HOPING TO MATCH PAST RECORDS of Sonora High School football players are this year's members of the varsity squad. They include, first row, left to right, Mark Rousselot, Gene Thompson, Joe Wallace, Tryon Fields, Sammy Perez, Freddie Gonzales, Arnold Samaniego and Scott Shurley. Players shown on the second row, include Jimmy Cade, Joe Eustace, Ben Snodgrass, Scott

Jacoby, Rick Street, Bill Thompson, Lupe Espinosa, Willie Gutierrez, James Noel and Milton Noel. Shown on the third row are Bruce Kerbow, Richard Bemal, Tony Renfro, Kerry Joy, Mike Taylor, Gene Trainer, Tim Cole, Frank Taylor, Wayne Hill and Eddie Sutton. The Broncos travel to Coahoma Friday night for the opening game of the season. Play begins at 8 p. m.

Broncos Engage Iraan Braves

The Iraan Braves traveled to Bronco stadium to scrimmage the Broncos Friday night only to be met by the impressive Bronco offense, and a much improved defense. The powerful offense of the Sonora team exploded for nine touchdowns while the defense looked as good as it has in past years by allowing the Braves a single touchdown only.

Nearly every running back on the Big Red offensive unit scored or either ran well against the Iraan defense.

Ends Mike Taylor and Bruce Kerbow, running backs Scott Jacoby, James and Milton Noel, Arnold Samaniego, and Sammy Perez all scored for the Broncos with all of Taylor's three six-pointers in the air as were Kerbow's and Perez's. Jacoby, the Noels, and Samaniego all scored with running attacks pointing out the balance be-

Pep Rally Set

A giant pep rally has been planned to kick off the first game of the 1970 season for Sonora Broncos.

High school students, junior high students and teachers plan to march to the courthouse square Friday, to hold the rally at 1:45 p. m. The group will walk back to the school grounds and buses will leave for Coahoma at 2:45 p. m. Cheerleaders urged Sonorans to participate in the rally.

tween passing and running abilities on the Bronco squad this year.

Quarterbacks Eddie Sutton and Jimmy Cade did superb jobs in getting the ball away to its intended receiver before the Iraan line could get through to prevent the throw. Sonora's offensive line gets credit for stopping the Braves penetration long enough to allow Sutton and Cade to find an open receiver.

Linemen Kerry Joy, Tony Renfro, Scott Shurley, and Gene Trainer are the Broncos who have the tough job of getting into the opposition from keeping into the Bronco backfield, as do ends Taylor and Kerbow when a running play is called.

Special recognition goes to Joy who, because of a lack of depth in the interior line, changed from his regular full-back position to play guard to give added strength to the line. Centers Ben Snodgrass and Joe Eustace also deserve recognition for their blocking and ball-snapping abilities.

The most surprising part of scrimmage was the improvement of the defensive unit. The aggressiveness of this unit was obvious as they were in Iraan's backfield most of the night, and the Braves could not muster either a ground or air game against the Bronco defensive unit. Again Shurley, Joy and Trainer were instrumental in stopping the Braves' progress

with added help from Willie Gutierrez, Kerbow and defensive backs Perez and Samaniego.

If the Broncos improve as much every game as they did between the McCamey and Iraan scrimmages, they will be practically unbeatable in district competition this year.

All of the skills, offensively and defensively acquired by the Broncos will be put to a test tomorrow night when the Broncos travel to Coahoma to take on the Bulldogs. Kick off time is 8 p. m.

Laney Cook Expected To Star With Baylor Bears This Season

Laney Cook, the lanky south-paw passer who'll quarterback the Baylor Bears in their 1970 opener against the Missouri Tigers at Busch Stadium in St. Louis Friday night has received the supreme compliment.

The kind words came not from Head Coach Bill Beall, but from another Bruin quarterback veteran, Si Southall, who is raging a battle with Cook for starting honors.

"Laney has improved his throwing 100 percent," Southall told visiting Southwest Conference writers last week in Waco. "He's always had great running ability, but now he's a terrific passer. He'll be awfully hard to move out of there."

Road Improvement Okayed For County

The Texas Highway Commission has approved the expenditure of \$218,400 for improvement of farm to marker roads and state highways in Sutton County during 1971.

District Engineer J. A. Snell of San Angelo said that work authorized in Sutton County includes the widening of Devil's River Bridge on U. S. Highway 277, 0.5 miles south of U. S. Highway 290 in Sonora, and seal coat projects on R. M. 864 and R. M. 1691. The total

estimated cost of work authorized in Sutton County is \$218,400, and is part of Highway Commission's combined State Highway Safety and Betterment and Farm to Marker Road Improvement Program for 1971.

Joe R. Stewart, research associate in charge of the experiments, said this year's test will again have a 168-day feeding period, with weights scheduled to be taken every 28 days. The ratio will be the same as last year—a commercially prepared pelleted ration on

Ram Progeny Tests, Performance, Set

The annual Ram Progeny and Performance Test conducted by the Texas A&M University Agricultural Experiment Station is scheduled to begin September 14, according to Dr. Leo B. Merrill, in charge of the Experiment Station.

The initial shearing of the rams began Wednesday, and the final date for shearing has been set September 16.

Dr. Merrill said the station is expecting well over 100 rams to be entered in the tests. Some of the cooperators participating with rams include Virgil Powers, Roger Landers, James Wittenburg, Clinton Hodges, Leo and Rod Richardson and Richard Kirchner. Local ranchmen who will engage in the program include Fred Campbell, W. L. (Tom) Davis, Eddie Smith, Walter Pope and the Experiment Station. There is a possibility other cooperators will enter rams for testing, added Dr. Merrill.

Joe R. Stewart, research associate in charge of the experiments, said this year's test will again have a 168-day feeding period, with weights scheduled to be taken every 28 days. The ratio will be the same as last year—a commercially prepared pelleted ration on

which rams "thrive very well". Last year's performance and gain records were some of the best in the station's history. Cost of feeding is about \$60 per ton.

Stewart said there will be a limit of two pens each assigned to breeders, and the sire pens are being assigned on a first-come, first-served basis. Campbell, manager of Sonora

Wool & Mohair Company will supervise the purchasing of feed and will use the funds necessary for the operation of the tests. The fee this year will be \$40 per ram, Stewart said.

Mrs. Bill Radle is in charge of the station boarding house, and cooperators attending weigh day, which is held monthly, may obtain the noon meal at the boarding house.

Episcopal And Presbyterian Churches Sponsor Church School

Two years ago, St. John's Episcopal Church and the Church of the Good Shepherd, Presbyterian began to operate a church school, with meetings held Wednesday afternoons.

When the school was first being considered, it was to be for the Episcopalian and Presbyterian children, but when it was established it was opened to all children.

"This school has been very successful in reaching out to children whose parents have established denominations preferences, but even more important, it has provided a source of christian education for children

whose parents are not directly connected with any church," said the Rev. Ray Nations, rector of St. John's.

Daniel Brown Here From Vietnam

Sgt. Daniel Brown, of the U. S. Army, has completed a one-year tour of duty in Vietnam. He will visit his parents, Mr. and Mrs. Pat Brown, for thirty days. He left for the United States September 8.

Also arriving next week, will be Sgt. Pat Brown, Jr. Sgt. Brown has completed four years of service in the U. S. Air Force. The last two years of duty were in Elmendorf Air Base in Alaska.

GRAND JURY TO MEET SEPTEMBER 24

The Grand Jury was scheduled to meet Tuesday, but was postponed until September 24, at 10 a. m.

Judge Charles Sherrill of Fort Stockton, opened the Fall Term of court in the county with a few civil cases on the docket. Judge Sherrill was here Tuesday to hear a divorce case filed at Ozona, and a case for adoption, along with other civil matters for his consideration.

SONORA HIGH SCHOOL'S FOOTBALL COACHES have had little rest this year due to the long season last year, plus the exciting experience of coaching the North-South All-Star game in the Astrodome at Houston, in early August. Head Coach Jerry Hopkins climaxed a successful year

by winning the All-Star game, after being selected as the underdog team in the play. Eager as usual, these outstanding coaches are anticipating a good year for the Broncos, and they are Grosse Mohler, Hopkins, Terry Phillips and Dennie Hays.

For Cook it was recognition long sought. As a sophomore he played sparingly on both offensive and defensive units for Coach John Bridgers. His passing abilities, as he recalls, were not suited to the dropback style used by Bridgers.

Last year as a junior he shared starting honors with Southall and Steve Stuart... with all three being sidelined at one time or another by injuries.

Cook was versatile, to say the least. As a passer he hit 12 of 59 for 535 yards and one touchdown. Shifted to tailback he carried the ball another 63 times for 232 yards and two touchdowns... and just to put frosting on the cake, he snagged a 69-yard touchdown pass against Georgia Tech.

Beall says that one of the biggest changes in Cook this year has been his competitive spirit. "Heretofore Laney was just another guy in the huddle... he would call the play... but he wasn't a take-charge guy. After having that good spring training he seemed to get his confidence back... and you couldn't ask for a better leader than he is now."

The 6-3, 200-pound psychology major is the son of Mr. and Mrs. Vernon Cook, and a grandson of Mrs. Beulah Cook and George D. Chalk. He was an outstanding SHS athlete.

Cook says he would rather run with the ball than pass. But, with Beall's offensive maneuvers, he does both, and it's up to the opposition to determine just which comes on any set play.

Cook went through Baylor's 0-10 record last year and the memory still burns bright. "We all have a lot to make up for. We've got to prove to ourselves, to our coaches and to our fans that we are a good football team," he said last week. "We think personnel-wise we're as good as anybody, but we are not as deep as some of the other teams. If we can get by without any bad injuries, we're going to show some folks that Baylor is back."

CHEERING THE JUNIOR HIGH FOOTBALL players on to victory in this year's play will be this group of excited young ladies. They are, kneeling, Ruthie Perez, daughter of Mr. and Mrs. Sam Perez; Rhonda Hopkins, head cheerleader and daughter of Mr. and Mrs. Jerry Hopkins and Marsha Finklea, daughter of Mr. and Mrs. Lawrence Finklea, Sheila Alexander, daughter of

Mr. and Mrs. James Alexander, is shown on the left, with Melinda Earwood, daughter of Mr. and Mrs. Armer Earwood, standing in the middle of the group. Margaret Black, daughter of Mr. and Mrs. W. T. Black, completes this group of six who will lend their efforts to encourage the players in their play.

Lawbreakers Scream "Repression" About Supremacy Of The Law

People do not always say what they mean, sometimes intentionally. For instance, there appears to be a deliberate attempt to place a disparaging label on the proven principle of our society. I have in mind the current practice of some who purposely complain of "repression" when they are talking about the supremacy of the law. Apparently to them, any law enforcement function is repressive.

I want to state emphatically and unequivocally that vigorous, effective law enforcement is not repressive; rather it is an integral part of a free society, and it is necessary to our survival. This becomes clearer with every violent demonstration. There can be no freedom and there can be no liberty without supremacy of the law. And we cannot have supremacy of the law unless the law is enforced.

Much of the talk of repression comes from those involved in or in sympathy with revolutionary violence on our campuses or in our streets. With blind enthusiasm for their diverse causes, they defy all authority, burn, loot and destroy property, and assault police with bricks, bottles, stones and sometimes firearms—all in the names of dissent.

The first amendment is explicit as to "the right of the people to peacefully assemble and to petition the government for a redress of grievances." This is a popular and cherished freedom, and rightfully so. PEACEFULLY is the key word of the above quote; however it is conveniently ignored by many persons who equate dissent with destruction.

A defiant militant, with a brick in one hand and a firebomb in the other, standing shoulder to shoulder with hundreds of similarly armed protestors, blocking city streets and silhouetted against a flaming public building, shouting that his right to dissent is being depressed is a picture of paradox. He may be making news, but he is perverting freedom.

There is nothing in the first amendment which guarantees people the right to riot and plunder as means of dissent. Invariably, when incidents and alterations occur during public dissent, the trouble is started by unpeaceful participants who knowingly and willingly break the law. Then, when the constitutional functions of enforcing the law and restoring the order are brought into play, the participants and their sympathizers scream "repression", a typical anarchic response. No one claims that members of law enforcement have never overreacted to physical and verbal assaults by rioters—one excess against another as it were. But, let us get one thing straight. Prompt, efficient law enforcement to stop rioting mobs and wanton destruction is not repression. It is a vital cog in our democratic process.

Some people imply that our choice today may be between anarchy and repression. Indeed, it is not. Our choice today is the same as that of our Founding Fathers some 200 years ago—liberty and freedom under the rule of law. If we enforce the law when it is violated, we will perpetuate this choice, and we will have nothing to fear from either anarchy or repression. Thus, let us make certain that the distinction is clear—the law and its enforcement are pillars of freedom, not repression.

— John Edgar Hoover

A Bishop Looks at Life Modern Idolatry

By Everett H. Jones Retired Bishop of the EPISCOPAL CHURCH

As sophisticated modern people we find it hard to believe that any group of people would worship a golden calf. (See Exodus 32) We are confident that we have outgrown all forms of idolatry.

But have we? Idolatry means giving a place of supremacy to something less than the highest and the best. (The object worshipped may be a good thing—but not good enough.) It means putting the finite in place of the infinite, the temporal in place of the eternal, the creature in place of the Creator.

Our most obvious forms of idolatry today are our worship of money and status and success. Also we are often blind to the inclusiveness of God's love and purpose and allow our concern to be limited to one class, or one nation, or one race.

The other modern idols are not quite so obvious but just as real. Here are some of them: There is the idol of fashion. We think it supremely important to dress a certain way at a certain time, and to change when the style changes. We must not only have a car that runs well, but it must be a recent model. There are fashions in the use of certain words and phrases, even in the expressions of certain religious or political ideas. And we often ostracize those who do not share our worship.

There is the idol of involvement—and the idol of non-involvement, each of which is valuable in its place. On one side are those who think life's meaning is in being on the march "where the action is", and on the other side are those who we call drop-outs, who place supreme value on passive enjoyment and detachment.

There is the idol of sex. In our rightful rejection of rigid Puritanism we have allowed the pendulum to swing so far that we now have a morbid obsession with the facts, the techniques and the perversions of one part of man's existence. We have taken a segment of life and magnified it out of all proportion. We have given it a status it cannot live up to.

This is the tragedy of all idolatry: a part is substituted for the whole, and we do not know worship, which is the recognition of true worth-ship, as the life-giving experience it can be.

SEPTEMBER 13, 1940
The largest shipment of wool to leave Sonora by train in 20 years was shipped last Saturday when the Santa Fe Railroad loaded 788,000 pounds of wool into 21 cars. This wool brought an average of 33¢ per pound, and was sold to Joe Blakney, representative of the Hallowell, Jones, and Donald Company of Boston. The draft was for \$259,000.

C. T. Jones and Company sold 920 lambs to the Coatman Company.

O. L. Richardson bought 2½ carloads of old ewes.

From "The Bronco":
WANT AD: Wanted one man. For information ask Doris Keene. P. S. Leon is leaving Sunday.

Sonora High School has something to really be proud of this year, and that is the new Stadium and Gridiron. The field is complete and the stadium will be finished for the first game. The stadium is some 75 feet long and 12 feet high. Be sure to come to the game Saturday and help fill up its 500 seats.

Louise Briscoe visited Helen Abbott in San Angelo over the weekend.

Mrs. Birdie Rutledge will leave for El Paso Saturday where she will open a restaurant. She will retain her interest in the Rutledge Cafe in Sonora, and Mrs. Mollie Muckleroy will manage it for her.

Junior Schwiening, son of Mr. and Mrs. Alfred Schwiening, will leave for Schreiner Institute about September 17.

SEPTEMBER 15, 1950
Two Sonora girls, Nancy Neill and Joy Maxey, were injured last Tuesday night when the pickup they were driving overturned 5 miles west of Sonora on the Ozona road.

The Sonora Broncos take on the Robert Lee Steers, 1949 district champions, in a season opener here tonight.

Ernest Stephen was presented a wristwatch Sunday morning in recognition of sixteen years of perfect Sunday School attendance. Stephen, a member of the Methodist Church, attended 29 different Sunday schools in three states to keep up the attendance record.

Harold Schwiening entertained the football team with a barbecue Tuesday night. He reports that coaches, in view of the present training schedule, allowed nothing but raw meat to be served.

Dr. and Mrs. C. F. Browne and Mr. and Mrs. Arner Earwood were hosts to members and guests of the Square Dance Club last Friday night.

SEPTEMBER 15, 1960
The Band Parents Club will serve supper at the concession stand at Bronco Stadium at the Sonora-Iraan game Friday night. Everyone is encouraged to eat supper at the stadium and help the club raise funds to finance the new band uniforms.

Sonora Lions raised a total of \$3,576.50 through their annual Auction Sale Tuesday night.

The Sonora Music Club held its first meeting of the year last week at the home of Mrs. G. H. Davis.

Game Warden Nolan W. Johnson this week reminded ranchmen that if they plan to lease their property for hunting this season they must take out shooting preserve licenses.

Classified ad NOTICE: If your nose runs, call your doctor. If your commode runs, call Gomer.

Pat McBride left this week for Los Angeles where he will enter the graduate school of the University of California at Los Angeles.

Mr. and Mrs. George H. (Jack) Neill left last Thursday for a six-week tour of Europe. 65 YEARS AGO

Mr. and Mrs. Carl Mayfield were in from their ranch near Juno Wednesday to attend the funeral of Mrs. Font Mayfield.

J. A. Allison was in from his ranch near Mayer Tuesday trading.

Russell Franks was in from the Bond ranch recently for supplies and herders.

Mr. and Mrs. Joe Ross were in from their ranch Tuesday shopping.

The firemen should practice up for the May celebration.

T. H. Luckie, the windmill man, left for Edwards county Wednesday where he has several windmill jobs.

It has been decided to have a grand reunion basket dinner and fine stock show on the occasion of the Governor's visit to Sonora on May 5 and 6. The dinner and show to be on the 6th.

"The rain follows the plow," and the prospect of the cotton gin at Sonora made the heavens weep more than two and three-fourths inches Thursday, Friday and Saturday. The rain guarantees grass and removes any doubts to range conditions.

W. J. Fields of the firm of J. D. Fields & Co., whose ranch adjoins Sonora on the southeast, was in Sonora Wednesday. He says the cotton gin proposition hits him full in the face, and they will put in probably 100 acres in cotton this year.

He Comes Out With A New Notion As The School Year Gets Underway

Editor's note: The Devil's River Philosopher on his bitter-weed ranch on the dry Devil's River looks at the situation as a new school year gets underway.

Dear editor:

With motorists alerted on the opening of public schools because of more children on the streets and the National Guard alerted on the opening of colleges, I settled back down out here on this bitterweed ranch to reflect on a couple of items I encountered yesterday.

One was a television interview with a college student and the other a speech I read by a college president.

The college student, who was 21, said he'd tried for four solid years to get his message across to the system, using everything from trying to swing elections to peaceful protest, but the system's faults still exist and he sees no choice but to use violence.

The college president said one answer to the school problem is to start kids in school at the age of 10. Said most kids are bored with the first few grades and they'd be better off if they didn't start till they were 10 years old, at which time they'd be in shape to learn some really solid stuff four times as fast as they could when they are only 6.

If you ask me, neither one is right. In the first place, if you want a real revolution, tell parents who are living for the day when their child gets 6 and can get out of the house and into school that he'll have to be underfoot for another four years. Ee-yuk!!!

No. The answer is to start children to school when they're 1 and let them finish when they're 10.

This would thus give them 11 years till they're 21, and any-

DOUBLE STAMPS WEDNESDAY WITH \$2.50 PURCHASE or MORE

WE SAY

"Thanks"

To all of you who have favored us with your considerations during our years in business in Sonora and Sutton County.

We have sold our Tip Top Package Store business to Jack Raye, with hopes that you will continue to support him equally as well.

Mr. & Mrs. Glynn Edmondson

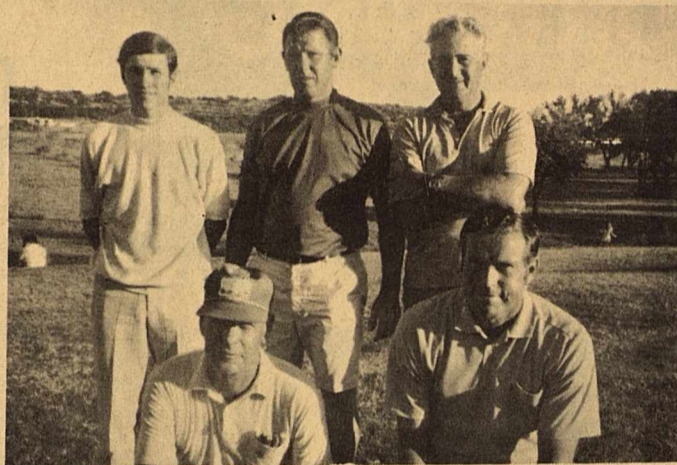

Green News

by Jo & Monica

Golfers at the Sonora Golf Club had a wonderful Labor Day weekend with much golf and loads of delicious fried chicken and other good food.

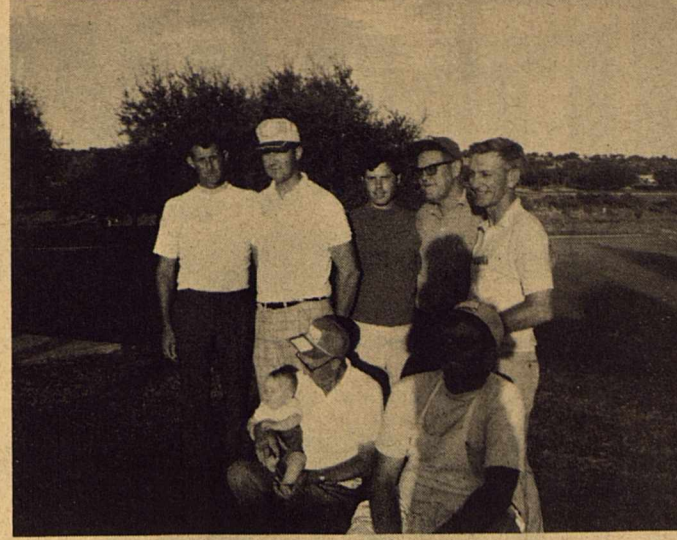

Sunday, J. W. Neville and Steve Thorp tied for Medalist Honors. After a grueling battle J. W. won the play off for medalist and also first place in the Championship Flight. George Johnson came in second and Steve Thorp won third. (Steve had to leave for college before trophies were awarded so Guggles accepted his trophy saying, "I taught him all he knows about golf".)

Other winners included: Dub Black, second and Norman Rousselot, third. First Flight: John Bell, first;

Those responsible for the delicious fried chicken, potatoes and onion rings were L. P. Bloodworth, Kyle Donaldson, Milton Cavaness, James Alexander, Hix Hall, W. B. McMillan and J. D. Cook.

Second Flight: Whiskey Hill, first; Robert Vemor, second and Cullen Luttrell, third. Third Flight: Kyle Donaldson, first; Jake Billingsley, second and Bob Teaff, third. Fourth Flight: Ben Cooper, first; Stanley Mayfield, second and Louie Trainer, third. There were 56 players in the men's tournament.

In the Ladies Point System Handicap Tournament, 19 players participated. First place winners were Peggy Trainer, Peggy Elliott and Ann Herrmann. Second place winners were Jane Cavaness, Marilyn Bloodworth and Peggy Elliott. Third place winners were Lucille McMillan, Martha Black and Elaine Donaldson.

-GN-

Sunday, Dorothy Ratliff had her share of trouble. Half way between Eldorado and Sonora, her car "broke down". She walked a mile to a telephone - called Carol for help. He brought her to the golf course. After teasing off No. 8, the foot pedal on her cart hung and golf cart "scooted". While attempting to stop it, the cart knocked her to the ground putting knots and bruises on her leg and spraining her hand. She continued her golfing, reminding her golfing team (Lou and Jo) that it didn't hurt!

Was so good having Elaine Donaldson, Wilma Friend, Peggy Sharp and Betty Stewart playing again. These golfers play "seldom" but really score good. Houston Powers was all ready to tee-off Monday. He screamed in protest when he found out the "age limit" for the tournament. Was great having the Jake Billingsleys, Ray Nations, J. F. Howells, Bob Vicars, Gil Trainers - and others too numerous to name.

F. Howells, Bob Vicars, Gil Trainers - and others too numerous to name.

HOSPITAL NEWS

Patients receiving treatment at Hudspeth Memorial Hospital during the period from Tuesday, September 1, through Monday, September 7, include the following:

Boy's Ranch Schedules Roping Event

West Texas Boy's Ranch will hold their 2nd annual Team Roping and Calf Roping Saturday, September 26 at the Boys Ranch Arena.

Ropers will compete for 2 go-rounds and the average. The roping will start at 3 p.m. and a barbecue supper, at \$1 per plate, will be held at 6:30 p.m. A band from Tuscola, the Bluegrass Kinfolk will entertain during the barbecue. The second go-rounds will follow the barbecue. Announcer will be Ezra Trotter of Barnhart.

Entry fees in the team roping will be \$36 a team and \$36 for the calf roping. A gate ad-

mission of \$1 for adults and 50¢ for children 12 years of age and under will be charged. This charge includes ropers.

cont. from page 1

One reason for the success of the school is that the teaching materials are completely scripture-centered with no denominational bias, the Rev. Mr. Nations added. The school is using the covenant life series of books which provide a balanced teaching guide in two year course. The ecumenical nature of the Wednesday Church school is apparent in the teaching staff which is drawn from several of the churches here, he explained.

There were approximately 70 children enrolled last year and it is hoped that the number will increase this year. A pre-registration letter will be sent out to the parents of all of the children who were enrolled last year, but pre-registration is not necessary. For further information, interested persons should contact one of the rectors of the sponsoring churches.

The school will open September 30, and schedule of classes is as follows:

The nursery class (ages 3 and 4), and Kindergarten class (ages 5 and 6-not in school) will meet at the Church of the Good Shepherd at 11:30 a.m.

The first and second age group will meet at 3 p.m. at the Church of the Good Shepherd. Grades three and four, and grades five and six classes will meet in the Parish Hall of St. John's Episcopal Church at 4 p.m.

Transportation will be provided for the children from school to the respective churches, and each of the classes will have light refreshments before classes begin, the Rev. Mr. Nations said.

★ ★ ★ ★
The relation of House committees and their chairmen to the success of President Nixon's programs cannot be underestimated: Congressional committee chairmen have the power of life and death over legislation, and if more House Committees were controlled by Conservatives, much of the President's legislation that is now bogged down would come to the floor for a vote.

The Americans For Constitutional Action rating of all the present Democratic committee chairmen is 26.5 percent, while the ranking Republicans of all the House committees have an average Conservative rating of 77 percent. Were the Republicans to take control of the House, the Conservatism of the committee chairmen would be three times greater.

This vital fact is apparently lost on O. C. Fisher, because for 28 years he has consistently voted to keep the House Liberals in power. If the trend toward big government and bigger spending is to be stopped, we must return control of the House to Conservatives.

Pd. Pol. Adv., Gill-For-Congress Comm., Dale Dorn, Chmn.

ARMY STAFF SERGEANT LLOYD J. BROWN, 19th General Support Group Special Services non-commissioned officer, sets up mikes to be used by the New Christy Minstrels in their stage show at Camp Henry, Taegu, Korea. When a major U.S. entertainment group travels overseas to perform before servicemen, there

is a great deal of local activity involved in the preparation and support for the group. Sergeant Brown, son of Mr. and Mrs. Jack H. Raye, arrived in Korea in April. He assisted and supervised a crew of KORSOOM personnel with the stage equipment required by the performers.

CARD OF THANKS

We deeply appreciated the cards, flowers, and the many expressions of your concern at the loss of my father, Jim Ivy, of Utopia. Our sincere thanks to each of you.

Savings Bonds Interest Rate Climbs To 5 1/2%

George H. Neill, Sutton County Chairman for U.S. Savings Bonds, reports that the 1/2 percent bonus approved by President Nixon means that Savings Bonds owners can realize 5 1/2 percent annual interest on their holdings. "The bonus applies both to bonds purchased on and after June 1, 1970 and those bought before, and still outstanding. There'll be no need to redeem any bonds to benefit from the new rate. Now, more than ever before, it pays to buy and hold onto your bonds. The increase is a real boon", Neill said.

He noted that bonds are like good friends of the family to people in Sutton County. They're present at milestone occasions. You'll find them given at births and christenings. Through the Payroll Savings and Bond-A-Month Plans they are accumulated to help pay for events important in family life—educations, new homes and autos, weddings, vacations, and eventually, retirement. Bonds are friends in need during unexpected family emergencies.

Neill also pointed out that Federal funds for protecting our environment, and for developing recreation areas are bolstered through the purchase of Savings Bonds.

"Savings Bonds are the best way most of us have to help our country, our neighbors and ourselves— all at the same time. The higher interest rate, by making Bonds an even more valuable part of our personal financial security, will encourage more people to buy Bonds or to increase their holdings.

"The interest should be a fine inducement to our Future Farmers, 4-H Clubbers, and other young people who haven't yet begun to save for their futures with savings bonds," Neill said.

Accent On Health

Fall starts another cycle. Colored leaves, a crisp nip in the air, and shorter spans of sunlight. A good time to get prepared to keep healthy through a chilly winter season.

September, the beginning of another school year, is a smart time for annual medical checkups for children—and their parents. If doctors are overly busy at this time of year, set aside a regular time—like a birthday—for an annual checkup.

Having a thorough checkup should include getting a tuberculin test. Children should be tested every year if they are tuberculin negative—that is, if they show no evidence of infection by the TB germ. If there is a known risk of infection, they should be tested more often. In many schools across the country, children are tuberculin tested when they enter the first grade and again in the eighth, ninth, or tenth grades. But annual checkups can detect an infection or disease, and drugs can even prevent the disease from developing.

Adults should be tested at least once. Ideally, tuberculin negative persons should be tested annually, but many physicians test less often unless there is known special risk. There are a variety of tests that can be used to detect TB. Most of them can be administered easily and rapidly. Results can be available in a few days.

Tuberculin testing is an important part of any checkup. If all persons who have active TB or a tuberculous infection could be found and treated, there would eventually be no new, active TB cases.

For more information about tuberculin tests, check with your local tuberculosis and respiratory disease association. It's a matter of life and breath.

NOTICE
Bronco Booster Club will meet at 7:30 PM each THURSDAY in the school cafeteria.

The Touch Calling phone: instead of "Clickclickclickclickclickclick" it goes "Beepboopbeepboopbeepboop."

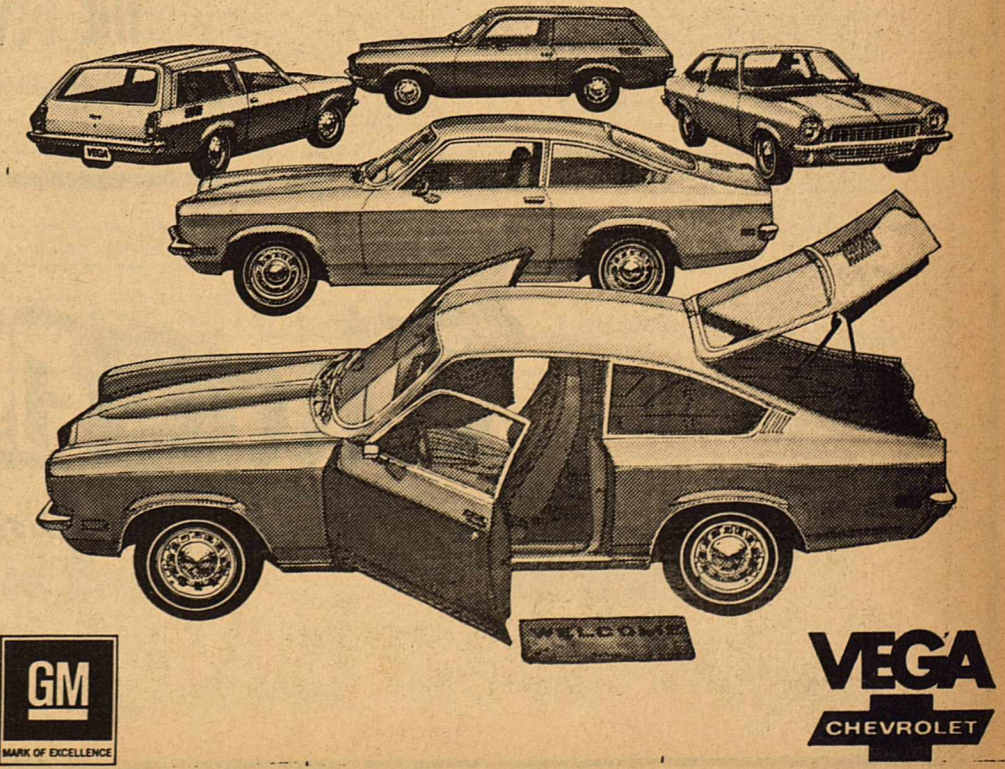

It's not only musical, it's faster, too. Punch the buttons—"Beepboopbeep, etc."—and you dial your number in about half the time. Put a Touch Calling phone in your house. You could make beautiful music together.

General Telephone

CHEVY'S NEW LITTLE CAR IS OPEN FOR BUSINESS.

We call it Vega. We also call it "the little car that does everything well." Because it does. Everything? Everything. Vega moves well, stops well, steers well, rides well, handles well, responds well, passes well, travels well, parks well, wears well, and is priced well under what you'd expect to pay for such a talented little car. In our highway tests, Vega has been getting gas mileage in the neighborhood of the little imports, which isn't a bad neighborhood. Yet unlike your average little car, ours steps right out when you step on the gas. The engine is a specially designed overhead cam four with a lightweight aluminum alloy block. It turns slowly and quietly at turnpike speeds, with power to spare. Disc brakes are standard in the front. So are bucket seats, except on the truck. How we doing so far? Numbers speak louder than words. The wheelbase is 97 inches. Total length is just under 170 inches, or nearly four feet shorter than a full-size Chevrolet.

Height of the coupe is just 50 inches, nine inches lower than the leading import. Width: a nice stable 5 1/2 feet. Weight: 2,190 lbs. for the sedan. Engine displacement: 140 cubic inches. Fuel economy: about 25 mpg, with the standard engine and transmission, in our highway tests. Horsepower: 90. You can order 110, (80 and 93 hp, SAE Net.) Seating capacity: 4 adults. What it all adds up to is a lot of little car. Three cars and a truck. Vega turned out so well that we couldn't turn out just one. So we're turning out four: the sporty little hatchback coupe shown open and closed in the foreground below; the sedan, on the right; the Kammback wagon, on the left; and the little panel truck, in the rear. Oh, and a special GT version of the coupe and wagon which we'll show you later on. September 10th is Opening Day. All 6,300 Chevrolet dealers are handling Vega, so you shouldn't have to go very far to see and drive one. Chevy's new little car is open for business. Look into it.

SONORA vs COAHOMA

BRONCOS BULLDOGS

FRIDAY, SEPTEMBER 11
8:00 P.M.
COAHOMA STADIUM

BACK THE BRONCOS
ATTEND ALL THE GAMES

BOB SNODGRASS keeps a close watch on the Bronco players and Iraan Braves when they met last Friday for scrimmage play at Bronco stadium. The powerful offense of the Sonora team showed up well with nine touchdowns.

Bronco defensive players held the Braves to one touchdown. The Broncos travel to Coahoma Friday night for the opening game of the 1970 season. Coahoma is a AA ball club.

Former Teachers Hold Reunion

The home of Mr. and Mrs. S. M. Loeffler became the gathering place some years ago for a number of teachers in the Sonora School District. In the years that followed the moving on of these teachers, they still enjoy getting together once a year and selected Brownwood as their meeting place. According to members of the group Sonora is still the "topic of conversation".

Mr. and Mrs. S. M. Loeffler and Mrs. James Wilson have returned from another such meeting held in Brownwood at the State Park.

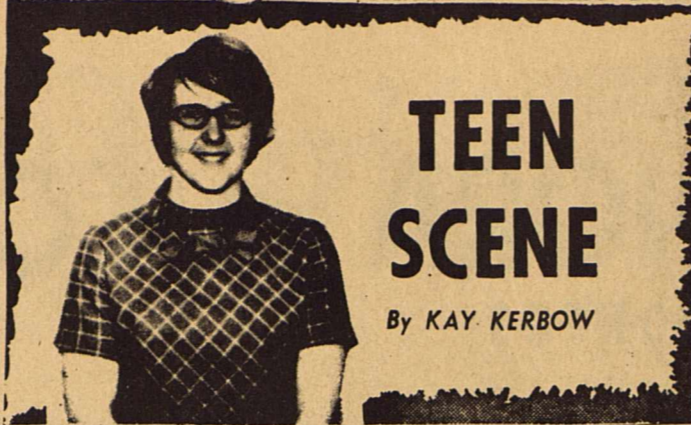

Among those former teachers and friends who attended this reunion were Mr. and Mrs. Tom Parnell of Wichita Falls. Mrs. Parnell is the former Miss Ura Mae Haggard who taught in the elementary school.

Mr. and Mrs. J. A. Britt of Abilene attended the meeting along with their daughter and son-in-law, Mr. and Mrs. Mike Thomason of Wichita Falls. Mrs. Britt was a teacher at L. W. Elliott and the former, Miss Ruby Haggard.

Mrs. Keith James and her mother Mrs. Henderson of Hamilton and Mr. and Mrs. Bob Knott and Rachael of Midland were also in attendance. Mrs. James is the former, Miss Katherine Henderson, a high school teacher; Mrs. Knott, formerly Miss Dessie Parsons of the AAA office, and Mr. Knott was employed with the Atlantic Seismograph Company while in Sonora. Mrs. Wilson is the former Miss Charlotte Kavanaugh, who still maintains her position as a teacher in Sonora High School.

NEW ARRIVALS

Mr. and Mrs. Millard Truly are parents of twin boys born September 2 in Eldorado Hospital. They weighed 5 pounds 8 ounces and 6 pounds 3 ounces. Maternal grandparents are Mr. and Mrs. Clyde Bricker.

TEEN SCENE

By KAY KERBOW

The long awaited football season is here! The Broncos play Coahoma, a AA team, at Coahoma tomorrow night with kick-off time at 8 p. m. Not only an air of anticipation but also a cloud of tension hangs over Sonora High as the week progresses and brings Friday a day nearer.

All of the customary actions accompany this first game of 1970 season. Signs are hung, preparations are being made for the pep rally, and the band is getting ready for their debut. Classes are loud and students are nervous, as well as spirits running high.

All these symptoms of football fever are outward and visible, but the most important ones are not. The feeling inside the boys as the game approaches, the little knots in their stomachs, and the restlessness which go hand in hand with the first game cannot be seen, only felt.

Wondering about the outcome can't be helped. Oh, sure, we'll win; we're Broncos and Broncos always win. The thought goes over and over in our minds, but in one corner of one's mind, there's a little doubt which one hurriedly pushes out of one's mind, and tries to forget—and almost succeeds.

The cheerleaders hold more practices to polish up their yells as does the band to perfect their halftime show. Teachers try to come up with ways to keep students quiet and occupied throughout class, which is no easy task!

Finally, the last bell of the first football Friday rings and everyone goes hurriedly to the pep rally. The band is playing loudly as the students rush in to find a seat. Spirit is high and the yells are loud as the students wish the Broncos good luck. Afterward, everyone goes home to wait impatiently for the ride to Coahoma.

What a hectic week! Class officers have been elected but not before many run-offs decided the outcome. Secret ballots were used this year, a practice not used in a long while. Nominations were made by the various classes, ballots were made, and sent to each class where one marked his preference.

The seniors chose Trouba Teaff to be president of the class with Paul Fimhaber as her vice president. Missy Brown was voted secretary and Carol Hardgrave was given the nod as treasurer. Kay Kerbow and Kerry Joy will represent

the class of 1971 in the student council.

The junior's president is Rick Hill with their vice president being Gene Trainer. Marilyn Morgan and June Alexander will serve as secretary and treasurer, respectively. Matt Davenport and Cyndy Hopkins will be student council representatives of the junior class.

Presiding over the sophomore class will be Wade Richardson, with Teddy Coker filling in as his vice president. Sarah Allison was elected as secretary and Terry Mitchell will handle the treasurer's job. Sophomore student council representative will be Glenna Chadwick and Mark Rousselot.

The class of '74 chose Larry Cade to preside with Bruce Kerbow filling in during his absence. Ella Hollmig and Ruthie Wallace will serve in the capacities of secretary and treasurer. Freshmen student council representatives are Molly Sawyer and David Wallace.

The Girls' Athletic Association met to elect officers and organize for the upcoming year. Kay Kerbow was elected to the presidency by popular vote. Cyndy Hopkins will handle the secretarial job, while Sarah Allison will hold down the position of treasurer.

On behalf of the football team, SHS and Sonora, I would like to invite each and every one of you to the football game. A team plays better when it knows that everyone is behind it, so see ya in Coahoma!!

*No 7th Grade Game.

February 28, 1854 marked the date of the organization of the Republican Party.

Ant And Grasshopper Control

Ants have been very busy lately, storing food for the winter months when food will be scarce. By contrast, the Grasshoppers have been content to just eat what was available, storing nothing for winter.

Therefore, ants need little control, and the way to change the grasshopper is to let him know that the Saunders Garden, next to the football field, now

has Okra for storing in the freezer for winter. The price is only \$2.50 for 10 pounds. They also have tomatoes, peppers, tumip greens, radishes, green onions, cucumbers. Are you an Ant or a Grasshopper? ADV.

Spain did not acknowledge the independence of the United States until 1873.

If you've been saving to buy gas heating, here's help:

If you're like most homeowners in this area, sooner or later you'll probably buy gas central heating.

After all, it costs less to operate. It circulates fresh, warm air in every corner of your home. And a simple construction gives it a long trouble-free life.

So, why not buy gas heating now? And get a 15% discount. (We'll give you a 25% discount if you buy yours with a chiller coil that makes gas air conditioning easier to install.) In short, save a lot of money now at Lone Star Gas or any participating gas heating dealer.

what's in a NAME?

People ask for brand-name products because they have become known for dependability and service through the years. These names assure us of quality.

We, too, are known by our names. Mention of John Smith immediately inspires a positive or negative reaction, depending upon the man's reputation. A good name is indeed our most priceless, yet most perishable, possession.

Day in and day out, our thoughts, words and actions must be on the side of goodness, for it is today which determines tomorrow's past — for good or for bad.

If we could only perform each act and utter each word as if they were our last, those by which we would be remembered, then how great would be the significance of our names!

In this confused era where better can we turn for guidance and help than to the Church? Here we will discover the teachings of Christ — the most hallowed name of all.
