VOLUME 41 NUMBER 13

PAVING WORK ON HIGHWAY TO START IN SHORT TIME

Bids on Construction to Be Received April 8—Pavement to Be 18 Feet Wide for Distance of 7 Miles.

Bids for paving of the highway from the Town Creek bridge to Silver Creek, 7 miles south of Kerrville, will be opened at 10 o'clock Tuesday morning, April 8, at the office of County Judge Lee Wallace in the Court House.

A 3-inch crown of crushed rock to be laid on top of the present road bed, it is understood, and a topping of asphalt, laid while hot, is to be placed on that crown.

The pavement is to extend from curb to curb on Water Street in the business district of the city and will be 18 feet wide at all other places. When completed the pavement can be used five years without necessity of repairs.

According to County Engineer W. E. Simpson, the pavement to be laid on the Kerr County highway will form the best road that is possible to build. The paving will be done at an approximate cost of \$65,000, it is said.

Fifty per cent of the cost of the paving is to be paid for out of the donation of \$35,000 made by Capt. Chas. Schreiner last spring. The other half of the expense is to be borne by the State and Federal Highway Departments.

After a delay of nearly a year final approval of the State and Federal engineers was recently given. Work will be pushed in order to complete the paving as soon as possible.

With the completion of the work to Silver Creek the first link will be made in the proposed hard-surfaced road to connect Kerrville and San Antonio. Once the start is made it is believed that no very long time will elapse before the project will be realized.

A move has been under way for several months to pave the highway to Boerne and farsighted citizens believe the time is not far distant when such may be an actual fact. Kendall County is working to extend the pavement from Boerne to this County line and a move to meet them has been talked of in this section.

made by Chas. Heinen, local agent for the Texas Company, whose products are used in driving and lubricating the airplanes that are driven by the daring pilots. They have carried over 25,000 passengers throughout the Western States without mishap and are considered the world's safest commercial aviators. They are touring the country demonstrating the products of the Texas Company and put on the aerial exhibitions as one of the features of their work.

COUNTY COMMISSIONERS CLOSE FINAL DETAILS OF ROAD WORK

Few Matters Taken Up at March Term Held Monday—Accounts of Road Builders Ordered Paid.

The Commissioners Court of Kerr County met Monday at the Court House in regular March session. But few matters were taken up for action at this term, the docket being the smallest of many months past.

The principal business of the meeting was the conclusion of final details relative to the construction of Highway 41, from Kerrville south to the precinct boundary at Silver Creek. These settlements conclude the work on this section of the highway, exclusive of the paving to be done within a short time.

Other contracts must be entered into for the surfacing of the section of road with asphalt. This matter will in all probability be taken up at the April term.

Various claims and accounts against the County were examined and approved and payment ordered.

The final estimate on Highway 41, amounting to \$3,243.38, was approved and ordered paid to Gordon Alvis. The force account on this work due to Mr. Alvis, totaling \$758.11, was also approved and paid.

The force account of P. M. Gordon, covered work on Highway 41, was approved and \$75.45 appropriated for its payment.

The Court authorized a loan of \$3,000 to be obtained from the Chas. Schreiner Bank to meet emergency claims allowed on road work.

FINAL DETAILS BEING COMPLETED FOR TRACK MEET HERE NEXT WEEK

Indications Point to Larger Number of Contestants This Year—Full Program Is Announced.

Final details and arrangements for the Hill Country Track and Literary Meet, to be held here next Friday and Saturday, March 21 and 22, are fast nearing completion, according to announcement of the officials in charge. Indications point to a far greater number of contestants in the games this year than competed in the first meet held last spring. Entries have been coming in daily from schools all over the Hill Country and the success of the second meet seems assured.

The complete program of events has been announced. Field events will be held on the Tivy High School athletic field with track events and tennis at Schreiner Institute grounds. Literary events will be held in class rooms at Tivy High School with debating and declamation in the auditorium at night.

Contestants will meet in the High School auditorium at 9 o'clock Friday morning where final entries will be made and detailed instructions given. Visiting contestants will be cared for Friday night by the Parent-Teachers' Club. Arrangements are being made by this organization to secure places in local homes.

A luncheon will be given for the officers and teachers at Schreiner Institute Saturday at 1 o'clock. At this gathering it is expected that plans for another year will be discussed and officials and committees named.

Contestants from about 75 schools out of 120 in the territory covered by the organization are expected to attend the second annual meet. From one to five teachers are expected to accompany their delegations and between 600 and 800 competitors are anticipated.

With more than 100 events scheduled to take place during the two-day meet, at least 30 officials have been appointed to supervise and conduct the various contests.

An advance sale of tickets for the meet was opened Monday morning by teams of students from Tivy High School. Tickets good for both days are selling at 40 cents with those good for one day at 25 cents each. The support of every one through the purchase of tickets is solicited.

An award in the form of a fourth of a day holiday for a picnic will be given the class in High School and that in Grammar School whose teams sell the most tickets. Tickets were going fast at last reports with all of the grades working hard for the picnic holiday.

ditorium, 10 a. m.; Essay writing, Room 10; senior spelling, Room 9; junior spelling, Room 8; sub-junior spelling, Room 7; music memory contest, Room 11; tennis, girls' doubles and singles, Schreiner Institute courts. Boys' field events, 10 a. m., High School grounds: Senior boys' running broad jump, junior boys' running broad jump, senior boys' running high jump, junior boys' running high jump, senior boys' discus throw, senior boys' 12-pound shot put, junior boys' chinning the bar and senior boys' pole vault.

Track events, 1 p. m., Schreiner Institute field: senior boys' 120-yard hurdle, junior boys' 50-yard dash, senior boys' 100-yard dash, junior boys' 100-yard dash, senior boys' 50-yard dash, junior girls' 50-yard dash, senior girls' 50-yard dash, senior boys' 440-yard dash, junior girls' 50-yard dash, senior girls' 75-yard dash, senior boys' 220-yard dash, junior girls' 200-

CONTRACT AWARDED FOR DORMITORY AT INSTITUTE

Thraikill Construction Co. of San Antonio Low Bidders; Courses in College Work to Be Added.

Contract for the erection of a new dormitory and completion of the third floor of the Administration Building at Schreiner Institute were awarded by the Board of Trustees at a meeting held Tuesday afternoon.

Thraikill Construction Company of San Antonio were low bidders for the general contract. W. B. Brown of Kerrville was awarded the plumbing and heating contract and the electric wiring work went to Kirkwood & Wharton of San Antonio. Fire escapes will be furnished by the San Antonio Steel Co.

Construction is to begin the first of next week and the buildings are to be finished in 114 working days.

The new dormitory will be a two-story building following the same type of architecture used in the present buildings. It will be located on the west side of the quadrangle and facing the dormitory now in use. The new building will provide accommodations for 60 boys.

The third floor of the Administration Building is also to be completed, giving four additional class rooms and an auditorium and chapel. The entire construction will be done at an approximate cost of \$60,000, it is said.

In addition to awarding the contracts for new construction the trustees voted to add junior college work to the course offered at the Institute beginning next year.

This will mean increases in faculty and equipment and will place Schreiner Institute among the ranking junior colleges of the State. Applications for the additional positions in the faculty, created by the addition of college work, will probably be taken up for consideration at the next meeting of the board in May.

Out of town members of the board who were present at the meeting Tuesday were: Dr. B. I. Dickey of Dallas, J. E. Jarrett of San Antonio, Rev. E. B. Paisley of Laredo and Dr. J. B. Wharey of the University of Texas, Austin.

OTHO MORRIS TO BE CANDIDATE FOR MAYOR IN CITY ELECTION, APRIL 1

Mayor, Two Commissioners and Four Water Trustees to Be Elected; Morris First to Announce.

The first announcement of candidates for city office in the election to be held April 1 was made Tuesday morning when Otho Morris made public his candidacy for the office of Mayor of the City of Kerrville.

Seven officials must be named at the election next month. They are: Mayor, two Commissioners and four Trustees of the Water Works Board. The Mayor is ex-officio a member of the board, making the fifth trustee.

Mr. Morris is well known in Kerrville vicinity, being a native of this city and residing here the greater portion of his life. He was a candidate for Mayor at the last election, being defeated by a small majority.

No definite information has been given out by present incumbents in office as to whether any of them will be candidates for re-election to their respective positions, hence it is not known at this time of whom the field will consist.

Balloting will be done at the Court House with the polls opening at 8 o'clock Tuesday morning, April 1, and closing at 6 p. m. Wm. Nimitz has been appointed manager of the election with G. W. Walther and J. M. Peterson as judges.

MOUNTAIN SUN INSTALLS NEW EQUIPMENT IN PLANT

In carrying out a policy of the best of printing and service in the job department of the Mountain Sun, a new 10x15 Chandler & Price job press, Boston stitchee and other equipment

has been installed in the already well equipped plant.

The new press received the latter part of last week and was put into operation for the first time Tuesday. This press gives the job department ample facilities to care for printing of practically every description. One other big jobber of the same make is also in use on the job floor and cares for work up to 12x18 inches in size.

A Boston foot-power stitchee is also part of the improvements made in the job department. This machine enables The Sun to handle more easily and with greater speed pamphlets, booklets, and work of that sort requiring stapling of the covers, etc.

A new ink fountain of larger capacity has also been put on the large job press and enables better inking in the printing of halftone cuts. Several other attachments and appliances have also been added to the presses to enable better work and service.

The new press replaced an 8x12 Challenge Gordon jobber that is too small to handle many of the jobs done by The Sun job department. This press, while still in use, is to be offered for sale. Full information relative to it may be obtained from this office.

With the installation of the new equipment The Sun job department is better equipped than ever before to handle practically all kinds of jobs from a small gum label to a booklet. New fonts of job type have been added from time to time and with two presses and three printers on duty the best of work at reasonable prices and quick service awaits every order.

FRANKLIN RE-ELECTED HEAD OF PUBLIC SCHOOLS FOR NEXT YEAR

Four Vacancies Exist in High School and One in Colored; Moses Remains as High School Principal.

Re-election of R. A. Franklin as superintendent of the Kerrville Public Schools for another term became known Wednesday morning. A meeting of the Board of Trustees was held Tuesday night at which acceptances of re-elections to places in the faculty were received.

Guy C. Moses was re-elected as principal of Tivy High School for another term, it was also learned. Miss Harriet Garrett was the only instructor in High School who submitted her acceptance of re-election at the Tuesday meeting.

The present faculty of the Grammar School accepted re-election. They are: Mrs. R. A. Shelburne, Mrs. J. D. Rose, Miss Mary Holdsworth and Mrs. R. A. Franklin. This completes the faculty for that department.

The entire Primary Department faculty was also re-elected. Their names are: Mrs. C. W. Meeks, Miss Mary Swayze, Miss Bessie Biehler and Miss Lynn Burnett.

Mrs. Guy C. Moses was elected as teacher of the Mexican school and Mrs. A. W. Doyle re-elected teacher of the colored school.

Four vacancies exist in Tivy High School and one in the colored school. It is not known when another meeting will be held to consider applications for the vacancies named above, but it is thought the openings will be filled at a session held before the end of the present school term.

PRESBYTERIAN MEN'S CLUB IN MEETING TUESDAY NIGHT

The Presbyterian Men's Club held an enjoyable meeting in the men's club rooms of the church Tuesday night. Only about 20 members were present, but the shortage in attendance was more than balanced off by the interest and enthusiasm displayed by those present.

A special program had been prepared for the occasion under the supervision of Herbert L. Crate, but during the business session several topics were brought up for discussion that were of vital interest to the club, so President Prescott very wisely dispensed with the regular program and the evening was very profitably spent in round table discussions.

Practically every man present expressed himself on the subjects under discussion and as a result the club enjoyed the best session it has had for several months. Men as a rule are reticent about active participation in church work, but the men of the Presbyterian Church are awakening to the opportunity they have in this club for doing real constructive service for the Kingdom of God and the organization cannot help but wield a powerful influence for good in the community if carried on along the lines planned for the future.

Dr. Brooks I. Dickey of Dallas, brother of the pastor, was a guest at the meeting and made a very interesting talk to the club along the line of church work. The speaker emphasized the fact that a church is a business institution and should be conducted along business lines, and he advanced the idea that the churches of the United States as a whole represent the largest business enterprise of the country, employing more capital and involving more people than any other line of endeavor.

After the business session the club partook of refreshments of coffee, sandwiches and cakes, by Du Bois, at the First Presbyterian Church. The program will begin at 8 o'clock.

Sixteen trained voices will compose the chorus with seven vocalists taking the introductory and solo parts. Walter Dunham, who dedicated the new pipe organ in January, will preside at that instrument for the oratorio.

No admission charges will be made, but a free will offering will be taken to help defray the expense of bringing such accomplished talent to Kerrville. The complete program follows: Introduction, soprano solo, Miss Longaker; First Word (tenor, baritone and chorus), Mr. Harker, Mr.

Chas. Schreiner Bank Wool and Mohair Commission Merchant Have You Postponed An Important Event? There may have been good reasons why you never made a connection with this Bank and started a close, personal acquaintance. NEW OFFICIALS ELECTED FOR CIVIC LEAGUE AT LAST FRIDAY MEETING Mrs. Alice Schofner to Head Local Organization for Coming Year; Much Accomplished Past Year.

LOCAL MILL DISTRIBUTES FLOUR SAMPLES OVER CITY More than 1,000 two-pound samples of flour manufactured by the Kerrville Milling Company have been distributed to every residence in the city during the past few days as a feature of a contest to select a name for the flour and to introduce the product to the housewives of the Hill Country.

ORATORIO TO BE PRESENTED AT FIRST PRESBYTERIAN CHURCH San Antonio Singers to Render "Seven Last Words of Christ" March 19; Dunham to Preside at Organ.

Music lovers of Kerrville will be given a rare treat Wednesday evening, March 19, when the San Antonio Oratorio Society will present "The Seven Last Words of Christ," by Du Bois, at the First Presbyterian Church. The program will begin at 8 o'clock.

Sixteen trained voices will compose the chorus with seven vocalists taking the introductory and solo parts. Walter Dunham, who dedicated the new pipe organ in January, will preside at that instrument for the oratorio.

No admission charges will be made, but a free will offering will be taken to help defray the expense of bringing such accomplished talent to Kerrville. The complete program follows: Introduction, soprano solo, Miss Longaker; First Word (tenor, baritone and chorus), Mr. Harker, Mr.

The contest for the most suitable name for the flour closes April 1 with a prize of \$25 offered for the best suggestion. Second and third places will receive \$15 and \$10 respectively. The judges will be representative business men of Kerrville and connected in no way with the mill. Every name must be submitted on a coupon enclosed in each sack of flour. No names will be considered unless offered on the coupon. Further details can be found in the advertisement of the Kerrville Milling Company elsewhere in this issue.

Since the sale of the mill a short time ago many improvements have been made. New equipment has been added and the machinery already in the mill has been rearranged and the quality of the flour has been greatly improved. Samples of the bettered flour are being distributed throughout the Hill Country.

In addition to the pleasures and benefits of using good flour, purchase of the local mill's product entitles the buyer to suggest a name for it with the chance of winning one of three valuable prizes.

TIVY HIGH NOTES

By Lucille Taylor

Carlette Tarver spent the week end in San Antonio last week. Rev. J. V. McCall talked to the High School at auditorium period Monday morning.

The preliminaries for the Hill Country Literary Meet, to be held on March 21st and 22nd, were held in the High School Auditorium Tuesday afternoon at 2:30. Herman Ross, Senior, won the senior declamation; Helen McCreary, the senior declamation for girls, while Ruth Morris and Rolf Richards won the junior declamations. Anna Bell Council and Leta Peters won the debate for the girls. The boys' debate will be held at a later date.

Miss Hagens Entertains Sub-Debs. The Sub-Deb Club was entertained by Genevieve Hagens last Saturday at her home six miles from the city. After three sets of games were played it was found that Ruth McCoy, Ada Nance, Genevieve Hagens and Lucille Taylor had tied in the race for high score, each winning three games. Anna Belle Council, who substituted for Carlette Tarver, won low score. Ice cream and cake were served to the members of the club. The next meeting will be held with Lucille McCoy.

BATTLE OF FLOWERS PARADE TO BE KEPT HISTORIC CLASSIC

San Antonio Light, March 12th: Announcement was made Wednesday morning by Mrs. J. T. Jamison, chairman of the float committee of the Battle of Flowers Association, that rather than inject new features in the Battle of Flowers parade, the association would strive to retain the old-fashioned historic atmosphere of the original idea inspiring its creation. Instead of soliciting features that will emphasize the modern survival of the parade, an effort will be made to stress the fact that this is a celebration of historic events, particularly the victory of the Alamo, and all the features of the first Battle of Flowers will be included in the 1924 pageant.

The Pioneers will have stage coaches and covered wagons; the schools will enter floats representing some event in early Texas history and the Battle of Flowers Association will have entries that will also strike the wanted historic note. There will be an abundance of flowers, Mrs. Jamison stated, as this will be one of the features of the parade.

"Our Battle of Flowers must go down in history as the thing it is, an exclusive historic event," Mrs. Jamison stated. "We must not rob the occasion of its beauty or of its distinction by taking from it the historic feature. We should not modernize the Battle of Flowers, because it is an ancient custom, of San Antonio's own, and as such it should live. This year we will attempt to return more than ever to the old Battle of Flowers standards and ideas, so that we may truly present to the world a pageant that is as exclusive as it is beautiful."

While no attempt will be made to modernize the event, Mrs. Jamison stated that every effort will be made to make the parade more beautiful than it has ever been.

"We are watching our entries with great pleasure, this year," Mrs. Jamison stated, "because they all promise

to be lovelier than they have ever been. The floats, we believe, will be so attractive that new history will be made by the Battle of Flowers in 1924."

The Battle of Flowers Association will give three \$50 prizes, Mrs. Jamison stated. One prize of \$50 will be given for the best decorated Battle of Flowers float or entry; \$50 will be

awarded the schools for the best historic float, and \$50 will be given for the best private entry.

Splendid response is being encountered in the patriotic poem contest, according to Mrs. Jamison, who stated that many excellent original verses had been received. A prize of \$100 has been offered by the association for the best poem on early Texas history, to

be read at the Battle of Flowers luncheon during Fiesta Week.

Give Insurance Costs

Washington, D. C., March 12.—Details of the insurance provision—the basis of the new soldier bonus bill—were studied again today by the

sub-committee of the House Ways and Means Committee in an effort to complete the draft of the bill so that the measure may be reported to the House this week.

Insurance actuaries presented estimates as to the costs of paid-up life insurance policies to veterans. The cost estimates hinged on the basis to be adopted for figuring the

values of the policies, with opinions of committee members divided between valuing the policies on the number of days of service and the plan to fix values on a scale of \$400 for each six months of service with \$1,000 as the maximum.

It was decided yesterday to place administration of the bill in the hands of the Veterans' Bureau.

A Few Items That The Largest Strictly Cash Store in The State Has To Offer For Trade Week

We have planned, prepared, sent our buyers to the Market, worked for days to make this one week the greatest in our history. Our buyers went fortified with Thousands of Dollars, and you can't imagine how much they SAVED ON EVERY PURCHASE. They bought First Grade, Dependable, High Class Merchandise at such ridiculously low prices that we did not believe our eyes when we saw it. They bought from the same manufacturers that the other stores do, BUT FOR CASH, and when the time when the mills needed CASH the most. The prices on all of this fine Merchandise will magnetize you, make you stand with awe when you see it, to say the least, will startle you, and will make you wish that you owned a bank, you will want to buy so much. That is just the kind of bargains you can look for. The whole store is just "chucked" full of them, on every inch of space you will find some other useful item, at a LOWER PRICE. "Kaufman's" is known as "Our Store," because every one feels at home, and once within our doors you will say the same. Excellent service, polite employees, low prices, fine merchandise, are the outstanding features, and a visit will make you a regular customer, too.

Mrs. D. C. Farnsworth arrived here recently from Houston to join her husband who is a member of the medical staff at Legion.

J. R. Handinson, salesman, and H. H. Heady, auditor, of the Magnolia Oil Company, were Kerrville visitors Tuesday and Wednesday.

Mrs. W. S. Hunt and daughter, Miss Lennie Estelle, of Houston, returned last Thursday from San Antonio after a visit of several days. They are spending the winter here at the St. Charles Hotel.

Dr. and Mrs. J. S. Hixson of San Angelo were here Wednesday for a short visit with Dr. and Mrs. S. E. Thompson. Dr. Thompson and Dr. Hixson formerly practiced medicine together and are old friends.

Visitors at the Kerr County Bass Hatchery are always welcome and the public generally are invited to inspect not only the ponds but the underground flume which carries the water under the bed of Fessenden Branch. However, it must be pointed out that any one found loitering about the grounds after night is apt to get into serious trouble as same is now under Government supervision.

Telfilo Samera, a workman employed at Weston's new garage building, was injured Wednesday forenoon when the hoisting elevator fell with him from the roof. The accident was caused by the brake slipping due to the wet weather. The injured man was taken to the Secor Hospital where it was found that he had sustained some bad cuts and bruises about his head and arms. From all reports he will be able to work again in a few days.

Announcement!

If you are in need of FURNITURE

of any kind, I can save you money. I sell both new and second hand furniture and have a large stock to select from. When in Fredericksburg, see me.

WILLIAM A. JOY KILLED NEAR SAN ANTONIO LAST MONDAY

San Antonio Evening News, March 11th: The body of William A. Joy, aged farmer, who was killed Monday when his team ran away on the Blanco Road, will be sent to Kerrville Wednesday for interment. Joy's body was found by his wife when she went to search for him after his failure to return to their home north of San Antonio on the Blanco Road. He was lying by the road with his skull crushed, the wheels of the wagon, apparently, having passed over his head. Joy was 64 years old.

The body was brought to Kerrville on the noon train Wednesday and taken to Hunt, where interment was made. Mr. Joy formerly lived in that section and has a host of friends who join in condolences to the bereaved relatives.

THEORY AND PRACTICE

Paris Daily News: Theoretically, we are all committed to peace; practically, most of us own a six-shooter and keep it oiled.

Theoretically, most of us advocate the Golden Rule; practically, most of us repeat—sometimes with enlargement—things which will cause pain and harm to our fellow men.

Theoretically, we are all in favor of churches and schools; practically, we don't attend church and complain bitterly at the cost of the schools and find much fault with them.

Theoretically, we are all for the best man to fill the public offices; practically, we take our orders from one set of bosses or another and give very little consideration to the matter of fitness when we get to the polls.

Theoretically, we are for the up-building of Paris; practically, we are guided by our selfish interest and plan for the best returns for ourselves.

Theoretically, we are altruistic; practically, we are endeavoring to look out for ourselves and our own; some of us being so selfish that we even scribble our own wife and children and deny them things which they should have—not luxuries, but real necessities.

Theoretically, we just love music; practically, we usually talk while the performer is at the piano or while the orchestra plays.

Theoretically, we wish to be things we are not; practically, we make no effort to accomplish our own reform, though we are intent upon the faults of our neighbors and alleged friends.

Theoretically, we have a great sympathy for the suffering of other folks; practically, we do very little to relieve it, passing along the matter of contributions of funds and friendliness to other folks and then complaining that they don't do the job much better than they do, and at the expense.

Theoretically, we all wish to qualify for heaven; practically, we figure that there is ample time to do that, and take a chance on going to hell rather than bring our lives to the standard which has been set for us.

Pass New Coin Bill

Washington, D. C., March 12.—The House yesterday passed the Senate bill which would authorize the coinage of 2,500,000 50-cent pieces to commemorate the beginning of work in 1918 of the carving of a memorial to Southern soldiers on Stone Mountain, Georgia.

Of 434 members of the House of Representatives, 373 confess religious affiliations. Of the ninety-six Senators, seventy-six are church members. The religious complexion of Congress as a whole is as follows: Methodist, 119; Episcopalians, seventy-four; Presbyterian, seventy-three; Baptist, forty-eight; Catholic, forty-five; Congregationalists, thirty-one; Disciples of Christ, seventeen; Lutheran, fourteen; Jewish, nine; Unitarian, five; Dutch Reformed, three; Mormon, three; Quaker, three. And of the United Brethren, Mennonites, Christian Scientists, Universalists, Evangelical Church, one each.

FIVE-TON BOULDER TO MARK TRAIL'S END

Llano, Tex., March 11.—A five-ton granite boulder, taken from Badu Park, is being shipped to Charles Lucas & Co. at San Antonio, where it will be erected as the Zero Marker to designate the end of the Old Spanish Trail.

Badu Park, one of the beauty spots of Llano, bordering on the Llano River, is well known to tourists for its superb scenery and the picturesque grandeur of its massive granite boulders.

FORD MAKES PAPER PULP OF HARDWOOD

Detroit, Mich., March 11.—A new economy in lumber conservation that also is reflected in lower motor car manufacturing cost, has passed the experimental stage at the River Rouge plant of the Ford Motor Company.

Perfection of a process for manufacture of pulp from hardwood has enabled the company to use all scraps from its body-building plant in the making of binder board, a paper used for making boxes for shipping purposes.

It is the first time, according to Ford Company officials, that hardwood successfully has been converted into pulp for the manufacture of paper.

Benjamin Franklin is the only American in a list of eighteen greatest men contributing to learning in the history of the world, as compiled by the University of Washington faculty.

The United States is the most neurotic country in the world, with Britain a close second, according to a Cambridge professor. He stated that anyone who smokes twenty cigarettes a day puts 5 per cent of his blood out of play.

Although less than 30 per cent of the total farm population of the United States is carrying more than 35 per cent of the child population. The farm educates this excess of youth and turns it over to the cities at the producing age.

INVALID OFFERS TO DIE IN PLACE OF CONDEMNED MAN

Harrisburg, Pa., March 11.—Offering to go to the electric chair in place of Joseph Trinkle, convicted of murder, Walter J. Kirkwood, 50, of Philadelphia, wrote to Governor Pinchot that Trinkle should be given 10 to 15 years in prison as when he has served his time he would be young enough to be of much use. The Governor referred the request to the Board of Pardons, which informed Kirkwood that there is no law in this State that will permit the substitution.

Kirkwood stated he was "broken in health," cannot hold down a real job and did not see that he would be "of any more use on earth whatever." His motive, he explained, was to "startle humanity to a keen realization" of what capital punishment means. He offered to pay his own car fare to the place of execution.

The tax paid by every American family amounts to one dollar for every working day, according to a banking authority.

A Detroit judge fined three young men \$5 and costs with an alternative of 10 days in the House of Correction for reading subtitles aloud in a picture theater.

Fish flour manufactured in France is made from the non-edible fish found in the nets of trawlers. It is mixed with feed for poultry, rabbits, dogs, sheep, cattle and hogs.

Tests prove that the human can be transmitted clearly only the speaker's mouth is close to transmitter. To speak four in from the instrument is equivalent lengthening the line more than a mile; two inches away, 128 mill. Lower-pitched tones are transmitted better than those of a high pitch.

TOO MUCH LAW

Seattle Times: The question of holding biennial instead of annual sessions of the Legislature is again under discussion in Massachusetts. In his annual message this year and last, Governor Cox recommended the submission of a constitutional amendment providing for sessions biennially. The Legislature does not appear to be unduly enthusiastic over the proposed change.

While most states are called upon every two years to consider a grist of new laws, Massachusetts has its Legislature in session the greater part of the time. The Legislature meets annually and takes its own time to finish its work. Not infrequently the program runs into the summer.

There is a growing sentiment in Massachusetts for fewer laws. The fact that the Legislature has the power to disturb peaceful and satisfactory conditions by experiments in lawmaking is not considered a blessing. The legislative branch of the government takes almost as much time as the Congress and there is no evidence that its product is superior to that of other states.

Here in Washington the Legislature meets for a 60-day session every two years. At various times it has been proposed to limit the session to 40 days. With diligence it was considered that 40 days of lawmaking was sufficient for Washington's modest needs. Oregon gets along very well with 40 days.

Theoretically the longer consideration given to legislative enactments does not work out that way. The most marked tendency is to pass more laws than are needed. Legislators feel that they should employ themselves at making laws with the result that they take up every conceivable subject and rake over the records for laws to amend. The net result is unwarranted expense to taxpayers and a batch of laws of doubtful wisdom.

Over-Taxation Your Fault

Texas Commercial News: The whole country is full of the cry of over-taxation, and it is no one's fault except the taxpayers' themselves.

As long as men will vote for a man on personal grounds he may expect the last thing to result is efficiency.

The time has come for us to vote for city, precinct, county, state and national officials regardless of every thing except their ability, honesty, integrity and responsiveness to the cause of justice.

It isn't safe to elect a man who is responsive to the popular will, for he will be as a straw in the wind—he will continually change with the winds and leave the great constitutional fundamentals unsupported.

There isn't a single constitutional guarantee that would not have been set at naught long ago, had our official life been entirely of the opportunists—those who are quick to heed the popular cry.

What we need are men who will live in obedience to our constitutional safeguards rather than men who will find fault with our organic law.

Our present Governor has boasted of being for law-enforcement, and at the same time he has been going up and down the country saying that our constitution is out-grown, antiquated, and that it should be set aside and a new one written.

Governors usually ride into their office on some popular wave, then lose sight of their duties in their study of the political situation as they attempt to discover another popular wave on which to ride into a still higher office.

The man who believes that he can lay the burden of taxation on the rich, is a man wholly devoid of reason, or

who has never thought out the tax problems.

In the first place, anything that I do not feel is not a burden. A strong husky man of 215 pounds would not find a nominal weight of 25 pounds a burden, but he could carry it indefinitely without any sense of burden—in fact, he would not mind it.

Put the same 25 pounds on the shoulders of a ten-year-old boy and he will soon feel the burden, and you will find him sitting by the wayside, resting and seeking to regain his dissipated energy, that he may go on.

This is tax burden. The man who does not feel or miss the money he spends in taxes in deprivations, such as clothes, etc., has no tax burden, it is the man who has

to wear a little cheaper clothes and eat a little less wholesome food who feels it and to whom it is a burden.

Notice of City Election

By virtue of the authority vested in me as Mayor of the City of Kerrville, I hereby order an election to be held within and for the said City of Kerrville, Kerr County, Texas, on the first Tuesday in April, A. D. 1924, same being the 1st day of April, 1924, said election to be held at the Court House in the said City of Kerrville, in conformity to and under the provisions of the election laws governing such elections, at which said election the qualified voters resident within the City of Kerrville will elect

the following officers for the said City of Kerrville, to-wit: A Mayor, two city commissioners and four trustees for the City Water Works.

Wm. Nimitz is hereby appointed manager of said election, and G. W. Walther and J. M. Peterson are hereby appointed as judges of said election.

In testimony whereof, witness my hand this the 26 day of February, A. D. 1924.

A. T. ADKINS,
Mayor City of Kerrville.

Attest:
E. H. TURNER, Secretary.

CATHOLIC CHURCH NOTES

By Father Kemper

SATURDAY'S PROGRAM

The annual celebration of St. Patrick's Day will be anticipated this year for the convenience of the students and patrons of Notre Dame Institute.

Music Week

The Nation-wide custom of observing Music Week will be continued by the pupils of the Notre Dame Conservatory.

The Guadalupe students honored their directress, Sister Adrian, on Carnival Day by the observance of her festival.

On the same occasion Modesto Madrid's infant daughter was baptized and received the name of Juanita.

Very Reverend A. Heuchemer of the Ursuline Academy, was our distinguished guest on the feast of St. Thomas Aquinas, patron of Catholic schools.

The paschal season opened this Sunday with a goodly number of faithful at hand to fulfill their Easter duty.

This week the novena in honor of St. Joseph will begin, and will conclude with his festival on the 19th.

The sorrowful way of the Cross will be made on Tuesdays and Fridays at 3:30 p. m.

Personals

Al Oldham, district auditor, made his monthly inspection of the K. of C. work at Legion. He was accompanied by Sam J. Williams of Galveston and Ben Newman of San Antonio.

Miss Louise Strackbein, who is teaching at Petersburg, spent the week end with her nieces at St. Mary's Convent.

Last Wednesday Mrs. Sarah K. Houston of San Antonio motored

through Kerrville from western Texas.

Mr. and Mrs. Wm. A. Tarrillion came up from the metropolis on Saturday with Misses Mae Carpenter and Lelia Newton.

Likewise Hugo Sulzenfuss motored here to spend Sunday with his wife's parents.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous

For Kerrville People to Neglect. The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them.

Miss Adele Michon, Tivy Street, Kerrville, says: "I keep Doan's Pills on hand and whenever I have any signs of kidney complaint they are sure to give me relief."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Miss Michon had. Foster-Milburn Co., Mfrs. Buffalo, N. Y. (Advertisement)

EPISCOPAL CHURCH NOTES

By Member

The Ladies' Guild met with the Misses Burnett this month at which the attendance was unusually large.

As there are to be no socials during Lent an offering was taken up and netted a nice sum. Some time was spent in making plans to "Let a little sunshine" on some of our church members.

Both the services on Ash Wednesday were well attended. At the night service the Rector made a helpful address suitable to the season.

At 7 p. m. the Y. P. S. L. held their weekly meeting. It was very interesting and originality was shown in the way it was conducted.

The sorrowful way of the Cross will be made on Tuesdays and Fridays at 3:30 p. m.

Personals

Al Oldham, district auditor, made his monthly inspection of the K. of C. work at Legion. He was accompanied by Sam J. Williams of Galveston and Ben Newman of San Antonio.

Miss Louise Strackbein, who is teaching at Petersburg, spent the week end with her nieces at St. Mary's Convent.

Last Wednesday Mrs. Sarah K. Houston of San Antonio motored

us show an appreciation of their efforts by doing so.

We are glad to say that Dr. Macdougall is feeling much better and hopes to resume the regular Lenten services which are held Monday and Wednesday afternoons and Friday nights.

REV. AND MRS. J. M. EARLS AND AN APPRECIATION

Rev. J. M. Earls was called to the care of the Ingram Baptist Church in August 1921. His stay with us has not all been flowery beds of ease, but there has never been a sacrifice too great for him or his good wife to make for the betterment of our community.

The question was once asked: "What do you raise in North Carolina?" The answer was, "Men." Brother Earls is not an exception to this.

Sister Earls is a descendant of the much loved Truitt family and has never been found wanting when it was necessary to make the sacrifices that come into the lives of all preachers.

To this good couple were born three children, Rev. W. L. Earls, pastor of the First Baptist Church, La Grange, Mrs. R. Huber, Corpus Christi and Mrs. Carl McEachern of Austin.

Success has crowned their labor, wherever their lot has been cast, for their greatest desire is for the will of the All Wise Creator to be done in their lives.

Superannuate Day March 16

San Antonio Express, March 10th: Sunday, March 16, is to be a great day in the Methodist churches of San Antonio, as well as in every Southern Methodist church in the entire connection.

The class organization begins with the Intermediate Department in Sunday School. The boys' class has an enrollment of 20, with Roger Adkins as president, Dean Wilson, secretary and Rudolph Weiss, treasurer.

the saddle and trembling from their physical disabilities they wept great tears of bitter disappointment as others mounted in their places.

The Southern Methodist Church has set its "ask the raising of \$10,000.00, to be used as an endowment fund, to provide a reasonable support for the worn-out preachers and the widows of deceased preachers and the orphan children who mourn their going away.

There are 877 superannuates, 1,361 widows of preachers and 300 orphans in the Southern Methodist Church. The average amounts paid to these claimants from the funds raised by the churches at this time are as follows: Superannuates, \$294; widows, \$198; orphans, \$50.

The meager salary received by these preachers during the active years of their ministry were so very small that it was impossible for them to lay aside anything worth while to provide for their needs in this "rainy day."

It is known that the living superannuated ministers of the church during the years of active service built 4,000 churches, costing \$8,000,000; repaired 5,000 churches, costing \$2,000,000; built 1,500 parsonages, costing \$2,500,000; repaired 3,000 parsonages, costing \$1,000,000, and secured other church property valued at \$2,000,000, total, \$15,500,000.

They received into the church 1,000,000 people; married 263,000 couples, held 410,000 funerals, baptized 322,000 babies, organized 25,000 Sunday schools, 9,000 missionary societies, and 7,000 Epworth Leagues. Of their own sons and daughters they gave to the church 234 preachers of the gospel, 48 foreign missionaries, 303 teachers in church schools and 39 editors of church papers.

The retired ministers receive a stipend from the benevolent funds raised by the conferences in which they hold their membership, and a small amount from the general board of finance, which has accumulated already an endowment fund of about \$1,000,000, the interest from which is distributed to the claimants each year.

The amounts received are insufficient to meet the necessities of these ministers, and at a time of life when they are able to do but little work, they are frequently in dire straits.

With the raising of the endowment fund of at least \$10,000,000 the board of finance handling this matter will be able to pay the retired ministers \$700 or \$750 a year and the widows of preachers \$500.

Eastland is class president and Elsie Bea Henke secretary. The membership consists of 12 girls from 12 to 15 years of age. This class meets once a month on week days for Mission study or work, their work being done for the orphanage in Files Valley.

Rev. Dickey used as scripture for the morning service the 17th Psalm, with special reference to the 15th verse for his subject, "How a Soul Shall Be Satisfied." References from 3rd Philippians and Isaiah 58:11 were also used for the definitions. The keynote of the sermon was that satisfaction of the soul comes from within, made possible by the love and plan of God, rather than from the worldly things on the outside.

Mrs. G. M. Doyle sang as an offertory solo, "Just as I Am."

This is the last week of our period of special effort for the Superannuated Endowment Fund. Let us round out the drive triumphantly and do what is expected of us.

The pageant which was to be given at the Kerrville Church Sunday night was postponed on account of the severe weather, until next Sunday night at 7:30. This will be an interesting part of the services, and all members and friends are cordially invited to be present.

There will be regular services at all hours next Sunday, with preaching by Rev. White, and a special talk by Superannuate Work by Mr. C. W. Moore.

Christian Church Notes

Sunday School every Sunday morning at 10 o'clock in the Union Church, Mrs. James Duke, superintendent.

Last Sunday the attendance was good and the interest in the series of lessons being given increases each Sunday. In the drill on Bible references Miss Evelyn Reed ranked first.

If you are not attending Sunday School elsewhere, come and enjoy these inspiring meetings with us.

Sick Headache

"I have used Black-Draught when needed for the past 25 years," says Mrs. Emma Grimes, of Forbes, Mo. "I began taking it for a bad case of constipation. I would get constipated and feel just miserable—sluggish, tired, a bad taste in my mouth, and soon my head would begin hurting and I would have a severe sick headache. I don't know just who started me to taking

Theford's BLACK-DRAUGHT

but it did the work. It just seemed to cleanse the liver. Very soon I felt like new. When I found Black-Draught so easy to take and easy-acting, I began to use it in time and would not have sick headaches."

Constipation causes the system to re-absorb poisons that may cause great pain and much danger to your health. Take Theford's Black-Draught. It will stimulate the liver and help to drive out the poisons.

Sold by all dealers. Costs only one cent a dose. E-104

The interior of the Palace Barber Shop is being repainted and decorated, which adds greatly to its appearance.

J. B. Benson has accepted employment at W. C. Hutson's carpenter and cabinet shop and is assisting in handling a rush of work.

Hal Peterson sold 47 cows to the Ford Ranch the first of the week for immediate delivery. The consideration of the deal was not made public.

Mrs. Dina Priess and Mr. and Mrs. H. H. McFarland of Fredericksburg were Sunday visitors here. Mr. McFarland has a wide circle of friends in Kerrville.

Rev. Brooks I. Dickey of Dallas attended the meeting of the Board of Trustees of Schreiner Institute Tuesday, and also visited his brother, Rev. W. P. Dickey, and wife.

Mrs. E. H. Coombs of Houston was in Kerrville a few hours Monday looking after business matters. She says that the Coombs family will be here in a few months for their annual summer residence in Kerrville.

Rev. and Mrs. J. T. King of San Angelo and Mrs. J. M. Hankins of San Antonio visited the first two days of the week with D. H. Compartment and family. Mrs. King is Mrs. Compartment's sister and Mrs. Hankins her mother.

At a meeting of the Board of Directors of the Chamber of Commerce held Tuesday afternoon a resolution was passed requesting the closing of all business houses in the city Friday afternoon of next week to permit a larger attendance at the Track Meet.

R. J. Archer, local representative of the United States Department of Agriculture, Bureau of Animal Industry, returned Tuesday from a month's trip to Dimmitt and Uvalde Counties. He reports sheep and other stock in that section doing well, although there was some loss during the recent snow storm.

At a meeting of the Board of Directors of the Chamber of Commerce Tuesday afternoon a motion was made, seconded and carried "That the secretary do not accept any room, apartment or house to be listed for rent until the person listing same gives in a written inventory of all the furnishings to said secretary." This information will be of great assistance and mutually beneficial to all concerned.

Goat Milk to sell.—R. J. Castillo, Phone 102. (Advertisement, 13-16.)

Virgil Sublett is again driving a car for the San Antonio-Kerrville Bus Line.

Ross Beasley passed through here Wednesday en route to his home near Junction after a short trip to San Antonio.

Miss Lelia Newton, who is attending business college in San Antonio, spent Sunday with her mother, Mrs. Ida Newton.

Miss Mae Carpenter, who is attending school in San Antonio, spent Saturday and Sunday with her parents, Mr. and Mrs. W. G. Carpenter.

A. E. Noonan of San Antonio spent Sunday with his father, T. E. Noonan, in this city. He is a member of the architect firm of Morris & Noonan of the Alamo City.

W. W. Meadow of Bronson is a visitor in the Hill Country this week. Mr. Meadow owns a ranch near Hunt and made a visit at this time to look after shearing his goats and to plan improvements for the coming summer.

Mrs. Mable McCosland, who has been visiting her aunt, Mrs. W. G. Garrett, and other relatives, left Wednesday of last week for her home in Fort Worth. Mrs. McCosland has many warm friends who always welcome her visits.

Mrs. E. E. Palmer received notification of the death of Yoakum of S. C. Brasher, which occurred last Thursday. Mr. Brasher was the father of Clarence E. Brasher. Both Clarence and his wife have been at Cuero, the family home town, the past month, so they were both present at the funeral which occurred last Friday.

In making a sudden turn to miss some horsemen last Saturday night about 11:30 o'clock, one of the rear wheels of the Dodge car driven by W. E. Hahn of Weston's Garage collapsed, causing the vehicle to overturn several times. Mr. Hahn escaped with some severe bruises and a badly sprained back, and Henry Reynolds, who was with him in the car, had his right leg broken at the ankle. The trip was being made in answer to a trouble call, and the accident happened near the dipping vat on the highway below the city.

The Charity Ball given by Garrett-Baker Post No. 13, American Legion, last Saturday night was a success from all angles, according to Commander James C. Robinson. Mr. Robinson says he wants to express his appreciation on behalf of the Legion for the splendid co-operation shown by the people of Kerrville in making the affair a success. According to him, special thanks are due A. F. McClellan, who donated the hall, and to Brice & Mason and the Mountain Sun. Ministers of the various denominations have been asked to communicate with Mr. Robinson regarding needy families in the city who will be assisted with the proceeds of the affair.

THE WEEK IN SOCIETY

The Missionary Society of the Methodist Church will meet at the St. Charles Tuesday, March 17. Miss Mary Gowan and Mrs. H. Y. Swayze will be hostesses. A program on social service will be presented and a good attendance is desired.

The annual meeting of the Auxiliary of the Presbyterian Church will be held this afternoon at 3:30 in the church parlor. At this time the officers and department secretaries will tender their annual reports and the officers for the new year will be installed. All women of the church are especially invited to attend this meeting. Mrs. Miller Harwood and Mrs. S. Eastland will be hostesses.

Hine-Singleton

A wedding of interest to a large circle of friends was that of Miss Odell Hine and John Singleton, quietly solemnized last Saturday. The bride and groom have resided in Kerrville for some time past and have a number of friends who extend congratulations.

Y. W. A. Met Monday

The Y. W. A. met Monday afternoon at the home of Mr. and Mrs. W. E. Brown. The meeting was opened with a prayer by Mrs. Brown. Yedia Burns was elected social service worker. A box supper was discussed only briefly, for the responsibility of it was turned over to the social committee.

The program, "Missions at Home," was led by Miss Martha Richerson. Following the program Miss Bessie Biehler made an interesting talk. After singing "Bring Them In," the meeting was dismissed.

Miss Deaver Entertains Justameres

Miss Cleone Deaver entertained the Justamere Bridge Club Tuesday afternoon. Five tables of players enjoyed the games, after which delicious refreshments were served to the members of the club and the following guests: Mesdames J. D. Jackson, Miller Harwood, Dick Eastland, R. L. Scherbeck, Chas. Rawson, E. H. Prescott and Leonard Rawson; Misses Harriet Garrett, Thelma McCorquodale, Catherine Parr, Kate Conger and Lennie Estelle Hunt of Houston.

The St. Patrick's Day motif was carried out in the tallies, favors and paper napkins. Mrs. Goyer Gibson won high score for the day.

Short-Vicry

The wedding of Miss Maude Short to Joe H. Vicry was solemnized last Thursday evening at the Presbyterian Manse, Rev. W. P. Dickey officiating. The wedding was a very quiet affair, the only guests being Mr. and Mrs. H. H. Kuhlmann.

The bride is the daughter of the late Dr. Short and Mrs. Short of Bonham. She has been associated with Red Cross work since the beginning of the late war, serving overseas for some time and since then has been connected with various hospitals over the United States. She has resided in Kerrville since last July, where she is assistant secretary of the recreational department of the Red Cross at the U. S. Veterans' Hospital. Mrs. Vicry is a young woman of exceptional capabilities and has by her efficient manner, her quiet and gentle dignity, endeared herself to those with whom she comes in contact. She

will continue her work with the Red Cross for some time yet.

Mr. Vicry is here from Jonesboro, Ark.

The young couple will be at home after March 15th in the Chas. Rawson bungalow at the corner of Main and Garrett Streets.

Quail Shipments Received

Shipments of quail have been received from the State Game, Fish and Oyster Commission by L. A. and G. F. Schreiner and have been liberated on their property near the city.

These birds are sent here for propagation purposes and must be protected for a period of at least two years. With proper protection from hunters this country can be stocked with quail and some fine hunting enjoyed by sportsmen.

Other shipments of the birds have been received, full particulars of which will be published later, and it is hoped to stock the Hill Country with quail within the next few years.

The co-operation of every sportsman is required in order to protect the birds and enable them to multiply.

Real Estate Transfers

W. G. Peterson and wife to E. H. Prescott, undivided half interest in 85 1/4 acres 6 miles S. E. of Kerrville; \$5,000.

THE PASSING DAY

Will H. Mayes, Department of Journalism, Texas University

According to figures from the Treasury Department, Texas country banks rank fourth in deposits, being outranked only by those of New York, New Jersey and Pennsylvania. Texas country banks show nearly as much individual checking accounts as the seven Pacific States combined, including California, Oregon, Washington, Idaho, Utah, Nevada and Arizona, these having a total of \$278,283,000 as compared with Texas country bank total of \$256,497,000. Bank deposits are the best evidence of a country's prosperity. If you have been thinking of striking out for the "Golden West," you had better stop and think over these figures.

Another indication of the general prosperity of Texas is that manufacturing enterprises are increasing throughout the State more rapidly than ever before. Texas has been sending North and East for most of its manufactured products because it has not had enough capital to establish the necessary factories. The money here has been needed to buy homes and to carry on the necessary commercial enterprises. Conditions are changing; farmers are getting out of debt; merchants are getting enough money to conduct business; banks have more than they can lend; and capital is seeking investment. Especially is Texas beginning to see the folly of sending cotton to Massachusetts or to England to be manufactured and shipped back. More cotton mill enterprises are under way now in the State than in all the past years together. When Texas goes to manufacturing the products of its fields and forests and mines, it will be rich beyond the dreams of a Midas.

About ten years ago Richard Lynn, an educated musician, then nearly 70 years old, arrived in Pecos, Texas, in search of health. He had been trained as a violinist under master musicians of this and foreign countries, but broken in health and strength, he was unable to play the music he loved so well. He at once endeared himself to the community through his love of music and his kindly interest in every one about him. He set about to cultivate in others the same musical spirit that had ennobled his own life, and organized the Tri-City Symphony Orchestra, composed of the musical talent of the near-by towns of Pecos, Toyah and Barstow. He gave the last ten years of his life to that service and built up in those West Texas towns a musical interest that has become the strongest elevating influence of the places. "Dad" Lynn, as he was lovingly called, has passed on to where, relieved from physical infirmities, he will delight his soul in the music of celestial symphonies, but he

left an influence that will live forever. "Dad's" life was a success that cannot be measured. Would that every community could have one of his kind.

With the right kind of co-operative effort Texas will soon lead California as a poultry and egg State. Brown County last year marketed over a million dollars worth of poultry products and perhaps a number of other counties did as much or more. The San Saba turkey crop amounted to \$160,000, and the turkey growers there are planning for a larger output this year, in spite of the low prices of the past season. Another year they will market to better advantage. Mrs. Garrett, of Richland Springs, has received from Pennsylvania a mammoth bronze tom, for which she paid \$300. Another citizen of the county has bought a pair of Narragansett turkeys that took first prize at the Arkansas and Missouri State Fairs, the tom weighing 38 pounds and the hen 25. Texas will soon be leading not only in quantity but in quality of poultry production. "Whatever is worth doing is worth doing well."

San Augustine business men have raised a purse of \$600 to be awarded as prizes to the farmers and boys' and girls' club members making the greatest number of pounds of lint cotton, the greatest number of bushels of corn and the greatest number of bushels of sweet potatoes per acre this year. This promises to be a great contest, and San Augustine merchants are to be commended for giving this substantial encouragement to increase farm production.

The Amarillo Ad Club has planned an old-fashioned farmers' sales day. Every farmer will be invited to bring his surplus live stock, farm implements and other goods he may wish to dispose of. This will be sold at auction and the advertising and other expense of the sale will be borne by the merchants composing the club. That is a splendid idea that could be profitably followed in every town in Texas. Such efforts on the part of business men, as is shown now in many Texas towns, to bring about a feeling of fellowship between the town and country communities is bound to result in a spirit of goodwill that will result to the advantage of all.

Mountain Sun Ads Get Results

One of the most interesting and profitable departments of The Mountain Sun to many of its readers is the Want Ad Section, published each week. If the reader has been passing this up he has been missing something of interest as well as profit.

REES TO CAPTAIN COMFORT BRONCHOS COMING SEASON

A meeting of the Comfort Baseball Club was held in that city last Friday evening at which Ernst Doebler was re-elected manager and Guy Rees named captain of the team for the coming season, according to the Comfort News of March 8th. "The Bronchos" was selected as the name for the team after a lively discussion. Both of the principals are well known here, young Rees being a native of this city and playing several seasons with the Athletics, getting his training with the Tivy High School teams during his school days. A wide circle of friends are glad to learn of Guy's election as leader of the Comfort Bronchos.

Mr. Doebler has managed the Comfort team for several seasons past and his hard work and lively interest has helped greatly in giving Comfort her strong team last season and in earlier years.

To tune up for the season after their initial training workouts the Bronchos will take on the Fredericksburg Giants on their home diamond Sunday afternoon in a practice game. A return practice contest will probably be played between these teams at Fredericksburg a short time later. Nothing definite has been arranged relative to a schedule for the newly

named Bronchos, but The News states that it is hoped to arrange a five-game series with the Athletics and the Giants. Local officials have not begun to arrange a schedule as yet and no information relative to such a series was obtainable.

Notice in Bankruptcy

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE WESTERN DISTRICT OF TEXAS AT SAN ANTONIO—NO. 1019.

In the matter of SIDNEY A. REES, Bankrupt.

To the Creditors of said Estate: Notice is hereby given that on February 15th, 1924 the said Sidney A. Rees was duly adjudged bankrupt, and that the first meeting of the creditors of said bankrupt will be held in my office, Alamo National Bank Bldg., in the City of San Antonio, Texas, on March 14th, 1924, at 10 o'clock in the forenoon, at which time and place said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting.

Saturday, March 22

7 to 7:30 p. m.—Review of the interdenominational Sunday School Lesson and Radio Bible Class by Mrs. W. F. Barnum.

780 Pound Porker

Harper Section in Fredericksburg Standard, March 8th: Henry Thiele butchered a record-breaking porker last week that weighed 780 pounds after bleeding him besides starving him 36 hours before being butchered. There was rendered 36 gallons of lard; keeping 12 gallons for their own use, they sold better than \$42.00 of lard.

Counting the meat at the market price, not butchered price, their hog paid for the corn that fattened him, besides four other hogs that had been butchered in December and January, led a work team, and three other hogs. He was a registered Poland China, the big bone type; but the type of hog or any other animal is not all, knowing how to feed and care for any breed to make the most out of it at the least cost count for much, and we believe Mr. Thiele has this qualification.

District Encampment Set for June

The District Agricultural Short Course and Encampment will be held again this year at the Montgomery-Magee Ranch near San Antonio, June 25 to 28 inclusive.

Last year 400 men, women, boys and girls from all over Southwest Texas attended this educational encampment conducted by the Extension Service of the A. & M. College. It is believed that 1,000 people will gather there this year due to the great success of last year.

According to last season's attendance and other basic factors, Kerr County's pro rata of the 1,000 would be only 46 persons. It is hoped that more than twice this number of Kerr County farmers can find time to spend four days at one of the best educational encampments ever held in the State, especially as it is to be held so close to home.

S. H. TERRELL CANDIDATE FOR STATE COMPTROLLER

Sam Houston Terrell, eldest son of the late H. B. Terrell, former Comptroller of Public Accounts, has given to the press formal announcement of his candidacy for the office held for three successive terms by his father. Mr. Terrell is a member of the American Legion, is 34 years of age and announces from McLennan County. His announcement follows:

To the People of Texas: Some time ago the press carried the statement that in all probability I would become a candidate for the office of Comptroller of Public Accounts at the coming primary election. After a conference with my friends from various sections of the State, I now deem it opportune to make my formal announcement to the voters of Texas. In so doing, I feel confident of my ability to administer the affairs of the Comptroller's office in an efficient and business-like manner, without fear or favor, bias or prejudice. This department is the great clearing house for our State Government, and I am confident that my several years of accounting experience with the State and Federal departments have especially qualified me for the duties of the office I seek, and if elected I

pledge the strictest economy in the administration of the affairs of the office, commensurate with good business methods. I believe in a reduction of the tax burden to a minimum for the necessary administration of State governmental affairs, I believe in liberal provision for all educational institutions, especially our rural schools. I advocate the strictest enforcement of every constitutional and statutory provision of the law of the land.

Junction Eagle, March 7th: J. C. Beddingfield has recently accepted a position as bookkeeper with a wholesale grocery house at Kerrville and began work on the first. Mrs. Beddingfield and Jimmie are still in Junction, but expect to join Mr. Beddingfield soon. The Beddingfields have made many friends during their residence here, who will regret to know that they are leaving and whose best wishes will go with them.

FLY WITH CAPTAIN YEREX AND LIEUTENANT GRAY
 World's Safest Aviators and Famous British Fliers

Saturday and Sunday
March 15-16

Captain Yerex and Lieutenant Gray will make passenger flights Saturday and Sunday, starting from aviation field near Light Plant. Reduced rates to all. Captain Yerex and Lieutenant Gray have carried over 25,000 passengers throughout the Western States without mishap.

SPECIAL EXHIBITION SUNDAY

In connection with regular passenger carrying flights, DIAVALO, Movie Colonies King Air Demon, will perform death defying feats, just as you have seen him do in the movies, piloted by Captain Yerex, at 3:30 p. m.

These Aeroplanes Are Driven With
TEXACO GASOLINE

TEXACO GASOLINE snaps into action the instant it gets the spark. It is highly volatile, and vaporizes completely. Notice how easily the motor starts when Texaco is in the tank—and the greater power and mileage on the road, and the quicker pick-up on hills.

TEXACO GASOLINE and MOTOR OILS form a perfect combination—they will not form hard carbon in your cylinders. Insist upon your dealer furnishing you with TEXACO.

NOTICE

Sunday noon Captain Yerex will throw out hand bills advertising TEXACO GAS and OILS and among them there will be two free rides given by Chas. Heinen.

Declamation and debating (finals), High School auditorium, 8 p. m.

Medals and championship cups will be awarded at the conclusion of the declamation and debating finals Saturday night.

PHEASANTS TO TAKE PLACE OF TURKEYS

Junction Eagle, March 6th: Burt Braley, driver of the San Antonio bus from Junction to Kerrville, informed the Eagle Tuesday of the fact that the third shipment of pheasants for the Live Oak Ranch had been received from Minnesota. For several weeks the Game, Fish & Oyster Commission has been shipping wild turkey caught on this ranch, to points further southwest, and it is understood that these shipments of some hundred or more pheasants is also being made by the Game Department, in exchange for the turkey.

Burt states that he sees hundreds of turkeys along the road on the Divide and that those that have been caught do not seem to be missed. So far as our information goes, these are the first pheasants to be introduced into this part of the State.

A Hopeful Sign: a Change Needed

Texas Commercial News: One of the most hopeful signs in highway construction is the recent experience of one of our counties in employing a county engineer. It seems that the same engineer employed had been employed by the same county before at a salary which would be at the rate of 5 per cent of the money spent.

There was so much objection to this that the contract was returned and bids advertised for again; resulting in the same engineer bidding the same work in again for 3 1/2 per cent. This county will spend many thousands on roads—say that it shall be just one hundred thousand dollars; that would mean that the court saved the county by demanding another bid, \$1,500.00; but there are hundreds of counties which secure the 3 1/2 per cent basis rather than the 5 per cent basis, would save \$15,000.00!

We know a number of engineers who have become bank directors who formerly were not reckoned in banking circles. Let a bank get the money; the engineer get 5 per cent for spending that money; and there is every inducement and opportunity for the engineer to become one of the county's financiers.

A commission basis is the wrong basis for the employment of engineers. No commission should ever be granted when the man is spending

your money; it is sometimes wise to compensate on a commission basis when the man is your salesman, for this spurs him on to greater sales effort.

The same motive that will make a salesman work overtime and resort to every known artifice to make additional sales that his income may be increased, will serve to cause the man who is getting a commission on what he spends to spend more.

Here's the example: I am getting 5 per cent for my spending your money; I need one thousand dollars this month; that means that I am going to spend \$20,000.00 this month; it might have served your interest better for me to have spent \$200.00; but I couldn't live on 5 per cent of \$200.00. The spending man's pay should be on a salary with a bonus for evidence of wise expenditures.

Figure the engineer's position yourself: He builds a gravelled road with the same grading, field work and all, except the topping, that a concrete road would require; the gravel road costs \$10,000.00 a mile; the concrete costs \$30,000.00; yet his difference in salary per mile for the building of the two types of road is \$1,000.00. If it is not good business to pay a man a per cent of your money spent, why do the counties continue to hire their engineers on a commission basis?

ELECTROCUTION OF CATTLE LATEST IN PACKING CIRCLES

Fort Worth, Tex., March 10.—Cattle slaughtering by electrocution! Such is the newest in packing circles.

Although Omaha has established a precedent by the killing of cattle in its packing plants by the use of electricity, several Texas firms are giving the unique move serious consideration.

After seven years of diligent effort, an employe of an Omaha packing concern perfected a device for electrical killing cattle. The National Humane Society, which recently offered a large cash reward to the discoverer of a more humane method of slaughtering, has approved the invention.

But the humane angle is only of minor consideration, packers say, who have discovered the electrocution route to be a great step in economy.

At the headquarters of Swift and Armour, executives of those companies expect to make an announcement within the next few weeks as to whether the electrical system will be standardized throughout the world in their plants.

Should they find the method feasible, a noticeable reaction will be experienced in Texas, for its inventor points out, the device performs the work of many men.

"It may revolutionize the packing industry," one of Swift's executives declared, after witnessing the invention in operation.

NOTICE TO CONTRACTORS FOR STATE ROAD AND BRIDGE CONSTRUCTION

Sealed proposals addressed to County Judge Kerr County, for the improvement of certain highways in Kerr County, will be received at the office of County Clerk, at Kerrville, Texas, until 10 o'clock, a. m., April 8th, 1924, and then publicly opened and read.

Crushed Stone Hauled 8th 1/4-mile, 7,195.4 Cu. Yds.
Crushed Stone Hauled Additional, 20,227.9 Cu. Yds.

Water Hauled 1st mile, 600.0 M. Gallons.
Rolling Surface, 592.0 Hours.
Asphalt Topping, 55,704.0 Sq. Yds.
Reinforcing Steel, 16,027.0 Pounds.
Guard Fence, 288.0 Lin. Ft.
Structural Excavation (Dry), 174.4 Cu. Yds.
1:2:4 Concrete, 152.04 Cu. Yds.
Gravel Furnished by County at Pits, 3,788.3 Cu. Yds.
Gravel Hauled 1st 1/4-mile, 3,788.3 Cu. Yds.
Gravel Hauled 2nd 1/4-mile, 513.4 Cu. Yds.
Gravel Hauled 3rd 1/4-mile, 513.3 Cu. Yds.
Gravel Hauled 4th 1/4-mile, 513.3 Cu. Yds.
Gravel Hauled 5th 1/4-mile, 1,018.8 Cu. Yds.
Gravel Hauled 6th 1/4-mile, 993.8 Cu. Yds.

Detailed plans and specifications of the work may be seen for examination, and information may be obtained at the office of W. E. Simpson, Nat'l Bank of Commerce Bldg., at San Antonio, Texas, and at the office of the State Highway Department, State Office Bldg., Austin, Texas.

A cashier's check for 5% of Bid made payable without recourse to the order of Lee Wallace, County Judge of Kerr County, must accompany each proposal, as a guarantee that the bidder, if successful, will enter into contract and make bond in accordance with requirements of the specifications. The right is reserved by the party of the first part to reject any and all proposals or to waive all technicalities.

Proposals shall be submitted in sealed envelopes and marked "Bids for the Construction of the San Antonio Road in Kerr County."
All bids received will be retained by the Dept., not returned to bidders.
LEE WALLACE, County Judge, Kerr County, Texas.
(Advertisement, 13-16)

Flapper Is Not Bad as Painted

Los Angeles, March 8.—There is nothing the matter with the girls of today. The fault lies with the designers of fashion.
"It is natural for youth to be extreme. The bobbed-haired flapper is neither immodest nor immoral in following the styles. Their mothers did the same thing."
"Petting parties of today in automobiles are no worse than the petting parties of yesterday in buggies."
"The girl with an immodest spirit, although her dress may trail to the ground, will be more harmful than the girl with a pure spirit which, at the behest of fashion, abbreviates her garments at both ends."
"Most of all, girls need the wholesome influences of a happy home and a devoted mother."
This, the essence of an interview with Commander Evangeline Booth, leader of the Salvation Army, clearly and with no reservations, brought the famous evangelist to the foremost

ranks of champions of modern flapperism.

When Miss Booth arrived in Los Angeles recently for the dedication of the new Evangeline Home, her lustrous auburn hair, framed in a plain blue bonnet of the Salvation Army, completed the general somber tone of her simple uniform. Miss Booth staunchly defended the modern girl before a group of interviewers in her suite at the Biltmore.

"But," Miss Booth was asked, "how do you account for flapperism?"

The evangelist sighed defensively. "Most of all, perhaps, lack of home life," she answered. "America is running away from home life. They live in apartments, in hotels, anywhere, except homes!"

"Youth needs high ideals, a star-high interest for them to follow. A happy home and a loving mother, wholesome and attractive environment, are perhaps most essential in instilling the ideals for youth to follow."

The modern mothers, often pictured as fun loving, club going and frivolous women, who neglect their homes and families, were championed by the evangelist.

"Because a woman enters the business world, because she assumes the duties of a citizen, she certainly is none the less a perfect mother and wife," she declared.

"Of club going and frivolities I know nothing. But then, did not the mothers of yesterday follow the trend

of fashion? If a woman is a mother she is a mother in every sense of the word.

"The time is coming when women will be on even and just as competitive basis as men in business and civic planes. If a woman by reason of her finer qualities can perform the duties of any position or office better than a man then she certainly is rightfully entitled to serve."

"After all," she said, "modesty is a thing of the spirit rather than being an affair of the dress. Any girl who guards her heart against the inroads of impurity surely will survive any menace that springs from the extravagances of fashion."

TEXAS MOUNTAIN PEAKS ARE HIGHEST IN THE SOUTHWEST

Lloyd's: Texas is credited in the United States geological survey with the six highest mountain peaks in the Southwest. There are none as high east of the Mississippi River or west of the Rocky Mountain ranges proper. The ranges of mountains in Southwest Texas are properly classed as portions of the Rocky Mountains to the north.

The highest peaks in Texas are: Guadalupe Peak, Culberson County, altitude 9,500 feet, barometer measurement; Mount El Capitan, El Paso County, 8,690 feet; Baldy Peak and Mount Livermore, Jeff Davis County, both 8,282 feet; Mount Emory, Brew-

ster County, 7,835 feet. There are many other peaks ranging in altitude from 4,000 to above 6,000 feet.

Men's Value

New York Sun: A woman employe of a paper manufacturing company, tired of hearing men boast of their importance, dug up the fact that according to scientific investigation, the ingredients of men plus H 2 O are as follows:

- Fat enough for 7 bars of soap.
- Iron enough for a medium size nail.
- Lime enough to whitewash a chicken coop.
- Phosphorus enough to make 22 hundred match tips.
- Magnesium enough for a dose of magnesia.
- Potassium enough to explode a toy cannon.
- Sulphur enough to rid a dog of fleas.

This whole collection is worth 98c, and that in a day when things are three times as high as they used to be.

And He took a rib and made a woman.

Subscription Honor Roll
