## LEWIS DAIRY IS ONE OF THE BEST TO BE FOUND IN TEXAS

The group of pictures on this page give you some idea of the excellent equipment and stability of the buildings that go to make up the Lewis Dairy, but cannot furnish the beautiful views of Kerrville and surrounding country to be had from that site.

About seven years ago, Judge D. R. Lewis and his son, A. L. Lewis, came to Kerrville from Auburn, N. Y., and established the Lewis Dairy. What they did not already know about the dairy business they have learned, because there is no better arranged nor more sanitary dairy to be found in Texas than the Lewis Dairy. The dairy herd comprises Jerseys, Holsteins, Guernseys and cross breeds of all these, producing fine milkers.

There is a 200-ton silo, latest designed milking machinery, comfortable clean quarters for cows, and all appurtenances that are needed for sanitary and convenient surroundings.

Recently hog breeding has been added to the dairy, and a fine herd of Poland China hogs is to be found there.

One reason The Sun force have a partial feeling for the Lewis Dairy, is the fact that A. L. Lewis is an expert printer and Linotype operator, and we some times take advantage of his knowledge and expertness to help us out of a pinch.

It is well worth the trip to see Lewis Dairy, which is adjoining the city limits of Kerrville on the north. You will be welcomed by Judge Lewis or his son.

Dr. Arthur G. Jones, pastor of the First Presbyterian Church of San Antonio, will preach at the Westminister Encampment, Sunday night at 8:30 o'clock. He is an able and interesting preacher, so will no doubt be greeted by a large audience.

## FAMOUS AMERICAN RANCHES AND STORY OF CATTLE KINGS

Under the above heading, the July issue of the National Magazine has quite a lengthy and intimate article about the Schreiner family—father, five sons and three daughters.

Most of the contents of this article are familiar to the readers of The Sun and not necessary to reproduce here, but there is one portion of it that we consider pertinent to copy, because it so fits the practices, the desires and intentions of the Schreiner family, and which is as follows:

"All the Schreiner enterprises and industries assumed large proportions. Kerrville, being one of the largest wool and mohair markets in the United States, Captain Schreiner soon became known as a large buyer and shipper, the growers consigning their output to him throughout a wide territory. They had confidence in his judgment and knew his reputation for square dealing. He had built his success largely on personal honor. The wool and mohair industry grew into a business amounting to a few million dollars a year; the store and bank grew in volume of business and resources; the ranch and cattle interests were large enterprises—all the result of the efforts of one man who had come to this country a few years before a penniless French immigrant. Yet with all the influence and power of the combined Schreiner interests, the town of Kerrville was never a 'one-man' nor a 'one-firm' town. The Schreiners have always headed the list for public improvements and civic betterments, whether it related to building good roads, churches or schools."

Joe Surber, living in Kerrville suburbs, brought a stalk of corn to The Sun office Wednesday that measures twelve feet, raised without irrigation and planted April 1st.

## INTERESTING PRESBYTERIAN ENCAMPMENT NEWS ITEMS

The Westminister Presbyterian Encampment has erected twelve new buildings this year and has greatly increased the facilities for the comfort and enjoyment of the many visitors. Have you visited the grounds? There is no more interesting spot about Kerrville.

The Rev. W. W. Moore, D. D. of Richmond, Va., a distinguished educator and writer, will be the guest of Mr. and Mrs. A. C. Schreiner during August. Dr. Moore will take an important part in the Encampment program.

The Presbyterian Women's organization of Texas has built a beautiful and commodious building at the Encampment as headquarters for their work. This building will be dedicated as part of the Woman's Program, August 19-20th.

Many will be especially pleased to know that we will have the privilege of welcoming again, one of the most popular speakers who has ever been at the Encampment, Dr. James O. Reavis. He always makes everybody happy and his subjects interesting.

A new visitor to the Camp and to Kerrville will be Dr. Thornton Whaling of Columbia, S. C.

Dr. Whaling is a delightful personality and a most brilliant speaker. He has the gift of holding up an idea before an audience and causing it to sparkle like a diamond in the sunlight.

The athletic and social amusements of the Camp will be under the direction of Homer Rainey of Austin College. Mr. Rainey is an experienced manager of athletics and will have able assistance, so this department is worth watching.

Rev. Tom Cunningham, with a corps of trained assistants, will be in charge of the music and this promises to be a most enjoyable feature of the Encampment.

## LAND ADVANCING IN PRICE RAPIDLY IN HILL COUNTRY

The prices paid for ranch property in Kerr and adjoining counties during the past few months show that the value of land is advancing rapidly in the Hill Country.

Robt. Real has sold to E. A. McCoy 5,811 4-10ths acres, comprising part of Jackson or Calloway Ranch, for \$45,449.00.

I. N. Harless to R. A. Holland and H. C. Geddie, lots 4 and 5, block 37, Tivy Addition to Kerrville; \$600.00. H. C. Geddie and wife sold to R. A. Holland half interest in same lots for \$1.00 and other considerations.

E. L. Spence and wife to Thomas James, lots 3 and 4, block 7, Lowry Addition to Kerrville; \$1,750.00.

Mrs. C. E. Norton to J. E. Walker, 1 1/2 acres at Ingram, adjoining school house lot; \$300.00.

J. C. Lawson to S. Goldman, lots 1 and 2, block 4, Lowry Addition to Kerrville; \$750.00.

## KERRVILLE

By Katie Daffan, in Ferguson's Forum, July 15: Some of us have been Colorado mad and California mad. Others of us, in an unguarded minute, have declared that the picturesque Alps were all in Switzerland. We believed that in order to find the land of the sky we must cross the distant waters. We had not been moved by the great spirits of Discovery and Exploration to find our own mountain-crowned, lake gemmed Switzerland, under fair, blue Texas skies. KERRVILLE, KERR COUNTY, TEXAS, anticipates an exacting sense of beauty then gratifies it. Nature gave to this place a distinct individuality. As calling unto herself all of her mystic powers of beauty, she placed it near 2,000 feet above sea level, overlooking as charming a valley as Alpine tourist ever climbed highland to see. And the climate is perpetual October.

This beautiful city of the hills is situated on the Old Spanish Trail which extends from Jacksonville, Fla., to Los Angeles, Cal., which ancient roadway embraces in its windings from ocean to ocean, four centuries of American history. The clear Guadalupe flows through and circles around this famed spot of Nature, which is enclosed with charming hills of the identical character of the foot hills of the Blue Ridge and the Alleghanies. If these very same Kerrville hills were a part of a distant mountain range, we would be engaging passage months ahead to tire ourselves to death crossing the continent to find the Place Beautiful.

Like the Kingdom of Heaven, Kerrville is here with us. For Texans to go over the world looking for a place to enjoy natural beauty when this place is within the confines of our own State, is like the foolish man who did the following foolish thing: He wanted to find diamonds. He heard they were in the distant East, whither he journeyed, reaching his destination after many weary, ungratified years. They told him in the East that there were no diamonds there, that the rare diamonds were to be found in the portion of world from which he had come. He started back, reaching his home broken, old, disheartened. As he opened the gate leading to his long deserted house, his feeble foot touched a hard substance, and 'twas a diamond the value of which astonished the world. What his heart craved was at his own doorstep. Our "diamonds" in wholesome beauty and in health-giving climate are not across the world.

The early Indians in our State, as in New England, could be trusted to make their settlements near the most beautiful natural points. They followed running water, water falls and game-filled forests. As for climate the Indian was a scientific discoverer, for his wigwam was sure to be found where there was salubrity, evenness and health. Kerrville's early history is rich in pioneer incidents, for Indians were here and near here, and many were the Indian fights and fighters of her pioneer time. The county of Kerr and the town of Kerrville were established in 1856, eleven years after Texas ceased to be a republic.

The opening Conference on Sunday School Work and Young People's Societies will be of special interest to all Sunday School workers and Young People's Societies. These conferences and lectures will be of equal interest and profit to the organizations of others; than Presbyterians and all the sessions are fully open to them, and all the workers and members of such organizations in town or country are cordially invited to attend.

The Conference on Education will be equally profitable, and, though presenting the Presbyterian Schools the facts brought out about the value and need of education will apply just as truly to all churches and citizens.

From the 15th to the 18th the subject will be Home Missions. On this program Dr. Homer McMillan, Dr. James O. Reavis, Dr. T. W. Curry and Dr. Thornton Whaling will appear, and these men are authorities on every aspect of the task of making America truly Christian. You can not afford to miss them.

All the women of Kerrville will be delighted if they will attend the conference on Women's Work on the 19th and 20th. This will take up all the activities of organized Woman's Work in regular study classes as well as by interesting lectures. You are all invited of whatever denomination.

The final conference, August 22nd to 25th, is on Foreign Missions. Dr. Reavis, who is Field Secretary for Foreign Missions of the Southern Presbyterian Church, will conduct this conference and will have the assistance of Rev. Chal Vinson, a missionary to Africa; Miss Mary Dodson, Korean Missionary, and of Rev. C. H. Storey, an 'Stewardship' and of Dr. Arthur

## PROGRAM OF PRESBYTERIAN WESTMINSTER ENCAMPMENT

In another column the complete program of the Presbyterian Westminister Encampment, from August 4th to 25th, will be found.

A glance at it will show that the subjects to be studied are of vital importance and interest to every parent or young person interested in self-improvement, education or good citizenship.

It is also to be noted that the speakers appearing on this program include men and women of the highest ability and of even National reputation. To mention only two of them individually:

Dr. W. W. Moore of Richmond, Va., is an educator and writer of National reputation, and one of the most able and eloquent preachers of the South.

Dr. James O. Reavis is a man of equal prominence, well known in Texas as once the popular pastor of the First Presbyterian Church of Dallas, and often heard with pleasure at the Camp.

The opening Conference on Sunday School Work and Young People's Societies will be of special interest to all Sunday School workers and Young People's Societies. These conferences and lectures will be of equal interest and profit to the organizations of others; than Presbyterians and all the sessions are fully open to them, and all the workers and members of such organizations in town or country are cordially invited to attend.

G. Jones of San Antonio on "Stewardship of Life."

Such a program is of immeasurable value to every man and woman who is interested, or ought to be interested, in the moral and religious welfare of the community and country. We have this right at our doors without any cost except the effort to attend. All are cordially invited and will be made welcome to every session and entertainment.

The pastors of the churches in the city are urged to call these opportunities to the attention of their congregations and to encourage their people to take advantage of them.

## THE RUN-OFF AUGUST 28 BETWEEN BAILEY AND NEFF

The Texas primary last Saturday resulted in some surprises, as Bailey is ahead of ticket for Governor 5,000 or more. Neff is next highest man, Thomason third and Looney fourth.

The run-off will then be between Bailey and Neff, and each is already campaigning and their friends actively at work to decide the contest on Saturday, August 28th.

There will also be a run-off between Davidson and Johnson for Lieutenant Governor; also between Pierson and Hawkins for Justice of the Supreme Court.

It is believed that Smith is nominated for Comptroller of Public Accounts, Terrell for Commissioner of Agriculture and Davidson for Court of Criminal Appeals.

### Kerr County Vote

A light vote was polled in Kerr County, the totals being as follows for candidates named:

For Governor: Neff, 288; Bailey, 137; Thomason, 57; Looney, 10.

Lieutenant Governor: Johnson, 288; Davidson, 161; McNeal, 40; Humphrey, 20.

Supreme Court: Hawkins, 229; Key, 98; Pierson, 96.

Commissioner of Agriculture: Terrell, 268; Dixon, 168.

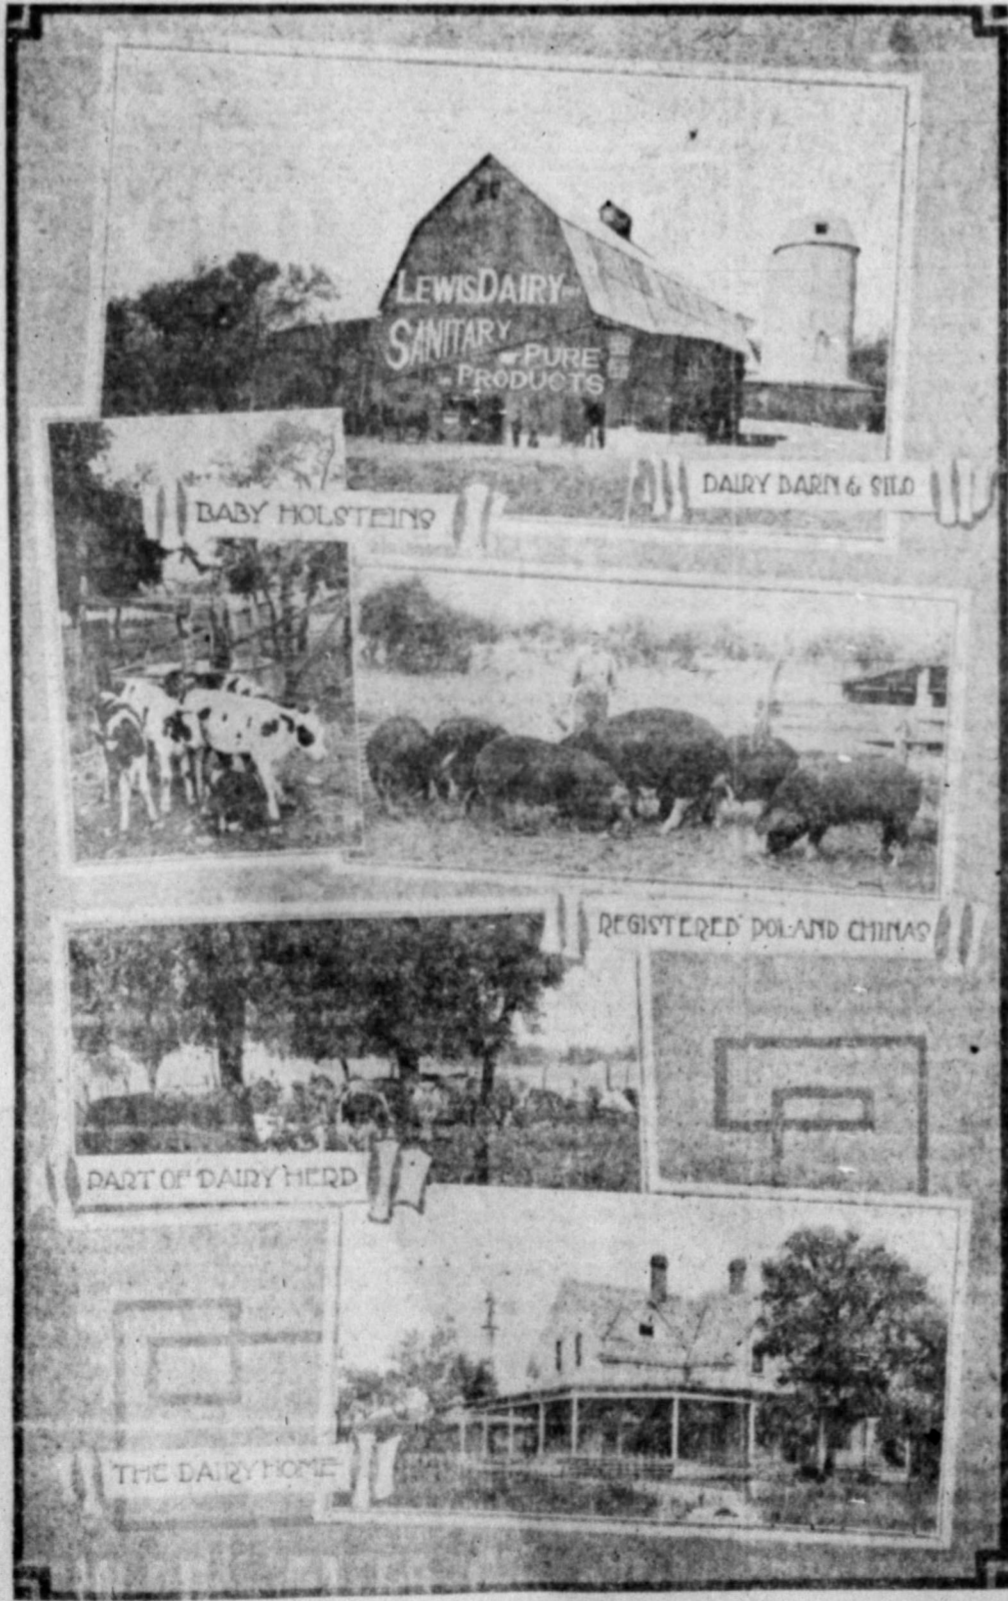

Comptroller: Smith, 261; Wiginton, 152.

Representative: Stewart, 278; Stevenson, 180.

Divide precinct did not return any vote on Representative, though voting on other candidates.

All of the county officers were re-nominated without opposition. For County Commissioners, Chas. Real was nominated in District No. 1; in No. 2, Jack Gibbens 10, Morris Hood 10, J. E. Wallace 3 and R. J. Lapp 1; in District No. 3 there was no nomination; in No. 4, H. I. Hardin was nominated without opposition.

E. F. Ferguson was nominated for chairman of Democratic Executive Committee and A. T. Adkins, for

### WHERE THE INCREASED PAY IS TO COME FROM

Washington.—To provide an additional revenue necessary to meet the \$600,000,000 increase in wages awarded by the Railway Labor Board the railways have proposed to the Interstate Commerce Commission that the passenger rates be advanced 20 per cent and freight rates 9.13 per cent in addition to the 27.6 per cent previously requested. They proposed a surcharge of 50 per cent be made on Pullman fares, that excess baggage rates be increased 20 per cent and that milk tariffs be increased to the same level as freight rates.

Should these increases and those previously asked be granted in full, existing freight rates would be advanced 36.9 per cent and the Nation's freight bill would be increased by \$1,335,370,675. The total which would be added to the passenger revenue under the railway executives' plan would be \$237,827,982 annually. Pullman charges would go up \$43,639,344 a year; the revenue on milk would be increased \$8,662,089 and excess baggage charges would be advanced by \$1,420,995, making a total increase in revenue of \$1,642,921,585 a year.

The plan advanced by the railroads disclosed that they have estimated the wage award at approximately \$626,000,000, instead of the \$600,000,000 figured by the Labor Board. Alfred P. Thom, general counsel of the Association of Railway Executives, explained that the \$26,000,000 additional was figured on the basis of overtime allowances provided in the award.

### MR. McNEES COMES TO THE FRONT

Tells His Friends and Neighbors of His Experience.

Every Kerrville resident should read what Mr. McNeess says, and follow his example. He has used Doan's Kidney Pills and speaks from experience. Is there any need to experiment with imitations or untried kidney medicines?

D. F. McNeess, retired farmer, Kerrville, says: "I can recommend Doan's Kidney Pills for I know they are a good remedy. My kidneys were weak and out of order. I felt dull and tired and had a soreness and dull ache over my kidneys and my kidneys acted irregularly. Others in my family had been benefited by Doan's Kidney Pills and I used them. They corrected the trouble, putting my kidneys in good condition."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McNeess had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

### CITATION BY PUBLICATION OF FINAL ACCOUNT

THE STATE OF TEXAS  
To the Sheriff or any Constable of Kerr County, Greeting:

J. P. Grider, Administrator of the Estate of J. S. Lowrance and Amanda Lowrance, Deceased, having filed in our County Court his Final Account of the condition of the Estate of said J. S. Lowrance and Amanda Lowrance, Deceased, numbered 356 on the Probate Docket of Kerr County, together with an application to be discharged from said Administration;

You Are Hereby Commanded, That by publication of this writ for twenty days in a Newspaper printed in the County of Kerr, you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on or before the August Term, 1920, of said County Court, commencing and to be holden at the Court House of said County, in the Town of Kerrville, Texas, on the First Monday, same being the 2nd day of August, A. D. 1920, when said Account and Application will be acted upon by said Court.

Given Under my Hand and seal of said Court, at my office in the Town of Kerrville, Texas, this 6th day of July, A. D. 1920.

(Seal) JNO. R. LEAVELL,  
Clerk, County Court, Kerr County.

I Heroby Certify that the above and foregoing is a true and correct copy of the Original Writ now in my hands. 29-4tc

Sheriff, Kerr County.

### Hunt Happenings

Mrs. F. C. Walsh has returned from San Antonio. Edward McCamish came with her and will visit at La Junta during August.

Mrs. J. G. Springer of San Antonio is a guest of Mr. and Mrs. J. E. King at Kamp King. Dr. Springer, who is superintendent of the Southwestern Insane Asylum, will come up for the week-end.

Mrs. W. C. Bruff of San Antonio is visiting Mrs. W. H. Mitchell at their camp house.

Mr. and Mrs. G. B. Gouger and daughter, Miss Naomi, have arrived from San Antonio to spend the rest of the hot weather at Hunt.

Mr. and Mrs. W. A. Armstrong of San Antonio are at the Page house for a couple of weeks.

Mr. and Mrs. Harry Harrison and little daughter, Hester, are at the Schreiner Camp on North Fork for a couple of weeks' vacation.

Dr. and Mrs. E. W. McCamish and son, John, arrived Wednesday to be the guests of Dr. and Mrs. F. C. Walsh at La Junta.

Mr. and Mrs. W. H. Mitchell will close their Camp Friday and return to Floresville. This is the sixteenth summer Mr. Mitchell has summered at Hunt.

Walter Crider Jr., the 2 1/2-year-old son of Mr. and Mrs. Walter Crider, died last Friday at the Kerrville Sanitarium and was buried at Ingram Saturday. The little fellow, while playing in the yard, received a scratch on the side of his foot, and blood poisoning set in and gained headway before they discovered the trouble. He was rushed to Kerrville, but it was too late to save him with toxins. Mr. and Mrs. Crider have the deepest sympathy of a large circle of friends in the loss of their only child.

### Harper Happenings

West Texas Star, July 23: Miss Lillie Karger of Kerrville is visiting her sister, Mrs. Ralph Solomon, this week.

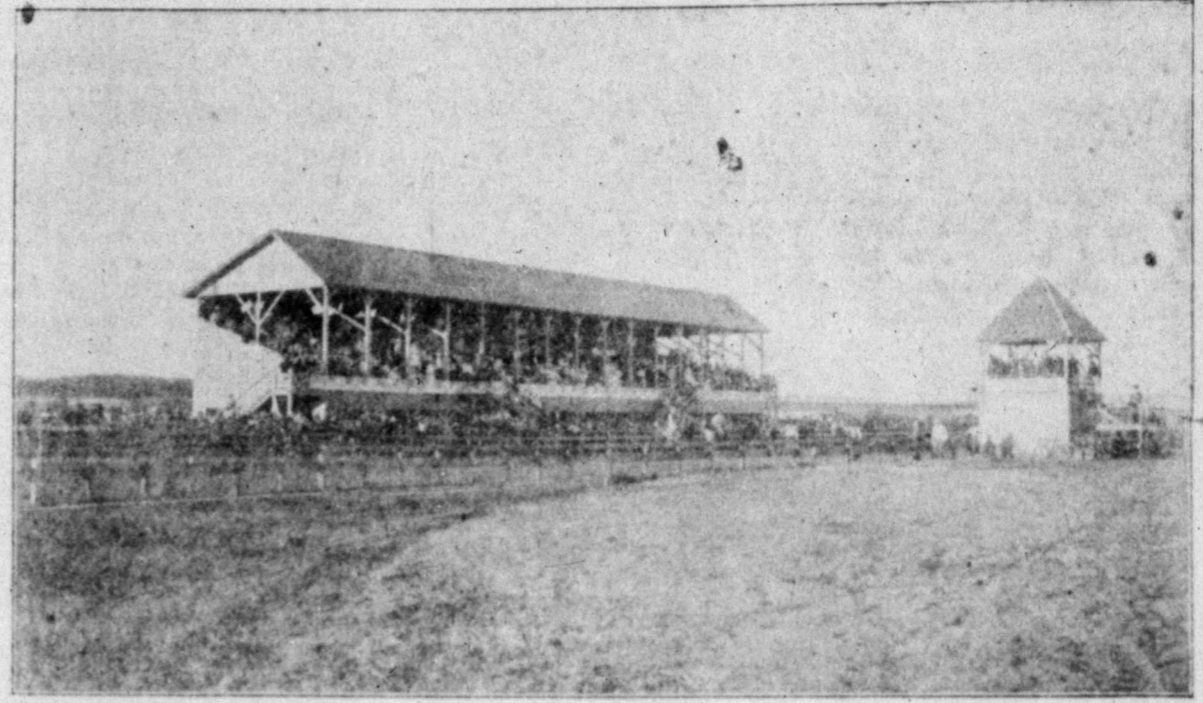

Monday night last the stork hovered at the home of Mr. and Mrs. Frank Thurman, leaving them a little baby girl. The proud parents were stricken with bereavement Tuesday evening when their little girl, which had blessed their home only one day, passed its life out here.

A touring party, composed of J. J. Solomon, wife and daughter, and Messrs. Lewis Menges, Marion and Swift, Fairchild and Jake Cosper, started Wednesday last in three cars on a tour which is expected to carry them over a good bit of country in New Mexico and probably into Arizona. On the part of Mr. Solomon and family the trip is to be purely one for recreation. The remainder of the crowd are going to look over the country. Some are expected to stay out there.

Tillie Clinger says the reason why she is quitting her present boarding house is because every time they have mayonnaise dressing the star boarder paints his chin with it.

**RELATING TO TAXATION BY SCHOOL DISTRICTS**  
Senate Joint Resolution

Proposing an amendment to Section 3 of Article VII of the Constitution of the State of Texas by exempting independent and common school districts from the limitation of a total tax of one dollar on the one hundred dollars valuation for any one year, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 3 of Article VII of the Constitution be so amended as hereafter to read as follows: (Creating a new Section 3.)

Section 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every inhabitant of this State, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and in addition thereto, there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed thirty-free cents on the one hundred (\$100.00) dollars valuation, as with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient the deficit may be met by appropriation from the general funds of the State and the legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all such school districts, whether created by general or special law may embrace parts of two or more counties. And the legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such districts, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property tax-paying voters of the district voting at an election to be held for that purpose, shall vote such tax not to exceed in any one year one dollar on the hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts, nor to independent or common school districts created by general or special law.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the Amendment to Section 3 of Article VII of the Constitution of the State of Texas, providing that the limitation upon the amount of school district tax of one dollar on the one hundred dollars valuation shall not apply to independent or common school districts created by general or special law," and all those opposed to said amendment shall write or have printed on their ballots, "Against the amendment to Section 3 of Article VII of the Constitution of the State of Texas, providing that the limitation upon the amount of school district tax of one dollar on the one hundred dollars valuation shall not apply to independent or common school districts created by general or special law."

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

Section 4. That the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

**CATHOLIC CHURCH NOTES**  
By Father Kemper

The customary program will be resumed next Sunday with first mass in the Mexican Chapel at 8 o'clock and second mass in St. Mary's at 10 a. m. The holy sacrifice of the altar will be offered daily at 7 a. m.

On Monday a Requiem Mass was offered for the soul of Patrick Dunn of Beeville, Tex., brother of Mrs. Ed Kaiser, who died on Sunday morning.

A daughter of Antonio Gauna was baptized at the Guadalupe Church and received the name of Margherite.

Several new boarders have been added to the Summer School at Notre Dame Institute. Among these are Miss M. Grisson, Misses Sonia and Silver Swearingen of San Antonio.

Our church was overcrowded with visitors and vacation-seekers from all parts of the State. From Refugio, Tex., came the family of R. H. Wood and his kinsfolk, Mrs. M. F. Lambert and Mrs. E. Low.

Manuel Navarro came all the way from Seattle, Wash. to visit his friend, Wm. S. Farrish, caretaker of St. Mary's Park.

Charles Mosel spent the week with his family to assist in packing all his household effects. Unfortunately we will lose this good family when they make their home at Runge, where Mr. Mosel and his son, John, are conducting a flourishing drug store. Mrs. Wm. A. Tarrillion enjoyed a week's rest with her parents, Mr. and Mrs. Chas. Mosel. Also her sister, Mrs. Frank Nitsch, who came up from San Antonio with her husband, Mrs. Charles Mosel entertained her aunt, Mrs. Amalia Reilly, of Crabapple.

Mrs. Conner Squyres is here from Yoakum to while away part of the summer with her parents, Mr. and Mrs. Ed Kaiser.

Jim Whalen has for guest his sister, Agnes, from Corpus Christi.

Mrs. Leo Blanchard of Fredericksburg visited her mother, Mrs. Wm. E. Newton, accompanied by her lately married husband.

Mrs. A. Siebeck is entertaining her father, A. A. Flory, of New Iberia, La., and Mrs. A. Flye is extending hospitality to Mrs. S. Gray of Rockport, Tex.

Among San Antonio tourists we have Harry C. Powell, Mrs. James H. O'Donnell, Misses Helen and Agnes Reilly and S. Arthur Shaw of Camp Travis.

Berthold Neuben came from Fredericksburg to visit his relative at Secor's Hospital.

Miss M. Keller of Dallas is enjoying our cool mountain resort.

Among recent health-seekers we have S. Duhon of Hackberry, La., at Stranger's Rest; Xavier St. Martin of Houma, La., and Theodore E. Bomba of Moore, Prio County, who came with his invalid daughter.

Miss Hilda Mosel returned to the metropolis on Tuesday with her youngest sister, Wilhelmina, who will spend a brief vacation in the Alamo City.

Arthur Mosel and members of his family accompanied Father Kemper on his annual auto camping trip. During the twelve days a party traveled more than one and a half thousand miles through thirty-six Texas counties and into the adjacent States of Louisiana, Arkansas and Oklahoma.

They sampled the very best and the very worst roads in all parts of the State, but were never delayed a minute on account of tire or engine trouble.

From Kerrville the party motored to Austin after brief stop-overs at San Antonio, Selma, New Braunfels and San Marcos. They camped the first night at Taylor, and next morning crossed over to Salado and Belton, thence to Temple and another cross-country trip to Marlin. From here they journeyed to Waco and spent the night at Joe Karlick's in West.

The third day they sampled the bad roads around Hillsboro and passed through Milford and Italy to Waxahachie. An old acquaintance at Dallas made their stay in this commercial center very enjoyable.

Mr. Anthony was their host at Terrell, from which place they continued through Tyler and the picturesque pine forests and lumber camps into Gilmer.

On the 17th, despite heavy rains, they made Longview, Marshall and Shreveport, La.

After late services in this Louisiana city they broke a trail through the marshes around Hosston and Atlanta into Queen City. An early thunder storm got them out of camp on Monday, the 19th, when they crossed the Sulphur River into Arkansas. From Texarkana they traveled through New Boston into Detroit.

Next day they visited Paris, Bonham, Oklahoma, Sherman and McKinney.

Returning to Dallas they journeyed westward into Fort Worth and

Weatherford, at both which places old friends were glad to meet them.

Their next lap was through healthy Mineral Wells, Palo Pinto, Nature's wonderful Lover's Retreat, the Straw coal mines, and the oil fields of DeSobona. They camped beyond De Leon near Dr. Fowler's property.

Thence they traced their step homeward by way of Comanche, Brownwood, Brady, Menard and Junction.

The entire circle was made without the least mishap and was not only healthy and enjoyable, but from many viewpoints it was intensely educational.

**FIRST BAPTIST CHURCH**  
J. B. HOLT, Pastor

Rev. J. B. Holt, pastor of the Baptist Church, will hold services in Kerrville next Sunday morning and evening. Rev. Holt has been absent for two weeks or more conducting meetings at Center Point and Ingram. He is at the latter place this week, where a most excellent meeting has been conducted. Mrs. Holt also kindled him there the first of the week.

**Woman's Missionary Union**

The W. M. U. of the Baptist Church met in the basement of the church on Tuesday afternoon for the regular missionary meeting. The subject, "Plan of the Convention," was ably discussed by different members.

Mrs. McCown, as hostess, served lemonade and wafers during the social hour, which was greatly enjoyed.

A special feature of the program and one that was enjoyed very much, was given by the Elocution Class of Miss Rawson. Their numbers were well rendered and greatly appreciated.

**EPISCOPAL CHURCH**  
Rev. G. M. Macdougall, Rector

Last Sunday night, the rector held one of the most interesting and most appreciated services at Dr. Thompson's Sanatorium across the river. The audience was arranged in a semi-circle on the beautiful lawn in front of the main building. The unsurpassable panorama that stretches all around delights the eye and gratifies the artistic sense. After a short and cherry talk by the rector, Mrs. Scott Schreiner, Mrs. Armstrong, Dr. Galbraith and Ed Mosel sang several selections, the most popular being "Brighten the Corner Where You Are." In all his experience the rector never conducted a service that met with a more generous response.

Every member of the audience expressed their keen appreciation of the services. This is the second held by Dr. Macdougall this summer. Visits were made to those unable to be out on the lawn and short talks given.

Dr. Macdougall has been asked to give a series of talks throughout the State to arouse interest in the Soldiers' Tubercular Sanatorium three miles out of the city, and is awaiting directions to leave this week. He will be gone several weeks and will visit the principal cities of the State in conjunction with Capt. Wayne Davis, recently returned from France, and who is an old-time friend of the rector, and much interested in the sanatorium.

On Sunday morning at 9 o'clock, Dr. Macdougall administered the rite of Holy Baptism to Winifred Isabel Cowen, the 6-year-old daughter of Mr. and Mrs. J. Cowen of San Antonio. The sponsors were Mr. and Mrs. A. P. Herff of that city. The party had come expressly to Kerrville in order that the little lady might be christened in the same church as her mother had been about twenty-five years ago during the incumbency of the Rev. Mr. Antrim who preceded the beloved and saintly Rev. R. Galbraith.

**Death of Former Citizen**

Walter D. Norwood was killed near Midland, Texas, and buried there July 3rd. He was born and raised in this county. His parents, Mr. and Mrs. A. J. Norwood, are now highly esteemed residents here and a sister, Mrs. E. F. Denton, also resides here.

There are two brothers living at Midland, Frank C. and A. J. Norwood. Deceased was born October 30, 1878. He was highly esteemed by every one knowing him.

The Sun joins the many friends in extending condolence to the bereaved relatives.

**PRESBYTERIAN CHURCH**  
W. P. DICKEY, Pastor

For several weeks the Presbyterian Church has had the pleasure of welcoming a large attendance of the visitors to the Encampment.

They have filled the church and have taken a lively interest in the Sunday School and Young People's meetings. On account of the large number at the Camp the pastor has been preaching at the church in the morning and at the Camp at night. Very interesting services have been held at both hours.

Next Sunday morning the service will be at the church. In the evening the service will be at the Camp, and it is expected that a visiting minister will preach.

The regular program at the Camp will begin on Wednesday after next Sunday. On that account the preaching service at the church will be discontinued until August 29th.

The Sunday School and Young People's Societies will continue their regular meetings at the same hours, 9:45 a. m., 5:30 and 7 p. m. These organizations are doing splendid work and are constantly improving in interest and attendance.

The pastor urges every member of the church and congregation to attend every session of the Camp program if possible.

These conferences and lectures are of the greatest value in training for Christian living, and no one can afford to miss the opportunity to hear and get acquainted with the splendid men and women who are to speak.

**Woman's Auxiliary**

On Thursday, July 22nd, the Woman's Auxiliary of the Presbyterian Church held their meeting at the Encampment grounds as guests of the ladies of the Camp.

Mrs. Lee Wallace was leader for the afternoon. It was a Home Mission lesson on the North American Indian. Mrs. Wallace was assisted by Messdames R. Hobbisworth, F. F. Real, J. D. Jackson, A. C. Schreiner Jr. and W. P. Dickey.

Miss Garrett sang a solo, accompanied by Miss Ruth Garrett. During the social hour which followed several of the ladies of the camp gave solos.

**Ingram Items**

The revival in our town has thus far been a success. Rev. and Mrs. J. B. Holt of Kerrville are rendering us splendid service in the meeting. Some fifteen professions of faith already and a general uplift to all. Our local people have been very faithful in attendance, while many came from Kerrville and Hunt.

During our meeting the pastor was called upon for the following services:

The burial of Mrs. J. B. Lee, who was born July 4, 1868; died July 16, 1920. She was married to J. B. Lee May 25, 1887. She is survived by her husband and two children. This good mother professed a hope in Christ some eighteen years ago and has been a faithful member of the Baptist Church. During the many months of her illness she was a very patient sufferer.

Mrs. W. H. Evans, born March 13, 1879; died July 17, 1920. She spent the early portion of her life in Kerr County, where she was married to W. H. Evans, July 17, 1898. Death came to her while living in Fort Worth. She is survived by her husband and five children, her father, one brother and two sisters. She has held membership with the Baptist Church for twenty years.

W. H. Crider Jr., who died July 23, 1920. The sweet little boy was past 2 years of age. He was the only child of Mr. and Mrs. W. H. Crider.

This entire community joins with the families of these deceased ones to share their bereavement.

Sunday, July 25, at 2:30 p. m., in the pastor's home, Victor E. Lee and Miss Lorena Byrd were legally united in marriage. Mr. Lee owns a lovely home on Johnson Creek. Joy and prosperity to them.

**R. C. WALKER, Pastor.**

## PILING UP HAPPINESS

DOES each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your horn of plenty to the brim with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for success is as true now as when it helped build the fortunes of our pioneer railroad builders, manufacturers and promoters.

Applying it on a small scale in your own way will bring you results in proportion.

### DEMOCRATIC NATIONAL TICKET

For President:  
JAMES M. COX of Ohio.

For Vice President:  
F. D. ROOSEVELT of New York.

Have you ever seen any electric gear shift politicians in Texas?

Drift with the winds and you will be dashed to pieces on the rocks.

At last a newspaper man is going to be President. Who would 'a thought it?

And now comes a nephew of the greatest foe the Democratic party ever had as a candidate for the Vice Presidency on the Democratic ticket. Can you beat it?

The Democratic National ticket appears to be growing in popularity throughout the country. Previous to the nominations, it was not believed the Democrats had any chance at all for success in the Nation, and even now, the betting is two to one in New York in favor of the election of Harding and Coolidge.

Wheat took a tumble the other day; wool and mohair had their slump earlier in the season, still, bread has gone up two cents a loaf. There must be coming down in prices, all around, instead of a higher price. As for us, we always liked better the old-style way of cooking—hot biscuits. Too much joy riding and jazz time have about put out of practice the old-style way in cooking as in everything else.

While there are to be quite a number of visitors at Kerrville and vicinity during the remainder of the summer, the city ought to be clean, the weeds cut, residence premises tidied up, and all places of business freshened, so as to make the best impression possible on our guests. Let them go away singing the praises of Kerrville. Another important point that will do much to make a favorable impression, is to charge as reasonably as you can for your goods and supplies. Don't take it for granted that you will never see them again and see just how much you can get. If you profiteer too much, you may not see them here any more.

#### BUILD YOUR TOWN

American Press: Unity and co-operation spell better communities and prosperity. Every dollar that individuals save temporarily by sending their money out of their community they later pay as a penalty for the destruction of the community and community spirit.

To a degree the community is a larger home and all of the families are expected to participate in the housekeeping. Clean streets and alleys, well kept lawns, attractive parks, good schools, well patronized libraries, beautiful civic buildings, churches, theaters and stores reflect good community housekeeping.

Local retail stores are an important factor in the business life of a community. Their owners are residents and taxpayers within the community having the utmost interest in the success of the community and the support of its institutions.

Of course it seems unfair, but some of us must be content to remain out of the moving pictures until the public demands intellectual actors.

We mean politicians who look over first one shoulder and then the other to see how folks are going and then act accordingly. They haven't the courage to stand for principles as they see them.

Just as winter clothes got down within our reach Old Sol sent the thermometer upward with a bang and it was time to buy reasonable lightweight garments at "popular prices"—popular with the dealers only.

The millionaire draft dodger, Grover Cleveland Bergdoll, is still at large, though his brother surrendered. Two prison officers are on trial by court martial for permitting the escape, but what of that? It shows a great lack of army efficiency when such a noted draft dodger can escape from under the eyes of several officers and remain hidden for months.

As an evidence of how small the world is, after all, we observe that Thos. Lipton is in American waters with his racing yacht again competing for the cup, and in Kerrville was noticed the other day a yellow painted Ford car with "Lipton's Tea" on it. A tea merchant of London, England, selling tea in Kerrville. That shows what enterprise and advertising will do.

The joy ride and jazz time are to some extent responsible for frauds unearthed in the Soldiers' Risk Bureau. Already it has been found that there is a shortage of over \$100,000 in the fund for disabled soldiers and this only a start. Fourteen have been indicted in Washington and the number will reach nearly a hundred, it is claimed. Most of the guilty are young men from "prominent" families who are in the National Capital to study law or other professions at night and work a few hours during the day for the Government. Some young women are under surveillance for helping the "prominent" young men spend their money in joy rides and jazz time. Where is this tendency of the young people to stop? Too many of them seem to think that all there is to do is to joy ride and jazz—at the expense of somebody else.

### KERRVILLE ATHLETICS WIN LOP-SIDED GAME SUNDAY

Kerrville Base Ball Park, July 25.—The Kerrville Athletics kayoed the speedy Utilities "All Stars" of Camp Travis in a ragged game by the lopsided score of 8 to 2. Manny pitched his usual brand of ball and struck out thirteen men to Calloway's 8, while Manny's support was far superior to that rendered by the Travis Stars. Calloway pitched a fair game and only about three runs were earned off of him. Manny, Kerrville's "Babe," also registered a home run over deep center and a crashing double to deep center, both in the fourth round.

The game next Sunday will be the last to be played on the home grounds until the expiration of the religious program at the Encampment, which will probably last through four Sundays. Therefore, we hope to see everybody out to witness the battle between the Fredericksburg Giants and Athletics. The Giants got off to a bad start this season and have lost six out of their fourteen games, but their veteran spit-ball artist, Bob Lee, has whipped back in shape and hasn't a defeat recorded against him in the last few starts. With Lee opposing Manny, the fans will undoubtedly be treated to an eye-full of superb pitching. Sunday's game:

#### Death of John Lowrance

Uncle John Lowrance died at the Kerrville Sanitarium at 12:20 o'clock, Wednesday night, July 21st. He was born January 6th, 1849, in Memphis, Tenn. Came to Texas in 1859 with his parents. He served in the Civil War four years, and also helped to run the Indians out of this country. He lived in Edwards, Bandera and Kerr Counties and is well known, and numbered his friends by the score, who will mourn his departure.

At the time of his death, Uncle John was 80 years, 6 months, and 15 days old. He is survived by six children and one step-child, and two sisters. His sisters are Mrs. Jones Glenn of Midland and Mrs. Williams of Robert Lee. Children are: Miles of Houston, Herbert of Menard, Harwell of Montel, Mrs. Guy Holloman and Miss Maggie Lowrance of Kerrville, Mrs. Hinds of White Water, N. Mex., and Walter Watts of Ratler, Texas. All were at his bedside when the end came except Mrs. Hinds and Mr. Watts.

He was a devoted and loving father and was loved by all who knew him. He was a member of the Methodist Church for more than forty years, and was a true Christian. His body was laid to rest Thursday afternoon at 4 o'clock in the Turtle Creek Cemetery, near where he lived for many years, and was attended by many friends and relatives.

"There was an angel band in heaven That was not quite complete, So God took our darling father To fill the vacant seat."

We desire to thank our many friends who were so kind to us during the illness and death of our father John Lowrance; also for the beautiful floral offerings.

#### HIS CHILDREN.

Our position simply is that a bachelor over thirty years of age ought to be called a draft dodger.

Cotton Reaches Peak

New York.—July contracts on the New York Cotton Exchange sold at 43.75 July 22, representing the highest price ever recorded for a future contract in the history of future exchanges, or an advance of 125 points. The next highest was in March contracts, which on March 23 last sold at 43.18.

This advance resulted from covering by traders who had been prevented by railroad congestion from entering their plans to get cotton in time for delivery.

**Paschal-Marschall Wedding**

Saturday evening, the 25th, at the home of Mr. and Mrs. Henry Henke, Richard Paschal and Miss Edna Marschall were united in marriage, the ceremony being solemnized by Rev. W. P. Dickey of the Presbyterian Church.  
Mr. Paschal is a young business man of Louisville, Ky., whom the fortune of war brought to San Antonio and, while stationed there, he became acquainted with Miss Marschall, the niece of Mrs. Henry Henke. Recently, Miss Marschall came to Kerrville with her father's family and secured a position with the local telephone company.  
Mr. Paschal, however, had other ideas about a life business and persuaded her to accept a permanent position as operator at the head of his home.  
The wedding was a quiet family affair, but quite interesting.  
The reception room was decorated with a profusion of flowers and, entering to the wedding march played by Miss Marguerite Henke, the young couple with attendants assumed their places under a beautiful wedding bell, and there took the solemn vows.  
After the ceremony refreshments of punch and cake were served, and the young people cut the wedding cake.  
Mr. and Mrs. Paschal left Sunday morning on their wedding trip, to terminate in Louisville, their future home.

Sheriff Alfred Klaerner arrested three Mexicans this week, who came through here in a car they are supposed to have stolen. Mr. Klaerner received notice of their coming and went up the Mason Road to meet them—they did come and were lodged into the county jail. The next day they were taken to Menard. They are accused of bootlegging also, and we understand another trio has been arrested in that county on the same charge.

On Thursday we received the sad news of the death of Walter L. Engel of Luckenbach. Justice of Peace Petmecky went to the place and held a coroner's inquest, finding that the deceased met with death by hanging himself in his father's gin. The act was committed while laboring under such mental depression as to cause temporary insanity. The deceased was a young man of 26 years, and he had been married for about a year. For the last several weeks he was suffering from a mental malady which prevented him from doing his daily work at times. He is survived by his wife, his parents, and several brothers and sisters. Our sympathies are with the bereaved family.

**AUTHORIZING ONE AND ONE-HALF PER CENT AD VALOREM TAX BY CITIES AND TOWNS OF FIVE THOUSAND OR LESS POPULATION**  
 Senate Joint Resolution No. 12

Proposing an amendment to Section 4 of Article XI of the Constitution of the State of Texas, by increasing the total tax rate that may be levied by cities and towns having a population of five thousand or less than one-fourth of one per cent to not exceeding one and one-half per cent, and authorizing appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 4, Article XI of the Constitution be so amended as hereafter to read as follows:

Section 4. Cities and towns having a population of five thousand or less may be chartered alone by general law. They may levy, assess and collect such taxes as may be authorized by law, but no tax for any purpose shall ever be lawful for any one year which shall exceed one and one-half per cent of the taxable property of such city; and all taxes shall be collectible only in current money, and all licenses and occupation taxes levied, and all fines, forfeitures and penalties accruing to said cities and towns shall be collectible only in current money.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment of Section 4, Article XI of the Constitution increasing the total tax rate that may be levied by towns and cities having a population of five thousand or less from one-fourth of one per cent to not exceeding one and one-half per cent of any one year," and all voters opposed to said amendment shall write or have printed on their ballots the words, "Against the amendment of Section 4, Article XI of the Constitution increasing the total tax rate that may be levied by towns and cities having a population of five thousand or less from one-fourth of one per cent to not exceeding one and one-half per cent of any one year."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

Sec. 4. That the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election. 30-4tc

**RELATING TO THE MANNER OF COMPENSATION OF PUBLIC OFFICIALS**  
 House Joint Resolution No. 7

A joint resolution of the Legislature of the State of Texas, proposing an amendment to the Constitution of the State by adding to Article 16 thereof a new Section, to be known as Section 60; providing for the compensation of public officials:

Be it resolved by the Legislature of the State of Texas:

Section 1. That there is hereby added to Article XVI of the Constitution of the State of Texas, a new section to be known as Section 60 or Article XVI of the Constitution of the State of Texas, which shall read as follows:

Section 60. Compensation of Public Officials: All State, district, county and precinct officers within this State shall receive as compensation for their services a salary, the amount of which, the terms and methods of payment and the fund out of which such payments shall be made, shall be provided that the Legislature may make such exception as it may deem advisable. This section shall supersede all other provisions of this Constitution fixing and declaring the compensation of officers by salary, fees or otherwise and all provisions for salaries or other compensation for public officials, executive, legislative or judicial.

Sec. 2. The Governor of the State is hereby directed to cause to be issued his necessary proclamation for an election to be held on the first Tuesday after the first Monday in November, 1920, at which election this amendment shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the Constitution laws of the State. Said election shall be held under and in accordance with the General Election Laws of the State, and the ballots for said election shall have printed or written thereon in plain letters, the following words:

"Official Ballot" "For the amendment to Article XVI of the Constitution of the State of Texas, adding thereto Section 60, providing for compensation of public officials." "Against the amendment to Article XVI of the Constitution of the State of Texas, adding thereto Section 60, providing for compensation of public officials."

Those voters who favor such amendment shall erase by marking a line through the words "Against the amendment to Article XVI of the Constitution of the State of Texas, providing compensation for public officials." Those who oppose such amendment shall erase by marking a line through them, the words "For the amendment to Article XVI of the Constitution of the State of Texas, providing compensation for public officials." And the result of the election shall be published and declared according to the majority of the votes cast in such election.

Sec. 3. The sum of Five Thousand Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the treasury not otherwise appropriated for the purpose of paying the necessary expenses of the proclamation and publication of this amendment and the election to be held hereunder. 30-4tc

No sir-ee, bob!

No premiums with Camels—all quality!

CAMELS quality plus Camels expert blend of choice Turkish and choice Domestic tobaccos pass out the most wonderful cigarette smoke you ever drew into your mouth!

And, the way to prove that statement is to compare Camels puff-by-puff with any cigarette in the world!

Camels have a mild mellowness that is as new to you as it is delightful. Yet, that desirable "body" is all there! They are always refreshing—they never tire your taste.

Camels leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor! Your say-so about Camels will be:

"My, but that's a great cigarette!"

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

BIG AMOUNT GIVEN BY SOLDIERS TO HOSPITAL FUND

San Antonio.—A check for \$467.50 from the William E. Jackson Post of 141st Infantry Association has brought the total collection of the tubercular bungalow fund of the Ladies' Auxiliary of the 36th Division up to a little more than \$1,000, according to announcement made at the regular meeting of the organization in the Gunter Hotel.

The 141st Infantry Association announced that it is hopeful of bringing the donation up to \$500 before the campaign is ended. Something like \$500 is lacking from the grand total of \$1,500 needed to build and equip the bungalow in Kerrville. The Rebecca Lodge is raising \$250, according to Mrs. Violet Haynes, and the members of the auxiliary are continuing their efforts to reach the final amount.

Subscribers will confer a favor on the management by notifying the office promptly when they fail to receive the paper, or when change of address occurs.

\$100,000 FIRE AT AMARILLO DESTROYS POWER PLANT

Amarillo, Tex., July 25.—With the power and light plants destroyed by fire, which started from an unknown origin at 12:30 o'clock this morning, the city is in complete darkness and all industries are closed. Newspapers preparing to go to press on morning editions were abruptly shut down.

The flames are still raging and threaten to destroy the city's gas plant and a laundry. The damage to the power plant is estimated at \$100,000.

public and became the most glorious of the Union of States.

Sheep, goats and cattle are upon the countless hills, the lakes near by are fair as Killarney, and the game in the forests as enticing as in English preserve. One of the beauties of this Hill Country is the Scofield School, of near Spanish architecture, which crowns a hill that commands a superb view of the fair and tempting valley. This institution, dedicated to womanhood and presided over by Miss Scofield, not only teaches girls the arts and sciences, but the ever-attractive household arts as well. And of Kerrville schools there is Notre Dame, conducted by the Sisters of Charity and supervised by Father Kemper who, in his devotion to the welfare of others, also conducts a school for Mexican children, "Our Lady of Guadalupe." There are well systematized public schools, the Tivy High School being one of marked thoroughness.

Upon one of these silent hills is a sacred, oft visited enclosure, where rest the bodies of a beloved pioneer philanthropist, Capt. Joseph A. Tivy, his wife and his sister, who were so attached to their beautiful home in the hills that, in accord with their own bequests, their bodies, after death, rest upon this beloved, commanding site. A broad, firm road climbs and skirts the hills which, if you follow it, will take you to the quaint old town of Fredericksburg.

The Benevolent War Risk Society of Texas, at a cost of a half million dollars, through the initiative and splendid unselfishness of Maj. J. C. Towns, is erecting a magnificent sanatorium for the comfort of our Texas soldiers who contracted tuberculosis while serving in the world war. It is located three miles from Kerrville in one of the beautiful places of the world. The site upon which the sanatorium is being erected was given by Capt. Charles Schreiner and his sons, and the conservative value of the site is \$40,000. Dr. Sam E. Thompson conducts an admirably appointed private sanatorium upon a high, health-inspiring hill, and the well-equipped, modern Secor Sanitarium under the direction of Dr. Wm. Lee Secor is located in the center of the city. One of Texas' best known and best loved physicians, Dr. Ernest E. Palmer, does an extensive practice in this section and his deeds of kindness and mercy are without number. Though some of the best sanatoriums in the South are located at Kerrville, there is no impression anywhere of illness or disease. EVERYBODY GETS WELL AT KERRVILLE.

At the Westminster Presbyterian Encampment, one mile out, summer sojourners and campers hear the word of God, sing praises unto Him and hear lectures of an inspiring literary order.

If you have visited the English inns with their narrow-necked windows or the stuffy French cafes that you crossed the ocean to suffocate yourself in, you will appreciate the great bigness of the excellent St. Charles Hotel. There is an independent homeliness here and a distinct freedom from the cramped affectedness of the "resort" with no suggestion of the mountain and lake-side "Catch everybody" places. Mr. and Mrs. George Morris own and admirably conduct the St. Charles and it is a rare privilege to talk to Mrs. Morris, who is so well and accurately informed upon all points of the history and the beauty of her country. Those of us who are natural born complainers when we get away from home, and expect the dainties of the season to be served with every meal, would find absolutely nothing to complain of here. Mr. Morris gives his personal attention to the milking of the long row of beautiful cows that would attract the admiration of any happy health specialist. I could tell you about the clotted cream and the cream cheese and the delicious fruits and vegetables all grown here, but these and other good things you will find when you make up your mind to come to the Hill Country.

One of Texas' great-hearted citizens, Capt. Charles Schreiner, lives at Kerrville. Captain Schreiner is a builder of wide vision and Christian foresight, and his people will always call him blessed. He has led in all righteous development for he has erected hospitals, established institutions of Christian education, erected places of worship, and he is the generous contributor to that greatest of all civilizers, good roads. In the wool and cattle industries, the establishment of banks and mercantile enterprises, he has kept his section of the world in the forefront. His sons, like him, have made for themselves

## Our Policy for Half a Century

When Thrift perches on the window sill, Extravagance walks out through the door. For it is a well known fact that Thrift and Extravagance cannot breathe the same air; it is impossible for both to exist under one roof at the same time; one must choose 'twixt the two. Which is preferable? Extravagance, that sees no further than the sundown of today—or Thrift, that offers the supreme satisfaction of seeing "rainy-day insurance" accumulate, and the future well provided for? This store has chosen Thrift. Hence its policy of "selling what is best, with price the second consideration." It is this policy of economy that has created the powerful incentives of "greater values" for the money—incentives that are saving many dollars.

secure places in the social, business and philanthropic world.

Honorable Julius Real, whom we knew when for six years he successfully represented this district in the Texas Senate, has honorably served his county as Commissioner and County Judge, and he is well and favorably remembered by many Texans. The Real family is intimately identified with the progress and the general excellence of this portion of Texas. Casper Real, father of Senator Real, came to this country from Germany when he was a very young man, and built up a successful ranch business in which he and his sons have achieved substantial success.

J. E. Grinstead has written charmingly of the history and natural beauties of Kerr County, also of the pioneer life in this section of our State.

How long are we going to stay? Well, maybe we're not going to leave. It's all here as represented. There's a tang and a kick in the Kerrville air, you feel the sparkle of it when you wake up in the morning and you want to get up and start something. If you were once reluctant to separate yourself from your 8 o'clock pillow, you will find that mysterious

something out here that will pull you out. How many people? Twenty-five hundred, I guess, maybe a few more.

Stop running around the world to try to find speed and purpose and energy. They are all waiting for you at Kerrville, on the Aransas Pass Railway, seventy-five miles from San Antonio. There are royal gorges, caves of the winds, gardens of the gods, and wishing wells right here in Kerr County.

Nature made up her mind to make one enchanting spot. She put her best foot forward, used her choicest material, made Kerrville, then presented her perfect work to Texas.

### Doing Good Work

Sid Peterson as Street Commissioner is the right man in the right place. There is not much of a fund for street work, but a considerable change for the better in the streets and a more sanitary condition has been brought about since Mr. Peterson took charge of the work.

It is to be trusted that additional funds will be provided so all of the streets of the city will be kept clean, the holes filled and sanitary regulations enforced.

### WIRELESS TELEPHONE USED OVER 2,000 MILES

St. John, N. F.—Experts from the Marconi Wireless Company, who are here conducting experiments in long-distance wireless telephonic communication, announced they heard messages from the Chalmersford station, near London, more than 2,000 miles distant.

They said they recognized the voice of Captain Round, the expert in charge, and identified several words, but failed to pick up any connected sentence.

### Karger With Aberdeen

Aberdeen, S. D., July 22.—Ed Karger, former Boston Red Sox and St. Paul American Association pitcher, has been signed by the Aberdeen team of the South Dakota State League. Karger will pitch and play outfield. He is a left-hander and in the major league and the association was known as a dangerous hitter. Dave Altizer, manager of the local club, expects Karger to strengthen his team materially.

Karger is known in Kerrville.
