TWO GOAT ASSOCIATIONS LOCKED HORNS AT MEETING

At the meeting of the Executive Committee of the Sheep and Goat Raisers' Association, held at Kerrville Monday, there was a clash between the new and old associations that have registered goats.

The result was a compromise, as the Executive Committee adopted a resolution to the effect that equal prizes would be offered for different grades of goats and a grand prize for the best buck, open to both associations. The vote was a close one, as it stood eight and eight with the secretary voting with the old association, and the chairman in casting the decisive ballot voted with the old association.

The contest was a warm one and neither side was any too considerate of what was said about the practices of the other.

It appears that the old association is a closed corporation, as no new members can be admitted the books having been closed some time ago, leaving those composing it with a monopoly of the registered brands. This resulted in the forming of the new association, which has grown to be as large or larger than the old. The latter is a Missouri organization, while the new one is a Texas association.

At San Angelo the new organization was shut out of showing in competition with the old, so the leading members of the new appeared before the Executive Committee of the Sheep and Goat Raisers' Association to protest against such discrimination at the convention and show to be held at Del Rio this fall. While the new association did not secure the chance at direct competition for same prizes all the way through, it secured the consent to exhibit for equal prizes and also the grand sweepstake.

Those present at the Executive Committee were as follows:

R. H. Martin of Del Rio, president; Claude A. Brooks of San Angelo, vice president; J. B. Murray of San Antonio, honorary vice president; B. M. Halbert of Sonora, honorary vice president; Geo. M. Thurmond of Del Rio, secretary-treasurer; W. G. Bryson, Sonora; J. M. Slater, Brackettville; Robert Neal, Kerrville; T. L. Dredale, Fano; N. H. Skaggs, Junction; E. K. Fawcett, Del Rio; W. C. Gay, Coleman; A. V. Livingstone, Taipa; F. C. Bates Jr., Mertzon; Jim Moore, Vieja; Monte Noeke, Mertzon; Frank Greenwood Sr., Del Rio, and Ed. Mansfield, Bandera.

BANQUET TENDERED VISITORS WAS PRONOUNCED SUCCESS

Monday evening, beginning about 8 o'clock, at the St. Charles Hotel, a banquet was tendered by the citizens of Kerrville to the visiting members of the Executive Committee of the Sheep and Goat Raisers' Association of Texas, and several other prominent visitors in attendance at the meeting of the committee.

The large dining room of the St. Charles was decorated with flags and flowers, and across two pillars was strung in large letters the word "WELCOME," while on a table was a unique miniature sheep and goat shed made of pasteboard by S. H. Huntington and surrounded by small imitation flocks.

As the visitors and hosts entered the brightly lighted and lovely dining room, Miss Ruth Wallace played a march on the piano, and subsequently sang several selections in a sweet manner and played some excellent instrumental pieces.

The menu was composed of so many palatable and appetizing things to eat that we cannot remember all of it, but it was par excellence, the credit for which is due Mrs. Geo. Morris.

W. C. Baker, Secretary of the Chamber of Commerce, was toastmaster and performed in a highly satisfactory manner that difficult task.

Julius Real made the address of welcome, which caused the visitors to feel at home, as he could talk their language, having been a sheep herder and raiser of the animals, and is now living on a fine ranch near Kerrville. While Mr. Real has also served the people of this section most creditably as State Senator, he takes more pride in his affiliation with the ranchmen who have built this country upon such a solid basis.

The response to the address of welcome was made by Geo. M. Thurmond, secretary of the Sheep and Goat Raisers' Association, who gave a pertinent picture of this section that was not overdrawn, but presented to the mind some lovely to behold.

Mr. Thurmond is a native, having been born near the mouth of the beautiful Guadalupe. His home now is at Del Rio.

Among the other speakers in succession, who made short talks, were J. B. Murray, W. C. Gay, Claude A. Brooks, G. W. Webb, Dr. S. E. Thompson, Judge R. H. Barney and Martin Dies.

One of the impressive incidents of the banquet that showed the deep af-

fection of the visitors and the hosts for the builder of Kerrville, and one who has done so much for the development and sustaining of the wool and mohair industry, was a remark by Bob Martin, chairman of the Sheep and Goat Raisers' Association. While he mentioned no name and the man was absent, everyone knew instinctively as to whom he referred.

Later, Dr. S. E. Thompson introduced a resolution expressing the sincere esteem and appreciation of the great work done by Capt. Charles Schreiner, which was unanimously adopted by a rising vote. N. H. Skaggs, a prominent citizen and stock raiser of Junction, supplemented this action by making a motion, which also was also unanimously agreed to, that a large and lovely bouquet be secured and presented to Captain Schreiner as an evidence of the high regard the visitors held for him. Later, quite a nice sum was subscribed for this purpose. The bouquet was secured at San Antonio, and by request of Chairman Baker, Miss Ruth Wallace and Sid Reef presented the gift to Captain Schreiner.

The banquet was a most enjoyable affair, as it was attended by most of the leading citizens of Kerrville, as well as about forty-five guests, making quite a creditable representation of both.

TWO MORE ARRESTS MADE IN THE THOMPSON CASE

San Antonio Express, Oct. 7: With the arrest and release on bond yesterday afternoon of two additional former officers of the Thompson Treatment Company, all seven of those indicted by the Federal Grand Jury on September 27th for using the mails of the United States in the operation of a fraudulent scheme have made bond for appearance before the United States District Court in its December session. The two men, J. G. McCoy and K. D. Thompson, were taken into custody by Deputy United States Marshal John L. Dibrell.

The bonds of the two men were set at \$2,500 each by Federal Judge Duval West and were made before United States Commissioner R. L. Edwards at 2 p. m. The amount was the same as that set for the other officers of the company.

The indictment of the former directors of the company followed an investigation by the authorities into the treatment of cases of tuberculosis by vapor from a machine. Pamphlets alleged to have been sent out by the company described the treatment,

which, it was claimed, consisted mainly of the inhalation of vapor generated in the machine by the passage of smoke and heat from burning selected pieces of hardwood through discs of "chemicalized earth."

It was alleged that cases, except advanced ones, were cured in from three to six months.

The first arrests made followed immediately after the finding of the indictments, four men being taken into custody. The four—H. B. Thompson, president; Capt. A. F. W. MacManus, vice president; J. Fitzsimmons, treasurer, and Dr. H. Fitzgerald—made bonds of \$2,500 each before Commissioner Edwards on September 28th.

The fifth member of the company to be taken into custody was O. H. Marshall, who was arrested in Moody, Tex., last week. He also furnished bond.

The arrests made yesterday complete the indictments made by the grand jury, according to statement made by the authorities. The headquarters of the company, which is at present under the direction of a receiver appointed by the 37th District Court, are at 121 South Olive Street. A large number of branch offices were being operated by the company.

FOOTBALL SEASON OPENS WITH HOME TEAM WINNER

The local High School football team opened its season last Saturday before a large crowd of enthusiastic fans, by defeating the first West Texas Military Academy team of San Antonio by a score of 23 to 0.

The season promises to be a very successful one for the local gridder, as indicated by the score of the first game. Among the men from last year's squad are Cap and Guy Rees, Wilson, Flach, A. Rees, Palmer and Holdsworth. Some of the men filling places lost by graduation are Hamilton, Starkey, Fawcett, Horn, Schulze, Fick and Renschel.

Although being supported by good team work the visitors were outshined by the Tivy boys in everything, making the game somewhat one-sided. Renschel, Flach, Wilson and G. Rees playing in the backfield, and a strong line, made it hard for the visitors to break through for any substantial gains. Renschel, G. Rees and Wilson were the star players of the local team, Rees making the first touchdown on one of Renschel's famous long passes; then Wilson making two and Renschel one, which put the deciding touch to the game. Both teams played snappy ball in the last quarter as in the first, making the game exciting and full of pep from beginning to end.

The squad is fast being whipped into shape and several games have been matched. The public is invited to come out and help the boys on to a championship season.

FORDSON DEMONSTRATION BY LEE MASON & SON

Wednesday and Thursday, there has been a Fordson Demonstration in the field on the farm of the Lewis Dairy, in which all kind of plowing, harrowing, etc., was shown and other uses to which the Fordson can be applied.

Mr. McNeil, the chief mechanical expert of the Ford Motor Co., with headquarters at Houston, has had charge of the demonstration, aided by Mr. Hostetler, the field representative of the Oliver Chilled Plow Works.

Next week's issue, we trust to have an article on the performance of the Fordson and the plows, etc., that will enlighten our readers as to the benefits to be derived from having such labor-saving machinery.

Wedding of Local Interest

A wedding of interest to their many Kerrville friends is that of Miss Gussie Mae Brown and Dan Auld, which was solemnized Saturday night, October 9th, in Pasadena, Calif., where the Browns are now located.

The ceremony took place at the home of Mrs. C. L. Hobron, formerly of San Antonio, a close friend of the bride. The house was attractively decorated in pink and white carnations and ferns, with an improvised altar at the fire place. The bride's attendants were Miss Helena Brown, maid of honor; Mrs. Hobron, matron of honor; and Miss Henrietta Coriza as bridesmaid. The color scheme of pink and white was carried out in their costumes. The matron of honor wore pink velvet with an arm bouquet of asters, the maid of honor wore pink organdie and the bridesmaid's gown was of white organdie, both carrying baskets of tiny pink roses. The bride was beautiful in a suit of blue duvetin with blue velvet hat elaborately trimmed in metal cloth. She carried a shower bouquet of pink bride's roses and white lilies of the valley. The impressive rite ceremony was performed by Rev. Shattuck of the Methodist Church.

Immediately after the ceremony, Mr. and Mrs. Auld left for Kerrville, arriving here Tuesday evening. After a few days' visit at the St. Charles they will go to their ranch home near Leakey, in Real County.

MOUNTAIN SUN APPRECIATED AS AN ADVERTISING MEDIUM

The continued increase in advertising patronage, which comes from several different places, indicates that The Mountain Sun is being appreciated as an advertising medium.

While this is true in a general way, we have concrete evidence that one progressive business firm in a neighboring city appreciates the advantages The Mountain Sun offers as an advertising medium through which to reach the people. Recently, a letter was received from Stehling Bros., men's outfitters of Fredericksburg, which we esteem very highly, and reproduce the following extract from that letter:

"Also congratulate you upon the splendid set-up you gave us, and take this opportunity to thank you for your prompt and kind attention. Many Kerr County citizens responded very liberally."

LARGE RECEIPTS OF FALL WOOL AND MOHAIR HERE

Wednesday morning early, the trucks and wagons, loaded to the guards with wool and mohair, began to line up in front and by the side of the Schreiner Wool & Mohair Commission Company's large warehouse, and soon there were about 100,000 pounds weighed in.

Up to date there have been received at this old established and reliable warehouse, about 700,000 pounds of fall clip wool and about 600,000 pounds of fall clip mohair.

Kerrville has long been one of the largest wool and mohair markets in Texas, or the country, which record is being well sustained.

Fred Real is in charge of the warehouse, assisted by August Bernhard. They make a fine team of capable workers.

Mrs. J. E. King left Monday for San Antonio, where she joined the hosts of Mr. Neff's friends to go to Waco to attend the Jubilee Banquet given Thursday night by the Lions Club and Business Men's Club of Waco for Hon. Pat M. Neff, nominee for Governor.

Miss Decca Lamar West of Waco represented Mr. Neff's home.

Mrs. Adkinson, the only woman Mayor in Texas, spoke on "How the Mantle of Office Fits Women."

CLEVELAND BASEBALL TEAM WINS CHAMPIONSHIP SERIES

Tuesday, the Cleveland baseball team of the American League won its fifth of the games in contest with the Brooklyn National League team for the "world's" championship. The latter had won two, and as there were only nine games to be played, when Cleveland won the fifth that ended the contest.

The attendance was not so large as formerly in champion series, though great crowds gathered to witness the close games. Nor was there so much betting. The exposure of supposed crookedness in the games of 1919 held the betting in check.

In this instance it appears the better team has won, and there is great rejoicing in Cleveland.

Texas take especial pride in Cleveland winning the championship series because Tris Speaker, the manager of the Indians, is a native of the Lone Star State.

Pretty Wedding

The home of Mr. and Mrs. J. R. Hodges in Center Point was the scene of a pretty wedding, Sunday evening at 7 o'clock, when their youngest daughter, Opal, and John Hamlin, son of Mrs. T. B. Hamlin, formerly of Kerrville, were united in marriage by Rev. Meyers of the Methodist Church.

The house was decorated in cut flowers and ferns. The bride wore a lovely gown of white satin, with the long veil of maline; she carried a shower bouquet of roses and ferns. Her only attendant was Miss Naomi MacBride. Evelyn Mesty acted as best man for Mr. Hamlin. After the impressive rite ceremony the guests were invited to partake of an elaborate wedding supper. Only the relatives of the young couple were present.

Mr. Hamlin lived in Kerrville for a number of years and has the distinction of being one of the first Kerrville boys to enlist in the World War, having entered the navy five days after war was declared. Since his return he has been associated with the Mosty Nursery of Center Point. The young couple will make their home in Center Point.

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Cardui. "My back was so weak I could hardly stand up, and I would have been down in pain and was not well at any time," says Mrs. I. V. Williams, wife of a well-known farmer on Route 5, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams, "describing the troubles from which she obtained relief through the use of Cardui. My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui that I was improving. The result was surprising. I felt like a different person. "Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night. I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me. My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it." Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. E. 83

There is no need for any man to be idle now, when there are thousands upon thousands of bales of cotton open and ready for picking, and that, too, at good prices.—West News.

CATHOLIC CHURCH NOTES

By Father Kemper

It was not the original intention of the Brownson Literary Circle to hold their monthly dramatic program in a public manner so early in the school year when many of the newcomers are scarcely enrolled, but owing to the significance of the Nation-wide holiday in honor of Christopher Columbus, whom the whole Western Hemisphere unites in considering as one of its foremost heroes, it was decided, almost on the eve of the festival, to give the general citizenship the full benefit of the splendid patriotic entertainment presented by the Notre Dame students.

Ample publicity was given to this decision and at the convenient hour of 7 o'clock, Sunday evening, a capacity audience assembled in Washington Hall. Wm. S. Farris, the genial care-taker had worked very hard to decorate the auditorium and particularly the stage, where his long years of experience as electrician were brought into play. The Sisters hurriedly prepared costumes for the Columbus drama, and the well-drilled children responded to these extra-rehearsals in a manner that surprised every spectator how so much could be accomplished in the few weeks that school had been in session.

Another handicap was that Earl Allen's family moved to Austin on the morning of the play and his role had to be mastered by Warren Rogers, who has just recovered from his serious automobile accident. Notwithstanding the many difficulties confronting the students and teachers they scored a complete triumph.

As might be expected, nearly every number on the program had a direct reference to "the Discoverer of the New World." A reading by Miss Frances Michon described the trials and difficulties of this immortal navigator, who was finally successful through the assistance given him by Father Juan Perez and the Catholic Queen of Spain.

A sister of Frances, Meta Michon, composed a scholarly essay, in which she gave much valuable information about the biography of the Genoese explorer. Annie Malone delineated the character and sterling Catholicity of this Pan-American hero. A more exciting discussion was conducted in a dialogue by the boys of the Fifth Grade.

The best portrayal, however, of the vicissitudes and victory of Columbus was depicted in a cleverly arranged drama of four acts with an elaborate pantomime as a fitting climax. This historical sequence required a shifting of scenes from the library of the explorer, to the royal court of Isabella and the Convent of La Rabida, then the frai Santa Maria bounding over the mysterious ocean and the landing of the crew in the presence of Indians, and finally a triumphant welcome in King Ferdinand's palace.

Miss Wilhelmina Mosel delivered a monologue about America's consecration to Mary Immaculate, and all that Columbia gained by the labors of the Catholic missionaries during the century preceding the landing of the Pilgrims. She was of big assistance also at the piano, and besides her instrumental solo she accompanied the Notre Dame boys in their fascinating march, which was dedicated to the Knights of Columbus. A stanza of our National anthem, "The Star-Spangled Banner," opened and closed the program as is the unwritten law at all Notre Dame entertainments.

K. C. Celebration

In anticipation of Discovery Day, the Knights of Columbus went to Holy Communion in a body at the Sunday Mass. It was an inspiring sight to see these representative Catholics fill the front pews, and to witness a full row of them at the Eucharistic Table. Our only regret was that we did not have more men so that we could have more K. of C's.

Some of the local Knights went to San Antonio to attend the Columbus entertainment in the club quarters.

Particulars about the special program for Columbus Day proper will be chronicled later.

At Comfort last Sunday, many Knights of Columbus from Southwestern Texas attended the annual convention of the Sauerfest, to which they also belonged. In consequence, the Sacred Heart Church, which was packed with a large congregation that appreciated the assistance given to the choir by the visiting musicians and singers.

Five million dollars were voted by the Knights of Columbus to erect a permanent memorial of the World War in Washington, D. C., and give this monumental souvenir with a maintenance fund to the American Legion. Another half million dollars were voted to equip the central head-quarters in New Haven, Conn. with an up-to-date printing establishment for the diffusion of literature that will promote sound democratic citizenship and uproot bolshevism, bigotry and anti-Catholic calumnies.

After Mass last Sunday at Comfort, the infant son of J. Patena was baptized. On the previous day the sacrament of baptism was administered to Bonnie Lee Rose Klein, daughter of Fred Klein of Hunt.

N. D. I. Improvements

E. B. Rogers of the McCray Co. came to Kerrville on Thursday to design a \$500.00 refrigerator for the new convent annex. The Sisters have also placed with him an order for a \$15,000.00 refrigerating system to be installed in the addition to the Santa Rosa Hospital.

The attendance at Notre Dame reached eighty-six with the arrival of a new boarder, Miss Elizabeth Eichelberger of San Antonio.

An old student, Alma Ruff, successfully passed her examination with the Southwestern Telephone Co. at

San Antonio and is commencing to work on a salary of \$20 a week.

Another student, Miss Mona Dupont, went to the same city to work for the Western Union Telegraph Co.

Joe King of Floresville, who boarded at Stelling's while attending Notre Dame, is now continuing his schooling in San Antonio.

Clarence Mosel is distinguishing himself in the metropolis as a star member of the K. C. foot-ball eleven.

Carbolic Poisoning

Mrs. Blanche Felts, a tubercular widow who had become enslaved to the morphia habit in a sanitarium, grew delirious for this opiate on Wednesday midnight of last week and attempted suicide by drinking carbolic acid. Fortunately she could not bear the taste of this strong drug and therefore got very little in her stomach, although her mouth and face were badly burnt. A doctor and priest were summoned immediately and the unfortunate invalid was soon revived. Her poor aged parents, Mr. and Mrs. Fred Kupka, had come here last week from Oklahoma City to take care of her and also of Mrs. Kupka's sister, Agnes Herdlichaka, who has been demented for 37 years.

Mrs. Wm. Kuesel is rapidly convalescing from the operation that she successfully endured at the local hospital.

Our friend, Thos. Scoggins of Houston, had to give up his Eastern buying trip and come back to Kerrville. He is located in one of Dr. Thompson's new bungalows. Mr. Andy of that Sanitarium returned to Dallas on Thursday.

Another Houstonian, Mrs. H. Duveron, brought a patient to our healthy mountain resort on Sunday. Bill Tarrillon went back to San Antonio, after finishing his plastering work at Schreiner's Store and the Tivy School.

Services in St. Mary's Church next Sunday at 10:15 a. m., followed by Benediction of the Bl. Sacrament.

METHODIST CHURCH NOTES

W. Angie Smith Jr., Pastor

Last Sunday, our congregations were splendid and the number continues to increase. The church was well filled Sunday night with the largest congregation we have had thus far.

This is the last week before Annual Conference, and the affairs of the church are rapidly being brought to a close in a most satisfactory way. The pastor's report to the Conference will be a most encouraging one as the general condition of the church is greatly improved and the financial report will be 100 per cent collected.

As we do not know whether the Bishop will return for the new year, we wish to express our very deep appreciation to the members of the church and to the countless other people of Kerrville who have made our stay here a most pleasant and profitable occasion. All are invited to be present Sunday for the last service of the conference year.

Prayer meeting was not held this week in order to permit our people to co-operate with the Baptist Church in their revival campaign. Our church stands ready to co-operate at any time with the other people of the community in order to strengthen the forces for a campaign for righteousness.

Mrs. Harry Mosty united with us Sunday morning, and we trust her stay with us will be most pleasant and profitable.

The work of the choir was most encouraging and much interest is being manifested. Mr. and Mrs. A. Seoble were the soloists for the Sunday services.

The Sunday School is continuing to grow, as we had the largest attendance Sunday morning since our coming to Kerrville.

May God's richest blessings rest upon all the churches of Kerrville.

Methodist Missionary Society

Miss Mary Gowan was hostess to the Woman's Missionary Society of the Methodist Church last Tuesday afternoon at the St. Charles Hotel. Thirty-seven members were present, each responding to roll call with a missionary item. The program, which was arranged and led by Miss Carrie Tuttle, was as follows:

"The Children of Africa," Mrs. E. L. Nichols; vocal solo, Miss Ruth Wallace; "The Missionary's Reward," Mrs. Chas. Moore; "Cuba and Her People," Mrs. Fred Everson; "Getting New Members," Mrs. H. C. Geddie; address, Rev. W. Angie Smith; vocal solo, Mrs. Ben Ellis.

The program was very interesting and all the parts well given, the vocal numbers being exceptionally fine. The concluding number was a most inspiring address by Rev. Smith, in which he dealt with the home mission problem in particular. It was counted a rare privilege to hear it.

A salad and coffee course was served in the dining room, which was beautifully appointed. And the hospitality and kind attention of Mrs. Geo. Morris was especially appreciated.

Can't Do Without The Sun

The following appreciated compliment to The Sun is from Mrs. Frank Ransom of Van Nuys, Calif.:

"I am enclosing check for the paper for one year. My subscription expired in July and I did not expect to take the paper again, but we want the home news and can't do without it. There is nothing like the weekly visit of this paper. We enjoy the write-ups from the towns as only people can who are away from home."

FIRST BAPTIST CHURCH

J. B. HOLT, Pastor

Revivals of religion are a great moral and spiritual blessing to any community. The Baptist Revival will begin—well, it has already started—Wednesday night the first service was held. The pastor and our good song leader from Fort Worth will hold the services through Sunday, then Rev. C. F. Andrews of Uvalde will be the preacher for the remainder of the time. Both visiting men are strong in their chosen work. After Sunday there will be both day and evening services, but until that time there will be only one service a day and that will be each evening at 7:30 o'clock. J. B. Holt speaking.

Cordial words of willing co-operation have been spoken by those of other denominations and we are truly glad. Surely we need them and want them all. God grant that the whole town may be helped and blessed by this meeting. If you are reading this announcement it means that you are among the invited. Visitors and friends at hotels and rooming houses are urged to attend this revival as well as are all our resident people.

Here are the words written me by the minister who is to do our preaching; he says: "I am looking forward with pleasant anticipations to the line-up with you and your people in a meeting. I know it will be a pleasure to work with you and your people. Let us covenant together now to look to God alone for the blessings we hope to have in the campaign for the salvation of souls there. It is wonderful how He blesses when our eyes are upon Him and our faith all in Him. We are weak, but His strength is made perfect in weakness. If we take hold of His strength we shall not be disappointed."

All our regular meetings were held Sunday. The attendance was good at both preaching services, and Mr. and Mrs. Nowlin united with us at the evening hour. We welcome them to our fellowship.

The following program has been arranged for Sunday, October 17th:

"Our Work in China," Harold Osborne.

"True Stories of Chinese Girls," Pauline Bowden.

Edwards County Echoes

Leader, Oct. 7: Five of our girls, Olga and Golda Burney, Fay Corler, Lillian Draper and Bernice Henry, went down to Kerrville last week where they enrolled in the Seefield School.

Fred Ross is still on crutches. A horse fell on him, some weeks ago, and broke the bones in his ankle. He says it is not healing up, and he is expecting to go this week to the hospital at Kerrville.

S. W. Dismukes sold his well improved town home, consisting of four-room bungalow and four lots, on the north side, to Gus D. Wheat. The consideration was \$5,500. Mr. Wheat has possession, and the Dismukes family has moved out to the ranch.

The hailstorm that visited Rock-springs last week did more damage than was at first suspected. All of the composition roofs are so badly damaged they will have to be replaced. The hail did not extend further than the town.

The final papers were signed up Saturday in a deal wherein Jack Shurley sold his ranch, a well improved place about eight miles southeast of Rock-springs, to Lee Young. Mr. Young owns an adjoining ranch and this buy will make him considerable acreage. The consideration was \$10,000 an acre. Mr. Shurley and family will move to town.

New Apartment Rooms

Mrs. R. A. Cochran has had the upstairs of her stone building, near the Court House, cut into three apartments of two rooms each. One of each of these apartment rooms is large well lighted and ventilated and the second rooms are also well lighted and ventilated and of sufficient size for kitchen and dining room for a small family. In the front apartment there is an open fire place. There are hallways through the building; a bath room, lavatory, etc. There is a front and back stairway.

These rooms have new partitions, are painted and doors and windows screened. There is open air all around the building and cannot be closed in as Mrs. Cochran owns the adjoining property on one side and there is a street on the other.

In addition to the apartment rooms upstairs, Mrs. Cochran has the lower story for rent as a store room, which is 30x60 feet. This room already has shelving and counters, and it will be painted and arranged to suit party renting.

The apartments will be rented unfurnished or Mrs. Cochran will furnish them. Any one desiring further information about these apartments see Mrs. R. S. Newman or Phone 65.

Episcopal "Get Together" Social

The members of the local Episcopal Church held their annual "Get Together" Social at the Parish rooms Tuesday night, and it was a most pleasant affair. The following excellent musical program, with Mrs. John Burney in charge, was enjoyed by all present:

Cornet solos (a. and b.), Mr. Walther; vocal solo, Mrs. Scott Schreiner; duet, Mrs. Pampell and Mrs. Burney; "Chew the Rag," Dr. McDonald; solo, Robert Saenger; "In May Time," Mrs. Burney; solo, Dr. Galbraith; "O Lovely Night," Mrs. Pampell and Mrs. Burney.

Dr. Macdougall in his own happy manner made a few remarks, which added much to the enjoyment of the occasion. Judge Wheeler also made a short talk, thanking those who took part on the program, and as he is an unusually gifted speaker, he held his audience spell-bound for a few moments.

During the social hour, refreshments were served to about forty or fifty guests.

Mrs. D. S. Dubard returned Tuesday evening from a several days' visit in San Antonio.

PILING UP HAPPINESS

DOES each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your horn of plenty to the brim with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for success is as true now as when it helped build the fortunes of our pioneer railroad builders, manufacturers and promoters.

Applying it on a small scale in your own way will bring you results in proportion.

IS THERE STILL A DIXIE?

Fort Worth Star-Telegram: George M. Bailey of The Houston Post, when whom there is no better paragrapher nor finer spirit in the South, replies to the question propounded by Life in its "Dixie Number" as to whether there is still a Dixie. He says:

"Is there still a Dixie?" asks Life in its "Dixie Number." Yes, there is still a Dixie. A Dixie in the hearts of some of us older ones, and in that realm of the spirit fancy may summon visions of the most beautiful scenes, the loveliest of faces, and days of cloudless blue! Dixie, the East to which those of us who stand on the rim of the fading day turn in devotion, while the shadows creep! Dixie, the Glory Land of the Past, the golden bourne of memory's silent rambles, the hallowed solitude in whose cool depths the lost chords of life breathe again their music into the soul! Dixie, Love's Shadowland, peopled with the unfettered spirits of the noble and the great, redolent of

memories that do not die because they cluster about things immortal, templed with the dream-fabrics of a nation that drew from out God's boundless deep and, after years of glory, turned again Home! Dixie, the Beautiful and Glorious, the sweetest chapter of History, the noblest Epic of the ages, the Light of yesterday whose effulgence glides the crest of Time's swift onward tide! Dixie, the stainless Mother of the Nation, the incomparable South of our dreams!"

A beautiful and noble utterance! And a true one! Nothing could be more fitting than this gem from George Bailey's pen in the midst of the Confederate reunion which was being held in Houston when it appeared. The Houston Post "played it up" on the front page in a three-column box, indicating that someone on the Post recognized that here was an inspired expression of sentiment that is widely felt. It is a bit of real literature and will live. More than this, it will help to keep alive in the hearts of those of the younger generation the matchless and precious memories of the older after it has passed.

Mrs. Gladys Kimball, acting California prohibition supervisor at the time of the meeting of Democratic National Convention at San Francisco, has been suspended. It is stated that her suspension followed the revelation that forty or more barrels of good old whiskey were taken from the bonded Government warehouse and used to quench the thirst of the delegates to the convention. What chance did Billy Bryan's dry plank have in a Democratic National Convention when there were forty barrels of good booze floating around—to have simply for the asking? It is charged that the San Francisco medical officer signed a blank order for the whiskey and the delegates were supplied as the demand required. It is claimed that a high Government official at Washington passed down the word that such an arrangement would be satisfactory.

Every Good Democratic man and woman in Texas should vote in the general election. On every hand efforts are being made to discourage voting in November—for the most part the efforts being traced to those interested in other parties. It is necessary that a heavy Democratic vote be cast in November for the State ticket. Strong pressure is being brought to bear for candidates on the other tickets; hundreds of speakers are combing the country districts in an effort to stir up strife in the Democratic fold and make hay for the off brand party candidates. Roll up that majority needed to demonstrate that Democracy covers Texas "like the dew covers Dixie."

It is proper that women should have taken a prominent part in the banquet festivities at Waco Thursday night in celebration of the nomination of Pat M. Neff for Governor. Without the women voters Mr. Neff would not have been the nominee, as it is estimated that he secured about two-thirds of the women who voted and it is also believed that some fifty thousand women voted upon the exemption claim.

Kerrville ought to have a building and loan association. It would prove profitable to the investor and also to the borrower. Kerrville would also be benefited. Let the organization of a building and loan association proceed.

The substantial, pretentious business houses, the fine residences and beautiful lawns, stately trees, flowers and shrubbery, all contribute to make a favorable impression on the visitor to Kerrville.

Kerrville citizens know how to entertain visitors, as was evidenced by the banquet Monday night to the executive committee of the Sheep and Goat Raisers' Association, as well as prominent owners of sheep and goats.

J. A. PERIL CANDIDATE FOR COMMISSIONER 4TH DISTRICT

The Sun has the announcement this week of J. A. Peril as an independent candidate for Commissioner in the 4th District. Mr. Peril is well known in his district as well as throughout the county. He is a citizen who stands high in the estimation of his neighbors and those who know him in this section.

Mr. Peril is a native of Kerr County, we believe, and his qualifications for the position are conceded. He promises a faithful performance of the duties of the position should he be elected.

Brains Vs. Beauty

Chicago, Oct. 11.—Laboring under the misapprehension that what women have inside their heads makes some difference, Oscar M. Heath, former professor of English in the Englewood High School, wasted 30 years of his life dispensing knowledge. He admitted it in announcing that his Culture Review School will cease to exist after January 1st.

"I struggled along with the idea that teaching was an art," said the professor. "There are about 3,000 teachers in Chicago today with whom I have instructed. But I saw nothing ahead of me in my old age but the poorhouse. So I started a beauty parlor and I found out that it is the outside of their heads, not the inside that women wish to have fixed, and I paid income tax this year for the first time. The price paid for most culture is absurd. But there is no price women will not pay to insure an improvement in their appearance, and that's because women are becoming business women. Good looks is good business."

"I got the beauty parlor idea one day when my wife was going to a dinner and had to pass by eight beauty parlors before she found one with time enough to make her more lovely for the dinner party."

No. 48 THE STATE OF TEXAS

To the Sheriff or any Constable of Kerr County, Greeting: You Are Hereby Commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Kerr County, a copy of the following notice:

THE STATE OF TEXAS. To all persons interested in the Welfare of William Odell, a Minor; Mrs. Harriet Odell Hartwell was by the County Court of Kerr County, Texas, on the 20th day of July, 1920, duly appointed Temporary Guardian of the Estate of said Minor, which appointment will be made permanent, unless the same shall be successfully contested at the next term of said Court, commencing on the first Monday in November, 1920, the same being the first day of November, 1920, at the Court House thereof, in Kerrville, Texas, at which time all persons interested in the welfare of said Minor may appear and contest such appointment, if they so desire. Herein Fail Not, but have you before said Court, on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Kerrville, Texas, this 12th day of October, 1920. JNO. R. LEAVELL, Clerk County Court, Kerr County, Texas. By W. A. LOCHTE, Deputy.

New Price Levels

San Antonio News: It may be that the lower price level for flour and sugar will not be permanent for a while. Fluctuations are likely to carry them somewhat higher before they become stabilized. But there is good reason to believe that the peak of high prices for these and other articles of food has been passed, and that the general tendency will be downward until a normal state has been reached. And the same may be said concerning most other commodities, though in some, a considerable reaction need not be expected immediately. This is particularly true of clothing, which will be manufactured at a cost above that prevailing prior to the war, until the prices of raw materials and of labor are reduced. Nor can it be counted on with any degree of certainty that these raw materials, which now are selling below what they brought a few months ago, will enable manufacturers to sell clothing and dry goods very much lower soon, because the cotton now being sold will not enter into mill stocks this year. Spring clothing is selling now to retail dealers, and summer grades will follow shortly; and it hardly can be expected that the present lower price of cotton, even if it shall continue, will be reflected in merchandise stocks much before the winter of 1921-22. The reduced prices now prevailing are probably as low as can be justified by conditions at present.

In the matter of foodstuffs, however, the situation is likely to be quite different. Such commodities as bread and meat, sugar and coffee, already are selling at more moderate prices, and since these are counted the staples of food, other things are apt to seek a corresponding level. Of course, it may be expected that the prices of canned and preserved fruits will not be materially reduced shortly, due to the fact that the continued high price of sugar during the recent fruit season not only imposed greater expense on canning concerns, but actually prevented many families from putting up fruits for winter use. But, on the whole, there is much reason to expect that the cost of eating will soon be less than it has been for the past seven years.

To the Women of Kerr County

The Attorney General of Texas files that because of the ratification of the 19th Amendment to the Federal Constitution all men and women 21 years old or over are entitled to vote in the coming election without a poll tax receipt provided all other qualifications are met. However, Governor Hobby called the 36th Legislature in extraordinary session and laws were enacted which are intended to protect the election and at the same time provide against discriminatory requirements among voters.
Men and women who have all the regular qualifications for voting, but who failed to pay a poll tax by February 1st, 1920, will be allowed by this special law just enacted by the 36th Legislature, to procure a poll tax receipt on any day from October 13th to October 22nd, 1920, inclusive. This receipt entitles the holder to vote in any and all elections up to February 1st, 1921.
This poll tax is issued according to the laws governing poll taxes bought prior to February 1st next preceding a regular election. In cities of 10,000 or over it must be gotten in person at the court house or office of the Tax Collector; in small communities it may be issued through an order to an agent.
As chairman of women's political work in Kerr County, I want to urge every woman who did not pay her poll tax last winter to do so at once, for it must be paid before October 22nd, in order that you may vote in the November elections.
Now that we have the full vote (it is here whether you were in favor of it or not), it is surely every woman's duty to exercise this privilege and be worthy of the confidence placed in her by the men of the Nation.
I would like to urge every woman to stay in the Democratic party; for the most important election in Texas is the primary in July. A woman who votes the Republican ticket in November disqualifies herself for voting in the Democratic primary two years hence. Since a vote for Mr. Harding would not be effective in Texas in turning the electoral vote to him, there can be no object in any voter disfranchising herself by voting the Republican ticket in November. In short, if women want to exercise the greatest influence possible in State affairs in Texas, it behooves them to remain Democrats. I hope the women of this county will give this matter their earnest consideration, and place their vote where it will do the most good.
All women, regardless of party leanings, will want to vote for the School Amendment, which will be submitted on November 2nd. This amendment is believed to be the lasting solution of our shortage of teachers and our closed school houses. We all feel alike on the matter of the education of children. So, for this reason at least, I believe every woman will get her poll tax receipt before October 22nd.
MRS. H. C. GEDDIE,
Chairman Women's Political Work, Kerr County.

Red Cross Meeting
The annual meeting of Kerr County Chapter, Red Cross, will be held at the Court House Wednesday, October 27th, at which time business will be transacted that is of importance to everyone who is a member. It is requested that every member that can possibly come to be present. The meeting will be called at 2:30 p. m. Officers for the coming year will be elected at this time.
Since the war is over some seem to think that the Red Cross work passed out with hostilities. Such is not the case. Our returned boys must be looked after. Don't desert them now that you think you will have no further need for their services. Many of the men have returned broken in health, and to desert them now would be the most ungrateful act of our lives. In addition to this, there is a peace-time program that is of interest to all who are at all interested in the welfare of suffering humanity.

Hon. M. E. Blackburn has returned home from Austin, where he has been in attendance on the Legislature. This is Mr. Blackburn's last session, and he has made Kerrville County a good and faithful servant. His work has not been the jump-up and pop-off kind, but has been that of good judgment, and when wanting to place a good law into force has worked quietly among his fellow members. He will be sorely missed for he is the next oldest member in point of service in the Legislature, and is a man in whom his associates place a great deal of confidence.

CONDITIONS ON BORDER ARE TO BE INVESTIGATED

Washington.—Conditions along the Mexican border are to be investigated by the House Immigration Subcommittee, of which Representative Seigel of New York is the chairman and Representative John C. Box of Texas one of the members, beginning early in November.

The subcommittee will look into the methods of admitting Mexican laborers who are now coming in under a dispensation granted by the Department of Labor for farm and ranch purposes. Some members of the committee have criticized the department upon its Mexican labor policy.

The committee also is to investigate the conditions under which large numbers of Chinese and Japanese are said to be smuggled across the border from Mexico, and which it is thought will have a bearing upon immigration legislation pending before Congress. The committee hopes to visit the entire border from Brownsville to California.

Fredericksburg Flashes

Standard, Oct. 9: Last Saturday a car in which Messrs. Louis Bonn, A.B. McDougall and Ernst Schmidt were riding overturned. All three were left unhurt; the car was somewhat damaged. Of course, each of the other two blamed the one at the wheel, and vouched that he could have done better.

We learn that L. Eckert of Mason lost his garage and car last week by fire. The family wanted to leave early in the morning when they noticed a faint fire. To repair the damage a son started to vulcanize the tube, but left the apparatus to get breakfast. Just how the fire started no one will ever be able to tell, but it had made such headway that nothing in the garage could be saved.

A Little Talk About Fountain Pens

When we decided to install a line of fountain pens in our stock, we insisted on certain qualities: a pen that did not leak, a pen with a smooth point, a pen that fed ink evenly as long as the ink lasted; in short, a pen superior to salesmanship—a pen so good that it would sell itself as readily as a package of needles or a bar of Ivory soap.

We took on the TEMPOINT Line. For a year we have tried it out. A year was not required to give us confidence in its superiority. But it has given us fullness of confidence. And because of this sureness that it will "deliver the goods" we offer every person who has any interest in fountain pens a chance to try it out for himself to his absolute satisfaction.

Opposite the fountain pen case in our store is a table with writing paper, blotters and a filled fountain pen. You are invited to sit down here and write a letter, as long a letter as you like. If you prefer a pen with a finer or coarser point, ask for it. If, after a thorough trial, you like the pen and consider buying one, speak to a salesperson. If not, no one will try to sell it to you. THIS PEN MUST ABSOLUTELY SELL ITSELF.

We are proud of the TEMPOINT Pen, and we shall consider it a courtesy if our friends will try it out.

DEMOCRATS APPEAL FOR CAMPAIGN FUNDS NOW

To the Democrats of the South:

The next President of these United States will be Governor James M. Cox of Ohio.

The next Senate will be made up of a majority of Democrats, provided that funds are furnished by Democrats of the South to pay the legitimate expenses of the National campaign.

It was under Democratic rule that the shackles were removed from Southern business and Southern agriculture. The South owes much to the Democratic party.

The Democrats of the North are making a valiant fight to get control of the doubtful States from the Republican party. A great amount of money will be needed to pay for advertisements in Republican papers which are to be printed in rebuttal to the lies which the Republicans are spreading.

We have the candidate and we have the platform. We have the interest of our country at heart.

Let me impress upon every Southern Democrat, men and women, to contribute. Make a contribution to this noble cause.

Please send your checks to your State finance chairman and the money will be forwarded immediately to New York to aid the National committee in its wonderful fight.

Let me say just now that the South has more to gain and more to lose in this election than in any election ever held in this country.

Democratic success means peace, prosperity and happiness for the South as well as the entire country.

The time is short, delay may be fatal. If the Southern Democracy responds as it should, then actual disaster will be averted.

Despite the lack of funds, there is a spirit of optimism at National headquarters. We are bound to win because we are right.

JOE SPARKS, Assistant Treasurer, Democratic National Committee.

HELP GOVERNOR COX

Governor Cox, Democratic nominee for President, is receiving little or no support from his party.

Every Democrat should do his duty in actively supporting Mr. Cox in his fight for life against the hordes of Republicans and the money they are pouring into the conflict. Regardless of whether or not you agree with everything advocated by Mr. Cox, you should be a helping hand. He is not only fighting his own battles, but is also carrying the Democratic banner for all members of the party.

While the most essential thing to do in the campaign is lending support, morally, it is very necessary that funds be raised to carry the fight into enemy territory. Republicans are spending large sums in the "Solid South" fighting Democracy. Democrats must rally and invade the North and East with well-chosen words and the weight of money to distribute campaign literature and maintain speakers wherever needed.

If you are a Wilson man, then support Mr. Cox for old time's sake. If you admire the nominee for his own qualities, then show your colors as a Democrat.

Funds for the presidential campaign are being raised in this county now. Leave contributions with The Mountain Sun or send direct to National headquarters.

EXCELLENT PROGRESS MADE BY WESTMINSTER MANAGEMENT

Rev. W. P. Dickey, local pastor of the Presbyterian Church and president of the Board of Trustees of the Westminster School and Encampment, has just issued a statement to the Synod of Texas, that shows excellent progress for the management of these properties.

There has been accumulated an actual property valuation at present of over \$27,000.00 and of a preparatory school that will have an initial valuation of more than \$300,000.00.

In this report issued we reproduce the following, which will give an idea of what has been accomplished and also that yet to be carried out:

"The Encampment has grown from a valuation of four thousand in 1906 to a valuation of twenty-seven thousand nine hundred and fifty dollars in 1920. The attendance has risen from sixty in 1906 to eleven hundred and forty-three in 1920.

"In the beginning it was simply a gathering place for the people of the Western Texas Presbytery; now it is an institution of the Synod of Texas and draws visitors from Texas, Oklahoma, Arkansas and Louisiana.

"Because it had become, in fact, a Synodical enterprise, the Presbytery, in 1914, offered it to the Synod, which offer was accepted. The Presbytery directed the trustees to transfer the title to the trustees appointed by the Synod, and this has been complied with and the Encampment is now the property of the Synod.

"The Encampment is firmly established as a meeting place for our people and center of religious instruction and inspiration. On the testimony of the representatives of our Assembly's committees and of the eminent representatives of our church, who have served on our programs, the ideal environment and facilities of the Camp and the method of its management place it among the best of such institutions and promise a de-

OUR POLICY IS NOT TO SIDE STEP

Did you ever notice how peculiar most of us humans are in the matter of sidestepping? The man who can't play golf dubs it "an old man's game"; the chap who can't dance will side step a two-step and ask his partner to "sit it out" with him; the man who never had the pluck or price to go to Europe shouts "See America First!" One of the firmest policies of this firm is not to side step. We tell you, what we have and we tell you the whole truth, not half truths. We don't claim to be infallible—all we can do is to try to have everything you want just when you want it and at prices that are reasonable. You may be sure that anything and everything you purchase from us is just as represented. If for any reason you think you have not received value for your money, bring back the goods. If you don't want them we don't want you to have them. We spend a lot of time studying your needs and means, and when we put anything in our stock you may be sure it is worth all we ask, most times a little more. We step straight ahead successfully, because our policy is never to side step.

110 MUSIC PIECES TO GIVE HARMONY

Dallas, Texas.—State Fair of Texas officials had made preliminary arrangements when they planned construction of barracks to house the great Estadio Mayor Band from Mexico to take care of one hundred men members of the great band it now develops that there will be one hundred and seventeen pieces of music in this wonderful organization.

The Estadio Mayor Band is sent from Mexico City by the Mexican Republic as official recognition by that republic of the great State Fair of Texas, the thirty-fourth annual exposition of which swings its doors October 9 for a sixteen days' show.

Daily afternoon and evening concerts will be given by this remarkable assemblage of musicians.

Persons who have heard this band of over 100 pieces declare the music which it gives forth is in no sense band music. More than that, they declare, it is a combination of band music and orchestra music, bursting forth in one great crescendo of harmony from so many instruments in quires which have been received by State Fair of Texas officials concerning interest is being taken in its approach this band show that nationwide thirty-fourth exposition.

SPECIAL RATES TO DALLAS GRANTED FOR STATE FAIR

Push Hospital Drive

Austin, Tex., Oct. 12.—A well-attended mass meeting was held last night in the House of Representatives for the purpose of acquainting the public of the necessity of completing the American Legion Memorial Hospital for tubercular soldiers at Kerrville. A. C. Goeth, president of the Austin Chamber of Commerce, in the absence of Governor Hobby, presided.

In order to complete the construction of this sanatorium in the near future so that hundreds of Texans who are victims of the white plague may be cared for in their home State, instead of being forced to go into distant States for scientific treatment, it is necessary that the American Legion, which has taken over the campaign, obtain \$350,000 by November 15, Armistice Day, when the State-wide drive will be closed.

Among the various speakers who urged the campaign were: H. A. Wroe, president of the American National Bank; Mrs. James M. Loving, president of the Federated Women's Club; Judge Leon Scofield, Justice of the Commission of Appeals, and Col. Alvin Ousley, Assistant Attorney General.

Delightful Entertainment

Joe Watson, a new and popular member of Kerrville's High School set, entertained some of his friends last Friday night at the home of Mrs. Robert Knox. The young enjoyed games, with some lively music and dancing. Prizes were won by Miss Marguerite Henke and Jax Polka. Attractive music was furnished by Misses Ruth Garrett, Dorothy Doyle and May Belle Roberts.

The Knox home was decorated with High School colors and in very artistic fashion, this being an art in which Mrs. Knox excels. The dining-room, especially, was a bower of exquisite color and light. Festoons of green foliage were illumined with the tiniest of electric light bulbs of all colors. The table appointments were in colors, all cleverly designed by Mrs. Knox. An ice course was served to about twenty-four guests. Mrs. Knox was assisted by Mrs. Felix Watson and Miss Mae Carpenter.

Operated by compressed air, a machine has been invented to rub down the paint on automobile bodies and save much hand labor.
