## Campaign for Greater Production Opened By Chamber of Commerce

The first meeting of the Kerrville Chamber of Commerce "Greater Production Campaign" was held last Friday night at the Sunset school house and was attended by a good crowd of interested farmers, poultrymen and dairymen with their wives.

A great deal of interest and enthusiasm was shown by the Sunset community people and the committee promoting the campaign were well pleased with the outlook at the initial meeting of the drive to increase the production of foodstuffs in Kerr County for the local market.

Speakers at the opening session were Judge Julius Real, O. W. Hinds, chief clerk at the U. S. Veterans' Hospital No. 93, County Agent J. C. Yeary, A. B. Williamson, A. B. Burton and Dr. J. L. Fowler of Ingram.

The second meeting was held Tuesday night at Lane Valley and met with enthusiastic response from the people of that community. The speakers gave addresses showing graphically what opportunities lie in wait for the people of the County if they would but increase their production to meet the demands. Six men comprised the party from the Chamber of Commerce and the school house was crowded in spite of the inclement weather.

Another meeting in the series was scheduled to be held Wednesday night at the Hunt school house, but no details were available as the Sun went to press at a late hour Wednesday. It is expected, however, that the meeting will receive the hearty co-operation of all the people in that section.

Ingram is to be the scene of the next meeting Friday night at the school house and Center Point is to have a similar gathering next Tuesday evening. Members of the Agricultural and Special Committees from the local Chamber of Commerce will attend each session and a number of them are expected to make addresses urging the people to build their production to supply the demand and keep large sums of money at home.

Following is a copy of a letter being distributed throughout the county by the Chamber of Commerce:

"Do you realize that Kerr County is on the eve of entering an unequalled prosperous year?"

"In addition to our local needs, the U. S. Veterans' Hospital, Schreiner Institute, Thompson's Sanatorium, Kerrville Sanitarium-Hospital, Scofield's School for Girls, Notre Dame Institute, Westminster Presbyterian Encampment, all located in our midst, have opened up an opportunity for both truck and stock farmers and dairymen to market all they can produce right here at home.

"Every dollar spent by these institutions for produce raised outside of Kerr County means money that is sent away for the support and building up of other counties and their industries. If we spend our money for Kerr County products and insist that Kerr County produce be used wherever possible, we will then get a second chance at the same dollar."

"The Kerrville Chamber of Commerce, seeing these possibilities, has instituted a campaign, through its Agricultural Committee, to enlighten the public generally as to just what the requirements are today, and to impress upon you the necessity of helping to produce the amount required, marketing at home, and so keep the money at home.

"We have amassed a few facts and figures, and herewith submit same for your consideration, through the kindness of O. W. Hinds, Administrative Agent of the U. S. Veterans' Hospital. This is a statement of the requirements of this institution for the remainder of this year, or until January 1st, with a greater demand for each succeeding like period next year:

"Beef, 12,000 pounds; Mutton, 3,000 pounds; lamb, 1,000 pounds; Milk, 18,000 gallons; cream, 1,000 gallons; butter, 5,000 pounds; eggs, 60,000 dozen;

"Poultry, including hens, ducks, geese and turkeys, 62,000 pounds; cabbage, 10,000 pounds; carrots, 5,000 pounds; string beans, 600 bushels; celery, 60 dozen bunches; Cauliflower, 1,200 heads; corn, fresh green ears, 150 dozen ears; turnips, 4,000 pounds; lettuce, 600 dozen heads; potatoes, white, 24,000 pounds; potatoes, sweet, 7,000 pounds; tomatoes, 200 crates. All other fresh vegetables are used in varying amounts.

"You can easily see that there is at present a market for your produce, and with the tourist trade and the continuous improvement in Kerrville and vicinity you will have a market for your increase in production.

"How much of the above required foodstuffs did you raise?"

"How much can you increase production in Kerr County for next year?"

"Let's all go for the good of Kerr County!"

**JULIUS REAL,**  
Chairman Agriculture Com.  
Chamber of Commerce.

## Appropriate Program at Veterans' Hospital Marks Armistice Day

Armistice Day was observed here with a fitting program Sunday afternoon at U. S. Veterans' Hospital No. 93 attended by patients and employees of the institution and a large number of Kerrville people. The seating capacity of the Red Cross recreation hall was taxed to its limit and numbers who could not secure places in the building lined the porches and windows around it.

It had been planned to hold the services out of doors in front of the Infirmary Building, but the threatening weather prevented this course. The overhanging rain clouds also prevented the carrying out of the aerial circus by army fliers from Brooks and Kelly Fields who were unable to fly up here.

In almost every other respect, however, the function was a great success. Congressman Harry Wurzbach of San Antonio was unable to be present and several slight changes were made in the program. The exercises opened with the song "America," by the entire audience and was followed by the invocation, given by Dr. G. M. Macdougall.

The Fourth Field Artillery Band then favored the attendance with a musical selection, following which Miss Harriet Garrett gave a vocal solo. Col. R. L. Cook then made the address of welcome and was followed by a vocal solo by Mrs. O. W. Hinds. Comrade S. E. Bomar, commander of Louis Halphen Post, American Legion, introduced the speaker of the day, O. B. Black, former mayor of San Antonio, who gave an excellent address commemorative of the occasion.

Mr. Black, in his talk, outlined briefly the cause of America's entrance into the World War, her accomplishments in winning battle after battle and showed the origin of Armistice Day. He followed this with glowing tributes to the men who fought in the great conflict, to those who paid the supreme sacrifice, to those who were wounded or escaped unharmed, and to those whose health has been broken through their service. He closed by urging that the deeds of these men be kept ever alive through the proper observance of Armistice Day.

The address was followed by a band selection and a solo by Mrs. G. M. Doyle. The entire audience joined in singing the National Anthem as the closing number of the program and Dr. W. P. Dickey pronounced benediction.

The band repaired to several of the ward buildings and gave selections for the men who were unable to attend the exercises in the recreational hall.

No photos of the celebration could be made because of the inclement weather.

## TEXAS UNIVERSITY FRESHMEN DOWN SCHREINER MONDAY, 31-6

Institute Scores Only Touchdown in Second Period When A. Dietert Recovered Fumbled Punt.

Schreiner Institute met their second defeat of the season Monday afternoon at the hands of the powerful Texas University Freshmen before a crowd of about 500 at Schreiner Field. The final score stood 31 to 6.

It was a case of speed and football knowledge outclassing a less experienced, though weighty, first year team. The Freshmen played a stellar brand of football and their off tackle plays caused Schreiner a great deal of trouble.

On the offensive Institute showed up well, but her defense was unable to stem effectively the tide of sidestepping, hard hitting plays thrown against them by the Freshmen. The Maroon and White chalked up substantial gains time after time, but the visitors seemed always able to stop Institute before they crossed the goal line. Twice were the domestics within striking distance of the Texas goal when Stevens' first attempt at place kick went wide and the second was blocked. Another time Texas took the ball on downs when within 30 yards of their own goal.

A. Dietert scored Schreiner's only touchdown when he recovered a fumbled punt and ran 30 yards for the marker. It came in the second period and excitement ran high as it tied the score and Institute supporters saw a possible chance of holding it there.

Then the Freshmen opened up in the third period with powerful off-tackle plays and two more touchdowns were made, icing the game away for them. The Maroon and White made long gains the last half on forward passes, Stevens and Dibrrell working well with Flory in completing the aeriels. Dibrrell got away with a couple of aeriels that netted 20- to 25 yards each.

Williams and Stautler were the leading lights for the Freshmen with their brilliant broken field running. Captain Slover was in the limelight with his powerful kicking, booting the ball over the goal line on kickoffs practically every try.

Schreiner opened up in the last period with a furious aerial attack and

## WORK COMMENCED ON DRIVE-IN FILLING STATION AND GARAGE

Modern Fireproof Structure to Be Built at Corner Sidney Baker and Water Streets.

Preliminary work for the erection of a modern fireproof drive-in filling station and garage was begun the latter part of last week. The new structure is being built for M. F. Weston at the corner of Sidney Baker and Water Streets.

Workmen have been busy the past week wrecking the old frame buildings on the corner and actual construction of the new building will get under way as soon as this work is completed.

The building is to be erected at a cost of approximately \$30,000 and will be modern in every respect. These figures are exclusive of the equipment, fixtures, etc., to be installed.

The new structure is to have a frontage of 110 feet on Sidney Baker

## NEW DRY CLEANING PLANT TO BE OPENED BY MIDDLE OF DECEMBER

Model Tailoring Company Installing Modern Equipment—Erection of Building Begun Last Week.

A deal was completed several days ago whereby A. B. Braden bought the half interest of his partner, Bert Benson, in the Model Tailoring Company and will be actively engaged in the management of the business.

Mr. Braden has just completed the purchase of machinery for a modern dry cleaning plant which is to be installed in the rear of the tailor shop. The business will continue under the name of the Model Tailoring Company.

Work began last Friday on the new building which will house the machinery used in the dry cleaning process. The structure is to be 16x24 feet and is of hollow tile, making it fireproof. It is being built in the rear of the present location of the Model Tailoring Company.

The continuous flow system is to be installed in the new plant. Articles first go into a sterilizer, after being graded, and then into the washer where a continuous flow of gasoline passes through them. From this machine they pass to the extractor where they are whirled until most of the gasoline has evaporated. Then they are placed in what is called a dry tumbler where the drying process is completed. After coming from this process the articles are steam pressed and are ready for delivery.

Six machines are used in the whole dry cleaning process. The gasoline is clarified continuously by special apparatus and only pure gas is used in the cleaning. All dirt, impurities, etc., are removed before the liquid is used again.

An additional steam press is to be installed in the pressing department, making three pressing machines available and insuring quick service. The front part of the tailor shop is to be renovated and improved and will present a pleasant and neat appearance.

## COUNTY COMMISSIONERS' COURT HELD MONTHLY SESSION MONDAY

Two Tack Inspectors Released; Alvis Requested to Speed Up Work on Section D of Highway.

Kerr County Commissioners' Court held its regular November meeting at the Court House Monday, disposing of the business with good dispatch.

The release of J. P. Freeman as tick inspector, effective October 1, was confirmed. C. A. Henderson was also released as tick inspector effective November 1. John Massey was retained and an allowance of \$25 made

## DRILLING OPERATIONS BEGUN MONDAY ON NEW WELL FOR CITY

Held Up a Week Because of Shortage of Fuel—Drilling Progressing at Rate of Over 30 Feet Daily.

Actual drilling on the new well for city water supply got under way Monday after a delay of about a week, due to shortage of fuel. The hole is being sunk at the rate of more than 30 feet every day.

Beginning Tuesday night the crew went on two 12-hour shifts and work will be rushed to get the well completed as soon as possible. Faster drilling will be done with the 24-hour shift and the hole will be deepened more than the daily average given above, provided no trouble is encountered.

It had been intended to burn wood as fuel in the huge steam boiler, but shortage of that fuel or inability to obtain it in the quantity necessary prevented work beginning the first of the week as had been planned.

The crew went to San Antonio last Friday and brought up equipment for burning oil in the boiler and got up steam Saturday afternoon. Preliminary tests of pipe lines and rig were made and everything put in readiness for actual work Monday.

The 12-inch steel casing is being lowered into the hole as drilling progresses and will be set when the well is completed.

## TIVY BLANKS JUNCTION IN THIRD STRAIGHT SHUTOUT IN FIVE DAYS

Moses' Speedy Little Eleven Hangs Up Unique Record—Fredericksburg Snowed Under 39-0 Score.

The Tivy High School football eleven hung up a unique record last week when they copped three straight shutout games in five days. Comfort was let down 63 to 0 Tuesday of last week, Fredericksburg lost 39 to 0 Thursday and Junction drew the little end of a 6 to 0 score Saturday afternoon. The last two games were played away from home.

The Junction game was a thriller from the first whistle with Moses' men playing a defensive game and holding their own with the fast Junction eleven that had held Schreiner Institute to a single touchdown early in the season.

Tivy's speed was again much in evidence and the Junctionites had a lively time trying to stop the sweeping end runs of the local school's fleet-footed backs. Forward passes gained little for Junction due to a strong defense put up by Tivy men who blocked or intercepted a majority of the aeriels. Junction also put up a good defense against the passes.

It looked much like a scoreless tie until within five minutes of the end Junction blocked Wall's punt. Tarver recovered on his own 9-yard line and flew downfield with the pigskin tucked safely under his arm. Junction tack-

lers followed in a steady stream, but "Chocolate" Saenger was to be reckoned with and the fleet-footed quarterback of Tivy dumped man after man of the Junction team to prevent a tackle that would end Tarver's sensational 91-yard run for touchdown. Other Tivy players put opponents out of the play, but Saenger's work in staying with Tarver and blocking a number of tackles was eclipsed only by the spectacular run of the Tivy end.

Junction put up a hard fight and the last minute score was a thrilling climax to one of the hardest games Tivy has had this season. Both teams played good football and individual stars were few.

Too much Saenger caused the downfall of the new Fredericksburg High School team last Thursday afternoon when Coach Moses' Tivy High grid warriors handed the Fredericksburgers the little end of a 39-0 score on their own field. It was the first game of the season for the High Schoolers of the neighboring city.

Tivy flashed her speed all through the game and ran rings around her opponents. Fredericksburg seemed unable to break up effectively the beautiful interference developed by the Tivy backs and long gains were chalked up on end runs.

"Chocolate" Saenger was the star of the game with his beautiful broken field running and all-around playing. He was responsible for a good many of the points in the score and when he broke loose with the leather under his wing he led the opponents a merry chase.

Radliff, who goes in at center when Inscore is shifted to tackle, has been showing up well in the pivot position and grabbed off his share of the limelight in the Thursday game. Breakthrough through the Fredericksburg line he made tackles that cost them losses of many yards.

During the later part of the contest Coach Moses sent in a flock of subs to fill in the line and every man in the game showed good stuff. What the team lacks in weight it makes up with the lightning-like speed that sets opponents on their heads.

Coach Moses praised the work of the Fredericksburg eleven very highly and stated that he expected a much harder game when a return game is played with them here Saturday afternoon. He says they have the makings of a fast and formidable team and his men will not slow up their training, but will be stronger than ever for Saturday's fray. The game will be called at 3 o'clock.

## POST OFFICE ISSUES WARNING TO MAIL CHRISTMAS PARCELS EARLY

Mail Christmas packages early, urges Postmaster E. Gold in making the annual plea to the public to help the Post Office Department avoid as much as possible of the congestion usually caused by the huge volume of holiday mail.

Less than six weeks remain before Christmas and the gradual increase in postal business is already noticeable. The regular Christmas rush is expected to begin within the next three weeks, reaching peak volume about a week or ten days before December 25 and continuing until several days after that date.

Here are some of the instructions to the public given by Mr. Gold:

"Address plainly with ink, wrap securely and mail early," is the request issued by the local postoffice.

"Address all matter plainly and completely, giving the street address wherever possible. The address should be written with ink directly on the wrapper—scraps of paper with this information pasted on parcels is not advised because of becoming lost or of not being plain after being pasted. An exception to this is made in the case of printed stickers used by stores, etc. Ink is advised because it does not smear or erase in case of becoming damp, as do lead and indelible pencil marks.

"Place sender's name and address on the upper left hand corner of the parcel with the receiver's address on the lower right hand quarter.

"Pack articles carefully in strong, durable containers. Wrap parcels securely but do not seal, unless by permission, articles sent under the fourth class mailing privilege.

"Parcels may be marked, 'Do not open until Christmas,' but do not enclose letters. Writing of 'Merry Christmas,' 'Happy New Year,' 'With Best Wishes,' and other facilitations may be made on or enclosed in fourth class matter, but other writing inside of package is prohibited."

The Christmas mail begins to go through the local postoffice about December 1 and the rush period opens near the 15th. Out-of-state packages should be mailed before the latter date in order to reach their destination by December 25. Parcels for points in Texas should be mailed on or before December 21. Those mailed after that time are subject to delay because of the volume being at its peak about those dates.

### Rainfall 1.17 Inches

Cloudy, rainy weather has been prevailing here since last Saturday evening with intermittent drizzling rain and rather heavy showers at times. The precipitation at 7 o'clock Wednesday morning showed a total of 1.17 inches, according to Government Observer Davis Horne.

The rainfall by days follows: Saturday .10, Sunday .09, Monday .04 and Tuesday .04. Some rain had fallen up until late Wednesday which would add several points to the total.

No cold waves have been experienced here since the early part of last week, the weather moderating after the cool wave of a short time ago and remaining at a pleasant temperature.

He is Chairman of the First Aid Committee of the Kansas City, Missouri, Red Cross Chapter.

### RED CROSS NURSE GETS QUILT FROM INDIANS

A red, white and blue quilt was the unique present which has been given to Miss Mary D. Beyer, Public Health Nurse for the Okfuskee County Chapter of the Red Cross with headquarters at Okemah, Okla., by several full-blooded Creek Indians. Miss Beyer comes constantly in touch with the members of this tribe in her work throughout the county.

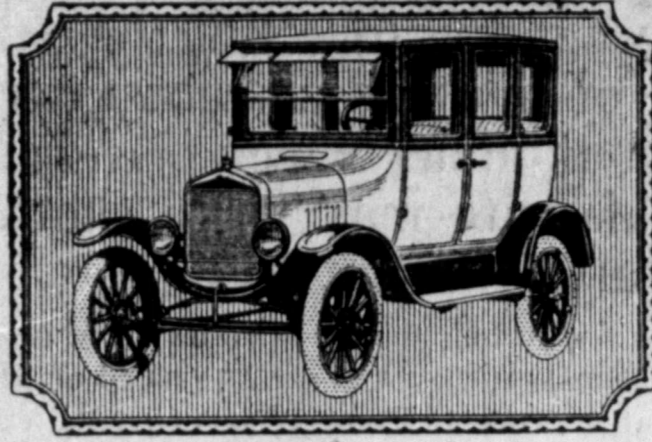

It is not easy to establish friendly relations with the Indians for they are suspicious. On one of her visits to a rural school, the nurse discovered a small boy of 11 who was not doing well in school. His parents came to the school to interview the nurse. The father thought the boy had stomach trouble because he would not eat regularly. A diet of oatmeal, eggs and milk was outlined. The father, not quite sure of the plan, said, "When Lee, he not want to eat breakfast, make him." And the nurse replied that that was the proper thing to do. "Hm-hm, I see," said the father. Now Lee is eating regularly and making vast improvement in his scholarship. Miss Beyer has under observation an Indian squaw who is worth \$3,000,000, but the squaw seems to have no idea how important her fortune might make her.

#### THANKSGIVING

In a few days now the people of the United States will follow out the custom of our forefathers in celebrating a day of thanksgiving to the Divine Providence for the many blessings showered on us during the past year, as a nation and as a people.

It was in 1779 that Washington proclaimed the first Thanksgiving, and in this language:

"Whereas, it is the duty of all nations to acknowledge the providence of Almighty God, to obey His will, to be grateful for His benefits, and humbly to implore His protection and favor; and whereas, both Houses of Congress have, by their joint committee, requested me to recommend to the people of the United States a day of public Thanksgiving and Prayer, to be observed by acknowledging with grateful hearts the many and signal favors of Almighty God, especially by affording them an opportunity peaceably to establish a form of government for their safety and happiness;

"Now, therefore, I do recommend and assign Thursday, the twenty-sixth day of November next, to be devoted by the people of these States to the service of that great and glorious Being, who is the beneficent Author of all the good that was, that is or that will be; that we may then all unite in rendering unto Him our sincere and humble thanks for His kind care and protection of the people of this country, previous to their becoming a Nation; for the signal and manifold mercies, and the favorable interpositions of His providence in the course and conclusion of the late war; for the great degree of tranquility, union and plenty which we have since enjoyed; for the peaceable and rational manner in which we have been enabled to establish constitutions of government for our safety and happiness, and particularly the national one now lately instituted; for the civil and religious liberty with which we are blessed, and the means we have of acquiring and diffusing useful knowledge; and, in general, for all the great and various favors which He has been pleased to confer upon us.

"And, also, that we may then unite in most humbly offering our prayers and supplications to the Great Lord and Ruler of Nations, and beseech Him to pardon our national and other transgressions; to enable us all, whether in public or private station, to perform our several and relative duties properly and punctually; to render our National Government a blessing to all the people, by constantly being a Government of wise, just and constitutional laws, discreetly and faithfully executed and obeyed; to protect and guide all sovereigns and nations (especially such as have shown kindness to us), and to bless them with good governments, peace and concord; to promote the knowledge and practice of true religion and virtue, and the increase of science, among them and us; and, generally, to grant unto all mankind such a degree of temporal prosperity as He alone knows best."

How far have the American people strayed from observance of Thanksgiving Day as was practiced by the founders of our country? We, as a

nation and as individuals, have far more to be thankful for than did they, for we not only have all that they had, but the many blessings of God since that time, showered upon us in profusion and abundance.

Yet we, as a nation, do not observe this day of thanks in the manner in which it was originally proclaimed. Instead, we use it as a day of feasting, of pleasure and sport, giving little or no thought to the true reason for such a day being proclaimed.

Would it not be possible to gain by restoring the full significance of that First Thanksgiving, from which the modern observance has departed? Too generally we emphasize on this occasion, if we observe the religious aspect at all, our thankfulness for merely material things, and use Thanksgiving as a day solely for feasting and pleasure, farther than for reflection and prayer.

There are many material things for which we may well be thankful. We may be thankful truly for bounteous harvests throughout the land; that no catastrophe such as that which descended on Japan has been visited upon us during the past year, and that in our favored land the cry of hunger and distress is scarcely heard. We may also be thankful for our peace, for our exalted position as the hope of the world in thrall to misery and fear, and resolve to use the powers of that peace and that position to glorify the Providence that has given these blessings to us.

#### REVERENCE FOR THE LAW

Abraham Lincoln: Let every American, every lover of liberty, every well-wisher to his posterity swear by the blood of the Revolution never to violate in the least particular the laws of the country, and never to tolerate their violation by others. As the patriots of '76 did to the support of the Declaration of Independence, so to the support of the Constitution and the laws, let every American pledge his life, his property, and his sacred honor; let every man remember that to violate the law is to trample upon the blood of his fathers and to tear the charter of his own and his children's liberty. Let reverence for the laws be breathed by every American mother to the lisping babe that rattles on her lap. Let it be taught in schools, in seminaries, and in colleges. Let it be written in primers, in spelling books, and almanacs. Let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice. In short, let it become the political religion of the Nation.

November 18 to 24, is American Education Week throughout the Nation, the movement being fostered particularly by the American Legion. This is one of the most important problems confronting the American people today, dealing not only with the education of our own children, but also with the foreigners who are coming to this country in such hordes, and who are being taught by the American Legion and kindred organizations the meaning of the word "America" in its fullest sense.

Attention of the citizens of Kerrville is directed to the notice printed in this issue of The Sun calling an election on the 18th of December for the purpose of voting on a proposition of issuing bonds of the city for the construction of a sanitary sewer system. This is one of the most vital questions Kerrville has been called upon to decide in the history of the city, and every taxpayer should acquaint himself or herself thoroughly on the proposition before time to cast a ballot.

When the root of the common cat-tail is macerated and boiled, a syrup of an excellent flavor is produced. This was commonly used by the Iroquois Indians on corn meal pudding and as a sweetener for other Indian dishes. Cat-tail roots are said to contain as high as thirty per cent of sugar and starch.

CATHOLIC CHURCH NOTES

By Father Kemper

SR. JOSEPHINE CALLED HOME

As stated last week, Sister Josephine of our Mexican school, was seized during the recreation hour with an acute strangulated hernia that necessitated an immediate operation.

The self-immolated teacher was in the prime of her youth and in the full glow of religious fervor. Her keenest delight was to labor for the poor neglected Mexicans, to whom she was like a devoted mother.

An hour later the news of her heavenly flight had spread in the Mexican colony and the people, like so many helpless, sobbing orphans, gathered in their chapel, which they decorated in mourning colors.

A High Mass of Requiem was sung Friday soon after the arrival of Sr. Josephine's brother from Chihuahua, Mexico, namely Ramon N. Terrazas, a graduate of Dallas University.

Fifteen automobiles accompanied the remains to Boerne. In this throng there were about 80 Mexicans, notably all the children of Sr. Josephine's class. After the grave was blessed, the Mexicans decorated the mound with two wash-baskets of freshly cut flowers, and then they all sang a farewell song to Our Lady of Guadalupe that Sr. Josephine had taught them not long ago.

death, presented her infant daughter at the baptismal font, and asked that it be christened after the deceased nun, who has left us a memory of an edifying example richer than a millionaire's inheritance.

The principal of the Guadalupe Echol was a life-long friend of her co-worker. They were next-door neighbors in their home town and had gone to school together.

In lieu of Sr. Josephine we have received Sr. Ramona, who has taught in the Mexican school at Seguin.

Rev. Mother Natividad, provincial of this district, was here during the sad week with Mother Cleophas of the general council.

William Voiss, one of the twin nephews of Father Kemper, now attending Columbia University, broke his leg last week in a football game.

Mr. and Mrs. August D. Michon are back with us for a few days.

Last Saturday the esteemed Mrs. Laurence Burch celebrated her birthday anniversary. She is here with her invalid son, a graduate of Rice Institute.

ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs."

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size.

Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.

and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health.

EPISCOPAL CHURCH NOTES

By Member

Last Sunday, which was Armistice Day, unique service was held at the Episcopal Church here.

The Rector had invited all ex-service men to attend in uniform if possible. Quite a number responded and the Church was comfortably filled while here and there, British, American and Canadian uniforms were represented.

The Rector conducted the service in a pretty ragged Canadian uniform and assured the congregation that the holes in it were not made by German bullets, but by Kerrville moths.

The congregation sang together, "Stand Up for Jesus ye Soldiers of the Cross," with Sergeant Macdougall at the organ.

Three little boys from the Sunday School sang, "Let a Little Sunshine In," the congregation joining in the chorus.

Mrs. Scott Schreiner sang with her golden voice, "I Heard the Voice of Jesus Say," the choir led by Mrs. John Pampell, joining in the chorus.

Judge J. S. Wheelles made a most appropriate and splendid patriotic address pointing out that the United States was needed to settle the world's affairs now as much as when she so nobly entered the Great War.

The hymn, "Lead Kindly Light," was sung by the congregation and the Rector asked them to pause after the second stanza with bowed heads in respect for our comrades who had given their lives for the Great Cause.

This was most impressive, and indeed many eyes were wet with tears of emotion and sorrow.

Cecil Robinson, in his handsome officer's uniform, took up the offering, which it was announced, was to get a pair of shoes and stockings for one of the little Sunday School boys.

The ladies of the Woman's Auxiliary are exceedingly pleased with the results of the bazaar, having made quite a good sum of money for their society, most of which will be credited on the parish quota for the N. W. C.

The children's table, arranged and managed by the Misses Burnett, proved quite an attraction. The dainty little garments, toys and home-made candy all sold readily.

Mrs. Weis' pot plants were sold before we saw them, and the bread, cakes and cookies, in charge of Mrs. Glenn Brooks, disappeared rapidly.

A substantial sum was realized from the refreshments, which were as popular as ever. The ladies in charge of this department should have unstinted praise for the strenuous work which achieved such a delicious result.

The musical program, so kindly arranged by Mrs. J. B. Young, assisted by Mesdames G. M. Doyle, A. Remschel and the Misses Garrett, Roberts and McCoy, was enjoyed by all.

There are many whom we wish to thank. First our president, Miss F. E. Huntington, to whose unremitting labor during the year the greater part of our success is due.

The "grape cure" is practised in Switzerland by persons who are troubled with gout or liver diseases.

dismantling and "taking home" process. We still have a few articles on hand that can be seen at the residence of Mrs. R. Galbraith.

While we are thinking and planning our mission work, we wish to acknowledge our debt of gratitude to the Board of Missions, which is always ready to aid the small churches.

We can accept this help with a clear conscience, as our rector's work among the sick, the sad and the poor is by no means confined to the members of his flock, but is freely offered to all.

Very many thanks to you, too, Mr. Editor, for your many courtesies.

IT IS SERIOUS

Some Kerrville People Fail to Realize the Seriousness of a Bad Back.

The constant aching of a bad back, the weariness, the tired feeling, the pains and aches of kidney ills may result seriously if neglected.

"Taps" for Former Service Man

Tuesday afternoon at 3 o'clock the body of Ishmael August of Santa Anna, Calif., was buried at Legion Cemetery with military honors.

The funeral service was read by Dr. G. M. Macdougall, chaplain of Garrett-Baker Post of the American Legion.

Mr. August served his country during the World War as a member of the Forty-first Infantry, and it was while thus engaged that he contracted tuberculosis.

The flag which draped the casket during the funeral service was given to his sister, Mrs. Gus. Olsen of Santa Anna, Calif.

Former service men from Legion acted as pallbearers and J. C. Stitt of Schreiner Institute sounded Taps.

The "grape cure" is practised in Switzerland by persons who are troubled with gout or liver diseases.

The time they spend among the grapes of Mt. Pelerin, above Vevey, or Bex-les-Bains, seems to benefit and calm patients. The juicy white grape of Switzerland is most beneficial because of its easily digested skin.

Advertisement for Theford's Black-Draught medicine. Text: "Severe Indigestion. 'I had very severe attacks of indigestion,' writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Wis. 'I would suffer for months at a time. All I dared eat was a little bread and butter... consequently I suffered from weakness. I would try to eat, then the terrible suffering in my stomach! I took medicines, but did not get any better. The druggist recommended Theford's Black-Draught and I decided to try it. For, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain. In two or three weeks, I found I could go back to eating. I only weighed 123. Now I weigh 147—eat anything I want to, and by taking Black-Draught I do not suffer. Have you tried Theford's Black-Draught? If not, do so today. Over 8 million packages sold, a year. At dealers'."

### Subscription Honor Roll

Christmas is nearly here and it is time to think of presents for those who are away from home. A suggestion: A year's subscription to The Sun is an appreciated gift, reminding the recipient of the donor 52 weeks of the year. Many people avail themselves of this opportunity to do their Christmas shopping in an advantageous and economical manner.

The following have either subscribed or renewed their subscription to The Mountain Sun during the past week:

Yancy Baker, E. Rauch, J. M. Ravenna, S. Friedman, W. L. Downing and Mrs. J. C. Rees, Kerrville; Mrs. L. B. Merritt and J. H. Vanham, Hunt; D. S. Palmer, Medina; Oscar Rosenthal, Houston, and Mrs. R. S. Newman, Edinburg, Ky.

### Election Notice

State of Texas, County of Kerr, City of Kerrville:

Whereas, the City Commission of the City of Kerrville, Texas, deems it advisable to issue the bonds of said City for the purpose hereinafter mentioned; therefore,

BE IT ORDERED by the City Commission of the City of Kerrville, Texas, that an election be held on the 18th day of December, 1923, which is not less than thirty days from the date of this order, at which election the following proposition shall be submitted:

"Shall the City Commission of the City of Kerrville be authorized to issue the bonds of the City of Kerrville, Texas, in the sum of Seventy-Eight Thousand Dollars (\$78,000.00), to become due and payable serially as follows, to-wit:

"One Thousand Dollars (\$1,000.00) each year 1925 to 1929 both inclusive, Two Thousand Dollars (\$2,000.00) each year 1930 to 1949, both inclusive, and Three Thousand Dollars (\$3,000.00) each year 1950 to 1960, both inclusive, and bearing interest at the rate of not to exceed Six (6) Per Centum per annum, payable semi-annually, for the purpose of the construction of a Sanitary Sewer System, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity, as authorized by the constitution and laws of the State of Texas, particularly Chapter Nine of the General Laws passed by the Thirty-Seventh Legislature, at its regular session in 1921."

The said election shall be held at the Court House in the City of Kerrville, Texas, and the following named persons are hereby appointed managers of said election, to-wit: William Nimitz and J. M. Peterson.

The said election shall be held under the provisions of Chapter 1, Title 18, Revised Statutes, 1911, as amended, and the constitution and laws of the State of Texas, and none but resident qualified property taxpayers voters of the City of Kerrville, Texas, shall be allowed to vote.

All voters who favor the proposition to issue the Sewer Bonds shall have written or printed upon their ballots the words:

"FOR THE ISSUANCE OF SEWER BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF."

And those opposed to the issuing of Sewer Bonds shall have written or printed upon their ballots the words:

"AGAINST THE ISSUANCE OF SEWER BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF."

The manner of holding said election shall be governed by the laws of the State of Texas regulating General Elections.

A copy of this order, signed by the Mayor of the City of Kerrville, attested by the City Secretary, shall serve as a proper notice of said election.

The Mayor is authorized and directed to cause notices of the election to be posted in three public places in the City of Kerrville, Texas, one of which shall be at the Court House, the place herein designated for holding said election, for at least thirty days prior to the date of said election.

The Mayor is further authorized and directed to have said notice of election published in the Kerrville Mountain Sun, which is a newspaper of general circulation in the City of Kerrville, and which notice shall be published once each week for four weeks, the date of the first publication being not less than thirty full days prior to the date of election.

A. T. ADKINS, Mayor of the City of Kerrville, Texas.

DIVIDE BREEZES

Mr. and Mrs. Nelson Hatch returned Tuesday from Waco where they have been visiting Mr. Hatch's Mr. and Mrs. A. F. Hatch and son, Junior, of the Divide community were guests at the home of Mr. Hatch's sister, Mrs. J. W. Denton Wednesday and Thursday nights. Misses Maurine and Lilla Zachry and Messrs. Ivy Ross Heffernan, Fred McDaniel and J. Y. Henderson attended the box-supper at the White school house Friday evening. Mrs. M. D. Henderson entertained the young people of this community with a party Saturday evening, the occasion being the birthday of her son, J. Y. Most of the young people here and a few from neighboring communities attended and enjoyed a very pleasant evening. C. R. Eddins hauled his cotton crop to the Baumann Gin at Harper last Friday. He had three bales and was assisted in the hauling by F. H. Nelson and Ottomar Scherrer. A. E. Oehler also hauled his third and last bale to the gin the same day. They received 31.25 cents per pound which is the highest price any one in this community has received for cotton this year. The Agricultural Committee of the Kerrville Chamber of Commerce met with the people of this community at the school house Friday night in an effort to interest the farmers of this section in the movement for greater production by Kerr County farmers, dairymen and poultry raisers. Judge Julius Real opened the meeting with a short but able address in which he laid special emphasis on the ideal conditions existing in this county and the many opportunities for greater production which Kerr County farmers possess. He then introduced O. W. Hinds, chief clerk of the U. S. Veterans' Hospital, who briefly and clearly stated the kind and quantity of produce needed by that institution. He also stated that most of the produce now used was shipped in from other places, but if the people of this county showed a willingness and ability to supply the institution's needs, he would much rather purchase the home grown products. A. B. Williamson, A. B. Burton, Dr. J. L. Fowler and County Agent Yeary also made short talks. Hal Peterson, chairman of the committee, was present at the meeting. The meeting closed with a general discussion of the greater production movement. It is sincerely hoped that the work of these men will not be in vain and that the farmers of this county will line up and make the movement a great success. A total of 138,352 persons visited Yellowstone National Park during the 1923 season. Of this number 91,224 came by automobile.

Denton County had 11 ton litters to boast of this year.

Vick Hill of Waco is no slouch when it comes to making ton litters. Out of a litter of 12 head farrowed his old sow raised 12 and they totaled 3,898.5 lbs. when six months old. Another hog raiser reported 18 pigs farrowed and 12 saved to make a ton litter.

The swinemens of Texas are the best organized of any of the live stockmen of the State. The Poland-China, Duroc-Jersey, Spotted Poland-China, Chester-White, Hampshire, Yorkshire, Berkshire and Tamworth men all pull together. They line up behind the Live Stock Traffic Bureau, an association of Fort Worth live stock commission men, to make a fight on the carlot minimum in Texas and they are going to win their case and get lower rates for the commercial hog raiser. They have lined up behind the Fort Worth association to get justice for the hogmen of East Texas who feed peanuts to hogs and are forced to sell their hogs "subject" to kill as "ollies" or "softs."

That's the way the Texas hogmen are working their problems out. They have cheap land and long season and a great deal of cheap feed, and plenty of corn to finish hogs with. But they have a big exportable surplus. Just keep your eye on the quality of stocker and feeders hogs that Texas is going to send north.

### WORK COMMENCED ON DRIVE-IN FILLING STATION AND GARAGE

(Continued From First Page)

Street and extend back 144 feet. The filling station will be on the corner and will extend 50 feet each way. It is thought that three pumps of the latest type will be installed, although plans on this phase of the project have not been definitely decided.

The building will be of concrete and steel with a white plaster finish out side, making it absolutely fireproof throughout. It will be modern in every respect, containing offices, repair department, parts and accessories department, car storage room, ladies and men's rest rooms and other features to make it convenient and up-to-date in every way.

The new building will add greatly to the appearance of the business section of the city, causing the removal of the old frame buildings which have been on its location for many years, and will be ideally situated.

A nine-room house, estimated to weigh seventy-five tons, was recently towed four city blocks in Los Angeles by a five-ton truck carrying eight tons of pig-iron ballast to give traction.

Alaska, with an area one-third greater than the Atlantic states, has no more white residents than there are office workers in any one of several skyscraper buildings of New York City.

### COUNTY COMMISSIONERS' COURT HELD MONTHLY SESSION LAST MONDAY

for extra services during September and October.

The quarterly reports of the County Treasurer, County and District Clerk and E. H. Turner, Justice of the Peace, Precinct No. 1, were examined and approved.

Miscellaneous claims against the County were allowed and pauper allowances for the current quarter were made.

Miscellaneous accounts against Road District No. 1 and Commissioner's Precinct No. 2 were allowed and funding scrip issued.

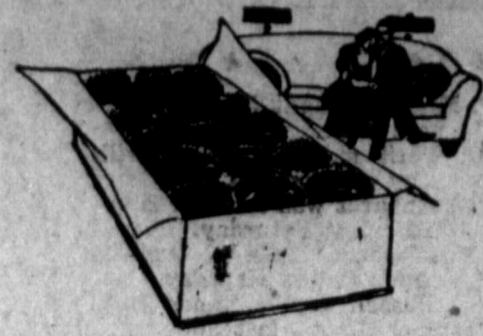

Transfers of several small amounts were ordered made to balance the accounts.

Monthly estimate No. 9D on Highway 41, for \$744.02, were allowed and ordered paid to Gordon Alvis.

The Court also requested Mr. Alvis to speed up the road work in his contract, notifying him that henceforth the penalty provided for in the contract of \$20 for each day's unnecessary delay will be enforced against him.

The Court adopted a third class road from Roy Littlefield's across the Harvey Littlefield premises to the Highway, reserving the right to move said road along the western boundary line of Miss Sue Robinson's property.

### ALL-STARS PILE UP 33 POINTS ON GIANTS IN ARMISTICE DAY GAME

Small Crowd Views Hectic Battle in Rain and Mud—Contest Finished Amid Glare of Lanterns.

Playing on a field made slick by a drizzling Saturday night rain the All-Stars again shut out the Fredericksburg Giants in a one-sided game Sunday afternoon. After four periods of slipping, sliding and other contortions the scorebook totaled some 33 points in favor of the domestics.

Due to the Armistice Day exercises held at the Veterans' Hospital the grid entertainment was late in starting and the closing minutes of the final quarter were played in the glare of a few automobile lights with a steady drizzling rain falling. This drizzle kept up during the greater part of the game.

As the Giants' defense seemed not to have been developed to its highest point as yet, the locals got away with open play on the slow field that might not have happened had the visitors been better prepared to break it up. They showed plenty of punch on the offensive, but their defense caused them the most trouble.

End runs and long passes were the principal plays used in the scoring by the All-Stars. Instead of attempting to block the aerials the Giants waited until they landed in the arms of local players and then tackled. As a result gains of 30 and 40 yards were common.

Darkness had fallen when the last period got well under way and the contest changed to the nature of "hide-and-seek." Neither team seemed to know where the ball was half the time and long runs were made.

The lineups:  
**ALL-STARS (33)**      **GIANTS (0)**

### DAIRY BARNS BEING BUILT AT SCHREINER INSTITUTE

Work was begun recently on the construction of modern sanitary barns to house the dairy herd at Schreiner Institute and it is expected they will be ready for occupancy within a short time.

The herd underwent a physical examination and tuberculosis test several days ago and was found to be free of disease. The examination was made in order that only healthy cows

may be kept when the new barns are completed and to safeguard the health of the students.

It is the desire of Prof. C. C. Mason, who is in charge of the agricultural department, to build up a herd which will be a credit to the Institute and insure a supply of clean, uncontaminated milk for use at the school. Tests and inspections will be held at regular intervals.

### SCRUB BOAR BEING REPLACED BY PURE BRED STOCK IN TEXAS

One County Buries Last Rail Splitter and Unveils Monument That Marks Spot of Interment.

While cotton is coming in for big profits these days in Texas, it is not "the whole hog," according to reports on the industries of the State. The hog is playing a big part in the economics of things in general in the largest State in the Union.

It would seem to those not hailing from the Lone Star State that Texas is trying to grab off the top place in everything the way she goes at cotton, cattle, wheat, oats, corn, sheep, goats and hog production, but Texas, a big State, has a big way of doing things.

Over at Melissa in Collin County the other day they unveiled a monument to the last old scrub boar in that county. The monument is commemorative of what Collin County is doing in hogs. It took some work to cast the devil of scrub boars out of the swine herds of Collin County, but the deed was done. The purebred hog raisers had to offer the scrub boar owners of the county, in the last analysis, a purebred boar for their scrub. The day that was set for the unveiling of the monument over the remains of the last scrub boar in Collin County many farmers got a purebred for their scrub.

The purebred men had all the scrubs spotted and saw to it that the owners of the scrub boars were on hand to get their purebred boar in return for the scrub. When the last owner of the last scrub boar in the county came driving a truck bearing the last relic of barbarism in hogs in Collin County a mighty cheer went up, for the battle was fought and the victory won. It did not take very long to put the last scrub boar in the county out of his misery and enter him at the foot of the monument to the triumph of progressive swine breeding. Several thousand people attended the monument unveiling at Melissa.

Harris County, with Houston as the county seat, hold the record for ton litters the United States over, this year. This grand champion ton litter was fed by Charley Morey of Harris County, and he made eight pigs weigh a ton when they were six months old.
