Cadillac Power Braking. And they are magnificent in luxury . . . to a

degree unusual even for Cadillac. Their interiors are almost unbelievably beautiful . . . and they are offered in a remarkably wide selection of gorgeous new fabrics and leathers.

Beyond any question, these new Cadillac creations represent a new Standard of the World—and we urge you to see and inspect them today in our showroom.

You will be most welcome—and we know you will find your visit one of the most interesting experiences of your motoring life!
