The walls are festooned with pennants of different schools over the United States showing the spirit of the pupils and teacher, Miss Foglesong. deem it my duty as well as a ure with a campaign fund or cor should be done by the legislature an injustice to the county offici at this session.

The county salary bill will be the first bill, in my opinion, to be taken up of the really important bills. Now the county salary bill is realy a big measure, for owing to the many conflicting opinions it is hard to get every one to see alike and get a measure that will suit the taxpayer and the county officer at the same time. Now I have been classified in the list as a low salary man, and if they mean that I am opposed to paying the county officers as much as the state officials, then I plead guilty to endicment. I am willing to pay the county officials as well as the district officials well for their services, cynsumate with the work they perform and compared to other work simular paid by merchants and corporations. Take a good doorkeeper in a bank or a mercantile establishment, they do not pay, on an average more than \$100.00 per month. Yet you will see some of

county officers wanting \$5009.00 per year. The tax rate now is excessive and if we do not use economy in fixing the salaries and other things coming before the legislature, the tax rate will be so high that people will not invest their money in this state and those having money will leave and invest theirs in states where the rate is reasonable.

I would be pleased if the tax payers would have a meeting aud pass a resolution as to what they think the county officials of this county should receive as well as the district attorney and assist treasurer, assistants allowed and ant attorney. It has been intima- paid as in the treasurer office.

As this week's issue of your ted that the county officials of paper will be the last before the this state have associations and convening of the legislature, I expect to influence the legislatpleasure to write my views on rupting fund. I do not vouch some of the leading things that for this statement for it may be als who are to honest and upright to enter into any such unwholy alliance.

> Personally I do not think there is any danger of the legislature underpaying any of the county officials unless it be the county superintendent or the county commissioners.

Briefly I will endeavor to give my views as to the compensation of the county officials.

The county should be divided oses, class 1 and class 2.

Taking up the sheriff's office first in class 1 counties, I believe stead of the bosses, he should be paid \$2800.00 per annum net, his traveling expenses and hotel bills being paid by the stituional amendment for income county. His deputies being the county.

In counties of the second class the sheriff should be paid \$2400.00 per year, the number of deputies and compensation being fixed by the commisioners court his property. and legislature as in counties of the first class.

The Treasurer in counties of the first class should be paid \$2400.00. Their number of assistants being allowed by the commissioners court and their salaries being fixed by the legislature. In counties of the second class the treasurer should be paid \$2000.00 the assistants allowed and paid as in the first class counties.

The tax assessor should be paid in counties of the first and second class the same as the

PRECINCT ELECTION

Monday was precinct election day in precinct number one and a justice of the peace and constable were elected.

The following vote was cast: For constable, Bent Clayton, Democrat 165, W. H. Richardson, Socialist 38

For justice of the peace, J. P. Henderson, Democrat 135, Adam Troutt, Democrat 36, Eugene Mayo, Democrat 19, J.J. Roberts, Socialist 20.

The county clerk in counties of the first class should be paid \$200.00 per month and the number of assistants necessary being determined by the commissioners court and their salaries fixed by the legislature.

I think the commissioners in countles of first class should be paid \$800.00 and in second class counties \$500.00.

The superintendant of schools in first class counties shoud le paid \$2000.00, their assistants allowed and in the other officer's assistants. Superintendents of schools in counties of the second class should be paid \$1500.00 per annum and assistants and their compensation allowed as in superintendents of first class count

The classification and compensation as out lined will not please 10 per cent of the county officers neither can any one draw a salary bill pleasing to every body, is impossible. I think the county officials should be paid the same for the same work in other lines of business would pay, together with enough over to pay their campaign expenses.

The district attorney of this district should be paid \$3000.00 per annum and the state pay his necessary traveling and hotel expenses. The assistant attorney should receive \$1500.00 per year and his necessary expenses.

Among the legislative acts that should be passed is the creating a board of immigration and appropiating a sum sufficiently large to advertise the state well. Pass a "Blue sky" act to pro-

tect the public from the shark. One of the most important laws into two classes for salary purp, that could be enacted is a direct primary law permitting the people to nominate the officers in

The passing a local option prohibition law. Ratifying the contax. Also the constitutional allowed by the commissioners amendment for the election of court and their salaries paid by U.S. Senators by the direct vote of the people.

> Overhauling of the tax law. making the rendition at its full valuation and making it felony for any one to swear falsely to

> As the law precribes, on the second Tuesday after the convening of the legislature, should proceed to elect a successor to Senator A.B.Fall.

There are many more laws of like importance but I only mention these and hope that the people of this county will do all they can to get these laws enacted. Will be glad to hear from anyone desiring some legislation passed, and on all matters of legislation would like to have your opinion

A. A. Joues seems to be the big "It" for the secretary of the interior and thats no joke. It seems that he has not only the backing of the Democratic party but has as few other men after high positions ever have the backing of the state of New Mexico. Mr. Jones is an attorney of proven ability and it seems that his ability and his numerous friends are what will put him where it it seems certain that he will land when the President elect makes a move. Here's saying to the state and Mr. Jones that Roosevelt county is for you from start to finish and you can call on her whenever necessary.

Keep your eye open for the news of the next meeting of the legislature. This meeting is your business and the laws that govern you will be taken up here. Keep on the lookout and you will get the exact and truthful news direct through the Herald from the state capitol. We will devote a part of our paper to this and will do as much as anyone can do towards keeping you posted. Now is the time when you need a semi-weekly. The Herald can give you a semi-weekly if you will support it. Now you have the chance to get your news twice a week if you will support your paper right.

Well now, would'nt that cork you? That Executive Committee that met the other day in session at Albuquerque and voted to let themselves have charge of all of the recommendations for federal appointments certainly have the brass of a government mule. It seems to the editor and to the people of this county that it will not be cut of the way for the State Central committee to meet and have a little say as to what will be done about this matter. As it was Benigno Padillo, J. Lee Lawson, A. H. Hudspeth and R. P. Donohoo had the say and as is seems to us, certainly said. The people don't count, Uh?

Govenor McDonald is going into the salary question of the county officials and is paying for the information that is needed to settle the matter himself. Seems just like an oid timer does'nt he, digs down in his own jeans if he actually wants to get. matters straightened out quick same as he used to do when a cowboy. Makes some of the old timers who have been part of the path at least that he has been, think more of him.

Funny about those Boise editors. Guess they will know next time to sit still and keep their mouths closed. Especially the stockholders who knew nothing of the publication. Could say more but experience of others, Nuff said.

THE PORTALES HERALD That hard luck story about the Wilson four years does'nt seem to be panning out. All of OFFICIAL ORGAN OF ROOSEVELT COUNTY the factories are running over time, one typewriter manufacturer is 7,000 machines behind and all of the paper mills are behind in their orders not to say anything of there being more money flooded over the country than ever before in the history of the nation. Too bad that their panic can't come but they have talked the matter up so strong that they have put all of the people on the watch and if a panic comes it will be the same principle of the man walking into the bee-hive just to see if the bees will sting.

> The red headlines after the legisature meet will be about 'Senator Fall asks the mercy of the Republican Party," one day and the next "Senator Fall Will Fight the Fight of His Life". Kinder accordin' to the way the wind seems to be blowin' for the senator? "May be so the Jap says, "We read about senator Fall falling through ."

It might be well to call the attention of the Republican press who are bementing the vacancy that will be caused by Senator Fall's being thrown out that there is no vacancy.

MOST HIGHLY DESIRABLE POINT OF BEAUTY.

Increasing Daily Attention and Conscientious Visits to the Dentist Are Imperative If Good Looks Ara to Be Prescrved.

A good, firm white set of teeth is more to be desired than a rare string of pearls. Unfortunately, all cannot possess good teeth, but the few women who have a perfectly good white set of teeth should guard them as they would the finest jewels. On good authority, it may be stated that a bad stomach causes bad teeth, and if the stomach is not kept in good condition no matter how strong the teeth may be, they cannot last.

Germs develop and live almost everywhere. When there is one bad tooth in the mouth, there is certain to be germs. One bad tooth not taken care of in time may lead to many visits to the dentist and possibly the loss of one or more teeth.

Some years back the dentist would be visited once a year, later on twice a year was considered sufficient, but now four times or every three months is decimed none too often to have the dentist look your teeth over. There may be a tiny cavity, so small, in fact, that it is revealed only when the denti t looks through his magnifying rlans. But that cavity attended to in time will involve small cost, little rain, and result in the preservation of the tooth. Sometimes the dentist's examination may fall to reveal a small cavity way down near a root and if you yourself do not find it soon it will cean a good-sized filling when you next visit the dentist. Therefore, if lenger than three months is allowed to clapse between the visits to the centist it is easy to estimate the dam-To that may result to your teeth.

if the egg tarries another week or more on hot railway platforms and cars in leisurely transit before it reaches the city commission man who sells it to the cor-

ner grocer, is it really the grocer's fault if that egg doesn't appeal to the Ultimate Consumer as being quite as "Strictly Fresh Laid" as the placard proclaimed it to be? The annual egg production of the United States is estimated to be worth four hundred million dollars, and of that total two eggs in every dozen, worth over sixty-six million dollars in all, go into the garbage can as unspeakable. Is it any wonder that the United States government is co-operating with the farmers to save those two expensive eggs? The most elaborate campaign for the conservation of the egg is that conducted in the state of Minnesota by Mr. N. E. Chapman of the extension staff of the agricultural college of the State University. His mission is to encourage the egg to get to market while it is fresh. He preaches the doctrine of fresh eggs to railroads. dealers, teachers, farmers, and country children. He traces each bad egg to the source of its badness, and delivers an earnest lecture to the responsible party. Mr. Chapman glorifles the hen. He tells her story on an average of four times a day the year round. His best audiences are the children to whom the rosy gentleman in gold-bowed spectacles is known as "Uncle Norton." Last fall he ran a poultry class three days and nights in a country school.-Woman's Home Companion.

Thoughtful Wife.

Weary of life, a farmer went out to his barn and hanged himself. A little later his wife, entering the barn to feed some animals, saw her husband winging from the rafters. Arguing that if, as it was natural to think, her husband intended to commit suicide, he would be exasperated by the frustration of his intention, she left the body as it was and went on with the work of the farm.

Several hours later in the evening, when her daughter came back from the fields, the woman told her what had happened. Mother and daughter deliberated for some time as to what ought to be done, and finally decided to inform the mayor. When that offcial came in haste and cut down the hours.-London Telegraph.

the farmer col- French Beauty Specialists introduced This innovation, and it Has Been Eagerly Taken Up in This Country.

By MME. ARMAND.

If your skin is loose and flabby and you hesitate to massage it for fear of pushing or dragging it-which, by the way, is very harmful, especially when lines are apparent-then try the new-

er treatment of slapping the flesh. French beauty specialists believe more in slapping and kneading the flesh than in massage, and judging from the patronage they receive, it is a real success. Of course, the slapping is a sort of massage, but as it is applied with the flat of the hand, there is no pushing, pulling or dragging of the skin, which is likely to occur with ordinary massage if one is not careful and skilled in the work.

In taking one of these treatments not long ago I was told that the skin and flesh responded more quickly to this kind of work and that almost any part of the body could be filled out in much less time than with the ordinary massage.

It certainly makes the blood which is dormant and sluggish come to life. The regular pit-pat sends it tingling through the veins until it seems that the whole skin is aglow with fresh, warm blood. In the Turkish baths part of the treatment consists of slapping and kneading the entire body. and that is why one feels so good thereafter, because every bit of blood

> Another Method of Using Cream. It is very difficult to make some skins absorb oils and creams and no matter how hard one may try by steaming the skin and other warming methods to open the pores, the cream still remains on the surface. If your skin is of this texture, then, after steaming or warming it, rub a little of the cream on the tips of your fingers or the palms of the hands, and while you are slapping the skin this will work into it. A good many wome prefer to be massaged in the sam way, and do not care to have the cream rubbed on the face first. It certainly has the advantage over the old method of applying the cream, as it is more dainty and does not grease up the whole face or skin at once. You can also tell just how much cream the skin will absorb. If you take very little at first, and it works in, the hands become dry and then you may take up a little more, and in this manner you can tell that the cream is sinking into the skin.

A rather daring departure has been made in the matter of boudoir caps. Aside from the finest Irish linen and lace of the same manufacture, colored ribbons are now being run through the lace openings at the bottom of the cap, and in some cases caps of gayly colored linen, with white lace, are being shown. This is strikingly new. because of the fact that white has always been the predominating color for a morning cap. Correspondents! Attention!

In taking charge of the Herald we want all of people of the county to have the benefits of the paper and we want to and will make the paper a paper for the people and by the people. This paper will not stand for Elida more than it will for Portales nor will it stand for Portales more than it will for any other town or neighborhood in the county and the only way in which we can make the paper a paper for the 85 people and by the people is for us to have correspondents over the county and in every commu-

In order that we get good correspondents we have decided to make the following offer and the offer will hold good until every town and community in the county has been represented by a good booster from that neighborhood. We will furnish any person who shows their ability and aptness for the work with all of the necessary stationery and stamps for their work. We will also issue free to the parties so representing us the Herald for all of the time that they keep us! in copy from their respective communities. Please state when you send in your first letter of notes whether you will write every week or every two weeks. Remember that the paper will come 211.53 out on Thursday and if you want the news notes in on that week they will have to be in the office by Wednesday noon.
