VOLUME THIRTY-TWO

WORLD SERIES IS ON -STAR TEAM IS ELECTED BY BALLOT

Monday night Mayor Tolly West over the first ball in the game of the Little World Series to be played off this week by the American Legion and the Alfalfa Mill teams. The Legion was the winner of the first half of scheduled play. The Mill won the last half of the game. The Legion lost the first game of the deciding series Monday night, and lost the second to the Mill Tuesday night. The next game will be to determine the tie in votes, a ballot will be placed in Teed's canteen tomorrow and votes cast till the next Friday. The ballot will be to determine the most popular player to his team.

FUNERAL SERVICES FOR GOV. SELIGMAN TODAY AT CAPITOL

With only minor details lacking funeral arrangements for the late Governor Seligman were completed yesterday. The public services will be held in Santa Fe at the house of representatives chamber at the state-house, with The Rev. W. S. Trowbridge officiating. These services of the Episcopal church will be followed by interment ceremonies at Fairview cemetery to be conducted by the Masonic lodge. Private services for the family will be held this morning when the capitol will be closed to visitors. Active pallbearers will be: Dr. W. R. Lovelace and Clinton P. Anderson, both of Albuquerque; Juan N. Vigil of Taos and Paul A. F. Walter, E. B. Swope, Martin Gardesky, John Bingham, F. J. Horn, Jesus M. Baca and Geo. Bloom, all of Santa Fe.

P. T. A. RECEPTION

Hagerman P. T. A. members entertained the members of the school faculty and their families with a delightful reception held at the high school Thursday night. A pleasing program was given by Mrs. Welborne, Miss Francis Welborne and Miss Raydell Chappeil. Superintendent White gave an address of appreciation of the faculty members and the local chapter of the P. T. A. About fifty were served refreshments at the close of the evening social.

N. M. BANKER'S ASS'N ELECTS OFFICERS

ALBUQUERQUE—Endorsement of the home owners loan corporation in New Mexico was voted Monday by the New Mexico Bankers association. The convention was concluded Monday afternoon despite the sudden death of Gov. Arthur Seligman, a member of the association. It was explained only routine business matters were to come up and inasmuch as bankers from all over the state had gathered it would be necessary to complete the meeting Monday. The association also discussed plans for an NRA banking code for the state but later referred it to a committee representing the clearing house districts in the state for recommendation for final action by ballot of the individual banks. James B. Read of Taos was elected president to succeed Arthur Jones of Portales. Other officers elected were Floyd Childress of Roswell, vice-president; A. E. Huntsinger, Vaughn, treasurer; Mrs. Margaret Barnes, Albuquerque, secretary; Arthur Jones, Portales, member of the executive council of the American Bankers association; L. C. Becker, Belen vice-president of the American Bankers association; Fred Luthey, Albuquerque, nominating committee; A. B. A.; H. L. Boyd, Springfield, alternate. Divisional representatives to the American Bankers Ass'n. were: H. H. Hull, Santa Rosa, national; D. W. Priestly, Clayton, state; Oscar M. Love, Albuquerque, savings; Paul A. F. Walter, Sr., Santa Fe, trust.

KELLY MACHINE GUN OUTLAW IS FOUND IN MEMPHIS TENNESSEE

MEMPHIS, Tennessee—Secretly arraigned under the cover of machine guns at the Shelby county jail, George "Machine Gun" Kelly Tuesday night served formal notice of his intention to fight removal to Oklahoma City. Kelly and his auburn-haired wife, Kathryn, with whom he was arrested here by department of justice agents and police Tuesday morning, pleaded not guilty when Lester H. Brenner, United States commissioner, visited their cells with officers. The warrants on which they were arraigned charged the husband and wife jointly with kidnapping Charles F. Urschel, Oklahoma City oil man, and taking him to Paradise, Texas where he was held prior to the payment of \$200,000 ransom. The removal action was delayed at the request of federal authorities in Oklahoma, who said they believed the witnesses in the kidnapping cases now on trial there will speak more freely if Kelly is not in Oklahoma City. Bob Bailey of Lake Arthur, transacted business in Hagerman Monday morning.

FISHERIES CODE MAN

H. H. Fielder of the bureau of fisheries was detailed as chief of the new section of the agricultural adjustment administration to work out a code for the \$1,000,000,000 fisheries industry, employing 500,000 persons.

HEART ATTACK IS FATAL TO THE STATE'S CHIEF EXECUTIVE

Gov. Arthur Seligman of New Mexico died suddenly in an Albuquerque hotel Monday morning of what physicians described as an attack of angina pectoris. The governor had come from Santa Fe to attend a meeting of the New Mexico State Bankers Association of which he was a member. A physician who was called to examine the governor when he complained of a pain in his chest said heart trouble had apparently caused his death. The governor had just addressed a meeting of the bankers at the Franciscan hotel and apparently was in good health when he left the room on the sixth floor of the building. Walking from the meeting room to his own room nearby he suddenly remarked to Oscar Love, of Albuquerque, who accompanied him: "My chest hurts." He lay down on the bed and Love summoned Dr. W. R. Lovelace. The governor died shortly after Dr. Lovelace reached the room. He died at 11:55 a. m., and it was several minutes before word of his death reached outside his room. Word of the governor's death did not reach the bankers meeting and it adjourned at noon with (Continued on page 3, column 1)

State and National Briefs of the News

BUYING DRIVE FOR NRA

Plans were being studied by Hugh S. Johnson, national recovery administrator over the weekend to keep the NRA linked with President Roosevelt's credit expansion program. He will call for a gigantic buying campaign under the blue eagle to support employers in their efforts to raise wages and increase employment.

NO INFLATION AT PRESENT

WASHINGTON, D. C.—President Roosevelt and government financial leaders mapped out their program for credit expansion Sunday night in a lengthy White House conference that centered on release of funds in closed banks. It was emphasized both by the president and the conferees that "no new moves" other than reinforcing the nation's credit structure were in contemplation. This was accepted generally as definitely eliminating at this time any inflation of the currency. It means the government is going to use every power to put into circulation money now lying idle in bank tills and funds locked up in closed banks.

WANT FORD ON BOARD

The local NRA board of suburban Dearborn, Michigan, where the principal plant of the Ford Motor Co., is located, still is hopeful that both Henry Ford and his employees will be represented on a compliance board which will consider complaints filed against the company.

GALLUP—FIFTY STRIKERS RETURNED

to work Tuesday morning at the Gallup Southwestern Coal Co., mine as the result of successful negotiations between strikers and operators, but attempts to (Continued on last page, column 5)

TO SPEND \$37,000,000

As treasurer of the Tennessee valley authority, Miss Florentine Goodrich will spend the \$37,000,000 estimated cost of the Norris dam, a "minor" part of the Tennessee valley river development project.

JOSEPH AVANTHIER PIONEER RESIDENT DIES HERE SUNDAY

Joseph L. Avanthier, resident of this section for twenty years, died at the home of Tom Lattion at the age of 78 years Sunday. Mr. Avanthier was the uncle of Tom and Frank Lattion, and Mrs. Jacques Michelet. He was born in Sion, Switzerland, in 1855. He came to America and this part of the Pecos valley twenty years ago next November. He was a bachelor. Funeral services were held in the Hagerman cemetery Monday morning at 10:00 o'clock. Rev. Father Raymond of Roswell officiated. Mason Funeral Home was in charge.

OLD MAIDS VS. LAKE ARTHUR

The Old Maids played Lake Arthur high school girls here Thursday night, and won 9-4. After the game the Hagerman and Lake Arthur young people enjoyed a hay ride to the old reservoir south of town, and a weiner roast. There were about sixty present.

LOVING MAN DIES

William Narramore, 74, of Loving died Tuesday morning at a Carlsbad hospital. Funeral services were held yesterday afternoon at Carlsbad. The Rev. J. E. Black of Loving officiated. Burial was made in the Carlsbad cemetery.

MOHAIR MARKET IS LOOKING UP—TOPS 55¢ POUND IN TEXAS

The mohair market points to the fact that mohair growers of the Pinon-Avis section and other areas in the hills are in luck. Mohair sales in Texas last week were reported at 40 1/2¢ for adult hair and 55¢ a pound for kid hair. Texas growers believe the price will go still higher. A year ago goats sold for twenty-five to fifty cents a head and buyers did not want them. Today goats are selling in some districts at \$3.50 to \$4.00 and not many animals are offered for sale. The Pinon-Avis mohair association has in storage two clips representing well over 200,000 pounds.

CHAPEL PROGRAM

The chapel program Monday was given over to Miss Ann Neubeiser and Ernest Harp, Jr., who are working with Mr. and Mrs. E. L. Harp and the Pecos Valley orchestra and band school of music. The two artists played several violin and trombone numbers Monday, and organized an orchestra after school hours.

CEMETERY ASSOCIATION

The Cemetery Association will hold its regular monthly meeting at the home of Mrs. Aaron Clark Thursday night, October 5. Everyone interested in the work of this organization is urged to come. The Cemetery Association is one of the most active groups in town.

90,000 LIQUOR CASES U. S. COURT DOCKET

WASHINGTON, D. C.—In view of the numerous recent predictions by administration officials that prohibition repeal is imminent plans have been made for a review of the thousands of liquor cases pending in federal courts to determine which shall be brought to trial. It was estimated at the justice department Saturday that in some federal courts there were as many as 1,000 criminal cases pending. Altogether, one official said, there probably were 90,000 cases on the dockets.

In addition there are several hundred cases in the supreme court. During the summer recess of the 425 appeals to the supreme court, more than 300 were prohibition cases.

GIRL SCOUTS

The Girls Scouts held their regular meeting in the scout hall on Thursday afternoon with fourteen members of the troop present. The meeting was given over to a study of signalling and the regular scout ceremonies.

W. A. Losey has returned from Albuquerque where he attended a meeting of the New Mexico Bankers Association.

WATERMELON FEED

Tuesday afternoon Superintendent and Mrs. E. A. White entertained the members of the school faculty and their families with a watermelon feast on the lawn of the White home.

KELLY CONFESSES TO KIDNAPING OF RICH OKLAHOMA OIL MAN

MEMPHIS, Tennessee—The notorious George (Machine Gun) Kelly crumpled under government questioning last night and admitted the kidnaping of Charles F. Urschel of Oklahoma City. The confession was announced by W. A. Rorer of the department of justice. "You got me right on the Urschel kidnaping, but not on the Chicago robbery or the Kansas City Union Station job," Rorer said Kelly told him. Beyond that Rorer would not apply his statement. The confession was confirmed by John M. Keith of the department of justice from Chicago. Immediately after the announcement the government started its last move to get final warrants to remove the Kellys to Oklahoma City to stand trial in the kidnaping.

LEGION AUXILIARY

The American Legion Auxiliary will hold its regular monthly meeting at the home of Mrs. John Langenegger Monday afternoon, October 2. All members are requested to attend.

P. V. THORSON TALKS AT THE MEN'S CLUB ON BOY PROBLEMS

P. V. Thorson, area scout executive from Roswell, addressed the Men's club Tuesday night on the problems of boy life. Mr. Thorson has been in active scout work for ten years as a leader, and was a Boy Scout before that in the earliest days of the organization. He is one of the highest ranking executives in the nation. The scout leader outlined the ideals of the movement and stressed the ten year plan which has as its goal, twenty-five per cent of all boys in America scouts for at least four years by 1942. Mr. Thorson touched on the crime problem of youth and explained that judges and welfare workers throughout America were enthusiastic about their approval of scouting as a crime deterrent because of its fundamental principles of honesty and good citizenship which it inculcates into the boys under its influence. There were just thirteen men present Tuesday night, the smallest number at any meeting of the club ever held. The small attendance was due to the fact that the second game of the "Little World Series" was being played and a number of men stayed away from the meeting to attend. One of the best programs of the year is being planned for next Tuesday night, but the details are a secret as yet. There will be plenty of music and activities of interest to all who find it possible to be present.

FERTILIZER PLANT TO START OPERATIONS

Reports from Carlsbad are to the effect that a company has been organized to operate and sell at Carlsbad. Several tons of bat guano have been removed from the bat cavern adjoining the main cavern and is being dried preparatory to mixing it with commercial fertilizer. The fertilizer it is said, is to be mixed according to the needs of the land on which it is to be used and a laboratory has been set up for this purpose.

LANE LIQUOR LAW EFFECTIVE OCT. 16

SANTA FE—Its office and field force appointed, the state liquor control board turned its attention to putting the finishing touches on machinery to enforce the Lane liquor control bill which will go into full effect after the state canvassing board meets October 16th. E. K. Neumann, secretary of the board, said everything was in readiness for the operation of the law and the assessing of taxes under the law. Forms for the licenses to be used are already being drawn up and will be in the hands of the county commissioners in plenty of time. All licenses will be issued by the county commissioners in counties adopting local option and by city commissioners in any town over 10,000 population in which local option has been adopted. The commissions will set up their own machinery for issuing the licenses and collecting the taxes, Neumann said. All the state board will do will be to approve the licenses issued and supervise the operation of the Lane law. In counties or cities not adopting local option the sale of intoxicating liquor under the terms of the Lane law will not be legal. Counties which have not held local option elections as yet may do so by following the procedure set forth in the Lane bill which requires the filing of a petition signed by ten per cent of the legal voters in the county at the last general election. Until local option has been adopted, however, the counties are dry and there is no machinery for taxation of the liquor traffic.

NEW SURVEY IS MADE ON TEXAS HIGHWAY

Carlsbad chamber of commerce has been advised that a new survey for grading and drainage structures on Texas highway No. 83 in Gaines, Dawson, Borden and Scurry counties has been taken under advisement by the highway commission and that surveyors have been busy for several days mapping a new route through the Borden county ranch country, just west of Snyder.—Carlsbad Morning Sun.

HAROLD DYE, Managing Editor

I AM A CRITIC

I am a critic. There are many things around me I would change. I do not like the way the world is fashioned. I do not like the obstacles which rear themselves in the pathway of mankind. I would, for instance, do away with death. And at that stroke, I should remove the greatest boon to human progress—the thing which makes men work concentratedly and quickly to get the task done before it gets dark when they cannot work. A Thomas Edison would have no incentive to labor hard, for tomorrow would always come and the day would be longer. He could put things off till another time—and they would never be done.

In my world, the guilty alone would suffer for his misdeeds. His friends and loved ones wouldn't have to bear the sting attendant upon his ill behaviour. And when I initiated such a program, gone would be the strength of mother love, which suffers when her son does wrong, but which in its suffering, is sufficient to bring him back again to wholesome life. There would have been no Christ to take the blame for humanity's sins—the innocent paying the price for the guilty's crimes.

There would have been—in my world—no physical deformities, and there would have been no such sublime picture as that of Louis Pasteur, who for 37 years laid the foundation of modern medicine dragging his paralyzed limbs behind him. There would have been no story of Naguchi, the great bacteriologist, one of whose hands was destroyed by burning as a child. No one would have admired the courage of Steinmetz, the great electrical wizard of the age, crippled in his legs all his life. Men's hearts would not have responded to the heroism of men like Saint Francis of Assisi and John Wesley who suffered from severe tuberculosis, and yet who handed down, by the force of their example and teaching, spiritual consolation for countless millions of all times. There would have been no deaf Beethoven writing music; no blind Milton, writing his poetry.

Yes, I would have changed it all. But I am a fool, and my world would have been chaotic.

THE COTTON GRADE AND STAPLE REPORT

The first weekly report on the grade and staple of Arizona cotton was released Saturday by the division of cotton marketing. The other states served by the El Paso office, New Mexico, California and Texas, District 1 (the irrigated valleys of Texas, west of the Pecos river) have not ginned sufficient cotton as yet to warrant a report this week.

The report for Arizona which was issued is based on the classification of cotton coming largely from the southwestern part of the state. Ginnings in other sections of the state have been very light. The grade of cotton classed from Arizona to September 21 shows all of it to be good middling and strict middling, the percentages being 48 and 52 respectively. The staple lengths ranged from 1/8 inch to 1 1/8 inches, with the shorter lengths predominating. Approximately 24 per cent was 3/8 and 29/32 inch; 49 per cent 15/16 and 31/32 inch; 9 per cent 1 and 1 1/32 inches; 17 per cent 1 1/16 and 1 3/32 inches; and about one per cent 1 1/2 inches.

All of the cotton classed to date is tenderable for future contracts. This report does not include American-Egyptian cotton.

The weekly reports were released at Washington, last year, but are being released at El Paso this season. This change is being made in order to make available as quickly as possible current information on the quality of cotton for the use of the growers, the cotton industry and others.

TO OPEN BIDS ON MALAGA ROAD OCT. 3

Bids are to be opened on a seventeen mile stretch of the south highway between Malaga and the state line, October 3rd, to give the highway a three shot oiling job.

Odd—but TRUE

MARRIAGES FOR ANY PRESCRIBED LENGTH OF TIME ARE PERMITTED IN SOME PARTS OF PERSIA

IF TWO PIECES OF GLASS BE GROUND OPTICALLY PERFECT AND PLACED TOGETHER IT IS IMPOSSIBLE TO PULL THEM APART

A few weeks ago we said some allegedly funny things about a certain man in this column and meant no offense at all. He walked into the office Monday and informed us that he didn't wish his name to appear in this column again. "Because," he said, "People are laughing at me." Now that's the way some people react to fame. We were just trying to give him a place in history as Hagerman's funniest gink. Why, look at Will Rogers. How did he get that way? By people laughing at him. And I shouldn't sneeze at the income of Charlie Chaplain, but he built it out of the chuckles of men and women, boys and girls all over the country. However, if our Hagerman celebrity doesn't wish his name printed in this column, then we won't do it. We certainly don't want to hurt it's itty bitty feelings. But between you and me and the gate post, we run across full grown men too often who would look better in diapers, and who could come nearer controlling a teething ring than they can themselves. It is our private opinion that the gentleman under discussion should be at home in a cradle—and don't forget the mosquito netting. He simply must not be annoyed.

Hagerman farmers say that the government can't have their hogs until it has paid them for their cotton. Besides if they ever sold a pig to Uncle Sam, the poor thing would be so tangled up in red tape in ten minutes that it would look like a grunting dry goods store. They plowed under their cotton, but they will be danged if they will plow up their hogs.

A fellow asked me this week if I had formed any opinion on so-and-so. I told him that I certainly had. In fact, I have formed opinions on almost everything under the sun that I ever bumped into or heard about. But there is at least one way I flatter myself on showing a little sense. (I keep most of these opinions to myself).

Astronomers tell us that there are just six thousand stars which you can see with your naked eye. They are right because I counted them to find out and if you are in doubt, count them yourself.

Parson, are yuh shore it wuz with the naked eye, you counted the stars? Yuh know from some of 't' wise cracks yuh get off in this column, kinda, thought maybe, it might be a little black with a blueish tint.—The Op.

We held high conversation with a Roswell negro the other day who was exuberant over the NRA business. He says that a few months ago he was working 70 hours for \$5 per week, and now he's working 40 and getting \$12. "Boss, I don't know who done it, but I shore is thankful for the man who thought up this here 'Nigger Relief Association,'" and

his face split open like two water melon halves filled with white seeds.

You might as well try to get the eggs back out of the omelet as to try to get back some of the malicious scandal which you have started against your neighbor. It has already grown and grown until you wouldn't recognize it as your own filthy offspring, and the dirty little illegitimate brat has been entertained in nine tenths of the homes of the community. But he may come home to sleep some day.

Grandmother Hedges sends another letter in defense of grandmothers, and I see that I must clear myself of at least one impression I have given her. I didn't mean to leave the thought that I was in her own stocking that I saw the runner. I hope I am too much of a gentleman to advertise to a lady's face that I saw a runner in her stocking. I might get away with saying that I saw anything else about her, but a runner—never. And if I must confess it since I am trapped, I can remember very distinctly laying a heavy timber across the trailing edge of grandma's skirt, and she raised a blister on me right where Mother Hedges would see a patch on my trousers now, but she is too much of a lady to remark about that...

Dear Sam: Sure you could, when a little chap, reach the bottom of your grandmother's skirt if you stooped enuf or you could sit on the trail of it as she swept the filth from the sidewalk.

I took from thirty to fifty yards of goods to make her a costume and she was burdened with that in all weathers. I think a nice man doesn't see the runners in womens stockings but if you saw one in mine it is proof that I had on stockings which is an unnecessary incumbrance these days. Fashion is a tyrant few have the courage to defy, and, the doc-

LEGAL ADVERTISEMENTS

NOTICE FOR PUBLICATION

Department of the Interior, U. S. Land Office at Las Cruces, New Mexico, September 9, 1933.

NOTICE is hereby given that Elza R. Elkins, of Lake Arthur, New Mexico, who, on August 11th, 1930, made Homestead Entry, No. 040420, for NW 1/4, Section 29; E 1/2 Section 30; NW 1/4, Section 32, Township 16-S., Range 24-E., N. M. P. Meridian, has filed notice of intention to make three year proof, to establish claim to the land above described, before S. W. Gilbert, U. S. Commissioner, at Artesia, New Mexico, on the 26th day of October, 1933.

Claimant names as witnesses: Cas W. Cavender, James R. Spense, A. D. Hill, Clyde E. Nihart, all of Lake Arthur, New Mexico.

V. B. MAY, Register.

GINNING CHARGES MAY ADVANCE TEN CENTS

Ginnings charges this season will be ten cents a hundred pounds more than last, if the code, which has been sent to NRA officials in Washington, stands.

The new charge specified is 30 cents for ginning and an additional five cents for sterilization. The charge last year was 25 cents. There was no segregation.

A report on the code was made to some 35 members of the New Mexico Irrigated Cotton Ginnings' association at El Paso Monday by John Tweedy, Roswell, who represented this section at the code session which was held in Memphis, Tennessee, September 11 by those interested in the cotton industry.

The New Mexico association was recently formed. C. W. Beeman of Carlsbad, is president.

tors may curse and declare that high heeled shoes and pressure where it shouldn't be, causes more misery than intoxicating liquors, we still go placidly on and for not keeping up, trailing not too far behind. I fear if fashion says so we will go back to trailing our skirts in the dirt.

Unless your grandmother had an exceptionally heavy head of hair the chances are that she had, besides her own, a pound or two of some one else pinned to her head with about two dozen hairpins and taking a couple of hours each day to arrange.

Biggest whopper headline of the fortnight: "New Mexico Farmers Saved by Federal Land Bank," from a federal land bank press bulletin.

They still teach the world is round, but we've heard for several years now it was flat—broke.

"Look here Sam," asked Senator Vandaman of Mississippi, who rented a little farm to an elderly negro, who was to pay him a rental of one-fourth of the corn and cotton.

"Wasn't I to get one-fourth for the rent?"

"Yes, sah, but dere wa'n't no fo'th. Dere was jes' three loads, an' Ah s'posed dey was mine," said Sam triumphantly.

DEXTER, N. M.

\$100.00 TO SELECT QUEEN OF STATE FAIR

Some community, or organization will be paid \$100 in cash for selecting the queen of the Eastern New Mexico State Fair which will be held in Roswell October 18, 19, 20, 21. The parade on the opening morning will be composed largely of queens' floats. Communities, organizations and individuals throughout eastern New Mexico will vie with each other in putting up the winning float on which will be riding the queen of the fair. The winner will receive \$100 and the lady on the float will be the queen, the one placing second will receive \$50 and the third \$25. The ladies on the latter two floats will be princesses to the queen.

That's just one of the many new features of this year's fair, which has come to be an annual institution in which all New Mexico has a part. The rodeo this year, each afternoon, will be for amateurs only which means a much larger entry list and more laughs and thrills for spectators. There will be another huge exhibit of the department of agriculture, shipped direct from Washington in a special car, but it will be entirely different from last year. More cattle, sheep, hogs and horses are indicated in the agricultural department. The domestic arts department, the flower show, and the general exhibits promise much more than ever before.

Old timers—those who have been in New Mexico thirty years or more—will hold forth on Friday October 20th and as usual this will be unusual according to the old timers themselves. They want every man and woman who qualifies for thirty years or more residence in the state to participate.

FEDERAL COURT ADJOURNED

Judge Colin Neblett adjourned the federal district court at Roswell yesterday after a two weeks session.

Effective April, 1933 only

Starting Work on the Norris Dam

Workers at Cove Creek, Tennessee, preparing a shaft site for the first charge of dynamite as construction was commenced on the new Norris dam. The 100-foot shaft when completed will be used as a gauge of the dam foundation. The project, located on the Clinch river 80 miles above the point where that tributary joins the Tennessee river, will be joined to the Wilson dam at Muscle Shoals by a 220-mile long tie-transmission line.

There is considerable feeling that the NRA program is not working as it should and Washington makes no secret of it. But believe that given time it will work out. Inflation as such is not meeting approval of Roosevelt in spite of loud clamor for it among owners of staple products which it is supposed to raise in price. Unquestionably the 18th amendment will be repealed, its final date to go out is December 6th if all present plans work correctly. A move will be made about that time to send prices up but not until then as it is very much desired that a raise in prices accompany the actual date of repeal. Of course, within itself repeal could not do that very desirable thing therefore the actual ammunition which the administration means to fire to raise prices will be saved until that date; other temporary means, such as announcements and threats will be used to keep prices within the present range until that time. After the middle of December we confidently expect much higher prices, until then a very active trading market.

"Happy Birthday"

A youngster hears her grandparents' voices, by telephone, from a distant city. They've called to wish her a happy birthday. It's a thrill for her and for them as well.

Many families keep in touch by telephone. They find it as easy to exchange news as though they were sitting side by side in the same room. Low night rates begin at 8:30 p. m.

The Long Distance operator will tell you any rates you would like to know.

The Mountain States Telephone & Telegraph Co.

ART ATTACK...

Mrs. R. F. Harris returned home yesterday after two and a half week's stay in St. Mary's hospital at Roswell, where she underwent an operation for appendicitis.

STATE HIGHWAY ENGINEER INSPECTS REFINERY ROAD

State Highway Engineer G. D. Macy and Assistant District Highway Engineer L. J. Vauchet last week inspected the work being done on the road from U. S. 62 east of Carlsbad to the U. S. Potash refinery. The work was started several days ago with funds part of which was donated by citizens of Carlsbad and part of which was furnished by the potash company. The present road is often impassable in wet weather.

The work is being done with equipment furnished by the state highway department. Several bad spots on the road are being improved including an improvement of the grade in certain points.

term.

On July 4, 1896, he married Miss Frankie E. Harris of Cleveland and to this union a son, Otis was born.

Governor Seligman started as a bookkeeper with Seligman Brothers, one of which was his father, in 1888. In 1903 at incorporation of the company, he became secretary-treasurer, later becoming president and serving until 1924. He was president of the First National Bank of Santa Fe.

He also was national committeeman of the democratic party. He was a member of the Mason, Royal Arch, Consistory, Elks, Rotary, Santa Fe club, and New Mexico Historical Society.

NEW YORK WORLD'S BEST SILVER MARKET

NEW YORK — New York has definitely taken the lead away from London as the world's leading market for silver.

Active speculation in this metal has within the past few days boosted the price to within the highest level in more than three years. Buying here has been so insistent that New York prices have recently gone to a substantial premium over London.

Were this premium to widen somewhat, it would undoubtedly swell the already large imports of the metal, although thus far it has not been large enough to leave a profit after payment of freight and insurance across the Atlantic.

Having touched 40 1/2 cents an ounce at the end of last week (with futures nominally quoted as high as 43 cents, the long agitated restoration in price of silver bullion has made marked progress since last December when it touched 24 1/2 cents, the lowest in history.

On factor in the buying of silver has been the quest for investors for a medium to protect themselves against depreciation of the dollar. With gold no longer available to the public in the United States, there has been some tendency to convert funds into silver. Probably more important, however, has been bullish speculation, based on agitation for inflation and the demands of various political interests that "something must be done for silver."

HIGH SCHOOL CLASS SPONSORS ORGANIZE AND DRAW UP RULES

In order to work systematically with the girls and boys of the Hagerman high school and to have a fair understanding among all classes, the following rules and regulations have been formulated by the various sponsors:

1.—It is a well recognized fact that girls and boys of high school age desire to have a social contact as well as intellectual training. It is also obvious that if there is not some centralized agency or clearing house of information, there will be a lot of confusion and overlapping of party and entertainment dates. It is for this reason that the sponsors are proposing these rules. The movement is started for the further reason of furnishing properly sponsored parties where girls and boys may go with the assurance that their interests will be cared for. It is understood however that the sponsors prefer to assume no responsibilities unless the rules and regulations herein set forth are observed by all concerned. Co-operation of parents is desired.

2.—No one shall be eligible for sponsorship except regular high school teachers.

3.—Sponsors are chosen by the respective classes and approved by the superintendent and board of education.

4.—The sponsors will be present at all class meetings. They shall advise the classes in regard to the conducting of class meetings, assist in the choosing and rendering of class plays, be present at all parties and entertainments which their respective charges take part in, or are guests to. Sponsors shall be responsible for the conduct of the children at any and all class meetings, and parties, and shall be accountable to the superintendent, who in turn shall be accountable to the board of education of the Hagerman high school.

5.—Regular class meetings shall be held at the respective rooms of the sponsors before 9:00 a. m. of morning, 3:45 p. m. in the afternoon or between 12:00 m. to 1:00 p. m. during school days.

6.—No class meeting shall be regarded as official without the presence of a sponsor.

7.—All class meetings shall be conducted in a business-like manner, observing Roberts' Rules of Order, insofar as is practicable.

8.—The class president will call all meetings except that the vice-president shall assume this duty in case the president is unable to attend a regular meeting for cause.

9.—Calls for class meetings must be posted in type-written form and signed by the sponsor and president, at least one day before the meeting unless this rule is suspended by the sponsor.

10.—Invitations given and accepted must be approved and signed by the president and respective sponsors. All official communications must be done likewise.

11.—All official communications must be through or approved by the sponsor.

12.—Class parties shall be distributed as equally among classes as possible. But no more than two classes will have sponsored parties in one week, and in that case invitations will not be extended to other classes or approved by respective sponsors. In cases where one class is inviting another class there shall be but one approved party. It shall be the duty of guest and host sponsors to notify other sponsors after accepting or extending invitations.

13.—It will be the general policy to sponsor parties only during week-ends but this rule may be suspended for good cause.

14.—It is agreed and understood that the Junior class is first in order presenting high school plays.

15.—The date of all class entertainments shall be officially agreed upon a week previous to the said entertainment.

HEALTH COLUMN

Conducted by Dr. J. R. Earp, Director, New Mexico Bureau of Public Health.

VACCINATION

At this time most county health officers are helping the school teachers to keep within the vaccination law of this state by seeing that all the children attending school for the first time have been vaccinated.

The compulsory vaccination law does protect a large part of our population from small pox. But there are some who came here since they left school and there are quite a number of children too young to go to school who have never been vaccinated. In the last four years there have been 58 cases of smallpox among children in the first six years of life and 44 cases among the children in the nine years of school age. Of these 44 cases 32 are known never to have been vaccinated and only 4 are known to have been vaccinated. It is clear that the school children are protected by our present laws and only in danger so far as the school teachers neglect their legal obligations. With the splendid co-operation of the department of education unvaccinated school children are becoming increasingly rare in this state.

But the children under seven years of age are unprotected. Parents should be far from satisfied with this situation. A highly fatal type of smallpox is endemic on the other side of the national frontier; most of the epidemics of virulent smallpox have come into this country from Mexico. The right time to have children vaccinated is at nine months of age. The child should first be immunized against diphtheria and then against smallpox; both before the first birthday.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

What don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Scented substitute, 25c at drug stores. © 1931 C. M. Co.

In The WEEK'S NEWS

INTO LIMELIGHT—George Jordan, Jr., husband and collaborator of the late Evangeline Adams, is making a strong bid for her place as world's foremost astrologist. He was brought into limelight by the Hecker H-O Company, and is shown making his first astrological broadcast, using the same theme that his famous wife did.

IN BEAUTY CROWNS—Finalists of the Atlantic City, N. J., Beauty Pageant were, left to right, "Miss California," Blanche McDonald of Hollywood, 3rd place; "Miss Connecticut," Marion Bergeron, 16-year-old West Haven girl, "Miss America 1933," and "Miss New York State," Miss Meyer, 19, of East Rockaway who won 2d prize.

THEY TURN TURTLE—into soup! First American green turtle farm has been established in Miami by Foods Inc. of New York, because of diminishing turtle supply. Huge hens keep the giant shellbacks in bounds. Photo shows several of the future oans of turtle soup.

MACHINE GUNS sprouted on Havana streets as forces in "sergeant's revolt" sought to bolster their shaky government. Photo shows former naval chief of staff, inspecting machine-gun unit in downtown park.

Why Liquid Laxatives are Back in Favor

The public is fast returning to the use of liquid laxatives. People have learned that the properly prepared liquid laxative will bring a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And mild liquid laxatives do not irritate the kidneys.

Doctors are generally agreed that senna is the best laxative for everybody. Senna is a natural laxative. It does not drain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It has the average person's bowels as regular as clockwork in a few weeks' time.

You can always get Dr. Caldwell's Syrup Pepsin at any drugstore, ready for use. Member N. R. A.

STATE FINANCES ARE IN BLACK FOR FIRST TIME IN THREE YEARS

The state of New Mexico during the 1932-33 fiscal year, for the first time in three years, operated within its revenue, according to the financial statement of the state treasurer made public at Albuquerque.

During the two preceding fiscal years deficits were shown.

For the 1932-33 fiscal year the state's receipts were \$12,400,972.61 and disbursements were \$12,109,453.53. For the previous year receipts amounted to \$12,416,992.21 and the state spent \$13,564,441.28. The year before that the state collected \$15,115,940.99 and spent \$16,023,790.40.

Of the \$12,400,792.61 collected by the state only \$1,991,275.15 was raised by property taxes. Business license taxes alone exceeded the property tax by \$505,250. Earnings of boards and departments amounted to \$92,206.53. During the year the state raised nearly \$1,000,000 by the sale of debentures, sale of certificates of indebtedness and by accrued interest on debentures.

While the state's bonded debt is \$2,343,193.16 the indebtedness on highway debentures is \$7,361,912.55.

On the basis of the state's debt on highway debentures, it was estimated that the amount needed monthly to retire debentures and make interest payments totals about \$130,000, while collections from the gasoline tax vary from about \$140,000 to \$175,000 per month.

The debentures run until 1941. The state also has on hand \$2,000,000 in unsold debentures.

Dexter News

O. E. Moore and Vail O. Stewart spent Tuesday in Roswell on business.

Mr. and Mrs. F. W. Stevens and daughters were in Roswell Sunday night.

Mrs. Joe Winkler of Roswell is spending a few days visiting Mr. and Mrs. P. P. Clark.

Mr. and Mrs. Carl Richter of Denver, Colorado were looking after business in Dexter yesterday.

Mrs. Clyde Barnes and Mrs. E. R. McKinstry of Hagerman visited friends in Dexter Tuesday.

Mr. and Mrs. C. R. Yoker of Roswell were looking after business in Dexter Friday afternoon.

Mr. and Mrs. Harry Holly and Mrs. R. C. Reid were shopping and visiting in Roswell Monday.

Mrs. Roy Skipworth and son came home Tuesday afternoon from Dunlap, where they spent the week-end with Mr. Skipworth.

Mr. and Mrs. Walter Anderson who have been on the sick list for the past week are very much improved and able to be out again.

Miss Dorothy Lewis and Ben Adams were guests of Mr. and Mrs. Roy Lee Hearn of Hagerman at a delicious waffle supper last evening.

H. C. Hart of Denver and Mr. Glascoe of Hartford, Connecticut were transacting business and visiting friends in Dexter Thursday afternoon.

Mr. and Mrs. Gardner of Hagerman were luncheon guests of Mr. and Mrs. R. F. Adams of Greenfield, yesterday, celebrating Mrs. Adams' and Mrs. Gardner's birthdays.

O. B. Berry returned the first of the week from Oklahoma City, where he was called last week by the serious illness of his mother. Mr. Berry left his mother very much improved.

Mr. and Mrs. Fenn Mitchell, Mr. and Mrs. J. A. Mitchell and Mr. and Mrs. J. W. Hammon entertained Saturday night with a dance at Lake Van. About sixteen couples were present.

Mrs. M. Y. Monical came home Sunday night from El Paso, where she spent a very enjoyable week as the guest of her daughter, Mrs. Frye. Mr. Monical, Dorothy and Josephine Monical and Wanda Preston met Mrs. Monical in Roswell.

Mrs. Fred Lewis entertained with a delightful one o'clock luncheon Sunday at her home in Dexter complimenting her daughter, Miss Dorothy's 17th birthday anniversary. Lovely pink sweet peas centered the candle lighted table where covers were laid for Mr. and Mrs. Roy Lee Hearn, Ben Adams the honor guest, Miss Lewis and the hostess. A line party was enjoyed following the dinner service.

The Junior Woman's club luncheon was postponed until October 4th instead of the date formerly

Special Session Of the Legislature Seems Likely Now

Prospects are imminent that Governor Hockenfull will call a special session of the state legislature before many weeks have passed. Those close to state affairs say several pressing matters may bring an early decision from the governor to convene a special session. Governor Hockenfull, they say may want the legislature's aid in carrying out some of the policies of the late Governor Seligman. Again a special session of the legislature is needed to devise new revenue since the passage of the 20 mill levy, which will cut more than two million dollars from the valuation of the state tax roll. Many predicted that the late Governor Seligman would have called a special session of the legislature to adjust the tax situation although no preparations had been made for this event so far as known.

Equally important is the fact that the legislature must provide revenue to purchase state land on which some of the proposed state parks are to be located. The federal government will supply \$1,000,000 for the state parks project under the public works program, but the state must furnish the land. In most instances land suitable for the parks is owned by the state penitentiary, some state schools or the common schools and in each instance the institution must be paid for the land granted it.

It was announced at Roswell yesterday that Fort Stanton will be abandoned and the patients there will be moved to Ft. Bayard. No official announcement, however has been made of the contemplated move.

Loose Leaf Binders, Special Ruling and Stock Forms—The Messenger

announced. The luncheon will be at twelve o'clock and will compliment the faculty of the Dexter school. It will be held at the home of Mrs. O. L. McMains, with Mrs. L. W. Marshall, Mrs. F. L. Mehlop, Mrs. O. L. McMains and Mrs. Paul McMains as hostesses for the day. Following the luncheon service, will be the regular business session and afternoon program, which is the "History of New Mexico."

The 4-H elimination contest was held at the Dexter school house Saturday afternoon, September 23. Dexter girls were as follows: First year cooking—Phyllis Wilcox, 1st. Second year cooking—Frances Cazier, 1st; Phyllis Marshall, 2nd; Willa Smith, 3rd. Third year cooking—Rosie Hubbard, 1st; Eula Marshall, 2nd. First year sewing—Phyllis Marshall, 1st; Willa Smith, 2nd. Second year sewing—Elsie Kunkel, 1st; Alice Lathrop, 2nd. Fourth year sewing—Eula Marshall, 1st. This was a very interesting meeting. All canning, cooking and sewing was unusually good.

RING LARDNER DIES

NEW YORK—Ring Lardner, 48, noted writer-humorist died Monday night at his home in East Hampton, Long Island, after a long illness.

BYRD SAILS

BOSTON.—The Bear, first of two ships which will carry Rear Admiral Richard E. Byrd's second Antarctic expedition to the South Seas, cleared port Monday amid the shouted farewells of well wishers. Admiral Byrd accompanied the old whaler as far as the outer harbor.

Cargo was stowed aboard the ice scared old whaler Sunday and all was made ship shape for sailing Monday morning. But a dense fog that blanketed harbor and ocean temporarily held up the ship's departure. The weather-wise along the water front predicted that the Bear probably could not get away for several hours.

FINANCE AMPLE TO RUN GOVERNMENT

SANTA FE—Chief Tax Commissioner Byron O. Beall said Monday the six mill levy for the ensuing year would, on reasonably good collection, produce enough money to cover approved budgets. He estimated the levy would produce about \$1,500,000.

50 DEAD IN STORM

Direct advices from Tampico, Mexico, Tuesday revealed an officially known death toll of 54, 850 injured and tremendous property loss from last Sunday's hurricane.

It was feared both figures might be raised by the discovery of bodies buried beneath debris and by the fact that no attempt had been made yet to officially estimate all injuries.

TAX ON TOBACCO

ALBUQUERQUE—Your smoking and chewing will cost a little more after October 1, according to present indications.

The processing tax on tobacco will go into effect on that date, along with a "floor" tax on stocks held by wholesalers and by retailers.

There are only one or two small processors in the state.

Cigars will be taxed at the rate of five cents a pound, cigarettes 7.638 a thousand, granulated smoking tobacco 3.696 a pound, burley 1.18 a pound, plug chewing, nine cents a pound, non-plug chewing 2.673 a pound, snuff 2.958 a pound and scrap 3.3 a pound.

CUTTING HOME

NEW YORK—Senator Bronson Cutting of New Mexico, returned Tuesday from a vacation trip to Europe.

"I've been out of touch with things for several weeks and it'll take me some time to find out what's been going on," the senator said when asked for comment on development in President Roosevelt's recovery program.

After a few days in New York Senator Cutting will go to his home in New Mexico.

PRESIDENT FAVORS PEGGING COTTON AT TEN CENTS POUND

WASHINGTON, D. C. — An administration plan to advance 10 cents a pound on this year's cotton crop to farmers who will conform to the 1934 acreage reduction program was predicted Friday by Senator Bankhead of Alabama after a call at the White House.

After conferring with President Roosevelt, Secretary Wallace and George N. Peek agricultural administrator, Bankhead expressed a definite belief that "a plan will be worked out as quickly as possible to advance ten cents a pound on this year's cotton crop to farmers in consideration of an agreement by the farmer to conform with the federal acreage production program and 1934."

The administration has set a goal of reducing the 1934 cotton acreage from 40,000,000 to 25,000,000.

Wedding announcements, printed or engraved.—The Messenger.

"I expected New Mexico to go for repeal," he said.

DIG UP \$73,250 RANSOM

COLEMAN, Texas.—From a cotton patch federal agents yesterday dug up \$73,250 ransom money buried by George (Machine Gun) Kelly, who is under guard at Memphis, acting on an unproved tip, the agents went to the farm home of Cass Coleman, an uncle of Kathryn Kelly, George Kelly's wife and arrested Coleman.

TEST GOLD HOARDING LAW

NEW YORK — Violation of President Roosevelt's gold hoarding orders was charged in a federal indictment yesterday against Frederic Barber Campbell, a wealthy attorney who has filed a civil suit to test the orders constitutionality.

Mrs. Nellie B. Donohoe, who was appointed to the \$7,000-a-year postmastership of Oklahoma City in 1920, is the highest paid postmistress in the country.
