## Briefly

### DRN Deadline

The deadline for information to be included in the Devil's River News is 5 p. m. Friday for the following week's paper.

Information can be brought to the office located at 220 N. E. Main St. or mailed to the same address.

\*\*\*

### White Cane Day

The West Side Lions Club will be taking donations Saturday to help people with impaired vision.

Donations will be accepted at the Post Office and Jim's Thriftway. Other Lions will be taking donations at three intersections in Sonora.

In addition, Lions will be giving away white canes as a symbol of when the Lions first started helping those with impaired vision.

\*\*\*

### Food Fight

The American Cancer Society Crusade/Food Fight kick-off Wednesday, April 4 from 3:30 to 5:30 p. m. at the First National Bank Annex.

\*\*\*

### ICA to meet

The next regular monthly meeting of the Sonora chapter of the Independent Cattlemen's Association will meet April 2, at the Sutton County Steakhouse at 6:30 p. m.

All members are urged to attend.

\*\*\*

### Census help

Anyone needing help with the census can contact Sutton Co. Senior Center at 387-5657 or the City Hall 387-2558.

\*\*\*

### History on display

The Sutton County Historical Society now has custody of The Devil's River News newspapers 1890-1979.

Anyone needing information should call 387-2855.

\*\*\*

### Al-Anon Meets

Al Anon meetings are held in Sonora each Thursday evening in Ozona each Monday evening. All newcomers welcome.

Call 387-5775 for information.

\*\*\*

### Hotline Number

Violence need not be a part of your life. Call the Family Shelter in San Angelo at 655-5774. Transportation is available.

\*\*\*

### Team Roping

The Association plans to have county ropings throughout the year until August 1990. Ropers participating in a majority of ropings will be eligible for year end awards and may qualify to rope in 1990 PRCA Sutton County Days Centennial Rodeo.

\*\*\*

### Childrens Telethon

The Dairy Queen in Sonora is helping to sponsor a telethon for the Childrens Miracle Network Telethon. The donation is \$2 for one chance to win a 1990 red Dodge Dakota S pickup. Anyone can sign up at the Sonora Dairy Queen. The drawing will be held in Wichita Falls during the telethon on June 2 & 3 of 1990. The pickup will be displayed at the Dairy Queen in Sonora, Jan. 1-15 of 1990.

\*\*\*

### Scholarship news

Applications for the Cindy Favila Memorial Scholarship are available at Mrs. Field's office. Deadline is April 20 -- to be turned in to Mrs. Field's or Miss Samaniego.

\*\*\*

*Judy McDonald*

OTRCA MEMBER - Judy McDonald, Edwards County rancher, competes in an Old Timers Rodeo. This weekend Judy and various other Old Timers will compete in the local rodeo to be produced by Bad Company Rodeo of Sonora.

## Old Timers Rodeo to be held this weekend

The first annual Old Timers Rodeo is scheduled for Friday, March 30 and Saturday, the 31st, at 8 p. m. in the Sutton County Park Arena.

Approximately 150 old time rodeo cowboys and cowgirls are expected for this year's event. They will be competing for nearly \$10,000 in prize money.

The Old Timers Rodeo Cowboy Association sanctions about 35 rodeos each year throughout Texas. In 1989, contestants took home over \$250,000 in prize money and \$40,000 in year-end awards.

The OTRCA was formed in 1978 to promote the sport of rodeo and to provide a continued spirit of the older rodeo contestants to carry on the western heritage of the American cowboy.

Cowboys and cowgirls compete throughout the year for a chance to

attend the National Finals of the OTRCA held each year in October.

Rodeo action at its best will be provided by many top-notch legends of rodeo. Many local contestants are members of the OTRCA. Some who will compete are Clay Cade, Judy McDonald, Allison Powers and Mickey Powers.

Cody Haines of Round Mountain, Texas will assist Bad Company Rodeo of Sonora in producing the rodeo. Pick-up men will be Dayton Armke and Todd Casebolt of Sonora; Preston Faris will be announcer and rodeo secretary will be Ann Brown.

This rodeo is sponsored by the Sutton County Days Association. Come out and enjoy the Old Timers Rodeo Friday and Saturday nights.

## Hope is on the way

by Wayne Munn, Realtor

The need for affordable housing in the U. S. is an issue that Realtors across the nation have worked to resolve for many years. Now Washington is taking steps to assist those who are in need with the announcement of a new comprehensive housing plan.

President Bush recently announced a broad-based housing plan to help the homeless and entry-level home buyers with a program called "Homeownership and Opportunity for People Everywhere (HOPE). The plan proposes down payment assistance for first-time home buyers, a \$2.15 billion matching grant program to spur tenant ownership of public housing, and a package combining shelter resources with supportive services to alleviate homelessness.

A crucial aspect of the plan would help first-time home buyers accumulate funds for a down payment, one of the largest barriers to homeownership. Under the HOPE initiative, first-time buyers would be allowed to withdraw funds from an Individual Retirement Account (IRA) without penalty and apply the funds toward a down payment and closing costs. The maximum amount that could be withdrawn from an IRA for a down payment is \$10,000 and the maximum house price is 110 percent of the average area purchase price.

Noting that HOPE would "address the full range of housing concerns," Bush said, "The true measure of success isn't how many families we add to housing

assistance rolls. It's how many families move up and out, and into the ranks of homeowners. They deserve our help, and they're going to get it," Bush added.

National Association of Realtors (NAR) Immediate Past President Ira Gribbin said Bush's proposal represents a key effort toward restoring a national housing policy that focuses on helping people move up the ladder of housing opportunity to the ultimate goal of homeownership.

"It's a good first step toward what we (NAR) want to achieve," Gribbin said. "Just as the walls are coming down in East Germany, we see that walls blocking the way to housing affordability and accessibility are also starting to crumble."

HOPE includes Federal Housing Administration (FHA) reforms to tighten accountability throughout the agency. Also, groups have been established to identify local barriers to affordable housing and study how the obstacles can be overcome. Low-income housing improvements, including incentives for housing providers and tenant assistance is another facet of the program. In addition, the low-income housing tax credit will be renewed by Bush.

HOPE shows that the Bush Administration considers housing affordability a "critical issue."

Realtor is a registered collective membership mark which identifies a real estate professional who is a member of the National Association of Realtors and subscribes to a strict Code of Ethics.

## I. C. D. looks to start shelter

The Family Shelter, under the umbrella of the Institute of Cognitive Development, is hoping to start a family shelter in Sonora. Four people involved with ICD were in Sonora Monday afternoon to talk with local community leaders.

Program Director Wilma Igwe said, "There is domestic violence going on in and around this community."

Igwe said the Family Shelter currently helps people in Sonora and the surrounding area when the abused make the trip to San Angelo where they are based. What Igwe would like is for the person calling for help, be able to get immediate help within Sonora. "We have had people that have called and need a place to go," said Igwe.

The Family Shelter serves a 14-county area and Igwe said, "We owe it to the people of this area (to serve them as well as possible).

The Family Shelter has four purposes: to increase the number of rural residents served, increase the number of crisis calls for assistance, to assist local law enforcement by providing an alternative to families in crisis; and to provide an immediate solution to victims of domestic violence who are requesting assistance.

Igwe said the cost to the city of Sonora to open the shelter will be almost nil. An outreach person will be hired who will need office space for 4-6 hours a week.

Debbie Hargrove, volunteer board member of the ICD, said, "A corp of volunteers will be needed and the word of mouth is the best way to get the word out about the shelter. The volunteers are often conduits of information."

Hargrove said she would like the group to get to know the community better to help the program get a good start.

"It's the community people that can better ask for (the things

Wilma Igwe

Jeri Sloan

Debbie Hargrove

Billy Johnson

needed), said Hargrove.

"Also needed will be volunteers to help with transportation to San Angelo for further help along with places that would help with places to stay and give food when necessary.

"A person who seeks help from shelter does so solely on their own wishes," said Jeri Sloan, administrator of I.C.D.

"An individual must make the call," said Sloan. "No one can be referred to the shelter, though the individual can be told about the service."

"Sloan said there is no set length for a persons stay at the shelter.

"They choose their goals and we help them toward those goals," said Sloan.

Igwe added, "By bringing in all our services, we're hoping to avoid the repetitiveness (of incidents)."

Statistics provided by the Texas Council on Family Violence show that eight of 10 boys who are involved in family violence will also become involved when they grow up while eight of 10 women will marry into violent families.

Hargrove said the I.C.D. has been discussing the possibility of starting a shelter in Sonora for over a year. Bill Johnson, another volunteer board member of the I.C.D. said, "We'd like to have (the shelter) in today."

Johnson said he is hoping the shelter is open within 30 to 45 days. Said Johnson, "All we need is the community base."

## Sonora High School receives recognition on TEAMS Test

Sonora High School received special recognition last week from the state Board of Education (SBOE) for student performance on last year's Texas Assessment of Minimum Skills test (TEAMS).

On the high school level, students in grades nine and eleven take the mandatory test.

The SBOE and the Texas Education Agency (TEA) issued the Exceptional Achievement citation for schools with 90 percent or more of its students mastering all TEAMS objectives. Sonora High School is the only school in its district (District 1) to receive the honor.

The state is divided into 15

districts, with Sonora's district extending west to El Paso all the way through South Texas to the Edinburg area.

"The most impressive thing is that we're one of only 44 high schools in the entire state to achieve this honor," Sonora Independent School District Superintendent Charles Russell said. "We're in the top three percent or so in the state," he added.

This is the third consecutive year that the SBOE and TEA have honored schools for improved and exceptional performance.

In a letter to Russell, state Commissioner of Education W.

N. Kirby and SBOE Chairman Monte Hasie of Lubbock wrote: "You and all your staff in your district are to be commended for the effective leadership, hard work, and dedicated efforts that contribute to this high caliber of student performance."

Russell said he attributes Sonora's high scores on the TEAMS test to several factors.

"I think it's strong teachers and a good student body. I don't think we spend that much time teaching toward the test. The students have good backgrounds and good teachers at all levels," Russell said.

AWARD WINNER—Lenora Pool accepted the Organization of the Year Award during the Chamber of Commerce banquet Tuesday night. Pool represented the Sutton County Emergency Medical Service which has more than 25 members.

# Healthcare

## Don't Touch Anything! -- until you've washed your hands

by Scott Gilmore

Public health officials in one major city -- exasperated at the recent spread of hepatitis A -- are distributing bumper stickers that read: "Dirty Hands Spread Disease: Wash them!"

Hepatitis A, which is passed through fecal matter (stool), has become epidemic in many parts of the country. It's usually spread by people who leave restrooms without washing their hands and then handle food.

Hepatitis A symptoms include nausea, vomiting, abdominal cramps, fever, loss of appetite, and yellowing of the skin.

Need other reasons to wash your hands? Diarrhea-type

illnesses, and respiratory illnesses such as the common cold, are commonly spread by dirty hands.

### What if no one's looking?

Not long ago, some university researchers set up cameras in the sink area of public restrooms.

They discovered that people who use public restrooms are far more likely to wash their hands after using the toilet if other people are present.

### Our Advice

Wash your hands with soap and water after restroom breaks and before eating -- whether anyone is watching or not.

It's the right thing to do.

## Testing for Census workers to be given

The testing for Census workers for Sutton County will be held at City Hall in Sonora on April 5 and April 9 at 9:30 a. m. on both days.

Applicants must be 18 years of age, a U. S. citizen, have a valid driver's license and social security card, which must be presented at testing site. The work will last between 2 and 8 weeks for most workers. They will receive \$5 an hour and 24¢ a mile for any official use of their car.

Please contact Patti Prather at City Hall 387-2558 or call the Census Bureau in San Angelo at 915-657-2900.

# Getting to the root of problems

by Jim Fish

There are certain people that would remove the right to keep, bear and otherwise own guns, seeing it as a means to curtail killings. Laws have been enacted to require motorists to wear seat belts. Wars wage between drug lords and various military and enforcement agencies.

Superficially, some aspects of these measures seem to effectively deal with their respective social ills and dilemmas. They boldly confront grave problems.

Think of the cost in human lives and tax dollars consumed in the drug wars. How many criminals would be created if the right to own firearms was taken away? Who appreciates being told they "must" wear a seat belt in a moving vehicle, no matter how safe the practice?

All the measures and would-be solutions listed above, as well as the thousands clogging legislative branches of government, are symptomatic of a more serious and deep-rooted problem. They not only fail to address the problem, but they tend to draw our efforts away from this underlying cause.

Irresponsibility, or lack of self-discipline, in one way or another, is the foundation from which

JIM FISH

almost all our ills evolve. When someone is killed with a handgun, it is a tool in the hands of an individual acting without discipline. We would need no seatbelt law if we were responsible enough to "buckle-up" on our own. How many addicts would there be to demand drugs if we all exercised control and used forethought in all our actions?

One might think it is the nature of a human to be irresponsible. We all are undisciplined at one time or another. However, it is not natural. Many of us are highly responsible persons, eager to answer for our actions; but many are not.

Responsibility is not easily forced upon the individual. It usually proves to be a mistake to give it to someone who does not already possess it. It is like a seed to be implanted and cultivated.

We are as plants who bear fruit which we share for the strength and sustenance of our society as a whole. Without care, we become like weeds consume and ultimately destroy.

Reasons for the lack of self-discipline vary from person to person. In our society today we see a deterioration in the family unit. Numerous families have a single parent who must work, discipline is relaxed or nonexistent. Even with a mother and a father, often both must work to survive. Recent issues regarding child abuse, neglect, children's rights, and others creep into the family's sense of security to create doubt.

Labor unions, insurance corporations and state agencies further alleviate us of our need to be responsible. They certainly have advantages, but at what price? Do you think we would see such a high cost of living if we were expected to be personally responsible for our actions?

We will not cure today's problems without getting to its roots. Tomorrow's problems will be lessened with today's care and sowing the right seeds. Whatever our problems, they must be addressed responsibly.

## Prognosis for overgrazed rangeland grim

by Preston Faris, CEA-Ag.

Rangelands in Southwest Texas have withstood severe temperature and drought conditions the last several years. Good February and March rainfall has at least provided some temporary relief. Green weeds and grasses will be the outlook for spring if rainfall continues.

However, on many ranches where grasses and browse have been overgrazed for several years, the outlook is not as optimistic, according to Preston Faris, Sutton County Extension Agent.

Serious loss of range productivity by overutilization during drought than at any other time.

"Ranchers still believe that selling breeding stock during a prolonged drought reduces profits in good years. However, both experience and research shows this belief to be false more often than not," White said.

"Ranchers who balance their animal numbers to the forage supply without harming important perennial plants have a more stable income and improved ranch productivity."

Ranchers must examine pasture conditions carefully this spring. If little grass remains and there is an overabundance of weeds, the pasture was probably overgrazed last year and/or severe drought decimated the pasture.

"With stressed pastures you cannot expect to support your normal lifestyle and livestock numbers this year even with good rains," he said.

Research has shown that the amount of grass left in the pasture is the major factor that determines

the amount of rainfall that enters the soil or runs off, Faris said.

Higher soil moisture means greater forage production, if the plants are still alive, he added.

If pastures were cared for and enough grass is left ungrazed, recent rains of one to two inches over several hours would soak in and not wash out water gaps or fill tanks.

Hindsight is great, but ranchers must consider the future if they are going to continue ranching.

If pastures are in low vigor with little residue to increase rainfall effectiveness, they will continue to deteriorate if there are no provisions to prevent overgrazing in the future.

This plan should include a destocking policy during drought, Faris said, so that rainfall and natural plant recovery may help heal the wounds.

"Government feeding programs may save short term finances but increase overgrazing," he said.

Nature needs help this year through better grazing management and brush and weed control. Undesirable plants have the advantage this year due to the weakened condition of desirable plants.

Additionally, "bumper bean crops" of mesquite and other brush are ready to take hold, he said.

An April herbicide treatment to control weeds is needed in many pastures to give grasses a chance to recover more quickly.

Additionally, if producers do not actively control brush and weed problems, pastures will get worse and livestock operations will be affected. The longer the producers

wait to control brush, the more costly treatments will be, he said.

Also, financial resources are probably stretched to the limit, but producers must invest management time and resources to recover once-productive rangeland. Investment in brush and weed control probably will be required, Faris said.

Grazing management alone cannot remove well-established brush and give desirable forage plants that competitive edge for limited soil moisture needed for reasonable recovery, he said.

Grazing of weeds provides forage for about six to eight weeks, but perennial grasses are required for good year round grazing, he said.

A cost-effective brush and weed control plan must be developed and implemented immediately to achieve needed ranch responses, he said.

"Without it, you can fritter limited financial resources into investments that provide only temporary relief and fail to improve long-term ranch survival," he said.

"Without current reasonable livestock markets, you can't wait for better conditions. Brush and weeds do not wait, you must act."

The Texas Agricultural Extension Service can provide valuable advice. Additionally, a brush management symposium will be held May 2-3 in Pleasanton to provide training and the latest technologies to help ranchers succeed. Further information is available at the county Extension office.

## Sonora High School to defend its UIL championship

Sonora High School will defend its district academic championship in University Interscholastic League competition this weekend.

Last year, SHS won by a 2 to 1 margin over the closest competitor, Fredericksburg High School. Other schools in District 8-AAA are Llano High School and Brady High School.

Competition gets underway Friday and lasts through Saturday afternoon on the Fredericksburg High campus.

"Although the UIL is more often associated with athletic competition, more students compete in the academic contests," said Dr. Bailey Marshall, UIL director. "In fact, the League began as a debating league in 1910 and then later merged with a track and field association to form the basis for the current organization. Each year, more than a third of the total participation in UIL activities involved academic contests."

Texas has the nation's most comprehensive slate of academic contests. "Long before the development of other academic-based competitions, the UIL was sponsoring contests in writing, speaking, mathematics and science, Marshall added."

UIL academic contests cover several subjects areas including math, science, business, language arts, journalism, speech, and

theatre. Recently, accounting and literary criticism events were added, and contests in current events and computer skills will come into the program next year.

The purpose of the UIL academic program is to use competition to develop students' higher order thinking skills. "A primary objective for League directors is to maintain a high correlation between what is taught in the classroom and what is required of students involved in extracurricular competition," said Janet Wiman, UIL academic director. "Consequently, as much emphasis is placed on the educational context of the contests as is placed on the contests themselves."

Students who compete at the State Meet level also qualify for Texas Interscholastic League Foundation scholarships. During 1988-89, the TILF awarded more than \$460,000 in scholarship grants to 360 college students who competed at the UIL State Academic Meet. In 1989-90, the TILF expects to award an estimated 380 new and renewed grants, valued at approximately \$489,000. The TILF funds are made possible through grants from foundations, individuals and families. The TILF has over \$1,900,000 in endowed funds.

Students who will be competing from Sonora High School are:

- Extemporaneous Informative Speaking - Tammie Adams.
- Poetry Interpretation - Christi Spain, Brandy Wallace and Julie Jones.
- Prose Interpretation - John Russell, April Spiller and Amy Fields.
- Team Debate - Mark Rogers and Brian Rogers, Tommy Hines and Jericho Thorp, Blake Adkins and Sam Taylor.
- Editorial Writing - Allison Schwiening, Jody Castilleja and Oscar Perez.
- Feature writing - Kelley Webster, Jessica Ortiz and George Reyes.
- Headline Writing - Oscar Perez, Allison Schwiening and Jody Castilleja.
- News Writing - Oscar

- Perez, Allison Schwiening and Jessica Ortiz.
- Ready Writing - Catherine Kepler, Lindsay Wentworth and Stephanie Roberts.
- Spelling - Susen McCleery, Stephanie Roberts and Angie Stewart.
- Calculator Applications - David Mirike, David Rotter and Karl Owings.
- Number Sense - David Mirike, David Rotter and Jessica Johnson.
- Science - Tracy Love, Todd Keller, Tim Cook, Sammy Sentena, Adam Youngblood and Shane Keller.
- Keyboarding - Roy Ivy, Carmen Burch and Kathy Cooke.
- Accounting - Michelle Escalera,

- Armie Sanchez and Amy Perez.
- Literary Criticism - Christie Adkins, Shanna Patton and Lindsay Wentworth.

## Beto's sauce becoming famous

It's all in the sauce -- or it is if marketing success is any clue.

Among the offerings at Beto's Restaurant, located at 104 Glasscock Ave. in Sonora, is an item named Beto's Hot Sauce. The sauce, developed by owner Beto Bernal and family, first won converts among restaurant customers and then among retail dealers such as Albertson's food stores.

Today, Beto's sells its sauce to approximately 60 accounts in the West Texas area, Houston and Shawnee, Okla., according to

Sylvia Bernal, the owner's daughter.

"You can use it for dipping or cooking," said Bernal. The sauce comes hot and mild, and "Even kids love it," Bernal said. "A lot of our sales are to kids."

Beto's has been in operation six years and has a staff of six employees.

On April 7, Beto's will be offering samples of its sauce at a day-long demonstration at Albertson's in San Angelo.

(The above article was taken from San Angelo Standard Times.)

Big Ben is not the clock and not the tower, but the bell that strikes the hour. It weighs 13 tons and was named for Sir Benjamin Hall, commissioner of works when it was installed.

INFORMATION PLEASE -- Fred Teagarden of S.K. Groundwater Conservation District Association at their quarterly meeting March 9.

## Local Underground Water District hosts association meeting

The Sutton County Underground Water Conservation District hosted the quarterly meeting of the Texas Groundwater Conservation Districts Association here in Sonora on March 9. This meeting was well attended with about 80 people from groundwater districts statewide coming to hear speakers on critical issues, and to exchange information and ideas. Those in attendance at the 4-H Center were welcomed by Joe David Ross, president of the Sutton County Water District, and Judge Carla Fields.

The program's opening remarks were given by Billy Green of Sonora who is currently serving as president of the West Texas Chapter of the Texas Water Well Driller's Assn. Harry Pruitt from the Texas Water Commission in

Austin gave an update on Critical Areas in Texas; Fred Teagarden of S K Labs in San Angelo spoke about Water Conditioning Equipment. Following a meal catered by the Sutton County Steakhouse, Bill Poe of S K Labs talked about Lab Quality Control Quality Assurance; Sherman Hart from the Texas Health Department

in Austin spoke about Proper Septic Tank Placement, Installation and Care; and Billy Green of Sonora concluded the program with a discussion about Proper Home Water Well Completion. Local guests who gave impromptu talks were Mayor Bill Gosney and Seco Mayfield.

Following the afternoon segment of the program, all in attendance were invited for an

educational tour of the Caverns of Sonora.

The Sutton County UWCD was pleased to have had the opportunity to host this meeting, and to be able to bring people from across the state to our areas.

Later this year, the Sutton County UWCD will again be conducting sampling of 25 to 30 key monitor wells in Sutton County. A notice will appear in the Devil's River News several weeks prior to sampling for those who might wish to have their wells tested at that time.

The Water District has been working on rules and regulations according to requirements of the State of Texas, and at this time a final draft is being prepared. A public hearing will be announced in the near future when the rules have been finalized.

## Letter to the Editor

### What happened to the drug trials?

I thought (J. W. Johnson, Jr.) Junior and the Judge were going to rid Sonora of all the dope pushers. What's happened to Lonnie Hood? Did he disappear like Junior's files did?

Why haven't Barbee and Pendleton been sentenced? They did plead guilty, didn't they? Even though when I asked David Pendleton why he had pleaded guilty he said, "Ernest, I had a choice of either putting my pride in my back pocket or going to pick cotton for free." So he chose "probation." I would have picked cotton.

The last time I saw Junior and the Judge in action Junior was trying to get the Judge to grant him some ridiculous motions. Seems to me like Junior is the one trying to buy time. Why?

In the meantime Galindo and Favella are in Huntsville waiting for the Appeals Court to hear their cases. Which is fine because that's the only way a higher court can have a first hand look at the brand of Justice administered in Sonora.

By the way Mr. Johnson, you have some interesting "friends" in Ozona.

Later,  
Ernest C. Barrera

### Maggie Mesa named 4th Key Officer

The Sutton County Unit of the American Cancer Society is very happy to announce that Maggie Mesa of Sonora has accepted the challenge and will be the 4th Key Officer in this year's Great American Food Fight and Crusade. Maggie will have 15 to 20 volunteers working under her able guidance.

"We hope to be able to reach many young people with education this year as well as the middle aged and elderly of Sonora," said Maggie Mesa.

Our best results in reducing cancer risks in our lifetime are likely to come from concentrating in five program areas. In order of priority, these are:

1. Substance Use: This includes elimination of tobacco products and alcohol.
2. Nutrition/Eating Patterns: Recent studies have shown that diet can play a role in increasing or decreasing cancer risks.
3. Early Detection of Cancer: Individuals should be made aware of early detection measures for cancer.
4. The Disease Cancer: Individuals must understand the disease in order to make intelligent decisions about preventive actions.
5. The Environment: Environmental factors are

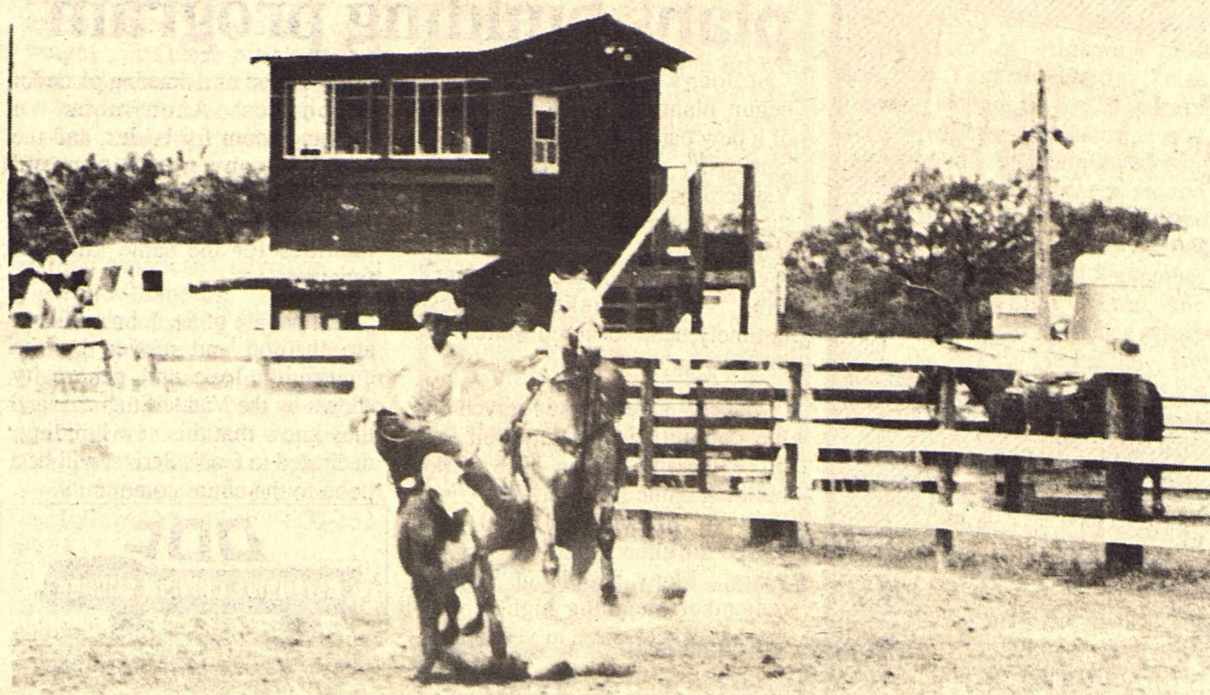

implicated in ninety percent of all skin cancers. Ultraviolet light is the primary cause, and taking precautions to avoid exposure to ultraviolet light is a simple matter.

The Sutton County Crusade Kick-Off is set for April 4 from 3:30 to 5:30 at the First National Bank Annex. Kits will be passed out to the volunteers. A film will be shown, and refreshments served.

The Great American Food Fight will be taking place nationwide April 19 with several events set for Sonora. There will be help with shopping lists and preparation of wholesome meals.

The Crusade/Food Fight will continue educational messages about nutrition all of April.

The Food Fight brochure contains recommendations that could reduce a person's risks for certain cancers. The American Cancer Society wants people to choose foods rich in vitamins A and C, low in fat, and high in fiber, as well as cruciferous vegetables. We are concentrating on how you can try to avoid cancer while enjoying delicious foods and having fun.

RODEO ACTION—Clay Cade, area rodeo participant will be in Sonora Saturday for the first Old Timers Rodeo. Over 150 cowboys and cowgirls are expected to compete in the event.

### Sonora Primary achievement tests

by Clay Cade

All children in grades K-2 will be taking the California Achievement Test the week of March 26 thru March 30.

The California Achievement Test is designed to pinpoint the strengths as well as any weakness your child may have.

It is hoped that our attendance on these testing days will be good, although a child should not come to school if he or she is sick.

There will be make-up days to administer the test to pupils who are absent on the test days.

These tests help our teachers better plan for your child's

individual educational program. We believe that this program is extremely important to the school, teacher, and parent, as it gives us a better understanding of your child that enables us to strengthen our program for your child's benefit.

It would be most helpful to the school if we can have 100% attendance for our testing days. Parents can help by seeing that your child gets a good night's rest to allow him to perform at his best.

Testing results will be discussed with parents at our formal Teacher-Parent Conference in May.

### Ram sale average up from last year

The cream of the Texas Rambouillet ram crop sold at the Texas Agricultural Experiment Station March 15. Forty-three rams sold for an average of \$803.49, topping last year's average price by over \$160 at the annual Performance Tested Ram Field Day and Sale at the Texas Agricultural Experiment Station ranch.

"These rams never bring what they're worth in terms of the effort put into them by breeders and what they're worth to the industry as a whole," said Dr. Maurice Shelton, Experiment Station professor and test coordinator.

"But the sale went pretty well compared to last year's," Shelton said.

The high-selling ram, also the second highest indexing animal on the test, was consigned by Pat Rose of Brackettville. It sold for \$4,300 to Frank Price of Sterling City. Last year's high-selling ram sold for \$3,000.

The high-indexing ram was placed on the test by the Texas Agricultural Experiment Station in Barnhart but was not sold at auction. An index formula, using data such as daily gain, wool

staple length and diameter, is used to highlight the best rams on the test.

"There have been literally hundreds of good rams in this program," Shelton said. "As a collection, 80 percent of these rams would do ranchers some good."

The ram which brought the second-highest price also was consigned by Rose and sold to J. E. Epperson, Jr. of Rocksprings for \$2,100. Another Rose ram sold for \$1,400 to Wittenburg Co. in Rocksprings.

Brian Faris of Sonora consigned a ram which was auctioned for \$2,000 to Clyde Peterson of Lance Creek, Wyoming.

The Experiment Station in Barnhart consigned another ram which sold for \$1,700 to J. H. O'Harrow of Eldorado.

Haby and Haby of Uvalde consigned a ram which was auctioned for \$1,150 to Nat Read of Ozona.

Volume buyers at the sale were Edwin Sawyer Ranch of Sonora who purchased five head for \$2,900 and Lester Glass of San Angelo who bought three head for \$1,200.

### Local Federal Land Bank represented at meeting

Representatives of the Federal Land Bank Association of Sonora were among more than 600 attendees at the 1990 Farm Credit Bank of Texas Annual Meeting for FLBAs, according to Association President Jack B. Smith, Jr.

The annual stockholders event was held March 15-16 at the Stouffer Hotel in Austin.

Local FLBA directors and staff who attended included A. E. Prugel and Jack B. Smith, Jr. of Sonora, Otis Deal and James T. Williams, Jr. of Eldorado and Pleas L. Childress, Jr. of Ozona, Texas.

"Last year, the Farm Credit Bank of Texas purchased 17,000 long-term loans valued at \$1.1 billion in Alabama, Louisiana and Mississippi and received charters for six new FLBAs in those three states," Smith said.

"This was the first annual meeting attended by stockholders and staff of the new associations, and it provided an opportunity to meet other shareholders and staff and to discuss district operations,"

he said.

The program included reports from bank management and directors on 1989 operations and 1990 plans and programs. Henry Edelman, president and chief executive officer of the Federal Agricultural Mortgage Corporation, known as Farmer Mac, updated stockholders on the new secondary market for agricultural financing.

A net profit of \$28.4 million in 1989 by the Texas Farm credit District enabled the bank to make a patronage distribution of \$13.7 million to its Texas FLBAs at year-end.

The FLBA of Sonora has \$37,064,396.75 in long-term agricultural loans to farmers and ranchers in the counties of Sutton, Schleicher, Crockett and Edwards. The association office is located in Sonora.

The association is one of 50 FLBAs through which the Farm Credit Bank of Texas makes agricultural loans in Alabama, Louisiana, Mississippi and Texas.

According to the American Cancer Society, one out of every ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mam-mography, before a lump can be felt, has a 97 percent five year survival rate and a 90 percent ten year survival rate. (The cost is only \$60.00)

A mammogram can detect a cancer this small even before it can be felt.

## St. John's Episcopal Church plans building program

St. John's Episcopal Church has begun planning the construction of a new parish hall, thanks to the generosity of Joseph and Mabel VanderStucken, who are providing the funding of the project. The new building will be given in loving memory of their daughter, Jan VanderStucken, who's untimely death occurred March 10 of this year.

Mabel VanderStucken served on the committee that acquired the present parish hall in 1948. The building came from the old Army base in Brownwood, and has served the church well the past 42 years. Many people in Sonora remember attending high school victory dances there in years past.

It has served as a meeting place for Alcoholics Anonymous, a dressing room for brides, and the site of many receptions and birthday parties. The new facility will provide more space and better facilities for the same kinds of functions.

The people of St. John's Church are thrilled and moved by the continuing love and generosity shown by the VanderStuckens, and they know that this new building, dedicated to God's Service, will be a boon to the entire community.

Laura is the daughter of Mr. and Mrs. Luther Chalk.

## Canon Bryan Green speaks in St. John's Episcopal Church

On Thursday, March 22, The Rev. Canon Bryan Green preached the Gospel to an ecumenical gathering of folks in St. John's Episcopal Church. Participating in the service were the Rev. Kent Kepler of the First United Methodist Church, and the Rev. Jim Stephen of the First Baptist Church. The Rev. Monte Jones, Rector of St. John's, led the service.

world preaching to hundreds of thousands of people. He has travelled to the United States well over a hundred times since the end of World War II, preaching and teaching in churches of all denominations and sharing the pulpit with such notables as The Rev. Billy Graham.

A crowd of about 100 people sat in rapt silence as Canon Green, an 89 year old priest of the Anglican Church, preached on God's Love as presented in Holy Scripture. Canon Green has travelled the

The people of St. John's are grateful to the other churches and the people of Sonora for their support of this special evening. What a joy to live in a community where the various churches can work together and celebrate Christ's love as God's children.

## The Road to Eternal Life

John 5:39 "You study the scriptures because you think that in them you will find eternal life. And they themselves speak about me!" It is interesting that God wants us to study His Word. Romans 3:23 "All men have sinned and are away from God's saving presence." First the Bible tells you and me that we are sinners. Romans 6:23 "For sin pays its wages-death; but God's free gift is eternal life in union with Christ Jesus our Lord." Second the payment for our sin is death, but Jesus gives us a gift of eternal life with him. This is a glorious hope for all of us. Romans 5:8 "But God has shown us how much he loved us; it was

while we were still sinners that Christ died for us! How Magnificent God loves us just the way we are. We don't have to be perfect to come to him. Romans 10:9 "If you declare with your lips, "Jesus is Lord," and believe in your heart that God raised him from the dead you will be saved." We have to believe in Jesus Christ to receive eternal life. This is done by faith only. Just as You are. Do you want Jesus in your Heart? "Come Unto ME, All Mathew 11:28. He invites all men and women to come to him.

Servant of Jesus Christ  
Carlos D. Estrada  
Pastor, Primera Iglesia Bautista

## Sonora's new minister installed at Presbyterian of the Good Shepherd

The Reverend Doctor Lewis Crockett Allen was installed as pastor of the Presbyterian Church of the Good Shepherd in an impressive evening service on Sunday, March 18. Representing the Presbytery of Tres Rios as the installing commission were Reverend Jim Miles, preaching, Reverend Fred Campbell, charging the new minister, Stanley Mayfield, elder at Good Sheperd, charging the congregation, with Charlotte Gilmore leading the worship and Margaret Farley participating as a member of Reverend Allen's previous congregation. A number of local visitors attended the service as well as those from Sanderson and Junction.

of his high school class and President's Scholar at ASU.

Since graduating from Austin Theological, he has pastored the Presbyterian Church in Sanderson for eight years. His ministry there was fruitful, and he endeared himself to the people not only of the church but also of the town. During his years in Sanderson, Lewis served Tres Rios Presbytery as a member of its Division of Mission and as Chairman of the Division of Missions since 1988. He served the community of Sanderson as an EMT, a Scout leader, a Terrell County Commissioner, president of the Terrell County Library Board, Chairman of the Terrell County Fair Board, and members of the Board of Directors of the Texas Rural Health Association.

Lewis Allen is no newcomer to Southwest Texas having been reared in Junction where his father and mother, W. E. and Edith Allen ranched until his father's death in 1988. Lewis began his public school education in Junction, graduating from Junction High School in 1972. He is a 1976 graduate of Angelo State University, majoring in journalism. In 1981 he graduated from Austin Presbyterian Theological Seminary with both a Masters of Divinity and a Doctorate in Ministry. Lewis distinguished himself throughout his school career as valedictorian

Lewis has been a working man all his life as well as a man of God and plans to continue to work outside the church as he has done in Sanderson. He has experience as a ranch hand and a cedar chopper.

Reverend Lewis brings to Sonora with him his wife, Cyndy, son Will and daughter, Andi. The family is happily settled into their new home and busily involving themselves in the community. Cyndy is also a graduate of Angelo State, having grown up in Lamesa.

### Hogeda - Noriega engagement announced

Karen Jeannette Hogeda of San Angelo and Joe Michael Noriega of Sonora will exchange wedding vows on June 9, in Sacred Heart Cathedral in San Angelo.  
Karen is the daughter of Mr. and Mrs. Henry Hogeda of San Angelo. Joe Michael is the son of Mr. Jose Noriega of Sonora.  
Karen graduated from Lakeview High School and attended American Commercial College.  
Joe Michael is a graduate of Sonora High School.

### Tisdale - Snyder engagement announced

Beth E. Tisdale of Sonora and Johnny Snyder, also of Sonora will exchange wedding vows on Saturday, April 7.  
The bride-elect is the daughter of Mr. and Mrs. B. B. Evetts of Temple. She is a 1981 graduate of Temple High School, and attended Temple Jr. College.  
The prospective bridegroom is the son of Mr. and Mrs. D. R. Snyder of Sonora, and a graduate of Sonora High School.

### Armstrong - Kemp engagement announced

Philip Kemp and Kathy Armstrong, both of Austin, will exchange wedding vows on May 12th at the First Baptist Church in Sonora.  
The bride-elect is the daughter of Mr. and Mrs. Thomas Armstrong of Monahans, Texas. The prospective bridegroom is the son of Mr. and Mrs. Jerry Kemp.  
Kathy is a graduate of Monahans High School, attended Odessa College, and is currently employed with the Department of Public Safety in Austin, Texas.  
Philip is a graduate of Sonora High School, attended Angelo State University and is currently employed by the Department of Public Safety in Austin, Texas.

### Senior Center weekly menu

Thursday, April 5 - Steak fingers w/cream gravy, mashed potatoes, capri vegetables, hot rolls, jello w/fruit cocktail & topping.  
Friday, April 6 - Fried Catfish w/tartar sauce, herbed potatoes, buttered broccoli, mexican corn muffins and bread pudding w/raisins.

### Bike race held to raise funds for diabetes

On Monday, March 5 The Great Texas Bike Race was held in Sonora to raise funds for diabetes research. Out of the 8 participants, 2 know personally what it is like to live every day with diabetes. Most of the other participants have or have had diabetic family members.  
The American Diabetes Association wants to thank these eight young people for taking the time to go out to raise funds and ride in this fund-raiser.  
Their is no cure for diabetes, but for a person to control their disease requires expensive blood testing and insulin injections or oral medication everyday. The average cost for maintenance runs between \$900 to \$1,100 each year for a diabetic. Each year 300,000 people die from diabetic complications such as heart disease, stroke, kidney failure and other circulation problems. Five thousand are blinded each year by diabetes, ten percent develop kidney disease, 25% of all dialysis patients are there because of diabetes. Ninety percent of all

diabetics are non-insulin-dependent. These people are usually over 40 and are overweight. For these people, proper diet and exercise are often enough to keep their blood sugar levels under control. Sometimes, however, oral-hypoglycemic drugs or insulin injections are necessary. The other 10%, or about one million Americans, have type II or Juvenile diabetes. This most severe form usually only occurs in young children or adolescents. For these diabetics daily insulin injections are the only means to stay alive. The American Diabetes Association can give you more information about diabetes at the following number 1-800-252-8233.  
The American Diabetes Association is very thankful for the following young people for raising over \$560 to help find a cure: Daniel Anderson, Vicky Anderson, Tonni Balas, Lee Brown, Julie Jones, Aubrey Nelson, Jake Trainer and Crystal Zimmerman.

### Eulojia Flores honored with party

A Surprise Birthday Party was held for Eulojia Flores on March 11, in celebration of her 88th birthday.  
She and her deceased husband Antonio are one of the original hispanic families of Sonora. Their nine children came from all parts of Texas to honor their mother.  
In a day when families seem to stray farther and farther from their heritage, the Flores family remember their traditions and put into practice all the love and sacrifice it requires to keep the family together. The beautiful memories they shared as children, while growing up in our community. They are Juan and Marlene Flores, Pricilla Jean Rodriguez and daughter, John, Jr. and Marcie, and Debra of Houston. Ruben and Minda Flores of Ft. Worth. Manuel and Teresa of Houston children Eleasar, Elizabet, Patricia and Ami. Jaime and Amanda Flores of San Antonio, children Monica, Melinda and Jamie. David Flores of Sonora.

Another family from the Sonora community who married into the Flores family was Paulo T. Cordona and his children, Ralph and Gloria Jean Ramos their families Roseanne, Jean Maraffa and two grandchildren, Keith and Sara. Paulo Cardona Jr., Edward and Melinda Garza and Travis of Houston. Ann Marie Flores and daughter Gloria Ann of Houston, Rene and Pam Cordona and Ryan of Houston. Cousin of Mrs. Flores, Delia Favela of Juarez Mexico. Adrian Jones of Houston, Juan and Celia Ibarra of San Antonio. Tina Gallegos of Sonora who coordinated all the arrangements and her lovely family. Ramiro and Mary Martinez, Raymon and Angela from Austin, Carlos and Antonia Gallegos, Gaby and Frank David from Sonora. Mrs. Flores brother Tomas Favela of Sonora and many friends who make up the Flores family. A wonderful time was had by all. The family attended Mass at St. Ann's Catholic Church to give thanks for this beautiful occasion.

To keep molasses, corn syrup or honey from sticking to a spoon or measuring cup, rinse utensil with hot water before using.

### Thank You

The American Diabetes Association would like to say thanks to our local volunteers Diane Anderson, Karen Brown, Patsy Landers and Lilia Gonzales for their work in putting together the local bike ride. We also would like to thank Sonora Pizza Hut for hosting a party for the bike riders, and the following merchants for donating prizes and refreshments: Jane's Flowers, Old Sonora Trading Post, Carol's Merle Norman, Perry's, La Mexicana Restuarant, Dairy Queen, Sonic, Sonora Bits and Pieces, Sonora T. V. Cable, Kerbow's Radio Shack, Westerman Drug, Bright Spot Hair Salon, The Image, Jim's Thriftway, Food Center, Country Fried Chicken and Fish, Tedfords and Hills Jewelry.

### Anne Boyd recognized for 20 years

Lula W. (Anne) Boyd, Administrative Technician II in the residency office of the State Department of Highways and Public Transportation, was recently recognized for 20 years of service with the department.  
Anne was first employed as a Clerk I in the maintenance section under the supervision of Cullen Luttrell (dec.). She then worked for Louis Olenick until September 1988, at which time she transferred to the residency where she is office manager for Supervising Resident Engineer Joe W. Lane, P. E.  
In 1987 and 1988, while still employed in the maintenance section, Anne was an instructor at the department's training center at Lago Vista, near Austin. For one week each month for approximately 18 months during this time, she taught a course in Time and Stress Management.  
Presentation of Anne's service award was made by Joe Lane.

**PROTECT YOUR RIGHTS—**

**RENDER YOUR PROPERTY**

A **rendition** is a report to the appraisal district that lists all the taxable property you own or control on January 1, 1990. The form is available at your local appraisal district or you may draft a similar form.

**You must file a rendition if you own tangible personal property used to produce income—such as the inventory and equipment used by a business.**

The appraisal district may require any taxpayer to file a rendition by sending the taxpayer a written notice and a rendition form.

**The advantages of filing a rendition:**

- You give your opinion of your property's value. If the appraisal district wants a higher value for your property, it must notify you in writing of the higher value and explain how you can protest that value to the appraisal review board.
- You record your correct mailing address so your tax bills will go to the right address. If your bill is mailed to the wrong address, the law still holds you responsible for paying your taxes on time or paying extra charges for late payments.
- You can also file a **report of decreased value**, to notify the appraisal district of significant depreciation to your property in 1989. The district will look at your property before assigning a value in 1990.
- The last day for filing or post-marking 1990 renditions is Monday, April 2.** You can get an extra 30 days if you ask for it in writing before the April 2 deadline.
- File renditions with your local appraisal district at the address shown below.**

For more information, get a free copy of the pamphlet, *Taxpayers' Rights, Remedies, Responsibilities*, at your appraisal district office or from the State Property Tax Board in Austin.

**Danger Zone:  
The Substation Fence**

The signs on the substation fence say, \*Danger-Keep Out! or \*Warning-High Voltage!, and the mean it. They may not sound very friendly, but these signs carry an important safety message: that fence is there for your protection.

The electrical substation changes the extremely high voltage carried by the long distance transmission line into the lower distribution voltage that serves your home and business. To do this, the substation must have a direct feed from the transmission line into the substation structure. The equipment within the substation is always under high-voltage electrical load.

Substation technicians, electrical linemen, and maintenance crews are trained to work in high-voltage situations and to recognize and avoid potential hazards that exist in the substation. You can avoid these hazards by paying attention to the signs on the substation fence; they mark the danger zone for you.

**Southwest Texas Electrical Cooperative, Inc.**  
(915) 853-3085

**NOTICE OF TARIFF CHANGE TO CENTRANET® SERVICE**

GTE Southwest Incorporated gives notice of its proposed tariff changes to CentraNet® service, which is a Central Office-based service that provides PBX-type features to multi-line business customers and is currently being offered in all company wire centers where such facilities exist to provide the service.

The Public Utility Commission of Texas approved a generic tariff for CentraNet® service up to 100 lines in Docket No. 7652. The proposed tariff revision would establish specific rates for CentraNet® service involving 101 to 400 lines. Other proposed revisions involve the rate applicable to changes, additions, or deletions to the data bases and a new rate is proposed for additional trunks.

The names of the three CentraNet® packages have changed from Standard, Premium, and Deluxe to CentraNet® 1000, CentraNet® 2000, and CentraNet® 3000, respectively. Direct Call Pickup has been added to the three CentraNet® packages while Multiple Call Park and Shared Speed Call 30 have been added to CentraNet® 2000, and Speed Call 30 and Call Forward Busy/No Answer Split has been added to CentraNet® 3000. Flexible Night Answer and Automatic Route Selection also have been added as new optional features.

The proposed changes and new service offerings have been assigned Docket No. 9251, and pursuant to Section 43(d) of the Public Utility Regulatory Act will become effective June 23, 1990. Rates for service will be applicable to customers who subscribe to the service as well as existing customers. Therefore, there will be no effect on any other rates of the company. The company's gross annual revenues will increase by approximately \$399,600, or less than one percent annually.

The proposed rates are on file with the Public Utility Commission of Texas, and are available for public inspection at the offices of GTE Southwest Incorporated. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission. The deadline to intervene in this docket is 3:00 p.m., April 9, 1990.

A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas, 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

**SEE YOUR DOCTOR**

If you have Parkinson's Disease—a progressive nervous disease marked by tremor and weakness of muscles—it may be a good idea to see your doctor soon. There's a new treatment you should know about that could make life more pleasant.

Permax (pergolide) is a new drug for treating Parkinson's developed by Eli Lilly and Company. It works on the dopamine receptors in the brain, mimicking the action of dopamine—which is diminished in the brains of those with the disease.

It's used chiefly to smooth the response to Sinemet (levodopa), manufactured by Merck, Sharpe & Dohme, the most widely used medication to relieve the symptoms of Parkinson's.

It has been found particularly helpful in treating the foot-twisting movements experienced by some patients in the early morning.

For free brochures, write: Parkinson's Disease Foundation, 650 West 168th St., New York, N.Y. 10032. Or you can call 1-800-457-6676. In New York, call 1-212-924-4700.

**Public Notice**

Southwestern Bell Telephone Company hereby gives notice that it has filed an application requesting the PUC to declare Southwestern Bell's intrastate Billing and Collection market subject to significant competition and to authorize the following form of pricing flexibility: detariffing of the rates, terms and conditions of the Billing and Collection services now offered in Section 8 of Southwestern Bell's intrastate Access Service Tariff. Approval of the application as filed would result in all tariff sheets in Section 8 (Billing and Collection) of Southwestern Bell's Intrastate Access Service Tariff being cancelled, and the service thereafter being provided on a contract basis. Through this application, using procedures established by P.U.C. SUBST. R. 23.27, Southwestern Bell seeks to obtain uniformity of rates, rules and regulations for intrastate and interstate Billing and Collection services.

Approval of this application would remove all rates, terms and conditions applicable to billing and collection from Southwestern Bell's Intrastate Access Service Tariff. Intrastate billing and collection service would continue to be subject to PUC regulatory oversight only to the extent that (1) Southwestern Bell would be required to maintain current price lists at the Commission for the service, and (2) the revenues or losses from the service would be subject to the regulatory treatment specified in P.U.C. SUBST. R. 23.27(p). Further, under procedures established by P.U.C. SUBST. R. 23.27, the PUC's General Counsel, the Public Utility Counsel or any affected person could seek a subsequent review of the rates, terms and conditions of this service.

Persons who wish to intervene or otherwise participate in these proceedings, or who would like further information, should call or contact the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, (512) 458-0100. Further information may also be obtained by calling the Public Information Office at (512) 458-0227, or (512) 458-0221, teletypewriter for the deaf.

The PUC has assigned this matter to Docket No. 9224. A prehearing conference will be held on April 19, 1990, at 9:00 a.m. at the Commission's offices at 7800 Shoal Creek Boulevard in Austin, Texas. The deadline for filing motions to intervene is April 26, 1990.

**SHS one-act play wins district contest**

Sonora High School's University Interscholastic League one-act play A Shayna Maidel won in District 8-AAA contest March 24 in Sonora. The play now will advance to area competition Saturday, April 7, at Tarleton State University in Stephenville.

Christi Spain, who plays the lead role of Lusía Weiss Pechenik, won Best Actress. John Russell, who plays her husband Duvid Pechenik, received All-Star Cast. Lindsay Wentworth and Roy Ivy were recognized as Honorable Mention.

The other play chosen to represent the district in area competition was The Sisters

**Sutton County Library News**

Easter is just around the corner and the Sutton County Library can help you and your child on that. Come by the library and check out the "Children's Easter Book" display section. Also for adults, new books arrive monthly from the best sellers to new authors.

Some of these new arrivals are: Psycho House by Robert Bloch, Probable Cause by Ridley Pearson, Bittersweet by LaVyrle Spenser, 27 by William Diehl, Gladstone Bag by Charlotte MacLeod, Wreath for the Bride by Lillian O'Donnell, Bourne Ultimatum by Robert Ludlum, Burn Marks by Sara Paretsky and Singing Stones by Phyllis Whitney.

Sutton County Library has added a new face to the staff. Now as assistant librarian is Maria Castillo. She graduated from Sonora High in 1988 and attended American Commercial College and received her Business Computer Science diploma. She loves to read and enjoys meeting new people.

Storyhour is coming to an end, after several months and many

children attending. The last day for storyhour will be April 4. The staff looks forward to seeing all of you during the summer months for the "popular" Summer Reading Program. We thank you for participating and for giving us the chance to be with your children for a fun and readingful hour.

**School Menu**

## Kim Cooke selected SWT outstanding squad member

The daughter of Mr. and Mrs. Mike Cooke of Sonora, Kim Cooke, has been selected as outstanding member of the cheerleading squad at Southwest Texas State University in San Marcos. Cooke was selected over 11 other members of the unit.

Kim Cooke

Cooke joined the cheerleading squad in the fall of 1989 as a freshman. The cheerleaders perform at all home varsity and junior varsity football and basketball games.

Her experience as a Sonora High School cheerleader helped her obtain the position and award.

## Sonora hosts tennis tournament

On March 23 and 24 the Bronco Tennis Team hosted the 15th annual Sonora Invitational Tennis Tournament. Teams participating were Ballinger, Big Lake, Crane, Eldorado, Iraan, Irion County, Junction, Knippa, McCamey, Ozona, Wall and Sonora. Wall placed first with 45 points, Eldorado came in a close second with 42 points and Big Lake and Sonora tied for third with 34 points each.

The results were as follows: Boys Singles - 1st, Wess Sheffy (Wall); 2nd, Lalo Leija (Reagan County); 3rd, Sean Peek (Sonora); 4th, Andy Patteson (McCamey); 5th, Grant Cuba (Reagan County); 6th, Rene Alfaro (Eldorado). Girls Singles - 1st, Lindy Hardy (Eldorado); 2nd, Kathy

Ullrich (Wall); 3rd, Cindy Roberts (Knippa); 4th, Katy Hardy (Eldorado); 5th, Gregg (Reagan County); 6th, Whitney Condra (Sonora). Boys Doubles - 1st, Ortiz - Jones (Knippa); 2nd, Askins - Cole (Reagan County); 3rd, Ray - Fauley (Wall); 4th, Mirike - Russell (Sonora); 5th, Vanderveer - Weiss (Crane); 6th, Burnham - Kemp (Sonora). Girls Doubles - Evans - Jones (Eldorado); 2nd, McCleery - Schwiening (Sonora); 3rd, Colin - Sewell (Ozona); 4th, Casady - Watson (Junction); 5th, Krupula - Tomlin (Wall); 6th, Dittman - Prince (Reagan County).

The Broncos next tournament will be in Mason on March 30 and 31.

## April Festivals & Events

**April 1 - American - Statesman Capitol 10,000, Austin.** Help your heart and the "Heart of Texas" in this downtown race. Ranked as the fourth largest in the nation, this 10K attracts close to 21,000 runners from Texas, surrounding states, Europe and Mexico. For more details, contact the Capitol 10K, P.O. Box 2936, Austin 78769 (512/445-3598).

\*\*\*

**April 6 - Sept. 29 (every Fri. & Sat.) - Mesquite Championship Rodeo, Mesquite.** Don't miss "Wild West" excitement with high-kickin' broncs, sharpshootin' calf ropers, daredevil bull-fighter clowns, brawny steer wrestlers and fearless bull riders. Kids, get ready for the calf scramble. On April 14, the 32nd Rodeo Parade will be followed by a day-long fair on the square with arts, crafts, foods and entertainment. Tickets and other information from Mesquite Rodeo, Box 176, Mesquite 75149 (214/285-8777).

### IT'S A FACT!

One reason many people put off quitting smoking is fear they'll gain weight. Fortunately, there's a medication available that may help prevent that problem.

New studies show that people whose smoking cessation programs include use of a nicotine-containing gum gained significantly less weight after they quit smoking than those who didn't use the gum to help them quit. This could be because of the continuing nicotine intake, but it could also be because the activity of chewing suppressed appetite and/or prevented more frequent snacking. The prescription-only gum uses nicotine to help curb smoking withdrawal symptoms. If you are ready to quit, see your doctor.

## Campbell awarded the Army Commendation Medal

Lt. C. Curry Campbell was awarded the Army Commendation Medal on February 15 at a Battalion function for 2nd Battalion 70th Armor. For Exceptionally meritorious service during the period December 29, 1987 through October 30, 1989 while assigned as the S-3 Chemical Officer for 2nd Battalion, 70th Armor.

Lieutenant Campbell upgraded the battalion's Nuclear, Biological, Chemical Equipment and training of the unit. His talents in planning and coordination resulted in successful completion of the monthly Unit Status Report, request for maneuver rights, funding for training events and numerous other battalion level staff actions. Lieutenant

Campbell's exemplary efforts and accomplishments are in keeping with the highest traditions of the military and reflect great credit upon himself, the "Iron Tigers" and the United States Army.

Lt. and Mrs. Campbell are currently stationed overseas in West Germany with the 69th Chemical Company, near Nurnberg, Germany.

## THANK YOU

On Tuesday, March 20, the Downtown Lions held their annual broom sale at the Post Office and City Hall. As usual, the people of this community turned out with open hearts and open pocket books. Not only did they buy mops, brooms, and sundry household cleaning items, they went by the bank and donated over 160 units of blood. The total income from broom sales and donations exceeded \$5,200 and the Lions received more than \$1,400. As many people in Sonora know, much of that money will come right back into our community, supporting such things as eyeglasses for those in need, our scouting programs, little league baseball, meals for the speech meet and wool show, and other local needs. It will also help the Lions support the eye bank, leader dogs for the blind, and our international charitable work.

As this year's Broom Sale Chairman, I can't thank you

enough, Sonora, for being the kind of community I love to live in. And thanks to all the Lions who worked so hard to make this sale a success, especially Lion President Gary Hardgrave, Lion Secretary Jerry Landers, and Lion Secretary-Emeritus Hershel Davenport for their extra effort.

Don't forget that the major fundraiser for the Lions Club is our auction, which we hold in September. This project raises the bulk of our funds for community projects and we really need your presence and your support, so please consider, when the time comes, making a donation of something to be auctioned off, and then come out and enjoy the fun, food, and fellowship.

Again many, many thanks, Sonora. You are wonderful, generous people.

Faithfully yours,  
The Rev. Monte Jones  
Downtown Lions Club Broom Sale Chairman

## Obituary

### Juanita Cepeda Favila

On March 22 our Lord called our beloved mother Juanita Cepeda Favila. She was born April 28, 1917, in Acuna, Coah., Mexico.

The Lord joined Juan Favila and Juanita in holy matrimony on July 3, 1933. They were blessed with three sons and one daughter. Ray and Juan Jaime died in their infancy. They named their third son Ray and their daughter, Maria Dolores.

Maria Dolores married Lic. Mario Cruz and they live in Austin with their daughter Francisca Diamantina. Their son Juan Jaime is a freshman at A & M University.

Lic. Ray Favila and his wife Socorro live in Brownsville. Ray's sons, Anthony Ray lives in Hobbs, N. M., and Jerry lives in Dallas.

Our beloved mother was a member of Our Lady of Guadalupe Church in Eldorado since 1951, when the family decided to make Eldorado their home.

Juanita had three brothers, Carlos Cepeda of Laredo, Tx., Felipe Cepeda of Chicago, Ill., and Juventino Cepeda from Santa Anita, Calif. Her sisters are Enriqueta Ibarra from Phoenix, Ariz., and Consuelo Espinosa from Monterrey N. L., Mexico.

Pallbearers are Jerry Favila of Dallas, Anthony Ray Hobbs of New Mexico, Lic. Jorge Espinosa Cepeda and Jesus Espinosa Cepeda of Monterrey, Lic. Julian Espinosa Cepeda of Matamoros, Tam., Mexico, and Juan Jaime Cruz of College Station.

Contributions may be made to Our Lady of Guadalupe Church of Eldorado where services were held March 25. Burial was in Sonora Cemetery, directed by Kerbow Funeral Home of Eldorado.

### LOWER COLORADO RIVER AUTHORITY

#### Notice of Rate Change Request

The Lower Colorado River Authority (hereinafter "LCRA") has filed an Application for Authority to Change Rates with the Public Utility Commission of Texas and the City of Austin. The effective date of the proposed changes, which involve the LCRA's 44 wholesale customers, the 62 retail customers throughout LCRA's service territory, and 2 wheeling customers, is April 12, 1990.

For the period ending October 24, 1991, the proposed changes are expected to result in a system-wide annual revenue increase of \$34,334,929 which is a 12.0% increase when compared to the fully adjusted total operating revenues for the test year ending September 30, 1989.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas, 78757. Further information may also be obtained by calling the Public Utility Commission Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.
