

Old Age Pensions

"Old age pensions could cost Texas taxpayers as much as \$56,073,402 yearly if each of the 283,199 people 65 years of age and over received the full \$15 monthly allotment provided for in the recent Constitutional Amendment," State Auditor Orville S. Carpenter said today.

At the request of Governor Allred, Carpenter and R. B. Anderson, State Tax Commissioner, prepared the report "Cost and General Plan for Old Age Pensions." Upon the Governor's suggestion it was mailed to members of the Legislature September 10.

"Experience of other states has shown that they have attempted at first to take care of only those ac-

tually in need of assistance. Requirements made of applicants have been with view of eliminating those who although of eligible age, did not actually need assistance. In this way other states have greatly reduced the cost from the amount necessary to pay if all persons of the required age had been included," Carpenter said.

"As there are 41,787 persons 65 years of age and over on the Texas Relief Rolls, this apparently is the minimum number able to qualify for old age pensions. At \$15 a month and with 10 per cent administrative cost added, this would be \$8,273,826 yearly," Carpenter explained.

Carpenter believed the figure 2,933 most nearly represented the actual number who probably would

receive old age pensions in Texas. He determined this figure by considering the experiences of other states. If 62,933 people in Texas 65 years of age and over were to receive the full \$15 a month, the yearly cost to the taxpayer would be \$12,460,734, Carpenter calculated. In this he included 10 per cent administrative expenses.

"The Federal Government, if funds available, will provide an amount equal to that spent by the State plus 5 per cent for expenses. This depends upon approval of the Texas plan by the Social Security Board in Washington. The Texas Legislature will formulate a plan for distribution, and it will decide whether or not the full \$15 maximum will be used," Carpenter concluded.

MINIMUM AGE LIMIT FOR CCC ENROLLEES LOWERED 18 TO 17

Minimum age limit for CCC enrollees has been lowered from 18 to 17. State Enrollment Supervisor Neal E. Guy announced Saturday. The ruling will apply for the October enrollment, when every eligible person in the state is expected to be given a chance to enlist in the CCC.

Enrollment will be open for all unmarried men between 17 and 28 whose families are on relief rolls. The dates are inclusive, and a person who has passed his seventeenth birthday is eligible, as is one who has not reached his twenty-ninth.

Mandatory discharges have been discontinued, and enrollees may stay in camps indefinitely. Also, persons honorably discharged may

re-enlist, provided their previous was not less than four months. Eligible enrollees, however, honorably discharged prior to October 21, 1933, may be re-selected without regard to length of previous service.

Guy advised persons in the lower age brackets, particularly the 17-year-olds who are in school, to continue their schooling as long as possible, with the hope of enlisting later. For those who cannot continue in school, the CCC conducts an educational program in each camp, he pointed out.

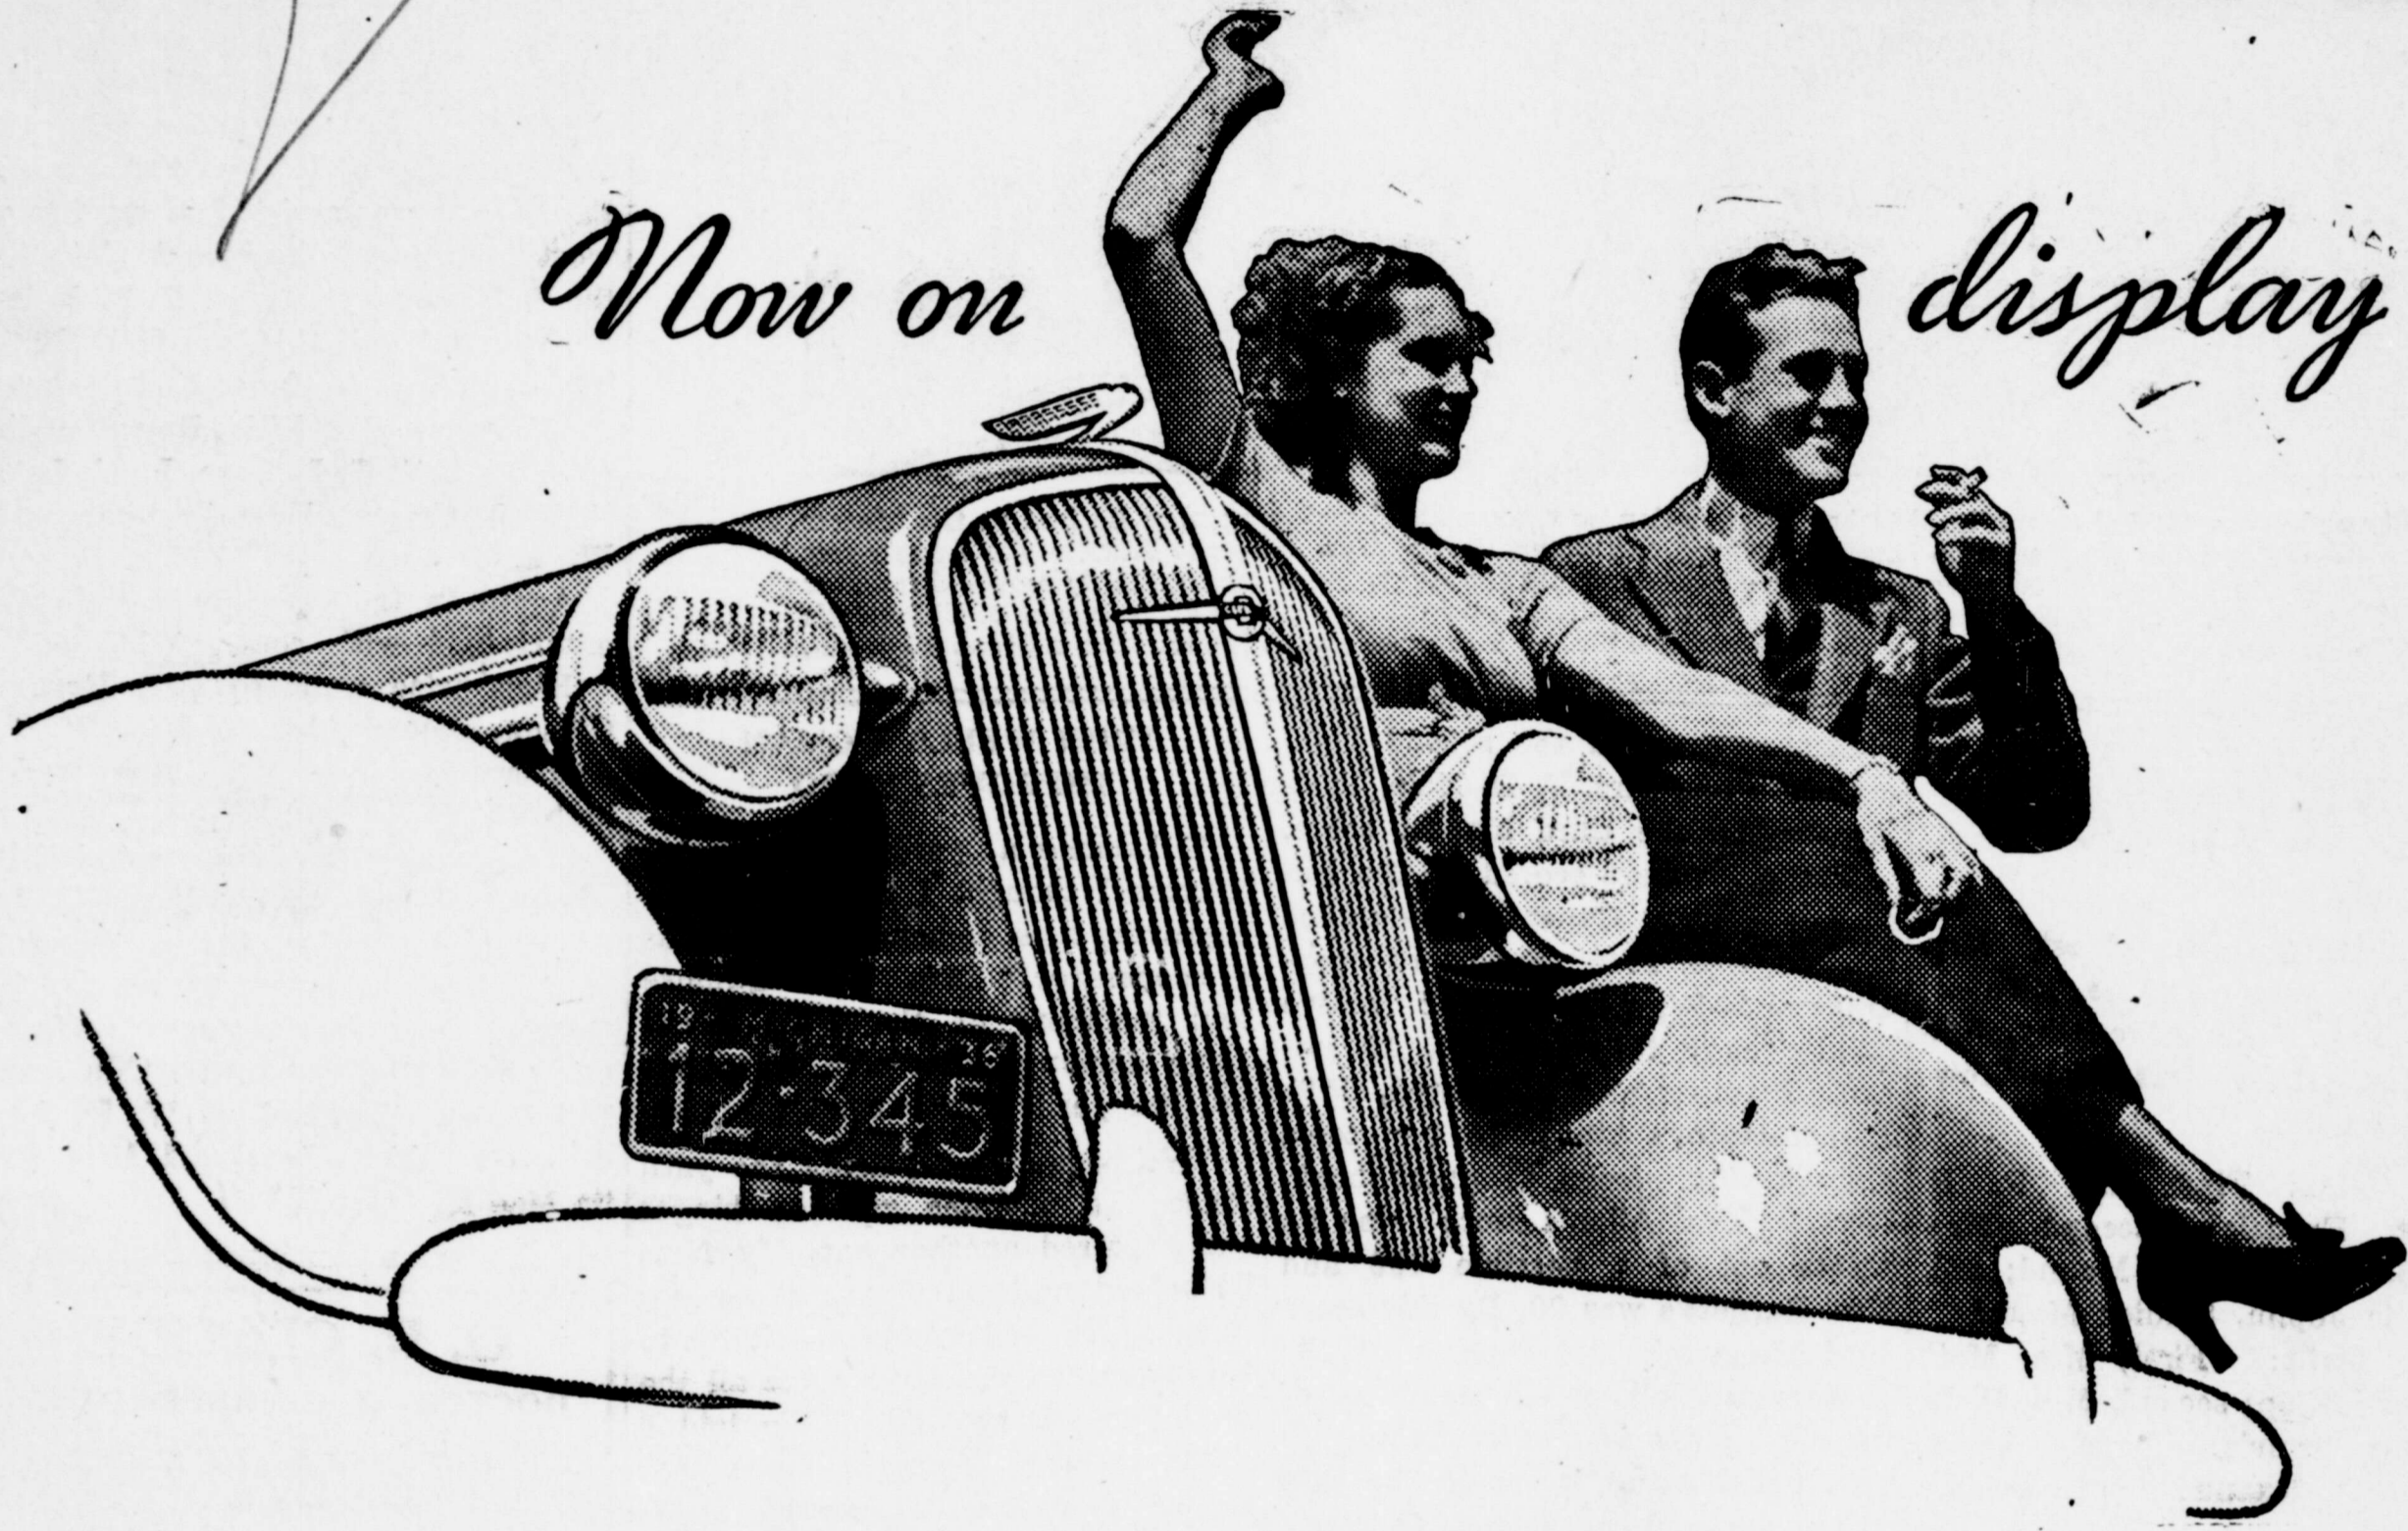

Misses Maxie Dingus, Jannelle Stodhill, of Munday, and Miss Rita Dingus, of Guymon, Oklahoma, were guests over the weekend of Miss Alice Brashear.

Henry Alexander made a week end business trip to Dallas, returning Sunday evening accompanied by Mrs. Alexander, who has been spending a two week's visit at Mineral Wells.

MEMBERS MAKE NEARLY COMPLETE ENTRIES

"If I had joined the club a little earlier in the year I would have had all of the 15 entries expected of the club women in the fall exhibit." Mrs. Allie Joplin, of the Soldier Mound home demonstration club, told the exhibit committee when she entered her products Friday for the exhibit Saturday. She had each of the ten jars of canned food and the wash dress, applique quilt, and pillow slips, but did not enter a pieced quilt and tuffel bedspread. Mrs. Joplin received four second places and three third places in the judging. Mrs. Matt Howell of the Red Top club had entries in every division except the applique quilt. She received one first place and six third places.

McADOO DEMONSTRATOR WINS IN YARD WORK

Mrs. R. Y. Allen, yard demonstrator for the McAdoo home demonstration club won first place in the county when the demonstrators' yards were scored during achievement programs last month. Mrs. Floyd Barnett, Soldier Mound dem-

onstrator received the second highest score and Mrs. T. D. Hale, Prairie Chapel, the third highest score. The clubs were scored on the following points: General appearance of the place, 15%; Report of cooperators, 25%; Exhibit of native plants ready to transplant, 10 percent; Planting plan completed, 25% Demonstrator's story, 15 percent; and number names in guest book, 10%. Mrs. Allen's score was 94 points out of a possible 100 and Mrs. Barnett's was 90. By this score card the work and reports of the cooperators, all other members of the club, plays an important part in the final score as it should for part of the demonstrator's work is to aid the cooperators and receive reports of their work. Several demonstrators did very good work on their yards but their cooperators failed to help them by having their reports in. Mrs. O. C. Thomas, of Spur, judged the yards, attending each club's achievement program. The county home demonstration council is giving a scholarship to the 1936 Short Course to the winner.

YARD DEMONSTRATORS HOLD ACHIEVEMENT PROGRAMS

Achievement programs were held at the homes of eight yard demonstrators in October when the demonstrators showed the results of their year's work. The demonstrations is a two-year work and not one of the demonstrators completed the planting plan this year but will complete them this fall and winter. The eight demonstrators sodded their lawns; set and have living 58 nursery shrubs, 105 native shrubs, 27 trees, 6 roses, and two plants rooted from cuttings. They laid 23 flagstone walks and four built sanitary toilets. The total expense for the eight was \$17.12. The goals for the cooperators for the county were to remove rubbish and repair fences, lay a flagstone walk, learn and locate five native shrubs, and make reports to the demonstrator. Sixty-three cooperators reported that 61 had removed rubbish and repaired fences, 13 laid 16 flagstone walks, and 53 learned and located five native shrubs.

TWIN WELLS WOMAN IMPROVES YARD

"I became a yard demonstrator because I thought I would do more improving as a demonstrator than as a cooperator," Mrs. Tom Gilmore told members of the Twin Wells home demonstration club when she had her yard improvement program. "We began by repairing the yard fence; we put one gate on hinges and repaired another one. My family helped me in all the work we did; if each one had not been willing to help we could not have made all the improvements we did. We laid a flagstone walk from the front door to the gate and two service walks from the back door."

"Our yard was fairly well covered with mesquite grass and put more in the thin or bare places. We set only three native shrubs but will finish the foundation planting this fall and winter. When you look at our planting plan it looks like we did not do anything but we are ready now to make a showing."

LAND PRICES REDUCED

Desiring to keep step with agricultural conditions we have revised our entire price list.

Our lands are now available at reductions of 25 percent to more than 50 percent of previous prices.

Several years ago we voluntarily reduced our interest rate from 8 percent to 4 percent on land notes, including outstanding and unpaid obligations.

Thus a very unusual opportunity is presented to acquire a farm or small ranch at exceedingly attractive prices and terms. It is perhaps an opportunity of a lifetime to place funds in probably the safest of all investments—land—at prices which one can afford to pay under existing conditions.

Please give us the privilege of showing our extensive properties.

PERSONALS

Messrs. Marshall Formby and
Harvey Hines were business visitors
in Spur Monday from their respec-
tive homes in the McAdoo commu-
nity, and incidentally feeling of the
political pulse of Spur with regard
to the coming elections in 1936. We
failed to get a detailed report as to
the findings but will have something
of interest to report in an early issue.
Mr. Formby's friends at Mc-
Adoo and elsewhere in the county
are making a strong appeal to him
to make the race for county judge
next election and we believe that
he has been persuaded to throw his
hat in the ring and declare himself.

Misses Joyce Koon, Helen Lollar,

KATHLEEN NORRIS

**Famous Author, Whose Serial,
"Maiden Voyage," Is to
Appear in This Paper**

Kathleen Norris, daughter of a San
Francisco banker, never attended
school. She was taught at home by her
parents, with an occasional governess
for language study.

When she was nineteen—the second
child in a family of six—her mother
and father died within a month, and
she immediately became a wage-ear-
ner, her first job being with a hardware
house at \$30 a month. Fortunately,
however, for the American reading
public, she later became a librarian and
while engaged in that work she began
writing. In 1904 she sold her first story,
"The Colonel and the Lady," to a San
Francisco newspaper. She served as so-
ciety editor and reporter for other San
Francisco papers but this work ended
in 1909 when she married Charles G.
Norris, brother of the late Frank Nor-
ris, the author, and himself a novelist.

Since 1910 Mrs. Norris has written
a great number of novels and short
stories, many of which have been pub-
lished serially in the leading magazines
and newspapers of the country. Her
best known novels include "The Lucky
Lawrences," "Second Hand Wife,"
"The Foolish Virgin," "Walls of
Gold" and "The Story of Julia Page."
Now comes "Maiden Voyage."

Announcement of a new story by
Kathleen Norris always is something
of an event and the editor of this
paper feels that it is a great privilege
to be able to tell you that "Maiden
Voyage" is to be published serially in
these columns. You will thoroughly
enjoy every installment.

Judge and Mrs. E. J. Cowan and

sued or re-issued to him, that it is surplus either because his production has been lessened by natural cause (such as drought, storm, flood, insect pests, etc.) since he acquired it or because his estimate of certificates needed by him (to procure bale tags for his 1935 crop of cotton) was too high, in which latter event he must also show that such estimate as a reasonable one in view of all circumstances. If the County Committee is satisfied with such showing, it shall endorse on such producer's trust agreement a signed statement to the effect that "The undersigned County Committee is satisfied that the above described certificates were not acquired in speculation." The Secretary may cancel any certificate if he finds the producer surrendering it into the pool speculated in acquiring such certificate or obtained it through sharp practices or by fraud or coercion.

The purpose of this communication is: First, to give due notice of above and; second, to advise that the provisions of the law quoted this office will require a strict accounting, both from the producer and ginner, of all certificates coming into their possession; will vigorously enforce the Bankhead Law and report for prosecution any and all violations that may come to its notice; will immediately report for assessment any and all taxes accruing by reason of such illegal handling of said certificates, and will proceed to collect said taxes in the most vigorous manner possible.—W. IN MEMORY

(Dedicated in loving memory to Mrs. W. L. Thannisch)

Again the sun has sunk On the horizon of a loved one's life Again a loved one has departed From this earth of toil and strife. Down life's long trail she has trudged With a cheerful word for all And she answered with a sweet smile When she heard the Master's call. When her ship sailed into the harbor of life It anchored there for a short stay was high Through the dark waters of death it sailed away. Just another life that went out with the tide When the water of the sea was high. Who helped to make the world a cheery place Until a home as prepared on high. O! how we shall miss her! Here on this earth below What can we do without her? And yet—she had to go! —Dortha Merriman.

Mr. and Mrs. Dwain Mateer and young daughter and Henry Albin returned Sunday for their home in Oklahoma City following a week end visit with Mr. and Mrs. H. O. Albin parents of Mrs. Mateer and Henry.
