Concerning Court,
Las Cruces, N. M.

Oct. 7th, 1890.

Mr. D. C. NOWLIN,
Sheriff of Lincoln Co.

DEAR SIR:—Of course you are aware of the appointment of Judge Freeman, and that he will preside over the courts of your district. He will doubtless desire to visit your counties for the purpose of determining where he would prefer to have headquarters established. I desire to have him hold the next term of your court and shall request him to do so. I hope he may arrive in time to hold court at the regular term—Oct. 20—but if he does not, he can hold a special term later and after the election, and this I am sure will be better for your county, as the regular term, coming the last few days before election, it would be impossible to hold jurors, witnesses and lawyers at court, as they will all desire to be out in the county. The regular term would be a fruitless one, but a special term would do some good. A special term can be called when a regular term lapses or is not held. I am satisfied you would like to have Judge Freeman hold your next term, that you may consult him about headquarters, and consequently, if he does not arrive in time to hold regular term, you will adjourn it as the law directs. When a special term is held notice will be given in the papers of the call.

Very Respectfully,
JOHN R. McFIE.

From the above, all who as witnesses or jurors, can govern themselves accordingly; parties will not be compelled to go to Lincoln until the special term is called, should Judge Freeman not arrive.

J. P. C. Langston, deputy sheriff of Lincoln county, who has been pursuing horse thieves from White Oaks for several weeks, is again in the city, and will probably return home this evening, being only partially successful in his pursuit. Since leaving here about eight days ago he has traveled 125 miles to the west on the hot trail of one of the thieves, but on reaching his rendezvous he found that the bird had flown, having been informed the night before that a deputy sheriff was camped in the vicinity and would capture him on sight. Retracing his steps to the city, he found one of the stolen horses at Los Padillas, on the river south of here, and will take the animal back to White Oaks. Mr. Langston is a fearless, persistent officer after stock thieves.—Albuquerque Citizen.

From the Roswell Herald:

An hour or two before we went to press, we were complimented by a call from Harry H. Taliaferro, of the house of Young & Taliaferro, of White Oaks. Harry is a younger brother of Jones Taliaferro, so long popular clerk of Probate, of Lincoln county, and Will Taliaferro, while editor and publisher of the Golden Era, at White Oaks, and subsequently at Lincoln.

Page Otero, one of the prominent young society gentlemen of the Meadow City, and a jovial boon companion of all young men, came in Saturday evening from White Oaks. Mr. Otero is interested in some mining operations in the Jicarillas which promise to turn out favorably, and during a lull in the work came down to the "future great" to take in the sights and visit many of his old friends. Mr. Otero is the guest of P. F. Garrett.

The building being erected by Mr. N. Costa, north of the Pecos Valley Mercantile Co., is nearing completion and in a short time will be ready for occupancy. We understand it will be occupied by Peter McCourt, the tinner, who will put in a complete stock of general hardware. This is a business that Roswell has been in need of for some time, and we are glad to learn that Mr. McCourt will soon be ready for trade.

Gus Seiber is making a bar for the new hotel that is a marvel of artistic workmanship. It is a sixteen foot bar made of native lumber, and we can safely say it is the finest piece of work ever done in Roswell. Gus is a genius as a wood workman, and anyone needing a neat piece of work would do well to call on him.

From the Lincoln Independent.

John Thornton, of Lincoln, has announced himself as an independent candidate for Sheriff of Lincoln County.

Chas. Fritz and Elmer Whitlock met with what came near terminating in a serious accident. They were on their way to Lincoln from Spring Ranch, and while crossing the bridge two miles this side of Spring Ranch, the team became frightened, upsetting the buggy. Its occupants fell down the bank, but only got their faces slightly marked.

The interest which Charles Dav-enport held in the Southwest Sentinel has been purchased by A. C. McDonald. This makes the third paper which Mr. McDonald owns. The Sierra Advocate, the Mesilla Democrat, and the Sentinel, one republican and two democratic.

Regarding Taxes.

Capt. Roberts, the tax collector, was in town a few days this week. He reports collections good among small tax payers. The heavy tax payers, he says, are holding off till the last moment in order to have the use of the money as long as possible. He says that notwithstanding the high assessment this year the tax is not as high as last year, being only \$1.76 on the \$100 without cattle tax and \$1.81 with. Last year it was a few cents higher. Capt. Roberts says that the taxes of Lincoln County are low compared with other counties in the territory. For instance, the people of San Miguel are compelled to pay \$2.45. In regard to high tax on lots in Eddy, the Capt. says that it must be paid, but that a rebate will be given upon satisfactory evidence that such tax has been excessive. He says that the Eddy county people who are withholding their tax until the first of January so that it will go to their county are laboring under a misapprehension. All taxes must be paid to Lincoln county, which will give Eddy county its pro rata.—Eddy Argus.

G. A. Richardson spent the latter end of last week and the front end of this down in the lower Pecos Valley, discussing the political status of the country with the yeomanry of those diggins. He addressed a large audience at Lookout Saturday evening on the issues of the day and will do likewise at Weed to night.—Rowell Register.

It is said that the agricultural bill passed by congress Aug. 30, appropriating \$15,000 the first year, \$16,000 the second year, and an additional \$1,000 each year thereafter to the agricultural schools, has been so construed by the comptroller of the treasury all these institutions, will this year receive \$31,000 each. The increasing appropriation continues till the annual appropriation reaches \$25,000, at which amount it remains stationary. Experiment stations will also continue to receive \$15,000 each year from the government.

It is hoped that the New Mexico bureau of immigration will this year repeat the advertising scheme so successfully adopted last year of sending out a car containing samples of New Mexico's products, and should it conclude to do so, it is hoped every progressive citizen of the territory, will assist in making up a display which will faithfully represent every section and every product of the territory.—Stock grower.

Did you ever meet a college-bred girl who did not have her Alma Mater? And why should not she, as well as her brother, think her own "the dearest and noblest and best"? After reading the charmingly written and magnificently illustrated article on "Student Life at Wellesley College," in DEMOREST'S FAMILY MAGAZINE for November, just received, we do not wonder at the enthusiasm of the Wellesley alumnae and students for the "Wellesley blue."

Every woman and every man, too, will be interested in the illustrated article about the "Fur-Sea"; the women because every blessed one of them loves a handsome sealskin garment; and the men because they want to know what they pay their money for, for "sealskin is sealskin" now, and costs a pile of money.

Indeed, this number of the Magazine really takes us all around the world. Starting at Wellesley, by simply turning the leaves we are transported to "The Land of the Lapps," and the numerous illustrations and vivid descriptions make us quite familiar with these queer people; then the illustrated serial story carries us to China, and we complete the circuit by visiting the seals in Alaska and Greenland, taking a little diversion by the way in reading "Chat" about society doings, and enjoying in imagination so many good things told about in the "Household," that we wish Thanksgiving were already come.

In fact, if you want to be amused with good stories, learn how to keep house and make it beautiful, how to keep well, or anything else that you want to know, take our advice and send your subscription (only \$2 a year) to W. JENNINGS DEMOREST, 15 East 14th Street, New York.

GOOD ADVICE.

Several years ago I was covered with Boils to such an extent that my life was a misery. After trying a number of other remedies without any benefit, I was advised by a wholesale druggist at Columbus to try S. S. S. (Swift's Specific) One bottle of S. S. S. cured me entirely. I have not had a boil since. To those afflicted with Boils or Skin Eruptions I give the same advice my wholesale druggist gave me—take S. S. S.

The legislative ticket, Richardson for the Council and W. C. McDonald for Representative, must not be overlooked. As yet these gentlemen have no opposition. What the republications are up to, or will do, relative to placing candidates in the field, no one is as yet advised. Should they endeavor to be cunning, and at the last hour spring candidates it will not avail, for the democrats are on the watch and will leave nothing undone to secure a full vote for the above named gentlemen. Richardson and McDonald will carry every county in the district by handsome majorities. Democrats are warned to be vigilant and do not fail to vote. There is no question but a scheme to run some incompetent—it may be tried; be on the watch and vote the full ticket placed in the field by the democratic party.

Capt. Roberts, the popular nominee of the democrats for sheriff, and endorsed by the Republican county convention, was a visitor at White Oaks Monday. Mr. Roberts' endorsement of the late republican convention was not of his own seeking or closest friends, but J. J. Dolan and a few of Mr. Dolan's friends in convention, saw no hope for a republican against Capt. Roberts and thought it a shrewd move to make no nomination, and Mr. Dolan against the protest of Col. Heman and other republican leaders, carried his point. Last

week, one J. J. Thornton, at the solicitation of the astute Dolan, announced himself as a candidate on the republican ticket for sheriff. Dolan cannot fool his republican friends in the manner the democrats were taken in two years ago, and at this late date it is useless for the Thornton-Dolan combine to poll sufficient votes to make a showing. Democrats do not want any more of Dolan and his schemes. Capt. Roberts is stronger to-day than the day the republican convention endorsed him. Dolan, as the new boss of the republican party does not take well among even the G. O. P., here.

Paul Mayer is a worker. As the Chairman of Democratic Co. Committee, is doing and will do, all in his power to make the Democrats winners, by the largest majority ever given in this democratic County of Lincoln, and democrats throughout the county, are especially notified to correspond with the Committee, who will appreciate any information tendered, no matter how humble, and all will receive immediate attention. Our Committee are hard at work, and every democrat should make it a personal matter and give them every assistance possible.

M. Cronin, the candidate of the democrats for Co. Judge, will receive the usual big vote he generally receives; for in every public place Mr. Cronin has been placed, he has done so well that the people want him to continue.

W. J. Taliaferro, the candidate for probate clerk, was this week in town, and has here a great number of friends. Mr. Taliaferro is making a strong canvas and will go to the front, receiving as large a vote as the rest of the ticket. W. J. is very popular and has not an enemy in the county. Between him and Sena the best of feeling prevails, but W. J.'s experience in office and his general good conduct, will draw his friends closer and closer. Will J. T. will get a rousing vote.

George Curry, the democratic nominee for assessor, is making a strong canvas in the county, and will get the full strength of his party friends, and not a few republicans, who have been the recipients of his many acts of kindness, as a public officer and a private citizen. Where George Curry is best known, there he will receive the largest vote, for no man in Lincoln county, has done more for his friends than George Curry; always extremely liberal to the poor man, and now they will to a man reward him for it. His opponent, a wealthy man, is not in need of the office.

Supt. Schools, J. E. Wharton, has no opposition of any consequence. When he takes the oath of office Lincoln county will have one of the best Superintendents in the Territory.

Voters should bear in mind that the office of Commissioner, is one of the most important in the list and if the candidates in the field, Messrs. Mayer, Hinkle and Lujan, whom the democrats to a man will vote for, were selected for their ability to conduct the affairs of the county upon the same policy and sound business principles, shown by Messrs. Cronin, Henley and Green. Mr. Mayer is one of the best known business men in the county; in his private affairs has shown such traits of character as will commend him as an exceptionally safe man for Commissioner. Mr. Hinkle, who in his locality no man stands higher. Mr. Lujan is a representative native born citizen, popular, and a good business man. Their opponents are comparatively inexperienced business men, and were not selected with any idea of being elected. Voters of Lincoln county, we present these names as worthy of your votes regardless of party, and for the continued good government of Lincoln Co.

Gov. Prince, in an interesting interview with a reporter of the New Mexican, is still for statehood. He is of the opinion that the late election, was a calamity, but not irreparable. He thinks that under the Joseph Bill now before Congress, we can have a new Constitution and be admitted by October first, next. Yes, with a fair and decent instrument, the democrats are for statehood. Give us a Constitution that will be adopted by a two-thirds vote and it will not be necessary to make it partisan, either.

A few republicans in the county are tendering Jack Thornton aid and assistance, after their party endorsed Capt. Roberts, and why they should do it is one of the surprising things of the canvas. Mr. Thornton, we understand, does not claim to be a republican. The ways of the G. O. P. in Lincoln county are past any solution—one thing sure they are demoralized.

The Farmer's Alliance people are contented with the outlook. Their endorsement of McDonald and no opposition to either Richardson or McDonald, suits the Farmer's Alliance to a man. Capt. Roberts they will fight strong for. Their opposition to Thornton is based upon the ground that he is a saloon man and keeps one at Lincoln.

Richardson and John Y. Hewitt made a decided hit at the Nogal meeting.

Scipio Salazar is looking after his fences and will receive the support of his party to a man.

Dolan is trying hard to imitate Riley, the Jimmy from Dona Ana. He will fail—it needs considerable brains.

Candidates are thick since the Nogal meeting last Saturday. The democrats were pleased with the attendance.

Democrats should not fail to register. The new election law will be strictly adhered to by the parties this fall.

Catron, Fountain and Chavez, have one and all, received legislative nominations. What an outfit to get a hold on the next legislature. Catron and Fountain may get left.

Jimmy Dolan is the biggest man in the G. O. P. ranks now. He has done what none of the leaders could do—get a man to run for sheriff.

Our Chaves and Eddy friends are united on the legislative ticket, regardless of the bitter local fight for sheriff, and one or two small offices.

Poor Sena—his republican howlers since Thornton come out, have forgotten him. They will trade anything—even Sena, to get a vote for Dolan man.

Our Republican friends are after some one to make a race for the legislature, but men competent and with any natural shrewdness, do not want to sacrifice themselves.

If Dolan got left on Matthews for assessor, he proposes to play back at his enemies, in a boyish effort, to run a man single handed against the democratic and republican nominee for sheriff.

Not a candidate on the democratic ticket will consider anything but a straight pull and a pull altogether. Such unity as exists all along the democratic lines, is a sure indication of an overwhelming victory.

The next board of County Commissioners the republicans do not expect to elect—either of the men whom they nominated. They have nominated only two; if they had any idea of electing a commissioner they would have nominated a full board.

A prominent republican, after Thorntons visit, stated that the fellow was a democrat and he would prefer to stay with Roberts. The conservative, thinking republicans are strongly in favor of Roberts, and recognize him as a safe man for the responsible office of sheriff.

LOCAL MATTERS.

Ozanne & Co. have some nice fruit.

E. W. Parker was at Lincoln last week.

Roswell city gave 126 majority against the Constitution.

C. B. Eddy, of Eddy, has gone East on R. R. business.

Geo. Ulrick will be in Liberal, Kansas by Saturday evening.

Joseph will carry Lincoln, Eddy and Chaves counties by 600 majority.

Goodman, Ziegler & Co. have received new goods 'most every day this week.

The Chaves County Herald, is the name of the new paper at Roswell, run by Erwin and Fuller.

Self Raising Buckwheat—Pure Sorghum—Cabbage—New goods—Stewart of White Oaks.

Justice Miller of the United States Supreme Court, died at Washington Monday night. He was appointed by Lincoln.

John Y. Hewitt was at Lincoln; arrived home Wednesday evening. The democrats all over the county are a unit for the ticket.

The Western Liberal, published at Lordsburg, N. M., is clothed with new type, improving the paper greatly.

The machinery for the Wilson mill has arrived and is fast being put in place. In a few weeks we have one more gold mill in White Oaks.

The Leader last week was "inclined to the belief, that the Constitution was carried by a fair majority." The writer was only short about 8,000, or more.

Prof. Robertson is with his son, who represents Brown, Manzanaras & Co., on a trip through the county, having arrived Thursday overland from Las Vegas.

Jas. A. Allen, the proprietor of the INTERPRETER, is a very sick man, being confined to his room with an attack of pneumonia. At this writing is improving.

The registrars, Messrs. Geo. B. Barber, W. C. McDonald and Paul Mayer, have opened the books at the office of Paul Mayer, where everybody entitled to vote should go and register.

Geo. Curry, probate clerk, W. J. Taliaferro, Tom Tillitson, A. F. Gunter, J. J. Thornton, Judge Fredericks, George M. Peppin, M. Sisneros, were among the many politicians in White Oaks this week.

We will announce in our next issue the exact date of the final Democratic Mass meeting, at which time and place prominent speakers, will be in attendance to deliver addresses in both English and Spanish.

John Y. Hewitt, attorney at law, has purchased the law library of John J. Cockrell, late of Lincoln, making a very valuable addition. The library with this addition is one of the most complete in the territory. Mr. Hewitt is to be congratulated upon his purchase. Dr. Cockrell, a brother of John J., is closing out the affairs, and reports his brother beyond any hope of immediate recovery. In addition to the large number of books Mr. Hewitt secured the elegant office furniture.

Geo. M. Peppin, one of the old timers, was a visitor at White Oaks Wednesday, in company with candidate Thornton, aspirant for the office of sheriff, was interviewing the G. O. P. people. Where Thornton and his friends expect to receive votes, is one of the conundrums of the campaign. Too late in the day to spring any new schemes. Capt. Roberts' friends are now solidified, and he will receive more votes than otherwise—no apathy. All are now at work.

Tom Tillitson, with his candidate for assessor, Mr. Gunter, of Penasco, was interviewing friends at White Oaks, from Sunday until Tuesday. Both are gentlemen who are prominent in their party, but the chances for a republican on the county ticket to be elected, are conceded to be forlorn. Mr. Gunter's opponent, Geo. Curry, will poll his party vote in this neck of the woods, and will carry the county by 200 majority.

Deputy Sheriff Langston is at home, after an absence of three weeks on the trail of horse thieves, who of late have been operating in this vicinity. The officer succeeded in locating his men and recovered one of the horses. The thieves took off the shoes from a stallion stolen from Capt. Kempton, which Langston found. The country from Albuquerque to the Arizona line is a hard nest, and once a fugitive escapes it is almost impossible to capture him.

Michael Cronin, Scipio Salazar, W. C. McDonald, Geo. Curry and G. A. Richardson, with a few other democrats, have a good many warm personal friends at Raventon, which the invincible Capt. E. McB Timoney, will be unable by his overpowering eloquence and bland cross-road smile, to control the native on November 4th.

Col. W. H. Weed has arrived home at White Oaks. He tells the papers of his enterprising little town that while in the metropolis he had a good time. THE CITIZEN desires it to go down in history that the colonel made things hum during his sojourn among our citizens.—Albuquerque Citizen.

Anthony Joseph has written that before the close of his canvas, he will pay Lincoln Co. a visit. Next week will give full particulars.

Joe Whiteman is behind the counter at Goodman, Ziegler & Co's store. Joe is a popular salesman and will be pleased to see his many old customers and new ones at this popular place of business.

J. O. Nabours is at Liberal, Kan., at the bedside of W. C. McDonald, and should Mc get worse will notify White Oaks people at once. We are hoping to hear of Mr. McDonald's improved condition.

Frank Tatti has a goat ranch near Nogal. On the 10th inst. several bear were seen in the vicinity. Messrs. Wharton, Bearup, Henley, Brown and Nugent, at Nogal, organized a hunting party, and succeeded in killing 5 bear. Editor Wharton, of the Banner, is the boss bear hunter, having killed three of the five.

News was received by telegram from Liberal, Kansas, that W. C. McDonald, of this place, was a dangerously sick man. Messrs. Ulrick and Scott left Wednesday evening for Kansas, where everything possible will be done for the sick man. We will advise our readers more at length upon receipt of further particulars.

The social given by the teacher and students of the New West Academy, held at Young & Taliaferro's Hall on last Friday evening, was well attended, and everybody present enjoyed themselves and were highly entertained. The receipts above expenditures amounted to \$21.25.

The INTERPRETER people feel proud of the vote, of the majority 360, given against the so-called Constitution, by the people of Lincoln county. We feel especially complimented for the endorsement accorded to the position which the INTERPRETER maintained upon this question from the start. Now to our kind readers; do as well by Joseph and the Democratic ticket, on November 4th, and we will not have labored in vain.

The Commissioner of the General Land office, rendered his decision in the case of Paden vs. Wells et al., involving the title to the tract of land known as the Martin Mill site. The decision affirms the title to Paden and sustains the decision made by the Local Land office. Dr. Paden has again been successful at every point; his right and title to lands claimed East and adjoining the town of White Oaks has been sustained. It seems now that after repeated and unsuccessful attempts to contest Paden's claim, parties would quit in disgust, and no doubt this would have been the case long ago, if parties were compelled to file such a bond as would make them liable for the damage and expense sustained by Paden. When the Doctor receives his patent, then and not till then, will the relentless persecution subside. It is an awful good time to halt now. We will publish the syllabus of the decision next week, which will be interesting reading to many citizens of White Oaks, who never did know the exact status of the case.

The candidates on the Farmer's Alliance ticket are being pressed into prominence by some of the republicans, who will not vote for a candidate on the Alliance ticket, but by a well matured scheme they are giving such men as Sanders and Vega, false promises. Especially are they striving to get democrats to vote for Sanders in the Penasco country; thus cutting Taliaferro and elect their man Sena. Now, democrats to a man should support Taliaferro, and not throw away votes on Sanders. We do not care to single out a candidate on the Alliance ticket, to make war on, but to Mr. Sanders' friends, who are democrats, we can safely and assuredly state, that Mr. Sanders has no earthly show; he cannot possibly receive a sufficient number of votes to give him a plurality, and it may result in the defeat of Mr. Taliaferro. Should Mr. Taliaferro be defeated by a bare plurality, it will be done by a few democrats, who will vote the Alliance ticket in the Penasco country. We appeal to our democratic friends to stand by Mr. Taliaferro.

Ross, Fergusson and Childers, were noted by the republican press of the Max Frost type, as being of no consequence. The above named gentlemen with their friends in the Territory, too numerous to mention, are content with the record made; to be sustained by such an overwhelming majority, is sufficient in itself. The boss element are forever relegated to the rear. Catron, Otero et al. are through; their strength can be measured now.

The Republicans are openly asserting, that the only man they hope to come near electing is Sena. This they propose to do by the Alliance democrats voting for Sanders. We trust this foolish, suicidal course will not be persisted in by the Alliance people.

When Capt Timoney called upon Maj. Caffrey, to hand down Capt. Roberts' name from the head of the G. O. P. ticket, and place in its stead the name of J. J. Thornton, the Maj. outranked the Capt. and told him to retire; thus endeth, in a summary manner, Chapt. I. Who is boss here in the G. O. P.?

Our republican politicians enjoyed a cane fight among themselves, last Wednesday. The chief combatants are very much ashamed of the affair. Keep on your fights with one another; it is music for democrats.

The republican war horse of the Lincoln Precinct, Judge Fredericks, was at White Oaks Thursday. For Capt. Roberts, as endorsed by the republican convention, is the motto of Fredericks and his friends. Judge Fredericks says Thornton will be badly left all over the county.

ELECTION RETURNS.

The following are the full and complete returns from every county, but one. San Juan, in the Territory. The official canvas will not vary but little from these figures. Thus we see the Constitution and Republican bossism, has been rebuked by 7,000 majority.

COUNTIES	FOR	AGAINST.
Bernalillio.....		1,300
Colfax.....		500
Dona Ana.....		400
Grant.....	250	
Lincoln.....		360
Mora.....		1,000
Rio Arriba.....		500
San Juan.....	Not heard from	
San Miguel.....		1,200
Santa Fe.....		500
Sierra.....		350
Socorro.....		650
Taos.....		1,200
Valencia.....	300	
Total.....	550	7,960

Following is the total majority in Lincoln, Chaves and Eddy counties—these returns are official:

Lincoln, majority against	170
Chaves, " "	127
Eddy, " "	63
Total.....	360

The figures would have reached 500, but in Chaves Co., Roswell was the only precinct that held an election. Thus, the Republicans with all their boasting, have been overwhelmingly defeated.

Buckwheat Cakes and Maple Syrup—How does that strike you?—Stewart of White Oaks.

Timoney and Caffrey are not in the field yet as legislative candidates—both knocked out by the Lincoln crowd. Our Lincoln friends are severely blamed for their influence in the arrangements which the gentlemen were perfecting to place themselves in the front a la Joe Cannon style.

The efforts of the republicans to create a sentiment for Jack Thornton among democrats, claiming that he is a democrat, is amusing. Mr. Thornton was appointed Meat inspector and has held office under republican administration. His democracy is of the same order as J. J. Dolan's.

The World Enriched.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes

DEMOCRATIC PLATFORM.

We, the Democratic party of the Territory of New Mexico, in convention assembled, reaffirm our allegiance to the time-honored principles of the National Democratic party as enunciated in the platform adopted at St. Louis in 1888.

We demand the free coinage of silver. We arraign the National Republican party for squandering the surplus revenues in the treasury in order to furnish a pretext for increasing tariff taxation on the necessities of life—for depriving Democratic constituencies of their representatives in Congress and arbitrarily seating republican candidates who were not elected by the people—for adopting an arbitrary and unconstitutional system of rules in the House of Representatives and thereby suppressing the rights of the minority—and for attempting to pass the Lodge election bill to suppress free elections and subvert the rights of the states, in utter disregard of the Constitution of the United States—and practically for having awarded seats in the Senate of the United States to two Senators from the state of Montana, who were not lawfully elected thereto.

As heretofore, we reiterate, that the General Government has been and still is, heedless of the rights of New Mexico and its obligations under the treaty of Guadalupe Hidalgo in failing and refusing to pass such a law as will secure the prompt and speedy settlement of land titles in New Mexico.

We declare that the native population of New Mexico are entitled to the lands held by them or their predecessors under the laws of the Republic of Mexico, and that their rights thereto should be respected.

We endorse the course of Hon. Antonio Joseph, our delegate in Congress as a zealous and faithful public servant, at all times tireless in his efforts in behalf of the people of New Mexico, and heartily commend him for re-election.

We denounce the action of L. Bradford Prince Governor of New Mexico in requesting the quartering of United States troops in the county of San Miguel to overawe the people under the pretext of resistance to the civil authority, when no process was in the hands of the officers of the law unreserved, as in keeping with the spirit of contempt for the civil authorities usually reserved by the Republican party.

We arraign the Republican party of New Mexico for reckless disregarding the will of the people and turning out of the last Legislature duly elected Representatives in order to secure a majority sufficient to pass iniquitous measures over the executive veto.

We arraign them for passing a libel law contrary to the spirit of the age in order to suppress free speech and a free press; for the passage of a change of venue law in the interests of a single corporation and thereby so increasing the cost and delay of litigation as to amount to a denial of justice; for passing a law changing the practice in taking appeals to the Supreme Court, applicable only to a limited number of cases in which Republican members of the Legislature were either parties or attorneys; for assuming the powers of the Territorial Executive in order to place in office incompetent and corrupt party favorites; for passing a law authorizing the competition of convict with honest labor; and for passing many other outrageous laws subversive of the rights of the people.

We condemn them for failing and refusing to enact such legislation as would secure to the Territory an efficient public school system, and for a manifestation of general hostility to public education, as shown by their defeat of the effort to establish such a system by the last Legislative Assembly, as well as their denunciation of the Perkins' Bill for the reason that such a system for the education of children of the masses would require the taxation of large land grants.

We condemn the Republican party of New Mexico for placing the management of the Penitentiary in the hands of a Board composed of perpetual incumbents of public office, which Board, in defiance of public opinion, has given employment almost wholly to relatives of the members thereof, and turned what was intended to be a reformatory institution into a house of debauchery.

We denounce the prostitution of the Courts by packing juries to secure wholesale indictments for crime against innocent persons as a means of intimidation for political purposes, and as a further means of rewarding a horde of party strikers who are kept in attendance on Courts as witnesses, term after term, while refusing the accused the speedy trial guaranteed by the law of the land.

We declare ourselves in favor of the unequalled repeal of the Act of Congress of 1859 restricting entries on the public lands, and thereby retarding the progress of the Territory; and of the repeal of the law prohibiting the investment of foreign capital in our mining industries.

We condemn the Republican party for passing such an act, authorizing the holding of a Constitutional Convention, as deprived the Democratic counties of the territory of any opportunity to secure a fair and equal representation in said Convention, and of attempting to foist upon the people a Constitution framed in the interest of that party alone, and discriminating in favor of the few as against the masses.

We declare that the Constitution so framed would, if adopted, deprive the people of the State of the right to elect the judges of the Supreme Court, while providing for the election of the judges of the District Courts by districts so constituted as to render such right valueless. We further declare that said constitution denies to the Executive the power usually conferred by such instruments, and makes him the mere puppet of the Legislature by subjecting him to suspension from office upon impeachment without trial. We further declare that said Constitution limits the power of taxation upon personal property as to enable all large property interests of individuals and corporations to escape the just burdens of the government, and inequitably and unjustly authorizes the same to be imposed upon particular articles and occupations.

We further declare that this proposed system of taxation will not produce, by property tax, sufficient revenue to support a State government and meet the public obligations, thereby rendering it absolutely necessary to impose a tax upon particular articles and occupations, thus making the masses pay for the benefits of the government received by the property of the few.

We further declare that said Constitution makes such an arbitrary and partial apportionment for the election of members of the Legislature as to virtually disfranchise opponents of the Republican party. We further declare that the action of pretended apportioned Convention, on the 18th day of August, 1890, was taken without color of legal authority and without the presence of a quorum of said original Convention, and that the manifest object of a change in the date of the submission of said instrument to the purpose of defeating a full and fair expression of the popular will thereon.

We therefore call upon all patriotic citizens of New Mexico to go to the polls on October 7th next, and vote against the proposed partisan Constitution, to the end that all advocates of Statehood for New Mexico may without regard to present or future party affiliation unite in an honest effort to secure from Congress an Enabling Act, for the submission of a fair and just Constitution.

Word from Clayton is to the effect that Capt. John H. Riley of Las Cruces, was nearly killed there recently through the behavior of a wild steer. It appears that the dapper little Dona Ana statesman was assisting in the branding of the animal and a pole was lashed to his horns with which the better to hold him down. The steer got loose and dashed away, passing Capt. Riley in such a manner as to bring the end of the pole against his head and knocking him cold. He was picked up for dead, but restoratives soon brought him around all right, although the wound on his face is a fearful one, the flesh being cut and lacerated until the cheek-bone is exposed to view. Had the pole struck him an inch higher, in the temple it is probable that instant death would have resulted. His friends here wish him a speedy recovery.

Mrs. Lee. "Yes, and last week you said you wished I could manage to look as stylish as Mrs. Allen,—and she makes all her own clothes. But she has what I haven't."

Mr. Lee. "What is that?"

Mrs. Lee. "Well, she gets all of her information from the Magazine they take. I admit that she knows all that is going on, and is bright and entertaining in conversation; but I could do as well as she does if I had the same source of information. She lent me the last number of her Magazine lately, and I learned more in one hour's reading, about various social matters and the topics of the day, than I would pick up in a month by my occasional chats with friends. It certainly covers every topic of interest, from the news of the day down to the details of housekeeping; and everything is so beautifully illustrated, too. Every time Annie goes over to the Allens she comes back and teases me to get you to take Demorest's Family Magazine, as the stories are so good. Even the boys watch for it every month, as a place is found for them also in its pages; and Mr. Allen swears by it. It is really wonderful how it suits every member of the family!"

Mr. Lee. "Well, perhaps I had better send for a Specimen Copy; for, if it is anything like what you say it is, it will amuse and instruct the whole of us."

Mrs. Lee. "I see that W. Jennings Demorest, the publisher, 15 East 15th Street, New York, is offering to send a Specimen Copy for 10 cents, so we can't lose anything, as each number contains a 'Pattern Order' entitling the holder to any Pattern she may choose, and in any size—which alone makes each copy worth 20 cents; and I just want a jacket pattern like Mrs. Allen's. The subscription price is only \$2.00 a year; and I must say I can't see how they can publish so elegant a Magazine for so little money."
