COUNTERATTACKS ARE SMASHED

Palau Islands Hit By Navy In What May Be Kick-Off Campaign

By OLEN CLEMENTS
Associated Press War Editor

Warships turned their big guns on the Palau Islands in what may be the beginning of the long expected three-way amphibious attack on Japanese bases there and at Yap and Halmahera, needed by the American troops before they retake the Philippines.

At least one amphibious move toward Halmahera was made Thursday when General MacArthur's troops seized Soepiori Island, just west of Biak, in Geelvink Bay.

Blistering American air attacks continued over a vast area.

Manado, on the northern tip of Celebes, was hammered with a 150-ton bomb load. Widespread damage was caused with some oil

dumps being set afire. Liberators, Mitchells and Lightnings pounded gun positions and airbases of Halmahera without challenge in the air.

Second Palau Raid

Great numbers of carrier based planes worked over Palau, Wednesday, also the Tokio radio said. The enemy radio claimed, too, that battleships and cruisers shelled islands in the Yap group.

There was little anti-aircraft fire. None of the attacking ships, which usually soften up invasion beaches for thousands of troops, suffered any damage in the attack.

The Navy announcement also told of new attacks on the Bonin and Volcano Islands, near Japan proper.

Army bombers pounded Iwo Jima on Wednesday and Thursday. One of four Japanese planes in the air was believed destroyed.

Liberators damaged a cargo vessel in the harbor of Chichi Jima in the Bonins. Other air attacks were made on Pagan Island in the Marianas and against Truk, the Marshalls and Nauru Island.

One Superfort Lost

In Washington it was announced that one Superfortress in the big raid had failed to return and was presumed to be lost.

War torn China felt growing Japanese strength there as hordes of the Nipponese smashed down the Hunan-Kwangsi railway and broke into Tungan, important town 90 miles from Kweilin, capital of Kwangsi Province.

Bloody street fighting ensued after the Japanese entered the city. The enemy troops dashed 95 miles from Hengyang, capturing the American air base of Lingling on the way.

The Japanese apparently are bent on capturing Kweilin, where there is a large and important Allied base with hangars built into the surrounding hills. The enemy troops would hurt the South China defense system. It would put the Japanese in a better position to consolidate her aim of controlling the Peking-Hankow railway and isolating free China in the interior, where the movement of men and supplies is difficult.

In this connection, the Chinese are rapidly completing the conquest of Sunshan, the Japanese tunnel fortress astride the Burma road in Yunnan Province. Two pockets of Japanese remain to be defeated before the Burma Road West of the Salween river can be used as far as Lungling.

Baby And Woman Injured By Car

An eight-month-old baby was injured seriously and his aunt, Mrs. G. V. Anderson, also was hurt about 11 p.m. Saturday at Texas and Main streets when struck by an automobile driven by a negro.

The child is the son of Mr. and Mrs. Elmo Anderson of Odessa. The two women and the child had just left a motion theater and started home. Mrs. G. V. Anderson was carrying her nephew. She suffered a leg injury and the child suffered head injuries.

The negro was arrested by police and placed in the city jail for questioning. Two bottles of liquor were found in his car. Police Chief Jack Ellington said.

Mme. Chiang Kai Shek Returning To U. S.

RIO DE JANEIRO (AP)—Mrs. Shiang Kai-shek departed Saturday for the United States, the government news agency announced. She had been in Brazil for several weeks undergoing medical treatment.

ANOTHER EARTH SHOCK

CANTON, N. Y.—(AP)—Residents of this community reported earth tremors, felt at 7:26 p. m. and lasting for five seconds, shook houses and rattled furniture. No damage was reported immediately.

Allies In Sight Of Belfort

ROME—(AP)—Two Allied columns coming up from Southern France struck Saturday to within 25 miles of the sentinel city of Belfort, whose fortifications bar the way through a mountain gap into the plains before Germany's frontier on the Rhine, 30 miles east of the fortress.

The Germans, who fought hard in Besancon, broke and ran under American blows and Allied headquarters said doughboys now had covered at least half of the 47 miles from Besancon to Belfort.

It was likely that patrols, moving swiftly after resistance was crushed in Besancon's streets, had advanced even nearer to the city. A Swiss frontier dispatch Friday said that the Americans were within 10 miles of Belfort and that the battle for the city had begun.

French troops fighting up through the Jura mountains seized the towns of Pierre-Fontaine and Maiche, the latter 25 miles south of Belfort.

Outracing Germans

These twin drives seemed to be outracing German forces trying to hold open the roads branching out from Dijon, 47 miles west of Besancon.

The Germans were offering stiff resistance to the French moving up along a 40-mile front to within 23 miles of Dijon at one point. But if they let the Americans reach Belfort before them they may never get back to the fatherland.

The Germans suffered a great industrial blow in this fighting, for the French overran a rich steel and coal region lying about 45 miles south of Dijon. The Schneider metallurgical works, with a capacity of 30,000 tons of steel annually, is in the area.

More than 170 miles south of the battle for Belfort, American forces plunging deep into the Alps where peaks rear to 13,000 feet were attacking Briancon, seven miles from the Italian frontier.

Here the Germans were trying to hold open the St. Genevre pass into Italy.

Overhead the Allies had an aggressive aerial cover which destroyed or damaged 12 locomotives, six of them caught in the area of Belfort hauling trains loaded with soldiers. A number of the troop-carrying cars were destroyed.

'Gibson Girl' Creator In Serious Condition

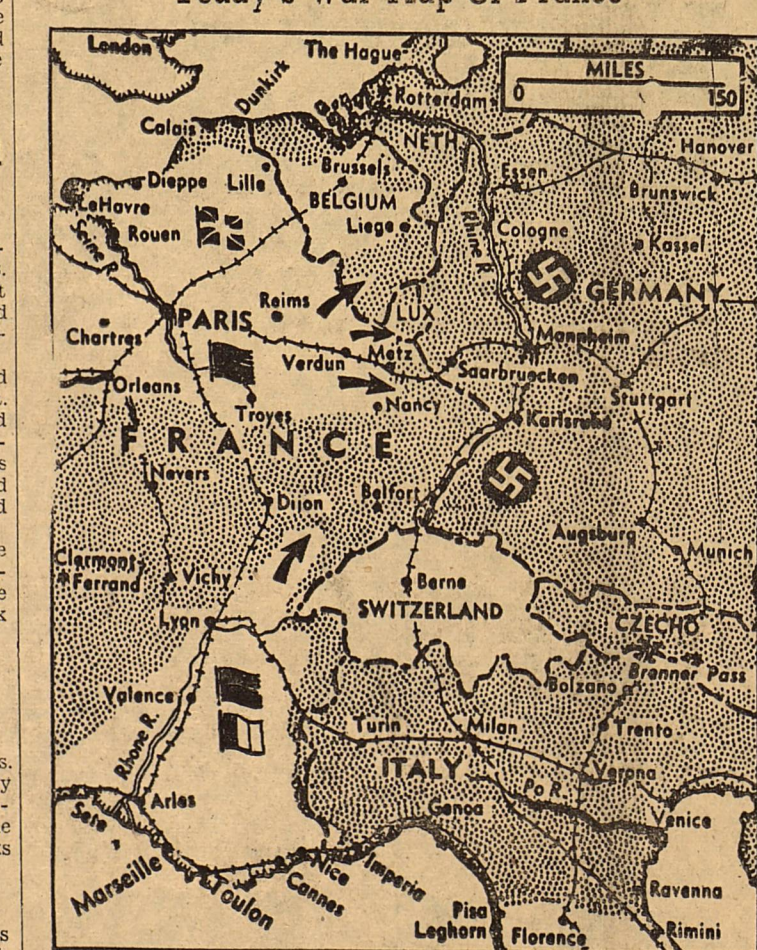

NEW YORK—(AP)—Charles Dana Gibson, 76-year-old artist and creator of the "Gibson Girl," was flown here Saturday in a naval amphibious plane to undergo treatment at Doctor's Hospital.

Gibson suffered a heart attack earlier this week at his summer home at Da-k Harbor, Me.

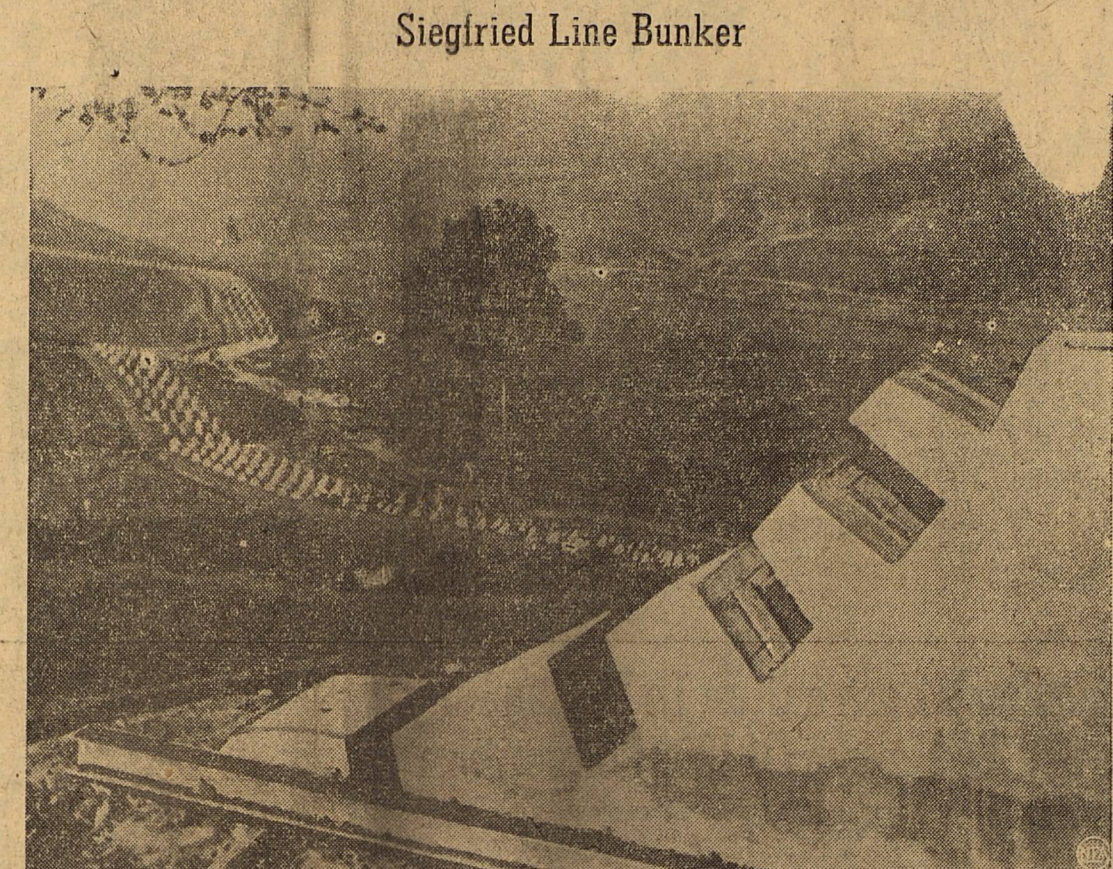

ONE 'JITTERBUG' LESS

MCCOOK, NEBR.—(AP)—Pfc. Ernest Oliver of Pittsburgh, Pa., completed a "jitter-bug" spin, reached for the hand of his partner, missed it and toppled out the second story window of a dance hall.

Today's War Map Of France

General Patton's forces are priming a push through the Moselle River valley at Metz. General Patch is nearing Belfort from south and British troops are nearing Rotterdam. Nazis are stiffening the Siegfried Line. (NEA Telegram.)

Once Germans were super-confident that the Siegfried Line would stop any army invading Germany. With the sorry example of the famed Atlantic Wall before them, that confidence must be pretty shaky now. Photo above shows typical anti-tank barriers, stretching for miles through the Rhineland country—a key part of Siegfried Line defenses.

Red Forces Take Port Of Burgas

By W. W. HERCHER

LONDON—(AP)—Russian forces sweeping 100 miles into Bulgaria Saturday occupied the big Black Sea port of Burgas, only 30 miles from the Turkish frontier, as Moscow announced the end of its short-lived war with Bulgaria.

Members of the Black Sea Fleet under Admiral E. S. Otkrybsky, Sevastopol hero, aided in the seizure of Burgas, 32 miles south of Bulgaria's other main seaport, taken Friday.

In one of the shortest wars in history Soviet troops were ordered to cease military operations against Bulgaria effective at 10 p. m. Saturday night, "in view of the fact the Bulgarian government has severed relations with Germany, declared war on Germany, and asked the Soviet government for an armistice," said the broadcast Moscow statement.

80 Miles From Greece

The occupation of Burgas put the Russians under Gen. Feodor I. Tolbukhin, Third Ukraine Army commander, only 80 miles from Greece in the swift drive to annihilate or capture 250,000 Germans, estimated to be cut off in that country and Yugoslavia.

The Bulgarians are estimated to have 20 good divisions which they can hurl into the battle against their former comrades-in-arms, the Nazis, and with the seizure of Burgas the Russians have another valuable port with which to quicken the conquest of the Balkans.

Berlin announced that the Red Army had begun a new offensive in Southern Poland aimed at Krakow, last big bastion guarding the invasion path into German Silesia, and the Russians announced rapid gains in Northeastern and Central Rumania in the drive on Hungary, last big Axis satellite nation.

Seize 100 Villages

Gen. Rodion Y. Malinovsky's Second Ukraine Army units moving toward the plains of Hungary advanced 34 miles in 24 hours from Sibiu in Transylvania, taking the rail city of Alba Julia, only 108 miles from the prewar Hungarian frontier.

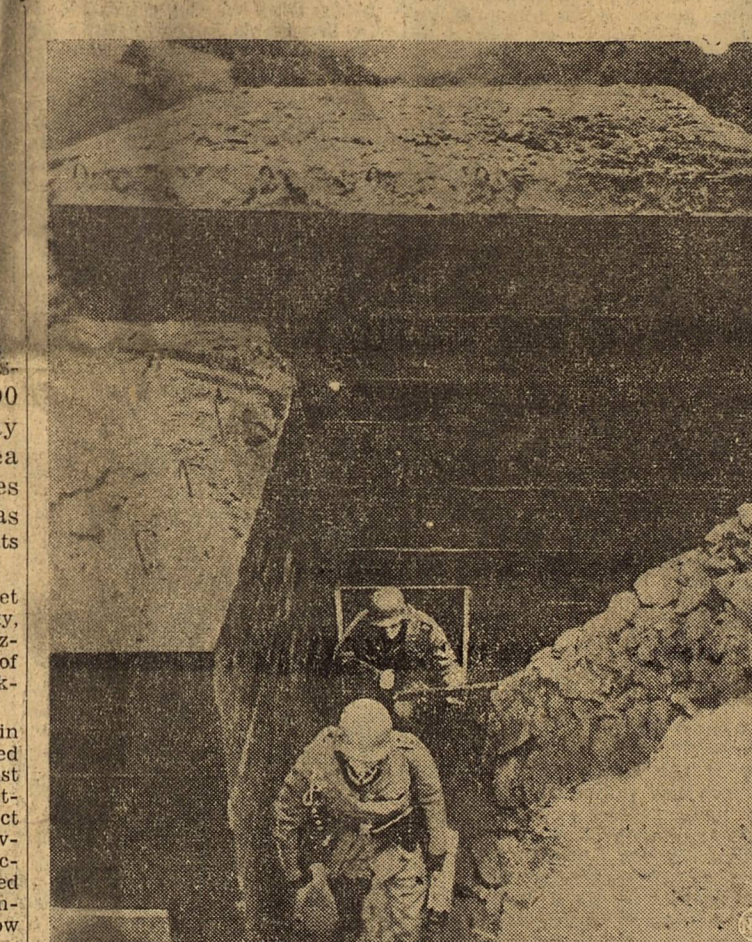

To the northeast the Russians seized 100 villages and towns as they battered down the German-Hungarian defenses along the eastern rim of the Carpathian Mountains. Among the places taken was Targu-Sacuse, 17 miles inside Hungarian-held Transylvania, and 34 miles northeast of Brasov.

Berlin said the new drive in Poland toward Krakow was strongly supported by tanks and artillery and admitted Russian breaches.

Krakow is only 48 miles from Germany, and Berlin said the Russians were attacking in the area of Krosno, 83 miles southeast of Krakow, and near Debica, 63 miles east of the stronghold.

Northeast of Warsaw thousands of Soviet big guns slowly were reducing a formidable Axis belt of concrete fortifications in the drive toward German East Prussia.

Siegfried Line Bunker

At last Germans will have a real test of the vaunted "impregnability" of their great Siegfried Line. Concrete "underground" fortresses, like that above, stretch from the Swiss to the Dutch borders, sometimes as much as 40 to 60 miles in depth behind the German frontier.

700 Welders On Strike At Todd-Houston Yards

HOUSTON—(AP)—More than 700 welders and burners failed to report for work at the Todd-Houston Shipbuilding Company Saturday in protest of a National Labor Relations Board refusal for a hearing on re-election of a bargaining agent, and production at the yard was cut more than 15 per cent during the day, Col. Ike Ashburn, industrial and public relations director for the yard, announced.

The move, which labor officials said had been brewing since an election at the yard nearly two years ago, came on the heels of the N.L.R.B.'s refusal of an appeal made by the welders and burners.

After a meeting of several hundred employees Saturday, a statement was issued saying that the men and women will not return to work until the N.L.R.B. sets a date for a hearing of the re-election.

Ashburn, terming the workers "victims of union and federal bureau relations," said the yard has no move to make in the dispute which is strictly between the workers and the N.L.R.B.

Big Spring Child Killed By Automobile

BIG SPRING—(AP)—A. G. Cawthorn, Jr., 10, was killed Saturday when he was struck by a car on highway 87 seven miles north of here.

Amphibious Patrols Land On Soepiori With No Opposition

GENERAL HEADQUARTERS, SOUTHWEST PACIFIC—(AP)—Amphibious Allied patrols landed on Soepiori island off Biak, in Geelvink Bay, and consolidated their position with no opposition, headquarters announced Saturday.

The landing further consolidated Allied positions in Geelvink Bay, off Northern Dutch New Guinea, where American forces also hold Noemfoor and Owi islands. Airfields are maintained on all the occupied islets, including Biak.

Soepiori lies westward of Biak, from which it is separated by a narrow channel. Biak, the largest of the Schouten group, was invaded late last May. It is approximately 120 miles east of the by-passed Japanese base at Manokwari.

A Navy B-24 bomber sank or badly damaged a coastal vessel and two small freighters at Davao Thursday. Liberators cascaded 150 tons of bombs on Manado, Northern Celebes, Wednesday night setting fire to oil dumps and causing widespread damage.

Tokyo broadcasts said 60 Allied planes participated in a raid Wednesday on Manado.

A strong force of Liberators, Mitchells and Lightning fighter planes hit airbases and gun positions on Halmahera Thursday. There was no aerial opposition.

(This continuation of neutralization attempts against Halmahera, southern guardian of the Philippines, also was reported by Tokyo which said 50 planes participated.)

Weather Fair.

Nazis Battle Three Armies In France In Showdown Struggle

By HOWARD COWAN

SHAEF—(AP)—Picked troops of the U. S. Third Army fought in a storm of artillery fire Saturday night to hold a bridgehead on the Moselle south of the French city of Metz as the Germans sallied from their menaced Siegfried Line to give battle to three Allied armies closing for the showdown struggle for the Reich.

In Northern Belgium the British Second Army hammered out a second crossing of the Albert Canal and fought against fresh German reserves toward the weakest link in the Siegfried Line north of Aachen.

The American First Army was pounding down the last 18 miles to the German border from the Belgian citadel of Liege and probably was within heavy artillery range of the line's outlying positions, although its movements were enveloped in secrecy. The Germans said they had thrown in fresh troops here, too.

30,000 Strikers Now Tying Up U.S. Production

By The Associated Press

Although workers voted to end one major work stoppage Saturday and partial resumption of production was reported in a second, more than 30,000 workers still were idle Saturday night in 10 labor disputes throughout the nation.

Members of a CIO-United Automobile Workers local voted to return to work at the Dodge Chicago plant, makers of B-29 Superfortress engines, after a mass meeting addressed by Army Air Force officers and union officials. The latter described the stoppage as "definitely unauthorized." The walkout was in protest against promotion of an employee who the union said did not have sufficient seniority.

Willow Run

At the Ford Willow Run plant in Detroit, a spokesman for the company said production of B-24 Liberators was resumed "on a small scale," with about 50 per cent of the 15,000 employed on the day shift back at work, leaving a total of about 22,500 idle on all shifts.

Fourteen West Virginia coal mines were closed, with a total of 6,100 miners idle, in a dispute involving demands by mine supervisors for company recognition of their union.

Other labor disputes included stoppages at the Fullman Standard Car manufacturing plant, Birmingham, Ala., where 926 were idle; R. H. Macy Co. warehouse, Long Island, N. Y., 800 idle; Fairfield Steel Works, Birmingham, and Mosher Steel Co., Houston, Texas, 300 each; International Mines and Chemical Corp., Mount Pleasant, Tenn., 220; Harvey Spring and Forging Co., Racine, Wis., 170, and Walsh-Kaiser Shipyards, Providence, R. I., 60.

At the border of Luxembourg, and 32 from Germany. Another First Army force took Ecouvieze, village on the rim of the old Maginot Line in France a half mile from the Belgian border.

Capture Pompey

The Third Army in the Moselle River area took Pompey, four miles northwest of Nancy.

The heaviest fighting since Normandy was raging along the Moselle. As Lt. Gen. George S. Patton's forces plunged across the river at one small bridgehead, they were caught in withering artillery, mortar and machinegun fire from camouflaged forts, which waited to yank their landwards after the first wave was across.

(Continued on Page 3)

Former Senator James A. Reed Died Friday

ALPENA, MICH.—(P)—James A. Reed, former Missouri Senator, outspoken critic of presidents and once read out of the Democratic party for his fight against the League of Nations, died Friday at his summer home near Fairview, Mich. He was 82.

Stricken with a severe cold and services twice weeks ago, Reed was treated in an Alpena hospital, but returned to his 6,500-acre ranch last Sunday, where his condition became worse.

Lon M. White Is Killed In Accident

Lon M. "Salty" White, 63, a former resident of Midland, was injured fatally near Waxahachie, Texas, Thursday night in an automobile-truck collision. In recent years he has resided in Hillsboro.

The body will be brought to Midland Sunday by the Rudolph Funeral Home of Waxahachie and services probably will be held here Monday. Ellis Funeral home is in charge of arrangements here.

White was a brother of Mrs. Bill Glenn of Midland.

War Bulletins

LONDON—(AP)—Foreign Secretary Anthony Eden said Saturday victory over Germany was near, "but we still have the Japanese to deal with and mean to play to the full our part in bringing them to defeat."

DOVER—(AP)—The Dover area was shellied twice briefly at midnight Saturday by German coastal guns between Cap Grizniz and Boulogne

NEW YORK—(AP)—The Moscow radio Saturday night renewed its appeal to the Spanish people to oust the regime of Generalissimo Francisco Franco, the Federal Communications Commission reported.

WASHINGTON—(AP)—With the principal U-boat operating bases in the Bay of Biscay neutralized by Allied operations in France, enemy submarines have become "relatively ineffectual," President Roosevelt and Prime Minister Churchill said Saturday night.

Tuesday's Convention In Dallas May Easily Be Repeat Of 1892 Convention

By The Associated Press
Two fighting mad Democrats yelled keynote speeches simultaneously while supporters raised infernal din at a riotous Texas Democratic Convention.

Dallas, 1944?
No, Houston in 1892!
The "car barn convention" held in the street railway company's sheds in August of that year, split Texas Democrats as wide as today's bitter Pro and Anti Roosevelt cleavage.

By the next day there were two conventions, and the November general election ticket bore two Democratic candidates for governor. Gov. James Stephen Hogg's reform crusade split the party.

A national presidential ticket is the issue in 1944, as delegates head for Dallas and the State Convention of Sept. 12, which is the second convention the party has held this year.

But in 1892, when the state convention still nominated the candidate for governor, the fight was over Hogg and the man who opposed his re-election, George Clark of Waco, eminent lawyer, silver-tongued speaker—without a mike.

Aroused Violent Opposition
Hogg had aroused violent opposition among some elements of the Democratic party by his anti-corporation crusade. Clark attacked him on grounds the governor would throttle the railroads and other industries essential to Texas' growth.

In those times when a man had a mustache cup and a personal mug at the barber shop a battle cry was the thing. Political talk was more personal, perhaps less polite than today.

"Turn Texas loose!" shouted Clark supporters. "Hogg and The Commission!" replied the governor's adherents, referring to the railroad commission established at Hogg's insistence.

For eight months the fight grew, then Hogg and Clark went to Houston for the Aug. 16 convention. Contesting delegates were there from Dallas, Tarrant, Harris, and other counties.

The car-barn convention hall was packed when N. W. Finley, chairman of the state executive committee, rapped for order. He appealed for harmony, and the discord began.

Hogg forces nominated John L. Shepherd of Comp for temporary chairman and keynoted. Jonhthar Lane of La Grange, who called Hogg "Texas' only two-legged hog" was the Clark choice.

A pre-convention poll had indicated Hogg forces would be in control. Clark supporters looked toward victory in voice votes. Hogg leaders charged that about 300 Waco supporters of Clark, not delegates, were in the barn to swell the voice vote.

Moved For Voice Vote
The man who nominated Lane moved the election by voice vote. Hogg forces yelled protest. Both factions staged noisy demonstrations. Finley ruled a record vote would be taken. It required an hour.

As Finley announced that the Hogg candidate had won 577 to 449, a Clark leader announced that Lane was duly elected by voice vote.

Clark delegates started toward the platform, but police blocked them.

Connally Applauds Dewey's Statement

WASHINGTON—(AP)—Gov. Thomas E. Dewey's foreign policy speech was applauded Saturday by Chairman Connally (D-Texas) of the Senate Foreign Relations Committee who declared advocates of an international peace organization "welcome the support of the Republican presidential nominee."

"I am immensely gratified at Governor Dewey's declaration in behalf of the international organization to preserve world peace," Connally said in a statement. "It is most pleasing to observe his expressed desire that this vital subject shall be approached from a non-partisan standpoint."

"The peace of the world—and that means the peace of the United States of America—transcends party and factional disputes."

The plimsoll line is a load line on British merchant vessels indicating legal limit of submergence by weight of cargo.

ulists, who were developing amazing strength.

A week or so before the election the Post backed up its predictions of a Hogg victory with a bold-faced page one announcement: "\$10,000 on Hogg's election in sums from \$100 up to suit. Clark blusterer can up or shut up." This challenge was carried every day until the election, accompanied by jibes at the Clarkites for not taking any of the wager.

The campaign reached a climax in a joint debate between Hogg and Clark.

Hogg led Clark 190,486 to 133,395 while Nugent polled 108,483. Both Hogg and Clark were listed on the ballot as Democrats.

Army And Marine Generals In Row Over Fight Tactics

WASHINGTON—(AP)—A disagreement over campaign methods was reported Saturday night to have preceded the decision by Marine Lt. Gen. Holland M. Smith, commanding all American forces on Saipan, to relieve Army Maj. Gen. Ralph Smith of his command.

The Marine general, in response to questions, said at a news conference Saturday that he had been "forced" to relieve General Ralph Smith from command of army forces in the Saipan operation, but declined to relate the circumstances. "Won't Pass Buck"

"I am not given to passing the buck," he said, "but as you seek details concerning this incident, I remind you that General Smith is an army officer and I must refer you to the war department."

The War Department promptly fessed back to the Marine the question of whether any public explanation was to be made.

There the matter stood officially, but the account circulating in military circles was this:

The two generals disagreed on methods of conducting the campaign. The Marine favored quick hard drives to end it as promptly as possible. The Army man advocated a slow, more cautious campaign.

Army General Smith, 50, was given the Legion of Merit last April for his training and direction of army troops which took part in the capture of Makin in the Gilbert Islands and Eniwetok in the Marshalls. From Saipan he returned to Honolulu and it was announced in July of this year that he had been given command of an Infantry division in Hawaii.

Marine General Smith is commander of the Fleet Marine Force in the Pacific.

PAGING THE DENTIST

RED LODGE, MONT.—(AP)—May-be there's something in a name. Fisherman Don Fox went to Bear-tooth Lake and hooked an Eastern Brook Trout with two fully developed lower jaws, complete with teeth.

KC MEAT DIET

KANSAS CITY, KANS.—(AP)—Looks like a fancy banquet coming up somewhere in this area. Charles Fisher, who has a meat market, reported to police that 45,000 ration points, good for 9,000 pounds of meat, disappeared from the pocket of a coat he had left in the back of a truck.

Congressmen Torn Between Two Fires

WASHINGTON—(AP)—Congressmen, homesick for the hustings in this campaign year, were torn Saturday between the urge to take a recess and the fear of quitting with postwar work undone.

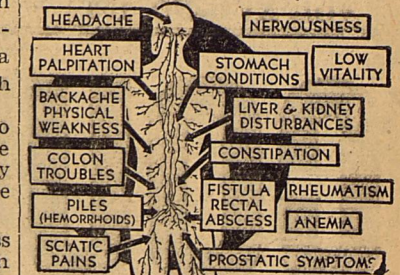

"Some of us are afraid not to go home to talk to the voters," one Senator put it, "we are equally afraid the voters won't listen if we leave now."

Principal obstacles to a recess until after the November election are two bills, one setting up an Office of War Mobilization and Reconversion the other providing machinery for the disposal of upwards of \$100,000,000 worth of war-accumulated surplus property and materials.

Passed by both houses in widely different forms, they have been four days in joint conference committees where snail-like progress toward compromises threatens to hold up final agreements another week or ten days.

How Soon Is Practicable?

Washington newspapermen were finally admitted to the mystery-shrouded precincts of Dumbarton Oaks after a week of what Undersecretary of State Stettinius called "reticence on the part of the international organization conference. They heard a statement of general agreement which the delegates had reached, along with Stettinius' apology for the "reticence."

They learned that the conference had decided on an international assembly of peace-loving nations, a smaller council with limited authority, and an international court of justice. This was encouraging but hardly startling. Substantially the same agreement had been reached in the Fulbright and Connally resolutions and the Democratic and Republican platforms.

It is good to know that the international conference has started down a logical and obvious road toward world peace. But if these foregone conclusions sum up the first week's accomplishments, the conference thus far could scarcely be called fruitful.

Have any further agreements been reached? Apparently "reticence" would forbid their disclosure. Stettinius defended this reticence by invoking other secret sessions, from his Constitutional Convention of 1787 to present-day congressional committees and political platform drafters. He emphasized that the only difference between such sessions and Dumbarton Oaks is that the latter is "a matter of international as well as domestic concern."

But that is a great difference. Platforms and laws are subject to popular approval, either directly or through elected representatives. Treaties are subject to open debate. In no case is there danger of secret national commitments.

This is not to say that there have been such commitments at Dumbarton Oaks. But it would have been nice to have had from Stettinius a thumping, forthright declaration of denial. There was no such assurance. Instead, the undersecretary emphasized the confidential nature of expressed opinions. He implied that there was no choice between a detailed transcript of discussions and the very general statement issued. He quoted Secretary Hull's statement that, after discussions by all United Nations governments, conclusions would be made available for public study and debate "as soon as practicable."

And how soon is practicable? It may annoy diplomats that the ordinary people who pay for wars suffer from them and die in them would like to know. But the question is not unnatural.

Turn To The Left

A former Romanian diplomat in this country predicts that postwar Europe will adopt a modified socialism and proceed by stages to full socialism. Word from France is that the people's political temper is "not communitist, but far to the left." The Dutch underground has notified the government-in-exile that the people favor a form of socialism under the crown. Sweden already has a good start toward state-socialism.

All of which should be the signal for a lot of Americans to start looking for a deep storm cellar. A swing to the left if the natural reaction of a Fascist-dominated Europe, even in those countries where fascism was not actually in control. A swing to the left is also natural in a group of countries which still has a peasant class, and other barriers which breed poverty and discontent.

It is not accidental that the United States has achieved its high standard of prosperity and comfort under a system of private capitalism operating in a free democratic republic. The system has its operational faults and abuses, but basically it is strong, popular and successful.

What we need now is a sound plan for putting that system back on a peacetime basis with fewer faults and abuses than it had before, and a willing and co-operative belief in it by all of us who must make it work.

Fill that need—as it undoubtedly will be filled—and we need not go looking for red bogeymen under the bed.

BUY WAR BONDS AND SAVINGS STAMPS

Appeal To Spain

Moscow's radio appeal to the Spanish people to oust the Franco government and break with Nazi Germany is in violent contrast to Prime Minister Churchill's almost fulsome defense of the Franco regime a few weeks back. Somehow we think that most Americans will prefer the Russian attitude.

This attitude may violate the letter of the Atlantic Charter. It may be construed as interference in a country's domestic affairs. Granted that it does both, it may well turn out to be the most humanitarian attitude in the end.

We cannot build a new and better world until we have eradicated the cancer of fascism from the old. The past decade should have proved that to us beyond question. If there were reasons of expediency for playing ball with the Franco regime, they no longer exist. The Nazi threat through Spain is removed. It is time, and it should be possible by non-military means, to break the last Fascist hold on Europe.

Long Island Socialite In Jail On Jewel Count

RIVERHEAD, N.Y.—(AP)—Socially prominent Mrs. Job Taylor 2nd, charged with stealing \$27,000 in jewels from friends while a guest at their homes, remained in Suffolk County jail Saturday as District Attorney Fred J. Munder sought an exact appraisal of the jewelry.

John Hulsen, chief investigator of the district attorney's office, said a jewelry expert had been engaged and his report would determine the amount of bail Munder would ask to be set in court Monday.

Stanley Fowler of Riverhead, her attorney, said he believed Mrs. Taylor, accustomed to wealth, became involved in financial troubles after her husband entered the Army and apparently regarded the alleged thefts as "borrowed money."

Some of the jewels have been recovered, Fowler said, adding that he was certain full restoration would be made.

Maybe The Next Thing Will Be An Army Class In Mental Telepathy

DENVER (AP)—A private spoke up Saturday and claimed that the Army would find it safer to use hypnotism than codes in transmitting valuable information.

Hypnosis is a "marvelous tool for our espionage and counter-espionage forces," said Pvt. Lee Burchell of Lowry field, who in civilian life was a professional magician from Randolph, Mass.

Declaring that codes can be deciphered, Burchell told an interviewer the secrets couldn't be unlocked if a messenger were hypnotized, given the information orally and told no one could hypnotize him except a certain person at his destination.

In Like A Lion Out Like A Lamb Describes Benito

LUGANO, SWITZERLAND (AP)—Benito Mussolini, gaunt and ravaged by illness, is reliably reported to have called for a priest recently to hear his confession.

The priest is reported to have visited the former Duke of the Italian Empire at his home on Lake Garda.

Mussolini's health is said to have declined to such an extent that he is refusing further medical attention as useless and resorting to hypodermic injections whenever it is necessary for him to meet people.

Reich Groaning Under Steady Allied Force As End Approaches

By KIRKE L. SIMPSON Associated Press War Analyst

The last outpost of Hitler's roofless Reich are groaning under mounting Allied-Russian pressure, east, west and south. There is every indication that long before the first snows, of consequence, fly anywhere in Europe, the decisive break will come somewhere and the United Nations march to Berlin begins.

Trace out on any European map the extent of the front that dwindling German manpower with waning war stocks and an all but impotent air force are trying to hold. The fact that the strain is fast rising to a breaking tension is too clear to be missed. That front cannot be more than thinly manned anywhere.

That is the genius of the Russian-Allied master plan of cumulative, all-round attack hatched at Teheran and only now coming into full play. It was the factor in the situation toward mid-September that prompted War Secretary Stimson to indicate his own belief and that of Allied joint military staffs that the end is almost in sight in Europe.

He said that effective forces available to the enemy "seem insufficient for the task of prolonged defense." It was to arrive at just that condition that the Teheran Russian-Allied military commitments were framed, the timing schedule for each phase of the cumulative assault on all fronts worked out.

One Nazi Army Idle While based comrades to the east and south stumble backward under Allied and Russian blows of steadily mounting scope and power, strong Nazi forces must stand restive and idle along the northern coast line from the north cape of Norway to the Sheldt estuary in Belgium.

They are pinned to their defense stations, uncertain what new avalanche of Allied power will sweep down upon them in Scandinavia to bring them to action.

For all practical purposes those German troops are as much out of action for any other purpose as if penned in Allied war prisoner cages. At this September weekend, there was ominous evidence for the foe that for all his bitter retreats in the west, the east and the south, the German fronts, his last barriers beyond German frontiers on all three fronts were about to be caved in.

Only Three At Front Yet only three at most of the half dozen or more Allied armies available for the final blows in the west have yet reached the front in force. The others, the Canadian Army in the north and the Franco-American Seventh Army in the south still are busy mopping up as they advance methodically to their assigned stations. Eisenhower's massed air army was somewhere awaiting his call to action.

By German report, a powerful Russian reconcentration of forces in the critical Vistula-Bug Narow section in Poland just above Warsaw is hammering its way close to a break-through down the Danzig corridor.

That it is a hand-picked force equipped for swift blitzkrieg operations once the break-through north of the Vistula has been achieved goes without saying. At this moment it is there, in North-Central Poland, that the first decisive rupture of frontiers of the Reich itself seems most apt to come although an Allied news blackout on immediate developments on the Moselle-Meuse-Sheldt fronts in France and Belgium at the weekend held significant portents.

Byrnes Recommends 40 Per Cent Civilian Increase After V-E

By D. HAROLD OLIVER

WASHINGTON (AP)—War mobilization Director James F. Byrnes, reporting plans are well advanced for a vast industrial reconversion after the defeat of Germany, recommended Saturday night that it be accompanied by a general return to the 40-hour week and lifting or easing of many existing economic controls.

In a 7,000-word report to President Roosevelt, he reviewed the plans made for a 40 per cent cut-back in war production after V-E (Victory in Europe) Day, and a swift shift of released workers and machines to output of goods for the home front.

"It is necessary that the government plan now to spread the work," he said, but declared that fears of prolonged unemployment following V-E Day are "exaggerated."

"We will speedily return to civilian production," he declared. "The pent-up demand for goods will come from a people who have the money with which to buy them."

But prices of many of those civilian articles not now in production, such as autos, radios and refrigerators, probably will have to be higher than in pre-war years because of increased labor and material costs, Byrnes added.

He disclosed that officials are working on price ceilings for such articles and will calculate them on the basis of pre-war costs plus a percentage prior to increase. The formula for determining the price increase will be announced in about 10 days.

CIO Wants Same Pay For 40 As 48 Hours WASHINGTON (AP)—The CIO, anticipating the end of the war with Germany will see many workers returned to a 40-hour week, called Saturday for the same pay for 40 hours' work as has been paid for 48 during wartime.

'Impregnable'—Until Yanks Came

Pity the poor Heibies who were snug in this concrete pillbox in France, confident that it was "impregnable." Yank tank gunners made Swiss cheese of it.

Germans -

(Continued from Page 1) American artillery thundered in reply. As the battle mounted in fury, more U. S. batteries were wheeled up to add to the earth-shaking barrage descending on the troops.

From the sudden resurgence of enemy resistance after the disasters in France and Belgium, it seemed clear that the German high command has elected to fight now, rather than wait for the lightning to strike in the outmoded system of fortifications known as the Siegfried Line.

From the resistance to the British push, and from the counterblow the Germans tried to deal the Third Army, it seemed clear that in the last 24 hours German strategists had decided to make the stand before the 400-mile belt of pillboxes and forts guarding the Reich's frontier.

More than 1,000 U. S. heavy bombers for the second straight day plastered rail and industrial targets in the Ruhr and Rhine valleys, while deadly Black Widow American night fighters pounced on troop columns trying to move east across the Rhine under cover of darkness.

The big German counterattack against Lt. Gen. George S. Patton's north flank rolled out of Luxembourg through the enemy stronghold of Thionville and apparently to come behind the Third Army fighting before Metz and its bridgeheads across the Moselle river to the south.

Fighting became wild and so confused that even generals were firing point-blank at the enemy, but when the last shots died away the forests were strewn with wounded and the holks of 30 tanks of the force of 40 which paced the attack.

More than 700 prisoners were taken within a few hours.

U. S. Embassies Reopened In Paris And Brussels

WASHINGTON (AP)—American diplomatic and consular officials have been ordered to Brussels and Paris, the vanguard to full diplomatic representation later on in regions closed four years by Nazi occupation.

The State Department announced Saturday it is sending a charge d'affaires to reopen the embassy in Brussels.

Ernest Mayer, Secretary of Embassy in London was ordered to Brussels to reopen the Embassy immediately and serve as charge d'affaires until an ambassador is appointed.

FDR Rushed Victory Conference Plans For Canadian Meet

By JOHN M. HIGHTOWER

WASHINGTON (AP)—President Roosevelt rushed preparations for his Quebec Victory Conference with Prime Minister Churchill Saturday, gathering from cabinet members and diplomats advice and information on a wide range of European political and economic subjects.

This weekend promised to usher in a climatic period of military and diplomatic activities unparalleled since the Roosevelt-Churchill-Stalin meeting at Teheran nine months ago.

With Allied armies pounding the walls of Germany, some military men here believe that the final great battle of the European war—the battle to crack the so-called Fortress of Germany—is at hand.

In the talks at Dumbarton Oaks, now drawing to a close, the period will see British-American-Russian agreement on the organization to maintain a new era of peace.

Decision on Japan Expected And in the Roosevelt-Churchill conference it is almost certain to produce decisions on the final course in the war against Japan as well as on solutions for war and problems in Europe.

Saturday Mr. Roosevelt saw Secretaries Hull of the State Department, Stimson of the War Department, and Morgenthau of the Treasury. He had asked the three to gather for him information on problems involved in the occupation of Germany and in the arrangement of European economic affairs, especially in the critical transition period immediately after the war.

It was learned definitely that Mr. Roosevelt expects to discuss these matters with Prime Minister Churchill although in the absence of Marshal Stalin they cannot reach final decisions since the liquidation of the European war is regarded as a three-power undertaking primarily.

Mr. With Special Cabinet The chief executive had met with his special cabinet committee twice before this week and also had seen earlier in the week the big four of the military high command—Generals George C. Marshall and Henry H. Arnold and Admirals William D. Leahy and Ernest J. King.

He brought himself further up to date by meeting with the British Ambassador, the Earl of Halifax, who may have brought some last minute details on Mr. Churchill's plans, and also spent some time with Ambassador Robert Murphy, newly assigned to General Dwight D. Eisenhower's command preliminary to joining the organization now being created for the military government of Germany.

While it is generally predicted here that the President and the Prime Minister will be concerned in the main with military problems connected with the conquest of Germany and with shifting Allied forces against Japan, and Germany is defeated, there are several pressing political and economic issues which they also are expected to take up.

Norwegians Reported Leaving Homes In Mysterious Panic

LONDON (AP)—The German DNE agency broadcast Saturday night that "there is something afoot in Norway."

The agency was not very specific about just what the "something" was, but did say that the civilian population was leaving its homes wholesale and that panic had broken out in the northern province of Finnmark, with inhabitants fleeing to the south.

It was suggested in London that this might be an artificial panic induced by the Nazis to make room for the troops that now are pouring into Northern Norway from Finland.

Sweden announced Saturday that she had stopped transit of all German freight to and from Norway via Sweden, and that in the future only German sick or wounded would be allowed to pass through.

OPA Rules Loose 'A' Coupons OK

WASHINGTON (AP)—Filling station operations may accept "A-12" gasoline rationing coupons even though they are detached from the ration book, the Office of Price Administration ruled Saturday.

Explained OPA: applicants who are renewing their "A" rations may have to detach coupons to send in the back cover of the ration book. Until the amendment, it had been illegal for a station operator to accept loose coupons.

RAF Rockets Cripple Liner Rex

ROME (AP)—Struck by more than 120 RAF rockets, the 50,000-ton liner Rex was burning in the northern Adriatic off Trieste Saturday after fierce attacks by rocket-firing Beaufighters.

Reconnaissance pilots said the one-time queen of the Italian merchant fleet and Atlantic speed record holder was lying motionless with a 90-degree list to port as the result of hits below the waterline. Pilots said flames were roaring from all points of the ship.

An air force report said the Germans were believed to be preparing to sink the ship to block the Trieste harbor. While the liner was at anchor, coastal air force Beaufighters attacked.

"WE THINK IT BEST, PLEASE" NEW YORK (AP)—Mamoru Shigemitsu, Japanese foreign minister, told the Japanese diet Saturday that "the present realistic interest dictates that Japan and the Soviet Union remain neutral countries."

The Tokyo radio, heard by the office of War Information, quoted Shigemitsu as saying "it is our intention to keep on friendly terms" with Russia.

Allied Planes Attack Maniez

LONDON (AP)—More than 1,000 heavy bombers and 500 escorting fighters smashed vital German communication and industrial targets close to the western front combat zones Saturday.

A communique said 23 of the bombers and four of the fighters were missing. The attack, centering on freight yards near Mainz, Mannheim and Dusseldorf, was the third this week on the same general area from 50 to 100 miles ahead of advancing Allied armies, and containing rail networks through which the Germans funnel troops and supplies to the Siegfried Line.

Some of the bombing was visual, but in most cases the results were obscured, the Allied Supreme Headquarters said.

The daylight assaults followed RAF Mosquito night raids on Nurnberg and heavy raids Friday on oil plants at Ludwigschafen, rail yards at Karlsruhe and depots and factories at Kastel and Mainz.

Marshal Tito's Men Storm Into Zajecar

LONDON (AP)—Marshal Tito's Partisan armies, fighting toward the Danube, stormed into the river and highway town of Zajecar in Eastern Serbia Saturday in a drive carried within six miles of the Bulgarian border, the Free Yugoslavia radio announced.

A special broadcast communique said Tito's forces now were within 30 miles of the Danube. Zajecar, on the Turnok River, is approximately 50 miles south of Turnu Severin, the Romanian frontier city where the Russian Army this week first reached the Yugoslav border.

Zajecar was defended by 4,000 Germans, "Mihalovic Chetniks" and Nedics (puppet troops), the communique said, adding that more than 1,000 of these were captured and that hundreds lay dead in the streets.

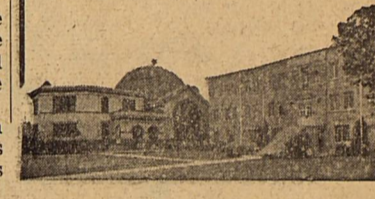

Villagers and miners in the region broke out flags and threw flowers at the 14th Serbian Corps after its conquest.

British WAAF Credited With Spotting Robots

LONDON (AP)—The Air Ministry announced Saturday that a feminine officer, F/O Constance Babington-Smith of the WAAF, was the expert interpreter who first spotted the flying bomb model in reconnaissance photographs of the Germans' Fennemunde experimental station 18 months ago.

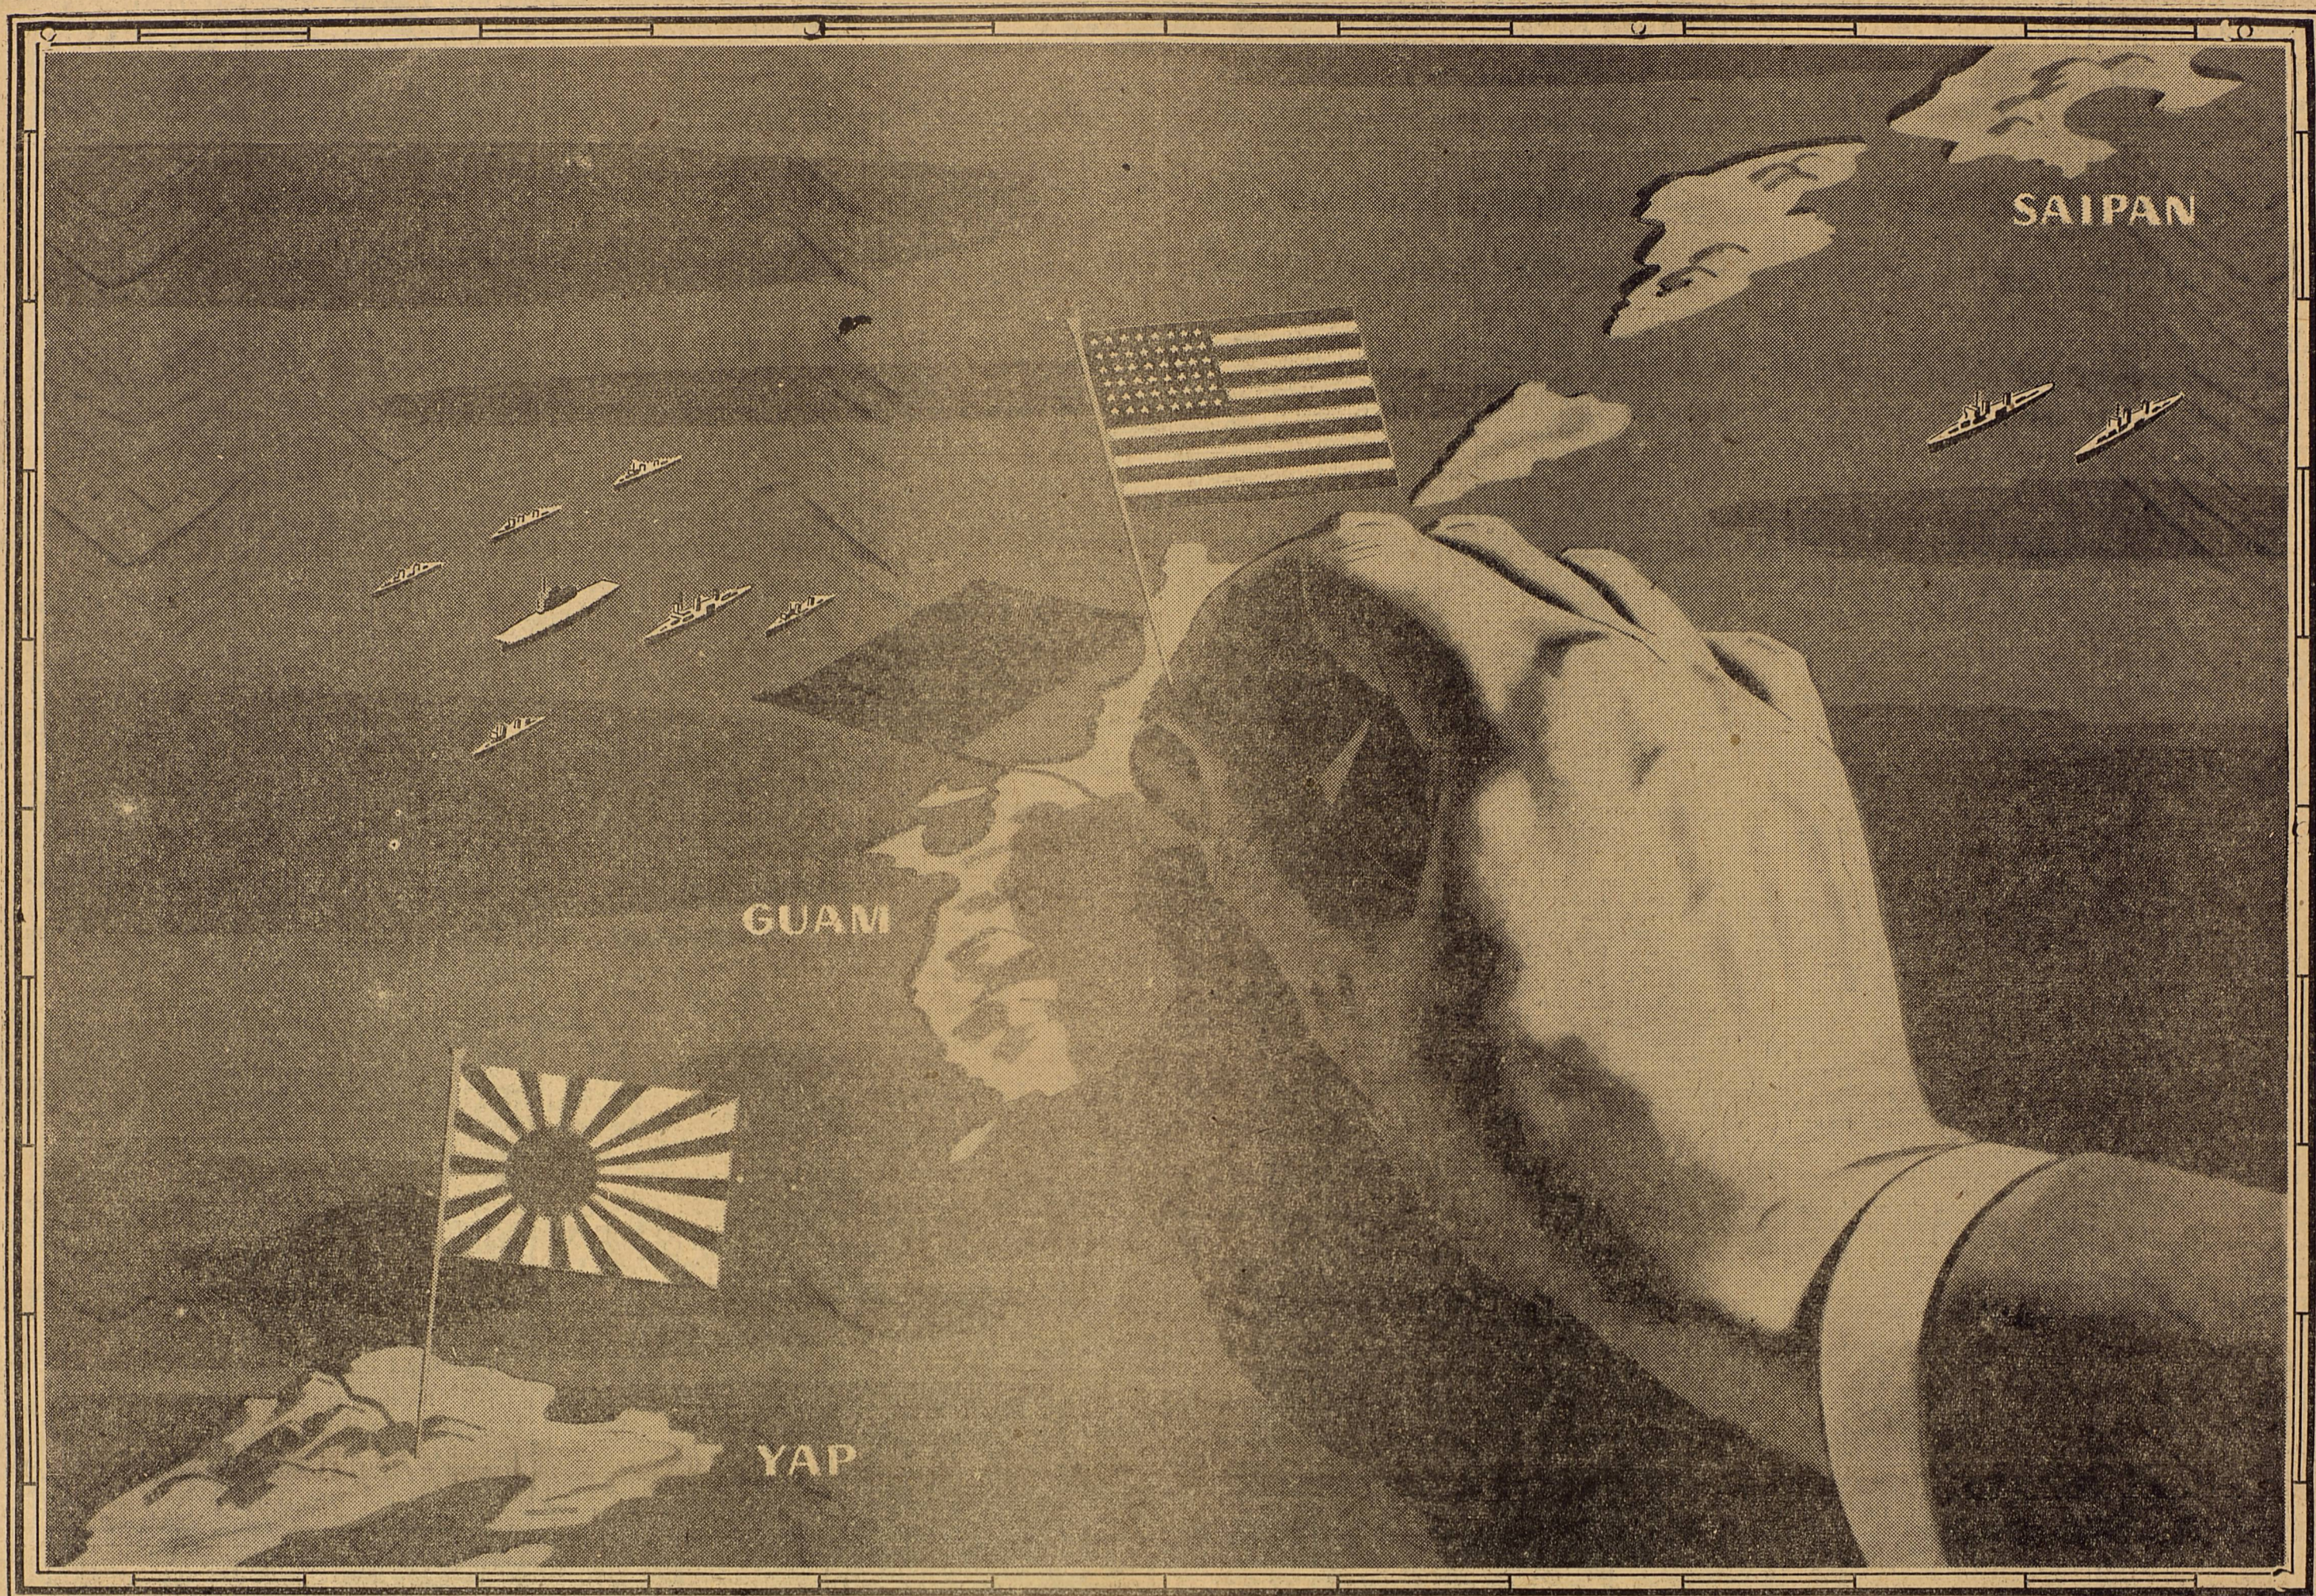

Daughter of the late Sir Henry Babington-Smith, she has been in the WAAF since 1940. It was her clue which unleashed Allied aerial might against the robot supply centers and bases, set army intelligence workers afoot and led to the building up of the huge organization of spotters and anti-aircraft defenses which won the battle of London.

The Star Spangled Banner "By the dawn's early light" a young American patriot inspired by the sight of our red, white and blue flag flying over a battlefield—found in his heart the words which generations of Americans after him have learned to sing with reverence. The Star Spangled Banner was composed in 1814, and its words ring as true during the present conflict. "And this be our motto, 'in God is our trust!' And the star spangled banner in triumph shall wave o'er the land of the free and the home of the brave." How overwhelming would Francis Scott Keys joy have been, could he but have known that his song was to become the national anthem of the land he loved so well and in which he had such strong faith! How richly he merits our dedicating an added War Bond purchase to our nation in his name—on the anniversary date of his writing the Star Spangled Banner... How much does it cost to move a pin?

On a war map of the South Pacific, the little red-white-and-blue pins march steadily westward.

Tarawa . . . Makin . . . the Marshalls . . . Saipan . . . and each move brings the pins closer to Tokyo.

Each move is mighty expensive business. The cost is high in dollars . . . the cost is high in men.

To plant the Stars and Stripes on Saipan cost the lives of more than 2000 American boys . . . plus some 12,000 wounded and missing.

Naturally, these losses cannot be summed up in dollars and cents . . . there is not enough money in the world to bring back 2000 dead Americans.

But in guns, ammunition, and other equipment, it is estimated that Saipan cost us many millions of dollars. Each of the many steppingstones remaining between our forces and Tokyo may cost as much or more.

Where is the money coming from?

It's coming from you, and millions of Americans like you . . . from the taxes you pay, and from the War Bonds you buy.

And while it may pinch a little, buying those Bonds is the smartest thing you ever did.

For the dollars you put in Bonds not only help win the war. They come back to you later—and bring more dollars with them.

In this postwar world we're going to build, they'll be the most valuable dollars anybody ever owned.

Get all you can of them—now!

Wildcats Staked In West Pecos And In Southeast Cochran; Oil Signs Are Found In Andrews In Champlin Test

By JAMES C. WATSON.

Locations for a Delaware horizon wildcat in extreme West Pecos County, and for a San Andres zone prospect in Southeast Cochran County, about three miles southwest of the closest production in the Slaughter field, were reported Saturday.

Phillips Petroleum Company No. 1 Manley, 660 feet from the east and south lines of section 217, block 10, GC&SA survey, is to drill to around 5,500 feet to explore for production in the Delaware. In the West Pecos area, material for the rig is being moved in.

Honolulu Oil Corporation No. 1-9 R. M. Hudson, 700 feet from the south and 1,866 feet from the west lines of section 9, block 1, ps1 survey, is the new Cochran exploration.

The test is on a block of 5,457 acres owned by Honolulu around the drillsite. Location is less than a mile north of the Yoakum County line.

Another In Andrews

Stanford Oil & Gas Company No. 3-F Midland Farms, 1,997 feet from the south and 1,982 feet from the east lines of section 1, block A, G&MME&A survey, in Southeast Andrews County, is a semi-wildcat which will drill to around 5,300 feet, starting Sept. 12, to look for production in the same strata as that which was discovered several months ago by the same operator's No. 1-F Midland Farms, 1,868 feet northwest of the new location, from above 4,900 feet. That well drilled ahead to 5,620 feet, and after failing to develop production in the middle section of the Permian is to plug back and shot the upper pay, and complete the well.

Champlin Refining Company No. 1-B University, section 5, block 11, University survey, Southwest Andrews County prospector, had reached 8,005 feet, in Permian lime, and was drilling ahead.

The project was cored at 7,980-94 feet. Recovery was four feet of dense, crystalline dolomite, with streaks of chert and with the bottom four inches showing fair to good staining, but with low porosity.

Slight indications of oil were reported at 7,960-75 feet, and at 7,985-8,000 feet.

Stanford Oil & Gas Company No. 1-D University, section 8, block 11, University, about one and one-half miles south of the Champlin wildcat, was making hole under 7,935 feet, in lime and chert.

Running Rather Flat

The two developments have checked rather flat on practically all formations, informed observers report. The Stanford project has practically assured a producer from the section in the lower Permian around 7,530-7,750 feet, while the Champlin prospector had interesting indications at about 7,135-7,260 feet.

The Texas Company No. 1-U University, section 41, block 9, University survey, lower Permian development on the east side of the Emma field, in Central-South Andrews, is preparing to drill out cement in the 7-inch casing, set on bottom at 5,375 feet. The zone from 5,300 feet, to the total depth, is due to be tested through casing-perforations.

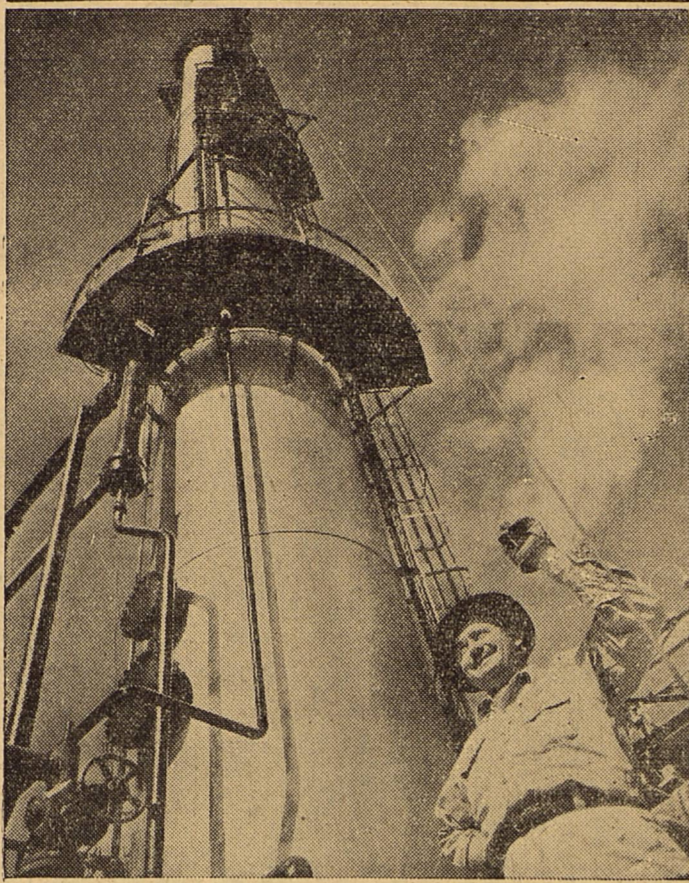

On a recent drillstem test this exploration had encouraging shows of oil and gas in 2,900 feet of drilling mud which was recovered.

British American Oil Producing Company No. 1 McCrea, section 1, block A-43, ps1 survey, one mile southwest of the southwest side of the proven area in the Fullerton field, in Northwest Andrews County, was bottomed at 7,043 feet, in lime, and was to run a string of casing to about 6,375 feet.

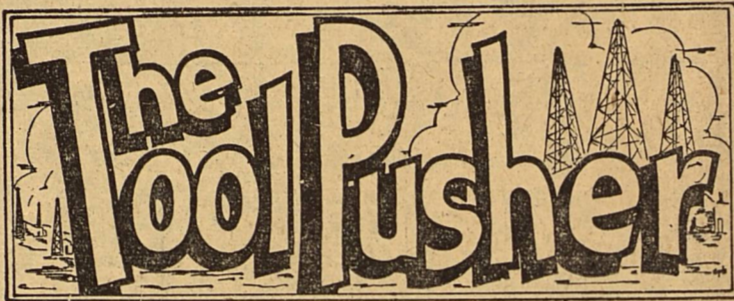

The section between that point, and total depth, which has indicated possibilities of production in streaks, in cores through that horizon, will be tested.

Shell Oil Company, Inc., and Cities Service Oil Company No. 1 TXL, section 7, block 45, TP survey, T-1-S, West Ector County lower

TOKYO PAPERS PLEASE COPY!

MILLIONS MORE GALLONS of 100-octane aviation gasoline for Uncle Sam's super bombers blasting Japan's war industries will flow from this huge plant recently completed by The Texas Company on the Pacific Coast. This rounds out a nationwide program of refinery expansion by Texaco to meet vast wartime demands. Officials say the new plant is also capable of producing new super aviation fuels, even more powerful than 100-octane, as soon as the armed forces give the go-ahead signal. Photo shows part of giant super fractionator tower.

By JAMES C. WATSON, Oil Editor

REGENT NEW SUN HEAD; OTHER NEW MEN ADDED

—J. E. Regent, formerly in the Dallas headquarters of Sun Oil Company, has come to Midland as West Texas-New Mexico manager for the company.

—He will coordinate all departments of the organization in this area. It is indicated that Sun's program in the Permian Basin will probably be "stepped up."

—Randall Harris is another new man. He will work with C. M. "Charlie" Chase, on the scouting detail.

—Dudley Cardwell is coming in a few days to be the new district geologist.

—The company probably will enlarge its offices in Midland as soon as larger quarters can be secured.

—"Dell" Crosby, Houston, chief scout for Humble Oil & Refining Company, was reported in this area last week. He must have been looking for something "hot," for he made very few public appearances.

PLANS FOR VOCATIONAL CLASSES TAKING SHAPE

—Final preparations are under way for the opening of vocational evening classes for oil company employees in Midland and Ector counties early in October as a result of a joint meeting in Odessa last week of representatives of Midland and Odessa public schools, Permian Basin Engineering Association, West Texas Geological Society, and the Division of Extension of the University of Texas.

—Approval was given for the operation of fall and spring terms of classes in Odessa, Midland, and Goldsmith. Prospectus of the courses to be offered is being prepared for distribution to all companies operating in the area.

—Textbooks for the courses are being completed by committees of technical men and will be distributed to students in the classes without charge. No tuition will be charged, a small registration fee being only cost to men taking the work, it was announced.

—Enrollment will be limited by the shortage of instructors but every effort will be made to provide instruction for all who wish to enroll, it was said.

—Courses will be non-technical and adapted for study by employees with oil industry experience but without technical training.

—Attending at the meeting at Odessa were Robert I. Dickey, president, West Texas Geological Society; John M. Hills and George Gibson, all of Midland; Lewis Finch Jr., president, Permian Basin Engineering Association; John Wagner, Stanolind Oil and Gas Company; M. L. Atkinson, Phillips Petroleum Company; C. R. Smith, Cities Service Oil Company; Kye Trout, Gulf Oil Corporation; and Russell Hayes, Phillips Petroleum Company, all of Odessa. Finch and Hills are co-ordinators for the course for the public schools of Odessa and Midland, respectively. The University of Texas, Extension Division, was represented by John Woodruff of Austin.

—Announcement of instructors and class meeting places will be made about Oct. 1, Finch, chairman of the group, stated.

—Paul F. Barnhart, Houston, general manager for the petroleum operations of Frank and George Frankel, is spending several days in the Permian Basin district.

Humble's No. 1 Federal-Leonard Is Due To Encounter Ellenburger Soon

HOBBS, N. M.—Humble Oil & Refining Company No. 1 Federal-Leonard, section 12-26s-37e, Southeast Lee County wildcat, now drilling below 11,888 feet, in shale and sand, is expected by numerous observers to encounter top of the Ellenburger within the next week—possibly at any time.

The project has been in the Simpson, middle Ordovician, for about 300 feet. The Ellenburger is due under the Simpson, and whatever it shows will be of widespread interest.

Deepest Test In State

This test is the deepest oil exploration so far drilled in New Mexico. It is providing considerable sub-surface information, and it is hoped by the oil fraternity that it will divulge more information and some sort of oil production by the time it is completed.

Continental Oil Company No. 2-B Skaggs, section 23-20s-37e, another lower Ordovician exploration, two miles east of Monument, in East Lea, is digging past 9,430 feet in lime and chert. The operator expects to encounter Ellenburger before drilling to 11,000 feet.

Gulf Oil Corporation No. 1 Drinkard, section 30-22s-38e, in the Penrose district of South Lea, and also an 11,000-foot prospector, had reached 6,434 feet, in lime and was going ahead.

At 5,130-5,250 feet, a drillstem test was run and the recovery was 300 feet of gas-cut drilling mud with a slight show of oil.

Kelbina Is Coring

Humble No. 1 Federal-Kelbina, section 8-21s-38e, in the area north-west of Eunice, in East Lea, was coring below 7,352 feet, in lime. A core at 7,335-52 feet, recovered eight and one-half feet, with no shows. Contract on this developments calls for finding the Ellenburger or going to around 11,000 feet—whichever comes first.

Barney Cocksburn No. 1 Wyatt-sta, section 33-17s-38e, deep test about mile southeast of the Maljamar field, in West-Central Lea, had made hole to 6,839 feet in lime and chert, and was again shut down for rig repairs.

No reports have been released officially regarding tests on shows of oil encountered around 6,800-10 feet. Unofficial reports are that some

free oil was bailed from the hole.

Phillips Petroleum Company No. 4 Leamex, section 17-17s-33e, scheduled 8,000-foot wildcat, on the east side of the Maljamar area, had reached 2,825 feet, and was drilling ahead in anhydrite, topped at 1,345 feet.

Devonian Oil Company No. 1 Windfohr-State, section 25-11s-35e, about six miles northwest of Tatum, in Northwest Lea, had reached 4,700 feet in lime, which had been topped at 4,310 feet, and was shut down on account of lack of a crew.

The Texas Company No. 2 Swearingin, section 9-20s-34e, wildcat in the Tonto area of West-Central Lea, had penetrated below 3,780 feet in lime, and was going ahead.

Turner-Lovington Area

Several outposts to the Turner-South Lovington extension, in Central Lea, are approaching the expected pay section, and should develop oil shortly.

Magnolia Petroleum Company No. 5-R State, in section 5-17-36e, and one-half of a mile west of the initial producer in that region, had cemented 5 1/2-inch casing on bottom at 4,675 feet, in lime, and was due to drill out the plug and start ahead, in a few days.

Fred Turner's No. 2-B States, in section 4-17s-36e, and one location north of the initial producer, had reached 4,075 feet, in lime, and was halted to make machinery repairs.

L. H. Wentz No. 1-B State, also in section 4-17s-36e, and a west outpost to the initial producer, had made hole to 2,298 feet, in anhydrite, after cementing 8 5/8-inch casing at 1,964 feet, with 150 sacks.

Stanolind Oil & Gas Company No. 11-E, an east flanker to the discovery, had cored below 4,714 feet, in dolomite. Core at 4,660-70 feet, had a recovery of three and one-half feet of the section, with one foot of bleeding oil. Another core at 4,670-82 feet, recovered three feet of dolomite, with bleeding oil in spots.

Humble 1-P State, in section 9-17s-36e, south offset to the discovery for the extension, had drilled

past 4,592 feet in lime, and was drilling ahead.

DeKalb Agricultural Association, Inc., No. 1 Phillips, section 5-20s-38e, wildcat project in Skaggs area of East-Central Lea County, had reached 3,727 feet in lime. The Yates section was topped at 2,910 feet.

Putting In A Pump

Devonian Oil Company No. 1 State, section 32-17s-34e, about one mile west of the Vacuum field, in Central Lea, had tested after treating with a total of 7,000 gallons of acid in three stages in the pay section at 4,675-4,729 feet, and is now putting in a pump to complete. The well has produced for about two barrels per hour at times while swabbing.

Childress Royalty Company No. 1 Brown-State, section 32-20s-29e, wildcat in Eddy County, about 12 miles northwest of Carlsbad, has been plugged and abandoned at 2,550 feet, after encountering sulphur water at 1,867-70 feet.

DeBaca Project To Deepen

Frank Griggs No. 1 Steele, DeBaca County exploration in section 26-4n-24e, drilled ahead to 5,125 feet, in lime, and was trying to regain lost circulation. Top of the Permian section had been called at 4,440 feet from samples. It is slated to continue drilling.

Martin Yates No. 1 Kaiser, section 29-18s-27e, Northwest Eddy County exploration, two miles east of the Dayton field, had reached 1,379 feet in sand and was drilling ahead.

The Life of EISENHOWER

First Biography of America's Great General

Copyright, 1944, Ann Woodward Miller; Distributed, NEA Service, Inc.

IKE'S INVASION TEAM

MEET Ike's "Invasion Team" as it directs the invasion of Europe by air, sea, and land.

General Sir Arthur Tedder, Deputy Commander in Chief under General Eisenhower, is a Scot, 54 years old, described as "small and soft-spoken." Son of a nobleman, he is in direct contrast to Ike. He was graduated from Cambridge and for a time played professional rugby. A veteran of World War I, a flyer in France and Egypt, he settled down for life with the RAF, where he became Air Chief Marshal. His record in World War II has made him one of the greatest airmen of all times. It was under him that the RAF gained command over the Mediterranean and in the Middle East.

The keen-eyed, strong-featured man beside him is 61-year-old Admiral Sir Bertram H. Ramsey, commanding the combined naval forces under General Eisenhower. Son of a general, married to a colonel's daughter, his life has been devoted to the navy since he was 15 years old. The tremendous responsibility falls upon him to transport safely across the English Channel to the fortified coasts of Europe the huge armies engaged in the invasion. Known as "Dynamo" Ramsey, he brought about the miracle of Dunkirk.

When Eisenhower made his landings in North Africa, it was Ramsey who helped plan the landings and shared in command of the great armada of warships. He also was with Eisenhower in the Mediterranean when Sicily and Italy were invaded.

Salute the stern, strong face set with determination—Lieut.-Gen. Carl A. Spaatz, known as "Tooney" Spaatz, commanding the American Strategic Air Forces on the Western European invasion. Born in Pennsylvania 52 years ago, he

was at West Point with Eisenhower, graduating in 1914, one year before Ike. "Tooney" commanded the Northwestern African Air Force under Eisenhower.

His job is to cover the Allied Forces on the invasion.

The genial, smiling countenance we now look upon is a "devil on wings"—Maj.-Gen. James H. Doolittle, age 48, born in California, in command of the United States 8th Air Force. The first to raid Tokyo, he gained world fame. He was widely known as a racing pilot and stunt flyer before he entered the war, also as an aeronautic engineer.

With the outbreak of World War II, he entered the struggle as a major and in two years became a brigadier general. Under Eisenhower in Africa, he organized and led the 12th Air Force, whose exploits are almost legendary. They blasted the way for the ground forces with their raids on Tunisia, Sicily, Italy, and were the first to bomb Rome.

Now meet the man who says, "I'm from Missouri, show me!" Lieut.-Gen. Omar N. Bradley, 51 years old, leading the American ground forces under Eisenhower. This "Missouri mule" in determination is one of Ike's old friends and classmates at West Point. An accomplished master of ground warfare and infantry tactics, he was Eisenhower's field side in North Africa and then commander of the American Second Corps.

We need no introduction to the wiry little man, wearing a beret jauntily on his head, he is "Monty," Gen. Sir Bernard L. Montgomery, loved by every man who ever fought under him. He commands the British Invasion Armies under Eisenhower. "Monty of El Alamein" is 56 years old, a minister's son. His military fame was established when, in com-

Democrats Trying To Gather Strings For Party Harmony

By WILLIAM E. KEYS

DALLAS — (AP) — The Democratic party's leadership in Texas Saturday cautiously put out feelers directed toward harmonizing the Sept. 12 State Convention here.

Chairman George A. Butler of Houston said in an interview he believed the executive committee would recommend, almost unanimously, Benson's plan to name two sets of presidential electors for the general election ballot and thereby let the people decide an issue which has split the party.

At Austin the Governor declared that if he had to he would address the convention appealing to warring factions to get together.

"If I Have To"

He emphasized the qualification, "If I have to."

Butler arrived in Dallas to make preliminary plans for the meet which will compose party differences on electors or split Democrats farther apart than they have been divided on the elector issue.

In its May convention the party named 23 electors not bound to support the party's national nominee, unless the Chicago national convention met certain conditions. These conditions were rejected at Chicago and since the national convention anti- and pro-Roosevelt factions have sparred for control of the Sept. 12 convention.

The governor proposed that the next convention name two sets of electors, one pro-Roosevelt and one anti-Roosevelt, to be listed in the Democratic column on the general election ballot and let the people decide the issue.

AS hours and days passed, with ceaseless bombing rising to a crescendo in its terrifying might, the "invasion jitters" seized Europe.

Huge Nazi armies were rushed to the fortified coast and stood behind their embankments, waiting for Eisenhower. The people of France, Belgium, Holland, Denmark, Norway, with their underground leaders ready for uprisings, counted the hours, waiting for liberation.

Zero hour was approaching. "It is now about five minutes to 12 o'clock," the announcement came from Allied Headquarters. General Eisenhower inspected his stupendous forces and issued the final warnings. He was ready, waiting only the psychological moment to strike.

"I have complete confidence in the final result," he said. "It will be a hard and bloody struggle, but victory will eventually be ours. The power of the United Nations under the flag of freedom shall triumph."

THE END

UT Home Economist To Work In Brazil

AUSTIN — (AP) — A University of Texas home economist-chemist will spend the coming year helping the Brazilian government on its nutrition problems.

Dr. Ruth Leslie, assistant professor of home economics, will take off Sunday by plane from Brownsville to spend a year doing nutrition research in South America.

Texas CPA Wins Top Honors In Exams

AUSTIN — (AP) — William Harmon Simmons of Houston, University of Texas graduate, is the first Texan ever to win top honors in the National Certified Public Accounting examinations.

Simmons, as highest ranking examinee among 1,289 candidates from all over the country, was awarded the Lillian Watt Sells gold medal for excellence.

Small Business Committee To Meet In Austin

AUSTIN — (AP) — Ernest O. Thompson, member of the Railroad Commission, announced Saturday that the Committee on Small Business of the House of Representatives will hold a two-day meeting here September 20-21.

This meeting, which follows the statewide oil producers' hearing in Austin Sept. 19, will consider problems concerning independent oil producers in the reconversion period.

Germans Adopt Nip Trick Of Mimicry

LONDON — (AP) — The German home radio Saturday night proclaimed for the invasion-threatened Rhineland the slogan "They Shall Not Pass," made famous by the French at Verdun in World War I.

In a pep talk to the German population, the commentator said the "general mood is now or never."

"Workers toil 12 hours and trainloads of new weapons issue from every factory without interruption," the speaker said. "Thousands of fanatic Hitler youths are moving up to the front, ready to give their last, shirking no sacrifices. They Shall Not Pass" is the spirit in the German West."

Vast Educational Movement Under Way In Mexico

By JOHN EVANS

MEXICO CITY — (AP) — President Avila Camacho is going to teach two illiterates to read and write simple Spanish as an example to his countrymen in a new movement to educate the half of the 21,000,000 people in Mexico who can neither read nor write.

The "movement" is compulsory because the president laid down the law by recent decree that requires every literate person, if necessary, to teach one less fortunate person between 6 and 40 years old to read and write.

All Walks of Life

A vast and complicated program is being elaborated for the teaching which will start by January 1. The army, civil officials, school staffs and hundreds of thousands of other educated persons will be put to work. Housewives will teach their maids.

In the primer there will be two coupons, one to be retained by the other local official and the other sent to the ministry here. These coupons will certify to the pupil's proficiency.

One strong force in the educational field is the women's group of 42 organizations which met Wednesday night with the President and Senora Avila Camacho present to pledge their memberships to teach the ignorant. There were all walks of life there from representatives of the waitresses' union to the dynamic woman revolutionary fighter, Colonel Carmen Parra de Alanaiz, who commanded 200 male soldiers in Chihuahua in the days of bullets instead of ballots.

President Avila Camacho is going to allow 15 months for his program to be executed. When the results are appraised, future action will be considered.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY

America's Card Authority

Until the war, the summer session of the nationals had always been a New Jersey seashore tournament. Two popular events of the tournament are the New Jersey Bridge League pair event, and the Goddard Cup event in honor of D. M. Goddard, who always acted as chairman of the summer nationals at Ashbury Park. This year the Goddard Cup event was won by Miss Florence J. Stratford of Cleveland, Ohio, and Mrs. R. W. Gordon of Buffalo. Mrs. Gordon is one of the country's outstanding women players, and I will venture a guess that we will hear a great deal about her in future

Jester Claims Ickes Avoided Issue On PAW

AUSTIN—(AP)—Railroad Commissioner Chairman Beauford Jester said Petroleum Administrator for War Ickes' reply to his demand that regulation of oil be returned to the states at the end of the war did not include "a complete statement of the PAW's powers."

Ickes, in reply to Jester's letter seeking a statement of what the PAW planned to do about liquidating itself and returning oil and gas regulation to the states, wrote in part:

"I repeat and reiterate what I have said many times. The Petroleum Administration for War is a war agency. Its regulations and restrictions are being relaxed and will continue to be relaxed and revoked as rapidly as war conditions permit. The only regulations of the Petroleum Administration which even indirectly affects matters over which your commission has jurisdiction are those which regulate the use of materials for the drilling of oil and gas wells on tracts of prescribed areas."

Jester Leaves For Capital Sunday On Oil Discussion

AUSTIN—(AP)—Railroad Commissioner Chairman Beauford Jester said Saturday he would leave for Washington Sunday to confer with Tom Connally, Chairman of the Senate Foreign Affairs Committee, on the effect which the proposed Anglo-American petroleum treaty will have on Texas.

Jester said he has no preconceived opinions on the international agreement, but believes that Texas should have a say before the joint commission which is charged with estimating world demand for petroleum and recommending the manner in which it should be fulfilled.

ARGENTINA WITHDRAWS BUENOS AIRES—(AP)—The Foreign Ministry announced Saturday night that Argentina is withdrawing its delegate from the Emergency Committee for Inter-American Political Defense which meets at Montevideo.

Detroit Tigers Move Near Top

DETROIT—(AP)—The Detroit Tigers moved to within a half game of the American League lead Saturday, walloping the Cleveland Indians, 15 to 6. Each team batted out 18 hits.

The score: R H E
 Cleveland 201 020 001—6 18 3
 Detroit 165 003 06x—15 18 1

Kleiman, Heving, Calvert, O'Dea and Rosar, Schluter; Overmire, Gorsica, Gentry and Richards.

Pocket gophers can run backwards through their burrows at about the same speed they travel forward.

Byron Nelson Holds Good Lead In Texas Victory Open Tourney

By HAROLD V. RATLIFF
 DALLAS —(AP)— Byron Nelson hurried along with his third sub-par round of the Texas Victory Open Saturday and it was enough to keep him out in front at 54 holes but closing in was the guy with a chest like blacksmith and golf drives to match — burly Harold (Jug) McSpaden.

McSpaden laid down a three-under-par 68 to move within four strokes of the fast-moving Toledo star and they will march out Sunday for the final 18 holes with their score cards reading like this: Nelson 138-70-208. McSpaden 144-68-212.

There was no other player even fairly close to Lord Byron. Struggling down in third place were Sgt. E. J. (Dutch) Harrison of Wright Field, Dayton, Ohio, and Wee Ben Hogan of Fort Worth Army Air Field, each with 217.

Bible Finds Answer To Fullback Prayer

AUSTIN —(AP)— A powerful and speedy Navy V-12 trainee from New Jersey loomed Saturday as the answer to Coach Dana Bible's fullback needs since the Navy turned thumbs down on Al Martin for scholastic reasons.

The new prospect, moved up Saturday to the first string, was Tom Milk. Struggling down in third place were Sgt. E. J. (Dutch) Harrison of Wright Field, Dayton, Ohio, and Wee Ben Hogan of Fort Worth Army Air Field, each with 217.

Although Milk lacks Martin's poise and polish in the important ball-handling role, Bible hopes he will pick up the mechanics of the position before the first game with Southwestern Sept. 30.

The Longhorns were left a little light on fullback reserves when Milk moved up, with Raul Perez, '43 squadman, the only experienced candidate.

Apparently the starting backfield will be Milk at fullback, Bobby Layne at tailback, Franklin Crow at wing and Jack Halipenny at blocking back. None of the four has ever played a college game in the backfield; Crow is the only one with any college experience.

Backfield problems have taken the spotlight off Texas' big forward wall which has been moving smoothly without major change. Texas fans believe that two of their linemen will rank with the best in the nation—co-captains Harold Fischer at guard and Jack Sachse at center, husky veterans who have already played three years of college football.

Signator Wins At Chicago

CHICAGO—(AP)—Signator galloped to a three-quarters of a length victory in the \$7,500 added Hawthorne Speed Handicap Saturday with Stryus second and Roman Box third. Time for the six furlongs was 1:11 3/5.

CHICAGO—(AP)—Signator galloped to a three-quarters of a length victory in the \$7,500 added Hawthorne Speed Handicap Saturday with Stryus second and Roman Box third. Time for the six furlongs was 1:11 3/5.

Slow But Sure

Clem Dreisewerd isn't fast, but southpaw rushed east from Sacramento made bow with Red Sox by letting Yankees down with six hits and winning, 8-1.

Red Sox Halt Yankees' Drive

BOSTON—(AP)—The Boston Red Sox checked the New York Yankees' pennant drive by slugging out a 7-1 victory Saturday to square the crucial series at one game-all as Rookie Rex Cecil held the New Yorkers to two hits until two were out in the ninth inning.

Boston's victory deadlocked their season's 20-game competition with the Yankees, which ends Sunday with a double header.

Cecil, while gaining his third victory to match as many defeats, got off in wobbly fashion and finished likewise. After keeping the Yankees' hitless from the fourth inning, he was belted for three consecutive singles before the veteran Paul Waner, pinch-hitting with the bases loaded, ended the game by grounding out to second baseman Jimmy Butcher.

George Metkovich lashed a homer to extend his consecutive hitting streak to 23 games, to tie the Red Sox record set by Derrill Pratt in 1922, last matched by the 406-hitting Ted Williams three years ago.

The score: R H E
 New York 100 000 000—1 5 1
 Boston 101 302 00x—7 12 0

Bonham, Zuber and Garbark; Cecil and Partee.

Miami Rows With PGA Over Meet

MIAMI, FLA.—(AP)—Tournament Director H. H. Arnold defied the Professional Golfers Association Saturday with an announcement that the municipally sponsored \$10,000 Miami Open will be played Dec. 7-10 despite a conflict with a PGA-approved Pacific Coast schedule.

Reminding of "lean years when others faltered the touring pros," Arnold told Fred J. Corcoran, manager of the PGA tournament bureau, that absence of big name players will not cause cancellation of the Miami event. The Open here has been played without interruption for 20 years.

Corcoran had informed Arnold that the schedule on the Pacific Coast would not permit the leading professionals to play here in December without travel hardships, and suggested that the tournament be held in late November, late March or April.

"I do not seek any squabble with the PGA," declared Arnold, "but it is our money, we should be able to spend it as we see fit, we know when the tournament is best for us and I know that the PGA or Mr. Corcoran did not counsel us or even ask an opinion before scheduling the Far West or Winter tour."

Handicap Tournament Will Be Resumed

Only one match was played Saturday in the Midland Country Club's handicap golf tourney. The lone match was in the consolation, with Lt. Deasey defeating Levi Shiplet 1 up.

Remainder of the matches in the third round will be played this week, Gaither Nowell, club pro, said. Contestants in the third round decided to postpone playing the matches until all the course could be re-opened.

Part of the course was flooded Tuesday when a small dam broke.

Cincinnati Reds Beat Pirates Again

CINCINNATI—(AP)—A three-run homer by Gee Walker in the sixth gave the Cincinnati Reds their second straight victory over the Pittsburgh Pirates Saturday, 3 to 2, and reduced the Pirates' second place lead over the Reds to four games.

The score: R H E
 Pittsburgh 200 000 000—2 7 0
 Cincinnati 000 003 00x—3 6 1

Sewell and Lopez; Shoun and Mueller.

Boston Braves Beat New York Giants 6-4

NEW YORK—(AP)—A combination of three hits and four walks gave the Boston Braves five runs in the fifth inning and a 6-4 victory over the New York Giants Saturday. Jim Tobin registered his 16th triumph against 16 losses in holding the Giants to nine hits.

The score: R H E
 Boston 000 150 000—6 12 1
 New York 011 000 110—4 9 0

Tobin and Masi; Feldman, Allen, Fischer, Adams and Lombardi.

Army-Noire Dame Game Is Sell-Out

WEST POINT, N. Y.—(AP)—The Army-Noire Dame football game, to be played in Yankee Stadium Nov. 11 has been completely sold out. Col. Lawrence (Biff) Jones, graduate manager of athletics, said Saturday.

Although the game is played annually before a capacity crowd, this is the first time in the 31 years of the classic that it has sold out as early as nine weeks before the game.

Athletics Defeat Washington Senators

WASHINGTON—(AP)—Buck Newsum pitched and batted the Philadelphia Athletics to a 3-1 win over the Washington Senators Saturday night. Roger Wolff was Newsum's victim, mostly through faulty fielding.

The score: R H E
 Philadelphia 000 002 001—3 9 0
 Washington 000 000 000—1 7 3

Newsum and Hayes; Wolff, LeFebvre, Tesenga and Guerra.

Any Surrender Rumor Must Be Confirmed By Gen. Eisenhower

WASHINGTON—(AP)—The Office of War Information and the War and Navy Departments said in a joint statement Saturday that rumors of Germany's surrender should not be accepted unless confirmed by Gen. Dwight D. Eisenhower, Supreme Commander in the European theater of operations.

The statement said in part: "It is quite possible that there will be no single day which can be called the end of the war with Germany. Instead of a surrender en masse the German armies may gradually disintegrate and surrender piecemeal. If there should be a general surrender, headquarters of the Allied Expeditionary force will be the first to know it. Accordingly, no rumors of surrender should be accepted unless confirmed by Gen. Eisenhower."

Murphy Hopes For Piecemeal Germany

WASHINGTON—(AP)—Robert Murphy, newly appointed political advisor on Germany on the staff of Gen. Dwight D. Eisenhower, expressed the hope Saturday that the military defeat of Germany would be brought about progressively so as to enable the Allies to deal with local German authorities instead of with any central government body which might try to "save something out of the wreck."

In this way, Murphy told reporters after an hour's talk with President Roosevelt, the United States and her Allies would avoid any dealings with any groups which purport to represent the German people as a whole and which might try to salvage something politically out of the defeat.

C. A. PRICE HOME ON LEAVE

C. A. Price Jr., son of Mr. and Mrs. C. A. Price Sr., of Route 1, Midland, is home on a 19-day leave from naval service on a destroyer in the Pacific. Price has been in service 24 months.

COLORADO HAS 'QUAKE

MONTRONSE, COL.—(AP)—Western Colorado felt a slight earth tremor of nearly a minute's duration Friday night—a disturbance described Saturday by a seismologist as "very distinct." It caused no reported damage or injuries.

PVT SPUD CHANDLER

CAMP SHELBY, MISS.—(AP)—Spud Chandler, last year's Yankee World Series Star now a private with the 65th Infantry Division here, was presented an engraved wrist watch Saturday as the "most valuable" American League ballplayer in 1943.

Washington Girl Wins Broadmoor Women's Match

COLORADO SPRINGS, COLO.—(AP)—A stern-faced lass of Spokane, Wash., Betty Jean Rucker, charged from behind on late-game accuracy to defeat Phyllis Otto from Atlantic, Iowa, 5 and 4 Saturday in a battle of 20-year-old misses from the Broadmoor Women's Invitation Golf Championship.

Chicago Cubs Finally Win Over Cardinals

ST. LOUIS —(AP)— The Chicago Cubs broke loose with a bang Saturday night to end a jinx and defeat the St. Louis Cardinals 6 to 1 for the first time in 16 starts this season.

The Bruins knocked Ted Wilks, the league's leading pitcher, from the mound with a five run outburst in the eighth inning.

The score: R H E
 Chicago 000 000 051—6 9 1
 St. Louis 000 000 100—1 4 2

Passeau, Vandenburg and Williams; Wilks, Kurisch, Donnelly and W. Cooper.

Dewey Predicts Early End To German War

LANSING—(AP)—An early end to the German war was predicted Saturday by Gov. Thomas E. Dewey, who made it clear that the administration's agreement to keep him informed on foreign policy matters covers only discussions of postwar security and sanctions against the Axis—not military strategy.

"It should be hoped," the Republican nominee told reporters at a campaign tour stop in his native state, "that the German war will be over long before the next administration takes office on January 20, and that progress in the war against Japan will be so far along that plans will be well advanced if not completely executed."

Before continuing to his native Owasso, Dewey went through a round of private conferences with political and labor leaders.

Mrs. J. H. Hodge Elected Head Of Play Readers Club

Mrs. J. Howard Hodge, 1301 W. Missouri, was elected president of the Play Readers' Club at the group's first meeting of the season, held Wednesday afternoon in the home of Mrs. Robert Roark, 1108 W. Indiana. The other officers elected were: Mrs. Ralph Barron, vice-president; Mrs. Roark, secretary-reporter; Mrs. W. E. Shipp Jr., historical secretary; and Mrs. Elliott Barron, treasurer.

After the election of officers was completed, Mrs. Elliott Barron read "Jacobowsky and the Colonel," by Franz Werfel and S. H. Behrman. Other members who were present were Mrs. B. K. Buffington, Mrs. De Lo Douglas and Mrs. Charles Klapproth. Mrs. E. W. Anguish, a former member, rejoined the organization.

Necklaces composed of nutmegs are believed in some parts of the world to protect the wearer from colds and chills.

JUNIOR MATRONS SOCIETY HOLDS MEETING AT USO

The Junior Matrons' Society met at the USO Thursday night. After the business meeting, refreshments were served. Mrs. G. W. Bell, military hostess, attended.

The members who were present included: Mmes. Harriet Marks, Gladys Fortgang, Selma Casper, Lillian Krantz, Frances Clement, Ruth Ramsey, Betty Olivetti, Bess Fawcett, Ruth Ann Stoley, Jettye Williams, Doris Wharton, Elaine Gruber and Eva Ray Adam.

Other members present were: Mmes. Helen Kemper, Katie Ledford, Katherine Dollar, Becky Jordan, Irene Van Peteghem, Dot Ridley, Betty Adams, Frances Witt, Evelyn Dennis, Marjorie Larmotte, Jessie Bowers, Elinor Cooper, Rochelle Geller, and Ruth Poage.

Visiting Husband

Mrs. James M. Connor, 303 N. Peas, left Friday for Wichita Falls, where she will spend a few days visiting her husband, who is working with the post engineers at Shepard Field.

Miss Marye Reising Is Wed To Texan In San Francisco

Mrs. J. M. Reising, 1600 W. Wall, announces the marriage of her daughter, Marye, to Hiller H. Hess, in the First Baptist Church of San Francisco, Sept. 2.

The double ring ceremony took place at 5:30 in the afternoon, before an altar beautifully decorated with white gladioli and assorted flowers, and with long, white tapers. Mrs. Flora Haywood of San Mateo, Calif., and Mrs. Adele Prescott of Burlingame were the only witnesses.

For her wedding costume, the new Mrs. Hess chose a blue-grey dressmaker suit, with which she wore brown accessories.

Before her marriage, Miss Reising was employed as sub-clerk in the Midland post office. Her husband, who is the son of Mr. Bennett Hess of Sagerton, Texas, worked in Midland for several years.

Mr. and Mrs. Hess are at home at 2283 El Comelo Real in San Mateo.

Some 35,700 miles separate the sun from Mercury, its nearest planet.

CIVIC MUSIC CLUB PLANNING DINNER TO OPEN SEASON

The Civic Music Club will open its fall and winter season with a dinner party and social meeting Tuesday night at 7:30 p.m. at the home of Mrs. John C. Dunagan, 1904 W. Wall. Husbands of the members will be the special guests of the evening.

Miss Edith Conyers is president of the club. Mrs. Edmund Hitchcock is in charge of entertainment.

MISS MABEL TURNER BECOMES BRIDE OF LT. REX WOODRING

Miss Mabel Turner of Steamboat Springs, Colo., was married last week to Lt. Rex Woodring of Midland Army Air Field, in a simple ceremony performed by the Rev. Hubert Hopper in the manse of the First Presbyterian Church. Miss Kay Turinsky was the bride's sole attendant, and Lt. Carl Weldon served as best man.

Mrs. Weldon is the daughter of Mr. and Mrs. S. A. Weldon of Steamboat Springs. Her husband is the son of Mr. and Mrs. L. H. Woodring of Canyon City, Colo.

FABULOUS FURS

They Look Like The Most Expensive Coats, But They're Plastics

By EPSIE KINARD
NEA Staff Writer

NEW YORK — Post-war dream come true is perfection of plastic fur coats, some of which are already in the stores, with others coming up. Put side by side with beaver, safari, seal, lynx, fox and mink which they imitate, you can hardly tell which owes its fabulous look to chemistry and which to the trapper's precious catch.

Thanks to the alchemy by which sheepskin can be turned into glamorous "furs"—and to the inventive genius of Jose Calva, a St. Paul, Minn., scientist who perfected the process—beautifully striped, smoky grey beaver and safari sealskin with luxuriant pile, which were once available only to a lucky few women, will now be within the reach of millions. Plastic beaver and sealskin coats now on the market, are

priced at around \$150. Glamorous plastic lynx jackets which will appear in stores soon, will sell for between \$75 and \$100.

Pelts Are Plasticized

Cloth coats trimmed with plastic "fur"—lynx, beaver, fox and sealskin—will soon appear in this parade of miracles, and at a great saving for the woman who wants the look of fur without paying its price. Soon "mink" coats will join the ranks of these fabulous synthetics, and the luxurious effect will be achieved by means of plasticized muskrat.

For the transformation of sheepskin into furs—a process not unlike

that used to make fabric wrinkle-proof—both shorn and unshorn pelts are used. Shorn pelts plasticized become short-haired furs—beaver and sealskin. Unshorn pelts become long-haired beauties like lynx and fox.

The sturdy wearing qualities of these coats have been proven in experiments over a period of two years, manufacturers report.

Girls who wore them to test wearability reported regularly to the people who made them, for coat inspection. They were marketed only after their durability was proven to the satisfaction of their makers.

Progressive Study Club To Hold First Meeting Wednesday

The Progressive Study Club will hold its first meeting Wednesday morning at 10 o'clock in the home of Mrs. Harold E. Berg, 508 W. Storey. The yearbook will be presented at the meeting and morning refreshments will be served. Mrs. Steven Leach, 2106 W. Kentucky, is president of the group.

USO Fall Schedule

With the coming of cool weather, the USO has resumed its regular schedule. The program for fall is as follows:

- Sunday: Afternoon tea from 5 to 8:30 p.m.
- Monday: Free evening.
- Tuesday: Camera Club meeting.
- Wednesday: Leatherscraft.
- Thursday: Folklore.
- Friday: Portrait sketching.
- Saturday: Party or dance.

AAUW Holds Tea For Old And New Members

To open its fall season, the Midland branch of the American Association of University Women gave a registration tea in the home of Miss Maria Spencer, 502 W. Storey, Saturday afternoon.

Guests were received at the door by Miss Spencer and Mrs. John Redfern Jr. Miss Ruth Garden, president of the organization, presided at the tea table, and Mrs. Walter Brummand and Mrs. Ralph Troseth had charge of the registration.

Among the guests were: Mmes. Charles Shaw, Glen Shoemaker, Karl Mygdal, Samuel Ellison, A. E. Barnes Jr., Craig, E. G. Benjamin, Ed Kemp, William Vea Osinski, Frank Ashby, George Kribbs, Margie, Gricie, Harold Williams, John Dolman and William Ash.

Other guests were: Misses Nancy Karstetter, Holly Smith, Jane Marie Johnson, Betty Windover, Helen Campbell, Eunice Latimer, Lola Belle Johnson, Mary Dell King, Marguerite Huddins, Ruth Pearce, Florence Bryan, and Dorothy Ellison.

The members who were present included Mmes. Leland Davison, George Putnam, Harold Forgeron, R. V. Hollingsworth, Ed Reigle, Alma Thomas, Joe Cannon, Alan Leeper, Ebb White, James Maedgen, Lloyd Mills, Coke Brown, G. G. Galligan, Troy Stalls, Don Meaney, E. J. Aiken, Ernest Sidwell, Louis Wallace, Bill Fritz, and Al Ray.

Other members present were Mrs. Ralph Pickett, Mrs. John Richards, Mrs. Charles Henderson, Miss Margaret Ann Holcomb, Miss Theresa Klapproth and Miss Mary Louise Rhodes.

Civic Theater To Meet Monday At Civic Auditorium

The Midland Civic Theater's 1944-45 season will get underway Monday, when the first meeting will be held at 8:15 p.m. in the Civic Auditorium. New officers will be installed, committees will be appointed, and plans for the coming year will be discussed.

The object of the Civic Theater is to bring good legitimate drama to the community, and to develop latent talent, both dramatic and artistic. Anyone interested in little theater work and desiring to contribute to such a group, is urged to attend. Besides actors and actresses, men and women to work on the sets, to help with costuming and make-up and to direct and write plays are needed.

Plays Are Enjoyed

The group is made up largely of non-professionals and serves as a recreational outlet for many of the city's businessmen and women. Among its members are geologists, lawyers, teachers, secretaries, servicemen and housewives.

The members are looking forward to a season which will surpass even the highly successful one they had last year, when "Mr. and Mrs. North," "The Eve of St. Mark" and "You Can't Take It With You" were presented to Midland audiences.

Twentieth Century Club To Feature Mr. C. G. Cooper

C. G. Cooper of Midland will be guest speaker at the tea with which the Twentieth Century Study Club will open its fall season, Tuesday afternoon at 5 p.m. at the home of Mrs. Arnold Scharbauer, 1714 W. Followay. Mr. Cooper's subject will be "The British Viewpoint On Post-War Plans."

A native of Portsmouth, England, Mr. Cooper joined the Shell Oil Company as a petroleum geologist shortly after his graduation from Cambridge University. Since that time he has traveled extensively for the company and has lived in South America, Egypt and Holland. He came to the United States six years ago, and now works in the company's Midland offices.

Mr. Cooper is well qualified to present the British point of view, having made frequent trips back to his native country, and keeping in constant touch with trends of thought there. His last trip to England was in the summer of '39, just preceding the outbreak of the war.

Mrs. G. B. Rush, 1110 W. Indiana, president of the club; Mrs. W. E. Shipp Jr., 807 W. Kansas, chairman of the hospitality committee; and Mrs. Joseph H. Mims, 714 W. Storey, made the arrangements for the tea.

Women's Auxiliary Of Episcopal Church To Give Opening Tea

A tea to inaugurate their fall program will be given by the Women's Auxiliary of the Trinity Episcopal Church Monday from 3 to 6 p.m. at the home of Mrs. I. E. Daniel, 705 W. Indiana. All members are invited to attend.

Mrs. James N. Allison, 601 W. Storey, president of the Auxiliary, and Mrs. Daniel are in charge of arrangements.

Radiolin has been produced in Europe from plectibend and autulite ore in the United States from carnolite.

Post Chapel Is Scene Of Unusual Wedding Rites

In an unusual candlelight ceremony, Miss Katherine Turinsky of Chisholm, Minn., became the wife of Lt. Carl J. Weldon of Milwaukee, Wis., at the MAAF post chapel Thursday evening. The Rev. Bannan Y. Swope, chaplain, officiated.

Miss Helen Turinsky of Chicago was the bridesmaid and Lt. William Weiland of Pittsburgh was best man.

The bride wore a gown of starched white chiffon, with a bodice of Valenciennes lace. Her three-quarter length veil was held in place by a beaded tiara, and her only jewelry was a gold cross. She carried a spray of white gladioli.

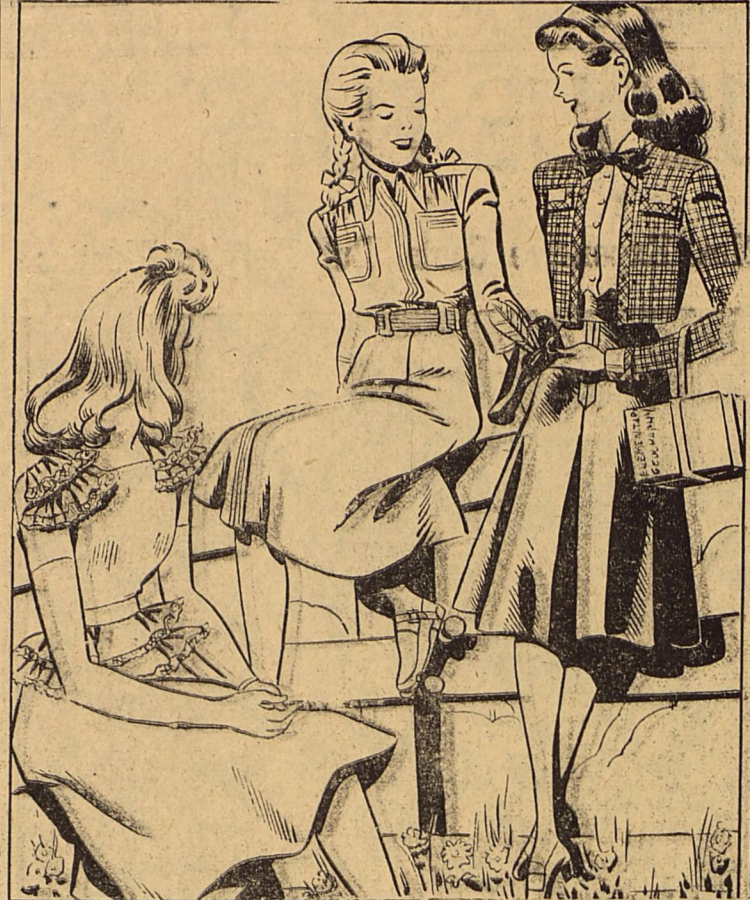

Her attendant wore a pale blue chiffon, and a flowered tiara, and carried a bouquet of pink gladioli.

Each member of the bridal party held a lighted taper during the ceremony, adding a very effective note. Besides the traditional wedding music, Sgt. Don Gillett, the organist, played Schubert's "Serenade."

After the wedding, a dinner party for 14 guests was held at the Log Cabin Inn.

Lieutenant and Mrs. Weldon will make their home in Midland.

Fashions For Tween-Teeners Copy Big Sister's Collegiate Wardrobe

By ERSIE KINARD
NEA Staff Writer

NEW YORK—Many of the tonier fashions lined up for the tween-teen gang's school wardrobes are intended to encourage a little girl to preen some in her mirror and strut more on the campus—the best way to encourage good grooming.

The suit most liked by little girls—size 9 to 15—who want to ape their idol, Betty Co-ed, is pure "collegiate." It may be a white blazer

Fall Of Germany Will Not Affect Christmas Mail

By The Associated Press

Even if war in Europe should end during the special Christmas overseas mailing campaign, keep those holiday packages rolling to your GIs abroad. They'll still be there to receive them.

The plan now is to demobilize troops in the European area gradually, and that will keep the bulk of them overseas long after Christmas. Major Gen. Lewis B. Hershey, national director of Selective Service, has said that between 1,000,000 and 2,000,000 men will be discharged when Germany falls. But, he added, even if the Army discharges them at the fast rate of 1,000 an hour, it would still take ten months to send all the men home.

Just As Welcome

There's no guarantee, either, that your particular serviceman will be among those discharged. Army officials expect that at least some European troops will be shifted to other theaters of war—and a package from home will be just as welcome in the Pacific as in France.

In addition, new "service people" are still being shipped overseas. The draft is now taking from 70,000 to 100,000 men a month, and older troops are constantly being sent over to make room for new inductees at camps in the United States.

So the chances are that your GI will spend at least this Christmas in a foreign land. If the war in Europe should be over before Christmas, and partial peace on earth should reign, holiday packages from home will be doubly welcome. At least they'll provide a miniature forecast of the real bang-up Christmas that's going to be his when he comes home.

To Give Message

Mrs. L. G. Byerley, 1802 W. Wall, newly-elected president of the Fine Arts Club, will deliver the president's message at the club's first meeting Wednesday. The meeting, in the form of a covered-dish luncheon, will be held at the home of Mrs. E. H. Barron, 1909 W. Holloway, at 1 p.m. Mrs. Lee Cornelius, 706 W. Ohio, will present the yearbook and outline the year's study.

'Home-Can' Foods Make Ideal Gifts For Men Overseas

Despite the fact that the United States Army is the best fed of any in the world, servicemen write home that the thing they miss most is "good old American home cooking." Samples of this cooking, therefore make excellent Christmas gifts to send to men overseas. Since the mailing time for gifts for army men is from Sept. 15 to Oct. 15, it is wise to begin immediately the preparation of such gifts.

In order to comply with the post office restriction against sending perishable foods, the best way to make sure that Johnny Doughboy has a home-made fruit cake for his Christmas dinner is to seal such foods in cans. The county home demonstration office in the courthouse has on hand one can sealer and two pressure cookers which may be used to can many varieties of foods, from cake to barbecued chicken. This equipment may be borrowed by individuals or groups for a day at a time, providing arrangements are made several days in advance.

Mrs. Dalton B. Hall, county home demonstration agent, will be glad to supply canning recipes and directions to anyone requesting such information. Among the foods which she suggests for overseas shipping are fruit cake, pickles and relishes, preserves, jelly, cookies, candy, raw and cooked chicken, barbecued meats, and candied fruit peel.

Pvt. Alice Boucher Is Married At All Military Wedding

An all-military wedding took place Wednesday at the post chapel at MAAF when Pvt. Alice Boucher of the Women's Army Corps became the bride of Pvt. David H. DeLory. The Rev. Frank Triggs, pastor of St. George's Catholic Church, officiated.

Pvt. Margarita Chavez was the bride's only attendant, and Pfc. Edward J. O'Leary served as best man. The simple ceremony took place at 7:15 in the evening, with candles furnishing the lighting and white gladioli the decorations. The entire wedding party was in uniform.

Sgt. Don Gillett, organist, supplied traditional wedding music, and Cpl. Mike Testament sang Gounod's "Ave Maria" and "On This Day, Oh Beautiful Mother."

After a reception at the service club, the couple left for Carlsbad, New Mexico, for a short honeymoon. The daughter of Mr. and Mrs. Joseph Boucher of Madison, Wisconsin, Private Boucher is stationed at MAAF. Her husband is the son of Mr. and Mrs. D. DeLory of Albany, New York, and is stationed at Camp Shelby, Mississippi.

CHRISTIAN CHURCH WOMEN'S COUNCIL TO REORGANIZE CIRCLES

The first meeting of the season of the Women's Council of the First Christian Church will be held at 3 p.m. Monday at the church. Mrs. Glenn S. Brunson, 605 N. Carrizo, president of the council, will preside over the meeting.

The main business of the meeting will be the reorganization of the church circles. A new system for determining the names of members of each circle will be used.

After a program by the Rijnhart Circle, the Henderson Circle will be hostesses at a tea hour.

Midland Lion's Club Sponsoring Series Of Free Movies This Week

First of a series of 90-minute moving pictures depicting causes leading up to the war, and graphic action in the war itself, will be shown at 8 p.m. Tuesday at the High School Auditorium. There will be no admission charge for the shows.

The series of shows is being sponsored by the Midland Lions Club and will be presented every other Tuesday until the series of seven shows has been completed.

The first film to be shown Tuesday night is "Prelude to War." It describes how totalitarianism started and grew, and how the present wars of aggression began. Walter Huston is narrator for the subject. Included in the scenes are some of the Japanese attacks on China, and Mussolini's conquest of Ethiopia.

Another subject to be shown Tuesday is "With The Marines At Tarawa." It was filmed in technicolor by combat photographers of the Marine Corps, three of whom lost their lives photographing this picture. This picture is being shown through the courtesy of the Marine Corps recruiting station at Dallas.

It is said to contain some of the most graphic battle scenes ever filmed.

Third subject on Tuesday night's program is "War On Wheels," which goes into more technical details of waging war.

Members of the Lions Club War Efforts Education Committee in charge of presenting the shows are: Bert R. Haigh, chairman; Frank Monroe, John Redfern, J. N. McDonald and Leo McLaughlin.

Library Books

New books added to the Midland County Library are:

Adult Non-Fiction

Bowen, "Yankee from Olympus"; Bonde, "Management in Daily Living"; Welles, "The Time for Decision"; Hagbolt, "Deutsch for Amateurs"; Foster, "Marriage and Family Relationships"; Schweitzer, "Santa Rita"; Keith, "How to Speak and Write for Radio"; Weigert, "Compass of the World"; McCracken, "Baby Flat-Top"; Thompson, "Let the Record Speak"; Donald, "Science in Soviet Russia."

Adult Fiction

Baldwin, "Washington, U. S. A."; Brand, "The Fighting Four"; Carnegie, "The Bonfire"; Goudge, "Green Dolphin Street"; Hardy, "Far From the Madding Crowd"; Pennell, "The History of Rome Hanks"; Robertson, "Oasis"; Sharp, "Cluny Brown"; Shute, "Pastoral"; Spring, "Hard Facts"; Street, "By Valour and Arms"; Tuttle, "Tumbling River Range"; Wilkins, "Being Met Together."

monogrammed as big as life and worn with a navy blue skirt. It may be a colored woolen, bright as a flag, with self fringe trimming the jacket. Or it may be something super with a boiled shirt front and a lake watch fob, such as are featured on the bolero outfit, sketched right. What puts jauntiness across here is a black wool skirt, as high-topped as a bull fighter's pants and from which a fob ribbon is appended; a black and white checked bolero in a woolen mixture; a bow-tied white bengaline dickey agleam with silver buttons.

School dresses for the tween-teen girl pops up in sturdy cottons, wool, wool-type jersey and rayon gabardine in an in style are a happy compromise between clothes that are too grown-up and those that are too babyish. Good in-between is the rayon gabardine classic shown center which is available in bright colors and has stitched-trimmed fly front, important pockets and a double-buckle belt which little girls like.

Wool party frocks trimmed with lace, such as the one sketched left, boast and air, look new and make sense if houses are going to be as cool this winter as last. The dress shown, which comes in a choice of gay colors, has a peplum of lace-trimmed ruffles and saucy little shoulder doo-dads to match.

Social Situations

The Situation: Grown-ups and children are playing a competitive game.

Wrong Way: So that the children won't get discouraged the grown-ups deliberately let them win some of the games.

Right Way: Work out a system of handicap, that will give all players an equal chance to win. (You don't encourage children to play their best by deliberately playing poorly against them.)

Red Cross Notes

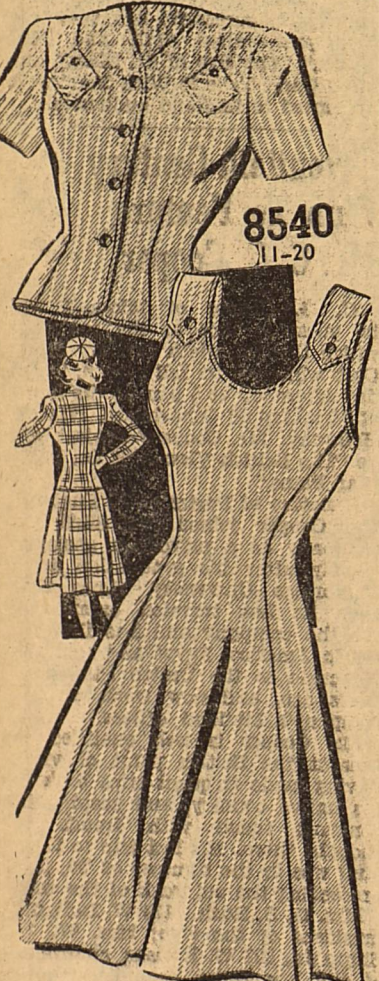

Workers reporting to the Red Cross surgical dressing room Friday were Mmes. Leif Olson, Overton Black, P. R. Pattison, V. G. Stolte, E. C. Hitchcock, George Bennett and J. H. Roberts. Mrs. C. A. Mix was supervisor.

Odessa Librarian To Be Guest Speaker On Library Program

Miss Velma Barrett, librarian of the Ector County Library in Odessa, will present a program for the children of Midland and Odessa Counties over Station KRLL Thursday from 4 to 4:15 p.m. She will tell the story of "Nicomodemus and the Hound Dog," a favorite story of children of elementary school age.

The program will be sponsored by the Midland County Library.

To Jumper Girls

The jumper craze has no limit these days! You'll want one such as this sleek princess style that doubles in smartness and wear. Add the dashing little jacket, and make them in vivid plaid wools. It's a fall-winter ensemble you'll live in!

Pattern No. 8540 comes in sizes 11, 12, 13, 14, 15, 16, 18 and 20. Size 12 jacket (long sleeves) requires 2 1/8 yards of 39-inch material; short sleeves, 1 3/4 yards. The jumper alone requires 2 3/4 yards.

For this pattern, send 20 cents, in COINS, your name, address, size desired, and the PATTERN NUMBER to The Reporter-Telegram Today's Pattern Service, 530 South Wells St., Chicago 7, Ill.

The new fall and winter issue of "FASHION" is now ready—32 pages. It's a complete guide to your fall and winter wardrobe. Send for your copy. Price 15 cents.

Lt. James T. Smith Enters Navy Hospital In San Francisco

Lt. James Trammell Smith, commander of troops in the Pacific theater, entered the United States Naval Hospital, Treasure Island, in San Francisco last week. Lieutenant Smith was due to leave again for the Pacific, after having spent nine months serving in that theater, when Navy doctors discovered he was suffering from a stomach ulcer and ordered him to the hospital.

Mrs. Dorothy Smith, Lieutenant Smith's wife, is with him in San Francisco. He is the son of Mr. and Mrs. J. C. Smith, 719 W. Kansas.

Hospital Proposals To Be Discussed By C. Of C. Directors

Directors of the Midland Chamber of Commerce are expected to discuss proposals for construction of a large hospital here, when they meet at 8 p.m. Monday evening in Hotel Scharbauer.

Paul McHargue, president of the organization, said the proposals would be studied at the session and urged all directors to attend.

New Librarian

Mrs. Mary W. Beavin was recently appointed head librarian of the Midland County Library, succeeding Mrs. Rosita Hollar. Mrs. Beavin has been employed at the library as assistant librarian for the past nine months. Before coming to Midland, she worked in the public libraries of Denver and Fort Worth, and in the Chamber of Commerce and Enoch Pratt libraries in Baltimore. A native of Baltimore, Mrs. Beavin received her AB at Goucher College there, and continued her work at Denver University in Denver, from which she received her BS in library science. Her husband, S/Sgt. Alfred D. Beavin, is an instructor at MAAF.

Li. Howard Koonce Gets Another Award

AN EIGHTH AIR FORCE BOMBER STATION, ENGLAND—"For meritorious achievement" while participating in bombing attacks on industrial and military targets in Nazi held countries and the Reich, First Lt. Howard L. Koonce, of Midland, has been awarded an Oak Leaf cluster to the Air Medal, the base commander, Lt. Col. Geebdon P. Overing, announced. Lieutenant Koonce is the pilot of a B-17 Flying Fortress bomber which is part of the famous Third Bombardment Division, recently cited by the President for its historic shuttle bombing of the Messerschmitt factories at Regensburg, Germany. The 24-year-old airman is the son of Mr. and Mrs. Marion F. Koonce of Lenora, Texas. His wife resides in Midland.

Col. Harry C. Short Joins CAL Staff

DENVER—The appointment of Col. Harry C. Short as general manager of Continental Air Lines' modification center in Denver was announced Saturday by Robert F. Six, Continental's president. Short has assumed his duties, replacing Stanley R. Shatto, who has returned to Continental as its vice president in charge of maintenance and engineering. Short assumed direction of the center immediately after being placed on inactive status with the Army Air Forces.

Make This Barcel Recipe To Lose Ungainly Fat

If you are overweight, perhaps due to over-indulgence in food and not due to any glandular disturbance, why not try this inexpensive home recipe to help bring back alluring curves and graceful slenderness. Here is a recipe that can be used inexpensively at home. Just get from your druggist 4 ozs. of liquid BARCEL CONCENTRATE. Add enough grapefruit juice to make a pint. Then just take 2 tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercise or starvation diet. It's easy to make and easy to take and pleasant. Contains nothing harmful. If the very first bottle doesn't show you the simple easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

Abide By Rules Governing Gifts For Servicemen

By The Associated Press
Mailing gifts to servicemen and women abroad is just as important as buying them. The post office says this overseas mailing season—from Sept. 15 to Oct. 15—will be the biggest in history.

Here are the government's rules for overseas mailing: Packages must not be over five pounds in weight, nor more than 15 inches long, nor more than 36 inches in length and girth combined. This is about the size of an ordinary shoe box.

Only one package may be sent by or on behalf of the same person or concern to or for the same soldier in one week during the mailing period.

Package Should Be Marked
The package should be marked "Christmas Parcel", and a label not resembling a postage mark or stamp is suggested for this.

Standardized boxes for mailing are being sold. But, if you'd rather, you can make your own from corrugated fiberboard cartons, such as can be secured from the grocer. The box should be tied firmly with strong twine, bound and reinforced with strong gummed paper tape, or both.

The address should be typewritten or printed plainly in waterproof ink. A duplicate address and return address should be placed inside the box.

Address Must Be Complete
The destination address should include the rank and full name, serial number, service organization and unit of the service person. It also should include the proper Army Post Office or Fleet Post Office number and the port from which it will leave. The return address should be complete.

Postage on all parcels must be fully prepaid—fourth class on packages over eight ounces, third class under that weight.

Many articles are strictly taboo for mailing: Perishable foods, intoxicants, weapons, poisons, and inflammables like matches and lighter fluids.

Arrangements Made For Legion Outing At Cloverdale

All arrangements are practically completed for the American Legion barbecue and installation of officers to be held September 19 at Cloverdale. C. C. Roripaugh, post commander, announced Saturday.

W. E. Lowrey of Monahans, commander of the sixteenth district of the Legion, will conduct the installation ceremonies. The program will be very short, Roripaugh emphasized.

Members of the Junior Chamber of Commerce and of the Legion Auxiliary will be guests of the Legion at the barbecue and installation.

Officers to be installed are: A. C. Heffer, post commander; C. C. Roripaugh, first vice commander; Reese Cleveland, second vice commander; H. A. Palmer, adjutant and finance officer; R. W. Hamilton, service officer; R. J. Auld, chaplain; N. B. Winter Sr., historian; Lee F. Ham, chairman of child welfare; H. S. Glenn, sergeant-at-arms; Charles Lowke, assistant sergeant-at-arms.

Li. Wayne J. Lanham Helped Set Record

AN EIGHTH AIR FORCE FIGHTER STATION, ENGLAND—First Lt. Wayne J. Lanham, of Midland, Texas, recently helped set a new long-distance record for British-based fighter planes. He flew on a 1,600-mile round trip to the Polish Corridor with an Eighth Fighter Command P-51 Mustang group.

In setting the new mark, the Mustang group, commanded by Col. George T. Crowell of Chicago, escorted heavy bombers while the big planes blasted aircraft factories in Poland.

Although the thrust was the fighter group's deepest penetration of German-held territory, it was not the first time the outfit has guarded bombers far from base. The group began protecting bombers from Nazi fighter attacks almost a year ago. Since then the fighter unit has shepherded the big planes over such targets as Kiel, Bremen, Ludwigshaven, Augsburg and Frederickshaven.

Lieutenant Lanham is the son of Mr. and Mrs. F. H. Lanham of Midland. His wife resides in El Paso.

The young flier wears a string of decorations including the Air Medal, three Oak Leaf clusters, and the Distinguished Flying Cross.

Girls Serving Overseas Would Like Christmas Gifts They Can't Buy

Glamorous bathing suits, lingerie and slippers are among Christmas gifts most requested by service girls overseas. But check with relatives before buying to avoid duplication and make certain your package weighs no more than the five pounds allowed.

NEW YORK—What service girls overseas want for Christmas are gifts in general which they can't get for themselves, and in particular items that can be used or cherished without adding to their burdens.

For tips on what to ship during the Christmas mail month that begins Sept. 15 and ends Oct. 15, you can rely upon hints from girls recently returned from the various theaters of war, PX officers, Red Cross workers, and WAG's, who, in an effort to aid shoppers, have staged a display of gifts at the Women's Military Service Club.

Christmas gift apparel the woman serving overseas will like, say the girls who know, are certain clothes that are strictly not G. I. Under the heading come glamorous bathing suits, play togs or ski suits, fancy lounging robes and slippers, dainty lace-trimmed lingerie for wear with off-duty clothes, sheer stockings, pretty handkerchiefs and colorful scarves. Of course, you won't send a femme fatale union suit to New Caledonia, nor a sheer nightie to Labrador.

Also acceptable are regulation gloves, handbags and shoes a WAG can wear with her off-duty dress. The dress itself is an excellent Christmas gift possibility. So are extra shirts.

Gifts to consider, after checking with friends and relatives in order to avoid duplications, are leather folding picture frames, identification bracelets, silver dog tag chains, personalized stationery, good sun glasses, cameras, films and books. Bear in mind that the stated preference is for current best sellers.

Food is also a gift that cheers (provided it isn't G. I.), such as olives, anchovies, sardines, fruit cake and mom's special brand of cookies. But fruit cake should go in an airtight container; cookies must be packed tight.

Cosmetics, especially those that appear in limited variety at Post Exchanges, bring loud whees from girls in uniform. Some favorites are nail polish, mail polish "sealers," lipsticks, face and hand creams. Cologne and perfume in floral scents are preferred, and girls over there say the cream and cake type are good traveling companions.

Some items which can be awfully important to a girl who may not be able to get them are skirt hangers, hairpins, facial tissues, elastic by the yard (pink or white), zippers, and starch that doesn't have to be cooked.

What they don't want, according to all-around reports, are such P.X. items as sewing, shoe shine and manicure kits, hair nets, waving fluids, bobbie pins, soap, toilet articles, and flashlights. Also, alarm clocks, irons and scrapbooks, which Army authorities frown upon. And do not send perishable goods, intoxicants or inflammable material.

When mailing, follow these OWI specifications: Use a container of metal, wood or fiberboard reinforced with strong gummed paper tape or tied with strong twine, or both. Keep the contents down to five pounds, and measurements down to 15 inches in length or 36 inches in length and width combined. Put address on both inside and outside of the package, and mark "Christmas Parcel." Do not send more than one package each week to the same address during the mail month specified without a written request from the girl in service or OPA cancellation.

Returns From Combat
T/Sgt. Harry D. Brown of the 39th Combat Engineers, arrived home last week to visit his parents, Mr. and Mrs. M. C. Brown, 506 S. Colorado, after several months overseas. He took part in the battles of North Africa, Sicily and Italy.

WILSON'S

Red Cross Today

Mrs. Kenneth W. Jameson, general field representative of the American Red Cross for 27 counties, arrived from the St. Louis office last week to confer with Paul F. Osborne, chairman of the Midland Chapter, and all committee chairmen.

Mrs. Jameson outlined and explained the plans for the activities of local Red Cross chapters for the coming year. One of the new activities will be the Red Cross Clinic, the details of which will be announced later.

She was enthusiastic over the work of the Red Cross here, and said she considers it one of the outstanding chapters in the territory which she represents.

The chairmen who attended the meeting were: Mr. Osborne, Miss Vine Lee Vance, secretary of the local chapter; Mrs. W. A. Waldschmidt, treasurer; Mrs. Ralph Barron, volunteer special service chairman; Mrs. Ross Williams, surgical dressing chairman; Mrs. Harvey Sloan, nurse's aide chairman; Mrs. A. J. Cooper, public information chairman; Mrs. Otis Ligon, knitting chairman; Mrs. L. G. Lewis, camp and hospital chairman; Mrs. B. K. Buffington, Junior Red Cross leader; Mrs. J. E. Hill, Gray Ladies chairman; Mrs. J. T. Walker, sewing chairman; and Mrs. J. M. Haygood, home nursing chairman.

Mrs. Jameson will return to Midland for the Red Cross Clinic, which will be held here.

Three more programs of the "Food For All" series will be presented by the Red Cross this week, from 7:15 to 7:30 a. m. over KRLH, Monday, Wednesday and Friday mornings. They will stress the importance of food in the world today and will discuss wartime nutrition problems.

Texas Federation Of Women's Clubs Plan November Meeting

AUSTIN—(P)—The 70,000 members of the Texas Federation of Women's Clubs have cancelled their 1944 convention in favor of a post-war planning conference on November 15, Mrs. Ethel Foster, state president, announced.

This meeting will be held in Fort Worth and all kindred women's organizations of the state have been invited to participate.

"The minute the war in Europe is over, we plan to start on our post-war plans to help the GI Joes and girls find jobs as well as make readjustment to civilian life," said Mrs. Foster.

Ryan Family Leaves To Attend Schools

Mrs. W. D. E. Ryan, 909 W. Storey, with her two children, Quincy Belle and Charles, left last week for Nashville, Tenn., to spend the winter.

Quincy Belle will enter Ward-Belmont School in Nashville, where she will be in her third year of high school. Charles will be a high school freshman at Castle Heights Military Academy in Lebanon.

Mrs. Ryan will also spend the winter studying, having enrolled for courses at Peabody College in Nashville.

Her husband, Lt. Col. W. E. Ryan, overseas.

ST. ANNE'S ALTAR SOCIETY TO MEET AT TEA MONDAY

A tea for old and new members of St. Anne's Altar Society of St. George's Catholic Church will be given Monday afternoon from 3 to 5 o'clock at the home of Mrs. J. W. McMillen, 1811 W. Missouri. All Army wives, as well as all women of the parish, are cordially invited to attend.

Mrs. Paul Schaefer, 804 W. Kansas, is president of the society.

one of Midland's leading doctors, is now serving with Patton's Army.

5-Diamond Engagement Ring. \$225 Convenient Terms

HOW MUCH is a Diamond Worth?
You won't find the answer in weight alone. Cut, color and degree of perfection are equally important. We give you full and authentic information on all four points. You know exactly what you are buying... and are sure to get value... when you buy your diamond here.

Barefoot Boys
Last Tuesday, West Texas supplied the cadets of class 44-49 with an outlet for an escape to their boyhood days. "Barefoot boys" walked about Midland Army Air Field as the cadets waded through knee-deep water to follow their schedule.

Cadet Wallace "Shorty" Severens of Holdrege, Neb., who believed what his roommates told him—about the water only being knee deep—tried to cross the medieval moat that surrounded Barracks Six. He was barely salvaged when he was pulled out by his neck.

Cadet Gene Vesely, who grew lonesome for the waters of Lake Michigan near his Chicago home, immediately took advantage of the situation—and to the amazement of everybody in sight—went swimming in Barracks Six's "public pool."

Student Of Surrealism

Pvt. John J. Sullivan is gradually becoming a "surrealist." He is reading "The Secret Life of Salvador Dali," and most anywhere in his barracks you can find pieces of paper with his own interpretation of "surrealism." Some of the most interesting ones are his drawings of "human eyes floating in a bowl of soup."

Not A Campaigner

Cpl. Richard White, Ground Safety NCO at the bombardier base, is not a politician, but his itinerary for one day would equal any campaigner running for an elective office. In three days he gave 21 lectures on ground safety, first to military and then to civilian personnel.

Here's how Corporal White did it: He started early Wednesday morning (0700 Army Time), the first day that classes in orientation were held in each section and platoon lectures halls and dayrooms. Well, before the orientation instructor would start his lecture, Corporal White was allotted the first 15 minutes of the one-hour orientation class in each of these organization meetings. He completed the first day with seven lectures, and repeated

the same number of lectures on Thursday and Friday for a total of 21 lectures in three days.

During the course of an average day, Corporal White does not confine himself to just giving lectures on safety first, but he visits the post hospital to get data on each person involved in any type of accident. Then makes out a report on each case for reference in future lectures. When he is addressing a group at a meeting, his speaking draws strict attention as he presents facts and figures on the purpose of ground safety to all persons whether in an Army post, or living in one of the nearby cities.

Headquarters Shuffles Offices

Post Headquarters has undergone a new change. Military Intelligence moved from Room Two to Building T-21 which they will share with the Budget and Fiscal Office. In the office formerly occupied by intelligence moved the incoming officer reporting section, and into their office the statistical control section. Other changes included the grouping of the officers and enlisted personnel classification sections into one combined office which formerly was occupied by the statistical control and enlisted classification sections.

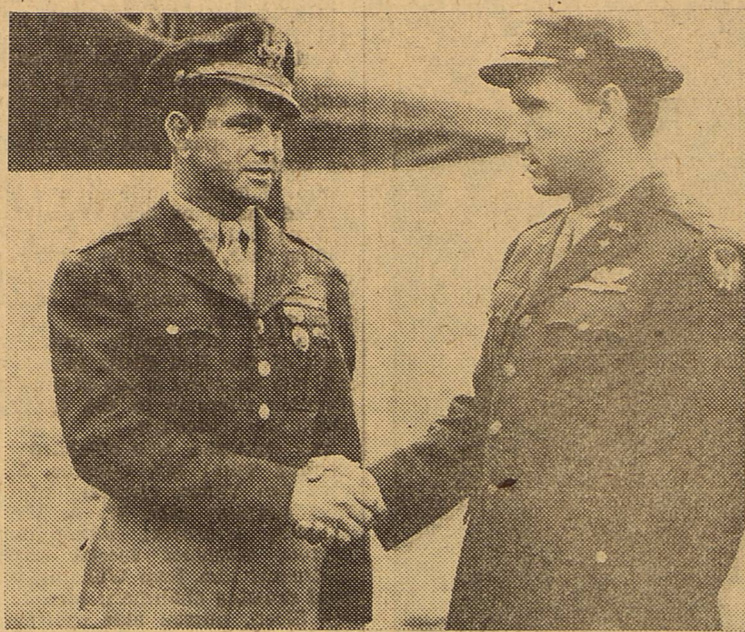

Dream Assignment

Staff Sgt. Arthur W. Cole, who was formerly on duty in the public relations office, is now in charge of the "dream" department with the special services office. Right now he is dreaming up a "minstrel" show to be staged in conjunction with the Sixth War Loan Bond Drive that will get underway in November. While at PRO, Sergeant Cole was director and producer of two MAAF hits, "The Eye of St. Mark" and "Hit the Sky." His new show hasn't been given a name as yet, and it will go into rehearsal the latter part of October.

Poetry Brings Results

Pvt. Henry Plucienik recently purchased a book on "love" poetry, and the fellows in his barracks noticed that everytime he wrote a letter the book was close by. Finally Private Plucienik had to make

Gets Important Assignment

AN EIGHTH AIR FORCE BOMB-ER STATION England—Everything happened at once to Robert E. Howe, left, of Midland, Texas, who was awarded the Purple Heart, promoted from flight officer to second lieutenant, and appointed assistant group bombardier at this Eighth Air Force B-24 Liberator base recently.

The lieutenant, the son of Mr. and Mrs. John P. Howe of Midland, was hit in the head by fragments

of a flak shell which exploded near his Liberator, "Scorpio II," during a bombing attack to a robot plane emplacement in France. He is shown receiving the Purple Heart from his group commander, Lt. Col. Clendon P. Overing, of Orange, Mass.

Before entering the AAF in January, 1943, Lieutenant Howe was employed by the U. S. Engineers-War Department in New Orleans, and in Little Rock, Ark.

a confession to his buddies of sending copies of the poems to his best girl friend with his own signature signed to the poem. Now the boys know why he has been receiving those sweetly perfumed letters every day.

First Sergeants Pays-Off

To cost First Sgt. Benny Marshall a private steak dinner party when Staff Sgt. and Mrs. Robert L. Moser announced the birth of a baby boy, because he had wagered their first born would be a girl.

Furlough-Wedding

Staff Sgt. Donald E. Stepfield walked into his orderly room the other day and announced to Staff Sgt. George Lucas, chief clerk of Section A, "I want to make out an application to live off the post." Bewildered at the request, Sergeant Lucas replied, "Only married men in the first three grades can be authorized off the post." To which Sergeant Stepfield answered, "While I was on furlough I got married." So an application to live off the post was made out for the newlywed staff sergeant.

Sergeant Stepfield's wife is the former Miss Geanne Louise Pressler of Barborton, Ohio. He hails from Doyletown, Ohio. They now reside at 607 North Loraine, in Midland.

Corporal Studies Chinese Language

Cpl. William Papke returned from furlough this past week, which was spent in San Francisco, Calif., with a handbook and instruction on "How to Read and Write Chinese." While at the Golden Gate city, he spent most of his time touring picturesque "Chinatown."

Gay Paree

Cpl. Ralph La Tour's happiest moment was hearing the news of the liberation of Paris, France. Before the war, Corporal La Tour lived in Paris, and he speaks and writes French fluently.

Bomb-Blasters

Cpl. Curtis C. Boley received word from his wife at Silsbee, Texas, that he had become the father of a boy weighing six and three-quarter pounds.

Tech. Sgt. Clarence James and First Sgt. Benny Marshall took a trip in a jeep the other day. Final results was that the jeep took a beating with all the "enormous" weight it had to carry. (Both boys are quite large and tip the scales well over two hundred pounds each.) The next day Sergeant Marshall was seen standing, because it was practically impossible for him to sit down without letting out a scream of "pain."

'Poverty Stricken' Woman Leaves \$140,000

CLEVELAND—(P)—Mrs. Lucy C. Armstrong, 86-year-old recluse who lived in a \$10-a-month room, left more than \$140,000 when she died Friday.

Police who examined Mrs. Armstrong's modest lodgings after she was fatally injured in a fall said they found a bank book listing \$40,000 in deposits and stock certificates worth approximately \$100,000.

Livestock

FORT WORTH—(P)—Cattle 300; calves 100; nominally steady prices; no mature steers; stocker and feeder supplies were carried over for Monday's trade; odd lots common to medium slaughter yearlings 8.00-12.50; good and choice fat calves 12-13.

Hogs 300; steady; good and choice 130-240 pound butcher hogs 14.55, with other butchers scarce. Sows 13.50-13.80.

Sheep 500; unchanged; good yearlings 10.25; a few two-year-old wethers 6.50.

Cotton

NEW YORK—(P)—The cotton futures market closed 15 to 45 cents a bale lower.

In bombing German industry the Army Air Forces flew more than a quarter million sorties and dropped more than 200,000 tons of bombs between Jan. 1 and May 15, 1944.

The timber line is the upper limit of tree growth on mountains.

Cpl. Tommie Flourney Visiting Midland

Cpl. Tommie Flourney, son of Mr. and Mrs. W. G. Flourney, is visiting in Midland on furlough. He is stationed at San Francisco with the Army Transportation Corps. Corporal Flourney is a radio operator on Army transport vessels, and has seen a year's service in the South Pacific.

Capt. Goldstein Is Appointed To New Post At MAAF

Capt. William Goldstein has been appointed military processing officer at Midland Army Air Field, it was announced Friday by post headquarters, to succeed Lt. Col. Stanley E. Jordan, who departed for an undisclosed assignment at San Antonio, Texas.

Prior to coming to the bombardier base, Captain Goldstein was personnel officer of a college training detachment of cadets at the University of Missouri, in Columbia, Mo. Before that he served as adjutant of the old 489th Bombardier Training Squadron at MAAF in the early part of 1943.

Willkie In Hospital For Next Two Weeks

NEW YORK—(P)—Wendell Willkie's physician said Saturday the 1940 Republican presidential candidate would remain in the hospital, where he has gone for a complete physical checkup, for "at least two weeks."

"Mr. Willkie is getting along fine," Dr. Benjamin Sadler said. The name of the hospital has not been disclosed.

Leaves For Dallas

Miss Wilma Flourney left Friday for Dallas where she will enter her fourth year high school. She is the granddaughter of Mrs. W. G. Flourney, 300 S. Dallas.

Those Who Left U. S. To Avoid Draft Will Not Be Allowed Back

WASHINGTON—(P)—Americans who left the country to evade the military draft would be deprived of their citizenship under a measure approved by the Senate Friday. The bill was returned to the House for acceptance of a technical amendment.

The legislation would exclude from readmission to the United States any alien who left to avoid military service.

Sgt. Tuggle Wounded In European Fighting

The War Department has announced that Sgt. Clinton R. Tuggle of Midland has been wounded in action in the European theater. His wife, Mrs. Janie W. Tuggle, resides here.

Soil And Water Plans Completed On 22,406 Farm Acres In County

Complete soil and water plans on 22,406 acres, comprising 21 farms were approved by supervisors of the Martin-Howard Soil Conservation District in their regular meeting, Herd Midkiff, district supervisor, announced Saturday. Farmers and ranchers in Midland County who had plans approved on a total of 15,571 acres were: J. G. Bennett, B. G. Bryson, Norman Dawson, B. W. Golliday, S. O. Golladay, J. O. Nobles and M. H. O'Daniel.

Applications for planning were also approved on 155,150 acres, including farms and ranches of the following: A. P. Jordan, Walter Kriegel, Howard Newton, Proctor Bros. Ranch and Warren Skaggs ranch.

Preliminary engineering surveys have been completed on the farms of Doyle Rayburn, Binnie Bizzell, A. P. Jordan, Joe Dobson and Howard Newton.

Two-Thirds Of Midland Servicemen Overseas

Indications are that almost two-thirds of those in the armed forces from Midland County are now overseas.

The Midland County Agricultural Postwar Planning Committee is gathering names and addresses of those from the county's farms and ranches now in the services. Sixty-

ALWAYS BE ON THE ALERT

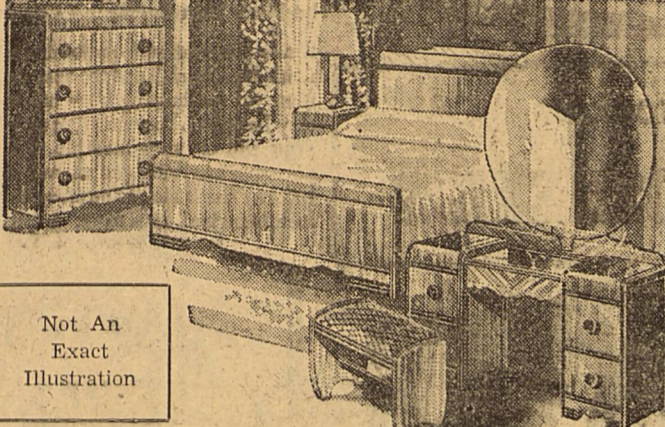

Boys and Girls marching back to School from a summer of play, must be reminded anew of dangers that lurk at street corners and cross roads. Parents will have to remember to caution them, that though there may be less traffic on the streets and highways now than before the war, there are no fewer hazards to life and limb. Young America must be kept on the alert against accidents. Young America must be guarded, for American Youth is the Future of Our Country.

Dairy Subsidy Now Being Paid

Subsidy payments for the county's dairy producers are now being made at the Midland County AAA office, William H. Waddle, secretary, announced Saturday.

The payments are being made at the rate of six cents a pound for butterfat and 45 cents per hundred-weight for whole milk.

The payments are made to producers to offset the high cost of feed, Waddle said.

Boy Scout Leaders Of Fifteen Counties To Meet Here Monday

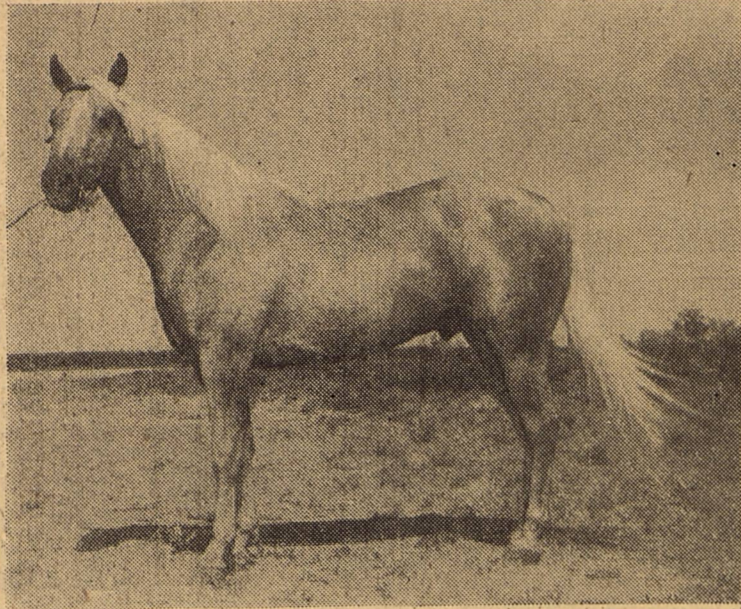

Members of the Buffalo Trails Boy Scout Council will meet at the Scharbauer Hotel Monday evening to launch the new year for Scouting in the large area. Representatives from 15 counties are expected to attend the session.

The finance committee will meet at 6:30 p. m., and a dinner will be served to the delegates at 7:30 p. m.

The budget for the fiscal year will be determined at the finance session. Charles E. Paxton of Sweetwater is president of the council.

The ancestors of the Maya Indians of Yucatan, Chiapas and Guatemala were the most civilized and intellectual of any of the aboriginal tribes of ancient America.

Midland Palomino Wins Prize

"Sobre's Diamond," three year old Palomino stallion captured second place at the annual show of the Palomino Horse Breeders' Association of America, in Abilene, recently. The prize winner belongs to E. E. Harrington of Midland. He has owned the horse three months.

SPORTS BOMBER

On Thursday night, September 14, at 7 p. m., MAAF will open the fall season of sports by the presentation of a sports show and water carnival under the direction of the Physical Training Department and assisted by Special Services. The program for the evening will consist of six boxing bouts, one wrestling match, two tennis exhibitions, nine water events and two acts of cowboy trick roping.

Lieut. William Jones is director of the water carnival, and the events he has scheduled for the big night are: Breast stroke race, back stroke race, free-style race, fancy diving, medley relay (three-man teams), water polo game, and a novelty race. Also included in the carnival will be demonstrations of swimming with fins and inflated clothing and barracks bag, showing their usefulness in wartime swimming. During the different events a clown will be on deck to add zest and merriment to the show.

The boxing cards with six bouts will be under the direction of Lt. Lindy Borghensani, trainer of the boxers, who claims that their performances on Thursday night will be of top-notch ability, with plenty of action.

One of the highlights of the sports show will be the two exhibition tennis matches played on a special court in the Post Service Club. Ft. Charlie Masterson, who came to MAAF with the honor of being fourteenth ranking netter in the nation, will play a set each with Sgt. Clarence Cline and Pfc. Joseph Nodge, both ranked as MAAF's top EM tennis players.

Capt. Thomas J. McGuire, director of the entire show, announced that Lt. Bob Pastor would be on hand to referee some of the boxing bouts. He will come up from Randolph Field, Texas.

to be held Thursday night, was passing out cigars to all his friends last week since he became a proud father of a baby boy.

When Pfc. Masterson was questioned about the son's future, he stated, "As soon as my son is old enough to walk I am going to give him a tennis racket and teach him all I know about the game." The boy should be a top-notch champion if he is anything like his Pop.

Sports Shorts

Cadet Harry E. Lynch of Chicago, Ill., is a member of the American Automobile Association Contest Board on leave for the duration. This board controls automobile racing of all types. He has served as track commissioner, observation reporter and flagman at the Indianapolis Speedway, home of the world's championship auto races before the war. Cadet Lynch was also in partnership with his older brother in promoting midget auto races at Denver Colo., and Milwaukee, Wis.

Cadet John K. Shepherd of Sherrodsville, Ohio won his letter in baseball and basketball for three years in a row at Sherrodsville High School. In basketball, playing the guard position, he was chosen all-county and all-tournament in 1943. He also played semi-pro baseball with a hometown team.

Washington Politicians Watch Democratic Meet With Great Interest

By TEX EASLEY

WASHINGTON—(AP)—The Texas Democratic convention Tuesday in Dallas, with its impending showdown between Pro and Anti-Roosevelt factions, will be eagerly watched from this distant vantage point by most of the State's Congressional Delegation.

There is doubt whether any of the Texas Congressmen will be on hand when the question of selecting presidential electors comes before the Texas assembly.

A poll of the State's 21 Representatives and two Senators found only three who might attend the convention. All ardent Roosevelt backers, they are Speaker Rayburn and Representatives Wright Patman and Lyndon B. Johnson.

Rayburn, a delegate, says he wants to go but doesn't know whether legislative affairs here will permit him to leave.

Johnson, one of the key figures of the State Convention last May, is in the hospital and may not be able to attend. He is recovering from a recent operation and is expected to be home in a few days.

Patman now is in Texas. Many of his colleagues expressed belief he would be on hand when the Pro-Roosevelt forces attempt to undo the work of the May convention.

Many of the Texas delegates, observing that the convention is filled with political dynamite, privately admit they fear their participation might stir up bitter feelings that would hurt them as long as they sought to remain in public office.

As for returning to Texas when a recess is called—and there seems little likelihood of one for another two weeks—most of the State's legislators feel the distance they would have to travel in the brief time off would make the trip inadvisable.

Only Representatives Poage of Waco, Mahow of Colorado City, Gossett of Wichita Falls and Fisher of San Angelo said they probably would visit their home districts.

A. & M. Packing Company To Open Frozen Food Locker Service Monday

The A. & M. Packing Company, on the East Highway, will open its new frozen food locker service Monday morning, S. L. Alexander and H. M. McReynolds, the owners, announced Saturday.

More than 700 of the new, modern lockers will be in service Monday, and 200 more will be added soon. They are housed in a fireproof addition to the packing plant. The new unit is 70x120 feet and one of the finest of its kind in West Texas.

Since January 1, workmen have been busy erecting the building, and installing equipment and machinery to give Midland the finest food locker system in this area. Most of the lockers already have been rented.

Ellis Conner, prominent Midland businessman, is superintendent of the locker department of the A. & M. Company.

Complete Service

Complete service on meats, poultry, fruits, vegetables and other commodities which renters of lockers want to preserve will be available at the plant. That service will include slaughtering, cutting, curing and storing of meat, processing fruits and vegetables and similar services on other items.

The lockers are standard 17x20x30 inch boxes.

The packing company was started here as a small concern seven years ago and has developed rapidly into one of the largest in West Texas. It also operates a general

meat slaughtering and packing business.

Officials of the company hope to service at least 100 lockers during the next few days. Names were drawn from a hat to see which renters will get service first. They will be notified by the company when their lockers are available.

The Babylonian law code was assembled, largely from older sources, by Hammurabi about 2,100 B.C.

Softball in The News

The Officers' Softball League has finally come to a close, with Training Squadron Three declared winner of the first round of league play when Training Squadron Two forfeited the one game they had left to play in that round. The second round of league play was won by AAFIS (B).

So Tuesday afternoon Training Squadron Three plays AAFIS (B) for the Officers' Post Softball championship in a two-out-of-three-game series. The second game will be played on Thursday afternoon, and if a third game is necessary, it will be played on Friday.

Training Squadron Three is managed by Lt. Manfred Kistler, who is also their star hurler. AAFIS (B) is under the capable leadership of Lt. Carleton "Whitey" Wilshire, formerly of the St. Louis Cardinals. The championship game will be played on the diamond opposite to the BEO, starting at 2:30 p. m.

PT Department Gets New Quarters

The Physical Training Department moved Friday from its former headquarters to a new location in Building T-485 on Fifth Avenue and South "C" Street. In their old stand, which was a two-story barracks, which was available for all types of indoor training. But in their new building, which is much smaller and only one story, with all the spare room taken up by an athletic supply room and two offices, no room for indoor physical conditioning will be available.

So Capt. Thomas J. McGuire, PT areas will be a new and varied would equip each athletic area with mats, fast and slow punching bags, chin bars and bell bars, for all to use. Also in each area there will be horseshoe courts; softball diamonds, basketball and volleyball courts.

Included in this new setup of the PT areas will be a new varied program of physical training. Each period of PT will consist of something new and different, to keep the aerial and ground men in the peak of condition.

Calisthenics on the handle and chin bars will be stressed to develop fingers, hands, arms, legs and body joints. Abdominal exercises to keep the body limber and alert, with spot running races of stop-and-go action for coordination.

An incentive in this new phase of physical training was noticed Friday when one class was working out on the chin bars. While one of the boys was swinging to and fro, his buddies down on the ground kept urging him on and on with laughter and "Come on; you can do it once more!" This has added pep to the new method of getting the best out of the physical training period.
