Wait a minute...

By Kerry Craig

Somebody needs to clear the air around the spill way between the old lake and the new lake. Things are smelling fishy, or worse.

This is serious. It stinks out there.

I couldn't believe it when someone told that there were people that were trying to be fishermen and were catching small rough-fish, that were trying to migrate up-stream in the rushing water, and just tossing them out on the bank.

Well, I went to see if the story was true—it was. There are hundreds of the small fish dead on the bank, where they had been thrown.

Things are looking up. We can now reach out and touch someone by dialing 1-plus. We will no longer be plagued with 112.

We still have a way to go to catch up with some of the bigger places like maybe Robert Lee.

They should soon be able to put you on hold, have calls forwarded to another number for when they are not at home and even know when someone is trying to call them while their line is busy.

That's big city stuff—really uptown.

Hats off to good old Charley. Would you believe that he finally located Winters on his radar screen?

For real. Just as he was ending his weather show the other night he pointed to the screen and indicated exactly where Winters is on it. You know, I'll bet he knew where we were all the time.

Since he has us located, maybe he will make a trip to visit our Mayfest Saturday.

Rumor has it that if Charley shows up he will be invited to help the Crimestoppers with their dunkin' booth. They have a swim suit for him already.

Gotta go and get ready for the Mayfest—see you there.

Liquor store theft probed

Runnels County Sheriff's officers are investigating the burglary of the Handy Package store on U.S. 67, between Ballinger and Rowena.

Deputy Rodney Irby said the burglary occurred sometime Saturday night or early Sunday morning.

He said that entrance to the building was gained either through the ceiling from a store room or by breaking out a front window. Irby said that apparently only one person entered the store.

Taken in the burglary was about \$12 in change from the cash register. The deputy said that nothing was taken from the store's office and that no alcoholic beverages were taken.

Funeral directors elect Ted Meyer

Ted Meyer was elected to vice president of the West Texas Funeral Home Directors Association recently at its spring meeting.

Others elected were president Doris Kinney, Kinney Funeral Home, Stamford; secretary-treasurer Quaid Richberg, Cate-Spencer Funeral Home, Sweetwater.

Mike Korzenewski of Stevens Funeral Home in Coleman was also re-elected to another term as director. Immediate past president is Wendell Dodds of Davis-Morris Funeral Home in Brownwood.

Butter, cheese to be distributed here

Butter and cheese will be distributed in Winters at the Multi-Purpose Center, 142 W. Dale on Tuesday, May 7, from 8 a.m. until 12:30 p.m.

Week-end tornadoes kill one

One person died and one was injured when a tornado swept through the Shep community

late Sunday evening.

The storm cell that moved through Shep also left destruc-

tion near Blackwell and Oak Creek Lake.

Initial reports from the

Department of Public Safety indicated that the storm left one person injured and one person missing.

Texas Highway Patrol Troopers, Taylor County Sheriff's deputies, and the Runnels County Emergency Management Office responded to the scene and the woman's body was located a short time later.

The storm moved from the Shep area into the Merkel area and on into Jones County leaving behind a trail of damage.

Storms reached almost all

parts of the area during the week end causing heavy damage to several barns and a house near Norton on the Englert

Rains, hail pelt city

The rains came down again last weekend, twice mixed with hail and lightning. Official weather recorder Roy Rice reported that 6/10 of an inch of rain had fallen as of Saturday at 6 p.m. Sunday evening's recording showed .48 inch, and Monday's was 1.17 inches. The three-day total was 2.25 inches.

The hail falling on Saturday and Sunday was about the size walnuts.

farm. Weather spotters around Winters observed several tornadoes as the storms moved across Winters with none of the twisters touching ground.

The storms also ravaged small grain crops across the county as hail stripped trees and leveled the crops. A number of vehicles were reported damaged as well as roofs and equipment.

Week end rainfall totals ranged from less than an inch to well in excess of three inches across the county.

No estimates of damage were available early this week.

The heavy rains that accompanied the storms caused creeks to run and the levels in both Winters and Ballinger lakes to rise.

The Winters lake, Tuesday, was about two feet below the overflow and the new Ballinger lake was about eight feet below the full mark.

Levels in both lakes were still rising due to the heavy rainfall Saturday and Sunday.

Area men elected WTCC directors

At the 67th Annual Convention of the West Texas Chamber of Commerce held in San Angelo recently, several area men were elected directors of the organization: Homer Hodge of Winters, Everett J. Grindstaff of Ballinger, and Mack Sampson, Coleman.

Total destruction

There was nothing left of the home of the Alva Talley home in the Shep Community after a tornado roared through the area late Sunday.

The storm claimed the life of Mrs. Emma Talley and left her husband with minor injuries.

Mr. Talley said that he heard a noise and open-

ed the door and the house just blew away. After failing to find his wife, Mr. Talley walked nearly a half-mile to a neighbor to call for help.

The home was scattered over a large area by the storm.

Drugs taken in armed robbery

A quantity of controlled drugs were taken from Springer Pharmacy last Thursday by an armed robber who entered the store and demanded the narcotic substances by name.

Store owner Randy Springer told investigating officers that the man displayed an automatic handgun and said, "I have a gun, give me the controlled drugs I ask for."

The gunman was described by Springer as being a white male, six feet tall, dark complected and wearing a mustache. The man was wearing mirror sunglasses, a cap and a black windbreaker-type jacket.

It was first thought the robber fled in a van however, the pharmacist at Main Drug Com-

pany told officers that a man, fitting the description of the robber, had been in his store prior to the robbery and left in an older model, white, Chevrolet Nova.

Assistant Police Chief W.C. Reel, who was on patrol duty at the time of the robbery said that he responded to a burglar alarm at the drug store at 12:35 p.m. Thursday afternoon. He said the robber apparently left through a side door to the store just as he entered the front door of the store.

Winters police units, assisted by Runnels County Sheriff's units quickly covered all roads leading out of Winters, but were unable to locate anyone fitting the description of the robber.

Investigators say that there are several pieces of information concerning the robbery that

they are following up on and that the investigation is continuing.

Chase leads to felony charges

Felony charges of aggravated assault with a deadly weapon were filed early this week against a 26-year old Winters man following a high speed pursuit by police officers that ended when the fleeing vehicle spun out of control, stopped, then rammed the police car.

Police officer Richard Hawkins said that while on routine patrol Saturday evening he observed a vehicle run a stop sign at the intersection of Magnolia and West Dale Streets. The car turned onto West Dale at a high rate of speed and, Hawkins said, he attempted to stop the car.

Fleeing at a high rate of speed, the car was traveling in excess of 80 mph while still in the city limits on West Dale Street, Hawkins said. He added that the driver of the car apparently was unable to control the vehicle, that it kept running off the road.

The chase continued to the F.M. 53 intersection where the car ran another stop sign and continued at a high rate of speed, on the wrong side of the road.

The chase continued at speeds of near 100 mph to the intersection F.M. 53 and F.M. 1677, at Red Top, where the driver attempted to turn left.

The car slid, out of control, into a muddy, grassy area and stopped. The police officer then stepped from his patrol car and had to jump back into the car when the suspect vehicle started up and rammed the patrol car.

Three persons were taken into custody by officers Hawkins and Tim Dexter.

Arrested were Jose Alfredo Martinez, 20, Demetrio Junior Martinez, 26, and a 17 year old juvenile.

Felony charges of aggravated assault with a deadly weapon

were filed against Demetrio Martinez in connection with the incident as well as misdemeanor charges of making alcoholic beverage available to a minor, driving while intoxicated second offense, and possession of a prohibited weapon.

Charges of public intoxication and making alcoholic beverage available to a minor were filed against Jose Alfredo Martinez.

Felony and misdemeanor charges were also filed against the juvenile, who was the driver of the car when officer Hawkins patrol car was rammed.

Band Boosters to install new officers

The Band Booster Club will meet in the Home Economics Building, May 6, at 7 p.m. At this time Mrs. Billie Middlebrook will install the new officers.

All parents of band members are invited to attend.

Mayfest '85 ..this Saturday

This is gonna be fun!

The Winters Area Chamber of Commerce will be sponsoring the Fourth Annual Mayfest on Saturday, May 4. The Mayfest is a county-fair type day filled with contests, continuous entertainment, food, games, arts and crafts, and a dance.

The activities will begin at 11 a.m. and continue until 6 p.m. at the Winters City Park and Community Center.

No admission fee will be charged to enter the area.

Mayfest Committee members

are Chamber Directors Leon Groves, chairman, with Stephen Byrne and Suzan Marks.

Entertainers

Continuous entertainment can be enjoyed at the gazebo in the park. Cyndi Ashley has announced the entertainers and times to be as follows:

10-10:30 a.m. Sweet Cider, a women's quartet of Ballinger
10:30-12:30 Clear Fork Express, a Blue Grass band from

(See Mayfest page 7)

Harris murder sentence is upheld by appeals court

A state appeals court last week upheld the 25-year prison sentence assessed Danny Bruce Harris, of Winters, for the 1983 murder of his wife.

The 3rd. Court of Appeals said it found no flaw in the handling of the case by 119th District Judge Curt Steib.

Harris was convicted by a jury in Ballinger in connection with the fatal shooting of his wife, Jane Vaughn Harris, following a drinking incident between the couple in Buffalo Gap.

Mrs. Harris died from a single .357 magnum pistol shot to the face.

In testimony during the trial Harris said that he felt threatened by his wife and pulled the gun after she pointed a .22 caliber weapon at his face during an

argument on the way to a restaurant.

In his appeal, Harris argued that Judge Steib erred by allowing prosecutors to question him about previous, unrelated, acts of threatened violence against his wife and members of her family.

The appeals court rejected the argument, ruling that it showed Harris' intention toward his wife and his motive and state of mind at the time of the offense.

During the trial, Harris said that he shot his wife in self defense on October 20, 1983, after an afternoon spent drinking.

Harris said that he shot his wife with a Ruger .357 magnum revolver he had under the front seat of his car.

Gotcha...

Three persons were taken into custody Friday night after their car rammed into a patrol car driven by police officer Richard Hawkins. The crash occurred after the car, which was being pursued, slid out of control at an intersection west of Winters.

Felony charges of aggravated assault with a

deadly weapon were filed against the owner of the car along with several misdemeanor charges.

Misdemeanor charges were also filed against another occupant and additional charges were filed against a 17-year-old juvenile.

The patrol car sustained over \$1,300 damages in the collision.

Runnels wheat not looking as good as you might think

By Patsy Roach

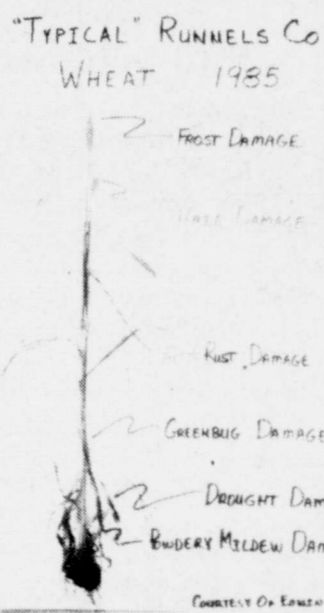

Considering the recent rains and looking at the fields along the roads in North Runnels County, you might think we have the prospects of a great wheat crop. However, drought and greenbugs have hindered the crop's growth, and recent hailstorms have beaten some fields into the ground, according to Randall Conner of Farmers Seed and Supply.

Conner has on display in his store a stalk of wheat which shows various bad effects, including frost, hail, rust, powdery mildew, greenbug and drought damage.

The wheat received adequate rainfall during the early growing season, but severe drought stress began about April 1, Conner explained. Heavier than normal greenbug damage in January and February necessitated the application of insecticides.

"When greenbugs reach a certain threshold level that natural predators (lady bug larvae and

wasps) cannot control, insecticides such as methyl parathion or dimethoate are necessary."

he said. Most of the fields recovered from the application of insecticide, he continued.

Hail hurt some of the wheat north and northeast of Winters, he said. "It was spotted in area

Retirement party

Hal Dry, left, presents a gift to Ramon Hudson, right, who retired this week from Dry Manufacturing Division after working there 22 years, nine months. He was assistant foreman of the Stamp Department. Hudson, who received an engraved watch from his fellow employees, was honored with a dinner Tuesday at the plant.

AMVETS organizing in county

A group of Runnels County veterans has recently organized a post of AMVETS, a veterans organization.

AMVETS is open to membership for those who served in the Armed Forces of the United States, or in the armed forces of an allied nation, at any time between September 15, 1940 and May 8, 1975.

Officers of Post 91, Ballinger,

affected and in the amount of damage. There have been reports of some fields up to 80% damaged," he added.

Conner is not optimistic about the wheat harvest. "I am quite disappointed in our prospects at present," he said. "Many fields look good from the road, but rust infections have dealt us a serious blow in yields and quality of wheat, even in fields and varieties that do not appear damaged. I hope yields and bushel weights are better than prospects look now."

He thinks harvesting will probably begin around May 25, with the price per bushel being around \$3, plus or minus 20 cents.

are James Patton, Post Commander; Garry Tiller, Vice Commander; Cindy Lawson, Post Adjutant and Financial Officer; Calvin Howell, Judge Advocate; Jesse Hughitt, Provost Marshal; and Frank Wilson, Post Chaplain.

Winters and area veterans are invited to the meetings which are held on the second and fourth Tuesdays of each month in the back dining room of the Texas Grill at 7:30 p.m.

Among the aims of the organization are the following:

To serve the United States in peace as in war.

To encourage the establishment of a concrete plan to secure permanent international peace.

To inspire a sense of responsibility and to develop leadership.

To train our youth to become purposeful citizens in a democracy with full knowledge of the responsibilities as well as the privileges of citizenship.

To cooperate with all duly recognized existing veteran organizations.

To assist in the rehabilitation of the veteran by maintenance of employment services, sponsoring educational opportunities, and providing counsel on insurance, housing, recreation, personal problems, hospitalization and veteran benefits.

To provide an organization to encourage fellowship between all veterans of World War II, Korea, and Vietnam.

The local AMVETS group is sponsoring a raffle at this time. For a \$1 donation, names are entered in a drawing for the following prizes: an arcade-size Asteroids video game, donated by Fulton Vending; a set of John Deere Heavy Duty Booster Cables, donated by Mansell Brothers; a \$20 gift certificate from Black's; a KC for one (which feeds two) from Simply Taylor's; a curling-styling wand from Bill's; and an AM/FM radio from Winn's.

The drawing will be held May 18 at 10 a.m. on the Courthouse lawn. Participants need not be present to win.

For further information, contact Garry Tiller at 365-2639 or go by the Texas National Guard Armory.

Shep United Methodist Church to close

A celebration of the ministry of the Shep United Methodist Church will be held Sunday, May 5, 1985 at 11 a.m. in the church at Shep, Texas. This worship service will commemorate the years of active ministry which will end June 1, 1985, when the church will close due to declining population in the community.

Reverend L.W. Tucker, pastor of Shep and Blackwell churches, will be leading the worship. Special music and sharing time will highlight the service. Members, former members, former pastors and friends are invited to participate in this service.

A covered dish luncheon will be served at the community center at noon. Anyone having pictures relating to the past joys

of attending church there is invited to bring them and share at this special time.

For further information, please call Velda Ballard Howard at 915-692-2531 or 673-7358, Sarah Casey Doucette at 915-673-9322 or 548-2491, or Carolyn Hurt Patton at 915-766-2255.

Send the **FTD® Recipe Book™ Bouquet**.

Nuclear plants wearing out

What would you do with a worn out nuclear power plant? *National Wildlife* magazine reports that after 25-30 years nuclear power plants simply wear out. They reach the point where it is no longer economical to replace weakened parts. The Department of Energy estimates that within 15 years, as many as 70 nuclear power plants could be ready for the scrap heap.

"Stuffy office syndrome," or indoor air pollution, such as tobacco smoke, formaldehyde from building insulation, and bacteria, affects the well being of countless American workers, reports *National Wildlife* magazine. According to researchers at the University of Wisconsin, constant exposure to dusts, gases, vapors and allergens in tightly sealed buildings causes employees to complain of eye, nose and throat irritations, headaches, skin rashes, fatigue and stress, not to mention, perhaps, the "Monday morning blues."

There's no documentary evidence that Louis XIV actually said "L'etat c'est moi" (The state, it is I). Tradition has it that Voltaire attributed it to Louis but actually made it up himself. Napoleon, however, did say it to the French Senate in 1814.

Mrs. Chuck Blake
Lisa Bryan, Chuck Blake
marry

Lisa Dawn Bryan was united in marriage to Chuck Blake during ceremonies held April 20, 1985 at the Quaker Avenue Church of Christ in Lubbock.

The bride is the daughter of Mr. and Mrs. Joe Bryan of Winters and the granddaughter of Mr. and Mrs. J.W. Shelton of Ballinger and Mrs. Edith Bryan of Winters.

The groom is the son of Mr. and Mrs. Larry Blake of Borger. Ellmore Johnson, minister of the Quaker Avenue Church of Christ, officiated the double ring ceremony.

The altar was illuminated by a spiral candelabra; pews were marked with white bows and yellow daisies.

Vocalists were Beth Burns of Abilene, cousin of the bride, and David Smith of Lubbock. Music selections of "To Me," "It's Only the Beginning," and "The Lord's Prayer" were presented before the ceremony. Selections during the ceremony were "Sunrise, Sunset," "The Wedding Song," "You're My Only Love," and "How Majestic Is Your Name."

Given in marriage by her father, the bride chose a formal gown of white organza. The high neckline was Victorian style trimmed with lace and seed pearls. The long straight sleeves ended in petal points and were covered with chantilly lace and pearls.

The bodice featured chantilly lace and seed pearls with ruffled shoulders. The full gathered skirt, trimmed around the hem with chantilly lace, descended to a chapel train trimmed with a wide ruffle.

Her headpiece was a halo of yellow and white daisies. She carried a bouquet of yellow and white daisies accented with yellow ribbon and attached to her mother's white wedding Bi-

ble. The bouquet also featured a white pearl wedding bell and a gold pocket watch belonging to the bride's great-grandmother.

Something old was the gold pocket watch; something new was the bride's gown; something borrowed was her mother's wedding Bible; and something blue was a special garter designed and hand-made by Mrs. Earnest Brown of Winters.

Serving as matron of honor was Becky Airhart of Winters, sister of the bride. Bridesmaids were Christi Blake of Borger, sister of the groom, and Connie Bryan of Bronte, cousin of the bride.

Female attendants wore tea length dresses of yellow moire taffeta. The dresses were accented with wide yellow sashes and rows of tucks on the bodices and skirts.

Each carried white baskets of silk yellow and white daisies and bells of Ireland accented with yellow ribbon. The flower girl was Leslie McDonald of Winters. Her dress of yellow moire taffeta was accented with a white lace collar, yellow sash, and rows of tucks on the skirt. She carried a white basket of yellow and white petals.

Acting as best man was Jeff Turner of Borger. Groomsmen were Bennie Conner of Borger, and Douglas Bryan of Winters, brother of the bride.

The male attendants wore gray tuxedos with bow ties. Ushers were Lee Winton and Mike Conway of Lubbock, Jamie Witt of Coleman, and John Waight of Shamrock.

The reception was held in the Fellowship Hall of the church. Kobi Ammons of Lubbock registered guests. The registry table featured a vase of yellow and white daisies.

The bride's table with crystal appointments was laid with white lace and centered with a four-tiered cake decorated with pastel yellow and ivory roses and yellow lace icing. Kissing angels stood in the center of the two bottom layers. The bride and groom figurine atop the cake, a souvenir from the bride's parents' wedding cake, was surrounded by a white icing gazebo.

Serving at the bride's table were Lana Fuston, DeLane Proctor, and Lori McCulley, all of Lubbock.

The groom's table was centered with an arrangement of yellow and white daisies and yellow candles in silver appointments. Serving at the groom's table were Michelle Bryan of Winters and Leah Buxkemper of Lubbock.

Janabeth Bryan of Winters and Bethanyanne Hunt of Lubbock presented guests with long-stemmed yellow satin roses filled with bird seed.

Members of the houseparty were Marie Johnson, Gloria Henderson, Peggy Weathers, and Dianna Jack, all of Lubbock. Janeira Kessler designed all floral arrangements and bouquets for the wedding.

Following a trip to San Antonio, the couple will reside in Sweetwater.

The groom is employed as an engineer for U.S. Gypsum of Sweetwater. He received his mechanical engineering degree from Texas Tech University in December.

Lutheran Women discuss activities

The St. John's Lutheran Church Women held their second quarterly meeting and breakfast on Saturday, April 27, 1985 at 8:30 a.m. in the Fellowship Hall.

Genevieve Spill introduced Pastor Stephen Byrne, who spoke on "Prayer." He suggested a place of quietness, making prayer about the same time day or night, having a special place, using an exercise to make a trip with different characters

Womans Club met

The Winters Woman Club met April 9 in the home of Betty John Byrns.

President, Dolly Airhart called the meeting to order, Sandy Griffin introduced Debby Darby, program manager with The Care Unit and The Stress Center, Hendrick Medical Center, Abilene, Texas.

Debby defined Stress, listed causes and made suggestions for avoiding Stress and ideas for handling the Stress we all have to live with. She distributed literature and held a question and answer session. A most interesting and timely program.

In the following business session, the Womans Club noted to designate the earnings from the fourth coming Mayfest Bake Sale for the renovation of the Scout Hut.

Progress was reported on the Sesquicentennial project, a cookbook. The committee for the cookbook includes, Nadia Barker, Jerry Groves, Halley Sims, Sandy Griffin and Edna

of the Bible, listening, and evaluating your feelings. He closed with prayer.

Margaret Pruser, president, called the meeting to order. Lillie Presley, treasurer, gave the bank balance.

The Secretary of Education, Genevieve Spill, reported that the church women will discuss Stress Women Crises, next year's study on women of the Bible, and will have the Mother-Daughter Banquet on May 11.

Secretary of Stewardship, Adala Ueckert, gave a report on the convention/retreat at Camp Butman. She also reported a need for bibs, pouches, etc., at the Midland Lutheran Home. She announced that the Southern District ALCW/LCW Convention will be held July 19-21 at Texas Lutheran College, Sequin.

Jewell Kraatz was elected delegate to the ALCW Southern District Convention; Adala Ueckert will be alternate.

Twenty-two members were present.

England. All members will be collecting recipes for the cookbook.

Jerry Groves was unanimously approved for Club membership.

Attending the meeting were: Dolly Airhart, Edna England, Maragret Favor, Theresa Briley, Naida Barker, Janie Humble, Sandy Griffin, Nina Bedford, Dortha Laughan, Billie Alderman, Dorothy Bedford, Hortell McCaughan, Kay Colburn, Lillian Roberson, Vivian Foster, Nina Hale, Carolyn Slaughter, Ouida Nichols, Betty

Genealogical Society to meet

The San Angelo Genealogical and Historical Society will meet at 7:30 p.m. Tuesday, May 7 in the Fellowship Hall of the Western Hills Church of Christ, 1902 N. Childress, San Angelo.

Mrs. Betty Jane Smith, former president of the society, will present the program.

Visitors are always welcome.

John Byrns and Pat Russell and our guest Debby Darby.

Precautions for lightning storms

When it comes to a brilliant display of lightning in Texas skies, "better safe than sorry," is a good motto. Deaths from lightning may be rare, but it's shortsighted for anyone to ignore the simple precautions and slight inconvenience of safety measures, say Texas A & M University Agricultural Extension Service health education specialist Dr. Mary Ann Heussner. She says the first rule of lightning safety is to get away quickly from

any open space—a field, golf course, hill-top, beach or pool. Get away before the rain starts since lethal bolts sometimes strike during the muggy lull before a storm. "If you're caught outside, the best kinds of shelter are buildings equipped with a lightning protection system, steel-framed buildings, and cars, buses or tractors with metal tops and closed windows," advises the specialist. "But don't trust a flimsy shelter on a golf course. When you can't take cover, you can better your chances by taking refuge in a ravine, culvert or ditch—keeping away from pipes and staying alert for flash floods, Heussner says. When none of this is practical, crouch as low as possible with no part of your body except knees and toes touching the ground. Also remember to avoid tall isolated objects, like a lone tree, staying twice

as far away as the tree is high. Just being indoors doesn't entirely protect you from lightning, Heussner points out. Stay away from open doors and windows, fireplaces, radiators, stoves, metal pipes, sinks, bathtubs, shower stalls and plugged-in electrical appliances. Electricity of lethal strength can enter a home not only by a direct strike, but also by a side flash from another object like tree, and through pipe lines and wiring. "Unfortunately, when someone is struck by lightning, bystanders often don't know what to do," remarks the specialist. "Others won't touch the victim for fear he is still electrically charged." But a lightning victim can be safely touched, and often revived by mouth-to-mouth resuscitation, Heussner says.

Adults who work outdoors or enjoy outdoor sports may have a healthy respect for lightning, but children are often unaware of its danger. The specialist recommends that parents review lightning safety precautions with their youngsters along with safe bicycling and swimming rules for the summer.

Even pet dogs or cats that live outside all the time can use a warming hand on bitter cold, winter nights, says National Wildlife's *Ranger Rick* magazine. To prevent a pet from possible freezing to death in their sleep, *Ranger Rick* suggests warming up a pet's shelter with extra blankets, or bringing the pet into an unheated garage. Do not bring an outdoor pet into a hot house. Not only might this sicken the animal, but it will make it harder for the pet to adjust when it returns to the cold outdoors. Sometimes a humpback whale may carry over 1,000 pounds of passengers, says National Wildlife's *Ranger Rick* magazine. The commuters are thousands of tiny animals, like shelled acorn barnacles, gooseneck barnacles and lice.

Notice of Opportunity for Public Hearing on Permit Application For Solid Waste Site

THE CITY OF WINTERS has filed Application No. 1770 with the Texas Department of Health for a permit to operate a proposed Type II municipal solid waste disposal site to be located approximately one (1) mile southwest of Winters, 0.4 mile south of FM Highway 53 on the east side of an unnamed county road, and adjacent to and on the south side of the existing landfill, in Runnels County.

The site consists of approximately 15 acres of land, and is to daily receive approximately 10 tons of solid wastes under the regulatory jurisdiction of the Texas Department of Health.

The application is being processed and the final decision will be made by the Department pursuant to the provisions of the Texas Solid Waste Disposal Act (Article 4477-7, Vernon's Texas Civil Statutes), and the Texas Department of Health's Municipal Solid Waste Management Regulations, and the Administrative Procedure and Texas Register Act (Article 6252-13a, V.T.C.S.).

No public hearing will be held on this application unless a person affected has requested a public hearing. Any such request for a public hearing shall be in writing and contain the name, mailing address, and phone number of the person making the request; and a brief description of how the requester, or persons represented by the requester, has suffered or will suffer actual injury or economic damage by the granting of the application. If a hearing is requested by a person affected, notice of such hearing will be provided to the requester and will also be published in a newspaper of general circulation in the area where the site is located at least 30 days prior to the date of such hearing. If no request for a hearing is received within 30 days of the date of publication of this notice, the Department will make a decision.

Requests for a public hearing and/or requests for a copy of the technical summary of the application prepared by the Bureau of Solid Waste Management shall be submitted in writing to the Chief, Bureau of Solid Waste Management, Texas Department of Health, 1100 W. 49th Street, Austin, Texas 78756. A copy of the complete application may be reviewed at the Bureau of Solid Waste Management or at the Department's Public Health Region 4 headquarters located in the Commerce Plaza Building at 1290 S. Willis, Suite 100, Abilene, Texas, 79605; telephone (915) 695-7170.

Issued this 22nd day of April 1985.

Robert Bernstein, M.D., F.A.C.P.

Texas Department of Health

By: Hal Nelson (signed)

Hal L. Nelson, General Counsel

Texas Department of Health

(May 2, 1985)

What the physician needs to know

The most important question parents or witnesses can answer for a physician following a serious head injury to a child is whether there was a loss of consciousness and for how long, according to Dr. Kenneth U. Hackney, Chairman of the Department of Emergency Medicine at Scott and White Temple.

"Important information also includes the child's age, weight, immunization status or when he had his last tetanus shot, and the presence of any cuts. Any noticeable changes in the child's behavior are also important and are best detected by the parents," says Dr. Hackney.

"The time the injury occurred should be noted by the parents or witnesses," emphasizes Dr. Hackney. "If the child is on any medication or has had any specific problems since birth, such as learning difficulties, diabetes, asthma, hyperactivity, allergies, etc., it is important to give the physician this information."

"If the child has fallen from a tree, a countertop, stairs, trampoline, or some distance from the ground, or if he has been thrown from a car, a possible neck injury could have occurred, and this needs to be brought to the attention of the physician or medical personnel," says Dr. Hackney.

Dr. Hackney suggests that if a child must be moved from a dangerous area, several people together should lift the child as one unit with the head and neck immobilized and have him lie still until a paramedic arrives.

If a child sustains a facial or scalp laceration that appear

serious enough to require stitches to close the wound, the child should be brought to a physician within 24 hours, preferably within 8 hours.

Dr. Hackney stresses that "we're here to help you in an emergency, but you can help your child if you can remain reasonably calm to reassure him and try to have some of the information available which will help us treat your child more efficiently and effectively."

Effective marketer program to be held

"Commodity options" - How they can help you be a more effective marketer of agricultural products will be subject of a two night program May 8 and 9 at the Ballinger High School Voc Ag Building. The programs will begin at 8 p.m., according to Allen E. Turner, Runnels County Extension Agent.

Turner states there is a lot of interest in using the "Commodity Market, but in the past, producers have not been comfortable with certain features of the futures trading, such as "margin calls". The new option marketing system eases this problem since the cost of the trade is a set figure similar to an insurance premium and a producer knows exactly what his cost will be at the time a contract is negotiated. Leading the programs will be Dr. Ernie Davis and Dr. Ed Smith, Economist with the Texas Agricultural Extension Service.

"...behold, now is the accepted time; behold, now is the day of salvation." II Corinthians 6:2

Caprock Peace Officers to meet

The 37th annual Caprock Peace Officers meeting and Rattlesnake Rodeo is scheduled to unfold Thursday, May 9 at Clairmont, Texas, the headquarters for the association.

Location of the meeting will be the Clairmont 4-H Barn, 16 miles west of Jayton on Highway 130.

Interest again is to center on the shooting contests. Top shooters in each group will be vying for valuable awards, including a pair of sharkskin boots, a \$100 Bailey hat, and a \$50 gift certificate, and trophies. Final contests in the shooting will pit the top shooters in each group shooting at live rattlesnakes.

Some changes have been made this year in the shooting by placing the shooters in groups with their fellow officers from their own law enforcement groups, in order to add to the competition.

Another contest that has grown in enthusiasm the past several years is the horseshoe pitching contest. Trophies and

cash awards are being offered in this contest, also.

Rounding out the program will be the drawings for valuable gifts donated by area merchants.

Registration will begin at 9 a.m., and as usual, barbecue and all the trimmings will be served at noon. No alcoholic beverages will be permitted.

Cecil Fox, president of the association since its beginning, will be on hand to greet all members. The officers and directors extend an invitation to all law enforcement officers as well as guests and visitors to join them at Clairmont.

Awards date set

Farmers and ranchers utilizing practical soil and water conservation methods in their operations may be eligible for a \$1,000 cash prize and an all-expense paid trip to Washington, D. C. in a nationwide conservation recognition program according to Texas Farmers Union.

The initial step toward ultimate selection of three \$1,000 national winners will be taken in early June, when state nominees are selected in Texas for the National Conservation Awards program.

The annual awards program is designed to reward producers who are pioneering conservation methods, and to publicize the effectiveness of such techniques.

The program is sponsored nationally by the National Endowment for Soil and Water Conservation, and the DuPont Company. Coordinating the Texas program is the Texas Farmers Union.

Chairman of the National Endowment, Emmet Baker, says, "The purpose of the awards program is to salute those farmers and ranchers who are implementing sound, innovative and cost effective techniques. These outstanding farmers and ranchers deserve special recognition."

The Winters Enterprise, Winters, Texas, Thursday, May 2, 1985 5

PUBLIC NOTICE

REQUEST FOR BIDS

The Runnels County Appraisal District is accepting bids for a computer system with processing capabilities that shall meet the technical requirements of the Request for Proposal.

The Request for Proposal may be obtained by contacting Clayton Brazelton, Chief Appraiser, P.O. Box 524, Ballinger, Texas 76821. Phone (915) 365-3583.

Bids must be received by 5:00 p.m., May 7, 1985. All bids must be sealed and clearly marked "Computer Bid." (April 18, 25, May 2, 1985)

state nominees, selecting 10 national finalists on the basis of their accomplishments in soil and water resource management and pollution abatement.

The 10 national finalists and their spouses will receive an expense paid trip to an awards ceremony, where they will receive official certificates of award. Three national winners will be selected from among the 10 finalist.

Texas producers may submit applications to the Texas Farmers Union, P. O. Box 7276, Waco, Texas 76714. Texas farmers and ranchers should contact Pete McRay at (512) 477-6152 or (817) 776-4700.

The National Endowment for Soil and Water Conservation, established June 1982, is a non-profit, privately funded, non-political organization dedicated to conserving natural resources and fostering a sense of stewardship of the land.

Some people believed the sun came down to earth once a year—and left a ladder leaning against a tree for its convenience.

Stripper Cotton McNair 308*

Excellent fiber quality

• Medium maturing

• Excellent yielder

• Good tolerance to Fusarium wilt, root knot nematodes

McNair 308 is a prime choice for Texas cotton producers in their area of adaptation. It has good tolerance to Fusarium wilt, root knot nematodes, and has some tolerance to Verticillium wilt.

McNair 308 has yielded well in Texas competition with other storm proof varieties.

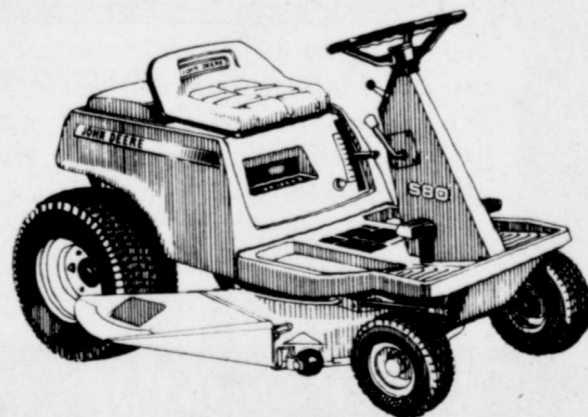

This stripper variety has excellent fiber qualities—lint per cent is 32 to 34, strength 88,000 to 94,000 psi, and its micronaire range is 3.9 to 4.7.

CAPITOL UPDATE

by Jim Parker

The House just passed its version of the State budget for the 1986-87 biennium and the "fee bill" to fund the budget. I voted against the fee bill but voted in favor of the budget bill.

I think it is important to look at these two major legislative items from the standpoint of political experience. The leadership of this state, in the House, Senate and Executive branch, have repeatedly stated that the budget would be passed with no new taxes. Each of us will have to decide, according to our own definitions, whether or not that was accomplished.

Proponents of the fee bill, of course, promoted it as a "revenue enhancement" at the expense of "users" of the state services in which state fees increased, e.g. a \$10 probation fee was increased to \$40, a \$10 driver's license fee was increased to \$12, and fees were increased for the movement, distribution or sale of milk or milk products.

Opponents of the fee bill adopted the approach and philosophy that "a rose by any other name still smells like a rose" and maintained that the fee bill is simply a disguised tax bill promoted by those lacking the integrity and intestinal fortitude to call it what it is, that being a tax package.

As is usually the case, one would expect that the correct conclusion to be somewhere between these two extreme positions.

We still must await conference committee action to iron out differences between the Senate version and the House version of the state finance package but, under any circumstances, the ultimate product will have significant tuition increases and fee increases of one sort or another. Anyone interested in specifics should let me know.

While I was not deliriously happy with the budget, as passed by the House, it is a much "leaner and cleaner" budget than was passed my first session and just may be as close to being a good budget for the state as can be obtained in light of diverse and conflicting interests of 181 "cooks stirring the porridge."

At all costs I would like to avoid one or more special sessions that would be necessitated by the ultimate failure of this budget bill because of the tremendous expense to the people of the state as a result of such special sessions.

I learned years ago in hard divorce cases that a judicial decision totally unsatisfactory to both parties was generally the most fair. I think the same analogy can be applied to the

Crews

By Hilda Kurtz

Why does everyone want to be in the front of the bus? The rear of the church and in the middle of the road?

Mr. and Mrs. Jerry Kraatz and Mr. and Mrs. Marion Wood, will be host for the Crews supper and game night, Saturday night at 7:30 p.m. and would like to see a good crowd to turn out. Bring your favorite dish or dishes and join the crowd.

The amount of rain out here was 3/10 - 1 3/10 to 1 1/2 inches and some small hail.

Area missionary Bro. Ferris Akins of Ballinger was speaker at Hopewell Church Sunday. Mrs. Akins also attended while Bro. Jim and Mrs. Shipman attended the baptism of their grandson Derek, son of Mr. and Mrs. Jim Pelletier in Ft. Worth.

The Noble Faubions went to see Mrs. Alta Hale, who is still in the Coleman hospital. She has some good days. They also visited with the Buford Goods in Coleman on Wednesday.

Rodney, Bernie and Gene Faubion hosted 10 year old Brian's birthday with dinner Sunday. Those attending were: Therin and Nila Osborne, Marvin, Melvina and Keith Gerhart, Scott Gerhart of Stephenville and Sherri of San Angelo. Happy Birthday Brian.

The Richard Denny's spent a few days with her parents, Mr. and Mrs. T. F. Staley in Wichita Falls.

Mr. and Mrs. Earl Ambrose of Ft. Worth spent three or four days with Doris and Marion Wood.

Bro. Jim and Mrs. Shipman of Winters came by to see the Coleman Foreman's.

Mrs. Cora Petrie will be staying a few days recuperating with her daughter, Mr. and Mrs. Cecil Hambright in Winters after surgery in the Ballinger Hospital.

John Grohman hoed weeds for Mrs. Effie Dietz, Dayton and Era Smith of Ballinger and Era's brother Carlos Burnett of Alaska came during the week.

Winnie Fred Worthington, Ann Fuller and Amber Fuller went in to visit with Mrs. John May at Ranger Park Nursing Home in Santa Anna on Thursday. Ferry Alcorn visited in the Fuller home Saturday afternoon.

Mrs. Lorena Gerhart of Wilcox, Ariz. is here several weeks visiting relatives and staying with her mother Mrs. Lena Ernst in Winters.

Louise Fuller celebrated her birthday in San Angelo with all her children and grandchildren in the home of the Greg Moreland family. Happy Birthday Louise.

Hildegard and Jr. Asbury of San Angelo spent Thursday with me and we did some much needed jobs around here.

During the week with Doug and Larue Bryan, guests were Eva and Imogene Hutton, Ball-

inger; Dewitt, Frances, Lelon and Doris Bryan; Vicki Blackerby and baby son Alex of Drasco. Mrs. and Mrs. E. C. Madison of San Antonio spent three days with Hazel May and Russell Bragg, David and Glenn Bragg of Hondo spent Saturday and Sunday.

The Walter Jacobs attended their grandson, Jodi Busenlehner, Confirmation Sunday in Olfen. Afterwards they visited Mamma, Mrs. Louise Michalewicz in Ballinger. Carolyn and Mike Kozelsky and kido's came by a few minutes Sunday evening.

The Herbert Jacobs and son, Mark, also attended Jodi's confirmation with the Walter Jacobs.

No nutritional cure for arthritis exists

Arthritis is a chronic inflammatory process of unknown origin which causes discomfort and pain in the joints. "In an attempt to alleviate the pain, many arthritides become the victims of food faddists, quacks or self-appointed experts who advocate miraculous cures with a special diet plan," says Texas A&M Extension Service nutritionist Mary K. Sweeten.

Dietary oil, vitamins, lecithin and blackstrap molasses have all been promoted for the relief of joint pain. But there is no scientific evidence that any food or any nutrient is of special help to people with arthritis, she points out. Accepting the fact that no special diet or vitamin will cure arthritis will save disappointment and frustration, Sweeten maintains. "It will also save money for expensive arthritis foods, health foods or other fad diets that have no effect."

Organ donors can save many lives

In a speech submitted to Congress during National Organ Awareness Week, Congressman Charles W. Stenholm urged Americans to help "make a miracle."

Congressman Stenholm encouraged citizens to consider organ donation and to spread the word about the importance of such actions. Each year thousands of lives could be healthier, many times even saved, by the donation of organs.

"We have had our hearts warmed by the success stories when people are given a second chance at life because of an organ transplant," he said. "But we seldom see or hear the stories about the children for whom time ran out -- the children who should have lived, could have lived, but never received the organs they needed."

The Stamford Democrat recalled the plight of Ashley Bailey of Clyde, who needed a liver transplant. Congressman Stenholm became active in trying to help locate a suitable donor. But the year-long search ended unsuccessfully on November 11, 1983. She was 14 months old.

"I know about the heartbreak, the frustration, the sense of helplessness because I shared that experience with a small child, Ashley Bailey, and her family who live in my district. Born with biliary artesia, Ashley fought for more than a year to hold on to life until a liver could be located for transplantation. During that time there surely were many potential donors who could have shared life with Ashley. But like millions of Americans, their families were not aware of the need for organ donors, and tragically, Ashley died waiting," he said.

During 1984, only an estimated 3,000 out of 23,000 potential donors actually donated their organs and tissues. The congressman stated

that in addition to the loss of potential donors' lives, thousands of waiting recipients met death needlessly.

"Medical technology has given us the ability to do miraculous things, but that can occur only if each individual makes the miracle happen." He concluded by stating, "With the memory of all those individuals who never received the transplants they needed, and for the sake of all the people who will yet need transplants in the future, I urge each Member of Congress to take this opportunity to encourage all constituents to sign donor cards and notify their friends and relatives of their desire to "make a miracle."

Best Ball Play held

The Ladies Golf Association had their Best Ball Play Tuesday, April 23. The winners were, Mary Bauer, Lois West, Jean Owens, Rita Shifflett and Mary Jane Blackshear.

Those playing were: Joanne McAdoo, Donna Torres, Mary Beth Drake, Mary McCreight, Sac Sprinkle, Jan Sims, Kim West, Linda Smith, Lavelle Killough and Renee Calcote.

A covered dish was served after play. A short meeting was held afterwards.

Thw Winters Ladies will be hosting the Ballinger Ladies Thursday, May 9. Nine holes of golf will be played and then supper will be served. Tee off time will be 5:30.

To prevent lasting wrinkles on permanent press fabrics, always use fabric softener.

April has been a month with beautiful spring weather.

The Ballinger String Band was out on the second for their monthly visit. The music was great. The residents will be looking forward to their next visit.

Friday, April 5 was the Easter party. The ladies wore their Easter bonnets which they made. Willie Hale's hat won first prize for the most original. Arline Hambricht's hat won first place for prettiest.

Ice cream was served to all. We wish to thank Seth McLarty for the ice cream.

The residents had fun on Thursday afternoon, April 4th, dyeing eggs for the Easter party. We wish to thank Bill's Superette for the eggs.

The XYZ group outing this month was to the First Baptist Church. The Mother's Day Out children entertained the residents, and everyone had Easter eggs. Hugh Campbell, Mildred Sawyer, and Christine Wade have helped with the XYZ group for several years. We thank them for caring.

Welcome to our new residents: Shawn Jackson, Mary Lindle, Gus Poehls, Thomas Terraya, and Jewel Lee.

Mr. and Mrs. Scott Bill from Plano were here for a sing-a-long and devotion on April 15th. It had been four months since they had been here. We were happy to see them. We always look forward to their visit. Mrs. Agnes Lovelady played the piano for them, which we appreciated.

The Ninth Street Church of Christ Choir was out for their monthly visit. The singing was

excellent.

Thursday, April 18 was our monthly birthday party. Residents celebrating birthdays this month were Gus Poehls, Jesse Hambricht, Maggie Holley, Ruby Estep, Winnie Campbell, Marie Kudlacek, Arlie West, and Florence Kittrell.

The St. James Circle provided the delicious cakes for the party. Agnes Fuchs, Pat Kvpil, Mildred Poehls, and Evelyn Matscek served the refreshments. Charlie Kvpil and Felix Havlak entertained playing the accordions.

Our bingo winners this month are Fannie Tippett and Ann Moats.

Residents who had out-of-town visitors recently are: P.W. Williams, whose daughter and husband, Mr. and Mrs. Jim Neeson of El Paso, visited; Willie Magee, whose son and wife, Mr. and Mrs. Lanham Magee of Fort Stockton, visited last week; Mr. and Mrs. James West, whose son and wife, Mr. and Mrs. Carrol West of Marble Falls, came for a visit.

Also, Mr. and Mrs. Jesse Hambricht enjoyed a visit with their sons and wives, Mr. and Mrs. Winford Hambricht of Odessa and Mr. and Mrs. Kenneth Hambricht, Abilene, and grandchildren Jessica Hambricht, Abilene; Mrs. Chuck Smith and Brandon and Jennifer, Odessa; Mr. and Mrs. Dan Griffin and Greg, San Angelo; and Mr. and Mrs. David Teague, Heather and Ashley, Carrollton.

Fannie Tippett's daughter, Mozelle Long of Comanche, visited her. Florence Kittrell's

nephew and wife, Mr. and Mrs. Sam McCollum, Brady, came for a visit, as did her sisters-in-law, Laura Pace and Lucy Kittrell, both of Winters.

Effie Eckert's daughter, Marie Matthes, Rotan, came. Juan Nunez's daughters Johnnie Nunez, Julie Flores, and Mary Mata, San Angelo, visited.

We wish to thank the Children's Department of the First United Methodist Church for their visit on Sunday, April 7. The residents did enjoy them.

We wish to express our gratitude to all the faithful volunteers; the XYZ Group on Sunday mornings, the preachers who hold services each Sunday afternoon, the bingo callers, those who lead the Bible studies each Wednesday morning, the ladies who do nails each Tuesday, the XYZ outing group, the Ballinger String Band, the Ninth Street Church of Christ Choir, Norma Jean Condra who takes care of our monthly birthday party, and to the group of people who have the Catholic service on Friday morning.

Mayfest

Tug-of-War

The big event of this year's Mayfest will be a Tug-of-War to be held in the afternoon starting at 2 p.m.

Rules are as follows:

1. Entry fee is \$50 per team. 50% of the entry fee total will be awarded as first and second prizes.

2. A team will be made up of six members.

3. Total weight will not exceed 1,250 pounds. (Strictly enforced)

4. Gloves may be used but no rosin or gripping aids may be applied to the rope.

5. Hiking boots will be permissible but no footwear with any form of plastic or metal cleats will be allowed.

6. One knot will be allowed at the anchor position.

7. Bounds will be marked and anyone moving outside the marked area will be allowed only 15 seconds to get back inside the bounds.

8. Every member of a team must be pulled into the mud in order for a winner to be declared; or after a three minute time limit, the team with the center rope marker on their side will be the winner of that match.

9. All decisions of the judge will be final.

Chairmen of the Tug-of-War are Chamber Directors Arch Jobe and Scott Epperson. They report that several grudge matches are shaping up. Entries will be taken until 4 p.m., Friday, May 3.

Anyone who is interested in entering the Tug-of-War, but who is in need of a sponsor, may contact the Chamber Office, and a sponsor will be located.

Domino Tournament

Lee Colburn is Chairman of the Annual Domino Tournament, which will start at 1 p.m. Entry fee is \$6 per two-man team, and the teams winning the most games will be the winners. First, second, and third place prizes will be awarded. 4 p.m. Friday is the deadline for entering the Domino Tournament.

Volleyball Tournament

David Speegle and Stephen Byrne are planning the first Volleyball Tournament to be held in conjunction with the Mayfest. Entry fee is \$6 per team, and any group is welcome to enter. The tournament will be limited to 12 teams. Trophies will be given to the first, second, and third place teams.

Pet Show

Ginny Smith is in charge of the Annual Pet Show. Entry fee is \$1 and the show promises to be lots of fun.

The Pet Show will start at 11 a.m. First, second, and third places will be given for these categories: Best Pet Costume, Funniest Costume, Best Pet Tricks, and Most Unusual Pets. First place awards will go to the Smallest Pet and Largest Pet.

Along with ribbons, the winning pets will receive certificates for free pet shots from Jimmy Smith, D.V.M.

Adopt-a-Pet
An Adopt-a-Pet Booth will be manned by the Taylor-Jones Humane Society.

Mayfest Balloons
1985 Miss Sno-Queen Jill Connor will be selling helium-filled Mayfest balloons during the day.

Arts, Crafts, and Exhibits
Arts and crafts will be exhibited for sale inside the Community Center. Stuffed animals, dolls, jewelry, handwork items, ceramics, quilts, etc. will be available.

Special exhibits by the Sesquicentennial Committee, Girding Health Care, the Cancer Society, and the EMT Class will also be located inside the Community Center.

Cakes will be for sale, also. Cindy Smith, Chamber Director, is Chairman of Arts and Crafts.

Food Booths
Food booths located in the park will offer barbecued hamburgers, hot dogs, German burritos, fajitas, nachos, Frito pies, sausage on a stick, chalupas, French fries, dill pickles, homemade ice cream, and scones.

Also, giant cookies, brunelos, sopapillas, funnel cakes, watermelon slices, coffee, tea, Kool-Aid, lemonade, fruit drinks, and colas.

Games
Games to be enjoyed during the day include horseshoe pitching, sack races, and egg toss matches; and for the children, face painting, bingo, bean bag toss, fortune telling and a petting zoo of small animals.

A dunking booth manned by the Runnels County Crimestoppers

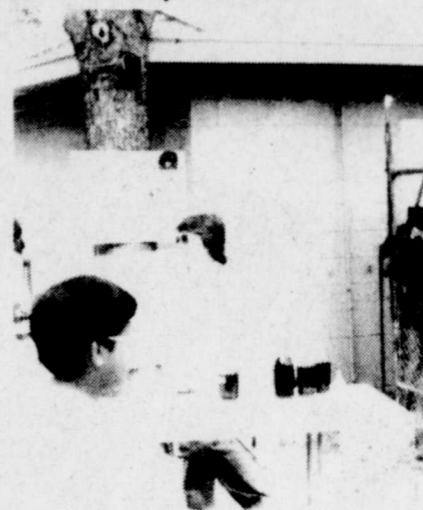

offers fair-goers a chance to dunk famous (or infamous) local persons in some very cold water.

Fresh carnations will be for sale, also.

T-Ball Opening Games

The opening games of the T-ball season will be played on the baseball diamond in the park during the day. This year is Winters' first for T-ball, a pre-Little League baseball program.

Mayfest Dance

Crimestoppers in action

Members of the Runnels County Crimestoppers were manning their dunking booth and were making snow cones during Ballinger's Ethnic Festival last week end.

The dunking booth, featuring local officers and other officials, will be in operation at the Winters Mayfest this Saturday.

The day will conclude with a dance in the Community Center from 8:30 p.m. to 12:30 a.m. Music will be provided by the Silver Spur Band. Tickets for the dance are \$5 per person.

It's not too late

Food, game, and craft booths are still available—reservations may be made by calling the Chamber of Commerce Office at 915-754-5210. Kay Colburn, secretary-manager of the Chamber, will assist you.

Scout Committees discuss plans

Mike and Kathy Bennett, Lanny Bahlman, Bill Witte, Joe and

Raising the roof

The New Life Chapel Pentecostal Church of God, located at 608 N. Cryer, is currently remodeling their building and raising the roof in the auditorium to facilitate the cooling of the structure. Some of the work on the building is to provide more room for a new ministry of the church, a Christian school called New Life Academy, which was started at the second semester of the current school year. The school uses the Accelerated Christian Education curriculum for classes through the 12th grade. Seven students are enrolled this year, and Pastor Art Barnes and his wife are the teachers.

Seaweed in Ice Cream?
When was the last time you ate seaweed? Probably yesterday. According to National Wildlife's *Ranger Rick* magazine, seaweed that's been heated, dried and ground to a powder is commonly used in making ice cream, bread, salad dressing, chocolate milk, pastries, and milk shakes.

Attracting Hummingbirds
It's surprisingly easy to attract hummingbirds to most yards and gardens, says *National Wildlife* magazine. Planting red flowers, or hanging red-colored vials of sugar water are particularly enticing to hummingbirds, which are in constant search of energizing flower nectar and tiny insects.

Cooperating to improve Scout Hut

Naida Barker of the Winters Woman's Club and Bobby Airhart, president of Winters State Bank, shake hands on an agreement to assist in raising funds for needed work on the Scout Hut. The bank will match the amount raised by the club in their bake sale at the Mayfest this Saturday. Other local clubs and organizations are urged to help in this fund-raising effort.

vancement chairman; Elaine Miller, reporter; Lanny Bahlman, outdoor coordinator; and Tommy Gardner, quarter master.

Those present were Billie Alderman, Naida Barker, Billie Gerhart, Mary Ellen Moore, Kathy Young, Tommy Gardner, Sharon Young, Lucius Wood, Norma Jo Sudduth, Manuel Vera, and Elaine Miller.

The Winters Cub Scout Committee met Thursday afternoon

at the Jeff Heidenheimer's home. They discussed having German burritos and all the trimmings at the Mayfest, the Scout Show results, going to the nursing home, and the next pack meeting.

Those present were Jeff and Sara Heidenheimer, Fred and Brenda Watkins, Beth Bradley, Linda Dry, Naida Barker, Norma Jo Sudduth, Rhea Paramore, and Elaine Miller.

Medicare coverage of hospice care

A hospice is more a concept than a place. It refers to the care and treatment of a terminally ill patient in the patient's own home and includes physician's services, nursing care, medical appliances and supplies, home health aide and homemaker services, and social services and counseling. Medicare hospital insurance will pay almost the entire cost of this care if the services are provided by a Medicare-certified hospital. Patients eligible for Medicare-covered hospice care must be eligible for Medicare hospital insurance, and both the patient's physician and the hospice medical director must certify

that the patient has a terminal

Talpa

By Maggie Ruth Stokes

We were happy to have 3/4 of an inch of rain early Monday morning with no hail.

The 1934-35 classes of Talpa High School had a school reunion at the Coleman Bank Club Room, Saturday the 27th. We all had a good time.

The members of the 1934 class there were: Tyrus Cox, Mona Avent Watkins, Lorene Cook Jackson, Claudine Bouldin Brown, Mildred Courtney Shaffer. The Class of 1935 members are all still alive; all but one were present. They were: Alvin Bushong, David Mercer, Bessie Mae Rice, Chloris May Kincaid, Edith May Bullock, Eula Bragg Pruett, Myrtle R. Hale Routh, and Maggie R. Brevard Stokes. Our teachers there were Glynn Mitchell, Edith Tombs. Others there were Melba Cox, Arnold Watkins, Polly Turver, Oveta Higginbotham, Carl Rice, Dave Bullock, Harold Pruett, Ralph Routh, Horace Stokes, Clyde and Edith Hollinger, James and LaNell McClure, Elvin and Naomi Berry, Dixie Mercer, Ernest Francis Broyles.

George Rae wishes to thank the people for the calls, cards and prayers for him during his recent stay in the hospital.

Weldon Joyce of Fort Stockton, former Talpa man, fell from a horse on the 19th of April and had surgery on his knee. He will be slow getting to ride again.

Kenneth and Jo McWilliams went to Abilene on Wednesday afternoon to visit Craig and Mary McWilliams, Barbara and Marian. They were there for Marian's birthday supper.

Kerry McWilliams of Lake Palestine is recovering nicely from back surgery; a bone from his thigh was fused into his back.

Cass and Pat Cassaday and Zane visited Bill and Lillian Turk Sunday afternoon. They enjoyed seeing the new rock work on their home.

Ann Green spent the weekend at Aspermont with Donnie and Lisa Dunn and Amanda.

Elvin and Naomi Berry of Andrews visited us over the weekend.

Mike, Debbie, Julie and Matt Priddy visited his parents, Mr. and Mrs. J. L. Priddy in Winters on Wednesday for supper.

Debbie Priddy and Melissa Hunsaker took their children, Julie and Emily to San Angelo on Thursday to see the movie, Care Bears.

The women from our area who went on the Coleman Bank tour on Thursday were: Bertie Stone, Duleie Decker, Merl Smith, Pat Cassaday, Helen Beaver, Betty Duval, Marie Kennedy, Doris Cupps and Pearl Thompson. They went to

Rocksprings, Leakey, Mo. Ranch at Kerrville, Fredricksburg, Eunchanted Rock, Llano, Brady and then home.

Arletta and Angelita Herring went to DeLeon to visit Mrs. Sidney Sikes over the weekend.

Dale Herring went over the weekend to Arlington to an Ed Robb Evangelist Association spiritual encounter.

Anna Lee Ray visited with Robert and Grace Bailey and Ethel Bell at their farm near Talpa on Thursday.

The Allens from Santa Anna who have the old Hambricht place are having the mesquites pushed up and leaving all the pretty live oaks. It makes a pretty corner where you turn to the Talpa Cemetery.

We're happy to report that the land near Crews that Horace works had an inch and six tenths of rain over the weekend.

Darr opens new facility in Abilene

Darr Lift Truck, Division of Darr Equipment Co., has opened a new facility in Abilene for the sale, rental and service of its lines of Caterpillar lift trucks, Lull reach trucks, K-D Manitou rough terrain trucks, Waldon articulating loaders and Prim Mover narrow aisle electric equipment.

The new Darr facility is located at 4542 Loop 322, No. 106 and includes a complete inventory of lift truck parts, rental equipment and a field service vehicle for complete on-location service.

Darr chose Abilene for its new lift truck store because of the city's central location in the market area serviced from this store. A trained staff of three full-time people are on duty to provide area companies with preventive maintenance programs, repair parts, service, rental equipment and sales consultation.

The parts inventory at the new Abilene facility will be supported by overnight service from its headquarters in Dallas and branches in Ft. Worth, Waco, Wichita Falls and the Caterpillar Parts Depot in Irving.

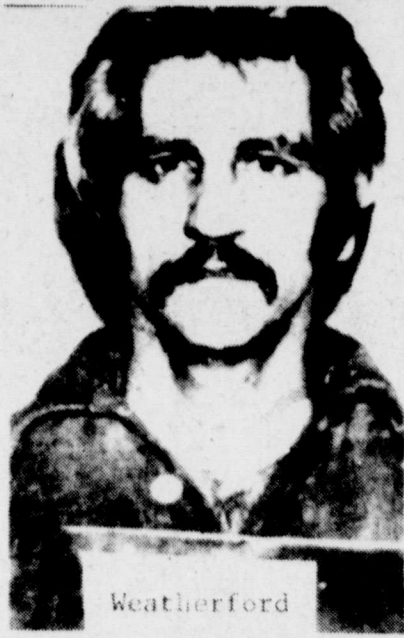

Darr has been the authorized Caterpillar lift truck dealer in the northeast 80 counties of Texas since 1966.

For more information concerning the services available through the Abilene store call (915) 721-7163.

The mind has a lot to do with body ailments, which isn't easily explainable.

Attend Mayfest '85, May 4

Texas Most Wanted

Weatherford

Clevis Clark Weatherford is known to law enforcement officials in East Texas as the "Jogging Burglar."

There's a good reason for the nickname. In what police describe as an "active" career, Weatherford is renowned for the various disguises he uses while casing residential neighborhoods for possible burglary targets. His favorite is to wear a jogging suit.

In living up to his nickname, Weatherford has managed to keep jogging at least a step in front of the law. He has been wanted by the Smith County Sheriff's Department for more than five years on a felony charge of burglary. And when he finally is caught, police departments throughout East Texas and Oklahoma would like to talk to him about 37 unsolved burglaries—primarily in wealthy residential areas.

Herbs will add flavor to meals

Herbs will add flavor and variety to meals. But herb pills and formulas are not special remedies of nutrition or health problems, and may be dangerous, says a Texas A&M University Agricultural Extension Service nutritionist.

Herbal remedies have been touted as good for any number of problems from arthritis to obesity, says Mary K. Sweeten. Often sold in health food stores or by people who sell vitamins out of their homes, they are claimed to be "natural" formulas.

"If these formulas contained nothing but herbs, they would probably be harmless, so consumers would simply be spending their money for diet aids which have no nutritional value," she maintains.

However, the Food and Drug Administration (FDA) recently recalled an herb pill supplement product because it contained three powerful drugs in potentially dangerous doses, although the label listed only herbs as ingredients.

According to Sweeten, the government analysis revealed that each herbal pill contained an arthritis drug, a potent diuretic and a tranquilizer. The label suggest taking only four pills each day, but the product directions proposed 12 daily pills as the upper limit.

Since it may take some time to recall the outstanding supply of this herb pill supplement, the nutritionist advises consulting a physician before taking any herbal remedies or any other diet supplement.

This week the elusive Weatherford has made the Texas Most Wanted list. A \$1,000 reward is being offered for information leading to his

capture.

Weatherford is described as a white male, about 45 years old, 6-0, 180 pounds, with graying hair and brown eyes. He has a scar on his head.

Detectives say Weatherford has used a variety of aliases, including Clevis Cecil Weatherford, Clet Weatherford, Clea Weatherford, and Clevis G. Weatherford. He has driver's licenses from Texas and Oklahoma.

Weatherford has been wanted since December 27, 1979, when he failed to appear to begin serving a federal prison sentence.

Investigators say they believe he still is somewhere in Texas because he has family in the state. He was last seen driving a 1979 white and red Lincoln Continental Mark V with Oklahoma license plates MY-3368.

Anyone with information about Weatherford's location is asked to call the Texas Crime Stoppers Advisory Council toll-free at 1-800-252-8477, or their local Crime Stoppers program. In all cases, callers do not have to reveal their identities.

Rehab receives gift

The West Texas Rehabilitation Center Foundation has received a \$1 million gift from an Agilene couple, which, due to its nature, will allow the West Texas Rehabilitation Center to retire existing debts to receiving the \$1 million.

WTRC board chairman Glen Churchill announced Wednesday that the gift consists of a \$1 million note which will earn WTRC 16 percent annual interest until 1999, at which time the Foundation will receive the face value of the note (1 million). Churchill stated that the annual interest income is restricted to repayment of WTRC's \$720,000 debt, which has been incurred by operation deficits in past years. He further stated that the following conditions were specified by the donors:

That WTRC be operated on fiscally responsible basis in order to avoid future burdensome indebtedness;

That a long-range plan be developed to (a) establish an operating fund to eliminate the need for interim financing; (b) assist in a fund raising drive for the WTRC Foundation; (c) provide for a more involved and informed board of directors; (d) improve public affairs activities.

Develop a realistic and reasonably achievable annual budget and operate within that budget.

These requests were placed in resolution form to be carried out by the WTRC board of directors, executive committee, and president/executive director.

Walter Johnson, chairman of the board of Abilene Bankshares and chairman of the WTRC Foundation investment committee, said "This was a very generous and timely gift to the Foundation. The immediate effect is on debt retirement; beyond that, it will allow the Foundation to make investments - the interest on which can be combined with donor dollars to meet WTRC's annual operations budget."

Oil man John Chalmers, immediate past chairman of the

The beauty about youth is its faith and confidence...the two worthwhile possessions of the human race.

Tickets on sale

Tickets for the All Sports Banquet, to be held May 16, will go on sale May 1.

Tickets will be available at Main Drug or Springer Pharmacy or by contacting Vicki Harrison or Gloria Poehls.

Thank you

We would like to say "Thank You" to all the fine friends who were so kind during the loss of our Dad.

To all who brought and prepared the fine food, sent beautiful flowers and memorials.

A special thanks to Ted, Mike and Thresa. We appreciate each of you more than you'll ever know. May God bless each of you in a special way.

Mr. and Mrs. Pat Pritchard and family, Mr. and Mrs. Vernon Mask and family, Mr. and Mrs. Jack Pritchard and family treatments being administered. This reveals on 11 percent increase over last year in admissions and 4 percent in services.

Chairman Churchill announced that budget cuts have necessitated the cancellation of the summer program and Camp Rolling Hills for this year. An alternative day camp situation is being considered.

Picking up the pieces

Members of the Talley family, along with friends and neighbors in the Shep Community try to pick up the pieces of the Alva Talley home Monday morning following the fatal tornado that destroyed the home late Sunday evening.

Lions to sell mops, brooms this Friday

The Winters Lions Club will have their Mop and Broom Sale this Friday, May 3 on the Piggy Wiggly parking lot from 8 a.m. to 7 p.m.

For advance sales, customers should call George Mostad at 754-4915. Door to door sales will be conducted from 4 to 6 p.m. Friday.

The mops and brooms come

from the Lighthouse for the Blind, a company originally established by the Lions Club to employ the blind. The proceeds of the sale will go into the club's activity fund, which is used for local projects. The Lions Club has provided funds for glasses and eye care for underprivileged persons for many years, in addition to their other projects.

READ THE CLASSIFIEDS!

Davis elected VP of District FFA

Frank Davis of the Winters High School Future Farmers of America was elected vice president of the Area IV Big Country District of FFA during the group's meeting at Ballinger High School on Monday, April 22.

Other officers elected are: Col-eta Rosson, Jim Ned, president; Chris Johnson, Clyde, secretary; Stephanie Boyd, Merkel, treasurer; Janet Clendenen, Jim Ned, reporter; Nortina Stewart, Eula, sentinel; and Lanita Boulter, Jim Ned, Area Vice President.

Roland Davis of Abilene High School is the candidate for Area IV President, and Chandra Scott of Cooper High School is a state officer candidate.

The Courtesy Core consists of all the area officers, district president, and state officer candidates.

"FFA is looking forward to a good year," said Janet Clendenen, reporter for the group.

Regular gasoline may be banned

The EPA has issued a final rule that reduces the maximum level of lead content in gasoline as follows: effective July 1, 1985, .50 grams per gallon; effective January 1, 1986, .10 grams per gallon. The current maximum level is 1.10 grams per gallon.

The Environmental Protection Agency (EPA) is also considering a wide range of future alternatives concerning the use of lead in gasoline, ranging from no further regulatory action to a ban in 1995, to a ban effective as early as January 1, 1988.

IT'S A FACT!

The world's easiest instrument to learn to play is the ukulele, according to the American Music Conference. The most difficult? The French horn and the oboe.

Tornado funnels

Two funnel clouds (indicated by the arrow) were sighted by observers just north of Winters Sunday afternoon. The cloud was the one believed to have destroyed several barns and damaged a house in the Norton area.

These two tornado funnels were some of the

many that moved across the county during the week end.

This photo was taken just as a tornado pulled back into the cloud about 7 p.m. Sunday about 10 miles north of Winters.

Judge says taxes must rise

Runnels County Judge Michael Murchison said today that "the state has found a way to get through the legislative session in Austin without raising any state taxes, but the way they have decided to do it means that the property taxes will probably have to be raised at the county level or services cut."

Judge Murchison indicated that the cost of state programs such as the administration of justice, including increased local costs of the judicial system and costs of incarcerating state prisoners, and even the cost of driver education in the public schools, may be financed out of county and district court fees if pending legislation is passed.

"The way this works," Judge Murchison said, "is that the state increases its share of fees that the county collects in order to raise revenue for state programs. This could decrease the future amount of money that the county gets to retain from the fees. The county could be forced to take up the slack by increasing property taxes just to stay even."

The judge said that counties only have four sources of revenue: property tax, fines and fees, and federal revenue sharing. He said that revenue sharing "has been going down for several years, and that the administration proposes to eliminate it by October 31, 1986. Revenue sharing averaged 16 percent of county budgets statewide in 1977 but in 1982 it amounted to only 11 percent. It's dropped even more since 1982 and will be gone entirely by late 1986," the judge said.

"Taxes have to be increased even more by the county if inflation causes increased costs. And while the state is taking more of historical county revenue,

Some ancient peoples believed that looking at a yellow bird would cure jaundice—if the bird returned the stare.

TRADES DAY Specials

Friday and Saturday
