ELECTION BILL FRAMED TO CURTAIL MALE VOTE

The bill presented to the special session of the Legislature that will doubtless become a law this week, was evidently designed to curtail the male vote of the State.

The present law is changed to apply to "persons" instead of "males," so as to include women; all voters becoming of age between February and November can vote by obtaining certificates; the cost of the certificates is ten cents, which is to be paid for by the counties; men who were eligible as voters and did not secure a poll cannot avail themselves of the law, so to that extent these men are discriminated against from voting. The women paid included, as it is supposed, would be interfering with the amendment extending to all men the vote. Those who have a poll tax are not required to get exemption certificate.

Whether this plan is constitutional or not is immaterial, we suppose, with the Texas Legislature, as those bodies seldom bother themselves as to the constitutionality of a measure—that is up to the courts.

LET THERE BE GENERAL HELP TO BUILD BRIDGE

Some time ago in referring to the rebuilding of the bridge across the Guadalupe River on the road leading to Thompson's Sanatorium, The Sun stated that the people generally of this community ought to contribute something to assist Dr. Thompson in the cost, which may reach \$5,000.00.

The first response was received this week to this worthy cause from Father Kemper, and The Sun takes pleasure in again calling attention to

it and adding its mite. This bridge is used by the public and ought to be paid for by subscription. Of course, Dr. Thompson will pay the larger part of the cost, as he should, but he ought not to have to bear the entire burden.

The Sun solicits other donations, which will be acknowledged in the paper. Subscriptions received: Father Kemper, \$5.00; The Mountain Sun, \$5.00.

LEE MASON & SON HAVE MADE A RAPID ADVANCE

Lee Mason and son, Charles, owners of the Ford Agency at Kerrville, have been having a sale this week from Monday to Thursday, inclusive, which they termed "Automobile Owners' Week."

At the time the announcement of this sale by Lee Mason & Son was made in The Sun it was not known that Henry Ford was going to startle the world, and especially the automobile part of it, with reductions in the price of his cars that put them at pre-war figures. This announcement of Mr. Ford came as an agreeable surprise to the Messrs. Mason. It has enabled them to give their customers the benefit of a reduction in prices on Ford cars as well as accessories. The sale during the week has been a grand success and saved to automobile owners considerable money in the reductions in auto parts, casings and tubes.

Lee Mason & Son took over the Ford Agency in the summer of 1915 in small quarters. They have since built the first section of their brick and tile building; then, the second year the shop was constructed, where they have every kind of machinery to do repair work on automobiles, and especially for the Ford. They have in their shop the burning-in machine for doing Ford factory work, the only one of its kind in this section.

The new addition to the building just about completed makes a mag-

nificent structure, 100x140feet, built of pressed cream colored brick. There is room to store eighty cars, while a reception and rest room, 25x40 feet, is arranged in front on south side of building. It is furnished in new, lovely furniture, comfortable rockers and table of cream color to harmonize with the color scheme of the building. There is a handsome rug and pot plants, all giving a home-like appearance. A Fordson tractor also occupies a prominent position and when a Ford sedan can be kept it is also there.

In the rear of the reception and rest room is the main office, where

C. C. BUTT GROCERY ONE OF SOLID BUSINESS FIRMS

The C. C. Butt Grocery was started at Kerrville about twelve years ago, and it has had a continuous and solid growth since that time. Mrs. C. C. Butt and sons, Chas. C. and Howard E. Butt, compose the firm now conducting this business and they also have a branch store at Center Point.

Among the reasons why the C. C. Butt Grocery has withstood strong competition and prospered is because the firm carries a complete and first-class line of groceries at all times and all kinds of vegetables and fruits in season, as well as a market with the best of fresh meats.

And again, the C. C. Butt Grocery advertises regularly. This is one of the most important things for any line of business. No one need think that they can quit advertising because they are well known and carry stocks of things people want. They may continue to do business, but not in as great volume as if they solicit the patronage of the public through the newspapers. On this page of The Sun can be seen a picture of the Masonic Building, in the lower story of which the C. C. Butt Grocery carries on its business.

HENKE BROS. BUY ONLY BEST GRADE LIVE STOCK

Henke Bros., the exclusive meat dealers, buy only the best grade of live stock. They are willing to pay a premium for the finest animals, so get the best. Mention was recently made, where they paid \$16,000.00 to Gus F. Schreiner for 175 spayed cows of good graded stock. Some of these cows dressed 615 pounds. An inspection of the meat in cold storage will convince you of the superiority of such cattle for beef.

A. W. and Henry Henke have been in business in Kerrville since 1896, so are among the old-timers. They have made a success of the meat market business and are counted among our prosperous and solid citizens.

In the group of pictures on this page of The Sun will be seen their building, which they own. Part of it is rented for other purposes.

RECTOR MACDOUGALL PERMITTED BY BISHOP TO CONTINUE WORK

The Benevolent War Risk Society of Texas that has in charge the work of securing funds to complete the Kerrville Sanatorium for the care of soldiers and sailors who contracted tuberculosis during or since service, have insisted that Rector Geo. M. Macdougall of the local Episcopal Church continue to assist them.

Doctor Macdougall has done some most excellent work, as is evidenced by the reports of meetings he addressed at different points, an account of which has been reproduced in this paper. The society also attests its appreciation by the following, in its letter to Bishop Capers at San Antonio, requesting that he permit Rector Macdougall to continue in the work. An extract from the letter says:

"The committee would regret exceedingly to lose Dr. Macdougall for he is such an estimable gentleman, forceful and consecrated to the work; and his efforts have brought forth many liberal contributions from the people. We trust that the committee can have the benefit of his services for a while longer, and will thank you to write me to that effect."

To this request of the War Risk Society, Bishop Capers replied in part as follows:

"It gives me great pleasure to learn that my personal friend and co-worker, the Rev. Dr. Macdougall, has done such excellent service in behalf of so laudable an institution as your society."

To Rev. Macdougall, Bishop Capers also wrote a letter and an extract is as follows:

"Please accept my sincere congratulations for the splendid work that you have done in behalf of this society, and feel assured of my sincere pride in the manner in which you have won the confidence of our State officials. I shall always be ready to assist you in accepting invitations from this society for lecture tours."

Very Bright Boy

Robert Easley, 7 years old, is considered a very bright boy for his age. He is from Osyka, Miss., and last year was at Freeport, Tex., where he attended school only three months.

This year he entered the Kerrville Public Schools and his examination showed him to be qualified for the high fourth grade of grammar school.

GOVERNMENT FURNISHES AMPLE EQUIPMENT FOR SANATORIUM

While the National Government cannot assist in building sanatoriums for the ex-soldiers and sailors, it can furnish the equipment, employ doctors, nurses and other help. This is what will be done by the Government for the Kerrville Sanatorium, and there will be no stint in the expenditures, though no waste or extravagance.

T. B. Kidner, who is located at Washington, and is consultant in sanatorium construction to the United States Public Health Service, was in Kerrville Friday of last week, in company with Raymond Phelps, the architect of the Sanatorium here.

Mr. Kidner made a thorough investigation of the buildings of the

Chas. Schreiner Bank

WOOL AND MOHAIR COMMISSION MERCHANT

TODAY AND TOMORROW

To a great extent, the usefulness of the Chas. Schreiner Bank is due to the fact that it is a permanent institution—an established business managed to serve patrons day after day, year in and year out.

Thus, as a customer of the Chas. Schreiner Bank you are served today with a full measure of bank service, which is important to your larger success. Then, as you advance from one success to another, you have this institution with you, step by step, this year and during the years that follow, taking an interest in your advancement and lending encouragement at every turn. Become associated with an institution that will serve you tomorrow as well as today.

ESTABLISHED 1869

(Unincorporated)

Kerrville Sanatorium nearing completion and expressed himself as well pleased with what he saw and the possibilities. It is understood that he will recommend ample equipment for the needs of this most worthy institution.

The writer had the pleasure of meeting Mr. Kidner, who is a pure-blooded Englishman, and only recently from Canada, and our companion at the time was Rev. Macdougall of this city. After introduction of these two Brits, it was only necessary to keep quiet and enjoy the conversation. Of course, they occasionally got so blasted English, you know, in their language, that we had to guess at some of it. Their meeting was enjoyable to each of them.

Mr. Kidner is an experienced man in this line of work, and while in the United States only a short time, his efficiency is so appreciated that he is being kept as long as possible.

J. L. PAMPELL HAS BUILT AN EXTENSIVE BUSINESS

In 1896, J. L. Pampell began business at Kerrville in one of the Chas. Schreiner buildings about where the wool and mohair warehouse now stands. He has been at his present location for the past twenty years.

Mr. Pampell has attended strictly to business and by energy, foresight and industry has built an extensive trade in his lines. He has his own light and power plant, and he bottles all kinds of soda water preparations, makes his own candies and ice cream. He manufactures some candies for the wholesale trade and could get considerable more of this patronage if he cared to supply it.

Upon entering the place of business of Mr. Pampell one is impressed with the neatness, excellence of fixtures and equipment, and the appropriateness of everything—a place for everything and everything in its place. He carries fruits and nuts of the best quality and in large quantities.

Mr. Pampell has a large stock of Victrolas and records, and a complete supply of late magazines and periodicals.

The excellent business of Mr. Pampell is evidence that Kerrville people and visitors appreciate the best. His place would do credit to a much larger city.

In addition to having the equipment, the stocks, courteous attention and high quality in all lines he handles and manufactures, Mr. Pampell is a regular advertiser. He believes in printer's ink as an aid to him in holding his patronage as well as securing new business.

The building of Mr. Pampell is in the group of pictures on this page of The Sun, but this cannot give any idea of the fine and lovely interior.

FIRST STATE BANK HERE HAS MADE SOLID GROWTH

The First State Bank has been under the control and management of A. B. Winmon, cashier, and A. B. Burton, active vice president, for the past four years, and the growth has been satisfactorily and solidly during that time.

The others connected with the bank in an advisory capacity are E. G. Braith, president; A. A. Roberts and J. L. Fowler, directors. These are also leading citizens interested in the upbuilding of Kerrville and this section of the country.

The last statement of the First State Bank, made September 8th, showed loans and discounts, \$216,260; deposits, \$202,467.14. The capital stock is \$30,000; surplus, \$10,000; undivided profits, \$5,156.28. The total resources and liabilities were \$277,623.42.

The First State Bank is capably and conservatively managed. It extends accommodations in accordance with the custom of banking.

Manager Brice of the Dixie Theatre announces that he has just succeeded in booking a new series of Hart-Fairbanks-Roy Stewart Westerns for Monday nights, commencing November 22. As there are forty consecutive programs in this string, local lovers of stirring Western drama have quite a treat in prospect.

ATTEMPTING CHANGE IN TURKEY HUNTING TIME

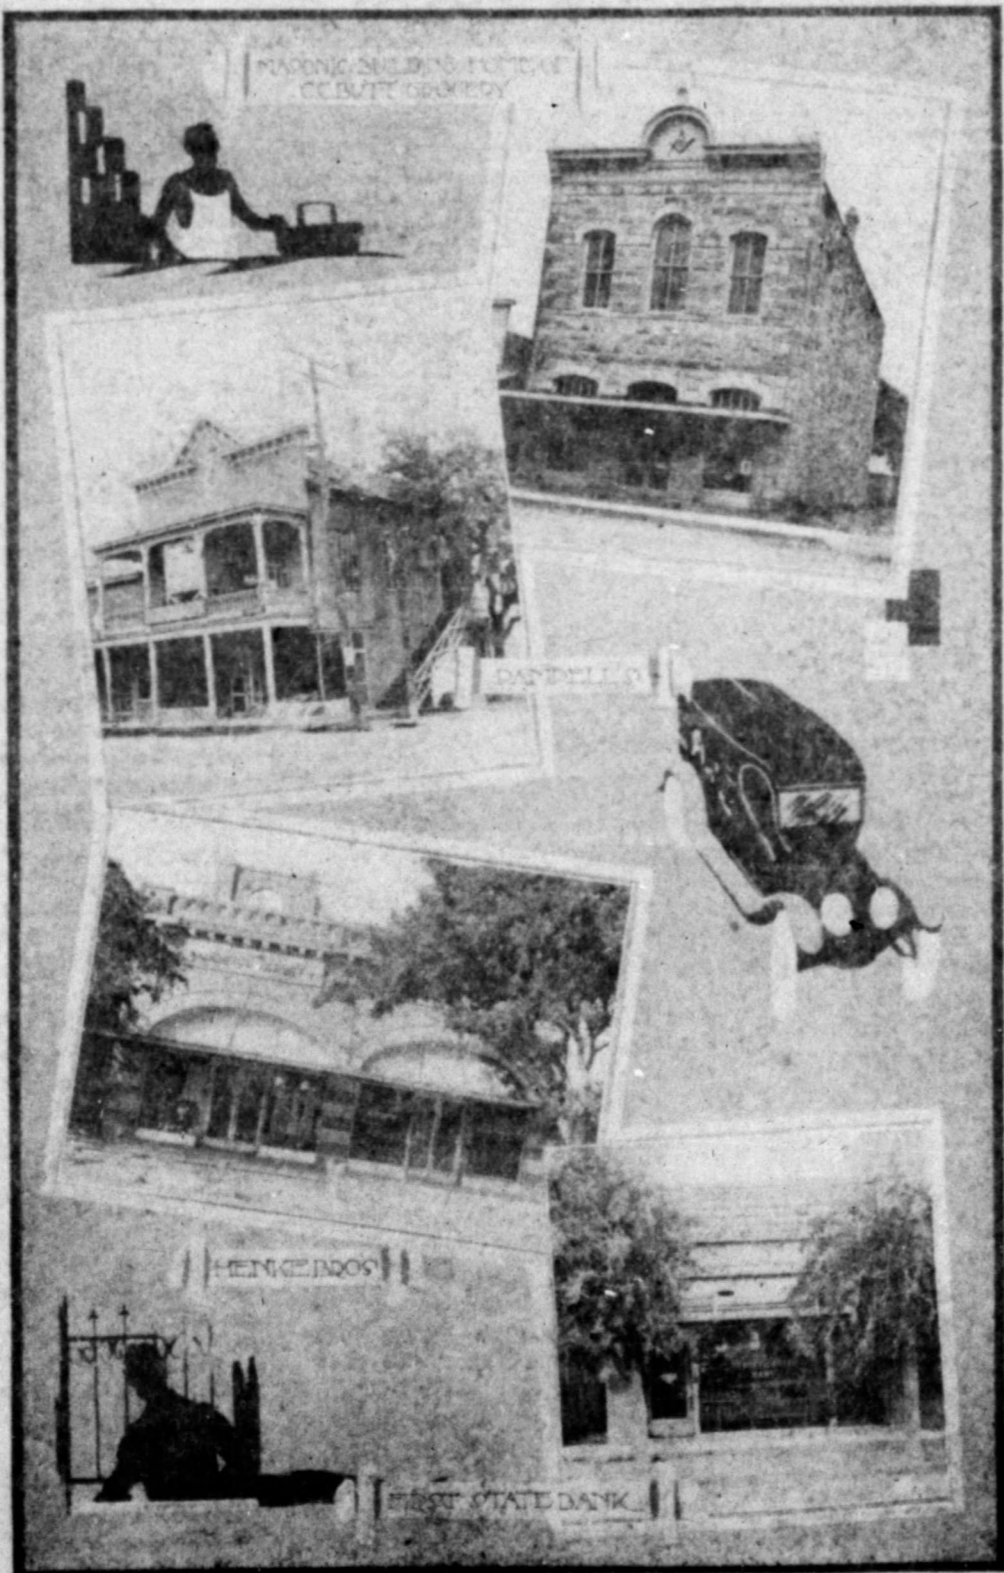

Among the few local bills submitted to the special session of the Legislature is one for change in time of turkey hunting.

The bill provides for the hunting season in November and December instead of March and April. The counties to be effected if the bill becomes a law are: Dimmitt, Uvalde, Zavalla, Gillespie, Blanco, Llano, Kendall, Kimble, Kerr, Real, Mason, Edwards, Menard, Sutton, Crockett and Bandera.

GENERAL MANAGER PETER, "SAP" RAILWAY, A VISITOR

J. S. Peter, general manager of the "Sap" Railway, was in Kerrville Wednesday, having come up to the terminus in his private car to take a look around.

Mr. Peter and J. E. Grinstead are old-time cronies and the latter had the former out in his Ford roadster reviewing scenes along the Guadalupe River.

Reduction in Price of Ford Products

The War Is Over and War Prices Must Go

Effective at once, Ford Cars, Trucks and Tractors will be sold f. o. b. Detroit at the following prices:

Touring Car	-----\$440	Coupe, with starter	-----\$745
Touring Car, with starter	-----510	Sedan, with starter	-----795
Runabout	-----395	Truck (pneumatic tires)	-----545
Runabout, with starter	-----465	Fordson Tractor	-----790

The Ford Motor Company makes this reduction in the face of the fact that they have immediate orders for 146,065 cars and tractors. The Company will suffer a temporary loss while using up the material bought at high prices. They are willing to make the sacrifice in order to bring business back to normal condition and maintain the momentum of the buying power of the country.

Henry Ford says: "The war is over and it is time war prices were over. There is no sense or wisdom in trying to maintain an artificial standard of values. For the best interests of all it is time a real practical effort was made to bring the business of the country and the life of the country down to regular, pre-war standards."

We are at your command with regular FORD EFFICIENCY in Service and eagerness to fill your orders.

CAPT. CHAS. SCHREINER'S GIFT FOR JUNCTION'S PUBLIC SCHOOL BUILDING

Fredericksburg Standard: Under the above heading, The Junction Eagle of last week states the conditions under which Capt. Chas. Schreiner of Kerrville presents the public schools of Junction with a donation of \$35,000. Lack of space prevents us from reproducing The Eagle article and we shall stipulate the substance only.

Junction is to contribute, raise or obtain in any way other than by taxation a like amount, all of which money (\$70,000) is to be used in building, erecting and constructing in Junction a public school building to be known as the Chas. Schreiner High School. Captain Schreiner has deposited his donation in the Chas. Schreiner Bank at Kerrville under a trusteeship. Junction has a time limit of three years in which to secure its quota of \$35,000 and in which time to construct and use this fund upon the erection of a public school building. If within this time limit the Junction quota has been used, the Schreiner donation is at the disposal of the building committee, either in installments or in a lump sum.

Junction is certainly fortunate in receiving so generous a gift and will undoubtedly avail itself of the opportunity offered.

Capt. Chas. Schreiner has for years past undertaken several such great works for Kerrville and Kerr County and Texas is, indeed fortunate in counting as its citizens such liberal men as Captain Schreiner.

PROHIBITION HEAD REPLIES TO COMMISSIONER COLER

Washington, D. C.—Prohibition enforcement officials, the New York branch of the Anti-Saloon League, and its superintendent, William H. Henderson, shared alike in a vitriolic attack made by Bird S. Coler, New York Commissioner of Public Welfare, in a speech before the International Congress Against Alcoholism.

Mr. Coler's prepared address, although censured by officials of the congress, charged "open violation" of prohibition laws and accused Mr. Anderson of attempting to incite race and religious hatred.

Prohibition Commissioner Kramer, also on the program, answered the attack on his bureau personally, and Mr. Anderson, who was absent, replied in a formal statement in which he accused Mr. Coler of injecting "Tammany politics" into an annual meeting.

Replying to Mr. Coler's charges of violation of the laws, Mr. Kramer said that, "to a considerable extent," they were true, but he insisted that the New York commissioner should provide a "bill of particulars" in order that the small force of the bureau might know where to go on the trail of the bootleggers. He told the congress he was doing his "level

best" to enforce the laws and explained that his force numbered only 1,000, adding "think of that number policing 110,000,000 people, for that's what it is—policing."

DUCK SEASON OPENS OCT. 16; WARDEN WARNS HUNTERS

San Antonio.—The open season for ducks and other waterfowl begins October 16, according to United States Game Warden George C. Shupee. The season opens one-half hour before sunrise on that date, or to be precise, at 6:06 a. m. Crane, wild swans, woodcock, upland plover, wood duck, eider duck and shorebirds are protected by law, according to the warden. Black bellied and golden plover and greater and lesser yellowlegs may be hunted. Herons are protected throughout the year.

Game Warden Shupee complains that many hunters continue to shoot after sunset in violation of the law. Violations of the Federal and State laws governing hunting hours will be severely prosecuted, according to the warden. No excuses on the ground of ignorance of the game laws will be accepted, he said.

For the guidance of sportsmen, Mr. Shupee has prepared a table showing the official time of sunrise and sunset for the month of October. On October 1 the sun will rise at 6:27 a. m. and set at 6:29 p. m., according to the table which is based on local standard time. The schedule for various days follows: October 16, sunrise 6:36 a. m., sunset 6:06 p. m.; October 20, sunrise 6:38 a. m., sunset 5:59 p. m.; October 25, sunrise 6:42 a. m., sunset 5:54 p. m.; October 31, sunrise 6:46 a. m., sunset 5:49 p. m. The table will govern in deciding cases where the law prescribing hunting hours is involved. Mr. Shupee declared.

HAPPY WOMEN

Plenty of Them in Kerrville, and Good Reason for It.

Wouldn't any woman be happy. After years of backache suffering. Days of misery, nights of unrest. The distress of urinary troubles. When she finds freedom? Many readers will profit by the following: Mrs. W. T. Chamberlain, Main St., Kerrville, says: "Doan's Kidney Pills have been a great help to me and I can recommend them. My kidneys were weak and I had dull nagging backaches and pains across my kidneys. I could hardly do any stooping or lifting. Headaches made me miserable. My kidneys acted irregularly, too. I read of Doan's Kidney Pills and used them and they were not long in stopping the backaches and relieving all signs of kidney complaint."

Price 60c, all all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Chamberlain had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

200 WOMEN ARGONAUTS GO SEEKING HUSBANDS IN FAR NEW ZEALAND

Norfolk, Va., Sept. 24.—The good ship Tainui, flying the British flag, left her moorings here today on the second leg of her journey for a matrimonial paradise for 200 young women on board. The Tainui is bound from London via the Panama Canal to New Zealand, where these young women hope to find husbands.

Miss Mace said the 200 women on board are going to New Zealand to get married if we can find the right kind of husbands," said Miss Ruth Mace, one of the women in search of a husband. "We are not looking for wealthy men. We want to build up a good home and a good nation. We are willing to share the troubles of our husbands. We will do our share of the work and we want, above all, to be real women."

Quessada's father made the offer of \$10,000, which was widely published. Carlton is 29, a steel worker and a widower with one child. When asked what he would do with the money he replied: "First, I'd pay some debts left over from my wife's illness; then I'd buy a lot and use the remainder toward building a home."

ALLEGED SUGAR PROFITEERS HELD TO U. S. GRAND JURY

Salt Lake City, Utah, Sept. 24.—The eight officers and directors of the Utah-Idaho Sugar Company of Salt Lake City named in sugar profiteering indictments returned lately in South Dakota, appearing before an United States Commissioner here today, were bound over for trial in the South Dakota courts. Bail was fixed at \$2,500 each. Similar cases are pending against the directors of the company in Utah and Idaho.

Heber J. Grant, president of the Utah-Idaho Company and the president of the Mormon Church was not named in any of the indictments.

Comfort Chat

News, Sept. 23: Mrs. Lydia B. Farr of San Antonio, who enjoys the distinction of being the only woman cotton broker in the United States, is at the Meyer Hotel for a two weeks' vacation. Mrs. Mary Aschmann, aged 86 years, and widow of the late F. Aschmann, died early Friday morning at the home of Mr. and Mrs. Rich. Marquart at Silerdale, where she had lived for the past eight and a half years. Ernest Bauer, a resident of Oak Park Addition to Boerne, committed suicide by hanging last Friday morn-

ing. The funeral took place Saturday, the interment being made in the Boerne Cemetery. It is thought that the decedent was of unsound mind, as he made an attempt upon his life last February, slashing his throat and wrists with a knife. On this occasion, however, he was discovered and his wounds dressed in time to save him.

WOULD SELL LEFT EAR TO PAY DEBTS AND BUILD HOME

Cleveland, Ohio.—If Frank S. Quessada, 29, a Cuban who offered \$10,000 for a left ear in New York recently, will get in touch with Jack Carlton, 5420 Linton Avenue, he might be accommodated.

Carlton is endeavoring to reach the Cuban, who is said to have lost his ear at the age of 14. A New York surgeon told him an operation could be performed that would give him one as good as new, provided he could find some healthy subject who would permit the transfer.

Carlton is 29, a steel worker and a widower with one child. When asked what he would do with the money he replied: "First, I'd pay some debts left over from my wife's illness; then I'd buy a lot and use the remainder toward building a home."

Heavy Rain With Wind

There was a heavy rain with some wind that hit Kerrville about 10:30 o'clock Tuesday night and continued for most of the remainder of the night. There was no damage done here and the rain was of great benefit.

A rumor was in circulation here that a wind and hail storm at Rock springs did considerable damage earlier in the day Tuesday. There was doubtless some hail with rain and quite a stiff breeze, but doubt if any material damage was done.

CATHOLIC CHURCH NOTES

By Father Kemper
Texas Flag Donated
The pastor's birthday anniversary was celebrated last Sunday at the Rectory. Kind friends had prepared an elaborate supper to honor the occasion. Among some of the many useful gifts that were presented was a large woolen flag of the Texas Republic, donated by Miss Wilhelmina Mosel. This emblem will float from the massive flag-pole during the year on holidays peculiar to the Lone Star State.

Benefactors had also enriched the library so that it totals over two thousand bound volumes and fully half as many unbound ones. Whole-some fiction books are at the disposal of any parishioner for the nominal fee of only five cents a month. The scientific, classical, historical and reference books are reserved for the use of the students in the High School and upper grades.

Pupils of the zoology class captured a live owl, which they donated to the Incarnate Word museum at Alamo Heights, San Antonio. They also contributed to this collection a local assortment of bugs and butterflies.

Another young lady has joined the ranks of the boarders, namely Miss Margaret Rose Cross. She was brought here from the Alamo City by Misses Ida and Alice Goodreau, who are alumnae of the Sister's Academy in Boerne.

With deep regret do we chronicle the departure of the Elmer Ruff family. Two of the girls, Alma and Selma, are already employed by the San Antonio Telephone Co.

In the past nine years the lure of our neighboring big city has attracted an average more than three resident families annually, not counting those who have returned from San Antonio or are no longer making their home in the metropolis. In this formidable group, in itself the nucleus of an independent congregation, we include such friends as the Bessans, Bulwers, Kenos, Stephens, Abbots, O'Briens, Wings, Clark, Somers, etc.

Speaking of the Somers reminds us that Mrs. Edna Mae Goodreau, Notre Dame girl, is now working in the Sap office for \$125.00 a month.

Death of Talley and Bredeux.
Two weeks after his reception into the Apostolic Church of Rome, John Talley met his Savior, having been fortified with the last holy rites. His wife and daughter accompanied the corpse on Wednesday to Searcy, Ark. Mrs. Vance Coker, a sister of Mrs. Talley, who had come the previous week, went along to the family home-stead and then returned to Burkhardt. Next month she will make her home in Old Mexico.

On Friday, Willis Boudreaux, 19 years of age, died at another sanatorium. He had come here three months ago from Sulphur, La., under the auspices of the Red Cross Society. During his stay here he completed his instructions for First Holy Communion.

The august sacrament of the Holy Eucharist was given on Sunday to one of the adult converts that had been baptized on Saturday evening. Ever since his ordination, Father Kemper has never failed to celebrate his birthday anniversary by receiving one or more crown people into the Mother Church. With the last chistening, the number of baptisms he has administered in Kerr County amounts to 4009. Some of the converts of previous years celebrated their own anniversary by partaking of Holy Communion on this occasion. Among them was a family that came from Camp Verde.

Instructions in Church History and Sacred Scriptures began this week exclusively for the Catholic children and the two or three non-Catholics whose parents have made a special request to this effect. Sunday School hours will be announced after the Comfort program is settled.

On Friday of this week a Votive High Mass in honor of the Sacred Heart will be sung at 7:15 a. m. Thereafter devotions will be held at the Mexican Chapel.

Sunday services will begin at 8 a. m. in the Guadalupe Church, and at 10:15 a. m. in St. Mary's. Benediction will be given after High Mass, instead of in the evening.

Newcomers
We welcome the arrival of Chas. W. Davis, a veteran soldier of our Cuban and Philippine Wars. He came here with his family for his health from DeQuincy, La., and gained twenty-four pounds in the first month. What place can beat Kerrville?

Miss Mae Hill came all the way from Wheeling, W. Va., to try our restorative climate at the advice of one who was benefitted here fifteen years ago.

Mrs. Jessie Bullard of Sinton has been transferred to Dr. Thompson's Sanatorium. She had been camping at the Paul Raaz place.

Pete Dondlinger, another cured invalid, is entertaining his son, Aloys, from Mission, Texas.

Mrs. Leo Blanchard of Fredericksburg spent several days here with her mother, Mrs. Wm. E. Newton, while her husband went on a business trip to Houston.

Last week, Willie Voiss underwent a successful operation by Dr. Wolf at Santa Rosa Hospital, and is back to his class at St. Louis College.

Mexican Labor Plentiful
Laredo, Tex., Sept. 24.—The Mexican Labor Bureau, recently organized with the approval of the Mexican government to provide the needed laborers to perform agricultural and other unskilled labor in the United States, and which is under the direct supervision of Mexican Consul General Arturo de Saracho of this city, has so far provided about 400 laborers

to Americans making application for them and signing the necessary agreement to take care of the laborers.

The labor bureau in Nuevo Laredo is in charge of Eduardo Ibar, a newspaper man of Laredo, and is able to supply 200 laborers per day. Americans needing the labor have only to make a contract with the United States Immigration Service for the laborers and then the labor bureau provides them at a cost of \$2.50 per head.

FIRST BAPTIST CHURCH
J. B. HOLT, Pastor

No preacher of the Truth of God is worthy of the name if he would advise the people to do things that are unscriptural and would therefore be hurtful to them. The true minister is called of God to his work and his business is to instruct the people in spiritual things. If he fails to do this God will hold him to strict account and the blood of the people will be on his hands. Again, if the minister speaks but the people fail to give heed to what he says if he speaks according to the oracles of God, this Holy God will require obedience of the truth at the hands of the people. They may refuse obedience but at their peril.

No Christian or sinner can keep his children away from the Bible School and get by with it. Both he and his defenseless little ones will suffer for it. Moreover, the Christian people of our city can not desecrate God's holy day into a holiday and stay away from the House of God during the service hours and escape the chastisement of a righteous God. The inspired Word of God says "We are not to forsake the assembling of ourselves together."

Your minister may not be your ideal in intelligence or speaking ability, but if you have a good heart and really want to worship and serve God you will always find help and comfort in his words. If we are looking for worldly entertainment we will not go to the sanctuary, for it is not an earthly pleasure resort; but if we want God and Christian fellowship and help for life's moral and spiritual problems, we will go to church. The superficial and time-serving smile at these sentiments but that does not change their truth but only argues the moral lapse of the indifferent.

Next Sunday ought to be a banner day for the churches of Kerrville. Will you be found in your place? As goes the churches so goes the city.

We have enrolled a good class in the Convention Normal Manual and are now studying part three, meeting every night in the basement of the church.

The pastor preached last Sunday morning on "The Value and Pleasures of Christian Knowledge" and that evening on "Spiritual Blindness and the Remedy." Mrs. Earl Denton united with us at the evening hour.

The Bible School was much larger and better Sunday. The interest is growing very encouragingly. Both B. Y. P. U.'s and the Sunbeams had good programs.

Coleman Craig of the Baptist Standard of Dallas was with us Sunday morning and told us some fine things about our paper. We are soon to have a special edition representative to Southwest Texas. It will be full of pictures and highly valuable to Baptists.

Friday evening of this week in the basement of the church, the faculty and Board of Trustees of our Public Schools will be given a reception by our congregation. All members and friends of the church are cordially invited to attend.

May the Lord bless every reader of these lines.

Junior B. Y. P. U. meets Sunday evening at 6:30 o'clock at the Baptist Church.

Senior Notes
The Senior Class of 1920-21, Tivy High School, met Thursday afternoon of last week in the Tenth Grade room to organize. With the assistance of Mrs. Anna Tacquard the following officers were elected: Aloise Renschel, president; Miss Mary Holdsworth secretary and treasurer, and Miss Dorothy Doyle, press reporter. The class numbers twenty, with nine boys and eleven girls. The class roll includes Misses Mary Holdsworth, Dorothy Doyle, Lois Spence, Mabelle Roberts, Ruth Garrett, Eva Byas, Marguerite Henke, May Carpenter, Doris Robinson, Bonnie Lee Wells and Helen Ritchie; Messrs. Aloise Renschel, Pam Grinstead, Louis Wilson, Guy Rees, Elmer Palmer, Jim Polka, Felix Kline, Charles Wesch and Richard Flach.

Fishback Wheelers was in town the first of the week from San Antonio.

J. J. Dent was in town the first of the week from the James River Ranch.

Marcus and Dan Auld were in town the first of the week from the Auld Ranch on the Divide. Dan left Wednesday morning for East Texas and California.

Fredericksburg Flashes
Standard, Sept. 25: Mr. and Mrs. Herm. Mosel of Kerrville were here on Sunday.

Charlie Brandon and Miss Lucy Brandon of Kerrville were guests at Mr. and Mrs. Max Bierschwale's.

Last Saturday morning, August Petermann received the sad message that their son, Edmund, succumbed from injuries sustained late Friday night while operating a machine at the Texas Refinery. Edmund Petermann was born and reared in Gillespie County. His mother died while he was an infant. The deceased served in the United States Army during the late war, and experienced some odd fifty days on the front in active service, and came home sound and healthy.

JOBS SCARCER IN CHICAGO AS ORDERS ARE CANCELED
Chicago.—Labor is now competing for work, reversing the conditions of a year ago when industries were bidding against each other for workers. Output "per man hour" is increasing, which is always the case when there are more men looking for jobs than jobs looking for men.

High wage scales for organized labor have been untouched, but increased production by the individual has reduced the labor cost in many commodities—high wages are one thing and high labor costs due to "soldiering on the job" are something vastly different.

Also, there is closer adherence to the eight-hour day. This means less overtime at pay and a half or double wages. It all cuts down the item of labor in production costs and helps increase the toboogan for high prices.

The slackening of employment still keeps up. Employers in many industrial lines have reported that labor, skilled and unskilled, is no longer hard to get.

As quite a general thing, manufacturers speak of cancelled orders. This seems to run through almost every line, from fabrics to machinery. Dealers are loath to stock up with high-priced goods with a drop in sight. Nobody wants to be left holding the bag. This backs up on employment, many plants having either reduced forces or are running part time.

Now that efficiency is returning to normal and workers are again coming back to a day's work for a day's pay, the old overhead still remains in the goods in the warehouses, and it's all part of the reasons for cancelled orders pending the readjustment of commodity prices.

EPISCOPAL CHURCH
Rev. G. M. Macdougall, Rector

The Vested Choir is proving a great and helpful addition to the services of the church. The becoming uniform of the church does much to add to the dignity and solemnity of the devotions. Processional and recessional hymns are used regularly and when the professional cross presented to the church by Miss Mae Louise Schreiner, a devout member of St. Peter's, arrives as it will shortly the Crucifer bearing the Cross will head the procession. Thus shall we fulfill the injunction, "In the Cross of Christ I Glory, and With the Cross of Jesus Going on Before." The members of the Vested Choir are as follows: Mrs. John Burney, choir leader; Mrs. Pampell, Mrs. Scott Schreiner, Mrs. Charles Mason, Miss Mae Davis, Miss Ellen Mason (absent at present), Miss Yolande Robinson, Miss Mamie Heiner, Mr. Baker, Dr. Galbraith, Ed. Mosel, Earl Duer and the Crucifer Master, James Young. Mrs. James E. Young presides at the organ regularly and efficiently.
The Litany Service with short talk by the Rector is held every Wednesday night and is being well attended. The evening service is now held also.
An early celebration of the Holy Communion is held on the Third Sunday of each month at 7:30 a. m.

Misses Onida and Vera Mae Dunbar left Sunday for San Antonio to visit and take in the Ringling Bros. Circus. From there Vera Mae went on to Temple, where she has accepted a position with her uncle.

Dr. and Mrs. S. E. Thompson, Mr. and Mrs. L. W. McCoy and children, Mrs. Gammon, Mrs. George Morris, Miss Anna Belle Council, Miss Eugie Meyers, Al Manny, John Duderstadt and Jim Thompson were among the many who attended the Ringling Bros. and Barnum & Bailey Circus in San Antonio the first of the week.

PILING UP HAPPINESS

DOES each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your horn of plenty to the brim with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for success is as true now as when it helped build the fortunes of our pioneer railroad builders, manufacturers and promoters.

Applying it on a small scale in your own way will bring you results in proportion.

HENRY FORD, EMANCIPATOR

Henry Ford is one of the most unique characters in the world today, and he is also one of the most potential powers with which to reckon.

There is no real information as to just how much in dollars Henry Ford is worth. He is a billionaire at least and maybe more than that. In addition to his great automobile industry, his railroad, iron mines, forests of timber, steamers, etc., he has so much real cash that the banks of his home city are reported to refuse to accept only a certain per cent of it, because of the responsibility of handling so much money belonging to one man who might take a notion to want it all in one day.

In The Dearborn Independent, which is Mr. Ford's paper, is an article on the page used by him, in which he has the following to say as to money:

"The whole idea that Government is akin to God and can supply us with anything originates most probably in the fact that Government mints the money. The average person's idea of the power of money borders on the

grotesque. Money is the greatest fiction ever offered mankind. Money is the most inert thing in the world. That coin never was created that ever did a single thing for anybody.

"But, in the present system, all wealth is eventually counted in money, and the Government makes the money, therefore great is the Government! People reason that way. If every man had a mint in his woodshed the fiction of money would soon be exposed. If someone should discover how gold could be manufactured and sold for 10 cents a pound, it would be the greatest liberative act in the history of economics.

"Government may make the money, but it is the people whose labor gives the value to money. There may be all the difference in the world between Money and Wealth."

This introductory is for the purpose of calling special attention to Mr. Ford's apparent disregard for Money in the abstract, as one would think, when we consider his recent out in the prices of his auto and tractor to pre-war prices. It is estimated, that by this act, he loses in orders already on hand, the stupendous sum of Fifteen Million Dollars! Then, think how many other millions he stands to lose on future orders.

In this act of Mr. Ford he has shown himself to be the Emancipator of the people in this country. Since his unexpected act, the price on nearly all lines of goods have been reduced—including the stocks carried by mail order houses, packers, wholesale lumber dealers, manufacturers in most things—all due to the reduction made by Henry Ford in the price of his Universal Car.

This situation makes a sad commentary on the Government of the United States. Here we have what is supposed to be the greatest government on earth sitting supinely inactive and inert as well as impotent to give the people any relief from exorbitant prices. Profiteers have been permitted to ply their nefarious practices without any real relief by the Government. The law is ample to have prevented it, regardless of which party for political gain attempts to shirk the responsibility for this condition.

However, here is one individual who can give the people relief from a burdensome situation that the Government did not. It might be well to turn over to Henry Ford the management of the Government as well as the largest automobile industry in the world. Apparently, it would be an improvement.

Governor Cox is reported to have made a favorable impression in most of the Western States where he has been campaigning. Of course, some of those States are so wedded to their idols that they cannot be weaned away.

Assessor Walter Peterson has made a capable, faithful officer and is entitled to re-election. He is the Democratic nominee, so is due the votes of Democrats. However, Walter Peterson does not carry his politics into his official duties. He has performed his duties in the past, and will do so in the future, fairly, faithfully and without prejudice. Neither your nationality, religion, wealth nor social position, has any effect with Walter Peterson in assessing your property—he treats all on the same footing with same surroundings and conditions

EXCELLENT FACULTY AND HOME-LIKE SURROUNDINGS AT SCOFIELD SCHOOL

The Scofield School will begin its twelfth year, October 9th, with a full house and bright prospects for the best year in its history so far. Last year's three graduates will be missed indeed, but they move out to wider fields and their places in school are taken by new girls. Miss Mae Louise Schreiner goes to New York and Misses Alice Magruder and Florence Scofield to Fairfax Hall in Virginia. They will all be a credit to the Home School, and we speed them on their way.

The Scofield School was established with the distinct purpose in the mind of the founder of training up Christian women who would be of some use in the world, and the whole tone of the teaching is in this direction and away from the carelessness and lack of responsibility that afflict so many young people today. It is not sectarian and several Evangelical churches are represented among the faculty. Regular religious instruction is given to the pupils at the school. The family life is as home-like as can be where so many are gathered in one building, and girls who come several years in succession feel it a second home. This feeling is encouraged by the teachers, who are all Christian women of experience, and who give their whole time and strength to their pupils, not only during school hours but all through the day.

The distance from town and the beautiful surroundings allow much out-door life and this keeps the girls healthy and gives them fine appetites.

Mrs. Lula Howard will take up her classes in mathematics again this fall and will have a large music class also. This loved teacher has been with the school four years, and in her girls find a most kind and sympathetic friend, always ready to help.

Miss McFadden will return to her little charges and her sewing classes more enthusiastic than ever.

Miss Lipscomb will again have charge of the English classes she so successfully taught last year, and the intermediate work will be given by Miss L. R. Martin of Houston.

Miss Scofield has had a good rest during the summer and comes back to her work with renewed zest. She desires to thank all the patrons and friends of the school for their many kind words and deeds, and bespeaks their continued interest in the only Kerrville institution which exists solely for girls, and which upholds all the best traditions in their training, endeavoring at the same time to keep them up-to-date in all that is good and worth while. With the support of public favor this school can not fail to help in the progress of our little mountain town toward a larger and better Kerrville.

The price reductions have hit Kerrville, it is announced. Let the good work proceed.

As all ingredients in making of bread have dropped in price there is no reason why that commodity should remain so high.

It's not what you make, but what you save that counts. Are you getting ahead or slipping behind? War Saving Stamps are pretty good non-skid chains.

Governor Cox stated in a speech the other day that he disowned the records of Postmaster General Burdison and Attorney General Palmer in many respects. That is about as good a shot as the Governor has fired. Any candidate who endorsed that pair had as well confess his defeat.

Baseball is undergoing an investigation on charge of being under control of big gamblers. Those leaches ruined horse racing and will do the same for baseball if their tentacles are not severed. Gamblers ruin anything or anybody they touch. Gambling in futures injures prices of farm products.

Governor Cox and Senator Harding will both speak on different dates at the Oklahoma State Fair. Oklahoma might be debatable ground if the Republican party had any creditable leadership, but bad as are some of the Democratic combination, they haven't reached the level of some of the Republican gangsters.

The discrimination against the male voters in the act that is expected to be passed by the special session of the Texas Legislature is apparently a party measure. Whether that kind of politics will continue to get approval is questionable. Some day there may be a surprise in an election in Texas. However, huge bodies move slowly.

Mrs. Charlie Johnston had the misfortune to break her ankle last Sunday while getting over a wire fence at the home of her father, H. Noll. She was being assisted over the fence by her husband, but made a misstep before he could catch her and break the fall. The injury has been very painful.

Recently there was clipped from three yearling nannies in the herd of Fred Real, fifteen pounds of as fine mohair as has ever been brought to this market. This sample is as fine as silk and beautiful and lustrous in color. This is an unusually large clip also, as it averaged about two times as much as the usual clip.

Senator Julius Real favored The Sun force with four fine watermelons Monday of this week. Being late in the season for such luxury they were very much enjoyed. During the watermelon season Mr. Real had an extra large crop which his neighbors found delicious, as the owner was absent from home and gave his friends an open invitation as he usually does. Mr. Real also gave the local telephone office several melons, as he is aware of the fact that they, like the printer, are a hard-worked lot without proper appreciation. Many thanks, Senator.

MANUFACTURERS OF America's Premier Ginger Ale

HEALTH LETTER TO YOU

You are interested in anything that will bring you Health, for health means joy in living. Your digestion is the foundation of your health.

Let us tell you why good ginger ale brings you health. We say that it is healthful, but why? Briefly, it is this: good ginger ale is made with sugar and pure water saturated with carbonic acid gas, flavored with ginger root, lemons and limes. Sugar is a FOOD. Carbonic acid gas is a NECESSARY DIGESTIVE—it is a natural element in your stomach; without it, you would die. Ginger is a natural STIMULANT which causes the gastric juices to flow.

Sir James Lowther, the eminent English specialist in dietetics, says this about good ginger ale: "It accelerates the motion and circulation of the body fluids and invigorates the whole human system. It provokes the appetite, assists digestion and facilitates all the natural secretions and excretions of the body."

America's Premier Ginger Ale is the great American Dinner Drink. All over the United States, its wonderful success for forty years has testified to its goodness. Try some with your dinner; it will open a new delight to you.

NO. 1081

CITATION BY PUBLICATION

Commonwealth Bank & Trust Co. vs. J. W. McGowan et al.

To the Sheriff or Any Constable of Kerr County, Greeting:

You are hereby commanded to summon J. W. McGowan and the unknown heirs of J. W. McGowan, Mrs. J. W. McGowan and the unknown heirs of Mrs. J. W. McGowan, Tom McGowan and the unknown heirs of Tom McGowan, and all of their heirs and legal representatives whose names are unknown to appear at the next regular term of the District Court of Kerr County, to be held at the Court House thereof in the City of Kerrville, on the 15th Monday after the first Monday in September, same being the 20th day of December, A. D. 1920, then and there to answer a petition filed in said Court on the 7th day of Sept., 1920, in a case numbered 1081, wherein Commonwealth Bank & Trust Company is plaintiff and J. W. McGowan and the unknown heirs of J. W. McGowan, Mrs. J. W. McGowan and the unknown heirs of Mrs. J. W. McGowan, Tom McGowan and the unknown heirs of Tom McGowan, Mrs. Tom McGowan and all of their heirs, legal representatives, are defendants, the cause of action being alleged as follows:

SECOND: That plaintiff is lawfully seized and possessed of a certain tract and parcel of land herein-after described and situated in Kerr County, Texas, owning the same in fee simple and that the defendants are asserting some right, title and interest in said land the exact nature of which is unknown to plaintiff, which is described as follows:

One hundred and sixty (160) acres of land, situated and described as follows: In Kerr County, known as Survey No. 1784 on the waters of Mason Creek and a tributary of the Medina River, about 13 miles S. 25 E. from Kerrville, by virtue of said McGowan application made in accordance with an Act approved May 26th, 1873.

THIRD: That the plaintiff is now in possession of all of said land and premises and is entitled to said possession and is the owner in fee simple of all the said land and premises and that the defendants have no right, title or interest of any kind or character in and to said land and premises or any part or portion thereof and that by reason of the claims of defendants to some right, title or interest in and to said land and premises they have cast a cloud upon plaintiff's title and greatly hinder and delay the plaintiff from selling its said land and prevent it from selling same for as great a price as it would or could do if it were not for said claim or assertions made by the defendants, which claims are unjust and without any foundation whatsoever, and that by reason of such unfounded claims on the part of defendants, plaintiff has been damaged in the sum of Fifteen Hundred (\$1,500.00) Dollars.

FOURTH: That plaintiff is lawfully seized and possessed of all of the land and premises hereinbefore described, holding and owning the same by virtue of the following facts, to-wit:

(a) A patent from the State of Texas to Caroline V. Price, assignee of John H. Gibson, dated June 28th, 1880, filed for record in the County Clerk's office, Kerr County, Texas, and recorded in Vol. "Z," page 77, Kerr County Deed Records.

A Little Talk About Fountain Pens

When we decided to install a line of fountain pens in our stock, we insisted on certain qualities; a pen that did not leak, a pen with a smooth point, a pen that fed ink evenly as long as the ink lasted; in short, a pen superior to salesmanship—a pen so good that it would sell itself as readily as a package of needles or a bar of Ivory soap.

We took on the TEMPOINT Line. For a year we have tried it out. A year was not required to give us confidence in its superiority. But it has given us fullness of confidence. And because of this sureness that it will "deliver the goods" we offer every person who has any interest in fountain pens a chance to try it out for himself to his absolute satisfaction.

Opposite the fountain pen case in our store is a table with writing paper, blotters and a filled fountain pen. You are invited to sit down here and write a letter, as long a letter as you like. If you prefer a pen with a finer or coarser point, ask for it. If, after a thorough trial, you like the pen and consider buying one, speak to a salesperson. If not, no one will try to sell it to you. **THIS PEN MUST ABSOLUTELY SELL ITSELF.**

We are proud of the TEMPOINT Pen, and we shall consider it a courtesy if our friends will try it out.

RAWSON'S DRUG STORE IS TAKING REXALL STRAW VOTE

All of the drug stores in the United States, some 8,000 in number, using Rexall Remedies, are engaged in taking a straw vote for Cox and Harding. The vote up to September 25th was as follows:

In the Nation, Harding 58,484, and for Cox 39,961, except the States of Louisiana and Mississippi, which would have given Cox a better showing.

In Texas, the straw vote to same date was: Harding, 1,675; Cox, 4,899.

In Kerrville and vicinity: Harding, 13; Cox, 27.

Last presidential election the straw vote gathered by Rexall stores gave very nearly the correct result, as subsequently shown by the election.

TREATMENT COMPANY OFFICERS ARE PLACED UNDER U. S. BOND

San Antonio Express, Sept. 29: Charged with using the mails of the United States in the operation of a fraudulent scheme, four officers, or former officers before the appointment of a receiver, of the Thompson Treatment Company were released on bond yesterday morning following their arrest by Deputy United States Marshal John L. Dibrell.

The four men—H. B. Thompson, president; Capt. A. F. MacManus, vice president; J. Fitzsimons, treasurer, and Dr. H. Fitzgerald—made bond in the sum of \$2,500 each, that amount being fixed by Judge Duval West in the Federal Court.

The arrest of the former officers of the company followed, directly the finding of indictments against them by the Federal Grand Jury Monday afternoon. Information concerning the mailing of descriptive pamphlets was furnished to the grand jury by postal inspectors and Leo Brewer, Assistant United States Attorney.

Circulars alleged to have been sent out by the company stated that the treatment usually cures tuberculosis in from three to six months, except in old or last stage cases. The circular claimed further that many last-stage cases had been cured and that life had been prolonged in others. One treatment was sufficient to prevent the recurrence of hemorrhages, the circular said.

APPEALS FOR CONTRIBUTIONS TO KERRVILLE SANATORIUM

Austin, Tex., Sept. 25.—Armistice Day has been selected by the Benevolent War Risk Society of Texas to wind up its drive for funds to complete the memorial hospital now being constructed at Kerrville, and with this object in view Governor Hobby has issued a new appeal for funds.

"In the previous call to you for a donation of \$500,000 to erect a memorial sanatorium at Kerrville for tuberculous soldiers, sailors, marines and nurses, you responded liberally and approximately \$150,000 was contributed," the Governor says. "The buildings were started and we hope by November 11 there will be room ready for sixty-four patients.

"Three hundred and fifty thousand dollars is needed to complete some of the main buildings, sewer system, heating and electric lighting system, ice plant, etc., and the erection of many bungalows. Several counties have sent in their quota and more, while many are far behind.

"These boys completed their tremendous undertaking as the clock struck 11, on the 11th day of the 11th month in 1918, but the lives of hundreds of thousands were sacrificed in order for this world to enjoy the liberties that free people demand. Multiplied thousands of our Texas boys paid the price with their lives in an instant, while others were maimed and gassed to pay the price in a lingering death, but prompt donations will insure them a place to live, where scientific treatment can be administered and be the means of restoring many of them to good health. This drive will close November 11. Let's have most of the donations in right away so at least 200 boys can be cared for by November 11. The money is badly needed. Please act today."

An informal report on the Memorial Hospital being constructed at Kerrville was made today to Dr. C. W. Goddard and other members of the building committee of the Benevolent War Risk Society of Texas by T. B. Kidner, who is consultant in sanatorium construction to the United States Public Health Service. Mr. Kidner is on the staff of the National Tuberculosis Association, in charge of sanatorium construction advisory service, and by request of the Surgeon General was detailed for duty with the Public Health Service, visiting Kerr-

OUR POLICY IS NOT TO SIDE STEP

Did you ever notice how peculiar most of us humans are in the matter of sidestepping? The man who can't play golf dubs it "an old man's game"; the chap who can't dance will side step a two-step and ask his partner to "sit it out" with him; the man who never had the pluck or price to go to Europe shouts "See America First!" One of the firmest policies of this firm is not to side step. We tell you what we have and we tell you the whole truth, not half truths. We don't claim to be infallible—all we can do is to try to have everything you want just when you want it and at prices that are reasonable. You may be sure that anything and everything you purchase from us is just as represented. If for any reason you think you have not received value for your money, bring back the goods. If you don't want them we don't want you to have them. We spend a lot of time studying your needs and means, and when we put anything in our stock you may be sure it is worth all we ask, most times a little more. We step straight ahead successfully, because our policy is never to side step.

Mrs. J. M. Bruff and Mrs. W. D. Burney are visiting relatives in San Antonio this week.

Mr. and Mrs. Dan Foscy of McAllen, Texas, arrived here one day last week. We learn that they are to remain here permanently as Mr. Foscy has purchased W. N. Hood's interest in the Crotty & Hood butcher business and will enter upon his duties on October 1st.

V. O. Westerville and family came up from Galveston Sunday and are visiting the Shumards. Mr. Westerville is engaged with the United States Shipping Board. He says Galveston is getting to be a great port. It now ranks second in this country, only being surpassed by New York.

LEE MASON & SON HAVE MADE A RAPID ADVANCE

(Continued From First Page)

will be found Lee Mason and two young ladies, Misses Helen and Etta Dietert, the former having been with the firm for some time. Adjoining is the private office of Charles Mason, with a door leading into the large store room for cars, and with windows connecting both offices with the Ford parts department. In this section will be found all of the various parts of the Ford car, stacked separately on racks so as to be easily accessible, and where there is constantly an attendant to serve the public.

In the rear on same side of building is the complete repair shop, where Arthur Bailey, John Drodgy, A. McKinsey and Pete Rogilio can be found to do any kind of work desired in the way of repairs; in fact, they can almost build a car.

When Lee Mason & Son took over the agency for the Ford they had a yearly supply of only twenty cars, and now they have 168 cars and forty Fordson tractors. This is a rapid growth in five years, where there has been no more general development than in this section.

With the reduction in price of Fords the supply of Lee Mason & Son will no doubt be insufficient, and they do not have all of Kerr County either, as Center Point has a separate agency. However, the growth in sale of cars and especially in the complete line of parts, as well as a finely equipped shop, Lee Mason & Son have built up an automobile and repair business that would be creditable to a much larger city than Kerrville. It shows

them to be men of business ability, energy and progressiveness.

Henry Ford has set the pace for other automobile makers and he has in Lee Mason & Son as his representatives at Kerrville those equally enterprising.
