

## Cheating Death in the Mountains

Painfully threading their way downward through jagged rock chimneys like the one seen above, rescuers are shown as they brought Roger Carney to safety from the 10,000-foot top of Mt. Olympus near Salt Lake City, Utah. Carney had fallen into a 15-foot ravine and lay 18 hours with a compound fracture of the lower leg before rescuers found him. Then they rigged the cradle-like stretcher shown above and laboriously carried Carney downward, sharing in shifts the back-breaking and nerve-trying race against time and imminent danger of infection.

## Magnolia Stakes Important Test West of Denver Pool in Yoakum

By FRANK GARDNER.

Location for an important test on the west side of the Denver area in Yoakum has been staked by Magnolia Petroleum Company at its No. 1 J. H. Lynn, 1,980 feet from the north, 660 from the east line of section 770, block D, J. H. Gibson survey. It is a mile and three-quarters northwest of Gulf No. 1, J. C. Futch, which recently spread the Denver pool a mile west, and about the same distance northeast of Texas No. 1 Walker, lone discovery producer. The Lynn lease, which would have expired August 3, is the north half of section 770.

Shell No. 3 Mrs. Dora Roberts, west outpost to the two-well Roberts area in Yoakum, is drilling below 4,261 feet in anhydrite and gypsum. R. H. Gill No. 1 Gulf-S. J. Dixon, two and a half miles northwest of the Bennett pool of southeastern Yoakum, cemented 7-inch casing at 4,985 feet with 260 sacks. Rotary is now being torn out preparatory to rigging by standard tools. Total depth of the test is 5,000 feet in line topped at 4,750. It is in section 611, block D, J. H. Gibson survey.

Riddle-Warr Coring. Riddle & Warr No. 1 J. B. Brown, northeastern Gaines wildcat southeast of Seagraves, this morning was preparing to take a core at 5,465 feet. It had drilled with rock-bit to that point from 5,402, where last core was taken. Formation was reported to have drilled soft from 5,450-60, but no oil stains were evident in samples. Operators decided to pull another core to ascertain whether the soft formation might be due to porosity.

J. T. Perryman, Jr. No. 1 C. H. Doak, west of Cedar Lake in northeastern Gaines, plugged back to 5,050 from 5,128 with 25 sacks of cement, and is now standing. It will be acidized in zones around 5,000 feet which showed a little oil. The well had been making three barrels of sulphur water hourly at total depth, water having increased gradually from 5,000.

Skelly No. 1 Ellwood, in southeast Hockley, is drilling with cable tools below 4,426 feet in lime. In the southwest part of the county, Gulf No. 2 Mallett had reached 3-

020 feet in anhydrite and red rock. Richardson No. 3 Slaughter is drilling at 4,033 in anhydrite and shale. Tops Line at 3,075.

Magnolia No. 1-15 University, eastern Crane wildcat, topped line at 3,075 feet, three feet low to the same company's recent discovery on University land between the Weddell and the Church & Fields pools. No. 1-15 University is a mile and a quarter southeast of the discovery. It is drilling ahead below 3,113 feet in lime.

Seeking Ordovician production in western Crane, Gulf No. 4 McKnight is coring at 5,080 feet in lime. Top of Simpson, middle Ordovician, is expected shortly.

Otto E. Schkade No. 1 Boogher, in the Payton pool near the Pecos river in northern Pecos county, flowed 21 barrels of oil on 24-hour test, with gas-oil ratio of 1,500-1, after shooting with 155 quarts at 2,108. It topped pay at 1,330. In the Imperial area of northern Pecos, Magnolia No. 1-A McKee pumped in water to kill gas, thereby facilitating fishing for lost sand-pump and bailer. It bridged after shot with 210 quarts from 5,265 to 5,300. It had been plugged back to the latter point from 5,267 to shut off sulphur water encountered in the Ellenburger, lower Ordovician. Nitro shot was set off in section of Simpson sand from which the well headed oil and gas last winter. Big Harper Pair.

A brace of large producers was completed today in the prolific Harp-er pool of Ector. Larger was Blackstock Oil Company No. 2 Praser, which gauged 24-hour flow of 3-524.95 barrels after shooting with 340 quarts. Gas-oil ratio was 400-1. The big well, second largest in the pool, topped pay at 4,042 and is bottomed at 4,170.

Wentz No. 4 Paul Moss flowed 2,457.64 barrels a day with gas-oil ratio of 960-1 following treatment with 4,000 gallons of acid at 4,177 feet. Pay was entered at 4,018.

In the Goldsmith pool, northwest Ector, Landreth No. 6-L Scharbauer rated daily potential of 762 barrels, bottomed at 4,195 feet, after acidizing with 2,700 gallons. Gas-oil ratio figured 963-1.

## Good Weather for Pick-a-Back Flight Across Atlantic

FOYNES, Ireland, July 20 (AP)—Good weather favored the attempt of Britain's pick-a-back plane to span the Atlantic today. The start was scheduled for early this afternoon.

The swift seaplane, Mercury, will be carried a thousand feet in the air atop the mother ship, Maia, before launching.

The Maia will return to the base, while the Mercury will make a dash for Montreal, Canada.

The Mercury's pilot is Donald Bennett, 28.

## Senator Slays Self After Indictment in New York City

NEW YORK, July 20 (AP)—State Senator Julius S. Berg, Bronx democrat, shot and killed himself today a short time before District Attorney Thomas E. Dewey's office announced Berg had been indicted on charges of receiving money to aid in procuring liquor licenses and arranging concessions for the world fair next year.

### TO WISCONSIN

Mrs. Ben Rogers and Mrs. W. M. Smith left early this morning for a two-weeks' vacation trip to Wisconsin.

## Ex-TVA Head Raps Former Conferees

Morgan Declares Other 2 Members Decided on Rates

KNOXVILLE, Tenn., July 20, (AP)—"Testimony of intrigue, 'secret meetings,' and undercover manipulations for personal power in the Tennessee Valley Authority was laid Tuesday by a congressional committee Tuesday by Dr. Arthur E. Morgan, deposed TVA chairman.

The Ohio educator-engineer charged his former associates TVA directors Harcourt A. Morgan and David E. Lilienthal, determined that authority's "yardstick" power program without his counsel or knowledge.

They ignored his suggestions and adopted administrative policies in "secret meetings," he declared.

The charges "millions of dollars were wasted" in construction of power transmission lines.

The board and the Aluminum Company of America, he said made a 20-year contract which placed the TVA "at the mercy of the company."

Enlarging on his testimony yesterday that the split in the directorate came less than a month after Congress created the TVA in May, 1933, Dr. Morgan charged he was soon shoved into the background, but that he tried to patch up the differences.

In his subsequent "rebellion," Dr. Morgan leveled charge against his co-directors which he refused to substantiate at a hearing before President Roosevelt. The Chief Executive ousted him for resistance to authority.

Four months after the TVA was created, Morgan said, Lilienthal announced the authority's "yardstick" for power rates.

"I learned about them from the newspapers," the witness said.

He said Lilienthal explained they were fixed by a group of power experts, and promised to report to the board how the figures were decided upon.

"He never made any such report to the board," Dr. Morgan charged. Lilienthal told him, he said, that fixing of rates was "a detail that did not come under the board's province."

"You mean to say that as chairman of the board you didn't know how the rates were arrived at and didn't object to them?" asked Senator Lynn Fraser (R-N.D.).

"I asked Mr. Lilienthal how he arrived at these rates," was the reply. "He promised to make a report to the board. A few months later he reported that Tupelo (Miss.) was making money on the rates. He said they were too high."

The National Labor Relations Board has agreed to hear arguments on the appeal of Clyde A. Armstrong, top, chief counsel for the Weirton Steel Company, from the ruling of Edward Grandison Smith, bottom, trial examiner, barring Armstrong from further participation in the board's "unfair labor practices" case against the company.

Smith, chairman of the board of governors of West Virginia University, said that Armstrong was guilty of "defiant, contemptuous and contumacious conduct." The hearing was transferred from Steubenville, O., to Pittsburgh after Steubenville citizens made a mass protest against the barring of Armstrong.

HARRISBURG, July 20 (AP)—Pennsylvania's democratic governor Early today counted upon a democratic-controlled legislature to halt "usurpation" of power by the judiciary.

He said he would issue a formal call tomorrow for a special session of the legislature Monday to investigate a charge of defrauding the commonwealth hurled at him and 13 associates.

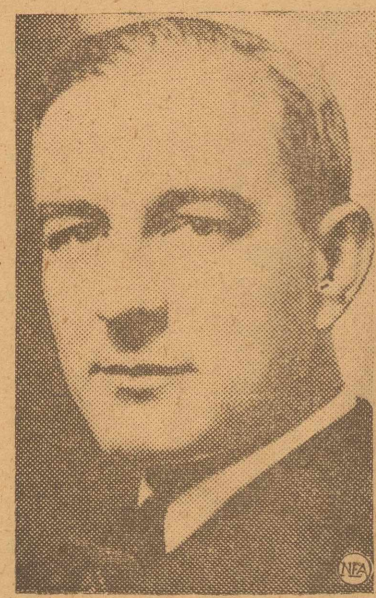

DR. and Mrs. K. F. Campbell are the parents of a son born in a Midland hospital Tuesday morning. The baby weighed 7 pounds, 12 ounces.

John Franklin is the name chosen for the boy by his parents.

### NRLB Foes

The National Labor Relations Board has agreed to hear arguments on the appeal of Clyde A. Armstrong, top, chief counsel for the Weirton Steel Company, from the ruling of Edward Grandison Smith, bottom, trial examiner, barring Armstrong from further participation in the board's "unfair labor practices" case against the company.

## Sudetens Declare Minority Problem Not Yet Settled

PRAGA, July 20, (AP)—The Sudeten German party sharply checked a growing feeling of optimism surrounding negotiations to reorganize the Czechoslovak government by anouncing Tuesday there has been no "understanding" with the government.

Officials of the party, representing most of Czechoslovakia's 3,500,000 Germanic minority, issued a statement saying "negotiations have not even begun," and protesting it was far too early to call Parliament for consideration of the minorities problem.

At the same time the party issued a plan setting forth its conception of what the reorganized Czechoslovak government should be to satisfy various minorities.

She Sudetens protested that up until now they have not even had an opportunity to talk to the government about their plan, although details first were given to President Eduard Benes and the cabinet June 7.

The Sudetens protested that up applied several official intimations that Benes and the cabinet ministers were getting along excellently in reconciling divergent Czechoslovak and German views.

## It Was All in Fun--Maybe--But Lions Nominate a Couple for Tail Twister

The "big day" of the year occurred at the Lions Club luncheon today. The reason: It was the day for nomination of the club Tail Twister--the dictator of all club activities.

If the club had had a theme song it wouldn't have been "When Good Fellows Get Together." Charges and counter charges flew thick and fast during the 45 minute period allotted for the placing of names before the group. At it was only two names were entered. Balloting will be done next week but it is a cinch that it won't be any hotter than the nominating.

T. D. (Duke) Kimbrough, retiring tail twister, started it all when he said that he appreciated the fact he had been allowed to serve as tail twister and that there was no doubt but what he had handled the office better than had even been handled before. He avowed openly

## President Hyde Has Corrigan as His Guest Today

By Associated Press

Ireland's new president, Douglas Hyde, honored Douglas G. Corrigan today, receiving him at the presidential palace in Dublin.

Dressed in new clothes, the flier discussed his amazing flight from New York to Dublin. He announced that he would return home soon "before he wears out a marvelous welcome."

The Washington maritime commission plans to bring Corrigan and his ship back free on its own steamship, J. Monroe Johnson, acting secretary of commerce, revealed today.

## Goodman's Record Endorsed by Demo Official in Austin

The State Observer, the newspaper dealing with Texas governmental affairs, published in Austin by Vann M. Kennedy, secretary of the democratic party in Texas, this week printed a lengthy article about James H. Goodman, Midland attorney, who is candidate for state representative of the 88th district.

The article stated, in part: "There has long been the complaint that men of highly developed abilities and ripe experience do not offer themselves as candidates for the legislature."

"Some of the leading citizens of Texas' largest representative district, the 88th, decided to draft a man to fill these specifications. Their attention turned to James H. Goodman, a prominent Midland attorney. Goodman was pushed into the race for representative in the thirteen-county district.

"Few candidates for the legislature have ever been able to offer such an impressive background of experience as Goodman has."

## Huntsville Pastor Accepts Call to Baptist Church Here

Rev. H. D. Bruce, pastor of the First Baptist church of Huntsville, Tex., has accepted a call to be pastor of the Baptist church here, officials here were informed.

Early today counted upon a democratic-controlled legislature to halt "usurpation" of power by the judiciary.

He said he would issue a formal call tomorrow for a special session of the legislature Monday to investigate a charge of defrauding the commonwealth hurled at him and 13 associates.

## Son Is Born to K. F. Campbells

DR. and Mrs. K. F. Campbell are the parents of a son born in a Midland hospital Tuesday morning. The baby weighed 7 pounds, 12 ounces.

John Franklin is the name chosen for the boy by his parents.

## Disastrous Flood Strikes in China

SHANGHAI, Chian, July 20 (AP)—Chinese dispatches reported today that 2,000 persons were killed and injured in floods following heavy rains in the southeastern part of Kweichow province.

Thousands of homes were destroyed.

## Strikers Riot, 6 Seriously Injured

NEWTON, Iowa, July 20 (AP)—At least six persons were injured seriously and between 20 and 50 others knocked down and beaten in street fights this morning in the vicinity of the Maytag washing machine factory. Participants were labor foes.

National guards and an armored car were brought here today to establish martial law and finally drove the crowd away from the plant.

The factory, open for two days, was again closed.

## Gets Thousand--and One--Smackers

Paul Runyan, of White Plains, N. Y., holds the \$1,000 check which he won with the championship title of the Professional Golfers Association, at Shawnee-on-Delaware, Pa., while claiming a kiss from his wife, Joan, as an added reward for his skill. Despite the long drives of his opponent, Sam Snead of White Sulphur Springs, W. Va., Runyan's 8 and 7 victory was the most decisive in the twenty-one year history of the competition. It was a repeat performance since he also won in 1934.

## Japan Sends Second Protest to Russia Over New Incident

TOKYO, July 20 (AP)—Japan sent a new protest to Soviet Russia Tuesday in mounting tension over a Manchukuo border incident.

At the same time, Japan permitted her Manchukuo protectorate to demand directly of Russian border forces that they withdraw from territory Manchukuo declares they invaded July 11.

The new Japanese protest—second since the incident occurred—was decided upon at a meeting of Lieut. Gen. Seishiro Itagaki, Japanese War Minister, and Gen. Kazushige Ugaki, Foreign Minister.

The Foreign Office directed Mamoru Shigemitsu, Ambassador to Moscow, to carry the protest direct to Maxim Litvinoff, Soviet Foreign Commissar. Russia has contended the troops were on territory belonging to Russia, hence there was no invasion.

Domei, Japanese news agency reported in a dispatch from Hsinking that Manchukuo had told the Russian commander of the troops in question that if they were not withdrawn immediately Manchukuo would take necessary steps with firm determination.

In Tokyo handbills demanding war were distributed and twenty-five Japanese demonstrated before the Soviet Embassy, yelling: "Get out of Manchukuo or we will throw you out."

Domei and Japanese newspapers reported intense activity among Soviet troops. The newspaper Yomirui said the greatest massing of troops in months had been noted.

Domei reported that a Soviet air squadron reconnoitered the area where the incident occurred, near Changkung, close to the junction of the boundaries of Manchukuo, Russian Siberia and Japanese Korea. The planes then flew into Manchukuo territory and disappeared, Do mei said.

Planes, armored cars and motorized equipment were choking the Trans-Siberian Railway. Tokyo newspapers declared. Their editorial columns were virtually monopolized by comment on the incident.

"Japan's military operations in China have been conducted only with the surplus of the armed force" the newspaper Hoshi said.

"If this (Soviet) outrage has been committed under a misunderstanding as to Japan's strength, Russia shortly will repent the mistake."

## Rotarians to Meet At Mustang Hall Thursday Noon

Rotarians Thursday will hold their luncheon at the old north ward school building, now used for the Boy Scouts hall and Mustang Club "pasture."

The Mustang organization, sponsored by the Rotary club, has a rapidly growing membership of boys, other than scouts, seeking recreational facilities and the pioneering atmosphere of the Mustangs as worked out by Lt. H. H. Kendrick.

The Mustangs will serve the luncheon, joining the Rotarians in the meeting, and a special program has been worked out by the boys work committee of the Rotary club to acquaint the members with details and accomplishments of the project.

The luncheon starts promptly at 12 o'clock, committeemen announced.

## Papana Smashes Up Plane on Eve of Hop to Rumania

NORWALK, Conn. July 20 (AP)—Capt. Alex Papana, famous Rumanian acrobatic flier, smashed his new airplane and his present chances for a transatlantic flight Tuesday, but walked away from the wreckage.

The crash came as his landing wheels struck a stone wall separating two fields at the local airport here. The landing gear was torn off, both propellers smashed and the twin engines wrecked. The plane, however, did not turn over.

Papana had circled the airport several times as he came in to a landing after flying the few miles from Hartford, Conn., where his engines had been checked. Planned Nonstop Flight.

He was on his way back to Floyd Bennett Field, New York, which he left Tuesday morning and from which he had intended to start a nonstop flight to Rumania Friday.

Jack Tweed, manager of the New Haven airport, said Captain Papana took off from the New Haven field at 1:40 p. m. still with the intention of resuming his flight at Hartford. Apparently, however, when again in the air he found conditions unfavorable over the Connecticut Valley and turned back toward Long Island.

Rain that started falling in Midland at 2:30 this afternoon gauged a half-inch after 30 minutes of the fall, and was still pouring down heavily. Streets were rapidly filling with water, flowing streams breaking over the curbs in some places.

## Violation of Sherman Act Is Alleged

Attorney General Says Firms Control Nearly All Movies

NEW YORK, July 20 (AP)—Attorney General Cummings charged eight major film companies, 25 associated concerns and 132 individuals with virtually monopolizing the motion picture industry.

Paramount, Lowe's, Trustee Radio-Keith Orpheum, Warner Brothers, Twentieth Century-Fox, Columbia, Universal and United Artists were the companies named.

Cummings filed a civil suit in the federal district court here asking the firms be required to either cease ownership of theatres or production and distribution.

The complaint charged the companies were controlling about 65 per cent of the nation's moving pictures "from selection of the story to the final showing."

"It constitutes monopolistic power forbidden by the Sherman act," Cummings said. He further declared that if the anti-trust laws are insufficient to "restore competition" the situation would be brought to the attention of congress at the next session.

## Arrangements Made To Hold Election In County Saturday

All arrangements have been completed by election officials to hold the election here Saturday. Election judges have been named and they have enlisted aid necessary to stage the balloting. W. J. Moran is to be in charge of the voting in the court house and Homer Epley will be in charge of the box located in the Masonic Hall building.

Officials today notified all eligible voters of intentions to accept votes at two boxes in the city limits. All persons living north of Wall street will be required to vote at the court house; all living south of Wall street will vote at the Masonic Hall building.

The polls will be opened at eight o'clock Saturday morning and will be closed at seven Saturday afternoon. Counting of the votes will be started immediately after the polls are closed and the first release will be made at eight o'clock and each hour after that from both boxes.

Reports from other precincts will be given out as soon as all votes are counted.

All reports will be announced over a loud-speaker system and posted on a large board in front of The Reporter-Telegram office.

Absentee voting in Midland county reached a new high last night when 320 persons had cast their ballots at the office of the county clerk by midnight—the deadline for appearing in person to vote.

Added to this are 123 ballots sent out on application, 87 of which had been returned by noon today. (Ballots returning by mail must be in the postoffice before midnight.) The total of 443 absentee ballots is approximately 50 per cent higher than that registered in 1934.

## Greece Rocked by Worst Earthquake Of Modern Times

ATHENS, July 20 (AP)—The strongest earthquake felt in this country in modern times scattered death and ruin today in ancient Greece.

A tentative casualty list from fragmentary reports in stricken areas showed 20 killed and at least 100 injured.

The island of Euboea, northeast of Athens, suffered most. At least two villages and nearly every house on the island were shaken down. A succession of tremors kept the population in fear of further serious shocks.

The government rushed relief to the stricken areas. Little damage was done in Athens.

## Political Rally Tomorrow Night

In what has been described as an old fashioned political rally, precinct, county, district and state candidates will have a chance to air their platforms tomorrow night here.

The rally will start promptly at 8:15 on the court house lawn and all candidates or representatives for them will be invited to talk. Loud-speaking equipment has been arranged for, making it possible for the candidates to be heard by all that gather to listen. The number of candidates on hand to talk will decide on the time limit that will be set for each.

## BEHIND THE SCENES IN WASHINGTON

WASHINGTON—The candidates in Oklahoma who tried hardest to out-promise the others were licked. Namely Gomer Smith, for senator, and Alfalfa Bill Murray, for governor.

Mr. Roosevelt's friend, Senator Elmer Thomas, who won Democratic renomination after the President patted him on the back, is no sound cautious conservative himself. Elmer always is wanting to do something more about silver, printing press money and inflation.

In fact, there were those who felt that poor Woody Hockaday, who tried to spring on the President with a prosperity plan based on shining shoes and buying wheat to make bread at a profit, belonged somewhere in a ticket which featured Gomer, Alfalfa Bill, Elmer and an astonishing assortment of Mae Wests, Daniel Boones, Brigham Youngs, Huey Longs, Oliver Cromwells and Patrick Henrys.

**BROADCASTING RECOVERY**

But by all odds the most spectacular recovery proposal from Oklahoma is made by Oscar Ameringer, lovable old Socialist editor of the American Guardian at Oklahoma City. Oscar wasn't running for anything, but it's hard to see why someone didn't pick up his program.

He proposes that the Treasury immediately print \$20,000,000,000 in \$1, \$10 and \$100 bills and broadcast them from airplanes, guaranteeing that:

I. Every mother's son and father's daughter employed and unemployed will drop whatever he or she has on hand and start hunting bills.

II. As fast as the bills are found the stores are emptied.

III. Frantic orders for more goods open factories, creating demand for labor.

IV. No one being willing to work for less money than he hopes to find (remember there may be a \$100 bill in the next yard or cow pasture), employers are compelled to raise wages sky high, adding earned purchasing power to found purchasing power.

V. All farmers out on dollar hunt, 100 per cent crop limitation will send farm prices sky high.

**JOKE OLDER THAN JOKE**

The Rev. Father Francis J. Haas, chairman of the WPA labor policies board, tells this one on himself. There was a family gathering and the priest started kidding. "It's a great day for the race," he said. "What race?" someone asked. "The human race," said Father Haas.

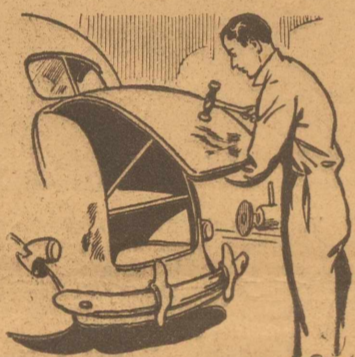

A sister led him gently aside and asked if he remembered the newspaper account of the wedding of his father and mother. She pulled out an old newspaper

## Games Called On Account of Darkness

and showed it to him. On the same page, used as a filler, appeared that joke.

"And the date," confesses Father Haas, "was Sept. 17, 1885."

"IV. Unprecedented sales prices and profits swell Federal Treasury, balance budget and retire bills recovered.

"VII. Exercise in the open air promotes health and longevity."

Oscar admits this may be "goofy," but insists it's no goofier than a system which doesn't let people buy the food and clothing they produce and keeps them from producing more.

**HE'S STILL AGAINST IT**

Senator William H. King of Utah, who has an almost unbroken record of always having been against everything—whether in the Hoover or Roosevelt administration—now finds himself in a rather curious spot.

He is a member of the monopoly investigation committee. He is opposed to monopoly, but he is also opposed to practically any proposal to curb monopoly. First one impulse gets the better of him and then the other.

Thus, recently, Senator King was saying privately that the less change made in laws governing business, the better it would be.

But a day or two later he wrote to Assistant Attorney General

The rain has been falling all around us, so we should get wet down if we will drop all the election ill-feeling. It should rain on the just as well as the unjust before this spell is over.

**Lions Club--**

**CONTINUED FROM PAGE ONE**

could just look at a brother Lion and tell to the penny how much money he had in his pocket—and then take it.

Lion Frank Stubbeman (another lawyer) took the floor after Kimbrough finally quit talking and immediately launched into a bitter attack of the Kimbrough administration, declaring the need of a "new deal." He placed the name of high school football coach "Bud" Taylor before the house for tail twister and declared the need of electing someone other than a tool of Kimbrough. He denounced Kimbrough as another Hitler or Mussolini and solemnly averred it was time for a change if the club members valued their freedom of thought or action. He said that with Taylor in the office members could force him to remit all fines by threatening to vote against the school board members that hire him. That, Stubbeman declared, would be an ideal set-up.

In rebuttal, Kimbrough denied "W. Lee O'Daniel's Stubbeman" had put forward a candidate that could capably fill the office and declared it was a case of the office seeking the man, not the man seeking the office, as far as his candidate was concerned. (Nelson gave that the lie by saying he had been politicking for six months and that he would furnish beer and cigars for members during the next week.) Kimbrough declared Nelson would never give a cent back and that Taylor had never got a "quarter-back."

Stubbeman, with the last say-so, denounced the retiring tail twister as a professional politician and told the members to disregard his efforts to "soft-soap" them. He said that with Taylor on the job maybe enough money could be raised to get a "halfback."

Lion Dr. J. B. Thomas took the floor after Kimbrough and Stubbeman had finally retired and gave the members something to think about when he declared he didn't suspect their veracity or integrity but he thought the club should get a cash register and force whichever one got elected to place the money in it as it was taken in. Taylor wasn't present but Nelson put on a high and mighty attitude and denied the implications of the talk.

It will all be settled next Wednesday. Meanwhile, both candidates will be putting on a campaign (without hill-billy music) that will make that of some state candidates look like a season of resting.

Lion Claude Crane presided over the meeting in the absence of club president and vice-president, Bill

## Personals

Mrs. Mary S. Ray and Mrs. A. E. Coleman have returned from a two weeks' visit at Hollywood, N. M.

Mr. and Mrs. E. Hazen Woods are back from an extended vacation spent at Gainesville, Dallas, Lake Charles and New Orleans, La., and Gulfport, Miss. Their baby, Hazen, Jr., stayed with Mrs. Woods' parents at Gainesville.

Mr. and Mrs. W. M. Edwards and their eight-year-old son, E. N., have moved here from Tyler and are located at the Colonial apartments. Mr. Edwards is connected with the R. F. Ball Construction company.

Mr. and Mrs. H. D. Dickson have returned from Mount Pleasant, Tex., where they attended the celebration of the birthday of his father who is 93 years old.

Mrs. W. C. King is vacationing at Red River, N. M.

Mrs. Willis Blackburn of Crowley, La., is here visiting her parents, Mr. and Mrs. M. W. Whitmore.

Mr. and Mrs. Pearl Blair and daughter, Jo Ann, are spending several weeks in California. Last news received by relatives here said the party was at Long Beach, Calif., and reported an enjoyable time.

Miss Mary Beth Scruggs has returned from Denton where she attended TSCW for a vacation visit with her parents, Mr. and Mrs. R. D. Scruggs.

S. T. Cole who was seriously injured in late spring in a car wreck is sufficiently recovered to be able to be up and do a little work in the yard, Mrs. Cole reported today.

Mr. and Mrs. M. D. Self and son, Gerald, are leaving for Arkansas and Tennessee.

Mrs. Barron Kidd and Mrs. Donald Oliver left today for Cloudford where they will be for several days.

Mr. and Mrs. F. A. Stacy left today for a ten-day vacation in San Antonio.

Mr. and Mrs. W. G. Attaway left today for Colorado for a vacation trip.

W. E. Collier left for Eastland where he will be for about ten days.

Mr. and Mrs. S. P. Hazlip left today for Corpus Christi for their vacation.

Mr. and Mrs. John P. Howe left today for Cloudford where they will spend the next few days, returning probably Sunday or Monday.

Mr. and Mrs. Horace Brazeele have returned from Dallas where he attended a life insurance convention.

### FROM NEW MEXICO

Mr. and Mrs. J. J. Hamlett have returned from an extended vacation trip to Santa Fe and other places of interest in New Mexico and to Pampa, Texas.

### FOR NEW YORK

Mrs. Phil Scharbauer left this morning by train for Albany, New York, for a visit of several weeks. She will probably visit New York City and various places of interest in the New England States with Albany as the chief point of residence.

### GO TO RUIDOSO

W. J. Sparks and his sister, Mrs. C. H. Marchman, left today for Ruidoso where they will be located at Mr. Sparks' summer lodge. Their nephew, Jimmy Harper, also went.

### HERE FROM PECOS

Frank Waddell of Pecos was a business visitor here the first of the week.

### VISITOR FROM IOWA

Miss Bernadene Kenison of Fort Dodge, Iowa, is visiting in Midland. This is her second visit to West Texas, as she was also in Midland last year.

Collins and Ed M. Whittaker, respectively, who are attending the International Lions Convention in Oakland, Calif.

Three guests were present for the meeting. The luncheon was served by ladies of Cotton Flat.

## A Cup That Cheers

Mr. and Mrs. Denny Shute hope to drink from the P. G. A. championship cup for a third straight year. They are shown at Shawnecon-Delaware, Pa., where the Brae Burn professional attempted to defend the title.

## 3,000 Rattlesnakes Die in Bell County

BELTON ((P))—Nearly 3,000 rattlesnake rattles have been brought here since Jan. 1, and 20 cents bounty paid on each, the county clerk's office reports. Otis Adams of Salado, the most recent bounty claimer, collected \$3 on 15 rattles. A growing menace, especially in the brush-covered hill regions, led the Bell County Commissioners to establish the bounty to encourage eradication of the reptiles.

## Watch Lost Eight Years Plowed Up

CLARENDON ((P))—Tom Kennedy, a farmer living near Clarendon, lost his watch in a cotton field in 1930. It was plowed up June 6 and, despite eight years immersion in Panhandle soil, began ticking as soon as it was wound.

### UNDERGOES SURGERY

Mrs. Houston Sikes underwent a major operation at a Lubbock hospital Tuesday. Friends reported this morning that she was resting fairly well.

France is the only European country whose present birthrate shows an improvement on the pre-war figure.

Hear Ernest Thompson, outstanding candidate for Governor, speaking over KRLH Wednesday evening at 6:15. (Adv.)

## ELECT--

**CLYDE E. THOMAS**  
FOR DISTRICT JUDGE

Well qualified, through a sound education, and a long successful experience in court room practice.

Matured and has that firmness, fairness, and sense of justice that will assure righteous judgments.

Tomorrow Mrs. Charles Hendricks of Odessa will speak over KRLH in the interest of the candidacy of Judge Thomas.

Mr. and Mrs. Hendricks lived in Big Spring some ten years ago, just before going to Odessa to make that town their home. She is a mother, a club woman, and active in the church in Odessa, and is well known to Midland.

Judge Thomas is not appealing to his county as a "Home Town Candidate," though he will carry his county, of course, rather heavily, but he contends that where a candidate makes a special appeal to his home county as its local candidate that to some extent he forfeits his right to a fair consideration of those living in the other counties; that the Judgeship is a big job and does not belong to any one county, and a successful candidate should be big enough to ignore county lines, as he will have to serve all counties and all peoples alike. The same fairness exhibited in the campaign will likely be shown in the exercise of the Judgeship.

## FOR THE CONVENIENCE OF OUR DEPOSITORS

We Have Installed a

# NIGHT DEPOSITORY

WE have installed this York Night Depository to enable you to make deposits at any time that is convenient to you. This substantial Depository Chest is actually built into the walls of the building.

## Honor Engaged Couple at Shower Tuesday Evening

Miss Eugenia Lamar and Marion Hays, whose engagement was announced last week, were honored for a miscellaneous shower given by a group of friends with Mrs. H. H. Hays, Mrs. W. M. Campbell, and Miss Dorothy Friday as hostesses at the Hays apartment house, 809 N. Loraine, Tuesday evening.

The group gathered on the porch and when the honorees arrived they were blindfolded and escorted into the house. When the lights were turned on the shower gifts were discovered on display about the room.

Verbenas, zinnias, desert willow, and ivy decorated the entertaining rooms.

A refreshment course was served. Present were: The honorees, Mr. and Mrs. Huck Moseley, Miss Jan Hays, Graydon Hays, Billie Campbell, Buster Kuldelka, Henderson Haynie, Wayne Gregston, Mrs. Hoots Lamar, mother of the bride-elect, H. H. Hays, and the hostesses.

## Midland Hardware Staff Entertained At Cloverdale

Midland Hardware company entertained for employees of the firm with a watermelon feast at Cloverdale Tuesday evening. Melons were cut and the feast started a short time before 8 o'clock, when the rain had slackened.

Present were: Mr. and Mrs. J. L. Tidwell and son, Terry, Mr. and Mrs. Jerry Phillips, Mr. and Mrs. Bonner Lacy, Mr. and Mrs. J. B.

## In Fashion Stripes

For the races, Paquin made these two smart outfits. The printed two-piece dress, left, shows an interesting use of horizontal and vertical stripes. The dress and coat ensemble, right, of foulard in navy and yellow on a white ground, is hemmed in navy and is worn with a yellow felt hat and navy gloves.

## Boone Bible Class Has Picnic at Annex Tuesday

Boone Bible class of the Methodist church held its scheduled picnic Tuesday evening, although the rain necessitated changing the scene of the merry-making from Cloverdale to the church annex on North Main street.

In general charge of arrangements for the affair were Mrs. Ben Golladay, president of the class, Mrs. Holt Jowell, and Miss Cordelia Taylor.

No set program was presented during the evening.

Following the serving of the picnic supper, the time was spent in informal conversation and "visiting" among the group.

Present were six children and 29 adults including: Mmes. and Messrs. Ben Golladay, Jack Zant, Holt Jowell, Ellis Conner, Bill Conner, Otis Ligon, Engelman, John M. Speed Jr., Russell Langford, Everett Klebold, Gene Reishman, Mrs. Willis Blackburn of Crowley, La., Miss Ruth Pratt, Miss Cordelia Taylor, Mrs. L. W. Winston, Mrs. Allen, Miss Mittie Lee Allen, Miss Lotta Williams.

## Study of Acts Is Continued by Bible Class Tuesday

The third, fourth and fifth chapters of the Acts of the Apostles is breathed in through the mouth is unprepared air and this unprepared air may produce irritations along the breathing apparatus. As a result, then, there is a tendency to "take cold." The breathing apparatus feels dry and there is a dry irritating cough. The effect of mouth breathing is also exerted on the shape and development of the chest.

Children who are mouth breathers become restless at night and snore. There may be a nasal twang in their speech. There may be occasional hoarseness. Habitual mouth-breathing is one of the contributing causes in producing the irregularity of the teeth and the maldevelopment of the jaws and palate.

## Sunday School Department Has Party at Annex

With sponsors changing the plans for a picnic party on the lawn of the First Baptist church to an indoor party at the annex because of the rain, pupils of the junior department of the Baptist Sunday school were entertained Tuesday evening.

More than 50 boys and girls were present, it was estimated.

Rev. D. H. Bonner told several stories for the children and presented a talk.

Games were played under direction of Leon Arnett and songs were sung.

A picnic supper was served.

Adults present included: Mrs. Ray Hyatt, superintendent of the department, Mmes. R. O. Walker, Chas. Skinner, Tom Wingo, Fuller, S. T. Cole, A. C. Blackburn, Mr. Bonner, Leon Arnett.

## FEMININE FANCIES

By KATHLEEN HILAND

Keeping in touch with the recent trend toward more elaborate designs in furniture, reminiscent of the gay Nineties, is the styling of the new silverware which is becoming more elaborate.

New shipments received by dealers now contain heavily and ornately carved designs. Lovely in their own way and with undoubted splendor. But somehow, it is still the plain pieces whose beauty comes from quality and exquisitely simple lines which most appeal to us.

Those who delight in dangles will be pleased at the persistent but gradual return of the locket to favor. Gold ones in round or square shape are in good style. Recently an unusually pretty one was noticed which combined the yellow gold with a delicate design in green-gold and rose-gold.

There is a kind of sentiment attached to lockets—something that has to do with love letters tied up in blue ribbon or flowers pressed in a book of poems or even (how the moderns would jeer) a lock of hair securely hidden away in some treasured chest.

And while we do not hold with sloppy sentimentalism, we DO think there is something nice about keep-

## Mrs. Cowan Hostess To Three-Table Party for Club

Mrs. R. R. Cowan was hostess to the Bridgette club for its bi-weekly afternoon party at her home, 606 S. Colorado, Tuesday afternoon at 2:30 o'clock.

Novel tallies hand-made by the hostess distinguished the appointments for the three tables of bridge which occupied the attention of the group.

Playing guests were Mrs. Bert Ross and Mrs. W. H. Street.

High score was held by Mrs. S. O. Cooper.

A party plate was served to Mmes. Ross and Street and the following club members: Mmes. S. M. Warren, A. E. Horst, L. A. Tullos, Bill Van Hous, K. S. Blackford, A. H. Riley, M. A. Spay, J. J. Kelly, S. M. Erskine, S. O. Cooper, and the hostess.

## Announcements

**THURSDAY.**  
Centennial club will meet with Mrs. J. H. Rhoden, 1007 W. Texas, Thursday afternoon at 3 o'clock.

Needlecraft club will meet with Mrs. Robert Cox, at her home on W. Texas, Thursday afternoon at 2:30 o'clock.

Lois class will have an all-day meeting at the church Thursday and quilting will be done. A covered-dish luncheon will be served.

Midland county museum in the court house will be open Thursday afternoon from 2:30 until 5 o'clock. The public is invited to attend.

Midland safety council will sponsor another in the series of "Old Observer" programs over station KRLH Thursday morning from 11:50 o'clock until noon. The public is invited to tune in.

**FRIDAY.**  
Tapestry sewing club will meet with Iva Lee Smith, 403 E. Texas, Friday afternoon at 2:30 o'clock.

Stitch and Chatter club will meet with Mrs. Ben Biggs, 401 E. Louisiana, Friday afternoon at 2 o'clock.

Belmont Bible class will meet with Mrs. C. E. Nolan, 1406 S. Big Spring, Friday afternoon at 4 o'clock.

**SATURDAY.**  
Story hour will be held in the

## Large Holdings to Be Sold for School

EL PASO—Announcement has been made here that the property in El Paso and lands in Culberson and Hudspeth counties, comprising the estate, valued at approximately \$1,000,000, of the late Frank B. Cotton of Boston, will be immediately placed on the market and sold for the benefit of the College of Mines and Metallurgy, branch of the University of Texas.

The announcement of the proposed sale of the properties was made here by O. C. Cole of Cole Brothers Preliminary to their sale the holdings will be inspected and prices set by a representative of the Board of Regents of the University, it was stated.

The bequest of Cotton was contained in his will and is to be used for the education of women along lines which would assist them in providing for themselves.

The transfer of the properties to the Board of Regents of the University of Texas for the use of the College of Mines recently was made by Judge Walter B. Grant, Boston, trustee and executor of the Cotton estate.

Cotton, who came to El Paso in the early 20's, purchased the properties as an investment. There are approximately 30,000 acres in Hudspeth and Culberson counties. The city properties consist principally of the Cotton Addition, east of Cotton Avenue. It also includes the unplatted addition lying east of Cotton Avenue and extending to the river.

children's library at the court house Saturday morning at 10 o'clock.

Midland county museum in the court house will be open Saturday afternoon from 2:30 o'clock until 5 o'clock. The public is invited.

We've heard a lot about the slippery and elusive qualities of quicksilver but in our experience we've found them nothing to the slipperiness and elusiveness of the silver currency which we have managed to acquire. The acquisition is usually in the form of a "hello-goodbye" transaction.

Hear Ernest Thompson, speaking candidate for Governor, stand over KRLH Wednesday evening at 6:15. (Adv.)

It is reported that to date, traffic fatalities are running 15 per cent below the number last year.

## Speed on Highway To Be Discussion on Safety Program

Midland Safety council will present another in its series of programs over station KRLH Thursday morning from 11:50 o'clock until 12.

The "Old Observer" dramatizations will be continued with Billy Noble in the title role, assisted by Fredda Fae Turner and Marvin Park.

The "Old Observer" will speak on "Speed on the Highway."

The public is invited to tune in on the broadcast.

## Conditions Causing Mouth Breathing May Often Be Relieved

Editor's Note: The following paper on "Mouth Breathing" was read by Miss M. Elizabeth Wilson at the weekly health program broadcast over station KRLH this morning at 11 o'clock.

Snoring is not just a habit and can generally be relieved. This was the statement of the health committee of the State Medical Society in pointing out recently that snoring is due to actual physical defects which are usually susceptible to treatment.

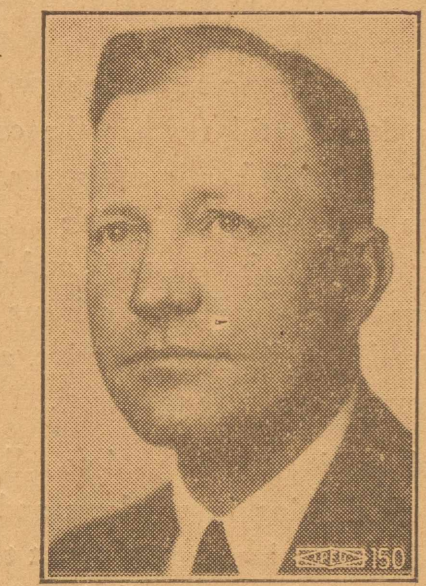

The mouth breather in the relaxation of deep sleep is the one who snores. As a rule the snorer is not aware that he snores. His suspicion should be aroused, however, if he awakes in the morning with a dry mouth and tongue. That is due to the drying of the secretions of the mouth by mouth breathing. The sleeper, if normal, sleeps with his mouth closed, breathing naturally through the nostrils, which prevents the vibration of the loose tissues of the throat.

Many people labor under the impression that interference with the proper and normal nasal breathing is always caused by adenoids, but the obstruction may also lie within the nose itself. The adenoid is normally present in children but as adult life is reached, it begins to shrink. However, an enlarged adenoid is the most frequent cause of mouth breathing in children, and consequently a cause of snoring in children.

Other causes that may affect, equally, adults and children are abnormalities within the nose, itself. The abnormalities may be sinus disease, with its associated overgrowth of bone, polyps, the presence of pus. The amount of nasal obstruction in sinus disease depends upon the stage and severity, and the number of sinuses involved. Another cause of nasal obstruction is a thickened and irregular or deflected nasal septum which may obstruct partly or completely, one or both nasal chambers. Less frequent causes are anatomical maldevelopment of the nostrils, tumors within the nose, and foreign bodies in the nose.

Harmful effects result from habitual mouth breathing. The first and most harmful is the action in the throat, voice-box, bronchial tubes, and lungs, of air that has not been cleansed and filtered, and of air that has not been sufficiently warmed. When breathing is carried on through the nose, the air that passes through the throat and voice-box and then enters the lungs, has been warmed, moistened and filtered. The lungs, then, can perform their normal function. The air that

# CARDINALS, SPUDDERS SPLIT TWO; PLAY FINAL GAME TONIGHT

## MIDLAND LOSES HALF GAME TO LUBBOCK TEAM

The Midland Cardinals could do no better than break even with the Wink Spudders here yesterday in two games and thereby saw a chance to overwhelm the league leading Lubbock Hubbers get lost. The Hubbers came through with a victory yesterday in their game with Hobbs and are now one and a half games ahead of the Cardinals.

The Red Birds and Spudders wind up the series tonight and the home club takes the road until July 27. Wink won the afternoon game, 7-3. The Cards the night game, 6-4.

In the game yesterday afternoon, Pitcher Hay had all the best of a battle with Franklin, limiting the Cards to eight hits while his mates were getting 13. The home club

could not get a tally until the fifth inning, and by that time the visitors had all of their seven tallies.

In the night game, Frank Nelson continued to hurl just as he has for the past month, limiting the Spudders to six hits and striking out 13 of them. He also came through with a triple, the longest hit of the night, to drive home the two runs that proved to be the winning margin.

The Cardinals had an uphill fight to win the night game, the Spudders getting their four runs in the first inning. After that, Nelson was invincible. The Cards finally managed to tie the score in the fifth inning and put over the clincher in the eighth when they tallied twice.

First Game.

## Night Softball Is Delayed by Rains; Two Games Tonight

Four clubs of the Industrial League tonight will inaugurate night play after being rained out in two scheduled games last night, first day of the season under the newly-organized league.

Last night, the Baptist Church club and the Shell were scheduled against each other and the Texas and Gulf were to play but the games were called off on account of the rain. Tonight, the Atlantic and Standard teams meet at 7:30, to be followed by the Baptist and Texas game.

Petroleum League clubs, playing in daytime this week, have managed to keep abreast of the schedule. The Atlantic blasted off the lid with a victory over the Sinclair club and the Stanolind club defeated the Humble.

This afternoon, the Amerada and Phillips meet on the north diamond and the Sinclair and Humble clubs meet on the south diamond.

## Canada Launches Fitness Campaign Like European Health Movements

MONTREAL (U.P.)—An attempt to organize a Canada-wide "fitness" campaign similar to those in Great Britain and other European countries is to be made shortly by the National Fitness League of Canada. It was learned here.

E. Orlick, eastern organizer of the new movement, said that Nathaniel A. Beach, physical director of Albert College, Belleville, Ont., would undertake a two-month tour of Ontario and Western Canada, lecturing on physical culture and establishing branches of the league in the larger centers.

Meanwhile, the league's representative in England, Miss Veronica Whalen, gathers information on the physical culture movements in Britain, Czechoslovakia, Russia, France and other countries, and will return to Canada early next year to lecture on the overseas movements and to establish branches of the league in Eastern Canada.

The league will attempt to enlist the aid of every expert in the field of physical education and recreation in Canada and the campaign will be carried out with complete co-operation between the east and west, it is understood.

## Company Spends 2 Years Starting Well

NEW YORK (U.P.)—Persistence says a statement by the American Petroleum Institute, has been dramatically demonstrated by an oil well drilling crew in the jungles of Peru which expects this month to start on a wildcat test after more than two years of the most difficult preparation.

The location is inland six miles from the banks of the Rio Pachica. With equipment available the crew believes it can drill to 8,000 feet and hopes to tap sands which have yielded oil and gas elsewhere in South America. Although geologists say the structure looks promising, it is probable the year will end before it is known whether it is productive, the statement says.

The site was reached and men and equipment moved to it by ship, railroad, motor vehicle, airplane, river boat and tractor in that order. Transportation delays and difficulties alone caused the engineers to spend two years in the jungle.

Reports indicate the heat and Hear Ernest Thompson, outstanding candidate for Governor, speak over KRLH Wednesday evening at 6:15. (Adv.)

humidity wear down spirits and wear out shirts. There's plenty of hunting and fishing, with the natives recommending monkey meat as highly palatable and the visitors conservatively sticking to canned foods.

Natives in the vicinity of the well have proved to be good workers and able quickly to learn the use of machinery. Some have become operators of tractors, pumping machinery, and even telephones. Seventy of them will get a daily workout chopping wood when drilling starts, steam being utilized for power and the boilers requiring about 40 cords of wood a day.

About 18 miles from the well is the land of the Cashibos, reputedly Cannibals. Reports say the Cashibos have shown no interest in oil or oil wells, the statement says.

## Heart Education Pushed

PHILADELPHIA (U.P.)—The Philadelphia Heart Association has started a campaign to educate the public regarding the dangers of heart disease as a result of a 100 per cent increase in fatalities from cardiac ailments in Philadelphia since 1920. One hundred meetings will be held throughout the city during the summer.

ELECTRIC RATES REDUCED AGAIN!  
Now Use the SAVING to Reduce Your SLAVING!  
NOW THAT MY WAGES ARE LOWER LET ME WORK HARDER TO SAVE YOUR TIME, YOUR ENERGY, AND YOUR MONEY  
• New low electric rates are now in effect, reducing still further the cost of electric service in homes and stores. You can use this saving to provide many of the services which you need and which you can use to make your home more comfortable and more attractive, and to save your time and your energy.  
In stores, cheap electricity can be used to sell more goods by use of better lighting in windows and over counters, and by making shopping more pleasant to customers through the use of better ventilation and air conditioning.  
Now that electricity is cheaper you can make many new and different uses of your electric service, and thanks to lower rates, the cost for this added service will be less than ever before.  
You'll likely need some new electric appliances, so that you can take full advantage of the new rates, so visit our store or any other dealer who sells electric appliances. You'll be surprised how little it costs for electricity to operate your electric appliances.

Flax Increases in Importance in State

GALVESTON (AP)—Flax may become a crop of major importance in South Texas, says E. S. McFadden, associate agronomist of the A. & M. College Experiment Station. An excellent yield is about to be harvested from more than 500 acres, mostly in demonstration fields of one to 70 acres at South Texas Experiment Stations.

Hear Ernest Thompson, outstanding candidate for Governor, speak over KRLL Wednesday evening at 6:15. (Adv.)

Youth Seems Frivolous at 79

SALT LAKE CITY (UP)—The trouble with youth today is that it's too frivolous, according to Mrs. Sarah Eggersten Cluff, 79, only living member of the first graduating class of Brigham Young University. "Young people nowadays want to play too much," she said.

Texas conditions. Another variety, "Funjab," failed to do well in the rice region, but thrived in the winter garden sections.

# Attention Voters

Let's Keep the Election Clean!

(Extracts from the Texas Voting Law)

## PAYMENT OF POLL TAX

Article 2964 of the Texas Revised Civil Statutes provides as follows:

"No candidate for office shall pay the poll tax for another. No person shall for or on behalf of any candidate for office or any person interested in any question to be voted on pay the poll tax for another."

Article 203 of the Texas Penal Code reads:

"Any candidate for office or other person who pays or procures another to pay the poll tax of a citizen, shall be confined in the penitentiary not less than 2 nor more than 5 years."

## PUNISHMENT IN CONNECTION WITH ILLEGAL VOTING:

The Texas Penal Code provides as follows:

Article 232. Illegal Voting

"If any person knowing himself not to be a qualified voter, shall at any election vote for or against any officer to be then chosen, or for or against any proposition to be determined by said election, he shall be confined in the penitentiary not less than two nor more than five years."

Article 233. Instigating illegal voting

"Whoever shall procure, aid, or advise another to give his vote at any election, knowing that the person is not qualified to vote, or shall procure, aid or advise another to give his vote more than once at such election, shall be fined not less than one hundred nor more than five hundred dollars, and may in addition thereto be imprisoned in jail not exceeding one month."

Article 234. False swearing by voter

"Whoever shall swear falsely as to his own qualifications to vote, or who shall swear falsely as to the qualifications of a person offering to vote who is challenged as unqualified, shall be confined in the penitentiary not less than two nor more than five years."

Article 235. Procuring voter to swear falsely

"Whoever willfully and corruptly procures any person to swear falsely as prescribed in the preceding article, shall be confined in the penitentiary not to exceed three years, or be fined not exceeding three thousand dollars."

Article 236. Illegal voting at primary

"Any person voting at any primary election called and held by authority of any political party for the purpose of nominating candidates of such political party for any public office who is not qualified to vote in the election precinct where he offers to vote at the next State, county or municipal election, or who shall vote more than once at the same or different precincts or polls on the same day, or different days in the same primary election, shall be fined not exceeding five hundred dollars, or be imprisoned in jail not exceeding sixty days, or both."

Article 237. Procuring an illegal vote

"Whoever shall knowingly procure any illegal vote to be cast at such primary election shall be punished provided in the preceding article."

Article 238. Absentee voting

"Any person wishing to vote as an absentee voter who shall vote or offer to vote illegally, or in any case or at any place where he is not entitled to vote, or who shall make false representation in any effort to vote, or who shall attempt to vote on any poll tax receipt issued to a person other than himself, shall be fined not more than one thousand dollars or be imprisoned in the county jail not more than two years or both so fined and imprisoned. This law applied to any and all elections including general, special and primary elections."

THE FRIENDS OF J. M. SPEED FOR SHERIFF WILL ASSIST IN THE PROSECUTION OF ANY AND ALL CASES OF ILLEGAL VOTING, TO THE FULL EXTENT OF THE LAW.

(This political advertisement paid for by friends of J. M. Speed for Sheriff)

## British-French Statesmen Discuss Diplomacy Today

PARIS, France, July 20 (AP)—British and French statesmen took time out from the formal ceremonies of King George's state visit here today for diplomatic discussions that were said to include Hitler's plan concerning the Czechoslovakian situation.

The king and queen spent the day in a busy round of ceremonies including a tribute to the French war dead and luncheon at the British Embassy.

## Night Depository Installed by the Midland National

Installation of a night depository has been completed by the Midland National bank, giving to their depositors a service which will make unnecessary the retaining of large sums of cash overnight in their own places of business, thereby preventing possible burglaries.

The night depository chest opens to the street, at the corner of the bank building, each night depository being equipped with a key to the chest's head, so that he may drop his specially built money bag into

the chest. The head is similar to the opening of a mail box, allowing room only for dropping the money bag into the heavily reinforced vault.

The vault then opens into the bank itself, but the depositors' money bag is locked, the depositor carrying the key, and he may visit the bank the following day, unlock his money bag and make deposit in the usual manner.

Deposits made in the night depository are insured, it was announced by R. M. Barron, president of the bank.

## 10 Workmen Die as Dynamite Explodes

BALTIMORE, July 20 (AP)—A premature explosion of 450 pounds of dynamite today killed ten members of a crew of 18 blasting a water main through solid rock 200 feet below the surface of the city pumping station.

Four escaped injury. All the dead were negroes, all white workers escaping with their lives.

## CALOMEL NIGHT NOW A PLEASURE

The old time calomel was the doctor's favorite remedy for Biliousness or so-called "Tropical Liver," so prevalent in hot weather, but it had some serious drawbacks from the standpoint of the patient. The nauseating and sickening after-effects and the necessity to follow it with a dose of Epsom salts made many of us hate to take it. Now you can really enjoy your calomel, for Calotabs make calomel-taking a pleasure. They give you the combined effects of calomel and salts, help Nature to expel the sour, stagnant bile and washing it out of the system.

One or two Calotabs at bedtime with a glass of water or sweet milk—that's all. Next morning your system feels clean and refreshed, your head is clear, your spirit bright, and you are feeling fine with a hearty appetite for breakfast. Eat what you wish and go about your work or pleasure.

Genuine Calotabs are sold only in checker-board, black and white packages bearing the trade mark "Calotabs." Refuse imitations. Family package only twenty-five cents; trial package ten cents, at your dealer's. (Adv.)
