PAUL ZIMMERMAN SAYS—

Hello, Neighbor

Rev. A. F. Russell, First Baptist Church pastor, is too humble to advertise himself as evangelist preacher at his own church last week and this—so, we hereby notify you, Neighbors, that he is doing a good job of giving out spiritual nourishment—for even brethren from other denominations are seeking out his church to ease their troubled spirits. There is yet time to hear a few more sermons—and NOW is the appointed time.

We heard another preacher last Thursday evening at the Hereford Lions Club zone meeting. He was Dr. Bryan H. Keathley of Mineral Wells. Dr. Keathley is a Presbyterian minister, and like Rev. Russell, is modest and does not want to put himself forward. But all the time he "went forward" in presenting logical reasons why he was a Lions Club member. He made us feel like we were glad to be in such an organization. "Everything is so confusing," he kept saying, but he explained "what Americans need is a turning to God by faith to clear all confusion." Amen, Dr. Keathley. There is no stronger nation than one that has faith in God. Let the disbelievers destroy one another. But let every Christian be willing to fight for the principles of Christ.

One good, Christian man in Dimmitt stated that he had not seen in print any comments about the two great leaders of two Christian nations meeting in mid-Atlantic and attending church services, praying and singing good old gospel hymns on board ships while the two most powerful nations on the face of the earth were busy with national defense. Yes, President Roosevelt and Prime Minister Churchill did more there to strengthen these two English speaking nations than building of a dozen battleships.

We cannot help, nowadays, to be thinking of working for our nation, and yet when we work for our community to build it better and stronger, we are working indirectly for our nation. In this little town of Dimmitt—away out on the High, Dry, Panhandle Plains—Dimmitt and Castro County citizens have several things hanging fire that should be completed right while there is still yet time. We refer to the work program to teach Castro County men mechanical technique so essential now . . . to the free show, needful to bring people to Dimmitt for recreation, social contact and business opportunity . . . and the airport, which might be of great benefit to Uncle Sam in case of emergency and a step forward in keeping up with the times. Are we going to let these important items fall through?

We wrote up a wedding in the usual way this week—with this and that about the bride and . . . oh, yes, the bridegroom was also present. If we had had the money, perhaps we might have wired to Ruidoso for information about what Sharbut wore. But, alas, we were broke and Sharbut goes down in history as "just another bridegroom who was there." Any-

Harrison-Sharbutt Vows Taken Here Sunday

The marriage of Miss Dorothy Harrison and Lowell Sharbutt was solemnized Sunday morning, Aug. 24, at 8:30 o'clock in the home of the bride's brother and sister-in-law, Mr. and Mrs. T. E. Harrison. The bride is the daughter of Mr. and Mrs. T. H. Harrison

On Honeymoon

Pretty Dorothy Harrison, shown here, became Mrs. Lowell Sharbutt Sunday morning at 8:30 o'clock at the home of her brother and sister-in-law, Mr. and Mrs. Earl Harrison. Mrs. Sharbutt has been working for the past 1½ years as deputy in the County Clerk's office.

LOCAL AIRPORT LOCATION IDEAL

Dimmitt has an excellent opportunity of obtaining an airport for a minimum of cost.

Harvey Youts is willing to provide land and a large sheep barn to be converted into a hangar for airplanes, and all Dimmitt will have to provide is the labor necessary to convert the large sheep barn into a hangar.

R. R. Millsap, Dallas airport owner, inspected the field tendered and stated the slope and drainage was all right for an airport, and that location and size would permit the larger planes to land without danger.

Free donations of work to stake off and grade the runways has been provided. Possibly public-spirited workmen will donate part of their labor. And progressive business men, who are awake and aware of the potential possibilities of an aviation field to the city and county, will have only to donate enough money for the carpenter work.

With the large air school at Amarillo, and the Civilian Training Units at Lubbock and Plainview, an airport in this section would provide an excellent stopping place for cross-country hops.

BUYS GOOD WHEAT SEED

Mrs. Elizabeth Herring, who lives in the Flag neighborhood, sent one of Delmond Neumayer's trucks this week to Bird City, Kansas, for a good grade Camerado wheat seed. She will plant 400 bushels on her wheat land as part of the county program for improving the grade of wheat grown in Castro County.

of Post. The bridegroom is a son of Mrs. C. L. Sharbut of Levelland. Rev. A. F. Russell, pastor of First Baptist Church of Dimmitt, officiated with the double ring ceremony.

Wedding vows were exchanged before an improvised altar decorated with white clematis, orchid and pink asters. Miss Polly Oswald of Pampa was maid of honor. She wore a tan and rose plaid wool with navy blue accessories. Her corsage was of Pickardy gladioli. J. Rufus Emmons of Matador served as best man for Mr. Sharbutt.

The bride wore a blue velvet street length dress with black accessories. Her corsage was of white gladioli.

The bride's mother wore a rose crepe. Her corsage was of white chiffon daisies.

The bridegroom's mother wore navy blue with a corsage of white chiffon daisies.

After the ceremony, an informal reception was held. The bride and bridegroom cut the first piece of the three-tiered cake and Miss Polly Oswald served the cake while Miss Sarah Brasbears presided at the coffee service.

Immediately after the reception the newlyweds left on a trip to Ruidoso, New Mexico. The bride traveled in a rose ensemble with black accessories with a corsage of orchid pom-pom asters.

Mr. and Mrs. Sharbutt will be at home in Dimmitt after August 31. Mr. Sharbutt has charge of the Agricultural Adjustment Administration in Castro County. He is a former student of Hardin-Simmons University at Abilene.

Mrs. Sharbutt is a graduate of Post High School and attended Lippert's Business College in Plainview, and for the past 18 months has been employed as deputy in the office of the County and District Clerk.

Guests attending the wedding were Mr. and Mrs. T. H. Harrison and son, Guy, of Post, Mrs. Conrad Knowles and sons of Stamford, Mrs. C. L. Sharbutt of Levelland, Miss Geraldine Sharbutt of Lubbock, Mr. and Mrs. Cecil Sharbutt, J. W. Sharbut of Levelland, Mrs. J. Rufus Emmons of Matador.

Messrs. and Mmes.: Edgar Ramsey, Ward Golden, Bill Webb, Dilmond Neumayer, M. U. May, M. H. Fowlkes; and Mrs. Alta Gladman, Tommie Fowlkes, Cavin Webb, J. E. Harmon, Thomas Earl and Joe Harrison.

Pioneers Reminded of Early Days With Razing of Historic Landmark

Workers have been razing the old Hyatt Hotel for the past two weeks, and has the structure about to the ground. The historic old landmark is being moved to Amherst, piece by piece. Passing of the old landmark brought many memories to pioneer families of Castro County.

The Hyatt Hotel was originally built by Mr. and Mrs. J. W. Carter in 1907. The lumber for the structure was brought from Hereford in wagons, and the edifice was undoubtedly at the time of its erection the most outstanding edifice in this section.

Mrs. J. W. Carter, who with her husband, were the first white settlers in Castro County, recalled

COUNTY FAIR SHAPING UP FOR LARGE CROWDS

Air Show Planned in Connection With Fair; Showing of Cattle, Poultry, Exhibits Assured

Dairy Cattle, Beef Cattle, and Poultry will be featured at the Castro County Fair September 20. The livestock department will be shown by the registered breeders of Castro County. Castro County ranks near the top in number of registered milking shorthorns, according to County Agent M. U. May, and the exhibit at the county fair will make up one of the best to be seen anywhere.

Castro County, long considered the home of good Hereford cattle, will have on display a number of registered cattle. Several of the registered breeders have been contacted and will exhibit those animals which they have trained to lead. This exhibit will prove the point that Castro County has the number and quality equal to any surrounding counties.

Every effort will be made to have an outstanding Jersey Show at the Fair, as owners of good producing cows are being asked to exhibit them at the Fair. The intention of showing and to those who come to the Fair, they will be able to see some that are returning extra income to farmers who own them. A number of registered Jersey bulls will be on display, which are owned by farmers in the county and were purchased by them from the better registered herds over the Plains.

There is a possibility that poultry will be added to the Fair this year. Arrangements have been made to use coops used in the Plainview Turkey show and the poultry show if included will stress production type of poultry. The poultry will include all breeds and will offer an opportunity for the people to see good poultry which are doing much toward increasing the income of farmers of Castro County.

All hands will be busy to make the best Castro County Fair yet held, and with the wealth of livestock over the county there is no doubt that this year's County Fair will have on exhibit animals worthy of showing at the larger shows over the state.

AIR SHOW PLANNED

Earl Harrison and his committee on entertainment at the Castro County Fair will have on exhibit animals worthy of showing at the larger shows over the state.

BUILDING "O.K." FOR WORK SHOP

District Supervisor of the State Work Shop Program was in Dimmitt Wednesday to inspect the wooden building being considered for a proposed Work Shop program in this county. He advised Agricultural Instructor J. L. South the building would be approved if moved on school property for the purpose of the work shop.

It was estimated it would cost \$700 or more to build the structure from new lumber, and the building being inspected was deemed to be substantial and sufficient, and can be bought for \$425. Lions Club members are assisting the school board in securing the proposed project, and the FFA boys are very anxious to do their part, being willing to donate their row crop toward the work shop.

RURAL TRENDS

Two kinds of security Every day we hear of more city-bred business and professional men buying farms. Most of them look upon these purchases as investments in future security, and they have found sound reasons behind their thinking.

The land offers two kinds of security. The first is simple and elemental—merely something to eat. Any man with hands and feet and energy can raise enough food to feed himself and his family. That's basic security, reduced to its lowest terms.

Wheat quotas, in effect for the first time this year, were approved recently by 94 percent vote in Texas. Castro County wheat growers approved quotas by 98 percent favorable vote.

WOMAN TO WOMAN

By Nelson Conger

There's not just one ideal way to arrange a kitchen. There are many. And each is planned for the utmost in step-saving efficiency...

Another good arrangement takes the shape of an "L" in it, the food preparation systematically around the "L" from the end nearest the outside entry to the end nearest the dining room door...

Two-wall kitchen is only advisable in an unusually long and narrow room, especially one which has a door at each end...

A fourth arrangement known as the "broken U" is most often used in remodeling an old kitchen...

The "broken U" serves the same purpose in an old room where an L-type of arrangement is to be installed. Here, again, the dishwasher features is placed beside the dining room entry to take the soiled dishes as they are brought out from the table...

Madam—"It's cold tonight, Sara; you had better put an iron in your bed to warm it up." Sara—"All right, mumm."

NEIGHBOR HELLO

(Continued from page one)

way, he isn't griping with that pretty girl at his side. And Dorothy, too, was lucky. Not too many men who can rate triple A.

Well, well! Kept working that subject around until we are talking about wives. The Editor's wife and Baby Paula left Sunday for Waco. He has been a good boy while they were away so far—ask Kenneth Turner. That leads us to say that without a censor board we may have to have six pages to get all the uncensored news in the paper this week. Who was it that said, "When the cat is away the mice will play?"

Every newspaper of any importance (a-hem!) usually carries new and then articles published in other papers which the editor believes of interest to his readers. Herewith we present two copied articles of a serious and a humorous nature. The first is last:

ROOSEVELT'S PRAYER

Franklin D. Roosevelt uttered a prayer on election eve in closing his last speech. The prayer was taken from the Episcopal Book of Common Prayers and we quote it here:

Almighty God, who hath given us this good land for our heritage, we humbly beseech Thee that we may always prove ourselves a people mindful of Thy favor and glad to do Thy will. Bless our land with honorable industry, sound learning and pure manners. Save us from violence, discord and confusion; from pride and arrogance and from every evil way. Defend our liberties and fashion into one united people the multitudes brought hither out of many hundreds and tongues. Endue with the spirit of wisdom those to whom in Thy name we intrust the authority of government, that there may be justice and peace at home, and that through obedience to Thy law, we may show forth Thy praise among the nations of the earth. In the time of prosperity our hearts with thankfulness and in the day of trouble suffer not our trust in Thee to fail. Amen.

THE EDITOR

From a school boy's essay on "The Editor"

"I don't know how newspapers get into the world, and I don't think God does, for He ain't got nothing to say about these in the Bible. I think the editor is the missing link we read of, and that he stayed in the business until after the flood, and came out and wrote the things up, and has been kept busy ever since.

"If the editor makes a mistake folks say he ought to be hung; but if a doctor makes a mistake he buries them and folks don't say nothing, because he explains it in Latin. When the editor makes a mistake there is a big law suit, and swearing, and a big fuss; but if the doctor makes one there is a funeral with followers and perfect silence. A doctor can use a word a mile long without him or anyone else knowing what it means, but if the editor uses one he has to spell it. If the doctor goes to see another man's wife he charges for a visit, but if the editor goes he gets a charge of buckshot. Any college can make doctors to order, but a editor has to be horned."—From The Muleshoe Journal.

The manufacturer had 20 employees in his plant, and as none was as energetic as the manufacturer thought they should be, he hit upon a plan which he believed would cure them of their lazy habits.

"Men," he said one morning, "I have a nice easy job for the laziest man in the plant. Will the laziest man step forward." Instantly 19 of the men stepped forward.

Stork-Gerber Wedding Tuesday

The marriage of Miss Virginia Stork, daughter of Mr. and Mrs. John Stork, and Albert Gerber, son of Mr. and Mrs. Mike Gerber of Nazareth was solemnized in the Holy Family Church at Nazareth Tuesday, August 19. Rev. Father Wagner officiated.

Misses Dorothy and Florene Stork, sisters of the bride, acted as bridesmaid and maid of honor. The attendants wore identical dresses of blue and pink chiffon and head dress of matching veiling. Both carried bouquets of white lilies and blue and pink sweet peas.

Henry Gerber, brother of the groom, acted as best man. Little Dolores Stork, another sister of the bride, served as the flower girl. She wore a floor-length peach chiffon dress made on the same lines as the other attendants.

The bride was given in marriage by her father. She wore a white silk chiffon dress made on princess lines with large ruff sleeves. The bride's silk illusion veil was held in place with a halo of seed pearls and the long train was trimmed with large, lace bows on both corners. For something old she wore a necklace 64 years old, belonging to her grandmother. She carried a white leather prayer book.

The wedding reception was held at the bride's country home, where about 200 relatives and friends were served at a dinner at 4:00 o'clock. Later in the evening the guests enjoyed a dance at the community hall in Nazareth.

The couple left for a short wedding trip to visit relatives and friends in Oklahoma.

Mrs. Gerber is a graduate of the Nazareth High School in the Class of '39 and Mr. Gerber attended school in Nazareth and also at Subiaco, Arkansas.

Pre-nuptial affairs given for the bride included a linen shower by the Girls' Sodality of the Holy Family Parish, and also a miscellaneous shower in the home of Mrs. Mike Gerber by their friends.

Mr. and Mrs. Gerber will make their home on a farm northeast of Nazareth.

Puddings Please

By Frances Lee Barton

ASK the children what they will have for dessert and the answer is "pudding please!" It's the normal answer, for puddings please the normal child and usually his father and big brothers as well. Many claim pie is a man's dessert, but sometimes we feel pudding is entitled to this crown.

Here's a recipe for a Chocolate Chip Cottage Pudding that will be a welcome guest whenever you serve it:

Chocolate Chip Cottage Pudding
1 package semi-sweet chocolate; 2 cups sifted cake flour; 2 teaspoons double-acting baking powder; 1/2 teaspoon salt; 3 table-spoons butter or other shortening; 1 cup sugar; 1 cup milk; 1/2 teaspoon vanilla.

Cut each small square of chocolate in 4 to 6 pieces. Sift flour once, measure, add baking powder and salt, and sift again. Cream butter, add sugar gradually, and cream together well. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Pour about 1/2 of batter into 8x8x2-inch pan which has been greased, lined with waxed paper, and again greased. Sprinkle 1/2 of cut chocolate over batter. Repeat, ending with chocolate. Bake in moderate oven (350° F.) 50 to 60 minutes. Serve hot with whipped cream.

Mike—"Did you ever see a company of women silent?"

Ike—"Yeah."

Mike—"When?"

Ike—"When the chairman asked the oldest lady to speak up."
