

Whittlin'

By Dolph Moten

Early morning coffee clubs semi-popular organiza-

tions. We say they're semi-popular because you'll find only one or two--not more than three or four--in a community the size of this one.

And we called them organizations. Actually, they're not that at all. As a matter of fact, they're all but highly disorganized.

Their disorganization is, of course, understandable. That's pointed out in the name of the thing---early morning. But at the same time, members are loyal to the organization, almost always present, and each manages to have one or more good stories to tell each and every morning.

We think it's a shame such clubs don't really have more organization than they do. However, such would probably knock membership in the head.

Frankly, we've never been on the ball enough to become a real club member in such an admirable club. Best we've ever been able to do is to be a sometimes-present member--just get in solid enough that they'll let us match for the coffee with them.

The group we're presently most familiar with consists of some five or six members, Aubrey Brock, Vernon Ward, Pat Head, Possum Richards, Jewel Tabor, and Scooter Queen. And there are about that many more sometimes-present members.

From a news-gathering standpoint, you can do more good at one of their sessions in less time than probably any other one place. We're not necessarily talking about newspaper news, just news in general.

And not all the stories are of the news variety, either. Many times they concern past events; history, in other words. Jokes play an important part in the conversation. Current events are popular, both from a national and local standpoint and the night before's TV program come in for their share of attention.

Too, it's a poor morning when the Republicans and/or Benson don't receive a tongue lashing.

The highlight, however, of each session is when it comes time to decide who will pay for the coffee. Most members---the sur-nuf ones---have a favorite matching coin. When it's time for the climax, there's a scramble as each digs in a pocket or purse to come out with his charmed coin.

It takes five or 10 minutes to get the monkey securely on someone's back. With that chore over with, the meeting dies a natural death and members begin to drift off singularly to work or wherever . . . and it's all over for 23 and a half hours.

As much fun as all the aforementioned business is, we think the best part, as far as members are concerned, comes away from the meeting. That's about 8 a.m. when some normal-acting fellow suggests to one of the members, "Let's go drink coffee." Then, with a felling of pride, the early coffee club member says nonchalantly, "Oh, I had coffee EARLY this morning."

To true members, that's sufficient compensation for springing out of bed 30 minutes or an hour early each morning.

If we remember correctly, we've told this story before. But we like to keep reminding ourselves of it and thought possibly it would help to see it in print again.

Not long after we joined this lonesome newspaper fraternity, we heard a speaker, who evidently knew what he was talking about, say, "You'll be amazed, especially if you're new in the game, at the number of people you'll meet up and down the street who think they know more about newspapering than you do. And after you become experienced, you'll be even more amazed at how many of them are right!"

Truer words, we figure, were

Co-op vs. Teter Case in Third Day

FOR DISTRICT B --

Rea FFA Prexy Candidate

Duane Rea, Bovina senior, has been chosen District B candidate for president of Area 1 Future Farmers of America. The Bovina boy was chosen at a district meeting in April. Election of area officers will be Saturday, May 9, at an area convention in Amarillo.

Duane, son of Mr. and Mrs. Carl Rea, is now district pres-

ident. He received his Lone Star Farmer degree last summer and has been active in FFA work for four years. This is his second year as a district officer.

Roy M. Crawford, FFA advisor, reports Duane has several years of good leadership experience behind him, plus an outstanding farming program to his credit.

If he is chosen to preside as area president, Duane will be the first area officer from Bovina in recent years. He will then be qualified for state offices.

DUANE REA

Jaycees Schedule Road-eo

Bovina Jaycees will stage their second annual teen-age road-eo Saturday, May 2.

The decision was made at a regular meeting of the group Thursday morning in Bovina Restaurant.

Charles Don Smith was named in charge of the project. Particulars concerning the event are scheduled to be announced by Smith next week.

Jack Kesler and Frosty Jefferson became new members of the organization at Thursday's meeting.

In addition to laying plans for the road-eo, Jaycees discussed Bovina's "off-again, on-again" swimming pool project and considered erecting a billboard type sign on a highway leading into Bovina.

No decision was made in regard to the sign, but members agreed to investigate the cost and consider the idea further. Next meeting of the group is tomorrow (Thursday) morning.

COTTON FARMER---"To be or not to be" in the field planting cotton has been a question in farmers' minds recently. Farmer Norvell Strawn, shown here, is no exception. He twiddles his thumbs and attempts to look worried about when the weather is going to decide it's time to get that all-important cotton crop in the ground.

FIRE!---Mrs. Arnold Hromas's Chevrolet station wagon caught fire at her home west of Bovina Saturday afternoon. Chief Otho Hammonds and Herman Estes of Bovina Volunteer Fire Department answered a call to the fire and snuffed out the flames. Hammonds is shown at right. Estes' hat may be seen on the other side of the car. Damage to the station wagon was extensive.

Accused Files Cross Action

Case of Bovina Wheat Growers, Inc. vs. A. C. Teter and wife, Marie, went into its third day this (Wednesday) morning. It is being tried in Judge E. A. Bill's 154th District Court in Farwell.

Bovina Wheat Growers, the plaintiff, is suing for possession of a house and lots in Bovina, as well as other lots, and lots in Friona. The property was deeded to the co-op late last year after Teter, former manager of the elevator, was charged with embezzlement and theft. However, possession of the property was not given.

Teter and wife and sons, A. C. Teter, Jr., R. D. Teter, and L. D. Teter have filed cross action against Wheat Growers alleging that members of the co-op's board of directors had per-

suaded Mr. and Mrs. Teter to fraudulently execute deeds and had promised them that criminal charges would not be filed against Teter.

Charges were filed against the elevator manager October 18 on three counts -- two of embezzlement and one of theft. Grand jury returned its indictment October 27. He was tried December 18 in district court without a jury, pled guilty on the three charges, and was sentenced to two years in state penitentiary.

According to an audit of the firm's books, some \$25,000 was taken from the firm over a period of several years while Teter was manager. Bob Ginsburg, Friona accountant, who audited the business's books last year, said on the witness stand Monday that total discrepancy for last fiscal year was \$15,766.68.

Cecil Pruitt attorney for the defendant, asked Ginsburg if he knew Teter had stolen the money. Ginsburg said he assumed the money was stolen.

Sam Aldridge, Wheat Growers' attorney, submitted a statement signed by Teter saying that he did owe money to the corporation. Ginsburg testified that Teter was told not to sign deeds to the property unless he owed a just debt. When asked what compensation Teter was to receive for signing the deeds over to the corporation, Ginsburg testified, "Wiping the slate with Wheat Growers." Ginsburg went on to testify that "to the best of my knowledge," Teter had stolen some \$25,000 from the elevator and converted it to his own use and benefit.

An application for continuance (delay) of the trial by Pruitt was rejected by Judge Bills. The continuance was asked for so Teter would be available to testify in the trial. He is serving his sentence in the penitentiary now. The application said Teter's testimony would tend to prove fraud on the part of Wheat Growers.

In filing the cross action, the Teter family asked for deeds to the property, \$2000 in cash, a truck, all of which was given to Wheat Growers in a way of restitution; plus \$45,181.44 for "actual and exemplary" damages and \$3000 in attorney fees. The trial began Monday morning and is expected to end today (Wednesday).

Interest in the original case was high. A petition, asking that Teter not be sentenced to prison, was signed by some 200 people.

Jurors in the present case are Dan Laceywell, Friona; Thomas E. Jones, Friona; Paul Jesko, Lazbuddie; Bert Gordon, Lazbuddie; Guy Latta, Friona; U. S. Akens, Friona; Mrs. Paul Wurster, Farwell; Garvin Thorn, Lazbuddie; Melba Burleson, Friona; John Hays, Friona; Elizabeth Turner, Farwell; and Coy Patton, Friona.

AT BANQUET --

Coach Gets Cash Award

Coach Charles Don Smith was presented a \$140 cash award at a special supper for his Bovina Fillies basketball squad Monday night in Bovina Restaurant.

Parmer County Farm Supply was host for the banquet in honor of the team, second place Class B state winner.

Rev. Davis Edens, pastor of Bovina Methodist Church, made the presentation which was contributed by Fillie fans. The gift was in appreciation for a well-coached team, Rev. Edens told the coach.

This season was Smith's second year at the helm of the Fillies and also marked their second appearance at the state tournament in Austin. After winning their first two games, and setting records as they went, the Fillies lost to North Hopkins, the tournament champion, in the finals.

Movies of the state tournament games were shown Monday night by Arlin Hartzog. Twenty-six people were present at the banquet.

Coach Smith told the Blade he expresses appreciation to

Visiting recently with Mr. and Mrs. C. R. Brandon were her parents, Mr. and Mrs. Joe Stephens of Matador.

the people who made his award possible. "I certainly do want to thank the people for it," the coach said.

FROM LAZBUDDIE, FARWELL --

Mustangs Win Another Pair

Bovina Mustangs continued their winning baseball ways last week as they picked up a pair of decisions to bring their record to 4-0 for the season. In a district game at Lazbuddie Tuesday afternoon, they knocked off their Parmer County rivals, 14-5.

James Lawlis went the seven-inning distance for the winners, who made their district record, 2-0. Lawlis scattered eight hits, struck out seven, walked two, and hit one batter.

Catcher Kent Glasscock was the big gun for Bovina offensively. He had three singles in four trips to the plate. Ronnie Isham and Ramey Brandon each had two hits in five trips.

Getting one hit each were Roger Ezell, Donald Jones, Buddy Turner, Max Gilreath, Don Caldwell, and Lawlis.

Farwell's Steers were victims of Coach Charles Don Smith's boys Wednesday afternoon there, 12-8.

Jon Lin Riddle, hard-throwing reserve pitcher, worked four innings on the mound and got credit for the win. He allowed only one hit as he struck out five and walked five.

Brandon came on to hurl the final three frames. He struck out seven, issued no free passes, and gave up four hits. Defensively, the Mustangs came apart at the seams. They committed eight errors. Only two of Farwell's eight runs were of the earned variety.

Riddle aided his own cause

Eight New Businesses

"There are eight more businesses in Parmer County today than there were last year," says Wayne A. Clark, manager of the Amarillo office of Dun & Bradstreet, Inc. Basing his facts upon a physical count of the January, 1959, Dun & Bradstreet Reference Book, Clark points out that in 1958, 177 businesses were listed in Parmer County and today 185 businesses are listed. The Reference Book lists only manufacturers, whole-

W. E. Williams In Hospital At Dallas

W. E. Williams entered Beverly Hills Hospital of Dallas Monday night. He will undergo treatment for an undetermined length of time.

Accompanying him were his wife and several close friends. They returned to Bovina yesterday (Tuesday).

THIS SUMMER --

Lions to Sponsor Youth Program

Bovina Lions will again sponsor a summer youth program for the community.

The decision to continue sponsoring the program was made at a regular meeting of the organization Thursday night in Bovina Restaurant. Details of the program weren't mapped

out. However, a three-man committee was appointed to organize activities.

Members of the committee are Bud Crump, Tom Bonds, and Warren Embree.

The club discussed having participants in the program pay part of the expense. However, no decision concerning this was made. Some felt this would encourage interest and participation in the program.

Also, the club decided to have one or more pancake suppers to raise money for the youth program. Dates for the promotions will be announced by a committee composed of Bedford Caldwell, Wendol Christian, and Carl Rea.

Next meeting of the organization will be May 14.

Mustangs in Region Meet

Bovina High trackmen, participating in regional meet at Lubbock Friday and Saturday, failed to bring home a placing.

Mustangs entered in the meet were Don Caldwell, mile run; Billy Burnam, shot put and discus; and mile relay team, Don Bandy, Roger Ezell, John Lorenz, and Jon Lin Riddle.

The regional meet marked the end of track season here.

Personal Articles Stolen Sunday

effects there.

Last week Emanuel Webster, 47, Friona, was convicted in county court of possession of unexpired liquor. He pled guilty before Judge Loyde Brewer and was assessed a fine of \$250 and costs, and given 30 days in jail.

Webster was picked up in his home Sunday a week ago. John M. Bussell, 42, also of Friona, charged with theft of calves from W. D. Cooper, north of Friona, appeared before Judge Brewer and had his bond set at \$5,000. He is in jail now and will await the action of the next session of the grand jury.

Officers agree that whoever took the belongings were also the ones who entered the King home while the family was away and also burglarized personal

Venable Buys Gulf Station From Gauntt

Venable, who owns Venable 66 Service across the highway says he will operate both stations temporarily. Policies and products of the businesses will remain the same.

Elton Venable has purchased the Gulf station on north side of Highway 60 from Clarence Gauntt. Announcement of the transaction was made this week.

Advertisements in this issue of The Blade announce the change of ownership.

salers, retailers, and some service companies, such as laundries and gasoline service stations.

Nancy Cumpton To State

Nancy Cumpton, Bovina High senior, won a second place in shorthand at regional literary meet in Lubbock Saturday. In winning the second place award, she also earned the right to enter state competition. It will be in Austin May 7-8-9.

First and second place regional winners qualified for the state meet.

Two other Bovina students placed at the regional meet. Joan Kay Ezell was fourth in shorthand and Verna Marie Estes was sixth in typing.

James McLeroy, commercial teacher, accompanied the students to Lubbock for the events.

"HEY, LOOK"---It's spring and time to plant crops. That's what these Mexican Nationals were doing late last week on Lester Rhinehart farm when the photographer broke up the routine. Rhinehart planted 16 acres of onions---10 acres of sets and six of seed---and plans to raise other vegetables as well. (Photo by O. W. Rhinehart)

Keep Moving-

Third Street in Bovina needs curbs and gutters. City of Bovina has enough paved streets now to hold its own with most towns its size and enough to make many envious. Yet, the paving program has a hole in it that makes it look like a six-year-old's mouth after the first tooth is lost... first two teeth, even.

That hole is Third Street. Paving, of course isn't its problem. It has that. What the street needs is curbs and gutters.

Reasons for this are many. Possibly the most obvious is that there are many streets in town which are paved, curbed, and guttered and which don't have nearly the traffic on them that Third does. Third Street, because of its lack of curbing and guttering, isn't tied into any of the paved streets. This has a tendency to bring about mudholes at each Third Street intersection and is proving destructive to the new paving plan as well as to the state-paid-for paving which exists now on Third.

Third is Bovina's second most important downtown street. And it doesn't help the looks of downtown with its dirt, no-curbed shoulders.

Why doesn't it have curbs and gutters? We don't know. In 30 minutes time you could probably find out half a dozen different answers to the question... and you still wouldn't know.

Cost of the improvement to property owners would be less than normal street improvement. The state would pay the cost of additional paving and property owners would have to pay only the cost of curbs and gutters.

With this reduced cost and the tremendous need for it, let's renew efforts to get this done.

This one thing would be a fine improvement for the town.

**Cub Scouts
Disband Until
September**

Bovina's Cub Scout Pack 40 conducted its final meeting for the season Thursday night. The meeting was in Bovina Church

of Christ with Minister Alfred White, Cub master, in charge. Meetings will resume about September 1, says White.

At the meeting, a number of Cubs were awarded badges of achievement. Badges given were Wolf and Bear badges and Gold and Silver Points. The awards were made by Den Mothers, Mrs. Dean McCallum and

Mrs. Paul Jones.

Cubs present decided to donate three bleacher benches to the Bovina baseball field. A portion of their accumulated treasury will be used to purchase materials for the project. White reports that they hope to have the seats available "within a couple of weeks."

White also says the Pack here has received its charter through January, 1960. Thus, he feels, Cub Scout activities will be "off to a good start as soon as fall comes again." Approximately 15 Cubs, parents and guests were present.

**Attend Funeral
In Mississippi**

Mr. and Mrs. Roy Whisler left Monday morning for Jackson, Miss., to attend funeral services for his brother, Jack Whisler. The Bovina man's brother was fatally injured Sunday night.

Funeral arrangements were pending at time of their departure. Mr. and Mrs. Whisler are expected to return to Bovina the latter part of this week.

There is nothing certain except the unforeseen.

Ketch-all Korner

By Sally Whitesides

Roses, roses and more roses. That is just about the only living thing around the Whitesides' yard this spring, it seems. For the past several years, I have ventured out with one or two new rose bushes only to watch them whither away in no time at all. And, because they all died, I more often than not had hollow spaces in flower beds which I had dreamed would be graced with a multitude of lovely blossoms. So this spring I decided to try more with hopes that some of them would grow at least.

Therefore, Bill and I planted nearly 20 roses-- close together--so that if even half lived, I'd have a showing. Yep, you guessed it. Every blamed one of them has nice new leaves sprouting. Now the question worrying me is: Will they be so thick that they'll rub each other's blooms off!

The usual spring frost a couple of weeks ago doesn't seem to have dealt too much damage, but it certainly made the lilacs and peach trees look like a girl in a swimming suit a month too early--cold.

Don't mind too much about the peaches as we rarely get fruit big enough to fill a hollow tooth from our trees but if my lilac blooms are killed, it's going to be a major disaster. Open to have what is known as "seven year" lilacs, which means they must be seven years old before they'll bloom. And this, of course, is about the seventh year! Had two sickly looking sprays last spring and certainly will be a frustrated Green Thumb if I don't have more this year.

Dorothy Kent called the other day and reported her recipe for preparing pheasant. (Her hubby was on the same expedition as mine was.) Seems she used the recipe for barbeque sauce that appeared in this column several months ago--with a slight variation.

Instead of pouring the sauce directly on the uncooked pheasant, Dorothy first pressured the bird until it was done. Then she baked it in the sauce until flavored and tender. Also, instead of using water as the recipe called for, Dorothy mixed the cooking broth into the sauce. And, she says, the results were really palate pleasing. Sure sounds good, anyway.

Called Otho Hammonds the other day when the television set was acting as if part of the picture was going to run out the left hand side of the screen and was being determinedly held back by the other part. Needn't worry, he says, almost everyone in town is having the same trouble and it surely can't be that every third set in Bovina has the same weak tube.

But again I say, it's invariably during a punch line or a vividly active action shot that the picture starts to dance. Threats to the set's well being don't seem to help, either, Bill has even warned our's that, "If it doesn't stop, I still know where the trash barrel sits."

Idle threats. He likes "Gun-smoke" as well as the rest of us do.

All those who were lucky enough to sneak a peek of the decorations at the junior-senior banquet agree that it was a paradise. Those people and their sponsors certainly put out an awful lot of work and they can be very proud of the results. Each year it seems to be prettier than the last.

But the band hall wasn't complete until the girls arrived in their luscious formals. Then, there were more "flowers" walking than were pinned to the walls.

Concert Tickets On Sale

Season tickets for Community Concerts of Clovis are being sold this week by Mrs. Jimmy Charles.

The annual membership drive will continue through Saturday and Mrs. Charles reports this is the only time of year that tickets can be purchased.

The concert season will open in late fall, with a children's chorus from Germany scheduled for November 13. There will be "at least three and perhaps four" concerts this season, says Mrs. Charles.

Adult tickets are \$7; students, \$4. Tickets purchased are good for admission to all concerts. Anyone wishing to purchase tickets should contact Mrs. Charles before Saturday. Her telephone number is Baldwin 5-4134.

Tickets purchased for Clovis concerts are transferrable. Mrs. Charles stresses that anyone wishing to attend concerts in Plainview, Canyon or other associations will be admitted without further charge.

THRIFTY CLUB PIECES QUILTS

Members of Bovina Thrifty Club met Wednesday afternoon in the home of Mrs. George Turner. They pieced a quilt which will be donated to Boys Ranch, near Amarillo.

In a short business meeting, members agreed to meet Wednesday, May 13, with Mrs. E. M. Ware. The meeting will be called early so that a quilt can be completed.

They also decided to visit Boys Ranch sometime in June. At that time, club members will take two completed quilts to the ranch. It is a club project each year to furnish some needed articles to the ranch.

SHOWER PLANNED
A pink and blue shower is planned for tomorrow, Thursday, for Mrs. Norman Taylor. The shower will be in the home of Mrs. Charles Embry, at 902

Avenue K. Friends of the honoree are invited.

There is no time like the present.

Of Interest To
THE WOMEN

Miss Paul Honored By Annual Staff

Miss Grace Paul, elementary principal and seventh and eighth grade teacher in Bovina Schools, was honored Monday afternoon. The current school annual "The Mustang" was dedicated to her.

Announcement of the dedication was made by Janice Richards, annual editor, at a school-wide assembly.

The dedication read, "In our great appreciation for her teaching ability, patience and

interest in the pupils, we, the Mustang staff of 1959, are very proud to dedicate this annual to Miss Grace Paul."

Miss Paul has been a teacher in Bovina Schools for 12 years. She came here from Lazbuddie. She has been elementary school principal in Bovina for eight years.

Miss Paul received her bachelor of science and master degrees at West Texas State College, Canyon. She has been teaching in Parmer County Schools for 30 years.

MISS GRACE PAUL

Mrs. Hardin Honored With Shower Saturday

Approximately 70 friends and relatives attended a bridal shower honoring Mrs. Gerald Hardin Saturday afternoon. The shower was given in fellowship hall of Bovina Methodist Church. Mrs. Hardin is the former Lexie Stevenson, daughter of Mr. and Mrs. Earl Stevenson. She was married Friday, April 3, in Clovis. The couple now lives in Tulsa.

The honoree's chosen colors of pink and green were carried out with a serving table laid with a lace cloth over pink. The centerpiece was an arrangement of vari-colored tulips in a shallow, crystal container.

Refreshments of "hands of friendship" cookies, pink and green mints and lime, floating punch were served. Miss Joy Redden poured and Miss Virginia Embree served cake. Miss Carolyn Crump registered guests.

Mrs. Hardin was presented with a corsage of pink carnations. Her mother and maternal grandmother, Mrs. Stevenson and Mrs. Oakley McGill, of Clovis, were presented white carnation corsages.

Miss Harriette Lou Charles and Miss Celia Berry sang.

They were accompanied at the piano by Mrs. Doris Wilson. Miss Barbara Rea gave a short reading and presented Mrs. Hardin with a pair of scissors.

Among out-of-town guests present were Mrs. McGill, Mrs. J. R. Sublette and Mrs. Bobby Graham, all of Clovis; Mrs. Mary Cooper and Mrs. Fred Cooper, of Lockney; Mrs. Glen Gipson and Carla, and Mrs. Cloyce Francher, all of Olton; and Mrs. Herman Corbitt of Portales, N.M.

Others were Mrs. Quenten Cannon and daughter, Stephanie, of Roswell and Mrs. Alvin Stevenson and daughter, Jolene, and Mrs. Finis Cannon, all of Elida, N.M.

Hostesses were Mesdames Billie Sudderth, Roy Dodson, E. M. Ware, George Turner, Warren Embree, Eddie Redden, Lloyd Killough, E. C. Berry, Earl Richards, Rouel Barron, Dean Hastings, C. F. Hastings, Vernon Estes and Bill Bradshaw.

Friends Honor Mrs. Hardin

Mrs. Gerald Hardin of Tulsa, the former Lexie Stevenson, was honored with a lingerie shower Friday afternoon by a number of her classmates. The shower was in the E. C. Berry home and Celia Berry and Carole Hammonds were hostesses.

Informal visiting among the guests and honoree was set to a background of soft recordings. Pictures were taken and gifts presented to Mrs. Hardin. Refreshments of soft drinks, cookies and salted nuts were served in the dining room. The table was laid with a lace cloth and a centerpiece of pink tulips, brown pussy willows and vividly green honeysuckle carried out the honoree's color theme.

Guests were Janice Richards, Sue Estes, Nita Beth Estes, Verna Marie Estes, Nickie Woelfel, Charlotte Morris, Carolyn Crump, Claudia O'Hair, Penny Lloyd, Harriette Lou Charles, Barbara Rea, Joy Redden and Virginia Embree.

Carters Host SS Party Here

Mr. and Mrs. Duane Carter were hosts to a social for members of Mrs. Tom Perry's Sunday School Class of First Baptist Church Thursday evening.

A covered dish supper was shared by members of the group and their families. As a get-acquainted measure, Mrs. Carter "named" each guest as a Biblical person. Guests receiving matching names were table partners.

Following the meal, games were played by Mr. and Mrs. Perry, Mr. and Mrs. D. C. Looney, Mr. and Mrs. J. D. Kirkpatrick, Mr. and Mrs. Earl Dean Boyd, Mr. and Mrs. Roy Whisler, Mr. and Mrs. Edd Hutto, Mrs. T. C. Wiseman, Rev. and Mrs. Jack Jeter and the hosts.

Bovina Families To Conchas Lake

Several families from here were at Conchas Lake, near Tucumcari, N. M. over the weekend.

Among them were Mr. and Mrs. Earl Stevenson and Gary. Others in their party were the Stevenson's daughter and husband, Mr. and Mrs. Gerald Hardin of Tulsa, and Mrs. Stevenson's sister and family, Mr. and Mrs. J. R. Sublette and sons of Clovis.

Others were Billy Ray Horton, Mr. and Mrs. Jack McCutchan and sons, Mr. and Mrs. Bill Whitesides, Mr. and Mrs. Pat Kunselman and Arlin Hartzog.

Various degrees of "luck" were reported by fishermen.

FHA Girls Return From Convention

Patsy Richards and Cynthia Patterson returned Saturday night from a three-day convention of Future Homemakers of America.

The annual state meeting was in Dallas, with registration Thursday afternoon. Final meeting ended at noon, Saturday.

Miss Patterson attended as voting delegate from Bovina chapter. Miss Richards is incoming president of the chapter.

They were accompanied by Mrs. Dorothy Morton, homemaking instructor and FHA counselor.

Rainbows Visit Canyon Assembly

Members of Bovina Assembly of Rainbow for Girls were guests at a meeting of a Canyon Rainbow Assembly Monday evening.

Making the trip were Judy Meacham, Judy Crawford, Patricia Crawford, Janice Leake, Jeanne Ivy and Verna Marie Estes.

Accompanying them were their Rainbow Dad and Mother Advisor, Mr. and Mrs. Roy M. Crawford, and Mrs. Julia Leake

Attend Scottish Rites Reunion

A. B. Wilkinson and Clyde Perkins attended a Scottish Rites reunion in El Paso last week. Wilkinson was a representative of this area. They returned home Thursday, following a four-day meeting.

Wives of the men were guests at social functions in El Paso during the reunion.

Never ask pardon before you are accused.

Club Federation Explained Here

Importance of Federation in Woman's Clubs was explained to members of Bovina Woman's Study Club Thursday. Mrs. Clarence Gauntt and Mrs. E. C. Berry were in charge of a question and answer program. The meeting was opened with a group singing of "Federation Song." Mrs. Earl Stevenson, secretary, read minutes of past meeting and called roll. Mrs. R. G. Barron, president, presided.

A report was given by members who were guests at a salad supper recently at Farwell Woman's Study. Mrs. Ovid Lawlis, Bovina, was guest speaker. She gave a review of the book, "To Live Again," by Katherine Marshall. Others attending from here were Mrs. Reagan Looney, Mrs. Bill Bradshaw, and Mrs. Barron.

Mrs. A. E. Steelman, member of civic committee, reported that Mayor J. E. Sherrill had been consulted by Mrs. J. P. Macon, concerning the condition of Bovina street markers. Many street markers, erected by members of the club, have been damaged to some extent.

Mrs. Amos Shockley, incoming president, reported, with the use of publicity clippings, on a recent District Federated Club convention in Borger. Mrs. Shockley also announced plans to attend the annual state-wide meeting being held this year in Lubbock. The meeting will be May 4-6 and Mrs. Shockley urges other members to attend, also.

Mrs. Barron asked for a discussion of plans to participate in the Community Achievement Program planned. Following an informal discussion, it was suggested that more literature on the program be acquired before a decision is made.

Three books were also presented to the club by Mrs. Roy McQuattera, district president. The books are to be distributed to high school library, grade school library and to club's library. The books are a historical background of the Panhandle of Texas during the days of Coronado.

Mrs. Gauntt and Mrs. Berry shared responsibility for the program which dealt with achievements of federated clubs throughout the country. The federation's influence toward improvements in standards of living were enumerated. Also, a list of "What Federated Clubs

Stand For" was given by Mrs. Gauntt.

Mrs. Gauntt then asked a number of questions concerning club statistics and Mrs. Berry answered.

Each member was then asked the question "What does Federation mean to you?"

Mrs. Berry and Mrs. Gauntt closed the program with a thought-provoking reading, "Take time for friendships; it's a source of happiness. Take time to dream; it hitches the soul to the stars. Take time for God, it's life's only lasting investment."

Hostesses were Mrs. Johnny Horn and Mrs. L. H. Pesch. They served cake, coffee, tea and mints. The table was laid with an ecru lace cloth. A bouquet of fresh tulips was the centerpiece.

Mixed Recital Heard Here

A recital of vocal and piano artists was presented Tuesday evening of last week in Methodist Church sanctuary. The artists are students of Mrs. Doris Wilson.

The evening's program opened with an invocation by Rev. Davis Edens, pastor, followed by an invocation in song by Jan Gromowsky.

Judy Roach played a concert transcription of "Warsaw Concerto," by Addinsell; Kay Hartzog sang "Spring Interlude," by Gulesian and "I Heard a Forest Praying," by Peter De Rose.

Harriette Lou Charles and Billy Charles were featured in a vocal duet. They sang "The Desert Song," by Romberg.

Judy Crawford played "Gypsy Sweetheart," by Victor Herbert; Jan Morton played "Sweet Marie" by Moore; and Sue Estes played "Ebb Tide" by Maxwell. Vickie Kunselman sang "He's Got the Whole World in His Hand," by Lowe and "Mairzy Doats," by Hoffman.

At the piano, Phyllis Renner played "Coming Through the Rye" and "Long, Long Ago." Jan Gromowsky sang "Tammy" by Evans and "My Doll," as set to the tune of "My Bonnie."

Sandra Patterson played "In Autumn" by Weybright and Myrtice Shockley sang "Evening Star" from Tannhauser and "All in the Golden Afternoon," by Fain. Paula Kay Kerby sang "Chinese Rose," by Newman and Carla Meacham played "An American Folk Tune."

Two selections sung by Radford Venable were "Give us This Day" and "Short 'n' Bread." Ronnie Glasscock sang "Nobody Knows De Trouble I've Seen" and "Father." The latter was a toast to Dads.

Lynn Looney played "Havana Nights," and Jerry Roach and Linda Johnston gave a vocal duet, "Love Walked In," by Gershwin. A solo, by Harriette Lou Charles, was "Beside Still Waters," by Hamblen.

Judy Roach sang "The Lord's Prayer" by Molotte and "God Gave Me You" by Kaiser.

Nickie Woelfel sang two solo selections; "Bells of Youth" by Oley Speaks and "A Faded Summer Love." The Wilsonaire Trio, composed of Marilyn Brandon, Janice Leake and Brenda Jones provided background harmony for the latter selection.

The Wilsonaires then sang two songs, "The Twenty-Third Psalm" by Newman and "Everybody's Got a Home But Me."

Shower Honors Mrs. Phillips

Mrs. Ray Phillips was honored with a pink and blue shower Tuesday morning in First Baptist Church annex. Mrs. Phillips is the former Sue Moody, daughter of Mr. and Mrs. E. H. Moody.

Colors carried out in the decorations were yellow, white and green. Softly painted "trees" made of branches were graced with a number of miniature baby dolls. Two trees served as the centerpiece, with a ribbon clothes line tied between the two. Another "baby tree" was on the piano.

Refreshments of coffee, tea and cake were served. The cake was white, decorated with suggested names written in icing on each serving. Mrs. Vernon Ward and Mrs. Arnold Hromas served refreshments.

The honoree and her mother were presented with corsages made of baby socks, rolled to resemble roses. Mrs. Roy Fuller was in charge of a number of games.

Hostesses were Mrs. Henry Minter, Mrs. P. A. Adams, Mrs. Don Murphy, Mrs. Travis Lloyd, Mrs. Harold Hawkins, Mrs. Hromas, Mrs. Leslie McCain, Mrs. Glenn Kelley, Mrs. Jack Jeter, Mrs. Fuller and Mrs. Bobby Englant.

Approximately 30 guests and hostesses were present.

"His deeds must win the prize."

Two Families Honored With Housewarmings

Two Bovina families were recently honored with individual housewarmings. Mr. and Mrs. Glen Hromas and sons were feted Tuesday evening, April 14, when a number of their friends arrived with gifts and refreshments.

Members of Bovina Town and Country Club were hostesses and served sandwiches, cookies, soft drinks and cake. Games of dominoes and "42" were played.

The hostesses presented Mr. and Mrs. Hromas with a set of TV trays and a "pole" lamp. Other gifts were given individually.

Present were Mr. and Mrs. Tom Griffith and Barbara, Mr. and Mrs. Bob McMeans and sons, Mrs. Roy Fuller and members of the club and their families.

Tuesday evening of last week, Town and Country Club honored Mr. and Mrs. Charles Embry with a housewarming. Refreshments of cake, soft drinks and dips were served and games played later.

Mr. and Mrs. Embry were presented with "four seasons" plaques and a coffee set by the hostesses.

Guests present were Mr. and Mrs. F. O. Turner, and Mrs. C. L. Murray and Karen.

Members of the club and their families attending were Mr. and Mrs. Tommy Bonds, Mr. and Mrs. Sam Sudderth, Mr. and Mrs. Scott Gober, Mr. and Mrs. Charles Vickers, Mr.

and Mrs. Mark Charles, Mr. and Mrs. Joe Moore, Mrs. Robert Read, Mr. and Mrs. Nickie Foster and Mr. and Mrs. Don Owens.

CONGRATULATIONS

Mr. and Mrs. Charles Vickers became the parents of a son Wednesday morning of last week. The little boy, named Murray Charles, was born in Farmer County Community Hospital and weighed seven pounds.

Maternal grandparents are Mr. and Mrs. C. L. Murray of Bovina. Paternal grandparents are Mr. and Mrs. C. P. Vickers of Idalou. This is the couple's first child.

Piano Recital To Be Soon

Mrs. Margaret Caldwell's piano students will be presented in a piano recital Sunday, May 3, in First Baptist Church sanctuary. The program will begin at 3 p.m.

Participating on the program will be Suzanne Wilson, Linda Osborn, Lee Terry, Davela and Patricia Edens, Connie and Vicki Vaughn, Mike and Pamela Grissom, Carol and Daryl Kirkpatrick, Larry Glenn and Nancy Mitchell.

Those in the senior division will be Shirley and Margie Carter, Gwen Christian, Mary Ann McKinney, Carol Jean Hastings, Ronnie Glasscock and Jerry Rigdon.

Everyone is invited to attend, says Mrs. Caldwell.

"Handiest Location In Bovina"

THE STATE OF TEXAS
COUNTY OF PARMER
In the Name and by the Authority of The State of Texas To:

Grady Mitchell, his unknown wife or wives, whose residence

is unknown, W. B. Mitchell, his unknown wife or wives, whose residence is unknown, the heirs and legal representatives of Grady Mitchell and W. B. Mitchell, deceased, whose name and residence are unknown, and the respective unknown heirs and legal representatives of all the above named parties, the unknown owner or owners of the herein-after described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the herein-after described property delinquent to plaintiffs herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 154th Judicial

District, Parmer County, Texas, wherein THE CITY OF BOVINA is plaintiff; State of Texas, County of Parmer, Bovina Independent School District and High Plains Underground Water Conservation District No. 1, are impleaded party defendants; and Grady Mitchell, his unknown wife or wives; and W. B. Mitchell, his unknown wife or wives, their heirs and legal representatives are defendants, by the filing by said plaintiff of a petition on the 16th day of April, 1959 and the file number of said suit being No. 2043 and the nature of which is a suit to collect delinquent and ad valorem taxes on the following described property, to-wit:

Lot 3, Block 36, of the Original Town of Bovina, Parmer County, Texas, together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows:

CITY OF BOVINA . . . \$30.10
BOVINA INDEPENDENT SCHOOL DISTRICT, Impleaded Defendant . . . \$20.63
STATE OF TEXAS, PARMER COUNTY, HIGH PLAINS UNDERGROUND WATER CONSERVATION DISTRICT NO. 1, Impleaded Defendant . . . \$9.92
TOTAL . . . \$60.65

The names of all taxing units which assess and collect taxes on said property not made party to this suit are none.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties and costs allowed by law thereon may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all

said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 8th day of June, A. D. 1959 (which is the return day of such citation), before the honorable District Court of Parmer County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Farwell, Parmer County, Texas, this 25th day of April, A. D. 1959.

Hugh Moseley
Clerk of the District Court,
Parmer County, Texas,
154th Judicial District.

WHITTLIN'

never spoken. And as we said, we try to remember that often, especially when some sharp-tongued individual starts telling us how little we know about what we do for a living.

You'll note sarcasm in the last three paragraphs. On the other hand, we're truly proud of the interest many of our readers have shown and for the help they've given us.

Possibly the type that is hardest of all to tolerate is the individual who is never satisfied and has a continual gripe. You know the type. He's the same fellow who's griping about something on a beautiful spring day after the wind and sand have been blowing the day before.

Speaking of wind and sand, Monday's blow could hold its own with the best of them. It was of the type which would stop a clock and did, as a matter of fact---ours! We weren't aware of it until the sand finally got the best of it, but we had sentiment attached to that timepiece. It wasn't really cut out for this country. It was a goat country clock, but we felt it

THE HIGH PLAINS FARM AND HOME

Better Corn Production Shown "In a Nutshell"

Increased interest in corn production for the 1959 growing season has recently developed in this area. The available information on corn production can be summarized as follows:

1. Land: Should be of medium to high fertility and fairly level to insure good water penetration.

2. Fertilizer: 100 to 150 pounds of nitrogen either pre-plant or sidedressed early, and on sandy lands or land that has previously given response to phosphate: 60 to 80 pounds of P2O5.

3. Planting: Plant as early as practical, usually from April 10th to May 1st. Earlier planting gives more opportunity to harvest before corn falls down.

Plant at a rate to get 16,000 to 18,000 plants per acre or one plant every 8 or 9 inches in 40 inch rows (usually 10 to 12 pounds per acre).

4. Irrigation: Moisture requirements are critical at silking and tasselling and the corn will probably need one irrigation after silking to develop ears. Corn will require three to five irrigations depending upon maturity type of hybrid, rainfall, type and contour of land.

5. Cultural Practice: About same as for grain sorghum.

6. Harvesting: Corn should be harvested when moisture gets from 15% to 20%. Some reports indicate that corn can be combined with moisture ranging from 20% to 25%. This

practice reduces harvesting losses and permits earlier harvesting, but requires drying the grain.

7. Varieties: There are many good commercial white and yellow hybrids of early, medium and late maturity. Some of these are: Texas 17W, 26, 28 & 30; Asgrow 104; Conrads 3; Watsons 111; Funks G779W & 740; TRF 9 & 10; PAG 485; Dekalb 1002 & 1023; Northrup King KW5.

8. Expected Yield: 90 to 150 bushels per acre.

(From information furnished by High Plains Station, Halfway.)

SOIL CONSERVATION DISTRICT NEWS

Beginning on the fifth Sunday after Easter and continuing through the following Sunday, soil conservation districts through the nation will observe Soil Stewardship Week.

The National Association of Soil Conservation Districts promotes Soil Stewardship Week in hopes that it will be an influence in awakening man to his responsibility as stewards of the soil.

Quoted below is a very

moving thought by Nolen J. Fuqua, who was, until a short time ago, President of the National Association of Soil Conservation Districts.

"Sometimes when I am riding in a plane - often at altitudes of three or four miles - I look down upon the crops and grazing lands far below.

"I see broad areas soared by gullies and the white or grey patches of sterile subsoil where no good topsoil is left.

"This thought usually comes to me: This must be the way that God looks upon what we have done with His gift of soil.

"The sight can only bring sadness to Him.

"And I think of the many more millions of people who year by year will move into our nation and our world. Statisticians say the population on this country has passed the 170,000,000 mark - a gain of 18 million in six years. Three million a year!

"If we fail in our stewardship, the time may not be too far distant when our blessed abundance which has been our strength may give way to scarcity. Then there may come years when good crops will not be enough to meet our needs.

"Looking at our farms and ranchlands from high above makes me more certain than ever that there is a divinely conceived charge to mankind to use God's land wisely, and to pass it on in better condition to the next generation. "Can a nation be neglectful of its stewardship of the soil and still be a religious person?"

"This is God's earth. We ought to try seeing it as He sees it - and each of us may better realize our stewardship in the use of His land." Remember Soil Stewardship Week May 3-10, 1959.

Work accidents on the farm kill 3,500 to 4,000 persons yearly, according to findings of the National Safety Council. Although there are more deaths in farming than in any other major industry, the death rate per 100,000 workers is not as high as in the construction or mining industries.

County Agent Leaves for Trip To Italy; Will Promote Maize

Joe Jones, Parmer County's agricultural agent, has been selected by the Grain Sorghum Producers Association to represent that commodity at several very significant agricultural meetings in Italy this spring.

The purpose of his trip will be to help stimulate the increased use of grain sorghum in the feeding rations of that part of Europe. This is a phase of an educational and promotional effort being made by the commodity group through the Foreign Agriculture Service.

Jones has been preparing himself for the month-long trip for several weeks. His passport

A PREVIEW FOR THE BIG SHOW is seen by Bob Crozier of the Parmer County SCS, as he visited in County Agent Joe Jones' office Friday. The agent is running the slide projector and describing scenes taken in the Parmer County area that will illustrate a talk he will make at a feed manufacturers convention in Rome.

and necessary identification papers are all in order and he will leave Friday. From Amarillo he will fly to Chicago, then fly to New York, and the last leg of his trip will take him over the Atlantic to Rome. He will travel alone.

Jones will assist with staging a grain sorghum exhibit at the Samples Fair at Bologna. This will be designed to acquaint the visitors with just what grain sorghum is and how economically and efficiently it can be used as feed.

He will also appear before the International Feed Manufacturers in Rome to discuss utilization of grain sorghum in feeding rations. It is in the latter project that Jones has invested considerable time and effort.

During recent weeks he has toured the Parmer County area, taking slides and getting up-to-date information on how farmers and stockmen on the High Plains are making use of milo in their feeding.

Slides to be shown will depict feed lot feeding of beef, "pig parlor" types of swine feeding, and sheep feeding. Information for this presentation has been gathered from area farms.

FARM & RANCH LOANS Long Term-Low Interest Ethridge-Spring Agency, Friona Phone 8811

In recent months the U. S. government has indicated an interest in stimulating consumption of feed grains overseas. A special working agreement was made between the USDA and the grain sorghum association to cooperate on a joint educational and promotional program to that end.

Jones' trip is a result of this plan to stimulate grain sorghum exports.

The local county agent will return home by way of Washington, where he will report to the Foreign Agricultural Service on the results of his trip.

COUNTY 4 H NEWS

BY LARRY POTTS Dewain Phipps called the meeting to order. Dwight O'Brien led the 4-H pledge. Eldon Long, Charles Fry, Gary Lou Renner and Dewain Phipps gave a report on the county livestock show. Dewain Phipps then turned the meeting over to Joe Jones. Joe talked to us about our future projects and our tractor maintenance test. We were then given awards for the past year. The meeting was adjourned.

FRIONA SR. 4-H CLUB BY JOEY TAYLOR

The meeting was called to order by president Dewain Phipps, the pledge leader led us in the pledge, and Gary Lou Renner gave a report on the pig show and Dewain Phipps gave a report on the calf show. Then the meeting was turned over to Joe Jones and we discussed our projects, and the tractor contest on Saturday. Some of the pins and ribbons were handed out and the meeting was adjourned.

LAZBUDDIE JR. 4-H CLUB BY RONALD ASHFORD

The meeting was called to order by D. H. Foster. Buddy Embry read the minutes. The pledge was led by Lloyd Bradshaw. Lloyd Bradshaw and D. H. Foster gave a demonstration. Gary Coker, Ronny Miller, Hoppy Jennings, Bobby Gleason, and Bobby Redwine gave reports on the county fat stock show. Lloyd Bradshaw gave a report of the demonstration day held at Farwell Saturday, April 18th. Six club members bought record books. Seven members plan to write essays in the Sears gilt contest. Four boys will enter the crops contest this year. Four boys plan to feed calves for the county show next year.

FRIONA SR. 4-H CLUB

BY GARY BROWN

The meeting was called to order by Harrol Redwine. Carol Redwine led the pledge. Eugene Houston read the minutes. Calvin Mason gave a report on the Friona show. Carol Redwine gave a report on the sheep at the show. Harrol Redwine gave another report on the Friona show. The meeting was turned over to Joe Jones. Joe talked to us on how to prepare a project for showing.

The National Safety Council says auto seat belts can help prevent death and serious injury in highway accidents. A recent study of fatal auto accidents showed 17.4 per cent of the persons in the persons in the cars without seat belts were thrown out and killed. Only 2.2 per cent of those in cars with seat belts were killed.

PCICN Gardening should be a rewarding hobby it is such a demanding one. Either you have a nagging backache because you've finished the weeding or a nagging conscience because you haven't. PCICN The trophy honoring the salesman of the year went to the man who sold a farmer a milking machine for his only cow then took the cow as a down payment. PCICN You start and keep going with our engine tune-up specials--Heavy Duty batteries, distributor and magnet breaker points, battery cables, condensers, starting switches, voltage regulators, oil filters, spark plugs and spark plug cables. PCICN Why is it that a little boy looks o.k. when you put him to bed Saturday night and then on Sunday morning in church he looks like he should have had a haircut a week ago? PCICN International power units

James Mabry, Celia Berry To Be Honored at Banquet

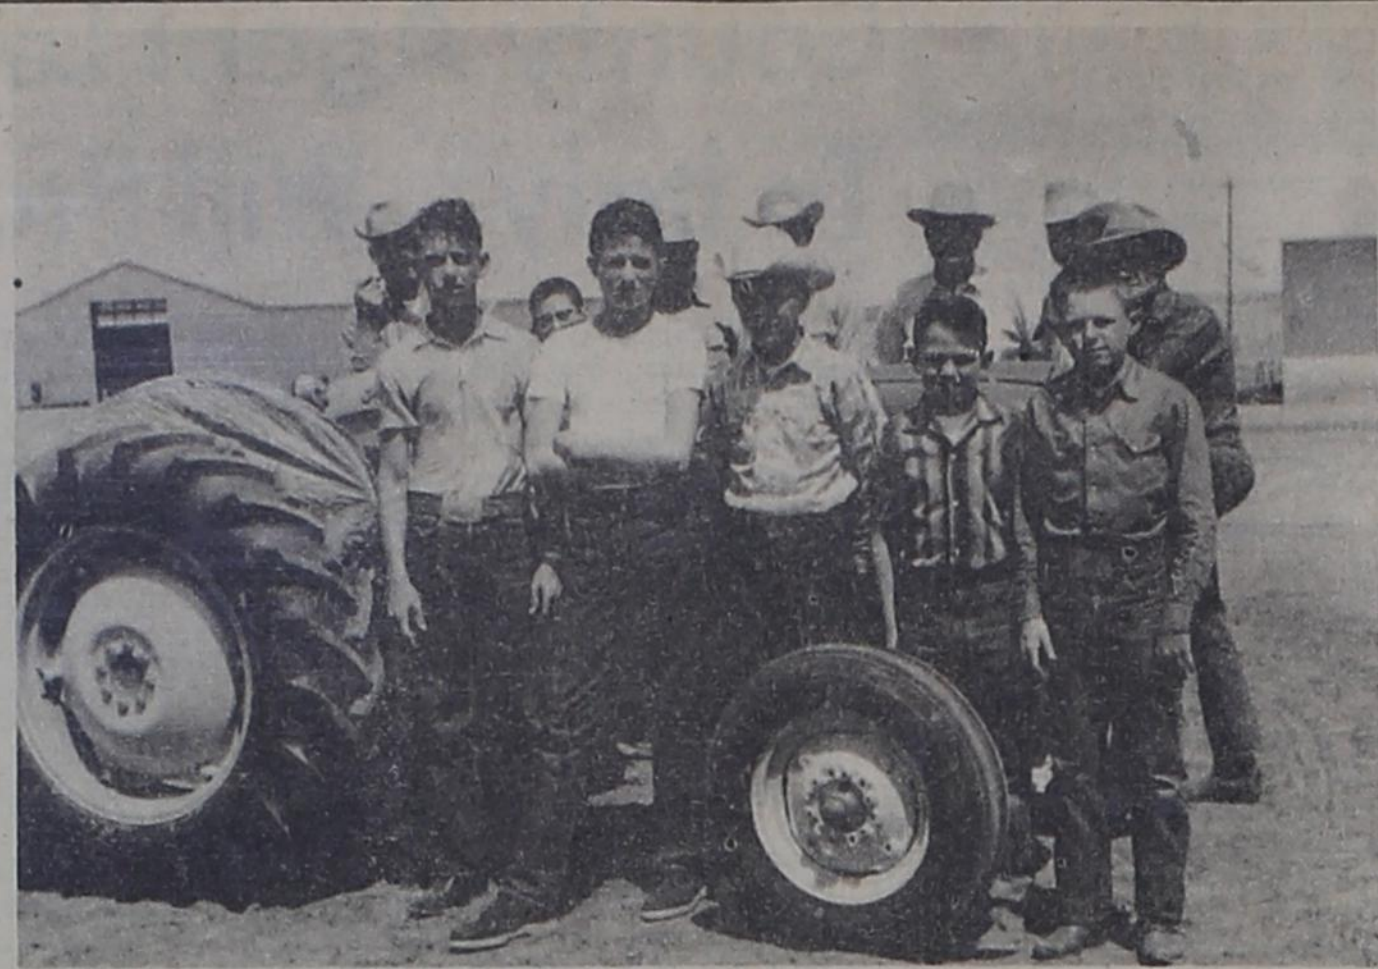

Two Parmer County people who won awards in the annual Ft. Worth Press "Save the Soil and Save Texas" conservation contest will be recognized at a special soil conservation banquet in Wellington May 16.

They are James Mabry, Hub farmer, and Celia Berry, Bovina High School student. Mabry was judged first place winner in the Region I contest, which included the Panhandle and South Plains area. He has the title, "Outstanding Conser-

vation Farmer of Region I" and will receive \$100 for the win. Miss Berry won second place in the regional essay contest, and will receive a trophy for this accomplishment. She was the winner of the Parmer County Soil Conservation District essay contest this year.

Mabry was picked by the local SCD as soil conservation farmer of the year.

Both will receive additional recognition at the annual Parmer County SCD banquet which will be held in the fall.

THE 4-H TRACTOR DRIVING CONTEST was in Friona Saturday morning. Boys who competed are on the front row. They are, left to right, Dwain Phipps, 2nd; Dwight O'Brian, 3rd; Gary Foster, 1st; Royce Gibson, 5th; and Gerald Foster, 4th. The boys were also given written and "daily check" examinations. In the background are county adult leaders in the 4-H tractor maintenance schools.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Well, full refund of road use tax on farm-used gasoline is assured for one more year. Hundreds of telegrams from members supporting Farm Bureau Legislative teams in Austin each year keep this the way it is. Now if we are successful in making it an annual, simplified procedure, it will be much better . . .

About twenty five Friona FFA

boys and Mr. Gee accompanied the weed committee to Bushland for the annual noxious weed demonstration last Thursday. Members and others working with the committee who attended were Raymond Schueler, chairman; J. T. Jones and Gus Schlabs, members; Joe Jones and Bill Nicholas, associate members. Friona State Bank paid for the meals for the FFA boys. Work is being planned for the season's operations in the county. We hope you will cooperate with every proposal to get rid of noxious weeds. . . .

Wheat: Mr. James Dyess, Commodity Stabilization Service, testifying before a House subcommittee on wheat made the following statement with regard to the OVERSEEDING OF WHEAT: "The larger farms in 1958, those subject to penalty seeding above 15 acres, planted about two million acres more than their allotment . . . The small farms, those under fifteen acres, planted about 4.5 acres in excess of their allotment." So you can see where the bulk of the surplus came from. . . .

More than thirty telegrams that we know of have been sent from Parmer County, in fact most of them right around Friona, urging influential people like the president, vice-president, secretary of agriculture, Senator Dirksen, and the Republican national chairman, Thurston Morton, to block Secretary of Labor Mitchell's plans to extend the Wage and Hours Act to agricultural and retail people. Meetings are being held in every area within the state in an effort to keep this thing from happening. Farm Bureau has always opposed this kind of move from the local, state and national level. . . .

Roger Babson, economist, ended his last week's column thusly, speaking of the problem

tice, was first published by the Texas Agricultural Experiment Station in January of 1958. About 400 Texas producers used the practice on a total of 26,523 acres last year.

Most of the treated acreage was centered in the High Plains and Lower Rio Grande Valley. For general use a mixture of Captan, Zineb and PCNB applied as a spray or dust is recommended. As a spray, 5 pounds of a formulation containing 15 percent active Captan, 22.5 percent active PCNB and 26 percent active Zineb applied in water at the rate of 7 gallons per acre is suggested.

As a dust, 10 pounds of a formulation containing 7.5 per

cent active Captan, 11.5 percent active PCNB and 13.0 percent active Zineb per acre is effective. Nabam applied as a spray at the rate of 1 gallon per acre should give good re-

sults in soils with a pH below 7.3.

The wise man looks ahead.

Fungicides Aid In Controlling Cotton Disease

Use of in-the-furrow fungicides at planting time may be an effective aid for controlling cotton seedling disease in some areas, says Harlan Smith, extension plant pathologist. Cotton seedling disease is one of the major diseases attacking cotton in Texas, Smith pointed out. Last year it cost Texas farmers a little over 4 1/2 million dollars.

Information concerning use of in-the-furrow fungicides at planting time, a relatively new seedling disease control prac-

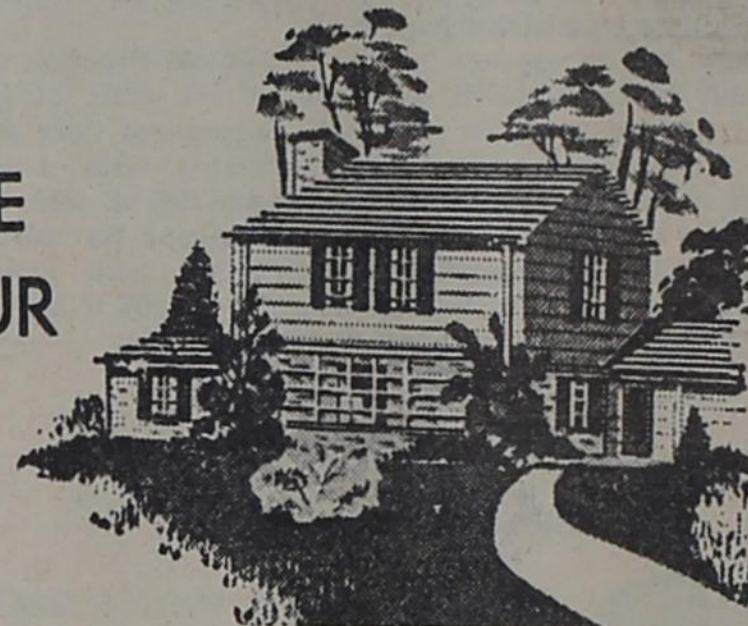

of unemployment: "Also, all of us must be willing to fight the liquor evil, which is one of the causes of unemployment." CONSIDER THIS: Open rebuke is better than secret love. Proverbs 27:5.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

Homemakers in our area who raise gardens are already thinking in terms of fresh vegetables for the table with enough to fill the freezers and empty jars. It is interesting to listen to homemakers discuss the freezing and canning of vegetables.

Most of us have already learned which vegetables go best at our house canned or frozen. Then, there are always new methods of preparing foods for freezing that we are anxious to try. It isn't at all unusual for a family to enjoy a vegetable prepared by one method and reject the same vegetable prepared differently.

Since squash is one vegetable that the Floyds enjoy eating fresh, we have been most anxious to discover a method of canning or freezing it so that it will be eaten.

Recently Mrs. Weldon Stringer gave us a recipe for Scalloped Squash and it is being printed in our Star cook of the week feature. It is possible that a person could utilize canned

well.

squash in this dish, and if so, we plan to can squash this summer.

In a recent magazine article this question was asked, "Do you play games with your children?" The writer gave a number of good reasons why any mother should arrange to spend some time playing games with her children of all ages.

There are a large number of new educational games on the market that will teach as well as entertain. Those that are especially recommended are the ones that deal with words.

Outdoor games were recommended for exercise, fresh air and companionship. Maybe if more of us participated in outdoor games with our children instead of acting as referee when disputes arise there would be less confusion and we would have less umpire-ing to do. At least, it is something we should think about.

Most of us read and hear a great deal about mental health and realize that it is important to our physical well being to be well adjusted mentally and for this reason spend a great deal of time endeavoring to help our children become well adjusted adults.

In a recent issue of the Parents Magazine, the following article was printed. The suggestions were made by Dr. George S. Stevenson, medical consultant for the National Association for Mental Health.

1. A tolerant, easy-going attitude toward yourself as well as others.
2. A realistic estimate of your own abilities--neither underestimating nor overestimating.
3. Self-respect.
4. Ability to take life's disappointments in stride.
5. Liking and trusting other people and expecting others

to feel the same about you.

6. Feeling a part of a group and having a sense of responsibility to your neighbors and fellowmen.
7. Acceptance of your responsibilities and doing something about your problems as they arise.
8. Ability to give love and consider the interests of others.
9. Ability to plan ahead and set realistic goals for yourself.
10. Putting your best efforts into what you do and getting satisfaction out of it.

If there is someone in your family who is allergic to milk and eggs, you will appreciate the following recipes.

APPLESAUCE CAKE
1/2 cup shortening
1 cup sugar
1 1/2 cups applesauce
1 1/2 teaspoons baking soda
1 teaspoon vanilla extract
1 15 oz. package raisins
2 cups sifted flour
1/2 teaspoon baking powder
1/4 teaspoon salt
Cream shortening and sugar. Add combined applesauce, soda and vanilla. Do not be concerned if mixture separates. It will blend as ingredients are added.

Stir in raisins. Sift together flour, baking powder and salt, add to creamed mixture. Mix well and turn into greased 8X 8X2 inch cake pan. Bake in moderate oven (350 degrees) 50 to 60 minutes or until cake is well done.

BANANA CUPCAKES
2 cups packaged biscuit mix
1/3 cup brown sugar
3/4 cup mashed banana
1/4 cup water
2 tablespoons melted shortening or salad oil
1 teaspoon vanilla extract
Combine biscuit mix and sugar. Add mashed banana and water alternately stirring after each addition. Stir in shortening and vanilla. Bake in greased cupcake pans or paper cups in moderate oven (375 degrees)

H. D. AGENT'S CORNER

Jimmie Lou Wainscott

Have been practicing with the 4-H demonstration co. winners this past week. Monday I worked with Charlotte Seaton and Johnnie Ivy at Lazbuddie on their vegetable demonstration. Wednesday I attended a family economics training meeting in Amarillo conducted by Mrs. Eula J. Newman, home management specialist from College Station.

Wednesday afternoon late I went to the Dee Chitwood home at Lazbuddie and helped Pat Chitwood with her dairy foods demonstration. Thursday after school I met Judy Billingsley and Janice Hillock and we went to Bovina and practiced with Virginia and Barbara Rea on their dairy foods and electric demonstrations. Then that night Linda Phillips and Phyllis Christian came to my home and we worked on their 4-H records that they have to turn in for their dairy foods jr. team.

My plans for next week are to go to Lazbuddie to practice with Johnnie and Charlotte again and to practice with Judy Koelzer and Peggy Carrol on their poultry demonstration; Wednesday to judge the women's advanced dressmaking review at Tulla; Thursday to prac-

Unused Allotments A Community Concern

Cotton is a commodity which creates a good "multiplier" effect in the economy, says Bob Cherry, economist for the Texas Agricultural Extension Service, because most of the cotton farmer's dollar is usually dropped into the money stream of the community. Though the dollar's identity may be quickly lost, it tends to circulate through all the avenues of trade and commerce.

The loss of cotton income, on the other hand, can adversely effect a commodity's whole economy, points out Cherry. For that reason, adds the economist, communities can look upon unused cotton allotments as a matter of community concern. Last year, for example, about one out of each 20 allotted acres was neither planted nor put in the soil bank.

The law under which cotton farmers are now operating contains provisions for the voluntary release and reallocation of 1959 cotton allotments. Where the release is made, the released acreage is retained on the releasing farm as history and is used in figuring future allotments as though it were planted. But, Cherry points out, it will not qualify a farm for an old farm allotment as having planted cotton in one of the three previous years.

It is very important that released allotments be reapportioned and planted on other farms in order to hold county and state planting history. The released and reapportioned allotments must be planted if they are to remain a part of the acreage history for the county and state, emphasized Cherry. Released allotments may be reallocated to any old or new cotton farm on which additional acreage is needed and will be

reapportioned to other counties only after each cotton farmer in the releasing county has received all of the allotment he can plant.

planted. Any excess of released allotments in a county may be surrendered to the State Agricultural Conservation and Stabilization Committee for re-

apportionment to other counties only after each cotton farmer in the releasing county has received all of the allotment he can plant.

Congratulations To Cordie Potts

— another far-sighted farmer —
Mr. Potts, along with hundreds of other business-minded farmers, always turns to the **BROWN SUPPLY COMPANY** when he makes his plans for more efficient operation of his farm.

BROWN SUPPLY stands ready to go to work immediately in installing concrete tile so your irrigation operation will be more efficient and conserve water

For an estimate on your next irrigation system, without obligation, contact one of their friendly salesman.

2 1/4 Bales per Acre With Ammono-Phos for Grow Power

Rev. Jack Jeter, Jack Morris, and Bud Crump, Manager of Parmer County Farm Supply.

In 1958, I had 76 acres of cotton. Thirty-five acres of this land was not fertilized and made a good bale to the acre. Forty-one acres was fertilized with 200# of Mathieson's AMMO-PHOS water soluble 13-39-0 and produced 2 1/4 bales per acre.

I chiseled my land 7" deep, drilled 200# of 13-39-0 and planted April 22nd. I irrigated three times -- the first time when the crop started fruiting and the last time on August 18th. I saved my bottom crop with an early insecticide program.

This year I will use 200# of Mathieson's 13-39-0 on all of my cotton. I only wish that I had used it on all of my cotton in 1958.

An argument raised against auto seat belts is that it's hard for a person to get out of a wrecked car if he's wearing a seat belt. The argument says this could be fatal if the car caught fire or was submerged.

A National Safety Council survey showed approximately 3,000 rural residents die in home accidents every year, and 430,000 others are injured.

Fire losses on American farms have increased steadily since 1940. National Safety Council figures show the present farm property loss due to fires is more than \$152,000,000 yearly.

I have a recipe that I got from Mrs. Agn Draper, county home demonstration agent. Hereford, that her club women have really enjoyed. The Cherry Crunch contains things most of us have in the cabinet all the time and is really nice to serve a crowd. So thought you might like to try it too.

CHERRY CRUNCH

- 2 cans Cherries
- 1 1/2 cups sugar
- 5 T. cornstarch
- 30 Graham crackers
- 3/4 cup sugar
- 1 1/2 stick butter

Thicken cherries, sugar and cornstarch. Put crust of creamed butter, sugar and cracker crumbs in 9x13 pan. Save 1/3 for top. Put in cherries. Top with meringue and sprinkle with some of crust. Bake at 375 degrees oven until brown.

VITAMIN C IS NEEDED DAILY

An apple a day may keep the doctor away, but it takes an orange a day -- or its equivalent -- to provide the vitamin C recommended for maintaining good nutrition, according to extension foods and nutrition specialists.

A food consumption survey carried out by the U. S. Department of Agriculture showed that among more than 6,000 U. S. families whose food purchases were studied over a week's time, one in four was not receiving recommended quantities of vitamin C.

Citrus fruits are rich enough in vitamin C to yield a day's supply in one average serving such as a whole orange or a half grapefruit. Potatoes, tomatoes, peppers, Brussels sprouts and cabbage, as well as greens such as spinach, mustard and turnip tops also contain vitamin C. However, more than one average serving of these other foods is needed to provide enough of the vitamin daily.

Vitamin C is not stored in the body, remind the specialists. That's why you need to include it in your diet on a regular day-to-day basis.
