Something new added to the Bronco Band this year is the flag girls. These eight young band members give that little something special to the band's performance on the field. Pictured are Susan King, Patti Merrill, Carol Brandon, Hillary Hunt, Loraine Creek, Denise Neal, Abby Sanchez and Jane Wallace.

Screwworms Continue

The screwworm problem continues to worsen with a record number of cases being confirmed in Sutton County during the past week.

Ranchers are being encouraged to report all cases of worms to assist the screwworm contact officials in concentrating sterile fly drops in areas of greatest need and to aid them in planning future screwworm eradication efforts.

All branding, ear-tagging, marketing and other surgical operations should be postponed until after frost to minimize the chances of screwworm infestations.

Baby calves, rams and Angora bucks should be checked for screwworms daily and all classes of livestock should be checked regularly to help control screwworms. A regular spraying schedule for all livestock should also be followed.

Services Held For Mrs. D. Stites

preceded her in death in 1950. One daughter, Annella Stites, also preceded her in death.

Pallbearers were Lea Allison, Robert Allison of Paris, Donald Allison of San Angelo, Harold Schwiening, Jr., Jim Bob McDermott of Houston, Jack McDermott of New Orleans, La., and Dr. C.F. Browne.

Broncos Lose 7-6

J. V. Continues Winning Streak

By Don Holdridge
A tie game may be like kissing your sister, but the Sonora Broncos would have probably been happy to settle for a knotted score as Burnet knocked the Broncos from the ranks of the unbeaten, 7-6. The Broncos' only score came after stopping the Bulldogs on fourth and

Fling Ding Elects Officers

The annual meeting of the Fling Ding Club was held October 5 with Jackie Sharp elected president. Named vice president was Harold Schwiening, Jr., with Mrs. Marie Aldwell named as secretary of the association. The directors met Oct-12 to plan the 1977 Fling Ding dance.

one on the Sonora 32-yard line.

Most yardage on the 68-yard drive came on a long pass and run from John Elliott to Craig Parker and a 17-yard scamper by Johnny Creek that carried the ball to the Burnet one-yard line.

On his second attempt Elliott dove across the scoring stripe with two minutes left in the third quarter to pull the Broncos within one point.

Elliott bobbled the snap from center on the PAT giving Bill Allen just enough time to break through and block John David Cook's kick. Burnet's only score came with five minutes left in the first half.

The Bulldogs started on the Sonora 30-yard line after Elliott miraculously

got off a short punt on an errant snap.

Burnet's super fullback, Doak Fields, churned out most of the yardage with halfback Dean Crow bursting for the final two yards.

Lyndel Ship's crucial kick was good and the Bulldogs had all the points they needed.

The Bronco offense, sluggish throughout the first half because of poor field position and penalties at critical times, appeared to have gained momentum in the fourth quarter.

The Broncos moved within 25 yards of the end zone, but Keith Shelley picked off an Elliott pass with two minutes left to squelch any Sonora scoring chances.

The Red and White will

be off tomorrow night and will have an extra week to regroup before traveling to meet the perennially tough Alpine Bucks Oct. 22.

By Bob Granger
The Sonora Bronco J.V. took a giant step toward an undefeated season Thursday night in Kerrville as they romped past the Tivy J.V. Antlers of Kerrville by a score of 26-7.

The Broncos displayed another granite rock defensive performance that allowed only 96 yards rushing and unleashed another outstanding

ground game that churned out 337 yards for the night. Tailback Jimmy Waters led the ground attack as the big tailback romped for 229 yards.

Kerrville struck first in the contest as the Broncos were a little hit sluggish in the first quarter. After getting the ball on the Bronco 44 yard line the Antlers ground out a play drive with 2 fourth down plays to score on the Bronco J.V. Facing a fourth down on the Bronco 25 yard line, Antler QB. David Garza lofted a pass over the Bronco secondary and found Bart Kaiser in the clear for a Tivy touchdown. Ray Holliman added the PAT to put the Broncos behind for the first time this year with 7:28 left in the first quarter.

With 6:49 left in the first quarter, Kerrville recovered a Bronco fumble on the Bronco 45 yard line. Eleven plays later the Bronco defense rose to the occasion and stopped the Antlers on a fourth down play on the Bronco 25. On the second play, Waters broke thru the left side and rambled 75 yards for a Bronco touchdown with 1:24 left in the first quarter. Waters added a two point conversion to

send the Broncos ahead 8-7.

Midway thru the second quarter, the Broncos put together a 38 yard drive to add their second TD. On

the eighth play of the drive, Waters bolted in from 18 yards out with 5:08 remaining in the 2nd quarter. Quarterback R. B. Alexander tried to find a receiver for the conversion but had to settle for six points and the Broncos led 14-7.

With 2:25 left in the half, the Broncos started another drive and took six plays to drive to the Kerrville six yard line. With 18 seconds left in the half, Waters took a pitchout from Alexander and raced around his left end to extend the Bronco lead to 20-7. The Broncos were unable to add the PAT and left the field at halftime leading 20-7.

Early in the fourth quarter, the Broncos put the game out of reach as they ground out a 66 yard drive climaxed by a 11 yard scoring pass from quarterback Benny Granger to end Bruce Phillips. Bautista tried to add the PAT but failed as the ball sailed wide of the goal. The Antlers never ser-

iously threatened after their first score as the Bronco defense completely smothered the hosts. Late in the game, the Antlers completed a 33 yard halfback pass to the Bronco 24 but the Bronco defense stiffened and stalled the drive.

Vikings Remain Unbeaten

The Vikings remain unbeaten in the Youth Football League after defeating the Cowboys Monday night by a score of 16-0.

Court Dismisses Equalization Board

County Commissioners met in a short meeting Monday morning to approve the final minutes of the Board of Equalization that valued oil and gas properties in the county at \$39,000,000. The board was discharged by the commissioners.

Bills payable were approved as was the Justice of the Peace report which showed fines of \$7,140.85 collected for the month. The State of Texas

received \$552 from the J.P.'s office which indicates the \$2.50 required by the state on each fine collected.

Commissioners gave minor attention to the \$10,000 appropriated by them for use at the Community Park.

The jailer's report was read and approved with \$43.50 in monies reported.

In a special meeting of the court held in September, information was ap-

proved and sent to the Bureau of Census in Washington D.C. to investigate a new census for the county. Enclosed in the request was city and county maps. Judge J.W. Elliott expects the census to begin in a matter of weeks.

Commissioners attending the meeting were Preston Love, Elba Adams, Philip Jacoby and Bill Wade.

Fred Campbell's Wool and Mohair Report

Reports from Australia indicate the finer Merino wool is beginning to sell on a stronger basis than the coarser types which have been in such demand. Prices paid at Australian auctions for all types are now the highest in two years. Demand is keenest from Japan and Europe. Britain is at a disadvantage because of the weakness of their currency. It is reported that a substantial portion of U.S. consumption is now foreign wool and very little of domestic production is being exported.

We have observed more inquiry this past week. It seems the remaining inventory is very limited and very shortly will be gone. We have sold about 50,000 pounds of lamb wool this week at prices of 78c for blackface lamb, 83c for average and 85c for choice fall lambs. Mohair buyers came alive after the sale in Port El abeth when the big drop in their action October 5 failed to materialize. Reports are that the auction opened sluggishly and prices dropped 2 to 5 percent, but as the sale progressed, prices regained the levels of the auction two weeks ago. To us this indicates a steady market with 300 adults forming the basis of our market. This should give growers a chance to sell the remainder of the fall clip at this level. We have sold virtually the balance of our mohair to be delivered in two weeks at the following prices: Fall kid, 4.52; Fall yearling, 3.75 for choice, 3.65 for average and 3.25 for low fall yearling; 3.25 for choice Fall adult, and 3.00 for average fall adult.

Beneath the clouds of an approaching norther the Sonora Broncos swept past the highly-touted Rankin Red Devils 28-14. Mrs. Lem Eril Johnson has announced the engagement and approaching marriage of her daughter, Jessie Lem to Jack David Wardlaw. Approval has been given for four-lane status on Interstate Highway 10 throughout Sutton County. From Green News: Eulah Newell was out Sunday afternoon visiting with the golfers. She probably heard enough bull to last a lifetime.

everything Eldorado could throw at them, and came back to Sonora with a one-sided 26-0 victory. The Rev. Stanley F. Hauser, minister of St. John's Episcopal Church, was ordained to the priesthood in a ceremony held in Menard last Thursday.

When The Great Debates End In Tie; Go Into Over-time

Editor's note: The Devil's River Philosopher on his bitterweed ranch on The Dry Devil's River has an idea for the Great Debates this week.

Dear editor:
I listened to the Great Debate the first go-round between President Ford and Governor Carter and when I couldn't tell who won I got hold of all the newspapers I could to see what the columnists had to say and also I listened to the television commentators, and as best I can tell nobody won, it was a tie.

So it seems to me the League of Women Voters, sponsor of the debates, ought to change the rules a little. In case of a tie, just as in professional football, they ought to go into over-time. If after 90 minutes nobody has won, stop for three minutes for the candidates to catch their breath and try to recall their memorized answers and to give the listeners across the nation time to get to the refrigerator and back. Then go for 15 minutes more. If at that point nobody has scored, go another 15 minutes. Then if necessary another and another etc.

You realize of course the debates might go on all night. If by daylight nobody has won, give the championship to the Dallas Cowboys. Changing the subject, like a politician does when he doesn't know the answer either, I under-

Example:
Why you pay only 8½¢ more for gas when we have to pay 10¢ more.

The dime is simply a nice, round figure to use in discussing gas cost adjustments — a subject that you and we talk about with no happiness on either side.

The 8½¢ is 85% of 10¢. And we're allowed to charge you only 85% of any increase in the price we have to pay for natural gas over the base price set by the Texas Railroad Commission.*

Temporarily, the other 1½¢ (or 15%) is coming out of Lone Star's pocket. We say temporarily for good reasons.

The losses have been staggering... in just one year, ending July 1, 1976, they have increased to \$13,500,000!

The other side of the coin.

These unrecovered gas costs are actually threatening our ability to provide the long-range, reliable service you expect.

Highly competitive bidding on new gas reserves by many companies keeps raising the price of gas. Our option is to pay the higher prices or *not* replace the gas you use each year.

For example, because of our seriously declining profits, we sold much more gas in 1974 and 1975 than we added. We are *still* eating into our gas reserves.

Our unrecovered gas costs *must* be recovered if we are to compete successfully for new gas supplies, meet our steadily increasing operating costs, and provide you a secure energy future when our *existing* gas reserves have been depleted.

Ask any merchant. If he can't afford to replace the merchandise he sells, he can't expect to stay in business.

*Railroad Commission Docket #588, July 1, 1975

She Delights in Memories

(Editor's note: The following is a reprint from Christian Reflections, a publication of the Johnson Street Church of Christ in San Angelo. It reflects the image of Mrs. Ada Eaton, mother of Sonoran John Eaton)

When someone has committed himself to remembering the things that really last, then not even age can dim the appreciation for an everlasting God. At 106 years of age, I have found Ada Eaton to be that kind of person. She symbolizes the words of Solomon in the closing 12th chapter of Ecclesiastes: "Remember also your Creator in the days of your youth, before the evil days come and the years draw near when you will say, 'I have no delight in them.'"

This gracious lady is limited in many ways...at age 106 who wouldn't be? Solomon is right. Age no longer delights in the easier moments of youthful days. Mobility is lessened. Hearing, eyesight, and taste are no longer the strong senses they once were. Yet, Ada Eaton sits on her comfortable screened-in porch, day after day, her hands slowly shelling beans from pods brought to her from a nearby garden. "It keeps my mind alert," she said as she searched my eyes for agreement. Surrounding her on the porch and inside the strong, cozy rock house built on an original homestead years ago, are pictures, knick-knacks, potted plants, and old early-era farm implements, hung like antiques on the walls. Ada Eaton is content though none would presume that she is free of discomfort. She is most lovingly served by her daughter, Bertha, who is quite a story in her own right. But the final chapter being written in the lives of Ada and Bertha is a joyful testimony to what they can still remember... their Creator. May God continue His blessing on them, and through each of us, may He find in us a readiness to bless them with attentive care. -WEY

Elementary School News

It is that time again for our youngsters to put on their warm clothes to fight off the morning chill. With the coming of these chilly mornings also brings the school a new set of problems which we need your help to solve. If each parent would mark their jacket it would help us get the jacket back to the proper owner, if it is left here or turned into the office. It is amazing how many red jackets are misplaced during the day. Your help with this matter would be greatly appreciated.

Third level classes are involved in a number of learning activities. One of the most interesting activities is the Friday morning controlled reading. This is a filmstrip with controlled sequencing of words and sentences. It is used to promote proper eye move- ments for slower readers and to develop speed and comprehension in all lev- els. Some groups have already begun the SRA Lab, a self-teaching instru- ment which is designed so that each child can read at his own rate and level.

Social Studies work has been centered around map skill study and the coming election. Two rooms have held mock presidential elections.
 Art work recently brought out some delight- ful and interesting favorite recipes. These were post- ed in the hall for all to enjoy.

The fourth grade Science classes have been studying the gases in the air. Mrs. Brown's class enjoyed making carbon dioxide by mixing baking soda and vinegar. Then they investigated several of its uses. The one enjoyed most was using it to extinguish a lighted candle inside an open jar. Fire extinguishers and extinguishing kitchen fires was also discussed.

The first weeks of school the fifth level students applied their past famil- iarities with English as a basis for active participa- tion in new language experiences. Students or- ganized, wrote and edited their own magazine which consisted of articles, poems, cooking recipes, jokes and puzzles. Be- sides the routine spelling word list, students have written captions for pic- tures, using their imagina- tions, thank you notes and creative stories.

The major goal of this years reading program is to increase reading skills and to stimulate desires to read.

Students have learned about the six social scientists in order to learn the changes in our society and forces that cause these changes. Presently students are studying the early North America In- dian cultures.

Science experiments have lead students to an understanding of atoms, their combinations and mixtures. Within students first brief introductions to chemistry, they have learned to combine sym- bols of elements in compounds by using for- mulas.

Fifth graders continue to develop their "five motor skills" of printing and writing as they make posters and write papers for penmanship grades.
 The goal of the Physical

Education Class as well as the other classes at Sonora Elementary, is the de- velopment of the total child. Physical Education has a valid place in developing the total child. A child is not born knowing how to jump rope, run correctly, catch a ball, or countless other skills we as adults take for granted. We attempt to install confidence in the childs ability to perform

these simple skills.
 The elementary physical education program at- tempts to aid in the development of overall coordination, balance and development of the major muscle groups thru the use of chase games, simple toss games and rhythmic activities. Some of the students favorite games are Cat and Rat, Hot Potato, Flying Dutch- man and of course our famous Hokey Pokey.

Sonora Minister Speaks

We live in hectic times, and are sometimes called upon to make important decisions on short notice. Unless we deliberately make time for ourselves, when we can sort out priorities and assess values, there is danger that we not only might make very unwise choices, but that we might find ourselves breaking because of the pressures. At least two things are necessary if we are to avoid this kind of failure; some time set aside for reflection, and the realization that God has the last say in life. I believe the

following lines speak to that need, and the possibility of meeting the need.

'Be still, and know that I am God'. How much the heart of man has need to hear the voice Of prophet ringing clear again. Times such As these demand we make a clear eyed choice.

We need the stillness, so that spirits rushed By daily tasks may drink anew the power

That comes when clamoring human wants are hushed, And God speaks to our hearts a silent hour.

We need the strength that comes from knowing all

Is in God's hand. He stands outside the door, And if we listen with our hearts His call

Will fill our lives with peace unknown before. May your life be enriched this day, as you take time to listen, hear, and heed.

Shuffle cards, place the deck face down, remove the top half and ask someone to check the first card on the bottom half. Return the top half. Have the person who checked the cards cut the cards and turn each one face up saying which card is the "secret" one. You can tell if he tells the truth.

This is one of the many magic tricks found on new Dixie Magic Tricks Cups for Kids. It's done by turning the top half slightly as you take it off, so you can see the bottom card. The "secret" card will always follow this, no matter how often the cards are cut.

Colts

Win One, Lose One

The seventh grade Colts' winning streak came abruptly to an end last Thursday in Rankin. The Colts' missed two extra point tries and lost by a slim 14-12 margin to a team they beat in their first game of the season.

Ponciano Castillo scored both Colt touchdowns and Allen Stewart had a good offensive game. Hector Samaniego was the defensive standout.

8th Grade Colts

The Rankin Devils' got a fiery blast from the eighth grade Colts as the Colts again beat their hosts by a 18-6 margin. Steve Chandler scored twice for the Little Hosses as he swept right end. Johnny Doan added the final score on a counter play. Cades Pope played an excellent defensive game as he led the team in holding Rankin to only one score.

Both Colt teams will play Ozona in Ozona today in games beginning with a seventh grade game.

To the Citizens of Sutton County ----

I hope to be your Sheriff-Tax Assessor/Collector for another term after the November 2 General Election.

The added trouble of writing in Pryce Taylor, in the write-in column on the General Election ballot could be compensated for by electing a Sheriff who knows the people, all the time, and is willing and available at any time.

Your one vote could elect a Sheriff who knows the value of the taxpayers' dollar, and the needs of the people.

I don't want a position!
I want a job!
