No. 41

1910--The Standard Wishes You a Happy and Prosperous New Year--1910

## MAKING PLANS

THE beginning of the year is always the time to look backward and forward—backward at what has been done; forward at what we intend to do. If you are laying plans, be sure that they include a good bank account. With a comfortable sum in our bank, 1910 will offer more opportunities than any previous year. If you have never had an account with us get started with the new year and let us help you as we are helping hundreds of your neighbors and friends. One dollar is enough to make the start.

WE KNOW YOUR WANTS and WANT YOUR BUSINESS.

## ANOTHER DEAD NEGRO 639 POLLS ARE PAID

Jim Desnuka Shot and Killed by Jim Smith Christmas Night--Both Parties Negroes.

Brady's colored population was decreased by one as a result of a Christmas night fight among the blacks. Jim Desnuka, known as "Big Jim," and Jim Smith, better known as "Yellow Rose," became involved in a difficulty about 9:00 o'clock Saturday night. Both parties pulled guns and a number of shots were fired by each. When the smoke of battle had cleared away Desnuka was found to be shot in the back, and Smith had fled. The injured negro was shot through the kidney and intestines and his wound proved fatal, his death occurring at about 5:00 o'clock a. m., Monday.

Officers immediately took the trail of Smith with the result that he was captured near Brownwood early Monday morning by Sheriff Sansom and the Brownwood officers, the fugitive having footed it all the way to that city. He was lodged in the Brownwood jail for safe keeping and a charge of murder preferred against him.

This is the third negro killed in Brady this year, and in each killing the slayer was also a negro. It begins to look like the Brady negroes will eliminate themselves via the pistol route if they are permitted to stay long enough.

Tax Collector's Office Reports Collections Coming in Slowly—Only Month's Time Left.

Up to Tuesday there were only 639 voters in McCulloch county qualified to vote in the elections next year. There were 2142 polls assessed this year, and of this number 639, or a little more than one-fourth, have as yet paid up. The number paid by precincts is as follows:

PRECINCT	POLLS
1, Brady	155
2, Bear Creek	12
3, Camp San Saba	17
4, Voca	60
5, Rochelle	80
6, Cow Boy	15
7, Milburn	9
8, Lohn	56
9, Waldrip	28
10, Stacy	35
11, Mercury	34
12, Fife	31
13, Pear Valley	23
14, Melvin	22
15, Mt. Tabor	19
16, Cal' Creek	13
17, Placid	27
18, Lost Creek	3
Total polls paid to date	639
Total polls assessed	2142
Total amt. polls assessed	\$3,748.50

In the payment of state and county taxes there has as yet been no grand rush made, says Deputy Silas Mayo. The total assessed values as shown by the rolls is \$5,274,363, yielding a revenue of \$52,989.84. Of this amount Mr. Mayo estimates that perhaps one-fifth has been paid.

The tax payers are reminded

## E. A. DAVIS (BIG DAVIS) RANCH

We are offering the Davis Ranch for sale, which consists of 10,000 acres of land, situated four miles south of Brady and is a very fine body of land—about half of it being fine farming land and the other half a fine proposition for stock farming, dairying, and for feeding cattle it is just the thing.

This ranch has about 1400 acres in farms and has about eight sections fenced with twenty wires and cross-fenced, making about four sections in each pasture, fenced absolutely hog, sheep, goat and wolf proof. Being well watered and well located, either of these four-section pastures will make a fine little ranch for anyone. We will sell any part of this land to suit purchaser and on very reasonable terms.

For further information call on us at our office, over Jones Drug Store.

## MEERS LAND COMPANY

that after Jan. 31st all taxes remaining unpaid will be subject to a penalty of ten per cent, and poll tax receipts issued after that date will not entitle the holders to vote. There remains only about one month in which to settle up with the tax collector, and the people are reminded that it ought to be done before the final big rush, thus avoiding the necessity of having to line up in the collector's office and await your turn, which sometimes requires much valuable time.

Get busy and pay up!

### Cutting Scrape.

In a boyish scrap last Wednesday night Pete Sims was stabbed and a boy named Nixon is charged with the cutting. Sims received a wound in the region of the heart which the attending physician says might have been very serious had it been a quarter of an inch lower. As it is the wound is not thought to be dangerous.

Dr. Paul Sheppard was down from Melvin Monday on business.

### A Sad Death.

Mrs. Effie Kindley, wife of G. W. Kindley, died at the family home in the southwest part of town Christmas night, after a lingering illness covering a period of several years with tuberculosis. The funeral took place Sunday afternoon, with her pastor, Rev. L. C. Matthis, in charge, and a large concourse of Brady's good people showed their sympathy in helping to lay the remains away.

Mr. Kindley's lot has, indeed, been a hard one. Only a few weeks since, he buried his little baby boy, the fourth child out of a family of six to precede its mother to a home on high. And now the mother is gone, and the father is left with two little children to care for and raise without a mother's guiding hand. The hearts of all Christian people will go out to this bravely struggling man, smitten by the hand of fate, yet bravely struggling on. The Standard joins in this expression of sympathy.

The Standard, \$1 per year.

### Bridge Bond Election.

The date for the bridge bond election is Saturday, Jan. 15th, 1910. There are three propositions to be voted on at this election, concerning the building of iron bridges at Voca, Waldrip and Stacy. The election will be so held that the voters can vote for one set of bonds while voting against the others. All three of the bridges are badly needed and it is to be hoped that the election will result favorably in all three cases. Remember the date, Saturday, Jan. 15, and be sure to go to the polls and vote.

Judge C. A. Wright, of Amarillo, was here the first of the week. Mr. Wright was formerly county judge of this county and has many friends here who will be glad to learn that he is doing well in his new home.

Mrs. Knight, wife of Rev. W. A. Knight, returned Friday from Dallas, having sufficiently recovered to be allowed to leave the sanitarium. She is now on the highroad to recovery.

### Trades Day January 8th.

The Trades Day will be held on Saturday, Jan. 8, and Dr. Lindley who is promoting the big auction sale of town lots for that date, says he will have the list of premiums for the occasion greatly enlarged in every line. This trades day feature is a good one for both town and country people, and The Standard desires to see it made a success. Don't forget the date.

Will Russell, a prominent young Brady citizen, and Miss Laura Woodress, lately of Georgetown, were married Saturday afternoon at the residence of Rev. L. C. Matthis, pastor of the Methodist church, who performed the ceremony.

Dr. Mahaffey, of Mt. Vernon, Texas, was here last week prospecting for a location where he might establish a sanitarium. He is an old friend of A. B. Walker, and is the kind of citizen whom we are glad to see come among us.

O. D. Mann & Sons have the thanks of The Standard for the two best calendars we have yet seen. One for the home is a work of art, an ornament indeed, and the one for the office is just the thing needed for business.

The brick masons are stringing up the walls for the new Fitzgerald building rapidly since the holidays.

A. W. Tipton, wife and son, Henry, left Tuesday for a visit to relatives at Cisco, Putnam and Scranton, Texas. At the latter place a family re-union will be held in celebration of a marriage ceremony, wherein the fortieth wedding anniversary of Mr. Tipton's aunt will be observed, and a niece will be given in marriage. Mr. and Mrs. Tipton will be absent from the city for ten days or two weeks.

C. E. Taliaferro was down from Melvin Monday on business.

### IMPROVING THE PLANT

Brady Water and Light Company Making Extensive Improvements in Local System--New Deep Well.

Work was started last week on extensive improvements in the plant of the Brady Water and Light Company which calls for the expenditure of several thousand dollars, and which, when completed, will give them an up-to-date system in all departments. Chiefest among these improvements is the drilling of a new 14-inch deep well, work on which was begun last Thursday. C. E. Wallace, of Pittsburg, Pa., has the contract for this work and his contract calls for "good water and plenty of it."

In an interview yesterday with a Standard reporter J. H. White, president of the company, stated that A. M. Martin, a hydraulic engineer, had been employed by his company to thoroughly overhaul the plant, and that new and modern machinery would be installed. Mr. Martin will arrive next week and will immediately begin the improvements.

The company is also contemplating the erection of an ice factory, but this matter will not be definitely settled until after Mr. Martin's arrival. The plant, if installed, will be strictly up-to-date in all departments and will

be of from 15 to 20 tons daily capacity. Mr. Martin will have the bids on this work when he arrives and the matter will be decided within a few days.

A. Ogden was very painfully, though not seriously injured Tuesday night by falling from the porch at his residence. Mr. Ogden is almost blind and in walking from his room out onto the porch misjudged the distance and fell to the ground, striking his head against the cement cistern and sustaining other minor bruises.

The old fashioned way of dosing a weak stomach, or stimulating the Heart or Kidneys is all wrong. Dr. Shoop first pointed out this error. This is why his prescription--Dr. Shoop's Restorative--is directed entirely to the cause of these ailments--the weak inside or controlling nerves. It isn't so difficult, says Dr. Shoop, to strengthen a weak Stomach, Heart or Kidneys, if one goes at it correctly. Each inside organ has its controlling or inside nerve. When these nerves fail, then those organs must surely falter. These vital truths are leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. Test it a few days, and see! Improvement will promptly and surely follow. Sold by Central Drug Store.

Conductor B. J. Fitzgerald of the Frisco is taking a layoff and is spending the holidays in San Antonio.

Mitch Johnson, tax assessor of San Saba county, was a visitor to the city yesterday.

### To The Public.

The last Legislature of the state of Texas passed a law establishing a State Fire Rating Board, which Board establishes rates for Fire Insurance in Texas and prescribes conditions under which the same may be written. The Fire Insurance Companies have no say as to how a policy shall be written or what rate shall be charged as that is fixed by The State Rating Board.

The following is a copy of one of the paragraphs of the law: "Sec. 7. No Fire Insurance Company shall engage or participate in the insurance of any property located in this State unless the schedules of rates under which such property is insured has been filed in accordance with the provisions of this act; nor shall any Fire Insurance Company knowingly write any insurance at a rate different than the rate named in its schedules subject to the provisions of Section 6 hereof, or refund or remit in any manner or by any device any portion of the rates so established, or extend to any insured or other person any privileges, advantage, favor, inducement or concession except as is specified in such schedule."

Under this Section the Attorney General has ruled that a Policy shall be paid for when it goes into effect as the granting of credit to the Insured by an Agent is extending a favor or inducement to take the policy of Insurance.

Section 13 of this Act makes the penalty for the violation of this Act \$100 fine or ninety days in jail or both such fine and imprisonment.

The rates on all Insurance will be established as soon as the experts of the Rating Board can get to us which will be within a month or two and until then all insurance will have to be written conditioned upon the change in rates by the Rating Board.

### NINE NUGGETS.

Nine, Texas, Dec. 28.

Editor Brady Standard:

I hope that each of our Standard force had a happy Christmas and will enjoy a prosperous New Year, for those giving so much pleasure to others surely deserve a goodly portion themselves, and each issue of the Standard is chuck full of good newsy news.

Most of our young people attended the Calf Creek Christmas tree but several families here at Nine had trees for their little ones and Santa Claus was indeed busy and exceedingly kind.

Miss Nettie Mae Espy who has been teaching at Meyers has returned home for the holidays. She is still her sweet self despite the many cares of teaching little folks.

Will Alleorn and wife with the little Fulcher children, lately bereft of their mother, left Sunday for their new home in Concho county.

Frank Pearson and family are spending Christmas with relatives in Hill county.

Mrs. Percy Dutton and baby are spending Christmas with her parents, Mr. and Mrs. D. Harkrider, Sr.

Mr. and Mrs. Ramsay spent two days with Mr. and Mrs. Alleorn returning to Brady Sunday.

Ben Smith and family spent Xmas day on the Ford ranch with their friends Mr. Drago and family.

Waldrip, Texas, Dec. 20.

#### Editor Standard:

Christmas passed very quietly here, though, of course, there was the Christmas tree, which all enjoyed very much.

A jolly crowd gathered at the home of Mr. and Mrs. D. C. Randals Monday night and spent a few hours in playing games and pleasant conversation.

Dr. J. E. Powell made a business trip to Brady last week.

Mr. and Mrs. G. E. Metts spent Christmas with relatives near Lohn.

Mrs. Bridget Kellett of Oklahoma came in last week to spend the winter with her niece, Mrs. J. R. Winstead.

Mr. and Mrs. Tom Fowden and Miss Lee, of San Angelo, are visiting Mr. and Mrs. J. B. Wright.

Mr. and Mrs. W. H. Ramsey and family have moved to Lohn.

Marcus Gattis is quite ill at the present writing.

The young people enjoyed a social at Mr. and Mrs. J. L. Franklins' Saturday night. The most interesting feature was the "fire works."

The many friends of Miss Winnie Belle Walker and Mr. Henry Bradley were surprised to learn they were quietly married last Thursday night. However, we wish them a long and happy life, and may every blessing God can give bring peace around them while they live.

Miss Mattie Ramsey spent Sunday afternoon with Miss Edna Powell.

Grover Gattis was in our city Sunday afternoon.

Messrs Hardie Coonrod and Willie Knight were among the visitors here Friday night.

Mrs. Emma Hayes is seriously ill.

Singing at E. W. Frost's Sunday night was enjoyed by all.

A crowd of young people attended a social at Mr. and Mrs. Norris Wright's Monday night; all report a splendid time.

Two inches of snow on Dec. 18, half inch on Dec. 21, and rain ever since; that should put small grain on "sure thing" list and leave a season in the ground for other things.

An epidemic of blind staggers has raged among the horses of this section. J. R. Winstead lost one good horse last week and many others effected.

A. J. Bassett, Bob Bassett and wife went to Coleman and spent the holidays.

Mrs. J. H. Kellett, one of the earliest settlers of this section, but now of Mangum, Okla., came in last Thursday to spend the winter with her niece, Mrs. J. R. Winstead.

The young people had a nice little Christmas tree at the school house Christmas night but owing to continued bad weather it was not so largely attended. **PROGRESS.**

OSCAR LATTA

## CITY ANNOUNCEMENTS

Election April, 1910.

For City Marshal,  
PAUL SHERIDAN.

PAY your poll tax.

THE STANDARD wishes you a happy and prosperous 1910.

REMEMBER the bridge bond election on Jan. 15, go to the polls and vote. Let's make it unanimous.

HAD you rather be a white man or a Chinaman? You had just as well be the latter so far as voting is concerned unless you pay your poll tax before Feb. 1st.

PLENTY of elections next year. Prepare yourself to have a hand in the government of county and municipal affairs by providing yourself with a poll tax receipt.

What you reckon these old selfish people feel like that don't have a n y stockings hanging up around their fire places on Christmas eve? Don't buy any dolls, drums, horns, candy, jumping jacks, whistles, etc. They just exchange a present between themselves and look foolish. He gives her some present of jewelry, china, silver or furniture, and she gives him a tie, handkerchief, gloves, or something like that, and they hike off to mama's to see and hear something like Christmas. There will be no broken toys to pick up after Christmas, no sticky candy marks to wipe off the furniture, no holes to mend burned by fire-crackers, no doll heads to glue on, no toys to mend, no doll clothes to cut and make, no dirty sticky hands to wash, no glued hair to soak loose. That's some consolation if you can make consolation out of it.—Brady Sentinel.

The above beautiful sentiment from our esteemed contemporary is just to our liking, and serves to show that Editor Matthews' heart is in the right place. It also indicates that our brother editor's domicile is this week one broken mass of toys, candy-marked furniture and loose headed dolls, while the merry, glad calls of the little ones echo through the house from dawn to dark. And Editor Matthews is right; the chiefest joy of life is in the little children. We know how you feel, Jim, for we've got three touselheads of our own.

## MULES ARE VALUABLE.

They Are Not More Violous, Eat Less and Outwork the Horses.

Much may be said in favor of the mule as a faithful, economical adjunct of the farm and in the tireless performance of farm labor for a period of possibly twenty-five years. Mules have been underestimated in the northern states, but the fact is they are sturdy, tireless, long lived workers. They require less and coarser feed than the horse. They can outwork the horse season after season—are still young after the horse has succumbed. They are not more vicious than horses. On the contrary, they will endure abuse more patiently.

A prominent breeder of horses and mules declares that three mules constantly worked will live upon the same amount of forage consumed by two horses of ordinary size worked in the same way and the mules will stand in better order than the horses so fed and worked. Still, it is not true economy to work or keep any animal on low fare, and the mule responds as quickly as any animal to good feeding and kind treatment. Friends of the mules, those who have bred and fed and worked these animals and are sure of their ground, for argument say that for sturdiness and intelligence and for profit the mules on the farm will far outburden and drudgery more than hold their own.

In the far west mules are being rented at stipulated monthly sums. This is a queer business, but a necessary one in these days of high prices. This renting is now carried on in the southwestern corner of the United States principally. The charge for the use of a team of mules, with harness, is high—\$20 to \$25 a month, not including feed bills, which the renter must pay. The owner must stand losses by death through natural causes, but mules killed through negligence must be paid for by the renter.

Of some 350,000 mules sold annually in this country at present Missouri furnishes perhaps 70,000, Tennessee 60,000, Texas over 50,000 and Kentucky about an equal number, the sales being double the number foaled. The mules of the states in the northwest are very large of bone, body, substance and power, but have not usually the style, finish and fine sleek coats of southern mules. In the south mule

GOOD HEAD AND CARRIAGE.

breeding is a most important industry and has been for more than a century.

For general farm work it is preferable to breed heavy mares to a large, heavy jack, so that the offspring may be expected to show good weight and size. We want the larger class of mules in the northwest. A fine mule jack ought to be at least fifteen hands high, with a good accompaniment of the weight, head, ear, foot, bone and length, coupled with broad chest, wide hips and with a bold, upstanding style. The smaller jacks and their progeny often show finer coats and finer finish. Still, the largest type is preferable in the north. Color is not generally important in the relation to breeding qualities, but black, with light points, is perhaps the most favored color in jacks. The black jack will probably get the greatest proportion of good colored colts from mares of all colors.

## Dipping is Profitable.

Dipping is profitable. Always dip when the wool is short, as less dip is consumed and ticks will be more apt to leave the sheep's body. Commercial dips are good, but some farmers make their own with tobacco, sulphur and carbolic acid.

## THE VETERINARY

Be sure the bit is not so narrow as to irritate and pain the mouth of the horse. Such condition leads to uneasiness, which often may result in the horse taking the bit in his teeth and bolting in sheer desperation.

## Docking Lambs.

A good plan to pursue in docking lambs is as follows: Tie a cord tightly about the lamb's tail one inch from the body. With a pair of pruning shears clip off the tail just below the cord. Rub carbolic acid on the wound and remove the string at night.

## Vaccination For Blackleg.

Blackleg is contagious, being due to germs, and there is no special condition certain to induce the trouble. It usually is seen in young cattle that are thriving fast on rich feeding after a period of spare feeding. Vaccination is the only sure preventive. Medicines cannot be depended upon to ward off the disease, nor are setons effective.

## Dehorn in Cool Weather.

If the animals are dehorned in warm weather it is well to apply some pine tar with a view to keeping flies from the wound. Some operators do this in nearly all cases, thinking that it facilitates healing. The dehorning operation should always, when possible, be performed in cool weather and upon animals which have at least attained a

## SOCIETY NOTES

MRS. A. G. WALKER, Editor  
PHONE 148

The hospitality of Mr. and Mrs. David Doole was enjoyed at a six o'clock dinner on Christmas day. Covers were appropriately placed for the following friends and relatives: Mr. and Mrs. Will Souther, Dr. and Mrs. T. P. Doole; Misses Belle Noyes and Neta Wolf, Messrs. Dave Camp, Newcomb, Frank Lockhart, Roe Stearns and Holmes Doole.

The Misses Erma and Waldine Tauch extended their hospitality on Christmas evening to their young friends. A pleasing feature of the holiday decoration was a Christmas tree laden with fruit which was distributed to the guests during the evening. Various old fashioned games made time pass rapidly and at a late hour the guests left with many good wishes for their fair hostesses.

Misses Ruth and Ruby Wood were treated to an agreeable surprise on Monday evening by some of their young friends, but in their characteristic style were equal to the occasion. Music, readings and games were enjoyed by the following young people: Misses Jackie Walker, Olga Schaeg, Leila Paschal, Alma Christianus, Iva Goodson, Carry Berry, Ruth Campbell, Esther Anderson, Stella Bradley, Julia Rutherford, Mary Johanson, Helen Elliott, Eva Meers, and Messrs. Lee Goodson, Virgie Sessions, Frank and John Henry Ogden, Thurman Jackson, Judge McShan, Kirk Coleman, Joe Hunter, Boy Crothers, Otis Tourney, Oscar Lang, Jesse Glenn, Laurence Fuller, Steve McClellan, Archie Carroll and Messrs. Tibet of Gonzales, and Jefferson of Corsicana.

Christmas Eve was celebrated in the glad old fashioned way at the following churches: At the Baptist church under direction of Mrs. Scott and Miss Beatrice Sammons there was carried out a program of Christmas cheer. The tree made glad the hearts of the little folks of the Sunday school. Old St. Nicholas gave a jolly good talk before he left for the Presbyterian church. The teachers here had arranged a musical and literary program appropriate to the occasion. The tree, laden with beautiful gifts, carried happiness to many children in the form of dolls, horns and delicacies: At the Christian church Santa made a stop, where

## IF SICK--WHY PAY

Unless Health First Returns.

Here is what should and can be done! Now you would not willingly pay for food that was worthless—would you?

Then why pay for medicine until that medicine first proves to you its actual worth?

Positively knowing what Dr. Shoop's Restorative can do for the sick, I say to all "don't pay unless health first returns." And I back my Restorative with a signed advice to do "No help, No pay" contract.

I positively pledge to the sick everywhere that "Dr. Shoop's Restorative is absolutely free if it fails." Let others do the same or else pass their prescriptions by.

If you need more strength, more vitality, more vigor or more vim, use my Restorative a few days and note the immediate improvement.

When the Stomach, Heart, or Kidneys go wrong, then test Dr. Shoop's Restorative. I do not dose the Stomach nor stimulate the Heart or Kidneys, for that is wrong. Years ago I cast away this mistaken idea in medicine. The books below will best tell you how I am succeeding.

These books also tell of a tiny hidden "inside nerve," no larger than a silken thread. They tell how that nerve, until it fails, actually gives to the Heart its power, its tone, its never-ending action of impulse.

These books will open up new and helpful ideas to those who are not well. They tell how the Stomach, and Kidneys each have their "inside" or power nerves. They tell how the Restorative was especially made to reach and revitalize these weaker falling inside nerves. All of these facts tell why I am able to say "it is free if it fails."

This is why I say "take no chance on a medicine whose maker dare not back it just as I do by this remarkable offer."

So write me today for the order. I have appointed honest and responsible druggists in nearly every community to issue my medicines to the sick.

But write me first for the order. All druggists sell Dr. Shoop's Restorative, but all are not authorized to give the 30 day test. So drop me a line please—and thus save disappointment and delays. Tell me also which book you need.

A postal will do. Besides, you are free to consult me as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescriptions or personal advice plan. My best effort is surely yours simple request. So write now while you have it fresh in mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.

the anxious children awaited him. A program of carols and recitations was enjoyed under direction of Miss Ruth Wood. Santa Claus employed himself distributing apples from his wonderful basket, while the little girls relieved a bountiful tree of gifts for all.

The Christmas dance at the Gibbons hall on Saturday evening eclipsed all previous functions of the club. The entire hall was decorated with evergreens. Two gypsy cozy corners composed of cedar trees with festoons of red gave an effective woodland scene. Mrs. W. D. Crothers was chosen hostess of the occasion and under her supervision every feature was quite a success. Refreshments of brick cream, angel food and coffee were served during the evening.

A house party was enjoyed with Mrs. Paul Willoughby from Monday until Tuesday by these young ladies: Misses Bernice Wolf, Hadie Willoughby, Chase Crothers, Rosa Stallings and Helen Walker.

The following young people were invited to spend Tuesday evening with Mr. and Mrs. Joe White: Misses Hadie Willoughby, Lois Bradley, Helen Walker, Linda Anderson, Chase Crothers, Bernice Wolf, Rosa Stallings, Pearl Newman, Maude and Nora Sheridan, Messrs. Lee Quicksall, Joe White, Howard Ogden, Boy Crothers, Frank Lockhart, John Moffatt, George Vierling, Burl Wiley. Progressive games, music and readings were indulged in. Delicious refreshments were enjoyed before leaving.

The Tuesday Club spent a social afternoon with Mrs. Dr. McKnight on last Tuesday. After the regular lesson in the library each guest was given a hand-painted booklet and conducted to the parlor where an

## The Season's GREETING

We again express our gratitude for the words of cheer and evidences of good feeling, conveyed to us by your substantial orders during the year just closing.

May none of the blessings, which make for peace and prosperity, be withheld from you and yours during 1910, is our earnest wish.

Sincerely yours,

exciting contest was arranged. A collection of pictures and objects representing twenty-two popular books, were to be solved and written in booklet. At the expiration of time Mesdames Willie White and Hundley had guessed the same number, after a draw Mrs. Hundley was presented the popular story by Edward Bellemey, "Looking Backward." A social cup of tea and Nabiscoes were enjoyed before leave taking. Mrs. Henderson presided at the tea urn.

Mrs. John E. Cooke, entertained with a six o'clock dinner Tuesday in honor of Mr. and Mrs. Joe Horne, of Clarendon, and Miss Richardson, of Denton. The dining room and parlor were handsomely decorated with evergreens to give a touch of the Christmas spirit to the affair, and the dinner was served in six courses.

Tuesday evening Miss Marie Crothers entertained in honor of her friend Miss Rena Babcock. The home was in holiday decoration. A unique Christmas tree was arranged in the dining room

with appropriate character gifts for each guest. Mr. W. D. Crothers impersonated Santa Claus, after which all were asked to compose an original rhyme from his remembrance. This displayed the great poetic ability of Brady society. Miss Beulah Sammons was awarded the souvenir for the best. At 11:00 o'clock a delicious salad course, ices, fruit-cake and coffee were served. At a late hour congratulations were extended the fair hostess for affording her friends so pleasant an evening.

#### Money For Poultry.

Since Thanksgiving the farmers of the Brady country have been realizing considerable money from their sales of turkeys and chickens. The McCulloch Co. reports having paid out about \$2000 for turkeys and about the same for chickens. Practically all their purchases were bought for shipment to other points, and no account is taken of the local consumption.

The poultry item is a big thing on all well regulated farms and the people of McCulloch county should pay more attention to the industry.

The John Deere double disc plows are the stuff. Will have another car in soon. Satterwhite & Martin.

### Rheumatism

"My mother is a great sufferer from rheumatism, and Dr. Miles' Anti-Pain Pills is the only remedy that relieves her."

MRS. G. DAVENPORT  
Roycefield, N. J.

For the pains of rheumatism there is nothing that can equal

Dr. Miles' Anti-Pain Pills.

They overcome that nervous irritation, relieve the pain and swelling, while they have a tendency to allay fever. If taken as directed they are invaluable to chronic sufferers, as the weakening effect of pain is lessened. Try them—your druggist sells them.

The first package will benefit; if not, your druggist will return your money.

#### Received Steers.

White & Baker on Tuesday received a herd of 1000 two and three-year-old steers from the Henderson ranch in Tom Green county, representing a deal of something near \$30,000. We understand these steers will be fed for market in the vicinity of Brady.

Cow's Friend, the food that builds bone and muscle. Get it from Brady Oil Mill.

"I wish you would thank the citizens of Brady and the general public for their patience," said J. H. White, president of the Brady Water and Light Company, while talking to a Standard reporter yesterday. "The breaking of the pump in our deep well last week almost put us out of business, and we have just this morning succeeded in repairing the damage and we feel very thankful to the people for being so patient with us. We have been at work day and night and the repairs were made just as quickly as it could possibly be done and we are now able to supply all the water that is needed."

#### I Am Located.

I am now located in the Yeary building on the south side of the square, just across the street from the Brady National Bank, and my patrons will find me there with a full stock of saddles, harness and all leather goods. Thanking you for all past favors, and soliciting a continuance of your business in my new location, I remain,

Yours truly,

### THE PRIME MINISTER

#### A Foreign Sovereign Responsible For This English Official.

So long as the sovereign himself presided at the meetings of the cabinet there was no obvious necessity for giving any member of it precedence over the others. But from the accession of the house of Hanover the king ceased to take part in the deliberations of the cabinet. It has been said, indeed, by a modern statesman that, "with a doubtful exception in the time of George III., no sovereign has been present at a meeting of the cabinet since Anne."

The change, like so many other modifications which have been introduced into the British constitution, was the result of a purely accidental circumstance. George I. could not speak the English language. It was clearly useless for a monarch to be present at the meetings of his councilors when he did not understand the language in which their deliberations were carried on. But when the sovereign was thus necessarily and habitually absent from the cabinet it became requisite that some minister should be chosen who should preside at the meetings and report its decisions to the king. Thus the accession of a foreigner who could not converse in English led to one of the most momentous changes in the constitution. The act of settlement had given England a foreign sovereign; the presence of a foreign sovereign gave England a prime minister. —From "Essays Political and Biographical," by Sir Spencer Walpole.

#### OBESITY CURED.

##### A Remedy That is Not Liable to Attain Wide Popularity.

Peter the Great was once traveling incognito in a part of Finland, when he met a very fat man who told him that he was going to St. Petersburg.

"What for?" asked the czar.

"To consult a doctor about being so fat, which has become very oppressive."

"Do you know any doctor there?"

"No."

"Then I will give you a line to my friend, Prince Menschikoff, and he will introduce you to one of the emperor's physicians."

The traveler went to the prince's house with a note. The answer was not delayed. The next day, tied hands and feet, the poor man was dragged off on a cart to the mines.

Two years after Peter the Great was visiting the mines. He had forgotten the incident of the fat man, when suddenly a miner threw down his pick, rushed up to him and fell at his feet crying:

"Grace, grace, what is it I have done?"

Peter looked at him, astonished, until he remembered the story.

"Oh, so that is you!" he said. "I hope you are pleased with me. Stand up! How thin and slight you have become! Go, and remember that works is the best cure for your complaint!"

#### Bamboo Shoots as Food.

The bamboo shoots that are eaten are not yet branched, of a conical form and sheathed in an envelope generally covered by small, prickly bristles. These young shoots emerge very vigorously from the soil at the foot of the bamboo tufts. The Chinese and Japanese, it appears, consume large quantities of them. They use them as seasoning with pork and chicken. The first thing in their preparation naturally is to rid the sprouts of their disagreeable sheath. They are then cut either lengthwise or in slices and are placed in boiling water. The water is renewed once or twice, and after adding salt a vegetable is obtained which reminds one strongly of the root of the artichoke. The Japanese also eat them preserved in brine or vinegar. The gathering of the young bamboo shoots, during which one must be careful of the prickly envelope, takes place in June and November in Tonkin. The November shoots are the better appreciated. —New York Herald's Paris Edition.

#### Sawing Rails is Not Musical.

Rails are cut with saws—not quietly; not at all. There is considerable racket underneath an elevated railroad in a narrow street, the subway isn't quite a lodge in some vast wilderness, but never until I watched a toothless saw cut through a cold steel rail by friction, melting its way, you can see the smoldering ends afterward—did I experience a noise that my ear felt rather than heard, says Eugene Wood in Success Magazine. The toothless saw whirled with unimaginable speed, the sparks showered like an enormous pinwheel, and the unwilling steel emitted a shriek of agony that was like a forceful finger jammed into my ear and scratching on my eardrum with its mill. It was like a brass band of a hundred pieces, each piece blowing fortissimo, a note a half tone higher than its fellow. I don't care for such "close harmony."

#### On the Spot.

"Yes," said the Billville story teller, "the cyclone carried his house into the next county and set it down there as comfortable as you please, and as he stepped out of the door to survey the country the man who owned the land notified him of suit for trespass and the tax collector handed him a bill for taxes." —Atlanta Constitution.

#### Take as Directed.

Doctor—How are the pains today? No better? Then don't take any more of the pills. Patient—I haven't taken any of them, doc. Doctor—That accounts for it. You may take them as directed. —Lippincott's.

The best treasure among men is a frugal tongue. —Hesiod.

THE HOUSE OF QUALITY

### New Year Greeting.

My Holiday trade was very satisfactory indeed, and my business during the year 1909 was likewise satisfactory. During my long period of business in Brady I have established a reputation for selling only the best in the jewelry line. I pitched my business on a plane of superiority, standing behind every article sold, and I find the people of the Brady Country appreciative of such business methods. During 1910 I will continue my business along the same lines, and I solicit your patronage on a basis of always giving full value for every dollar spent with me, and my guarantee will continue to be worth one hundred cents on the dollar.

Thanking you one and all for past favors, and trusting you had a merry Christmas, I wish you a happy and prosperous year during 1910.

Respectfully,  
ALLEN, the Jeweler.

### PASCHE PICKINGS.

Pasche, Texas, Dec. 26.  
Editor Standard:  
As I have not seen anything from this section I will give you a short sketch.  
A. F. Walters and B. H. Childress have just returned from Brady.  
Tom and George West are going to Brady Sunday after a load of freight.  
The farmers are going to work next week.  
A camp of the W. O. W. was organized here last week.  
Well, if this misses the waste basket I will come again. Success to The Standard and its many readers.  
ROCKY RUSTLER.

The best pill is DeWitt's Little Early Risers—the safe, easy, pleasant and sure little liver pills. DeWitt's Carbolized Witch Hazel Salve is the original. Good for cuts, burns or bruises, and especially for piles. Sold by Central Drug Store.

### Attention, K. of P.

All members of Brady Lodge No. 341, Knights of Pythias, are requested to be present next Monday night for the election of officers and other important matters of business.

The Jones Drug Co. has installed one of the handsomest cigar cases to be seen in the city. The case is of heavy plate glass, mounted on a base of fine Italian marble, contains three patent moisteners and is thoroughly up-to-date in all respects.

Just received a new car of furniture. We can fill any bill with high grade, stylish furniture, and we want your business. We make the prices right. Satterwhite & Martin.

### Why We Are Proud.

The Baldwin Piano Co., of Cincinnati, was the only American recipient of the highest awards within the power of the International Jury of Awards at St. Louis, 1904, namely:

The Grand Prize for the Baldwin Piano, for its superlative artistic tone, quality and scientific construction, and the grand prize for the Baldwin factory exhibits, illustrating the superiority of Baldwin materials, processes and methods in piano and organ construction.

These, together with the Grand Prix, Paris, 1900, are higher honors than were ever taken in the piano industry of the world, and are official evidence of the superiority of the Baldwin product.

Why should we not be proud of the line of pianos we handle? Respectfully,

## The Value of Good Digestion

Is easy to figure if you know what your stomach is worth. Kodol keeps the stomach at par value, by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by absolutely duplicating Nature's normal process, in perfectly digesting all food taken into the stomach. While Kodol is doing this, the stomach is resting—and becoming strong and healthy. A strong and healthy stomach guarantees a sound and active brain. The man with a sound stomach—a stomach that is doing for the body just what Nature intended it to do—is the man who is always prepared for any emergency. He is "there with the goods." The man with a sick stomach, is a man sick all over. When the stomach is irritated by undigested food, the blood and heart are directly affected. Then dizziness, unnatural sleepiness, sick-headaches, vertigo and fainting spells, and even serious brain trouble develop. Kodol will prevent these. Spurring the stomach and brain

to special effort by "tonics" and "stimulants" doesn't cure anything, or accomplish any good. Neither does dieting. Indigestion and the serious ailments which it induces can be averted and corrected only by natural means. Kodol supplies this natural means. It performs the stomach's work for it—just as the stomach should perform it—while the stomach takes a little rest, "for the stomach's sake."

### Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2 1/2 times as much as the fifty cent bottle. Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

## COMING TO BRADY AGAIN

### Dr. J. Harvey Moore,

The Eye, Ear, Nose and Throat Specialist, of San Antonio, will be at Shropshire's Drug Store Thursday, Friday and Saturday, January 6th, 7th and 8th, 1910.

#### SOME REMARKABLE CURES.

##### A Brady Ranchman

Mr. John V. Ewing who has lived here twenty years, says, "I was nearly blind with granulated sore eyes. I had been treated by several physicians and specialists but got no relief. I wrote to Dr. J. Harvey Moore while he was in St. Louis. He sent me medicine that cured my eyes and they have not troubled me for five years."

##### Another Bad Case.

Rev. D. F. Draper, of Sabinal, Texas, formerly of Taylor, who is well known here, wrote the following letter to a Brady citizen: "If I had not met Dr. Moore twelve years ago, I would now be blind. I know of many wonderful cures he has performed. I will go Dr. Moore's bond for anything he promises."

##### Straightened His Eyes.

Howard Gould, of Brady, has been cross eyed all his life. Dr. Moore straightened his eyes without pain and without any chloroform and he says it did not hurt him at all. He has been around town all the time.

Dr. Moore cures all kinds of weak or watery eyes, overflow of tears, granulated sore eyes, cataracts, cross eyes, ingrown lashes, growth on the eyes, etc.

He treats catarrh and deafness, enlarged tonsils and all nose and throat affections. He makes a free examination and if you are incurable he will tell you so and will not take your money.

##### Water Shortage.

The Brady Water and Light Company has been laboring under difficulties the past week, having broken off a portion of the pumping apparatus which stuck in the well and put a stop to all pumping from the deep well. The shallow well is still in commission, but will not supply the town and much discomfort and inconvenience has therefore resulted.

A force of men have been hard at work continually, not even laying off for Christmas day or Sunday, but their work has, so far, proved unavailing and the well remains useless, so far as supplying water is concerned. They hope to be able to resume a complete service in a few days.

Later—The broken part was removed yesterday and there is plenty of water in the mains today.

Mrs. J. W. Weitingger was in the city Monday enroute to her home in Brownwood, after spending Christmas with her parents in Menardville.

—Just received—100 boxes of window glass. We can beat anybody's prices. Jones Drug Co.

Attention is called to the advertisement of Dr. J. Harvey Moore, the San Antonio specialist in diseases of the eye, ear, nose and throat. The ad will be found in another column of this issue of The Standard, and contains some splendid recommendations. Dr. Moore will be in Brady again on Jan. 6, 7 and 8, with offices at Shropshire's drug store, east side square.

The greatest danger from influenza is of its resulting in pneumonia. This can be obviated by using Chamberlain's Cough Remedy, as it not only cures influenza, but counteracts any tendency of the disease towards pneumonia. Sold by Jones Drug Co.

Judge J. W. Germany and wife left for their home at Grand Saline Monday, after a six week's visit with the family of the lady's sister, Mrs. A. B. Walker. Mrs. Germany was very sick during her visit here, having just come from a sanitarium succeeding a dangerous operation, but our salubrious climate revived and strengthened her and she returns home in good health.

C. W. Ramsay is the high-class painter and paper hanger of Brady.

P. L. Maxwell, of Hico, was here the first of the week. He is a member of the big firm of Connolly & Co.

##### Choked to Death

is commonly said of babies who have died of croup. How unnecessary this is. No child ever had the croup without having a cold or cough at the start. If you will stop the first symptom of the cough with Ballard's Whooping Cough Syrup there is no danger whatever of croup. Sold by Jones Drug Co.

T. R. Dabbs, formerly in the bakery business here, but late of Llano, is in the city with a view to getting back in business here.

##### Notice to Taxpayers.

After January 31st there is a ten per cent penalty on all unpaid city taxes. I will maintain my office at the store of A. B. Reagan & Co., until January 15, after that date can be found at Rainbolt & Plummer's. Poll taxes MUST be paid before February 1st. Better pay now and avoid the rush.

PAUL SHERIDAN,  
City Tax Collector.

Dr. A. Davis, a former Brady citizen, was here on business the past week.

Crossley & Rogers buy and sell second-hand furniture. Back of Mistrot's.

L. J. Abernathy and family, of Tom Green county, are in the city visiting relatives.

Let's have those bridges; vote "for" the bonds on Jan. 15.

##### Stockholders' Meeting.

Notice is hereby given that the annual meeting of the stockholders of the Commercial National Bank of Brady for the purpose of electing directors for the ensuing year will be held at the banking house of said bank at 10 a. m. on Tuesday, January 11th, 1910.

W. D. CROTHERS, Cashier.

##### New Local Editor.

Effective this week, Mr. S. M. Richardson will occupy the position of local editor and solicitor for The Standard. Mr. Richardson has been with The Standard since it was established, as foreman of the mechanical department, and has proven a most valuable man to the paper. He is well known to our business people, and as local editor will experience no difficulty in making good. He is authorized to solicit business for the paper in any of its departments, and will receive and receipt for any money due us.

In putting on a local editor The Standard hopes to materially better its local news service, and Mr. Richardson, and the editor himself, will greatly appreciate any favors rendered him. Tell us the news; we'll tell it to others as 'twas told to us.

Mr. James Stevens, of Stamford, succeeds Mr. Richardson as foreman. Mr. Stevens comes to us with high recommendations as an expert job printer, and you will make no mistake by leaving us your orders for any class of printing. The Standard will maintain its record of doing the best job work in the Brady Country.

There are various kinds of graining and marbleizing. I do the right kind—the best kind—the kind that is different and far superior. Let me prove it.

C. W. RAMSAY.

##### More Danville Proof.

Jacob Schraff, 432 South St., Danville, Ill., writes: "For over eighteen months I was a sufferer from kidney and bladder trouble. During the whole time was treated by several doctors and tried several different kidney pills. Seven weeks ago I commenced taking Foley's Kidney Pills, and am feeling better every day and will be glad to tell anyone interested just what Foley's Kidney Pills did for me. Jones Drug Co."

S. A. Conley and Dr. B. L. Craddock are over in Kimble county on a deer hunt.

##### Oscar Latta.

Oscar Latta's announcement for the office of sheriff and tax collector of McCulloch county appears in the proper column this week. Mr. Latta was raised in Kimble county and is well known all over this section, having served as deputy sheriff in Kimble for a number of years. Later he joined the Texas Rangers and served the state in that capacity off and on for seven or eight years, and bears the highest endorsements from his several captains as well as the Adjutant General for faithful and intelligent service.

For the past year Mr. Latta has been employed by local ranchmen and farmers as special officer on the lookout for cattle thieves in this section, bearing a sheriff's commission as deputy, and also, in a way, representing the Cattle Raisers' Association. In his work here he has been successful, showing all the attributes of a good officer.

Mr. Latta asks that the voters give his candidacy a careful consideration, and would be glad that his past record be looked up

by those interested. He promises to do his full duty by one and all if elected.

##### Notice!

Notice is hereby given that the annual meeting of the stockholders of the Brady National Bank of Brady, Texas, will be held at their banking house in Brady, Texas, at 3 o'clock, p. m., Tuesday, January 11, 1910.

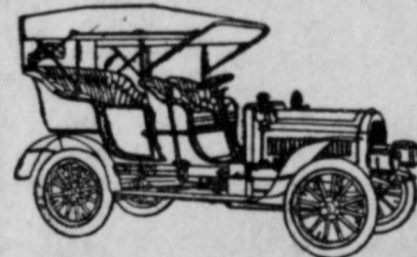

J. F. Montgomery,  
Cashier.
