Andrews and statehood was the republican cry in the late campaign. We have Andrews but statehood seems to be as far off as ever.
From present indications it would seem we are to have another wait coming, notwithstanding the promises of Andrews and Curry to get us statehood at the short session.

Representative Watson of Indiana, one of the committee on territories, is reported as being in favor of any action on statehood at this session, as there is many important bills to come before it, and that statehood must take a back seat and wait awhile longer. It is now about time for Andrews to fulfill his promises made before the election, and resign, and let us send a man to congress who has some influence and can do something.

Neither President Roosevelt or his attorney general, Mr. Bonaparte, will explain to Congress why they did not prosecute the United States Steel Co. for violations of the anti-trust law. It is easy however, Mr. Corey, the head of the Steel Trust is not to be classed with Mr. Harriman, or Mr. Rockefeller, or a few other gentlemen who have stepped on Teddy's toes at various times. Corey is friendly and it does not do to bother him, and if it's some of Congress' business

crease of the power of the west in the senate that was responsible for the joint statehood bill. The republican senators of the east, particularly of the New England states, are fearful that the republican majority in the senate may become uncomfortably small with the addition of four democratic senators from New Mexico and Arizona and they will oppose the admission of the two territories, notwithstanding the pledge of the republican party at Chicago - Santa Fe Eagle.

From Longs.

I have been silent for some three weeks, but a man or woman cannot hold their tongue forever, you know. Longs is booming—A brand new school house tells the story that the archaists will comb their hair in the morning, wash their faces, put a sandwich in a brown paper bag and hurry off to school. We understand school is to begin in this new school house on the 18th inst. We understand that all but some \$11.00 odd dollars have been collected in regard to this school house, and we think the people in this particular district needs to be complimented on their work in this matter.

There was a dance given in the Haddock house last night, a delightful time was had by all.

A large crowd attended a ball at the South Camp, eight miles from here, and did not go home until morning, what was the use they were having a good time.

Mr. Fred Hoover is home for the rest of the winter. He adds life and sparkle to this community.

Mr. and Mrs. Hassler and their son Master Ferdinand was in town this week.

T. H. Broock returned from Texas with his son Cecil, and that is not all, with a bride too, and all the maids around here holding down claims to go to Texas Well! well! well!!!

Mr. White south of Longs has moved his family into their new home on their claim and has ever thing in "ship-shape."

Mr. Breteking was successful in drilling a good well of water on his place at a depth, we understand, of 125 feet, an abundant supply was found.

A box social was given at the new school house, south of Longs on Tuesday night, the 12th, for the benefit of the school fund, we hope for a large crowd, and well-filled baskets.

A dance was given at Mr. Beckham's, and one of the largest crowds gathered of the season. Is there any place on earth where the weather is as delightful as here in New Mexico? If so would like to know what part of the globe it is and we will go.

Grover Anderson is on his claim; he comes from Oklahoma. Ross Cook was in town this week.

Miss Maud Hazlet has been visiting near Rogers for the past two weeks.

Mr. Shanhan has completed his residence on his claim four miles south of Longs.

Elmer Watson has been hauling feed to his place for the past two weeks, and incidentally taking in all the dances for miles around. That's right Elmer enjoy yourself you may be married some of these days.

C. A. Rector has been hauling feed over in Texas for the past two weeks.

The grain mill is going in the shape now, come and get some brand and feed that cow who has been failing all winter and let it be said New Mexico cows give abundant milk.

So far little has been done by Congress except to quarrel with the President. All this makes it very evident that Roosevelt is not at all popular with the leaders of his own party and that there will be general rejoicing on the 4th of March when he steps down and out and William H. Taft starts in to hold down the executive chair. —Roswell Record.

If you are in need of Standard bred S. C. White Leghorn or White Wyandottes. We can supply you with this stock at bargain prices. Eggs for hatching 25.00 per 15. Write now, no trouble to answer questions. THE TEXAS POULTRY FARM, Roswell N. Mex.

Notice. The Roswell County Telephone Co. now has long distance connection with Roswell and Longs.

It will be necessary to go to the Roswell Drug Store to call on Roswell all phones are direct connected with the Roswell Telephone Company.

Of Course It's True.

It is not often that a good story of national interest comes out of a Washington Police court, but Walter Wellman has dug up one which is not only good, but bears all the internal evidence of truthfulness, and here it is:

Today a colored preacher was awaiting his turn to testify in Judge Kimball's court room, and while waiting he told of a dream he had had:

"Ah dreamed Al was in heaven the other night. As Ah stood just inside de golden gate der came a rap, and George Washington was announced by St. Peter.

"Let him come up an' sit on mah right side," said the good Lord, who was sittin' on de throne.

"Pretty soon there wuz another knock, and Abraham Linkum wuz announced by St. Peter.

"Let him sit on mah left side," said the Lord.

"Den Ah heard a terrible knock in' at de gate, and de angels all trembled.

"St. Peter opened the gate carefully and den he turned round an' sed to de Lawd: 'You'll have to get down an' give him your seat, Lawd. It's Mastah Roosevelt.'"

There was a dance in the Portales Bank & Trust Co's building given by the young people of Portales last night and a good time was had by all present.

Prospectors are coming in every day buying property and preparing to locate among us. Let them come, we guarantee them a hearty welcome.

Horton & Renner have installed in their meat market a new and up-to-date cash register which is a beaut.

H. B. Ashby of Virginia City, Texas visited in the city this week, and was a pleasant caller at the Herald office.

The Texas solens are now in session at Austin, and a bitter fight is expected in that body on the submission question.

Anybody who refuses to take the weather we have been having the past week for cold weather is mighty hard to please.

Teddy and Congress is still at war, and Teddy seems to shoot the biggest Guns.

The Eastern section of New Mexico is entitled to a normal school and the Record believes there is nothing criminal in an effort to secure such a school. Of course attempt to touch the Military Institute would be bitterly felt and resented. But the Military Institute is in a field entirely different from that of a normal school, and the lines of the two in noways conflict. The upbuilding of Roswell's public schools is one of the most important matters to every citizen of Roswell, and similarly the public schools of the other towns and villages of Eastern New Mexico are of vital interest to the people. If a normal school is essential to the betterment and future work of these schools with their thousands of children and hundreds of school teachers, it may be regarded as an assured fact that a normal school will be established in some way or other. —Roswell Record.

Knew When He Was Happy. The soul of an editor who had died of starvation was being conducted to the Elysian fields. As they passed the portals of the infernal regions, he asked his guide if he might not go in and look around. The guide consented, but warned him to stay but few minutes, as he could not wait longer.

A long time passed, and the editor had not returned; so the guiding angel went in search for him. He found him before a cage in which a number of roomed wretches were being roasted on red-hot griddles. Over the cage was the sign, "Delinquent Subscribers." "Come," said the guide; "we must be going." "Don't wait for me," replied the editor, "I'm not coming. This is Heaven enough for me." Lippincott's.

Came Near Choking to Death.

A little boy, the son of Chris. D. Peterson, a well known resident of the village of Jacksonville, Iowa, had a sudden and violent attack of croup. Much thick stinging phlegm came up after giving Chamberlain's Cough Remedy. Mr. Peterson says: "I think he would have choked to death had we not given him this remedy." For sale by Pearce & Dobbs.

If you want to sell your goods or anything else advertise in the Herald.

A Sprained Ankle. As a rule a man will feel well satisfied if he can hobble around on crutches in two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time as by applying Chamberlain's Liniment, as directed, a cure may be effected in less than one week's time, and in many cases within three days. Sold by Pearce & Dobbs.
