Let the wholesome herbs and roots of Pinkham's Compound help Nature calm your shrieking nerves, tone up your system, and help lessen distress from female functional disorders.

Make a note NOW to get a bottle of this time-proven Pinkham's Compound TODAY

For the past 60 years Lydia E. Pinkham's Vegetable Compound has helped grateful women go "smiling thru" trying ordeals. Why not let it help YOU?

Isn't this the real problem of Beer — and almost its only problem?

THERE ARE people, of course, who steadfastly and sincerely believe beer to be intoxicating, or its use sinful, harmful, or a first step toward use of "hard liquor."

Just as sincerely we hold that the weight of the evidence is overwhelmingly against them...that beer is a mild, wholesome food beverage...and that "there is nothing more promising to combat the evil of too much alcohol than the opportunity of drinking good beer."

No...it is not in beer itself, we believe, that its gravest problem lies, but in those conditions, undesirable to us all, which sometimes surround its sale.

How should that problem be handled... by brewers, by retailers, by consumers, and by the public authorities? On its handling, we believe, depends the ultimate success or failure of the art and science of brewing, with all its manifold contributions to human pleasure and happiness and to the farm and industrial welfare of this country.

In that belief, a short time ago the Brewers Foundation was organized... to align the brewing industry with forces working for the public good in this country.

Our underlying motive... to perpetuate and promote our industry... is of course obvious. But equally obvious, we hope, is the fact that our interests coincide with the public interest.

Important progress has been made. Brewer-members of the Foundation already represent nearly half the production of beer and ale in the United States; and these members are

pledged, individually and collectively, to the Brewers Code, one significant clause of which is as follows:

"We pledge our support to the duly constituted authorities for the elimination of anti-social conditions wherever they may surround the sale of beer to the consumer."

Being practical men, we promise no miracles. We cannot immediately or effectively "police" the quarter-million points where beer is sold (nor, to be fair, have we legal authority in many cases to do so). Nor can we, immediately, bring about full compliance with the law among all retailers, nor honest enforcement by all authorities.

But a beginning has been made...and we do promise that you will see results from it.

How far we can go, and how soon, depends very much on ourselves...but partly also on you.

Public opinion, once aroused, can operate to bring about honest enforcement of existing laws. Restriction of your patronage only to legal, respectable retail outlets can and will operate to raise retailing standards. Public preference for the products of Foundation members* will bear witness of your approval both to members and to cooperating retailers, and will encourage them to renewed efforts.

This is, therefore, at once a statement of our objectives and an appeal for your support, without which we must fall short of our high hopes. We urgently invite your full and sympathetic cooperation.

AFTON AND ROARING SPRINGS METHODIST CHURCHES

The pastor and W. M. Vaughn attended the District Conference at Goree on Thursday and Friday. At this meeting there were representatives from all of the churches of the Stamford District. Encouraging reports were made in most instances. Some good revivals have been held and in many cases the finances are in fine shape.

One matter of business attended to at that meeting was the election of

delegates to the Annual Conference which is to convene at Memphis next November.

On Thursday night and Friday morning, Rev. F. A. Crutchfield of the First Methodist Church, Vernon, brought helpful spiritual messages. The spiritual tide ran high.

Mr. W. B. Hamilton of Wichita Falls was the principal speaker on Friday morning at the Laymen's hour. He outlined the privileges and opportunities of service of the laymen as well as their responsibilities.

As the things of nature are praising their makes so should we that are created in his image. Let us go to His house on His day and sing praises to His name. "Enter His gates with thanksgiving, and into His courts with praise be thankful unto Him, and bless His name." Ps. 100:4.

One of the prettiest parties of the spring was that given Friday, April 22, when Mrs. V. V. Parr and Mrs. R. E. Dickson were co-hostess to a bridge luncheon at the Pitchfork Ranch east of Dickens. STIRRING STORY OF LAND RUSH TOLD IN 'ROLLING CARAVANS'

A spirited action spectacle of the opening of a new frontier for settlement, the gripping story of a girl and a cowboy at odds with a vicious outlaw gang, and the remarkable aid given them by a four-footed canine friend, Tuffy, combine to make "Rolling Caravans" the Columbia picture that comes to the Palace Theatre Saturday, thrilling dramatic entertainment.

Jack Luden, Eleanor Stewart and Harry Woods are important among the human players and a smart shepherd dog, Tuffy, appears as himself.

Miss Stewart furnishes the love interest and in addition shows her pluck as a horsewoman in the mad rush of land hungry settlers for the choicest claims in the new territory. She and her brother and father, played by Buzz Barton and Lufe McKee respectively, are vigorously supported by Luden and Bud Osborne in combating a gang of desperadoes headed by Harry Woody. The outlaws have no intention of farming, but get the idea that the land sought by McKee and his family contains a gold treasure.

A pitched battle between the outlaws and the settlers, the capture of Luden by the gang and the intelligent work of the cowboy's dog friend Tuffy, in effecting his escape and the capture of the outlaw leader, highlight the swift moving screen story written by Nate Gazert and directed by Joseph Levering.

"Always scald your milk to kill the harmful bacteria when you are making your yeast breads," stated Miss Jean Day, Home Demonstration agent to the Espuela Home Demonstration Club in the home of Mrs. W. F. Freeman, April 21.

Members present were Mrs. Roy Johnson, Mrs. W. A. Harris, Mrs. Murl Foreman, Mrs. F. B. Crockett, Mrs. T. C. Sandlin, Mrs. Tom Martin and Mrs. John Sharp and the hostess.

TEXAS TO CELEBRATE CHILD HEALTH DAY, MAY 1

"Texas, this May 1, has cause to celebrate its annual May Day-Child Health Day as an expression of better child health this past year over the state," Dr. Geo. W. Cox, State Health Officer, said.

Throughout the length and breadth of this State on May 1, children will gather in timely celebrations which include play, games, and exhibitions of special ability which has been developed. The children themselves are celebrating another year of life, in most cases, we hope, a year in which there has been increased health and enjoyment.

The State Department of Health joins with the individual child in the celebration of these gains.

"Today we celebrate the fact that the maternal mortality rate during the past year was lower than any previous year in the history of the State of Texas. This means more mothers living to care for the children of Texas, to encourage them and assist in providing them happiness. The fact that diphtheria has continued its retreat and that the death rate from this disease is the lowest in the state, together with the lowest death rate from typhoid, in history, is to be celebrated," Doctor Cox added.

"These facts we accept with true pleasure and joy in that we may have had some share in the reduction of these rates. A great deal remains to be done and the battle is only begun. It is my desire that the State Department of Health, all agencies interested in the child, every county and every community within this state may work unceasingly during the ensuing year, day by day, that May Day-Child Health Day in 1939 will afford us many more things which we may celebrate," Dr. Cox continued.

The Vanity Case

YOUR BEAUTY BOX

By DALE GEORGE

The secret of good taste and style is found in simplicity, beautiful lines and lovely color. The well dressed woman understands these matters because she has studied them.

She applies her knowledge not only to the choice of garments, but to the arrangement of her hair, the makeup she uses, even the glitter on her little finger claws.

Get cheery, girls! Madame Fashion says you must. This season's bodies require a well developed chest; and don't forget that a normal bust makes the waist look smaller. One mustn't belong to that crew of "skinnies" who can't slap their chest without hitting their back bones.

The debutante slouch is a thing of the past. Beautiful ladies who "Flies, cause more deaths annually than those caused by storms, floods, fires and murders," according to statistics taken from a United States Health Report and presented by Mrs. Katie Conatser, hostess to the Duck Creek Demonstration Club which met at the school house April 20.

Emphasis were placed on screening our homes and destroying the breeding places of flies and other ways of killing the mdring the program on "Swat that Fly."

Those present were: Mesdames Katie Conatser, O. L. Driggers, Walter Driggers, H. W. Durham, J. A. Swaringen, Elmer D. Hagins.

On Wednesday afternoon, May 4, at 2:00 o'clock the club will meet in Mrs. O. L. Drigger's home.
