Rum Runner Identified

BARKER RE-NAMED STATE CHAIRMAN OF DEMOS YESTERDAY

SANTA FE—W. J. Barker of Santa Fe was reelected chairman of the democratic state central committee yesterday by a unanimous vote after candidates on the party's ticket caucused and selected him as their preference for state chairman.

The new central committee, meeting for the first time, also empowered Barker to select his own secretary, an executive secretary who speaks Spanish, a treasurer, necessary committee men, and to fill vacancies on the ticket in the event any candidate should have to withdraw for some unforeseen reason.

Members of the new central committee included: Bernalillo, E. B. Swope, Clyde Tingley, Mrs. Cora Meacham, Mrs. Joe Gallegos, Eddy, Mrs. Roy Dixon, Carlbad, C. E. Mann, Artesia; Ray Soladay, Carlbad, Mrs. T. S. Cox, Artesia, Lea, Mrs. J. A. Foreman, Tatum; Mrs. Joe Cunningham, Caprock; John Emerson, Hobbs; Tom W. Neal, Lovington, Lincoln; Mrs. O. C. Jones, Glencoe; Viola Kinrell, Picacho; T. A. Spencer, Carrizozo; J. V. Taylor, Oscura, Santa Fe; Mrs. Lorenita M. Roybal, San Ildefonso; Pete Gonzales, J. J. Dempsey and Mrs. Manuel C. Chaves, Santa Fe.

LAWING STORE ROBBED

The Lawing Store and meat market was robbed of about fifty dollars in small change last Friday morning about one o'clock, by thieves who broke in the rear door.

A marble machine which contained most of the money, was taken up to the school house and broken open. No clue as to the identity of the thieves has been found.

OPEN ROSWELL RESTAURANT

Mr. and Mrs. C. N. Gant and small son, C. L. have moved to Roswell where they will operate the "Old Windmill" cafe on East Second Street.

Mr. and Mrs. Gant have lived in Hagerman for several years, and we hate to lose such fine residents. The little cafe which they will operate is a first class eating place, will be kept clean and will sell tasty food, Mr. Gant said.

About ten Roswell young people were in Hagerman Sunday afternoon meeting with the local officers of the Associational B. Y. P. U. organization, Vera Goodwin, and Eida Dye. The next associational meeting of the Pecos valley B. Y. P. U. will be in Hagerman, October 16th.

Dead Man Is Tentatively Identified By El Paso And Juarez Mexicans—Awaiting Finger Print Returns.

Sheriff Walter McDonald, in a telephone conversation with an Advocate representative this morning shortly after 9:00 o'clock said the dead man held here pending further investigation, had been identified by Juarez and El Paso Mexicans as F. Munoz, a resident of Juarez. The identification is not complete, however and El Paso detectives are continuing the investigation. The man has a family in Juarez. The Chevrolet car was registered in El Paso. It was claimed that the car was loaned to Munoz and his companion.

A new angle may be injected into the case with the finding of four pistol or revolver shells, at the north end of the stock pens. J. M. Jackson with Howell Gage, Pat Riley and Mr. Parker found three empty and one unexploded shells, the morning after the shooting. The empty shells appeared as if they had been in the chamber for some time, while the unexploded shell looked new. These match an empty shell found in the Chevrolet car.

An unidentified rum runner, about 35 years of age was killed here Tuesday night about 7:30 o'clock in a running fight with local officers. J. M. Jackson, city marshal and Roy Vermillion, night watchman, acting on a telephone call from Sheriff Walter McDonald were stationed at the McCann Service Station in South Artesia, awaiting a rum laden car bearing a Texas license. According to information gathered by an Advocate representative when the car a 1930 Chevrolet coach approached officers ordered the driver to stop, but instead the driver speeded up his car. The siren on the officers' car was turned on, but the Texas car continued to speed through town while officers endeavored to puncture the rear tires of the speeding car with shots from a revolver. When the rum runners reached the dip just south of the Ward Cave filling station, officers opened fire with rifles and it was at this point when the Texas car took the dip that the fatal shots were presumed to have been fired, killing the man beside the driver. Officers lost more than a hundred yards in the chase in passing a car north of Main street. A rear tire was punctured as the flight through town neared an end.

The driver of the rum car ran (Continued on last page, column 1)

YANKS WIN FIRST GAME OF WORLD'S SERIES YESTERDAY

In the first game of the world series, the Yanks batting power proved too much for the Chicago Cubs and the Yanks won by a score of 12-6 after the Cubs had taken a two run lead in the first inning. Rain and threatening clouds held up the game for several minutes. The game was a slow one, about two hours and forty-six minutes was the actual playing time.

Grimes the hero of the 1931 world series was called to relieve Bush, the Cub pitcher after Bush blew up in the sixth inning.

The following is the score by innings of yesterday's game:

Chicago	200 000 220—6
New York	000 305 31x—12

MIDWEST REFINING CO. IS TO BE DISSOLVED

DENVER, Colorado—The Denver Post Thursday said the directors of the Midwest Refining Company, with offices in Denver, have voted to dissolve the corporation.

A stockholders' meeting will be called soon to ratify the action of the directors, the Post said. The Standard Oil Company of Indiana owns virtually all stock of the corporation. Midwest is a \$30,000,000 concern. It was organized in 1924, taking over operations of the Midwest Oil Company, organized by Verner Z. Reed and Oliver H. Shoup in 1919. Control of the company passed to the Imperial Oil Company of Canada, a Standard of New Jersey subsidiary, and later to the Standard Oil Company of Indiana.

UNIVERSITY NOW HAS TRANSLATION SERVICE

The University of New Mexico at Albuquerque has established a free translation bureau. The department will translate any modern language, specializing in Spanish and English. The only cost attached is the cost of typing the translation.

SENATE TO PROBE INSULL UTILITIES

CHICAGO, Illinois—The crash of Samuel Insull's utility empire which placed two of his investments in bankruptcy with an estimated loss of \$300,000,000 to stockholders, is to come under the scrutiny of the United States Senate.

Mr. and Mrs. J. F. Bauslin left Thursday morning for Peabody, Kansas where they will visit with Mr. Bauslin's sister for two weeks.

TENNIS ENTRIES COMING

Miss Jessie George of the entry committee announced this week that two more strong players had entered the Hagerman mixed doubles tournament when Pete Losey and Alma Nail both signified their intention to compete. The local banker is enough of an outdoor sportsman that he keeps himself in fair condition and covers the court surprisingly well for a man of his size. Although lacking in practice, Pete has sufficient tourney experience to give a good account of himself.

Alma Nail is, of course, rated among the favorites for top honors. The big fellow has been playing in the Roswell City League this summer and, on paper, seems slated for action in the final match. He will team up with Miss Nelle Burt, one of the leading netsters among the women.

THE HAGERMAN LIONS CLUB IS ORGANIZED IN ROSWELL MONDAY

A lions club for Hagerman was organized Monday night at a meeting of the Roswell Lions club which ten Hagerman men attended.

Frank McCarthy, who has been actively engaged in Lions club work for several years, and who was secretary-treasurer of the club in Lordsburg, was chosen president of the organization. The job of first vice-president, which is that of a financial executive, went to W. A. Losey. Rev. J. A. Hedges was selected as second vice-president, W. E. Bowen, third vice-president; Harold Dye, secretary-treasurer; C. G. Mason lion tamer, and Dr. C. A. Wright, tail twister. Directors of the organization, R. W. Cumpston, R. W. Conner, Rev. Bryan Hall and Dub Andrus, were also elected.

Forty-three men attended the banquet in the Coffee Shop of the Nickson hotel. Myron Prager, president of the Roswell club was in the chair. The program chairman, H. B. Markham, introduced the Stockley string orchestra, which played old time and popular music for thirty minutes.

The main talk of the evening was given by N. B. Phillips, of Las Cruces, district governor. Mr. Phillips emphasized the fact that the Lions club is a service organization built around the basis of reverence toward God, loyalty to our country, and service to our fellow man. Mr. Phillips also gave a short history of the organization, and explained the steps of forming a new club.

A telegram was read during the meeting from W. A. Losey, who was attending the democratic state convention at Santa Fe, as a Hagerman delegate. Mr. Losey wired that he wished to become a charter member of the Hagerman Lions club, and was sorry that a previous engagement kept him from attending the meeting at Roswell.

Twenty men are expected to become charter members of the local organization.

PRESBYTERIAN RALLY DAY

Next Sunday, October 2, will be rally day at the Presbyterian church and Sunday school. A good program has been prepared for both the Sunday school and church service in the morning. In the afternoon at 4:00 o'clock there will be a special musical program by the choir and congregation and a short talk by the pastor. This will be the beginning of the regular vesper service of the fall and winter. You are very cordially invited to any and all of these services.

OVER \$40,000 PAID IN GASOLINE TAX REFUNDS

The state gasoline tax department paid out \$40,629.79 in gasoline tax refunds, Mrs. Adolph P. Hill, head of the department said Friday.

In the month that the department has been paying five-cent refunds to those who purchase gasoline for other than in vehicles operated on the state's highways, a total of 423 persons have been paid, Mrs. Hill said.

RURAL ROUTE PETITION

A petition has been signed by almost thirty people for an extension of the rural route for seven miles. If this extension is granted, at least twenty-eight families will be directly benefited, and only one family, slightly inconvenienced. Only two changes in the present route would be made necessary by this change.

Seligman Is Nominated By N. Mex. Democrats

Chaves county delegates to the state democratic meeting in Santa Fe returned home Tuesday night after a full state ticket was completed Tuesday afternoon. Governor Seligman was renominated by a big vote. The governor received his renomination by a vote of 439 to 151 for John Simms of Albuquerque, his only opponent. Five other candidates for state offices were named and the convention adjourned at 12:30 o'clock Tuesday afternoon to meet the Roosevelt train at Lamy and hear a short address by Gov. Franklin D. Roosevelt, democratic candidate for president.

The only new candidates on the ticket are A. L. Zinn of Gallup for the short term on the supreme court; Frank Vesely of Silver City for commissioner of public lands; J. D. Lamb of Tucumcari and Don Casados of Mora county for corporation commissioners.

Following is the complete state democratic ticket:

Presidential electors: Carl A. Hatch, Clovis; Mrs. J. L. LaDriere, Albuquerque; Enrique Trujillo, of Chico.

Congressman (two year term): Dennis Chavez, Albuquerque.

Supreme court justice (eight year term): Howard L. Bickley, Santa Fe.

Supreme court (short term): A. L. Zinn, Gallup.

Governor: Arthur Seligman, of Santa Fe.

Lt. Governor: A. W. Hocken-hull, Clovis.

Secretary of state: Mrs. Marguerite P. Baca, Santa Fe.

State auditor: Arsino Velarde, Rio Arriba county.

State treasurer: W. R. Graham, Albuquerque.

Attorney general: E. K. Neumann, Carlbad.

Superintendent of public instruction: Mrs. Georgia Lusk, Lovington.

Commissioner of public lands: Frank Vesely, Silver City.

State corporation commissioner (six year term): J. D. Lamb, Tucumcari.

State corporation commissioner (four years succeeding the late Jesus C. Sanchez): Don Casados, Mora county.

Other nominations included:

District attorney, first judicial district (McKinley, Rio Arriba, San Juan, Santa Fe counties) David Chavez, Santa Fe; second judicial district (Bernalillo and Sandoval counties): T. J. Marby, Albuquerque; Third judicial district (Dona Ana, Otero, Lincoln and Torrance counties): M. A. Threet of Las Cruces.

District attorney, fifth judicial district (Chaves, Eddy and Lea counties) George L. Reese, Jr.; (Grant Hidalgo, Luna counties) Joe Lovington. Sixth judicial district (Socorro, Valencia, Catron and Sierra counties) Eugene Lujan, Albuquerque. Eighth judicial district (Harding, Colfax, Taos and Union counties): Fred Voorhees, Raton.

State senator fifth legislative district (Bernalillo, Sandoval and San Juan counties): J. W. Tackett, Albuquerque. Ninth legislative district (Harding, Union and Colfax counties): C. E. McGinnis, Harding county. Nineteenth legislative district (Chaves county) J. H. Mullis, Roswell. Twenty-fourth legislative district, E. Craighead, Silver City, succeeding Frank Vesely, resigned to accept another office.

State representatives, eighteenth legislative district, (Chaves county) Willis Ford, Clarence Hinkle, Mrs. Kate McGaffey Brown. Twenty-second legislative district, (Grant county) Alvan N. White, Rufus Wammel.

REV. A. G. TOZER TO SPEAK HERE

Rev. A. G. Tozer who is always popular wherever he preaches and Hagerman as well will assist the Rev. James A. Hedges in a series of special services in the Presbyterian church, commencing Monday evening, October 10th. Rev. Tozer is the very busy pastor of the Carlbad Presbyterian church but finds time to assist his fellow pastors in evangelistic services in which he is very fine.

A regular meeting of the P. T. A. will be on Tuesday afternoon, October 4th at 3:30 at the school auditorium. All interested are invited.

GANDHI ENDS FAST

POONA, India.—With a few sips of Musambi, a sweet lime juice concoction, Mahatma Gandhi Monday brought to an end his "fast unto death" to which he had held for six days and five hours and from which his physicians declared he would recover.

Conditional acceptance by the British government of a compromise electoral system drawn up by representatives of Caste Hindus and the untouchables was the factor which impelled the Mahatma to take food again. Since last Tuesday noon he had lived on water with salt or soda.

He would not take food until word came that the London government had approved a voting system designed to meet his objections against perpetuating the great gulf which separates Caste Hindus from the 60,000,000 members of India's depressed classes. And even then he delayed further in order that he might pray.

TWO TICKETS NAMED IN STORMY SESSIONS G. O. P. CONVENTION

A split in the republican ranks at the state convention in Albuquerque ending Saturday resulted in placing two tickets in the field, the regular republican ticket, known as the old guard and the progressive republican ticket. The separation occurred when Senator Bronson Cutting, leader of the progressives resigned as national committeeman after fourteen counties had expressed dissatisfaction over the ruling of the state central committee because these counties claimed the committees were controlled by old guards. Two counties with contesting delegations were given a half vote for each delegation and Senator Cutting appealed to the convention to seat the progressive delegation and after the convention voted 368 1/2 to 682 1/2 to uphold the committee's ruling, Senator Cutting and the progressive delegation withdrew from the convention hall and nominated a progressive ticket.

Albert Simms of Albuquerque was nominated as committeeman to succeed Senator Cutting. Simms simultaneously came the resignation of Carl P. Dunifon of Silver City as chairman of the state central committee and the election of Ed Safford of Santa Fe to this position.

Following is the complete list of nominations of the regular old guard republican state convention:

For governor: Former Governor R. C. Dillon. For congress: Jose Armijo of San Miguel county. For long term supreme court: Edwin C. Mechem of Las Cruces, former district judge third judicial district. For short term supreme court: C. C. Catron of Santa Fe, former member supreme court by appointment. For corporation commissioner: Hugh Williams (long term); Jose Sena of Santa Fe (short term).

For state treasurer: H. T. Gardner of Albuquerque. For state auditor: Manuel Martinez of Rio Arriba county. For land commissioner: Oliver M. Lee of Alamogordo. For secretary of state: Mrs. Lorenzo Garcia of Socorro. For superintendent of schools: Miss Edna Rousseau of Torrance county, at present state rural school superintendent. For attorney general: Allen Tonkin of Albuquerque. For lieutenant governor: Mariano Montoya of Sandoval county.

Following is a complete list of candidates nominated by the progressive convention:

For governor: Prager Miller of Roswell. Lt. governor: Maurice F. Miera of Magdalena. For congress: Herman Baca of Belen. Secretary of state: Mrs. Harry Benjamin of Albuquerque. Supreme court justice: (eight year term) A. A. Sedillo of Albuquerque, (four year term) H. Glasscock of Gallup. Attorney general: Eugene D. Lujan of Albuquerque. State treasurer: Gen. Osborne Wood of Santa Fe. Land commissioner: I. MacTavish of Magdalena. School superintendent: Mrs. George W. Prichard of Santa Fe. State auditor: Luis Garcia of Rio Arriba county. Corporation commissioner: Dr. H. S. Murdock of Springer. Corporation commissioner: Jose B. Morales of Grant county. District attorney: (Bernalillo and Sandoval counties) Harold O. Waggoner of Albuquerque. Senator, eighth district: Tom McGrath of Harding county. Senator, sixth district: Eduardo Salazar of Sandoval county. Representative, sixth district, J. M. C. Chavez, Jr., of Rio Arriba county.

A HAGERMAN LION'S CLUB

A movement is now on for the organization of a Lion's club in Hagerman. This club will combine the civic with the social in its men's meetings—taking the place of a chamber of commerce, an organization which Hagerman has lacked for a great many years, and co-operating with the international organization in its benevolent work.

The Roswell club is strongly behind the Hagerman organization movement. Several of the Roswell members have conferred from time to time with Hagerman business men, and Monday night a delegation of men went from here to attend the Lion's club meeting in Roswell to get a better idea of the purposes of the organization and their meeting routine.

One of the greatest handicaps which a small town has to face, is the lack of an active civic organization to help administer community affairs. Hagerman's business men need a get-together meeting once each week to discuss their mutual problems, and the farmers need to get in closer touch with the townsmen. We believe that a Lion's club will fill a long felt need in Hagerman.

THREE BLIND MICE— THREE BLIND MICE— SEE HOW THEY RUN—

A certain man whom the welfare committee has been feeding for nearly a year, was overheard this week classifying three of Hagerman's ministers.

Squirting tobacco juice out of the corner of his mouth, and hitching up his pants, he sailed in. His classification is pretty much of an eye opener, and since the Messenger is more or less iconoclastic (whatever the heck that is) we'll give his astute opinion in print so it can be handed down to posterity.

One of the so-called preachers was a beer drinker. He could drink more beer even than the man talking. (Don't let him hit me). That was Rev. J. A. Hedges, Presbyterian.

Another never claimed to have been converted—that was Rev. Bryan Hall, Methodist.

The third didn't have any religion at all—that was Rev. Harold Dye, Baptist.

Horrors, Brother Hall! For shame, Brother Hedges, Carramba, Diablo, y mucho bologney, Brother Dye. Who is this one who spies through keyholes? Name the soothsayer that strips from human hearts their coverings of deceit, hypocrisy, and self righteousness! Nay, nay. Don't tell. We might be tempted to step on his toe.

Well, well, well, and a couple of wells. Some dark, rainy night, this omniscient judge will give up the ghost, kick the bucket, croak, or otherwise take his departure for the lower depths. Then Rev. Hedges, the religious drunkard, Rev. Hall, the holy smoke, or Rev. Dye, the ecclesiastical dampool will saddle up his tin buggy, plow through the rain, and comfort the widow, kiss the orphans, and the next day will stand in the pulpit with a long box before him and perjure himself before God, Angels, and that Assembly, while he prates about the few good qualities which he can find in the life of the beloved departed.

Oh, well, such is life.
—Amen.

Smilin' Charlie Says

'Seem' some of these mushy movies sets me a wonderin' why th' actors an' actresses call it 'WORK'!

If the Non-Advertiser Was Consistent

CIVIC IMPROVEMENT

Among the many attractive and homelike lawns in and around town is that of J. V. Brown, covering the west fence is blue morning glories, in one corner is a great bed of tall zennias, and in this same bed in an earlier season was gorgeous hollyhocks.

J. E. Wimberly's yard is a green velvety carpet of grass, with some pretty young evergreens here and there, as a background there are rows of tall red dahlies and great shaggy white ones.

Bert Bailey's is a homelike lawn, soft green bermuda cover the yard, two children's swings in the foreground and a flower garden in the rear, containing all those lovely blossoms, indicating the marvelous touch of Mrs. Bailey.

Then there is the C. G. Mason home, one knows a boy lives there, for on a tree is a sign: "Worms for sale," there are two cactus gardens, which means months of work and research, some beautiful evergreens, one which each Christmas holds beautifully colored twinkling lights.

At the L. W. Garner home is a very attractive driveway, with borders of lovely blossoms to symbolize the seasons.

Mrs. Elmer Graham has grown some enormous zennias this year, more blue morning glories frame the window panes.

Graceful, feathery cosmos mark the C. W. Curry home at this season.

Golden glow stands out at the T. D. Devenport place.

And will some one give us some pointers for next time?

HEALTH COLUMN

Conducted by Dr. J. R. Earp, Director, New Mexico Bureau of Public Health.

There were 11,288 babies born in New Mexico in the year 1931. This accession to the wealth of the state cost the lives of 78 mothers.

A recent study made for the ministry of health of England and Wales of 1500 maternal deaths showed that not less than half of these deaths could have been prevented.

Dr. Louis I. Dublin, president of the American Public Health Association, estimates that fully two-thirds of the deaths of mothers in childbirth could be prevented.

Between 1924 and 1927 the New York State Department of Health collected confidential data on maternal deaths in that state. Analysis of these questionnaires is not yet completed but some of the findings have just been published.

It is shown that abortions were associated with one third of the deaths of unmarried mothers and one-fifth of the deaths of married mothers. About one-third of the mothers who died were suffering from some illness before they became pregnant which illness contributed to their death in childbirth.

An expectant mother cannot be sure that all her organs are in good working order, ready for the strain of childbirth, unless she is under medical supervision.

Medical care during the whole period of pregnancy is much the most valuable of the methods we possess for preventing unnecessary maternal deaths.

SUBSCRIBE TO THE MESSENGER

Cassie Mason is sore because we had too many scandalous republican cartoons in last week's paper and he says that he will give us enough scandal after this to fill our pages. Well, the fact is a lot of things happened last week that we know about—but most of them were unprintable. Other things we left out, in respect for some of the more lurid people's kinkfolk, etc., etc. The postmaster needn't get so blamed hard boiled about it. Just as soon as some body takes enough notice of the Liberty party to draw a few cartoons about 'em we'll lay off the republicans for a little while.

Anybody caught in Hagerman with more than one nickel in his possession will be brought up for trial charged with being an accessory either before or after the fact of stealing Bud Lawing's marble game.

We read that Sam Innull has gone busted and is two or three millions of dollars in debt. Well, yours truly is dead sure broke, but he ain't but one million in debt, so he has the jump on Mr. Innull.

Parson, everybody knows you're shore (dead) from the neck up, but keep still 'bout bein' busted some folks can't tell that by looking' at yuh.—The Op.

It's not every newspaper office that can have fine music without anyone's having to turn the dial or change a record, but since the Van Sweatt family has moved upstairs, Misses Caroline and Merle keep us entertained an hour or two every day with their playing on the piano and the violin. We hate to have them quit for a minute, but we realize that they can't keep it up all day long, even if it is nice.

Doc. J. R. Brinkley, of Milford, Kansas, who makes goats out of men, or men out of goats (we are unable to determine which in our mind) seems to be stirring things up in Kansas politics. As we go to and fro in the world, we are confronted with several ironies of our present electoral system. People in this neck of the woods seem of the opinion that the Hon. Brinkley is just a dumb-bell trying to be funny, but to these smart alecks we'd like to ask, "Well, who's the governor of Texas?"

Say, folks the parson did spell his (image breaker) mentioned in his story, Three Blind Mice, correctly, 'cause I looked it up, but he shore musta left his dictionary open at (iconoclastic) when he tried to spell (perjure) in the copy for the same article. Parson, these big words will sometimes get one in bad.—The Op.

COTTONWOOD ENROLLMENT

Enrollment at the Upper Cottonwood school reached eighty pupils last week, according to Principal I. H. Burgess. Last year at the corresponding period the enrollment was about a hundred. Crop gathering operations have hindered attendance Mr. Burgess states.

NOTICE OF FORECLOSURE SALE

WHEREAS, on the 24th day of May, 1932, in consolidated Cause No. 7921, pending in the District Court of Chaves County, wherein J. P. Bell is plaintiff and Doxie Fuselier, Triangle Lumber Company, a corporation, and H. A. Fuselier are defendants, the plaintiff, J. P. Bell, and the defendant, Triangle Lumber Company, recovered judgments and decrees as follows: judgment in favor of plaintiff, J. P. Bell, including principal, interest and attorney's fees upon a promissory note in the total sum of \$527.99; judgment in favor of defendant, Triangle Lumber Company upon a materialman's lien, including principal, interest and attorney's fees in the total sum of \$498.18, and the court rendered a decree in favor of the said J. P. Bell foreclosing a mortgage deed securing the amount of the judgment in his favor, upon Lot Seven and the Southeast Quarter of Lot Six of Block One in Price's Addition to the Town of Dexter, Chaves County, New Mexico; and the court decreed the foreclosure of a materialman's lien securing the amount recovered by said defendant, upon Lots Six and Seven of Block Number One of Price's Addition to the Town of Dexter, Chaves County, New Mexico, including all buildings, and all furniture and fixtures, including counters, show cases and all other fixtures of whatsoever description located in the Cafe building situated on said property; and the court decreed that said mortgage lien and said materialman's lien were of equal rank, and that upon sale of said property each of said lien holders should receive one-half of the proceeds of the sale of said property; and whereas, in said decree, the undersigned, Ann O'Bannon, was appointed by the court special master, and directed to advertise and sell said property as provided by law and apply the proceeds of such sale to the satisfaction of said entire indebtedness.

That the amount of said judgments at the date of sale hereinafter mentioned, will be \$1060.61, plus the costs of said action and the accruing costs of sale.

THEREFORE, pursuant to said decree of the court and the power vested in me as special master, I will, on the 24th day of October, 1932, at the hour of 2:00 p. m. at the West Front Door of the Court House in the City of Roswell, New Mexico, sell said described real estate at public vendue to the highest bidder for cash for the purpose of applying the proceeds of said sale towards the satisfaction of said judgment and costs of court and accruing costs of sale.

DATED this 22nd day of September, A. D., 1932.

ANN O'BANNON,
Special Master.

McCUNE NAMED ON BOARD

R. H. McCune of Roswell, secretary of the Roswell Building and Loan Association, was made a director of the Federal Home Loan Bank Board of the ninth district of the system with headquarters at Little Rock, Arkansas. Mr. McCune's appointment was announced Monday.

RODEO AMONG THE FEATURES OF STATE FAIR AT ROSWELL

Outstanding in the entertainment program of the Eastern New Mexico State Fair to be held in Roswell October 5, 6, 7, and 8, which is next week will be the rodeo each afternoon of the fair and the races each morning at ten o'clock. Ranchmen all over southeastern New Mexico are feeding some of their most vicious horses fresh from the range for this year there is a purse for the best bucking horse. It will make it hard on the bronc riders, but will liven things up considerably for the spectators. In addition to the best bunch of bucking horses ever assembled in the state, there will be steers for bulldogging that will deal the contestants lots of misery. In addition to the regular rodeo events each afternoon, there will be novelty entertainment features. In the races each morning, some of the fastest horses in the southwest will be entered. Both these daily events will be held at New Mexico Military Institute polo field.

Everything is set and ready for the fair according to the directors. Exhibit hall will be filled to overflowing, many communities in southeastern New Mexico expecting to have booths. The exhibit of the department of agriculture will require 200 front feet and will be shown for the first time in New Mexico. The commercial exhibits will also be on a bigger scale. The livestock show including cattle, hogs and sheep will again be a big feature of the fair.

The opening parade on Wednesday and Old Timers parade on Friday will be the spectacular features of the week. Following the Old Timers parade those who have lived in New Mexico thirty years or longer will enjoy a real barbecue at city park.

It is expected that the largest crowds in Roswell's history will attend this year's Eastern New Mexico State Fair.

MARKETS

Kansas City Livestock

KANSAS CITY—Cattle 10,500; calves, 2,000; killing classes slow; few sales beef steers and yearlings about steady with Monday's decline; most bids lower bulk fed steers eligible to \$6 to \$8; choice heavies held up to \$9; bidding under 6 on medium short fed grassers; common grassers down to 4.50; vealers and calves little changed; practical top vealers 5.50; stockers and feeders in fairly liberal supply; slow; steady to weak early sales 3.50 to 5.75.

Hogs, 5,000; uneven; opened weak to 10c lower; closing active; most early loss regained; lights dull; 10-20 lower; top 3.90 on choice 180-230 lbs; bulk 170-200 lbs 3.80-90; sows 2.65 to 3.15.

Sheep, 12,000; native lambs weak; best 4.75; better grades mostly 4.50-75; no rangers sold early; asking steady opening bids slightly lower; best held above 5.25.

New York Cotton

NEW YORK—White somewhat irregular, cotton showed a generally steady tone yesterday with a slight early decline followed by rallies on reports that the first October notices had been stopped by the trade.

December contracts after selling off to 7.40 or about 8 points net lower, rallied to 7.57 and the mid-afternoon market was quiet and steady at net advances of about 6 to 7 points.

The market reacted partly under hedge selling futures closing barely steady, 3 higher to 7 lower; October 7.37-38; December 7.43-45; January 7.47; March 7.55-56; May 7.63; July 7.69-72; spot quiet; middling 7.50.

Owes Life to Cough

At Dar-Es-Salaam, Tanganyika, an African native is pointed out as the man who coughed in his grave. Pronounced dead, his relatives had assembled and the drama had reached the moment of burial when the chief actor coughed loudly. He recovered, expressed a belief that he had been under a spell and started for the village with doctor, who coughed once and fled.

Inventor of the Polka

The Etude says that the Bohemian dance, the polka, was invented about 1830 by Anna Slezak, an upper servant in the family of a rich farmer. As the room in which she danced was small, she shortened the steps, from which the dance was named polka (half). Received enthusiastically in Paris, the word was changed to polka.

Ferocious Cats

On Cat Island near the cape of Good Hope domestic cats were turned loose years ago and now they live in holes in the ground around one of the harbors and prey upon sea birds, and these felines have developed such ferocity that it is almost impossible to tame them even when captured young.

Insect Pest

The boll weevil is an insect which lays its eggs in the bud of the cotton plant. Out of these eggs come worm-like larvae, which eat the growing bud and prevent the production of cotton fiber. In American slang, boll weevil is a term sometimes applied to a person who is a pest.

THE LIBERTY PARTY ORGANIZED A CLUB HERE MONDAY P. M.

A Liberty party club was organized at Hagerman last Monday evening in the school auditorium, with a membership signed up, of twenty-three members.

About 250 people were in attendance at the meeting, which was under the direction of Marion P. Bush, of Roswell, state organizer of the party. A short

talk on financial matters was given by Mr. Bush, and was followed by further remarks on the same subject by Tom Cullender, who is the Liberty Party candidate for governor.

W. J. Alter was selected chairman of the Hagerman club; N. S. West, secretary; and T. E. Dol-lahon, treasurer.

Rev. Edgar Johnson, pastor of the Methodist church of Dexter, was scheduled to give an address last Monday night, but his discourse was interrupted by the sudden rain and electrical storm. Another meeting is planned for next Monday night, at which time, Mr. Johnson will again speak.

STITUTES NG POLICY BS FIELD

When in El Paso in our Lobby yourself at the National Association of Manufacturers. K. A. De...
HUSSEIN...
EL PASO

When more men are more likely to inherit the estates of their grandfathers than those of their parents...
tional unemployment agency heads to the end that exactly one-third more men shall be employed at all drilling operations in this field. It is now the generally accepted belief that distribution of employment, rather than efforts to create, is the obvious panacea for our greatest economic ills. From here out, national drives are going to be created on efforts to induce employers to work employees shorter shift or fewer days, at lower wages, if necessary. That may be an erroneous idea, but it is certainly the accepted one, for the present.

STATE TAXES LEVIED SHOWS A DECREASE

Taxes levied for all purposes for the 21st fiscal year show a decrease of \$1,244,507 under those levied for the 20th fiscal year, Byron O. Beall, chief tax commissioner said last week. County funds for the 20th fiscal year called for the raising of \$2,522,137, this year the amount will be \$2,137,228 or a decrease of \$384,909.

For the maintenance of schools the state last year raised \$4,795,203 by taxes and this year it will raise \$4,293,271 or a decrease of \$501,932.

Municipalities raised \$1,009,661 a year ago and will raise \$851,475 or a decrease of \$158,186.

For all state funds the taxpayers raised \$1,874,775 during the 20th fiscal year and this year will raise \$1,994,480 less or a total of \$1,675,295.

The total amount to be raised for county, schools, municipalities and state funds for this year will be \$8,957,269 as compared with \$10,201,776 last year.

The schools with a percentage of 10.47 had the lowest ratio of decrease. The ratio for the other funds was: county, 15.26 per cent municipalities, 15.66; state funds, 10.64; and all purposes, 12.19.

COTTON GINNINGS ARE AHEAD OF LAST YEAR

Cotton ginnings in the United States up to September 16 totaled 2,636,530 bales as compared to 2,091,513 bales last year on the same date. Last year on September 1, 565,160 bales had been ginned compared to 865,232 this year at the same date.

In the two weeks period from September 1 to September 16, 1,526,353 bales were ginned last year as compared to 1,771,298 bales this year.

FEDERAL LOANS TO BE AVAILABLE TO FARMERS-STOCKMEN

WASHINGTON, D. C.—The reconstruction corporation announced Saturday that only farmers and stockmen or firms engaged in farming or marketing livestock are eligible for loans from the regional agricultural credit corporations.

Managers of the regional agricultural credit corporation offices were meeting with Ford Hovey in charge of agricultural activities of the corporation.

Regulations for loans were issued, the corporation saying these may make possible granting of the first loans soon after the managers return to their districts. Applications are being received daily.

Canners, packers, processors and commission merchants are not eligible for loans. Security will consist of first mortgages on personal property with real estate accepted only a additional security.

The interest rate will be 7 per cent, but there will be no service or inspection fees. This latter situation makes the credit corporation rate comparable to the lowest banking rates in this class of business, it was stated.

The policy of the agricultural credit offices will be to remain non-competitive with other agencies as far as possible, and financial concerns both government and private, engaged in similar operations.

All loans will be made direct to the applicants.

Loans will be made in four general types on livestock—range, breeder, pasture and feed lot.

A complete appraisal of the stock must be made before the loan is completed.

The values to be used in appraisals will be "range values" and not central market quotations. Ranch facilities and equipment, distance to central markets and similar factors will be considered. The time limit for range and breeder loans is one year and for pasture loans for one year or less if the livestock is marketed in less than one year.

No loans will be made in one district to a resident of another except at central livestock markets such as Chicago, Kansas City and Omaha where money will be available to a borrower regardless of where he lives.

OTERO TO HOLD COURT IN CARLSBAD

Judge M. A. Otero, Jr., will journey to Carlsbad Monday to purge the registration lists it was announced.

It is expected that about 130 names will be added to the lists by court order. The democratic county central committee has petitioned for the addition of approximately 90 while the republican county central committee has asked for the adding of 33 to the lists. There will be no other business before the court at this time.

Art Work Made "Whole"

After Five Centuries
Nearly five hundred years ago an artist, whose name is now unknown, painted a wonderful picture of the Annunciation. It was a large work and contained so much detail that shortly after it was finished it was cut up into four separate pieces, each of which formed a beautiful picture. If you visit the exhibition of French pictures at Burlington house, London, you will see the four portions of the picture reunited for the second time in five centuries.

For years it was not known what had happened to three of the four pieces. One was in the Louvre in Paris, but where were the others? Eventually it was found that the second was in Amsterdam, the third in Brussels, and the fourth in a private collection in this country. Photographs of the four parts were placed together, and these showed that they undoubtedly form one picture.

The first occasion since the artist painted it when the picture was seen as a whole was two years ago, when the parts were joined together at an exhibition in Paris.

Other great pictures have been cut up in the same way, but in nearly every case the severed parts have eventually come into the same hands and have been permanently joined together again.—London Times.

BAYER ASPIRIN is always SAFE

BEWARE OF IMITATIONS

Headaches Neuralgia
Rheumatism Lumbago
Neuritis Toothache

Genuine Bayer Aspirin, the kind doctors prescribe and millions of users have proven safe for more than thirty years, can easily be identified by the name Bayer and the word genuine.

Genuine Bayer Aspirin is safe and sure; always the same. It has the unqualified endorsement of physicians and druggists everywhere. It doesn't depress the heart. No harmful after-effects follow its use.

Bayer Aspirin is the universal antidote for pains of all kinds.

Aspirin is the trade-mark of Bayer manufacture of monoacetic acid ester of salicylic acid.

Are You Keeping An Eye on Your Children?

How the children enjoy the "funnies" in the daily papers! It's great sport for them, following the antics of their favorite characters in the comics.

But why are they so likely to spread their papers out before the mon the floor or in other places where they may not be able to see comfortably.

Well, it's one of the peculiarities of children. They're thinking of the pictures, not of their eyes. That's one of the many reasons why your home should be well lighted throughout. With good lighting everywhere, your children will not have to strain their eyes and perhaps become nearsighted.

Now is the time to go over your lighting conditions in preparation for the long winter evenings ahead. Call your Electrical contractor today.

of the Texas car left a trail of blood as he made his escape to the eastward, but whether the blood came from his own body or that of his companion could not be determined.

The body of the dead man was brought back to town and a posse quickly organized to make a further search for the driver of the Texas car, but of no avail.

Sheriff Walter McDonald of Carlsbad, who followed close behind the alleged rum running car, arrived a few minutes after the chase ended in the north part of town. Sheriff McDonald said yesterday that he had received information that there were two cars headed toward Artesia, one a Ford and the other a Chevrolet, but if the Ford was following the Chevrolet car stopped here, the Ford nor its occupants were never stopped. Officers said the Chevrolet was in the lead here, but that a Ford car followed, however, it later developed that the Ford car following was that of the Welch Brothers, Van, Jr., and Wendell, who attracted by the siren and shots drove out the north highway to see what the commotion was about. Van, Jr., and Wendell Welch drove up the highway for several hundred yards after passing the rum running car in the bar pit.

Eddy county officers are of the opinion that the liquor car was operated out of El Paso and Sheriff McDonald stated that it was his opinion that the alleged rum runners had been operating in Carlsbad for a year or more.

When officers examined the liquor laden car in the bar pit north of town, they found an unidentified man slumped in the front seat dead. The body was brought to the emergency hospital of Dr. Womack and after ending the search for the driver of the Chevrolet, who escaped, the officers examined the body of the unknown man for some identification, but none was found. Something over \$81.00 in cash was found in his pocket, but not another clue was discovered that might lead to his identity.

Several curious people among the many assembled outside of the hospital felt that they might be able to identify the body, but were unable to do so. A coroner's jury was empaneled and viewed the body just before it was removed to the McClay undertaking parlors. Here finger prints of the deceased were secured by Sheriff McDonald and sent to El Paso. Several telephone calls were made to secure the identity of the dead man, but up to a late hour yesterday no returns had been received.

We learned later that Roy Vermillion night watchman drove the officer's car, a Ford to Main street. Here the wheel was taken by Miss Mary Jackson, who said she watched results of the officers fire as best she could and saw several bullets hit the pavement just behind the liquor car. In fact the bullets from every shot fired hit the pavement she said. This leads to the theory that some of the shots fired by the officers might have ricocheted and hit the rear of the fleeing car. The Chevrolet, when examined had four cases of whiskey and two five gallon cans of alcohol stored in the back part of the car.

LOCALS

Steve Mason is making a good soda squirt for Hagerman Drug Company.

Deputy Game Warden M. Stevenson was in Hagerman Monday morning on business.

Edell Hartley and his mother have moved into the little house near the Curry Service Station, where they can be near their work for the winter.

Little Ruth Ann Ford, tiny daughter of Mr. and Mrs. O. J. Ford, who received a broken arm one day last week when she fell from the back porch, is getting along fine.

Mr. and Mrs. Adam Zimmerman were in from their ranch near the Cap Rock the early part of the week visiting with their numerous friends, and purchasing a few supplies.

Mmes. C. G. How and Warren Perry, are recovering satisfactorily from their recent automobile accident. Their many Hagerman friends rejoice with them that their injuries were not more serious.

W. A. Losey, Mr. and Mrs. F. L. Mehlhop and Jack Sweatt left Sunday morning for the democratic convention in Santa Fe. Other Hagerman delegates found it impossible to attend.

N. B. Phillips, district governor of the Lions club, from Las Cruces, H. H. (Red) Ball, Myron Prager and H. B. Markham, of Roswell, were business visitors to Hagerman Tuesday morning.

George Baum came into contact with 2300 volts of electricity at the Farmer's Gin Thursday afternoon and lived to tell about it. His hand was badly burned, but he says that the switch box was well enough grounded that he didn't get the full jolt.

Chas. Tanner, his small daughter, and Adam Zimmerman made a business trip to Carlsbad Saturday. As they were returning, the rear of the Tanner automobile was struck by a car driven by an Artesia man, and was badly damaged. No one was hurt.

Garner Mason has almost recovered from his recent harrowing battle with his appendix, and is able to be up and about some. Garner says that he fell in love with the nurses at St. Mary's hospital, but prefers a platonic love. (He says that if anybody wants to know what that is, it's love at a distance.)

The latest addition to the boy scout cabin is an electric wood turning lathe belonging to Harold Dye. The boys will be permitted to operate the lathe and will be taught the elements of woodwork in connection with their scouting program. A set of wood working tools is also provided for the boys' use.

Word comes from Dallas, Texas that little Miss Blanche Lane underwent an operation last week, and in about three weeks will have another one. Mrs. Lane will remain in Dallas with Blanche. All of Hagerman hopes for the success and a speedy recovery for this beautiful and cheerful little girl who has endeared herself with all her acquaintances.

Ireland's Big Wind
The "big wind of Ireland" refers to a storm which raged for two days and nights along the coasts of England and Ireland. It was the most devastating storm which had ever occurred in Ireland within the memory of man.

Old Vanity Case
An ancient vanity case, dating from 800 B. C. is in the museum of Haverford college as part of the collection gathered by the college archeological expedition during work at Beth Shemesh, in Palestine.

Obsolete Armament
As late as 1911, bows and arrows were used by soldiers in China, when a Manchú garrison was attacked and had to supplement the supply of rifles with archery equipment.

Sunrise Vigil
Three thousand people who kept vigil all night at Stonehenge, England, recently were rewarded at dawn by seeing the sun directly behind the friar's heel of the great sun temple and to touch with its first rays the center of the altar stone. This beautiful sight can be seen only one day in the year. Just as the sun's rays made the altar stone glow, a bird perched on it and trilled its song of dawn.

Values
Never underestimate your own ability, providing of course that you have made yourself really able in some line of endeavor. Most persons take you at your own estimate, so it won't pay to belittle accomplishments you have acquired.—Grit.

Dexter News

Mrs. Joe Winkler returned home Monday following a week-end visit with relatives in Dexter.

Mr. and Mrs. Walter McMains announce the arrival of a little son, Tuesday, September 27th.

On account of the inclement weather, visitors day at the Presbyterian church has been postponed to October 9.

Mrs. J. H. Southard and Mrs. O. B. Johnson of Roswell were dinner guests of Mr. and Mrs. P. P. Clark Sunday.

Mrs. Katie Herbst and son, Billie were week-end guests of Mrs. George Pollock and Miss Blanche Pollock.

The October meeting of the P. T. A. will be held at the Dexter school building Tuesday, October 4th at 3:00 o'clock.

Mr. and Mrs. F. L. Mehlhop returned Tuesday night from Santa Fe, where they had gone last Sunday to attend the democratic convention.

W. E. Bowen of Hagerman is making extensive repairs on his house in the east part of Dexter, which is occupied by Mrs. Maud Preston and Mrs. Mary Thompson.

Harris Jarnegan was in a car accident on the highway between Roswell and Dexter Tuesday night, which resulted in his left arm being broken in two places. Harris is the son of Mr. and Mrs. P. E. Jarnegan.

Mmes. H. W. Reinecke, Johnson, F. W. Phillips and W. F. Kerr attended the zone meeting at the Methodist Church, South, in Roswell Monday afternoon. The November meeting will be at the home of Mrs. E. R. McKinstry.

Mr. and Mrs. Paul McMains entertained Thursday evening with a delicious waffle supper. Covers were laid for Mr. and Mrs. Loman Wiley, Mr. and Mrs. Aubrey Hill, Miss Grace Cole, Miss Margaret Edmondson, Miss Laura Moss, and Mr. and Mrs. McMains.

Mrs. A. C. Jones and Mrs. Evelyn Miller entertained at the home of Mrs. Pearl O'Brian Saturday afternoon from three to five o'clock honoring Mrs. Alvin McNab, a recent bride. Mrs. McNab was showered with a nice array of beautiful gifts. A sweet course was served to some twenty guests at the close of the afternoon.

Sunday, September 25, the Ladies Missionary Society of the Methodist church served a one o'clock dinner in the basement of their church, honoring their pastor, The Rev. Johnson and Mrs. Johnson. There were all kinds of good eats and the afternoon was spent visiting. The Society presented Mrs. Johnson with a nice dress in appreciation of her untiring efforts in their society.

Dr. and Mrs. E. J. Hubbard, Mr. and Mrs. O. L. McMains entertained with a two course seven o'clock dinner at the home of the Hubbards, yesterday. Covers were laid for Mr. and Mrs. L. Martin, Mr. and Mrs. Breeb Hurst, Mr. and Mrs. O. B. Berry, Mr. and Mrs. Hal Bogle, Mr. and Mrs. Paul McMains, Mr. and Mrs. F. L. Mehlhop, Mr. and Mrs. O. L. McMains, and the host and hostess. Bridge followed the dinner service.

PLAY-MORE SURPRISE PARTY
The Play-More club gave a surprise party for Mr. and Mrs. E. R. McKinstry on the night of their fifth wedding anniversary. Bridge was played throughout the evening after which a sweet plate was served by the guests to the following players: Messrs. and Mmes. Bob McNeal, Ray West, Walter McMains, James McKinstry, E. R. McKinstry, and Clyde Barns and John Reid.

GOVT. NOT ASK FARMERS REPAY CROP LOANS
WASHINGTON, D. C.—It was announced at the White House yesterday that farmers owing crop production loans to the government would be asked to pay only 25 per cent of the amount due, with an agreement to secure the remaining 75 per cent on whatever terms congress may authorize.

Present low prices on farm products, the statement said, would make it "practically impossible for wheat farmers to repay their crop production loans without incurring grave risk or need during the winter."

BRIDGE PARTY
On Saturday evening, Mr. and Mrs. E. V. Sweatt entertained with a bridge party, it being their wedding anniversary.

There were three tables of players including Messrs. and Mmes. Jack Sweatt, Harrison McKinstry, John Mann, Ernest Bowen, E. V. Sweatt, Misses Carolyn and Merle Sweatt and E. E. Lane.

High score winners were Mrs. Ernest Bowen and E. E. Lane. A delicious salad course and angel food cake with coffee was served.

U. S. EXHIBITS AT ROSWELL TO STRESS WESTERN SUBJECTS

Especially fitting for New Mexico, an eight-unit exhibit from the U. S. Department of Agriculture depicting subjects such as range and forest management, livestock, dairy and poultry care, will be shown at the Eastern New Mexico State Fair at Roswell October 5 to 8.

The exhibit is colorful and several of the displays are mechanical and drive home their points with action as well as words and pictures.

A judge from whose decision there is no appeal represents the lamb market in the exhibit "The Market Measure of Lambs." This says that the market decision "rewards the producer who meets its requirements, but severely penalizes the one whose stock fails to do so." It compares live lambs and dressed carcasses. It strikingly represents the contrast between "choice" and "common" grades of both live and dressed carcasses of lamb. Grade determines the lamb price, and grade is made up of three factors—conformation, finish and quality.

"Use Range Forage at Proper Season" is a plea for a more intelligent use of the range. Plants like cattle, need good management and this exhibits the need of forage plants. The leaves have an important relation to plant growth. Leaves develop later and later as hillside elevation increases. Thus if cattle graze these upper slopes before the leaves have fully developed, much valuable forage is lost. If ranges are protected in the summer, they assure ample fall and winter grazing. The exhibit suggests moderate grazing and moving livestock to the higher zones as the season advances.

"The Forest and Water" exhibit shows the influence of forests in preventing soil erosion. In this exhibit rain falls all day on what represents a dense section of forest. This rain is slowly absorbed in the forest carpet of humus material. To make the lesson clear, a contrasting section of forest where fires have destroyed the protecting litter is also rained upon. Here the topsoil is gone and the water-holding capacity of the surface destroyed. Here the rain washes down bare slopes and is lost. Hidden sprinklers provide actual "rain" for the exhibit.

Rats climbing up an inner wall of an exhibit will startle fair visitors. These rats, however, are on a revolving belt and they help call attention to the damage from these rodents. The annual estimated damage of rats is the amount 200,000 people can produce. Permanent exclusion of rats involves proper construction, repair and upkeep of buildings and removal of food and shelter for rats. Two house models represent two types of construction, one faulty and one rat proof. The upper half of the door of the model is a screen upon which are shown rat control pictures.

Let Young Fish Hide
Plants are useful to those who wish to raise young fishes. Parents may be cannibals and the adults will hunt down anything that moves and looks like food. So plants which grow in dense masses, like crystalwort, small bladderwort, and Eioda, make excellent hiding places for the young fishes. If the aquarium is in the dark no plant growth takes place, while in the sun it heats quickly and the tiny plant grows and makes the water green. Green water is not harmful but it is unpleasant. A northern or eastern exposure usually gives the best growing conditions for the aquarium.—Exchange.

"Land o' Cakes"
Scotland has been called the "Land o' Cakes," for nowhere else, Germany excepted, is there such a variety of confectionery and pastry as in Scotch bakers' shops, wrote William S. Walsh in "Curiosities of Popular Customs," the Detroit News says. The short bread, often known as "Pitcaithly bannocks," is highly ornamented with sugar and feed mottoes. Rye loaves, popular in the Thrums district, are black and rich, filled with fruit and peel. The Scotch bun, composed entirely of eggs, chopped fruit, and peel, encased in a crust which is not eaten, is much like the English simnel cake.

Snuff "Dipping"
Snuff was used from the beginning in America by the white settlers, the women "dipping" and the habit permeating all social grades. For the dipping, a stick about three inches long, and about as thick as a lead pencil was used. One end of this was chewed until the fibers separated, giving a brush-like result, which was dipped in snuff and held in the mouth, between the teeth and the cheek. Rather sloppy in general effect, but comforting to the nerves, we are told.

Combination of Names
The town of Kenova derives its name from three states, "Ken" from Kentucky, "O" from Ohio, and "Va" from Virginia, yet it is in West Virginia.

Many Observers at Work
Government weather maps are the result of observations made at 200 stations from Alaska to the West Indies.

Unusual
Tact is an ability to handle the truth with delicacy, and wisdom is common sense in an uncommon degree.

Goldfish Long Pets
Goldfish were domesticated in China as long ago as the Tenth or Eleventh century A. D.

Perseverance
Lots of people have good ideas but they fall because they won't stick.—American Magazine.

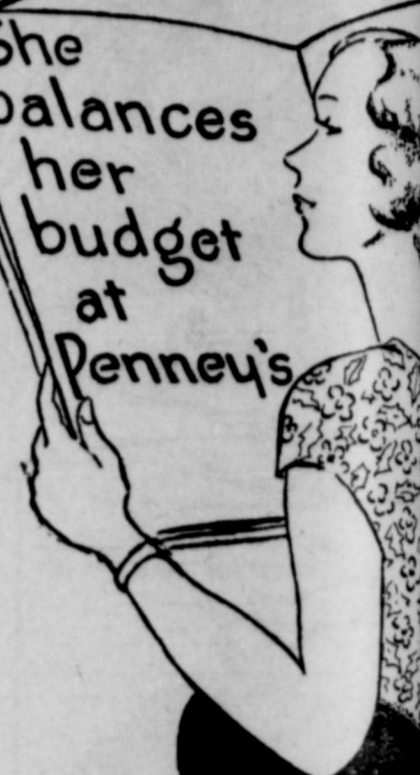

Silent Mirth
A gentleman is often seen, but very seldom heard to laugh.—Chesterfield.

About Ourselves
All of life's varied experiences are but the stuff we test our souls upon.
