PORTALES MAY HAVE A CANNING FACTORY SOON

Location For The Factory Has
Not Yet Been Secured

TO BE LARGE ENOUGH FOR ALL CROPS

Plant Will be Ready in Time
to Can Next Years Crops

It now looks as if a long needed enterprise will be opened up in Portales. Messrs. Brown and Taylor are now in the city looking over a site on which to locate a canning factory for next years crop. Too, these gentlemen are interviewing the farmers with a view of putting up a house for the storage of sweet potatoes. The potatoes will be held until some time in the winter when the price advances when they will be sold. There is no question but that sweet potatoes will keep if they are stored properly and farmers are taking hold of the proposition recognizing that they will receive a larger profit on their crop by holding at least a part of it.

Messrs. Brown and Taylor are expecting to store these potatoes this winter from this years crop. They also, expect to begin raising garden truck next spring on ten or twenty acres of land for the market and for canning purposes.

In an interview Saturday, Mr. Taylor informed a Herald representative that he was of the opinion that a canning factory would pay well here as a great amount of material is raised here, a good deal of which is wasted. Before crops get ripe enough to ship in car load lots there is always a part which goes to waste or is shipped by express to local markets. Then sometimes when the shipping season is on the prices paid for the commodity is very low and the farmer realizes scarcely any profit on his product. These vegetables may be canned, after the factory is built, and can be sold at any time of the year.

Even if sweet potatoes are housed and saved over all winter there are a great many small potatoes that are really of no market value because of their diminished size. These potatoes may be sorted out from the larger ones and canned. In a can the difference between a large and small potato cannot be distinguished.

Every year some of the farmers raise beets, more for an experiment than any thing else. But as beets grow exceptionally well here they can be canned and sold at a good profit.

The need of a canning factory will be felt more next year than even before in history of the city as all of the land that has been sold this year will be under active cultivation next spring and more food stuff will be raised, consequently more will be wasted unless some preparation is made next spring for this canning factory.

The people of the city and of this vicinity should encourage these men to put in the canning factory as it has been a thing long needed, and a necessity which we cannot do without any real length of time.

WILLIE TIPTON DIED SUNDAY NOON

Funeral Services Held Monday at Mother's Home

Last Sunday at noon Willie, the son of Mrs. W. E. Tipton died at the home of his mother. He was about fourteen years old and had been suffering sometime with appendicitis, which finally he succumbed to.

The funeral service were conducted at the home by Rev. J. Q. Herrin, pastor of the First Baptist church, and was buried in the Portales cemetery, Monday afternoon.

He is survived by his mother, three brothers and two sisters.

Mr. Kellogg Leaves

Mr. Kellogg, who has been in the city for the last two or three weeks looking over the prospects has returned to his home in Rocky Ford. Mr. Kellogg states that he is well pleased with things in general. He says that alfalfa grows nicely here, about as well as it does anywhere. And alfalfa, will bring a better price here than it will bring in my town, is one of his statements. He says that Portales is a long ways ahead of Rocky Ford for the length of time that water was discovered and irrigation was begun. Mr. Kellogg is expected to return and acquire a farm.

Letter From Arkansas

Belleville, Ark. July 22. Editor Herald: I was in your town last week and called to see you but you were not in your office. I am a subscriber of your paper and keep up with the news of Portales.

The object of my visit to Portales was to visit C. V. Harris, Rev. W. T. Heck and T. M. Littlejohn. I found Portales to be a very fine little town in a fine location and the people there are the best I ever saw for strangers. I like the country fine and was surprised to find the city so well kept. Among your improvements to be spoken of is, The Water and Electric Light Works, court house, fine churches and good school house. It sure did look good to me.

I went out in the country and saw some orchards as nice as I ever saw anywhere and some splendid alfalfa fields. I was surprised to see those fine wells of water, from your up-to-date irrigation plant, flowing like a creek.

While it is a little dry now I think it would be a good time for a man to buy land. I am sure that it will soon be one of the very finest and the best countries on the globe. The land looks good and I think the proper thing to do is to cut the farms into small tracts and give people a chance to get a home and raise a small crop. In this way I think people would use better farming methods and raise more stuff to the acre. I think, with irrigation, people there can raise anything and 40 acres is enough for any man to make a living on. Of course, this is only my opinion.

Wishing the good people of Portales success, I am, Yours truly
J. H. Redman.

J. B. Sledge and family have returned after an extended visit to Tennessee and Mississippi.

OIL WELLS TO BE LOCATED IN THE PORTALES VALLEY

The Drilling of Well is to Begin Immediately on The Place That is Owned by Mr. A. J. Smith

STOCK IN COMPANY NOW BEING SUBSCRIBED BY CITIZENS OF PORTALES

Oil Experts Are Sure That Oil is Close to Surface And is Here in Paying Quantities

For a long time the people of Portales and some of the visitors to the city have been under the impression that oil should be here. The top formation shows that oil is here and several times people have talked of putting down a well to ascertain as to whether or not the theory is correct. Oil blossoms are very plentiful in certain localities and this led people to believe that oil is near. Then the ground formation shows a tendency toward a volcanic eruption which, it is said, is a sure indication that oil is near.

Messrs. A. J. Smith, Keen, Nixon and others have been believers in the oil and gas formation for some time. They have been out over the country and are convinced that oil is in the valley.

Last week several meetings were held in the Commercial Club rooms to take up the situation. Mr. J. P. Dean was elected as chairman and Mr. Dan Vinson, secretary. At this meeting the chairman appointed a committee to go out and look over the ground and see what they thought of the proposition.

Mr. Burton Smith of Tolar, was in the city and has an apparatus which, he says he can locate oil with. Mr. Smith went out with the committee to the H-ranch and fully demonstrated that his apparatus worked. The committee are of the firm belief that there is oil here, but are not so sure as to the accuracy of the instrument. However as the

place picked out by Mr. Smith is a good location, looking over the situation from a surface view they have decided to put down a well and ascertain about the quantity.

Mr. Smith says that there should be six hundred gallon of oil a day, in the site for the well that he has located from between three hundred to five hundred feet from the surface. The cost of digging this test well is to be about \$2,000.00.

Wednesday afternoon the oil enthusiasts met in the Club room and there the committee was appointed to take up the matter of securing the necessary amount of finances that is necessary to dig the well.

The well will be dug, however, whether or not it is put down by a stock company. Mr. A. J. Smith the owner of the land says that he is going to have an oil well on his place in the near future whether or not the people want to come in on it or not. He has secured the services of a man who has had many years experience in drilling wells in other states and the work will begin in the near future.

Mr. Burton Smith left Thursday morning for Tolar, his home, but will return soon if the company is successful in organizing.

Several speeches were made at these meetings by the different citizens present and all are of the opinion that if the well has oil in paying quantities that it would

NEXT MONDAY IS THE SALES DAY

No Prizes or Special Features will be Offered then

This time Sales day will have no attractions in the way of games or amusements. This one is to be a strictly business proposition between visitors and merchants.

Mr. U. N. Hall, chairman and general manager of the Sales Day program has been out of the city for a couple of weeks on a fishing trip and did not arrive in the city until Monday afternoon. Owing to the lateness of his arrival no program was prepared as there is not enough time between now and Monday to get up an attractive program.

However, Mr. Hall states that he will be here in time to look after the program on the first Monday Sales Day in September and assures the people of Roosevelt County who make Portales their trading center that the program prepared for that time will excel anything that has ever been given here.

be the best thing that had ever happened to Portales.

Some of the gentlemen told of places where they had formerly lived where oil was found and told of the rapid growth of the towns. Oil wells would be especially beneficial here for the reason that it might be shipped for sale and it would greatly reduce the cost of electricity for lighting purpose as well as irrigation.

Should the drillers strike oil the success of the town, from a business stand point will be a certainty. Numerous railroads are already contemplating erecting lines through the west and some have been surveyed through Portales and some near the city limits. Should this oil field develop into one of the first class within a years time from the date oil is struck, this city will have as many as three railroads, and the erection of more will be going on.

People will come from all over the United States to live here as work will be plentiful for everybody. New people will come in to farm as well as take up other enterprises. Where Portales now has a population of over 1200 she will have a population of more than 12000. Instead of two weekly papers there will be at least two dailies and as many weeklies. More stores and banks will go in. Business will pick up and the country will be in a flourishing condition.

Possibly the greatest help to our present industries will be the cheapness of fuel for irrigating purposes. It has been estimated that more than one half of the cost of pumping water for irrigating will be saved. It will cause more people to begin irrigating with private pumps because of the inexpensive cost of fuel.

This will help a great deal for the reason that people will come here to look at the oil fields and after they have seen the productivity of the country, under an irrigation system, a good many who have farmed in other places will acquire land and begin to develop all of this land in the valley which is waiting for some one to irrigate it.

ROOSEVELT COUNTY NORMAL IS NOW IN SESSION

Last Monday Morning Marked 2nd Week of Session

MANY SCHOOL MA'AMS PRESENT

The Compulsory Term Opens Next Monday Morning

On Monday Morning, July 22, the Roosevelt County Normal Institute opened for business in the Portales Public School building with a goodly number of teachers and students present. Before the week was over seventy were enrolled. This is the largest number of people who have ever attended the institute at this place during the first two weeks of the session. Next Monday morning the compulsory term will open up and all who expect to teach school in Roosevelt county next term will have to be present and take up the regular work.

Next week it is expected that fully 50 people will enroll for the remaining part of the Normal. Mrs. Culberson, the county superintendent of school, knows of between thirty five and forty who will attend and more should be expected to come.

Each member of the faculty has been selected to teach in this Institute because of his fitness to cover the field under his direct supervision. They are teachers who have made enviable records in the educational world and the school teachers of Roosevelt county are indeed fortunate to have instructors of this description.

Miss Pearl Hutchinson, formerly a teacher in the public school of this city is now in the city and is assisting with the instruction of the students who are attending the Normal. Miss Hutchinson is now employed as an instructor of the New Mexico Normal University at Las Vegas.

Prof. Deen, who has recently been re-elected a superintendent of the Portales Public School is assisting in the institute, in the interests of both teachers and students. Professor Deen is a man who has had a wide and varied experience in the school room and his record as an instructor shows him to be a capable teacher.

Mr. McFarlan, superintendent of the Silver City Public School is also assisting with the work of the Normal as well as representing the American Book company.

One hundred and seven teachers enrolled in the Roosevelt county Normal last year, session of 1911 coming from different counties in New Mexico as well as other states of the Union. This constituted the largest attendance at any summer Normal in the state and indications now point toward the assertion that this session of the Normal will be in advance, both in attendance and methods practiced, of that of last year.

This Normal shows a larger attendance than any in the state and the credit is due Mrs. Culberson for her untiring effort in making the Roosevelt County schools the best state. While Roosevelt county is extremely large, Mrs. Culberson visits all of the schools as often as possible and inspires the teachers to be satisfied with the best methods,

ALL SHE NEEDS

I like all kinds of little girls;
I love their laughter an' their curls;
They're never commonplace nor dull—
I say that they're all beautiful!
My wife snaps out: "You know they ain't!
You can't tell me that girls who paint
Are beautiful, the way you said,
An' them that stains their lips all red
An' goes an' marks their eyebrows black—
I guess you'll have to take it back!"

She looks me over, thisaway,
An' then she says: "You mean to say
A girl that wears a hobble skirt
An' high heel shoes an' tries to flirt,
An' laces till her nosh is red,
An' wears big puffs upon her head,
An' paints her lips an' eyebrows too,
Is pretty?" And I say: "I do.
In country lane or city street
Young girls are always mighty sweet."

Why, I could take on of them girls
An' pull the fixin's off her curls,
An' take her to the laundry tub
An' give her face a healthy scrub.
An' shuck her corsets, so she'd be
In shape for breathin' deep and free,
An' put her in a gingham gown,
An' leave her curls all tumbled down
An' send her out upon the street
An' even wife would say she's sweet!—X.

R. R. Commission to Meet

Hon. P. E. Carter
Representative 20th District,
Portales, N. M.

Dear Sir:
You doubtless have already learned that the State Corporation Commission, acting upon the initiative of the Commercial Club of Roswell, has ordered a hearing to be held in that city on the 7th day of August for the purpose of hearing complaints against the freight rates now charged and collected by the Santa Fe railway at and between all points on its line from Texico to State line. If you or any of your constituents are interested in this matter, the Commission would highly appreciate it if you would impress upon them the importance of being present and presenting any grievance they may have to the Commission at that time.

Thanking you in advance for any assistance you may be able to render us, we have the honor to remain,

Yours very truly,
STATE CORPORATION COMMISSION,
By Hugh H. Williams, Chairman.

Above is a letter from the State Corporation to P. E. Carter which is self explanatory and which will be of much interest to the people of the eastern portion of New Mexico. We are all familiar with the facts surrounding the charges for freight shipped into and from New Mexico and have long felt the injustice of the manner in which the rail road business of the state has been conducted. There is something radically wrong when we pay as much freight from Portales to the Texas line as is required from there to the Gulf of Mexico. This excessive freight rate will hold back the development of the states resources more than anything else can do.

The hearing held at Roswell, as mentioned in the letter to Mr. Carter, should be attended by a delegation of business men from Roosevelt County for the purpose of bringing to the attention of the commission the true facts of the matter of rates charged by the rail road company. Mr. Carter has written to the chairman of the commission to the effect that Roosevelt County will, in all probability, send representatives to Roswell to appear before the officers on the date set for the hearing, and is working on the proposition.

If a good showing is made of the excessive charges made in this state, the Commission should make some strict regulations for the protection of shippers

Publication Notice. No. 804.

In the District Court of Roosevelt county, New Mexico,
E. Renfro, plaintiff,

vs
R. L. Weber, Portales Irrigation Co., Chicago Title & Trust Co., and Harrison B. Riley. Defendants.

To the defendant, R. L. Weber.
You will hereby take notice that suit has been filed in the District Court of Roosevelt county, New Mexico, in which E. Renfro is plaintiff, and you, the said R. L. Weber, together with Portales Irrigation Co., Chicago Title & Trust Co., and Harrison B. Riley are defendants, and that said suit is numbered 804 on the docket of said court.

You will further take notice that the objects of said suit are as follows: To recover judgment against you, the said R. L. Weber, in the sum of \$1445.00, cost of suit, interest and attorney's fee, on account of a certain promissory note in the sum of \$1350.00 executed by you, the said R. L. Weber, to K. S. Lykins, on the 14th day of March, 1911, and endorsed to plaintiff; to declare said indebtedness a lien upon the following described real estate, situated in Roosevelt county, New Mexico, to wit: The north 60 acres of the SE 1/4 of Sec. 10, T. 1 S., R. 33 E., and to foreclose said lien; and to adjudge and determine the interest of the other defendants herein in and to said real estate.

You will further take notice that unless you appear and answer in said suit, on or before the 17th day of August, 1912, judgment by default will be rendered against you, and plaintiff will apply to the court for the relief prayed for in his complaint filed in said suit.

You will further take notice that Harry L. Patton, whose post office and business address is Clovis, New Mexico, is attorney for plaintiff.

In witness whereof, I have hereunto set my hand and affixed the seal of said court, this 27th day of June, 1912.

Position. Advancement. Success.

"Business Education a Doorway to success," is a little book every young man should read. It is issued to further the cause of business education and to inspire the youth with ambition and determination to succeed.

It is a fact vouched for by every business man that a business training is an absolute necessity to every young person contemplating a business career. And it is highly useful acquisition to every man or woman, whatever his occupation.

Ask the men who have succeeded to what they attribute their success and they will tell you it was due to a thorough business training. Allen Foote, president of the Ohio state board of commerce says "that more failures in business are due to lack of proper business training than to all other combined," and he continues, "I may also add that most successes are directly due to such training."

Now young man and young woman, is the time to make that education yours. The Albuquerque Business Colleg. through its courses in business, stenography, banking or civil service, will prepare you for business.

HIS TROUBLE NOT OF HEART

Real Facts in Regard To F. R. Huffman's Illness. Relief Obtained By Curing His Stomach Ailments.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain.

After other remedies had failed, Thedford's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits."

Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Thedford's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

TIMES HAVE CHANGED

In grandfather's day the American family stayed pretty much in one place. It grew up on the old farm, or lived in the comfortable farm house. The children went not more than a mile to school, and going away to college was exceptional. Travel had not become general.

But the world has been extended. Today the typical American family is scattered much of the time. Father hurries back and forth between cities on business. Mother has her own interests, and goes to meetings, conventions, on visits and jaunts.

These modern conditions are all good. They mean a broader life and better opportunities. But they also bring a certain element of anxiety and loneliness, due to separation. Trains are delayed, epidemics break out in schools, rumors and alarms come flying from many directions, very often groundless, yet causing worry and fear.

The first resource in such emergencies should be the long distance telephone.

The family with the best realization of the telephone possibilities enjoys the greatest peace of mind.

Notice to Cantaloupe Growers

All melons hauled to market must be hauled in spring wagon and those who do not possess such vehicles must prepare springs for their wagons which they now have or get wagons. This is part of the contract with our commission company and must be carried out. For further information along this line call on the secretary of the PORTALES CANT. & PRO. ASS'N.

"Were all medicines as meritorious as Chamberlain's Colic, Cholera and Diarrhoea Remedy the world would be much better off and the percentage of suffering greatly decreased" writes Lindsey Scott, of Temple Ind. For sale by all dealers.

Mr. Chapman, the traveling representative of the W. B. Reid Land Company left Thursday for Colorado in the interest of the firm.

One of the most common ailments that hard working people are afflicted with is lame back. Apply Chamberlain's Liniment twice a day and massage the parts thoroughly at each application, and you will get quick relief. For sale by all dealers.

THE BOSS AND THE HIRED MAN.....

By Bert M. Moses

President American Association of Advertisers

I do Not know of any joy quite so keen as the joy of seeing people respond to advertising.

The business world is divided up into two general classes:

Those who employ, and
Those who are employed.

In every talk the employer is calling the "boss," and the employed is called the "Hired Man."

There are about thirty Hired Men in the United States for every Boss.

In other words, only one man in thirty rises up from the ranks and makes a substantial success.

Every young man who reads this is going to be either a Boss or a Hired Man---one or the other sure.

Which shall it be for you?

The matter is one which you can largely control.

If you get the right thought started you can be a Boss.

If you start in and advertise persistently you can be a Boss.

The main reason why only one man in thirty grows up to be a Boss is because only one man in thirty recognizes the power of advertising.

When you once get the right view of advertising, you solve the most perplexing problem of the times.

When you recognize how to create a demand for what you have to sell, the whole world is before you as a field from which to garner the gold.

Write out what you want the public to know; go to the publisher of the paper you read and have a talk with him. Show him your copy and take his advice if he tells you to change it.

Decide with him how much space to use and how often.

Feel your way along, until you get a grip on the thing.

Then go at it with both hands and feet.

I do not know of any better way to learn advertising than to advertise.

PRESS REPORTER

DICKSON-McCROHAN

Wednesday Morning, at 9:30
o'clock at the Methodist Church
in Clovis, Rev. C. N. Baker united
in matrimony, Miss Edith
Luceille Dickson and Mr. Geoffrey
O. McCrohan, Jr.

The bride was dressed, and
looked very becoming in a travel-
ing suit of Kings blue carrying
white roses and ferns.

The groom was handsomely
attired in the conventional black
and is to be congratulated on his
choice for a helpmate through
life. Only a few intimate friends
witnessed the ceremony and at
the wedding luncheon, which was
served at the Harvy house, no
one knew of the marriage.

Immediately after the luncheon
the couple left for Amarillo on
the morning train where they
will spend part of their honey
moon, the rest of the happy voy-
age being a secret to all.

The bride has lived here for the
last several years and has a host
of friends to extend her "bon
voyage" on her matrimonial seas.
She is a graduate of St. Ignatines
Academy at Ft. Worth, and has
many friends all over Texas who
were students with her. While
many friends expected the affair
they were unaware as to the sud-
denness, and unprepared for the
surprise of learning of the
wedding and will pardon the
bride for not acquainting them
with the facts as they are nearly
all of the opinion that it is more
pleasant to get married by sur-
prise than to stay at home and
have the conventional wedding.

Mr. McCrohan is a graduate
of the New Mexico Military In-
stitute at Roswell, finishing the
course there in 1909. This spring
he graduated from the law de-
partment of the Washington &
Lee University at Lexington,
Virginia and has recently passed
the Texas State Bar examination
at Amarillo. Mr. McCrohan is
widely known throughout east-
ern New Mexico and in the Pan-
handle of Texas, which is his
home.

The outlook is for a prosperous

as well as a happy wedded life
and their many friends wish them
well, on this, their most import-
ant step in life.

Mr. and Mrs. L. J. Whiteman
who have been living at San
Marcial have returned and will
make Portales their home. Mr.
Whiteman was formerly editor
of the San Marcial Standard, a
paper which has recently closed
down. He is now working with
the Times force.

Hurley Items

The free ice cream given at
the Hurly hotel Friday night,
the 26th was well attended and
every one enjoyed themselves
very much. There was about
eighteen or twenty gallons of
home-made ice cream eaten.
There was about thirty-five fam-
ilies there.

Brother McDonald of Bovina
held a meeting from Friday
night till Tuesday night and all
that heard him appreciated his
sermons.

Mr. Paul Coldren, of the Cold-
ren Land Co. is in this vicinity
for a few days.

The engineers of the Santa Fe
railroad are cross sectioning the
railroad between here and Texi-
co. The work is expected to be-
gin by the first of August.

Mr. L. R. Cox, the Hurley
real estate dealer made a trip to
Amarillo last week on Thursday
and back Friday.

Master Leon Kropp was bap-
tised Sunday evening at 4 o'clock
at Mr. Lindseys water tank.
