## J. W. Anderson Buys the Bronte Ice Company

One deal of considerable proportions involving the change of ownership of Bronte property is that in which J. W. Anderson of Rock Springs acquired the ice plant and business of the Bronte Ice Company. The deal was consummated some time ago, but was not publicly made known until recently.

Mr. and Mrs. Anderson have come to make their home in Bronte. They are oldtime West Texans, having spent many years at Rock Springs.

Speaking of his purchase of the Bronte ice plant and the house it is located in, which is one of the best bricks in town, Mr. Anderson said that he had come to make Bronte his home and therefore wanted to be counted in for everything that will help Bronte and the Bronte

## DAILY MEDITATIONS

J. H. THOMPSON

"In the year that King Uzziah died, I saw also the Lord."—Isa. 6:1. (Read Isa. 6:1-8.)

In this matchless passage Isaiah experienced what every soul should have—a vision of God, a vision of self, a vision of service.

"I saw," said he. Here is the making or unmaking of life. "Two men looked through prison bars: one saw mud; the other stars." Moses, beholding the invisible, laid aside the royal purple and aligned himself with those whose backs were bloody from the taskmaster's lash. Motivated thus, he became the cathedral soul of the centuries.

Though his eyes were blind, Milton's soul beheld the radiant angels and archangels of Paradise.

The soul's horizon expands and its skyline is lifted when, like Isaiah, we can say, "My eyes have seen the King." However, there is one prerequisite to the vision beautiful: "Blessed are the pure in heart; for they shall see God."

## THOUGHT FOR THE DAY

"To serve the present age; my calling to fulfill. O, May it all my powers engage to do my Master's will."

(Charles Wesley.)

## County Organizes To Aid Crippled Children in State

The Coke County Unit of the Society for Crippled Children was organized under the direction of Vedder Watson of Austin who is with the State Department of Education. The Society for Crippled Children is part of the work of the State Department of Education. Its work is to give medical and surgical treatment and hospitalization when necessary, to crippled children. A fund has been created specifically for that work and Mr. Watson is in charge of this branch of the work of the State Department.

The local Unit was perfected with Robert Knierim, Bronte, as county chairman, Dr. J. D. Leonard, Bronte, vice-chairman and Mrs. Frank Keney, Bronte, as secretary. The county officers constitute the county executive committee.

D. M. West, editor of The Bronte Enterprise, was made publicity director, who is to enlist all the publicity agencies in the county in disseminating all the information possible, sent out by the State Department's office at Dallas.

Following are members of the county committee: R. A. Howell, Tennyson; Mrs. Irene Morrow, Route 1, Bronte; R. H. Reaves, Blackwell; Smith Bird, Sanco; Mrs. Iva Scroggins, Robert Lee; Mrs. Mozelle Taylor, Robert Lee; Dr. J. H. Griffis, Robert Lee; Judge McNeil Wylie, Robert Lee; Sheriff Frank Perciful, Robert Lee; County Clerk Willis Smith, Robert Lee.

The first work assigned the local Unit is the sale of an assignment of Easter seals made by the Dallas office. Easter seals will sell at \$1.00 per hundred. The proceeds of the sales go to the State Fund to aid the State Department in looking after and caring for the crippled children of Texas.

The local Unit is charged permanently with the responsibility of locating crippled children in Coke County and reporting same to the State Department of Education, and the Department will then make investigation and take charge of the crippled child in question and care for it as set out above.

The local unit has already begun to function and the work of securing the name of every person in the county who is able to buy Easter seals is being secured by the committee and an urgent appeal is to be made to each one whose name is listed, soon as the seals arrive, to purchase the seals.

Robert Knierim as chairman, states that an intensive campaign in this most highly commendable work will be carried on until everybody in the county has been earnestly appealed to with reference to the matter.

This is a great step in the right direction and The Enterprise heartily gives its endorsement to the work and hopes that every citizen of the county may come to appreciate this work and everyone do his best to help the good cause along. If any one in the county reading this knows of a crippled child, it will be good if you will at once report same either to Mr. Knierim as chairman, or to some member of the county committee.

The first installment of information relative to the work mentioned above was received by The Enterprise Tuesday, from the Dallas office, which more fully explains with reference to the work in question:

## "OL' BRONTE BOY" COMES HOME AGAIN, JUST FOR A DAY

Nobody, in and around Bronte, looked upon the town and surrounding country, perhaps, Sunday with more "open-eyed wonder" than did Homer Earp of Fort Worth, unless it was his son, Homer, Jr.

Mr. Earp is an "ol' Bronte boy." He was born at the farm home of the Earp family, which is located between Bronte and Robert Lee. Out there near the foot of Hayrick mountain and in plain view, daily, of the Kickapoo mountains; out there he chased jack rabbits as a boy, and he and his other brothers grew up, learning the work of the farm and ranch.

But, Alas! As families do, and as boys will, the children grew up and went out from "the old home nest," and drifted apart and away from "the old home place."

It was years ago that Homer Earp as a boy bade goodbye to his parents and the old home and went out "to conquer and to be conquered." But, like most young fellows, about the only time he was ever conquered was when he met the young lady who became his "boss." Since the day he left the doorsteps of the old home, his parents and other loved ones have passed on, and now there remains only three brothers of the early-day Coke county family that lived and helped the others of their day to establish this county, and lay the foundations for our fine western civilization.

Only once since he went away about a quarter of a century ago had Homer Earp retraced his steps back to the old frontier home, to look again upon the scenes of his childhood. Therefore, Sunday when he, with his son, came early from Fort Worth and drove out to the spot where he was born and which he called "home" in earliest childhood, he was reminiscent, and, of course, his heart was pensive and sad, when familiar faces did not greet him again as they used to do, when a lad, upon going away from home for the day, on his return there were those who loved him, to greet him and bid him welcome home as the evening shadows lengthened, and he was within the folds of the home and inside the family circle again.

Hence, Sunday when again

## Puppet Show at School Auditorium on Mouth Care

The Morrey-Towse Dental Health Puppet Show will be given in the Bronte schools March 16 at 3:20 o'clock by the State Department of Health, with the cooperation of the State Department of Education and the Good Teeth Council for Children, of Chicago. This piece of visual education has been arranged under the approval of nationally known leaders in the fields of dentistry, medicine, and elementary education. It is dramatized with music, voice, and humor, bringing out four fundamental points in dental health in such a way that it is not only entertaining, but makes lasting impressions on the minds of the school children as to value of dental health. It is presented by Wilson R. Cronenwett and Miss Ruth Snow, both of whom are highly trained in dramatics and puppetry.

The plot of the story concerns the trials and tribulations of Little Jack who could not go to the circus with his sister, Joan, because he had a toothache. Through the cooperation of his mother and the friendly family dentist, Jack's toothache was relieved and he was taught how to care for his teeth to prevent toothache; how dental disease affects the general health of the body, as well as that of the mouth; he is told of the importance of the right foods, exercise, home care and dental care.

The supporting cast in addition to the dentist, Jack's mother, and sister, Joan, are Toni, the fruit peddler; the milkman; and Jocko, the monkey.

The show was given last year in approximately forty counties of Texas to some four hundred thousand pupils, teachers, and parents, and is scheduled to cover an even larger portion of the State this year. It has been shown to several million children in other parts of the United States, and both pupils and teachers are loud in their acclaim of its value.

While the show is arranged to fit into the forty-minute school period and primarily for elementary school children, parents are invited to see it with the children and teachers. It is considered one of the best visual education projects ever presented in Texas.

## One Minute Sermon

BY REV. A. V. BRADLEY

### "MODERN SABBATH DESECRATION"

"Remember the Sabbath Day to keep it holy."—Exodus 20:8.

"Blessed is the man that keepeth the Sabbath from polluting it, and keepeth his hand from doing evil."—Isa. 56:2.

Read also Nehemiah 10:31-13; 15-20. Isaiah 58:13

"The Sabbath was made for man and not man for the Sabbath."—Mark 2:27

From Sinai's lofty heights comes the command to, "Remember the Sabbath day to keep it holy." Many of the Lord's followers have forgotten that this commandment is a part of the Decalogue (Ten Commandments) and have changed it from a Holy Day to a holiday.

The automobiles and smooth pavements, the inviting golf links, base ball grounds, the enticing movies, the attractive radio programs and the Sunday evening social functions have hurtfully affected the churches.

Many churches have yielded to the conditions and closed their doors on Sunday nights. Other churches have fought the battle through and have not bowed their knees to the goddess of pleasure and nobly carrying on to the glory of God and seeking the salvation of the lost.

If you will read the above scripture reference you will see that nations rise and fall in accordance to their keeping the Sabbath day. The schools, homes and churches must cooperate in building character and neither should plan to lead people to desecrate the day God has set for worship.

If you want to raise a Sabbath desecrator up in your home just be indifferent to your church and God's Holy Day and he will follow in your foot steps. Determine that you are going to enjoy your religion and say with one of old, "I was glad when they said, 'Let us go unto the house of the Lord.'"

Brother Carrol of Kickapoo Church preached here Sunday afternoon. A large crowd attended and enjoyed the services.

We are working hard in picture memory and spelling. We surely would love to win some first places in our Interscholastic League Meet. It will be held in Ballinger March 18-19. We are looking forward to that date. The ball team of North Norton visited our school last Wednesday.

We had most interesting game, with one team leading, then the next, but when the final inning was over we were pleased to find we had edged over by two scores. It was a hard-fought game.

IT'S "DADDY" WALTON NOW

The editor and wife received the following information, from Tyler on a baby announcement card Tuesday:

Baby is here!  
It's a girl.  
Arrived March 5.  
At 6:45 o'clock p. m.  
Name: Allene Dock.  
Weight: 6 pounds, 15 ounces.  
Mr. and Mrs. D. E. Walton.  
And that's that.

The information we would like most to have was not included and that is: How much does "Daddy" Walton weigh—that is how much does he think he weighs?

Congratulations to the happy parents and every good wish for a bon voyage for this "heart crusher" as she starts on her conquering sweep through life, concerning which she is likely to begin with "daddy." Seriously we wish her all that has been planned for her.

The March winds blow—so, someone has said.

**CRIPPLED CHILDREN**

(Continued from page one)  
The Texas Society for Crippled Children, which has helped thousands of Texas youngsters overcome physical handicaps in past years, is again organizing every Texas county for the annual Easter Seal sale for crippled children.

Charles F. Ashcroft of Sulphur Springs, President of the Texas Society, plans to raise \$50,000 in Texas to aid crippled children in hundreds of counties. Seals go on sale April 1, and the campaign will be pressed until Easter Sunday. All money raised by the sale of these seals is spent to aid Texas children who are crippled by accident, by disease or at birth. No distinction is paid to creed, color, religion or age. From babies in arms to adults 21 years old, the Texas Society for Crippled Children renders its services. Money received from the sale of Easter seals is applied to buying braces and crutches for crippled little ones, to pay their transportation to the nearest hospital where skilled surgical work is performed free of cost, and later to enter them into lines of vocational training which will fit them with suitable employment in years to come.

The Texas Society for Crippled Children has as its principal support the sale of Easter Seals from Crippled Children," says Charles F. Ashcroft, President of the society. "We have a waiting list of crippled children over 800 names long. The purchase of Easter Seals will bring these children, patiently waiting for help, a step nearer to being self-sustaining and valuable citizens rather than charges on the state.

"There is probably an Easter Seal sale committee in your county. I urge support of the local committee in the sale of seals.

"If no county organization has been yet formed, I ask everyone interested to write the Texas Society for Crippled Children, 326 Wilson Building, Dallas, for information concerning this effort to aid children who cannot help themselves."

**HOME FOR A DAY**

(Continued from page one)

Mr. Earp looked "childhood's scenes o'er again," recollections of the long silent, happy boyhood days came again, and in memory he heard the voices of loved ones that have long been silent.

No wonder, when inquiry was made of Mr. Earp as to whether or not he desired to sell the "old farm home," he answered firmly but softly, "No." Said he, "only we three brothers survive, and we do not need to sell the old home place—therefore, we are prepared to keep it, and we will keep it."

Thus, for a few brief hours Mr. Earp lingered and lived in the silent fields of the past. In order to keep in touch with "the old home town" Mr. Earp subscribed to "the old home town paper" and will keep advised as to the happenings in the future.

Mr. Earp and business associates own one of the largest cafeterias, and one of the most popular and widely known, in Fort Worth—the "Foremost." Mr. Earp said he would be glad that any time any of the Bronte people came to Fort Worth, to call and see him—it would be somewhat like having "home folks" to visit him.

**WINTERS FIRM SELLING SMALL GRAIN MACHINERY**

Ansel Dawson, manager of the Oliver Winters Machinery Company, at Winters, is a busy man these days. His firm has received a shipment of small grain harvesting machinery and that means that Mr. Dawson with his crew of men is working overtime to get the machines set and up and ready to go.

As the name indicates, the Oliver Winters Machinery Company handles the Oliver lines of farm implements. The Grain-Master is a small grain combine—and, far as the average layman can discern, it "will get the job done" when it comes to harvesting grain.

Mr. Dawson has an announcement of the Grain-Master in this issue of The Enterprise. He refers to outstanding small grain farmers in the Bronte-Norton section of country who own and operate grain-masters. Mr. Dawson suggests that anyone interested in a combine, see any or all of the gentlemen he names and know for himself as to what the Grain-Master will do. And if that is not fair, we would not be afeared to understand a fair proposition.

country.

W. W. Ivey has been retained by Mr. Anderson as manager of the business. Mr. Ivey knows the ice business and everybody knows Mr. Ivey and everybody will feel that it is an instance of "the right man in the right place."

The business will continue under the business name of the Bronte Ice Company and there is an announcement of the opening of the ice season in this issue of The Enterprise.

The Enterprise in behalf of all our people extends welcome to Mr. and Mrs. Anderson to Bronte and we wish for them many successful happy years here.

**HONOR YOUNG PEOPLE**

(Continued from page one.)

guests at this service. Every one is invited to attend, but we will reserve a special section of the pews for our young people; we are hoping to have fifty or more present. We will have special music for the service rendered by the young people. The pastor's message will be: "I Dare You." A challenge to our fine young people of today. Regardless of what church you may belong to or whether you belong to any church or not, we extend to you a hearty welcome. The time for the service is 7:30 o'clock Sunday evening.

The contest between our church and Robert Lee church is already making history. We got off with a fine start but we must keep up the good work in order to win out; the main purpose is to make our Sunday School grow. Here is the report for last Sunday:

	Bronte	Rob. Lee
Basic enrollment	106	65
Percentage of attendance	88	65
Percentage of Bibles	53 7-10	52
Percentage of lessons	53	39

60 pts. 30 pts.  
The percentage that is highest counts 20 points, the other counts 10 points. Before becoming a new member, you must attend two Sundays in succession. We have 10 prospects if they will only be there next Sunday. We want to report 10 new members next Sunday if possible, so don't fail to be present. We are asking all of our people to get started back regularly to Sunday School; we need you and you need us. Study your lessons and bring your text book, the Bible. The pastor will be present only two more Sundays before he leaves for a meeting. Your presence and prayers will send us away with more power and determination to work for the Lost. Pray for Brother Thompson while he is away in a meeting; he needs our prayers.

Miss Mildred Clyborn's parents motored to Bronte for her last Friday and she returned to Hawley with them for the week end.

A. Holmes accompanied the Clyborns as far as Abilene, where he spent the week end visiting his parents.

**KID DAY CELEBRATED**

With short dresses, saucy bows in their curls, their favorite dollies, and "all-day" suckers, members of the Home Economics Department turned back the years to their childhood days Thursday, March 3, in celebration of Kid Day.

At noon, with lunches from little tin pails, the "Kiddies" had a merry picnic spread in the home economics room. Kathryn Whitt was chosen as most typical "little girl."

Mr. and Mrs. Osie McCutchen of Del Rio are visiting Mr. and Mrs. Monroe McCutcheon.
