VOL. 18.

BRONTE, COKE COUNTY, NOVEMBER 5, 1937.

NUMBER 44.

Governor James V. Allred presents his Proclamation for observance of American Legion Week, November 7-13, 1937, to State Department Commander of the American Legion W. J. Danforth of Fort Worth.

## Proclamation

BY THE

### GOVERNOR OF THE STATE OF TEXAS

To All To Whom These Presents Shall Come:

A specific time has been designated for the observance of American Legion Week. Coincidentally, the rolls of this organization are being opened to World War veterans who served in the armed forces of the United States and received an honorable discharge therefrom who have not yet specified their membership.

The American Legion takes its rightful place among the top-ranking organizations of national importance, notably as an organization whose primary functions are the perpetuation of our American ideals and institutions; the rehabilitation of those suffering from service connected disabilities and the employment of all able to work; adequate care of the dependents of those brave men and women who have paid the supreme sacrifice; and the maintenance of lasting peace.

With the President's firm declaration of the stand the United States shall assume in world affairs ringing in our ears, we are proud to join with this active organization of men and women bearing life-long memories of war and its after-effects in their unceasing determination that war shall never return to this world.

NOW, THEREFORE, I, JAMES V. ALLRED, GOVERNOR OF THE STATE OF TEXAS, do hereby set aside and proclaim November 7-13, 1937 as  
**AMERICAN LEGION WEEK**  
in Texas.

### IN TESTIMONY WHEREOF,

I have hereunto signed my name officially and caused the Seal of State to be impressed hereon at Austin, this the 19th day of October, A. D. 1937.

James V. Allred,  
Governor of Texas.

The local American Legion post is giving encouragement to the observance of American Legion Week. There will be an Armistice program at the Methodist church, Sunday morning, which program appears below. As for other definite features of the week's observance The Enterprise is not apprised.

## Coronation Under Auspices of the Norton Pep Squad

The annual coronation of the king and queen of Norton High school this year will be held Saturday night. Mr. Travis Barrett will be the king, and Miss Joyce Roper will be the queen this year. They will be attended by a Lord and Lady from each class.

After the coronation there will be a box supper. Persons buying a box may buy coffee in the home economics kitchen to drink with their suppers, if they so desire.

The carnival is last and offers many novel attractions, including Fortune Telling by the famous prophetess, Madame Zaraustra, "Believe It or Nots," World's Biggest Baby, Exhibit for Men Only, Exhibit for Women Only, "Bingo," and House of Horrors. Popcorn will be sold. Small admission fees will be charged at the Carnival.

## Marie School Has Hallowe'en Social

The Marie community was entertained with a Hallowe'en Social, given in the school, Friday evening, October 29.

The color scheme of orange and black was carried out in the decorations.

Hallowe'en games were played throughout the evening. Each one was carried through the House of Horrors.

At the conclusion of the evening a P. T. A. was organized.

## WILL GIVE A REVIEW OF "PARNASSAS AND WHEELS," NOV. 16

Mrs. Geo. Thomas will review "Parnassas and Wheels," by Christopher Morley, Tuesday night, November 16, at the school auditorium.

It is a simple but charming book, and with Mrs. Thomas as interpreter, it can be depended upon that an evening of unusually delightful entertainment awaits those who attend. So, mark the date on your calendar, and make no other engagement for that evening.

## MRS. CLAUDE GENTRY ENTERTAINS THE JUNIOR STUDY CLUB

Mrs. Claude Gentry entertained the Junior Study Club at her home Thursday afternoon with a bridge party.

Orange and black were used with Hallowe'en motif and pumpkin pie and coffee were served to Mrs. James Glenn, Mrs. Cumbie Ivey, Mrs. H. O. Whitt, Mrs. Otis Smith, Mrs. Omah McQueen, Mrs. D. K. Glenn, Mrs. Barrett Mackey, Mrs. Roe Williams.

Miss Maxine Walton returned recently from a delightful two weeks visit with her sister, Mrs. W. H. Sayner and Mr. Sayner, in Oklahmoa City.

Miss Easter Walls returned home a few days ago from another two months vacation in Santa Fe, New Mexico.

## Band.

Trumpet: Duet—selected—Irvin Cumbie, Jr., Winnie Dean Modgling.  
Star Spangled Banner—by all present.  
Taps—Winnie Dean Modgling.  
All are cordially invited to attend.

### EDUCATION WEEK

Students will make Bronte Education-Week conscious all of next week by displaying some of the fruits of education in the store windows uptown.

Following last year's example, the students will celebrate Education Week by exhibiting their posters, charts, and displays in the downtown windows.

Each year the merchants of the town co-operate with the school, making the exhibits possible.

### PHYSICAL EXAMS

First grade pupils and pre-school children will be given physical examinations at the school next Tuesday.

The examination will be given by Dr. J. K. Griffith, County Health Officer from Robert Lee, who will be working in co-operation with the State Health Department.

Immunization for smallpox, diphtheria, and typhoid will be given free to the children, and any other person may take the vaccinations at expense costs.

Dr. Griffith will also examine other students on the recommendation of their teachers.

### LAKE VIEW

Two very evenly matched teams will play on the local gridiron Saturday, as Bronte and Lake View football machines crash in conference play.

Both have been tested by Wingate, each defeating Wingate by a small margin. Last Saturday Bronte defeated Wingate 14 to 0. Previously Lake View had downed the same team 13 to 6.

Coach Mullins expects a tough trial for his Longhorns.

A pep squad is expected from Lake View, and the local pep girls will make a formation between the halves.

### ROGERS TALKS TO CUBS

As a guest speaker, Malcolm Rogers, Scout and Cub field executive, met with the Cubs of Pack 16 in the school Thursday explaining the principles, goals, and program of Cubbing.

"Being close to the home, Cubbing has a big advantage over Scouting in building American citizens," Mr. Rogers said. "Cubbing helps the home map out a beneficial program for the boy during his playing hours."

Following the talk, the Cubs discussed plans for a hike Friday.

An order for Cub handbooks for the Cubs has been made through the City Drug, and will be made available to Cubs at 20 cents a copy.

### BRONTE DEFEATS

Making a comeback after their first conference defeat, the Longhorns of Bronte High School downed the Wingate Parrots, 14 to 0, on the home gridiron last Saturday.

After a scoreless first quarter, Clapp in the second quarter passed to Ab Stephenson for a touchdown from the 20 yard line, the ball having been advanced to there from their own 20 by a series off-tackle plays.

W. T. Stephenson plunged off (Continued on page three)

### SCOUT CIRCUS AT AUSTIN

Accompanying Harold Jane-way, new executive of the Concho Valley Boy Scout Council, and Malcolm Rogers, field executive, A. Holmes, Jr., local Scoutmaster, attended the first annual Scout circus of the Capital Area Council, Saturday at Austin.

The circus was attended by high Scout officials from all over the Southwest, and it was the consensus that the Concho Valley Council is the model council for the Southwest.

Opening on Friday, the circus was a two-day event, and was put on by 2,500 Boy Scouts, Cubs and Scout leaders of South Texas.

The purpose of the circus was to bring Scouting and its advantages to modern boyhood and adults of South Texas.

Preceding the main performance the Austin High School band played a half-hour concert and then played for the entire performance in which the various features of a regular circus were introduced.

There were clowns galore, with original stunts, rope spinners, and whip crackers, charioteers, cyclists and other attractions that drew applause from the crowd.

Following the welcome and opening of the show by Judge J. H. Baugh, narrator, the first scene, "The Melting Pot" showed the transformation of a group of boys playing in undesirable surroundings into a troop of Boy Scouts.

Then came the grand entry of the white Scout troops, Cubs and leaders with the state champion drum and bugle corps of Travis Post No. 76, American Legion, lending color to the procession as they appeared in their white trousers and red coats with white helmets on their heads.

The negro Scouts had their own grand entry and showed the audience their version of King Solomon's jungle scene, demonstrations in pyramid building, and training of wild animals.

After the grand entries had been staged, the Scouts in rapid succession presented "First Aid Through the Ages," a tribute to the American Red Cross, "Communications through the Ages," various Scout games, methods of camping, cycling, aviation, and finally the pioneering pageant, which consisted of the construction of a representation of Fort Vincennes and the repulsing of a band of Indian raiders, the climax coming when Uncle Sam at the top of the tower unfurled an American flag with the band playing "Star Spangled Banner."

### DOUBLE WEDDING

Mr. Sidney Crayton and Miss Eunice Brannon; Mr. Clarence Carpenter and Miss Dorothy Dale Gamble, all of Blackwell were united in marriage, at the Bronte Methodist parsonage, Saturday night, October 30, 1937.

The spooks seemed to be on the job, but the happy couples went on their way rejoicing. May the Lord bless them.

J. H. Thompson,  
Pastor.

Miss Maxine Walton represented Bronte at the San Angelo beauty and barber convention in San Angelo last week. The models were presented in the Venetian ballroom of the Cactus hotel.

SCHOOL NOTES

(Continued from page one) right tackle for the extra point, the score remaining 7 to 0 to the half.

The second touchdown by the locals was also the result of a pass completion, Clapp passing the pigskin to Chisholm over the goal line from the 15 yard line for another 6 points, W. T. Stephenson again going off right tackle for the extra point.

First downs were in favor of the losing team, Wingate collecting 8 first downs and Bronte 4. Wingate penetrated Bronte's 20 yard line one time, by a series of off-tackle plays. Bronte penetrated Wingate's 10 once, 15 once, and 20 twice.

Bronte fumbled once and recovered. Wingate fumbled one, Bronte covering.

Pep Squads of both schools entertained with stunts at the half.

Starting line-up for Bronte: Left end, Eubanks; left tackle, Glenn; left guard, Moore; center, Todd; right guard, Suggs; right tackle, Lee; right end, Chisholm; quarter, Clapp; full, E. Stephenson; right half, W. T. Stephenson; left half, Sims.

JUNIOR PARTY

Members of the Junior class and guests held a skating party at the local skating rink Monday night.

About 40 Juniors and guests were present and were accompanied by the Class sponsor, Mr. J. T. Henry and Miss Grace Ratliff, and their faculty guest, Miss Sybil Ellis.

ORGANIZED PLAYGROUNDS

Organized playground activities during the Recreation period were highly complimented by Superintendent Nathan Johnson Wednesday.

The organization of the activities during the Recreation period was put into practice for the first time this year, the activities being under the supervision of the teachers.

Senior and junior softball

teams of the high school are under the direction of Mr. Brinell. The grammar school boys' softballers are under the supervision of Mr. Holmes. Mr. Henry and Miss Ellis coach tennis. Miss Kirkpatrick, Miss Vandeford, and Miss Clyburn have high school girls in pep squad and tumbling. Miss Lowry, Miss Kuykendall and Miss Clyburn have charge of the activities of the primary grades.

Miss Roach directs the activities of the fourth and fifth grade boys.

Mrs. Warner and Miss Christie have hall duty and are assisted by Miss Ratliff who also assists in tennis.

SENIOR PLAY

The Senior Class selected its play this week, and the date for presentation has been set for December 16.

The play, "The Ready-Made Family," by Jay Tobias, is high comedy, with ten characters.

The players for the characters will be selected by next week.

SIXTH GRADE PARTY

The Sixth Graders were given a surprise Hallowe'en party by their roommother, Mrs. A. N. Rawlings, Thursday before Hallowe'en.

After playing on the school-grounds, the students, many of whom were in uniform, returned to Mrs. D. Hull's room, where they were served punch and cake.

Three teachers accompanied Mrs. Ed Cumbie, president of the P. T. A., to San Angelo, Tuesday, to hear Mrs. Gladys De Silva Bates review the new book, "The Nile."

The teachers praised the book and the presentation of the review a great deal.

The P. T. A. will meet next week.

Mr. and Mrs. T. C. Price and Mrs. C. C. Glenn were San Angelo visitors Wednesday.

MRS. I. M. CUMBIE IS HOSTESS TO THE PROGRESSIVE CLUB

Mrs. I. M. Cumbie was hostess Thursday afternoon to the Women's Progressive Club.

The program for the afternoon centered about "The First Americans."

The response to roll was the name of a tribe of Indians.

Indian Welfare, was the topic presented by Mrs. W. J. Gideon.

A display of Indian arts and crafts was displayed by Mrs. R. L. Keyes. This feature proved to be unusually interesting to all.

Will We Have an Adequate American Merchant Marine?

Chairman Kennedy of the New Maritime Commission Has Started Work—First Ship for the U. S. Lines

From the Capitol Hill to the White House you will not find a member of the Washington "Merry-Go-Round" who is not predicting that the Stars and Stripes will soon be flying on "better and bigger

ships" of the American merchant marine. The new Maritime Commission appointed by President Roosevelt under the recent act of Congress is now taking bids for the first ship for U. S. Lines. That the "Boss" in the White House is in earnest about this "ship business" is shown by his selection of "Joe" Kennedy to be Chairman of the Board. He is the "go-getter," the "star performer" of the

Now Deal. When there is a hard job to be done Franklin D. telephones and the "Man-at-the-Keyhole" in Washington reports the conversation as follows:—"Joe, this is the White House. I've got a new job for you." At the other end:—"Frank, Please. Stop picking on me. I want a new Government job as much as I want a rattle-snake in the parlor. What's the job now?" "Well, Joe the country has to have

"Joe" Kennedy, New Head of the Maritime Commission, is a "shirt-sleeve" worker.

more merchant ships. We are building a bigger Navy and what's the good of battle-ships without more cargo-ships to keep the Navy going. I promised the people in a message to Congress that we would build more ships to carry American citizens and goods all over the world."

"Now, Mr. President, if I keep taking these Government jobs I will die in the

poor-house. If this is an order, I bow. So "Joe" Kennedy has been drafted and the man who took the hardest job ever handed out to an unwilling office-holder will start the riveters at work on new ship hulls. Why does Mr. Kennedy shy at being on the National pay roll. It is simple. He makes in his private business from \$300,000 to \$500,000 a year and when he takes a government job every dollar of his private revenue is cut off.

When the President made "Joe" Kennedy chairman of the Securities Commission with what looked like "Czaristic" control over the bulls and bears of Wall Street and with authority to regulate all the stock exchanges of the country there was weeping and wailing. Soon Chairman Kennedy showed that it was not the intention of the Administration to drive business out of the country and honest bankers began to praise the work of the new Commission. Crooked stock-jobbers and sellers of "fake" shares who were robbing the public out of billions every year were in a large measure driven out of business. Dire predictions of disaster were followed by the greatest increase in values of securities under normal improvement of business conditions.

Then Chairman Kennedy after serving the people at a small salary and re-organizing the stock selling affairs of the Nation resigned. He was at once offered the job of arranging the financial affairs of a giant moving-picture concern for which he was paid \$150,000 for about six months of work.

Experts in the shipping business have shown the urgent need of the immediate construction of several millions of tons of new passenger and cargo ships.

The other members of the new Maritime Commission whose names have been presented to the Senate for confirmation by President Roosevelt are Rear-Admiral Henry A. Wiley, U. S. N., retired; Rear-Admiral Emory S. Land, retiring chief of the Navy's Bureau of Construction and Repair; Thomas M. Woodward, former Vice-President of the Merchant Fleet Corporation and Edward C. Moran, Jr., former Democratic Representative from Maine, forming the permanent commission.

The word has gone the rounds in Washington that as soon as the new Commission gets started the keels of many new merchant ships will be laid down. President Roosevelt has named a "working gang" to accomplish this stupendous task. The experts of the Commission are working on new bids for many new ships. There are several plans under consideration. Specifications for a ship of the Washington-Manhattan type, the two American vessels which have proven so popular with the people that they are now ranked as the best "money-makers" for the people of the United States who have a substantial amount of money invested in these hulls, have been drafted.

Drilling, Rawlings Well to be Completed Now

"Yeah," things are brighter for Bronteland just now, notwithstanding the deflated prices of farm and ranch products.

Homer Ogden, the oil well man who has been trying and trying to drill an oil well on the E. C. Rawlings ranch, four miles northwest of Bronte, since the memory man runneth not to the contrary, is back and at the job again.

It must be said for Mr. Ogden that he never quits. He believes fully in his project.

A Kansas party, it is said, has bought the A. G. Simonds' interest in the well, and while The Enterprise does not have it authoritative, yet from a reliable source, Mr. Ogden is back, armed with instructions from the new

owner to secure lease on 1500 more land surrounding the well, then, to proceed to drill the well to pay oil, or to contract depth of 4500 feet.

Anyway, Mr. Ogden is securing leases on additional land and the leases are being made in a hurry.

So, it is yet in the realm of the possible for old Santa Claus to put a "fat, juicy" 5,000 barreler in Bronte's stocking as a Christmas present. "Pass the turkey 'n dressin' and gravy," please—for, if that happens, 'Uncle Ed' Rawlings and "us" are going to have plenty of money. But, "Uncle Ed" deserves it—for he has made generous concessions simply in order to ascertain whether or not there is oil in this vicinity.

**PIONEER WEST TEXAN  
DIES AT SAN ANGELO**

T. J. Ault died at the home of a daughter in San Angelo, Sunday morning.

Deceased was the father of W. L. Ault of Blackwell. He was an old time citizen of West Texas. The writer had secured data relative to his life, but somehow the data has become misplaced and we do not have it available.

The writer knew deceased for more than a third of a century. To be exact, we were in his home first in 1903. He was then residing at Arden in Irion county. He was engaged in the ranching business, in which he prospered.

Deceased was a fine man everywhere—in his ideals of life he held to the best things of life as the first things, and hence has left to the world a heritage of much more value than gold. He lived to ripe old age and like the patriot of olden times, "he fell on sleep." We are glad that we knew him and cherish the memories of our relations with him when we were a young man.

**Present Church  
School Leader  
with Bible**

Sunday morning in the Sunday school, at the Methodist church, they had an unusual incident.

For a number of years W. R. Knierim has been the superintendent and director of the affairs of the church school. Mr. Knierim has given his best endeavor to the work entrusted to him by the church and, in season and out of season, for more years generally than men are willing to serve in such capacities, summer and winter, in the rain and storm, he has been loyal to the trust committed to him by his fellowchurchmen and churchwomen. In face of every discouragement he has gone on, seeking always to inspire his co-workers, both by word and example to be faithful to their church duties. And here and there, the leader saw the evidences in a small way, at least, that those he was seeking to lead and help were not forgetful but cooperative in their spirit with him. But, now and then, he would become discouraged and desired to give up his post of leadership in the church's teaching department—and only at the insistence of the pastor and other prominent members of the congregation would he continue.

But, Sunday morning, Mr. Knierim had one of the happy surprises of his life. At the conclusion of the study period of the school, after Mr. Knierim had turned the school over to the pastor, Rev. J. H. Thompson, the pastor going to the pulpit requested Mr. Knierim to come to the platform. Mr. Knierim obeyed not even with a suspicion. In well chosen words Rev. Thompson expressed the appreciation of the school and the entire membership of the church to Mr. Knierim for his spirit of fidelity to the school and the church, and as an expression of their appreciation presented him with a beautiful teacher's volume of the Bible. Mr. Knierim, the best he could, in his state of complete surprise and appreciation, expressed his thanks and gratitude.

**WINTER OIL-PLATING**

Long, skinny oil passages. Pinhole filter screens. Almost invisible spaces between the parts—even in worn engines. There's what any oils are up against trying to flow all through your cold engine "instantly."

Even if some lay claim to flowing as fast as your correct Winter grade of Conoco Germ Processed oil, what of it? ... They absolutely cannot OIL-PLATE your engine.

And OIL-PLATING is actually ready to lubricate long before any known oils faintly hope to circulate!

Before you even approach your cold car, OIL-PLATING is already up to the top of your engine, left there by Germ Process action.

This slippery PLATING of oil eases the job for starter and battery... wipes out ruinous Winter warm-ups for you. Your Conoco Mileage Merchant OIL-PLATES your engine with your correct Winter grade of Germ Processed oil and it goes weeks longer between quarts.

Write for "The Story of Oil-Plating" ... Dept. 4, Conoco, Ponca City, Okla.

## THE MOST SUCCESSFUL SCHOOL

IN THE

## Bronte Enterprise Subscription Campaign

Besides—Hundreds of Dollars will Be Paid to the Schools in the Circulation Territory of The Bronte Enterprise, including Runnels, Tom Green, Coke and Nolan Counties. Any school that chooses to enter is eligible to seek the money that will be paid out including the GRAND AWARD OF \$50.00 IN CASH.

### EVERY SCHOOL NEEDS FUNDS—EVERY SCHOOL RECEIVES FUNDS!

The Large Commissions The Enterprise will pay during this Cash-Raising, School-Aiding, Good-Will Campaign will amply compensate any school that enters for its endeavors.

### The Schools Need the Money—We Want Subscribers—Let's Work Together

The Enterprise desires to aid the schools in Bronteland. Therefore we are going to give Hundreds of Dollars to the schools that are willing to aid us in this circulation-enlarging campaign. We want absolutely every family in the circulation territory of The Enterprise on our mailing galleys as "paid" subscribers. We prefer to give large sums to our schools than to give it to an individual to whom we would have to pay large sums to get him to cover the territory for us in a personal campaign of soliciting subscribers. The only requirement for a school to share in this large amount we are going to give to the schools is for each school to cover its respective school district for us in a subscription campaign.

THE SCHOOL THAT SECURES THE GREATEST NUMBER OF CASH SUBSCRIBERS TO THE ENTERPRISE, EITHER NEW SUBSCRIBERS, OR RENEWALS, IN PROPORTION TO THE PRESENT SCHOLASTIC ENROLLMENT OF THE SCHOOLS, WILL RECEIVE ABSOLUTELY FREE FROM THE ENTERPRISE

## The Grand Prize of \$50.00 In Cash

Hence it is seen that it is ABSOLUTELY FAIR to each school, regardless of the number of scholastics a school may have—indeed, if anything it is more fair to the school with the smallest scholastic enrollment. And the school with the small scholastic population can win as easily, or more so, than the school with the larger scholastic enrollment.

## RULES OF THE CAMPAIGN

- Any school, anywhere, and especially in the four counties mentioned above, is eligible to enter, and is invited to do so.
- The Enterprise will pay the following commissions.
  - For the first 25 per cent of subscriptions secured in proportion to the present scholastic enrollment of the school, a commission of 15 per cent will be paid.
  - For the second 25 per cent of subscribers in proportion to the present scholastic enrollment, the school will receive 15 per cent commission until subscriptions have been secured equaling 50 per cent of their present scholastic enrollment, then the school will receive 25 per cent commissions on the second 25 per cent of subscribers.
  - For the other subscribers secured in the district, the school will be paid 25 per cent of each additional subscriber until 100 per cent of subscriptions according to present scholastic enrollment has been secured, then, for the last 50 per cent, the commission will be 33 1-3 per cent for each of the last 50 per cent of subscriptions.
- For all subscriptions taken beyond the 100 per cent of the present scholastic enrollment, The Enterprise will pay 50 per cent on each subscription thus taken—that means the school can go anywhere outside its territory and secure subscribers and for all such subscribers the school securing the subscribers will get 50 per cent of the amount collected after the school's present enrollment has been covered with subscriptions.
- Who ever heard of such a liberal proposition?
- Each school entering binds itself to continue actively in the campaign of soliciting until the campaign closes. If a school enters and fails to solicit its school district 100 per cent, it forfeits its right to any commissions whatever on subscriptions that may have been secured. And there can be no transfers of one school's subscriptions to any other school or person.
- The campaign closes at 3 o'clock on the afternoon of December 24, 1937. However, The Enterprise reserves the right to extend the time for closing the Campaign should it be deemed advisable on account of inclement weather, or for any other reason. The Enterprise may deem justifiable grounds for extending the time.
- At the close of the campaign the superintendent or principal of each school, or one designated in writing by the superintendent, or principal, shall meet at The Enterprise office in Bronte, and there in the presence of each and all, they shall canvass the total number of subscriptions as secured by each school and shall give the Award of \$50. to the school that has secured the greatest number of cash subscribers at \$1 per year, in proportion to its present scholastic enrollment—each school upon entering the campaign must file with The Enterprise, a statement from the superintendent, or principal, of the school, as to the number of the present scholastic enrollment of the school.
- In case of tie, the Grand Prize shall be divided equally between the winners.
- Each school in the campaign must issue receipt to the subscriber according to his payment on subscription and also secure order from the subscriber showing the school he designates in the order, The Enterprise will furnish in blank, duly signed by the subscriber.
- Schools entering the Campaign must forward to The Enterprise office each week, the names of all subscribers, new or renewals, with the order duly signed by the subscriber showing that he intends that the school sending the subscription shall have the benefit of his subscription, with only the check of some member of the school or other responsible party, for the amount of subscriptions collected—in other words, The Enterprise will not have time to send checks of the individual subscribers here and there for collection. Each week upon receipt of remittance from a school, The Enterprise will return immediately its check to the party designated by the school for the amount of commissions due the school for subscriptions forwarded to The Enterprise office, in keeping with the above provisions.

The writer appreciates the kindly greetings sent him from old time friends, by Prof. Smith.

**SELL 360 USED CARS  
IN A SIXTY DAY PERIOD**

Whoever said that times are stressful as to finances must be seriously wide the mark. Our statement is based on the record of the used car department of the Wood Motor Company of San Angelo, in the number of used cars they sold during September and October. In a period of sixty days, they sold an even 330 used cars.

Of course, there are contributing reasons for this enormous sale of used cars.

In the first place authorized agencies of new Ford cars are allowed by Ford Motor Company to make more liberal allowances for used cars in exchange for new cars, than other car manufacturers allow. This makes it possible for them to sell used cars at a closer margin than is possible generally speaking by other new car dealers.

In the second place, G. H. Odum, manager of the used car department of Wood Motor Company, and his group of salesmen, are hustlers and "go-getters"—a group of pleasing fellows who make it a real pleasure to one to have business relations with them. Then their policy of absolute fairness has won for them the confidence of the used car purchasers.

All the above, coupled with the fact that they believe in the pulling power of newspaper advertising, they have gone to the people in the San Angelo trade territory, always giving the prices on their used cars. The used car department of Wood Motor Company uses the columns of The Bronte Enterprise freely to keep their used cars and the bargains they offer before the people of Bronteland.

With all the above facts, it is no wonder that the Wood Motor Company in the sale of 330 cars in sixty days has, perhaps, broken the state record in the sale of used cars.

**BALLINGER PRODUCE  
COMPANY OUT IN  
THE TURKEY FIELD**

Ballinger has another bidder for the poultry, eggs and so forth of the Bronte country. That new business is the Ballinger Produce Company.

The gentlemen interested in the Ballinger Produce Company are Vernon Danworth and J. C. Kelley. The Enterprise has not known Mr. Danworth before, but he is an old Ballinger boy and a pleasing gentleman. He says that absolute square dealing is the basis on which he seeks the patronage of the people when they have poultry, eggs, hides, and other country produce for sale. As for Mr. Kelley we have known him for many years—and we underwrite for him, that whatever "Jim Kelley" tells you, it can be counted on that he sincerely thinks it is that way.

The Ballinger Produce Company has a new place of business, just erected, down on the southwest corner of the courthouse square, on the highway leading out to Paint Rock. They cordially invite you to call on them when in Ballinger whether you have produce for sale or not. They have a turkey ad in this issue of The Enterprise—read it.
