

**EARLY EASTER LUNCH** — Red-headed Steven Moore, 2½, and his older brother, Gavin, 5, are both paying attention—but Steven just can't resist that chocolate rabbit in his Easter basket. The boys, sons of Mr. and Mrs. Gary Moore, are the young-

members of the Northside Church of Christ. Just in case this scene might really happen Sunday morning, the boys' parents will make them leave their Easter baskets in the car—so Dad will have an equal chance at the chocolate rabbit.

## Youts wins mayor's race

# Oldfield demands recount

Elmer H. Youts won the Dimmitt mayor's race by a 44-vote margin Saturday and was certified as the winner by the city commission Monday night, but challenger Mackey Oldfield challenged the election returns and said he would demand a recount.

**YOUTS** received 278 votes to Oldfield's 234 in a moderate turnout of city voters. The percentage was 54.3 for Youts and 45.7 for Oldfield.

An argument erupted between Oldfield and City Commissioner Noel Gollehon Monday night when the commission met to canvass the election and certify the results.

Oldfield asked for a copy of the poll list (those who voted) to check against the city's list of registered voters. Gollehon—who was an election judge himself in the school board and hospital board balloting Saturday—refused Oldfield's request, stating that the poll list could not legally be released to a candidate.

**"ALL WE are here to do is to canvass the election,"** Gollehon said. "If you want to challenge the election you'll have to challenge it through the courts."

Oldfield left the meeting after the commission refused to give him one of the four copies of

the poll list. The commission then canvassed the election judge's tally sheets and certified Youts as the winner.

Later, the commission asked City Attorney Jimmy Ross for a legal opinion on the poll-list question and the time limit for Oldfield to contest the election.

Tuesday, Ross upheld Gollehon's refusal to surrender a poll list to the candidate.

**ROSS SAID** that statutes require four copies of the poll list to be issued—one to Mayor George Bradford, who is to keep his copy secure; one to City Secretary E. B. Noble, who is to make the copy available for public inspection; one to Election Judge J. R. Brown, who is to make his copy available to public inspection also; and one to be locked in the election box, with Police Chief W. W. Jones holding the key.

Ross said Oldfield has 30 days to give notice that he will contest the election results. The contest must be filed with the District Court.

**HERE ARE** the results of other elections in the county Saturday:

In the Dimmitt School Board race, Charles Nutt knocked off incumbent Clyde H. Damron by 17 votes, while incumbents John Merritt and Melvin Barton were re-elected. The vote totals were Merritt 180, Barton 165, Nutt 127 and Damron 110.

In the County School Board election, three incumbents were returned to office without opposition. They were Ivor Bagwell, at-large member; George Sides, Precinct 3; and Ed Drerup, Precinct 4.

**IN HART,** Mayor E. E. Foster was returned to office with a 158-119 victory over challenger Claude Kripp.

In the Hart City Council election, Aubrey Myers and W. T. Sanders won clear majorities in a four-man race. The totals were 148 for Sanders, 116 for Myers, 44 for T. D. "Butch" Martinez, and 38 for Roy Futch II.

Incumbents David Nelson and Preston Urshaw were both re-elected to the Hart School Board over challenger Cleve McLain. The totals were Nelson 165, Urshaw 130 and McLain 118.

**ELECTED** to the Nazareth School Board without opposition were incumbent Ed Ramaekers with 62 votes and James Wilhelm with 57.

Ed Bennett, James Welch and Dale Maxwell were returned to the Castro County Hospital Board without opposition.

## Rep. Christian to be quizzed

State Representative Tom Christian of Claude will be interviewed by three Panhandle publishers on "Hot Line to Austin" Monday at 7:30 p.m. on KVII-TV, Channel 7, Amarillo.

**GUEST** panelists will be G. W. Estlack, publisher of the Donley County Leader in Clarendon; Troy Martin, editor and publisher of the Canyon News; and Cecil O. Waggoner, publisher of the Claude News.

The show, moderated by News Director Jim Pratt, concentrates on legislation and programs affecting this area.

**FRIENDLY SUCCESSION**—Mayor George Bradford (left), who has held the city's top elective post for the past decade, congratulates Dimmitt's new mayor-elect, Elmer H. Youts, after election officials announced Saturday evening that Youts had

defeated Mackey Oldfield, 278-234, to succeed the retiring Bradford. In background is a photo display of Dimmitt's past and present mayors (large photos) and commissioners.

Mrs. John Tower

## Senator's wife will visit city

Mrs. John Tower, wife of Texas' senior senator, will visit Dimmitt Wednesday for a luncheon at Colonial Inn Restaurant. The luncheon is open to all who wish to meet and talk with her.

**HOSTING** the event will be Mr. and Mrs. E. R. Little, Mr. and Mrs. Gwen McFarland, Mr. and Mrs. Carl Bruegel, Mr. and Mrs. Robert Benton and Dr. and Mrs. David Bechtol.

Mrs. Tower, the former Lou Bullington of Wichita Falls, first met John Tower when she was a substitute church organist in the First Methodist Church, of Wichita Falls, where his father was the pastor. Their friendship developed when he joined the history and government faculty at Midwestern University in Wichita Falls in 1951, where she was a teacher of organ.

## Nurses' school graduation set

The Vocational Nurses' School of Plains Memorial Hospital will hold its graduation exercises Sunday, April 18 at 3 p.m. in the fellowship hall of the First Baptist Church.

**SEVEN** student nurses will receive their diplomas.

The ceremonies also will include a reception honoring Mrs. Lester McDermitt, LVN, who recently completed her 20th year of service to Plains Memorial.

The graduation and reception are open to the public.

## Athletic banquet speaker will be Olympic champion

Randy Matson, the best shot-putter in history, has been booked as the main speaker for Dimmitt High School's 1971 Athletic Banquet.

**MATSON** won the Olympic championship while heaving the 16-lb. steel ball for Texas A&M, and later set a new world record in the classic event.

The annual banquet honoring the school's athletes will be Monday night, April 19, at 8 p.m. in the east cafeteria of South Elementary School, according to Athletic Director Kenneth Cleveland.

Tickets at \$3 each will be on sale at the DHS principal's office Friday, and at the Castro County News office all next weeks while the schools are closed for Easter vacation.

**DURING** the banquet, DHS coaches will present the "Most Valuable Player" awards in football, boys' and girls' basketball and track, and the athletes will crown their Football Queen, and Basketball King and Queen.

## Bradford makes all-state team

Kent Bradford of Dimmitt has been named to the Class AA all-state second team, announced Saturday by the Texas Sports Writers Association.

**THE 6-2 SENIOR** post forward, who paced Coach Kenneth Cleveland's Bobcats into the state semifinals with a 22-point per game average, was recognized by the TSWA as one of the 10 best Class AA basketball players in Texas.

He is the 15th in a long, distinguished string of Dimmitt Bobcats to gain all-state basketball honors. Dimmitt has averaged producing an all-stater every two years since 1944.

Bradford's teammate, senior forward Mark Wohlgemuth, was named to the all-state tournament team last month after an outstanding performance against Hughes Springs, the state champion.

**LYNN ROYAL,** sensational 6-5 junior whom Bradford guarded in the Hughes Springs game in Austin, led all players as the top vote-puller in the all-state selections.

The all-state first team included two repeaters from last year—6-3 Anthony Manning of Kountze and 5-10 Jesus Guerra of Roma.

Rounding out the first team were 6-0 senior Kent Ballard of Friendswood, who also was a two-way all-stater in football, and 6-4 senior James Brannon of Kountze.

**FIVE OF** the top 10 all-staters came from two teams in the same region. Kountze, last year's state championship crew which lost to Friendswood in the Region IV-AA finals, placed two boys on the all-state first team. Friendswood, which advanced to the state finals with an unblemished record, placed one player on the first team and two on the second.

In addition to Bradford, three others in Region I-AA were mentioned in the all-state selections. They were Steve Routh, 6-4 senior from Ballinger, whom Bradford met under the basket in the regional semifinals; James Langston, 6-1 junior guard from Ralls, Dimmitt's bi-district foe; and Dan Kubinski, 5-11 senior guard from El Paso Parkland. All three were named to the all-state third team.

**BRADFORD'S** coach was high in his praise for Dimmitt's new all-stater.

"I couldn't be more pleased to learn that Kent has made the all-state team," Coach Cleveland said. "I felt that he should make it, but it's never a certainty until the announcement comes out." He added, "What Kent attained in basketball, he did on his own initiative—he put in a lot of long hours of practice through the years. He was a dedicated player, and as a result he has earned the highest possible honor in basketball."

**CLEVELAND** was justifiably proud, also, to have two of his team members honored at the state level this year.

"I think it's quite an honor to have two kids—both Kent and Mark—recognized at the state level," he said. "I don't think it could have happened to any two players more deserving."

## Librarians go to convention

Four Dimmitt librarians attended the annual convention of the Texas Library Association last week in Corpus Christi.

**THEY WERE** Mrs. Gladys Leeth of Dimmitt High, Leola Elkins of South Elementary, Dorothy McCown of Dimmitt Junior High and North Elementary, and Mrs. Mary Edna Hendrix of the Castro County Library.

KENT BRADFORD ... Dimmitt's 15th all-stater

## Girlstown fund approaches goal

Only \$120 more is needed to complete the fund drive to buy new paint for the main dormitory at Girlstown.

**MRS. MARY HALL** of Dimmitt and Rev. T. H. Taylor of Hart, who are heading the county-wide drive, reported this week that a Plainview lady added \$190 to local donations to boost the campaign toward success.

The Plainview lady gave the proceeds from the sale of an orphan calf after she read the paint project story in the News two weeks ago, Mrs. Hall said.

Goal of the fund drive is \$550, the amount needed to buy paint for both the inside and outside of the Girlstown dormitory.

Anyone wishing to help make the fund drive a success may contact Mrs. Hall at 617-5403 or Rev. Taylor at 938-2426. Checks or cash donations may be mailed to Rav Cramblish, Dimmitt Agri-Industries, Inc. Checks should be made out to Dimmitt Agri-Industries and designated "Paint for Girlstown."

## Last rites held for Doll Smith

Mrs. Doll Smith of Dimmitt lost a courageous, two-year battle against cancer Sunday.

**SHE DIED** in the High Plains Baptist Hospital in Amarillo, where she had been a patient for the past four months.

Funeral services were held at 3 p.m. Wednesday in the First Baptist Church of Dimmitt. Officiating were Rev. Bill Wadley, pastor of the Lee Street Baptist Church, and Rev. Ed Manning, pastor of the Presbyterian Church of Dimmitt.

Burial was in Castro Memorial Gardens, under the direction of Blackburn-Shaw Funeral Directors of Amarillo.

**A NATIVE** of Amarillo, Mrs. Smith, 46, came to Dimmitt 24 years ago with her husband, Joe, and they settled in the Flagg community. She was a member of the Presbyterian Church, and was an adult leader of the Flagg 4-H Club until her illness forced her to give up her youth work.

A memorial fund has been started in her name at the First State Bank of Dimmitt.

Mrs. Smith is survived by her husband, Joe; two daughters Jo Ann of the home and Mrs. Madelyn Holt of Lubbock; a brother, Jack Williams of Longview; a sister, Mrs. Madelyn Myers of Amarillo; her mother, Mrs. Minnie Williams of Amarillo; and two grandchildren.

Pallbearers were Steve Taylor and W. S. Eakens of Amarillo, Marvin Ave and H. R. Cranmer of Vega, Bob Sheffy of Hereford and Rex Wooten of Dimmitt.

## Congressman's agent to visit

Congressman Bob Price has announced that his district representative, Charles Lanehart, will be in Castro County Monday to assist local residents with any problems they might have with the federal government.

**LANEHART** will be at the First State Bank of Dimmitt from 9 a.m. to noon and from 1 to 5 p.m.

"I find that with each passing year my legislative workload becomes heavier in Washington and it is becoming more and more difficult for me to be in each of the 28 counties in our district on a regular basis. For this reason I have made arrangements for Mr. Lanehart to be in each county in the 18th District as frequently as possible, hopefully once a month," Price said.

## Six are indicted

The District Court Grand Jury returned seven indictments against six persons Monday.

**TWO** indictments were returned against Armando Davila, who was charged with vandalism in connection with a break-in Feb. 24 at the Castro County Country Club, and with malicious mischief as a result of property destruction at Dimmitt High School the same date. The Grand Jury set Davila's bond at \$2,500 on each count.

True bill indictments also were returned against:

Jimmy Rogers, charged with theft of cash in excess of \$50 from Clint B. McFarland on Jan. 20;

Joe Barron Jr., charged with driving while intoxicated (subsequent offense) in May 1969;

Jack Wood, charged with writing a worthless check for \$909.20 to Busgel & Sons Elevators, Inc., for grain on Jan. 6, 1966;

Jose Maria Lopez, charged with assault with intent to commit murder in the March 27 shooting of Ernest Mora; and

David Keller, charged with theft of \$165 worth of automotive equipment from Jack Ebeling on or about March 28.

## Hart man dies in one-car wreck; county's first '71 road death

A Hart man became Castro County's first 1971 traffic fatality when his car ran off a paved farm road and overturned Saturday morning between Hart and Nazareth.

**VICTIM** of the one-car accident was Leonardo T. Garcia, 43-year-old Hart farm worker.

The fatal mishap occurred at approximately 5 a.m. Saturday on FM 928, 5.7 miles northeast of Hart.

However, the accident wasn't discovered until two hours later, when Perry Barham of Hart came upon the scene at 7 a.m. and notified authorities.

**HIGHWAY** Patrolmen Dyrie Maples and Billy Scott said Garcia was thrown from the car during the rollover, but was still alive when found. However, he died en route to Plains Memorial Hospital.

Officers said a flat tire probably caused Garcia to lose control of his car, a 1968 Ford sedan. The car ran off the north side of the road, rolled over once and came to rest on its wheels, officers said. The patrolmen found two other tires were knocked loose from their rims and flattened in the turnover, the patrolmen reported.

**FUNERAL** services for Mr. Garcia were conducted Wednesday morning in Our Lady of Grace Catholic Church in Lubbock. Requiem mass was said by Rev. Curtis F. Hoffman.

Burial arrangements were pending with Dennis Funeral Home of Dimmitt.

Born Nov. 6, 1927, in Temple, Mr. Garcia had been employed several years on the Allan Webb farms.

Survivors are his wife, Ascension, a son, Alberto, and a daughter, Consuela, all of Hart; two brothers, Santos and Augustin; and five sisters, Mrs. Pauline Villareal, Mrs. Zinesia Gomez, Mrs. Emilia Garcia, Mrs. Petro Jaiyardo, and Mrs. Selia Zamora.

## Kids to hunt eggs Saturday

The Castro County Jaycees will hold their annual Easter Egg Hunt Saturday afternoon for all county youngsters through 10 years of age.

**THE HUNT** will begin at 1:30 at Dimmitt's city park—and you'd better be there on time, because it will probably end about 1:33 as children race across the park to pick up thousands of candy eggs.

The park will be roped off to provide separate hunting areas for different age groups, according to Mike Baca, chairman.

Each age-group section will have a prize egg hidden in it. The lucky children who find the prize eggs will receive gifts from the Jaycees and Dimmitt's TG&Y Store.

**DIRECT SOLUTION**—These two Dimmitt teenagers, Jim Patton (left) and Robert Acevedo, along with Raul Abrego, got tired of seeing bottles, paper cups and other litter cluttering the South Broadway turn-around as they "dragged Main," so they took direct action and installed this litter barrel. Now, Dimmitt youths taking

part in the nightly automotive promenade can drop their waste paper, etc., into the barrel from their cars as they pull up for the turn. Because of the peace emblem and the red-blue paint job, Dimmitt High School students have dubbed the new trash receptacle the "Hippie Litter Barrel"—and they're using it. (Photo by Steve Brown)

here Sunday evening, also. Mrs. J. P. Goodwin had as guests for the weekend her sisters, Mrs. Ivy Barker of Shamrock and Mrs. Milton Lyle of Wheeler.

It is so sad and regrettable that many people will engage in things in view of the consequences from which there is no escape.

The people in the days of Noah could not possibly be saved from the flood if they refused to do the thing that Noah told them to do, which was to enter into the ark.

Bible Thoughts "THERE IS NO ESCAPE" by RONNIE PARKER

Observing Easter

"Jesus said, I am the resurrection and the life: he that believeth in me, though he were dead, yet shall he live: and whosoever liveth and believeth in me shall never die." John 11:25.

Easter, the day on which we celebrate the resurrection of our Lord, should find us worshipping Him in His Church. He is alive! His presence fills the sanctuary! All things are made new. It is the time of beginning again.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor.

**Nazareth news**

**Holy Week rites approach climax**

By Mrs. Florance Albracht  
Holy Week services in Holy Family Church were held Monday, Tuesday and Wednesday mornings as usual.

**HOLY THURSDAY**, the Last Supper liturgy will begin at 7:30 p.m. celebrating the special meal Jesus ate with his disciples before he was crucified. The washing of the feet will take place, and also a mass procession with the Blessed Sacrament to the altar of repose, until Good Friday afternoon, then there will be hours of adoration until midnight.

On Good Friday at 2 p.m. a Bible service on the passion will be held, and also veneration of the cross followed by the communion service.

The Easter vigil will begin at 11 p.m. Saturday with the most dramatic and exciting service of the year. It begins with blessing of fire, liturgy of the word, baptismal liturgy and liturgy of the Eucharist. Mass begins at midnight, celebrating Christ's resurrection. Masses on Easter will be at the regular times.

**THE CHRISTIAN Youth Organization** held an afternoon of recollection Sunday. Father John of Hereford conducted the lectures. About 60 members took part.

Members of the Order of Martha met in the home of Mrs. Cecelia Annen Tuesday afternoon, March 30. A pieced quilt was put together, which had been started by members before the meeting, and will be given to the missions at the Catholic State League in July at their convention in San Angelo.

Congratulations to Pat Acker, son of the Tony Ackers, on winning the two-week trip to Wash-

ington D.C., awarded by the R.E.A.

★ **IT WAS good** to see so many of our friends from the surrounding towns enjoying the smorgasbord dinner given by the Catholic Daughters Sunday at the community hall.

The community hall committee is sponsoring an Easter dance Monday night with "Tiny Tim's Band" providing the music. They have done lots of repairing and painting in the hall and hope to have a large crowd come and enjoy the dance. Proceeds will help pay for these repairs.

Mrs. Anna Albracht is in Amarillo with her son, Math and family, for a few weeks.

★ **FATHER STURM** and his housekeeper, Anna Rose Spisenger of Ewing, Mo., stopped to visit Sister Adrian who was a teacher at Pilot Grove, Mo., when Father Sturm was pastor there. They spent the night with us, being friends of Sister Dorothy. After celebrating mass in our home, they left for Phoenix, Ariz., to visit his brother and sister-in-law who live there. Father Sturm is retired after having had major surgery.

Attending the bridal shower Saturday in Tulia for Brenda Kleman, bride-elect of Jackie Gunnel, were Mrs. Alphonse Kleman, Mrs. Carl Dean Kleman and daughters, and Mrs. Ed Ramackers and Mary Beth.

Barbara Wilhelm spent a few days in Amarillo the past week, visiting with Art Albracht.

Sunny Ball is still in Methodist Hospital in Lubbock, but is much improved and will be able to come home in a few days.

★ **THERESA KERN**, daughter of the Bud Kerns, is the championship speller and will represent Castro County at the Globe-News Spelling Bee in Amarillo, April 24. Twila Ball is the junior spelling champion. She is the daughter of the Sonny Balls. Her sister, Odetta, won the regional contest in 1952 and the trip to Washington D.C.

The John Schachers attended the silver wedding anniversary celebration Sunday of the Al Camerons at the Colonial Inn in Dimmitt, and also a dinner in Hereford.

# Church history albums are here

By **TEENY BOWDEN**  
The church history albums, or anniversary directories, were received Friday. If you have a

free album, pick it up at the church. If you owe \$3.00 please send the money to Mrs. L. B. Bowden, Rt. 1, Dimmitt, Texas or bring it to church with you. We will give them out now instead of holding them until Aug. 22, because they are not insured. The five pages of brief history, and the roll of members in the back are there because of the Noble Armstrongs; his parents, the Gentry Armstrongs of Earth; his sister, the Troy Kirbys of Dimmitt; the L. B. Bowdens; the Carson family, the Duard Harris family, the Doug and Dwayne Loudders, the Embrace, Roy, Ezell, and Larry Sadlers, the John Spencers, Goldie Thompson, Mrs. C. W. Thomas of Sherman and Mr. and Mrs. Asa Wilson of Athens.

was more than 400 pages and too high for both you and I. I would have to sell 1,000 copies at \$15 each to break even. Less than 200 have told me they want copies. It is just too big a chance to take. I will submit it to Naylor's when I have taken out lists of names which have made it higher than the average book, as well as longer.

★ **THE** revival has been well attended this week. It ended Sunday with dinner at the church. Baptismal services were held Saturday night. The evangelist, Rev. Doug DuBose of Muleshoe, did the baptizing for the pastor because of his back injury. The Booster Band was led each night by Mr. and Mrs. Bill Morgan. They had a party Friday night before the services. Visitors were in almost every service. The preachers were dinner guests of Mr. and Mrs. E. R. Sadler Monday; Mr. and Mrs. Roy Phelan Tuesday; Mr. and Mrs. Garner Ball Wednesday; Mr. and Mrs. Noble Armstrong Thursday; and Mr. and Mrs. J. Paul Waggoner Friday. They and Mrs. Turner were super guests of Mr. and Mrs. Larry Sadler and children Monday night, the Phelans Tuesday night, and the Thomas Parsons Friday night.

Those bringing special music during the week were Mr. and Mrs. Mark Wysong, Mrs. Milburn Hayden, Gerald Elkins, Jeannine Wimberly of Dimmitt, Rev. Sam Scott and Mrs. Jeannie Allen of Wayland singing with the Wysongs and using two guitars, Carl Bradley and Cindy Sadler, Debbie Wilson and Debra Ball.

★ **MRS. HOWARD** Cummings was dismissed from the Amherst hospital Monday after a bout with the flu.

★ **Mrs. Ila Hayden** returned home from her visit with relatives in Weatherford last Thursday.

★ **Mr. and Mrs. Furch Riley** returned last Thursday from a visit with his sister, Dorothy Burt and other relatives in Corpus Christi and on the way.

★ **Mr. and Mrs. Jerry Ray Hampton** and family visited with his sister and family and his brother and family in Monahans last weekend.

★ **Mr. and Mrs. Leroy Powers** and Dondi of Hale Center visited Tuesday night with her mother, Mr. and Mrs. Hubert Lilley and Mr. and Mrs. J. Paul Waggoner, at the Waggoner home.

★ **MR. AND Mrs. Jimmy Waggoner** of Dimmitt spent Thursday night and Friday with Mr. and Mrs. J. Paul Waggoner, and had dinner with the preachers there Friday.

★ **Mrs. James Foushee** and Lori and a little friend and Chad Moore's son Mike, all of Lubbock, spent the weekend last week with Mr. and Mrs. John Moore.

★ **Mrs. John Moore** visited in Amarillo with Mr. and Mrs. Bob Churchill and family Monday through Thursday. She had dinner Thursday with her sister in Canyon on her way home.

★ **The Day Bible Study Group** met at the church Thursday for their monthly meeting.

★ **Mrs. E. R. Sadler** visited in Dimmitt Friday afternoon with Mrs. Pearl Sadler.

★ **MR. AND Mrs. Vernon Scott** and boys from Farwell visited and spent Friday night with her parents, Mr. and Mrs. Weldon Bradley. They also visited with the Carl Bradley family there.

★ **Mrs. Chuck Lay** of Levelland visited during the weekend with her parents, Mr. and Mrs. Noah Spencer.

★ **Rev. Ellis Parson** and family of Plainview spent Saturday with his parents, Mr. and Mrs. Ellis Thomas Parsons.

★ **Mr. and Mrs. Noble Armstrong**, Mr. and Mrs. Carl Bradley, Weldon Bradley, and Mrs. Lillian Carson attended the funeral services of Gus McLain in Hart Sunday afternoon.

★ **JANIS BRIDGE**, the 1970 Springlake-Earth Lion's Club Queen crowned Suzie Temple as Queen last Saturday night and presented Brenda Roberson and Denis Morgan long-stemmed roses as runners-up.

★ **Springlake-Earth** was host for the junior high track meet last Saturday. Dickie Bradley placed first in 100 low hurdles, 60 yard high hurdles, and pole vault and second place in high jump.

★ **The Gold Little Dribbler** team for Springlake-Earth is now in the lead. Mark Bridge is a member of this team. They defeated the Orange team 24-8 which put them ahead of the Greens last Thursday. The Greens lost to the Reds 16-19. Clint Dawson made six points for the Greens. The Pee Wee Maroons beat the Blues 7-6. Mike Smith made two points and Ricky Smith made two points. The Blues won Tuesday 5-2. Mike Smith made the two points. The Greens won over the Orange 16-13 with Clint making six points. The Golds defeated the Reds 16-6.

★ **QUINT Waggoner** celebrated his seventh birthday with a party in his home Sunday afternoon. The boys all came home with him from church. They were Kelly Joe Ballard, Bryan and Keith Gre-

gory, Billy Kyle Lytle all from Dimmitt, and Randy Ellison of Sunnyside. They played games and had an Easter egg hunt as well as the cake and soft drinks. Mrs. Maxine Ballard helped her with the party. Mr. and Mrs. Grady Herrington of Farwell also attended their grandson's party.

★ **Mrs. Winston Waggoner** went with her Bible class to visit at the Golden Spread Nursing Home in Dimmitt Sunday morning. Their revival started Sunday.

★ **June Hancock** and Marlon Coile of Happy and Mrs. Raymond Lewis and Karen of Olton visited Monday with Mr. and Mrs. Donnie Lilley and Audrey Gay.

★ **Mrs. C. R. Hancock** and Mrs. Betty Moore and family of Canyon visited Saturday with the Donnie Lilleys. Doug and Max Moore stayed to spend the week with them.

★ **Debra Ball**, Bob and Sandra Duke all entered the District Interscholastic League Meet at Littlefield Saturday. Debra entered shorthand, Bob, ready writing, and Sandra was an alternate in poetry reading. They are from Dimmitt schools. Sandra didn't compete, Bob won third place, and Debra fifth.

★ **MR. AND Mrs. A. M. Duke** of Amarillo visited Thursday with his brother, Mr. and Mrs. Edd Duke.

★ **Randy Ball** came home from Olton for the weekend. He has been working for his granddad and staying with the Bob Balls in Olton recently.

★ **Mr. and Mrs. Edd Duke** had dinner Sunday in Earth with Mrs. L. D. Winders and her brother George Holloway.

★ **The Gene Ross** family has been confined this week with the mumps.

★ **Mr. and Mrs. Punk Gilbreath** returned home this week from a fishing trip and a visit with her new grandchild.

★ **MRS. IRVING King** and Mrs. Cecil Curtis visited in Amarillo Wednesday with Mrs. F. M. Sweeney and Bill and Mr. and Mrs. Francis King.

★ **Mrs. Cecil Curtis**, Mrs. Jack Jackson, and Mrs. Ed Dawson attended the bridal shower honoring Marsha Dawson, in Earth Saturday.

★ **Mr. and Mrs. Jack Stephens** of Petersburg visited Sunday with Mr. and Mrs. Cecil Curtis.

★ **Community meeting** will be Friday night. Bring cookies and your favorite game.

★ **Ninety-three** attended Sunday School with 42 in Training Union Sunday.

### Mobile home park plans open house

"The show will go on" Saturday and Sunday at the new Dimmitt Mobile Home Park, according to Bert Andrews, owner and manager.

A STORM in Louisiana held up shipments of new mobile homes

and forced cancellation of the original mobile home show and grand opening, which was scheduled for March 28.

But the new model homes are now arriving and being hooked up to utilities at the new park, and will be ready for visitors' tours all day Saturday and Sunday, Andrews said.

The Dimmitt Mobile Home Park is located off Halsell Street, a block north of the Golden Spread Nursing Home. The new park has spaces for 34 mobile homes, and will have paved access to each site.

SATURDAY and Sunday, Andrews will have five new models on display for public inspection. Andrews is the local sales representative for Chuck's Mobile Homes of Lubbock, and offers several leading brands of mobile homes.

"We're proud to announce the grand opening and open house," Andrews said, "and we're sorry we couldn't have it at the original time, but the storm back east kept our new mobile homes from arriving on time."

ALL birds except pigeons take water into their mouths and throw back their heads in order to swallow.

NORMAL temperature of a dog is usually about 101 degrees.

**STATION CHANGES HANDS** — Everitt Wilkinson has bought Brown's Texaco Station on North Broadway from its long-time owner, Wes Brown, and has renamed the

station "Everitt's Texaco," with the motto, "We sell service." Wilkinson, a native of Dimmitt, was formerly with the sales department of Western Ammonia Corp. here.

## State adopts format of former DHS teacher

Information and procedures used by Miss Marilyn Hays in her class for exceptional teenagers in the Brownfield School System have been accepted for use on a statewide basis.

MISS HAYS and her twin sister, Marian, are former teachers in the Dimmitt Public Schools. While here they decided to enter the special education field.

The Brownfield schools were notified of state adoption of Miss Hays' "VIEW" Program by Ken Abrams, assistant director of ad-

ministrative services at the Region 19 Education Service Center in El Paso.

The VIEW Program is a pilot project involving Vital Information for Education and Work for Handicapped Individuals. Through the program, occupational information written at one's reading level is presented to the handicapped student.

IN THE VIEW Program designed by Miss Hays for mentally retarded but educable students in her Vocational Adjustment and Academics Class in BHS, vocational training, interests, experience and wages are the chief categories being expanded this year.

Additional ideas that fitted into the state program were taken from Miss Hays' idea book, Academic Techniques for Teaching Students With Language Disorders. This is a detailed daily schedule and curriculum guide containing long-range planning and definite goals for teaching special education.

"These outstanding contributions to the State Development Center for Career Information in El Paso have been gratefully accepted," Abrams said in his notification to the Brownfield Public Schools. "The socialization, occupational oriented and vocational aspects are the backbone for the future needs of young Texans."

A NATIVE of Crowell, Miss Hays holds a BS degree from McMurry College and a master's degree in education from Hardin Simmons University. Last fall she and her twin sister received their Professional Life Certificates in Mental Retardation through Angelo State University. Both also have done post-graduate work at Midwestern University. The twin sisters both hold Life Administrative Certificates in all areas.

Miss Hays has been assigned as the vocational adjustment coordinator for next year in Brownfield High School, which this month will move into a new \$1½ million building.

A teacher for more than 20 years, Miss Hays is a life mem-

ber of the Texas State Teachers Association. She and her sister, Marian, are also members of the International Twins Association.

IN RECENT years, Miss Hays also has become a writer and poetess. Prior to the last Super Bowl Game, her ode to Bob Lilly was published under the title, "Swift Boy." Lilly was one of her first pupils in 1949 at Throckmorton.

Another poem, "All-American Ours Forever," was written in memory of the late Dwight D. Eisenhower. His last words dealt with his love for his country. Her most recent story, "Hays Speaks From a Grandview," is made up from the names of counties, cities, towns and hamlets of Texas.

She is currently collecting materials for a book entitled "Flight 50," dealing with the reactions of an emotionally disturbed child whom she taught for 50 days in a normal classroom situation during her 19-year tenure as a regular classroom teacher.

### Keypunch trainee earns top praise

Mrs. Alice Oldham, daughter of Mr. and Mrs. Herman Acker of Dimmitt, recently was cited for top achievement in her training program as a keypunch operator with the information services department of the Houston Data Service Center & Technical Computing Center.

ONE OF the learning methods available to commercial operation-keypunch trainees in the pro-

gram is a "course project proposal" of steps to improve the performance of their operations.

Mrs. Oldham's proposal was cited as "an excellent example of how employees can become managers of their jobs."

Using a five step approach, Mrs. Oldham and a classmate devised a proposal that reduced ticket keypunching time from 25 to 15 seconds, reduced the necessity of seeking a senior operator's advice on basic procedures, reduced accounting clerks' checking of tickets by 20 to 25 percent, reduced keypunching errors by as much as 50 percent, and reduced errors and omissions in ticket processing.

The project was featured in the center's Job Improvement Newsletter.

### Financial aid for students to be outlined

Jerry Barton, financial aids officer at South Plains College in Levelland, will be in the Dimmitt High School cafeteria tonight (Thursday) at 7:30 to talk to parents of DHS juniors and seniors who are interested in learning about financial aid programs available to students.

BARTON will explain general programs available in all colleges, and also will cover the specific financial aids available to those wanting to attend South Plains College.

Kenneth Ringo, DHS counselor, urged all parents of DHS juniors and seniors to attend tonight's meeting.

"GOD HAS lent us the earth for our life. It is a great entail. It belongs as much to those who are to come after us as to us, and we have no right to anything we do or neglect, to involve them in any unnecessary penalties, or to deprive them of the benefit which was in our power to bequeath." — Ruskin

# If it doesn't rain soon, erosion may top mid-50s

Dust storms that have ravaged Texas in recent weeks may get worse before they get better, warns the head of the state's US Soil Conservation Service.

**CLYDE W. GRAHAM** of Temple, state conservationist, says Texas dust storms have reached alarming intensity.

"Acres damaged by wind erosion this blow season are already higher than any year since 1965," Graham reports. "If we don't get widespread rains soon, wind erosion damages may reach mid-1950 levels."

Graham said the record-breaking drought is a major cause of the problem. Many areas report winter rainfall to be the lowest since records were started.

"DRY WEATHER last fall kept many farmers from planting cover crops," Graham continued. "The drought has also reduced the effectiveness of emergency tillage which some farmers rely on to prevent wind erosion. And high wind velocities in the December to May blow season always seem to accompany a severe drought."

He said the combination of drought, high winds and lack of cover was causing serious land damage across a wide section of the state. The storms are also creating health problems for people with respiratory ailments. Reports from SCS offices tell of roads and streets blocked with sand and 6-foot drifts against houses. And it's not just a farm problem. Sandy land being stripped bare for urban developments is blowing, too.

About two million acres of land in Texas has been damaged by wind erosion this year which is about the same as 1965. This compares to only 126,000 damaged last year. The most wind erosion in the past 20 years occurred during the 1956 blow season when 2.7 million acres were damaged.

**GRAHAM** expressed concern that the two million figure for

1971 may double unless it rains soon.

He pointed out, however, that conservation programs pushed by his agency and by local soil and water conservation districts have been extremely valuable in curtailing wind damages this year. While the 2 million acre figure is high, it isn't close to the 15 million acres damaged during Dust Bowl days of the 1930's.

"It's remarkable how land covered with a good surface mulch of crop residue is being protected from wind erosion," Graham said. "Farms and ranches covered with conservation measures installed under the Great Plains Conservation Program are weathering the wind storms especially well."

**GRAHAM SAID** that in the last 15 years some 500,000 acres of cropland subject to wind damage in Northwest Texas have been planted to protective grasses. Nearly a million acres of depleted rangeland have also been seeded. Better grassland manage-

ment is holding down wind erosion on range and pasture land.

"But two million acres of land being damaged by wind this year is simply intolerable," Graham said, "especially when you realize it could have been prevented. It's easy to blame it all on the drought but that's only part of the cause. We've been urging people for years to do a better job of leaving crop residues on the soil surface. Many listen but some do not."

Graham said that when you have good moisture, as we have had in recent years, wind velocity drops. And emergency tillage works as a good stand-by measure. As a result, people get by without wind damage during good rainfall years in spite of the fact that their land may be bare. This lulls many farmers into complacency and they ignore sound conservation farming principles.

But right now, the state conservationist said all that will help is a good rain.

## MODERN AGRICULTURE

### ASCS notes

## Set-aside land must be equal in productivity to other land

By **CHARLEY E. HILL**, County Executive Director

The physical requirements for set-aside are very important. Set-aside acres shall be cropland which is at least equal in productivity to the average productivity of other cropland on the farm and could be devoted to the crop for which payments are made.

In the event the county committee determines that the productivity of the set-aside acreage is below average, the operator shall be given an opportunity to designate other land of average productivity. If other land is not designated, appropriate reduction in payments shall be made.

Irrigable land within the farm's irrigation system shall be designated for set-aside when the established yield for the allotment or feed grain base from which set-aside is determined is irrigated. If an acreage is designated which cannot be irrigated, the payment for the allotment or base shall be made on the basis of a "dryland yield."

May 14 is the final date that set-aside acres for 1971 may be grazed. Grazing will not be permitted again until Oct. 15.

If you want to leave a cover crop of small grains (wheat, oats, rye, barley or triticale) on set-aside acres, you must file a written request by May 3.

### WHEAT ACREAGE

If your wheat acreage has been

destroyed by natural causes and you want it to be considered wheat for history acreage, be sure to come by the ASCS office and fill out a Form ASCS-574, Application for Acreage Credit, before the wheat land is plowed. You must pay a fee for a farm inspection in this case.

### FEED GRAIN, WHEAT AND COTTON

Please keep in mind that program participation is not automatic. April 9 is the closing date to sign up to be eligible for program benefits.

### WORKMANLIKE MANNER

All land must be prepared and farmed in a manner which would normally produce a crop in order for a farm to be eligible for program benefits.

### FARM CONSERVING BASE

A producer whose farm conserving base is a limited factor in operating his farm in line with good management practices may appeal for an adjustment of the base through the end of farm program sign-up, April 9.

**THOUGHT:** You can't shake hands with a clenched fist.

**TWELVE NATIONAL** officers (youth) are elected each year at the annual national meeting. They make up the National Executive Council and are responsible for the plans and policies of the organization. An adult National Advisory Board gives guidance to the Executive Council.

## 529 county crops insured by FCIC

With the many "ifs" present in today's agriculture outlook, more and more Castro County farmers are turning to the stabilizing influence of crop investment insurance to make certain of a guaranteed income.

**WARREN PRYOR**, Lubbock district field representative for the Federal Crop Insurance Corporation, says insurance safeguards now are available on cotton and grain sorghum in the county to help guarantee a cash return at harvest.

Some 529 crops in the county already are protected by the all-risk insurance with their owners underwriting \$1,895,493 in guaranteed agriculture income no matter what natural hazard should destroy the crops between planting and harvest.

Despite the relatively good crop year just past, losses were paid in most areas of the state, due principally to early freeze and insects. In Castro County the insured loss totaled \$109,390, according to official estimates.

"F.C.I.C. insured farmers are using their insurance not only to protect their investment dollars, but to strengthen credit, to reduce specialization risks, to aid in long-term financing of expansion programs and to allow maximum use of operating capital," Pryor said. "All these add up to the sound money management farmers need to cope with the changes and uncertainties in agriculture."

Texas farmers pledged more than \$3,051,000 in crop insurance protection last year to secure farm operating loans. On a national basis, this total was more than \$60 million.

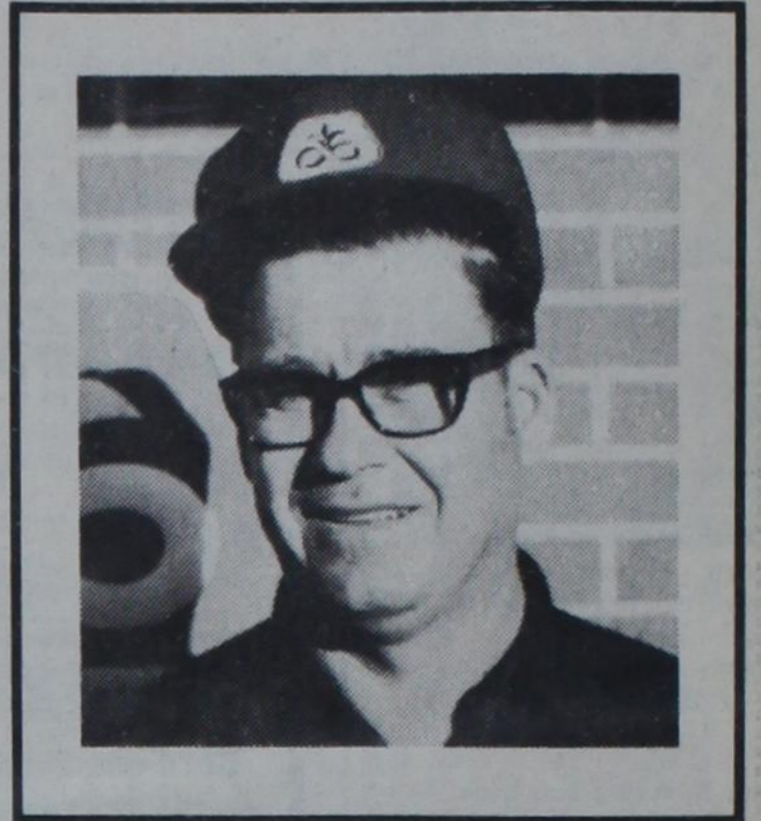

Complete details about the insurance program, sponsored by the US Department of Agriculture agency, may be obtained at no obligation by contacting Pryor through the FCIC district office at 1611 Ave. M, Room 105, Lubbock, 79401.

## It's PIONEER again this year.

Here's why:

**ROBERT SCHOPPA** produced 24 tons of silage per acre last year from 75 acres of Pioneer brand 9178. An outstanding High Plains farmer, Mr. Schoppa makes good use of water and nutrients to produce top yields of corn and grain sorghum. He's also particular about the brand and variety of seed he uses. Naturally we're proud that good farmers like Robert Schoppa plant Pioneer year after year.

### Conservation

## Soil plus water equals crops, and timing increases the total

By **LARRY O. STARNES**, Fertile Soil plus Adequate Water yields Good Crops.

**OF COURSE** the basic ingredient of a crop is a fertile soil. All plants get the nutrients they need to make their food supply from the soil. Therefore these elements must be present in the soil, whether they are there naturally or are supplied artificially as fertilizer. Agronomists and soil fertility specialists are now able to calculate the amount of plant nutrients necessary to produce a particular crop under a given set of conditions.

With this in mind, consider the one element, which if not supplied renders all other efforts useless. Water, the lifeblood of the plains, must be supplied in sufficient quantities to insure healthy, vigorous plant growth. Water wasted today shortens potential for future production.

One method proven to save and make better use of water on the plains is preirrigation. This process of filling the soil with as much water as it can hold before

planting the crop saves water and cuts production cost. Young plants are given a head start by having warm soil moisture available and not getting the shock of cold irrigation water at a tender age.

**THESE** young plants can feed on this water supply for long periods of time before requiring additional moisture. Costs are reduced and water is saved as plants develop sound root systems while following moisture to greater soil depths. Plants developing deep, healthy root systems at an early age are capable of standing longer periods of moisture stress without dying or thinning of plant population.

Let's keep our soil fertile, our water pure and plentiful, and our future generations well fed.

"IN A broad, general way, the most important single factor in preventing erosion is the production and maintenance of a complete vegetative cover for the soil." — A. F. Gustafson, in "CONSERVATION OF THE SOIL."

# New club may be formed

**By IRENE KEATING**  
Last week a group of interested women met to have a program on freezer foods and discuss plans for organizing a home demonstration club in Dimmitt.

There was a good group present and they plan to meet again Thursday, April 22, at 9:30 a.m. at Patricia Powell's house. Anyone interested in becoming a club member is invited. The program will be on what's new in home furnishings.

**IT IS** again time to share the garden calendar with you that is sent out monthly by our landscape horticulturist, Everett Jamme.

**GARDEN CHECK LIST FOR APRIL**

1. Fertilize azaleas as they finish flowering and begin to put on new growth. Because of their shallow root system, be sure the soil is moist before applying. Several light applications at six-week intervals are better than one heavy application.
2. Prune azaleas immediately after flowering if they need it.
3. Encourage children to plan and plant a garden of their own.
4. Repair any storm damage to trees as soon as possible.
5. **IF CANNA** beds need thinning, now is the time to do it. Using a sharp knife, cut the root mass into sections with a growth bud on each piece. Plant 12 to 15 inches apart and three to five inches deep.
6. Plant Bermuda grass using the hulled seed. Seed bed should be well prepared before planting. Roll seed bed after planting.
7. This is fire blight season on pear, apple, crabapple, loquat and pyracantha. Prune out all infected wood to eliminate source.
8. **INSPECT** Camellias for scale on underside of leaves. Use Cygon or a summer oil to control the scale. Always follow directions on container.
9. This is insect season so check the plants in the garden frequently. Sucking type insects can usually be controlled with Malathion and chewing insects can usually be controlled with Sevin.
10. Daylilies should be divided and transplanted now.
11. As soon as spring flowering bulbs have finished blooming fertilize the beds to encourage bulb growth for next year.
12. **AS SOON** as the spring flowering trees and shrubs have finished blooming, perform any corrective pruning required.
13. Stake Dahlias to prevent storm damage.
14. Do not neglect roses. Spray at 7 to 10 day intervals to control blackspot.
15. Select Caladium tubers as soon as possible to obtain good quality. Do not plant until soil temperature is at least 70 degrees F.

16. Do not allow the chinch-bug to get ahead of your St. Augustine lawn this spring. Apply a good insecticide in mid-April and follow this with a second application in early July. If considerable chinch-bug damage is evident in the neighborhood, a third application may be necessary in early September. The easiest and probably most effective control is to use one of the granular formulations and apply with a cyclone-type spreader. Water thoroughly after applying. Since L-199 is not available at this time, I will suggest the use of the granular formulations of Aspon, Trithion, Dinizoin or Ethion. Use according to instructions on the container.

**SUMMER FLOWERING ANNUALS**  
There is nothing more colorful and rewarding, or so easy and fast to grow as the popular summer flowering annuals. From seed, or young nursery plants, summer annuals are easy to use in the landscape as they offer a wide range of color, height and form.

There are summer annuals to suit every gardener, be he the weekend type or the devoted everyday one. Annuals too, fit every landscape need from the border to the window box. As with most plant groups, there are some annuals which are easier to grow than others.

**SUMMER** annuals which require little care or attention and which are not particular as to soil type include Gaillardia or Blanket Flower, Coreopsis or Calliopis, Cockscomb or Celosia, Globe Amaranth, Portulaca, Vinca or Periwinkle, and Spider-flower or Cleome. The more ardent gardener may wish to plant some of the new summer annual introductions such as the current All American Selections.

Annuals for window boxes, pots, or planters may include: Begonia, Dwarf Zinnia and Marigold, Portulaca, Petunia and Verbena. Border annuals may in-

clude: Dwarf Marigold and Zinnia, Begonia, Portulaca, Verbena and Dianthus. Fast growing annual vines for summer include: the popular Morning Glory, Cyn-cin, vine, Gourds, and Hyacinth Bean Vine.

A large selection of flowering annuals for summer are now available to the gardener through local nurseries, garden shops, variety stores and seed houses. If you have not yet made your selection, late spring is the time to prepare for summer color. By purchasing plants, which are al-

ready growing, and often in flower, the gardener has a head start and earlier beauty in the garden than when planting from seed.

**AT THE** time of transplanting be careful that the roots of bedding plants are subjected to as little injury as possible. If plants are obtained in bands, trays, or flats, remove them by slicing

downward in the soil between the plants. Lift out each plant with a block of soil, without disturbing the root area, and place the block into a planting hole, at the plant's normal growing depth.

Plants in peat-pots should be thoroughly watered prior to planting, as the peat-pots often dry

the sides of the pot if not watered.

All annuals do best in a well-prepared soil. Water them immediately after planting, and during dry periods. Do not fertilize until they are actively growing. Once established and growing, summer annuals, or children of

the sun will provide unsurpassed enjoyment and beauty to your home grounds.

TEXAS ranked 11th among the states in tornadoes per square mile during the period 1951-1967. It recorded 3.4 tornadoes yearly per 10,000 square miles.

# Markley-Paetzold vows read in Hereford church Saturday

Miss Kathy Elaine Markley became the bride of Gerald Joseph Paetzold of Hereford in a formal candlelight ceremony Saturday evening in the First United Methodist Church of Hereford.

**THE BRIDE** is the daughter of Mr. and Mrs. W. O. Markley of the Easter community, and the groom is the son of Mr. and Mrs. Edward Paetzold of Route 3, Hereford.

Officiating at the double-ring ceremony were Rev. Russell A. Wingert, pastor of the Presbyterian Church of Hereford, and Father Boniface Reidmann of St. Anthony's Catholic Church of Hereford.

The altar background was flanked by two seven-branch candelabra and centered by a three-branch candelabra. Also, on either side of the altar were two spring bouquets of pink gladioli, yellow pompons and orchid pompons.

**MATRON OF HONOR** was Mrs. Delores Golden of Canyon, and maid of honor was Shelly George of Dimmitt. Bridesmaids were Patsy Paetzold, the groom's sister and Nancy Jackson of Dimmitt.

Serving as best man was Galen Jack of Hereford. Groomsmen were Corley Paetzold of Hereford, the groom's cousin; W. L. Gordon of Amarillo and Ronald Golden of Canyon. Ushers were Lonnie Markley of Dimmitt, the bride's brother; James Paetzold, Bobby Paetzold and Bill Paetzold, the groom's uncles, all of Hereford.

Flower girl was Karen Markley, the bride's sister, and the ring bearer was Byron Paetzold, the groom's cousin. Candelighters were Sonia Markley, the bride's sister, and Lisa Hall of Dimmitt, the bride's cousin.

Mrs. Charles Jones Jr., organist, performed traditional wedding music and accompanied Robert Wert of Hereford, soloist, who sang "A Time for Us" and "Wedding Prayer."

**GIVEN IN MARRIAGE** by her father, the bride wore a formal wedding gown of bridal satin designed with a high neckline, Empire waist, Princess silhouette with full back, and long Camelot sleeves which ended in a tight band. Alencon lace enhanced with seed pearls complemented the neckline and cuffs. The full back ended in a sweeping chapel length train. Her mantilla veil of imported illusion and Alencon lace fell from a lace headpiece. She carried a bouquet of white roses.

For something old, the bride wore her Grandmother LaPlant's necklace. Her wedding gown represented something new, and her something borrowed was a penny minted the year she was born, 1952. She wore the traditional blue garter.

The flower girl and matron of honor wore dresses of yellow flocked voile in a floral pattern with solid yellow bolero and yellow chokers. The flower girl carried a wicker basket of rose petals, and the matron of honor carried a nosegay of yellow daisies.

The bridesmaids wore identical dresses of pink floral design with solid pink bolero and pink chokers, and carried nosegays of pink daisies. The candelighters wore orchid floral design dresses with solid orchid boleros and orchid chokers. They wore wristlets of orchid daisies. All of the attendants wore pastel matching voile flower headpieces.

**THE RECEPTION** was held in fellowship hall of the church following the ceremony. Sharon and Pam Barker, cousins of the bride, served cake and punch from the bride's table, which was covered with a white satin cloth and decorated with a three-piece candelabra and the bride's bouquet. The white wedding cake was decorated in yellow, pink and orchid. Suzanne Merritt and Vicki Golden of Canyon served punch and chocolate cake from the groom's table. Others assisting were Marilyn McLeroy, LeeAnn Merritt and Leisa Dannevik of Dimmitt.

For her wedding trip to New Mexico and Colorado, the bride wore an orchid Dacron dress and white Dacron coat with white accessories. Her corsage was a rose from the bridal bouquet.

The newlyweds will be at home after April 10 southeast of Hereford, where the groom is engaged in farming.

**THE BRIDE** is a graduate of Dimmitt High School and is now a sophomore at West Texas State University, majoring in special education. The groom is a graduate of Hereford High School.

Out-of-town relatives attending the wedding were Mr. and Mrs. O. L. LaPlant and Mrs. and Mrs. Paul Smith of Liberal, Kan., Mr. and Mrs. Pat Bradford of Sunray, Mr. and Mrs. Dale Percy and Mrs. Neta Denning of Enid, Okla., Mrs. Sophia Snogg of Canyon, Mr. and Mrs. Cullen Pyle of Borger, Mrs. Iva Thompson of Sweetwater, Okla., Mrs. Peggy Dunlap and son of Sayre, Okla., Mr. and Mrs. Alfred Ectoroz of Canyon, Mr. and Mrs. Clifford Williams of White Deer, Mr. and Mrs. George Paetzold of Snyder, Mr. and Mrs. Alan Neff of Midland, Denis Sennett of Garrison, N.Y., Mr. and Mrs. Joel Shaddy of Tulsa, Okla., Mr. and Mrs. H. O. Markley, Mr. and Mrs. Murray Hall and Mr. and Mrs. E. A. Barker of Dimmitt.

MRS. GERALD JOSEPH PAETZOLD  
... The former Kathy Elaine Markley

## Socially Yours

### New laws to aid fabric shoppers

Five laws have been passed by the national legislature to help the consumer do a better job when buying textile products, reports Miss Joanne Thurber, Extension clothing consumer education specialist at Texas A&M University.

**THE LAWS** affect wool, fur, flammable fabrics, and all other textile fibers used for apparel and household accessories, Miss Thurber explains.

The Wool Products Labeling Act requires that all wool products be labeled, by percentage, with a tag. The act excludes rugs, carpets and upholstery fabrics.

The Fur Products Labeling Act requires that fur products be labeled with the authentic English name of the animal plus the country the animal is from. If the color of the fur has been changed by bleaching or dyeing the tag must indicate it.

The Inflammable Fabrics Act includes all wearing apparel and household textiles. The act makes it unlawful to manufacture and sell products which are dangerously inflammable.

**THE TEXTILE Fiber Product Identification Act** covers all textile products used for clothing and household furnishings not previously covered. If as much as five percent of a fiber is used in a fabric, it must be labeled.

Miss Brown

### July 2 date set

De Rhonda Brown and Greg Crosby are planning a July 2 wedding in the First United Methodist Church in Hart. The announcement was made by her parents, Rev. and Mrs. Fred Brown of Lubbock.

**PARENTS** of the prospective groom are Mr. and Mrs. Garlon Crosby of Hart.

Both are seniors in Hart High School. Miss Brown is employed by Soila's Beauty Shop, and Crosby is employed by Hart Welding Co.

Miss Muller

### Students will wed

An Aug. 7 wedding is planned by Susan Allison Muller of Glen Ellyn, Ill., and Ronald Wayne Prather of Dimmitt.

**BOTH ARE** students at Southern Methodist University in Dallas. Miss Muller is the daughter of Mr. and Mrs. R. Raymond Muller of Glen Ellyn, and Prather is the son of Mr. and Mrs. Dale Prather of Dimmitt.

A 1967 graduate of Glenbard West High School, Miss Muller will receive her bachelor's degree in elementary education from SMU in June. She is a member of Delta Delta Delta social sorority.

Prather, a 1968 graduate of Dimmitt High School, is a political science major at SMU, and plans to continue his education in law. He is a member of Kappa Alpha social fraternity.

### 20 ladies attend 'Tops' meeting

Twenty members attended last week's meeting of the Dimmitt SOS Tops Club and recorded a total weight loss of 12 3/4 pounds.

**MRS. SHIRLEY WISE** was crowned "Queen of the Week" with a loss of 3 1/4 pounds. Mrs. Oleta Raper was named "Queen of the Month" for March with a 7 1/4-pound loss.

Newly elected officers of the club were to take office at this week's meeting. The club meets each Monday evening in the office of Dr. B. D. Murphy.

Miss Dueterhaus

### Diabetes Society to meet Tuesday

The regular monthly meeting of the Amarillo Area Diabetes Lay Society will be held in fellowship hall of the Polk Street Methodist Church in Amarillo Tuesday night.

**THE MEETING** will begin at 7:30 p.m., and will feature a speech on "Canning, Freezing and Preserving Without Sugar" by Mrs. Mona Hilderth, Potter County home demonstration agent. Also, officers will be elected and committee chairmen appointed for the coming year.

The fellowship hall entrance of Polk Street Methodist Church is on Taylor Street, between 14th and 15th.

The education of our people, youths, and adults alike, in the wise use of our national resources is of the utmost importance to the nation, now and in all future times. National Conference of State Education and Publicity Representatives

**COUNTRY'S** oldest oil company was founded in Massachusetts in 1812. At first it sold whale oil which was widely used as a lighting fuel.

### June 5 vows set

Mrs. Emma Dueterhaus of Littlefield announces the engagement and approaching marriage of her daughter, Rose, to Darryl Ball of Nazareth.

**THE WEDDING** is scheduled June 5.

Miss Dueterhaus, a 1969 graduate of West Texas State University, is a teacher in Amarillo High School.

Ball, son of Mr. and Mrs. Florence J. "Sonny" Ball of Nazareth, is a 1964 graduate of Nazareth High School and is employed by Castro County.

"THE greatest single problem in agriculture today is not that too many persons are moving to or from the farms of the nation, but that so many farms are moving out from under the people."

COME BROWSE... WE LOVE TO HAVE YOU

### Counselor's Corner

By KEN RINGO

Seniors will be interested in the following scholarship information which we have been receiving:

1. The University of Texas is offering a \$800 per year Actuarial Science Grant to a graduate of a Texas high school.
2. Ryder Technical Institute of Dallas is offering a \$1,500 scholarship in auto mechanics.
3. Texas Interscholastic League offers scholarships for winners or runners-up in regional academic contests. These scholarships are numerous and range from \$50 to \$4,000.

We have complete information on these and other opportunities on my bulletin board and in the counselor's office.

SEVERAL students, as well as teachers, have been talking to me about excessive absences on the part of some of our students.

The law states that every child in the state of Texas who is 7 years of age and not more than 17 shall be required to attend a minimum of 165 days of school per year.

Now, we have 180 days of school per year—which means an individual shouldn't have to worry, because it doesn't look like anyone would have to miss more than 15 days of school, except maybe in a rare, isolated emergency situation.

BUT IN looking over the records for the first four six-week periods, with two marking periods to go, I compiled the following figures:

Sixty students have missed 15 or more days of school. Twenty-four of these have missed 20 days or more.

Six of these have missed more than 30 days of school.

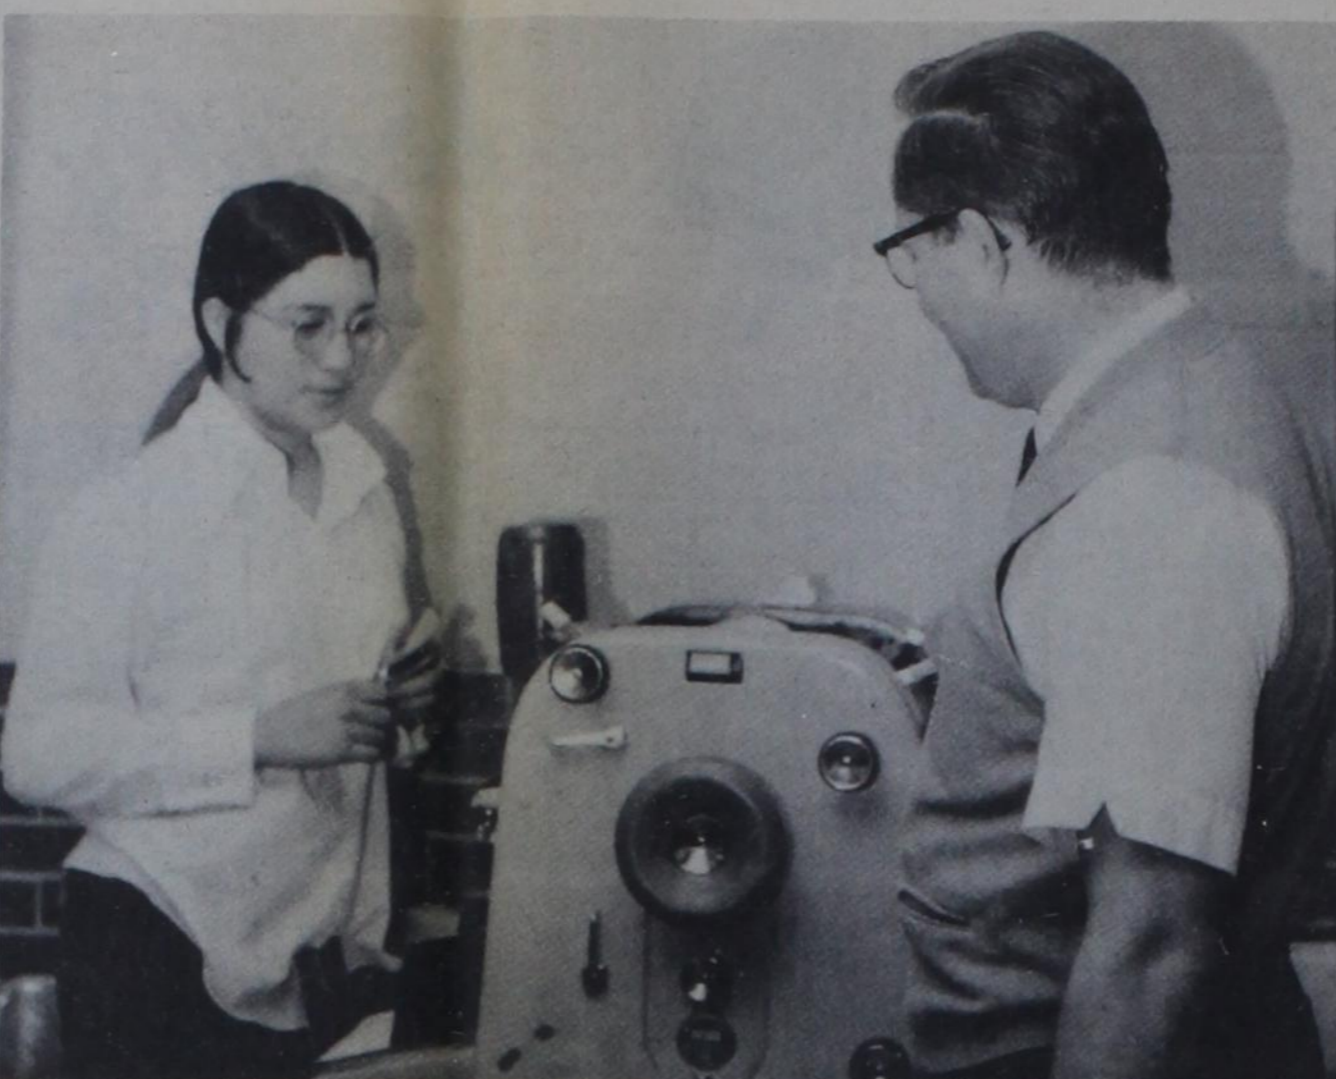

OUR school board has no set rules about how many days a student must attend classes to be eligible for promotion. Rather, it is left to the teachers and principal to determine if a student has been absent too much to be promoted.

The law does provide that the parent of the student who is absent an excessive number of times may be fined up to \$25 per day for repeated offenses, if filed on by the school system.

#### SCREWORM PRECAUTION

Warm spring temperatures are ideal for the spread of fertile screwworm female flies. Irrigated areas should be doubly watchful for the flies, veterinarians in charge of the screwworm eradication program warn. Worm samples from every animal infestation should be sent to the Mission Lab for positive identification.

IN 1879, Galveston became the site of the first telephone exchange in Texas.

OFFICE PRACTICE — Ofelia Quinonez (left) and Bill Stephenson prepare to make a "press run" on a duplicating machine in Mr. Stephenson's office practice class.

### Three place in Spanish contest

Sixteen students from Dimmitt participated in the National Spanish Contest given at West Texas State University, March 27.

THERE ARE eight levels of competition: Years 1, 2, 3, and 4, and divisions in each grade level for those with experience in Spanish outside the classroom and those with no outside experience.

Approximately 250 students from area schools took part in the tests.

Minerva Acevedo won first place and Benita Barba won third place in level one. Rosalinda Presas won third place in year three.

Also attending were Ofelia Quinonez, Janie Garza, Alfredo O-Ballejo, Dawn Parker, Beverly Smith, Gordon Cook, Floyd Bossert, Lupe Reyes, Sylvia Nino, Susan Parish, Judy Tiemann, Ann Golding, Margaret Abrego, Martina Dones and George Acevedo.

THE MOST valuable resource of this Nation is the soil. Gold is more spectacular; iron has in two generations made men richer; copper has opened up greater possibilities of advancing techniques. But, it is the soil which produces the lasting and essential wealth of the Nation. — Brinsler and Shepard, in "OUR USE OF THE LAND"

## Campus chatter

By PAT BARRIOS and DIANA GARCIA

Hello, out there, people. Here is the authentic Campus Chatter from the halls of Dimmitt High. WELL, it was a hectic week in good ol' DHS. There were so many band people running around in the halls it looked like a Chinese fire drill. There were a lot of different faces around; one girl even looked like Charles McLain.

Wonder how many people went to class Tuesday and Wednesday? Not many. It was so crowded that you couldn't find a place to "relax" between periods.

Our basketball lettermen look real swell in their new "D" jackets. The boys are glad that the jackets got here this year.

CONGRATULATIONS to Linda Elder, Rosa Ortiz and David Musick, our editors, on winning district in the ULL competition. Reason we won is that we were the only ones entered. Anyway it's on to regional.

Jim Bob Ellis is a real troublemaker, especially in sixth period. That's all right, Jim Bob, just leave Meri Kirkpatrick alone.

The way our football players have been working on their off-season weights program, I feel like we'll have the best team in the district. The boys are working real hard, with the hope of landing a starting spot on next year's team. Team captains for that squad will be selected sometime in the near future.

HERE IS a little bit of advice to Lynn Buchanan and Andrew Garza: Take it easy on those cars. They won't last very long if treated that way. I know.

I guess Mrs. Alexander realized what pain her 1st period class was going through having to look at her gray wig. She got rid of it before the period was over. Right on, Mrs. A.

Hey, Vicki Hunter and Teresa Underwood, is it true that you're the ones who wrote "Yea Cowboys" on the hippie litter barrel?

Wonder why Dean Summers and Craig Pratts are always following Terrie Newton? Be careful, Terrie.

I HEAR that Kenny Powell is getting along real well with Brenda Seely.

Wonder how Suzan Jones can afford all that gas she burns on her frequent trips to Canyon, or does Bill pay for it, Suzan?

Hello to the Dodsons, H. T., Janie, and Mile.

SAMMY ESPINOSA, have you had any more car trouble, lately? You should have Luther Perez fix it more often.

Bertha Davila, don't go around saying "hi" to strangers anymore. It seems to worry someone real bad.

Who were those two girls walking with Joe Hernandez Wednesday? What does Juanita have to say about it?

The freshmen commented that they will be glad when the seniors graduate. Could it be that it would please just one freshman in particular?

THERE'S always an interesting conversation going on during third period, thanks to Artesali Gamez. It seems she always has something to say. And JoAnn Garcia always has something to laugh about.

It seems Juanita Huerta is allergic to front seats, especially in Spanish II. Rosa Ortiz, Diana Garcia, and Mary Guana have been getting plenty of exercise lately. It seems they enjoy walking home after school.

### FHA girls honor all the teachers

"This is one way students show appreciation for their teachers," said Mrs. Hottel after Teacher Appreciation Day Thursday during second period in the home economics department.

"WE HOPE also that this will help stress fellowship among the teachers," Mrs. Hottel commented.

The favors given to the teachers were provided by Mrs. Bagley's homemaking class. A decoupage book with the name of the teacher, subject and symbol of subject matter was presented to each teacher. Coffee, tea and cake were served by the homemaking classes.

FHA members substituted for the classroom teachers while the instructors were absent from their classes.

### Seniors tour SPC campus

March 31 was "College Day 1971" at South Plains College, Levelland. About 25 of our senior students attended "College Day."

THE STUDENTS were taken on tour by members of the Student Senate of South Plains. They were shown many different departments at the campus. Students could also visit the various business offices, such as the Financial Aid Office.

They also visited the departments of their interest. Most of the students enjoyed the action at the Student Union Center.

Along with Dimmitt High School, many area schools were represented at "College Day" too. The seniors were provided with many activities and entertainment.

Diana Garcia commented, "I liked the souvenirs such as the Snoopy made by the computers."

### ON SPORTS

By PAXTON

Trouble still? YES, IT seems as though we still have a misunderstanding between the boys and the gym. We would think that it would be all right to play basketball whenever football or another sport wasn't in season. But I guess we're all wrong, because the battle to lock the gym up is still being waged.

The people who want the gym locked up seem to think that if the track boys play, then they'll get hurt. Although this sounds like a good reason, it's still not good enough, because if they can work out for football, they are just as much apt to get hurt there as anywhere. Just ask Larry Langford.

The real answer to the whole thing is to let the boys be their own judges or else get baseball started here.

IF E had baseball as a school sport, then a lot of this arguing could be settled. We asked a few people what they thought about having a baseball team and 90 percent said that they would play if they had a chance.

But, all and all, we wish a lot of luck to those boys who want to play basketball in the spring and hope that one way or the other it can be settled peacefully.

"THE REAL purpose of intelligent conservation is simply to guard against willful waste so that future generations need not be handicapped by woeful want." — John Hays Hammond

### Bobcats place sixth at Dumas

By JOHN BROOKS

Dimmitt High School's Bobcat tracksters traveled to the North Plains Relays at Dumas March 27, and reached the sixth spot on the totem pole.

THE BOBCATS only got 30 points, but even though that may sound like very few, they did not come away empty-handed. The mile relay quartet won their specialty in 3:33.8. For their first spot they received a new trophy to show off. Our Bobcat mile relayers were the only ones from DHS to reach a first place ranking, however.

Jerry Matthews placed third in the 880 run with a time of 2:06. The 440 relay team added some points to the total as they ran it in 44.2.

The boys you might want to congratulate for doing a fine job in the mile and 440 are Dan Friserson, Jerry Matthews, George Vascuz and Rich Davila.

#### MOWERS DANGEROUS

A three-year study by the University of Iowa shows the rotary power lawn mower to be the most dangerous of farm equipment. Out of 180 cases of amputations studied, 34 were credited to rotary powered lawn mowers and 20 to corn pickers, with grain elevators and combines ranking third and fourth.

BROADCASTING from a radio station began in Texas in 1920 from a station owned by the City of Dallas.

## Church plans study session on rock opera

The evening service in the First United Methodist Church Sunday will be devoted entirely to a study and discussion of "Jesus Christ Superstar," the intriguing religious rock opera.

**REV. JIM PICKENS**, pastor, said the study of the contemporary folk-religious musical will begin at 6:30 p.m. in the church's Lamar Fellowship Hall, and will include the playing of the original cast album, study of the play-book, and discussion of the method and message of the rock opera.

The program will last approximately two hours, Rev. Pickens said.

"Jesus Christ Superstar" is the story of Christ's passion and death from a contemporary, skeptical view of Jesus' claim to divinity, but with reverence for the person of Jesus and for the Biblical text from which it was adapted.

**SUNDAY night's discussion** program is open to the public, and young people are especially invited, Rev. Pickens said.

## Insect control talk is slated

Joe Junfin, entomologist from Eagle Pass, will discuss "The Biological Control of Crop Insects" at a joint meeting of the Young Farmers of Dimmitt and Springlake-Earth next Thursday night.

**THE MEETING** will begin at 8 p.m. in the Sunnyside Community Building, and will be open to the public.

Junfin, a native of Germany, has studied entomology in Germany and Russia, as well as the US.

"This may be the most important program we've brought this year, and we want all interested

farmers to hear it," said Larry Starnes, Dimmitt Young Farmers publicity chairman.

**FERTILE soil** is the base of healthy crops, healthy livestock, and healthy people.

**FIRST long distance phone message** was sent from Salem to Boston in 1877.

**'BOARDING HOUSE' SCENE** — What would you do if you returned from a vacation and discovered that your son had rented out every room in the house to a weird assortment of boarders? In Dimmitt Junior High School's play "Boarding House Reach," to be presented tonight (Thursday), Mrs. Maxwell (Lori Lee faints into the arms of her husband (Brent Armstrong) when she discovers their son, Wilbur (Greg Calvert) counting his rent money. Two of the main boarders are "90-Volt Jones" (Shannon Truelock), a punch-drunk prize fighter, and his wife, "Rough House Ruby" (Mary Hamilton), a lady wrestler. The three-act comedy, directed by Mrs. Betty Hawkins, will be staged at 7:30 tonight in the DJHS auditorium. Admission is \$1 for adults and 75 cents for students.

## State's Legionnaires protest Calley trial

After returning Sunday from a state executive committee meeting of the American Legion Dept. of Texas in Waco, Jack Flynt of Dimmitt reported that the Legion is strongly protesting the indictment, conviction and sentencing of L. William Calley.

**IN A resolution** adopted by the state executive committee the Legion calls for President Nixon to set aside the verdict of the court martial jury which found Lt. Calley guilty of premeditated murder in the deaths of 22 civilians at My Lai, Vietnam.

Lt. Calley has been sentenced to life imprisonment at hard labor as a result of his conviction. However, President Nixon said he would make the final decision in the case as commander in chief. In the meantime, he ordered military authorities to delay Lt. Calley's sentence and allow him restricted freedom of post.

Flynt, former state commander of the American Legion, is a member of both the state and national executive committees of the Legion. He was accompanied to Waco by his wife, Mary, former state president of the American Legion Auxiliary.

**THE LEGION'S protest** came in the form of an executive resolution, which said in part:

Calley Jr. is ill advised. This charge of premeditated murder would obviously place guilt on any person or persons planning a military mission in any area known to be occupied by a civilian populace, which subsequently resulted in death to even one if them.

"Never in the history of this great country has one soldier been so individually persecuted while acting in the line of duty during combat.

"Should the US resort to procedures resembling the war crimes trials following World War II, when they should be followed exclusively. Specifically, all involved persons from the Commander-in-Chief down to the lowest rank should bear their proportionate share of the guilt."

**"THIS NATION cannot** in good conscience force members of the armed forces to risk their lives in its defense, then subject them to severe punishment for either refusing to obey military orders or committing acts that can best be described as errors in judgment in carrying out competent orders to attain a predetermined objective, or for acts not normally acceptable but which were the direct result of the unavoidable strain of heated combat. . . .

"The American Legion recognizes there is no honor in war with all its horror and death. The American Legion is unalterably opposed to the murder of innocent victims not involved in the conflict raging in Southeast Asia. At the same time we insist that all proper steps be taken in the field to assure the security of our troops. . . .

"The American Legion Department of Texas . . . goes on record as disagreeing with the entire proceedings in the indictment, conviction and sentencing of Lt. Calley.

**"SINCE ALL matters** and proceedings involving Lt. Calley have to date been exemplary, we respectfully petition the President of the US as commander in chief of the armed forces set aside the jury's verdict in the case of Lt. William L. Calley Jr.

"A properly constituted impartial committee should be appointed to determine why, out of the many similar incidents in other parts of Vietnam during the course of this conflict, so much publicity and attention was focused upon the so-called My Lai incident.

It should be made quite clear that American Legion has never, does not now, nor will it ever condone the needless or wanton killing of any human beings, be they friend or foe. However, it should also be made equally clear that incidents occurring during and under actual combat conditions

## Bethel

### Matt Howell has birthday party

**By MRS. JACK RISTER**  
Matt Howell was the birthday boy this week. Wednesday night he had some friends over. He was 11 years old. Tony Kenworthy, Tobin and Kyle Touchstone, Lane Louder, Rodney Craig, Jeff Bell, Rickie Cranford and David Gregory helped him celebrate his birthday.

Mr. and Mrs. Carl Lee, Mr. and Mrs. Don Moke and family, and Mr. and Mrs. Wayne Sargent were dinner guests Thursday night at Mr. and Mrs. Jack Howell. This was to celebrate Carl Lee and Matt's birthdays.

**MR. AND Mrs. Lyndon Smith** and family of Lubbock visited last weekend with her parents the Moss Howells.

Moss Howell was dismissed from the Deaf Smith County Hospital in Hereford Wednesday morning. He didn't undergo surgery as reported last week because he took a cold.

T. W. Armstrong of Lubbock visited Mr. and Mrs. Moss Howell, and had dinner with them Tuesday.

**MRS. Norman Cleavinger** ate Sunday dinner with her daughter and family, the Charles Wales. Mrs. Norman Cleavinger and Mrs. Charles Wales were in Lubbock Thursday on business.

Mrs. Charles Wales and girls attended a bridal shower in Earth for her niece Marsha Dawson Saturday.

Rhonda and Sharon Welch spent the weekend in New Mexico.

Mr. and Mrs. Charles Carey of Hereford visited Sunday afternoon with Mr. and Mrs. James Welch.

**MR. AND Mrs. Donald Gilreath** and girls visited his mother Mrs. C. L. Gilreath in a nursing home in Littlefield Sunday afternoon.

Mrs. Donald Gilreath, Donna and Judy were in Plainview Saturday.

Mrs. Jimmie Howell and children visited with Mr. and Mrs. Roy Blair and adopted baby girl Friday night.

Kerman Howell visited in Lubbock with his cousin Terry Smith Monday through Wednesday.

Mr. and Mrs. Elbert Smith had supper Wednesday night with his parents, Mr. and Mrs. Leland Smith of Dimmitt to help Leland celebrate his birthday.

**MRS. HUBERT Schueler** and girls of Friona visited her parents the J. T. Stehrs, Thursday. Mrs. J. T. Stehr was admitted to Plains Memorial Hospital Saturday for some tests.

Mrs. Bud McElroy and David and a friend Arthur Woolever of Dimmitt were in Hereford Saturday afternoon.

### Nelson is named to UT committee on publications

Managing Editor Don Nelson has been named to a consultant committee of editors to examine the student publications program in the University of Texas System.

**MEETING** in Dimmitt with Nelson Tuesday afternoon were Dr. Charles A. LeMaistre, chancellor of the University of Texas System, and Michael Quin, executive director of the system's news and information service. They were on a flying trip around the state to hold their initial meetings with members of the committee of editors.

The new committee's first mission is to study the relationship of the UT-Austin Journalism Dept. to student publications, specifically to the student newspaper, The Daily Texan. For the past 50 years the Texan and other UT-Austin student publications have been under the control of Texas Student Publications, Inc., a student-dominated corporation whose charter will expire July 6.

In future weeks the committee of editors also will study all present campus publications at the Austin, El Paso and Arlington campuses, and will submit to the Board of Regents a written report of recommendations on the role of the various publications, their organization and governance, their relationship to the journalism departments, and other opinions affecting the future scope of the publications.

**THE REGENTS** will use the committee's recommendations to determine whether to re-charter Texas Student Publications, Inc., in its present form or to alter the future publishing arrangement for the campus newspapers, magazines and yearbooks.

**LUCKY WINNERS**—After members of the Special Education III class at North Elementary School completed these quilt projects, they held a drawing to see which of the classmates got to take the quilts home—and these youngsters were the winners. Standing, from left, are Lupe Rodriguez, Maria Barrera, Mrs. Faun Welker, instructor, and Lupe Ortiz. Kneeling are R. E.

Ewing (left) and Gilbert Herrera. Marguerita Salinas, a Neighborhood Youth Corps student (not pictured), helped the youngsters put the quilts together. The Special Education III class spends one hour each day on crafts, in addition to regular training in math, language arts, music and physical education.

(Photo by Emmett Broderon)

**State Capital Highlights**

**Governor asks 60 more counties be put on drought disaster list**

**By VERN SANFORD**  
Texas Press Association  
Gov. Preston Smith has called on President Nixon to declare 60 Texas counties eligible for drought disaster relief and requested initial allocation of \$5 million in federal aid.

**ALL THE** counties, said Smith, received less than 1.5 inches of accumulated rainfall in the past six months, creating a critical drought condition which adversely affects ranches, farms, dairies, businesses and employment throughout the entire state.

Smith said he would not call for emergency disaster legislation from the state legislature because of the "extremely critical" state financial problem. State and local health, employment, agriculture and welfare agencies, the Governor stated, are performing emergency disaster duties as required.

Governor asked an initial allocation of \$5 million. In addition, he urged that the U.S. Department of Agriculture, Department of Labor, Health, Education and Welfare and Small Business Administration representatives be assigned to counties to collaborate with state and local officials in inspections, cost estimates and technical guidance.

**TEXAS** counties included in the request (others may be added), ranging from the tip of South Texas to the top of the Panhandle, are:

Armstrong, Aransas, Atascosa, Bandera, Bee, Bexar, Blanco, Brooks, Burnet, Caldwell, Cameron, Carson, Childress, Coke, Comal, Cottle, DeWitt, Dickens, Duval, Uvalde, El Paso, Frio, Garza, Gillespie;

Goliad, Gonzales, Guadalupe, Hidalgo, Hutchinson, Jim Hogg, Jim Wells, Karnes, Kendall, Kennedy, Kerr, Kimble, King, Kleberg, Dimmitt, LaSalle, Lipscomb, Live Oak, McMullen, Medina, Nueces, Oldham, Potter; Refugio, San Patricio, Schleicher, Starr, Stonewall, Swisher, Val Verde, Webb, Willacy, Wilson, Zapata and Zavala.

Lt. Gov. Ben Barnes announced a way has been found to prevent the sharp cut on May 1 in aid to needy families with dependent children.

Legislation has been introduced to permit the Welfare Department to transfer and spend for AFDC necessary sums not to exceed \$8.8 million for the rest of this fiscal year ending August 31.

Barnes said about \$5 million is available in a contingency fund of the Welfare Department, and an additional \$1 million or more will come from federal matching money.

A comptroller's office representative said there is no question but what funds can be used to avert the scheduled AFDC reduction. Welfare Board on March 22 ordered the May cut which would bring the average AFDC family grant down from \$118 a month to \$80 and eliminate some 4,500 families from the roles entirely.

**APPOINTMENTS**  
Governor Smith named T. Louis Austin Jr. of Dallas to Texas Board of Corrections, succeeding Walter Pfluger of San Angelo on the key agency which supervises the state prison system policy.

Smith reappointed Reagan Houston II of San Antonio as a member of the Board of Regents of Texas Woman's University and also named John Shivers of Austin and Mrs. Marcella Perry of Houston as new members of the TWU Board.

Douglas Bergman and Walter C. Todd of Dallas were reappointed to the Stephen F. Austin State University Board, and Robert C. Gray of Austin was added.

H. J. Shands Sr. of Lufkin will replace Arthur Temple Jr. of Diboll on the Board of Directors of the Neches River Conservation District.

**COURTS SPEAK**  
Third Court of Civil Appeals here ruled that welfare applicants who are turned down by the Welfare Department for aid have no right to appeal to state courts since assistance is not a "vested property right."

Court of Criminal Appeals in a Coryell County case held that a district judge has no power to credit a prisoner's time in county jail while he is appealing his conviction toward his eventual prison sentence.

State Supreme Court concluded that a man who built a cabin on an otherwise unoccupied island in Galveston Bay and camped there off-and-on for 10 years did not gain title to it by adverse possession. Court said possession must continue through a 10-year period to take title under adverse possession.

**AG OPINIONS**  
A compact of water districts and river authorities may act for the state in getting \$40 million in federal funds which the state might otherwise lose for 1970-71. Atty. Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that:

An independent school district may solicit bids from class ring manufacturers and grant exclusive privilege to one such manufacturer to service voluntary student purchases of rings. Whether grant can extend for five years

is a question before federal courts. Section of a bill pertaining to abandonment of mineral estate without notice or hearing is unconstitutional, but balance of legislation is not.

**TRAFFIC TOLL**  
Governor Smith expressed "deep concern and disappointment" over the 1970 Texas traffic toll.

Smith noted an increase of nine in fatalities—a rise to 3560 in 1970—over 1969 and an economic loss toll over \$1 billion.

Governor said his only encouragement is that, with nearly 500,000 more drivers and a billion more miles traveled over the preceding year, the official death rate per-mile-traveled remained the same as 1969.

Smith pledged aid through news campaigns and called for public support of legislation, police concentration on traffic offenses and forceful treatment of violators by judges.

**SCHOOL SANCTIONS URGED**  
Texas Classroom Teachers Association's professional rights and recormerit to the TCTA executive board that sanctions be invoked against Crystal City Independent School District.

If sanctions are ordered, state and national accrediting agencies will be notified of unsatisfactory conditions for both students and teachers in the district. Teachers will be encouraged not to accept employment in the school system. Some eight or nine teachers will not be rehired there, according to a TCTA attorney after an investigation.

**TRAVEL GUIDE OUT**  
Texas looks better than ever, boasts the new "Texas, Land of Contrast," travel guide just released by the Texas Highway Department.

Combining tourist information about 371 cities and towns, the 200-page publication also lists state parks, major lakes, national forests, national recreation areas, Big Bend National Park, Padre Island, National Seashore, campground guide and basic hunting and fishing facts.

Book will be distributed at highway department tourist bureaus and by mail in response to out-of-state inquiries. It contains nearly 4,000 items of tourist and travel information and 400 color photographs.

"THE ultimate motive of soil conservation is human conservation." — Otis Durant Duncan

Edgar Eugene McLain

**'Gus' McLain, 35, dies in Kansas; Hart rites held**

Funeral services for Edgar Eugene "Gus" McLain of Garden City, Kan., were held Sunday afternoon in the first Baptist Church of Hart.

**MR. McLAIN**, a native of Hart, died last Thursday in Garden City. Officiating at the last rites were Rep. C. T. Cunningham, pastor of the First Baptist Church of Hart, and Rev. Fred Brown of Lubbock, former pastor of the Hart United Methodist Church.

Burial was in Hart Cemetery under the direction of Parson's Funeral Home of Olton. Born Oct. 6, 1935, Mr. McLain owned and operated an automotive shop in Garden City. An aircraft hobbyist, he had built two airworthy planes here before moving to Kansas, and had begun work on his third homemade airplane there.

**HIS** survivors include his parents, Mr. and Mrs. E. I. "Tump" McLain of Hart; three sons, Raymond, 16, Douglas, 14, and Dale, 13, all of Nazareth; a daughter, Denise, 12, of Nazareth; and three sisters, Mrs. Herb Mayfield and Mrs. Boyce Carter of Dimmitt and Mrs. Arnold Gilcrease of Dumas.

Pallbearers were Laurence McLain, Tom McLain, Cleve McLain, Franklin Bain, Bill Hill and Bob Hill. Honorary pallbearers were Buster Tidwell, Douglas Adams, Jack Dyer, Mike Reed, Wayne Henderson, Sonny Armstrong, Gene Johnson, Leonard Schulte, Dudley Aven and James Clay.

FIRST U.S. postal rural route in Texas originated out of La Grange on August 1, 1899.

**Smart shopper can outfit home with elegant furniture on a mini-budget**

The consumer with a mini-sized furnishings budget and a working knowledge of sound shopping techniques can still furnish her home with elegance. But to do so, she must be a skillful shopper who knows what she wants and understands what she is getting when a purchase is made.

**SKILLFUL** shoppers have several sources available to satisfy furnishings needs at minimum cost. Some second-hand stores carry furniture of good quality which may be more economical than low-quality new furniture. Auctions, sales from model homes or apartments and want ads in local papers may offer good buys. It pays to inspect the items carefully and to learn as much as possible about previous use. There are usually no guarantees or refunds on second-hand furnishings.

Unfinished furniture and furnishings offer opportunity for savings if the consumer is reasonably skillful at refinishing. Seconds or slightly damaged furniture can be economical too. Fine furniture, slightly marred in shipping or handling, is often sold at greatly reduced prices. Be sure you know the full extent of the

damage and the cost of repairs before you buy. **FURNISHINGS** sales sometimes offer excellent money saving opportunities. February and August are usually the big months for clearance in home furnishings. However, individual stores may hold special sales at any time. Watch local newspapers for information on sales and special events. Keep in mind that all "sale" items are not a bargain. It takes know-how to make sale purchases count!

Personal skills in decorating can cut costs if you are reasonably skilled. Many homemakers tailor their own draperies, upholster furniture, paint and refinish furniture, and restyle old items for today's needs.

**DAIRY SPECIALIST NAMED**  
Dr. Randall Stelly, associate professor in Texas A&M University's Department of Agricultural Economics and Rural Sociology and an authority in marketing and trade development, has been named dairy marketing specialist for the Texas Agricultural Extension Service.

**THE SOIL** of a nation is its most valuable material heritage.

'Most Valuable' athletes announced at banquet Friday

By MYRT LOMAN
Eight Hart High School boys and girls received awards at the annual HHS Athletic Banquet Friday night.
Most Valuable Player awards went to Ralph Bell, football; Lonnie Davis, boys' basketball; Roni Cox and Becky King, girls' basketball; Sylvia Gonzales, volleyball; Gary Six, boys' track; and Cindy Dyer, girls' track.
David Barham was announced as the winner of the "Fighting Heart" award.
HART'S freshman track team captured the district freshman championship Saturday at Vega.
Four freshman runners teamed to win first place in both the 440-yard and mile relays. They were Willie Ellis, James McLain, John Henry Robinson and Jimmy Brown.
Capturing first place ribbons in individual events were Jimmy Brown, 100-yard dash; Thomas Cunningham, mile run; James McLain, high jump; and Jimmy Brown, broad jump.
Other placers were James McLain and Willie Ellis, second and fourth in the 220-yard dash; James McLain, fourth in broad jump; Thomas Cunningham, sixth in high

jump; Bobby Rios, sixth in 440-yard dash; and Darrell Six, sixth in the mile run.
The freshman team, coached by Doug Higgins, compiled 99 points in the meet.
★
THE BOYS' varsity track team gave a good accounting of itself at the district meet Saturday, also Gary Six qualified for the regional meet by winning first place in the high jump with a leap of 6-5, and also placed third in the 220-yard dash and fifth in the 100-yard dash. Ralph Bell placed fifth in the discus throw.
★
HART SCHOOLS will dismiss Friday at 2 p.m. for the Easter vacation and buses will run at that time.
Teachers will attend a workday Monday, April 19, and classes will resume April 20.
This week students will take their fifth six-week's tests.
★
THE NEXT movie sponsored by Beta Sigma Phi sorority will be Saturday, April 17. More on this in next week's paper.
Hart Lions Club will sponsor Ladies Night tonight (Thursday), with the Hart School Band presenting the program.

HOSPITAL ROLL: Mrs. Max Stephens had major surgery last week in West Texas Hospital in Lubbock.
Mrs. Max Marble had surgery Friday at Central Plains General Hospital in Plainview. Other Hart patients there are J. W. Welty and Truman Featherston.
In Plains Memorial Hospital in Dimmitt are Mrs. Roy McLain, Mrs. Claude Cox and Rhonda Rowland.
Homer Hill was dismissed last week from the hospital.
★
LION COSS Bill Rich wishes to thank the public, all businesses and individuals for their support and response to the broom and light-bulb sale Saturday.
Bob Bowden was chairman of the broom sales and Bob Reed was chairman of light bulb sales. They reported \$1,111.11 was taken in for all sales with the local club to receive 25 percent.
Rich especially thanked the men who worked to make the sale a success.
The Lions District convention will be held in Borger April 22-24, with Debbie Davis competing in the queen contest.
★
MRS. PAUL ARMSTRONG will have charge of the Easter program at the WSCS meeting Thursday morning at 9:30 in the First United Methodist Church. All ladies are invited to attend.
★
MRS. LOELL RICHBURG, assisted by Mrs. Howard Mitchell, Lisa Lacy and Brenda Barham, met with members of the Girls in Action last Wednesday after school in fellowship hall of the First Baptist Church.
Rhonda Cole, 12-year-old daughter of Mr. and Mrs. Ralph Cole, was honored Saturday afternoon with a surprise birthday party in her home.
Hosting the party were members of the Girls in Action, who made the cookies and punch to be served.
Guests were Brenda and Kendra Bishop, DeAnn Richburg, DeAnn Friday, Lisa Nelson, and Cindy Heck and Mrs. Lowell Richburg, sponsor of Girls in Action.
★
MR. AND MRS. Rod Roland and family were honored Friday afternoon with a miscellaneous shower. The Roland home was recently destroyed by fire. The contents that were not burned were damaged by smoke and water.
Hosting the shower were Mrs. Calvin Alexander, J. C. Miller, Aubrey Myers, Claude Ray, Lyndall Warren, Doyce McAdams, Richard Entekin, Butch Waller, Stewart Newsom, Frank Baines and Clinton Billingsley, wives of Hart Volunteer Fire Department members.
★
THE WOMEN'S Society of Christian service met last Thursday morning at the First United Methodist Church.
The ladies gathered around the table for a work session, making tray favors for Plains Memorial Hospital patients in Dimmitt. The favors were made from spray can tops, plaster, plastic forks, small flowers, and daily verses. These gifts may also be used as recipe holders.
Working on the project were Mrs. T. H. Taylor, Mrs. Ed Bennett, Mrs. Paul Armstrong, Mrs. E. E. Foster, Mrs. Leonard Griswold, Mrs. Arletta Crick and Mrs. Mabel Aven.
★
THE METHODIST men were guests of the Earth Methodist Church for a sub-district meet.
Following dinner, Judge Boeckler of Lubbock spoke on "The Trial of Christ," from the theological point of view.
Attending from Hart were Rev. T. H. Taylor pastor, Wamon Foster, Joe Baily, Ed Bennett, Paul Armstrong, Theron Morrison and Worth Jones.
Hart men will host the next meeting May 31.

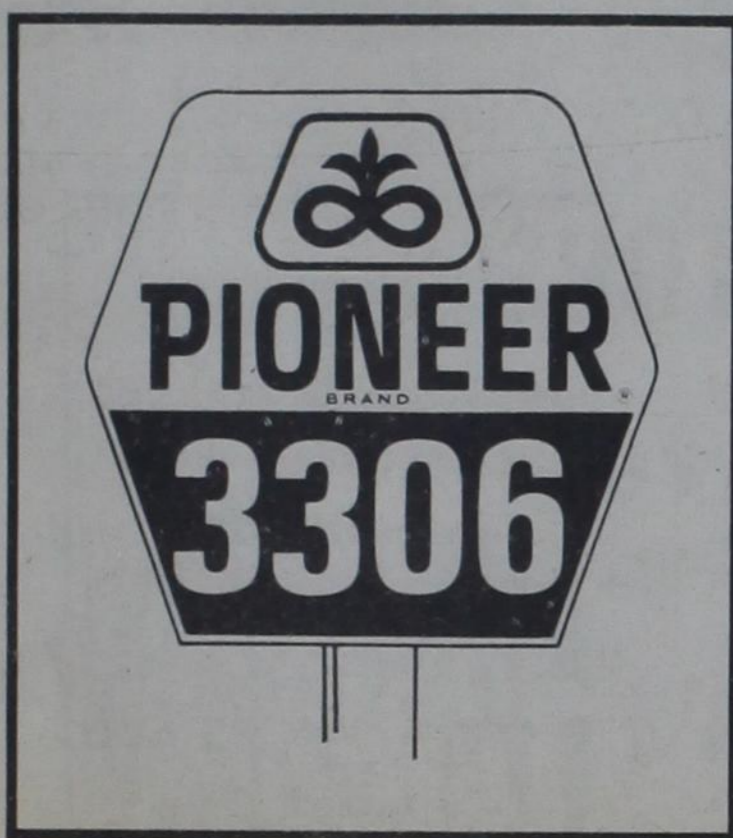

DISTRICT CHAMPIONS in 3-A freshman track and field are these Hart High School freshmen, who racked up two relay championships, four individual titles and six other placings to finish with 99 points in the district freshman meet in Vega Saturday.
Kneeling, from left, are Darrell Six, Jimmy Brown, James McLain and John Henry Robinson. Standing, from left, are Cecil Jackson, Thomas Cunningham, Willie Ellis and Robby Rios. The boys are coached by Doug Higgins.

THE HART Junior Riding Club participated in the first district playday of the season in Lubbock.
The boys and girls brought back approximately 287 points with the two youngest riders, Cheryl McLain, 4 earning three points and Gary Wade Carson, 6, collecting nine points.
Families from Hart Club taking part in the playday were Mr. and Mrs. Charles Black, Mr. and Mrs. Bill Swindle, Mr. and Mrs. Curtis Malone, Mr. and Mrs. Cleve McLain, Mr. and Mrs. Joe E.J. Carson, Mr. and Mrs. Charlie Waide, Mr. and Mrs. R. G. Henderson, Mr. and Mrs. Melvin Bramlet, Kathy Crawford and Monte Phillips of Littlefield.
★
MRS. ROBERT BROOKS conducted the ritual for the installation of new officers of the Hart of Texas Tops Club at the last meeting.
The meeting was in the community room of Farmers State Bank. New officers installed were Mrs. Roy Taack, leader; Mrs. Buster Aven, co-leader; Mrs. Butch Waller, secretary; Mrs. Weldon Jones, treasurer; Mrs. Calvin Alexander, weight recorder;

and Mrs. Lloyd Farris, assistant weight recorder.
Mrs. Taack presented each officer with a charm.
Following the business meeting, the members enjoyed a salad supper with their guests Mrs. Bill Gariety and Mrs. Charles Bass.
Plans for attending the state convention in Amarillo April 30 and May 1 were discussed.
Those who plan to attend the convention are Mrs. Robert Brooks, Mrs. Roy Taack, Mrs. Lloyd Farris and Mrs. Butch Waller.

Do you know when the Indian Head Cent first and last appeared?
An interesting part of our heritage, the coin first appeared in 1859. The obverse design was a representation of a bonneted Indian girl. On the reverse was a laurel wreath. In 1860, the wreath was changed to oak and a small shield was placed at the top. The composition was copper-nickel.
In 1864 the composition was changed to bronze and the weight was reduced. These standards remained until the demise of the Indian Head in 1909.
Three of the more valuable of the coins are the 1864 bronze (with a visible L on the ribbon), the 1908's and the 1909's. Any of these coins will bring somewhere between \$20 and \$400.

For quality banking services, come to FARMER'S STATE BANK. Our service is complete, and we think you'll enjoy the courteous, friendly attitude of our staff. For all your banking needs, see us first: FARMER'S STATE BANK, Hart, phone 938-2111. Open Monday through Friday 9 till 3.

It's PIONEER again this year. Here's why:

W. G. HARLAN, Muleshoe, produced 168.6 bushels of corn per acre last year from 14.6 acres of Pioneer brand 3306.
"This was as clean and pretty a corn as I've ever seen," Mr. Harlan said.
Because of its excellent yield and profitability, he plans to plant 3306 again this year. Naturally, we're proud that good farmers like W. G. Harlan plant Pioneer year after year.
PIONEER BRAND SORGHUM
Pioneer is a brand name; numbers identify varieties.
Reg. trademark of Pioneer Hi-Bred Corn Company, Des Moines, Iowa U.S.A.

for tornado alert, four or more blasts for fire.
When the siren sounds, pull your car to the curb and do not follow the fire truck. For emergency, dial 938-2500.
★
CUB SCOUTS of Den 1 met last week in the home of Mrs. Leonard Griswold, den coach, with their leaders, Mrs. Leo Alexander, Mrs. Mary Ponce and Mrs. Joe Isaguirre. The ladies assisted the boys in making cross favors for patients in the hospital in Dimmitt, and get-well cards. Armo Gonzales is a new member of Den 1.
Mrs. Glen Gleghorn and Mrs. Weldon Jones met with Den 2 at the bank building and helped the boys with their project of "goodwill," the theme for April. Mrs. Lyndall Warren met with Den 3, and the boys began their work on "bunnies" for favors for their goodwill project.
The Webelos den met last Thursday at the home of Mr. Shelby LeDer, to complete work on book-cases.
All Cub Scouts distributed leaflets for the Lions Club broom and light bulb sale on Saturday.
Mrs. Griswold assisted Pat Six and Robert Lacy in working with the Webelos den.
★
MRS. LOEWELL RICHBURG, assisted by Mrs. Howard Mitchell, met with Girls in Action last Wednesday after school in the fellowship hall of the First Baptist Church.
Mrs. Richburg began the story of the Crucifixion, and will complete the story at the next meeting. Mrs. Mitchell assisted the girls in making their book markers of crosses, with a favorite scripture on each marker.

Announcing CHANGE OF OWNERSHIP AND MANAGEMENT OF BROWNS TEXACO SERVICE STATION
I have purchased, and assumed management, of Browns Texaco Service Station and wish to take this means of soliciting the continued patronage of former patrons and the public. It will be our purpose to render unexcelled car-care service while dispensing quality Texaco Products. Your patronage will be appreciated and I assure you that we will make every effort to render the kind of service that your car deserves. Just give us a try, you will be pleased.

# Mrs. Beyer tells of dream trip

(Editor's Note: Mr. and Mrs. Hugo Beyer of Dimmitt returned recently from a "dream vacation" — a 53-day trip to Colorado, the West Coast, Australia, New Zealand, the Fijis, Tahiti and Hawaii. Here, Mrs. Beyer shares the highlights of the trip with us.)

We left Dimmitt Jan. 18, and drove to Denver and visited our daughter Donna, Wayne, and Kippie for a couple of days.

**WE LEFT** Los Angeles Jan. 20 on one of the big "Jumbo Jets" (747) from Los Angeles to Honolulu. The plane is really nice—just like a hotel on the inside. The service on the flight was great. We flew on the 747 three different times on the trip.

We flew Honolulu on the 22nd and left to Tahiti, where we stayed until the 31st. While there, we took a tour completely around the island. It was very pretty.

We also did some shopping in the town of Papeete. Also while we were there, they had a storm they classified as a cyclone, same as our hurricane. The wind was real high and the ocean was really rough and it was raining. The wind was so strong it blew a pretty good size boat over that was in dock, and it sank. We watched them for a while when they were waiting to bring it up.

While we were in Tahiti we were invited to come to a Chinese New Year's celebration. It was very colorful and entertaining. We also saw the Tahitian dancers several times. They were very good.

**OUR BOAT** finally got docked on the afternoon of the 30th. We loaded on about 5 but didn't leave port until about 2 the next afternoon. The water was rough from the storm and a lot of people got sick, including Dottie. So we were really glad when

we docked in Pago Pago, Samoa. From Pago Pago we caught a plane for Auckland, New Zealand. That was where we left a day. We left Pago Pago Friday morning and got to Auckland Saturday afternoon and only flew 3½ hours.

We rented a car and drove from Auckland to Ratarua. It was a beautiful drive. The country was rolling and everything was very green. This is where they have hot mineral springs. They cap these springs and use the steam for heat in many places.

**THERE IS** a village of Maori natives living there. Practically all of their homes are heated with these springs, and many of them have what they call cook boxes, from the steam from the springs. We took a guided tour through the native village that was very interesting.

From Ratarua we flew to Mt. Cook, where we saw snow glaciers and rugged mountains. Then we flew to Queenstown, New Zealand. It is beautifully located on a pretty blue lake, and is a resort town.

**FROM** Queenstown we flew to Milford Sound. The flight was just breathtaking. We both agree Milford Sound was the prettiest place on our trip.

We rode a bus from Milford Sound back to Queenstown, where we caught a flight for Christchurch.

Most of the country away from the coast is what we would call rolling. The grass is a beautiful green, with a few trees scattered around. Around Christchurch the land is flat, level and good farmland.

**FROM** Christchurch, New Zealand, we flew to Sidney, Australia. Sidney was a very pretty sight, with brick houses and red slate roofs. While in Sidney we took some tours of the city that were interesting.

Then we flew to Melbourne. We knew Gary Huntingford (former AFS student here) was in the States, but we called and visited with his uncle and his mother. Then we flew back to Sidney, where we rented a car and drove North along the coast so we could see some of the country. We drove 700 miles, and were lucky — we had pretty, sunny weather and missed the floods they were having along the coast. We drove

as far north as Brisbane. Then we flew to Townsville and took a bus up to Carns. It was a wonderful drive.

**WHILE** we were in Carns we saw the famous Coral Reef and spent the day on Green Island. Then we flew back to Brisbane and Sidney.

From Sidney we flew to Nandi, Fiji Islands. We got in there about 12:30 at night on one of the big 747 jets again. We found our hotel was 70 miles away, over rough, unpaved roads, so we spent the night in a hotel near the airport, and went to our hotel the next day.

From Suva we caught a plane back to Nandi, and from Nandi we flew on the 747 again to Honolulu.

**FROM** Nandi to Honolulu we gained a day, and had two Sundays (one in Nandi and one in Honolulu). We were in Honolulu for three days, and were glad to be back in States. Then we flew into San Francisco Tuesday, March 2.

We flew from there to Denver and visited with Donna, Wayne and Kippie again. They had 12 inches of fresh snow, so we all

Funeral services were conducted in Borger Saturday for Bud Albert Lemme, 63, father of Fred Lemme of Dimmitt.

**MR. LEMME** died last Thursday afternoon of a heart attack. He had just returned home the previous day after spending a week with his son's family here.

Born in Paradise, he had been a Borger resident since 1942 and was an employee of the Phillips Petroleum Co.

Last rites were in the Bunavista Baptist Church of Borger, of which Mr. Lemme was a member.

Funeral arrangements were directed by Ed Brown & Sons Funeral Home of Borger.

In addition to his son in Dimmitt, Mr. Lemme is survived by his wife, Eva; another son, Bill of Bakersfield, Calif.; a brother, four sisters and five grandchildren.

went up into the mountains and spent the weekend. Then we came home. We has a wonderful trip, and saw a lot of beautiful country, but we're glad to be home.

**FIRST VOTER** in the school board and hospital board elections at Dimmitt Junior High School Saturday morning was Mrs. Bob Mooney (right), who received her first ballot at 8:04 a.m. from Mrs. Jack Cowser and Harold Stephens, election clerks. Meanwhile, at the city hall, Edd McLeroy was the first voter in the elections of a

Dimmitt mayor and corporation court judge. Mrs. Mooney's father, Elmer Youts, was elected mayor Saturday, but she couldn't vote for him because she lives just outside the north city limits. Total votes cast during the day were 205 at Dimmitt Junior High and 512 at city hall.

## Former resident dies in Colorado

Funeral services were held in Colorado March 25 for Elbert D. Ashcraft, 79, former Dimmitt resident.

**MR. ASHCRAFT**, a resident of California Mesa, Colo., died March 23 in St. Mary's Hospital of Delta, where he had been a patient 11 days.

Last rites were conducted in Roberts Funeral Chapel of Delta, and burial was in the Delta Cemetery.

Mr. Ashcraft was a foreman for the Texas Highway Dept. here before moving to Colorado in 1954. He was a member of the Church of Christ and of Farwell Lodge 577, AF&AM, in Bovina.

Survivors include his wife, Un-

ity; three sons, J. W. of Delta, Flo: of Edmonds, Wash., and F. Leo of Grand Junction, Colo.; two daughters, Mrs. Ina Pearl Bagwell of Pomona, Calif., and Mrs. Fay McDonald of Clovis; two brothers, Clarence of Friona and Robert of Altus, Okla.; two sisters, Mrs. Lee Cox of Crowell and Mrs. Dolly Hawkins of Lubbock; 10 grandchildren, 15 great grandchildren and two great great grandchildren.

**OUR BOAT** finally got docked on the afternoon of the 30th. We loaded on about 5 but didn't leave port until about 2 the next afternoon. The water was rough from the storm and a lot of people got sick, including Dottie. So we were really glad when
