THE WEEK IN SOCIETY

Mosel-Poole

A wedding of general interest to this section took place last Sunday evening in San Antonio, when Miss Esther Poole became the wife of Edgar Mosel of this city.

The wedding came as a surprise to their many friends. The young couple is expected to return the latter part of the week from their wedding tour.

The Sun joins a host of friends in extending congratulations to the young couple and wishing them the greatest of happiness.

Enjoyable Bridge Party

Mrs. Chas. Rawson was hostess at a charmingly appointed bridge party at her home Wednesday afternoon of last week when she entertained a number of friends.

The rooms were lovely in their decorations of cut flowers in pastel shades. Prize for high score was won by Mrs. Scott Schreiner and second award went to Mrs. A. C. Schreiner Jr.

A delicious salad course was served to the following guests: Mesdames Ally Beitel, J. E. McDonald, A. C. Schreiner, Scott Schreiner, J. O. Eastland, C. F. Allen, H. H. Kuhlmann, Bernard Kuhlmann, A. F. McClelland, A. C. Schreiner, Dick Eastland, Wm. Lee Secor, G. M. Doyle, P. J. Dominguez, Raymond Allen, Milton Pampell, R. L. Schmerbeck, E. H. Prescott, A. T. Adkins, Al Manny, L. Sandel, Dan Auld, L. D. Garrett, Amy Wallace, W. C. Baker, Richard Holdsworth, S. E. Thompson, O. W. Hinds, A. G. Platte, Leonard Rawson and E. E. Palmer; Misses Margaret Thorburn and Ruth Garrett.

Seniors Take Hay Ride

The Senior Class of 1924, Tivy High School, together with a few of their friends, enjoyed the first entertainment of the school year last Friday evening when they embarked upon a hay ride.

The party was conveyed in cars to Hunt, where a huge wagon filled with hay awaited them. After rousing the little village with school and class yells, the eats were piled into the wagon and a hilarious crowd was taken briskly up the river by a pair of mules, capably driven by Obie Griffin and Ada Nance.

A number of songs were sung by the young folks, and those who had strong enough voices to be heard above the wise sayings of "Sparkplug" Mogford voiced a few sentiments and were proud of themselves the remainder of the evening. After enjoying a delicious picnic supper in the bright moonlight the merry-makers were driven back to the cars and then home.

Those present were: Misses Lucille McCoy, Ada Nance, Anna Belle Coun-

cil, Lucille Taylor, Minnie Smith, Annie Orr, Mable Hardin, and Alice Moore; Messrs. Herman Rees, Alton Hardin, Fred Mogford, Chestney Hayhugh, Obie Griffin, James Motte and Pope Edwards. REPORTER.

Bode-Stevens

The Baptist Church at Harper was the scene of a beautiful wedding Wednesday evening, Sept. 26th, when Mr. and Mrs. J. M. Stevens gave up their attractive daughter, Anna Fay, to become the bride of Reuben Bode.

Ferns, roses and baskets of queen's crown decorated the altar effectively.

Rev. Church of the Baptist Church was the officiating clergyman. The impressive ring ceremony was read and "The Flower Song," by Gustav Lang, was played softly during the service. Lohengrin's Wedding March was played by Mrs. Louis A. Stevens.

The first members of the bridal party to enter were Elbert Stevens, brother of the bride, and Miss Reseda Bode, sister of the groom. They were followed by Elgin Bode and Miss Clara Hart of San Antonio. Misses Bode and Hart wore becoming dresses of pink with harmonizing hats.

The bride was lovely in a white sleeveless dress of beaded crepe. She wore a white hat and carried a shower bouquet of sweetheart buds, tube roses and ferns.

Following the ceremony the bridal party and the relatives were informally entertained at the home of the bride's parents. Punch and cake were served, and then much merriment ensued in cutting the wedding cake. A long table covered with numerous and valuable wedding gifts was a tribute to the popularity of this young couple.

Later in the evening Mr. and Mrs. Bode left for San Antonio on a honeymoon trip. The bride chose for her going-away costume a modish dress of brown with accessories to match.

Reductions Announced in Fords

Lee Mason & Son have just received a telegram announcing a reduction in prices of Ford cars bringing all models down to the lowest prices in history, with the exception of the Fordson Tractor which was advanced \$25.00 in price.

The graduated scale of these reductions will show clearly the margin on which these cars are produced, and are based entirely on the present estimate for 2,000,000 Ford cars to be delivered in the year 1923.

With unfilled orders on hand, and a stabilized market, our local Dealers are confident that their deliveries for the balance of the year will pass all previous sales records with them.

New carpets and rugs in Smyrna are given an appearance of age by the bleaching process which follows washing and scrubbing. They are hung in the sunlight on the roofs of the factories and homes of the workers.

HEAVY DAMAGE CAUSED BY FIRE AT JUNCTION MONDAY EVENING

Flames Originating in Bakery Flue Destroy Three Buildings—Loss Placed Above \$15,000.

The business section of Junction was swept by a destructive fire Monday night, according to reports reaching here. Three buildings were destroyed and damages have been estimated in excess of \$15,000.

The blaze originated in a flue of the bakery, a wooden structure, and had gained considerable headway before the alarm could be given. This building, a large garage storage room and an electrical shop were burned to the ground, although a large part of the fixtures in outbuildings were saved.

The Junction State Bank and the jewelry store, which occupied brick and concrete buildings, suffered considerable damage. The State Bank building was the only one covered by insurance.

MOSTY BROS. SELL SEVERAL CARS OF NURSERY STOCK

Center Point News, Sept. 27th: Harvey Mosty, of the Kerrville plant, Mosty Bros. Nursery Company, after attending the Nurserymen's Convention at Dallas, and visiting the nurseries there and others at Waxahachie, Waco and Austin, returned home a few days ago. He states that the Convention was well attended.

Mr. Mosty, while away, sold several cars of nursery stock which will be shipped this fall and winter from the plant here and the one at Kerrville. Mr. Lee Mosty, of the local plant said: "About the only trouble we have is not being able to grow enough stock to supply the demand."

It is a well known fact that Mosty Bros. Nursery Co. has an enviable reputation for their success in growing and shipping strong, healthy stock, free from all forms of orchard diseases.

Mr. Mosty has recently added some to the space of his "glass house," which is used for propagation purposes, making the building 23x160 feet. This is the largest building of the kind, perhaps, in Southwest Texas.

Subscription Honor Roll

The following have either subscribed or renewed the past week to the Kerrville Mountain Sun: L. M. Ballinger, Mrs. W. J. Barrett, W. A. Lochte, J. R. Leavell, Chas. Real, J. M. Sutton and J. A. Sims, Kerrville; Mrs. J. E. Milton, Comanche; W. H. Rawson Jr., Galveston; Ona Hunter, Berclair, Texas; Bruce Magee, College Station; Earl Stafford, Sherman; W. D. Richardson, Somerset; and Ferdinand Schulze, Ames, Iowa.

Items of Interest Gathered  
Here and There

G. C. Duderstadt shipped three carloads of goats to Laredo Wednesday.

Pictures on the wall makes a house a home. Have them framed at THE WHEELUS COMPANY. (Advertisement 4-tfc).

P. G. Canfield and family motored to Comfort last Sunday for a short visit with friends.

W. H. Baker, County Judge of Kimble County, and J. B. Kountz of Junction were business visitors here Tuesday.

Miss Eloise Goodwin returned to her home at Port Arthur Monday after a visit here with Miss Carlette Tarver.

Misses Lucille Taylor and Carlette Tarver were among those who attended the Tivy-Main game in San Antonio Monday.

Willis Mason, District Tick Inspector, was in the city Tuesday and Wednesday from Junction attending to various business matters.

A bus line will be started between Kerrville and San Angelo beginning next Monday. C. A. Vaughan is the proprietor of the enterprise and cars will leave Kerrville Monday, Wednesday and Friday of each week.

Little Meade Wheelless, son of Mr. and Mrs. W. M. Wheelless, sustained a broken collar bone the latter part of last week as a result of a fall down the steps at the Wheelless home. The little fellow is now doing nicely, friends of the family will be glad to learn.

### FIRE PREVENTION DAY IS TO BE OCTOBER 9TH

Brady Sentinel: President Coolidge, of the United States, has set apart October 9th as Fire Prevention Day, this day being the anniversary of the great Chicago fire. The entire week of October 7 to 13 will be given over to the teaching of fire prevention in the schools and other public places.

The fire loss question has always been considered more or less lightly in most towns, and there are likely a number of people in Brady who do not know that it pays in dollars and cents to keep the fire record down here. Brady is now paying a premium of thousands of dollars each year in increased insurance premiums due to the bad fire record of three years, in which the Compress was burned down. It pays in cold cash to observe fire prevention methods, and the following story from the Temple Telegram of last Monday gives a splendid lesson along this line:

If "eternal vigilance is the price of liberty," as this lesson has been taught through generations, then "unwavering precaution is the price of protection from fire."

The proclamation by President Coolidge of October 9 as national fire prevention day calls to mind the fact that countless columns of newspaper space, tons of printed and illustrated pamphlets and books, immeasurable flow of words from lecturers and public officials, school teachers, fire department chiefs and insurance men and women have been devoted to inculcating into the minds of the young and old, more especially the young, the need of caution in dealing with inflammable materials. Still the loss of life and devastation of property due to preventable fires has been increasing year by year.

Illogical as the statement may appear the menace of fire has grown greater with the developments of modern progress, while the attention to those precautions which would reduce the menace seems to have wavered and decreased. The practically universal use of gasoline, one of the most volatile and inflammable of liquids, has brought the menace of fire to the doors of almost every home, yet there are persons who will light a match to see if their auto tanks need refilling with the result generally that a new made grave is filled and valuable property destroyed. Kerosene, notwithstanding electricity largely has supplanted it, still claims scores of victims yearly, and the common use of electricity has added to the danger of fire through carelessness and neglect of proper inspection.

Statistics, carefully gathered and accurately compiled show that more than 15,000 human lives were sacrificed in the year 1922 in fires, most of which were classed as preventable, and the value of property destroyed approximated to the total annual cost of operating the national government at war figures. Such a sacrifice of human life would make the

cannibal portion of the world green with envy, yet the holocaust shows little, if any, signs of giving way to a rule of reason and intelligence that will insure caution in dealing with combustibles. Children are permitted to play with matches, carry around dynamite cartridges and handle fireworks without proper supervision; grown-ups still "take a chance" with a gasoline saturated atmosphere and housewives chuck a copper penny into the place of a blown-out fuse to keep the "juice" flowing.

The lesson of fire prevention day should be impressed deeply and emphatically upon the minds of all. October 9 recalls one of the greatest conflagrations in the history of this country. On that day in 1871 Chicago was almost wiped out of existence by a fire which was started by an unruly cow kicking over an old-fashioned lantern in Mrs. O'Leary's barn. The flames starting from this humble origin swept away fortunes, brought bankruptcy and disaster to men who were rated wealthy when the cow's heel was planted against that lantern, destroyed relics and records priceless in their memories and history, left charred human bodies in its wake and hung a pall of grief and sorrow over the whole country. That was a preventable fire and its progeny since that day fifty-two years ago numbers millions and the tribe still increases.

It has become the custom in these days to instruct school children in fire prevention and safety methods when fire does occur. This has helped doubtless to avert a greater volume of destruction than might have been caused, but the work is hardly begun. Education in dealing with inflammable materials should not be relaxed, warnings should be displayed in every danger quarter, the fool whose craving for a smoke moves him to strike a match in the vicinity of inflammables, if he escapes death, should be penalized to the limit. Only a few weeks ago a few miles south of Temple when a freight train was derailed and several cars of gasoline were piled in the ditch, one of the cigarette smoking fraternity, engaged as helper in cleaning away the wreckage struck a match. The fire that resulted inflicted damage amounting several times in value over that caused by the derailment. Just a few nights ago a boy carried a

lighted lantern into a garage to illuminate the work of drawing off a little gasoline. The garage now is ashes and the boy in the hospital.

There can be no excuse of caution in handling combustibles and the person who practices the utmost caution, even at the cost sometimes of being called foolish, is in fact a true benefactor and philanthropist and deserves encouragement and recognition as an exemplar for those who may be inclined to take a chance that too often culminates in certainty of death and disaster.

The work of the school authorities, the state fire marshal's department and the insurance interests, in promoting serious attention to observance of fire prevention days is wor-

thy of highest approval and all these agencies should be given heartiest co-operation that the best results may be attained and the town, county, state and nation be better protected from the ever growing menace of fire.

University Enrolls 4,271 Students

Austin Tex., Sept. 29.—At the close of registration at the University Saturday a total of 4,271 students had been matriculated, an increase of 254 over the same day last year.

The peak was reached at the end of last May, when the enrollment was 4,477. At Christmas it was slightly under 4,200. It is expected to go to 4,700 by the end of next May.

**Notice**

The Delco-Light Plants referred to in this special offer are standard Delco-Light Plants, fully covered by the regular service guarantee as to material and workmanship, and fully protected by the liberal service policy. Each plant has the famous 4-cycle, air-cooled, valve-in-head Delco-Light engine, and the thick-plate, long-lived Delco-Light Storage Battery. Any one purchasing a Delco-Light Plant as a part of this special carload order is assured of the same satisfaction he would receive in placing his order individually,—the same satisfaction now enjoyed by 175,000 Delco-Light users.

# The big Delco-Light factory at Dayton made this Wonderful Offer Possible

A FEW days ago I offered to the people in this county a wonderful opportunity to buy Delco-Light on a special Co-operative Carload Plan — an opportunity that will mean a very large saving for the farmers in this county who are willing to act now.

I know that you want electric light and power in your home. You have visited your neighbors who already enjoy these great modern conveniences. You have seen the bright, cheery atmosphere of their homes; the happy, joyous children whose lives have been gladdened; the mothers from whose shoulders the burdens of toil have been lifted, the fathers, whose interests in life have been broadened and whose profits have been increased—all because of Delco-Light.

And now your home can have these same great advantages at a saving in cost never before offered in the history of the farm electric plant business.

### This Is Your Chance to Save

I have put my carload proposition up to the Delco-Light Company at Dayton. I have told them that I want to place a whole carload of plants in this county during the next few days. I have asked them if they will ship a whole carload of Delco-Light Plants direct from the Factory to me.

The Delco-Light Company is willing to ship the carload, which will result in a great saving in freight. It is possible for me to

make a proposition that will mean an unheard-of saving for you. By ordering on the Carload Plan I will save a large amount in freight and handling charges, and by making all installations in one group I can put Delco-Light into your home,—installed, equipped, including the lighting fixtures, all ready to turn the switch, ready to flood your home with the blessings of electrical sunshine, at a price that will represent the biggest saving ever offered to you.

### Will You Take Advantage of This Opportunity

This wonderful plan of Co-operative Buying enables you to get dependable Delco-Light—the world's standard farm electric plant—and to save money while you are doing it. The cost of wiring and installation will be very low. I will give you absolutely at cost a generous part of the equipment that is needed to get the benefits from Delco-Light.

Now—at a cost probably half of what you have always expected to pay for electric light and power—you can give your family that joy and happiness that is possible only with dependable Delco-Light in your home. You will have power to do the chores, for

the washing machine, the separator, the churn, the feed grinder; electricity to heat the iron, to pump the water; and you will have clean, safe, economical light that will give to your home greater cheerfulness and deep content.

### This Opportunity Is Limited

The number of plants that I have arranged to get on this plan is limited. You will have to act quickly. You will have to respond immediately. But the terms are so generous, the price so low, the advantages so great, that if you ever at any time in the future expect to modernize your home, to make it a better, healthier, happier place in which to live and work, now is the time to do it.

I want to place the full details of this plan before you immediately. I want to tell you of the wonderful savings, to quote you a price such as you have never believed possible. Mail the coupon or telephone now. You will not be obligated in any way. When you get the details of this plan you will realize that it is the most remarkable money-saving offer you have ever had.

### GOOD FOOTBALL DISPLAYED IN OPENING GAMES OF SEASON

(Continued From First Page)

consistent ground gainers for Institute. Flory's passing was a feature. A. Dieter, Carley, Owens and Ivey showed up well for the local team. The first named pair especially played good football at wing positions. They were responsible for the breaking up of a number of Junction's plays by their pretty tackling.

Wallace and Simon, together with the backfield, were the outstanding players for the high school. This bunch did some of the prettiest tackling seen in local football games for some time.

Taken all around, the contest was well played on both sides in view of the fact that it was the first game. Both teams fumbled the ball on numerous occasions and the bungles were costly in each instance.

The visitors had the ball nearly the entire last quarter although up until that time Schreiner was carrying the pigskin almost altogether. Fake plays played Junction little, but in the final period they resorted to forward passing and carried the ball down field for big gains. Institute seemed unable to break up the passes effectively, but their tackling was sure.

Junction worked the ball to the 12-yard line in the last session, but lost it on downs. Schreiner kicked out of danger and the visitors began working the leather back toward the Schreiner goal. A fumble gave Schreiner the oval and the game ended in midfield, although most of the fight had been in Junction territory.

### ALL-STARS AND ENGINEERS BATTLE TO SCORELESS TIE

The All-Stars pried the lid off the grid season Sunday afternoon and battled away to a scoreless tie with the Second Engineers from Fort Sam Houston in a hotly contested game. As one little fellow replied in answer to a query about the result, "It was

nothing to nothing in favor of Kerrville."

No-score games some times are worse than those where heavy totals are stacked up, but Sunday's opener was one of the best-played and cleanest games of the grid sport ever seen in Kerrville. It was a battle from the first whistle with the local team having a little the edge.

Practically straight football was used by the home bunch. Several forward passes were completed for substantial gains, but the majority of them were broken up or grounded. The heavy backs of the All-Stars hit the light line of the Engineers and plowed through for gain after gain.

Only on one or two occasions were the domestics thrown for losses and the times were few when the plunging backs did not get by for the necessary yardage. The All-Stars had the ball three-fourths of the time and got within scoring distance only to lose the oval and the Engineers kick out of danger. Moore tried two place kicks, but missed by narrow margins. The Engineers failed on one try at goal from placement, the ball just grazing the outside of the post.

star of the game with his powerful line plunges and his sure tackling on the defense. It was his beautiful flying tackle in the last quarter that prevented a touchdown after an Engineer got away on an end run.

Frank Moore was very much in the limelight with his stellar playing as were Real and Flach. The entire backfield played "big time" football all the way.

In the line "Tubby" Rees, Welker, Wilson and Gold were the outstanding lights. Young Welker, a Brackenridge High man of 1918 and a recent addition to the business circles of the city, played a steady game and was in almost every play, both on offensive and defensive. Rees filled a hole on his side of the line and the Engineers gained little through right tackle.

It was a well played game and every man on the team starred at his particular position. From indications in their first test the All-Stars were well named and prospects are bright that they will put Kerrville on the sport map and hang up a good season's record.

The lineups:  
ALL-STARS (0) ENGINEERS (0)  
Merrill Left End Williams  
Baker Left Tackle Bonton

Friday, 4 P. M.—Schreiner Institute vs. 60th Aero Squadron of Kelly Field, at Institute gridiron.  
Sunday, 3:30 P. M.—All Stars vs. A. B. Frank Co. of San Antonio, at Ball Park.

McClung Right Half Hewitt  
Smith Jarmillio

Substitutes: All-Stars—Flach, Wilson, Redwine and Sikes; Engineers—Russo, Williams, McDonnell, Farrell, Fleener, Vocal and Harris.  
Referee, Moses (Southwestern); Umpire, Kuesel (St. Edwards); Head Linesman, Robinson (West Texas); Quarters, 10 and 12 minutes.

### TIVY LOSES OPENER TO MAIN HIGH IN CLOSE CONTEST, 7-0

Tivy High School opened her football season with Main High in San Antonio Monday afternoon, losing to the Crimson 7 to 0 in a hard fought game. The score was rather a surprise to almost everyone as it was generally believed that the light school eleven would have hard going to hold the husky Clark squad and prevent a one-sided score.

Coach Moses is more than pleased with the showing his team made and is not grieving over the loss, although the locals in reality made two touchdowns, but were refused them on penalties. It seems to be the consensus of opinion that Tivy has the makings of a corking good football machine this year.

Frank Moore and Everard Baker were in the lineup with the school team. Monday's game had previously been cancelled, but was re-booked upon Clark's suggestion that Moses add a couple of men to strengthen the squad.

Arthur Saenger was the individual star of the game for the locals, although he was injured early in the fray. He recovered a dropkick under his own goal posts and raced down field with beautiful interference for a touchdown, only to be called back when Umpire Hart claimed he stepped out of bounds on the 45-yard line.

Young Wall, playing left end, was very much in the game and made some pretty plays. Wall picked up a fumbled punt deep in Main's territory and raced away for another counter, but this time Head Linesman Dotson stepped in with a penalty for offside.

The entire Tivy line played good football and fought hard all the way.

Inscore starred at center and played rings around the Main Avenue pivot. Frank Moore made substantial gains, but was painfully injured in the third quarter. He was taken out for the rest of the game. Saenger suffered an injured neck when he made a beautiful tackle on a sweeping end run to prevent a touchdown by Main. The Crimson's lone counter was made on a fluke fumble in the second quarter.

The lineups:  
MAIN (7) KERRVILLE (0)  
Ketchum Left End L. Wall  
Cox Left Tackle A. Miller  
Yantis Left Guard Wolfmueller  
Shiner Center Inscore  
Weatherford Right Guard C. Hardin  
Dunsmore Right Tackle Baker  
Peacock Right End Spinks  
Kennedy Quarterback Saenger (Capt.)  
Fraley Left Halfback Lloyd  
West (Capt.) Right Halfback Osborne  
Jordt Fullback Moore  
Substitutes: Main—Cull, West,

Surtees, Knebel; Tivy—Lloyd, Brandon and Tarver.  
Referee, Venne (Carlisle); Umpire, Hart (Texas); Headlinesman, Dotson (Baylor).

The United States Government is able to make prohibition a success among the Indians, according to the Department of the Interior. In two years, \$130,734 in fines have been collected from the nation's wards and 97,938 gallons of liquor confiscated.

### THE WEEK IN SOCIETY

Mosel-Poole

A wedding of general interest to this section took place last Sunday evening in San Antonio, when Miss Esther Poole became the wife of Edgar Mosel of this city. Both young people are well known over this section.

The wedding came as a surprise to their many friends. The young couple is expected to return the latter part of the week from their wedding tour and will make their home in this city.

The Sun joins a host of friends in extending congratulations to the young couple and wishing them the greatest of happiness.

### Enjoyable Bridge Party

Mrs. Chas. Rawson was hostess at a charmingly appointed bridge party at her home Wednesday afternoon of last week when she entertained a number of friends.

The rooms were lovely in their decorations of cut flowers in pastel shades. Prize for high score was won by Mrs. Scott Schreiner and second award went to Mrs. A. C. Schreiner Jr. Mrs. Milton Pampell received the booby.

A delicious salad course was served to the following guests: Mesdames Ally Beitel, J. E. McDonald, A. C. Schreiner, Scott Schreiner, J. O. Eastland, C. F. Allen, H. H. Kuhlmann, Bernard Kuhlmann, A. F. McClelland, A. C. Schreiner, Dick Eastland, Wm. Lee Secor, G. M. Doyle, P. J. Dominguez, Raymond Allen, Milton Pampell, R. L. Schmerbeck, E. H. Prescott, A. T. Adkins, Al Manny, L. Sandel, Dan Auld, L. D. Garrett, Amy Wallace, W. C. Baker, Richard Holdsworth, S. E. Thompson, O. W. Hinds, A. G. Platte, Leonard Rawson and E. E. Palmer; Misses Margaret Thorburn and Ruth Garrett.

### Seniors Take Hay Ride

The Senior Class of 1924, Tivy High School, together with a few of their friends, enjoyed the first entertainment of the school year last Friday evening when they embarked upon a hay ride.

The party was conveyed in cars to Hunt, where a huge wagon filled with hay awaited them. After rousing the little village with school and class yells, the eats were piled into the wagon and a hilarious crowd was taken briskly up the river by a pair of mules, capably driven by Obie Griffin and Ada Nance.

A number of songs were sung by the young folks, and those who had strong enough voices to be heard above the wise sayings of "Sparkplug" Mogford voiced a few sentiments and were proud of themselves the remainder of the evening. After enjoying a delicious picnic supper in the bright moonlight the merry-makers were driven back to the cars and then home.

Those present were: Misses Lucille McCoy, Ada Nance, Anna Belle Coun-

cil, Lucille Taylor, Minnie Smith, Annie Orr, Mable Hardin, and Alice Moore; Messrs. Herman Rees, Alton Hardin, Fred Mogford, Chestney Hayhugh, Obie Griffin, James Motte and Pope Edwards. REPORTER.

### Bode-Stevens

The Baptist Church at Harper was the scene of a beautiful wedding Wednesday evening, Sept. 26th., when Mr. and Mrs. J. M. Stevens gave up their attractive daughter, Anna Fay, to become the bride of Reuben Bode.

Ferns, roses and baskets of queen's crown decorated the altar effectively.

Rev. Brown of the Baptist Church was the officiating clergyman. The impressive ring ceremony was read and "The Flower Song," by Gustav Lang, was played softly during the service. Lohengrin's Wedding March was played by Mrs. Louis A. Stevens.

The first members of the bridal party to enter were Elbert Stevens, brother of the bride, and Miss Reseda Bode, sister of the groom. They were followed by Elgin Bode and Miss Clara Hart of San Antonio. Misses Bode and Hart wore becoming dresses of pink with harmonizing hats.

The bride was lovely in a white sleeveless dress of beaded crepe. She wore a white hat and carried a shower bouquet of sweetheart buds, tube roses and ferns.

Following the ceremony the bridal party and the relatives were informally entertained at the home of the bride's parents. Punch and cake were served, and then much merriment ensued in cutting the wedding cake. A long table covered with numerous and valuable wedding gifts was a tribute to the popularity of this young couple. Later in the evening Mr. and Mrs. Bode left for San Antonio on a honeymoon trip. The bride chose for her going-away costume a modish dress of brown with accessories to match.

### Reductions Announced in Fords

Lee Mason & Son have just received a telegram announcing a reduction in prices of Ford cars bringing all models down to the lowest prices in history, with the exception of the Fordson Tractor which was advanced \$25.00 in price.

The graduated scale of these reductions will show clearly the margin on which these cars are produced, and are based entirely on the present estimate for 2,000,000 Ford cars to be delivered in the year 1923.

With unfilled orders on hand, and a stabilized market, our local Dealers are confident that their deliveries for the balance of the year will pass all previous sales records with them.

New carpets and rugs in Smyrna give an appearance of age by the bleaching process which follows washing and scrubbing. They are hung in the sunlight on the roofs of the factories and homes of the workers.

### HEAVY DAMAGE CAUSED BY FIRE AT JUNCTION MONDAY EVENING

Flames Originating in Bakery Flue Destroy Three Buildings—Loss Placed Above \$15,000.

The business section of Junction was swept by a destructive fire Monday night, according to reports reaching here. Three buildings were destroyed and damages have been estimated in excess of \$15,000.

The blaze originated in a flue of the bakery, a wooden structure, and had gained considerable headway before the alarm could be given. This building, a large garage storage room and an electrical shop were burned to the ground, although a large part of the fixtures in outbuildings were saved.

The Junction State Bank and the jewelry store, which occupied brick and concrete buildings, suffered considerable damage. The State Bank building was the only one covered by insurance.

### MOSTY BROS. SELL SEVERAL CARS OF NURSERY STOCK

Center Point News, Sept. 27th: Harvey Mosty, of the Kerrville plant, Mosty Bros. Nursery Company, after attending the Nurserymen's Convention at Dallas, and visiting the nurseries there and others at Waxahatchie, Waco and Austin, returned home a few days ago. He states that the Convention was well attended.

Mr. Mosty, while away, sold several cars of nursery stock which will be shipped this fall and winter from the plant here and the one at Kerrville. Mr. Lee Mosty, of the local plant said: "About the only trouble we have is not being able to grow enough stock to supply the demand."

It is a well known fact that Mosty Bros. Nursery Co. has an enviable reputation for their success in growing and shipping strong, healthy stock, free from all forms of orchard diseases.

Mr. Mosty has recently added some to the space of his "glass house," which is used for propagation purposes, making the building 23x160 feet. This is the largest building of the kind, perhaps, in Southwest Texas.

### Subscription Honor Roll

The following have either subscribed or renewed the past week to the Kerrville Mountain Sun: L. M. Ballinger, Mrs. W. J. Barrett, W. A. Lochte, J. R. Leavell, Chas. Real, J. M. Sutton and J. A. Sims, Kerrville; Mrs. J. E. Milton, Comanche; W. H. Rawson Jr., Galveston; Ona Hunter, Berclair, Texas; Bruce Magee, College Station; Earl Stafford, Sherman; W. D. Richardson, Somerset, and Ferdinand Schulze, Ames, Iowa.

**FIRE PREVENTION DAY IS TO BE OCTOBER 9TH**

Brady Sentinel: President Coolidge, of the United States, has set apart October 9th as Fire Prevention Day, this day being the anniversary of the great Chicago fire. The entire week of October 7 to 13 will be given over to the teaching of fire prevention in the schools and other public places.

The fire loss question has always been considered more or less lightly in most towns, and there are likely a number of people in Brady who do not know that it pays in dollars and cents to keep the fire record down here. Brady is now paying a premium of thousands of dollars each year in increased insurance premiums due to the bad fire record of three years, in which the Company was burned down. It pays in cold cash to observe fire prevention methods, and the following story from the Temple Telegram of last Monday gives a splendid lesson along this line:

If "eternal vigilance is the price of liberty," as this lesson has been taught through generations, then "unwavering precaution is the price of protection from fire."

The proclamation by President Coolidge of October 9 as national fire prevention day calls to mind the fact that countless columns of newspaper space, tons of printed and illustrated pamphlets and books, immeasurable flow of words from lecturers and public officials, school teachers, fire department chiefs and insurance men and women have been devoted to inculcating into the minds of the young and old, more especially the young, the need of caution in dealing with inflammable materials. Still, the loss of life and devastation of property due to preventable fires have been increasing year by year.

Illogical as the statement may appear the menace of fire has grown greater with the developments of modern progress, while the attention to those precautions which would reduce the menace seems to have wavered and decreased. The practically universal use of gasoline, one of the most volatile and inflammable of liquids, has brought the menace of fire to the doors of almost every home, yet there are persons who will light a match to see if their auto tanks need refilling with the result generally that a new made grave is filled and valuable property destroyed. Kerosene, notwithstanding electricity largely has supplanted it, still claims scores of victims yearly, and the common use of electricity has added to the danger of fire through carelessness and neglect of proper inspection.

Statistics, carefully gathered and accurately compiled show that more than 15,000 human lives were sacrificed in the year 1922 in fires, most of which were classed as preventable, and the value of property destroyed approximated to the total annual cost of operating the national government at war figures. Such a sacrifice of human life would make the

cannibal portion of the world green with envy, yet the holocaust shows little, if any, signs of giving way to a rule of reason and intelligence that will insure caution in dealing with combustibles. Children are permitted to play with matches, carry around dynamite cartridges and handle fireworks without proper supervision; grown-ups still "take a chance" with a gasoline saturated atmosphere and housewives chuck a copper penny into the place of a blown-out fuse to keep the "juice" flowing.

The lesson of fire prevention day should be impressed deeply and emphatically upon the minds of all. October 9 recalls one of the greatest conflagrations in the history of this country. On that day in 1871 Chicago was almost wiped out of existence by a fire which was started by an unruly cow kicking over an old-fashioned lantern in Mrs. O'Leary's barn. The flames starting from this humble origin swept away fortunes, brought bankruptcy and disaster to men who were rated wealthy when the cow's heel was planted against that lantern, destroyed relics and records, priceless in their memories and history, left charred human bodies in its wake and hung a pall of grief and sorrow over the whole country. That was a preventable fire and its progeny since that day fifty-two years ago numbers millions and the tribe still increases.

It has become the custom in these days to instruct school children in fire prevention and safety methods when fire does occur. This has helped doubtless to avert a greater volume of destruction than might have been caused, but the work is hardly begun. Education in dealing with inflammable materials should not be relaxed, warnings should be displayed in every danger quarter, the fool whose craving for a smoke moves him to strike a match in the vicinity of inflammables, if he escapes death, should be penalized to the limit. Only a few weeks ago a few miles south of Temple when a freight train was derailed and several cars of gasoline were piled in the ditch, one of the cigarette smoking fraternity, engaged as helper in cleaning away the wreckage struck a match. The fire that resulted inflicted damage amounting several times in value over that caused by the derailment. Just a few nights ago a boy carried a

lighted lantern into a garage to illuminate the work of drawing off a little gasoline. The garage now is ashes and the boy in the hospital.

There can be no excuse of caution in handling combustibles and the person who practices the utmost caution, even at the cost sometimes of being called foolish, is in fact a true benefactor and philanthropist and deserves encouragement and recognition as an exemplar for those who may be inclined to take a chance that too often culminates in certainty of death and disaster.

The work of the school authorities, the state fire marshal's department and the insurance interests in promoting serious attention to observance of fire prevention days is wor-

thy of highest approval and all these agencies should be given heartiest co-operation that the best results may be attained and the town, county, state and nation be better protected from the ever growing menace of fire.

**University Enrolls 4,271 Students**

Austin Tex., Sept. 29.—At the close of registration at the University Saturday a total of 4,271 students had been matriculated, an increase of 254 over the same day last year.

The peak was reached at the end of last May, when the enrollment was 4,477. At Christmas it was slightly under 4,200. It is expected to go to 4,700 by the end of next May.

A Ford Touring Car with Starter and Demountable Rims, filled up, ready to run, will cost today at Kerrville, \$467.21.

The largest reduction is in the 4-Door Sedan, being \$40.00, and is accounted for by the fact that this is the only model Sedan to be made by Ford from now on.

Tractors have advanced \$25.00.

All unfilled orders on hand will be filled at new prices. Cars will be scarce. We will appreciate your order.

## Lee Mason & Son

**New Touring Car**

Looking at the new touring car from the side, you are at once favorably impressed with the effect of longer, more graceful lines secured by enlarging the cowl and raising the radiator.

Slanting windshield and one-man top lend material aid in giving the entire car a lower, more stylish appearance.

An apron connecting the radiator with the fender skirts is also a decided improvement.

A comfort feature much appreciated by owners, is the additional leg room provided by the enlargement of the cowl.

Allow us to show you the entire line of new Ford cars now on display in our show room.

These cars can be obtained through the Ford Weekly Purchase Plan.

**FIFTY-FIFTY PROPOSITION**

Fredericksburg Standard: More courtesy and more consideration for the rights of others are needed on our highways of crowded and growing automobile traffic. Farmers complain of the criminal indifference of some drivers to the rights of horse-drawn vehicles to a share of the roadway. They even threaten to go after the "road hog" and they could if they wanted to in many different ways.

Most town folks who enjoy driving out on the country roads will heartily sympathize with the farmers' point of view, since they, too, are the victims of the same irresponsible fools, and worse, that smash into the farmers' wagons.

The town folks, however, make one entirely reservation, and it is a reservation which will be concerned in by every decent driver of an automobile, whether he lives in a city or country, namely, that the fellows who insist upon keeping his team and wagon in the center of the pavement and refusing to allow anyone else to pass him has a jolt coming.

Everyone with half-way decent instincts would like to see the reckless terrors of the highways deprived of their right to drive a car, but that goes also for the selfish surly drivers of slow craft who "hog" the lanes of travel and hold up others who are in more of a hurry.

It's a fifty-fifty proposition.

**DEMOCRACY**

Marshall News: Eighteen years ago a young woman school teacher from Vermont made a trip down to Washington. Her name was Grace Goodhue. She made a trip through the White House and when she got in the gorgeous "East Room" she got very much interested in the magnificent gold piano that sits in the northwest corner. She tarried a little too long admiring it and a police-man politely but firmly told her to "step on." Grace Goodhue is now Mrs. Calvin Coolidge and next week she will "step on" again as mistress of the East Room. This shows the Democracy of our country. Eighteen years ago this young school teacher timidly walked through the White House—now she is the First Lady of the land.

Fredericksburg Standard, Sept. 29: Last week Judge Burney of Kerrville, who has been district judge of the adjoining district for so long a period of time, "that the memory of man runneth not to the contrary," came to our town and tried a case in which Judge McLean was disqualified. This was the first time that the writer had an opportunity to see the judge in action. And on account of the way that he conducted court, his pleasing manner, his determination to see that justice is done at all times, and that the business of the court is expedited as much as possible, at once make it apparent why Judge Burney has been able to hold the judgeship of his district for such a long time. The writer was not in the court house a very long time, but while he was there he got the impression that the judge was something like an umpire; because all he seemed to do was to see to it that both sides played the game fairly. Many judges that the writer has seen in action, would take sides in a case, but Judge Burney seemed to be perfectly satisfied by sitting on the bench and calling "balls and strikes" and doing nothing else. That is the writer's conception of an ideal judge.

San Marcos Record: The Uvalde Leader-News prints a financial statement of the receipts and expenditures of Uvalde County every three months showing all moneys received and from what source and every item paid out and what for. This rule has been followed by Uvalde and a number of other counties for years. The newspapers are paid the regular fee for legal publications. We believe it is clearly the intention of the law that these itemized financial statements should be published in every county. The people have a right to know where the money goes that they pay into the treasury in taxes and there will be much less discontent and dissatisfaction if all counties and municipalities do this. The same thing should apply to the city and public school finances as well as all matters of public nature. The people who pay in the money have a right to know for what purpose it is expended.

Comfort News: The Mountain Sun announces that its subscription rate will be increased from \$1.50 to \$2.00, beginning January 1. This will not seem unreasonable to anyone who properly appreciates the real excellence of The Mountain Sun. Under the management of the Messrs. Salter this paper has set a high mark during the present year.

**E. D. SPINKS AND FAMILY TO MAKE THEIR HOME AT LEGION**

Rusk Cherokeean, Sept. 14th: Mr. and Mrs. Ed Spinks and family are removing to Legion, a town near Kerrville where the big hospital is located. Mr. Spinks has engaged in business there and has been operating for some time. He returned home to Rusk a few days ago and packed and loaded their household goods and shipped same Wednesday. On Thursday Mr. Spinks departed for the new home and Mrs. Spinks and the children will leave Saturday or Sunday. It is with considerable regret that we chronicle their departure as they will be greatly missed in Rusk in every activity.

Mr. Spinks came here from Wells many years ago as deputy county clerk under L. W. Tittle and at the conclusion of Mr. Tittle's service in that office Mr. Spinks made the race and was elected, and then re-elected. He was later engaged in the grocery business and then later was manager of the Cash Store.

The Uvalde Leader-News, which under the able management of H. F. Hornsby has become one of the leading weeklies of Southwest Texas, came out last week with 20 pages advertising the Uvalde Fair. The edition was well illustrated and printed, and carried a liberal amount of advertising.

## Perfect Safety

## Last Longer—Less Adjustment

### Buick Four-Wheel Brakes

Buick four-wheel brakes not only double the braking efficiency of the new 1924 Buicks by doubling the braking surface, but for the same reason lessen the wear on each brake mechanism in proportion. Buick four-wheel brakes last longer. They require less adjustment and the linings do not wear down as quickly.

Simple in construction and positive in action, Buick four-wheel brakes give added safety under all circumstances. They are of the Buick external contracting type and each brake has a three-quarter wrap or grip instead of the usual half-way grip.

Buick four-wheel brakes are operated with a slight pressure on the service brake pedal. They set quickly, smoothly and easily.

All 1924 Buicks (both fours and sixes) have these new four-wheel brakes. In addition, the 1924 Buicks embody further advancements in power, in construction and in beauty that make Buick more than ever "the Standard of Comparison".

## The Lipan Indian Tribe

Frontier Times: Among the Indian tribes whose friendship for the white settlers in Texas was steadfast and faithful, was the tribe of Lipans of which Flacco was the chief. This tribe was not of the more numerous of the Indian communities—it was just the other way; it was a small tribe. But it was a valuable ally of the settlers and on more than one occasion gave valiant assistance to the hard-pressed settlers in their fights with the fierce Comanches.

Old Chief Flacco had a son, a dashing young fellow who was the bravest of his tribe. He assumed a place in the tribe next to his father, and his friendship for the settlers was loyal. As evidence of their regard for him, members of the Texas government presented him with a colonel's uniform. The gift included a gray cocked hat with a brilliant plume and a sword. Then the Texas government bestowed on young Flacco the title "colonel." These distinctions pleased the young Indian immensely, and he used to ride into Austin decked out in his uniform and sitting up very straight on his horse, with his sword clanking by his side. One of the men at the capital taught him to write his name and he took pride in writing it on every possible occasion. He always wrote his signature in Spanish fashion, "Flacco, colonel."

An expedition against Mexico was organized in the summer of 1842, and young Flacco was engaged to serve as scout. He took with him a fellow tribesman, a deaf and dumb Indian whose sense of sight was marvelously developed, and the two Lipans acted as scouts and spies for the army. They rendered valuable service and received their share of spoils taken in various battles along the Rio Grande. When the army reached Laredo, some members of the party decided to return home, and the Indians accompanied them. Each member of the party was laden with booty, guns, ammunition, blankets and horses. When they reached the Medina River Flacco's deaf and dumb comrade was taken sick and the two stopped to rest until he improved. The other members of the party went on. The following morning the leader of the party, which had proceeded several miles from the spot where the Indians were left, noted that two members of his party, both white men, were missing. Several days later these men were discovered in Seguin. They had Flacco's horses and blankets. It needed only a little investigation to find that the Indians had been murdered by their treacherous white allies. When the dead bodies of the Indian scouts were discovered the other members of the party were grieved and outraged. Moreover, they had cause to feel

alarm, for such treacherous treatment of the son of the tribal chief would not be lightly passed by when it came to the ears of the old chief himself. The Lipans were good friends, but they could be good enemies, and the settlers feared that such an occurrence was just the thing to make them such. It is said that when old Flacco became uneasy over his son's continued absence and began to inquire longingly for news of the expedition in which his son had enlisted, and at last had letters written to Gen. Burleson and President Houston, he was told that his young brave had been murdered by the Mexican bandits. President Houston lent to his fabrication the dignity of his official statement, and along with the story of young Flacco's death he sent condolences to the chief of the Lipans, "friends of the white men." Senor Antonio Navarro, a friend in whom the Lipans had unbounded confidence, helped the settlers by sending the old chief a statement corroborating the rumor. Perhaps it took much temporizing with a conscience on the part of Gen. Houston and members of his government to bring the official administration of the state to do this lie. But it seemed the wisest plan, for nobody but the two ruffians who perpetrated the murder had ever dreamed of doing ill to the dashing and loyal young Indian prince. Certainly it seemed useless to stir the tribe of warriors into a frenzy of rage in which many innocent persons would be victims. Whatever became of the actual murderers is not recorded.

One of the interesting fights in which the Lipans were banded in with the white settlers against the Comanches took place in the winter of 1839, and is recorded in the history of Indian depredations in Texas as the San Saba fight. In this case it appears that the Lipans stirred the whites into action to gain an advantage for themselves. Some Lipan scouts discovered a camp of the rival tribe on the San Gabriel, fifty miles from Austin, and the Lipans, realizing that their force was too weak to risk an attack on numerous Comanches, hurried to the white settlements to report the discovery and volunteer their assistance to the settlers. The Texans were very glad to have the help of their Indian allies, for there were no garrisons in the vicinity at the time, and a camp of Comanche Indians meant constant peril to the settlements. Preparations were made to engage with the Comanches. A party was organized and Col. John H. Moore was given command. Small companies were raised, both in La Grange and Bastrop, making a total of about 60 fighting men, in addition to the Indian allies.

When this party reached the San Gabriel the Comanche camp was found deserted; they had moved. For three days scouting parties were trying to locate the enemy, and in the meantime a severe norther with frost came, and some of the horses were frozen to death. A gun was accidentally discharged and severely wounded one of the men. On the fourth day the storm calmed, but there was snow on the ground, and it seemed impossible to follow the Comanches. Finally their camp was discovered and the attack was made at daybreak on the fifth day. The Indians were sleeping and the volley of musketry which poured into their lodges awakened them to a panic. Half-awake, the Indians were running in all directions, the shrill shrieks of the squaws rent the air, and the camp was in frightful disorder. The white men and their Lipan allies were in the midst of the panic, clubbing Comanches and firing at close range. Just at this stage of attack Col. Moore ordered a retreat and the attacking party was thrown into confusion, for some obeyed the order and some did not. The Comanches quickly realized the situation and rallied their forces and drove their assailants back to a ravine where they took refuge. The Comanches made a charge to drive them from this ravine, when the leader of the charge, who was in advance of the others, was promptly cut down by a bullet. The other Indians rushed forward to rescue their wounded leader but the firing from the ravine was steady and continuous, and no rescuer ever reached him. He lay there firing arrows upward for several minutes, and many of these arrows fell among the ambushed party in the ravine. At last a young Flacco rushed out to the wounded warrior and ran him through with a lance. He tried to scalp him but the Comanches were coming at a furious charge so he caught up the fallen Indian and rushed back to the ravine. Finally the Comanches withdrew and never got within range of the rifles again.

They slipped around the camp of the party, took the horses of the white men, leaving the worst of their horses instead, and galloped away.

Amy A. Kaukonen, mayor of Fairport, Ohio, resigned recently after a bitter fight of nineteen months with bootleggers. She clamped the lid on and beat the bootleggers to a finish and then resigned. At a mass meeting of citizens her administration was declared to be the best in years, and all her predecessors were men.

# Buy Your Tires from a Firestone DEALER

At the Latest Prices—The Lowest in History

You will find the Firestone Dealer one of the stable business men of your community. He offers a clean, fresh stock, backed by a well organized service. He wants you as a permanent customer.

That is the reason he sells Firestone tires. He knows and has plenty of proof that they are the best tires on the market. He can give you the greatest value and thereby retain your trade for years.

Every day you find new proof of this unequalled value. On the 15th of this month, Firestone Tires set two new dirt track records at Syracuse when Tommy Milton alid around four turns at every mile and covered the 100 miles in 75 minutes, 33 hundredths seconds. He also established a new world's record for one mile by covering it in 42 and 28 hundredths seconds. The next four cars to finish were also equipped with Firestone Gum-Dipped Cords. Each one of them

went the entire race without a stop. This and every other important race this year was won on Firestone Gum-Dipped Cords and Steam-Welded Tubes. Such performance gives you conclusive proof of their strength and durability.

Not only do race drivers use Firestone Tires as protection to their lives and the surest way to victory, but the largest tire buyers in the world insist on and buy Firestone Tires for economy and service. These buyers include the leading car manufacturers, the biggest commercial car operators and the taxicab and motorbus operators. 57,639,714 tire miles were sold to taxicab and motorbus operators in the month of August.

Think this over. You cannot afford to accept anything less than Firestone service and economy. You can buy this service and economy from any of the dealers listed below.

### GOOD FOOTBALL DISPLAYED IN OPENING GAMES OF SEASON

(Continued From First Page)

consistent ground gainers for Institute. Flory's passing was a feature.

A. Dietert, Carley, Owens and Ivey showed up well for the local team. The first named pair especially played good football at wing positions. They were responsible for the breaking up of a number of Junction's plays by their pretty tackling.

Wallace and Simon, together with the backfield, were the outstanding players for the high school. This bunch did some of the prettiest tackling seen in local football games for some time.

Taken all around, the contest was well played on both sides in view of the fact that it was the first game. Both teams fumbled the ball on numerous occasions and the bungles were costly in each instance.

The visitors had the ball nearly the entire last quarter although up until that time Schreiner was carrying the pigskin almost altogether. Fake plays gained Junction little, but in the final period they resorted to forward passing and carried the ball down field for big gains. Institute seemed unable to break up the passes effectively, but their tackling was sure.

Junction worked the ball to the 12-yard line in the last session, but lost it on downs. Schreiner kicked out of danger and the visitors began working the leather back toward the Schreiner goal. A fumble gave Schreiner the oval and the game ended in midfield, although most of the fight had been in Junction territory.

The lineups:

INSTITUTE (7)	JUNCTION (0)
Dibrell	Foley
Ivey	Wallace
Carmack	Henderson
Henderson	Richardson
Burford	Hensley
Randle	Simon
Carley	Hogget
Stevens (Capt.)	L. Boone
Owens	Martin
Flory	Randle
McMains	Coleman

Substitutes: Institute—Scott, A. Dietert, M. Dietert, Tinney, Ford, Barton, Fawcett, Carmichael, Jobs, Hollinrake, Mootes, Stafford, Irving, Kelly, Climax, Palmer; Junction—E. Boone.

Referee, Kuesel (St. Edwards); Umpire, Smith (Tivy High); Head Linesman, Butt (Tivy High); Timers, Quisenberry and Grinstead. Quarters, 15 and 12½ minutes.

Score by quarters:

Institute 7 0 0 0—7

Junction 0 0 0 0—0

### ALL-STARS AND ENGINEERS BATTLE TO SCORELESS TIE

The All-Stars pried the lid off the grid season Sunday afternoon and battled away to a scoreless tie with the Second Engineers from Fort Sam Houston in a hotly contested game. As one little fellow replied in answer to a query about the result, "It was

nothing to nothing in favor of Kerrville."

No-score games some times are worse than those where heavy totals are stacked up, but Sunday's opener was one of the best-played and cleanest games of the grid sport ever seen in Kerrville. It was a battle from the first whistle with the local team having a little the edge.

Practically straight football was used by the home bunch. Several forward passes were completed for substantial gains, but the majority of them were broken up or grounded. The heavy backs of the All-Stars hit the light line of the Engineers and plowed through for gain after gain.

Only on one or two occasions were the domestics thrown for losses and the times were few when the plunging backs did not get by for the necessary yardage. The All-Stars had the ball three-fourths of the time and got within scoring distance only to lose the oval and the Engineers kick out of danger. Moore tried two place kicks, but missed by narrow margins. The Engineers failed on one try at goal from placement, the ball just grazing the outside of the post.

star of the game with his powerful line plunges and his sure tackling on the defense. It was his beautiful flying tackle in the last quarter that prevented a touchdown after an Engineer got away on an end run.

Frank Moore was very much in the limelight with his stellar playing as were Reel and Flach. The entire backfield played "big time" football all the way.

In the line "Tubby" Rees, Welker, Wilson and Gold were the outstanding lights. Young Welker, a Brackenridge High man of 1918 and a recent addition to the business circles of the city, played a steady game and was in almost every play, both on offensive and defensive. Rees filled a hole on his side of the line and the Engineers gained little through right tackle.

It was a well played game and every man on the team starred at his particular position. From indications in their first test the All-Stars were well named and prospects are bright that they will put Kerrville on the sport map and hang up a good season's record.

The lineups:

ALL-STARS (0)	ENGINEERS (0)
Merrill	Williams
Baker	Bonton
Wiedenfeld	Zamah
W. Saenger	Tessop
Welker	Hofey
Rees	Smith
Gold	Cavanaugh
Real	Wiggs
Moore	Bogstresse

### CATARRHAL DEAFNESS

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years. Sold by all druggists.

Friday, 4 P. M.—Schreiner Institute vs. 60th Aero Squadron of Kelly Field, at Institute gridiron.

Sunday, 3:30 P. M.—All-Stars vs. A. B. Frank Co. of San Antonio, at Ball Park.

### TIVY LOSES OPENER TO MAIN HIGH IN CLOSE CONTEST, 7-0

Tivy High School opened her football season with Main High in San Antonio Monday afternoon, losing to the Crimson 7 to 0 in a hard fought game. The score was rather a surprise to almost everyone as it was generally believed that the light school eleven would have hard going to hold the husky Clark squad and prevent a one-sided score.

Coach Moses is more than pleased with the showing his team made and is not grieving over the loss, although the locals in reality made two touchdowns, but were refused them on penalties. It seems to be the consensus of opinion that Tivy has the makings of a corking good football machine this year.

Frank Moore and Everard Baker were in the lineup with the school team. Monday's game had previously been cancelled, but was re-booked upon Clark's suggestion that Moses add a couple of men to strengthen the squad.

Arthur Saenger was the individual star of the game for the locals, although he was injured early in the fray. He recovered a dropkick under his own goal posts and raced down field with beautiful interference for a touchdown, only to be called back when Umpire Hart claimed he stepped out of bounds on the 45-yard line.

Young Wall, playing left end, was very much in the game and made some pretty plays. Wall picked up a fumbled punt deep in Main's territory and raced away for another counter, but this time Head Linesman Dotson stepped in with a penalty for offense.

The entire Tivy line played good football and fought hard all the way.

inscore starred at center and played rings around the Main Avenue pivot. Frank Moore made substantial gains, but was painfully injured in the third quarter. He was taken out for the rest of the game. Saenger suffered an injured neck when he made a beautiful tackle on a sweeping end run to prevent a touchdown by Main. The Crimson's lone counter was made on a fluke fumble in the second quarter.

### The lineups:

MAIN (7)	KERRVILLE (0)
Ketchum	L. Wall
Left End	
Cox	A. Miller
Left Tackle	
Yantis	Wolfmueller
Left Guard	
Shiner	Inscore
