PAULINE BEAVER

J. B. SUMRALL

To Go to State Meet

At the Regional Meet held in Abilene on April 24, Bronte made an excellent showing by placing third.

J. B. Sumrall, Senior, ranked first in Conference B in the Ready-Writers contest, in which there were eight contestants. The title of his winning essay was "Youth's Duty to the Future."

Pauline Beaver, a sophomore, won first place in the Extemporeous Speaking contest in which contestants from five schools were entered. The subject of her talk was "Accomplishments of the United Nations."

These two winners will go to Austin on May 7-8 to compete in the State-wide contests.

Several colleges and universities are granting tuition to state winners, so we hope J. B. and Pauline take top honors.

Courthouse News...

Judge John Sutton finished up District Court by noon last Monday.

In the case of Hazel Smith vs. J. C. Hale et al, the plaintiff was granted leave to amend and make new parties plaintiff in this title suit.

The case of W. C. Bell vs. Mrs. Lou R. Whiteside was dismissed for want of prosecution, and in the case of A. B. Sheppard vs. Delmir Sheppard, the plaintiff is to take nothing, and the defendant will take title and possession.

Darwin Ashlock, who was defended by Dorsey Haulman, waived a jury trial, pleaded guilty, and was sentenced to the state penitentiary for a period of not less than two years nor more than four years. Ashlock waived the two days time to file for a new trial, and was then sentenced.

WEEKLY SERMONETTE

"Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh His name in vain." Exodus, 20:7.

Profanity, otherwise known as plain "ol" cussing, is among the most common every-day sins; and, the very one from which the least is gained by indulging.

It is a cowardly act. If the "cusser" knew how near God is and that He hears all, he would not dare.

It does not add emphasis to the English language. A plain "yes" or "no" is easily understood even by a small child and a "handle" could cause confusion.

Surely, it does not describe the merchandise you have to sell; if so, I wouldn't have it and neither would you.

If it describes people, remember, you too belong to the human race. Parrots may learn to "cuss" but it reflects on the character of the person who taught him.

HOSPITAL BOARD ORGANIZES

Meeting last Friday in Robert Lee, members of the newly created Hospital Board were organized, with B. A. Austin of Sanco as president, Arnold Ball of Bronte as vice-president, and R. C. Russell of Robert Lee as secretary-treasurer.

Powers and duties of the new group were outlined, after which they inspected three possible sites for the proposed hospital - cater-cornered from the courthouse, at the highway intersection with the triangle near the bridge, and a site in between the homes of Mettie Russell and Bussey's rock home.

It was pointed out that the Commissioners Court could issue time warrants, independent of any vote or election, but it was reported that no action has yet been taken regardless of the recent election.

The rumor has been circulating that in case any "static" were raised over the proposed construction of the hospital, a bond issue of \$100,000 would be voted overwhelmingly "to show the people we know how to handle that."

Mrs. E. L. Nunnally was a Bronte visitor last Tuesday and Wednesday.

Mrs. W. B. Morton, wife of Rev. W. B. Morton of Coleman, who recently concluded the Methodist revival services, came to spend last weekend here with her husband, and was a guest of Rev. and Mrs. Alvin R. Mauldin.

A good deed gets about as much attention these days as a homely face.

Mr. and Mrs. Henry Rogers have returned from New Mexico for a visit, and expect to be around for awhile. Henry reports they have been having a good time, but are glad to be back.

The Wojteks, Frank, Vic, and Otto, are coming right along with their new theatre, and have about finished up with the roofing chores.

Sam Gaston, over Tennyson way, who had about one and one-half inches of rain on his place, believes he can soon quit feeding his cows with young calves and his ewes with young lambs. Sam declares he had only a 50 per cent lamb crop this year, and that's the smallest he's had in a long time.

J. B. Farris, Sr and Jr., stored 1,150 pounds of wool in Angelo last Tuesday. That is, they planned to, then were offered 53 cents per pound and took it. As they raise no sheep, it was all lamb wool, as they buy and grass the animals. They reported about one and one-half inches of rain on their place.

E. B. FLETCHER DIES

Funeral services were held last Saturday afternoon at 3 o'clock from the Bronte Methodist Church for E. B. Fletcher, 68, who died at 3:45 Friday morning, April 23, in the Karen Gayl Hospital in Bronte.

Death was due to a heart attack, following a brief illness, according to the attending physician.

Mr. Fletcher was born in Comanche County on July 14, 1879, and arrived in Bronte in December, 1888, when he used to haul lumber from Ballinger, a round trip that took three days, he liked to recall.

He joined the church in 1897, and had been married for over 44 years. Mr. Fletcher and the former Miss Ina Myrtle Vestal, whose father came to Bronte around 1886, were married by Bro. Simpson of the Robert Lee Methodist Church on January 24, 1904, and theirs was the first church wedding in Coke County.

Engaged in ranching and farming, Mr. Fletcher purchased 240 acres of land when he came to Bronte, and related that he paid \$4 per acre for it then, while now it is worth a great deal more.

Mr. Fletcher was a member of the Woodmen of the World, the Odd Fellows, a charter member of the Bronte Lions Club, and greatly enjoyed the cowboy reunions held at Ballinger.

He is survived by his wife and four children, including Leonard Fletcher of Bronte, Charles of Sweetwater, Frank of Fort Worth, and Mrs. Lela McLaughlin of Ozona; two sisters, Miss Addie Fletcher of Bronte and Mrs. Will Sheppard of Fort Worth; a cousin, Mrs. J. D. Luttrell of Bronte; five grandchildren and two great-grandchildren.

Rev. Alvin R. Mauldin, pastor of the Bronte Methodist Church, officiated at the services, and was assisted by Rev. C. R. Blake, pastor of the Bronte Baptist Church.

Burial was in the Bronte Fairview Cemetery, with Clift Funeral Home of Bronte making the arrangements.

CARD OF THANKS

We should like to take this means of thanking our friends, the pastors, nurses, and doctor for their kind words of sympathy, the beautiful floral offerings, and their thoughtfulness at the death of our loved one. We sincerely appreciate all that was done for us, and words cannot express our heartfelt gratitude. The family of E. B. Fletcher, Bronte.

MRS. CARRIE WILLIAMS

Named to National Directorship

Mrs. Carrie Williams, postmaster at Bronte for the past seven years, has been named a national director from Texas for the third and fourth class postmasters at the Fort Worth convention of the National Association of Postmasters, of which Mrs. Maurine Steuart of Blackwell has been the immediate past-president.

The election occurred Tuesday during the convention, when Tom C. Stell of Irene was named new president of the Texas chapter, replacing Mrs. Steuart.

Mrs. Williams, daughter of the late Mr. and Mrs. W. A. Glenn, was appointed to her position by former Congressman Charles L. South of Coleman, and prior to that time, she was employed in the First National Bank of Bronte.

Mrs. Williams has lived in Bronte for over 25 years, and has four sisters and one brother, including Mrs. F. G. Guitland of Waco, Mrs. J. T. Gray of Fort Worth, Mrs. C. C. Glenn of Bronte, Mrs. James Glenn of Winters, and J. H. Glenn of Crane.

FFA Boys Win High Honors At Lubbock

With the best record since 1939, the Bronte FFA team went to Lubbock last weekend, where they forged into fifth place out of a total of 67 teams from north and west Texas and New Mexico, and brought back high honors for themselves and their instructor, J. T. Henry.

The livestock judging team composed of Le Drew Arrott, Doug Stevens, and Joe Russell Ash, judged three classes of beef cattle, hogs, and sheep, both breeding and fat classes, and came out second in the sheep judging event.

In this area, they placed second to Odessa, which beat them by 20 points, and here they beat out teams from towns far larger than Bronte to be runners-up. Top teams of the district were entered in the Lubbock contests, which are sponsored annually by Texas Tech.

Not only did Bronte boys win fifth place as a team, but Joe Russell Ash was 4th high point man and Le Drew Arrott was 7th high point man out of a total of 201 boys entered in the various contests.

That makes the Bronte teams rank in the top 10 per cent of all Texas livestock judging teams.

The livestock judging team, along with J. T. Henry and Wayne Arrott, alternate, will leave Friday for A & M, where they'll be judging again Saturday in the sheep, hogs, and cattle division.

Bronte may well be proud of the outstanding success enjoyed by this group of boys, who beat out far larger schools to win 5th as a team and to have two of its members ranked 4th and 7th in a field of 67 teams and 201 contestants.

SAVE WHILE YOU ARE YOUNG

The poorhouse is full of people today,
Who one time were young, were happy and gay.
How little they thought they would feel
The pinch and heart aches of poverty's seal.
For ups and downs and failures that came,
These people may think they know who's to blame,
Yet one thing is sure: Had they but saved more,
A much smaller house would do for the poor.
THE FIRST NATIONAL BANK has found failures few
If you save while young and faithful work do.

WHERE'S THE MONEY?

"What becomes of all of the money that was paid in?" is a question frequently asked the San Angelo office of the Social Security Administration. In explanation, George Clark, manager, says that social security taxes are confused many times with income taxes which are withheld from a worker's pay.
Under social security, each worker pays only 1 percent of all wages up to \$3,000 a year. At the present rate, the most any worker can pay in social security taxes in a year is \$30. Since this is the twelfth year that these taxes have been payable, the most any worker could have paid so far is \$360.
Social security taxes pay for retirement insurance income at age 65 and for life insurance benefits upon the death of the worker. For this reason, some retired workers and their wives—or their widows and orphans—will qualify for payments amounting to many times as much as the worker paid in. In other cases, total social security benefits may be less than the amount of social security taxes the worker has paid.
Mr. Clark said that these insurance payments are never large and that they were not intended to replace the need for thrift and savings. It is expected that families will, therefore, be encouraged to supplement their old-age and survivors insurance with other savings, insurance, or resources. Social security payments cannot be drawn at any time except after retirement at 65 or older, or by survivors after the worker dies at any age. Then, the payments are made as a matter of right to those who qualify, but they must be applied for in every case.

ENGINEERING REGISTRATION ACT
 According to Trigg Twitchell of Austin, president of the Texas Society of Professional Engineers, this act restricts the practice of engineering to qualified professional engineers, registered with the State Board.
 This information was received by the Enterprise, with the note that professional engineering includes consultation, investigation, evaluation, planning, designing, or other responsible supervision of construction in connection with any public or private utilities, structures, streets, buildings, roads, machines, equipment, processes, works, or projects when such services require the application of engineering principles and the interpretation of engineering data.
 About the only exceptions, says Twitchell, are road maintenance, single family dwellings, and certain projects costing less than \$3,000.

METHODIST CHURCH
 Rev. Alvin R. Mauldin, Pastor
 Throughout last week Bronte people were privileged to hear preaching of a high order backed by scripture on every point and interspersed with vivid illustrations from life in Revival Services conducted by the Rev. W. B. Morton in the First Methodist Church of Bronte.
 Mr. Charlie Poulter gave assistance several evenings in leading the singing. Four children and one youth came into the Church by profession of faith, two others made rededications, and many testified of strengthened faith and renewed consecration.
 May the good work continue in the regular program of the Church. If you have no Church Home in Bronte we cordially invite you.
 Rev. F. H. Hamner, district Superintendent, will speak briefly on Friday evening, April 30, at 8 o'clock, and conduct the business of the fourth Quarterly Conference. This will probably be the last visit which Bro. Hamner will make to our Church since he goes off the district soon. Let all members of the Church attend.

Machine for Handling the Invisible

HARMARVILLE, PA.—Particles invisible to the naked eye are handled by this wizard-like machine of modern science, called the micro-manipulator. The hand lever operates a hydromatic drive directing probes, rakes and shovels so tiny they work within a drop of water as would ordinary instruments in a beaker or test tube. A humidified cell prevents evaporation of the minute sample beneath the microscope lens. Photo was taken at Gulf Oil's micro-laboratory where research into the infinitely small is speeding progress toward meeting the world's demands for oil.

JAMES P. HART ANNOUNCES

Austin, Texas, April 26, 1948—James P. Hart, of Travis County, this week announced his candidacy for associate justice of the Supreme Court of Texas. Judge Hart will be seeking his first elective term on the Court. He was appointed to the position seven months ago.

Judge Hart said he was basing his candidacy on nearly 20 years legal experience as a practicing attorney, a prosecutor, Assistant Attorney General of Texas, and a judge.

This is the first time he has asked the people of Texas to elect him to a State office.

A native of Texas, who married a hometown girl, Katherine Drake, in 1929, Judge Hart is the father of five children, ranging in age from six to eighteen.

In his announcement, Judge Hart stressed that he was entering the race without a formal platform.

"A judge's only proper platform," he explained, "must be a promise to follow as closely as he can, the ideals of judicial service."

He said his ideals of judicial service included:

Ability and willingness to write simple, direct and understandable opinions.

Complete impartiality in all cases. Sincere devotion to the State and Federal Constitutions.

Willingness to spend the "necessary" time in solving correctly any complex legal problems, but unwillingness to tolerate unnecessary delays in disposing of cases.

A love of "plain justice" over legal technicalities.

Proper respect for all branches of the government.

Dignity, courtesy and fairness toward all who come before his court.

"I have followed these guideposts as associate justice," he said, "and I pledge myself to continue to do so."

Judge Hart is a graduate of the University of Texas, where he was an honor student and a member of Phi Beta Kappa, the honorary scholastic society. He was elected district attorney of Travis County in 1932 and served two terms. In 1938 he was named a special district judge of Travis County, and the following year began a two-year term as assistant attorney general of Texas.

LONGHORNS OPEN SEASON SUNDAY

The Bronte Longhorns baseball club opens the 1948 season next Sunday, May 2, in a game with the Miles nine, according to B. D. Franklin, Longhorn reporter.

The game will be played on the Bronte field, with a starting time of 3 o'clock and admission price of 40 cents, it was announced.

Team roster to date includes the following: Bon Spoons and Lee Roy Scott, managers, and these players: Jack and Marvin Corley, Williams, Noel Percifull, Aubrey Bagwell, Arnie Card, Delbert Coalson, Bill Herron, Bobby Vaughn, Judge Sandusky, J. B. Arrott, J. L. Alexander, Pete Taylor, Hoyd Craig, Fields, and Mark Hanna.

Everybody is invited out for the opening game of the season.

WSCS MEETING

Mrs. F. S. Higginbotham was hostess when the WSCS met in her home Monday.

The meeting was opened with prayer led by Mrs. B. E. Modgling. Mrs. Lum Lasswell gave a very interesting discussion of "Prayers of the Prophets and Prayers of Jesus." Following this was a round table discussion on prayer.

In a business session plans were made for a food sale, all members of the Church being asked to donate pies, cakes, dressed chickens, eggs, butter, and other produce. The former Keeney Food Store will be opened for the sale.

Those present for the meeting Monday were: Mesdames Jeff Dean, Bagwell, B. E. Modgling, Lum Lasswell, Alfred Taylor, H. O. Whitt, B. F. Bridges, J. O. Raney, T. F. Sims Sr., Alvin R. Mauldin and the hostess.

HUGE SINGING CONVENTION HERE NEXT WEEK

According to John Clark, the 8-County Singing Convention, an all-night affair, will be held in Bronte next week, May 8, on Saturday night, and everyone and his brother are invited to come, and in fact, are expected to be here.

The affair has also been held in Stanton and in Midland, where overflow crowds filled up the auditorium and the town.

"Judging by the past, there'll be some 2,500 or 3,000 people here on May 8 for the convention," John said, "and we expect to have a fine time."

Counties represented will include Ector, Midland, Nolan, Mitchell, Coke, Martin, Dawson, and Scurry, and there'll be quartets here from as far away as Muleshoe, John declared.

Around About Town

According to the Texas Department of Public Safety, 30 per cent of 1947's fatal highway accidents involved a drinking driver, and 25 per cent of the non-fatal accidents also involved a drinking driver. In the same year, 24 per cent of the pedestrians killed and 14 per cent of the pedestrians injured had been drinking.

The same source also reported that the Texas Longhorns' New Memorial Stadium, which will seat 66,000 people, can be filled each year with casualties from Texas traffic accidents.

Mrs. Earl Barr of Ballinger, daughter of Mrs. Ava (Granny) Maxwell, has been visiting her mother here. Granny said the other day she'd like to be back on the Ohio River having a good time, and might visit there this summer.

W. E. (Bill) Kimrey of San Angelo was a Bronte visitor during the week. Bill was here a year ago when he met with Service Club members to discuss the water situation, and Monday afternoon, he finished sinking a well for Robert Lee, he reported.

The Methodist WSCS will have a food sale tomorrow, from 10 o'clock on. Proceeds will be used to buy a new stove for the parsonage, and on sale will be fried chicken, hens, eggs, butter, cakes, and pies. The ladies ask folks not to bake this weekend, but to come to town and buy their goods.

The day is never too long to the man who has work to do and enjoys doing it.

F. H. Busse of Robert Lee was an Angelo visitor last Monday, when he said he had a pretty good rain where he lives.

Will Gideon declared he had about one and one-half inches of rain on his place, and that he was going to plant feed, not having tried it before because things were too dry.

J. L. Brunson has been selling off his cows and calves, and figures he'll buy steers to grass. He got \$175 per pair for some he sold recently.

Billie Hanks of the Santa Rita Wool Co. has sold the old McCoy Ranch in Coke County to Ernest Jones of Marathon. 967 acres large, the price was \$30,000, with only 40 acres now under cultivation. Delivery date will be on May 15th, it was reported.

J. F. McCabe of Robert Lee reported a fair rain on his place, but he was mostly pleased about his yearling filly, Libyan Star, which was named reserve champion Quarter Horse mare at the Sterling City Horse Show last week.

Uncle Sam Says

Your Uncle Sam is indebted to a newspaper editorial for pointing out one of the most vital qualities of United States Savings Bonds. Under the caption **INDESTRUCTIBLE BONDS**, this editorial declares: "A resident of the suburbs reported the disappearance of \$12,000 in cash and \$7,000 in United States Savings Bonds from his home. If he should never see the cash or bonds again, he would be out \$19,000 not \$19,000. For the bonds will be of no value to the thief, and on application will be reissued to the owner. The misfortune that befell the suburbanite is a timely reminder that surplus cash can be put to work with security, and with assured availability to the owner in time of need, by using it for the purchase of United States Savings Bonds."
