Class upcoming

The Sutton County Medical Services will be sponsoring an Emergency Care Attendant (ECA) course beginning March 25 and ending May 7. The course consists of 40 hours of classroom and practical skills training.

Some of the topics to be covered are Cardiopulmonary Resuscitation (CPR) for adult, child and infant; bandaging and splinting; airway obstruction and choking; care of trauma patients; emergency treatment for bleeding and shock; and care for major medical emergencies.

The ECA class will be held on Monday and Tuesday evenings at the Sutton County Emergency Service Building, 211 East Third in Sonora. Course tuition will be \$75 which includes the cost of the books and the State Certification fee. Applicants must be at least 18 years old upon completion of the course.

Anyone interested in taking the ECA Course should contact the Sutton County Emergency Medical Service Office at 387-5132, or after 6 p.m. call Lenora Pool at 387-5318 or Judy Barton at 387-5284.

Representative due

State Comptroller Bob Bullock will have a representative from his San Angelo office in Sonora February 20, to assist local taxpayers and answer questions about state taxes.

Bullock said Tax Representative Al Butkovich will meet with local taxpayers in the County Clerk's Office at the Sutton County Courthouse from 11 a.m. to 12 p.m.

"If Sonora area merchants, or anyone else for that matter, have any questions about state taxes or need help in preparing state tax forms, Butkovich will be there to assist them," Bullock said.

"We're trying to cut the red tape in this office, and we believe these face to face sessions with taxpayers help to do just that," Bullock added.

The San Angelo office serves San Angelo and surrounding counties.

Special services set

Beginning with Ash Wednesday, February 20, and continuing throughout Lent, St. John's Episcopal Church will celebrate special services of the Holy Eucharist at noon and 7:30 p.m. each Wednesday.

The Sermons during this time will be based on Arden W. Mead's "Overheard: Conversations by the Cross." For the Communion portion of the service, the hymn setting, "Behold the Lamb" will be used.

Anyone wishing to attend these services will be welcome, and the Episcopal Church invites all baptized Christians to share in the Holy Communion.

Early dismissal told

All students in the Sonora Independent School District will be dismissed at 2:30 p.m. Friday, February 22 for Spring Break.

Buses will run shortly after 2:30 p.m. Spring Break will be Monday, February 25 through Friday, March 1.

All classes will resume at the regular time Monday, March 4 and buses will run as usual that day.

Hinsey to speak

Mary Hinsey, a Baptist missionary to Brazil, will present a program at Live Oak Baptist Church Wednesday, February 20 at 7 p.m.

Ms. Hinsey will show a film related to her work in Brazil and will present her personal testimony.

All interested persons are cordially invited to attend this program.

Meeting canceled

According to Margaret Cascadden, the regular meeting of the Petroettes that was scheduled for Thursday, February 21 has been canceled.

4-Hers show animals bring premiums

Stephanie Powers' 20th place heavy finewool led the successful results of Sutton County 4-Hers when her lamb brought \$9 per pound at the premium sale held Friday at the San Antonio Livestock Show. Stephanie is the daughter of Mr. and Mrs. Zane Powers.

Clay Graves, son of Mr. and Mrs. Charlie Graves, sold his sixth place polled hereford steer for \$1.30 per pound.

Brandy Wallaces' highest placing lamb from our group at ninth in the light finewool class sold for \$4 per pound.

Anita Balch had a 15th place lamb in the same class which sold for \$4.25 per pound. Brandy is the daughter of Mr. and Mrs. Libb Wallace and Anita is the daughter of Mr. and Mrs. Jerry Don Balch.

Sara Patton, daughter of Mr. and Mrs. David Patton, sold her 26th place light cross for \$3.50 per pound while Brian Faris, son of Mr. and Mrs. Preston Faris sold his 24th place light finewool for \$8.50 per pound.

GPA policy rescinded

BY CAROL JONES

Sonora High School cheerleaders no longer have to maintain an 80 average, or does a girl trying out for the position of cheerleader have to have an 80 average following a decision made by the SISD school board Tuesday night.

After a rather lengthy and at some points somewhat heated discussion concerning the grade point average of S.H.S. cheerleaders, the board was split on the vote with Kenneth Cayce and Scott Shurley voting to keep the policy as it was and Johnny Fields, Sam Perez, Carl Teaff, and Rosemary Mathews opposing the motion.

The policy had read, "To be eligible to appear on the ballot for cheerleader, a student must have a grade average of 80 for the previous semester," and "If elected cheerleader, a student shall maintain an average of 80 to participate."

This was a local policy and not governed by any state rules. It was adopted in 1982 by the SISD board of trustees at that time. Cheerleading does not fall under any University Interscholastic League (UIL) rules, but as of January 1, 1985, any student who fails a course may not participate in any extra-curricular activity. This rule is a Texas Education Agency ruling and does apply to cheerleading as well as 4-H, rodeo, football or basketball among other extra-curricular activities.

Under the policy absolved Tuesday night, a cheerleader might have a failing grade (prior to January 1, 1985) and still be able to participate in her activities if she maintained an 80 or above average. UIL ruling required that any student participating in a UIL event must not be failing any subject.

Gwen Kordzik, director and coordinator for the S.H.S. cheerleaders, was present for the meeting along with Rita Hale and Kristi Hill, both former cheerleaders. Mrs. Kordzik presented several statistics to the board and the audience concerning the 50 cheerleaders that she has instructed since 1967.

According to Mrs. Kordzik, 80 percent of the former cheerleaders have earned acceptance into a college or university, 28 percent have received their degrees, 28 percent have actually attended college, and 20 percent are presently enrolled in a college or university. She added that only 24 percent of those accepted had never attended college.

The key word in Mrs. Kordzik's presentation was "responsibility" and that, "any girl who is responsible can have an 80 average at Sonora High School." She went on to point out the added responsibilities on any high school cheerleader.

Juanita Mesa stated to the board and audience that her daughter had had the grade average last year to try out for cheerleader, but was not allowed to because she was not a member of the Girl's Athletic Association.

Board president Fields stated that that was not a requirement, to which Mrs. Kordzik replied that she had required it of the girls trying out.

This is not a requirement included in the policy that was in question Tuesday night and President Fields

assured Mrs. Mesa that it would not be required of a cheerleading candidate unless it was written into the policy.

Carl Teaff made the statement that if it is not a policy, it cannot be enforced.

Jack Asbill, high school principal, reported some grade statistics to the board pointing out that 58 female students from grades 9, 10, 11 and 12 had less than an 80 average at the end of the fifth week of the past 6-weeks. He added that 50 girls from the same grades had a failing grade and according to TEA rules could not participate in any extra-curricular activities.

Asbill also stated that he had not been employed by any school system that did not require an 80 or better average from cheerleaders.

Although the board voted to absolve the present policy concerning cheerleaders, no decision was made regarding a new policy. The issue will be on the agenda for the March meeting.

In other action the board voted five to one to adopt a policy concerning student participation in practices of extracurricular activities during designated school holidays. Coach Jerry Hopkins submitted a written report to the board stating that it should be left up to the specific coach and/or director. Advance notice from the student or parent would allow a student an excused absence but that student might not be allowed to

participate in future events at the discretion of the head coach and/or director.

Voting for the policy adoption were Perez, Shurley, Fields, Teaff, and Mathews, with Cayce opposing.

The board also voted to release the city from the contract agreement in which the city agreed to lease the depot lots to the school for five years. Voting for releasing the lots were Perez, Cayce, and Mathews with Shurley voting against and Fields and Teaff abstaining.

During the principal's reports, a total of 1323 students were reported enrolled in the school district with 344 in elementary, 291 in middle school, 329 in junior high and 359 in high school.

Asbill reported that the speech meet, held February 8 and 9 went off very close to schedule and that the students received good training experience from working in the meet. He added that Terry Marrs should be commended for an excellent job. Abilene Cooper won the meet.

Rex Anne, Friess, chief tax appraiser, reported that \$2,940,941.14 had been collected to date and that that was 91 percent of the 1984 taxes. She added that this figure was down two percent from the same period in 1984 but told the board that city and county tax collections were down the same amount.

FEBRUARY BUSINESS OF THE MONTH
Charles Howard Construction was named Business of the Month February 12 by the Sonora Chamber of Commerce. Attending the presentation were several

employees of the business, Charles and Beverly Howard, Jeanne Jackson and Edith James. [Staff Photo---CJ]

Charles Howard Construction is honored by Chamber

Charles Howard Construction was recognized last week as the February Business of the Month by the Sonora Chamber of Commerce.

The business has been owned and operated by Charles and Beverly Howard since 1971. Prior to starting Charles Howard Construction, Howard was employed with Carl J. Cahill for 20 years.

He moved to Sonora in 1954 after graduating from North Texas State University in Denton.

Charles Howard Construction specializes in oil field roads and locations with loaders, dozers, and maintainers.

Located at 216 Hudspeth behind the Twin Oaks Motel, the office is expected to be completed in the near future.

The Howards have a daughter, Debbie De Soto, and a son, Curtis of Sonora. They also have one grandchild.

DAVENPORT FILES FOR RE-ELECTION

Hershel Davenport announced Friday that he is running for re-election to the Sonora City Council as Alderman, a position he has held for over 10 years. Davenport served in the United States Air Force and managed Safeway stores for several years before moving to Sonora in 1969. He is the owner and operator of Hershel's Foodway in Sonora. Davenport and his wife Jeanne have three children, Sharolyn Perry of Amarillo, George Davenport of Tulsa, Oklahoma, and Matt Davenport of Sonora. The Davenports also have five grandchildren. Davenport has been involved in Boy Scouts as a leader, Little League as a coach, is a 31 year member of Lions Club International here and in New Mexico, is a past president and currently is secretary-treasurer of the Downtown Lions Club in Sonora, and is the president of the Concho Valley Council of Governments Executive Board. Davenport has been on that board for 10 years. Hershel was also named Citizen of the Year in 1984 by the Sonora Chamber of Commerce and made the following statement, "Living in Sonora is exactly where I want to be. Moving here in 1969, both myself and Jeanne quoted Brigham Young when we said, 'This is the place!!!' There is no better place to live and all the citizens of Sonora and Sutton County MUST feel the same gratitude and pride." [Contributed Photo]

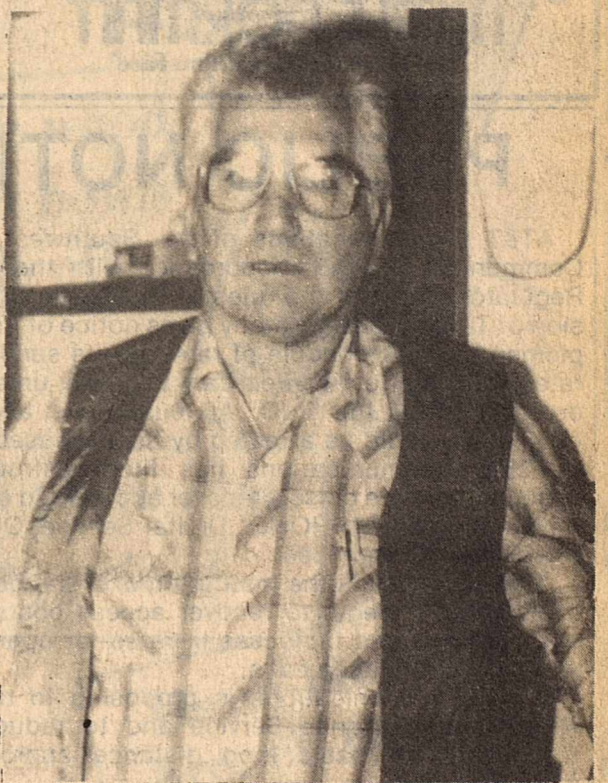

Wootan rites held

Funeral services for Don O. Wootan were held Thursday, February 14 at 11 a.m. in the Presbyterian Church in Junction with interment in the Junction Cemetery. Aubrey Fife Funerals was in charge of all arrangements.

Wootan died February 13 in San Angelo Community Hospital. He was 67 and was a member of the Presbyterian Church and the Sonora Downtown Lions Club.

Wootan had retired as Chief Appraiser for the Sutton County Appraisal District December 21, 1984. He had been Chief Appraiser for three and one-half years. Prior to that he had been the tax assessor/collector for the Sonora Independent School District for four years.

Wootan was a retired Major with the United States Air Force. He had served six years of active duty and 12 years of stand-by and while active had served in the West Indies and the South Pacific. He was married to Zobia Good December 23, 1945. Survivors include his wife; four daughters, Charlotte Albrecht of Midland, Donette Dickerson of Andrews, Cindy Sheppard of Lockhart, and Zee Wootan of College Station; four brothers; four sisters; and five grandsons.

GARCIA FILES FOR SCHOOL BOARD

Joe E. Garcia has filed for a seat on the Sonora Independent School District Board of Trustees from Precinct One. Garcia has managed the Chavarría Grocery Store located on the Del Rio Highway for the past four years. He is a member of St. Ann's Catholic Church and is a director of a prayer group in the church. He and his wife Elvira have six children including Isabel Cervantes, 34 of Midland; Freddie Chavarría, 30 of Sonora; Leroy Chavarría, 27 of Dallas; Betty Lou Garcia, 23 of Lubbock; Chris Chavarría, 14 and in the eighth grade at Sonora Junior High School; and Yolanda Garcia, 13 of Dallas. Garcia said, "I would like to present to the students of the Sonora School District the best education available according to their needs". [Staff Photo---KN]

Our People Make the Difference

"Shines" by Adam

REV. RODNEY SUNDAY

Treat hyperactivity seriously

Hyperactivity in children is a serious problem and should not be treated lightly, a Baylor College of Medicine child psychologist said. Problems with school, family and friends can occur when a child is overactive, fidgety, impulsive and easily distracted, said Ben

Williams, M.D., director of the hyperactivity program at Baylor and Texas Children's Hospital. "But this excess physical activity probably results from the hyperactive child's inability to concentrate for any length of time," Williams said.

Although hyperactivity is a problem, it can be controlled to some extent. It is not a condition that is caused by bad parenting. But good parenting skills, such as teaching the child how to concentrate, can help the child perform better while at home and in school.

Five to eight percent of all children, or about one child per classroom, will be hyperactive or have attention problems. Boys are more likely to be affected than girls, and the problem can be spotted as early as two and one-half years of age. Peer difficulties and disruptive, inattentive behavior are common classroom problems for hyperactive children. Williams advises parents to seek treatment for a hyperactive child before he reaches school age to reduce the problems the child will face. Williams recommends that parents teach a hyperactive child how to organize his time and structure his activities to help him concentrate on one project at a time. He also advises parents to use non-physical discipline. Denying a child television time or forcing him to sit for ten minutes in a special "time-out" chair may be more effective in controlling outbursts than spanking, yelling or scolding. He warns parents not to flood a hyperactive child with an angry string of commands. "Hyperactive children typically have problems listening and following directions and many parents will start saying, 'Sit still. Be quiet. Do this. Don't do that,' without giving the child time to respond," Williams said. "The parent becomes angry because the child isn't minding and the child is frustrated because he is overloaded with commands." Because the child has problems paying attention, Williams said, parents should get the child's attention by using "good parent-

Check eligibility

Some low-income Texas households may be eligible for help in paying their heating bills this winter through the Home Energy Assistance Program, according to Texas Department of Human Resources Commissioner Marlin Johnston. Commissioner Johnston said the one-time payment is available to many low-income households which this month received food stamps, Aid to Families with Dependent Children, Supplemental Security Income, or needs-tested Veterans Administration benefits.

Potentially eligible veterans are those who receive payments under Section 415, 521, 541 or 542 of Title 38 of the U.S. Code or under Section 306 of the Veterans and Survivors Pension Improvement Act of 1978.

Eligibility is limited by gross income. For instance, aid is available for a one-person household having less than \$371.49 gross

income per month. The gross income limit is \$608.49 for a two-person household, \$835.49 for a three-person household, \$1030.49 for four persons, \$1,216.49 for five, and \$1,422.49 for six.

Eligible households must be subject to energy cost increases because of higher bills or rent due to rising utility costs.

Households in privately owned or rented housing are eligible if the cost of utilities is included in the rent payment or if the household pays a portion of its home energy costs.

Johnston said application forms are mailed automatically to households receiving food stamps, AFDC, and SSI. Households receiving needs-tested veterans benefits must request an application from DHR in January.

Those who have not received an application and think their household may be eligible should contact a local DHR office.

Rev. Rodney Sunday serving as interim

C. Rodney Sunday, a native Texan born in Dewitt County, is serving as the interim pastor for the Church of the Good Shepherd in Sonora.

He is a graduate of Yorktown High School, University of Texas with a bachelor of arts (B.A.) degree, Austin Presbyterian Theological Seminary with the bachelor of divinity (B.D.) degree, and did post graduate study at Cambridge University Divinity School in England. He was awarded the Doctor of Divinity (D.D.) degree by Austin College in Sherman.

He was ordained in 1938 in Rockport, Texas, by Western Texas Presbytery, now Mission Presbytery. After about two and a half years, he became pastor of the Lulig, Texas, Presbyterian Church, from which he entered the Armed Forces in 1943 as Chaplain. After four years in the Chaplaincy, having served in both the European Theater of Operations and the Asiatic-Pacific Theater, he was discharged in 1947.

After additional schooling in the University of Texas and Austin Seminary, he accepted a call to become pastor of the church in Homer, Louisiana. He had met and married his wife a few months before going to the Homer Church. After almost three years at that church, they went to Houston,

Texas, where they lived for the next 25 years, while serving two churches there, St. Andrew's and the Pines.

Dr. Sunday is married to Minniemae Voelkel ("Mae"), also a native Texas and a graduate of Texas Woman's University, Denton. They met after World War II, in Austin, where Mrs. Sunday, widowed by the war, was living with her four year old son, Hayden. They have three sons, Hayden Kaden, Randall and Timothy. Hayden and his wife, Bonnie, and Tim and his wife, Rebecca, live in Alaska; Randy and his wife, Donna, live in New York City. Their one grandchild, Sierra, 10 years of age, is the daughter of Hayden and Bonnie.

The Sundays retired in 1975 to a spot on the South Fork of the Guadalupe River 20 miles west of Kerrville. Their post office is Hunt. They ordinarily spend three or four days a week in Sonora while the Pulpit Nominating Committee of the Church of the Good Shepherd (Presbyterian) is searching for a full-time pastor.

"My wife is involved in some worthwhile projects, like being a Director of the Hill Country Youth Ranch for abused and neglected children, I'm a golf addict...that gives you a clue as to how I spend my spare time," said Dr. Sunday.

PUBLIC NOTICE

AT&T Communications of the Southwest, Inc. ("AT&T Communications"), in accordance with the Public Utility Regulatory Act and the rules of the Public Utility Commission of Texas ("PUC") hereby gives notice of its intent to implement a new schedule of rates for its services. The new rates will be effective February 22, 1985, unless otherwise determined by the PUC. All customers and classes of customers would be affected by the proposed rates.

AT&T Communications has filed restructured tariffs designed to more closely recover access and other costs for private line, DATAPHONE® Digital Service, OCC Facilities, WATS and 800 services.

Also proposed is the institution of a charge for directory assistance to begin to recover access costs incurred for such service, and increases in rates for operator assisted AT&T Long Distance calls.

AT&T Communications is proposing to restructure its AT&T Long Distance Service and to reduce its overall revenues from basic long distance approximately \$25 million.

While long distance rates will, in most instances, be reduced, certain AT&T Long Distance rates are proposed to be increased to more nearly recover the access charges approved by the PUC for such service.

The proposed new rates for all services would result in an increase in adjusted test period revenues of \$123.4 million, or 11.3 percent.

A complete copy of the proposed tariffs are on file with the Texas Public Utility Commission.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene or participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information also may be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

BY HAZEL McCLELLAND
The Hospital Auxiliary met Monday, February 11 in the Conference Room at the Nursing Home. Mrs. Vicenta Cervantes, presided. A financial report was given by Metha Trainer to buy three new beds for the Nursing Home now and more later when they can. This organization does so

many good things for the hospital and nursing home. Come join the auxiliary and visit with us.
The Hospital Auxiliary entertained the residents of the Nursing Home with a Valentine and birthday party Monday, February 11. Hostesses were Metha Trainer, Guila Vicars and Lou Faulks, with Pauline Thompson and Wilma

Jones assisting. Birthday gifts were presented to Muriel Hamilton, Edna Crittenden, and Modesta Mesa, who celebrated birthdays in February. Angel food cake and punch were served. Valentines decorated with lace and ribbons were presented to each resident, made by Myrtle Bridges.

Calvin Van Hoozer has returned home from the hospital in San Angelo. Glad you are home Calvin and we wish you the best of luck.
Mrs. Nora B. Kiser is out of the hospital in San Angelo. Glad you are home and doing good, Nora B.
Our sympathy to the family of Jessie Kring who died February 14.

Mr. and Mrs. Charlie Shannon were in San Angelo Sunday to be with their daughter-in-law who is in the hospital.

Mr. and Mrs. Rip Ward were in San Angelo Wednesday.

Mrs. Clay Mitchell and daughter, Sarah Clay of Rankin and Mrs. Phil Sheldon of New Mexico are here visiting with their family, Mr. and Mrs. Calvin Van Hoozer.

BRETT JOSEPH REYNOLDS
Brett and Denise Reynolds of El Paso, Texas are proud parents of a son, Brett Joseph, born January 30 at 2:56 p.m. in Providence Memorial Hospital. He weighed six pounds, eight ounces and measured 20 inches long.

Maternal grandparents are George and Snookie Joseph of Sonora. Paternal grandparents are Mr. and Mrs. Neil Tankersley of Mertzton and Mr. and Mrs. B.D. Reynolds, Jr. of El Paso.

Paternal great-grandparents are Mr. and Mrs. C.C. Woody and Mr. and Mrs. B.D. Reynolds Sr, all of Lubbock.

The baby is welcomed by several

aunts and uncles. Leslie Reynolds of Mertzton, Todd Reynolds of Knickerbocker, Rosie Joseph of Sonora, and Mr. and Mrs. W.C. McManus, III of San Angelo, and one cousin Brenda Lynn McManus.

KASSADIE SHONDALE FARRAR
Santa was a little late, but Kasey Farrar doesn't want to send her back. Kasey would like to announce the arrival of his new baby sister. Her name is Kassadie Shondale.

She weighed seven pounds, three ounces and was 19 1/4 inches long, and arrived January 31 at 2:19 p.m. in Angelo Community Hospital.

Kassadie's and Kasey's parents are Lawson and Debbie Farrar. Proud grandparents are Mr. and Mrs. Glenn Herring of Louise, Mr. and Mrs. David Shurley of Sonora, and Mr. and Mrs. Cecil Farrar of Brownfield.
Great-grandparents are Mr. and Mrs. C.D. Reid Jr. of Brownfield, Cornelia Morris of Littlefield, Frances Zmeskal of Louise, and the late J.C. Herring of Brownfield.

Quilt show scheduled

Texas quilters are invited to participate in the Fourth Annual West Texas Quilt Show to be held at Fort Concho National Historic Landmark in San Angelo Saturday, April 27, from 10 a.m.-5 p.m. and Sunday, April 28, from 1-5 p.m.

Table space will be available for rent on both days for what has become the largest sale and display of quilts and quilting techniques in West Texas. The cost will be \$15 per table (6 by 2 1/2 feet) for one day and \$20 per table for two days. Rental space will be limited and quilters are advised to contact Fort Concho early to reserve space.

A quilt contest will also be held during the event. Prizes and ribbons will be awarded to four outstanding quilts made within the last two years. Quilt collectors are also encouraged to display their antique and award winning quilts in the special collection display in the officers' quarters buildings.

For details, forms, and information, please contact Frances Schneider Mertz, Fort Concho, 213 East Avenue D, San Angelo, Tx. 76903 (915) 655-9121, ext. 441.

 Baby Kids \$2 to \$8 per head

Twin Club to meet

Double Delight or Double Dilemma-anyway you look at it, you've got a handful if you're a Mother of Twins! Just as you are looking at those sweet angelic faces and contemplating about how blessed you have been, those little eyes get that mischievous gleam, the horns start sprouting, and suddenly you're sure you've been cursed with Double Trouble! If you can relate to this situation, then there is a tailor-made club for you-The San Angelo Mothers of Twins Club!

The club is just completing its third year of existence in San Angelo although the National and State Organizations have been around for many years. The only requirement for membership is that you must be a Mother of Twins, Triplets, or More. (perish

the thought!) The club's main objective is to serve as a support group, both emotionally and financially, if needed, to each other and other Moms of Twins.

In accomplishing this goal, the members have several varied activities throughout the year. The monthly meetings are on the fourth Thursday of each month, at the Meeting Room of the Concho Valley Center for Human Advancement. Other scheduled activities include Valentine and Christmas parties for the twins and other children, participation in the Annual Rodeo Parade, attending the State Convention in April, a husband/wife Christmas dinner, and several fund raisers. This is the only such club within a 90 mile radius and officers of the club are thrilled to have members and visitors from surrounding communities.

This month the club is planning a very special program featuring Dr.

Crosby Jones, A.S.U. Professor of Biology. He will be speaking on the topic of "The Genetics of Twins" with particular emphasis on "Fraternal Twins vs. Identical Twins." Dr. Jones presented this program to the club two years ago, and it was enjoyed so much that members want to share it with other Mothers of Twins and their husbands.

Dr. Jones has updated his information and plans to include a slide presentation in his program.

All interested persons are invited to attend this very informative and entertaining event to be held Thursday, February 28 at 7:30 p.m. at 244 N. Magdalen in the meeting room.

After presenting his program, Dr. Jones will entertain any questions concerning the genetics of twins, and afterwards there will be refreshments served with time to get acquainted with other parents who share this special common bond of parenting twins.

Jessie Kring Jr. dies, Services held Saturday

Funeral services were held at 3 p.m. Saturday, February 16 at the First Baptist Church of Sonora for Jessie Kring Jr., 63, of Sonora.

Don Jones officiated and military graveside services followed in Sonora Cemetery under the direction of Kerbow Funeral Home.

Kring died February 14 in Shannon West Texas Memorial Hospital in San Angelo.

He was born February 1, 1922 in Stephenville. He left Sonora to join the United States Army and served overseas in the Pacific from 1939 until 1945. Kring was reintegrated into the Air Force in 1951 and served in Korea, Japan,

Morocco, and Spain. He retired in 1965 and went to work for the Civil Service in San Antonio and retired in 1972.

Returning to his boyhood home in Sonora, he became involved in politics, working on the Nelson Wolfe campaign. Kring was trying to start an American Legion Post in Sonora at the time of his death.

He is survived by his wife, Margaret; three children, Kitty Lee Kring Cruser, Gary and Kenneth Kring; four grandchildren, Jeffrey Stephen Cruser, Kristin Michelle Cruser, Ikey Lee Kring, and Christopher Kring; two sisters, Hazel Hodges and Gwen Stillwell; and one brother, Billy Jean Kring.

Funeral services held for Wesley Ernest Hill

Wesley Ernest Hill, age 72, of Buchanan Dam, died Sunday, February 10. Hill was born December 21, 1912 in Sonora, the son of Giles P. Hill and the former Nora McKinney.

He had been a resident of Grandbury before moving to the Long Mountain Estates.

Hill served as Sheriff of Sutton County from 1955 to 1961. He was a former rancher in Sutton,

Hamilton and Hill Counties.

Survivors include his wife, Estelle Hill of Buchanan Dam; two sons, George Hill of Aiken, S.D. and Joe Hill of Lake City, Colo.; two brothers, G.B. Hill of San Angelo and Clyde Hill of Sonora; two sisters, Nora B Kiser of Sonora and Lucille Meacham of Burnet; 3 grandchildren and 1 great-grandchild.

Poetry contest announced

A \$1,000 Grand Prize is being offered in World of Poetry's New Poetry Contest, open to all poets. There are 100 prizes in all, with a cash value of over \$10,000.

"You need not be a famous poet to enter," says Contest Director Joseph Mellon. "Indeed, we are keeping our eye out for beginning

poets--poets who have written only one poem, or have never entered a poetry contest before. We expect our contest to produce some exciting discoveries."

For official rules and entry forms write, World of Poetry, Dept. PR, 2431 Stockton Blvd., Sacramento, California 95817.

Change

REV. KENNETH DOYLE
 SONORA TABERNACLE
 UNITED PENTECOSTAL CHURCH

Change! A word that means many different things to different people. To some it means to break tradition, or the breaking of a pattern, and to others it means new life and hope. Change means to progress, or to extend oneself in a different direction.

All life is in a constant process of change. The aging process is a life of change. The Apostle Paul spoke of change when he said, "When I was a child--But now I am a man." There are two approaches to change. One is of fear, and the other, is opportunity.

I ask you, how do you approach change? Are you full of anxieties, fears, or despair, or do you allow, and accept change with excitement, opportunity, and the possibilities of success?

Is change compromising? No! Only when the direction of that change has become negative, does it become a hindrance to our goals. A man who has never had failures has never tried to extend

himself. If someone institutes change and it fails, he should never let that failure become a hindrance or a fear of attempting to institute other changes. History tells us that a people can change their traditions and still maintain their priorities in life.

The Jews have shown this to us for hundreds of years, as we see them adapt to the culture and needs of society, and yet maintain the belief in the one true God, and Judaism. As a result of this diversity, the flexibility they have made a major impact upon the world.

Becoming that part of society that meets the needs of the rest is what constitutes a revival church. Yes, we can change, and keep our faith, and walk with God.

God told Abraham to "Get thee out of thy country and kindred" and to go. That constituted a change so that he would be the channel by which God would set in effect a new order of things.

Are we yielded and willing to allow God to send us into a new order of things? You're at the Crossroads of Life--The Light is Amber. It's time for a change.

Sonora Police Report

In the 19th century, the Eskimos would hold a tug-of-war between those born in summer and those born in winter to determine the severity of the weather.

The five officers of the Sonora Police Department logged a total of 222 hours between February 8 and February 14, 1985. During this period officers investigated only one minor accident. They issued nine traffic citations and one warning citation. The breakdown on the traffic citations are as follows: speeding 5, one of which was in a school zone; no drivers license-1, failure to control

speed to avoid an accident-1; failure to comply with requirement when involved in an accident-1; exhibition of acceleration-1. One complaint was filed for failure to appear on a traffic violation. During this period of time officers made two adult arrests. One for public intoxication and disorderly conduct and the other was for public intoxication. One subject was arrested and turned over to the

Department of Public Safety on Traffic Warrant Charges. During this period officers received one report of a theft of two hubcaps removed from a citizen vehicle while it was parked in the Food Center's parking lot, and another report of theft of silverware removed from a Sonora residence. The Animal Control Officer logged 32 hours during this period

and picked up 4 dogs and 1 cat. A notice of impoundment is posted each week at the City Hall, Court House and Big Tree Restaurant. The Texas Department of Public Safety Department Office will be open on Monday the 25th and Tuesday the 26th, from 9 a.m. to 4 p.m., closed during the noon hour. Judge Martin's Office is located 304 N.E. Oak Street, telephone number is 387-5237.

11 local 4-H'ers going to Houston Livestock Show

Joe Will, David and Mary Ross will be the first Sutton County 4-H'ers to journey to Houston for the big show held at the Astrodome complex. They will be exhibiting goats Saturday, February 23.

Lamb exhibitors Anita and Anna Balch, Lea and Kelly Whitehead, Keith Wallace, Rebecca Powers and Brian Faris will follow on Monday, February 25.

Clay Graves will complete the list of local competitors when he arrives with his steer Tuesday.

Animals exhibited by these competitors are a part of the 16,313 junior show entries expected for this year's show. Additionally, 8,960 open show entries and 3,011 horse show entries are expected for exhibition at the 1985 Show.

The Houston Livestock Show, considered the world's largest, holds competition on two levels: for professional breeders and ranchers throughout the world and for FFA and 4-H members, representing 788 clubs and chapters, from throughout Texas.

"We take a tremendous amount of pride in knowing that the Houston Livestock Show attracts

entries in the junior show that are more than just animals," noted Don Jobs, Jr., assistant general manager.

"They represent continuous, hard work by a Texas youngster who's committed himself or herself to a livestock project. These junior show exhibitors are a rare breed in themselves," he added.

Premium monies available for open and junior show exhibitors top more than half a million dollars in prize money and in premium auction prices paid in excess of market value. Prior to the Show, volunteer committee members contact auction buyers to guarantee that each market animal sold in the four junior auctions brings a price above the current market value of the animal.

Junior livestock competition includes beef heifers, dairy cattle, breeding sheep, goats, commercial steers, breeding rabbits, market lambs, poultry, swine and steers. For the second year, there will be carcass contests for the market lamb, swine and steer shows.

Beginning with the 1985 Show, all junior market turkeys must be

purchased from Texas A&M University as poults from the same hatch. Weight limits are then eliminated in the market turkey show due to the standardization and control this rule imposes on potential entries.

Once again, in the market lamb, barrow and steer shows, the three-judge system will be used. This system helps insure selection of an animal based on production, feeding and carcass merit.

Junior market barrows will again be sifted at the Washington County Fairgrounds in Brenham on February 23-24. Sifted barrows are then loaded directly for sale through normal livestock auction consignment. Non-sifted barrows proceed to Houston and the live-

stock show competition.

In addition to its position as the world's largest livestock show, the Houston Livestock Show and Rodeo is also the largest donor of agricultural scholarships in the nation. A total charity benefiting youth and education, the Show currently has 885 students on scholarships and annually commits \$1.9 million to its regular scholarship program.

Also, research project money and scholarship endowment funds are given by the Show to colleges and universities throughout Texas.

Entertainers for the 1985 Show are: Billy Ocean, Wednesday, February 20; The Judds, Thursday, February 21; George Strait, Friday, February 22; Ronnie Milsap,

Saturday matinee, February 24; Janie Fricke, Sunday evening, February 24; Willie Nelson, Monday, February 25; Ricky Skaggs, Tuesday, February 26; Jose Luis Rodriguez, "El Puma," Wednesday, February 27; Conway Twitty, Thursday, February 28; David Frizzell and Shelly West, Friday, March 1; Lee Greenwood, Saturday matinee, March 2; Larry Gatlin and the Gatlin Brothers Band, Saturday evening, March 2 and the Oak Ridge Boys, Sunday

matinee and evening performances, March 3.

Saturday matinee performances begin at 11 a.m.; Sunday matinee performances begin at 1 p.m. and all evening performances begin at 7:45 p.m. Ticket prices are \$4 and \$8.50 and include admission to livestock show.

The livestock show opens on February 16, the first rodeo performance is scheduled for February 20 and all events conclude on March 3.

Hospital Auxiliary has meeting February 11

The Ladies Auxiliary of Hudspeith Hospital and Nursing Home met February 11 for the monthly business meeting. Ten members were present.

The Auxiliary decided to purchase three beds and mattresses for the Nursing Home rooms. They also decided to purchase more of these beds and mattresses later in the year, as they are needed.

Revenue for the Auxiliary comes from T.V. rentals in the hospital, coke machine receipts, dues, memorials, and donations. New members are always welcomed and the dues are only \$3 per year, and donations are needed to help in refurbishing rooms.

You can contact Vicenta

Cervants, Ruth Shurley, or Metha Trainer if you are interested.

The auxiliary does much for the hospital and nursing home in Sonora. They have helped with furniture for the waiting rooms and lobby and have carpeted the offices of the hospital and purchased the lounge chair, which makes into a bed.

They have completely furnished mini blinds for each room of the nursing home and valances for these windows. They give many parties for the residents and each member has a Sunshine pal in the nursing home. This "pal" is remembered at Christmas, birthdays, etc.

Cavaness Earns degree

A Sonora student at Angelo State University was among 221 students who completed degree requirements at the conclusion of the fall semester.

Becky Lee Cavaness received a Bachelor of Science Degree with a major in Health and Physical Education.

Bentsen Reports

BY LLOYD BENTSEN

The homemakers of this nation—both male and female—care for their families with years of self-sacrificing work.

For their toil, they don't draw wages.

With no employment record, the untimely death of a spouse or the breakup of a marriage can leave a homemaker facing old age with no income but Social Security benefits.

In fact, between 30 to 50 million homemakers are rapidly approaching retirement age without any type of retirement plan.

The future for them looks bleak. The Social Security retirement system is rapidly going into overload and it is becoming more and more difficult, for all Americans, to achieve financial security for their later years.

People are living longer, retiring earlier and relying more on retirement income programs. By the year 2000, 13 percent of our population will be age 65 or older.

Fewer workers will be around to support the increasing number of Social Security recipients as our birth rate continues to decline. In 1935, for example, there were nine workers for every aged person. In 1977, the worker to aged ratio was four to one, and there were three workers for every Social Security beneficiary. By the year 2050, there will be only two workers for every beneficiary.

One way to ease the burden on our retirement system is to help people save for retirement, by deferring the payment of federal taxes on money they put into Individual Retirement Accounts (IRAs).

All Americans who receive an income have the opportunity to

establish IRAs.

I believe that homemakers who work hard, though they aren't paid a salary—deserve the same chance, as I am re-introducing legislation that would allow them to participate fully in Individual Retirement Accounts.

I have supported this idea since 1979.

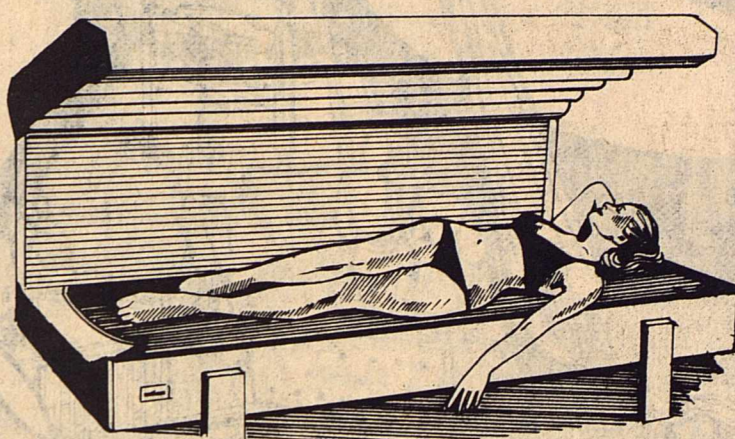

Currently, wage earners may receive a tax deduction on up to \$2,000 in income deposited in an IRA. This increases only to \$2,250 if the wage earner pays into an IRA for his or her spouse.

My legislation would allow the homemaker to start an IRA whether or not the wage earner has one. After the legislation is fully phased in, both the homemaker and the employed spouse could contribute up to \$2,000 annually, for a maximum of \$4,000, and each would receive an IRA tax deduction.

Homemakers would thus be encouraged to save for their retirement, helping them live their later years with the dignity and self-respect they have rightfully earned.

Homemakers don't receive a paycheck, but that does not diminish the economic and practical value of their labor.

Why do the same size families with the same size homes have different size electric bills?

Simple, It's The Power of Choice.

It's happened to almost everyone. You compare electricity bills with your neighbor, and, even though you lead similar life styles, your neighbor's bill is lower.

The difference can be in how well you buy electricity. That's right, buy. Every time you flip a switch, you make a choice to buy a little electricity, little choices that add up to your bill.

Today, electricity gives you choices that help you get more value out of your energy purchase.

The New Appliance Choice.

Suppose you were choosing between two refrigerators same size, same features. The less expensive choice saves once. But the more efficient choice saves year after year. When choosing a

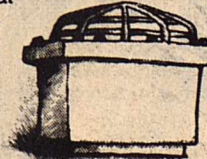

new appliance, choose an appliance with a higher Energy Efficiency Rating (EER). This will help to save you money on your energy bill.

The Heating and Cooling Choice.

Because heating and cooling are your biggest energy-consuming functions, a smart electric choice can really pay off here. A heat pump efficiently cools in summer, then reverses, and heats all winter — both at a total cost that can provide substantial savings. Check out whether a heat pump is suitable in your situation.

No matter where you live, there's always an electric choice that will help you get more value out of your energy purchase. For more information on how you can use electricity wisely, call your local WTU office today.

Electricity. It's the Power of Choice.™

Texas Nightwriters to meet February 23

Mary Frances Beverly, an author of magazine articles and a book about Texas restaurants, will speak at the monthly meeting of the Texas Nightwriters Saturday, February 23 at 1 p.m.

The meeting will be held at the Artificial Lift School at 1162 County Road North and Loop 250 in Midland. The school is located on the north side of the loop, just west of the Mays ranch gate.

Ms. Beverly's book, "Great Hometown Restaurants of Texas," is the result of a year driving around the state seeking 100 of the best home-owned restaurants. In addition to book reviews, she has also had articles published in regional and national magazines.

The Texas Nightwriters, a group of professional writers, meets at 1 p.m. on the fourth Saturday of every month. The guest speaker is featured for the first hour of the meeting.

After a break, members of the nightwriters meet to read their works for critique. Only members are allowed for the critique portion of the meeting.

The annual membership fee is \$15.

The group is composed of writers who are selling their works and those who want to learn how to write for profit.

For more information, call 915 685-3232.

Ben Gilleys honored with retirement fete

Ben and Mary Gilly were honored recently with a retirement party at the Sutton County Steak House. Approximately 40 guests and employees attended.

A certificate of appreciation, along with a set of gold pens were presented to Ben.

Ben started with El Paso Natural Gas Company in February 1949 in Jal, New Mexico, and they lived there for nine years.

The couple moved to Sonora in August 1958, where they have resided for 27 years. They have two sons, Mike of Austin and Mark of Sonora, and two grandsons Matt and David.

They plan to retire in Sonora, and they "wish to thank all of their friends and neighbors for helping make this such an enjoyable place to live."

Safety precautions for elderly outlined

Anyone can fall, but older adults are more likely to take a tumble and suffer injuries as a result.

Most older adults fall at home doing everyday activities at floor level -- not on stairs or from heights. The falls are often caused simply by tripping over low furniture, rugs and clutter on the floor.

"Older adults fall more frequently for several reasons," says Dr. Judith Warren, a gerontologist with the Texas A&M University Agricultural Extension Service home economics program.

"Body changes that occur with aging contribute to falls. Eyesight is not as sharp as it once was, and bifocal or trifocal glasses can give the elderly a momentarily distorted picture when changing fields of vision," she explains.

Coordination and balance also change during the aging process, Warren says. "The body doesn't react as quickly, posture changes and older people don't lift their feet as high, which contributes to tripping and falling."

According to the gerontologist, simple, easy exercises can improve coordination and muscle movement for older adults. And rather than limiting their activities because they fear falling, Warren suggests that older adults take some common sense precautions to prevent mishaps:

- Store things so excessive reaching is not necessary. Don't climb on chairs to reach high places. When extended reaching is necessary, use a sturdy step stool with handbars.

- Choose well-fitting and comfortable clothes, including shoes. Proper fitting shoes give good traction on floors, while walking in slippers or stockings often causes slips on floors and stairs. Clothes with large sleeves and flowing skirts can easily catch on furniture and also cause a fall.

- Install grab bars in the bathtub, shower and next to the toilet to aid in body balance when moving. Tubs and showers should also have slip-proof floor surfaces.

- Add a low-wattage bedside light so that it is not necessary to walk in the dark. Even when the room is very familiar, the possibility of a fall increases with darkness.

The same mineral won't work for all cattlemen ... so MoorMan's offers a choice

No blade of grass--or any other roughage--supplies all the minerals and in the proportion beef cattle are known to need for best results. But no single product can get the job done everywhere.

So MoorMan's makes a whole lineup of mineral-supplying products. Each is research-designed to fill specific needs.

Let's work out a program for you.

Ramblin' Raun Outdoors

by JERRY RAUN

Anyone with aspirations toward setting a new state record for big bass should start plans to go fishing soon. However, one should plan to do some traveling and to possibly get cold in the process.

Almost all of the big bass on the state's top 20 list have come from East Texas Lakes and were taken during the winter months. According to Phil Durocher, inland fisheries management coordinator for the Texas Parks and Wildlife Department, January through March is the best time for big bass.

"The state record bass, a 15-pound, eight-ouncer was caught on February 7, 1981, and with very few exceptions almost all the fish on the top 20 list were caught in the late winter and early spring period," Durocher said.

Most of the very large bass, 12 pounds or more, have been taken during this interval. Biologists believe that the larger bass begin to move into shallow water and become more aggressive in preparation for spawning. This accessibility and increased aggressiveness gives the angler a better shot at landing a real trophy bass.

During 1984 six fish were added to the top 20 list. Three of those were caught during January by well-insulated fishermen. This was during the period of record cold temperatures in Texas. Two others were taken in February and March respectively. The remaining fish was taken during July at Lake Calaveras near San Antonio. Only one other of the top-20 fish was caught during July. Both of these have to be considered oddities.

Andy Iosue of San Antonio is the only person to have made the list so far in 1985. His 13-3 lunker was taken from a private lake in Dimmitt County on January 19. It tied for 16th place in the official records.

Durocher said that it is anyone's guess which lake will produce the next state record, but several definitely have the potential. Lake

Monticello near Mount Pleasant has produced the most top-20 fish, with nine. Nearby Lake Welsh has contributed only three but one, weighing 15 pounds 3 3/4 ounces, caught in 1983 was the largest bass ever taken from a public reservoir.

The current state record is held by John Alexander of Dallas. His 15-8 pounder was landed February 7, 1981 from a private lake in East Texas.

Other likely spots for catching a state record bass include East Texas reservoirs Houston County and Pinkston, both of which have yielded 13-pound-plus fish. Lakes Braung and Calaveras, both near San Antonio, are also likely candidates. Braung has produced a 13-5 and four bass over 13 pounds have been taken from Calaveras. The largest of these weighed 13-9 and was landed in 1984.

Here is a list of the states top-20 bass.

1. 15 lbs. 8oz., February 7, 1981, Lake Echo.
2. 14 lbs. 3 3/4 oz. December 23, 1983, Lake Welsh.
3. 14 lbs. 6 1/2 oz., March 13, 1984, Houston County Lake.
4. 14 lbs. 5 oz., January 10, 1981, Lake Echo.
5. 14 lbs. 3.4 oz., February 2, 1980, Lake Monticello.
6. 14 lbs. 1 1/2 oz., February 2, 1980, Monticello.
7. 14 lbs. 1 oz., January 29, 1984, Monticello.
8. 13 lbs. 9 oz., July 10, 1984 Calaveras.
9. 13 lbs. 8 oz., January 16, Medina.
10. 13 lbs. 6 1/2 oz., February 28, 1982, Monticello.
11. 13 lbs. 6 1/2 oz., January 7, 1984, Welsh.
12. 13 lbs. 6 oz., July, 1983, Pinkston.
13. 13 lbs. 5 oz., March 2, 1983, Braung.
14. (tie) 13 lbs. 4 oz., March 26, 1984, Houston Co., and January 24, 1983 Calaveras.
15. 13 lbs. 3 1/2 oz., February 26, 1983, Monticello.
16. (tie) 13 lbs. 3 oz., January 3, 1984, Houston Co. and January 19, 1985, Dimmitt Co.
17. (tie) 13 lbs. 2 oz., January 2, 1981 and December 29, 1982, Welsh.

Bub McDonald, Outdoor Writer for the San Angelo Standard Times has some advice for anyone who catches a possible record bass -- any other species.

"The first thing to do is wrap it with a wet towel or wet newspapers

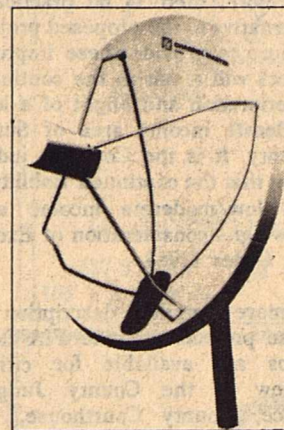

and get it to a scale certified accurate by the Texas Department of Agriculture. Since fish will lose a few ounces rather rapidly after being caught, the quick weighing process is particularly important."

McDonald also recommends, "If possible, get a side-view picture of the fish with you holding it. The

picture can be black and white or color and may be taken with a Polaroid-type or negative camera."

Necessary forms for the certificate process are available at all regional offices of the Texas Parks and Wildlife Department and at some sporting goods stores or bait dealers.

LEGAL NOTICES

NOTICE OF REGIONAL HEARING
On November 30, 1984, the Lower Colorado River Authority (LCRA) filed an application for a rate increase. Pursuant to Section 43 (c) of the Public Utility Regulatory Act (PURA), Tex. Rev. Civ. Stat. Ann art. 1446c, the Texas Public Utility Commission has determined that it is in the public interest to collect testimony at a regional hearing for inclusion in the record. At the regional hearing the Commission will hear protests and comments from members of the public. Those members of the public desiring to make such statements under oath shall have that opportunity.

The regional hearing will be held at the following location and time: City Council Chambers 155 E. Colorado La Grange, Texas
Wednesday, February 27, 1985
2:00-5:00 p.m.; 6:30-8:30 p.m.

NOTICE OF EXPLANATION ON FLOOD PLAINS AND WETLANDS

Sutton County
Sutton County Courthouse
Sonora, Texas 76950
915/387-2711

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

Sutton County proposes to use Federal funds provided under Title I of the Housing and Urban Development Act of 1974, as amended for the following project in an area which is included in the 100-year flood plain:
Sewer Improvements-This project is needed to provide adequate sewer service to residents in the Sinaloa Community which currently lack such service. Several locations for which this project is planned are located in the

100-year flood plain. This project will install sewer lines to serve system and are currently using individual septic tank systems.

It is the County's finding that the proposed project cannot be undertaken in any other location and, therefore, there is no practicable alternative to the proposed project. Failure to provide these improvements will result in the continued deterioration and blight of a low/moderate income area of Sutton County. It is the County's judgment that the continued viability of this low/moderate income area outweighs consideration of Executive Order 11988.

A more detailed description of these projects and the FIA flood maps are available for citizen review at the County Judge's Office, County Courthouse, between the hours of 8 a.m. and 5 p.m., Monday through Friday. Comments on these projects in relation to Executive Order 11988 will be considered until March 22, 1985. The Chief Executive Officer of Sutton County is Charles Sherrill, County Judge.

NOTICE is hereby given for the request of bids to Sutton County for drilling water wells in Sutton County Park and Cemetery.

Requirements for the bids are as follows:

- (1) 11" hole
- (2) 8" plastic PVC Schedule 40 casing
- (4) Testing for capacity.

Final receipts of bids will be at 9 a.m., March 11, 1985. At such time bids will be opened and accepted or rejected by the Sutton County Commissioners Court.

New Arrival

AMY NICOLE GUTIERREZ

Mr and Mrs. Jesse Gutierrez would like to announce the arrival of their daughter Amy Nicole. Amy arrived on January 28, 1985. She weighed six pounds, three ounces, and was 18 1/2 inches long.

Amy is welcomed by her brother

Jason, and grandparents Mr. and Mrs. Mario Duran, Mr. and Mrs. Jose Gutierrez. Great-grandparents are Mr. and Mrs. Sabino Mendez, and Mrs. Lazarita S. Gutierrez of Piedras Negras, Coah.

Karate Institute wins awards at Kirby

Two Sonora students of the Karate Institute won awards at the Battle of the Alamo Karate Tournament held recently at Kirby, near San Antonio.

Terri Craddock, was awarded a First Place in Fighting, 13-15 year-old, beginners. Kenneth Jolly brought home a Second Place in Fighting, Men's Heavyweight, Orange Belt. He also placed third in Forms, Men's Orange Belt.

Clarence "Daddy-O" Smith of San Angelo, instructor at the Karate Institute, won Second Place in Fighting, Men's Middleweight, Black Belt and Third Place in

Forms, Men's Black Belt.

This tournament was double-rated. All points awarded to the contestants, which accrue toward year-end ratings, will count double the regular value. Individuals and schools are recognized annually for points accumulated during the year.

The next tournament will be held in San Angelo on Saturday, March 2. The Karate Institute Championship '85, sponsored by the Karate Institute of San Angelo, will be held in the San Angelo Convention Center. It will begin at 11 a.m.

STUDENTS STUDY SOLAR SYSTEM

Students in the fifth grade at Sonora Middle School have been studying the solar system and were asked to design and make a spaceship for future travel. Students include (left to right) Angie Samanlego, Blake Adkins, Kenneth Glaze, Julie Jones, Sam Taylor, Diana Tabarez, Joe Yorba, Cody Black, and David Tucker. [Staff Photo---KKN]
