News Briefs

Social Security

Garland Gregg, representative for the San Angelo Social Security Office, has scheduled his May visit to Sonora. He will be at the County Courthouse on Thursday, May 21st, between 9:30 a. m. and 10:30 a. m.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

Jam sessions

Enjoy music? Bring your fiddle, mandolin, banjo or whatever to the Old Sonora Town for jam sessions. Every Friday evening starting about 6 p. m.

Beginners welcome- Come pick & grin with us.

Deer lease info

Any ranchers with deer lease information wishing to be placed in the hunting guide or deer lease information sheet sent out to hunters is asked to call Kathy at the Sonora Chamber of Commerce at 387-2880.

Car wash

The Sonora I. S. D. Choir students will be holding a Free Car Wash on Saturday, May 2 at the Pizza Hut from 10 a. m. until 4 p. m. Donations accepted.

Western sounds

Come listen to sounds of the Old West featuring the Sonora High School Band at Old Sonora Town on Tuesday, May 5 from 11:30 a. m. until 1 p. m.

A Taste of Texas lunch will be provided by the Wild Bunch for \$3 per plate.

Country store

The Episcopal Church Women of St. John's will have their annual Country Store Bake Sale, Friday, May 8 beginning at 9 a. m.

They invite you to come by their Parish hall and enjoy refreshments while you make your selection of the delicious choices of home-cooked foods. On Friday's sale day, they will accept telephone orders and will deliver to those who are unable to be there. The number to call is 387-3203.

Remember, Friday, May 8th at the St. John's Parish Hall. For more information call Jacquie Baker or Ethel Olson.

Heart Walk

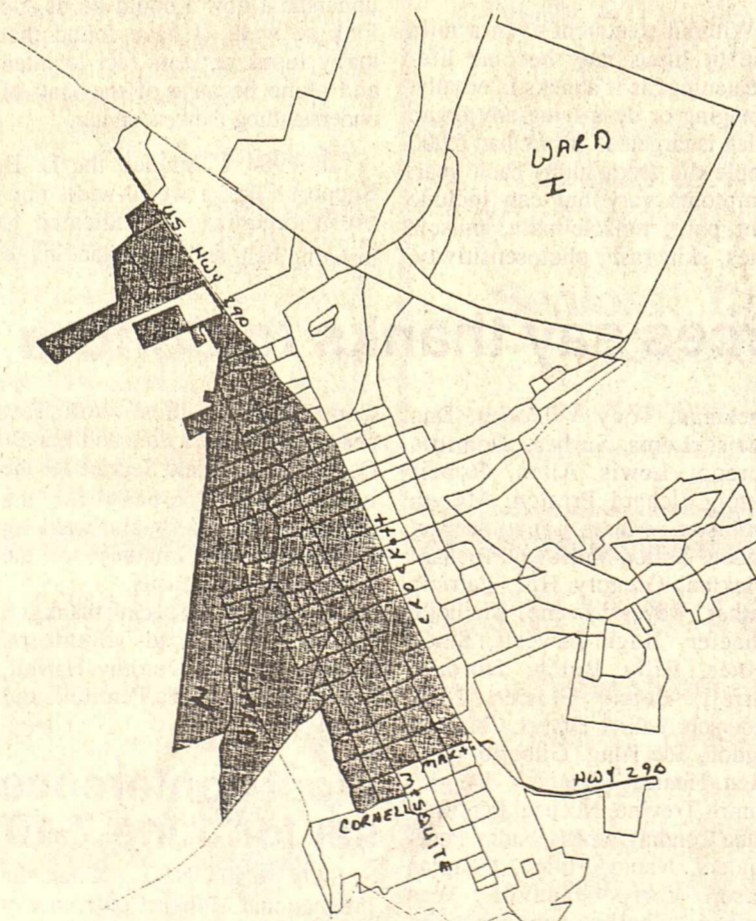

The Annual American Heart Walk (formerly Turkey Walk) will be held Saturday, May 2 starting at St. John's Episcopal Church. Kick off time will be 8:30 a. m. with the walk beginning at 9 a. m.

For more information, please call the Sonic Drive-In, 387-5292.

News Briefs

A GIFT FROM THE HEART- Members of the First Methodist Church paint the outside of this house during last Saturday's Christmas in April project. The Methodist Church is only one of the 24 teams who contributed to the event.

Voters should become familiar with precincts

On May 2, 1992 voters will go to the polls to vote for a Mayor and four council members. In the past the City Council has been elected from an at-large system. The City is now divided into two wards (see adjoining map), in which two council members are elected from each ward. The Mayor is still elected at-large.

Mayor: Lemuel Lopez. Ward 1: Jaye "Butch" Campbell and Margaret Cascadden. Ward 2: Fred Perez, Robert "Beto" Duran and Marie Barrera.

On Saturday, May 2 voters in Ward 1 will vote at City Hall and voters in Ward 2 will vote at the Senior Center. Polls will open from 7:00 a. m. to 7:00 p. m.

Candidates on the ballot are:

Investigation continues in death of local man

Suspicion of foul play has been ruled out in the death of a local man following an investigation by the Sonora Police Department.

A passerby first noticed the victim, lying face down in front of a late model GMC pickup on Hwy. 290 east at approximately 8:30 p.m. last Wednesday. The victim was later identified as Humberto J. Perez, 46, of Sonora.

Justice of the Peace, Adelita Smaling, pronounced Perez dead at the scene and ordered the body be taken to the Bexar County Medical Examiner for autopsy.

According to Sonora Chief of Police, Brent Gesch, Perez died from a gunshot wound to the right temple. A postmortem examination revealed it to be a contact wound, whereas the gun barrel was pressed against the victims body at the time the gun was discharged.

A .22 caliber pistol was found under the body near the victims right hand.

The death has been ruled as self inflicted, according to Chief Gesch. The official ruling will not be known until the medical examiners findings will be made available," said Gesch.

Christmas in April continues to bring happiness to those in need

On Saturday, April 25, a "barnstorming, barnraising blitz" of volunteers in Sonora as well as across the country pitched in to fix up the broken down houses of low-income, elderly and disabled neighbors.

More than 70,000 men and women in 210 towns and cities set out to repair houses in local communities across the U.S. as part of a national non-profit program called Christmas in April * USA. At least \$14.4 million worth of voluntary work was done across the U.S.

Christmas in April is one of the fastest-growing volunteer initiatives in the country. Since 1983, 8,100 homes have been rehabilitated.

This year, a total of 2,400 homes have been estimated to be transformed by the good-neighbor effort.

In recent remarks Barbara Bush applauded Christmas in April

saying, "Christmas in April is wonderful--it is a completely volunteer program of home repair and rehabilitation which allows elderly, low-income, disabled people to stay in their own homes. You know, it started in Midland and has spread nationwide. It's what is best about America -- neighbors reaching out to help their neighbors. How wonderful that Christmas in April * USA is being recognized for its fantastic work and success."

Locally, Sonora had 24 teams repairing homes with an average of 20 workers per team. In many cases, repairs were started weeks in advance by dedicated volunteers.

Sonora has been very fortunate to have so many individuals donating their time and money to such a worthwhile community project.

Watch next week for more photos and information about our local Christmas in April project.

Meet your School Board candidates

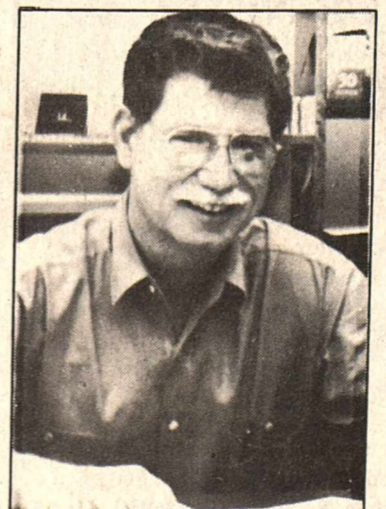

Name: Sam David Hernandez
Ward: 4
Age: 34
Occupation: Self-employed - Well service & tax preparer
Spouse: Veronica (Betty) Hernandez

Children: Rosalinda Hernandez
Education: Attended Angelo State University
Hobbies: Tennis, hunting, reading
Affiliations: Past president, Los Amigos Club; Appointed interim Hospital District Board 1986-87

"Being in business for myself, I feel that I have the experience & knowledge that is necessary to make important decisions that will insure that the children of

our community receive the best education possible, both now and in the future. I attended Sonora Public Schools from kindergarten through high school. During those years, many changes occurred within our school system; changes that, in my opinion, made our one of the best school systems around. To maintain this status, new challenges must be met, higher goals set & achieved. I would like to be able to play an active role in keeping ours one of the best school systems around."

Name: Jim Garrett
Ward: 2
Age: 49

For further information contact the Chamber office.

AIDS test

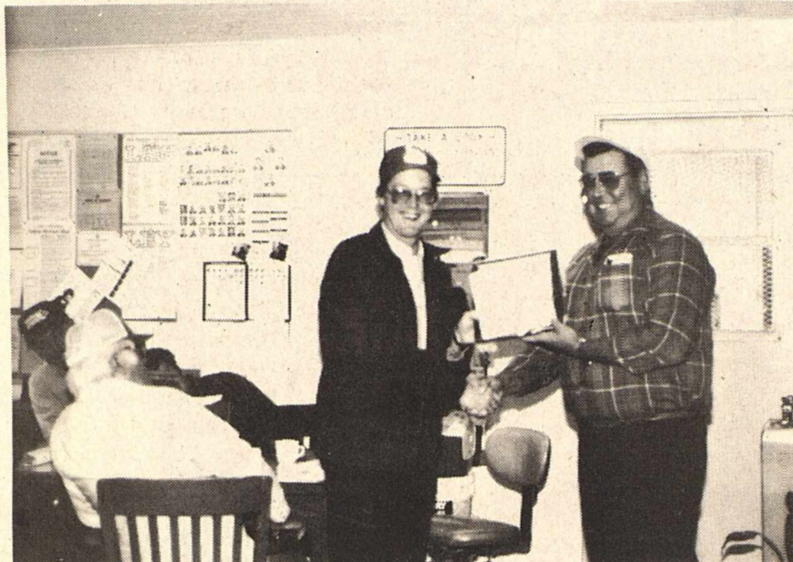

Planned Parenthood of West Texas provides free, confidential AIDS testing and counseling services, and family planning services, based on a sliding fee scale.

The San Angelo Clinic is located at 2619 Sherwood Way, the phone number is 915/944-1909.

Two honored by TxDOT

TEN YEARS OF SERVICE - Louis Olenick presented Martin Alonzo with an award for ten years of service with the Texas Department of Transportation.

SERVICE AWARD - Louis Olenick presented a five year service award to James R. (Robert) Hughes given by the Texas Department of Transportation.

Martin Alonzo, Maintenance Technical II with the Texas Department of Transportation (TxDOT), was recently recognized for 10 years of service with the department.

Martin is involved with various phases of roadway maintenance in the Sonora and Eldorado area.

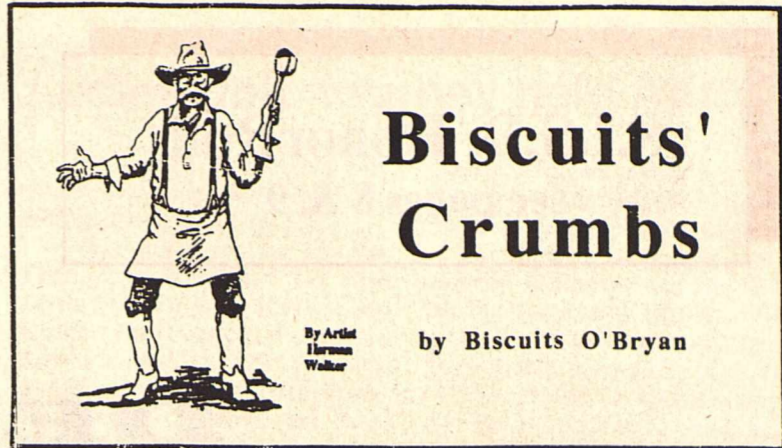

He and his wife, Nelva, are members of the Catholic Church. Martin is a member of the Sonora Volunteer Fire Department, and in his spare time enjoys sports.

Roadway Maintenance Supervisor Louis Olenick presented the award recently in Sonora.

James R. (Robert) Hughes, Motor Vehicle Mechanic II with the Texas Department of Transportation (TxDOT), was recently recognized for 5 years of service with the department.

Robert, with the forces of Roadway Maintenance Supervisor Louis Olenick, is in charge of the maintenance and upkeep of all the department's major equipment in the Sonora and Eldorado Area. In his spare time, Robert enjoys fishing and auto racing.

Presentation of the award was made by Louis Olenick.

What a surprise!

If somebody had told me I could have fun workin' on one of them ol' swamp coolers, I'd have figured he'd gone plumb loco, but that's just what happened last Saturday. 'Course the cooler wasn't mine. I got involved with one of them Christmas in April crews, and we was workin' on a lady's house. Bein' the shy and retirin' type that I am, I jumped right in and said I'd had a fair amount of experience, years ago, workin' on them ol' evaporative air conditioners. I reckon I'll never learn if I live to be 200 years old. But it did have one plus - I didn't have to paint.

I don't know about you, but I'd near 'bout as soon take up ridin' outlaw broncs as to swing a paint brush. I don't really know why that is, 'cause paintin' ain't all that taxin' as far as bein' overly physical. Even one of them big brushes ain't all that heavy. Maybe it's gettin' all messy. I know I can count on gettin' greasy and flour-caked in the kitchen, but somehow, that ain't the same as bein' all paint splotted. I just don't like paintin'.

So, it was into the trenches (or the pads of ol' mildewed excelsior) for me. Now I've got to be plumb honest and say that the actual fixin' of them rusty ol' air conditioners hadn't got to be no more fun than it ever was. There's somethin about changin' out them pads that's akin to scrapin' your fingernails down a blackboard. My teeth was set on edge from the time I started 'til the last panel was slid back in place. But I done it anyhow, along with changin' the water pumps, oilin' the fan bearin's and one of the motors, and hookin' up the water and puttin' on new floats. When I finished, they was nearly good as brand new. But that wasn't where the fun come in.

What was pleasurable about the whole affair was workin' with folks

who normally would've hire that kind of work done, but who slopped on paint, fixed doors and windows, tromped through mud in the cold off and on showers, and laughed and visited and generally had a fine time doin' what they'd of never thought of doin' around their own places. And I reckon the main reason was that we was doin' for somebody who couldn't do for herself. By the time we finished, that house looked plumb different. But I reckon what had changed the most was those of us doin' the work. We was a mite tuckered, but we felt so dad blamed good about what we'd accomplished that it was the best kind of tired there is.

I reckon the whole point of this is that if you missed out and didn't help with Christmas in April this year, you missed a whole heap of fun. You didn't get to stick your head inside a ol' swamp cooler or slosh paint all over your shoes or bang your thumb with a hammer, and you didn't get to feel the good feelin' of gettin' to do somethin' completely unselfish. But don't fret too much, 'cause April'll roll around again next year, and maybe, if you're lucky, you'll get to join in.

If you have any doubts about the size of Sonora's heart, well just take a drive around town and look at all the spankin' clean, newly fixed-up homes that belong to old or disabled folks. Look at the new pride in their eyes. Look at the smiles on the faces of folks who have plenty, but took the time to get paity and dirty to help them that could use the help. Who knows, maybe if you're real lucky, you'll get to do the swamp coolers next year. 'Til then, ya'll keep cookin', and say a little "Thank you" prayer to the good Lord for lettin' you live in a place like Sonora, Sutton County, Texas, U. S. A.!

Letter to the Editor

Dear Editor,

I have systemic lupus erythematosus (lupus). When the doctor told me that I had a chronic, incurable, potentially fatal disease of the immune system, which could cause my body to slowly self-destruct, I went into a panic. Since then I have learned that with proper treatment most lupus patients can live a normal lifespan. Lupus is not contagious, and it is not cancer. In lupus the immune system, which is supposed to protect the body against environmental and infectious agents, turns against itself and attacks and destroys healthy tissue.

Although lupus is not a well known disease, it is more prevalent

than muscular dystrophy, cerebral palsy, multiple sclerosis, leukemia, and cystic fibrosis. It is more widespread among black women than sickle cell anemia. Lupus affects all races, age groups, socioeconomic groups, and both sexes. However, ninety percent of lupus patients are women, with the usual age of onset being between 16 and 30.

Without treatment even a mild case of lupus may become life-threatening, as it attacks internally, damaging or destroying any organ which is targeted. More than 6,000 people die from lupus each year. Symptoms vary but can include joint pain, muscle pain, muscle aches, skin rash, photosensitivity,

hair loss, inflammation of the membranes around the heart or lungs, anemia, fatigue, blood abnormalities, kidney involvement, and others.

I found that with lupus I could look healthy and well, even when I was very ill. This paradox caused misunderstanding among relatives and friends, who could not understand how I could be ill and look so well. I have found that many lupus patients feel isolated and alone because of the lack of understanding they encounter.

In 1984 I founded the L. E. Support Club, a world-wide, non-profit organization dedicated to bringing help and understanding to

lupus patients. The L. E. Support Club publishes a newsletter, the L. E. BEACON, which prints up-to-date, informative articles on subjects which are important to lupus patients. The cost of printing the newsletter is paid for by the tax deductible dues and contributions of members and concerned friends.

Anyone who would like more information on the L. E. Support Club, Inc., should send a self-addressed, stamped envelope for more information to: L. E. Support Club, Inc., 8039 Nova Court, North Charleston, SC 29420.

Sincerely Harriet B. Mesic
 President/Editor

Graham Resources say thanks to donors

GRL Production Services Company would like to recognize and thank the following citizens for their participation in the April 1992 Blood Drive.

THANKS TO THOSE WHO GAVE THE "GIFT OF LIFE" -- Steve Tackel, Clara Johnson, Venetta Smith, Melissa Teaff, Kent Kearney, Jerry Northcott, Douglas Ward, Tim Talley, Allan Hughes, Raymond Warren, Delbert Gryder, Wanda Shurley, Selina Galbreath, Michelle Lipham, Janalyn Jones, Gary Galindo, John Snyder, Jeanette Turner, Rebecca Hearn, Lenora Pool, Kenneth Ripley, Ray Smith, Jerry Landers, Belia Castaneda, Julio Samaniego, Roy Evans, Barbara Snodgrass, Nelda Tobias, Debbie Fontenot, Billy Ritter, Barry Limbocker, Michael Brown, Lonnie Fox, Leah Shephard, Jane Lynch, Patricia Russell, Emilio Pacheco, Luther Creek, Gaile Cade, Lisa Lipham, David Creek, Beth Snyder, Mary Stewart, Mallie Turner, Maribel Samaniego, Sadie Cauthorn, Claburn Stewart, Carla Filmore, Ladonna Alaman, Emmett Barthelmy, C. R. Carrasco, Israel Sanchez, Roland Parker, Nelda Mayfield, John Zimmerman, William Burnham, Rhonda Akins, Dorothy Sammartino, James

Blackman, Tony Valkonen, Dan Harris, Loma Surber, Domitila Moreno, Lewis Allen, Robert Mittel, Richard Preston, Marvin Roubison, Mary Lane, Robert Higdon, Clifton McKnight, Richard Stricklan, Gregory Hill, Patricia Prather, Reyes Lozano, Michelle Schaefer, Hugh Fawcett, Stacy Reiner, Billy Butch, Dorothy Harrell, Benny Frasier, Nick Anderson, Vallree Draper, Charlotte Higdon, Joe King, Gilberto Vara, Allen Hearn, Elizabeth Voight, Ramiro Trevino, Michael Percifull, Diana Condra, James Condra, Patsy Landers, Nancy Fullen, Douglas Nelson, Terry Grandville, Wes Henson, Shelby Johnson, Joe Weingart, Pamela Davenport, Leonor Hernandez, Glenda Lowe, Mary Lane, Clifford Britter, Joe Lane, Marla Percifull, Robert Lynch, Patrick Campbell, Lynn Northcutt, George Prather, Carla Garner, Jeffrey Fennern, Kevin Snyder, Joseph Luttrell, Marie Hollmig, Terry Beebe, Juanita Mesa, Alton Lynch, Jay Ray Holley, Kenneth Henderson, Karen Frasier, Carole Thorp, Nancy Lowder, Amelia Ramos, Ruthie Cahill, John Adams and Ricky Day.

HARD AT IT! - Christmas in April volunteers work diligently to make life better for citizens of Sonora.

American Cancer Society

Who We Are - National headquarters are in Atlanta, Georgia. There are 57 incorporated chartered Divisions (one in each state, in Puerto Rico, the District of Columbia, and five metropolitan areas) and over 3,300 local Units.

Who Directs Us - The real strength of the Society lies in its nearly 2 million volunteers. These men and women make and translate policy into reality. Motivated by a concern for the health and lives of their fellowman, they do much of the work for the service program, which is designed to help the cancer patient and the family; they bring lifesaving information to their neighbors in the most effective way; during the April Crusade they contact their neighbors, house-to-house, face-to-face, to raise the funds to advance the fight against cancer.

The volunteers- neighborhood workers, members of various clubs and civic organizations, business people, housewives, physicians, entertainers, retired people-- are a cross-section of concerned Americans.

The basic framework of the Society is its professional staff, in a ratio of approximately one paid staff member to about 600 volunteers. National staff, headquartered in Atlanta, Georgia serves the Society's ongoing volunteer programs, and coordinates the work of the national volunteer Board of Directors and committees with those in Divisions and Units. It provides various types of technical and professional services, such as legal, accounting, scientific, medical policy, and counseling. Materials to support programs are created and produced, to be ordered and distributed by Divisions. Staff advises and supports volunteer planning at all

levels, local, state, and national, and helps volunteers carry out policies of their Boards of Directors. An ongoing, day-to-day communications link is provided by staff strategically situated in order to assist the Society's volunteers in carrying out programs of cancer control. The staff also assists volunteers in maintaining close working relationships with counter programs and staff at the National Cancer Institute and with cancer control organizations in other countries.

What We Do - The Society's long-range objective is to eliminate cancer entirely as a human disease. The immediate goal of the Society is to save more lives and diminish suffering from cancer to the fullest extent possible. Many lives are being saved. About 500,000 people die of cancer each year in the US, but it is estimated that 42,500 cancer deaths that occurred in 1989 could have been saved through early detection and treatment. In addition the Society estimates that 142,500 lives were lost from cancer because of tobacco smoking. About 90% of the one half million skin cancers could have been prevented by protection from the sun's rays. Certain cancers are caused by occupational and environmental factors and can be prevented by eliminating or reducing contact with carcinogenic agents.

The final goal of total cancer can be reached through research.

The immediate goal of saving more lives must be accomplished largely through education of the public to the dangers of cancer and the possibilities of cure, through the education of the medical profession to the latest advances in diagnosis and treatment of cancer, and through direct service to the cancer patient and the family.

Cancer Society teaches youth

Serving as a link between school teachers and the A. C. S., school health advocates can take public education a step forward and educate those forming life-long habits--our YOUTH.

School health advocates play a vital role in offering materials and assistance to teachers who wish to promote cancer control through education in the classroom.

By teaching youth to adapt healthy habits, a significant reduction in their risk of developing cancer will result. The advocate supports use of American Cancer Society materials and education about cancer in the classroom. The advocates request resources for teachers to use and evaluate the educational process through educators feedback.

Because children are developing their lifestyles while in school, cancer education is vital in positively shaping their habits and their future.

A new video is available through the A. C. S. public education chairperson, Loma Surber, to acquaint, volunteer School Health

Advocate with A. C. S. education material available for youth education.

The American Cancer Society receives no federal funds for their programs. Please give generously when a volunteer calls on you at your business or home.

New Arrival Krista Jewel Galindo

Velma and Samuel Galindo announce the birth of a daughter, Krista Jewel Galindo on Sunday, April 26, 1992 at 8:25 p. m. in River View Hospital, Red Banks, N. J. Krista weighed 6 pounds and 12 ounces and was 19-1/2 inches long.

Krista is welcomed home by brother Samuel III.

Grandparents from Sonora are Manuel and Reta Villanueva and Mary and Samuel Galindo.

Great grandparents are Fransico and Antonia Villanueva also of Sonora. Krista is also welcomed by a number of aunts, uncles and cousins.

Card of thanks

La familia de Humberto Perez, les agradece, la atencion prestada en nuestros dias de dolor. Sus, flores, comidas, plantas, respeto, presencia y muy en especial el que se hayan acordado de nosotros en sus oraciones nos tiene convencidos que Humberto vivio y nos dejo entre Amigos. Que Dios nuestro Señor los colme de bendiciones y los acompañe para siempre. Mil Gracias.

La familia de Humberto Perez

Humberto Perez family appreciates your kindness during our recent loss. Your flowers, food, plants, presence and above all the fact that you remembered us in your prayers convinced us that Humberto lived with and left us among friends. May the Lord bless all of you and be with you forever. Thanks again.

The family of Humberto Perez

Schreiber inducted into honor society

Kristin Ann Schreiber, sophomore at Vanderbilt University, was inducted on March 18 into Gamma Beta Phi Society, the National Collegiate Honor Organization.

The organization honors students that are in the top 15% of their class. Kristin has a 3.45 in a class of 1100.

Kristin, a liberal arts major, is planning to spend her junior year abroad at Oxford University.

She is the granddaughter of Wilma and Donald Jones of Sonora.

Scholarship to be offered

Delta Kappa Gamma Scholarship applications may be made to Carol Love at the Junior High 387-5431.

A scholarship for the fall semester is available to a qualified woman planning to teach. She must be a senior or a graduate of Sonora High School.

LIBRARY

HARDY WELCOME - Sutton County Probation Officer Matt Favila welcomes the area's new Substance Abuse Counselor Doug Lutz and his wife Martha to Sonora.

Lutz named substance abuse counselor for Sutton County

The Sutton County Juvenile and Probation Officer, Matt Favila is proud to welcome Doug Lutz as Sonora's new Substance Abuse Counselor.

As substance abuse Counselor Lutz will provide services of intervention and rehabilitation for chemical dependency in general office or a group room environment.

The usual length of time for Individual Counseling Service is three to six months. Each client will complete an Emotion/Behavior/Social Assessment. During this time an individualized, multi-modality Service Plan will be developed. This plan will be updated by the client, counselor, and probation

officer, and changes are made according to the progress displayed by the client. Upon completion of services the client will complete an aftercare contract which indicates what the client will do to continue his/her recovery. If the client has participating family members, they will also be given an aftercare contract to complete which indicates what they will do for the maintenance of their program and to support the client in his/her recovery.

Groups for substance abuse recovery or crisis recovery will be meeting in Sonora at 7 p. m. on Monday nights in the Courthouse.

Doug and his wife, Martha will be living in Sonora along with their sixth grade son Paul Thompson.

Temporary foster parents needed

Would you like to do something REALLY important to help a child who is in danger of severe abuse or neglect? Please consider becoming a foster parent with the Texas Department of Human Services. There is a real need for foster parents who will be willing to care for a child or children for a temporary period of time while TDHS works with their family to return them home or works toward adoption for the child. Who will be considered as foster parents: Couples, single people, working mothers, grandparents are all considered. Minority families are needed. Professional people with special training in medical needs or educational needs can be very helpful for special needs children. Persons who can take a sibling group of two or more children are needed. Families who enjoy working with adolescents can be very helpful. There are children of all ages, from pre-schoolers through high school who need a temporary home.

A home must be certified by DHS to become a foster home. A DHS foster home worker does a "home study", which includes discussions about family. It's important that each family member, including the children, be committed to foster care.

Discussion with the foster home worker also has to do with child care, discipline, and values. It also involves a 30 hour orientation class.

Foster parents are reimbursed at the rate of \$18.47 a day for birth through 17.

All medical expenses are paid. Medical Requirements: All adult family members must have had a TB test within the last year with negative results signed by a doctor.

References and Criminal background are checked.

Inspections: Health - done by Foster Home Development Worker. Fire - Done by Fire Department or Foster Home Development Worker. (Smoke alarm, Fire Ext.)

Pets - all pets must be vaccinated for rabies on a yearly basis.

Social Study: Two home visits or more.

Room Space Requirements: Children may share a room as long as there are 40 square feet per child. After age 5, children sharing a room must be of the same sex. Infants under one year of age can sleep in the foster parent's room. Adequate storage area is necessary.

For further information, please contact: Texas Department of Human Services, 113 W. Bearegard, (Basement) 344-1, San Angelo, Texas 76903.

Ask the Historical Society

While looking for Will Carver's grave in the Sonora Cemetery, I saw a small grave near his for a Sonora Bobbitt. What can you tell me about this little girl?

In the Devil's River News, June 30, 1900 we find the following:
Sonora May Bobbitt

Died on Friday, June 22, 1900, Sonora May, the youngest child and only daughter of Mr. and Mrs. W. R. Bobbitt, aged two years, five months and five days. The funeral took place at the Sonora cemetery Saturday evening. The News extends sympathy to the parents.

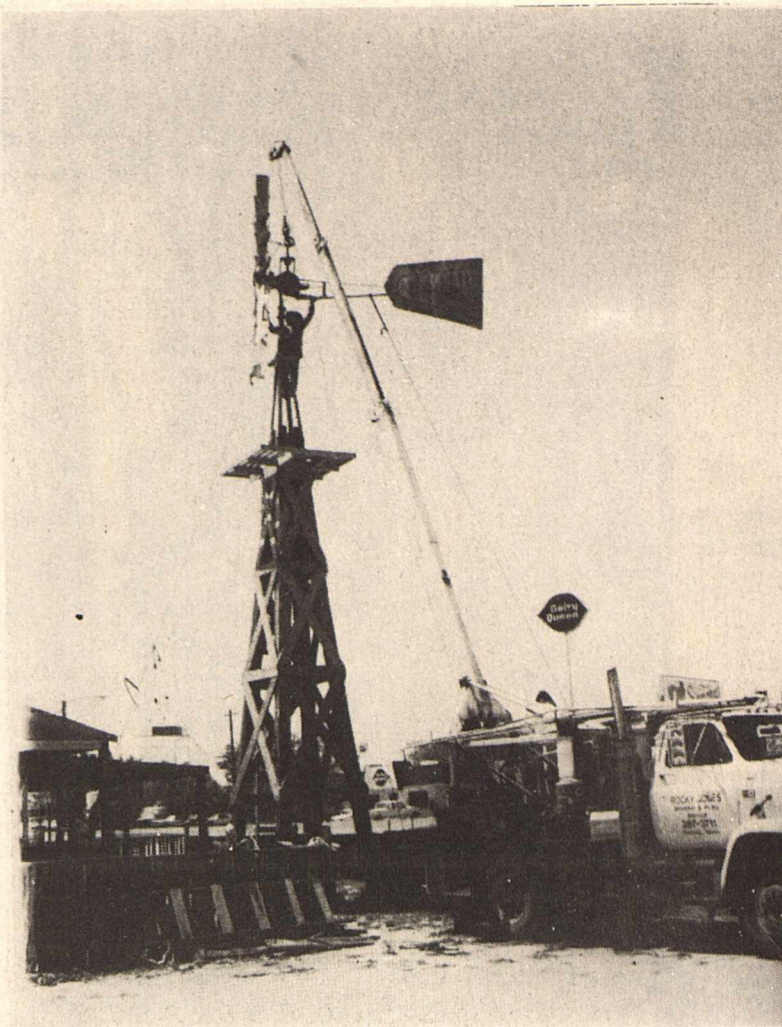

About 2 o'clock p. m. Friday, Mrs. Maggie Blake Gonzales heard the Bobbitt child cry and looking to ascertain the cause saw the little boy aged four years trying to carry the baby out of the tent. Mrs. Gonzales ran to their assistance and the little boy said the baby had taken carbolic acid. Mrs. Gonzales took the baby to her house and sent for the doctor. It seems the child had been playing with a bottle of carbolic acid and the cork coming out the acid was spilled on her neck and breast from the effects of which she died in three hours. Mrs. Gonzales has a very severe burn on her arm caused by the acid when she was carrying the child to her home. Mrs. Bobbitt was not at home when the accident occurred.

Note: Many of the early settlers of Sonora were forced to live in tents because of the lack of rental housing and the long waiting period for and the high cost of lumber. Even Mike Murphy wrote the Devil's River News from his tent home as described in some of the earliest editions of the Devil's River News.

As far as we know Sonora Bobbitt's parents, W. R. and L. E. Bobbitt, moved away and there are no relatives of the little girl left in Sonora. Her little gravestone is starting to come loose from its base and will topple and fall if funds are not found to repair it soon.

We are still trying to locate many unmarked graves in the Sonora Cemetery. If you know of the location of any of these graves we would deeply appreciate you telling the Sutton County Historical Society so that we may make accurate maps of these areas.

If you have any questions concerning Sutton County history, an article you would like to see reprinted, or a little bit of history you would like to share with us, write to "Ask the Historical Society," c/o Sutton County Historical Society, P. O. Box 885, Sonora, Texas 76950-0885 or call 387-5144 or 387-2855. We will be happy to try to answer any questions you may have concerning history or genealogy in Sutton County.

WIND MILL RAISING - The mill at Ol'Sonora Town is finally complete as Rocky Jones raises the 12' motor and wheel to top off the job.

There's no reason to advertise, if . . .

- Your customers aren't interested in reading about new products, services and prices.
- The economy is so good that it's a cinch to make a barrel of money by continuing to do the same old thing.
- Your present inventory is so good that you don't want it disturbed.
- You already net a million dollars a year (after taxes).
- Your growth factor is at zero.

. . . but you should advertise
if and when any of the above aren't true

And here's how to start
Call the Devil's River News, 387-2507, and ask about a program that would do you the most good.

T-E HORSEPOWER

You've got a big investment in your horses, so it makes sense to protect that investment. **T-E HORSEPOWER**, the ideal grazing forage for horses, protects them from sorghum cystitis and prussic acid poisoning. This hybrid pearl millet has good leaf and stalk disease resistance, good tillering and regrowth, and is resistant to iron chlorosis. Plant **T-E HORSEPOWER 8# to 10#** in rows for grazing and see the difference that top quality makes in your animals. It's just good horse sense.

WE RECOMMEND T-E HORSEPOWER

DEATH NOTICES

Humberto Perez

Humberto Perez, 46, died Wednesday, April 22, 1992, in Sonora.

Services were held Saturday, April 25 at St. Ann's Catholic Church with burial in Sonora Cemetery, directed by Kerbow Funeral Home.

He was born March 25, 1946, in El Oregano, Mexico, and had lived in Sonora 20 years. He was a trucker and a Catholic.

Survivors include his mother, Adelaida Jasso Perez; his wife, Guadalupe Sosa Perez of Sonora; a son, Erasmo Perez of Sonora; two daughters, Veronica Perez and Gloria Perez, both of Sonora; four brothers, Jose Perez of Brackett, Francisco Perez of Sonora, and Elisco Perez and Doroteo Perez, both of Mexico; four sisters, Rosa Perez, Elvira Perez and Armandinn Perez, all of Mexico, and Esperanza Lopez of Fort Worth.

Tomas Favela

Tomas Favela, 76, died Saturday, April 25, 1992, in a San Angelo hospital.

Services were held Tuesday, April 28 at St. Ann's Catholic Church with military graveside service in Sonora Cemetery, directed by Kerbow Funeral Home.

He was born December 21, 1915, in Durango, Mexico. He was a sanitation supervisor for the City of Sonora and an Army veteran of World War II. He was a member of the Catholic Church.

Survivors include a son, Tomas Favela, Jr. of Houston; a brother, Pablo Favela of Sonora; a sister, Eulogia Flores of Sonora; and numerous nieces and nephews.

Golfers enjoy Thursday scramble

The beautiful warm weather brought out an outstanding number of golfers to participate in the Thursday scramble on April 23. Seventy-six players were divided into thirteen teams. The teams and scores were as follows:

1st - J. T. Hill, Kyle Donaldson, Phil Browning, Quade Sutton, Ebbie Sutton, and Lawrence Finklea with 9 under.

2nd - Gene Thompson, Steve Anderson, Pete Maldonado, Dingo Ortiz, Mike Holley, and Michelle Anderson with 7 under (won putt-off).

3rd - Primo Gonzalez, Rodney Johnson, James Edmondson, Joe Bob Ragsdale, Paige Ragsdale, and George Noriega with 7 under (2nd in putt-off). This team won the skins game with an eagle on #6.

Danny Doan, Ed Price, Jane Archer, Harold Martinez, Lester Rainer, and Mike Moore with 7 under.

Ray Roe, Joe Turner, James Alexander, Guy Crippin, Jodie Finklea and Trudy Niblett with 6 under.

Bobby Taylor, Ashley Niblett, Joe Casillas, Tressa Henson, Red Foley, and Juanita McBride with 6 under.

DeVoe Smith, Albert Fowler, Jerry Northcutt, Don Burkes, Bill Cascadden, and Pam Browning with 5 under.

Steve Tackel, Clyde Dukes, John Casparis, Ralph Mayer, and Frances Tackel with 4 under.

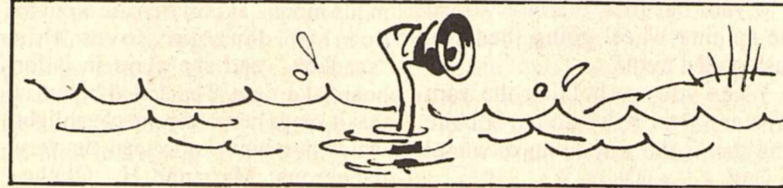

Steve Clinton, Randy Sparks, Mike Krieg, Ed Pharr, Michelle Krieg, and Becky York with 3 under.

Joe Ramirez, Brad Brevard, Wes Henson, Bill Savell, Nancy Davis with 3 under.

Papo Sanchez, Jr., Whiskey Hill, Harvey DuRussell, Don Deel, and Ken Rowland with 3 under.

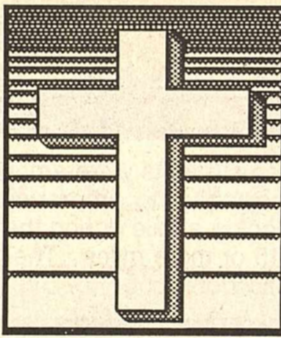

WORKING HARD - Sooner or "ladder" the Christmas in April project will be all done after workers finish this paint job.

A dipper bird walks underwater in search of insects and small fish.

If your loved one is in need of more care than you can give, but you resist a nursing home, **Lillian M. Hudspeth Memorial Hospital** has a "long term" program that might be just the right thing for you! For more information about taking advantage of 24-hour nursing care in the hospital call **387-2521**

Wool to Yarn

After a discussion and demonstration of how wool becomes yarn, Mrs. Lynch's third grade writing classes were asked to write a story about the process. Students could write a "how to" giving directions) or make up a realistic fiction story that included the steps involved. These stories are part 2 of a two-part series. Enjoy.

From Wool to Yarn

Do you want to make yarn? If you do follow these steps very carefully. The first step is, get the oats in the pen which is not very hard to do. The second step is to hear the goats which is hard work. When you finished with that your upposed to wash the wool. Next step is to comb the wool so it don't have any rocks, grass, sticks, or dirt in it. After that you spin it which is very easy. Then you weave it which is hard if you don't know how. Finally you twist it and you made thredd.

Joseph Percifull

How To Spin Wool Into Yarn

This is how to spin wool into yarn. First you shear some sheep. Next you put the wool on two carders. Then you brush the wool which would get the dirt and grass off. After that you put some wool on the bobbin. Then you put your foot on the treadle. Next you spin the wheel and then start pushing the redle. After the wool is almost gone you can get some more wool and put the wool that you have on the spinning wheel. When you are done, you wash the wool. Then you roll up the wool like you do yarn. Finally, you tie about four little strings around the wool. Now you are done. That is how you spin wool into yarn.

Kristina Edmondson

How To Make Wool Into Yarn

To make wool into yarn, first you need to shear some sheep. Next you get some carders and comb the wool. Then you hand wash the wool. Then you let the wool dry. Then you get a spinning wheel and attach the wool to the bobbin. Then you hold the other end of the wool and put your foot on the treadle and start peddling. Finally you put it on a loom and weave, crosshatch, or knit it. That is how you turn wool into yarn.

Brook Bolt

Wool to Yarn

Hello I am going to tell you a little story that my Mother told me. This little story is how Wool goes to yarn.

To began you will need these flowing things, sheep, spinning wheel, carders, loom, dye. First get some sheep and shear them. With the wool you will spin it with the spinning wheel.

Next you can get any kind of plants or berries. For example if you wanted a pink or Red or yellow coat you could get a rose. You would dip the spun wool in the dye and it would turn the color you wanted it to be. Then you will weave the yarn.

After that you will take your measurements an then finally you will weave the cloth into a coat, hat or a Blanket. That was my story and you can tell this to your kids.

Afton Browning

Making a sheep a masterpiece

If you ever get interested in making a sheep into a masterpiece you might just want to follow these steps.

First of all you should find yourself some sheep, (or goats) and if you want, go ahead and get the other supplies which are a spinning wheel, a shear, carder, a loom, and a lazy kate, then you are ready for step two.

Now get the shear and shear the wool off the sheep. After that put it (wool) in a bag.

Next get your carders and just keep brushing until you get a lot of balls, and then put them on the bobbin and the spinning wheel.

Now start spinning. Then you finnish spinning and put the bobbin on the lazy kate then just keep on spinning the yarn around your arm like a rope until it is all rapped. Then you are finnished.

Joseph Knaack

How to make Wool into Yarn

First you have to shear a sheep or goat. Then if you want you can wash it. After you finish that you have to comb it. You have to comb it because if you don't your yarn will have stickes and dirt. After you finish you have a rollack.

can start using the spinning wheel. You have to connect them in hooks and the bobbin. When you are almost out of a rollack you put it on with another rollack. You keep on spinning and connecting till you are out of rollacks.

After that you take out the bobbin. Then you connect it to a Lazy Lacker. After you get it on the Lazy Lacker you unwind on your arm.

After that you have a skeame. If you want you can dy your yarn. That is how you make wool and mohair into yarn.

Chris Weingart

How to Make a Coat from Wool

First you shear the sheep. Next you comb the wool with a special comb called carders. Then you die the wool and let it dry. Then you twist the wool with a spinning wheel. Then it becomes thread. Next you weave the thread to make material. Then you cut a pattern for a coat. Finally you so it together and you have a coat.

Bobby

From Sheep to a Blanket

One day My mom wanted to make a blanket for my sister so she went to my grandfather's and got two sheep. When she got back she sheared them and combed the wool. While she was doing that I went to pick blueberries to dye the wool with. When I got back she had the spinning wheel out. When she started to spin I watched her carefully all she did was push her foot on a pedal and moved her hands like she was twisting some yarn. Then my sister came in. I stopped her at the door until my mom put up the spinning wheel. Then my sister saw the berries then she asked "whose berries are those?" I said "yours," but you can have them on your birthday." She said, "ok," and went back outside. Then my mom washed the wool but it did not look like wool any more. When she started to wash the yarn she pushed up and down about 70 times. Then she let it dry. Last she put it on the line and weaved it.

On my sister birthday she opened the blanket first and I said thers your berries. It was the prettiest blue blanket and I still remember to this day.

Riley Crain

How to Make Mohair into Yarn

First you get your supplies. Next you get a goat and shear it. After that you wash the mohair and you get the carders and comb the mohair.

Finally after you get all that done you make the mohair into a rolag.

Then you sit down at the treadle and twist it onto the bobbin.

When the bobbin is full of mohair you take the bobbin off the treadle and put it on the Lazy Kate.

Finally you have your yarn. Your going to make a carpet out of yarn. Last you weave the yarn and you have your soft carpet that you can lay on.

Thats how you make mohair into yarn.

Trey Johnson

Wool to Yarn

This is how you make yarn from wool. First you have to shear a sheep.

Second you use carders to comb the wool. Next you twist the wool

by hand or you can use a spinning wheel. Then when the bobbin is full you take it off the spinning wheel and rap it around your arm from the bobbin and that is called a Lazy Kate. When it is all the way around your arm and there is no more yarn. You put it in a skein. Then you put stings to keep it together.

Lindsey Bowers

From sheep to rug

Hi I'm Austin and this is my goat Wooly. This is a store how I got a new rug. First I sheared wooly. Then I washed his wool so it would be clene. Wooly didn't like that. After that I got two combs and comb his wool. Next I dyed his wool green blue and red. Finally I stock the colored wool an a spinning weel and got my mom to spin the wool. Last I wove the wool and had a new rug.

Austin Youngblood

Wool to Yarn

This is the way to make wool to yarn first you get a sheep and shear it then you wash it and let the wool dry next you dye the wool then you comb it with carders.

Then you spin the wool and make it to yarn but first you have to get the spinning wheel going then you push on the treadle.

When you are holding the yarn twist and then go's into the bobbin. And that is the way to make wool to yarn.

Selina Martinez

PHYSICALLY FIT - These kindergarten students were among the many students who had the opportunity to improve their cardiovascular fitness by walking or jogging a mile during the P. E. class. The students have completed 15 or more miles. Their goal for the year is to finish 25 miles before school is out.

Home Tips

TOOTHPASTE TRICK — Instead of throwing out what seems to be an empty tube of toothpaste, you can slit the tube down the side with a pair of seissors. You'll find you can get from 15 to 20 more brushings out of every tube. It's a real money saver given the price of toothpaste these days. Betty D., Brooklyn, N.Y.

BE KIND TO YOUR PETS — On very hot days, when temperatures are in the 90s, I drop a few ice cubes in my dogs' water bowls. This way, the water stays cool, and it helps them keep cool, too. Jeannine C., Athens, Ga.

CEILING REPAIR — When I moved into my new apartment, the people who lived there before left swag hooks in the ceilings where they had hanging plants. My husband removed the hooks, but they left unsightly holes. He plugged up the holes with cork pushed flush with the ceiling line. We then painted over it, and you'd never know the holes were there! Katie R., Jersey City, N.J.

INNOVATIVE SANDBOX — For parents of small children who love sandboxes, I have a safer alternative for indoors.

I took a large plastic tray, such as those used for mixing cement, and poured a five-pound bag of corn meal in it as "sand." It's clean, light and much safer if the toddler puts it in his mouth, as children are wont to do. My daughter loves this "sandbox," and she plays in it for hours at a time. The added bonus is that it keeps her safely out of sunlight which we now know can be very dangerous. Marianne H., Olathe, Kan.

KEEPING FIT - These first graders participated in an aerobic fitness program which gave them the opportunity to improve their fitness. The students have jogged or walked a total of 15 or more miles and hope to complete 25 miles before school is out.

Congratulations to the Senior Class of 1992

Many of your Senior girls & guys have already come in and made their selections of luggage.

STATE BOUND - Cast and crew of the Sonora High School One-Act Play are bound for state competition to be held May 7 in Austin. The play is under the direction of Paula Rodriguez.

Play headed for state

By upholding a prestigious tradition, the Sonora High School U. I. L. One Act Play, *The Marriage of Figaro* won the Regional contest and will be traveling to Austin for the State Meet on May 7, 1992. The Regional contest was held April 24 at Odessa High, where the actors and crew put on a great performance.

Receiving outstanding acting awards were: Honorable mention, Shawn Wallace and All-Star Cast - Roy Ivy and Chris Scott.

The State contest will be held at the University of Texas Performing Arts Center - Bass Concert Hall at 4 p. m.

The One Act Play will be performing for the public on Tuesday, May 5, at 8:15 p. m. in the High School Auditorium. Admission will be \$2 for adults and 50¢ for children.

The cast and crew includes Blake Adkins, Carmen Chavez, Olga Chavez, Michelle Barker, Becca Fields, Roy Ivy, Jay Landers, Kathleen McManus, Callie Moore, Michele Pruitt, Matthew Hunt, Amanda Riley, Stephanie Roberts, Adam Richter, Shawn Wallace, Casey Thorp, Jericho Thorp, Chris Scott, William Haltom and Tara Urbanski.

The play is directed by first year drama teacher, Paula Rodriguez.

B. McMillan, Nellie Moore, Dr. Rust's Office Staff-Rae Ann, Blanca, Rosemary and Linda and Elliott Law Office. Up to \$50 - Doyle Morgan Insurance, West Texas Utilities, Gary Transports, David and Beth Wallace, Lynn Alexander's Autoplex, Pascal Allison, Burney Shelton - Shot's

#5 and Burney Shelton - Shot's #6. \$100 - \$199 - Chamber of Commerce and Jimco. \$200 or more - Church of the Good Shepherd.

Items donated include: Hair Studio, curling iron; Victoria's Ceramics, ceramic chicken bowl; Federal Land Bank, 2 umbrellas; Vallree's Fashions, black tee shirt; Perry's, lamp, scientific calculator & various socks; Alex's Quick Stop, 1 case of oil; Farm Bureau Insurance, 1 case of oil; Pizza Hut, 10 large pizzas, bread sticks delivered to the party; Tedford's, 14K gold earrings; T-Shirts Plus (San Angelo), \$20 gift certificate; Rosie's Cafe, 2 \$10 gift certificates and 1 dinner for 2; Jane's Flowers, 1/2 dozen roses arranged and Flowers by Irene, 1 dozen roses.

Sixth graders enjoy tour

SOUNDS WILD - Dr. Dale Rollins, Wildlife Specialist with the Texas Agricultural Extension Service in San Angelo entertains the sixth graders after lunch with his animal calls.

4-Hers do well in competition

Sutton County qualified two teams for state competition in June at Texas 4-H Roundup in College Station by placing second in range evaluation and 2nd in plant identification at the District contest held in Kerrville. The range team members were Shane Keller, Brian Faris, Tracy Crites and Jason Morley. Plant I. D. team members were Eric Geske, Bobby Mogford, Wade Spain and Cody Schenkel. Shane Keller was high individual of the range contest and Eric Geske was third high individual of the range contest and Eric Geske was third high individual in the Plant I. D. contest.

Junior range judges placed first with Erin Payton, Jason Geske, Traci Hightower and Blair Crain placing one through four respectively in the individual ranking. Pre-juniors Brad Mogford

and Chance Armke placed first and second respectively in the range contest.

Sutton County's junior wool team made up of David Fisher, Shawna Faris, John Jones and Megan Mayer placed third and David Fisher was the third high individual.

The junior rifle team made up of Bonner Walsh, Matt Routh, and Blaine Wilkinson placed fifth in District competition.

In the open wool & mohair contest Sutton County's team placed third in mohair, fourth in wool and fourth overall. The senior team of Shane Keller, Brian Faris, Wade Spain and Cody Schenkel placed second in wool, first in mohair and first overall. Wade Spain was third high individual in wool and Shane Keller was first high individual in mohair and first high individual overall.

The annual Sixth Grade Ecological Field Tour was held at the Edwin Sawyer Ranch on Tuesday, April 21. The Edwards Plateau Soil & Water Conservation District and the Sawyers have sponsored this educational experience for the past ten years.

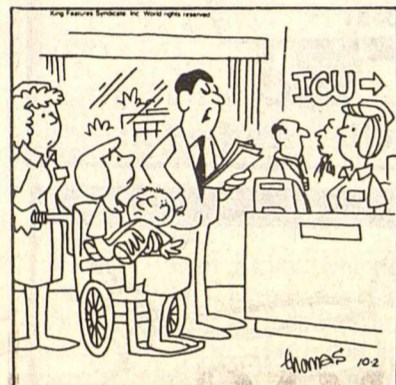

The Sonora I. S. D. sixth grade classes were taken by bus to the Sawyer Ranch for a day of instruction in range management, soils, water and wildlife. Instructors for range and watershed management were Nick Garza, Texas Agricultural Experiment Station, and Tom Payton, Soil Conservation Service; brush control was addressed by Dr. Jake Landers, Texas Agricultural Experiment Station in San Angelo. Wildlife management instructor were Steve Nelle, SCS Wildlife Biologist from San Angelo; Mary Humphreys, Texas Parks and Wildlife Biologist in Sonora; and Dr. Dale Rollins, Wildlife Specialist with the Texas Agricultural Extension Service in San Angelo. Soil and water conservation instructors were Fred Coburn, SCS Soil Scientist from San Angelo and Virgil Polocek, SCS in Sonora. Mike Smith, Sutton County Underground Water

Conservation District manager, dealt with underground water and related information.

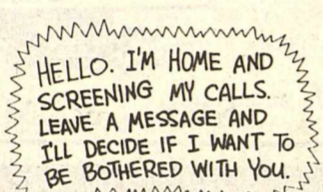

Students were provided with a noon meal which was prepared at the site by Jim Stephen, Monte Jones and Eddie Sawyer. Lura Sawyer, Carol Lowder, Theo Bruns and Iris Garza assisted with preparation and serving of the meal.

Following the meal, students were taken to Sonora Wool & Mohair where Preston Faris, Sutton County Extension Agent, gave a sheep shearing demonstration. Bill Ferguson, assistant warehouse manager, gave the students a tour and talked about grading methods and uses of wool and mohair.

The directors of the Edwards Plateau Soil & Water Conservation District wish to express their appreciation to all who helped make this another successful field tour. This is an extremely worthwhile educational and fun-filled activity for our youth; however, it requires the cooperation of many individuals and agencies. And a very special thanks to Mrs. Edwin Sawyer and Eddie Sawyer for their generosity which enables this kind of activity to continue.

"Fifteen hundred dollars and you didn't even potty-train him?!"

U.I.L. WINNERS - Sonora Second Graders place in Saturday's District U.I.L. competition.

Junior High band try-outs held

Junior High District Band try-outs were held here at Sonora Junior High on Friday, April 24.

Charles Moss made 1st chair alto saxophone in the Symphonic Band and Salvador Trinidad made 4th chair concert in the same group. Shauna Nitsch made 3rd chair bass

clarinet in the Concert Band.

These students traveled to Mason on Saturday, April 25 where they participated in the All-District Clinic and Concert.

The band directors would like to congratulate these students on this outstanding achievement.

Public Notice

NOTICE OF ADOPTION OF RULES BY SUTTON COUNTY UNDERGROUND WATER CONSERVATION DISTRICT

Notice is hereby given that on April 17, 1992, the Board of Directors of Sutton County Underground Water Conservation District ("the District") adopted rules pursuant to the District's authority to provide for conserving, protecting, recharging, and preventing waste of the water from the underground water reservoirs in the District and to perform such other functions as provided by law. The rules shall be effective on the fifteenth day after the first day of this notice.

A brief summary of each rule is as follows:

Chapter 1. Definitions

Rule 1.001. Definitions. Provides definitions for certain terms used in the rules.

Chapter 2. Unlawful Use, Diversion, Waste, etc.

Rule 2.001. Duty Not to Commit Waste. Prohibits any person from wasting underground water in the District, including prohibiting pollution or harmful alteration of the character of the water.

Chapter 3. Well Registration

Rule 3.001. Registration of Exempt Wells. Requires owners of wells which, by law, are exempt from obtaining a permit from the District to be registered with the District and to provide certain information in connection therewith, including semi-annual reports of water usage.

Chapter 4. Permits

Rule 4.001. Permit Required to Drill, etc. Requires a person to obtain a permit from the District before drilling, equipping, completing or altering the size of a well, unless the drilling and operation of the well that is exempt by law or the rules of the District. Rule 4.002. Deposits. Requires a \$50.00 deposit to accompany an application for a permit.

Rule 4.003. Issuance of Permits.

Provides procedures for filing, reviewing, processing and issuing a permit, including delegating certain authority to the General Manager of the District in connection therewith.

Rule 4.004. Permit Conditions.

Provides standard conditions which apply to permits issued by the District.

Rule 4.005. Time During Which a Permit Shall Remain Valid.

Provides that permits are valid if the work is completed within four months or such other time as the Board may allow; otherwise, the permit is void.

Rule 4.006. General Rules of Procedure for Hearing.

Provides procedural rules regarding the conduct of hearings on permit applications.

Rule 4.007. Rules Governing Protests.

Provides procedural requirements for persons protesting permit applications.

Rule 4.008. Final Orders of the Board.

Provides procedural requirements regarding the final order on a permit application.

Rule 4.009. Rehearing.

Provides procedural matters relating to rehearings on permit applications.

Rule 4.010. Persons Authorized to Drill.

Requires all persons drilling water wells within the District to be in good standing with the Texas Water Wells Drillers Board with certain exceptions.

Rule 4.011. Requirement of Driller's Log, Casing and Pump Data

Requires a provision of certain information in connection with the drilling of wells.

Rule 4.012. Location of Well.

Contains requirements governing the location of a well.

BE A GOOD NEIGHBOR

Volunteer.

Public Notice

NOTICE TO BIDDERS

Notice is hereby given that the City of Sonora is now calling for bids for repairing and construction of fences located at Municipal Airport and at City Well No. 5. Specifications may be obtained from the City Office, 201 N. E. Main, Sonora, Texas 76950. A contractors meeting will be held at the Airport on Friday, May 8, 1992 at 9:00 a. m. All bids must be sealed and addressed to the City Secretary's Office by Tuesday, May 19, 1992 at 9:00 a. m. at which time the bids will be publicly opened and read. The City of Sonora reserves the right to reject any and all bids.

Inquiries should be directed to Jim Garrett, Public Works Coordinator, 210 N. E. Main, Sonora, Texas 76950, telephone no. (915) 387-2558. (5/7)

Public Notice

ORDINANCE DISANNEXTING SPARSELY POPULATED AREA IN MUNICIPALITY

AN ORDINANCE DISANNEXTING THE HEREINAFTER DESCRIBED AREA IN THE CITY OF SONORA, SUTTON COUNTY, TEXAS, THAT CONSISTS OF AT LEAST TEN (10) ACRES CONTIGUOUS TO THE MUNICIPALITY AND IS UNINHABITED.

WHEREAS, a petition for disannexation has been duly signed and acknowledged by each and every person or corporation having an interest in the following described area, to wit:

Being 150.22 acres, more or less comprised of that certain 135.240 acre and 14.92 acre tract out of and a part of survey 86, Block B, HE & WT Ry Co., Sutton County, Texas which is described by metes and bounds in Exhibit "A" and attached hereto and

made a part hereof; SAVE AND EXCEPT that certain 1.29 acre tract and 0.17 acre tract more particularly described by metes and bounds in Exhibit "B" attached hereto. and

WHEREAS, said tract of land consists of at least ten (10) acres and is uninhabited, and

WHEREAS, said petition was presented to the City Council on the 17 day of September, 1991, and

WHEREAS, after hearing such petition and proposed restrictions by the landowner, and the arguments for and against the same the City Council has voted to grant such petition and to disannex said area from the City of Sonora, Texas.

NOW, THEREFORE, be it ordained by the City Council of the City of Sonora, Texas:

That the following described property, to wit:

Being 150.22 acres, more or less comprised of that certain 135.240 acre and 14.92 acre tract out of and a part of survey 86, Block B, HE & WT Ry Co., Sutton County, Texas which is described by metes and bounds in Exhibit "A" and attached hereto and made a part hereof; SAVE AND EXCEPT that certain 1.29 acre tract and 0.17 acre tract more particularly described by metes and bounds in Exhibit "B" attached hereto

and the same is hereby annexed from the City of Sonora, Sutton County, Texas, with the restrictions as set forth in Exhibit "C" and the same shall hereinafter be withdrawn from the territorial limits of said city.

The City Clerk is hereby directed to file with the County Clerk of Sutton County clerk of Sutton County, Texas a certified copy of this ordinance.

PASSED by an affirmative vote of all members of the City Council, this the 21 day of April, 1992.

City of Sonora
Billy C. Gosney

Rule 4.013. Minimum Spacing of Wells.
 Provides standards for spacing of water wells subject to permitting requirements of the District.
 Rule 4.014. Exception to Spacing Rule.
 Provides for the substantive and procedural requirements necessary to grant exceptions to the spacing rules of the District.
 Rule 4.015. Minimum Standards of Well Completion.
 Provides minimum substantive criteria applicable to completion of water wells in the District.
 Rule 4.016. Reworking or Replacing Existing Wells.
 Provides procedural and substantive regulations regarding the reworking, redrilling or reequipping of a well.
 Rule 4.017. Re Completions.
 Provides certain duties upon a landowner in connection with the commingling of undesirable water and fresh water or the unwanted loss of water from any well in the District.
 Rule 4.018. Well Validation.
 Provides substantive and procedural requirements for permitting non-exempt wells which are currently in existence within the District.
 Rule 4.109. Plugging of Deteriorated or Abandoned Wells.
 Requires a landowner to plug or have plugged deteriorated or abandoned wells on his or her property and contains certain requirements in connection therewith.
 Rule 4.020. Capping of Well.
 Requires every owner or operator of any open or uncovered well to close or cap the well and contains certain requirements in connection therewith. Provides that the District may require a well to be capped or may cap the well itself and place a lien upon the owner's land for the expenses incurred therewith, not to exceed \$100.00 for any single closing.
 Rule 4.021. Recharge Facilities.
 Requires a permit for any person to construct recharge facilities designed to recharge or inject water into underground water reservoirs in the District and contains procedural and substantive requirements in connection therewith.
 Rule 4.022. Storage of Water.
 Requires a permit from the District to construct or operate an underground water storage and recovery project within the District and contains procedural and substantive requirements in connection therewith.
 Rule 4.023. Disposal and Storage of Toxic Waste.
 Prohibits the temporary or permanent disposal, discharge or storage of radioactive wastes; toxic substances; hazardous substances; polychlorinated biphenyls; oil, gas and mineral production and refinement waste; and soil, fluids or other materials or substances contaminated with any of the above, except upon issuance of a permit by the District. Contains substantive and procedural requirements in connection with obtaining a permit and certain exceptions and exclusions to the rule.
 Rule 4.024. Transfer of Ownership of Permit.
 Provides that transfers of ownership must be registered with the District or the permit may be revoked.
 Rule 4.025. No Vested Rights.
 Provides that all permits are subject to future requirements of law and future actions of the District.

Chapter 5. Violations and Enforcement

Rule 5.001. Power to Enter and to Inspect and Test Wells.
 Authorizes District personnel to enter upon lands on which a well may be located within the boundaries of the District to inspect and test such well and make other reasonable and necessary inspections and tests as required or necessary. Provides that the District may enjoin the operation of any well immediately upon refusal to allow the gathering of information required.
 Rule 5.002. Enforcement Provisions.
 Provides that the District's rules may be enforced by injunction, mandatory injunctions, or other appropriate remedies in courts of competent jurisdiction.
Chapter 6. Additional Requirements to Rules
 Rule 6.001. Additional Requirements.
 Provides that the Board may in its discretion require conservation plans, management plans or other matters in connection with the discharge of any of its duties.
Chapter 7. General Provisions and Savings Clause
 Rule 7.001. General Provisions.
 Contains general provisions applicable to all matters provided for or governed by the rules.
