The two offsets to the E. C. Rawlings well west of Bronte, the Humble No. 1 R. E. Hickman and the American Republic No. 1 Jess Percifull, hold the oil spotlight around Bronte this week. At press time Thursday no rigs had been moved in, but work preliminary to drilling was going on. The Humble people were busy putting in cattle guards, building roads and laying a water line to the Colorado river for their water supply.

ORGANIZATION WEEK OF FARM BUREAU OCTOBER 21-28

Governor Beauford Jester has proclaimed the week of October 21 through 28 as organization week for the Texas Farm Bureau Federation. Walter Hammon, president of the Texas Farm Bureau, officially launched the organization campaign in an address last night over a state-wide radio hook-up.

The Farm Bureau Federation seeks to organize farmers of Texas to the extent of having better farm conditions, better farm-to-market roads, increased soil fertility and to protect, secure and promote state agriculture in general.

"The Voice of Organized Agriculture" has become the slogan of the farm group. Membership in the organization is \$5.00 per year and the membership is not limited to farmers. Anyone who is interested in farmers joining together and improving farm conditions is welcome to join.

In addition to providing better farm conditions, the bureau offers other services such as Blue Cross hospitalization insurance and life and automobile insurance at a cheap rate. Mrs. C. E. Arrott writes policies for the group in this county.

Officers of the Bureau in Coke county are: C. E. Arrott, Bronte, president; R. B. Allen, Silver, vice-president; Mrs. C. E. Arrott, Bronte, secretary-treasurer, and directors are Sam Powell, Willis Smith, Mark Chumley and V. V. Wojtek, all of Robert Lee.

Farmers are urged to join the Coke county Bureau during the organization week or see the captains and discuss the matter.

The tests were given which a person has to take in order to get a driver's license. Mrs. Alfred Taylor won the contest.

Mrs. O. R. McQueen gave a discussion on "Curing of Meat" and a round-table discussion of electric appliances followed, led by Mrs. Hollis Stevens.

Apple pie, cheese and coffee were served to one visitor, Mrs. Hutchins from San Angelo, and members. Members present were Mmes. C. E. Arrott, O. R. McQueen, A. E. Gentry, J. O. Raney, W. W. MRS. MCKOWN REMAINS MOVED TO BALLINGER

The remains of Mrs. Evelyn McKown, who was buried in Fairview cemetery, Bronte, February 11, 1933, was disinterred and moved to Ballinger Wednesday. Newby-Davis Funeral Home, Ballinger, was in charge of the arrangements.

Mrs. McKown was the wife of the late Gray McKown and the daughter of A. F. Landers of Bronte. One child, Imogene, survived Mrs. McKown and is now married and lives in San Antonio.

Across the highway American Republic's crew was digging slush pits and putting up a large storage tank to furnish their water.

Over in the west side of the county the Al G. Hill of Dallas No. 2 Ralph H. Harris was big news. It was the first Coke county well to flow naturally from the Strawn sand. Other wells in that section have hit pay at a greater depth in the Strawn crinoidal reef lime. A new field designation and allowable has been applied for on the new discovery. It made 358 barrels of 48.4 gravity pipeline oil on a 24-hour test.

Sun No. 3 W. I. Tubb in the Jameson field, an old producer, was treated this week with 5,000 gallons of acid and an increase in flow brought the amount up to 252 barrels in 24 hours. A new allowable of 111 barrels per day has been given the well. This is the maximum allowable for the Jameson field.

Southern Minerals No. 1 McCabe was drilling at 5,717 feet in shale.

Southern Minerals and Seaboard No. 3 M. G. Reed was drilling at 6,167 in lime and shale.

L. F. McCUTCHEN NEW LAUNDRY OWNER

CITY OFFICIALS TO HEAR SURVEY REPORT

Mayor H. O. Whitt announced that the city commission was to hear a report on the recent survey made on creeks east of town, Thursday night.

S. C. Cooper of the firm Parkhill and Cooper of Lubbock will make the report. The Lubbock firm made the survey during August to determine possibilities of construction of a municipal water supply system east of Bronte.

The mayor said that the city group is anxiously awaiting the report, in case it is necessary for the city to build its own water supply system in the future.

NEGRO IS GIVEN 7 YEARS FOR BURGLARY OF CAPERTON HOME

Victor Bernudez was given a seven year sentence in prison for burglarizing the home of E. L. Caperton of Bronte. He is a second offender, having been given five years in Nolan county, according to Sheriff Paul Good. The sentence was given in District Court at Robert Lee Thursday of last week.

Ed Trimble was assessed a five year suspended sentence after he entered a plea of guilty before a jury, for theft of sheep from Claude Dean of Bronte.

These two cases cleared the criminal docket for this session of District Court. Judge J. F. Sutton presided over the court and District Attorney Ralph Logan was prosecuting attorney.

DONALD MAULDIN

DONALD MAULDIN IS PRESENTED AWARD FOR 5 YEARS' ATTENDANCE

The fifth year bar, recently presented to Donald Earl Mauldin for uninterrupted Sunday School attendance, represents quite an achievement. Donald began his record attendance at Rooksprings when he was seven. The first-year award is a gold pin, the second is a wreath attached around the first-year pin, and each succeeding year a bar is added underneath.

Donald's persistence in keeping up his record is remarkable. While the Mauldins were temporarily located in Kerrville to be near a Hospital, the Rev. Mr. Mauldin and older son, Alvin, had returned to Rooksprings for the weekend. Donald and his mother remained in Kerrville, but Donald had no one to take him to Sunday School. He simply could not go alone. All day Saturday Mrs. Mauldin wondered how to keep Donald from missing Sunday School in a strange town. Sunday morning and still no plan worked out. Suddenly Donald bounced into the cottage saying, "Mother I can go to the Lutheran Church with the lady in number 10. She and her son are going and she asked me to go with them. Just so I go somewhere to Sunday School." Mother was a bit reluctant, but after talking to the lady in number 10 Donald was permitted to go with them in a taxi. On the way other children were picked up and when the taxi stopped first at the Methodist Church, Donald looked up and said, "First Methodist Church, that's where I want to go." So he got out with the other children, leaving the lady and her son to go to the Church of their choice. The kind lady, feeling somewhat responsible, asked the cab driver to be sure and drive back to the Methodist Church at the close of Sunday School and pick Donald up, which he did, bringing him safely home.

The next Sunday Mother and Sandra Kay were in the hospital and Donald, not being twelve, could not see them at all, decided to return to Rooksprings with daddy for Sunday School and Church. Since Mother could not be there to see about things his dress shoes were left behind. The next Sunday found Donald with a suit to wear but no dress shoes. Though Mother insisted that he could not go to a big church like that in Kerrville with tennis shoes on, Donald insisted that he must not break his record just on account of tennis shoes. So donning his suit and tennis shoes, he went to the office of the Courts, called a taxi and went to Sunday School all by himself. Mother was uneasy about her son until he returned, without broken record or limb.

Donald declared he would be glad to get back home where it was not so much trouble nor so expensive to keep up a perfect record.

Some Sundays are too hot, some too cold, but Donald's record remains unbroken. Company visits the Mauldins. Donald takes his company and goes to Sunday School. A minister's son can find about all the excuses any other boy can but Donald's record of perfect attendance remains unbroken.

of Bronte and surrounding territory with both funeral direction and ambulance service.

Mr. Clift purchased the new building from the War Assets Administration and had it moved to its present location. Dimensions are 25 by 50 feet. After getting it set on the foundation he set to work putting asbestos siding on the outside, and remodeling, repainting and repapering the inside.

Adequate heat is provided throughout the structure by a large butane system and running water is available in the preparation room. The floors have all been sanded, varnished and waxed.

Main room of the funeral home is the chapel, which is at the front of the building. It is 18½ by 24 feet and Mr. Clift said that he could seat about 30 people in it. Other rooms are the display room where caskets and clothing may be seen, and the storage room where various equipment is stored. The preparation room contains the most up-to-date equipment.

An all-weather drive goes into the grounds on the north side of the building from the east and comes out behind the building to the south. Sidewalks and a porch on the front of the structure have also been provided.

In addition to directing funerals, Mr. Clift maintains an ambulance service all over the territory. He has a small 1947 Ford ambulance for emergency runs, and a large 1942 Oldsmobile combination ambulance and funeral car.

The owner of the local funeral home also maintains a similar establishment at Robert Lee. He first came to Coke county in 1900 and was in the general mercantile business in Robert Lee until he bought the interest of W. K. Simpson, Robert Lee funeral director, in 1935. He bought out Frank Keeney in March, 1947, and established the Clift Funeral Home of Bronte.

Mr. Clift stated that he is proud of the new home for his business and that he wants all his friends all over this area to visit him this weekend. He plans to be open both Saturday and Sunday afternoons until around 9 o'clock in the evenings. Readers will notice an advertisement elsewhere in this edition of The Enterprise in which Mr. Clift announces this occasion.

Commissioners H. C. Varnadore of precinct one and T. R. Harmon of precinct three favored naming Hugh Lewis, jr. of Robert Lee to fill the post. Lewis has been an assistant to Davis for some time.

WALTER SCOTT IS UNINJURED IN CAR ACCIDENT THURSDAY

Walter Scott miraculously escaped serious injury early Thursday morning when the Buick automobile he was driving struck a culvert south of Bronte.

He said that he must have fallen asleep at the wheel before the impact occurred. The car was heavily damaged, the motor being torn loose from its mountings and the frame being broken. The right rear door and wheel were practically torn from the car.

Scott received a slight knee injury, but said that he considered himself lucky to have come out of the accident with no more injuries.

The culvert which was hit is the second one this side of the Colorado river bridge.

DON'T FOLLOW THE CROWD

Whenever prices start to climb,
Most people think it's buying time;
And they seldom want to sell
Until prices fall pell-mell.
This rule we would suggest to you:
Never follow the crowd on through.
The time to buy is on the low,
When the crowd is buying, you go slow.
THE FIRST NATIONAL BANK has watched the trend,
You cannot on the crowd depend.

1 1/2 Billion Dollar Road Block!

RAILROADS MUST OPERATE around the clock every day and night of the year.

Although they know this, leaders of 16 railroad unions are demanding a five-day, Monday through Friday, week for one million railroad employes.

They want 48 hours pay for 40 hours work - in itself a 20% wage increase.

They also demand a minimum of 12 hours pay for any work performed on Saturdays, and 16 hours pay for any work performed on Sundays and holidays.

On top of all this they want an additional increase of 25¢ an hour for every employe!

You'd Pay the Bill!

Summing up these demands, they mean that these union leaders seek to force the railroads to give one million employes an annual raise which would average \$1800 per employe!

The total cost of this would be no less than 1 1/2 billion dollars per year, which is more than twice the expected net income of the railroads this year.

You'd pay the bill, because if these increased costs are forced on the railroads,

they must have still further rate and fare increases.

Demands Unreasonable

These employes have had substantial raises during and since the war. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industries. They have more job security than the average worker in American industry. They also enjoy paid vacations, a retirement system and other advantages more generous than the average worker receives.

In contrast with the demands of these 16 unions, which add up to the equivalent of 48¢ an hour, the Conductors and Trainmen recently settled their wage request for an increase of 10¢ an hour.

Railroads Run for Everybody - Not Employes Alone

The railroad industry must serve not one but many groups - producers, businessmen, shippers, passengers and the general public - night and day, every day of the year. These unions are proceeding in utter disregard of this important difference between railroads and other industries. Industrial plants can be shut down over weekends and holidays, but freight, mail, express and passengers must continue to move. Everybody who enters railroad employment knows this.

Strike Threat

On September 18, 1948, the leaders of these 16 unions began taking a strike vote. But the threat of a strike will not alter the opposition of the railroads to such unreasonable demands!

Chalk Dust

Who is football sweetheart? Everybody guesses and everybody thinks they have the inside dope, but Mrs. Fancher and Mr. Gaddy are the only ones that can look wise, as the boys voted secret ballot.

Report cards are to be out soon, and everyone is dreading the study treatment from their folks.

Seen together Saturday night were: Bobbie and Le Drew, Jean and Harold, Marlene and Bobby, Colleen and

Charles, Dorothy and Pritch, Camille and Billy Jack, Ginger and Bobby Evans, Jo Reid and Jimmy Gray, Joyce Wrinkle and Don Mauldin, Doris Adair and Bobby Hatley, Juanetta and Shorty.

Beedie Franklin seems to know all about how to get lost in Dallas. Did you find a lizard, Beedie?

Do street cars bother John Rusk? Don Daniels couldn't keep a thing on his stomach coming back from Dallas. Could this have been caused from too much soda pop?

We're all sorry to see Katherine Jackson leave for Fort Hancock. We want you to come back to see us soon, Katherine.

Why did Mrs. Royce Fancher have a headache Friday night? Too much singing on the bus?

Does Hattie Jane have Jack Neal's ring?

Tina and Joyce rode back from Robert Lee with James Jackson and Donald Mauldin last Thursday night. Junior class nominee for Hallow'en Queen is Billie Millikin.

Third year H. M. girls have started working on wool dresses.

Freshman duchess for Hallow'en is Kitty Sue Gaddy.

Kenneth Hester has a lizard to wear on his coat. Is it really alive? It must be to make the girls run like wild fire.

S. T.'s (Steady Twosomes) around Bronte High are: Bobbie and Le Drew, Marlene and Bobbie, Jean and Harold, Billie and Bobby, Hattie and Jack Neal, Pauline and Carl, Dorothy and Pritch, Juanetta and Shorty, Peggy and Roland, Tina and Billy Joe, Joyce and Don, Dorothy Faye and Junior.

Eddy Sue went to San Antonio to see Nealon Carter last Sunday.

Sophomore boys who went to Dallas to the fair were: Doyle, Don, Gerald, Donald, Beedie, Woodrow and Billy Wayne.

Tina seemed lost Saturday night; Billy Joe wasn't here.

With Roland in the hospital, Peggy has to do the courting.

Hazel could give you the correct mileage from Tennyson to Christoval. Does Dean watch a brown-headed boy?

With school getting so dull, Mary wishes she could have the title her sister has - Mrs.!

Sophomores are working hard for Colleen Arrott, their candidate for Hallow'en Queen.

Eighth grade students hope to have the same luck on their Queen candidate this year as last. Camille Martin is their nominee.

Jo Reid can give you the latest ideas out of her "opinion" book.

Alfred Brown has been added to the grammar school football team.

Why does Eddy Sue like Norton? Arriving just in time to do the drill, the pep squad girls made the trip to Eldorado Friday night. It seems the bus wouldn't run without gasoline.

The girls will make a heart tonight in honor of the football sweetheart. Gerald Sandusky and Wayne Arrott will crown her.

REPORT FROM COKE DELEGATES TO THDA MEETING AT TEMPLE

The Coke county delegates are back from the Texas home demonstration convention held in Temple last week. As a result of the convention, they hope to have harder workers in

the county clubs this year. The delegates heard interesting information which will help Coke county clubs.

defeated for the high office.

Six work shops were held for members. Each delegate attended two work shops. Shops were held in education, legislation, 4-H, marketing, THDA and recreation.

Main speaker at the officers' installation was Miss Helen Swift, sociologist, rural women's organization, extension service. The meeting adjourned Saturday.

Coke county delegates were Mrs. Tom Rives, Mrs. Crowley Harmon and Mrs. Bus Robbins.

FOOD FOR THOUGHT

By Rev. Alvin R. Mauldin

"So it's wrong to say the good die young. A study of what makes people live long or vice versa reveals some unusual things. Folk living in the mid-western states live longest, not the California or Florida residents. Teetotalers stick around longer than the drinkers. As to smoking, the honors go to the non-users. Nervous, excitable people do not die sooner

Democrats . . . States' Righters . . . Republicans

WE ALL WANT TO VOTE FOR JACK PORTER!

Article 2981 of the Laws of Texas (Enacted 1905) specifically provides for the voting of a split ticket in a GENERAL ELECTION. Scratch all candidates for U. S. Senator except the name of JACK PORTER. Your vote will be counted, and your choice for Senator, JACK PORTER, will be seated.

The so-called loyalty pledge does not apply to the election on November 2. It is a GENERAL ELECTION all over the United States. It is NOT a state primary. This has been so held by our courts and by the Texas Attorney General's Department for years past. (Pol. Adv. paid for by Porter for Senate Committee, Lloyd Wheelock, Chairman.)
