

# West Texas Futurity Offers \$23,000 Purse

About 75 horses have entered the \$23,000 West Texas Quarter Horse Futurity and \$8,000 West Texas Derby for Thoroughbreds. Futurity and Derby trials will be held on the first weekend of the race card, April 27-28. The finals, in addition to the various

heat races, will be run on the final weekend, May 4-5.

President of the Sonora Park Association, Louis Powers, said that the entries were nearly double those last year. The Park Association, the sponsoring organiza-

tion, has about 150 members, who participate in horse racing as sportsmen rather than operating the track as a profit-making venture. All profits from gate receipts are used for improvements on the track and grounds.

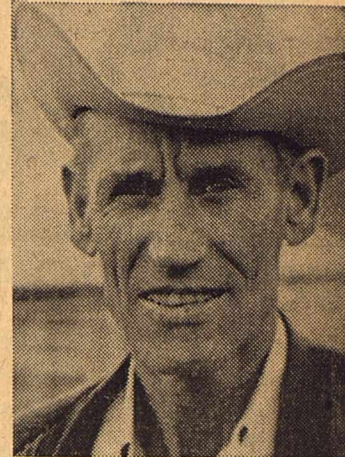

Powers said that he expected a total of 250-300 horses to compete in the two-weekend event. He said the first weekend is used for trials to pick the fastest horses for the big races on the second weekend. Each race in the trials also pays the winners a daily purse. Pow-

ers said about eight to 10 races would be run each day of the meet, of which about five would have sizable purses.

Races will vary in length from 300 yards to three-fourths of a mile. The West Texas Quarter Horse Futurity will be a 330-yard

race and the West Texas Derby will be 400 yards in length.

About 1,500 spectators saw L. H. Von Dohlen's horse, "Royal Go" defeat W. L. Miers, "Miers Jet" by .01 seconds in the futurity race last year. Purse for the race was an estimated \$10,000.

LOUIS POWERS

### CINDERS

by Jim Barnett

I have been caught in a gross mistake which appeared in this column recently. I remarked that Vogue Magazine was to publish some fashion pictures taken in the Caverns of Sonora for its April edition.

In short, the magazine did not publish pictures taken in the caverns, but did mention Sonora prominently.

One mention complimented the excellent wool which is grown in the Sonora area and another depicted a scene which showed a local fence and windmill, behind a model.

The whole issue, which was devoted to the state, presented a good picture of life here, but dealt mainly with urban living. Much of the photographic coverage, however, was done in rural West Texas.

Texas is one of the greater (and becoming greater each year) tourist spots in the world.

Some people may wonder where the tourists come from and what they come to see in our state. The largest percentages of tourists come from Louisiana and California. Mainly they come to see the cities of Dallas and Houston and the regions of North and East Texas. Only 3.2 percent have West Texas for a destination with an additional 1.3 percent destined for the Big Bend.

The figures are based on a survey conducted by the Texas Highway Department and developed from 12,207 questionnaires that were returned to the department from the visitors.

The state had an increase of 7.4 percent during the previous year or a total of more than 15 million tourists.

The yet-to-be-completed amusement park, Astroworld, seems to do everything in a big way.

They have just completed the transplantation of the largest tree to be moved from one site to another. The 45-ton live oak tree was moved to the site recently by a 60-ton crane.

The tree is 35-feet tall, has a 35-foot spread at the top and a 14-foot wide root structure ball. The project required 12 men and a full day of work.

### Absentee Deadline Nears for May 4 Primary Election

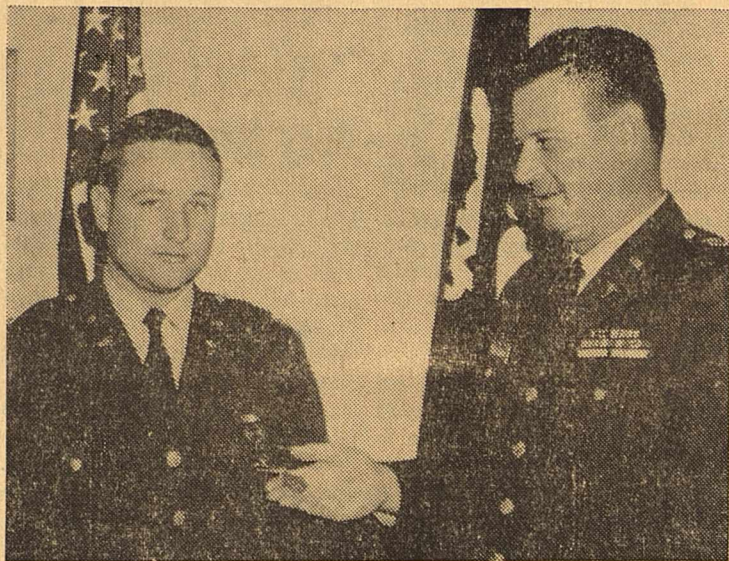

Absentee voting in person for the May 4 primary election will end Tuesday, April 30, according to Mrs. Erma Lee Turner, County Clerk.

Those persons planning to be out of town at the regular voting time must vote absentee in person by the deadline or make application for a mail ballot by the deadline. The ballot, when mailed, must be returned to the Clerk's office by 1 p.m., May 4.

Mrs. Turner urged all persons to cast their vote. She said, "I would like to see all the qualified voters cast their ballot in any of these three ways."

### GUARJARDO ASSIGNED

Army Private First Class Nelson M. Guajardo, 25, son of Mr. and Mrs. Edward Guajardo, has been assigned to the American Division in Vietnam, April 4.

JOHN D. EATON III (left), 30, son of Mr. and Mrs. John Eaton, receives the Army Commendation Medal during ceremonies at the U. S. Army Medical Field Service School at Ft. Sam Houston, Texas, March 29. Congratulating him is Colonel Richard E. Eddleman, commanding officer of the Officer Student Detachment at the school. Dr. Eaton received the award for meritorious service during his last assignment with the Dental Detachment at Ft. Hood, Texas from November 1966 to December 1967. Dr. Eaton, a captain, is a 1956 graduate of Sonora High School and received a DDS degree in 1964 from the University of Texas Dental Branch in Houston. His wife, Dianne, and daughter, Teresa Lee, live with him at the fort.

### Annual Sheep Field Day Set at Station May 1

The annual sheep field day at Sonora's Ranch Experiment Station will be held May 1, reports county agent D. C. Langford.

Starting at 10 a.m., he said, inspections would be made of the performance test rams and billies. An hour later, James A. Gray, extension animal husbandman from San Angelo, will give a demonstration on sheep selection.

The Sutton County 4-H Club will provide the dutch-treat noon barbecue, the county agent said.

The afternoon session is scheduled to begin at 1 p.m. with A. H. Walker, state leader, Texas Agricultural Extension Service, serving as master of ceremonies. Dr. Leo Merrill, in charge of the Sonora unit of the Texas Agricultural Experiment Station, will welcome the group to the station.

Texas A&M University President Earl Rudder will speak on "The Commitment of the University to the Sheep and Goat Industry."

Activities of the National Wool Growers Association will be dis-

### All-Girl Range Judging Team Wins Second at Angelo State

Sutton County's all-girl 4-H Club team took second place in a range judging contest Saturday, April 20, at the Angelo State College farm.

The team members, Janet Pope, Cora Pope, June Alexander, and Patti Richardson, scored a total of 1,523 points. In third place was the county boys team composed of Steve Street, Rick Street, Steve Thorp, and Roger Langford, with 1,504 points.

Range judging is based on the grass identification, range classification and range placing. Cora Pope was high individual in the grass identification category with

a perfect score of 200 points. Patti Richardson placed third.

Another perfect score was made in the range classification contest by Steve Street. He also placed second in range placing. Patti Richardson was third in range placing and Janet Pope was fifth.

Sonora youngsters placing overall in the range judging contest included Steve Street, third; Patti Richardson, fifth; Cora Pope, seventh; Roger Langford, ninth; and Janet Pope, 10th. Others in the contest included Sheila Alexander, Dan Richardson, Eddie Alexander, Mike Street, Cindy Feagin and Sarah Allison.

Adult leaders with the teams were county agent, D. C. Langford, Walter Pope and Edgar Glascock.

### Police Continue Search for Killer Of Five Persons

Police officials in a large area of the United States and Mexico are still checking leads in the murders of five Mexican citizens south of Sonora last week but no arrests have been made.

Sutton County Sheriff's Deputy James Hough, said Wednesday, police were checking a report of a man in San Antonio who was reported to have been seen with blood on his clothing. The man is also known to have been driving a green and white pickup truck, Hough said.

The suspect, who was seen by a Sonora service station attendant, has been described as being between the ages of 30-35, 6-2 tall, with sandy hair and a rash or pockmarks on his neck. He was reportedly seen with Manuel Arrellano, 25, one of the five victims, when they came into the station to have a tire fixed.

Hough said that while many of the leads they have worked on have not led to anything, many have been eliminated.

### Sanchez Wins 6th In Region Mile Run

Sonora High School's long distance runner, Manuel Sanchez, took sixth place in the mile run in the Region I Class A track meet held Friday, April 19, in El Dorado.

El Dorado won the meet with a team total of 42 points. Wylie was second followed by Clarendon in third place.

### Little League Umpires Meeting Set Today

A meeting for Little League umpires and others interested in helping during the season is being planned for Thursday, April 25, at 7:30 p.m., in the school shop, according to Oliver Wuest.

Wuest said, "Umpiring is as important to a little league program as coaching or managing and we want to maintain our high level of standards in this area this year."

Wuest said 86 boys had already registered to play on the four teams this season. He added the season is scheduled to begin on May 2.

Managers of the four teams include Jimmy Samaniego, Dogders; Dick Street, Colts; Jimmy H. Harris, Cardinals; and Dr. Charles Browne, Indians. Wuest said the league had had one of the best responses in years from men desiring to help with the program. Umpires for the season will include John Bell, Jackie Sharp, Bob McMinn, Dennie Hays, Ru-

ben Flores, Jessie Villarreal, Chapo Samaniego, Buddy Brown, George Johnson, Pat Carroll, Pat Brown, Pete Virgen, Marciana Hernandez, Polo Gonzales, Isael Perez, Tommy Thorp, Cleveland Nance, Sam Perez, and Pedro Galindo.

### Sonoran's Grandson Dies in Accident

Dana Philip Britton, 18-year-old son of Mr. and Mrs. Philip D. Britton of Ft. Worth, was killed in a car wreck in Ft. Worth, April 18, 1968.

His survivors include a sister, Tonja Kae, and his grandparents, Mr. and Mrs. Leslie Malmstrom of Sonora; Mr. and Mrs. Wayne Britton of Browning, Missouri and Mr. Leslie Jacouin of Ft. Worth. Services were held in Ft. Worth Monday, April 22.

### Sonora Delegate to Lutheran Meeting Reports Study of Closer Church Ties

A closer tie between the two largest bodies of the Lutheran Church has been discussed at a recent convention of the Missouri Synod of the Lutheran Church, one of the two bodies. The other body, The American Lutheran Church, is identified as being separate from the Missouri Synod, according to Fred Adkins, a delegate

representing both Hope Lutheran Church here and Faith Lutheran Church in Ozona.

Adkins said the two churches are not preparing for a merger but for a closer understanding between them. He said one of the main issues between the churches centers around membership in Masonic Lodges. Adkins said the Missouri Synod does not recognize membership in lodges whereas the American Lutherans can belong to the organizations.

He said, "Aside from this issue we are closer to an understanding which will prevent many of the duplications that are prevalent in the Lutheran Church." Upon approval, ministers within the two churches may serve other churches and theological students will be able to study at either seminary.

Adkins added that Hope Lutheran Church would probably have a new minister in mid-summer to fill the vacancy of the Rev. Arno Melz, who recently moved to Iowa. Visiting ministers from the surrounding area have been serving the Ozona and Sonora churches in his absence.

### DPS Office Equipped To Administer All Licensing

Sonora's new driver licensing station located in the courthouse is equipped to administer all phases of testing drivers, according to DPS Patrolman Ray E. Garnett.

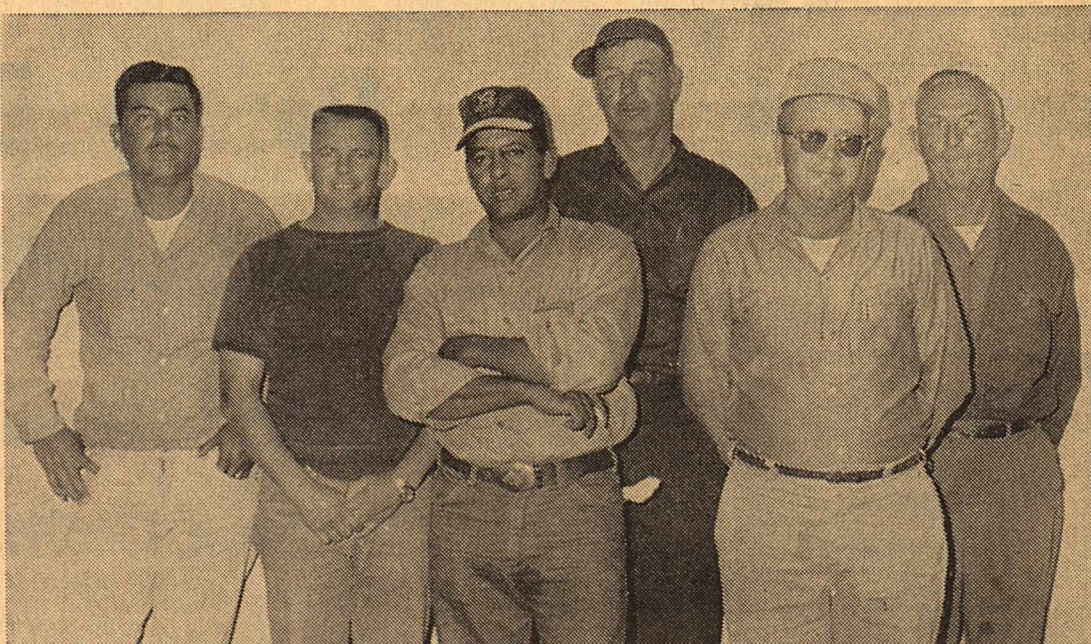

The office is open Monday through Friday from 8 a.m. to 5 p.m., except for the lunch hour. Mrs. Wilma Jones, drivers license clerk, is on duty at these times and can administer the necessary written and vision tests to either original or renewal licensees.

Road tests are administered on by Patrolman Garnett on the first, third and fifth Monday of each month.

For further information call the office at 387-2401, or visit the office on the second floor of the courthouse in the south wing.

### Debbie Galbreath to State

Debbie Galbreath, daughter of Mr. and Mrs. Billy Galbreath, will compete in the State ready writing contest in Austin, May 4. She won second in the event in District competition and also placed second in regional last week in Lubbock.

SAFE DRIVERS RECEIVING EMPLOYEE AWARDS from the Texas Highway Department include Ruben Flores, Jack Adkins, Alcadio Escobar, John Bell, Kenneth Duckworth, and Charles W. West. The awards are made by the department in recognition of safe driving of its trucks to men who have gone without accident or damage to their vehicle or cargo.

Recipients must primarily be truck drivers. Flores received a one year award and Adkins and Escobar have been driving eight years without mishap. Bell has had an accident-free record for 13 years and Duckworth for 14 years. West, an employee for 34 years, was credited with a perfect record for 17 years. Each man was presented a pin.

### Student Leaders Attend Conference

High school leaders, Mike Richardson, Tom Trainer, Mike Gosney, Mark Jacoby and Monte Dillard attended a leadership conference in San Angelo's Central High School last weekend. The seminar was conducted by the National Leadership Institute of Austin, and is designed to examine various styles, group decision making processes, and communications.

Attention is given to team management, commitment to goals of the students, and securing of motivation from others.

Tom Trainer said, "Essentially the program was intended to teach us to organize more successful activities by encouraging our fellow students to participate. Students support their own activities better if they have some part in creating them."

Students from San Angelo schools and high schools in the surrounding area attended.

Coy M. Day will be guest minister for a gospel meeting at Sonora's Church of Christ May 6-12, at 7:30 p.m., each evening. Ralph Winehold, minister of the church, invites the community to attend.

### Seventeen Students Named to Honor Roll

The fifth six-week honor roll has been announced by high school principal, David Williams. Seniors making all A's were Mike Gosney, Mike Richardson and Tom Trainer. Debbie Galbreath, and Vicki Hodges were seniors making all A's and 1 B.

Hodges and Kathy Morgan made all A's. Dick Bundy had all A's and 1 B.

In the freshman class Trouba Teaff had all A's and Kay Kerbow had all A's and 1 B.

### Bronco Bandmen To Compete Today In Region Contest

The Bronco band will compete in the University Interscholastic League playing and sight reading contest in Brownwood April 26-27 with most of the Class A schools in this region.

Band Director Charles Brown said it would be the first year that Sonora has competed in the contest since 1960. He said about 40 schools had entered the contest, which has categories for Class B through Class AAA schools.

The regional UIL contest is the largest any school band competes. He said the only other regional band contest is marching competition.

Band competition does not pit bands against each other in contest but against a standard of performance set by the UIL. Sonora is located in Region VII of the UIL.

The show will begin at 8:30 a.m., with the performance classes beginning at their conclusion. Events will be held at the Sonora Park Association arena.

A \$5 entrance fee will be required in each event. Competition is open to all regularly enrolled 4-H Club and FFA chapter members. Each must be between the ages of nine and 19 and enrolled in public school.

Each competitor will exhibit or ride in his own age group, of which there will be three. Judging will be on a point system with six points going to the winner of an event. Ribbons will be awarded to the first 10 places in the halter events and six places will be given in the performance classes. Other awards will be given for the top places, the high point horse of the show, and the top showman.

Billy Galbreath and Mrs. Bill Stewart are co-chairmen for the show.

### VOTE TO INFORM

May could possibly be the most important month of 1968 for Texas. Saturday, May 4, is the date of the Texas primary election. It is at this time that Texans will choose their highest state officers.

Sutton Countians will also elect their important local officials, but more important than any one candidate is the idea of each man and woman going to the polls and casting a ballot. A vote for the

man of your own choice done in an intelligent, carefully considered manner, is the most important privilege and duty for a United States citizen.

Also of importance on the May 4 ballot will be the referendum asking the opinions of the voters on the issues of mixed drinks, horse racing, and the dairy commission.

The importance of the referendum is in its informative aspects.

The legislators must know the wishes of the majority of the population before they can make their wisest decision. Clearly stated on the ballot is the fact the referendum is solely for the expression of public opinion and does not carry any effect of law.

The selection of candidates is yours and your help is needed by the legislators on these most-discussed issues now before them.

### COMMUNITY CALENDAR

- Saturday, April 27**  
First day of annual Spring Race Meet at Sonora Park Association track  
2-5 p.m., Sonora Woman's Club Library open
- Sunday, April 28**

- The Devil's River News is authorized to announce the following candidates for office, subject to action of the Democratic primary of Saturday, May 4, 1968:
- For State Senate, 25th Senatorial District—  
Dorsey B. Hardeman (re-election)  
Pete Snelson  
For State Representative, District 65—  
Hilary B. Doran, Jr. (re-election)  
For Sheriff, Tax Assessor-Collector—  
Herman E. Moore (re-election)  
For County Attorney—  
Jerry N. Shurley (re-election)  
For Commissioner, Precinct 1—  
Preston Love (re-election)  
For Commissioner, Precinct 3—  
J. E. Adams (re-election)

### Closely Guarded U. S. Documents Reside at Department of Agriculture

Some say that the best kept secrets in Washington are not in the Pentagon, but safely tucked away in a closely guarded room in the South Building of the U. S. Department of Agriculture.

It is here that members of the crop reporting board of the Statistical Reporting Service meet to examine data collected through state field offices and to prepare reports on all phases of production and use of agricultural products.

Maximum security governs these SRS procedures because the board's report often affects markets and early knowledge could create grossly unfair advantages in buying and selling. Only authorized persons may enter the report room and none may leave until work is completed on one or another of some 700 reports prepared each year. During this time, telephones are disconnected and windows locked and covered.

When everything is ready and the Secretary of Agriculture approves the report, armed guards escort the board chairman to the release room where newsmen are

waiting. At a signal, the report is flashed to the world.

Initial reports each year record farmers' intentions to plant. Later, they make periodic evaluations of crops and growing conditions until harvest. They also furnish accurate inventories of livestock, poultry and related products and contain other essential information to the farmer's business.

In Texas, as in other states, crop reports begin with information furnished by a corps of voluntary reporters. They include 40,000 farmers and ranchmen, 6,000 businessmen and 250 county agricultural agents. Additional data are provided by various state and federal agencies concerned with agriculture.

SRS also revises estimates whenever new information indicates improvements can be made. Thus, farmers and ranchmen have available accurate and dependable information with which to plan production and marketing activities. As new efficiencies are achieved, both producers and consumers of agricultural products will reap additional benefits from co-operative work of the Statistical Reporting Service and the State Department of Agriculture.

THEM WHUT'S GOT, GITS, BUT IT'S THAT FIRST GITTIN' THAT'S HARD.

J. M. VanderStucken has been named to the executive board of directors of West Texas Boys Ranch near Tankersly. The ranch provides a home for underprivileged boys in the area.

Alfred Schwiening has been elected to membership in the American Angus Association of St. Joseph, Missouri.

General rains fell Thursday, bringing needed moisture to the Sonora area. Rainfall varied in the county from .40 to 2.0.

**April 23, 1948**  
About 30 students have been lined up to take flying lessons at Halbert Field, according to P. J. Pitts, representative for the school run by W. T. Anderson of Rocksprings.

Henry Greenhill, Navy veteran and former highway department employee, has purchased the Tex-

The other day I came to realize with new force what the word "catty" means. As I stood ringing a door bell, to which there was no response, an old mother cat came up on the porch with a mouse in her mouth. Since no one answered my ring, I stood for a few moments watching the drama being enacted before my eyes. Now everyone knows that mother cat intended to eat that mouse sooner or later. She certainly did not intend for him to get away. One solid closure of her jaws could have put an end to him, but she did not play that way.

She would release her hold on him every once in awhile and he would make a break for freedom, only to be yanked back. If the little mouse tried to play "possum", hoping his tormentress would go away, she would bat him with her paws.

Now this is not the first time I ever saw a cat play with a mouse. A time or two I have even seen the mouse get away. So one might argue that the cat was giving the mouse a final fighting chance. But, personally, I don't think that is what the cat had in mind. She was enjoying his suffering and making it last as long as possible. How CATTY can you get?

## A PARSON'S EYE-VIEW OF SONORA

BY THE REV. ROSS T. WELCH

When a young man, lacking only a few months of work having earned his PhD in research chemistry, is notified that his draft board has re-classified him as I-A, then the question arises: Not, "Is this young man better than his less educated friend who is already in Viet Nam?" The real question is "Where can this young man render the greatest service to his country?"

Certainly the country is going to continue to need some highly trained and competent leaders in all fields of scientific research—whether in uniform or in civilian clothes. A great many sentimental factors arise in this particular instance also. The young man in question is the father of my

unborn grandchild. But we have been through this before. The child's mother was born six months after I her father, was inducted into Uncle Sam's World War II Navy.

School superintendent Ralph Finklea tells me that the Baccalaureate service for the Senior Class will be held May 19.

Is this coincidence or did someone lose some spectacles? The Monday following Easter I left my glasses at my brother's place in Sterling County when I returned home. Fortunately, I had some bi-focals which I had not used in several years, but which got me by for a few days.

A week later I went to the Post Office, took my mail from my box and spread it out on the counter. When I started to gather up my mail, at the bottom of the stack was a pair of eye glasses. They were tri-focals, they were like my missing spectacles, they seemed to fit both my head and my eyes.

But there was nothing to indicate they had come through the mail and the postal clerks could offer no explanation. So the question before the house is: Did someone lose some glasses at the Post Office or did mine get back there by some means as yet unexplained?

Bob Johnson at the chamber of commerce office tells me there are several new families in Sonora. May I through this means, express a sincere welcome to each one of you and for every pastor let me express the hope that you will soon identify with the church of your choice.

Your happiness while living in Sonora will depend in large measure on how quickly you and your family take part in church activities.

Two of Sonora's older mothers have been in the Hospital here the past few days in adjoining rooms, Mrs. Rena Trainer and Mrs. Frank Turney. If everyone in Sutton County who has been influenced in some way by one of these ladies were laid end to end, there would be lots of cord wood for sale.

### Children's Names Very Important

What's in a name? Plenty says Jennie Kitching, Extension specialist in family life education. A Perceval or an Alfreda by any other name may have an easier time in life.

Names are more significant than most people realize, according to a recent study by Barbara Buchanan of Penn State and James Bruning of Ohio University. The Texas A&M University specialist says a child tends to identify with his name and may react according to whether his companions approve or disapprove.

Michael, James and Wendy were found to be relatively high in approval value, while Alfreda, Percival and Horace rated low.

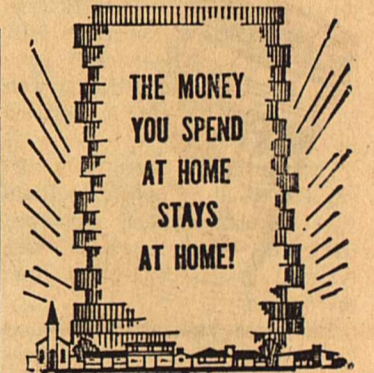

A boy with what used to be called a sissy name may have to overcome a name which is disliked by both sexes, a name which connotes low masculinity or a name whose owner is expected to be passive, Miss Kitching says.

A child with a name which rates high in approval by both men and women, such as Michael, starts out with a name considered masculine and one which connotes activity.

Researchers have found that children with peculiar names are more likely to suffer emotional disturbances than children having ordinary names. Boys show a higher rate of disturbance than girls, according to the specialist.

For girls, flower names, such as Pansy, Lilly or Rose, were popular once but now are considered old fashioned by both sexes. Other feminine names not too popular currently include Hildegarde, Beulah, Mathilde and Alfreda.

Men like such girls' names as Susanne, Linda, Dawn, Annette, Sherry, and Patty. Women like Yvette, Tammy, Kim, Lisa, Karen, Yvonne and Katherine.

The Devil's River News

### The Devil's River Philosopher sez: He Wonders if Intelligent Life Exists On Any of Our Planets Including Earth

Editor's note: The Devil's River Philosopher on a bitterweed ranch on Dry Devil's River reports on a few items he has run across lately.

I brushed the ants off a copy of the Sunday issue of The Standard Times which somebody had used to wrap up a picnic lunch they ate on the roadside near the ranch yesterday and after reading it I've come up with a few items I'd like to report on.

First, I've found out why President De Gaulle is mad at the United States. France still owes us 7 billion dollars in World War I debts, and it's one of the quirks of human nature that when somebody owes you and can't or won't pay, he gets mad at you, whereas you'd think it rightfully would be the other way around. This explains everything. You figure up

what the principal and interest on 7 billion dollars for 50 years comes to and you can see De Gaulle is so mad it's all he can do to keep from coming over here and thrashing us within an inch of our life.

Also, I notice that Europeans are denouncing us because we're pulling out a lot of our troops stationed there since World War II to help protect them at our expense. Let's see, how many troops did those nations send to help us in Viet Nam? How much money did they contribute?

And finally, over on an inside page, I read that radio monitoring stations lately have been picking up strange signals from far out in space, which some scientists believe may be coming from intelligent creatures from somewhere in the vastness of the boundless universe.

On this theory, the scientists want more money to finance a continuing and expanded search for intelligent life somewhere out there.

I say let them have the money. Who knows, somewhere out there on some other planet they may indeed someday find some intelligent life. It's worth a try. Up to now, they haven't been able to find any on this planet.

Yours faithfully,  
J. A.

**JUST US CLUB**  
Mr. and Mrs. Harold Garrett this week. Mrs. R. A. Halbert entertained the Just Us bridge club at her home April 15. She served pie and coffee. Present were Mmes. Cleve Jones Jr., J. F. Howell, Sim Glasscock, Eulah Newell, Paul Turney, George Wynn, Ed Mayfield and Bob Vicars. Mrs. Newell won the high score for club, Mrs. Turney was second high and Mrs. Vicars won the bingo prize.

**TUESDAY NIGHT BRIDGE**  
Mrs. Belle Steen entertained the Tuesday night bridge club at her home April 16. Cake and coffee was served to the guests. Present were Mmes. Louie Trainer, W. O. Crites, Earl Duncan, Cleve Jones Jr., Arthur Carroll, Bob Vicars, R. A. Halbert, E. D. Shurley, Ernest McClelland, Howard Kirby, Lottie Kelley and Ed Mayfield. Mrs. Trainer won high for club, Lottie Kelley won high for guests, Mrs. Vicars won slam, and Mrs. Crites won bingo.

—HMc—  
Mrs. A. W. Awalt, Mrs. Lottie Kelley, Mrs. Karen Peterson, Mrs. Belle Steen and Mrs. Beulah Cook were in Mason Thursday, for the bluebonnet trail. They said there were more bluebonnets than they had ever seen, and it was a beautiful sight.

Mr. and Mrs. George Thompson, Tracey and Mc were visiting her parents, Mr. and Mrs. Ernest McClelland over the weekend.

Mr. and Mrs. Libb Wallace, Mrs. Libby Lowe and Evelyn Jane were in Houston, last weekend visiting their daughter and granddaughter and family, Mr. and Mrs. Kenneth Teutsch and Zane.

George Barrow has returned from New Jersey where he visited his daughter and family, Mr. and Mrs. Gerald Hardesty and children.

Mrs. Richard Stanley of Dalhart was visiting her parents, Mr. and Mrs. Carl Cahill over the weekend.

Mrs. Glen Swafford, Carter and Garrett were visiting her parents,

**Teen Scene**  
by Georganne Schwienig

Last week elections were held to elect next year's cheerleaders. The five girls chosen were Rita Kniffen, Jane Sawyer, Susan Prugel, Susan Stewart and Truba Teaff. Susan Prugel will be head cheerleader. Congratulations to all of you.

—SHS—  
The girls on the annual staff had planned to go on a picnic at Debbie Galbreath's ranch last Sunday, but had to postpone it because of the weather. The picnic is now scheduled for Wednesday after school.

The choir had a picnic Tuesday afternoon. The food was provided by the girls and their sponsors.

—SHS—  
The girls met in front of the new gym and left from there.

—SHS—  
The seniors have been busy planning for the senior trip to Bandera which is scheduled for sometime in May. The senior girls met Monday afternoon, seventh period, to discuss room arrangements. All of the seniors are to meet seventh period Tuesday afternoon in Smith Neal's classroom.

Mr. and Mrs. David Williams, Mr. and Mrs. Jerry Hopkins, and Mrs. A. E. Prugel will be the sponsors on the senior trip.

—SHS—  
There will be a Southern Assembly Wednesday morning at 10. Sometime Thursday a band concert is scheduled — probably in the morning.

The annuals will be in around May 1. If anyone hasn't paid what they owe on their annual, they should do so soon.

The **RATLIFF STORE**

**GARDENING TIPS**

Light ice on windshields Wednesday morning, April 24, brought to mind the thunder reported on February 27. Miss Robbie Morris at the Experiment Station also had her fingers crossed for April 24 — which is the latest date for a killing frost since the Station was established in 1916. The light ice is not expected to damage fruit or young vegetables, because radiation from the warm soil probably kept temperatures slightly above freezing near ground level.

Weeds in yards and on vacant lots are growing at phenomenal rates. With the abundant moisture and warmer weather, weeds can quickly grow "beyond" the lawn mower.

Gardeners are noting that warm season weeds are now germinating. Some of these include goathead, pigweed, russian thistle, and annual grasses. These can be readily controlled by scratching the soil lightly when they first appear. A few days delay, however, can result in a serious weed problem.

Bluebonnets are in full bloom, and are more abundant than ever before in the memories of most people. A small pasture on the Sam Allison ranch east of Sonora has an almost solid cover of beautiful bluebonnets on 30 acres. Many tourists are stopping to take pictures.

**CHURCH OF CHRIST MEETING**  
The Church of Christ will conduct a gospel meeting with Coy M. Day as the minister on May 6-12, at 7:30 p.m.

Ralph Wienhold, minister of the Church of Christ here, urges all persons to attend these meetings.

**Driskell Guests**  
Weekend guests of Mrs. Tom Driskell were Mrs. C. T. Driskell and daughter, Laura Beth of Colorado Springs, Colorado.

### Benefit Increases Planned for Future Beneficiaries

In the last article we discussed the increased social security payments that would be coming to persons now on the social security benefit rolls in early March as a result of the amendments signed into law by President Johnson on January 2, 1968.

The effect of the new legislation is also to increase the benefits of all future beneficiaries a minimum of 13 percent. A person whose earnings under social security had averaged \$350 a month would, under the old law, get a benefit of \$124.20 upon retirement at 65, or \$186.30 for himself and his wife if she was also 65 upon his retirement.

### Texas Cattlemen Oppose Regulations Proposed for Brucellosis Control

A resolution reaffirming the Texas and Southwestern Cattle Raisers Association's opposition to proposed changes in Federal Brucellosis program climaxed extended discussions on hardships which enactment would cause to Texas cattlemen.

Previously the four practicing veterinarians appearing on a symposium during the TSCRA Convention criticized the program and outlined some of the hardships which it is causing at present.

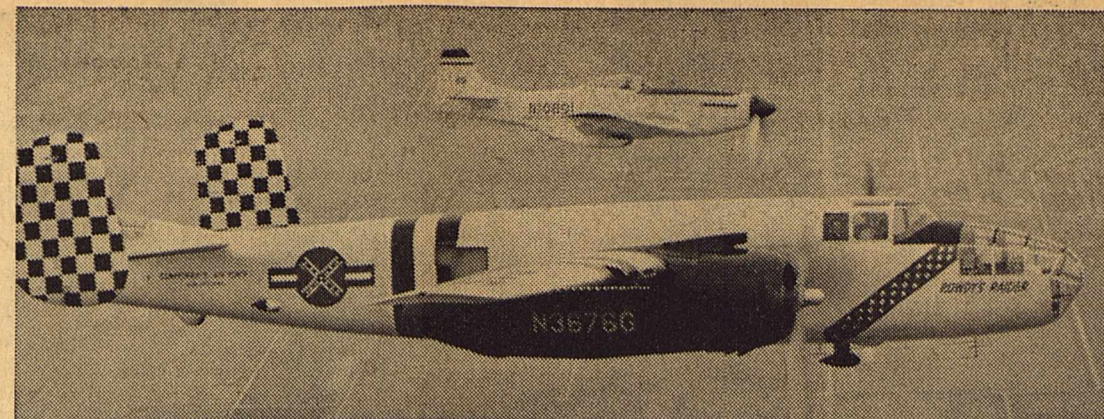

Dr. Marshall Pickard of Raymondville pointed out that the test for Brucellosis at present is not based on the disease but on the animal's immunity to the disease. Brucellosis is commonly referred to as Bangs disease and Dr. Pickard contended that control of the

program through vaccination is a much more feasible approach to curbing the disease than attempted eradication through the present test and slaughter procedures.

The proposed changes in the present program deal with movement of cattle from non-certified areas. In essence they would prohibit the interstate movement of cattle including steer and heifer calves, also including official vaccinates from herds of unknown status except those cattle going to immediate slaughter.

Many counties in Texas, particularly in eastern and southern sections of the state, have not completed requirements for the modified-certified status and cattlemen from these counties say immediate enactment of the proposed regulations would result in confusion and loss of money to both individual cattlemen and the Southwestern cattle industry as a whole.

Dr. W. H. Cardwell of Elgin said that present testing procedures can be particularly burdensome to the purebred breeders and that the loss to any breeder having cattle which the tests indicate have the disease can quickly run into hundreds of dollars.

A sight familiar to many World War Two veterans is the B-25 Mitchell bomber and the P-51 Mustang fighter. The Confederate Air Force Flying Museum consists of many famed bomber and fighter-type airplanes that served in World War Two. The Menard Jaycees are

sponsoring a Fly-In April 28 at 2 p.m. at Menard County Airport. Flying many of its rare-historic airplanes the Colonels will perform and be the main feature. Proceeds will go towards developing and improving the Menard County Airport.

### Confederate Air Force Plans Fly-In at Menard Sunday

The Menard Jaycees are sponsoring a Confederate Air Force Fly-In April 28, 2 p.m., at Menard County Airport with a selected group of famed World War II aircraft from their flying museum based in the Lower Rio Grande Valley.

These rare and historic aircraft need no introduction to the thousands of men and women who built, serviced and flew the aircraft during 1939-1945. To these, the name Corsair, P-51 Mustang, Grumman Bearcat or Mitchell bomber will stir a feeling of pride

and possibly a lump in their throat. For some others those who were not living at the time — this is an opportunity to see these historic aircraft which helped to bring World War II to an end. And they can see them in flight, not just on a museum floor.

The Confederate Air Force's "Ghost Squadron" consists of any Menard Jaycee or at Wilensky's and Navaho Restaurant or instances the only one of its type at World War II aircraft left in noon.

## Saint Ann's Recaps

by Monica Davis

After Friday evening Mass this past week, on April 19, the parishioners of Saint Ann's surprised Father Michael Fernandez with a birthday party. The Rev. Mr. Fernandez spoke, thanking everyone for the attention given him on his day. He also said that his parishioners were in his Mass that evening. Refreshments were served to over 300 men, women and children.

## Singers Reunion Planned in Brady

The annual Heart O' Texas Singers Reunion will be held in the Brady High School Auditorium, on Saturday night and all day Sunday, April 27 and 28.

The concert Saturday night, beginning at 8 p.m. will feature visiting quartets and local talent.

The Sunday all-day singing will begin at 9:30 a.m. and continue until 4 p.m. There will be class singing and also numbers by the Quartets.

From noon to 1 p.m. lunch will be served in the school cafeteria.

Mrs. A. C. Stewart of Brady is the President and cordially invites everyone interested in Gospel singing to attend.

## Snips, Quips, And Lifts

—Flowers leave a part of their fragrance in the hands that bestow them.

—The fellow who calls a spade a spade obviously hasn't tackled the flower beds.

—The cost of living is still the same—all a fellow has.

—Money may be the husk of many things, but not the kernel.

—Inflation comes when we pay too high a price for living well and we pay too small a price for living right.

—Did you know that Thrasymachus invented the period in the third century B.C.? Before this, folks just kept on writing until they were finished.

—A pessimist is a person who builds dungeons in the air.

—The world is all of us, and if we do not collapse, it will not.

—The years are beginning to add up if it takes you longer to rest than it did to get tired.

—It comes upon the evening clear, the TV show you saw last year.

—Violents are red, neuroses are blue—envies are green—what color are you?

—One man to another: "I like the old days best—I was younger then."

—Seniority, seniority, a virtual requirement. And when at last you get it, what? You're ready for retirement.

—Little Miss Muffet sat on a tuffet eating her curves away.

—A tablet for this and a capsule for that. Some folks take so many that their purses are flat. Oh, give me a salad, a stew and a pie. Good vittles, not pills, are still the best buy.

—Half of life is if.

—Anyone who thinks the mini-skirt is new, never wore a hospital gown.

—Discussing a local wolf: "Too bad he wants to have his Kate and Edith too."

—At lumber yard: "Do it yourself and slave."

SENATE REPORT **SNELSON SAYS:**

"TEXAS MUST MEET THE CRIME PROBLEM"

Pete Snelson feels deeply that the handcuffs placed on our law enforcement officers by the Texas Criminal Code written by his opponent (Hardeman), must be unlocked and placed on the hands of the Criminals where they belong. This "Code," which places the "rights" of the criminal above those of the public, must be revised to strengthen the hand of those men who have dedicated their lives to the protection of our lives and property. Texas' growing crime rate, a frightening spectacle in the light of nationwide riots and disorders, must be halted by sensible laws and a greater recognition of the responsibility of the men charged with enforcing them.

If you believe, with me, that we cannot tolerate lawlessness and that we must do all that we can to prevent it, then I hope you will join hands with me in this campaign for State Senator.

A Bird in Hand

The hands are gentle and deft... the bird-handing process painless and quick. Soon the bird will fly off, safe and unharmed, unaware that it has become another link in the chain of research concerning the migratory habits of birds.

Our feathered friend has no interest in the fact that his experience ultimately will help chart the flight lines of all migrant birds. With heart beating wildly in its soft, downy throat, it longs only to be free.

Sometimes people are like that bird. Caught in circumstances beyond our control, we flail and thrash about. Fear and doubt overwhelm us and we fail to realize and acknowledge the loving arm of God that is present and sustaining in every situation.

Place your faith and trust in God and His Church. In times of need, strength and help are yours for the asking.

# GREEN NEWS

Our ladies tournament is over! It was a great one, and everyone enjoyed it immensely. A big thanks to George Johnson, W. B. McMillan, and Web Elliott for the amount of work they went to in fighting us, keeping up with scores, and arranging cart transportation for all. And also our thanks to Mary Jean Hamilton for being such a gracious hostess for our luncheon. We all really do appreciate you all.

Pat Barbee and Marge McMullen of Ozona. For consolation, there was a play-off between Ilene Mathon and Mary Jean Bagget of Ozona and Sammie Espy and Bobbie Fawcett, with Espy and Fawcett winning. In the second flight, Mary Barrow and Lucille McMillan won first place. Linda Bird and Betty Page of Big Lake had a play off for consolation with Dot Ratliff and Pauline Thompson for consolation, with Ratliff and Thompson winning. In the third flight, Ann Hill and Peggy Elliott won first place while consolation was won by Jo Green and Sybil Hardgrove of Crane.

Mary Jorden from McCamey won a prize for having her tee shot closest to the pin on number nine green.

Door prizes were won by Ruth Beasley of Del Rio, Dorothy Harrell, and Joan Nicholas of Ozona.

On our two months association play, Mary Barrow had the best score. Sammie Espy won the first flight, Jo Neville won the second flight, and Lucille McMillan won the third flight.

Not too many more days to go before we can start playing on the new course. We can hardly wait...the greens and fairways just seem to be begging us to get out there.

SONORA'S WET SPRING weather may provide lush vegetation, but accompanying wind brought down this large tree last week in the Robert Duran yard near the Lion's Cage on South Main. Sylvia Duran examines the damage and ponders replacement.

## New Water Plan For State Told

A plan for tapping the great icecap water wealth of the northwest to satisfy needs of Texas and 16 other southwestern and western states will be presented to the Texas Water Development Board at a hearing here Friday (April 26).

Lewis G. Smith of Denver, a retired U. S. Bureau of Reclamation engineer, proposes to bring in water from Columbia, British Columbia and Yukon via the Rocky Mountain Trench to High Plains and Pecos River for diversion to Mexico. Plan also would divert water to the Rio Grande for South Texas and the Valley area.

Smith estimates the potential yield of icecap sources of British Columbia and Yukon are roughly 650,000,000 acre-feet a year, and 38,000,000 acre-feet would meet import needs of 17 states until 2070. Smith projects reuse of water four times before it finds its way to the sea and general curtailment of per capita consumptive use from 2.16 acre feet to .5 foot after 2200.

Costs of the enormous project would be paid by cities using the water made available.

## Taxpayers Questions Answered by IRS Texas Draft Quota

Q— I filed my tax return over ten weeks ago. Shouldn't I have my refund by now?

A— Yes, if the return was complete and accurate. A return claiming a refund filed early in the year takes from 5 to 6 weeks to process. In most cases, when refunds are delayed, a letter explaining the delay is sent to the taxpayer.

If you have not heard from IRS, check the address you used on your tax return to see if it is the same as your current address. If not, send your new address to the Service Center where you filed your return. Lack of a current address holds up the delivery of many refunds.

If your address has not changed, contact your local IRS office or write to the Service Center where you filed. Give your name, Social Security number, address, date of filing, type of return filed and ask them for advice about your refund.

Q— My refund came last week and it is about \$40 less than what I claimed. Why?

A— It could be that you made a mistake in arithmetic or used the wrong tax table. An explanation of why the change was necessary should be mailed to you shortly.

## Down for May

To avoid such mistakes in the future, double check your return before you file. If you are married and filing a joint return use the table for married couples filing jointly, not the one for married couples filing separately. Single taxpayers should not use the table for heads of household unless they meet the requirements described on page 3 of the 1040 instructions. 200 in March.

However, local draft boards actually will forward more men to the armed forces examining and entrance stations for pre-induction physical and mental exams. May call in this category is 9,000 compared with 8,500 for April and 7,200 in March.

Schwartz also announced that the state must provide 42 medical doctors and two doctors of osteopathy for the Army during July-September.

## Your Questions On The Draft . . .

Q—May I volunteer for induction even though I'm deferred in Class III-A because of my dependents?

A—Anyone may apply for voluntary induction. If, however, after review of your case, the board retains you in III-A, you will not be inducted.

Q—Does the draft law provide special consideration for the National Guard?

A—It provides for the defer-

ment of members of the Guard as long as they satisfactorily participate in prescribed training. They must serve six years, not less than four consecutive months of it active duty for training. The law states "that it is essential that the strength and organization" of the Guard "be at all times maintained and assured."

## Old Timers Roping Meet Set at Marfa

The fourth annual Old Timers Steer and Calf Roping contest will be held April 27-28 at the Highland Fairgrounds sponsored by the Marfa chamber of commerce.

Calf ropers in the matches must be at least 50 years of age and in the team competition, contestants must have a combined age 100 which means, one roper may be 40 and one 60 to qualify.

Mail entries to Marfa Chamber of Commerce. Books will close at 2:30 p.m., April 27.

## ANTIVENIN AVAILABLE

An antivenin against the North American Eastern Coral Snake is now available upon request from the State Department of Health in Austin or from the Health Departments of Houston, San Antonio and Corpus Christi, reports Jennie Kitching, Extension family life education specialist. When a coral snake bite occurs, the physician or hospital should request immediately the antivenin from the nearest center. Administration of it is recommended within two hours of the bite.

## Two Dances Set During Annual Race Meet

In addition to the racing schedule, two dances will be held each weekend. Dale Keith and his Starlite Ramblers will play for the first dance Saturday, April 27, in the Sutton County 4-H Center from 9 p.m. to 1 a.m. Admission will be \$1.50 per person. Jack Rich and his Continental Cowboys will play Saturday, May 4. Time and place will be the same as the first dance.

**BACHELOR'S DREAM, OWNED BY CHUCK SIEBERN** of Lubbock is exercised by Buddy Adair. The horse, trained by Wilbur Bolin, is one of about 75 entries in the annual Spring Race Meet sponsored by the Sonora Park Association. The purse for the West Texas Futurity race is an estimated \$23,000. The West Texas Derby has a purse of about \$8,000.

## HemisFair Plans Youth Rodeo June 24-30

The world's largest and most exciting youth rodeo will be held as a feature attraction of HemisFair '68 at San Antonio. Competing for \$25,000 in prizes will be members of the Texas Youth Rodeo Association, June 24-30 in the best. There will be two rodeos daily, at 2:30 and 7:30 p.m. TYRA membership is made up of boys and girls to age 18. Generally, boys and girls compete separately, with the age break at 14. "In the junior events, we have many youngsters five and under," said George Light III, Chairman.

### New Wild Flowers Identified by Conservationist

Almost everyone is talking about the abundance of beautiful wild flowers gracing the Sonora countryside. Some wonder where all the strange plants are coming from!

Actually, few if any new plants are present. Many species which in most years are quite rare are now blooming in enough abundance to be noticed. Only a few plants appear to be dominant at one time. Each plant quickly fades and is supplanted by another species.

Huisache daisy, a yellow-flowered plant with the lower leaves shaped like a "deer tongue" is now very abundant. The lacy-flowered, lemon-yellow evening primrose — usually growing in colonies — is very beautiful in early morning and late evening.

Small patches of pink phlox, and a pastel salmon colored globe-mallow occurs here and there. The ill-smelling bluecurl phacelia is beginning to bloom along highways in very rocky areas. The fingered flowers are in coils which form on the fingers.

The white flowered dozedaisy or erigeron is blooming now. The buds are pink, but the open flower is white. A few lavender colored penstemon or foxgloves may be seen along roadsides.

The large petaya cactus is beginning to bloom — always starting on the south side of the clump. The single stalked sweet gaillardia is unusually abundant this year. With only a few basal leaves, this plant sends up naked seed stalks with a perfume ball on top making it easy to identify.

Many, many other flowering plants are common this year. Soil Conservation Service personnel will be very happy to help anyone identify plants found on rangeland or elsewhere.
