**DANGER
BEGINS
AT 50!**

You and the Missus are up front, the kids are in the back seat. You're rolling along over 50.

Something goes. "POPP", and we don't mean Junior.

Picture the rest of it yourself.

The last 1000 miles in your old tire is worth about 70¢. That's a small price to pay for your family's safety, isn't it?

In fact ninety percent of all tire trouble comes during the last 10% of a tire's life. That's why we say, "Buy 'Em Before You Need 'Em."

We sell tough Armorubber Kellys on a Budget Plan that even beats a "Painless Dentist", so there's no need to wait another day.

Come on down and see us!

**WHY
HURRY
TO BE AN
ANGEL?**

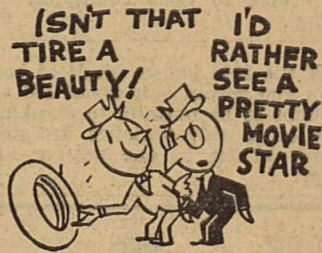

Every time you ride a mile on smooth, worn-out tires, you stick your neck out 721 times. That's how many times your wheels go 'round, and every time may be the last. A little bump, — and BANG! — maybe you're knocking on the Pearly Gate.

If you get 1000 extra miles out of an old tire, you've earned about 70¢. And don't think you haven't earned it. You've bet your life 721,000 times. That's 10,585 times for a cent.

Well, we sell safe, new Kellys, and we sell 'em on easy payments. So—Why Hurry to be an Angel? Hurry over here instead and get that "safe" feeling on tough, Armorubber tread Kellys.

**SO TIRE
TALK
BORES
YOU?**

Tires are our "baby".

About the only way you can keep us from boring you stiff about 'em is to put on a set of safe new Kellys, — and then stay away from us.

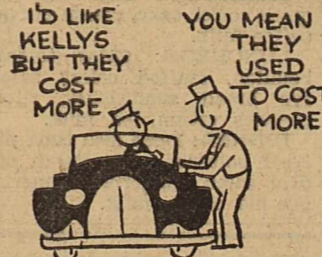

But supposing you're a fellow who's riding around risking his neck on old, bald-headed tires. We don't stop talking to you until we've explained how new Kellys are safer, more economical, better to ride on, easier to stop on, better looking and longer wearing. We'll show you the Armorubber tread, the low-stretch cord, the higher, flatter profile.

We'll tell you about our low prices and our convenient Budget Plan. We'll point out that new Kellys NOW will save you money.

The only way to stop us is to say, "Put on a Set."

Don't forget the words.

**WAKE UP
AND
SAVE!**

The Republicans used to run the country but that was a long time ago. You used to have to pay more for Kelly Springfield Tires but that's ancient history too.

Today's tough Armorubber Kellys cost no more than other good tires. And they're the finest tires ever built in Kelly's 45 year history of dependable tire performance.

You should see that wider, flatter tread, the new low-stretch cord, the new non-skid tread design with its quiet running riding ribs.

But Kellys aren't only for millionaires. You can have a set put on your car today for just a small down payment on our convenient Budget Plan.

Wake up and Save!

**KELLYS
ARE
THE BEST
POLICY**

THEY ARE 4 INSURANCE POLICIES AND I NEVER LET 'EM LAPSE

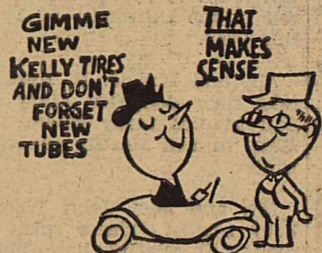

We get a man to thinking about his tires as a kind of insurance policy against accidents. Protection for his wife and kids. Then we show him the Kelly line. Tell him about the tougher Armorubber tread. We show him how much safer and stronger the new low-stretch cord is, and how swanky Kellys dress up his car.

After that, there's nothing to it except to tell him our low price and how simple and convenient it is to pay on our Budget Plan.

By that time he's a Kelly customer for keeps.

You will be, too.

**SQUEEZE
TILL IT
HOLLERS**

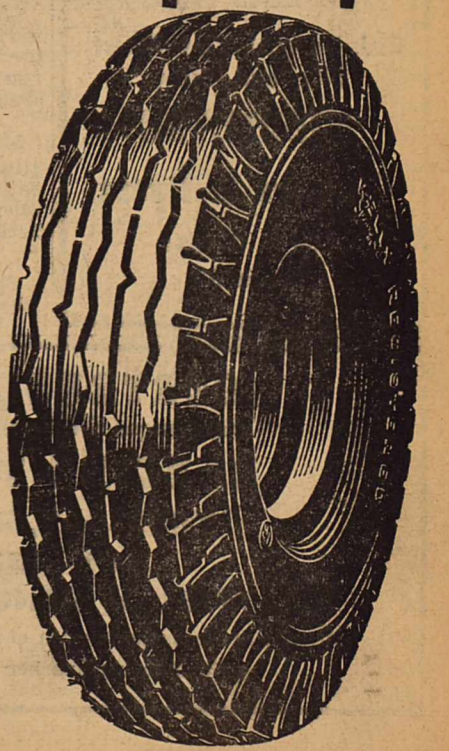

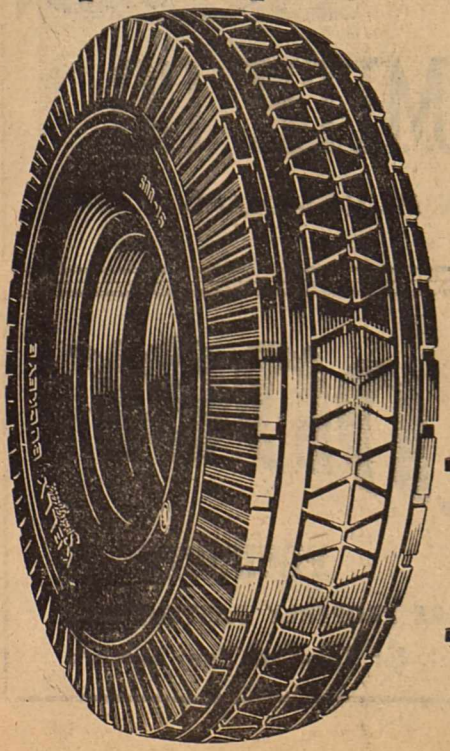

When you get to the end of a toothpaste tube you try to remember to get a new one. At the end of an inner-tube, they pick you up in an ambulance.

How would you like to roll over 15,000,000 times and then get up and start all over? That's what happens when you put an old tube in a new tire.

As a matter of fact, the extra mileage you'll get from a new tire with a new tube in it will more than cover the cost of the tube.

We sell tough Armorubber tread Kellys on a Budget Plan as soft as a feather bed. We can throw in tubes for about the cost of your daily paper.

Squeeze your quarters till the eagle screams, but don't try to squeeze extra mileage out of an old tire tube.

Miss Throckmorton and Lloyd Parker Married in Church Ceremony Here

Two seven-branched candelabra of wrought iron held aloft burning white tapers to light an altar decorated with aspidistra plants and wrought-iron vases of gladiolas when Miss Kathryn Throckmorton, daughter of Mr. and Mrs. R. E. Throckmorton, became the bride of Lloyd S. Parker of Abilene at a 10 o'clock ceremony Friday morning at the First Methodist church here.

Rev. W. C. Hinds read the single ring service in the presence of friends and relatives of the couple.

Mrs. Holt Jowell, pianist, played the pre-nuptial hymn and accompanied Mrs. De Lo Douglas who sang "Oh Promise Me."

The wedding party entered to Lohengrin's wedding march. Vows were exchanged to the muted strains of "Ah Sweet Mystery of Life," and Mendelssohn's march was played as a recessional, Mrs. Jowell being at the piano throughout.

Given Away by Brother

The bride, given in marriage by her brother, Bob Throckmorton, John Tarleton student, wore a royal blue chiffon velvet dress of street length, made on fitted lines with soft shirring at shoulders of sleeves and in bodice front, a draped neckline, and bustle-back skirt. A matching turban, navy shoes and white doekin gloves formed accessories. Her flowers were a corsage of orchids and for the traditional "something old," she wore on a chain about her throat a cameo which had been her grandmother's.

Mrs. Gerold Bartley as matron of honor and Mitchell Parker brother of the bridegroom and Baylor University student, as best man were the only attendants.

Mrs. Bartley wore a maroon chiffon velvet dress made on tailored lines. Her accessories were black and she wore a shoulder corsage of white gladiolas.

The mother of the bride and of the groom each wore gardenia corsages while Mrs. Jowell and Mrs. Douglas had corsages of pink pompon asters.

Reception

After the ceremony a reception was held at the home of the bride's parents, 1911 W. College. Pink rosebuds and baby's breath decorated the refreshment table which was laid with a Normandy cloth.

Mrs. Mickey Beale of Big Spring presided at the three-tiered wedding cake.

Mrs. Gene Reischman poured coffee.

Following the reception, Mr. and Mrs. Parker left on a short trip by automobile to Mexico and New Mexico. Upon their return they will be at home at 1443 Hickory street, Abilene.

The bride traveled in a pigeon blue wool dress with pleated skirt, fitted bodice with a low draped neck, box shoulders, and neck-to-hip button trimming. Her accessories were brown.

Mrs. Parker attended North Texas State Teachers College at Denton, where she was a member of Kappa Kappa Sorority and Mary Arden club. She has lived in Midland more than a year and previous to her marriage was employed in the office of the Elder Chevrolet company.

Mr. Parker, son of Mr. and Mrs. J. L. Parker of Olmito, Texas, is a graduate of the University of Texas. He was a member of Sigma Gamma Epsilon, honorary geologist.

FEMININE FANCIES

By Kathleen Eiland

For all her cruelty and wasteful methods, Old Mother Nature does sometimes prove her efficiency. As during an Australian grass fire, for example. The flames swept through an orchard and after the fire, an apple tree was found where the grass had not been tall enough to injure the tree in its burning but where the heat had been sufficient to bake the apples on the tree to just the right degree for eating.

The weary firemen received one delicious reward for their labor by feasting off the tree.

Just why the solar energy that we hear so much about in heavy scientific articles could not be handled to conduct mass apple baking in this way is something that we can't understand. Something should be done about it.

A young Midland matron was discovered Saturday to be nursing a bandaged hand and wrist. Questioned about the "why" and therefore, she confessed that she might wear miliary to wear gloves while using cleaning fluid. She had neglected to wear rubber gloves while using the c.f. and later had worn them during a warm afternoon's work, with the result that the most useful manual appendages rebelled against the misuse and broke out most unbecomingly (not to say uncomfortably). Obediently, we repeat her warning: Lady, wear gloves when you use cleaning fluid in tailor work.

We can't decide which is better for a would-be columnist to do: Leave a column blank when he has nothing to say or try to fill it up with something.

Brown suede is becoming prominent in shoe tones for fall and winter, a shoe man assures us. And by brown is meant the dark brown shades such as cocoa.

We've always liked brown shoes. Glad our taste for once coincides with fashion dictates.

Now we'll stop trying to fill up any more column space.

What's So Wonderful About Fall? Why, It Is Pie Time, of Course

Gingerbread pie with a meringue topping—even the leaves will fall for that now that the summer is over.

By MRS. GAYNOR MADDOX, NEA Service Staff Writer.

Labor Day is over. Now the big eating season begins, with football games, country hikes and plenty of sports activity in cooler weather to sharpen the appetite. It's pie time with a capital P. Pumpkin, of course, green apple and squash and also some other heavier novelties for those autumn dinners.

Gingerbread Meringue Pie

(Makes 1 one-crust 9-inch pie) Three tablespoons sugar, 1/4 cup old-fashioned New Orleans molasses, 1/4 cup white syrup, 3 tablespoons shortening, 1 teaspoon ginger, 1/2 cup boiling water, pinch salt, 1 1/4 cups flour, 1 egg, well beaten, recipe for pie crust.

Use large mixing bowl. Turn in sugar, molasses, white syrup, shortening, ginger and cinnamon. Mix these ingredients well. Add soda to boiling water and add. Sift in flour. Beat with egg beater. Last, beat in the well beaten egg.

Line pie plate with uncooked pastry. Fill with gingerbread mixture. Bake in moderate oven (350 degrees F.) until firm to straw test. Just before serving cover with meringue.

Meringue: Beat 1/3 cup powdered sugar into 2 stiffly beaten egg whites. Bake in moderate oven (350 degrees F.) for about 15 minutes.

Pumpkin Pie (1 one-crust 9-inch pie) One and one-half cups canned and mashed pumpkin (or cooked and mashed fresh pumpkin), 1 1/2 cups sugar, 1 1/2 teaspoons cinnamon, 1/2 teaspoon ground ginger, 1 1/2 teaspoons ground nutmeg, pinch mace, 1 teaspoon salt, 1 1/3 cups milk, 3 eggs, well beaten.

Combine pumpkin, spices and sugar. Stir in add milk, then beat in eggs. Mix thoroughly and turn into pastry lined pie plate. Bake in moderately slow oven (300 degrees F.) for about 1 hour. Serve with whipped cream and chopped nuts.

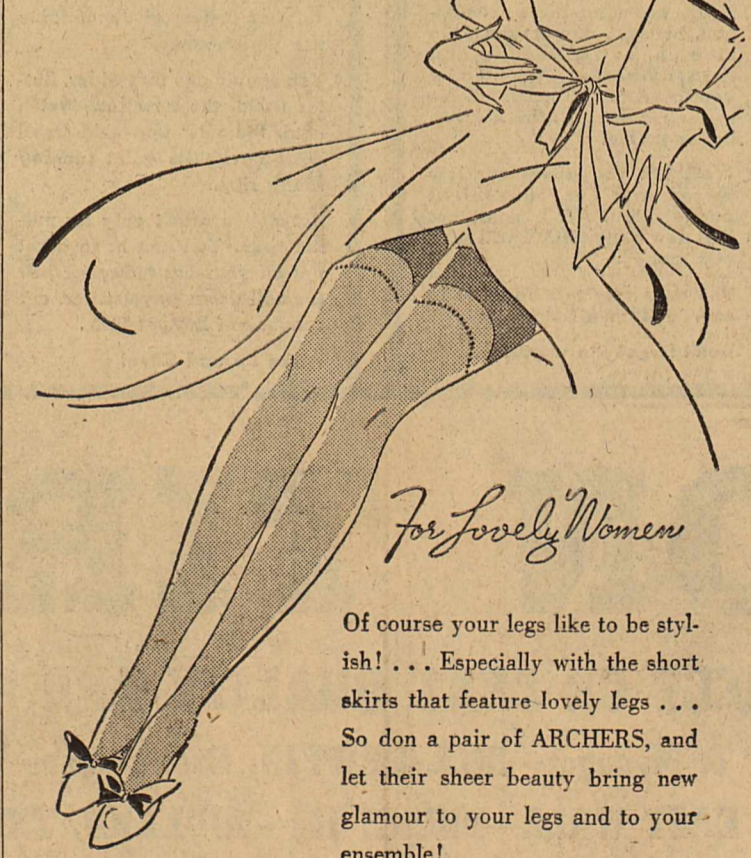

Menu

BREAKFAST: Fresh grapes, quick coffee cake, cream cheese, coffee milk.

LUNCHEON: Clear tomato bouillon, stuffed celery salad, rye bread sandwiches, sliced peaches, cream, tea, milk.

DINNER: Deep dish tuna pie, fried potatoes, green peas, endive salad, gingerbread meringue pie, coffee, milk.

Belmont Bible Class Elects New Officers At All-Day Session

Election of officers and serving of a covered-dish luncheon were the high points in the all-day meeting of the Belmont Bible class held at the T. O. Midkiff ranch north-west of Midland Friday.

Officers chosen were: President, Mrs. W. G. Attaway; vice president, Mrs. D. E. Holster; secretary-treasurer, Mrs. Herbert King; reporter, Mrs. W. P. Collins.

The luncheon was spread under the trees after guests had assembled after mid-morning. Fried chicken was the featured dish on the menu and the finishing touch was supplied by hot biscuits made by T. O. Midkiff, husband of the hostess and a veteran ranchman of this area.

After luncheon the business meeting with election of officers and the regular Bible study was held. Mrs. C. E. Nolan taught the lesson, taken from Genesis, twenty-first to twenty-fifth chapters. Mr. Midkiff was a visitor to the class.

The group decided to meet henceforth at 3:30 o'clock instead of 4 o'clock each Friday.

Opening prayer was offered by Mrs. Herbert King, president for the past two years, and the closing prayer by Mrs. Attaway, incoming president.

Mrs. M. L. Wyatt was a new member.

Other class members present were: Mmes. A. B. Stickney, C. E. Nolan, W. P. Collins, Harvey Kiser, C. O. Fredregill, Joe Dobson, A. W. Lester, J. M. King, T. O. Midkiff, Travelstead, Geo. P. Bradbury, W. G. Attaway, A. W. Sherrod, L. Bryan.

Next Friday the class will meet with Mrs. Joe Dobson at the Atlantic Tank Farm.

Mrs. Butler Hurley Is Hostess to Escondida Club

Mrs. Butler Hurley was hostess to the Escondida club with an afternoon prayer at her home, 604 N. Big Spring, Friday afternoon at 3 o'clock.

Garden flowers were used at vantage points in the party rooms where two tables were appointed for the games.

High score for club members went to Mrs. Bill Collins and high score for guests to Mrs. J. B. Richards.

A party plate was served at tea time. Present were two guests, Mrs. Richards and Mrs. Sam Laughlin, and the following club members: Mmes. Collins, O. L. Wood, A. M. East, J. C. Cunningham, S. S. Stinson, and the hostess.

BULLDOGS DEFEAT THOMAS EDISON BEARS SATURDAY NIGHT, 19-0

Ragged Offensive Of Home Club Big Help to Visitors

It was no fault of the line that the score did not amount to that much. The Midland backfield muffed chances after chance to move up, after they got within sight of the Santone goal.

First downs were 18-4 in favor of the home club and three of the visitors' first downs came on penalties. Not only did the Bears never threaten to tally, they were lucky to get inside Midland territory a couple of times. They deserve a lot of credit for holding the score down, but they had a lot of help from Midland would-be blockers.

As a disciplinary measure, Coach Bud Taylor kept Jay Francis, ace of the Midland backfield, out of the lineup until the final period. On the first play after he entered the game, Jay raced 56 yards for a touchdown but the play was called back and Midland given a 15-yard clipping penalty. Thereafter, Jay made several gains, including one

for six yards and a touchdown, but could not unreel one of his typical broken field sprints.

It would be hard to pick a star of the Midland team. Every man in the line played in mid-season form all the way but little Temple Harris was the only back that showed up.

For the visitors, it was almost a one-man show with quarterback Carl Pitts being it. He not only did

Mrs. Nowell Wins City Tournament by Two Wins Saturday

Mrs. Gaither Nowell, wife of the Country Club professional yesterday won the women's city golf tournament when she came through with an easy 6-5 win over Mrs. W. B. Harkrider.

Mrs. Nowell, medalist in the tournament, marched to the finals when she defeated Mrs. Bob Hamilton, 31. Mrs. Harkrider reached the last round by hanging up a 2-1 win over Mrs. E. B. Dozier in the semi-finals.

In the first flight, Mrs. Foster Schenck was the winner when she disposed of Mrs. Al Luskamp in the finals after defeating Mrs. W. P. Thurman in the semi-finals. Mrs. Luskamp had reached the finals by defeating Mrs. L. F. Shiplet, 3-2.

In the second round, Mrs. H. J. Kemler became champion by defeating Mrs. Pat Riley, 1 up. Mrs. Kemler drew a bye in the first round, defeated Mrs. Roy Minear in the second round to advance to the finals. Mrs. Riley reached the finals by disposing of Mrs. Earl Horst, 1-up.

Cattle Trading Given Impetus by War as Well as By Seasonal Sales of Calf Crop for Fall Delivery

BY BILL COLLINS

With prices up as much as a dollar a hundred over a couple or three weeks ago as a result of the European conflict, cattle trading over the Midland territory has been exceptionally active during the past several weeks, with expectation that another month or six weeks or up to delivery time. The trading season got well underway just prior to and during the recent Midland Rodeo. Optimism reigns supreme among most cattlemen of the area, some of them being of the opinion that prices will go even higher before the peak is reached.

Calf sales have accounted for a large percentage of the cattle trading to date in the Midland sector with the result that approximately 75 percent of the current calf crop has already been marketed, the demand for feeder calves continuing strong over the area. Delivery of the calves is scheduled for October 15 through November 1.

Although several choice bunches of calves have been contracted for 8 1/2 to 9 1/2 cents, one sale having been reported at 10 cents, the average price now being paid over the area is eight cents for heifer calves and nine cents for steers. Some 7 1/2 and 8 1/2 cent sales were made earlier in the fall before recent price increases. The calves, somewhat lighter this year than last due to late summer rains, will average between 400 and 450 pounds.

Very few full age steer calves will be held over this year, according to reports, although quite a few late calves will be held over until spring. It is estimated that between 40 and 50 percent of the heifer calves over the territory will be held for restocking purposes. Most of the calves sold will be shipped out to the Corn Belt area.

Producing annually between 40,000 and 50,000 head of highly bred Hereford feeder calves, the area commonly known as the Midland territory this year witnessed an average calf crop.

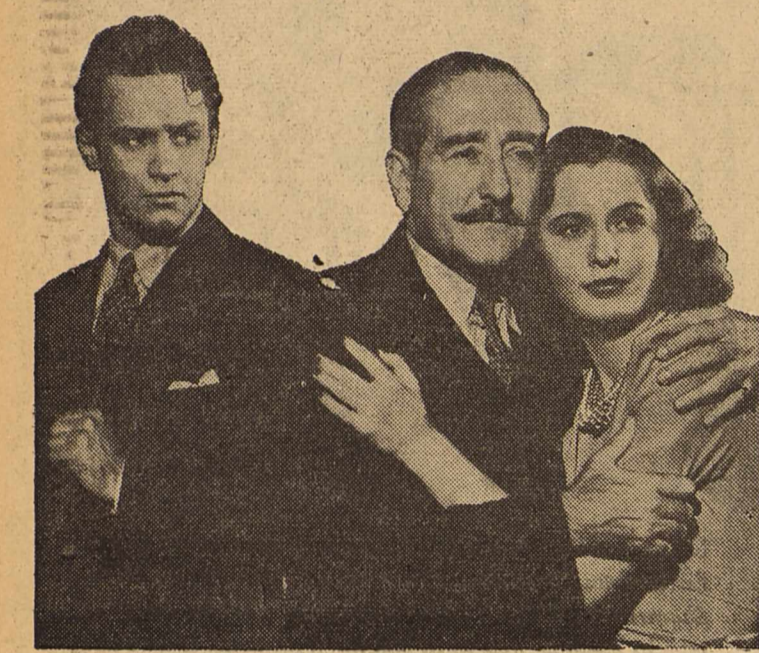

A heavy demand for young stocker cows is reported over the territory, but very few sales have been made and it is said that only a few such cows are on the market at present. There is also a heavy demand for feeder cows, however, most offers for feeder cows have gone wanting.

Ranges over the area are in fair condition and there is plenty of grass for the cattle, although moisture is again needed over most of the territory. Rains over this section of West Texas have been spotted since the general rains which fell late in July. An exceptionally good fall (better if rains fall within the not too distant future) for the cattle industry in West Texas is being predicted.

Records show that the farther from home motorists are, the faster they travel.

the passing and punting, along with the signal calling, but most of the ball carrying for his club.

Little Odie Kelley, who started in the quarterback slot for the Bulldogs, went out early in the game with a foot injury and will probably be lost for the next couple of weeks. It was reported that he did not receive a fracture, as was first declared.

The first Midland touchdown came the second time the Bulldogs got hold of the ball. Starting on the Bear 39, Harris and Truelove alternated in carrying the ball to the 7 and Harris went through the middle for the remainder of the way.

A few minutes later, the same two boys advanced from the Santone 46 to the 4 and Harris again hit the big middle for another score.

It was late in the final period before the Bulldogs could again reach pay dirt. After Francis' run for a touchdown from the Midland 44 was called back and the Bulldogs penalized 15, he made 26 at right end for a first down. He then alternated with Harris in advancing the ball to the Bear 6, then went over for the final touchdown. Paul Klatt, the best lineman on the field despite a shoulder injury, then calmly place-kicked one that barely dropped over to make the score board read:

THERE IS NO WAR CLAUSE IN A PRAETORIAN POLICY

Wars and the rumors of wars cause the patrons and executives of life insurance organizations to meditate upon the factor of increased mortality incident to such violence.

At the outbreak of the World War all standard life insurance policies contained what was known as the "war clause," cancelling the insurance, or at least denying liability for loss or injury incident to military service. That limitation was deemed vitally requisite to actuarial soundness and solvency. Strange to relate that among the Americans enlisted, fatalities from disease exceeded the heavy mortality of the service at the Front. In that holocaust of death and destruction, cruelty and murder, there transpired many fine things to redeem the depravity of the mad world. One incident of local origin, and a matter of modest pride, gave to all life insurance history, a new and challenging spirit. The Praetorian Life Insurance Society of Dallas, Texas, notwithstanding the war clause in its policy, on the 24th day of July, 1917, decreed and provided that the institution would pay all "CLAIMS FOR DEATH RESULTING, DIRECTLY OR INDIRECTLY, FROM ENGAGING IN MILITARY OR NAVAL SERVICE OF THE UNITED STATES OF AMERICA, AND THAT MEMBERS, WHILE SO ENGAGED, SHALL BE EXEMPT FROM PAYMENT OF PREMIUMS." This policy was carried out in good faith and actual performance.

Since nations feverishly prepare for war, and armies of the millions are now marching, what must be the thoughts of those now holding, and those desiring to acquire, life insurance protection? The alert mind and the keen thinker will act promptly before new clauses, exceptions and limitations are incorporated in future policies. There may be no real occasion for special concern in this matter, but who can foretell the tomorrow?

Praetorian policies now contain the following clause: "This policy is free of restrictions from date of issue as to change in occupation, residence or travel."

BRECKENRIDGE, Sept. 16. — Probably no more dramatic scene ever occurred in any field than one which took place one Sunday morning in Breckenridge according to Boyce House, oil field historian, a recent visitor here. The reminiscence was occasioned by the nearness of the Breckenridge homecoming, Sept. 22 and 23, commemorating the twentieth anniversary of the oil boom.

climbed hands. "The song ended and the minister prayed—none in the congregation knowing that the wings of the death angel had but a moment before fanned their cheeks. "The shell was again let down into

545 feet in red rock, after cementing 13 3/8-inch casing at 512 feet with 300 sacks. It reached present depth with spider while drilling the cavernous Cretaceous lime and now will drill to the deeper zones with heavy-duty rotary. Location is 1,980 feet from the south, 1,650 from the west line of section 30, block WX, G. C. & S. F. survey.

bottomed at 416 feet in red rock. Forest Development Company No. 1 I. E. Scott, Delaware test in Reeves county, still is fishing for tools, bottomed at 5,190 feet in lime. North Cowden Deep Tests Standlind Oil & Gas Company No. 1-A E. H. Blakney, deep test one-half mile west and one location south of nominal Permian producers in the North Cowden pool of northern Ector county, yesterday was drilling at 4,448 feet in lime, unchanged. It tested dry in the regular pay zone of the pool when swabbed at total depth of 4,227 feet in lime and is being carried deeper for a test of the Gulf-Holt deep pay found 800 feet below upper oil hor-

izons by Gulf Oil Corporation No. 1 O. B. Holt, two and five-eighths miles to the north and over one-half mile to the west. Sinclair-Prairie Oil Company No. 3 Fay Holt, east offset to the Gulf deep discovery and also announced as a test of the same pay, is moving in rotary. In the North Cowden pool, Landreth Production Corporation No. 3-A O. B. Holt flowed 926.31 barrels of 32.7-gravity oil in 24 hours, with gas-oil ratio of 1,620-1, upon completion at 4,305 feet. Pay was topped at 4,235 feet and shot with 330 quarts. Sinclair-Prairie Oil Company No. 8 Hugh Corrigan, new test on the east side of the North Cowden pool, is digging cellar and pits. Kewanee Oil Company No. 7-A University, on the Ector side of the Jordan pool of Crane-Ector, flowed 331.46 barrels on six-hour test to rate 24-hour potential of 1,315.84 barrels. It had been shot with 880 quarts in pay between 3,370 and 3,648 feet, the total depth. Oil tests 36.8-gravity, and gas-oil ratio is 550-1.
