Edmund Hitchcock Marries San Antonio Girl Saturday

Coming as a surprise to the young couple's Midland friends was the marriage in San Antonio Saturday of Edmund S. Hitchcock, son of Mr. and Mrs. E. C. Hitchcock of this place, and Miss Marjorie Rickard, daughter of Mr. and Mrs. R. T. Rickard of San Antonio. The ceremony was read at 11 o'clock Saturday morning at the home of the Reverend Fitzgerald, Church of Christ minister, who officiated at the ring service. Attended by the bride's brother, R. T. Rickard Jr., and his wife as best man and maid of honor, the couple recited their vows in the presence of a few friends. Mrs. Hitchcock's wedding costume was a navy blue jacket dress with salmon blouse. Her accessories were blue. Clifton Lane of Vernon and Judge and Mrs. Lewis were wedding guests. Following the wedding luncheon, Mr. and Mrs. Hitchcock left San Antonio for Dallas by automobile. They returned to Midland Monday. The bride graduated this year from Thomas Jefferson high school in San Antonio, winning a scholarship to Our Lady of the Lake college. She is a talented musician, having played the violin in her school orchestra and the trombone in the school band, as well as the trumpet and the piano. She has a circle of acquaintances in Midland, having spent two months here the past summer. Mr. Hitchcock is a graduate of the Vernon high school. He studied petroleum engineering and geology at the University of Oklahoma for

Mrs. Alma Thomas Makes Travel Talk At P. T. A. Meeting

Junior High Parent-Teachers' Association opened its year's work Tuesday afternoon with a program at the Junior High building. Mrs. Glenn Brunson, president, was in charge of the meeting. Mrs. Alma Thomas, North Ward principal, spoke on her trip to the Orient last summer. As a special musical number, Mrs. Tom Sealy played a violin solo, "The Blue Danube," accompanied by Mrs. John Hill. A short parliamentary drill led by a faculty member and a business session were other features of the program.

AT SUNSET The timbered blue across the west, With shadows hung in the hazy crest, Is always there, a misty way, With softest folds of blue and gray. A score of miles from me there lies This border strip of old surprise, With shadowed beauty like a dream Of misty, timbered sunset gleam. And often when I go my way With homely task at close of day, I wonder what will sunset hold When I shall go beyond the misty fold. Will the trial hours which I have won Be calling when my work is done, And shadows clear the hazy crest? When I shall go beyond the west? —Annie C. Shipley, Prosper.

ATAVISM My Grand sire sailed the bounding Main Through wind and wave and drenching rain— While thunders rolled and lightening cracked He crossed with joy the ways untraced. My Father was a quiet man, For whom adventure only ran To songs of birds in quiet nooks And childhood friends and tattered brooks. ... Now—I am, Their female child, With quiet ways But wishes wild. —Robert Neblett Molloy, Corsicana

Beta Sigma Phi Has Model Meeting Tuesday Evening

Business discussion and a program period occupied Beta Sigma Phi sorority members at a model meeting in the private dining room of the Hotel Scharbauer Tuesday evening. Miss Norene Kirby, president, opened the meeting with a business session during which plans for the dance recital by Miss Hazel Sturgis at the Country Club Thursday night under auspices of the sorority were further discussed. Miss Kirby then described "The Purpose of Beta Sigma Phi Sorority" and turned the meeting over to Miss Mary V. Miller who presided during the program as master of ceremonies. Miss Lucille McMullan spoke on "History and Traditions of the Sorority" and Miss Margaret Blyens gave the sorority calendar for the year. Mrs. Foy Proctor presented two vocal selections accompanied by Mrs. Holt Jowell. The general topic for the program, "The Conduct of Friendship," was studied in three divisions. Mrs. Frances Stallworth talked on "Interpretation of Friendship;" Mrs. R. Steele Johnston discussed "What Does Thoreau Say about Friendship?"; and Mrs. Alma Thomas told of "Famous Friendships in History." After a round table discussion, Miss Miller turned the meeting back to Miss Kirby and at adjournment, the group went to the home of Mrs. Proctor for a social hour. A party plate, following the sorority colors of gold and black, was served to the following: Guests, Miss Geraldine Dabney, Miss Leta Legg, Miss Joyce Holiman, Mrs. Thelma Brown of California, Misses Agatha Bruner and Ruth Pratt, Mmes. Tom Potter and Holt Jowell; members, Misses Kirby, Blyens, McMullan, Miller, Maedelee Roberts, Mmes. Thomas, Johnston, Stallworth, and the hostess. and Barron, telephone committee. Mrs. A. O. Thomas, who is moving to Amarillo, will have her membership transferred to a Delphian chapter there. Present at yesterday's meeting were: Mmes. S. A. Debnam, Barron, Dunagan, Adams, S. H. Hudkins, Haley, C. M. Epps, E. P. Lamar, Ed Whitaker, Turpin, Sim-

Hot Pudding Will Warm Man's Heart

Stewed Chocolate Is Favorite Kind Br. Mrs. Gaynor Maddox, NEA Service Staff Writer. WHAT American beauty roses are to a woman, a hot chocolate pudding is to a man. If your husband seems a little too interested in his business, or begins to read the newspaper at the table, try this restorer of attention. Steamed Chocolate Pudding With Soft Cooked Custard. (10 servings) Two squares chocolate (2 ounces) 1 egg, 1 cup sugar, 1 cup milk, 1 teaspoon vanilla, 2 cups cake flour, 3 tablespoons baking powder, 1/4 teaspoon salt. Melt chocolate over hot water. Beat egg, add sugar, vanilla and melted chocolate. Mix thoroughly. Sift flour once, then measure. Add baking powder and salt, then sift together into the egg mixture. Combine thoroughly. Generously butter a 1 1/2 quart mold and pour chocolate pudding into it. Cover and steam in steamer until a toothpick inserted into center of pudding comes out without any dough sticking to it. If the mold is fairly shallow, steam about one hour; if deep, steam about 1 3/4 hours. You can serve this with plain or whipped cream, but best of all a soft cooked custard. Soft Cooked Custard. (About 1 quart) Three cups milk, 4 eggs, 6 tablespoons sugar, 1/4 teaspoon salt, 1 teaspoon vanilla. Scald milk in top of one of the new heat resistant double boilers. Use a one-quart size. In another dish, beat eggs and sugar together,

Women may like American Beauty roses, but a hot steamed chocolate pudding with a smooth custard sauce will make a far bigger hit with men.

slightly. Return this mixture to double boiler and cook over hot water. Keep the water in bottom part of the double boiler at a simmering temperature, just below boiling. As you can see through the heat resistant glass, this watching is easy. Stir the mixture occasionally until the mixture coats the spoon. This will take 7 minutes or longer. Add salt and vanilla. Pour at once into serving dish to cool. This type of soft cooked custard is an ideal maker of desserts. A slice of stale sponge cake moistened with a little sherry, then covered with half a can of peach just begs for a covering of custard. Crushed macaroons in a deep dish a few dots of tart jelly and some custard—well, you can imagine. Served plain, in tall glasses and garnished with candied fruit and whipped cream, it is a fine dessert. Thursday Sewing club will meet with Mrs. C. E. Strawn, 605 W. Indiana Thursday afternoon at 3:30 o'clock. The Lucky Thirteen club party scheduled for Thursday night at the home of Mrs. S. P. Opponents Believe Black Will Retain Supreme Court Seat

WASHINGTON, Oct. 6 (AP)—Many opponents of Justice Hugo L. Black here agreed Tuesday there is slight chance of removing the former klansman from the supreme court, but they clung nevertheless to three admittedly forlorn hopes.
The first was that the court itself might hold Black ineligible under the outer action brought Monday by Albert Levitt, former federal judge in the Virgin Islands.
The second was impeachment.
And the third lay in the invocation of the little-used legal device known as an extraordinary writ of quo warranto.
The general expectation in the capital was that the court would dismiss the Levitt proceedings without comment when it meets again Monday, together with a similar action brought by Patrick Henry Kelly, a Boston attorney.
Washingtonians generally saw little prospect of impeachment proceedings. They doubtless will be attempted, however, when the house reconvenes.
Levitt has said if the court turns him down on his motion that Black be required to show cause why he should be permitted to serve on the court, he has a second course of action in mind. This may be a quo warranto proceeding.
The phrase means by what right? It is a process provided by law for preventing an individual from occupying or attempting to occupy a public office illegally. Only an interested party may resort to it, and it has been established interested parties include only officers or agencies of the government.
However, a private citizen may request formally that the attorney general institute such proceedings. If the latter were to refuse, the citizen then could apply to courts for a writ of mandamus compelling him to take such action.

made public Tuesday, bore a brief message from President Roosevelt to every worker.
The message said: "If you are unemployed or partly unemployed and are able to work and are seeking work, please fill out this report card right away and mail it before mid-night, Saturday, Nov. 20, 1937. No postage stamp is needed."
"The Congress directed me to take this census. It is important to the unemployed and to everyone in this land that the census be complete, honest and accurate. If you give me the facts I shall try to use them for the benefit of all who need and want work and do not now have it."

WASHINGTON, Oct. 6 (AP)—Uncle Sam is going to give tourists and tramps, as well as stay-at-homes, an opportunity to register in his forth-coming unemployment census.
John D. Biggers, census administrator, said Tuesday postmen would try hard to reach everybody with the registration blanks to be distributed Nov. 16 and 17 and mailed back to local postoffices by midnight Nov. 21.
"They will visit every trailer camp, for instance," Biggers said, "and leave registration forms in every trailer. They will go to shacks along the rivers and the railroads, where transients gather."

Cavalry Openings Listed at Ft. Bliss

At Fort Bliss, Texas (six miles from El Paso), there are two regiments of horse cavalry; the 7th and 8th Cavalry.
The cavalry is still a very important arm of the military service, an indispensable element in rapid reconnaissance and sudden attack over uneven terrain where the issue depends upon speed.
The cavalry is still marked by its old-time dash and spirit of adventure, for, somehow, association with the horse lends a man an air, awakens a gleam in the eye and quickens the step of even a dullard.
Like other branches of the service the Cavalry affords its enlisted men an opportunity to learn a trade which will enable them to qualify for better paying grades in the Army or secure more lucrative employment should they at some time return to civilian life.
The specialists required by the Cavalry include the following: cooks, horseshoers, motor mechanics, radio

Deserving noncommissioned officers, who show special aptitude, are selected annually from all regiments to be sent to the Cavalry School at Fort Riley, Kansas, where they are given a special course in tactics and horsemanship.
Opportunity for advancement in the Cavalry is particularly good. Of the total number of enlisted men in this arm, statistics show, more than fifty per cent hold grades or ratings above that of private.

Shortage of Grain Fed Cattle In The Slaughter Supply Brings Price Advance

COLLEGE STATION.—"Prices of the better grades of slaughtered cattle advanced sharply in August, and in recent weeks have reached the highest level in many years," says W. E. Morgan, Extension economist in agricultural planning.
"This advance is attributed largely to the marked shortage of grain-fed cattle in the slaughter supply. Prices of the lower grades of slaughter cattle decline in August, but strengthened slightly in early September.
"It is expected that prices of well-finished cattle will be maintained at a relatively high level until increased supplies of grain-fed cattle becomes available next winter and spring, when it is probable that prices of such cattle will decline. Slaughter supplies of grain-fed cattle are now much smaller than they were a year ago, but an increase in cattle feeding is expected to

3 Cash Scholarships Aid Tech Students

LUBBOCK, Tex., Oct. 6.—Three annual cash scholarships amounting to \$200 for journalism students of Texas Technological College, offered for the current school year, are announced by Cecil Horne, head of the Journalism department. Awards will be made for high scholastic rating and for excellence in reporting.
The Mrs. J. T. Hutchinson Journalism Scholarship, given by Mrs. J. T. Hutchinson of Lubbock, is a \$100 cash award to the journalism student or sophomore or junior standing who makes the highest scholastic average during the year. The money will be available for college expenses in Tech the ensuing school year. Mrs. Hutchinson received her B. A. degree in history from Texas Technological College in 1934.
Through the interest of Chas. A. Guy and Parker F. Prouty, publisher and manager of the Avalanche-Journal of Lubbock, The Avalanche-Journal Journalism Scholarship of \$50 is offered annually. The award will be made for the best work in reporting during the fall semester. Tech journalism students get part of their training as reporters by working on the Avalanche-Journal.
In memory of the late Wilbur C. Hawk of Amarillo, prominent in business and civic affairs in Amarillo and West Texas, and associate with the News-Globe Publishing Company, Gene Howe, the "Tactless Texan," and publisher of the News-Globe, is offering an annual scholarship to be known as the Wilbur C. Hawk Memorial Scholarship. The award, amounting to \$50, will go to the journalism student who does the best work in reporting during the spring semester.

Mississippi State Real Passing Team McQuillan Reports

COLLEGE STATION, Texas, Oct. 6.—Fancy passing Southwest Conference football teams have nothing on Southeastern Conference entries when it comes to aerial fireworks, take it from Hub McQuillan, freshman coach for the Texas Aggies.
McQuillan scouted the Mississippi State Bulldogs in their 38 to 0 victory over Howard the past Saturday, hoping to pick up a few pointers to help his Aggies in their title with Col. Ralph Sasse's crew Saturday at Tyler.
"Why those guys don't even know when it's raining," McQuillan gasped. "Here it was raining so hard the print smeared on my program in the covered press box and I got cozy just from watching those boys slosh around in the mud. Yet those Mississippi State boys threw 21 passes and completed 12 of them for 102 yards. They were way ahead at that, and there's no telling how many they would have thrown if the field had been dry and the game close."
The hard charging, expertly drilled Bulldogs have a bagful of trick passes to fire off their single wing formation. "And they're on their toes on this pass defense proposition too," McQuillan said. They

showed me a thing or two about it, and we're going to have the devil of a time shaking our receivers loose."

Loan Provisions On Cotton Changed By The Government

AMARILLO, Oct. 5. (AP)—Rep. Marvin Jones of Amarillo, chairman of the house committee on agriculture, announced Monday that provisions for government loans on cotton had been changed to include all cotton tenderable as to grade and staple.
The loans on the lower grades of cotton will be slightly below the 9 cents a pound allowed for the higher grades.
Loans, Jones said, would be as follows:
Seven cents on cotton shorter than 7-8 inch staple, strict low middling or equivalent in grade.
Six cents on cotton shorter than 7-8 inch, low middling or equivalent grade.
Eight and one-half cents on 7-8 staple, strict low middling or equivalent in grade.
The change was made primarily in the interest of West Texas and panhandle cotton growers, Jones said. A large percentage of the cotton in those sections did not meet requirements under the original provisions. Under the new rules practically all cotton in Texas will be eligible for the loans, Jones said.
