## Governor Tells Carter HEW Plan Stinks

Texans, not Washington bureaucrats, know their state's health care needs, Governor Dolph Briscoe said last week as he criticized proposed National Guidelines for Health Planning.

"Arbitrary formulas maintaining, in essence, that health care needs are the same in rural areas in Texas as they are in New York are foolish and unfounded in fact or logic," the Governor said. "I will continue to fight for a more appropriate federal health policy."

"Washington officials need to realize that those persons who must cope with problems on a daily basis, are the ones who should be involved in the decision-making process," Briscoe said.

The proposed guidelines, drafted by the U.S. Department of Health, Education and Welfare, would key the availability of hospital services to population density and average use of the services and facilities.

Briscoe has expressed his strong feelings about

the situation in a letter to President Carter in which the Governor took exception to the proposed guidelines.

"We all share the same concerns about holding the line on the cost of health care but these proposed guidelines go too far," Briscoe said.

"Some hospitals might have to close their doors or, at best, curtail services with a resulting inconvenience to citizens," Briscoe said.

The guidelines, if fully implemented, will make it

even more difficult for citizens in rural Texas to attract and keep doctors and other needed personnel in their communities, Briscoe said.

The Texas Hospital Association, the Governor said, has pointed out that 88 percent of Texas hospitals responding to a survey failed to meet proposed requirements for a hospital to have an obstetric unit.

The THA survey showed travel time to the next closest obstetrical hospital would range from five

minutes to four hours with an average of 54 minutes.

"I don't think any Texan would want an expectant mother to face a four-hour automobile trip to reach a hospital," Briscoe said.

As proposed, the regulations would allow less than four hospital beds per 1,000 persons within a health service area and expect those beds to be filled 80 percent of the time on a yearly basis.

This, the Governor predicted, could result in more than 11,000 hospital

beds becoming unavailable in Texas.

Enforcement of the guidelines could involve withholding Medicare and Medicaid payments from hospitals that fail to comply.

"The imposition of arbitrary, rigid formulas for determining the appropriate availability of health services and facilities for the citizens of Texas is highly offensive and will, in the long run, result in rationed health care," the Governor said.

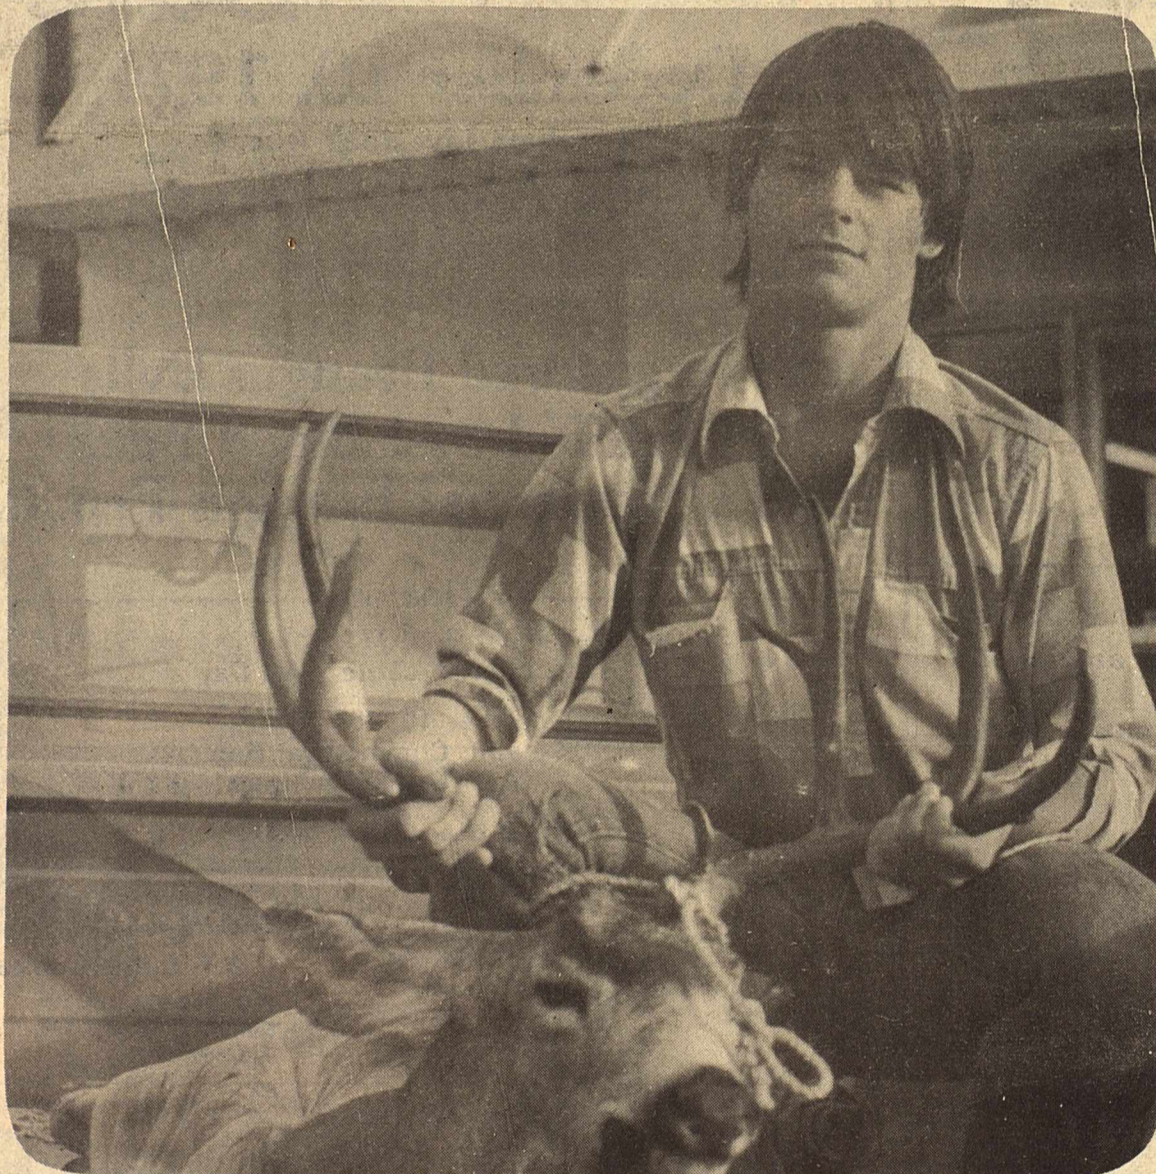

"The President apparently is listening to the bureaucrats and their ideas about a national health policy instead of letting local citizens tell Congress what their needs involve," Briscoe said.

The Governor said the situation is similar to circumstances surrounding the President's energy proposals which seem to reflect more input from psychologists and behavioral scientists than energy experts and engineers.

Texas, Briscoe said, has many highly capable local and state elected and appointed officials, 12 health system agencies plus a series of state health agencies all quite capable of determining the health care needs of the state's citizens without necessary federal meddling and interference.

The U.S. Department of Health, Education and Welfare has extended until December 9 the deadline for commenting on the proposed guidelines.

## Ward Bags Big Buck

Gus Ward, 16 year old son of Mr. and Mrs. Albert Ward, killed this 10 point mule deer buck last weekend on a hunting trip near Marfa. The latest

data on local deer shows 620 reported kills through yesterday by the Branding Iron Smokehouse, Whitworth's and Modern Way Grocery.

## Wallace Tags Aoudad

Libb Mills Wallace brought this record Aoudad Ram back from a hunting trip in the Alpine area this week. Wallace says the ram's horns measured 30 1/2 inches in length and 12 inches around the base,

weighed 161 pounds and is approximately five years old. The record Aoudad sheep is 34 1/2 inches in horn length. [Photo by Herb Jones]

## Buitron, Hernandez Get FHA Honors

George Hernandez and Maria Buitron have been selected as FHA Beau and Miss FHA for the 1977-78 school year. [Photo by Debbie Hard]

Maria Buitron has been chosen Miss FHA and George Hernandez has been chosen FHA Beau for the 1977-78 school year.

They were chosen by a committee composed of club members and faculty, based on the following qualifications:

They are active in school activities as well as in the affairs of the community, they are kind and polite to everyone, they are well-groomed and they have at least an average of 70. Both are presently enrolled or have been enrolled in courses in the Home-making Department.

Maria, daughter of Mr. and Mrs. David Buitron, is a sophomore and is president of Sonora Chapter, Future Homemakers.

George is the son of Mr. and Mrs. Marciano Hernandez. He is a junior and plays football and is active in the Bronco Band.

## Los Compadres Enjoy 'Fandango'

Los Compadres Dance Club celebrated "Fandango 77" last Saturday evening as club members and their guests danced at the 4-H Center. Club members pose for the photographer are [front row left to right] Marciano Hernandez, Mr. and Mrs. Leodoro Chavez, Eva Perez, Lala Morales, Vicenta Cervantes, Lydia Galindo, Eulogia Samaniego, Valentina Gallegos, Elodia Flores, Carmina Trevino, Mr. and Mrs. Ralph

Gonzales, [back row] Milda Hernandez, Richard Perez, Frank Morales, Polo Cervantes, Pedro Galindo, Jr., Julio Samaniego, Frank Gallegos and Claude Flores. Officers for the club are Mr. and Mrs. Pedro Galindo, Jr., vice directors; Mr. and Mrs. Polo Cervantes, directors and Mr. and Mrs. Ralph Gonzales, treasurers.

## History Book Has Special Memorial Space

The Sutton County Historical Society is making available for interested persons space to memorialize someone special in their lives.

A memorial should remind us that we have all lost loved ones who lived

and worked a lifetime and all we have been able to do up until this time to memorialize them has been to put a marker at their grave with their birthdate, name, and date of death.

Now thousands of

people will have an opportunity to read about and see pictures of your loved ones for decades to come as the books are passed down from generation to generation, plus those in libraries and public places.

Memorial pages are available for a full page (1000 words with up to 3 photos, depending on photo size) for \$150.00, for a half-page (300 words with 3 photos, depending

on photo size) for \$80.00, for a quarter-page (60 words with 2 photos, depending on photos size) for \$45.00.

To purchase these special pages, please contact

the Sutton County Historical Society, P.O. Box 1145, Sonora, Tx. 76950.

### Monthly 4-H Meet Set Dec. 7

The regular December 4-H meeting will be held at the Sutton County 4-H Center, Wednesday, December 7 at 7 p.m.

Dr. George Ahlschwede, Extension Sheep and Goat Specialist, from San Angelo will present the program which will include information on the selection, feeding and showing of market lambs.

A demonstration will be given and then each 4-H member present will have an opportunity to practice showing a lamb. Dr. Ahlschwede will give 4-H members tips on how to improve their showmanship techniques during this part of the program.

A drawing for sale list numbers will be held for 4-H members who will have lambs and rabbits in the Annual 4-H Livestock Sale January 21, 1978.

Miss Sarah Mahon, County Extension Agent will supervise the program and be assisted by Mr. Mickey Powers, Sutton County Show Committee Chairman and Mr. Jerry Don Balch, Co-Chairman and other adult leaders.

All Sutton County 4-H members, parents, 4-H leaders and other interested persons are invited to attend the meeting.

### Spanish Club Plans Bake Sale

The Jr. High Spanish Club is planning a bake sale to raise funds for a special trip to San Antonio.

The bake sale is scheduled for next Wednesday starting at 4 p.m. at three locations: Foodway, Food Center and in downtown Sonora.

The club will sell cakes, pies and other items.

The money will be used for the San Antonio trip which is now scheduled for Sat. Dec. 17.

### Reflections

By Rev. Jim Miles

The Christmas season is once more with us. Time has once again flown and next Sunday will be the second Sunday in Advent. I am reminded each year of the words of an exasperated parent, who, overwhelmed by the complexities of the time, cried out to me in despair, "I just hate Christmas."

There is something very wrong about an economic structure which would strain a good Christian to this point. Imagine any of us really hating Christmas. ...the celebration of the birth of God's Son and our Saviour. We, of course, like the frustrated parent above, do not really hate Christmas, but we do sometimes get so caught up in the superfluous issues of the season that we find the pressure difficult to endure.

The plea I have, which I feel is the plea of the Gospel, is to put Christ back in Christmas. That is to say, to make the Christ event...the prophesy, the Christmas stories from Luke and Matthew...the central focus of the next month. If we can maintain this attitude, Christmas can be a truly joyous occasion, and trees, tinsel, gifts, and gourmet delights can become pleasant but not essential ingredients of a memorable holiday and a deeply felt and long to be remembered time.

The joy of Christmas is to be found in the heart, and not under a tree, or in a punchbowl. My Advent wish to each person, that his or her heart might be full of love...of God...of humankind, during this special time of year.

### In Loving Memory of Dora Smith

Dora Smith, my grandmother, was born in 1884 in Wichita, Kansas, and died in October of 1958 in Dexter County, Oklahoma. She lived 74 years. She was a strong-willed pioneer woman but with all the love in the world in her. She's been an inspiration to me and will be all my life.

She homesteaded, made a good life for her family, and had enough love to care about others, too. When she grew older, my parents, my brothers, and I came to live with her. She and I had a very special relationship. Grandma was like a second mother to me. She showed me endless patience and love, and she was always there to lead me through the hard times.

Betty Ann Edwards

### Bronco Band To Host All Region Band Members

The Mighty Bronco Band will host some 400 Bandsmen from Region VII as they participate in the All-Region Band tryouts, on Friday, December 9th.

Band students from 40 high school bands between Sonora and Stephenville will try out for the first step in the climb to the tryouts for All-State Band in February.

Tryouts will take place at Sonora High School at 1:30 p.m. on Friday, December 9th. The students selected to the All-Region Band will then

rehearse all day Saturday, December 10th, and present a Concert that same evening in the High School Auditorium, at 7:00 p.m.

Clinician for the All-Region Band will be J.R. McEntyre, music Supervisor of the Odessa Public Schools. Mr. McEntyre was the Band Director of the Permian High School Band for many years. Under his direction, the Permian Band won many Sweepstake Awards, plus was selected as Honor Band, signifying the best AAAA Band in the state.

### Letter to the Editor

It is both heartening and exciting to hear so much enthusiasm concerning the restoration and expansion of the library.

I have taught music, piano and organ for a good many years and know from first hand experience the value of a good broad reading and research center.

Furthermore, I feel that any added source of research will be that much more beneficial to our children.

I should like to go on record as a solid supporter for any improvements made toward a better and more extensive library facility.

Coleen Miller

## NOTICE

We are offering a reward of \$100 to anyone with information leading to the arrest and prosecution of trespassers on any land operated by or in the name of W.L. Miers.

## Producers Urged To Attend December 2 Meet

Sheep and goat producers are urged to an upcoming meeting with Congressman Bob Krueger, set for Friday, Dec. 2, in Rocksprings.

The session will begin at 7 p.m. in the Rocksprings High School auditorium, and will offer producers a chance to discuss their problems with Rep. Krueger.

Krueger has developed a reputation for taking vocal and highly visible stands on issues that affect his constituents. The most obvious example is his campaign for the decontrol of natural gas

prices, but producers may also be aware that he has sponsored two bills dealing with imported meats.

His contention, agreed with most heartily by his ranching constituents, is that imported red meats are not subject to the same rigorous health requirements imposed on domestic products.

One of his import bills would require tougher inspection standards for foreign meats, as well as labeling to advise consumers that they are purchasing something other than a home-grown product.

Sheep and goat producers would

do well to seek a strong and a vocal ally in Washington to aid them in the ongoing wars over such subjects as predator control, land use management and the various other problems for which the federal government holds the trigger, if not the key.

Another politico planning a get-together within easy reach of Texas sheep and goat raisers is U.S. Senator John Tower.

Sen. Tower is expected to be in Leakey Nov. 28, and producers would do well to plan a look-see there, too.

It might be noted that citizens are lucky to have such access to legislators, and would be even luckier to have meaningful access to the REAL lawmakers in the federal government - the bureaucrats.

A recent set of regulations issued by HEW will soon be telling our community hospitals how many beds they may have, how long the ill will be allowed to stay in those beds, what kind of services may be supplied to help get them out of bed, and how many of the beds must be filled at all times --

presumably by healthy persons, if sick ones are not available.

Community hospitals, naturally not very important in northeastern urban centers but vitally necessary in the vast reaches of the Southwest, will be limited to four beds per 1000 population.

This, of course, will be a veritable death sentence to many small-town facilities, not to mention some of their customers.

Just one effect, says Texas Hospital Association president O. Ray Hurst, will be to reduce the

number of Texas hospital beds by 17,500.

One of the supposed purposes of the regulations is to improve patient health care.

Taking away beds and services and forcing the ill and their families to travel to larger cities for care is a strange way to go about it. Particularly when you realize that even the hospitals in larger cities will face some limitations based on their current loads, then will be swamped when rural patients pour in to compete for the by-then reduced bed count.

## Foreign Food Policy Held In Disfavor

The foreign and domestic food policy of the United States is generally held in disfavor by Texas farmers and ranchers, a recent survey shows.

The survey, conducted by Dr. Ronald Knutson, economist in marketing and policy with the Texas Agricultural Extension Service, shows that the majority of Texas producers favor a reduction in the food stamp program and a tightening foreign food aid program.

"Regarding the food stamp program, producers voiced strong feelings that people should work for a living and that only those families in extreme poverty or receiving a minimum level of nutrition should receive aid," noted Knutson.

"They felt strongly that the food stamp program has gotten out of hand in terms of size and scope. Although beef and milk producers are the greatest beneficiaries of the program, their attitudes varied little for other producers."

Knutson pointed out that the domestic food aid program has been expanded to attract the support of urban congressmen for the new farm bill just passed.

This program is administered by the U.S. Department of Agriculture and last year took 60 percent of the department's budget. In addition to food stamps, the program includes school lunches and child nutrition.

"As far as foreign food aid is concerned, most Texas agricultural

producers felt that this should be limited primarily to emergency situations," said Knutson.

"They favor efforts by the recipient country to control population as well as to increase food production as a condition for foreign food aid.

In actuality, however, such food aid programs tend to increase dependence on aid, foster further population growth, depress prices in the recipient countries, and thus reduce incentives to produce."

"On the 'right to food' issue, Texas agricultural producers again showed their displeasure of any give-away program without a willingness on the part of the recipient to care for himself and work for a living.

They feel that a 'right to food' exists only for those who have the financial resources to buy on the open market and who are willing to work," noted the economist.

"Domestic and foreign food aid programs will continue to be major

political issues in the years ahead," emphasized Knutson.

"They are issues that are receiving strong reaction from consumers, government officials, Third World nations and the church, and they will continue to have marked effects on agricultural producers."

## Everyone pleased With Deer Season

Reports from hunters, deer processing plants, landowners and Parks and Wildlife Department biologists indicate most everyone is pleased with the deer season, so far.

The deer are moving, the weather continues to be relatively mild and most of the animals harvested thus far are in fairly good condition with certain exceptions.

Deer taken near or along river bottomland are fat and healthy due to the good acorn crop in West and Central Texas. However, biologists say this acorn crop fell early this year and is now in short supply.

On the other hand, deer harvested from our more overly grazed mesquite-savannah flats are of lesser body weight and could be in for some more trouble when and if we get into a hard winter situation.

As might be expected, most of

the animals harvested so far are buck deer and will normally be in better condition this time of the year than does.

Does have been reported to be in fair to poor condition due to their diminished ability to successfully compete for food with the rest of the deer herd.

This is one of the reasons P&WD biologists have been recommending that hunters who have access to doe permits utilize these early in the season while the animals are still in relatively good condition.

Some ranchers in West Texas have taken this advice to heart and have required their hunters to take a doe deer before allowing them to

shoot a buck.

Antler development this year has been good and big racks have been reported on several harvested deer. A 20-pointer was taken near Big Lake and a 16-pointer was downed by a 14-year old youth in Sweetwater.

A 25-pointer was taken off the Rocker B ranch during the first weekend. This is the first time the public has been allowed to hunt on this big ranch for quite some time and you would expect this ranch to produce some whoppers this year.

### Violations Noted

Game wardens have been kept pretty busy this season in Central and West Texas with road hunting

and shooting after hours being some of the most prevalent violations.

Illegal hunters with citizen band radios have been causing some landowners some real headaches. One particular landowner is particularly nervous since two years ago when some road hunters shot one of his prize horses by mistake.

Citizens and landowners are urged to call P&WD whenever they suspect a violation of this type is occurring.

## Good Advice In Proper Venison Care

L.D. Nuckles, P&WD Information Officer in Rockport, offers some good advice on the proper care of venison:

"Unless you are a vegetarian, a good piece of venison, properly cared for in the field and properly cooked, makes as fine a meal as any beef," he says.

"If you want to enjoy some really fine eating, choose a fat doe or young buck who hasn't yet entered the rut.

"After properly choosing your venison, your first shot should be placed so as to kill quickly and cleanly. If it drops dead in its tracks, you're well on your way to some good eating.

"Now you must properly field dress the carcass. P&WD has a pamphlet which teaches the fundamentals of field dressing your deer if you don't know how. Next, hang the deer carcass up to cool and protect it from flies. I always

like to wash the body cavity with chilled water which helps to dissipate the animal's body heat.

"As soon as the body heat has been dissipated, skin the animal and cut and wrap the meat for the freezer. And there you have it."

# Look What They Did Last Night Varsity Girls Overpower Junction 64-43

by Kay Holdridge  
The Varsity Girls, after a slow start, played up to form as they defeated the Junction girls by a 64-43 margin last night at Bronco Gymnasium.  
The girls now stand 3-1 for the season, their lone loss coming at the hands

of the Eldorado Eagles last week. The Broncos host Eldorado next Tuesday.  
The first half last night ended with Sonora leading 27-29. Poor rebounding, a cold shooting spree and a modified 1-2 zone Junction defense kept the score low.

The guards, Kim Cox, Jane Wallace and Paige Pollard, prevented a Junction score until four minutes remained in the first period.

In the last few minutes of the third period, Sonora forwards Becky Cavaness, Jamie Condra and Lucy Morriss stole the ball as the Junction guards tried to get the ball across the line. They converted the Junction mishaps into

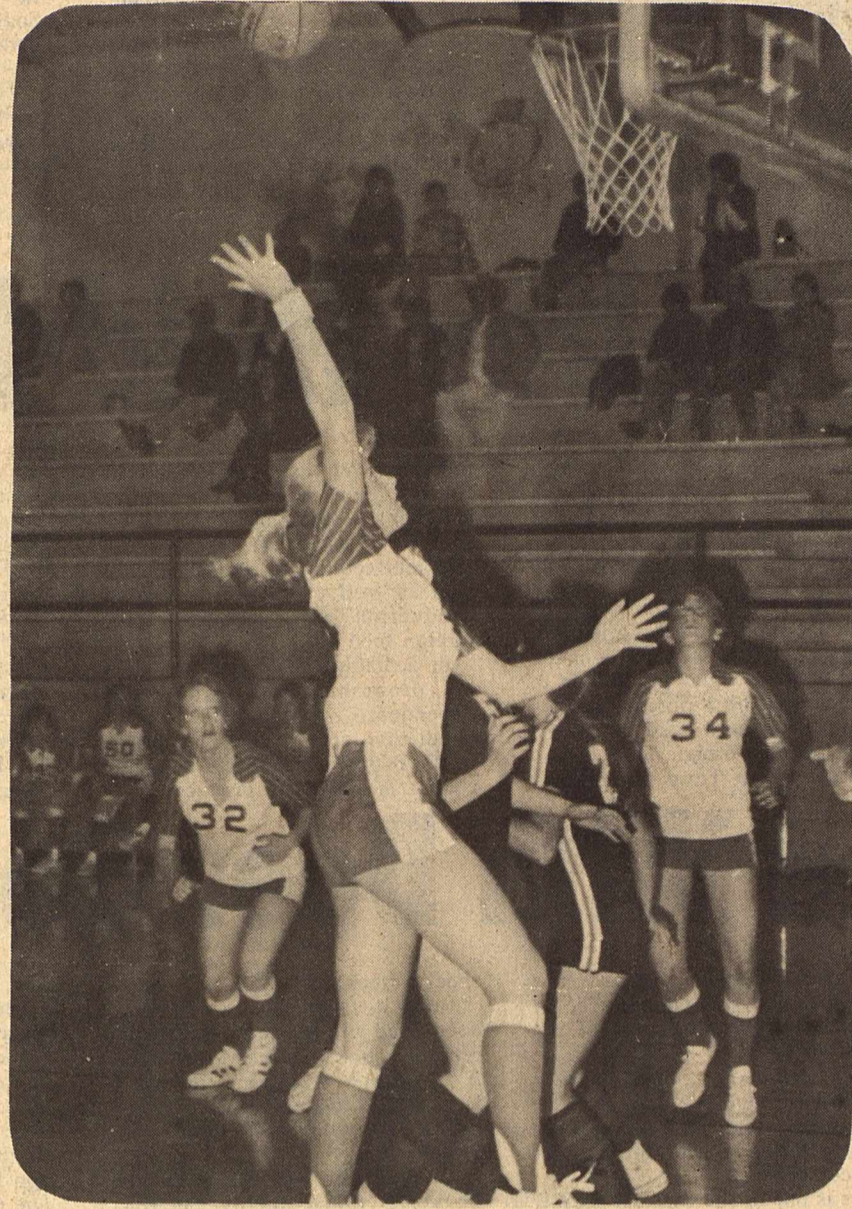

scores.  
The fourth period saw Sonora's reserve players on the floor with top notch performance by Alissa Adkins, Prissy Cook, Pam Powers and Linda Smith.

Reserve forwards Jerri Dunn, Mary Gomez and Emily Elliott added 10 points in the fourth period.

High point scorer for the Broncos was Becky Cavaness with 38, followed

by Condra, Dunn, Morris and Gomez with six each and Emily Elliott with two.  
Paige Pollard, Pam Powers, Becky Cavaness and Kim Cox played well defensively, particularly in the third period.

## ★ Sports ★

Varsity Girls leading scorer, Becky Cavaness, shows her accuracy at the net last night as she drops two of her 38 points during

the 64-43 victory over Junction. Teammates Jamie Condra [32] and Lucy Morriss [34] get ready for the rebound.

## Last Night J V Girls Squeek by Junction

by Kay Holdridge  
The junior varsity girls extended their record to 3-1 at the expense of the Junction Eagles last night with a 38-30 victory here.  
Defensively, Sonora's jr varsity girls allowed only two points in the third period and only eight in the fourth.

For the most part, however, the girls did not

play heads up ball. Sluggish movements and sloppy ball handling were obvious in some instances.  
Fatigue seemed to overcome all the girls in the closing moments.

Annabelle Gonzales was high point girl with 13 followed by Paula Friess with eight. Trina Powers and Cody Gold were in the

scoring column with four each.

Judy York, Celia Hernandez, Stacy Chandler and Janie Gold each scored two.

Sonora was weak in the rebounding department and Junction got three and four shots before Sonora could rebound.

Trina Powers played a nice defensive game.

## Varsity Girls Host Fifth Annual Invitational Tourney This Weekend

The Fifth Annual Sonora Invitational Basketball Tournament, hosted by the Girls' Varsity, will open.

Featuring Iraan, Ozona, Wall, Crane, Eldorado, Ft. Stockton, Big Lake and Sonora, the tournament continues through Saturday evening.

Iraan and Ozona face off at 2 p.m. tomorrow, followed by Wall vs. Crane at 3:30, Eldorado vs. Ft. Stockton at 5 p.m. and

Sonora vs. Big Lake at 6:30 p.m.

Big Lake replaces San Angelo's Lake View H.S., which is unable to participate this year.

The winners of the first two games will meet Thursday evening at 8 p.m.

Friday three games will be played, starting at 5 p.m. and three games are scheduled Saturday, starting at 5 p.m.

Trophies have been donated by Country Fried Chicken 'n Fish, Western Drug, Grider Trucking and the First National Bank.

White's Auto has donated a Most Valuable Player trophy and is sharing six all tournament trophies with Sonora Floral and Gifts.

The trophies will be presented at the conclusion of the final game Saturday evening.

## 7th Grade Boys, Girls Beat Iraan

by Kay Holdridge  
The seventh grade girls defeated Iraan Monday night by 15-6 with Delma Noriega capturing high scorer with six points.

Trailing 6-2 at the half, a hustling defense shut the visitors out in the second half and ran the fast break for scoring lay-ups.

Other scorers were Debra Zapata, four; Anna Mata, three and Tanna Tyler, two.  
Defensively, Twyla

Woodall, Noriega and Zapata hustled and took away Iraan's chances for a comeback.

The girls now stand 1-2 on the season.

**7th Grade Boys**  
The seventh grade boys scored nearly half of their 21 points in the second quarter as they defeated Iraan 21-17.

After the first quarter when the shots wouldn't fall, the boys trailed by 5-0. The colts got hot and

scored 11 points in the second quarter.

The third quarter ended with a 19-15 Sonora lead. The colts held on and stalled toward the end of the game to win 21-17.

High point man was Marney Sorenson with 11 points, followed by Joe Rodriguez and Timmy Doan with four and Chris Reynolds with two.

Sorenson and Robby Bible provided the defensive spark.

Tally Kelso, a graduate of West Texas State University, will handle the varsity and junior varsity girls' coaching chores again this year. Kelso is also an algebra and math teacher at SHS. A resident of Sonora for four years, he and his wife, Brenda, have three sons.

Terry Campbell, who has junior varsity boys basketball coaching responsibilities, has his bachelor's degree from Angelo State University and a master's degree in physical education from the University of Houston at Victoria. Campbell and his wife, Frances, moved here at the beginning of this school year from Bloomington, Tex.

Jane Wallace, a three year lettergirl, is a 17 year old senior guard. She has been playing basketball for six years. Jane lists experience and leadership as her strengths and lack of height as her weakness. Jane is the daughter of Mr and Mrs George Wallace.

Becky Cavaness, 18 year old senior, is the daughter of Milton Cavaness and Mrs. Francis Archer. Becky has been most valuable player in two tournaments and been all-district the past two years. Becky is noted for free throw consistency and her ability to get an open shot.

Each week these merchants feature photographs of our high school basketball players on this page.

# Last Night Varsity Boys Trounce Junction 62-56

by Kay Holdridge  
The Sonora varsity boys improve with every outing and last night's blast at Junction was a demonstration of their determination. The boys' ball handling ability was markedly improved and the rebounding, though still inconsistent, was better. Johnny Creek played an

outstanding game, both on offense and defense, scoring 16 points and along with Bruce Phillips, responsible for most of the rebounds. After a slow start, the Broncos played heads up hustling basketball offensively as well as defensively. They played as a team

with Pat Street as the playmaker. Oh, the score was 62-56. After the first quarter, the Broncos trailed 12-14 due to turn overs and a poor shooting percentage.

Phillips scored 13 points, Lawson, 10; Favila, 10; Street and David Reyna, five and Kent Cagle scored four. Defensively, Creek, Street, Phillips and Favila played well.

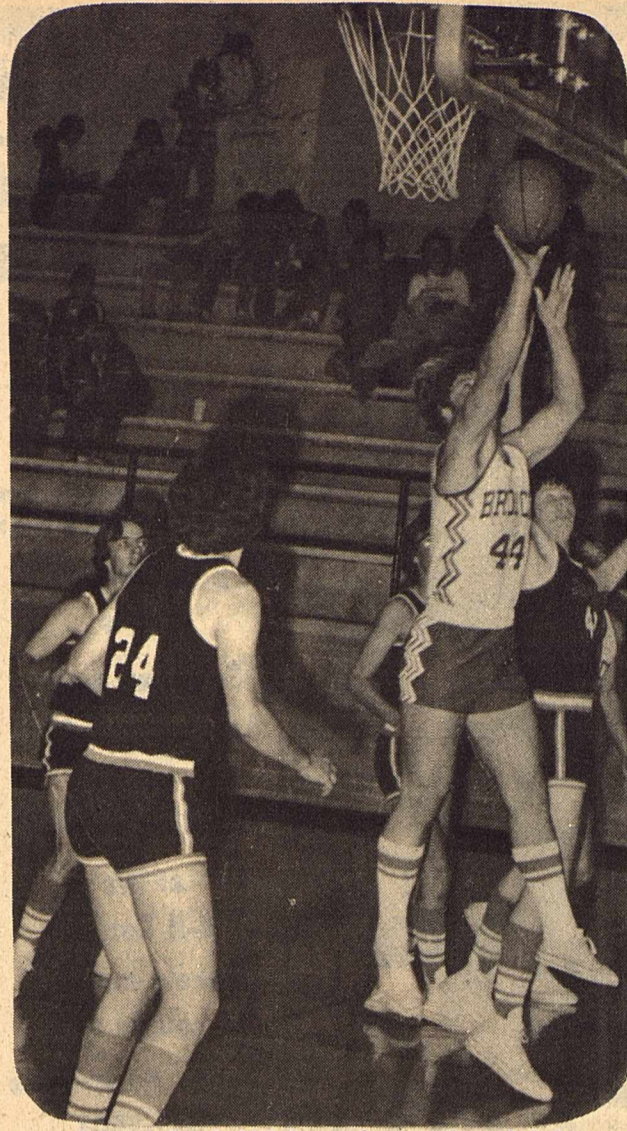

## Broncos Named On Football All-District

Ten Sonora Broncos were named to the 7AA district football team with three Broncos named to the first team offense and one Bronco to the first team defense. Three were given honorable mention

ed honorable mention defensively. Bruce Phillips was named first team offensive tight end and honorable mention defensive end. Manuel Lopez was named first team running back and Mike Jones was named kicker for the first team.

Dan Lawson was the Bronco's only player named to the first team defense. Dan was defensive linebacker on the first team and given honorable mention as offensive guard.

Others given honorable mention were Chase Snodgrass, offensive tackle; Johnny Creek, offensive running back and defensive linebacker; Kent Cagle, defensive end; Bobby Cook, defensive tackle; Ross Roberts, defensive guard; and Bunk Galbreath, defensive linebacker.

Johnny Creek [44] leaps for a rebounded layup during last night's Bronco win over Junction at Bronco Gymnasium. Creek led the Broncos in scoring with 16 points.

## State Finals Here

The state championship six-man football game will be played here Friday night, matching Marathon and May. Marathon is coached by Clay Cade, former Sonora elementary principal. Kick-off time is set for 7:30 p.m.

## Jr. Varsity Boys Lose

by Kay Holdridge  
Sonora's jr varsity boys dropped a game to Junction last night, 57-38. Their season record now stands at 1-1. The young Broncos were guilty of poor ball handling and numerous bad passes throughout the game.

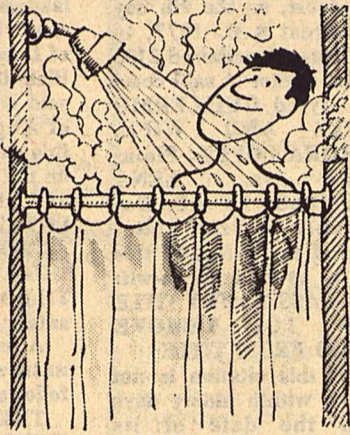

They finally got into the game mentally half way through the fourth period, but it was too late.

Junction ran a 2-1-1 zone and the Sonora unit could not penetrate the defense. Junction scored several points on fast breaks before the Broncos rallied to stop them. Leading scorers for Sonora were Cody Savell and Ricky Wright with eight points each, followed by David Creek, seven; Johnny Reyna, six; Johnny doan, five; Preston Love, three and Jessie Vela, one.

## Basketball Schedule

Thursday, Friday and Saturday, Dec. 1-3, Varsity Girls host tournament.  
Friday and Saturday, Varsity and Jr. Varsity boys, Uvalde tournament.  
Monday, Dec. 5, Varsity and Jr. Varsity boys vs. Eldorado, here; Jr. High boys and girls vs. Junction, here.  
Tuesday, Dec. 6, Varsity and Jr. Varsity boys vs. Menard, here; Varsity Girls vs. Iraan, there.

Lone Star Gas suggests  
**HOW TO WRING ALL THE HOT WATER FROM YOUR ENERGY DOLLAR.**

Set the water heater thermostat at NORMAL, which is hot enough for most household requirements. If more hot water is needed temporarily, move the setting to HOT, then reset to NORMAL.

Remember that a brief shower normally uses less hot water than a tub bath. Avoid letting hot water run needlessly when shaving, washing hands, rinsing dishes. Save hot water and the energy it takes to heat it by fixing dripping faucets. Save hot water and energy by waiting until you have full loads for the washer and dishwasher. Drain a gallon or more of water from the faucet at the base of the water heater about once a month. This prevents a

buildup of mineral deposits. And this buildup causes the water heater to work harder and use more gas.

Remarkably efficient gas reaches your meter with 93% of its original energy still available — because gas is a natural energy that's used in its original form. Using it directly for the jobs it does best actually helps conserve energy.

For more suggestions, request our free booklet, "Energy Conservation in the Home."

**"Ford pickups and ranching just naturally go together. We depend on 'em for everything."**

... Says Jay Palmer of Kaufman, Texas, rancher and trainer.

"We own nothing on the ranch but Ford pickups...use 'em for haying, feeding, repairing fence, general ranch work."

"We make a lot of long trips hauling horses, pulling a six-horse trailer. There's no place to stop and we can't afford to be broke down. That's why we drive Fords. We can depend on 'em to get us there."

"Back home, the service on the Ford pickups is just the best from my Ford dealer. And that's as important as the Ford pickups themselves."

See all the Ford pickups at your Texas Ford dealer. As Mr. Palmer knows, they're built tough for Texans.

**Ford** and Texans go together.

### PUBLIC NOTICE

Pursuant to TEX. REV. CIV. STAT. ANN. art. 1446c, § 43 (1975), Lone Star Gas Company hereby gives Notice of the Company's intent to implement a new schedule of rates, effective December 6, 1977, to be charged for natural gas service to residential and commercial customers in the environs areas (outside incorporated limits) of the cities and towns listed below with the effect on gross revenue to the Company as listed:

Environs Area of	Current Annual Revenue (Test Year 1975)	Estimated Annual Revenue Under Proposed Rates	Revenue Increase
Sonora	\$14,611	\$15,179	\$ 568

A Statement of Intent, filed with the Railroad Commission of Texas, contains base rates to be adjusted monthly (1) for new or increased taxes subsequent to July 1, 1976, and (2) in accordance with a purchase gas adjustment clause with a base city gate rate set forth in the Statement of Intent. A discount for summer air conditioning gas use is contained in the proposed rates set forth in the Statement of Intent. The Statement of Intent is available for inspection at the Company office located in the city or town associated with the affected environs area.

Any affected persons desiring to contest such change (changes) in rates can file a complaint with the Director of the Gas Utilities Division, Railroad Commission of Texas, P.O. Drawer 12967, Capitol Station, Austin, Texas 78711.

Lone Star Gas Company

## Profit Sharing Coupon Drawing Saturday

The first of four Profit Sharing Drawings will be held Saturday at 2 p.m., in the area of White's Auto Store.

Two tickets will be drawn with each ticket holder being awarded merchandise from participating merchants in the amount of \$150. Ticket holders must be present to win and all merchandise won at these

drawings must be picked up by December 31. Merchants participating in the profit sharing coupon drawing are White's Auto Store, Ruth Shurley Jewelry, First

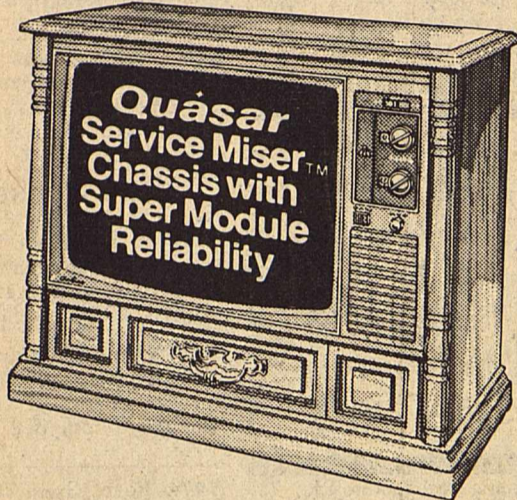

National Bank, Westernman Drug, Gosney's, Neville's Department Store, Food Center, Perry Brothers, C.G. Morrison Variety Store, Devil Office Supply, and Tedford Jewelry and Sporting Goods.

### Christmas Program Set

Joyce Drake, Electric Living Consultant for West Texas Utilities will present a Christmas Program on Thursday, December 8. The program will be from 4-5 p.m. and will be held at the Sutton County 4-H Center. Joyce will present ideas on lighting, cooking, and gifts for the holidays. Make plans to come and bring a friend! The program is sponsored by West Texas Utilities Company and the Texas Agricultural Extension Service.
