Miss Lackey earned eligibility for the King Memorial Scholarship through her participation in UIL debate, number sense and science competition.

In 1976 she placed second in regional number sense and competed at state meet. She also won third in district science competition and competed in the regional science contest. She was a state quarter finalist in 1975 debate and competed in regional science competition.

In 1974 she won first place in regional debate and second in state meet. Since 1966, she has competed in contests in story telling, picture memory, ready writing and oral reading.

She has won awards in speech, Spanish, science, English, math, history and business. In addition she received the Betty Crocker Award, was named Sweetheart of the Steer Band and FFA and was a National Merit Commended Scholar.

As valedictorian of her class, she graduated with a 98.19 grade average. She plans to attend Baylor University with a major in nursing. She is the daughter of Mr. and Mrs. Kenneth Lackey.

## FARM BUREAU ASKS FOR FUNDS TO FIGHT SHEEP PREDATORS

The Coke County Farm Bureau has joined the Texas Farm Bureau in soliciting funds for a campaign to fight killers of sheep. Coke County ranchers will be especially interested in this program, since the sheep industry is important to this county.

In a letter to Farm Bureau members from Carrol G. Chaloupka, state president it was noted that:

The number of sheep and lambs on U. S. farms and ranches has dropped 46 per cent during the last 10 years. One of the major reasons is environmentalists' preventing effective control of predators. In 15 Western states, during 1974, almost one million sheep and lambs were killed by coyotes. This is over nine per cent of the total lamb crop for that year.

The Farm Bureau is planning a research information project and is asking the help of all members.

The Farm Bureau is planning on the preparation of an 18 minute color-sound motion picture depicting how inhumanely coyotes kill sheep, as well as cattle and wild life.

The project will also include a brochure on the project.

Sheep growers are asked to contribute \$50 or less to the project. Checks should be made out to the Coke County Farm Bureau, and all money collected will be forwarded to the Sheep Predator Project, P. O. Box 489, Waco, Tx. 76703.

## Law Enforcement Officers Still Seeking Fugitive

It isn't everyday that somebody takes a horse, food and water at gunpoint and rides off. But this happened in Coke County late last week.

The man is still at large, and Sheriff J. Lee Ensor said law enforcement officers have given up the continuous search for the man. However, they are still checking cabins that might have food and provide protection from the elements.

There was little doubt from the first as to the identity of the man,

## LIGHT TURNOUT IN SECOND PRIMARY

Only 108 Coke Countians bothered to vote in the second Democratic Primary held last Saturday.

Only two races were at stake and only two voting boxes were open in the county. County Democratic officials felt that a box in Bronte and Robert-Lee should be sufficient for the two runoff elections.

In the runoff for Railroad Commissioner nominee: Jon Newton received 44 votes at Robert Lee and 37 at Bronte for a total of 81. Jerry Sadler polled only 12 votes at Robert Lee and 15 at Bronte. The race went about the same way all over the state as Newton whipped Sadler about 3-1.

Coke County didn't go along with the rest of the state for Judge of the Court of Criminal Appeals, as W. T. Phillips won state wide. However in Coke County, Carl Dally received 41 votes at Robert Lee and 24 at Bronte. His opponent, Phillips, got 14 at Robert Lee and 27 at Bronte for a total of 41.

Mrs. John Gross is spending two weeks at Stockton, Calif., to visit her grandmother, Mrs. R. V. Brabant, and to attend a cousin's wedding. Visiting with Mr. Gross this week are his mother, Mrs. Hazel Gross, and a family friend, M. F. Lawrence, both of Chandler, Ariz., and Ron Lawrence of Scottsdale, Ariz.

## Larry Palmer Killed In Car-Truck Wreck

Larry Eugene Palmer, 25, of Robert Lee, was killed in a car-truck-tractor rig accident Monday afternoon near Carrizo Springs on U. S. Highway 83.

He suffered fatal injuries when the car he was driving was in collision with the left, rear portion of the truck and then ran under the grain trailer, according to a Department of Public Safety spokesman.

Palmer and Ronnie Calder, 19, also of Robert Lee, were reportedly on their way to Laredo on business when the accident occurred at 3 p.m. six miles south of Asherton in Dimmit County. Calder received cuts and bruises and was an overnight patient at Winter Garden Hospital in Crystal City.

The DPS said the Palmer car was southbound and the truck was northbound. Toedulo Garcia Moreno of Rio Grande City, driver of the truck, was not injured.

but Sheriff Ensor said he has definitely been identified by fingerprints left behind as Charlie "Cowboy" Walls. Wallis is 32 years old, is six feet, two inches tall and weighs about 230 pounds. He was being sought by law officers for

A fee of \$1.00 will be charged each camper to help cover the cost of materials used in the program.

A weekend Youth-led Revival will conclude the week's activities. The special services will be held Friday and Saturday nights, June 18 and 19, at 7:30 p.m., and Sunday, June 20, at 11 a.m. and 7 p.m.

David Johnson, a junior at Baylor University, will do the preaching, and George Koehl, a senior at Hardin-Simmons University, will direct the music. Miss Kathy McGee, a sophomore at Texas Tech, will bring special music.

This group will also help with the Day Camp and youth activities during the week.

parole violation when this episode began.

The whole thing began late last Wednesday when Walls commandeered a horse and saddle at gunpoint at the Wayne McCabe Ranch 16 miles southwest of Robert Lee. He also took 22 cartridges, food, eight packages of cigarettes and a jug of water. After he had the transportation and goods for survival, he rode away into the rugged country of the Colorado River watershed between the Water Valley and Sterling City highways.

Officers on horseback, in jeeps and in helicopters have worked for days on the case, but have been unable to find Walls in the wild country in western Coke County.

Sheriff Ensor said, "We've found lots of tracks," including the horse and saddle and fingerprints in cabins, but as of Wednesday they had been unable to locate the man.

Working on the case have been the Coke County Sheriff's Department, Texas Highway Patrol, Texas Rangers, Texas Wildlife Commission. The Sheriff said there is no way the man could be seen from the air or any other way unless he comes out into the open. "That's rough country out there," he said.

**MISS ROSANNA BOYKIN AND KEVIN WEBB WED AT CEREMONY IN METHODIST CHURCH**

Miss Rosanna Madge Boykin was married to Kevin Webb in a ceremony performed May 8 in the First United Methodist Church of Robert Lee. The Rev. Lewis Savage of Dallas officiated.

Parents of the bride are Mr. and Mrs. Ben Alfred Boykin of Robert Lee and the bridegroom's parents are Mr. and Mrs. Kenneth C. Webb, also of Robert Lee.

The bride wore a floor length gown of white organza. The V-shaped neckline and capelet sleeves were a double layer of lace, beaded with white love blossoms on a field of pastel yellow which also encircled the cathedral train. Around the waist was a band of yellow organza, in the softest tint, which rosetted in the back and flowed down the train in long sashes. The veil, which fell about the waist, was made of white illusion on a crown of lace intricately beaded with pearls. White sandals and a single strand of pearls were worn to complement the gown. She carried a cascading bouquet of white daisies and yellow roses interwoven with baby's breath.

Miss Lynnette Boykin served her sister as maid of honor. Misses Kenda and Janna Webb, sisters of the bridegroom, were bridesmaids. Tracy Boykin and Madelon Highsmith, the bride's nieces, were flower girls and her nephew, Ben-

nie Boykin III, was ring bearer.

Darwin Webb of Bowie served as best man and Kye Emert of Big Lake and Billy Bob Highsmith of Boerne were groomsmen. Bennie Boykin of Carlsbad and Rev. Sam Stoner of Bowie seated the guests.

Grandparents of the couple are Mrs. Grace Boykin of Robert Lee, Mrs. Madge Lucas of Melbourne, Australia, Rev. and Mrs. John Webb and Mrs. Myrtle Stoner, all of Bowie.

A reception following the ceremony carried out the color theme of yellow and white with a long banquet table underlined with pastel yellow, skirted with illusion and topped with lace. Serving pieces were of crystal and silver. Ornamenting the table were the three tiered wedding cake, set upon a ring of fern and daisies, and the groom's cake, a chocolate ring decorated with chocolate roses. Two candle arrangements at either end, balanced the decor.

Serving in the houseparty were Jan Johnson and Debbie Decker of Del Rio, Kathleen White and Becky Gaston of San Angelo, Sharon Winston of Water Valley, Marie Bethel of Stephenville and Sue Lindsey and Lisa Bessent of Robert Lee.

The bridegroom's parents hosted the rehearsal dinner.

Mrs. Webb is a graduate of Robert Lee High School and attended Angelo State University.

Her husband is a graduate of Reagan County High School and is employed by Union Texas Petroleum Company.

Mr. and Mrs. Webb are making their home in Big Lake.

Mr. and Mrs. Paul Killam visited Monday with Effie and Henry Carwile. They attended the Sanco Homecoming Sunday.

**Who bailed out  
the Navy in 1798?**

We were still paying off the Revolutionary War. Then we were faced with yet another war, this time on the seas.

How could we afford to build up our Navy?

Well, Congress called for help through the issuance of government securities. And the citizens came through to the tune of \$711,700. Enough to make the down payment on 10 new ships.

Their investment paid off. And you can follow their example today.

When you buy U.S. Savings Bonds at your bank or through the Payroll Savings Plan at work, you're investing in your country.

And as if that weren't enough, you're helping yourself to a safe and generous return.

What better way to stay afloat?

Series E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

We are building a metal workshop in our backyard. Will my hazard policy cover damage to the workshop?

Both the standard Fire Policy and the Homeowner's Policy will cover loss to the workshop. The coverage available would be for the same perils (fire, wind, storm, etc.) as insured on the described dwelling (your home). Each policy limits the amount of coverage to 10% of the amount insured on the dwelling. This extension of coverage will not apply if the workshop is designed for use in a commercial or manufacturing operation. It is only insured if its use is solely personal. REDDY'S  
HELPFUL TIPS

- ★ Your air-conditioner will operate inefficiently if filters are not cleaned regularly. Dirt and lint, collected on the filters, restricts air flow to the coils. Clean filters every two weeks.
- ★ Let nature help you save energy by shading your home with trees and shrubs to help cut down on summer cooling costs. Draw draperies against afternoon sun.
- ★ Remember to keep outside doors, windows, and fireplace dampers closed. If you have window units, close the heating vents near the floor, as cool air falls and can escape through vents.

Remember REDDY Supplies the energy—  
but only YOU can use it wisely!
